CONFLAGRATIONS AT ORILLIA AND GLENCOE

Tudhope Carriage Works and Dozen Other Buildings Destroyed, at Loss of Half a Million.

\$40,000 IN GLENCOE IN BUSINESS SECTION

ORILLIA, Aug. 22.—Half a million dollars went up in smoke Saturday afternoon in a fire which started at 2.15 o'clock in the paint shop of the Tudhope Carriage Co., and destroyed the entire plant, as well as about a dozen other buildings. The insurance is roughly placed at about \$250,000. The blaze inaugurated in the paint shop of the big Tudhope works. Although the plant closes at noon Saturdays three or four men were still at work in this section of the plant when a sudden cloud of dense smoke enveloped them, and they had to hurry for the stairs. By the time the alarm was given this building was thoroughly on fire, and despite the efforts of the fire brigade of 16 men, with scores of volunteer workers, it ate its way into the works and spread to surrounding property. The Tudhope property is south of Main-street and covers about nine acres, of which some four acres were in buildings. The buildings included one large four-story brick building, one three-story frame building, tin sheathed, and two two-story frame buildings, tin sheathed, as well as out-buildings and sheds. All were destroyed, as well as about 40,000 lumber in the yards, but about 40,000 in lumber was saved.

D. C. Thompson & Co.'s bakery; Walker Bros' foundry and ten residences were also burned. Most of the contents of the latter were removed in time. J. R. Eaton & Son's planing mill was saved, after heroic efforts on the part of the employees.

Luckily there was little or no wind over the whole town might have been devastated. Barrie sent a fire engine and men by special train, and Midland was in readiness to send a detachment. The local water pressure, which is from the waterworks, was excellent. Firemen were on duty all night and even to-day the ruins are still a mystery. The cause of the fire is still a mystery.

The Tudhope Co. estimate their loss at about \$400,000 to \$450,000, which amount is distributed among various insurance companies, in amounts ranging from \$3000 to \$15,000. It is fully expected that they will rebuild the plant in the town's greatest industry. It was established in 1855 by Wm. Tudhope, having its beginnings as a blacksmith shop. In 1876 J. B. Tudhope assumed the management. All the Tudhope Co.'s stock of bugles and cutlers are a total loss. In addition, a number of auto manufacturers, a bicycle company, and a machine operator's last spring, and the plant, are destroyed. Eight of the autos were intended for Toronto exhibition. Fifty gasoline engines, a tank of gas, and a number of tools were also destroyed. The plant was empty before the fire reached it.

FOUR STORES DESTROYED Blaze Broke Out at 4.30 a.m.—Escapes in Night Robes.

GLENCOE, Aug. 22.—Glencoe had a disastrous fire, which destroyed four of the leading business houses were wiped out, together with their contents. The buildings destroyed were the John Roy McRae block, occupied by W. E. Currie, grocer, loss \$6000, insurance \$3700, and J. C. Wright & Sons, hardware merchants, loss \$10,000, insurance \$5000, on story building occupied by E. Roome, grocer and shoe merchant, loss \$4500, insurance \$1500, and the Bell Telephone office, loss \$500, insurance \$2000. The Currie Building, occupied by E. Mayhem & Co., as a general store. The loss on this building was \$7000 and the insurance \$3000, while the loss on the Roome & Co. is \$18,000, and the insurance \$13,000. Other losses are: Miss Parish, \$400; C. J. Mills, \$700; Traders' Bank, \$250; Mrs. Mary McAlpine, \$500; J. Thompson, \$300; J. Y. Foster, \$150.

The fire was discovered about 4.30 a.m. by a son of W. A. Currie, whose family reside in the building, smoke entering through an open window. Mrs. Parish, a dressmaker, also resided in the building and she and the Currie family had to leave the building in their night robes.

The origin of the fire is still a mystery. The only means of fighting fire in the village is a hand engine, and the assistance of the fire department was requested, but the request was afterwards cancelled.

The insurance is distributed among the following: Perth Mutual, Economical, Royal Monarch, Norwich Union, British America, Manitoba Independent, Commercial Union, Queen, North British and Mercantile, Liverpool, London and Globe, Western, Western, Anglo-American, Ontario, Gore Mutual, London Mutual and Wellington Mutual.

ELK LAKE CHURCH BURNED "World" Office and Another Building Also Consumed.

ELK LAKE, Aug. 22.—(Special.)—The Anglican Church, The Toronto World building, and an inhabited tent were completely burned in less than thirty minutes during the time of morning service to-day.

The church was insured for \$1100 on Friday last.

The fire was likely caused by a cigar butt carelessly thrown in a waste pile beside the church.

The town's new fire engine and brigade were used.

The church held an open air service to-night.

DECATUR LOSES MILLION FIRE RAGED ALL SUNDAY

Score of Business Buildings Burned and Dozen More Damaged in Downtown Section.

DECATUR, Ill., Aug. 22.—A score of business buildings were burned and a dozen others were damaged to-day by a fire that swept along the business portion of East Main, Merchant and Water-streets. The total damage is placed at \$1,000,000, with insurance of about \$800,000.

The fire burned from 1 o'clock this morning until about 2 o'clock, and was the worst in the history of the city.

Moorhouse and Wells, in whose building the fire started in East Main, said, suffered the greatest damage, said to total \$300,000. Other individual losses range from \$10,000 to \$70,000.

Owing to a bridge burning out, the loss as soon as the ruins cool.

After much difficulty a tow rope was gotten aboard the steam, which started immediately for the bridge at Spitzbergen. The train was so great however, that it threatened to tear the car to which the rope was attached, and Mr. Wellman finally decided to bring the airship down to the surface of the water.

This was effected without mishap and the car rested on the surface of the water until the members of the crew, the dogs and the scientific instruments could be transferred aboard the steam.

A fresh start was then made, and the America was towed back to the landing stage and within a short distance of where the start was made.

But the ill luck of the expedition was not yet at an end. Just as the airship had reached the landing stage and everything looked favorable for its rescue without serious damage, a sudden gust of wind caught the inflated bag broadside and snatched it away from its tow lines. It was carried careening over rough ice hummocks for some distance, and then it exploded.

All the scattered parts of the airship were subsequently recovered, but the damage was so great as to preclude any further attempt to fly over the pole this year.

Mr. Wellman will return to Norway next week. He says the airship was not seriously damaged and can be repaired, but that any further attempt this year is impossible. He is enlarging the balloon house to accommodate a longer and more powerful ship for future use.

Mr. Wellman plans to build a new ship longer and narrower than the one which met its end, and of lighter speed. Other improvements will be made, profiting by experience. Workmen have already started enlarging the airship house, making all ready for another campaign.

All the members of the crew of the airship have asked to go with Mr. Wellman on his next trip.

His Fourth Failure
The bursting of Mr. Wellman's dirigible balloon marks the failure of his fourth attempt to reach the north pole. For fifteen years he has devoted his best thought to the problem of how to accomplish the feat.

Twice has Wellman endeavored to reach the north pole by means of sledge and boat, and twice by dirigible balloon. In 1894 he reached a latitude of 81 degrees, and in 1898-99 he struggled northward to 82 degrees latitude. These two earlier journeys were begun at Spitzbergen.

It was on Sept. 2, 1907, that Mr. Wellman made his first flight for the pole. He started from Danes Island, but his huge air craft was so buffeted by storms that he was compelled to land on a glacier near the sea and trade back over the ice and snow to the starting point. The dirigible balloon America was the result of two years of careful preparation. The airship had a carrying capacity of ten tons. It was provided with rations for three men for 100 days, and was supplied with sledges, dogs, and a life boat.

OPERATED ON BOOTH'S EYE.
LONDON, Aug. 22.—Gen. William Booth, who returned to London from the automobile tour because of the effect on his eyes, underwent an operation this afternoon. The surgeons found one eye badly poisoned.

The general bore the operation well, and is now as comfortable as could be expected.

\$1,500,000 LOSS AT MONTEREY Business Centre of Mexican City is Devastated.

MEXICO CITY, Aug. 22.—Fire last night destroyed property in the business centre of the City of Monterey to the value of about \$1,500,000.

The whole business section of the city was threatened, but escaped destruction largely because there was no wind.

