The copy filmed here has been reproduced thanks to the generosity of:

National Library of Canada

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol \rightarrow (meaning "CONTINUED"), or the symbol ∇ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

Bibliothèque nationale du Canada

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole \rightarrow signifie "A SUIVRE", le symbole ∇ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

TO PROPRIETORS OR EDITORS.

The Subscriber begs to acknowledge with many thanks the kindness of those Journalists, through whose very obliging and gentlemanly manner, the work connected with this Publication has been greatly facilitated, and to those who have adopted an opposite course, he would merely state his conviction, that they nevertheless will here find their respective sheets faithfully represented, by their obedient Servant.

TO ADVERTISERS.

Knowing that very fabulous statements, regarding circulation, are frequently made to unwary advertisers, and as this is a matter of the highest importance, effectual means have been taken to obtain the actual extent of each, in nearly all cases; the author having aimed most particularly, by every lawful endeavour, to ascertain the real facts, sparing neither expense, time, nor trouble, in order to make this work as reliable and correct as possible. It will be observed that, in some few instances, the circulation is not given, and in others the religious or perhaps political views, for which one or both of the two following reasons may be assigned, viz. :—the information received was not satisfactorily corroborated, or that by special request, some particulars have been withdrawn; both these reasons will properly apply to some of the Montreal papers, and in justice to advertisers as well as some candid journalists, it must be stated that the circulation of a few daily issues there range nearly on a par, and that of the highest (at this date October 1857,) does not reach one thousand actual subscribers; however, the tri-weekly editions, in some instances, reach nearly two thousand, and those of semi and weekly, much more.

INTRODUCTION.

Early in the present year (1857), the Subscriber first entertained the idea of getting up a publication of this description, as well to gratify his own curiosity, as to assist the advertiser, and give publicity regarding the extent, importance, and general stamp of Canadian Newspapers. As a production of this nature has never before been attempted in Canada, few, indeed, can form any adequate conception of the amount of actual outlay, (independent of the personal trouble and perplexing difficulties) which such has incurred. During, and since the month of March, (1857), a number of respectable and suitably qualified assistants in different parts of Canada have been engaged in obtaining and reporting particulars respecting each journal. It, however, became necessary that such should be greatly condensed in order to confine the publication to anything near the size contemplated. Thus many somewhat lengthy plaudits or declamatory paragraphs relating to character or merit, have in a great measure been excluded, as well as those appendages which were more witty than actually useful, and jests at which some might possibly have taken offence. It is therefore not expected that this pamphlet will have an exhilarating influence with the reader, nor is it designed to suit the taste of those who have a particularly partial gout for very polite, fashionable, or humorous writings, but it is hoped that the incontrovertible facts given in the plainest terms, may prove at least a convenience, and one which may be appreciated by those for whose use they are chiefly intended. If sufficiently encouraged, another edition will be published at some future date, which will contain a much greater amount of matter than is given in the present.

THE
CANADIAN NEWSPAPER
DIRECTORY.

1. *Advance*.—A weekly paper published in Barrie, County of Simcoe, \$2 per annum in advance. In politics it may be termed Liberal, and takes no particular side on religious subjects. It is printed in one of the oldest settled Towns north of Toronto, and circulated through an important and wealthy district. The regular subscribers number 1,000. For advertising charges see letter B. Business cards inserted by the year.—R. J. Oliver, Publisher and Proprietor.

2. *Argus*.—A daily and weekly journal, published in the city of Montreal. Daily \$6, half-yearly in advance; weekly, \$1 50 per annum in advance, or \$1 per annum to clubs of seven. The daily is a small sheet compared with some of its cotemporaries, but generally regarded as good authority, and has a fair circulation in Montreal and some other eastern towns. The weekly is a large sheet, and more extensively patronised in the surrounding country. It is a good family journal, but claims to be neutral, or at least, not sectarian on religious subjects, although it is evidently Protestant to a greater or less degree, and advocates Reform in politics. Advertisements inserted at rate agreed upon by Montreal Press.

