U.S. Government Takes Drastic Action Against Profiteers  
Judge Robson Promises Effective Action on Living Costs

PROFITEERS' INDICTMENT  
BY BOARD OF COMMERCE

Chairman Robson Confident in Prosecutions of Illegal Combinations, Profiteers Will Not Block Enforcement of Federal Orders—Board Holds First Session.

Special to The Toronto World. Ottawa, Aug. 14.—The government will apparently make a good selection in appointing Judge Hugh Robson as chairman of the board of commerce for Canada.

Judge Robson and W. F. O'Connor, K.C., the two members of the board already appointed, constitute a quorum, and they were busy today outlining the work of the board, looking for offenders and engaging a staff.

Interviewed by The World this afternoon, Judge Robson said that the people of this country wanted action, and words from the board of commerce respecting the high cost of living. Asked about the prevailing impression that the work of the board would be hampered by the terms of the act which commits the prosecution of all offenders to the various provincial attorneys-general, the judge said: "I cannot believe that the Dominion government would have passed the legislation unless they intended to enforce it. Every indictment in our criminal courts must be authorized by the attorney-general of some province, yet we all know that the Dominion government enforces the laws against counterfeiting, smuggling and the like. It is in theory the provincial attorney-general might refuse to indict or to permit the federal authorities to conduct the prosecution, but there is no such case as jurisdiction in these cases does occur."

Fortress No Clash. The laws against illegal combinations in restraint of trade and profiteering are directed against offenses that affect the entire nation, and the national government will naturally be expected to enforce them. The provincial governments are not likely to object to such federal enforcement of the law. Personally, I see no likelihood of there being any clash as to jurisdiction, but if there is any doubt as to the national jurisdiction, such jurisdiction should be asserted."

W. F. O'Connor, K. C., said he observed in the house on the passage of the bill had been misunderstood. Mr. Melghe, he said, was (Concluded on Page 7, Column 4).

Tokyo, Aug. 14.—It has been learned that the Japanese government has informed the government of Admiral Kolchak that Japan is unable to assist in his request to send several divisions of troops to the Bolsheviks in the war against the Bolsheviks.

COAL MEN ACCUSED OF FAMINE PLOT

U. S. House Told That They Are Withholding Coal to Secure Big Prices Later.

Washington, Aug. 14.—Representative Huddleston, himself a large owner of coal lands, told the house yesterday that "sky high" prices for coal next winter and intense sufferings are bound to result from "the refusal of the National Coal Association to sell coal now at a reasonable price." He demanded that congress pass legislation to force coal on the market now and that laws be passed to fix prices so that exorbitant profits may be prohibited next winter.

The members of the association having failed in their campaign to sell their coal at the present exorbitant prices, said Mr. Huddleston, have now decided to withhold fuel from the market until the snow flies. The association claims there is a shortage of coal now, because of a shortage of labor and coal cars.

British Government Announces Decision in View of Great Increase in Crime.

London, Aug. 14.—The government announces that owing to increase in crime in County Clare, Ireland, it has been decided to suppress all Sinn Fein and kindred organizations in that county.

STERN WARNING SENT BY U. S. TO MEXICO

Carranza Told That if Murders and Outrages Continue, Drastic Steps Will Be Taken.

Washington, Aug. 14.—The first definite move toward the long expected change in policy in dealing with Mexico was disclosed today. Carranza has been warned that if the murders and outrages of Americans continue the U. S. may be forced to adopt a radical change in its policy with regard to Mexico.

The government announced its action by publishing an exchange of notes with Mexico City, and pronounced its official statement with the expression that the diplomatic representations referred to had been taken in view of the murder and outrages of Americans in Mexico, culminating in the murder of Peter Caron at San Luis Potosi last month, and the persecution of other acts in disregard of American lives and property.

The communication to Mexico is couched in a friendly but firm language used in any form by this government since the exchanges preceding the Vera Cruz occupation.

COURT REFUSES BAIL TO WINNIPEG LEADERS

Says They Broke Promises When Out on Bail First Time By Taking Part in Labor Unrest—Mounted Police Escort Them to Jail.

Winnipeg, Aug. 14.—Bail was refused for the eight Winnipeg strike leaders by Justice J. D. Cameron of the court of appeal today. The accused, William Ivens, R. B. Russell, John Queen, A. H. Hays, R. E. Bray, W. A. Pritchard, R. J. Johns and George Armstrong, were accordingly taken into custody by the Royal Northwest Mounted Police and escorted to the provincial jail, where they will remain until they appear for trial at the October sittings, unless defense counsel can obtain their freedom from one of the judges in higher courts.

SIX CENTS DAMAGES AWARDED HENRY FORD

Mount Clemens, Mich., Aug. 14.—A jury tonight awarded Henry Ford six cents damages against The Chicago Tribune for calling him an anarchist. Damages of a million were asked.

Mr. Justice Cameron refused to grant bail on the grounds that the eight men had broken their promises when released on bail the first time to abstain from taking an active part in labor unrest, and other activities carried on a campaign of insubordination. He did not feel like taking the responsibility of labor and entry as a great employer of labor and entry in order to raise the necessary funds for their freedom from one of the judges in higher courts.

LAVOIE REQUEST ENDS IN ARREST OF G. W. KENNEDY

Collinson States Drinking Bout Terminated in Blows and Kicks.

"That Norman Francis Lavoie came to his death as the result of blows and kicks received in a fight with George Washington Kennedy at No 6 Empire avenue on July 28," was the verdict of the jury last night. Kennedy was at once placed under arrest.

The man Collinson whose name had figured repeatedly in the evidence and around whom some mystery gathered, put in an appearance. He gave the startling testimony that he saw George Kennedy kick Collinson, and a scarp in the Kennedy kitchen, altho he did not think anything serious would happen.

