CONCILIATORY SPIRIT

Even Opponents Express Admiration for Skilful Methods in Evidence.

LONDON, Jan. 20. 11.58 p.m.—The military service bill passed thru the committee of the house of commons at 11 o'clock tonight amid loud cheers.

Walter Hume Long, president of the local government board, in a speech closing the discussion, said he desired to remove the impression that under this bill the government was creating a great monster in the world grab at any man coming within its scope. There was no intention that the war office should act with undue severity, but on the contrary, it intended to maintain the present system almost unaltered, but giving it a statutory position if that hitherto not occupied.

RECOMMEND LEVYING OF TAX TO SWELL FUND

Lambton ratepayers in the Lambton Methodist Church last night, called to consider what Elizabeth Township should do to help raise the £2,000,000 for the Red Cross and patriotic funds, a resolution was carried unanimously recommending the county council to levy a tax of £200,000. is making affairs move rapidly in his campaign in the Caucasus against the Turks. The victory won by the Russians was gained over large hostile forces. A rear-guard stand was attempted by the Moslem troops, but their resistance was swept away by the impetuous Russian advance, and they continued their flight with the Russians in pursuit. As the rear-guard action of the Turks only lasted a few hours, their ineffectual resistance indicates great disorganization in their ranks. The big Russian offensive apparently took them completely by surprise. The Russians have entered Kopruckei, a town close to Erzerum, and as they were 35 miles away from Erzerum by the previous official communique from Petograd, they have apparently advanced 25 to 30 miles in 24 hours.

The effect of this success, if followed up, will be far-reaching, and it is doubtful whether the Turks can now spare sufficient troops for a descent on Egypt. It is not beyond the bounds of possibility, however, that they may make the endeavor for revenge. Germany, being also badly in need of cotton, may compel the Turks to attempt an invasion of Egypt and let affairs in the Caucasus take their course.

The allied fleet in the Aegean has again bombarded the Bulgarian and former Turkish seaport of Dedeaghat, doing considerable damage and destroying a train. It would not be surprising if the allies landed troops at this point for an advance into Thrace. It depends on whether it is deemed advisable to remove Turkey and Bulgaria from being factors in the war before finishing with the central powers. Politically, it might perhaps be advisable to make an example of Bulgaria and Greece before settling accounts with the Germans in other theatres.

The Russians captured a fortified sector from the Austrians in the fighting to the northeast of Czernowitz, and held it against five desperate counter-attacks, the enemy being always repulsed with heavy losses. The Austrian official report gives much space to the fighting in this region, and, of course, claims that the Russians failed in their offensive.

The Russians continue to control the Black Sea, and their latest naval exploit was a raid on the Anatolian coast, when they destroyed 167 Turkish sailing ships.

In the course of fourteen flights in the air, one British machine was shot and two German machines were driven down into their own lines yesterday. British engineers exploded a mine near Fricourt, and a German

LONDON, Jan. 21.—The Swedish prohibition on the export of paper pulp, says The Times today, may result in the reduction of the size of the British newspapers, or an increase in their cost, but that this will be only temporary, as, if the prohibition continues, other sources of supply will be exploited, particularly Canada, which would thus benefit at the expense of Sweden.

What Coming Newspaper Merger Favors the Insurance Mergers?

The wise thing for the Sun Life Assurance Company of Montreal is to withdraw from its application to merge with the Manufacturers' Life of Toronto. These are not the times to have unnecessary discussions, to import unnecessary issues into an overwarm pot of all kinds of fires.

On its merits the proposal is the most daring raid ever made on the financial institutions and independence of Toronto of Ontario. If this raid succeeds, good-bye to any financial leadership of Toronto in Canada, good-bye to many of our ideals. The savings of this province will be switched to Montreal and used to aid Montreal deals of business, of public rights. Montreal resents what has been done, says in the matter of street railway franchises, hydro-electric power distribution, hydro-electric railways. Montreal fears the manufacturing competition of the new Ontario that is being created by Adam Beck. And the way to hit it is to take Ontario's savings away from this province and to put the control of them in other hands. The Bankers' Bank raid succeeded; the attempt on the Bank of Hamilton failed. But it behooves the business men of Toronto, the board of trade, the press of Toronto, to be active on this last, said, said, said. The thing is being put thru by an appeal to the equity of the shareholders of the \$300,000 stock in the Manufacturers' Life, not to the welfare of the real big interest, that of the policyholders. The shareholders stand to reap nearly a million and a half dollars out of the deal—and the policyholders must pay it!

Just as the bank raids were aided by certain Toronto papers, it is almost certain that the insurance merger is being helped along by a section of the Toronto press. A somewhat surprising newspaper merger is under way in these parts. There are other Toronto institutions and individuals who will benefit if the raid is successful.

Our advice to the minister of finance is to say to his colleagues on the treasury board that the application will not be entertained, not being in the interest of the policyholders, nor of the public. The best asset the Borden government has these days is the good opinion of Ontario, and this request of the Sun Life might wreck it.

ASQUITH PROMISES INQUIRY INTO FAILURE AT SUVLA BAY

Redmond Urged Prompt Action, But Premier Said Delay Was Advisable—Preparations for Probe Are Under Way.

LONDON, Jan. 20.—(3.35 p.m.)—There will be no inquiry at present into the imputations upon British commanders at Gallipoli contained in Gen. Ian Hamilton's despatch on the landing at Suva Bay. Replying in an hour of commons to John Redmond, who urged an investigation, Premier Asquith said that the government had decided it to be impracticable under present conditions, as the constitution of a tribunal and the assembling of witnesses would necessitate the withdrawal of too many officers required in due course.

