### Li Hung Chang Makes His Formal Call on the Legations and Expresses His Anxiety to Make Peace—Wants the Meeting at the Tsung Li Yamen— Pao Ting Fu Expedition Starts.

London, Oct. 14.—There is reason to believe that the British Foreign Office received satisfactory news from Peking yesterday, indicating the early return of the Emperor and his court to the capital, while the Emperor Dowager remains at Shing Fu. This inference is correct, it means also that the Emperor has plucked up courage, with the assistance of the strong men of his court, to arrest Prince Tuan and drag him to Peking for public execution. # COAL MINERS' STRIKE IS TO BE CONTINUED

## Resolution Passed at the Scranton Convention Imposing Conditions Which It Is Feared Will Not Be Acceptable.

Scranton, Pa., Oct. 13.—The anthracite coal miners now on strike, after a two days' convention, late this afternoon decided to accept the 10 per cent. net increase in wages offered by the mine owners, providing they will continue the payment of the advance until next April, and will abolish the sliding scale. If the operators consider the proposition unacceptable, the miners are willing to arbitrate the questions at issue. It was also decided to continue the strike until the operators agree to the convention's proposition.

**The Resolution.**  
The resolution is as follows: We, your committee, respectfully submit the following preamble and resolutions for your consideration:

### FEELING OF THE OPERATORS.

Terms of the Scranton Convention of Acceptable—No Orders to Resume Work.

Scranton, Oct. 14.—The terms of the Scranton convention are not acceptable to the operators and representative companies in this place and Mount Carmel. The reading officials do not think the sliding scale will be abolished by the company, while the operators are averse to signing a contract binding them to pay the 10 per cent. increase until April.

# REJOICING IN FRANCE!

## Tarte's Prophecy of Independence of Canada Received With Great Pleasure, Because It is a Blow to England.

PARIS, Oct. 13.—The speech delivered by the Hon. J. I. Tarte, Canadian Minister of Public Works, at Pont Viau, Canada, in which he prophesied that Canada would be independent in the near future, is attracting considerable attention here. It is received with great pleasure, because it is a blow to England.

Mr. Tarte paid a visit to Paris last summer and won many friends in the official world, where his opinion carries great weight. Much faith, therefore, is placed in his prediction.

# CAN ANYONE DENY MR. COOK'S ASSERTIONS?

## Mr. James Crankshaw, a Well-Known Advocate of Mon- treal, Backs Up Mr. Cook's Arraignment With Facts and Figures.

### Deliberate Duplicity on the Part of the Laurier Government In Carrying Out the Will of the People—Principles Adopted By the Party Abandoned in Cold Blood.

The World has received the following letter from Mr. James Crankshaw, B.C.L., one of the prominent advocates of Montreal, which will be read with interest, just at this juncture. Mr. Crankshaw, it might be remarked, is the solicitor in the Province of Quebec for the Sons of England Benefit Society.

### CAN ANYONE DENY THIS?

Can anyone deny Mr. Cook's assertion that, at the very last session of the last Parliament of the House of Commons, with the support of the Liberal members in the House, introduced a measure, providing that no member should be eligible for office or position of honor in the gift of the Crown, during the existence of the Parliament of which he was a member, or until one year after the dissolution of the House? And, can it be denied that, as Mr. Cook says, in violation of the principle embodied in the measure, and in violation of the principle which the Liberal party was pledged to carry out when entrusted with the reins of Government, 13 members of Parliament have, during the present Ministry's four years of administration, been so appointed to offices, with salaries aggregating \$50,000 per annum?

### INVESTIGATION WAS REFUSED.

Can it be denied that, among the solemn declarations of principle made by the National Liberal Convention at Ottawa in 1893, was the following: "That it is the ancient and undoubted right of the House of Commons to enquire into all matters of public expenditure, and into all charges of misconduct in office of Ministers of the Crown, and that the reference of such matters to Royal Commissioners, created upon the advice of the accused, is in violation with the responsibility of Ministers to the House of Commons, and tends to weaken the authority of the House over the Executive Government." And can anyone deny Mr. Cook's assertion that when, in 1893, Sir Hibbert Tupper, in his place in Parliament made a series of distinct charges alleging incapacity, misconduct, corruption and misfeasance in connection with the management of affairs of the Yukon by the Department of the Interior, the Hon.