The fire started in the establishment owned by the son-in-law of Gen. Trevino, commander of the Monterey military zone, and the opponent of Gen. Reyes, and it was first thought that it was the work of political malcontents, but investigation showed that it was due to defective wires used for lighting purposes.

TRAIN THRU BURNED BRIDGE But Passengers and Crew Have Lucky Escape.

YANCOUVER, B. C., Aug. 22.—(Special.)—There is no truth in the story that the fire started in the factory of being burned by bush fires. There was a small bush fire east of town last week, which burned a few haystacks and fences, but that all.

Owing to a bridge burning out on the Great Northern, a couple of miles south of Darts Saturday, a passenger train from Marcus to Spokane, with engine, mail car and combination baggage and passenger coach, went thru the bridge, the engineer being unable to stop his train. Two coaches are a total wreck, having caught fire after the accident.

No one was killed or even seriously injured. The passengers were tossed about pretty badly.

LOOKS LIKE INCENDIARISM Bakery of Baruch Weinstock Damaged by Fire.

Fire supposedly of incendiary origin, did between \$1000 and \$2000 damage to the bakery of Baruch Weinstock, 97 Ontario-street, early Sunday morning. The building is a two-story brick with a basement, and when the firemen arrived was blazing on each floor, although there was no fire near the elevator or stairs.

In Wilton-avenue fire station there is a box of charcoal which was taken from the jetties in the ceiling of the basement and which was found burning. The owner reported the loss to the police at \$2000, while the firemen estimate it at \$1000. To the firemen Weinstock said he carried \$4000 insurance and he told P. C. Lang he had \$10,000 on the building and contents in the Liverpool, London and Globe.

A similar blaze occurred on the premises about eighteen months ago.

PICAR BALLOON SOON REINFORCED

Walter Wellman's Craft Meets With Mishap Thirty-two Miles From Start, and Later Bursts.

CAMP WELLMAN, Spitzbergen, Aug. 15, via Hammerfest, Aug. 22.—Walter Wellman's second attempt to sail over the north pole in a balloon has resulted in failure. The giant dirigible balloon America in which Mr. Wellman and his party of three set out upon their perilous flight today met with a mishap after it had proceeded about 23 miles from the starting point.

Mr. Wellman and his party succeeded in making a landing without injury to any member of the party and returned to this point on board the steamer Fram, which also towed in the disabled balloon.

After a long preparation and waiting for favorable weather, the opportunity came to-day and Mr. Wellman decided early in the morning to start in the morning when the great airship was brought out of its shed and the darning explorers took their places in the car. When the anchors were cast loose, the airship ascended beautifully, the engines were set in motion and everything seemed to work to perfection.

The dirigible was maneuvered away from the shore and answered the helm perfectly. Then its head was turned to the northward and it set out at a speed of 25 miles an hour.

Guide Rope Broke.
Suddenly after having covered some 23 miles, the leather guide rope to which was attached a thousand pounds of provisions and stores broke at the accident occurred just as the airship was nearing the pack ice off North Spitzbergen.

Released from this great weight the airship shot upward with terrific force until it was at a great height above the clouds. The pilot decided, however, in bringing her down, near the north, turned her about and set out to flight their way southward against a strong wind. The airship proceeded slowly southward to the edge of the pack ice, where the steamer Fram was anchored.

After much difficulty a tow rope was gotten aboard the steam, which started immediately for the bridge at Spitzbergen. The train was so great however, that it threatened to tear the car to which the rope was attached, and Mr. Wellman finally decided to bring the airship down to the surface of the water.

This was effected without mishap and the car rested on the surface of the water until the members of the crew, the dogs and the scientific instruments could be transferred aboard the steam.

SIX BURGLARS ARRESTED FOR ATTEMPT ON LONDON JEWELRY HOUSE, WHILE FOUR OTHERS ESCAPE.

LONDON, Aug. 22.—An extraordinary robbery occurred here to-day. About 3 o'clock in the afternoon a watchman named Smith in the employ of Mappin and Webb, silversmiths and jewelers, whose establishment is in Cheapside, fronting the Royal Exchange, struggled thru the door of the building and fell in a condition of collapse.

His cries of alarm were answered by a number of constables, who found that the robbers entered the building by means of a false key.

"I was having dinner about half past two o'clock," he said, "in a room adjoining the strong-room, when I heard footsteps. Almost immediately I was struck on the head with a 'jimmy.' When I came to myself, I found that I was bound to a chair, but I managed to unfasten the rope, and scrambled to the door and raised an alarm. There were ten men concerned. All were smartly dressed and very serious. Three of the arrested men when searched by the police, were found to have in their possession jewels estimated at a value of many thousands of dollars.

Another bicycle and automobile collision occurred yesterday which may result fatally for the cyclist.

ROBERT REID DIES END SUDDENLY

OTTAWA, Aug. 22.—(Special.)—Robert Reid, Treasurer of the railway commission, died suddenly on Saturday at Ogunquit, Maine, whether he had gone ten days ago to visit his family who have been summering there.

Mr. Reid, who was 38 years of age, had been a member of the commission since its organization in 1904. Prior to that he was a manufacturer at London. One of his sons, who is a student at McGill, and two daughters.

Mr. Colin McIsaac, one of his colleagues on the commission has gone to Ogunquit with the commissioner's private car to bring his remains to Ottawa.

A despatch from York, Me., says that Mr. Reid was attacked with illness late last evening while he was playing cards in the hotel with his wife and friends. Suddenly he exclaimed: "I ran out of the cards," and Dr. Barlow of Montreal, a friend, who was nearby, seeing that Mr. Reid's condition was serious, ordered him removed immediately to the hospital. The physicians pronounced his illness due to a cerebral hemorrhage.

The body was removed to the rooms of an undertaker in Kennebec-avenue, where it will convey it to London, Ont., where the burial will take place.

Mr. Reid's wife and his daughters, Miss Elma and Mrs. Helen, had been guests at the hotel through the summer, and Mr. Reid had visited them occasionally.

The late Robert Reid was born in London, Ont., 54 years ago. He received his education in the schools of this city. His father was the late Robert Reid, for many years collector of customs. Deceased, while a resident of his home city, was vice-president of the Simcoe-street Curling Club, and also president of the Forest City Curling Club and member of the Brunswick Club for many years. He and his brother George were in the paper business, established by their father until Reid was 17, when he was sent to Montreal, where he remained five years.

About 30 years ago Mr. Reid married Miss King of Stratford, who, with two daughters and one son, survives him. The children are: Elma and Helen at home, and Arthur, a student at McGill. There are five brothers, James and Thomas of Toronto, Geo. M. and Edward of London, and Charles in the west.

600 SHOTS AT ROCKLIFE D.R.A. Meet Will Be the Greatest on Record.

OTTAWA, Aug. 22.—(Special.)—When the Dominion Rifle Association opens to-morrow it is probable that more than six hundred marksmen will be at Rocklife ranges. This is by far the largest entry in the history of the meeting, the previous record being 437.

Shortly before 9.30 a.m. every province in the Dominion will be represented.

HILL'S SON IN HAYSTACK Louis and His Chauffeur Didn't Impress Farmer.

GREAT FALLS, Mont., Aug. 22.—Louis W. Hill, president of the Great Northern Railway, and a son of James Hill, was compelled to spend a night this past week in a haystack.

He started from Helena to Great Falls in his automobile. Near Fort Shaw the machine stuck in a mud hole.

Mr. Hill applied to a settler for a bed and supper, but was told that he could find a bed in a nearby haystack and that he could help himself to refreshments at the pump.

When he did not appear here on time a searching party started, toward Helena, and the son of the farmer who owned the haystack, and a short inspection of the nearby neighborhood revealed Mr. Hill and his chauffeur sound asleep in the haystack.

LOOKS LIKE CAR STRIKE Chicago Street Railway Employees Refuse to Accept Offer.

CHICAGO, Aug. 22.—Following the lead of the north and west side carmen's union, the members of the south side organization have voted to reject recently by their officers in conference with the street railway officials. The vote was 5 to 1 against accepting the offer.

Wm. E. Mahon, the international president of the union, has joined with the men, it is said in declaring that the companies have not offered good terms, and has said that he would lead them in their fight for better terms.

This throws the whole question open again, and the ten thousand union men are in a more defiant mood than ever.