3. *Advertiser*.—A weekly paper, published in the town of Guelph, County of Wellington; \$2 per annum. This paper commands a

large share of advertising patronage, and stands high in favor as an advertising medium. Circulation somewhat over 1,000. It is in political matters a Reformer; on religious subjects, Protestant. For advertising rates see letter A.

4. *Atlas*.—A tri-weekly journal, published at Port Hope, County of Durham; \$5 per annum, or \$4 per annum if paid in advance. It has a fair circulation in and around the county, also in the western portion of the Province. In politics it may be called a Liberal Conservative, and upholds Protestant views of religion. Advertising rates same as described under letter A.—Charles Rodger & Co., Publishers.

5. *Advocate*.—A weekly paper, published in Lindsay, in the United Counties of Victoria and Peterboro; \$1 per annum in advance, or 10cts. per month additional while left unpaid. This sheet advocates Independence in politics, or may be termed a Liberal. On matters of a religious nature it supports Protestantism. Its circulation is about 500. The advertising rates are same as described under letter B.

6. *Advertiser*.—A weekly journal, published at Waterloo, C. E., County of Sheffield; \$1 50 per annum in advance. It claims Independence in politics, and professes strict neutrality regarding religious matters. The first issue made its appearance on 11th Jan., 1856, with a small circulation, which now (Oct. 1857) numbers about 1000, principally throughout the Eastern Townships, which is acknowledged by many to be the garden of Lower Canada. The advertising rates are about 6 per cent less than described at letter B. Yearly advertising, 1 square (20 lines,) \$12; a quarter square, \$4.

7. *British Whig*.—Published in the city of Kingston, County of Frontenac. Daily, \$6; weekly, \$2 in advance. It is a Protestant journal, but might almost be called non-religious, chiefly devoted to the mercantile and agricultural interests. The daily has a good circulation in the city. 8. *British Standard*.—A weekly journal, published in Perth, County of Lanark; \$1 50 per annum in advance. A Moderate Conservative in politics, and thoroughly Protestant on religious matters. It stands high in public estimation in and around the county. It is extensively patronised by wealthy farmers and others. The proprietor offers to accept farm produce as payment, a privilege seldom met with. The circulation amounts to about 1000, and from the straightforward manner in which it is conducted, will no doubt, rapidly increase,—making it a safe and effectual medium for advertising, the rates of which are somewhat different from the general charges, viz: 6 lines and under, for first insertion, 75cts, and 20cts. for each subsequent insertion; above 10 lines, 10cts per line, and 3cts per line each subsequent insertion. Terms are advance payment. Editorial notices, for private interest, considered as advertisements, and charged accordingly. Yearly advertisements, 1 column, \$50; quarter column, \$20; quarter column for 3 months, \$10.—T. Cairns, Publisher; Richard Shaw, Proprietor.

9. *Brant Herald*.—A journal published in the town of Brantford, County of Brant, by Oliver & Humphries. Semi-weekly, \$3; weekly, \$2 per annum in advance. It is a Protestant journal. For advertising charges see letter B.

10. *Backwoodsman*.—A Protestant weekly journal, published in Elora, County of Wellington, C. W.; \$1 50 per annum. It advocates Progressive Reform in politics, and has a circulation of about 700 or 800. Small advertisements, see letter A; for a square of 16 lines, \$5 per annum, or for a column, \$40 per annum.

11. *Beacon*.—A large weekly journal of 32 columns, published in Stratford, County of Perth, C. W.; \$2 per annum, strictly in advance. In politics it is Independent, or Reform, believing that party spirit is the madness of many for the gain of a few. It is a stout supporter of Presbyterianism, and has now an increasing circulation of about 1000. It is largely patronised as an advertising medium. For rates of charges, see letter B.—William Mowat, Publisher.

13. *Bas Canada*.—A journal of a Rouge cast, lately destroyed by fire. See successor, at No. 198.

14. *British Standard*.—Now changed to the *Atlas*, for particulars of which, see No. 199.