The evidence generally was conflicting, causing Coroner W. J. McCollum to remark that perjury was being committed somewhere and that he would direct the attention of the jury to it. There was further testimony as to drinking and the facility with which liquor is obtained was emphasized.

SHOPMEN'S STRIKE IS CALLED OFF

Chicago, Aug. 14.—The railway shopmen's strike is off, and the men will return to work Saturday. This was the decision tonight of representatives of the strikers from widely scattered points throughout the country after an all-day meeting in Chicago.

MANAGERS REFUSE MEDIATION OFFER

Volunteer Committee of Playwrights Seek to Intervene in Actors' Strike.

New York, Aug. 14.—Theatrical managers of New York gave a flat refusal today to an offer of mediation in the actors' strike made by a volunteer committee of playwrights headed by George V. Hobart, George A. Dean and Irvin S. Cobb.

The managers' refusal to accept the offer of mediation, made thru Frank Gilmore, secretary of the equity association, was a statement that the association asked for recognition of the actors and that all contracts be made on the equity plan. Mr. Gilmore added that if the playwrights found the position of the actors a fair one, and could arrange for its acceptance by the managers, the actors would be ready to act promptly.

PRICES TUMBLING ON CHICAGO MARKET

Caused by Government's Drive to Reduce the High Cost of Living.

Chicago, Aug. 14.—With the seizure today of 1292 tubs of butter, \$3,330 pounds, valued at \$50,000, in the government's first Chicago drive to combat the cost of living, prices on all commodities dealt in on the board of trade and foodstuffs tumbled. Rapid development of the government's measures was given as the chief reason.

Campaign to Reduce Cost of Living and Prevent Hoarding Has Real Punch Behind It—Large Amounts Seized at St. Louis, Chicago and Birmingham—Attorney-General Advocates Extension of Law to Clothing.

Washington, Aug. 14.—Indications of the real punch behind the government's campaign to reduce the high cost of living, were given today in unmistakable fashion, in many cities. While Attorney-General Palmer was telling the senate committee that he intended to prosecute every dealer guilty of selling at higher prices than those listed by the fair price commission of each county, word came from Chicago, St. Louis and Birmingham, of seizures of great quantities of foodstuffs by federal officials who recently were instructed to proceed under the food control act to stop hoarding.

In Chicago 232 tubs of butter, worth \$3,330, was seized; in St. Louis 234,180 pounds of coffee, which has been showing rapid advances in price, and in Birmingham, one hundred barrels of sugar.

Manitoba Conservatives Take Lead for Gathering in November Next.

A Winnipeg report says that Manitoba Conservatives are busy organizing a national convention. Resolutions of Manitoba organizations have been communicated to Toronto Conservatives, and as soon as replies are received from Toronto and from all parts of the Dominion, it is said a meeting of the central committee will be summoned and the time set for a national convention. It is not expected, however, to come before November.

# YORK COUNTY AND SUBURBS

## COUNTY HAILS WORLD'S PROPOSAL

Scheme to Give Commuters Suburban Service Meets Approval.

It is a long time since anything in respect to better living conditions has caught on like Wednesday's story in "The World," showing how improved suburban railway service may now be obtained for nearby points around the city. That the suburban towns have been notoriously ill-served in the matter of transportation is common property, and the action of the senate in allowing the passage of the consolidated railway act after consistently opposing it is hailed with delight. Commutation rates such as prevail out of Montreal is what the people living around Toronto want and what they will now be able to get.

Out thru the towns of Markham, Unionville, Stouffville, Agincourt, Loues Hill, Woodbridge, Brampton, Streetsville and lots of other places the most inefficient local railway service is given, and all representations have been summarily turned down. Agincourt is better served than most of the nearby towns, but even here the service is bad.

The last passenger train into the city goes at 8.45 and out at 8.51, and this in spite of the fact that three other trains pass thru the town—one at 10 p.m., one at 11 and another at 12, but none of them slow up there, not even during the Exhibition.

Will Be Taken Up. "I believe the movement outlined by "The World" on Wednesday morning will be taken up by our people with enthusiasm," said James Kennedy, a well-known resident last night. No opportunity is given us to attend any evening concert of anything of the kind in the city. A reduction in rates, coupled with better transportation, would add immensely to the comfort of living in the country, and will undoubtedly be acted upon."

"It is just what we want to improve living conditions," said A. L. Brown, a leading merchant of Unionville. "The service we get on the Grand Trunk is wholly inconvenient to a nearby point like this, the hours of running the trains inconvenient and the cost of traveling to the times a very heavy burden. The member for South York, Mr. Maclean, is deserving of great credit for his persistence in the matter and now that the act is passed we ought to get busy and put it right up to the board of railway commissioners."

Markham Interested. Markham village, three miles further up the line from Unionville, is greatly interested in the new turn of events, and James Malcolm, the well known insurance man, far famed bowler, and all round good sport, talking to "The World" last night, said, among other things: "Our village council meets on Friday night and I think we ought to take the matter up without delay even on the information we have at hand. The fact that we may get better railway transportation at commutation rates such as prevail in Montreal is just what we want. The service on the Grand Trunk is altogether too slow, the trains unsuitable and the fares too high. We ought to push it right along."

Locust Hill, Woodbridge and other points all tell the same story. The earliest G.T.R. train leaves Unionville at 9.30, arriving at the Union Station about 10.30, and the last train out leaves at 5 p.m.

Charles Sellen, aged 67 years, 27 Hurcourt avenue, dropped dead from heart failure about 2.30 p.m. yesterday while driving a rig on Danforth avenue just east of Jones avenue. The late Mr. Sellen is survived by his widow and nine children, 5 daughters and 4 sons.

