AUTO AND SPECIAL TRAIN USED IN SUCCESSFUL DASH TO SAVE THAW FROM BEING DEPORTED

Lawyers Obtain Writ of Habeas Corpus at Montreal and Right to Appeal Against Summary Deportation After Brief Court Deliberations and Rush to Coaticook With Fine Dramatic Effect.

MONTREAL, Sept. 5.—(Can. Press.)—With a busy hearing before the local court of appeal, a mad race through the city's streets in an automobile car to a special train which was awaiting them at the Bonaventure Station and a record run against time to Coaticook, attorneys for Harry K. Thaw today played a trump card.

Sixty-two Bushels to Acre

WINNIPEG, Sept. 5.—(Can. Press.)—Hon. Hugh Armstrong, provincial treasurer, stated this morning that threshing on the industrial school farm at Portage la Prairie had just been completed, and that the wheat crop had returned sixty-two bushels to the acre. This is one of the heaviest yields yet recorded in the province.

HOT SPRINGS, Ark. Sept. 5.—(Can. Press.)—More than thirty blocks on the eastern edge of the business district of Hot Springs has been swept clean tonight by a fire which at 9 o'clock threatened to eat its way toward Central avenue, the main business thoroughfare. A high wind was blowing, and the Hot Springs Little Rock fire department, the latter hurried to this city aboard special trains, had made but little headway in checking the flames.

At 9 o'clock Sidney Dillon, commissioner of public utilities, estimated the loss as at least \$4,000,000. The fire originated in a negro dwelling on Church street near Malvern avenue just east of the Army and Navy Hospital, shortly after 3 o'clock this afternoon, and spread quickly to the south and east. A number of small dwellings, dry as tinder as the result of an extended drought, were an easy prey to the flames, which in a few minutes were beyond control of the local fire department. From this region the fire spread to a manufacturing district and then to an hotel district, and then at 9 o'clock the shifting wind threatened to carry the flames to the main business section. A supreme effort was made to divert the fire toward the suburb of South Hot Springs when it was apparent that efforts to control it would be unavailing.

At 9 o'clock this effort appeared to be meeting with some success. Civic Plants Burned. Among the buildings destroyed were the city's high L water and power plants, the county courthouse, the park, the city high school, Iron Mountain Railroad station and shops, Ozark Sanitarium, People's Laundry, Crystal Theatre and Bijou Rink, besides a hundred or more business buildings and many residences, including some of the best in the city.

Fifteen minutes after the fire started it was beyond control of the Hot Springs fire force and aid was asked of Little Rock. Special trains brought additional apparatus from the city, but water, dynamite and every available means of fighting fires had failed to check the flames six hours after the fire started.

GRAIN MAY GO THRU U.S. PORTS

Blockade at Montreal Likely to Cause Diversion, But Not Serious Congestion. WINNIPEG, Sept. 5.—(Can. Press.)—That the grain blockade at Montreal will have no effect on the movement of the western grain crop, other than to cause a great deal of it to be shipped by way of American ports instead of Canadian ports, is the statement made by W. B. Lanigan, assistant freight traffic manager of the C.P.R. Mr. Lanigan pointed out that, with a blockade at Montreal, it would be impossible to ship large quantities of grain there from Fort William, because it could not be taken care of. Therefore most of it will be sent down to New York by way of Buffalo and other American routes.

Speaking of the movement of the western crop, Mr. Lanigan stated that since September 1, no less than 633 carloads of grain had been loaded on C.P.R. lines. There were 250 cars of grain loaded yesterday, and 351 cars marketed.

PHYSICAL DIRECTOR KILLED AT TORONTO CENTRAL Y.M.C.A.

George A. Barnes Fell From Parallel Bars, Breaking His Neck, and Died in a Few Minutes. While teaching a class of boys a new trick in gymnastics, George A. Barnes, aged 24, slipped from the parallel bars at the Central Y.M.C.A. last night and broke his neck. He died a short time later, while being carried up the steps of Grace Hospital. Barnes was assistant and physical director of the institution, and came from Sherbrooke, Que., a week ago.

The accident occurred about 9 o'clock. Barnes had taken his class to the gymnasium in order to show them the trick, swung onto the bars himself. He twisted about until his head was hanging just below the bar, while his feet were in the air. Then in changing his position he lost his hold and fell headfirst to the floor.

MOTORMAN SAVED A WOMAN'S LIFE

Prompt action on the part of Motorman Conway (885) saved the life of a middle-aged woman on Yonge street, just below Adelaide, at 11 o'clock last night. It is not clear how the motorman's presence of mind the woman would have been ground to death beneath the wheels of a Dupont car.

Conway was running his car down Yonge street at a fair rate of speed. Two women were passing up the east side of the street and when near Adelaide they started to cross.

WALTER STERLING PINNED UNDER CAR WHICH TURNED TURTLE DURING AUTO POLO GAME IN FRONT OF GRAND STAND.

Walter Sterling, a member of the British polo team performing before the grand stand at the Exhibition last night, had a miraculous escape from death when the car in which he was riding overturned. The car, at the time of the accident, was being driven at a tremendous speed, and Sterling was pinned beneath it as it turned turtle. The rumor quickly spread among the thousands of spectators of the accident that the daring performer had been killed. He was carried from the grounds in an unconscious condition, but an examination conducted by the doctors at the Exhibition temporary hospital showed that his injuries were not likely to result in death.

His spine is injured, and he also is suffering from internal injuries, the nature of which has not yet been ascertained. Sterling was able to be taken to the Gladstone hotel, where he is staying with the other members of the British team. He is the same driver who was injured at the meet in July when the sport was first introduced to Toronto.

SOLDIERS THREATENED AMERICAN CONSULATE AND MISSIONARY QUARTERS DURING THREE DAYS' LOOTING

PEKIN, Sept. 5.—(Can. Press.)—Despatches received here from Nanking, report that the northern armies completely sacked that city. The looting and other excesses lasted three days. The soldiers visited the American consulate and demanded money, but Mrs. Alvin V. Gilbert, wife of the vice-consul, during the absence of her husband, pluckily talked the men out of their designs. Another party of soldiers attempted to enter the American Presbyterian mission. They threatened to shoot the Rev. Alfred V. Gray, the resident missionary, because he refused to open the gate to them.

WILSON AWAITING MEXICAN ENVOY

WASHINGTON, Sept. 5.—(Can. Press.)—Developments in the Mexican situation are likely to await the arrival in Washington of Manuel De Zamacona in his personal capacity as envoy of the Huerta government to continue with the Washington administration the negotiations begun by John Lind, personal representative of President Wilson in Mexico.

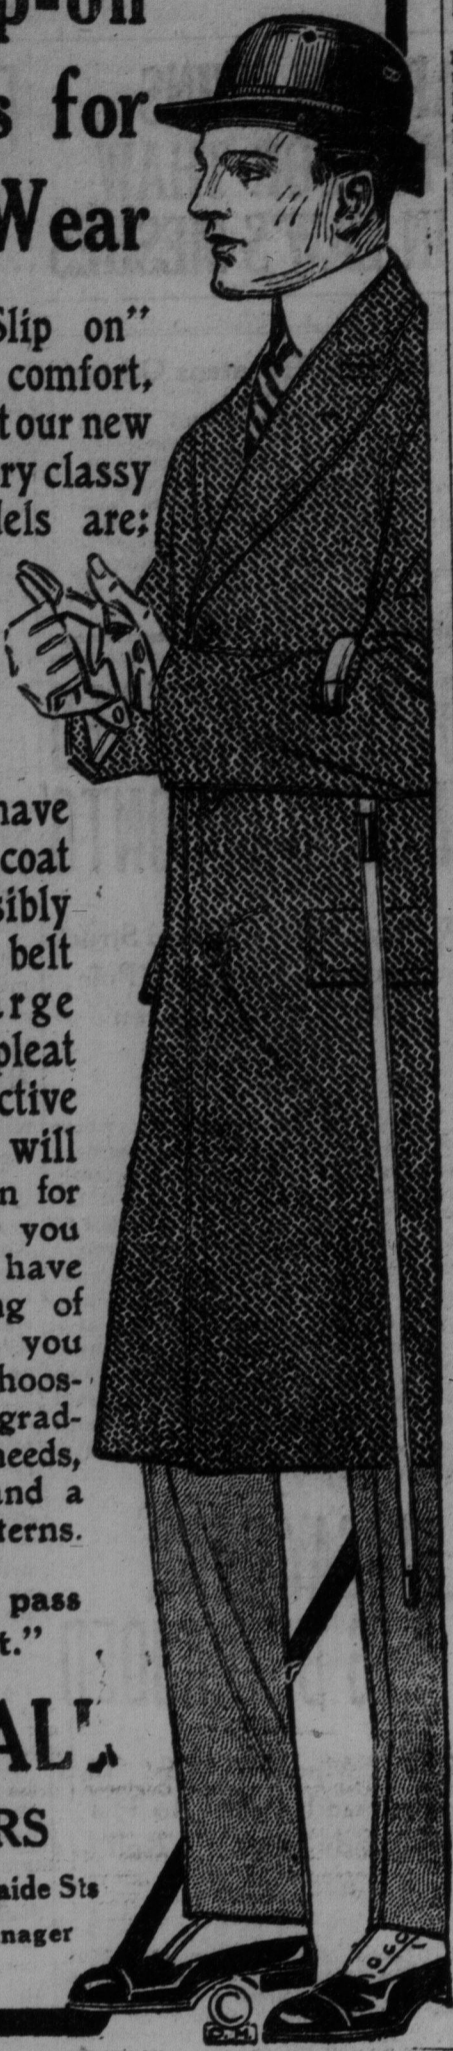

BUIT UNLESS IMLAN REPUDIATES HUERTA'S CLAIMS. HIS RECEPTION IS MATTER OF DOUBT.