15. *British Canadian*.—A weekly journal, published in Sandwich, County of Essex; \$3 per annum, or \$2 per annum if paid in advance. This sheet is Moderate on political matters, rather inclining to Reform. It is quiet on points of religion, holding a somewhat neutral position. It has a circulation approaching to 500, chiefly within the county, besides not a few in Western Canada and different parts of the United States. Advertising rates same as described under letter A.—W. H. Wilson, Editor and Proprietor.

16. *Chronicle*.—A weekly newspaper, published in Bradford, County of Simcoe; \$2 per annum in advance. For advertising charges, see letter A.—R. Goldie, Publisher.

17. *Constitutional*.—Published in St. Catherines, County of Lincoln, C. W.; \$2 per annum. It is a weekly journal, supports Conservative and Protestant principles. It is the only Conservative sheet printed in the Counties of Welland or Haldimand, has been about 8 years in existence, and has a healthy circulation of something over 1200. Business cards inserted for \$4 per annum; special notices, as may be agreed upon. For ordinary advertisements, see letter B.

18. *Canadian Statesman*.—Published in Bowmanville, County of Durham, a weekly family journal, at \$2 50 per annum, or \$1 75 in advance. On religious subjects it is voluntary, or not sectarian, but conducted on Protestant Scriptural principles, advocating Reform in morals and politics. No patent medicine or liquor advertisements inserted under any consideration. For rate of advertising see letter A. Its circulation is between 700 and 800.

19. *Commercial Advertiser*.—A daily journal, published in the city of Kingston, County of Frontenac, by W. Armstrong.—

Daily, \$5 ; weekly, \$2. The political principles of this paper are Moderate Conservative. The daily is chiefly devoted to news and matters of a commercial or mercantile nature. It enjoys a fair circulation, and a liberal share of advertising patronage. For advertising rates see letter B.

20. *Commercial Advertiser*.—A daily journal, published in the city of Montreal, C. E. ; \$5 per annum. In political controversies this journal professes to take no part—it is chiefly devoted to advertisements and news. From a perusal, however, of its general contents, it may be gleaned that, regarding politics, it is a consistent supporter of Liberal Conservatism, and on subjects of a religious nature, Protestant. It is got up and conducted in a very creditable manner, and is patronised very extensively by the merchants, and others, in the city, among whom it enjoys a circulation not exceeded by any other journal, independent of those mailed to subscribers, exchanges, &c. Its circulation in the country is small, but as a city advertising sheet, it is not surpassed. Advertising charges same as described under letter B. The rate per square (Nonpareil) \$25 per annum.

21. *Courier*.—A weekly journal, published in Perth, County of Lanark ; \$2, or \$1 per annum in advance. This sheet, in a strong and upright manner, upholds the Protestant faith. On political subjects it may be termed a Reformer, or very Liberal Conservative. It is now in its 24th vol. ; was started by Mr. J. Cameron, and afterwards, was published for about two years by the Hon. Malcolm Cameron. It has gained rapidly in favor since being conducted by its present enterprising editor, Mr. Chas. Rice, and is now printed by steam. It has a wide circulation, numbering some 1800 or 2000. Rates of advertising same as described at No. 8.

22. *Commonwealth*.—A weekly journal, published in Whitby, County of Ontario, the name of which is now changed. For particulars, see No. 133.

23. *Courier*.—A weekly paper, published in Brantford, County

of Brant; \$2 per annum. This paper has been in existence some ten years, the first few of which its circulation was comparatively trifling. Upon its own merits, it has, however, gradually increased both in influence and circulation, which latter now amounts to about 2000. It enjoys a good share of advertising patronage, and the success attendant on the enterprise has induced the proprietor to contemplate issuing a semi-weekly edition at an early day. It is an advocate of Conservative principles, and a supporter of Protestantism. For advertising charges see letter B.

24. *Chronicle*.—A weekly paper, published at Berlin, County of Waterloo; \$2 50 or \$2 per annum in advance. This journal has not yet been two years in existence. Circulation at present (Sept. 1857) between 600 and 700. A comparatively large proportion of the settlers in and near this County are Germans, who, to a great extent, patronise papers printed in their own language; but the circulation of this journal is far from being confined to the county. It extends to many parts of the Province, and few country papers, have in same time, extended to so wide a range as this one already does. It is an advocate of Reform in politics, and a supporter of Protestant principles. Advertising rates same as described under letter B.—Jaffrey & Hatt, Publishers.