**EARLSCOURT PLANT TREE IN ROYCE TO HASTEN PURCHASE**  
At the meeting of the Earlscourt Veterans at Belmont Hall last night a proposal was made in the name of the Earlscourt Veterans' Association that Prince of Wales be asked to plant a tree in memory of the Earlscourt veterans in the Earlscourt cemetery. The idea was that if the prince planted the tree in Royce it would hasten the board of control to settle at once the purchase of the Earlscourt cemetery for a public park without further delay. This location would be much more popular than the cemetery.

**AUTOS COLLIDE**  
A collision between two automobiles occurred on the tracks at the corner of Dufferin and St. Clair last night and slight damage done to one of the cars. A funeral party composed of Prospect Park Cemetery were one of the cars which, however, escaped injury and the parties drove on to their destination.

**LACK OF LIGHTING CAUSES COMPLAINT**  
Numerous complaints are recorded in the Danforth district regarding the lack of sufficient street lighting on Danforth avenue.

**METHODIST WOMEN'S GARDEN PARTY HELD AT HUGHES PUBLIC SCHOOL**  
A garden party was held in the grounds of the Hughes public school, McRoberts avenue, Earlscourt, yesterday afternoon and evening under the auspices of the women's meeting in connection with the Central Methodist Church. There was a large attendance, games were played by the young people and in the evening refreshments were served. Rev. Peter Bryce and Dr. Cressley Hunter were present.

**FRED FLOYD TO ASSIST**  
Fred Floyd of Webster street, member of the Greater Toronto Poetry Association, has consented to act as clerk to the poultry judge during the fall fair at Royce Park. Mr. Floyd has been known in poultry circles for the past forty years, and the poultry committee consider it a honor for him to act in this capacity.

**YORK NEED CEMENT WALKS.**  
Roads and sidewalks in the township west of St. Clair at Runnymede were inspected by York council yesterday afternoon. It was decided that the wooden walks, which are in bad condition, make immediate action on the part of the council imperative. The utility of repairing the existing sidewalks was made evident to the civic authorities and it was rumored that cement walks will replace the present ones in the near future. Most of the roads are in good condition, even discounting the improvement good weather has made.

**ISLINGTON ROAD DEALS COMPLETED**  
Members of Etobicoke council were on the warpath yesterday along the York county highway leading from Weston to Monckton. The object of the tour was the completion of arrangements for widening the roadway from 40 feet to the 66 feet demanded by the county commission before that body would take over the highway. All unfinished deals with farmers for the needed strip of 26 feet were completed and almost all fences put up. A water bound macadam road will, in the fullness of time replace the present very ordinary one.

**WEST HILL FRATERNAL BICKERINGS STOPPED BY SENTENCES**  
Fraternal bickerings caused Geo. W. Cook to spend thirty days in prison on the invitation issued yesterday by Mayor Branton in the county police court. The trouble is of four months' duration, dating from the dissolution of a partnership entered into by Cook and his brother Arthur. At that time an equitable division of the partnership assets was impossible and periodic complaints of stealing farm implements and property have been lodged by one or the other since that time. The theft of a single cultivator brought the contestants before the bench yesterday. The magistrate stated that the only way to keep peace between the two would seem to be to sentence each to thirty days on alternate months.

**MIMICO MUNICIPAL FIELD DAY.**  
Mayor L. J. West called a public meeting of ratepayers last night to formulate and discuss plans for a municipal field day and reception to local veterans. Various committees were appointed, who will arrange for the entertainment, sports program, etc. At present the council is paying Mimico avenue and Church street, and as that part of the avenue adjoining the sports ground is already com-

NAVAL BRIGADE ANNIVERSARY HELD

Hearst Shows More Faith in Navy Than in League of Nations.

BRITISH STANDARDS

Boys Set Example of Efficiency Beaten by None.

If the lads belonging to the Boys' Naval Brigade progress during their second year of instruction as they have in their first, twelve months of training will show a degree of proficiency seldom equaled by a training ship.

Amongst those present at the luncheon and the display were: Commodore Jarvis, in the chair; Sir William Hearst, premier of Ontario; Sir Henry Peck, Mayor of Toronto; Hon. T. W. McGarry, Brig.-Gen. Gunn, Brig.-Gen. Mitchell, Colonel Gooderham, C. A. B. Brown, Rev. T. Crawford Brown, Hon. W. D. McPherson, Senator F. Nicholls, T. Dawson, of the Westminster League, Major Hugh McClain, M. A. Kennedy, and J. Campbell-Sweeney, the well-known yachtsman from Vancouver.

Commodore Jarvis, in speaking of the work done by the brigade, said the training given the lads was identical with that given on the Navy League ships in England. It was a real work, the lads performed and they glided the pill so as to make it as palatable as possible.

GAVE MYSTERY SHIP

The British admiral evidently thought so well of the league's work that they had presented them with the Tinta, one of the mystery ships which for three years had cruised off Newfoundland to keep off the submarines from the fishing fleets.

MORE FAITH IN NAVY

"The British navy," he said, "has ever since Trafalgar been the bulwark of civilization and has amply proved that during the past five years. The British fleet saved Canada from invasion and the consequent horrors that other countries experienced. No matter how much we may believe in the league of nations, I think we have more faith in the protection of the British navy."

FRIDAY MORNING, AUGUST 15.

Are the Soldiers to Be Ignored?

The Woodstock Sentinel Review recently issued a declaration of fair play and independent thinking, and it is in this spirit it makes the following comment:

LA-COL. A. C. Pratt, who represents South Norfolk in the legislature, has been indulging in some plain talk to his party friends. He deals some hard knocks to the Hebert government and demands to know why the Conservatives of Ontario should be compelled to quiescent under obsolete policies and a moribund cabinet.

This is admirable both in tone and spirit. It does not make the mistake of minimizing a representative soldier's view, and it recognizes that the whole body of soldiers have had an experience which lifts them out of the common account, and gives them a claim to consideration which cannot be put aside and for which no patronizing substitute could be accepted.