WESTON BOYS DROWN UPSET FROM CANOE

John and James Hamilton, Sons of Presbyterian Clergyman, Lose Lives in Muskoka, While Third Saves Himself by Swimming.

John and James Hamilton, sons of Rev. R. H. Hamilton, pastor of the Presbyterian Church at Weston, were drowned near the Hotel Wawa, Lake of Bays, Muskoka, on Sunday.

Henry Hamilton, twin brother of John, saved himself by swimming ashore.

The three boys were in a canoe when it upset. James and John were expert swimmers, but they locked themselves in a dead embrace and sank, while Henry struck out for the shore, which was reached safely.

The double drowning occurred two or three miles from the Wawa, near which the Hamilton family have been camping for a couple of days. Mrs. Hamilton went up with the boys when the season opened, and Rev. Mr. Hamilton joined them about three weeks ago.

James was 15 years of age, John and Henry, the twins, 17. Another brother, Gordon, aged 19, is pursuer of one of the boys of the Niagara Falls Navigation Co. and did not go with the other members of the family to Muskoka.

The World was in communication by telephone with the Wawa at midnight. It was stated that the bodies had not yet been recovered.

Thrilling Exhibition of Skill
by One Contestant.

RHEIMS, Aug. 22.—The spectacle of six aeroplanes simultaneously winging their flight in huge circles over the plain at Bethany, was a remarkable feature of the opening day of aviation week. At the finish of the flight there was a great burst of cheers over the wonderfully impressive exhibition.

Yesterday's storm left the sky banked with clouds, with intermittent showers and high winds, and the eliminating trials for the selection of the French representatives for the Gordon Bennett international cup, which is to be contested next Saturday, were spoiled.

Only Lefebvre, who less than two months ago adopted aeroplane piloting as a profession, with a Wright airplane, Bleriot, Delagrangue, Esnault-Pelterie and Capt. Fernber braved the gusty puffs. Lefebvre alone succeeded in negotiating the complete circuit of the course. He remained in the air for 16 minutes in a 25-mile field, breaking the speed record heretofore held by Tissandier, covering ten kilometres in 8 minutes 55 1/2 seconds. Of the others entered in the trials only Bleriot was able to cover a sufficient distance to qualify, thus leaving the committee to select the remaining representative from the best achievements in the subsequent events.

Latham was first away to-day, ascending high from the start. He passed the starting point at a height of 150 feet. Lambert, Sommer, Cockburn, Delagrangue and Fournier followed in quick succession, and as Latham was completing the first round the starting point, at 300 feet, six aeroplanes, like huge gliders, were hovering over the field. Fournier was first down, falling head-on into a haystack, as Lambert swept around into the second lap.

Lefebvre concluded with a thrilling demonstration of the manoeuvring capacity of his machine, circling around the starting point, cutting several figure eights and swooping down over the heads of the people in front of the tribunes.

ENORMOUS DAMAGE DONE BY AUSTRALIAN FLOODS Great Areas of Crops Submerged —Train Falls With Collapsing Bridge.

MELBOURNE, Australia, Aug. 22.—The rains have abated and the floods are subsiding slowly in most places, but the Goulburn River is still rising and threatens several towns.

The damage in all parts of Victoria is enormous, but details are not yet available. Most of the telegraph wires are down and railway communication is badly interrupted.

The disturbance originated in Western Australia and traveled eastward. The rains were accompanied by heavy hail.

Great areas of crops have been submerged and orchards and gardens devastated. The rivers are washing down dead animals, furniture, trees and haystacks. Business has been suspended in many townships.

Innumerable bridges have been destroyed. One's bridge collapsed during the passage of a train, which fell into the gorge. Many passengers were injured.

FOREIGNERS ROUNDED UP FOR DISORDERLY CONDUCT

Police Active on Sunday—George Grice Badly Hurt—A Number of Deaths.

HAMILTON, Aug. 22.—(Special.)—The police made another round-up of foreigners in the east end of the city today. County Constables Jess and Williams arrested John Cross, 10 Whitfield-avenue, and John Wytlic, it is charged that the pair were diverting themselves by firing off a revolver in the vicinity of the Jockey Club.

George Grice, 141 Herkimer-street, 8 years of age, fell from one storey to another in an unfinished house on Bayville-avenue today. Marks in his recovery is entertained.

Detective Bleakley brought Wm. Marks from Windsor today. Marks is charged with procuring.

WILL FILTER THE AIR

French Inventor's Scheme For Purifying the Atmosphere.

PARIS, Aug. 22.—That distinguished physiologist, Prof. Charles Richet of the Academy of Medicine, has this past week given the particulars of an invention which he recently submitted to his colleagues for the purification of air in rooms.

He has contrived an apparatus called an air filter. The principle on which it is based is the method adopted by certain physiologists and notably by Director Mont-Souris of the Observatoire de Miquel for determining the number of germs contained in the air.

Prof. Richet's air filter consists of a small ventilator worked by electricity which displaces about 200 cubic meters of air an hour. Beneath the fans of the ventilator is a reservoir of glycerin.

The rotation of the fans scatters the glycerin in fine drops along the walls of the cylinder containing the ventilator and the air particles constantly come into contact with the little circuit of liquid particles which carry with them as they fall the germs, dust, microbes, and spores always found in the air.

The mechanical sterilization of air in this method is a kind of laboratory imitation of the vast purification of the atmosphere caused by a heavy rainfall. Prof. Richet thinks the general use of his apparatus would materially diminish the risks of contagion by the germs of scarlatina, smallpox, and consumption.

THIS SHAMFIGHT NO HOLIDAY

New York State Volunteers Complain of Ill-Usage.

NEW YORK, Aug. 22.—Back from the capture of Boston the New York soldiers yesterday complained of the transports Puritan and Pilgrim and hastened with some grumbling for the nearest food, drink and bath tubs.

While Colonel Daniel Appleton, of the Seventh New York, and other officers asserted cheerfully that the war game has been one grand picnic for the men and that all had gone well despite the weather, the men in the ranks had several things to say about long hours and the lack of food and drink.

Particularly dissatisfied were the men of the signal corps, who told of men going to sleep in the saddle after working twenty hours out of twenty-four, while from the enlisted men came a wall that while plenty of food had been provided in advance the commissary could not keep up to the fighting columns which waded night and day thru Massachusetts mud. Massachusetts towns were dry deserts with no oases in sight.

POLICE TOO ROUGH?

Two Montreal Constables Must Explain Drunken Man's Death.

MONTREAL, Aug. 22.—Two policemen are to answer in the courts for the death of a drunken man under their charge. Ernest Racine was picked up drunk and taken to East Craig station by Constables Lemieux and Brown. They were taking him to the basement to the cells when he fell to the bottom and broke his skull. He was giving them considerable trouble, and they will be closely questioned as to whether he was pushed or fell.

Pastor Russell's Sermon

Paradise Regained—The Tree of Life in the Paradise of God.

SYRACUSE, N.Y., Aug. 22.—Pastor Russell of Brooklyn Tabernacle preached here twice today to large and attentive audiences. One of the discourses was from the text, "Verily I say unto thee to-day, Thou shalt be with me in Paradise." (Luke xxiii, 43).

Paradise is another name for the Garden of Eden, the abode of bliss. It was lost thru the sin of our first parents, but the gracious promise of our great Creator is that this condition of earthly bliss shall be re-established, not merely in a little corner of the earth, but in the whole earth. Heaven is God's throne and the earth is His footstool, and He assures us, "I will make the place of my feet glorious" in due time. How this will be accomplished is the gospel message.

The divine promise to Father Abraham should be blessed thru his seed, includes the thought of man's full restoration to divine favor—before he sinned and before man came under the curse or sentence of death. The Jews hoped that Messiah would come and constitute their nation the earthly paradise with Palestine as its centre. They expected that under His wise ministrations, the divine law would extend to all and, by bringing all people into harmony with God, would gradually bring back all to the paradise state.

It was in full harmony with this expectation that the dying thief asked the Lord to remember him when He would come into His kingdom. He would come whose dominion would establish righteousness in the earth, and thus convert the world, under divine favor, into the paradise of God. Our Lord's answer was that verily, truly, his request would be granted—the thief would yet be with him in paradise. Paradise has not yet been established, but it is to be in the future.