WASHINGTON, Sept. 5.—(Can. Press.)—Administration officials had not decided tonight whether they would receive Senator De Zamacona unless he brought positive assurances of Huerta's elimination from the situation in Mexico and was ready to act upon the other points in the American proposals for the establishment of peace.

Some of the Washington officials feel that the United States has made a position clear thru the parleys conducted by Mr. Lind and the address of President Wilson to congress. Further negotiations on the same points they regard as useless and merely a process of delay.

BY MARGARET L. HART

Glassblowers are a fascinating people, or perhaps it would be more correct to say their productions and the process by which they arrive at them are the things that have the power to hold.

One of the best of Marion Crawford's stories deals with the art, and the best thing on the Midway of our National Exhibition is the enclosure where the glassblowers ply their trade. Men and women are engaged in evolving the many beautiful and dainty vases, urns, balls, miniature ships, utensils and marvelous birds of Paradise by means of the heat from the blowpipe and the long tubes of glass lying piled on the table beside the workers.

"I depends," she said in answer to our query. "Many could never learn. They begin and work at it a week and then give it up. There are others whom we never could have the patience to teach, at least I couldn't, and her face gave evidence that she had met some who had been inexpressible bunglers at the delicate craft."

A girl burnt the glass tube at the blow pipe and when it was sufficiently heated to liquify she worked by the flame, bringing with her a thread of the glass like white taffy. This broke two or three times before connection was made with the wheel.

After several trials success came and the wheel buzzed round, worked by the man at the other end. The glass thread wound itself about the wheel and her face gave evidence that she had met some who had been inexpressible bunglers at the delicate craft.

name is Mr. Johns—Mr. O. H. Johns—and he can do anything." And why? It was further down the Midway that the crowds gathered in greatest numbers to see the battle of boards in some cases were, monstrosities in their hideousness and one wondered what force prompted the thousands who passed thru the many gates into the tents and booths on the other side.

Hard to understand. It is possible to understand the spirit of adventure which instigates so many to try with the idea of gaining greater as a reward than the staring, stocky Teddy Bear or the doll with the glass eyes. Others find legitimate pleasure in the manoeuvres of the stock in trade of the Midway. But how poor deformed human nature.

Three or four visits to the inside of these booths are sufficient to bring one to the conclusion that there are poor creatures in the Midway who ought to be in the privacy of some humane institution where their deformities would be hidden, where their misfortunes would be ministered to by the hands of charity and where the public might be neither offended nor made callous by pictures of nature under such normal conditions.

An institution such as our National Exhibition now is could command the very highest obtainable in the way of recreation. We have already brought the best bands of other countries and much of the best in painting and sculpture. In addition we have the cooperation of governments of leading nations—Germany, the United States, Austria and the rest.

There is one case in the Midway that teaches hope to some who have despaired of ever again being useful, independent citizens. This is a young man who four years ago lost his hands in machinery while at work. To most it would seem that his usefulness was at an end. Courage, however, must be a good deal in the man's composition, for he has taught himself to wash, shave, pick up articles from the floor, write—in short, he seems able to do anything almost that those with hands can do. Such a one is not the class with the poor deformities and degenerates one has in mind. Humanity it would seem should forbid us exhibiting such to the vulgar.

A majority of these who come to us at Exhibition time are far removed from opportunities of seeing or hearing the best we have in them.

Beginning with the thoroughbred horses that look finely enough built to race with the fastest, and ending up with these stolid specimens of French-Canadian cattle, the parade of prize-winning stock before the grand stand at Exhibition Park yesterday afternoon was a wonderful exhibition of the success with which stock breeding has been attended since science took the place of chance on Canadian farms.

for the stand, but even the smallest Shetland pony was not passed without notice. Black Galloway bulls from the Highlands of Scotland, beautiful Jersey milk cows from Brampton, black and white Holsteins and Shorthorn cattle so fat that their dewlaps nearly touched the ground, caught the eye of the crowd, who wondered why their stork-like necks were so high priced when so much beef grown on one animal.

Housekeeping, Gardening, Fashions and News of Interest to Women

Raggs' Weekly Letter

Toronto, September 5. My Dear Toronto-Ontarians: I don't think that this Exhibition has fallen off terribly since I was a child!

Now, did you ever hear of anything so bitterly disappointing? The happy anticipation of men, whistles, school bags, pink lemonade, lunch boxes, glass balls, and balloon ascensions became us but a few hours ago.

How I did admire that woman! I said little, but I looked such un-speakable things that she bit the dust and retained its salutary taste for the rest of the day.

We arrived just as a demonstration of the pulmotor was in progress. You probably don't know how that wonderful life-saving apparatus works?

Then you put a rubber thing over the mouth (without detaching the thing holding onto the tongue—the scissors thing, you know) and pump oxygen into the lungs—because the rubber thing, you know, is kind of attached to a thing full of oxygen that slips thru the rubber thing, past the scissors thing, and the thing with the thing that you turn with your thumb and forefinger past the thing that closes when you swallow down the things that lead to the lungs and into the lungs, causing them to breathe!

Then we went to see the dog show. It was about this time that Mrs. Ellnor lost her car tickets, which happened unobtrusively the rest of the day for me.

As I entered, a large and passionate bull dog saw me coming. He said: "Move along there or I'll bite you!"

wee, little dogs that looked like rats. The judge took a squirt at the scurrying bunch came perpetually motion, went to the ribbon counter, returned with three roses and offered them graciously to three old ladies.

It was about five-thirty when we went into the grandstand to see some hunting horses. Judge the care, however, so overcome were we with our first view of Rome that we had no eyes for the horses.

They were taking photographs of some lions on the Coliseum steps. First they took the largest and cut off its cage, and dragged it by the scruff of the neck to a nice sunny place. Then they took the little boy to see that it stayed there while they collected another.

Buying a Paper. These rising young merchant princes of Toronto, Ont., who sell daily papers on the street corners any morning seriously times I hate to see a human who doesn't know his business, be it that of magistrate, carpenter, char-lady, social services reformer, baseball pitcher, senator, street-cleaner, dry-cleaner, secretary of state, or newsworthy.

TUT, TUT!

People interested in psychology will find two double columns of explanation in last night's Telegram of how Dr. Telegram Jekyll becomes Mr. Telegram Hyde. It isn't very conclusive, but then the science of psychology is still in its infancy. The Globe, which is not strong in psychology, calls The Telegram an unreasoning fanatic. Tut, tut! This is much worse than describing The World as a religious mendicant, which might even be regarded as complimentary, only we doubt that The Globe would wish to be complimentary to The World. It is just possible that The Globe does not know how to spell, and means to imitate The Telegram in calling names. Again, tut, tut!

HAMILTON'S SUNDAY LIBRARY.

Hamilton has taken the lead in one of the most useful innovations that have been recorded lately. The public library is to be opened on Sundays from 2 till 5.30. The wedge by a limited class of citizens, and disparaged, as not nearly adequate, by another class. The public library is for casual readers, and few casual readers will care to read for more than three hours and a half a day. One of the greatest readers in the world, Sir W. Robertson Nicoll, sets four hours as a sufficient daily reading period. And he reads everything. In order to assimilate what one reads it is practically impossible for the average man to read more than a few hours at a time. The student, of course, is in a different case. But the student has his own books, and only goes to the library for reference. And most students use Sunday as a day of rest. The book-loving business clerk and worker will be glad to have the Sunday afternoons available for library purposes, and no more refining or enlightening influence is to be had.