Col. Pratt's position, which is being so widely endorsed, is not only reasonable but modest. Representing his comrades of the Conservative party he thinks that the time has come when if they are to be regarded as members of the party at all, they should be admitted to the party councils.

That the Conservative party should single itself out among all the others as refusing to allow the soldiers or the electors of any kind to take part in the formation of a party policy on the first available occasion after the war, is an astonishing violation of the Whitney tradition itself, but it also cancels any possible excuse for the extension of the life of the legislature, a step which was avowedly taken because at that time the soldiers could not properly be consulted.

Can it be possible that the government is fearful of admitting the soldiers to a convention which must inevitably consider many matters of interest to them? Should this be so, then the government is weak indeed. The government has had the confidence of many of its supporters because they believed that its assertions regarding the nickel and other moot questions were unassailable. But if the government is reluctant to face its own followers on such issues, what sort of a reception does it expect from the country?

Why We Have No Food Control. In the United States it has only been necessary to threaten the food profiteers and demonstrate the good faith of those who have the prosecution of offenders in charge, to bring down prices. Corn, pork, butter and other commodities are coming down. Yet we were told by all the food controllers in Canada, and are still being told by some that nothing can be done.

ing the best approved remedy, but in the absence of such a measure the only way in which improvement can be secured or by which it may be hoped for is in the personal interest which each voter takes in his own ballot.

THE CITY'S LAW DEPARTMENT

In the board of control's report on Wednesday there was a little item of \$7100 for outside legal advice. When the mayor read the itemized account it was enough to make the tears roll out of the eyes of a snake, which little item, we understand, has never been paid, and nevertheless so pitiful was the business that it was overwhelming.

It is not bad enough for the legal department in the city hall to know that the suggestions and aims of the present city council are like so much dust in the eyes of the parliamentary forces, annoying but by no means serious, without blazoning the news to all the lawyers in the country?

Another thing: if the men now employed as lawyers by the city cannot handle the business of the city why are they retained? Taxpayers cannot be asked or expected to pay out thousands of dollars every time that there is a legal fight, or question to be decided, and especially when it is necessary to dig up the money to pay the regular men of the city.

As a glaring instance, we might call your attention to the advice given by the city's lawyers on the sealing of handbags for liquor by civil police. Reasons like that are probably why it is necessary to spend so many dollars in finding out just how far the city may go in its various issues.

MUSKOKA VISITORS ARE FIGHTING FIRES

Driest Season for Twenty Years—Flames Threaten Farms and Cottages.

Gravenhurst, Muskoka, Aug. 14.—There has been no rain here for many days and no sign of any, despite the earnest hopes of summer resorters and settlers, who, in many districts have been fighting bush fires for weeks, and are in sore need of assistance from the skies.

Farms and forests all thru the Muskoka district are suffering badly from the lack of drizzling rains. The old timers say this has been the driest season for twenty years hereabouts.

THE NICKEL QUESTION, THE WORLD AND W. F. MACLEAN

COMRADE GEO. R. SWEENEY, President. THE VETERANS' LEAGUE OF TORONTO 97 KING STREET EAST TORONTO

Aug. 13-19. W. F. Maclean, M.P., Toronto World Office, City.

Dear Sir:--I have been instructed to forward you the enclosed resolution of the Veterans' League of Toronto.

Edward A. L'Estrange, Secretary.

RESOLUTION PASSED AT THE VETERANS' LEAGUE MEETING, AUGUST 12.

Whereas various veterans' associations are receiving newspaper articles relating to the nickel question, from The Toronto World, and whereas Mr. W. F. Maclean is proprietor and editor of the said newspaper, be it resolved that this league is of the opinion that this is a question for the Dominion government to deal with:

And, whereas Mr. Maclean is a member of the Dominion House of Commons, he be requested to bring the matter up of the nickel question at the next session of the Dominion House of Commons, where the question may be thoroughly discussed, and the blame, if any, arising from Canadian nickel having got into the hands of the Germans before or during the war, be laid against the proper authorities.

This resolution was passed under the presidency of Comrade George R. Sweeney, a brother of the Right Rev. James, Bishop of Toronto. It is satisfactory to know that the veterans have not lost interest in a matter which concerned them so nearly during the war, and it is satisfactory also to note that Comrade Sweeney is now taking an interest in the question.

A more satisfactory communication is to hand from the "Originals' Club," of which Mr. A. Kenneth Coulter is president. The letter, which is signed by Mr. O. J. Winslow as secretary, is as follows:

I have been instructed to write to you endorsing your action taken in asking the Canadian Government for a full and explicit explanation in regard to the nickel which was exported during the war and finally reached Germany.

RUMANIA WANTS UNION WITH HUNGARY

Statement Attacking Britain and U. S. Presented to Archduke by Representative.

Vienna, Aug. 14.—A statement attacking Great Britain and America, demanding that Hungary be united with Rumania under the sovereignty of King Ferdinand and threatening to strip Hungary if the Rumanian army is forced to withdraw from that country, has been presented to Archduke Joseph, head of the Hungarian government, by the authorized Rumanian representative at Budapest, according to despatches received here.

The text of the communication follows: "There are 250,000 workmen in Budapest who are only waiting for the Rumanians to leave Hungary to immediately take the situation into their own hands, which means the return of Bolshevism. The Hungarian government cannot depend upon the entente powers for assistance, for those powers have withdrawn all their troops from Russia, and America is unwilling to send a single soldier. We do not trust the entente, which wants only to humiliate us. We are willing to withdraw our troops, if necessary, starting tomorrow morning, but we will carry off everything and strip the country just as Field Marshal Mackensen did Rumania."