It is not the divine intention to make the nation of Israel God's kingdom in the highest sense of that word, but it will be actively identified with the heavenly kingdom as its earthly representative. God is selecting during this gospel age a new nation, spiritual Israel, from every nation, people, kindred and tongue. At our Lord's first advent and subsequently He gathered from Israel such as were saintly and ready for the kingdom; and since then He has been taking out from other nations enough to complete the foreordained number of the "elect" church. These will constitute the kingdom per se, and

whole earth. Gradually the numbers enjoying paradise shall increase until, in the end of the millennium, the entire race of Adam shall experience this blessed privilege of God's love and mercy thru Christ.

St. Paul, like John the Revelator, was caught also in paradise in vision and saw the glorious things of the future age, which he was not permitted to explain to us, because the due time had not yet come. Neither was John the Revelator permitted to reveal fully the particulars of the paradise condition. He could merely give us a few symbolic hints or suggestions respecting the glories of paradise restored.

Redemption Thru Christ.

We have already noticed that paradise was lost by sin thru disobedience of the heavenly command. Life and lowliness were all lost to Adam and to us, his children, under the death sentence. There was no hope for any of us any more than for the brute creation, for while the latter was born to die, man, created with possibilities of life eternal, was sentenced to the loss of it. Indeed, under the demoralizing influence of sin and the nations, we find many of the human family really more degraded than the brute creation, and apparently less worthy of Divine favor. But God, rich in mercy, in the great love wherewith He loves us, provided for mankind a recovery from the sentence of sin and death, while He has made no provision for future life for the brute creation.

God's provision for man's recovery from the sentence of death is the story of the "Cross of Christ." Because a man had sinned the Redeemer must die. Because the penalty was human death, the perfect man must die for the sinner's release from death sentence—to uplift the willing out of sin and death conditions, up, up, up, to fellowship with God and eternal life. Because the race of Adam inherited naturally his mental, moral and physical defects, therefore, none of his posterity was worthy of eternal life. But, in the Divine arrangement, as Adam had involved all of his children and their paradise home in the wreck of sin and death, so a redemption has been effected thru Christ.

The great work of Messiah will therefore be the restoration of the world to all that was lost in Eden and redeemed at Calvary. The work of restoration, St. Peter tells us, has been spoken of by the "mouth of all God's holy prophets since the world began," and will be accomplished by Messiah at His second coming (Acts iii, 21). But the Divine plan changes not. Sin is still objectionable to God, will always be so. And the Divine sentence is that no sinner may have eternal life; hence the offer of Divine grace is merely that all who will have Divine assistance, resurrection, restoration, uplifting out of sin and death conditions to perfect conditions. But these things will be accomplished only in those who are willing and obedient. Only such shall

est condition of holiness and happiness. The two thieves and the remainder of mankind will have their opportunity, during the millennium. Their opportunity will be for a return to earthly life and perfection and happiness and an earthly Eden—world wide. How much grander a work will thus result from our Lord's death than we had previously supposed.

TRUE VIEWS OF GOD

Rev. Dr. Eakin on the Busy Man's Psalm.

Rev. Dr. Eakin delivered an impressive discourse yesterday morning at New St. Andrew's Church on right views of God. The preacher based his discourse on the twelfth Psalm. He said this passage of Scripture might be aptly termed the busy man's psalm. In it is found a haven from this world's strife. The psalm gives clear and true ideas of God as a beneficent father, friend and protector of humanity. It contrasts vividly with the erroneous views of those who regard the Deity as a stern judge. The psalmist's God is merely a great idealist, setting in His office awaiting His case, but in their essence true humanity and divinity are one. The psalmist work will never find Him elsewhere. He who does not perceive God in the ordinary will not discern His presence in the extraordinary.

King David's beautiful psalm of rest shows that God lends His people in early life to the entrance of the path of duty. The temptations are thrown in our way in middle life, God's arm is stretched out to protect us and guide us to His triumphal end.

The Belt Line Trip. The most delightful entertainment for your visiting friends during exhibition is a trip via Niagara Navigation Co. steamer to Lewiston, thence the belt line ride up the Great Gorge to Niagara Falls, returning via the International (Canadian Seaside) Railway. During the exhibition, Aug. 28th to Sept. 13th, there will be a special round-trip rate of \$2.00 for the family. The trip is a day's ride. City ticket office, Traders Bank building, 65 Yonge-street, Tel. Main 6388.

St. Joseph Thomson, President of the British Association for the Advancement of Science, and principal of one of the Cambridge colleges, together with Lady Thomson and party, arrived at Quebec last Friday, and left on Saturday via the Grand Trunk Railway for Winnipeg, making the trip via Chicago and St. Paul, to attend the 79th annual meeting of the association to be held in Winnipeg August 25th to September 1st.

Operation for Appendicitis. Andrew F. Macalium, city engineer of Hamilton, underwent an operation for appendicitis in the Toronto General Hospital Sunday. The operation was successful.

IN SOCIETY

The young people's fancy dress ball at the Queen's Royal, Niagara-on-the-Lake on Thursday evening was most successful. The grand march, arranged by Miss Gladys Edwards, was led by Miss Katherine Van Renessler of New York, who was wearing a very pretty and becoming jockey's costume and was awarded first prize for little girls, the second being carried off by Miss Molloy as a Japanese girl. Mrs. Ewart Osborne was awarded a special prize for her effective get up as a little girl in short muslin frock with blue sash and hair ribbon. Among those noticed at the dance were: Miss May Sutton, who was wearing a becoming white frock, Egyptian scarf and pale blue ribbon in her hair; Miss Gladys Edwards wore a pretty frock of white net with heavy silk cord and her sister, Violet, looked charming as a French Maid; Miss Cooper wore a very pretty and artistic costume as a paper doll and was greatly admired during the evening. Mr. Hostetter was a fireman and his son the Candy Kid; Miss Patti Warren was very dainty as a little girl in white frock and pale blue ribbons; Miss Gertrude Eckerley was a Norman peasant; Mr. Gordon Medland, a chef; Miss Jessie Thompson was masked and dressed for the whole the evening; and tennis racket; Miss Dorothy Marks was pretty as England, in a white chiffon dress, with quantities of roses; Mr. Montcrieff, a golf girl; the Misses Knight wore dresses as Red Riding Hood and a little girl respectively; Master Gilbert Fauquier, the smallest boy present, wore a smart Highland costume; the Misses Harvey were dressed as a couple and Peep; little Miss Arnokel, a summer girl; Miss Botsford, as America; Mr. Decker Bumsy, a sailor boy; Miss Hazel Fitzgerald, a Watteau maid; Mr. Winnet Thompson, made a very striking girl; Mr. Maurice Wolf was also dressed as a girl; Mr. MacBeth wore golfing dress. The boys' prizes were won by Mr. Haas and Mr. Molloy.

TWO WOMEN DROWN

Had Gone Boating on Small Creek Near Smith's Falls.

SMITH'S FALLS, Aug. 22.—A double drowning occurred at Jasper, six miles from here, Friday afternoon, the victims being Mrs. Harry Stephens, aged 28, and her sister, Miss Jessie Jones, aged 21, of Syracuse, N.Y., both of whom were visiting in the village at the home of Mrs. Jas. O'Neil. About 3 o'clock the ladies went out in a boat to fish in the small creek, and three hours later were found dead by a boy.

AMHERSTBURG HOTELMEN MUST FACE A MAGISTRATE.