We anticipate a chorus of what- ever similar body of the Eumenides presides over the destinies of librarians in Ontario. It is truly awful to think that some Canadians might seek literary culture on Sundays.

CANADIAN TOWNS DISCREDITED.

The Towns of Coaticook and Sherbrooke have made a poor showing during the time that they have been in the limelight of the Thaw case. On one occasion when Thaw left the Sherbrooke court house after having recently defecting those who wished to get him back to the States, he was cheered by the townspeople. The general attitude of the citizens was that they strongly resented the efforts of a friendly nation to bring back to justice a criminal lunatic who had escaped from its borders.

The incident yesterday of the arrest of William Travers Jerome in Coaticook was perhaps the most disgraceful thing that has occurred through the unpatriotic business. Those who have held that justice rules in Canada and that Canadian legal methods are superior to American will be heartily ashamed when they learn that one of the leading lawyers of New York State was actually jailed in a Canadian town on a petty, trumped-up charge in order that he might be prevented from doing his duty.

THE REASON WHY.

The Hon. J. H. Thompson describes with The World that the Intercolonial Railway could be sold in the open market for every dollar it has cost Canada, and because it has never paid a dividend, argues that government operation must be a failure. If the Canadian Pacific, The Expositor argues, owned the Intercolonial it would make the road pay. To this we reply that the Intercolonial owned the Canadian Pacific the government would make the entire system and the Intercolonial part of that system alike pay a good dividend.

The Intercolonial can originate little traffic west of Montreal. For six months in the year it is paralleled by one of the greatest rivers in the world, and finds the water competition so keen that it cannot even afford to haul coal from Sydney to Montreal for its own use. It does a big local business in Nova Scotia and New Brunswick, but the long lean line between Lewis and Moncton does not pay, and can never pay until it becomes part of a system extending to the Georgian Bay, the Detroit River and the Niagara from

tier. Suppose the Canadian Pacific acquired the Intercolonial tomorrow, what would it do? It would probably use its control in the shipping trust to nullify the present water competition between Montreal and Sydney. It would secure the line between Lewis and Moncton plenty of thru business, originating in Toronto and the west.

We are told that the Canadian Pacific has a long lean line between Port Arthur and Sudbury, and yet it pays. But if the Canadian Pacific started at Port Arthur and ended at Montreal, with no other lines or branches, there would be another story to tell.

The Intercolonial may have been somewhat extravagantly, but when we all agree that it gives better service for the rates than any other road, and would sell in the market today at a cash purchaser for the full amount of its capitalization, we say for it more than can be said for the vast majority of railways on this continent.

AUSTRALASIAN OLD AGE PENSIONS.

Altho New Zealand has declined to become an integral part of the Australasian Commonwealth, they continue to have many interests in common. It is not an exceptional instance of the curious parallelism which is apt to occur that in this respect Canada and Australia have had much the same experience, and Newfoundland, like New Zealand, prefers to remain independent, and no doubt there is a certain feeling of pride and satisfaction in appearing at the council board of the Imperial Conference on terms of parity with the Dominion of Canada, the Commonwealth of Australia and the Union of South Africa. Nor would the rash judgment be ventured that their decision must operate to the disadvantage of the common interest of the empire.

New Zealand, however, as an Australasian state is by no means unwilling to co-operate with its big brother in the arrangement of matters of joint advantage. The Dominion and the Commonwealth have both old age pension schemes and an agreement was recently reached providing for reciprocity in their administration. The bill embodying the arrangement was introduced in the end of July in the New Zealand Legislature, and it practically provides that the requisite residence in any part of Australasia will entitle all persons to pensions in that state where they have resided for 12 months before making application. New Zealand's proportion of the cost is one-seventh, irrespective of the length of residence. As this new departure is of a tentative character, the agreement will be revised at the end of five years.

EUROPEAN OUTLOOK.

Altho few believe that the delimitation of the territory wrenched from Turkey among the Balkan allies was recently reached providing for reciprocity in their administration. The bill embodying the arrangement was introduced in the end of July in the New Zealand Legislature, and it practically provides that the requisite residence in any part of Australasia will entitle all persons to pensions in that state where they have resided for 12 months before making application.

BALDERSON IN S. LANARK.
KINGSTON, Sept. 5.—(Special)—Col. Balderston, Perth, says he will be a candidate at the coming federal by-election, in South Lanark, and will come out as straight Conservative.

temper of Europe, no money will be forthcoming for war purposes. More decisively than ever before has the money power shown it holds the decisive word and the lesson is not likely to be forgotten.

Every one of the great European nations has suffered loss in the endeavor to prepare for possible contingencies.

With the passing of the war menace has come the time for easier money conditions. This autumn is being entered upon with a very different and more optimistic outlook than that with which the corresponding period of last year was regarded. Apprehension of the future is a worse enemy to prosperity than is the aftermath of war. The worst is known, the danger has been evaded and the successful effort to prevent European outbreak has greatly relieved the real tension by showing where the real interests of the nations lie. Britain and Germany in particular have been enabled to make a new departure in the compulsory co-operation necessary to ensure peace.

The Philosopher of Folly

THE TOWNSITE PROMOTOR.
He looks the country over and he stakes a good-sized claim; he nudges his gray matter for a nice, alluring name; then he hurries back to tell us the spot which he has found; he cries: "It is the centre for a thousand miles around." Oh, listen to my story. Ginger City is the best bet on the map! For just tomorrow I'll sell each man a section in the centre of the town; if you've a hundred beatus they'll come to see it; and this is the hero's finest purchase in our great and golden west. Ten railways come together on this townsite, as you see this busy burr, must rush—so place your orders early and avoid the coming crush. A hundred years ago boys you could count on either hand the fertile western land; no happy, hustling millions in our golden age, the well who clamor for the town lots which I've come down here to sell. Then gathering our ducaats in his wallet he'll depart and leave us to our waking and to bitterness of heart, for in this sort of business it has sometimes been seen that the far-off greener pastures catch the greenest of the green!

ALONE IN HOUSE CHILD IS BURNED

CORNWALL, Sept. 5.—(Special)—The four-year-old son of Mr. and Mrs. O. Seeler, who reside about four miles east of Cornwall, on the Russell road, was burned to death in a fire which destroyed their home. While the child was at a neighbor's home, the mother and two other children went to another neighbor's, and upon her return she found the house in flames; it was thought the boy was still at his neighbor's, but his playmate appeared upon the scene and said he had gone home a short time before.

Single Court. Before Leitch, J. Parker v. Parker.—A. O. Gden, for plaintiff, obtained an ex parte injunction restraining defendant, Mary L. Master's Chambers.

Before Geo. S. Holmstead, K.C., Registrar.

Snider v. Carlton.—W. J. Elliott for Central Trust Co. F. C. Snider for plaintiff in this action. S. H. Bradford, K.C., for Carlton and Hillock. Motion by Carlton and Hillock that the motion of yesterday be reopened and enlarged. Motion dismissed with costs without prejudice to renewal of motion at a later stage of action.

Time to plead in both actions extended until 15th September, such extension not to prejudice defendants in any proceedings they desire to take. Feacock v. A.O.H.W.—A. G. F. Lawrence for defendants, obtained order allowing defendants to pay into court \$2,000 under policy 9381, less their costs motion, fixed at \$200.

Cooper v. Top.—F. Aylsworth, for plaintiff, obtained order renewing for one year writ of summons issued on Sept. 2, 1912.

Romas v. Proctor.—H. S. White, for plaintiff, moved for judgment on specialty endorsed writ. Birnbaum for defendant. Judgment for defendant's request until 10th inst.

Wald v. Hanna.—M. Wilkins, for defendant, moved for order setting aside order for possession as having been issued prematurely. Reed for plaintiff. Execution of order for possession stayed until Sept. 15 peremptorily Defendant to pay costs of motion.

Lockie Marshall.—S. G. Crowell, for plaintiff, moved for order allowing service of notice of motion for resale on Aldrich and Sullivan and confirmation of order of July 30, 1913. Order made for service by publication in Boston Herald and mailing copies on Sept. 9 and 10 in registered letters addressed to the parties in Boston. Four days allowed after 10th inst. before motion be heard.

Osley v. Osley.—A. R. Cochrane, for plaintiff, obtained order giving leave to issue writ of summons for service out of jurisdiction in action for alimony. One month allowed for appearance.

Barthelmes and Cherry.—A. Singer, for purchaser, moved for order declaring that the objection to title of vendor to land in question has not been satisfactorily answered by vendor and the same constitutes a valid objection to the title. G. Ritchie for vendor. Judgment.