The only grudge the entente has against us is that we refuse to have British and American capital dominate Rumania. Hungary must follow Rumania's policy in not accepting British and American capital. Whatever would remain after the Rumanians' retreat would be taken by the entente anyway. The entente idea is to have Rumania and Hungary fight and destroy each other, the entente thereby would be taken by the entente or Premier Clemenceau of France wants to do or is doing. We will follow our own policy.

We expect an answer from Archduke Joseph, head of the government, by eight o'clock tonight. If an answer is not received by that time, we shall inform Bucharest, which will decide what action should be taken."

BRITISH ENGINEERS THREATEN TO STRIKE

London, Aug. 14.—A demand for speedy settlement of their wage dispute, which was construed as being in the nature of an ultimatum, was made today by the locomotive engineers and firemen upon Sir Auckland Geddes, British minister of reconstruction. About 65,000 men are involved.

The letter forwarded by the railwaymen's executive today declares that unless progress towards a settlement is made during an interview with Sir Auckland, which they demand shall take place tomorrow, it is feared the leaders will be unable to restrain their men from taking action.

What's the Value of Your Life?

Every man's life has a certain definite commercial value based upon the income he is able to earn.

What is the value of your life? Let us assume it to be \$15,000. This amount at 6% would produce a yearly income of \$900. So you see \$15,000 is not an excessive valuation.

Now, if you owned a building worth \$15,000, would you insure it to indemnify yourself against its loss by fire? Of course, you would. And yet the building may never burn.

But have you taken the same precaution to protect your dependents against the loss they would sustain in the cutting off of your life by death? And sooner or later that is sure to happen.

If your life is not insured for the value you place upon it, write to-day for our free booklet "The Creation of an Estate." Tomorrow you may be uninsurable.

USE OF KNIFE EARNS TWO YEARS

Exemplary Workman Narrowly Escapes Charge of Murdering Comrade.

Romeo Dutrizac was sentenced to two years in the penitentiary yesterday by Judge Coatsworth for having wounded Archie Singer during a drunken row on May 31 last.

Dutrizac was employed at Polson's, where, according to his foreman, Wallace, he was a good workman and bore an exemplary reputation. On one occasion, when an acetylene tank used in welding took fire and all other men near ran, Dutrizac shut off the flow of gas and saved the ship and the lives of the acetylene or more men working on her. For his gallantry he was given an increase of pay.

Due to Drink. Dr. Sullivan said that the wounds inflicted on Singer might have easily proved fatal.

"The whole thing was due to the alcohol he had to drink," said Mr. Ross, who asked leniency on behalf of his client, who has been in jail since the end of May.

"It is a miracle that this man is not charged with murder," said Mr. Greer. "We have always given stiff sentences in this case of the use of the knife, and as a result we have comparatively few using it."

HUMOROUS QUESTIONS MAY DISTURB ACCORD

London, Aug. 14.—In the house of commons today the Hon. Walter E. Guinness, Unionist member for Suffolk, asked Andrew Bonar Law, the government leader, to give the use of the word "negro" to the present position of the black races, but his request was refused. The questioner responded by asking whether it would not be a graceful act of reciprocity to place at the disposal of the United States the benefit of British experience in governing negroes in return for the discussion of Irish affairs in the United States senate.

Captain William Wedgwood Benn, Liberal member for Leith, asked Mr. Bonar Law to do his best to prevent efforts to sow dissension between Great Britain and America by alleged humorous questions.

Mr. Bonar Law said the government recognized that the future peace of the world depends upon the good relations between the two countries.

GREAT COMEBACK BY NEW YORK GIANTS

Fourteen Innings to Win First From Reds—Second Was Easy.

At New York—The New York Nationals made a strong come-back here yesterday, winning both games of a double-header. The first game was a pitchers' battle between Toney and Ring, won by the Giants in the fourth inning by a score of 2 to 1. The second game was a walkover for New York, the Giants winning by a score of 9 to 3.

# "SALES CLUB" RACE ENDS TWO WEEKS FROM TONIGHT

## NEW SUBSCRIPTIONS COUNT DOUBLE NOW

### "Double 'Em Up" Offer of Extra Credits and Extra Cash Awards Ends at 11 p. m., Wednesday, August 20th.

Two weeks from tonight, at 11 p. m., August 23, The World's Salesmanship Club campaign ends. Just two short weeks in which to secure the subscriptions that will decide the winners of the \$5,000 home and the four automobiles and other awards.

Next Wednesday night marks the end of "Double 'Em Up" offer of extra credits and extra cash prizes. All subscriptions that are brought in to the Salesmanship Club headquarters before 11 p. m., Wednesday, August 20, or any that are mailed so as to show postmark prior to the closing hour will be counted on the extra offer.

A. Tournay of Hamilton, district 10, leads the race according to the published list today, having 305,000 credits. Mr. Tournay is very well known in Hamilton, being a member of the Royal Arcanum lodge and of the G. W. V. A. band. His friends have so far given him excellent support.

**St. Catharines Man Second.**

H. Hall of St. Catharines, district 10, is running second with 304,000 credits. Mr. Hall is in business on the Queenston road, near St. Catharines, and has many friends who are boosting him along in the big prize race.

The third highest member this morning is O. L. Wright of Richmond Hill, district 9, with 302,000 credits. Mr. Wright is a very popular traveling salesman. When at home he is greatly interested in fancy poultry, having taken several prizes for his stock. He says that he will not take "no" for an answer when soliciting subscriptions to The World and judging from his showing thus far, he must have called upon a great many people.

**Mr. Witherpoon Fourth.**

R. J. Witherpoon of the fifth district, city of Toronto, is the fourth highest member today, with 301,500 credits. Mr. Witherpoon is a commercial traveler for Parsons, Brown & Company, wholesale grocers, of Toronto, and is thrown in daily con-

tact with a great many people. He is one of the consistent workers in the club, and unless he slackens his speed from now on is going to be one of the main contenders.