25. *Christian Advocate*.—A weekly journal, published in the city of Hamilton, County of Wentworth, \$2 per annum in advance. It is non-political, and a strong upholder of the Protestant faith, particularly as relates to the Methodist Episcopal Church. All the Ministers and Preachers in connection with such in Canada are authorized agents. Its circulation (about 3000) is chiefly among members of above body, residing in different parts of Canada. It is a good medium for advertising, for rates of which, see letter B.—Rev. Gibson Shepard, Editor.

26. *Chronicle*.—A weekly paper, published in Belleville, County of Hastings; \$2 per annum in advance. It is a Protestant journal, and decidedly Anti-Ministerial in politics. Its present circulation

is about 700 to 800, chiefly among old-settled farmers residing in and around the county. Its town circulation is also good, for a weekly issue. For advertising rates see letter B.—E. Miles, Proprietor.

27. *Constitutional*.—A weekly newspaper, published in Cornwall, County of Stormont; \$1 50 per annum. This journal has been in existence about ten years, the first two ('47-'49) of which, it was printed in Perth, C. W., and then removed to its present locality. It has a good circulation in both districts, but chiefly throughout the latter (Stormont.) In politics it may be termed a Liberal Conservative, and is unquestionably favourable to Protestantism. Advertising charges similar to those described at letter A.—W. Letto, Editor and Proprietor.

29. *Chronicle*.—A weekly journal, published at Mirrickville, in the United Counties of Leeds and Grenville; \$1 per annum strictly in advance. It is a Liberal Conservative in politics, a faithful defender and influential supporter of the Protestant faith. It is conducted by Mr. J. Muir, and has not yet been in existence two years, but already has a healthy circulation of about 1000, chiefly in the townships of Wolford, Kitley, Oxford, Montague, Marlborough and Elmsley. It is also found in many of the principal cities and towns in Canada, and not a few in the Northern States. Thus far, very few journals indeed have succeeded in a like ratio, and from the unquestionable ability and enterprising spirit perceptibly displayed in its present management, together with the low subscription price, and the favourable public opinion already gained, a rapid increase of circulation may warrantably be anticipated, particularly in and around the above named wealthy townships, in many parts of which it is even now known as the People's Paper, and is, therefore, particularly worthy the notice of advertisers. The rates charged for advertising are similar to those described in letter B.

30. *Conservative Messenger*.—A weekly journal, published in the town of Prescott, county of Grenville; \$1 50 per annum,

strictly in advance. It is Conservative in politics, and a strong supporter of Protestant principles. It is yet only in its second year, and has already a healthy circulation of about 1,100, chiefly in the counties of Dundas, Stormont and Glengary. Through the indefatigable energy of its enterprising publisher, Mr. C. J. Haynes, the circulation must rapidly increase and its influence strengthen. For small general advertisements see letter A. Special notices, 10cts. per line (solid Brevier) for first insertion, and 4cts. per line for each subsequent insertion.

32. *Citizen*.—A weekly newspaper, published in the city of Ottawa, County of Carleton; \$3, or \$2 in advance. It is Reform, or Independent, in politics, and has a fair circulation, chiefly in the county. The advertising rates are same as described under letter B.

33. *Courier*.—A semi-weekly journal, published in St. Hyacinthe, C. E., \$2 per annum in advance. This paper is printed in the French language. Although not so publicly recognised as an installed organ of the Church of Rome, nevertheless its aid and influence is directed in favor of that body. It has a fair circulation, particularly in and around the district in which it is printed. For advertising rates see letter B.

34. *Citizen*.—A Roman Catholic journal, published in the city of Toronto, County of York; \$2 50 per annum. This paper is issued weekly, except at the time when Parliament is in session (about three months), when it is issued tri-weekly. It is one of the two most powerful and influential Roman Catholic journals in western Canada. The circulation is between 3,300 and 3,400. In politics it claims to be Independent. Advertising rates similar to those described under letter B.