The general has thus become practically the city receiving hospital.

ANKLE BRACELET STOCKINGS.

LONDON, Sept. 5.—Ankle bracelet
stockings are the newest fashion
frank for London's smart society
women. This new fad is a modification
of the jeweled bands and golden anklet
long in vogue among a certain
section of Parisian society. The
new designs are of black silk with
a wide band, embroidered in blue,
green, yellow, or purple silk, enclosing
the ankle.

The advent of the very short and
slashed skirt is responsible for the
changes in hosiery. The shorter the
skirt, the brighter the stocking is
the principle society ladies seem to act
upon.

One enterprising dealer has brought
over from Paris dainty hosiery with
jewels round the ankle on the inside
of the stocking and a color be-
lievably seen thru the thin silk
mesh. As much as two hundred dol-
lars is asked for some pairs. These
are made of fine gold tissue and real
lace. Chantilly and Mechlin being the
most popular fabrics.

ONTARIO LAWN TENNIS

The Ontario tennis championship
tournament will begin today on the courts
of the Toronto Lawn Tennis Club. The
draw is large and players are requested
to be on hand promptly at the time stat-
ed. Any players who are not scheduled
to play today who can be present, may
be made to play on many games as
possible. The players from the Buffalo
tournament will be on hand Monday. No-
tices for today's games have been sent
to each player.

However, They Allowed a Handicap at Buffalo That Proved Too Great.

BUFFALO, Sept. 5.—A crowd of more than four thousand people saw Toronto get the better of Pittsburg in an exciting polo match at Buffalo today. The game started at 1 o'clock and by the start the Toronto players showed much greater speed than their opponents. After playing half an hour Toronto gave Pittsburg a handicap of 5 points to make the contest more exciting. The handicap proved too much for a lead, however, and the Toronto team by Johnsonian effort won the game by the score of 9 to 2.

Juniors Fight It Out at Island—Seniors Meet in First Game at Brampton.

There are two games in the O.A.L.A. today and both of them have the deciding of championships on their results. The senior championship of the league will be fought out at Brampton between the Toronto team and the Altonville team. This will be the first game for their journey to Altonville next Saturday in the second and last game. The line-up of the Toronto team is as follows: Goal, Mill Barclay; point, J. Houston; cover-point, G. Dunlop; first centre, H. McPherson; second centre, E. Malone; third defence, H. Young; centre, P. Edmondson; third home, F. Leclair; inside home, Alex. PRO. HOCKEY FOR GUELPH.

GUELPH, Ont. (Special).—Hockey is going to become popular in Guelph this winter. The fans are already talking the situation over, and from the present outlook there may be a professional team placed in a league comprising Guelph, Galt, Berlin and Stratford. It is understood that two Guelph gentlemen are prepared to finance a team in such a league and that there will be no trouble in securing the necessary amount to carry a team thru the season, provided the other cities can be induced to look with favor on the project, although it is a little early in the season to say just what will be done regarding the playing of teams in the Ontario Hockey Association. There is plenty of good material in there for two teams, junior and intermediate, and it is likely that the amateurs will be represented in both series.

Grand Circuit in Rain

HARTFORD, Conn., Sept. 5.—Intermittent showers and a muddy track caused the postponement of the final day's card of Grand Circuit races at Chart of Oak Park today, and unless the sun shines strongly tomorrow there will not be a chance to complete the program, as the track is in bad shape.

**GLOBE SCOTCH DOUBLES

The Balmly Beach Bowling Tourney and consolation games will be continued this afternoon, and if possible finished. The following is the schedule, all games on Balmly Beach lawn: 1:30 p.m.—Dr. Macdonald (Markham) v. S. G. Murphy (Grantville). 2 p.m.—C. A. Wilson (St. Simons) v. A. H. Lougheed (Kew Beach), winner of Grand-Quigley v. S. G. Wharin (Balmly Beach). 4 p.m.—Wagner of Withers-Lougheed v. W. H. Brodson (Grand-Quigley). J. Wray (Parkdale) v. P. Raney (Parkdale), winner of Macdonald-Murphy v. S. G. Murphy.

AMATEUR BASEBALL.

The Wychwood Club of the Vermont League will play the Barre, champions of the Vermont League at three o'clock. Lefty Parr, the Vermont League's star pitcher, will twirl for Wychwood.

The final games today in the City Amateur League will be played at Scarboro Beach, instead of Dufferin Park. Park Nipps, of Wellington, who are the first place, play the Dufferin, and the Marvys, respectively, at 2:15 and 4 o'clock.

Riverdale team to play East Toronto at Riverdale Park are: A. Arnold, F. Gilson, W. Campbell, J. Davidson, F. Foley, R. Gowdie, A. Hocking, C. Madgeux, E. Raven, A. Pickersill (captain), S. Smith and Webber.

Riverdale second eleven to play Olivet at Riverdale Park: W. Bass, F. Elmer, E. Foley, W. Jones, F. Robey, F. Tugwell, F. Wagner (captain), G. Welch, D. Wilks, H. Wilson and H. Yetman.

OLD COUNTRY PLAY THE WITH LACHINE, NO SCORE.

Connaught Cup Lies Between Winnipeg and Ft. William—Tom Watson, President.

PORT WILLIAM, Ont., Sept. 5.—(Special).—Tonight's game between Old Country F.C. of Toronto and Lachine of Montreal, in the Connaught Cup series, was the most exciting yet seen in this series. It was a tussle from start to finish, and the Toronto lads were the superior lot all thru.

Particular to state, however, they could not score, and the game ended as point-less as it began. Tonight's game having finished in a tie, both teams are out of the running for the cup, and no deciding game is necessary. It now lies between the Winnipeg and Fort William teams, who meet tonight at Winnipeg.

A tie will send the cup to Winnipeg, while a win for the C.P.R. would mean that the trophy be located in Fort William.

Tom Watson of Toronto was today elected head of all soccer affairs in Canada, at the final session of the Dominion of Canada Football Association. Tom Robertson of Toronto was re-elected secretary-treasurer.

The Duke of Connaught, Governor-General of Canada, was appointed patron of the what Mr. F. A. Bester was elected president. Messrs. Bailey, Fischer of Winnipeg and Craig Campbell of Montreal were appointed vice-presidents, and an executive council consisting of one member from each province, was also agreed upon, the election being as follows: Ontario, J. W. Meers (provisional), Manitoba, New Ontario, E. Jones; Newfoundland, H. Foster; Saskatchewan, A. W. Blair; Alberta, J. Meers (provisional).

Tecumshs Tackle Newsy Lalonde and the Nationals—Toronto at Montreal.

Today at Hanlan's Point the Nationals and Tecumshs meet in the final Big Four game of the season, and a large crowd will be on hand to see the fleet-footed Frenchmen battle with the Island Braves. Since Newsy Lalonde joined the Nationals the French team have not lost a game, and last Monday defeated the Irish-Canadians by 1 to 2 on the Irish grounds. Lalonde's presence on the home of the Frenchmen has made them a wonderful team at present, and it is expected that they will be the best balanced aggregation in the league. During the past two weeks, the Tecumshs seem to have struck their stride. They held both the Irish and Nationals in Montreal to a one goal margin and doubled the same on the Toronto last Monday. In fact there are many who think that the Nationals and Tecumshs are the two best teams in the league at present, and the game tomorrow should be one of the best battles of the season. The Tecumshs defence will have the brunt of the work to do with such good men as Lalonde, Soule, Leach and Plire to look after. Graydon, Yeaman, Green and McKenzie should be able to give the Nationals quite a busy afternoon. Tickets are on sale at 146 Yonge street, and it is expected that a number of out-of-town enthusiasts will be at the game. The Toronto side will play at Montreal against the Irish-Canadians.

O. R. F. U. Meeting Today—Hamilton R. C. Trying for Franchise.

The Ontario Rugby Football Union will hold a meeting at the King Edward Hotel this afternoon, and it promises to be a very lively session. There is quite a lot of important business to be considered. In the first place, the application of the Hamilton Rugby Club for a franchise to fill the vacancy caused by the resignation of the Aleris is to come up for consideration. It is also rumored that the Hamiltons are applying for a franchise, and general opinion seems to be that the board of management would rather consider one from Bytown than any place else. The Rowing Club are reported to have secured the H.A.A. grounds to play their games on. The question of players is the only necessity that the Hamiltons fully anticipate. It is rumored that most of the Aleris will throw in their lot with the scullers.