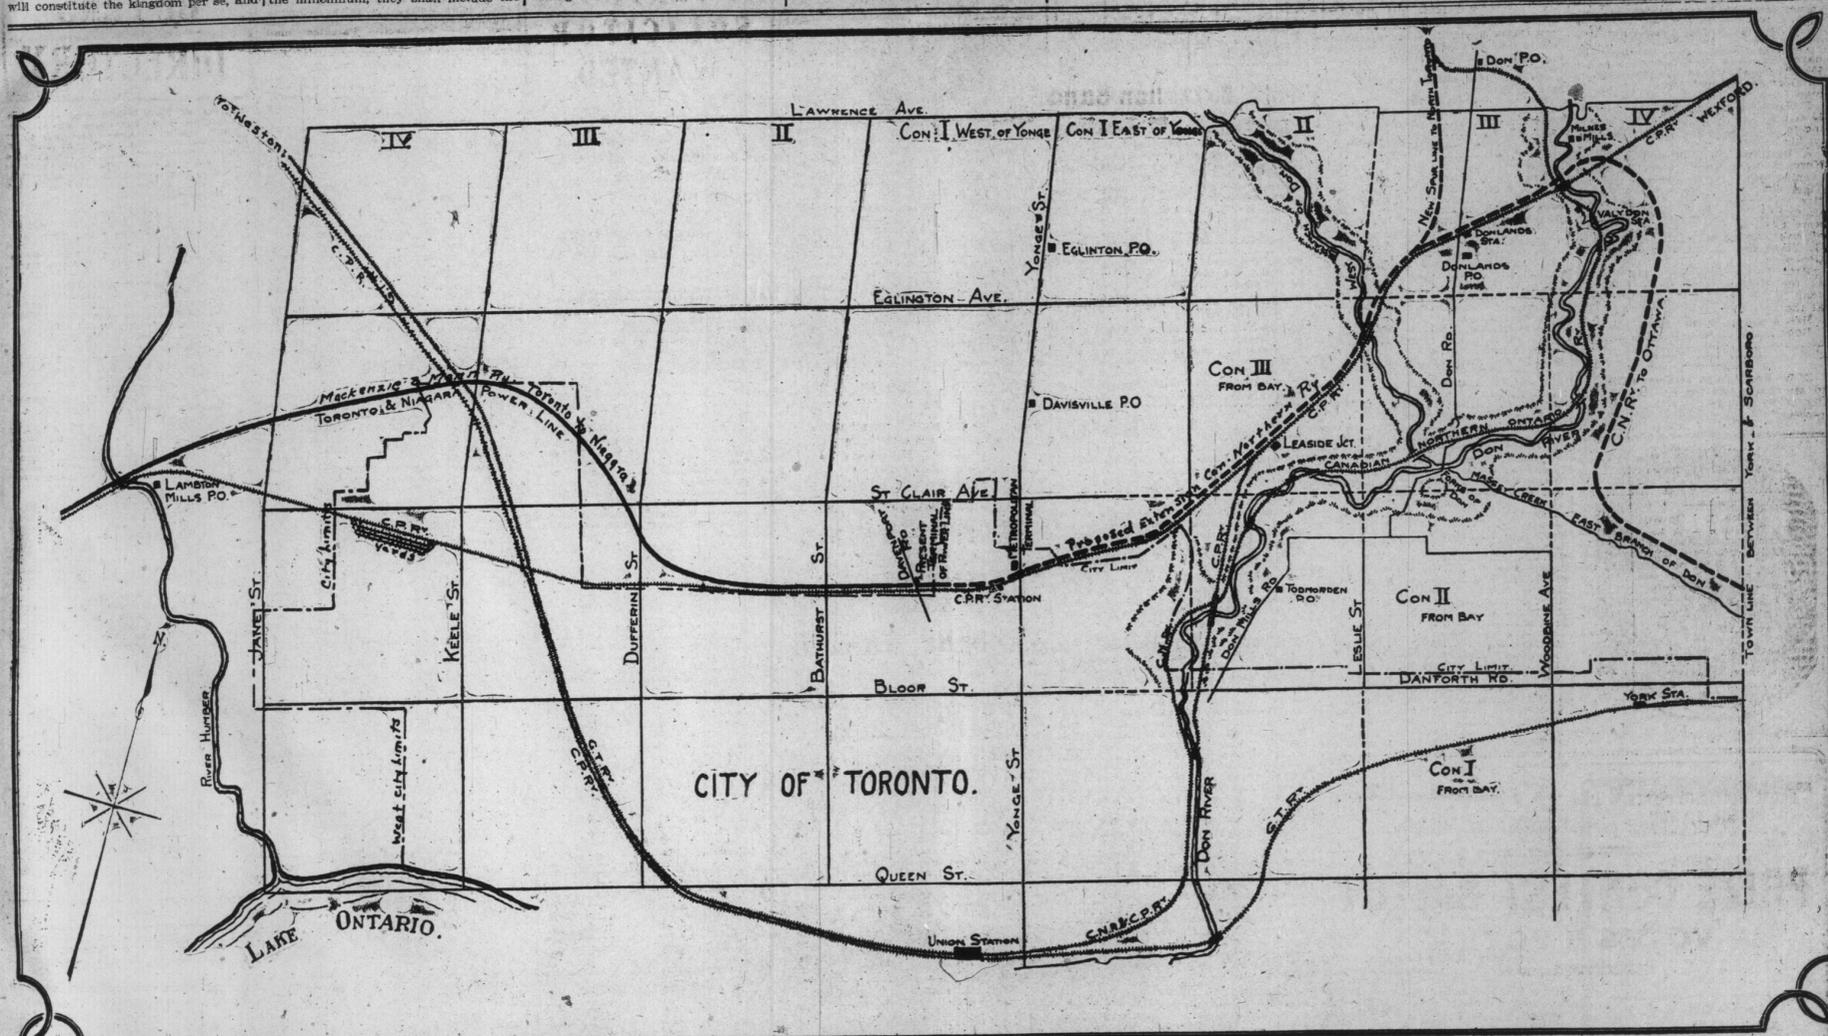

AMHERSTBURG, Aug. 22.—Proceedings of Amherstburg hotelkeepers on charges of selling liquor after hours will be begun next Wednesday. Inspector Smyth recently engaged twelve men to gather evidence, and on it he has now laid information against four hotelkeepers, with three charges each. The hotelmen were all fined for a first offence last year.

ENGLISH DEPARTMENTAL MAN LOOKING OVER CANADIAN FIELD.

MONTREAL, Aug. 22.—Richard Burbridge, manager of Harold's, the London, England, departmental store, is in the city, and his presence may mean that the big London house may start up in Canada. He refuses to discuss the question, but admits that he is here on business, and will visit Toronto, and the west.

Lynched.

FITZGERALD, Ga., Aug. 22.—Henry Taylor, the negro accused of murdering Mrs. Josh Vickers and her 8-month-old baby, was taken from a sheriff's posse and lynched yesterday, near McRae, Ga. It is stated that Josh Vickers, the woman's husband, has been arrested on suspicion of being connected with the crime.

The annexed map shows the Mackenzie & Mann system's latest move. They have a right of way fenced in and paid for, and already in use as a power line from Niagara Falls to Toronto. Its present terminal in the city is at the Davenport-road, half a mile west of Yonge-street, and alongside of the C.P.R.'s cross-town line from West Toronto to Leaside. They also have the terminal station of the Metropolitan trolley line (Yonge-street), on the west side of Yonge-street, immediately north of the C.P.R.'s crossing of that thoroughfare. It would take very little expropriation or purchase to put this Niagara line from Davenport-road to Yonge-street. Within the past fortnight they have had surveyors run a line east from Yonge-street, and immediately north of the C.P.R. tracks for a distance of four miles, thru Leaside and Donlands, crossing all the four main ravines exactly as the C.P.R. crosses them. When this line crosses the main Don, it turns to the south (on the east bank), goes under the C.P.R., and then southeasterly and on down to East Toronto, where it strikes its line already surveyed to Ottawa. A spur running north off this new line from a point just east of the crossing of the West Don would join the Canadian Northern's Sudbury road at Don Postoffice, on the Don-road. This spur (a mile and a half long) would let the Sudbury line into North Toronto and connect it with the Niagara line. In other words, the Canadian Northern would be an entirely up-town proposition, tho it would still have its line in the Don Valley as a way to the waterfront and the Union Station. Ten miles of the Sudbury line (from the Union Station up the Don Valley to Don Postoffice) would thus not thereafter be used for this northern business.

Baseball Toronto 2 Athletics New Record For 3 Miles Looks Like Toronto

Note and Comment

The greatest crowd saw the finest of all games under ideal conditions Saturday at Rosedale and the best team won...

The game, too, between the bitterest of rivals, was generally free from roughness and the Ottawa officials were congratulated on their performance with the umpires.

There was plenty of betting on the result, even money prevailing. It is said that nearly every player on both sides backed his team to win.

Jack Tait's three miles in 15 mins. 11.5 seconds is a new Canadian record and will be so accepted when the Scarborough Beach people furnish a certified certificate of measurement of the track.