36. *Colonist*.—Published in Toronto, County of York—three editions,—daily, \$6; tri-weekly, \$2 50; weekly, \$1 50 per annum in advance. The circulation of each ranges somewhat as follows:—

daily, 2,000; tri-weekly, 1,500; weekly, 10,000. For rates of advertising in daily and tri-weekly, see letter B. Advertising in weekly edition 7cts per line for first insertion, and 4cts per line each subsequent insertion. In politics, a constant and powerful advocate of Liberal Conservatism; in matters of religion, Protestant. This journal ranks amongst the foremost in the Province, and in influence, it is, perhaps, second to none. Under the able management of Mr. John Sheridan Hogan, its late Editor, it has rapidly gained in circulation and influence, forming an excellent medium for advertisers. It has now passed into other hands, and is at present edited by W. F. Sheppard. Advertising rates same as described at No. 78.

37. *Christian Messenger*.—A non-political weekly journal, published in Brantford, County of Brant; \$2 per annum. This is a strong and influential Protestant sheet, chiefly devoted to the spiritual welfare of Christians generally, but more particularly the Baptist denomination. It has a large circulation through the Counties of Norfolk, Brant, Oxford, &c., together with a goodly number through the different towns and villages of Western Canada, in all, about 2,200. Advertisements not inconsistent with the principles of the paper are inserted at rates similar to those described under letter A.

38. *Chronicle*.—A weekly journal, published in Ingersoll, County of Oxford, C. W.; \$1 50 per annum in advance. It is the longest established, and at present the largest sheet printed in Oxford, and the only journal published in the South Riding. It is Liberal in politics, but discarding all connection with Clear-Gritism, and on religious matters clearly Protestant; circulation, at present about 1,000. For advertising charges see letter B.—J. S. Gurnett, Proprietor.

39. *Canadian Farmers' Friend*.—A weekly journal, published at Waterloo Village, County of Waterloo, by Jacob Teuscher; \$2 per annum in advance. This paper is peculiarly well adapted to

suit the views of those wishing to bring any matter, and particularly advertisements, before that class of readers who are in part German or Dutch, but who speak only the English, or English and French languages, such subscribers to this journal being very numerous. It is also patronised by the farmers generally; circulation between 500 and 600. Advertisements inserted at the low price of 5cts per line first insertion, and 1½cts per line each subsequent insertion.

40. *Christian Guardian*.—A weekly journal, published in the city of Toronto, County of York; \$2 50 per annum. This is a non-political paper, chiefly devoted to missionary and religious news, a bold and influential defender of Protestant Christian principles, particularly as connected with the Wesleyan Methodist body. It has a large circulation throughout Canada, the regular subscribers at present numbering some 5,000. Advertisements, of a consistent character, inserted at 10cts per line for first insertion, and 4cts per line for each subsequent insertion.

41. *Courier du Canada*.—A tri-weekly journal, printed in the French language, in the city of Quebec, C. E.; \$4 per annum. In politics it is a Liberal Conservative; and in religious matters, a bold and influential supporter of Roman Catholic views. Its circulation is perhaps the largest of any French Canadian journal, being about 2,500. Advertising rates same as described at letter A.—Bureau & Marcotte, Editors and Proprietors.

Courier du Canada.—Un journal, imprime en la langu Français, Trois fois en semaine, a Quebec, C. E.; \$4 par annee. Dans les politiques il est Liberal Conservateur, et dans religion, un courageux et un puissant protecteur des vues de l' Eglise des Romains. La circulation est partete la plus grande d' aucun journal des Canadiens François; environ, 2,500. Le prix la meme comme explique, sous lettre A.

44. *Canada Zeiting*.—A semi-weekly journal, published in the city of Hamilton, County of Wentworth; \$2 per annum in ad-

45. *Canada Gazette*.—A government official weekly journal, published in the city of Toronto, County of York; \$4 per annum in advance.—Derbishire & Desbarats, Publishers.