A meeting of the City Rugby League was held last evening at 239 Yonge street, and an effort was made to find out how many teams would enter the league this season. The application was able to report that sixteen teams at least would enter, and the possibility of several more. Kew Beach and capitals lead the list with three teams each. High Park, Judeans, Beach Canoe and Riverdale will enter two teams each. Toronto and North Toronto will also be represented. A meeting will be held next Friday, and the schedule will be drawn up for the season. Any teams wishing to enter must have representatives at that meeting, and all dues must be paid. It looks like a banner year for the C. R. U.

Several players were noticed out practising on Trinity campus Thursday afternoon.

The Crescents of the Northern League will practise this afternoon at Hamsden Park.

The Argonauts will get down to work on Wednesday next, but a preliminary workout will be held this afternoon at Rosedale for any wish to attend.

Art Brophy, the sensational half-line man of the Montreal team, will not be available for that team this year. He is going south on business, and will be away until the season is practically over. His absence will weaken the back division of the Montrealites, but they have their eyes on several good youngsters to fill his shoes.

Jack McAllister and Bert Hooper will represent the Hamilton Rugby Club at the O.R.F.U. meeting today, and it is clear that they will get recognition before they are finished.

If the Rowing Club are admitted, it will put the East Hamilton Amateur Athletic Union (the repentant Aleris) out of business, practically, as far as this year's Rugby is concerned.

The final arrangements for the Tiger trip have been completed, and the team of twenty-two players will leave on Tuesday, Sept. 22, for Chicago. The dates for their games are as follows: Chicago, Sept. 22—Winnipeg. Sept. 23—Regina. Sept. 25—Moose Jaw. Sept. 27—Calgary.

and wrote his famous lines on drinking alone by moonlight:— Here are flowers, and here is wine; But where's a friend with me to join Hand to hand and heart to heart In one full cup before we part? To descend to lend her face To grace the hour and the place.

Lo! she answers, and she brings My shadow on her silver wings; That masonry, and we shall be I, ween, a merry company.

The modest moon declines the cup. But shadow promptly takes it up; And when I dance, my shadow feet Keeps measure with my flying feet.

Yet the moon declines to tingle She dances in yon shining ripple; And when I sing, my festive song The echoes of the moon prolong.

Thunderstorm indicator. A German company has constructed a thunderstorm indicator which works on the principles of wireless telegraphy. The instrument consists of antennae, spark gap, coherent, condenser, battery, relay, coils, and gong.

Every electrical discharge in the atmosphere will cause a spark to jump the air gap. The coherent then establishes a circuit and the gong rings. According to the succession of the strokes of the gong the distance of the storm can be estimated. Instead of the gong, a ticker may be inserted into the circuit and the discharges of the storm can be then registered on a paper band.

TRAVERS V. ANDERSON TO PLAY GOLF FINAL

Charles Evans and Fred Herreshoff Beaten in Semi-Finals.

GARDEN CITY, N.Y., Sept. 5.—After a week of interest in the annual amateur championship tournament at the Garden City Golf Club, the issue now lies between the present holder of the title, Jerome D. Travers of Upper Montclair, and Jerry D. Anderson of the Ingersoll Club of Massachusetts.

Travers carried the light to a final list by winning his match today from Fred Herreshoff, a strong metropolitan player, who entered from the Essex Club of Vermont for this event.

Anderson, who had won the final match of the tourney by defeating Charles Evans, Jr., of Edgewater, Ill., the runner-up last year, was seen to be doubtful of the French championship at LaBoulle, France, two years ago.

Evans, while dazzling and brilliant at the moment, frequently exhibited nervousness at critical periods in his matches.

The day the match was announced, won handsily from Herreshoff, but that he was anxious to remedy this fault in his play was readily seen in the way he showed his game in the match today.

Evans, while dazzling and brilliant at the moment, frequently exhibited nervousness at critical periods in his matches.

The immigration officers, headed by E. Blake Robertson, were inclined to question any court order coming over the wire, but they were powerless in the matter of the appeals and Thaw remained in the detention room over the Grand Trunk Railway station.

Finally the Thaw lawyers in Montreal, J. N. Greenfield and N. K. Lafamme, chartered a special train and began a race here with the writ itself.

Feeling Against Jerome. Jerome's arrest was due to two causes and was not prompted in any way by the Thaw lawyers.

Jerome disappeared. Mr. Jerome left town in his automobile this afternoon, and it was explained that he had gone for a little holiday.

THE GIANTS AND THE LEAFS

Rube Marquard, the most-talked-of southpaw in the big show, will be Manager McGraw's trump card in port-side heavy duty in the coming world.

THREE STRAIGHT FOR THE WORLD CHAMPIONS

PHILADELPHIA, Sept. 5.—Boston's victory over Philadelphia here today by a 6 to 3 was the third straight for the former in the series.

THE NAILE ON THE HEAD.

Mrs. Horatio Winslow, of the wealthy Guggenheim family, is an ardent Socialist. She will have none of the large allowance offered her by her father, but makes her living by writing poetry and by selling tracts in Wall street.

Double Entendre Fans.

After the Spanish meson, while awaiting the cool cozoanne, a young Japanese diplomat took the fan from the white hand of a debutante, and opened it—from the right to left delicately.

MEYERS IS COMING CALLAHAN IS OUT

Toronto Outfielder Breaks His Leg at Rochester—Benny Here Tuesday.

ROCHESTER, N.Y., Sept. 5.—A severe accident to Centre Fielder Callahan occurred in the fifth inning of today's game between the Rochester and Toronto clubs.

President McCaffery leaves for New York today, and will go to Rochester. He will be back in Toronto on Tuesday.

The doctors in attendance on Pick have ordered an operation for twisted ligaments in the groin, and he will also be ordered to rest for the rest of the season.

NEW YORK, Sept. 5.—Trouble is brewing in the ranks of the big league players, and may be broadened into a general strike against the baseball magnates.

When the organization once gets a grip on these players, it is feared they will have a hard time of it.

COBB OUTBATTED JACKSON AT HOME

Naps Had a Ninth Innings Rally and Nosed Out the Tigers.

CLEVELAND, Sept. 5.—By means of a ninth inning rally, Cleveland defeated Detroit, 7 to 6 today. Jackson opened the batting with a pass, but Lajoie hit for a double play.

CARDINALS DROP BOTH TO PITTSBURG PIRATES

PITTSBURG, Sept. 5.—Pittsburg took both games from St. Louis, the first 8 to 1 and the second 5 to 1.

RACING BELLE WINS ALSO RUNS SECOND

Phenomenal Performance of Racine Mare at Timonium Fair.

BALTIMORE, Sept. 5.—(Special.)—J. T. Harris' Racing Belle surprised the wisecracks at Timonium today, when she breezed home winner in the sixth race at 4½ furlongs, beating Lasja two lengths. In the fifth race, the daughter of Racine ran a fine race, finishing second to Royal Onyx, and many were of the opinion she would have won. Despite the fact that she carried the top weight of 125 pounds, Racing Belle was not at all in danger, and held her field throat-tight. The latter closed lots of ground from a bad start.

Lee Evans won his second steeplechase of the meeting, with Race Brook and J. C. Ewal. The latter led over the jumps, Race Brook was speedier on the flat, and J. C. Ewal's Thelma J. repeated her performance of Thursday, capturing the five furlong dash for two-year-olds, winning by 1½ lengths. Bulgur looked like a sure winner in the early stages, but stopped badly, and was unplaced.

FIRST RACE—Three-year-olds and up, six furlongs: Orderly Nat, Virginia.

SECOND RACE—Four-year-olds and up, selling, five furlongs: Top Rock, 109 (Jackson), \$5.20, \$2.20 and \$2.50; Castle, 112 (Walshe), \$5.10 and \$3.40.

THIRD RACE—Three-year-olds and up, six furlongs: Thelma J., 112 (Watkins), \$2.80; Time 113½; Bay Brook, Carlisle M. and Whipser Belle also ran.

FOURTH RACE—Steeplechase, three-year-olds and up, about two miles: Race Brook, 152 (Jackson), \$4.20, \$2.20 and \$2.10; J. C. Ewal, 152 (Wright), \$2.20 and \$2.10.

FIFTH RACE—Selling, three-year-olds and up, six furlongs: Royal Onyx, 113 (Jackson), \$3.50, \$2.40 and out.

SIXTH RACE—Two-year-olds, five furlongs: 1. Thelma J., 112 (Watkins), \$4.40, \$2.80 and out; 2. Kedron, 112 (Upton), \$2.70 and out; 3. Sunmet, 112 (Hanover), out.

SEVENTH RACE—Selling, three-year-olds and up, six furlongs: Royal Onyx, 113 (Jackson), \$3.50, \$2.40 and out; 2. March Away, 113 (Hanover), out; 3. Garter Knight also ran.