London Sporting Life: Warren Bardsley established a new record in the century by scoring two separate centuries in the match at the Oval.

St. Matthews 30 Up. St. Matthews five rings strong, visited Rosholme Saturday and won by 105 to 75 scores.

R.C.V.C. 4 Down. HAMILTON, Ont., Aug. 22.—(Special.)—A match between the Royal Canadian Yacht Club of Toronto and the Royal Hamilton Yacht Club of Hamilton, the local club won by three shots.

Jack Tait Wins 3-Mile Handicap In Record Time

A good crowd turned out to see the cycle meet at Scarborough Beach Saturday night. The Toronto team was closely contested and the finishes had the crowd on their feet.

The three mile run was won by Jack Tait from the Toronto team. He was the only one to complete the race in under 15 minutes.

Close Game at West Toronto. MIMICO TOWN visited West Toronto C.C. Saturday, and after a most pleasant afternoon's cricket were defeated by the narrow margin of 9 runs.

World's Champions Compete on Sunday. NEW YORK, Aug. 22.—There were several Olympic and national champions among the athletes who contested the 25-cent mile race at the Fremen's Association at Celler Park, L.I., today.

Other Saturday Games. At Newark—The Indians scalped the Orioles, but it was a close affair, and the visitors kept the aborigines guessing in the last innings.

Ontario Soccer Champions. OTTAWA, Aug. 22.—By defeating Point St. Charles six to nothing the Ottawa club has won the Ontario championship of the Montreal and District League.

Racing in England. HURST PARK, ENGL., Aug. 21.—The 2-year-old selling plate of 300 sovereigns, distance 5 furlongs, was run here today and won by Magister.

BRANTFORD BEATS FERGUS. BRANTFORD, Aug. 21.—The increase match here today between Fergies and Brantford teams resulted in favor of Brantford by 12 to 2.

Torontos Again the Winners Defeat Tecumsehs 8 Goals to 3

Crowd of 10,000 at Rosedale Grounds Pay \$5000 to See the Game—Cornwall and Shamrocks Win.

The lacrosse supremacy of this city was definitely decided at Rosedale Saturday, when Toronto defeated Tecumsehs 8 to 3. One of the largest crowds that ever assembled here were in attendance, being nearly 10,000 people.

The game created the greatest amount of interest and numerous bets were made at even money. Toronto had defeated Tecumsehs twice before this season in the same manner, but there were lots of people who had confidence in the Indians end of year 9 wins and 3 losses, and as it looks at present, this will place them in a tie, or probably a lead.

Each team scored one in the second quarter, but Tecumsehs had lots of chances, but failed to take advantage of them. The Indians would invariably go wrong close in, passing the ball at goal post, and again taking a shot at goal when a pass to one of his players, who is right in front and thus the first goal of the game was scored.

The Toronto team worked together in excellent style with Warwick probably being the most notable player. He was anywhere from his position at inside home down to the defense and was always back on his feet after a hard run.

LOOKS LIKE TORONTO

Race For Championship of N.L.A. Now Very Close.

Shamrocks now lead the league, Tecumsehs second; Toronto improved their position, Montreal dropping down one as the result of Saturday's games.

Next Saturday's game—Cornwall at Nationals, Tecumsehs at Capitals—should result in Toronto taking their standing at the top of the league. They have already won two games in a row, and as it looks at present, this will place them in a tie, or probably a lead.

Each team scored one in the second quarter, but Tecumsehs had lots of chances, but failed to take advantage of them. BLOOR STREET VIADUCT.

Toronto cannot develop properly without a viaduct connecting Bloor-street and Danforth-avenue. Without the completion of that absolutely necessary connection between east and west, the city will remain lopsided and a large and important district of exceptional residential possibilities will continue to be neglected.

Signs are not wanting that people in the east are becoming alive to what the construction of a viaduct uniting Bloor-street and Danforth-avenue really means for them. Public opinion generally is in favor of the improvement, and every one readily admits that it must be done sooner or later.

AN OPTIMISTIC OUTLOOK.

Unless all accounts are belied or the swatman makes a mistake at the last moment, this will be a bumper year in the agricultural history of this continent. Recently The Dry Goods Economist of New York printed an interview with a New York business man who makes an annual tour of the west and northwest to learn at first hand the trade prospects of the country.

I go out there every year about this time, but never in my life did I see such optimism as now prevails everywhere among farmers, bankers, railroad men—all sorts of men.

The crops are booming, corn and wheat notably. They are the staple products, of course, and I think both of them will have the largest crops in history. Greater than ever is the demand for men to harvest them. They can't get enough.

THE WAYS OF CORPORATION ORGANS.

Lying and the habit of fabrication is regarded by many alienists as a disease, but what is one to think of persons who engage the subjects of such mental disturbance in a public capacity to promote nefarious schemes, to further malign political combinations, and to exercise their unfortunate faculty in the columns of the press.

Reduced Cable Rates

The Ottawa Free Press (Liberal organ) on Saturday said: An emphatic and categorical denial is given in official quarters to the statement of this city last night to the effect that "the negotiations which Canada had entered into with Great Britain and the other states of the empire concerning the establishment of a cheaper cable and telegraphic service around the empire are at an end."

The Journal said editorially: "That Canada should block progress in the way of cheaper electric communication around the world is a deplorable thing. We believe it to be the fact."

An Ottawa despatch to The Toronto Star (Lib.) says: "That there has been some delay does not mean that the fight for cheaper cable service has been abandoned. The financial condition of the country, as indicated by Mr. Balfour's last budget, would hardly warrant Canada going into a cable building scheme right away, particularly in view of the urgent demand for expenditures on railways and canals and on port improvements."

CHIVALROUS POLITICS.

Notwithstanding the bitterness of the fight over the budget, British political leaders have not forgotten to cultivate the spirit of chivalry. In anticipation of Mr. Asquith's visit to Birmingham on September 17, the Budget League, an organization established to stimulate public feeling in its favor, secured Bingley Hall for four days before and three days after the meeting.

CLOSED TO THE PUBLIC

Why Yonge Street Arcade Was Barred on Sunday. The Yonge-street arcade was barred on Sunday and placarded "Closed to the public." This was the annual legal formality taken by the Dovecourt Land and Savings Co. to maintain the proprietary rights of owners.

Foreigner Killed by Train.

NEW LISKEARD, Aug. 22.—(Special).—W. Goyer, a foreigner, was struck by the first section of freight No. 14, going south, and died two hours later. The accident occurred about two miles south of this place.

Regiments Must Give Notice.

OTTAWA, Aug. 22.—A militia order issued to-day contains notice that in future when militia corps or detachments desire to visit points outside of Canada application must be made to headquarters not later than 30 days prior to the date on which it is proposed to make the visit.

Everybody Should Visit Canada's Greatest Exhibition.

On account of the Canadian National Exhibition, the Grand Trunk Railway System will issue return tickets at single fare to Toronto from all stations in Ontario, west of Cornwall and Ottawa, August 23rd to September 11th inclusive.

Amusements

Royal Alexandra Opening.

To-day the box office of the Royal Alexandra Theatre is open for the sale of seats which will mark the re-opening for the week of Aug. 30 of the prettiest theatre in Canada. During the summer the theatre has been completely renovated.

"The Talk of New York."

"The Talk of New York," a work of the fertile Geo. M. Cohan, and in a measure a sequel to "Forty-Five Minutes from Broadway," comes to the Princess for the fair week attraction after a long run in Chicago and New York.

Victor Moore

Who opens the Princess in "The Talk of New York," Monday next. Chicago and New York. Victor Moore, the star of this occasion, came into prominence by his performance of "Kid Burns" in "Forty-Five Minutes from Broadway," and his return in their line is still the talk of the slang expert.

Dropped Lamp, Started Fire.

BRANTFORD, Aug. 22.—(Special).—Mrs. Fred Marks, 111 West Mill-street, dropped a lighted coal oil lamp on the floor in the kitchen Saturday night and the fire destroyed the rear part of the brick structure. The woman escaped unhurt.

Opening of Gayety.

One of the best attractions that have been introduced in burlesque opened at the Gayety Theatre Saturday for this season. It is presented by Phil Sheridan, undeniably the "king" of the stage, and like its title, the show is a fast one.