46. *Chronicle & News*.—A weekly journal, published in Kingston, (see No. 124) in conjunction with the *Daily News*. Aggregate circulation may be stated as about 3,000 or 3,200. Advertisements inserted at 7cts per line first insertion, and 4cts each subsequent insertion.

47. *Canadian Mail*.—A weekly journal, published in the city of Montreal, C. E.; \$2 per annum. This is a Protestant journal, evidently intended for mailing to Great Britain, Europe, &c. It has also a good circulation in Canada East. It gives the political news, but does not appear to be identified with any particular party. It is conducted in a very creditable manner, and altogether is an excellent family newspaper. For rates of advertising see tariff of Montreal rates.

49. *Colonist*.—A daily journal, published in the city of Quebec; \$5 per annum in advance. Edited by E. J. Charlton. Advertising rates similar to those described under letter B.

50. *Canadian Times*.—A weekly journal, published in Sherbrooke, County of Compton, C. E.; \$2 or \$1 50 per annum. The circulation is about 1000. Regarding politics, it takes the part of a Moderate Conservative; it is Protestant, but non-sectarian on matters of a religious nature, and well merits the liberal advertising patronage it receives, the charges for which does not differ materially from those described in letter B.

52. *Dispatch*.—A weekly paper, published in the Town of St. Thomas, County of Elgin; \$1 50 per annum. In political matters it may be termed Liberal, or Reform, but purely opposed to what it

is pleased to call Clear-Grit humbuggery. It takes a neutral stand regarding religious matters. The circulation is almost exclusively confined to the County of Elgin, and numbers some 1,500. Advertising rates same as described under letter B.

This is the only paper published in Collingwood, it is a very large sheet, and certainly is a credit to the young and rapidly improving Town, it is an excellent family journal, and although it has only lately come into existence, the subscribers already number about 500. In politics, it is Conservative, and on religious matters, Protestant, but not so much devoted to either as to the latest European, Foreign, and Domestic News, Markets, &c., &c., with amusing and instructive miscellaneous selections. Advertising rates described under letter B.

66. *Free Press*.—A daily and weekly journal, published in London, County of Middlesex; daily \$6, weekly \$2 per annum in advance. Liberal in politics, and Protestant on religious matters, few

journals (if any) in the extreme western portion of the Province, can favourably compare with this paper either in circulation or influence. The able and enterprising manner in which it is conducted, has won for it a large share of public favor and patronage, daily circulation over 1000, and that of the weekly fully 2200, the latter chiefly in Middlesex, Lambton, Elgin and Huron. Advertising charges for daily, same as described under letter B.—Advertising in weekly 25 per cent additional. J. and S. Blackburn, Proprietors; Josiah Blackburn, Editor.

The new paper is published weekly, \$2 per annum, and advocates an independent and enlightened policy in Legislation, perhaps, by many it would be called a Liberal Conservative, not indulging in that fierce bickering which characterises some journals. Protestant principles are also perceptibly displayed in its management. For advertising rates same as described at letter B.—T. G. Greenham, Publisher.

71 *Gazette*.—A weekly newspaper, published at Thorold, County of Welland; \$2 per annum. In politics it may be called Liberal, although not altogether coming under the title of a Reformer, this journal has not been long established and judging of its merits from the rapidity with which it has increased in circulation, now (Oct. 1857,) about 700, there is certainly good grounds for anticipating a continued healthy increase until it will favourably compare with any country contemporary, it is an energetic defender of Protestantism, and in other respects very ably conducted. Advertisements inserted at usual rates as noted under letter B.—

72. *Gazette*.—A protestant journal, published in the City of Montreal, C.E., three editions; daily \$8, tri-weekly \$4, and weekly \$1 per annum in advance. This is one of four daily journals published in Montreal whose circulation (at least in the City) stands nearly on a par with each other. None, however, merits public patronage more (if so much) as this. In politics it holds almost a silent or neutral position, if at times public interest seems to demand interference, its influence is boldly given in support of Moderate Conservative principles. Such also is the prominent political stamp of the better class of protestant readers in and around the district. As an advertising medium it offers superior advantages. Advertisements ordered to appear in daily edition will appear in tri-weekly also, without extra charge. For scale of advertising rates see the Montreal Tariff.—Lowe & Chamberlain, Proprietors.