EIGHTH RACE—All ages, 4½ furlongs: 1. Racing Belle, 125 (Upton), \$4.10, \$2.60 and \$2.40; 2. Gold Check, 117 (Watcotte), \$2.50; 3. Time 125 (Grondin), \$2.40, \$2.10; 4. Time 126 (Hanover), \$2.30.

NINTH RACE—Selling, three-year-olds and up, six furlongs: 1. Royal Onyx, 113 (Jackson), \$3.50, \$2.40 and out; 2. March Away, 113 (Hanover), out; 3. Garter Knight also ran.

TENTH RACE—All ages, 4½ furlongs: 1. Racing Belle, 125 (Upton), \$4.10, \$2.60 and \$2.40; 2. Gold Check, 117 (Watcotte), \$2.50; 3. Time 125 (Grondin), \$2.40, \$2.10; 4. Time 126 (Hanover), \$2.30.

TWELVE YEARS HORRIBLE TORTURE

Ontario Lady Suffered Tortures for 12 Years With Burning Eczema. "Fruit-a-tives" and "Sootha-Salva" Completely Cured Her.

MISS LAURA E. MATTICE

Newington, Ont., Jan. 21st, 1913. "I was a dreadful sufferer from that awful complaint, Eczema, or Salt Rheum, and this trouble bothered me for about twelve years. My hands and arms were chiefly attacked, and the pain and irritation were terrible. I consulted several doctors and tried every remedy I heard of, but nothing did me any good. Last June, when in Ottawa, a friend asked me to try 'Sootha-Salva' Ointment and to take 'Fruit-a-tives' at the same time. I had little hopes that this would be any better than the other remedies, but after I had taken two boxes of 'Fruit-a-tives' and used one box of 'Sootha-Salva' I was entirely cured, and all the irritation and annoyance left me. My hands have been ever since perfectly free from the Salt Rheum, and I have had no return of the disease. I look upon the cure as wonderful, inasmuch as no physician was able to cure me, and I had tried every remedy that I had heard of about, yet without the slightest benefit, until I used 'Sootha-Salva' Ointment and took 'Fruit-a-tives.' 'Fruit-a-tives' cooled the blood, and practically relieved the disease, and the Ointment completed the cure.

"I cannot sufficiently thank the proprietors of these medicines for my relief, and I make this statement with the hope that some sufferers from Chronic Eczema of Salt Rheum will read my testimonial and try this wonderful ointment and 'Fruit-a-tives' and get well. No one can estimate the torture of this terrible disease who has not suffered from it, and I want the good news, that remedy has been found, to be known everywhere."

"Fruit-a-tives" and "Sootha-Salva" will cure any case of Eczema, no matter how severe or how long you have suffered. Eczema is caused by impure blood, chronic indigestion, constipation and nervousness, but there is usually a tiny parasite or germ which attacks the skin and causes the burning and itching. "Fruit-a-tives" removes all impurities from the blood, and causes the burning and itching to stop. "Sootha-Salva" kills the germs of Eczema, always the burning and inflammation, and stops the intense itching. If you are suffering with Eczema, no matter what kind it is, or how long you have suffered from it, and I want the good news, that remedy has been found, to be known everywhere."

"Fruit-a-tives" is sold by all dealers at 50c a box, six for \$2.50; trial size, 25c. "Sootha-Salva" is 50c a box. Sent on receipt of price by Fruit-a-tives, Limited, Ottawa.

WONDERS LIE IN BOLT OF TULLE Give the summer girl a bolt of black or white tulle, and if she has skilful fingers she should be able to evolve practically all of the novelties of the season. By "tulle" is meant net and maline; the term tulle is used frequently across the sea, and has, therefore, been very generally adopted here since the vogue for this filmy material has reached almost to a furor.

The simplest undertaking will be the frills, according to a New York Tribune writer. These can be made at home on fluting and plating machines, which are of such simple mechanism that any amateur can successfully use them. Frilling by the hand, however, is so sold so very reasonably in the shops, from 25 cents up, that the majority of women will prefer to buy it and spend their time and ingenuity on more complicated features of the toilet. With the frilling all kinds of neck finishes can be evolved. Of these the straight, understanding full at the neck is the most popular, and the best results will be obtained by frilling or boning with a very fine, almost invisible boning. Medial collars of box plaited tulle are very effective on the summer mantles, and facings of the shirt and suit and prettily finish to many a whimsicality that passes for a mantle.

Puffed undersleeves of tulle finished with cuffs of the frilling add a modern touch to the gown. It is a very easy

YORK COUNTY AND SUBURBS

EAST END ENDORSES GEORGE S. HENRY

Balmby Beach Voters Attended in Force to Hear Him Speak Last Night.

A LABEL IS NAILED Hon. I. B. Lucas Exposes Unprincipled Methods Used in Misquoting Speeches.

The gathering in the Masonic hall, Balmby Beach, last night in support of Geo. S. Henry's candidature in East York, was possibly the most representative yet held in any district of the riding during the campaign.

Dr. H. W. Burgess presided and among those on the platform were Hon. I. B. Lucas, Geo. S. Henry, Controller Church, H. H. Ball, C. B. Wait, J. L. Florence and T. F. Hodgson. J. H. Ball said he was glad to have an opportunity of saying a few words in favor of Mr. Henry as a candidate for the legislature, having known him for a number of years, and having many opportunities of observing his work in connection with the Township of York. There had been a majority of 780 for the Conservative party in the riding at the last election, and he hoped that the electors would take the opportunity to endorse the present government by increasing that majority to 1000.

Referring to Albert Chamberlain's claim to be the founder of the British Welcome League, Mr. Ball stated that the movement was really started in the World office by Mr. Greenwood and himself, and that Mr. Chamberlain had simply taken over the work at a later date. Up till the present it seemed to him that the Liberal name, but had simply been extending parliamentary sessions unduly with unjustified criticism.

The Hon. I. B. Lucas stated that the Globe and the following the East York nomination, reported him as having said at Markham: "Are we right when we say that English shall be the only language in the province?"

Continued Mr. Lucas, "I saw the Globe reporter in the parliament buildings and called his attention to the item and informed him, and he had never made any such statement and asked that if he corrected, or my denial published, and I understood that this would be done."

"Instead of correcting the statement, or publishing my denial, the Globe, with my denial before the editor, again published practically the same statement, without the common honesty to their readers, not to mention courtesy or fairness to a political opponent, of at least pointing out that I had denied making any such statement."

"The fact is, the statement ascribing to me the language above quoted, as well as published by the Globe, is absolutely untrue. At the nomination I did say it was the duty of the government to see that every child attending school in the province had a right to an equal and separate schools was given a reasonably fair English education—that the bilingual school regulations of the province were not the accomplishment of that purpose in view—that these regulations defined definitely and clearly the position of the government; that certain political interests were now attacking the government by reason of these regulations,

alho they were based on a resolution unanimously adopted by the house. "I charged that the opposition, desiring to make political capital out of the question, were rapidly judging the issue and refusing to define their position in reference to these regulations and the agitation by certain politicians against the government."

Geo. S. Henry, the candidate, said that he had been going around the riding trying to stir up a little enthusiasm but could not encounter opposition even. The electors seemed to be very much interested in the proposed legislation and were not interested in abolishing the bar. Most people he thought were in favor of a reform, but not of radicalism, and were not followers of Henry George as some of the opposition speakers seemed to think he had been.

WARD SEVEN.

Work on the extensive sewer construction in ward seven is at present progressing fairly well. The contractors have been working for some time past few weeks little difficulty has been experienced by the contractors in carrying out the work. The workers at the large sewer in Glendonwynne road are not so fortunate however and the exceedingly light quality of the soil has been a serious hindrance. The digging difficult and tunneling impossible. In the branch on Clara street, no less than three feet of earth has been completed and the concrete and brick conduit, which branches off from the main trunk at Bloor street, may be seen at the bottom of the ravine, sometimes several feet above the surface level, and makes heavy vehicular traffic quite impossible. It is quite a common sight on the sidewalks to see large motor-cars with wheels partially buried in some forgotten trench.

Considerable dissatisfaction is being expressed at the delay in the completion of the new addition to the school on Public School on St. John's road. Altho the contractors have had the entire summer for this comparatively small work, the ventilation system and lavatories are not yet properly installed and many complaints have been made.

WYCHWOOD.