The Big Minstrel Show To-Night.

George Primrose and his mammoth minstrel organization open the Grand Trunk to-night. The big company contains many well-known comedians, singers and dancers, and is said to be scientifically equipped better than ever before.

Seals in Style.

Probably the most novel private car which ever rolled into the Union Station was on view at the popular Polo to-day. It did not present the polished surface and air of luxury which the average car of the popular class would show.

In "Cadet Blue"—A New Soft Hat For Young Men

This new color is an admirable and distinctive style, as the season will surely prove out. It is a refined, dressy shade, without being exactly delicate. The hat is blocked in the trooper style, crown worn with dint as a fedora, brim worn rolled up at back and drooping at front, or in any other mode you may choose to arrange it, the self colored corded silk band and binding lends tone to the plain rich effect of the pure fur felt body, sweatband of Russian leather. To the young man who delights in being "first with the new things" it is our pleasure to introduce this winsome new fall style in headwear. 2.00

Eggs—Receipts are becoming larger and cheaper as the season advances. Eggs sold at 20c to 22c per dozen, the latter price being for eggs laid during the week or last two or three days.

Market Notes.

John Barron, A. Patterson and T. Tomlinson, Mr. Swan, Jr., and Mrs. Appleton bought many lots of the best poultry on the market. The Harris Abattoir Co. had an excellent lot of poultry, which they were selling wholesale. They keep large supplies of live poultry on hand, which they are killing when needed, so as to have perfectly fresh.

R. Barron, who has been away in the land of his birth, arrived home on Friday, bringing with him a bride, Miss M. J. Tomlinson, who also has been visiting his birth place and seeing Britain's great Dreadnaughts on the Thames, arrived home on Friday, looking the picture of health.

TO-DAY'S EXPOS. Four Thousand Expected to Leave on Harvesters' Excursion. The second harvesters' excursion from Ontario to the west coast of the United States will leave the Union station this morning between 10 and 12 o'clock, the first train departing at ten sharp. To-day's contingent of 4000, from Ontario and Quebec on Sept. 5th, while the next from western Ontario will start on Friday, 27th inst., and others on September 7th and 10th.

CHICAGO GOSSIP. J. P. Bickell & Co. say at the close: Wheat values past week were under pressure, influenced by slack cash demand and business harvesting conditions, and also rallies were frequent due to oversold conditions, market still has the appearance of a downward tendency. Leaders and trade generally are inclined to expect lower prices, consequently are in the waiting mood. We only until receipt of initial movement of spring wheat on cash values is more apparent.

BOY PURSE SNATCHER. KINGSTON, Aug. 22.—(Special).—While walking near Catarauque Bridge Saturday night, Mrs. James Esford had a purse containing \$4 snatched from her by a boy. She gave chase, but he escaped. From description given Constable Davies placed a lad, aged 11 under arrest a couple of hours later and he admitted the theft, but had spent all the money and thrown the purse away. He also admitted stealing \$12 from a young boy who was in bathing at Lake Ontario Park. He has served a term in the Industrial School at Mimico, for theft.

FORMER TORONTO MAN KILLED. WINDSOR, Aug. 22.—(Special).—James Wilcox, aged 35, unmarried, employed as a yard conductor in the yards of the Michigan Central at West Detroit, was caught to death between two cars last night. Wilcox came to Detroit two years ago from Toronto, where he has a sister, Miss Nellie Wilcox. A party of 160 investors from the middle western states passed thru Windsor August 19th, bound for Scott, Sask., on the line of the Great Trunk Pacific Railway. The party was organized by the Luse Land Co. and traveled by special train consisting of two private cars, four standard sleepers, dining car and baggage car. From this party they purpose visiting the Tramping Lake district, to develop the automobile industry. This is one of the many promising territories along the line of the G. T. P.

MINING ISSUES ARE ERRATIC GENERAL TREND IS EASIER

Advance in Kerr Lake the Feature of the Week—Sentiment Inclined to Higher Levels.

World Office, Saturday Evening, Aug. 21. Considerable irregularity has pervaded the local mining and exchange during the past week and, while good advances have been made by a few of the Cobalt issues, the general under-tone of the market has been somewhat easier. The recent strength exhibited and consequent advances made by some of the listed stocks has had a decided influence in bringing profit-taking into the market, and this has been particularly noticeable for the apparent weakness displayed during the last few days. The break on Wall-street has also had an influence on the mining specialties, these fluctuating to a certain extent, in sympathy with the larger market.

Trading was somewhat limited at times, but the aggregate amount of the local mining and exchange during the past week and, while good advances have been made by a few of the Cobalt issues, the general under-tone of the market has been somewhat easier. The recent strength exhibited and consequent advances made by some of the listed stocks has had a decided influence in bringing profit-taking into the market, and this has been particularly noticeable for the apparent weakness displayed during the last few days.

The re-advance feature has been the strength exhibited by Kerr Lake, the advance in this stock being actively proceeded reports of the great asset value of this mine as revealed by further underground development and the discovery of a rich vein of silver ore, which advanced a hundred and twenty-five points during the week. An easier tone developed at the close, however, on liquidation, and the stock sold back to the closing quotations were higher at 5 1/2.

The announcement some days ago that the Ontario individuals had purchased sufficient Silver Queen stock to give them control had a decided influence on that issue, the prevailing idea being that such a move would result in a better treatment at the hands of the directors. The price advanced rapidly from day to day and, at the present time, stands at 10 1/2.

The other Cobalt issues might be generally grouped together as showing signs of a bull movement, but, as yet, gains have been made, particularly during the first few days, but any apparent strength has been followed by a reaction, which has carried quotations below the former levels.

The only exception which might be taken to this is Beaver, which was the centre of a bull movement, the advance in this stock being actively proceeded reports of the great asset value of this mine as revealed by further underground development and the discovery of a rich vein of silver ore, which advanced a hundred and twenty-five points during the week.

Among the unlisted issues Hargrave came into prominence late in the week, the advance in this stock being actively proceeded reports of the great asset value of this mine as revealed by further underground development and the discovery of a rich vein of silver ore, which advanced a hundred and twenty-five points during the week.

The market closes the week on the easy side, but with professional sentiment inclined to look for higher levels. The recent weakness has had a good effect on Cobalts, serving to freeze out small speculative investors, and to free the market from any material sympathetic weakness reflected from other markets, a better run of prices is looked for by brokers next week.

MOLENSON BANK CLERKS MUST GET \$1200 OR BE SINGLE. Everybody knows that bank clerks have to rise to a certain fixed salary before they are allowed to marry. As the result of this, many clerks who happen to be employed by the Molensons Bank have had the barrier raised considerably. It is a \$200 harder to get married now. The young man who aspires to enter the bonds of matrimony must now be receiving \$1,200, not \$1,000, as has been the case.

Garrison Artillery For the So. SAULT STE. MARIE, Aug. 22.—A movement of 1000 men of militia established in the So. This year it was impossible to recruit enough men in town to form a company for the 9th regiment, and accordingly none of the boys from the So. will go to camp at Sturgeon Falls on Aug. 23.

Day's Doings in YORK COUNTY

DEATH OF EX-REEVE BRODIE OF WHITCHURCH

Passed away in Stouffville on Saturday—County and Suburban Happenings.

HAGERMAN'S CORNER'S, Aug. 22.—(Special.)—The funeral services of the late Arlin Harry Harry, held here today from the residence to the Hagerman's Corner's Cemetery, were largely attended, many being unable to obtain admittance to the church.

STOUFFVILLE. Well-known Townsman and Former Township Reeve Passes Away.

STOUFFVILLE, Aug. 22.—(Special.)—Charles John Brodie, one of the best known and most highly respected residents of this village, died here to-night, after a short illness.

Deceased was in his 72nd year and is survived by a brother, three sons and one daughter.

The late Mr. Brodie was a native of Aberdeenshire, Scotland, was born in 1834 and came with his parents to Canada in 1835, the year following the family settling on lot 2, concession 5, Township of Whitchurch.

Deceased had been for many years identified with the township council, having occupied the position of councillor and reeve.

In 1869 he was married to Ellen Spofard of Markham Township. The children are Charles James, who lives on the homestead, and William of Unionville. One daughter resides in Toronto.