It has little to do, however, with subjects of a religious nature, but is conducted in a moral and business like manner, it is an advocate for Independence or Reform in politics as well as other matters. The aggregate circulation amounts to better than 1600, for tri-weekly rates of advertising see letter B.—Advertisements continued three times or oftener will appear in weekly issue gratis. 74. *Gazette*.—A weekly journal, published at Picton, County of Prince Edward's; \$2 per annum. An advocate of Conservative political principles, and an unwavering supporter of Protestantism, this sheet is recommended to advertisers, not only on account of its large subscription list, but from the fact that a very great proportion circulates amongst that better class of readers known to be very enterprising, and for the most part wealthy. It is very ably conducted

by G. M. Conger, and justly merits the large share of advertising patronage it receives. Rates of advertising same as described under letter A.—

The circulation of the daily is about 5000; that of the tri-weekly, 3000; and the weekly between 14,500 and 15,000. It is one of the strongest supporters of Protestantism, and its circulation far exceeds that of any other Canadian journal, while the advertising charges are as low as the generality of newspapers. Small or casual advertisements inserted at rates described on letter B. Yearly rates, when accepted before insertion are \$2 50 per line; for six months, \$1 50 per line; for three months, 88cts. per line; payment at these rates must be made quarterly or half-yearly (as agreed upon) in advance. The circulation of the daily is not less than any of the others; (see remarks to advertisers). The weekly has a very extensive circulation in the country. In political and religious matters, it professes to hold a complete neutrality, and certainly does not come out strong regarding either. It is almost too Liberal to be classed as a Conservative, yet does not endorse all the sentiments of a Reformer, on matters affecting religion it may rank as Protestant, (if any). Advertisements of an appropriate character, inserted at 10 cents per line, each insertion. Luke and Orr, Publishers.

197. *Canadische Bauernfreund*.—A German paper, printed weekly at Waterloo Village, County of Waterloo, \$2 per annum. It is a large sheet of 28 columns; a reformer in politics, and silent or neutral on subjects of a religious nature; it appears to be conducted in a very creditable manner, and its rates of advertising are lower than usual, viz.: 5 cents per line, first insertion, and 1½ cents per line each subsequent insertion; the circulation is something over 500. Jacob Teuseher, Editor.

198. *Gazette de Sorel*.—A French journal, published at Sorel, District of Montreal, during sittings of Parliament, (or six months in the year); it is issued semi-weekly and weekly, during the other six months, price per annum, \$2. It is independent in politics, and has a subscription list of some 1100 to 1200; it succeeds the paper formerly known as the *Bas. Canada*, and is also conducted by one of the late proprietors of that journal, and differing from it by coming boldly out in defence of the Roman Catholic faith, the other late proprietor of the *B. C.*, having now the management of a ministerial paper. For rates of advertising, see letter B. Yearly advertisements, whole column, \$44; for six months, \$25; for three months, \$15.

199. *Atlas*.—A tri-weekly journal published at Port Hope, County of Durham, \$5, or \$4 per annum, in advance. This paper is issued in place of one called *The British Standard*, (see No. 14). It commenced immediately after the demise of that sheet, the first number making its appearance on 20th October 1857, with a subscription list of better than 300. It claims Liberty in politics and takes no part in religious matters, the usual contents being of a political or commercial character; the sheet presents a very creditable appearance, and while so ably conducted as by the present enterprising Editor, (C. Roger,) must rapidly increase in circulation and rise in importance and influence. For rates of advertising see letter A.

