Nothing is more to be deplored. Nothing would have been more easily avoided. To express our idea briefly, pontifical diplomacy as well as that of the Order of the Jesuits has placed us in a position both false and painful. The See of Rome had charged the premier dignitary of the church in Canada, His Emir suce Cardinal Taschereau, to confer with the Government of Quebec on the subject of the

Jesuit Estates.

The school of misfortune and exaggeration which the of misfortune and exaggeration which the eminent and wise prelate condemns without mercy, is at the bottom the cause of the present difficulties. It is to please this section that Mr. Mercier, ignoring the primitive of authority and of order, has induced the Court of Rome to treat with the Jesuits instead of the head of the Bishops. The Jesuits are a religious community, international, cosmopolitan. The Bishops represent the church of connegative and as a preacher. Imperial Trusts Co. of Canada.

In this age of progress and advancement the employment of individuals as executors, or in any position involving a large amount of responsibility, has almost ceased to exist. It has been found by experience that to employ a reliable corporation affords not only much better facilities, and much greater accurity, but at the same time relieves the individual from the worry and responsibility that the administration of a large estate would naturally entsil. In the formation of the Imperial Trusts Company of Canada, especial care has been taken in the selection of sound competent business men as its officers and managers. Sir Leonard Tilley as president and Mr. Henry S. Howland as vice-president, are towers of strength to the new institution, their names beget confidence and thorough soundness of judgment. As general manager, Mr. William H. Howland, and Mr. Henry Lye will both be found thorough business men, possessing alike the confidence and esteem of all. The objects for which the Imperial Trusts Co. has been incorporated are: For the purpose of enabling it to accept and execute trusts of every description, to act as administrators for intestate estates when so appointed by the proper Courts of Law or Equity, and as executors under the will of those who appoint the Company in preference to seeking the assistance of private friends, whose business or engagements may be such as to cause them to renounce the trusts to act as financial agents for capitalists in Europe, Canada and elsewhere, in securing investments and collecting rents, interest, coupons, bonds, bills or other securities; to act as guardians or trustees a for minors or lunatics—or in any capacity where a trustee, executor, administrator, tutor or curator could be appointed.

The Losses at Colborne, COLBORNE, April 2. - The losses by fire this morning were: Wm. Coxall, general store, on building, \$3000. insured in Liverpool, London and Globe for \$2000; on Liverpool, London and Globe for \$2600; on stock \$23,000, insured in Laneashire for \$3000, Royal \$2000, Western \$4000, Imperial \$1000. The adjoining building, owned by A. F. Peterson and occupied by Crandell Bros. as general merchants, was badly damaged. Peterson's loss is fully covered by insurance in the Glasgow and London. Crandell Bros. stock was almost a total loss by water and moke, but is fully covered by insurance in Queen's, Phonax and Imperial. The Brunswick Hotel, owned by D. L. Simons and occupied by Hicks & Co., was slightly damaged. by Hicks & Co., was slightly damaged.

The baseball headquarters for this season have been transferred from the Hotel Hamilton to this Burnett House, where the ball play ers at present in the city are staying.

Work on the remodelling of the stand at the

rounds was begun. Baltimore Wins from Washington BALTIMORE, April 2.—The Association team of this city defeated the Washington Leagu team to-day in a seven inuing game. Boto teams tried new batteries signed from last year Sutternational Association. Baltimore played Foreman and Quinn in the points while Haddock and Banning served the league team. Neither pitcher was batted freely, though Baltimore bunched a few hits in the second inning.

Oldfield Signs With the Hams. Hamilton, April 2.—The Hamilton tea now complete. The management signed Catcher Dave Oldfield of last year's Toronto team this morning and in him secured a very valuable man—just such a one as was wanted. He would not sign with Toronto for less than \$1600 for the season's work this season, but came to Hamilton for considerably less than that amount. The team now consists of 14 men—three pitchers, four catchers, and a complete in and out field. The pitchers are Green, Blair and Springer. Manager Swartwood in a letter to President Dixon yesterday said that he was satisfied that Blair would fill Fete Wood's place. He is doing splendid work in practice. Springer is expected to turn out well, and everybody thinks that Manager Swartwood will get fine work out of Green. The catchers are Dave Oldfield, Andy Weidman, Dowse and D. F. Garver. The team will be able, undoubtedly, to get two first-class men out of the four. The other players are: Jackson, first base; Kearns, second base Sales, short stop: McShannic, third base; Smartwood, Brodie and McCann, outfielders. If the pitchers fulfil expectations, the team will be a good deal ahead of last year's. The men will report here on April 15. with Toronto for less than \$1600 for the men will report here on April 15.

Bust from the Diame

Manager Cushman and Patsy Hactnett, the Toronto first baseman, leave to-day for Cincinnatt, where the Torontos play their first game on Friday.

John M. Ward, the famous shortshop, has notified the Washington Club that he cannot play with them this season. He prefers New York.

Bicycle Races at Ottawa. OTTAWA, April 2.—The Ottawa Bicycle Club has completed preparations for its races on the Queen's Birthday. The program, beside several local races, includes the follow one mile, 3.20 class, for road machines; half mile without hands; two mile lap race; half mile hurdle race, road machines only; half mile hurdle race. half mile hurdle race, road machines only; one mile championship; three mile handicap for road machines; one mile handicap for safety bicycles, and five mile championship.

There will also be three foot races for amateurs, namely, 100 yards, quarter mile handicap and mile handicap. The races will be on the Metropolitan Athletic Grounds.

Strong delegations of visiting wheelmen are expected from Moutreal, Toronto, Belleville, Kingston, Peterburo and Trenton.

and barn of Geo. Ross, C.E. After considerable difficulty the fire was got under control, but not until both buildings were completely wrecked. The buildings were insured for \$1100, furniture for \$200.