Since his retirement from active life Mr. Brodie has lived in Stouffville. Deceased was a devoted member of the Presbyterian Church, and the funeral will take place on Tuesday at 2 p.m., to Melville Cemetery.

NORTH TORONTO. Town Council and Band Promoters to Meet Tuesday Night.

NORTH TORONTO, Aug. 22.—(Special.)—Lovers of good music in town are reminded of the meeting in the town hall on Tuesday evening, when the matter of still further organizing the town band will be considered. The meetings already held have been most encouraging, and demonstrate clearly that the project of a brass band is popular and will be a big success.

President S. J. Douglas, and the other officers and members of the executive are anxious that all those who would like to join should be suitably fitted in good time on Tuesday evening, 8 o'clock sharp, and at the same time report as to instruments if any owned by them. Let there be a rousing rally on Tuesday night.

The special meeting of the town council rendered necessary by absence of a number of members at the last meeting has been called for Tuesday evening.

In all the local churches to-day there was a fair attendance.

Saturday afternoon was a busy time among real estate men. Many prospective buyers were shown around by the local property owners or their representatives.

Councillor Parke was yesterday reported as doing nicely and showing fair improvement.

In a football match between Davisville and Eglinton teams on Saturday afternoon, the Davisville boys were the victors by a score of 4 to 0.

Chief of Police Collins has purchased a residence on Depot-avenue. The chief is a worthy officer, and has made good in North Toronto.

Christ Church, Deer Park, is making splendid progress; the brick work now being completed up as high as the windows. At the present rate, the new edifice will be opened by Christmas.

WEST TORONTO. WEST TORONTO, Aug. 22.—The funeral of Peter Switzer, 101 Wiltoughby-avenue, who died last night as the result of injuries received from falling down the stairs at Nordheimer's Saturday afternoon will take place on Thursday at 2 p.m. to Prospect Cemetery.

After being wanted for over a week, Mrs. William Speers, arrived home this morning from Gowanda and the funeral of his son Willie, who was drowned in the Humber on Aug. 12, will take place from the family residence, 7 Hannah-avenue, on Monday at 10 a.m. to Prospect Cemetery.

Mrs. William Speers of West Dundas-street and Miss Margaret Taylor of Toronto, arrived home Saturday from a two weeks' trip to Montreal and Quebec.

William Taylor, 2146 Dundas-street, was arrested last night for being drunk and disorderly.

This was Hebrew Sunday in ward seven. About 200 Jews of various faiths in procession at 31 Victoria-street this afternoon and paraded to a house on Maria-street, where the scrolls of the law were unfolded and scrutinized. A picnic was then held in Victoria Park, with an orchestra to entertain the crowds.

There are 113 cars of stock in the Union Stock Yards for to-morrow's market.

The West Toronto C. C. defeated Mimico Town C. C. on Saturday by 9 runs. For the winners Szaezel made 43 runs, while Hines with 32 and Finch with 22 runs were the best scorers for Mimico.

John Lilew, C.P.R. engineer, and his daughter Violet, have returned from a trip to Seattle.

The remains of the man who was found dead beside the G. T. R. tracks, east of the Etobicoke creek on Friday night, have been identified as Speer's undertaking parlors, West Toronto, as those of a Polock named Kowarski, a resident of Toronto. There is no doubt but that he had been walking on the tracks and was killed by a passing train.

Dr. Forbes Godfrey, M.L.A., county coroner, after examining the remains, decided that an inquest was unnecessary.

EAST TORONTO. EAST TORONTO, Aug. 22.—J. Bell left yesterday to visit his mother at Unionville, Ont., where his wife and children are staying.

Robert Paterson and Edward Leproule, well-known local men, spoked 7 acres of oats in a little over four hours.

Mrs. William Saunders and daughter Alice left yesterday on a two weeks' vacation to Bracebridge, Parry Sound, and other points on the Georgian Bay.

DOVERCOURT. The Home Department Gospel Meetings of Davenport-road Church (Presbyterian), are increasing in interest and attendance. The last one held at Mr. Williamson's, 379 Delaware-avenue, was one of the best. The next will be held Thursday, Aug. 26th, at the residence of Mr. Wm. Peary, 1019 Davenport-road. Those who wish to attend these meetings should advise W. J. Rogers, 379 Westmoreland-avenue, the superintendent.

WOODBRIDGE. WOODBRIDGE, Aug. 22.—(Special.)—The death took place on lot 10, concession 8, Vaughan Township on Thursday of George F. Wallace in his 62nd year. Deceased was well-known and highly respected in the village and township. The funeral takes place at the Methodist Church, Woodbridge, on Monday afternoon at 2 o'clock.

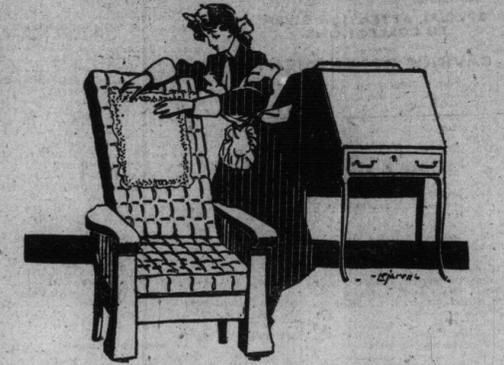

MOUNT DENNIS. MOUNT DENNIS, Aug. 22.—(Special.)—Joseph D. Swan, a well-known hardware merchant of this district, died Saturday morning at his home, Lambton-avenue, Mount Dennis. He was 44 years old and leaves a widow. The funeral will take place on Monday at 2.30 p.m. to Prospect Cemetery.

LONG WAIT FOR SOME. The Scarborough division of the Toronto and York Railways carried a record crowd for this season of the year out over the line on Sunday. The visitors went down to the "bluffs" and other points of interest, but many of the pieces were incidental to a trip out along the lake shore was lost in the delay in returning. At the Half-Way House at 8.30 nearly 70 people were waiting for a car and from there to East Toronto scores were left standing by the roadside. The company might well provide better accommodation over this popular route.

At Jackson's Point. JACKSON'S POINT, Aug. 22.—The masquerade and supper held at Hotel Pine Plaza on Friday night was one of the most successful and enjoyable events of the season at this popular summer resort. The supper was a specially arranged affair, conducted by some of the young lady guests of the hotel, under the management of Mr. (Dr.) Simons and Miss Frank Wylie of Toronto. Between 50 and 60 guests occupied seats at the tables, and the conclusion of the meal a number of the gentlemen made brief speeches, eulogistic of the kindness and consideration of the host and hostess. Promptly at 9 o'clock the masqueraders marched into the large dining room, to the music of piano and violin accompaniment. The grotesque costumes and antics of the masqueraders created much merriment and merriment, especially those of Misses Lake and Letching, who impersonated "Helen and Gretchen"; also Mr. Williams of Galt, dressed as a ballet girl, his funny antics creating much amusement. Miss Irene Humble appeared as the "Cow Boy Girl" and both looked and acted the part to perfection. Mr. W. Stank Wylie as Sister Agatha; Mrs. Dr. Sinclair, as Gypsy Girl; Mrs. Humble, as a girl; Miss Radcliffe, as a boy; Miss Sadie Humble, Japanese girl; George Flint, Evelyn Thaw; Ted Hachborn, bowery girl; Bob Hachborn, violinist; Miss Nicolet, Nemo; Miss Andrews, jockey boy; Miss Andrews, Bill Bailey; Miss Radcliffe, Chauncey O'Leary; Little Miss Flint, Red Riding Hood. If You Want Furniture Buy in August

ONCE there was a man who happened to be on the spot, and thus he became possessed of valuable information.

He went home and told his friends: "Buy Nipissing, quick." Nipissing is a Cobalt mine.

They naturally said: "Why?"

He told them why, still they hesitated. The stock began to go up. They hesitated still. It rose higher yet. In spite of urging, they hesitated to buy. It got to its Top Notch. Then they could hesitate no longer, and plunged—too late. The price fell to Rock Bottom. They didn't act at the proper time. Hundreds of men lost opportunities of making a fortune at that very same time, in that very same way.

August is the proper time to buy furniture. We don't compare furniture buying to mining investments, but the principle of acting promptly at the proper time is the same. NOW is the time to act—now while Sale Prices rule.