200. *Messenger*.—A weekly paper published at Millbrook, in Cavan, County of Durham, \$1 50 per annum, in advance. This journal has only been in existence since August 1857; it is conducted on strictly Protestant principles, and although a Conservative is somewhat Liberal in politics, it has adopted the motto, *Prove all things, Hold fast that which is good*. It has started with a fair prospect, the subscription list amounting now to nearly 1000, and good advertising patronage, for rates of which see letter A. Business cards not exceeding six lines, \$3 per six months in advance.

if not over ten lines, \$4. Space measured for solid Brevier. A. E. Hayter, Proprietor and Publisher.

201. *Comet*.—A weekly journal published in Owen Sound, County of Grey, \$2 per annum. It supports Protestant principle, and may termed Liberal in politics; it receives, and deservedly so, a good share of public patronage. Advertising rates similar to such as described at letter A. Owin Vandusin, Editor and Proprietor.

202. *Zeilenspiegel*.—A weekly journal published in Berlin, County of Waterloo, \$2 per annum; somewhat extensively patronized, chiefly by the German population; it professes to be non-political, it has been in existence about one year; is a strong and bold defender of the Roman Catholic faith, and has a circulation of upwards of 1500. The rates of advertising are similar to that described at letter B. Chas. Sfeiffer, Editor.

203. *German Canadian*.—A weekly newspaper published at Berlin, County of Waterloo, \$2 per annum. This paper as its name indicates, is printed in the German language, and its circulation is chiefly confined to that class of people; it is got up in good taste, advocates Reform in politics, and professes Neutrality on religious matters. The circulation is about 1000. Advertising rates same as described under letter B. D. McDougall, Publisher.

204. *Morning Star*.—A weekly Reform journal published at Southampton, County of Bruce, \$1 50 in advance, a supporter of Protestant principles, and although it only lately made its first appearance, the yearly subscribers already number over 500. For rates of advertising see letter B. The rate of discount is 20 per cent on quarterly and 25 on half-yearly advertising.

205. *Herald*.—A weekly journal published in Niagara City, County of Niagara, \$1 50, per annum, or \$1 25, if paid within six months, or \$1 per annum, in advance. Liberal or Independent in politics, holding somewhat a Neutral position regarding religious matters. Properly speaking, this is a United States journal, being

printed and chiefly circulated on that side of the line, the number of subscribers in Canada forming only about one-fourth of the whole, or better than 150 names. Advertising one square, (12 lines) 50 cts. and 25 cts each additional, whole column one year \$30, half column \$20, quarter column \$10 per annum. M. T. Hackstaff, Agent.

206. *Chronicle*.—A weekly journal published in the Town of Whitby, County of Ontario, \$2 per annum, in advance. This paper has only been in existence since last November, (1857,) it was established upon the ruin of the *Ontario Reporter*, and has already a circulation approaching to 1300. In politics it may be classed as a Reformer but independently so, inasmuch as not associating itself with any of the present political combination; on religious matters it upholds in a greater or less degree, a Non-Sectarian position. The Editor, however, as well as the Proprietors are Roman Catholic, and merit public patronage by the enterprising, impartial, and straightforward manner in which the journal is conducted. It is a large sheet (32 columns,) and enjoys an extensive advertising patronage, it is in contemplation to issue a semi-weekly edition during the sitting of Parliament For rates of advertisement, see letter B.

207. *Observer*.—A weekly Reform journal, published at Prince Albert, County of Ontario, \$2 per annum, in advance. This is a Protestant journal, and has only been in existence since Nov. 1857, it presents a very creditable appearance, and no doubt will ere long hold a prominent and influential position. Advertising charges similar to such as described under letter B.

NOTE.—There are some nineteen different sizes in ordinary Printing, but the above are generally used or counted in measuring Advertisements. When set in Nonpareil, generally 10 words make a line, in a column of usual width; if set in Minion, 9 words; in Brevier, 8 words; in Bourgeois, 7 words; in Long Primer, 6 words; in Pica, 5 words.

EXAMPLE. An Advertisement of 80 words Brevier, makes 10 lines, which at the usual price 7 cents per line, makes 70 cents; to this must be added the number of lines occupied by heading (or other display,) say four lines 7 cents makes 28, which added to the former makes a total cost of 98 cents for first insertion, and each subsequent insertion according to charge per line.