The fifth highest member according to today's list is Charles K. Miller of district eight, who has 300,500 credits. Mr. Miller entered the race among the first ones and has been a steady producer ever since. He has led the whole list on several occasions. He has a wide circle of friends and boosters who are hoping to see his name among the headlines after August 23.

**New Members Active.**

Mrs. Charles Miller, who just entered in the fifth district a few days ago, made another big jump today and is but a very short distance from the leaders in today's list.

There were two new entries yesterday, both of whom made flying starts. E. King entered in the fifth district with 120,000 credits and W. J. Taylor entered in the sixth district with 160,000 credits. It is very likely that both of these new members will be among the leaders in another day or two, for both of them are entering with the determination that it takes to be a winner in a campaign of this kind.

British government that regions over which Great Britain holds mandates shall be brought within the British imperial tariff union, and it says: "His act will not be considered the government's sustained refusal to make any approach to a solution of the Irish problem."

Apart from such criticism, the appointment of Viscount Grey is approved and it is believed he will be wholly acceptable to the United States.

**Established in New York.**

New York, Aug. 14.—Commenting editorially upon Viscount Grey's appointment to Washington, The Times this morning says that while the permanency of the ambassadorship remains unsettled, "nevertheless, for the next year or two, which may be a period of great importance in Anglo-American relations, this very responsible post will be occupied by a man of proved capacity and American and British interests should both profit by the conjunction."

The World says: "No more fitting appointment could have been made. In every respect it is a happy choice. A hearty personal welcome awaits him in this country, aside from the official honors that are his due. His reputation for ability, his high character and for qualities that win friendship and admiration runs wherever his name is known. What better credentials could be presented to the American people?"

The Sun says the appointment assures the British Empire of able representation at Washington and the American people of a sympathetic and informed guest, clear in thinking and lucid in the expression of his thoughts.

The Herald says the appointment is a distinct compliment to the United States.

All of the papers deal with the great ability of Viscount Grey and eulogize his efforts wherein he exhausted all the resources of diplomacy to avert the world war.

## GREY TO ASSUME POST EARLY IN SEPTEMBER

### British Press Comment on Appointment Gives It Its Warmest Approval.

## SOME CRITICISM

Doubt is Expressed in Some Quarters Regarding Temporary Nature of Post.

London, Aug. 14.—Viscount Grey, former secretary of state for foreign affairs, will leave for the United States to assume his post as temporary ambassador probably early in September. He will be accompanied by Sir William C. Tyrrell. A large staff also will go with the ambassador to take routine affairs out of his hands, thus permitting Lord Grey to devote his time to larger questions.

Viscount Grey, whose health has been a subject of concern, now is enjoying excellent health.

Viscount Grey's acceptance of the appointment as temporary British ambassador to the United States is given warm approval by the press here, which eulogizes his public services, and for the most part regards his appointment as excellent. There is, however, dissatisfied criticism in some quarters, not on the ground of Viscount Grey's merits or his loyalty to America, but because of the extraordinary responsibilities attaching to the post at this moment. Doubt is expressed whether the naming of temporary ambassador is suitable for this reason.

The Daily News severely accuses the government for making an "emergency appointment," adding: "To choose a statesman who for more than two years has been out of touch with the political life is, to say the least, a singular proceeding."

The newspaper, which is an admirer of Viscount Grey, says his task will be singularly delicate, his power being at best limited.

The Post, which is an opponent of Viscount Grey politically, nevertheless assumes that America will regard his appointment as a compliment, as he is a notable Englishman.

**Champion of League.**

In most of the editorials, Viscount Grey's sympathy with the league of nations is dwelt upon, the Telegraph remarks he has not revealed whether he champions the particular form of the league incorporated in the Peace treaty.

The Chronicle regards it as particularly fortunate he is going to America now, saying: "For, with his rare tact and knowledge, he will be especially qualified to take counsel, both with President Wilson and those who are not satisfied with all the terms of the league of nations covenant."

As regards the league, The Daily News materially tempers its otherwise fervent criticism, by saying that Great Britain could have no better representative than Viscount Grey.

The league needs not so much commendation as explanation to American newspaper editors, and if Viscount Grey is able to take an active part in that work he will render a notable service to mankind.

The newspaper, however, says that the new ambassador will be handicapped in his work by the proposal of the

## GETTING READY TO FLY ACROSS CANADA

### Start Will Be Made From Halifax—Toronto on Line of Route.

Winnipeg, Aug. 14.—It is expected that the proposed airplane flight from Halifax, N.S., to Vancouver, B.C., will be accomplished in forty hours of actual flying.

This was the statement of R. C. Crowe-Swords, publicity agent for the British Columbia Association, which is organizing the trans-Canada flight, which reached Winnipeg last night on his way to Ottawa, where he has business in connection with his duties as an official of the soldiers' civil re-establishment department in the east province.

The flight, according to Mr. Crowe-Swords, will be started from Halifax about September 20. It is intended to make stops at Toronto or Montreal, Port Arthur, Winnipeg, Calgary and Vernon, and at all the cities at which the aviators call a halt an exhibition of "stunt" flying will be given. The aviators will be Lieut. D. K. Trim, pilot, and Lieut. W. H. Welsh, navigating officer, both of Vancouver. The plane to be used was a DeHavilland four. The main objects of the flight are to demonstrate the commercial possibilities of the aeroplane in Canada, said Mr. Crowe-Swords.