E. E. Baldwin of Kenwood avenue appeared before Magistrate Brunton in the county court yesterday on a charge of non-payment of rates. Mrs. Baldwin told the magistrate that her husband had kicked her, bit her on the arm, and on one occasion threw a plate of butter at the fence in the back yard so that she might not have any. She was also told to get up at 12 o'clock for household expenses. Lately he said to her one day, "Get out of here or I'll shoot you," so she left on one occasion.

Magistrate T. H. Brunton fined Sidney Baldwin of Thornhill \$20 and costs in the county court yesterday for being intoxicated in a local option district and had his name put on the Indian list.

BLAME COUNTY FOR ACCIDENT

Coroner's Jury Inquiring into Death of Mrs. Wilson. Find That Defective Guard Rails Were Responsible.

What practically is a censure of the York County Council was returned in the verdict of Coroner W. B. McCormick's jury, empaneled at the morgue last evening to investigate the death of Mrs. Elizabeth Wilson, who on the evening of Sept. 1 lost her life by being thrown down the embankment of the approach to the bridge on Bayview avenue, just opposite the residence of Pat Maher, on the second concession east of Yonge street. At this point the hill winds "S" shape down to the bridge, a scantling fence doing duty as a guard rail. Mrs. Wilson, in company with Mrs. George Marshall and an 11-year-old girl, were driving along the road in a two-seated buggy, when, from some unknown cause, the horse and buggy crushed thru the fence and into the gully 25 feet below.

To the Electors of East York

Gentlemen—In the election on Monday next I am asking your support as a resident of the riding, who has been a student of the many needs of our district for many years. I have been in the public life of our county for the last ten years, giving my best endeavors to improve the conduct of our municipal administration. If my general record as a municipal man has appealed to you in the past, I feel I am justified in claiming your support at the present time.

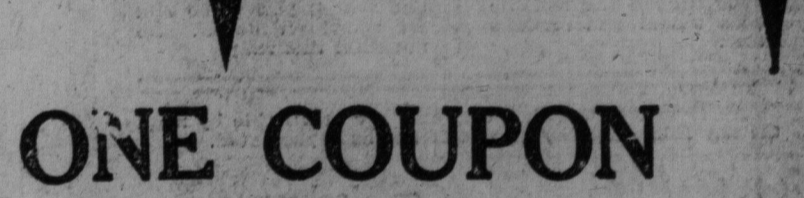

In the present campaign I ask you to remember I am in general accord with the Whitney administration, and feel the electorate should give me their support on the general principles, as briefly outlined in the following: 1. The uncompromising enforcement of the Liquor License Act, and thereby promote temperance and curb the evils of intemperance.

2. The progressive policy as carried out by Hon. W. J. Hanna, provincial secretary, in the care of the insane and the treatment and instruction of those in our prisons.

FORBIDS CIGARET SMOKING.

LONDON, Sept. 5.—The prevalence of excessive cigarette smoking in the British army has led General Sir Douglas Haig to issue an order to all the troops of the Aldershot command, directing that no troops under arms, or engaged in any regimental duty or fatigue work, shall be allowed to smoke cigarettes, leaving it to the discretion of his subordinate officers to grant permission to smoke pipes.

STATEMENT A LABEL ON THE TEACHERS

Ninety-Eight Per Cent. of the Teachers in Ontario County Are Fully Qualified.

It was stated in the East York campaign by Mr. R. S. Muir that 40 per cent. of the public school teachers in the County of Ontario are without certificates. As this statement reflects unfavorably on the efficiency of inspectors Hutchinson, upon whom devolves the duty of seeing that qualified teachers are in the schools, the inspector has written to Hon. Dr. Pyne, minister of education, protesting against the charge, and stating as follows:

CHINESE TROOPS KILLED JAPANESE

**Follow Shooting at Nan-
—Feeling Runs High.**

LONDON, Sept. 5.—(Can. Press.)—A Shanghai despatch to The Times says: "Nanking has been desolated by looting which for the most part could not be prevented. Eight Japanese, carrying the Japanese flag, fled toward their consulate. Some of the Chinese troops fired and two of the Japanese fell dead. A third was wounded, but died after reaching the consulate. There is much anti-Japanese feeling among the government forces, and the Japanese flag is being burned in many places. A Tokyo despatch to The Daily Mail says: "China is the most successful Japanese at Nanking when the northern troops captured the city. Mr. Shi, leader of the progressive party, and other politicians are urging occupation of Tien-Tsin or some other port until China has paid compensation."

One and Three-Quarters for Common and Three and a Half p.c. for Preferred Stockholders.

The directors of the Canadian General Electric Company have declared a dividend of 1 3/4 per cent. on the common stock of the company for the three months ending Sept. 30. The holders of preference stock in the company will also receive a half yearly dividend of 3 1/2 per cent. for the six months ending Sept. 30. The books of the company will not be closed, but these dividends must be made on or to the holders of record at the close of business on Sept. 15.

COTTON TRADERS IN WILD PANIC

Tax Placed on Futures Leads to Heavy Unloading and Demoralization.

NEW YORK, Sept. 5.—(Can. Press.)—The announcement that the senate had agreed to tax cotton futures one-tenth of one cent per pound was the signal for an outburst of wild orders in the cotton market this afternoon such as has rarely been witnessed since the Sully days. The market was so demoralized and completely demoralized the upward movement which has been in progress for some time past, estimated by the government and others. When the news reached outside parties there was a fresh wave of selling orders which came into the local market just at the close, when the most violent demoralization occurred.

MORGAN FIRM QUIT NEW HAVEN

NEW YORK, Sept. 5.—(Can. Press.)—J. P. Morgan & Co. have served notice upon the Connecticut New Haven & Hartford Railroad Company of their intention to end their agency as fiscal agents of the road. This notice, made public today by the New Haven's executive committee, states that the committee authorized the president to make all arrangements for the company and to ensure the safety of passengers.

CHOLERA AMONG PRIZE HOGS

COLUMBUS, O., Sept. 5.—(Can. Press.)—Prize stock, the estimated value of which is half a million dollars, was quarantined at the Ohio State Fair here late today by the state board of health, when it was discovered that a cholera epidemic had broken out in the hog exhibit. Several high priced hogs died from the disease before any other hogs were discovered. A meeting of the board was called immediately and action taken.

SPECTACULAR RISE IN TWIN CITY

Favorable Report of Earnings Sent the Stock Up Over Two Points.

TORONTO MARKET FIRM

Turn for the Better in Sentiment—Numerous Small Advances.

Sentiment took a decided turn for the better in the Toronto Stock Exchange yesterday. A sharp uptick in Twin City, inspired by the optimistic views presented by a brokerage firm in the morning session, was the leading feature, but the incident was sufficient to get the speculation broadened out to a certain extent and public interest was more pronounced than for some days.

The estimate of earnings of Twin City showing that the company's surplus for the common stock this year should be over twice the dividend requirements evidently inspired considerable buying by investment and speculators.

The improved nature of the market was plainly shown in the responses made by the general list to this favorable incident. Canadian moved up almost a point to 93 7/8 under a spirited demand. Cement crossed 24, making a new high for the movement.

BEARS ARE KICKING ABOUT "STILL" BOOM

Wall Street Hears Complain of Hurtful Campaign in Stock Market.

NEW YORK, Sept. 5.—Wall street is full of bears on United States steel—of big bears. Little bears are wilding side bears—all of them with a grievance. They say a bull campaign has been conducted, giving rise to flight utter disregard of trade conditions, and that the ultimate effect will be hurtful to the market and to the country at large.

WALL ST. NERVOUS OVER CROP OUTLOOK

Erickson Perkins and Company (J. Beary) wired: Today's market position, considerably strengthened by the professional selling of the United States Steel Corporation, is a reflection of the situation. We think the market is at a rate on any further bulge. There are two good reasons for this, one being uncertainty as to character of the forthcoming bank statement, while showing in government crop report to be issued next week. If the surplus reserve is wiped out the banks may resort to calling in loans and cause some selling.

MUNICIPAL BOND SALES

The municipal bond sales in Canada for August, as compiled by The Monetary Times, amounted to \$1,690,000, compared with \$1,911,924 for July, and \$1,649,541 for the corresponding period last year, making a total for the year to date of \$14,932,241.

BULLISH TONE IN MONTREAL STOCKS

Advances General in Leading Stocks, But Movements Not Spectacular.

MONTREAL, Sept. 5.—With the market in a receptive mood for any favorable developments, an uptick in New York today provided the needed stimulus to bullish sentiment, and under a fair volume of buying stocks developed a strong tone. The one conspicuous exception to the advance was iron, which was sharply depressed from 49 at the opening to 46 in the late afternoon under selling apparently based on speculation as to the dividend outlook.

STANDARD OIL DIVIDEND RECORD

Cash Disbursements This Year Will Reach Hundred Million Dollars.