Greceries.

Trade during the past week has been fairly good, the general stiffening of the market having a tendency to promote sales. Payments are somewhat better than last week, but there is somewhat better than last week, but there is considerable paper maturing to-morrow which is looked upon as being shaky. Renewal notes will probably be pretty well met, and it is estimated about 60 per cent of the new paper will be retired, leaving a smaller balance to be carried over than for some few months past.

Prices are firm and in some cases higher. Sugars have advanced sharply about \$ to ic. all round. Granulated is quoted at 71c. and yellows at 6ic. There has been a very large quantity of sugar sold during the past week. the advance being daily expected. Even at the advance the market is not being pushed.

Coffees are about ic. stronger here, although reported as somewhat easier abroath. Sellers are holding at 21 to 22c. Tens are quiet and easy, with sellers pushing sales vigoronsly expecting a decline. Japuns are steady and held at old prices, as also are greens, but blacks and Congous are being sold at cut prices. Spices are easy and dull. Canned goods unchanged, excepting puss and commenced that jobbers who sold largely corn, peas and tomatees, early in the season, at a very slight advance on cost, expecting a marked decline, are now experiencing considerable difficulty in replacing stocks.

Hardware. Trade has been very active during the past week and prices are stiffowing to marked ad-vances in cost of raw material. Payments are eported as very good, with bright prospects or settlements to-morrow. In shelf hardware there is no change in prices

In shelf hardware there is no change in prices to note.

Metals are generally active and with the exception of copper, prices are ruling strong. Canada plates are held firmly at \$2.75 in view of an expected advance. Tin plates are strong. I. C. charcoal quoted at \$4.35 to \$6, according to brand, with cokes at \$4 to \$4.10, and \$1 advance for crosses. Galvanized iron is steady and unchanged. Ingot tin is fairly firm, the foreign finct untions not being sufficiently great to affect local prices. L. and F. is quoted at 23 to 25c for ingots and 25c to 28c for bars, with half-and-half, solder at 18 to General iron and steel markets are in a healthy and vigorous condition. Travelers orders are coming in freely.

SHIP CHANDLERY.

Copper is not proportionately lower here yet.

It is stated that at least six weeks must intervene before the crash of the foreign syndicate can affect local prices. Ingot is quoted to-day at 17 to 18 c, and sheets at 20 to 23 c.

Montreal reports say that the volume of business transacted in Quebec during the past week has been very satisfactory and this coming from the headquarters of the largest interests in Canada can only be regarded as an indication of prosperity in the boot and shoe line. Local reports also favor the idea that business has increased. Payments are pretty fairly kept up. Thivelers orders are about as usual, some lines having had a good run. There is more confidence apparent in the trade than has been exhibited of late, and although wholesalers are still cautious in extending credit large orders are being booked.

Bry Goods.

During the past week trade has been quite active and brisk but not rushing. Local houses report brisk sales and pretty steady outside trade. Payments are about as usual, there being no marked impression. Fine sateens, French dress goods, trimmings of all kinds, including ribbons, etc., and parasois are in good demand and attracting most attention.

Prices of goods are very firm with an upward tendency. The established advance of from 10 to 15 per cont. on French dress goods and Irish linens will doubtless be held throughout the season.

The volume of business for the past week ha The volume of business for the past week has been fully up to expectations, and it is now stated that the total March business was, not withstanding the numerous complaints, quite up to that of the same month last year.

Prices have had a tendency to decline except for prime No. 1 sole leather, of which there is a scarcity. Common grades have been in fairly good supply but are | Open | Hign | Low | Clos | Total | Ing | cst | rat | rat | Ing | cst | rat |

Live Stock.

The cattle market has been devoid of interest of the past week, owing to the quietness of business. The advance reported last week has been well maintained, and the surplus stock here is taken for Montreal. The average price paid is 3 to 3 to, with 3 c for very choice. Sincep Live Stock. paid is 3 to 34c, with 35c for very choice. Sheer and yearling lambs have been in good supply at easy prices—\$4.75 to \$7 per head.

Fish.

Trade is very quiet with prices tending downward. Sea herring are dull and lower. Smelts find no sale. Ciscoes are active at \$3 to \$3.50 per 100. Owing to mild weather, frozen ish have not been handled to any extent, and altogether there seems to have been an entire absence of anything that would tend to stimulate trade. Quotations are: Haddock, 4 to 5c per lb.; steak cod, 6 to 7c.; market cod, 41 to 5c; whitedish, 5 to 6c; sea herring per 100. 60 to 75c; oyslers per gallon, \$1.10 to \$1.50; flounders per lb., 6c; smelts, 5 to 8c. Smelts find no sale. Ciscoes are active at \$3 to

Dried Fruits and Nuts. Trade in these articles has been quiet and prices are entirely unchanged. There is more domand for currants and rasins. Nuts are

Coal, Wood and Lumber.

During the past week business in coal and wood has been slack, and it is expected will continue so until the next season's trade begins.

In the lumber trade, things are looking up.
Buyers are in Canada from the States and have
placed some good orders. With the spring
building trade, there is an increased demand,
and prices are firm. Before the opening of the
saw mills, it is expected there will be a temporary advance.

Hops.—Dull and mactive. There seems to be no business doing except in very occasional cars to outside brewers, local consumers claiming to have already a full stock.

Seeds.—Timothy is dull at \$1.75 to \$1.95 for jobbing lots. Red clover and alsike are also easier, the latter being especially slow at \$4.50 to \$8. easier, the same of the same o and granulated quoted at 12 to loc, with section at 20 to 25c.

Tobacco.—Market unchanged for raw material. Trade is reported as pretty good in job bors' lines, and there is no change to note in