## MUNICIPAL UNION HOLDS ELECTIONS

### Mayor Harold Fisher of Ottawa is Named as President.

## CONDEMN SUBSIDIES

### Pass Resolution Against Practice of Getting New Industries This Way.

Kingston, Aug. 14.—The following resolutions were adopted by the Union of Municipalities convention at the concluding session this morning:

Resolved, That the practice of subsidizing by substituting for section eight of the union shall be a president, first, second and third vice-presidents, to provide representation for the central, maritime and western provinces).

That the members of the executive committee for each province, three of whom shall be elected annually at annual convention and two of which shall be municipalities in their respective provinces.

**Against Subsidizing.**

Resolution condemning practice by municipalities of subsidizing industries by grants of land, money or exemption from taxes, declaring that money raised by taxes should be applied for the administration of municipal affairs was carried, the convention going on record as being "against any law allowing municipal credits to divert municipal funds or credit from their natural ends in subsidizing industries and that any provincial governments where this practice has not already been stopped should be prayed to enact the necessary laws to that end as soon as possible.

A resolution, emphasizing reduction in production of life's necessities caused by the war and the drift of thousands of men from rural to urban communities, was the tendency of this age to satiate the appetite for luxuries regardless of cost, was carried, the convention resolving to "urge public persons in all responsible positions, the press and other molders of opinion to try to educate citizens to produce more of every needed commodity in order to overcome critical economic defect, also to promote a spirit of frugality and thrift."

It was decided that the annual convention should be held alternately in the west and the east, the divisional committee for the Ontario and Manitoba boundaries.

**The New Officers.**

The election of officers at the concluding session this morning resulted as follows: President, Mayor Harold Fisher, Ottawa; first vice-president, Arthur Roberts, K.C., Bridgewater, N. S.; second vice-president, Ald. C. H. Grant, Edmonton; third vice-president, Mayor Harry Newman, Kingston; honorary secretary-treasurer, W. D. Lighthall, K.C., Westmont; Provincial executive committees: Ontario,

## NORTH BAY WINDS SPREAD BUSH FIRES

### Area Burning Increases—Lake Shore Cottages Saved by Firemen.

North Bay, Ont., Aug. 14.—Continued dry weather and strong winds are increasing the bush fire area in this district. Between North Bay and Callander fires have been raging for days. Wednesday they were more serious. The house and barns of Mr. James Fassmore and cottages on the lake shore, occupied by the families of Messrs. Lyman McDonald, H. C. Causan and McRoberts were in great danger. North Bay Fire Chief Brady gave a hurry up call for volunteer fire fighters and rushed to the relief of the fire-beaugured cottages with cars. The families of the three above named were brought to town with their belongings, the fire having reached within fifty yards of the cottages. The splendid service rendered got the fire under control and saved the cottages. A dense cloud of smoke and ashes enveloped everything, reaching to North Bay. Some of the cottagers near the town spent the night in North Bay, fearing what might occur. The whole southeast shore of Lake Nipissing is covered with bush fires. Unless rain relieves the situation much harm will be done.

## TWO HOUSES DESTROYED BY FIRE AT COBALT

Cobalt, Aug. 14.—Two two and a half story frame buildings, occupied respectively by George Hasz and Assef Shaloun, were wiped out and a third, the property of Reeve McLeod of Coleman, and used as a meat market by C. Coutts, was gutted upstairs in a spectacular fire on Lang street this morning. The fire started from an as yet unknown cause in the rear portion of the upstairs. Hasz's premises and spread rapidly, requiring a three-hour fight on the part of the fire brigade to control the flames. The insurance agents estimated the loss at approximately \$5,000.

## EXPECT EARLY SITTING BY BOARD OF COMMERCE

Ottawa, Aug. 14.—Judge Robson of Winnipeg, chairman of the new board of commerce, this forenoon called upon Sir Henry Drayton, minister of finance. Subsequently Judge Robson returned to Ottawa, where he will meet F. O'Connor, the assistant chairman of the board. They are drawing up rules of procedure and will decide as to the time to convene. The board will commence its activities.

Subsequent to his conversation with Judge Robson this morning Sir Henry Drayton intimated that there would be as little delay as possible in organizing the board.

## REPORT MAIN STREET PROPERTY IN GREAT DEMAND IN GAIT

Special to The Toronto World.

Gait, Aug. 14.—Main street property here has never been in greater demand than it has been this year, and already many of the finest blocks have been handed to W. F. Jamieson and E. W. A. Scott. New owners have not purchased a three-story red block adjoining the Gore Mutual building from R. A. Scott. New owners occupy two of the three stores in the block.

## KOLCHAK REVERSES ARE SERIOUS BLOW

### General Position, However, is Not Materially Weakened by Bolshevik Advance.

London, Aug. 14.—The retreat in the Ural mountains of the forces of Admiral Kolchak continues, according to news received here today. South of the Solovki, at the southern end of the Ural, it is added, the Bolsheviki have driven the Cossacks back sixty miles and are endeavoring to separate them from the main body of the Kolchak forces.

East of Cheliabinsk, a junction point on the railway, and Shadrinsk, the Bolsheviki are said to have reached the line of the Miass and Issg rivers and captured Tiumen, just east of the Russian Siberian border. The advance adds that there is no sign that the Bolsheviki advance is likely to be checked.

The Associated Press is informed however, that the general position of Admiral Kolchak and his government is not believed to be materially weakened by the Bolsheviki advance and barring the unexpected collapse of Admiral Kolchak, the munitions being sent should arrive in Siberia in time to aid in his recovery in Russia.

Nevertheless, it is admitted here that the reverses suffered by Admiral Kolchak are a serious blow to the policy of the entire in Russia.

Better news has been received from South Russia, where General Petura, the Ukrainian anti-Bolsheviki leader, is progressing rapidly toward Kiev with a view to cutting the railway southward towards Odessa, which probably will have to be evacuated by the Russian volunteers. The Russian volunteer troops under General Denesine are closing in on Odessa from the northeast and the east, and it is believed that the whole Black Sea coast will soon be out of Bolsheviki hands.