NEW YORK, Sept. 5.—Cash dividend disbursements by the segregated Standard Oil companies for the third quarter of 1912 will aggregate \$14,725,750. These will bring the total for the three quarters to \$86,256,400. According to every present indication the disbursements of this character for the calendar year will exceed a grand total of slightly more than \$100,000,000, representing substantially more than 100 per cent. on the outstanding stock of the former parent company, the Standard Oil Company of New Jersey.

UNITED STATES HAS REACHED MAXIMUM OUTPUT UNLESS NEW METHODS ARE DEvised.

PHILADELPHIA, Sept. 5.—More important than the tariff and affecting more vitally and directly the prosperity of every man than any other question is the problem of the production of gold, according to James P. Callbreath, secretary of the American Mining Congress, which will be held here Oct. 20 to 26.

WOULD SUSPEND SUIT AGAINST U. S. STEEL

WASHINGTON, Sept. 5.—Representative Levy has introduced a resolution to direct the attorney-general to suspend further proceedings in the federal dissolution suit against the United States Steel Corporation, on the ground that the corporation during the last decade had spent \$1,775,000,000 for labor, decreased the cost of producing steel and aided in increasing iron and steel exports.

CONSOL EXCHANGE SEATS UP

NEW YORK, Sept. 5.—A membership in the Consolidated Stock Exchange was sold yesterday for \$1,250, a small advance over the previous transaction.

AUGUST FIRE LOSS

The Monetary Times' estimate of Canada's fire losses during August amounted to \$3,924,772, compared with \$2,579,698, and \$1,164,760 for the corresponding period of last year.

NEW YORK STOCKS REBOUND SHARPLY

Bears, in Eagerness to Cover, Marked Prices Up in Short Order.

S. P. HEAVILY ABSORBED

More Than Ninety Per Cent. Taken Up by U. P. Shareholders.

NEW YORK, Sept. 5.—The tide turned in the stock market today and prices gained generally after a steady decline in the earlier days of the week. It required no great amount of buying to bring about the upturn. The readiness with which the list responded to moderate bidding indicated that the week's selling had been largely professional and that it had expanded the short interest to a point which made it vulnerable. The chief demand for stocks came from the shorts and, despite the weakness of their position little effort was made to run up prices on them. The rise was regarded merely as a natural rebound from the previous decline and there was no evidence of a weakening in the long side of the market.

UNITED STATES HAS REACHED MAXIMUM OUTPUT UNLESS NEW METHODS ARE DEvised.

PHILADELPHIA, Sept. 5.—More important than the tariff and affecting more vitally and directly the prosperity of every man than any other question is the problem of the production of gold, according to James P. Callbreath, secretary of the American Mining Congress, which will be held here Oct. 20 to 26.

KIRKLAND LAKE WILL BE BIG CAMP

Toronto Mining Men Greatly Impressed With Prospects of New Gold Fields. "It will be a big camp" was the summing up of Mr. A. P. Macauley, broker, Standard Stock Exchange building, after a critical inspection of the Kirkland Lake district.

Discussing the new camp further with the World, Mr. Macauley said: "As near as I could judge after tramping through the property for a month, the mineral area is about eight miles long, and varies from half to one mile wide. It starts in a north-easterly direction from Swastika and extends to the Tough properties now owned by Clem Foster of Haliburton. The main body is about 400,000 to 500,000 worth while the mineral zone if the surface indications hold out, will certainly be different.

NEW BANKS OPENED ACROSS THE BORDER

Eleven New National Institutions Opened Their Doors During August.

WASHINGTON, Sept. 5.—Acting Controller of the Currency Kane reports that during August 14 applications to organize national banks were received. Of these, ten were approved, 9 were approved. There are now 48 applications pending which have been approved, but organizations have not been completed. In the same month 31 banks, with total capital of \$655,000, were authorized to begin business.

COBALT MINES ARE SHIPPING BULLION

COBALT, Sept. 5.—The bullion shipments for Saturday have amounted to over \$120,000. The Buffalo and Nipissing are the two largest. The latter's shipment of 112 bars is about the mine's average. The weight of it was 136,127.7 ounces, and the value \$90,409.26. The Buffalo's shipment of 86 bars was valued at \$40,000. The shipments:

HIGH PRICED STOCKS ATTRACT INVESTORS—A FEW WEAK SPOTS NOTED.

The mining market generally showed a firm undertone yesterday, sentiment being favorably influenced by the Buffalo Mines "melon cutting." Half a dozen of the general favorites improved their position to a greater or less extent, and while there were some weak spots in evidence, these were the exception rather than the rule. Speculation was only fairly active, but was pretty well distributed throughout the list.

The favorable news on Buffalo sent those shares up ten cents to \$2.50, at which price they duplicated the high point of July, but were still 25 cents under the top for the year to date. Some years ago they sold up to five dollars, but that was in the palmy days of the Cobalt boom. At \$2.50 they return a yield of 26 per cent. on a basis of 66 per cent. dividends so far declared this year, and it is being whispered that a Christmas present will be distributed later on, the same as in January last. Each dividend reduced the possibilities of the mine, and the fact should not be forgotten in forming conclusions regarding the wonderful record of the company.

IMPROVING THEIR POSITION.

Such stocks as Beaver, McKinley, Peterson Lake and Hollinger all improved their position. McKinley recovered only 3 points of its big loss. Peterson Lake moved up to a new high since July at 22 1/4 on buying, inspired by favorable reports considering the position of the company, and Hollinger was up 25 cents to \$14.25. The Iron Ore & Lignite made a new low record in two years at 2. There is very narrow market for this issue now, and concessions are necessary when selling. Silver Leaf made a new record in two years at 2. There is very narrow market for this issue now, and concessions are necessary when selling.

LONDON MARKET MOVED DOWNWARD

Gilt-Edged Stocks Were Firm, But General List Was Easy—Holiday Today.

LONDON, Sept. 5.—Money and discount rates were easy today. The holiday on the stock exchange tomorrow and the approach of the settlement retarded the market. The firmness in Paris stiffened Kaffirs and foreign bonds, while gilt-edged securities were firm. Investors are viewing these issues in a more favorable light, and predictions of higher prices are general. The influence of the recent dividend reductions has not yet entirely disappeared.

O'BRIEN MINES WILL ENLARGE THEIR MILL

COBALT, Sept. 5.—By the installation of a large tube mill and other changes at the O'Brien concentrator, the capacity of that mill will be increased from 100 tons to 150 tons. The changes are now being made and it is expected that 150 tons will be treated in the mill before the end of October. No change is being made in the cyanide process which has been in use for several years at the mill. The O'Brien was the first in Cobalt to use this process in the treatment of silver ores.

CONTINUING THE FALL DISPLAYS

The beautiful weather of the late Summer has brought about an unusual slowness on the part of many of our good friends in returning to the city for their Fall shopping. Yet even in this they are fortunate. For each day sees a steady arrival of exquisite goods from abroad, and no less attractive goods from home markets. Never for a day has interest flagged in the big departments of the Store, and to-morrow we will be able to show you new Millinery, Suits, Coats, Furs, Laces, etc., every one challenging your admiration and enthusiasm. The Store is here to serve you, never so well as now.

Our Second Showing of Fall Millinery

Since our last opening we have received into stock thousands of dollars worth of Paris novelties in cloaks, feather mounts and ornaments. Along with these some most exclusive shapes, bordering on the extreme; also several good French models from New York. Kerryman, Joseph and others have sent in their most promising leaders for the coming season.

A VERY SMART HAT AT \$7.50.

To emphasize the large number of beautiful tailored hats, we have on view in this special department, we offer for this opening day only 49 new hats at this one special price, \$7.50

A Superb Exhibition of Dress Goods

Only the brush of an artist could do justice to the marvelous beauty of the goods displayed in this department. Cold type fails to convey any idea of the rich colorings and beautiful designs of Dress Fabrics gathered here to await your good pleasure.

The Fall Suitings and Dress Goods are certainly worthy of their place beside the silks and velvets. They comprise everything that is newest, and quite a few are confined to the Simpson Store. Colors were never more varied nor more attractive. Tricolors, sateen, Bulgarian blue, porcelain, pleasant, Marron rouge, Vatican purple, flamingo, very de russe—just to mention a few—will give you an idea of the choice that awaits you. The choice of materials is equally wide, and includes shot whipcords, jacquard weaves in all-wool and silk and wool, broche suitings, corded velour delaines. But why extend the list? You have a standing invitation to visit the Store. Come and spend an hour or two in this department. You'll enjoy it, and we'll appreciate it.