### SIR WILFRID'S EASY DENIAL

## Premier Makes a Declaration That He Never Made a Demand on Mr. H. H. Cook for Money

### EITHER DIRECTLY OR INDIRECTLY, But Like Sir Oliver in Ontario He May Have Had Some "Wick- ed Partners."

Montreal, Oct. 14.—(Special.)—Sir Wilfrid Laurier arrived here to-day, and the Premier has evidently awakened to the fact that a statement was necessary in the charges made by Mr. H. H. Cook, 1893. The Prime Minister, therefore, gave out the following: "I am not prepared to admit that a man in public life should be answerable for charges of this character, unless they are supported by some kind of evidence which would give them color at first sight. I, however, will give the right of answering such an accusation, and I here now make the statement for myself and my colleagues that there is not a shadow of foundation in the charges made by Mr. Cook; that I never directly or indirectly, thru an agent or otherwise, made any demand upon him for any sum of money, big or small, or for anything else. I give the whole charge the most unqualified and emphatic denial, and I challenge the proof of the same."

Continued on Page 2.

**THE DEBT INCREASED.**  
Can anyone deny Mr. Cook's assertion that the Liberal party, before gaining power, solemnly promised that, if entrusted with the management of public affairs, they would reduce the expenditure, and that, as a result, they would not increase the public debt? And can anyone deny Mr. Cook's assertion that, in the face of this distinct and solemn promise, the present Government have increased the public debt by not less than \$6,450,000, as shown by the figures contained in Sir Richard Cartwright's statement?

### TAXATION INCREASED.

Can anyone deny Mr. Cook's assertion that the Liberal party, before gaining power, pledged themselves that the burden of taxation should be lightened, and that Sir Richard Cartwright, in particular, declared that "those villainous customs duties are impoverishing and ruining our people"? And can anyone deny Mr. Cook's assertion that while, during the last three years of Conservative rule, the total customs and excise duties, i. e., the taxation on the people, amounted to \$81,598,923, these taxes have, during three years of Liberal rule, amounted to \$94,477,170, or an increase of \$12,878,247, instead of the promised reduction, and that in the trade and navigation returns of the present Government, the percentage of taxation on the population is figured out and shows that since the advent of the present Government, the taxation has increased \$1.10 per head, or \$5.80 per family?

WELCOME THE PRINCE OF PEACE

If we allude to Sir Wilfrid Laurier as the Prince of Peace, we merely commend to a phrase his own estimate of himself. He has told us a hundred times of his sunny ways, and only a few weeks ago he dedicated to his fellow countrymen this beautiful peace device...

And now, when the farmers are sweating under their load of taxation, and are clamoring for relief, the Premier submits to them his peace-at-any-price device...

For these and other reasons it is fitting that the Premier should be gorgeously received on the occasion of his visit to the Queen City. A band of peace, unity and fraternity holds together the railway graters, the trustees, the jobbers and the corruptologists, into whose hands the country has fallen...

PHYSICAL INTELLIGENCE

The hopes of a party in power entrenched amid the powers to cajole the electorate, and rosy with the exercise of unlimited patronage, are always high. But the Liberal party has surely climbed to the top notch of hope, as the following Liberal election prophecy amply proclaims...

When there is a full House of Commons there are 213 members. Of the 122 members from Ontario, 45 were elected as straight Liberals, 40 as straight Conservatives, and 7 as Independents or Patrons. The Liberals expect to carry 50 of these seats this election...

Of the 65 members from Quebec, 51 were elected as straight Liberals. The Liberals expect to hold their own.

Nova Scotia sent 20 members to the House, of whom 8 were Conservatives. The Liberals look to have 15 supporters in the next House.

Prince Edward Island sent five representatives, of whom three were Liberals. Sir Wilfrid hopes to count four next session.

New Brunswick sent 14 members to the House. Of these 4 were Liberals, 8 Conservatives and 1, Dr. Lewis, an alleged Independent, but really a Liberal. Hon. John Gault's break from the Conservatives counted for the Liberals. The Liberals hope for 10 seats in the next count.

Manitoba sent 7 representatives. In the last House 4 were straight Liberals, and 3 were Conservatives. The Liberals expect to carry 3 seats in the next count.