## DEFENDS EXECUTION OF EDITH CAVELL

### German Paper Attempts to Relieve Authorities of Responsibility for Murder.

Copenhagen, Aug. 14.—An attempt to relieve German authorities of blame for the execution of the British nurse, Edith Cavell, in Brussels on October 12, 1915, is made in an article printed in The Berlin Deutsche Allgemeine Zeitung, received here today. The article, which it is asserted, is based on documentary evidence, says Edith Cavell, who was an assistant of Prince Reginald of Croy, abused the trust placed in her as one engaged in philanthropic work, by concealing officers and men of allied nationalities until they could cross the frontier.

Miss Cavell's guide, Gillies, is said in the article to have conducted 900 men over the border. Sentence of death was imposed upon Miss Cavell by the court-martial, it is asserted, by an unanimous decision and the sentence was confirmed, principally because the Germans had the nurse had been guilty of a breach of trust.

## MARSHAL VON SANDERS TO BE REPARTRIATED

London, Aug. 14.—The repatriation to Germany of Field Marshal Liman von Sanders, who assisted in the command of the Turkish army during the war, has been granted by the allies, a German wireless despatch received here says.

Field Marshal von Mackensen, who led the German forces on the eastern front during part of the war, is going to Constantinople. The message adds that the liberation of von Mackensen is under consideration.

## MARQUESS OF ANGLESEY EN ROUTE TO THE WEST

Montreal, Aug. 14.—Among the distinguished visitors to Canada who arrived last evening by the C. P. O. S. liner Metagama, was the Marquis of Anglesey. The marquis said on landing that he had come to Canada on purely personal affairs, and intended leaving today to visit his ranches at Wallachie, B. C.

## AMERICA'S TRIBUTE TO BRITISH SEAMEN

### Chairman of Campaign to Raise Funds From Americans in Britain Gives Luncheon.

London, Aug. 14.—W. H. Appleton, chairman of "America's Tribute to British Seamen," an American fund-raising campaign to raise among Americans on the British Isles, \$5,000,000 for the British merchant seamen, will be gathered from London on Friday with a luncheon yesterday at which Joseph Havelock Wilson, Sir Edward Nicholls, president of the British Merchants' Seamen's League, were the principal guests. Mr. Appleton explained the project and read a message from President Wilson endorsing it.

J. Havelock Wilson pointed out that the amount to be raised was a vast sum, adding:

"Whether we succeed or not, the effort will show the spirit animating America's attitude toward British sea-men—and that is what counts. He said that America recognized the great service of these seamen during the war, not only to Great Britain, but to the world."

Sir Edward Nicholls created a ripple of surprise in his reference to the tribute to British seamen, when he bluntly said: "America ought to do it, because Americans have collared most of the shipping."

Sir Edward paused, noticing the profound silence of the listeners, and then added: "By right, I suppose, America should do it, because America has benefited to a large extent in securing shipping. He lamented Great Britain's decreased mercantile marine and continued: "We must remain the largest shipping nation, otherwise we are done."

Mr. Appleton read a message from Admiral Baron Beresford, retired, paying a tribute to British seamen and expressing his gratitude for their appreciation of their pluck and work in the war.

**SEAPLANE DROPS MAIL ON STEAMER**  
New York, Aug. 14. - The first delivery of mail from seaplanes to a steamer was made today when Capt. Zimmerman flew over the liner Adriatic two hours after she had left her dock and dropped on her deck a mail bag weighing approximately 100 pounds. The experiment was made under the direction of the New York postoffice, which proposes to make such air deliveries a regular feature of its foreign mail service. The letters in the sack were mailed four hours after the closing of the regular post for the liner. The postoffice authorities hope that by means of the air service they will be able to forward regularly important mail which has reached too late to catch steamers in the ordinary way.

**STEEL LEADS IN LATE DECLINE**

Wave of Selling Breaks Out in Final Hour—Call Loan Rates Easier.

New York, Aug. 14.—Conditions prevailing in the stock market presented a picture of gloom apart from the respite of late money, which fell from the opening rates of five to five and one-half per cent. to four per cent. for the day's business. Industrial development of the American Locomotive common stock from a five to six per cent. dividend, giving rise to the belief that similar action is contemplated by other equipment companies. Equipment stocks were the backbone of the market, as far as it manifested itself. A few speculative speculators were also contributing to the general movement. At the time, standard shares were losing one to two points and more pronounced heaviness in the market. Lorrillard (textile) and other shares made little headway until the final hour, U. S. Steel and other shares were yielding two to five points. The market was generally active, and was generally on the lower side of the market.

**MINOR PRICE CHANGES IN MONTREAL MARKET**

Several Stocks, Not Recently Active, Come Out Several Points Lower.

Montreal, Aug. 14.—There was little change in market conditions on the local stock exchange today as compared with the previous day, except that at the close net gains slightly predominated today instead of vice-versa on the previous day. Business was about on a par at 2:35 listed shares and \$250,850 par value bonds. The price range, if anything, was possibly wider, the more important changes, however, being confined for the most part to stocks not recently active, and were generally on the lower side of the market.

**TWO-POINT GAIN BY LOCOMOTIVE**

Steamships Common Sags Further in Quiet Market—War Loans Dull.

Wall Street had some more uneasy qualms yesterday, but there was no noticeable effect upon the Toronto market, unless it was the falling off in trading on the afternoon board. The local market is logging along comfortably in a quiet, temporary absence of buying power being counterbalanced by the unwillingness of the great majority of holders at present prices. When it is pointed out that 26 stocks yesterday made up a total of little more than 120 shares, and that Canada Steamships, with a turnover of only 150 shares, led the van, it can be seen that the odd-lot buyer has the field pretty much to himself just now.