In his recent report Sir Ian Hamilton stated that Gen. Stopford, who led the Suva Bay expedition, had failed to press on, giving as a reason the lack of water.

PARTY LINES SLIGHTLY BENT OVER WAR CONTRACTS ISSUE

Some Conservatives Favor and Some Liberals Oppose Pugsley's Proposal of Investigation—Political Gymnastic Feats in Sight.

By a Staff Reporter. OTTAWA, Jan. 20.—The parliamentary squabble over the shell committee presents a rather curious situation. The government, it is believed, will not grant an investigation. Yet some Conservative members would be glad to see an investigation ordered and complain bitterly of alleged discrimination and unfairness in respect to their constituencies.

Some Liberal members, on the other hand, are not keen on the scent which Mr. Pugsley has followed. Already it appears that Hon. George P. Graham was interested in one of the big contracts awarded by the shell committee, and the names of other Liberal M.P.'s and the names of Mr. Meighen's little list.

Mr. Pugsley was evidently talked to by some one between the time he said Tuesday night and the time he resumed his speech in the house on Wednesday afternoon. A great crowd had assembled on the latter occasion, expecting to hear a most sensational indictment, but the New Brunswicker added nothing to what he had said the night before. He filled up the time while the galleries emptied by reading copious extracts from a number of newspapers.

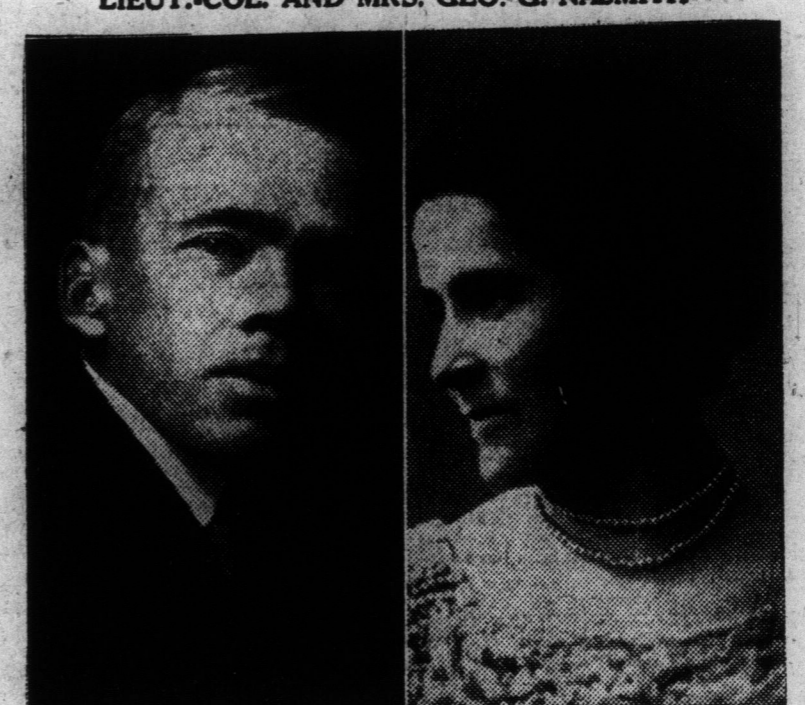

LOYD GEORGE DID NOT REFLECT UPON CANADA

By a Staff Reporter. OTTAWA, Jan. 20.—Yesterday's cable despatch, quoting Lloyd George as saying that the fact that munitions were still coming from the United States, was a triumph for the Morgans, but not for Canada, was entirely incorrect. He implied, in fact, that Lloyd George merely said that munitions purchased in the United States were coming thru the Morgans firm, but not those purchased in Canada.

GEN. VILLA, BANDIT, HAS BEEN CAPTURED

EL PASO, Jan. 20.—Mexican Consul Andreas Garcia has received advice of the capture of Gen. Villa. His aides stated that the capture was effected by Maximino Marquez, who recently also captured Gen. Jose Rodriguez, one of Villa's generals.

A message announcing Villa's capture also has been received at the office of the American Smelting and Refining Co. Another private despatch states that Villa was captured at Hacienda San Geronimo.

Lieut.-Col. G. G. Nasmith, M.D., C.M.G., and Mrs. Emma Scott-Raff were married in Toronto at 4.55 yesterday afternoon. Immediately after the ceremony at St. Paul's Church, Bloor street, Col. and Mrs. Nasmith took a motor car and raced to the Union Station, from where they left for New York at 5.30. Friends of Col. Nasmith, who had gathered at the station to see him off on his return to the front, did not know he had been married until he and his bride boarded the train and were gone.

Ven. Archbishop Cody officiated at the ceremony at 4.55. The bride was attended by her young daughter, Miss Dorothy Scott-Raff, while the groom was unattended. Miss Nasmith, the bridegroom's sister, and Miss Marguerite Cresor were the only others present. Mrs. Nasmith will remain in New York until her husband sails for Europe on Saturday, to continue his duties at the front, and will return to Toronto on Sunday, in the spring she will go to England.

With the sending of another division of 20,000 men across the channel, it will be necessary to send a corresponding number from Canada to England to be held in readiness to act as reinforcements. The action of the government was made possible by the prospect of a satisfactory response from the country to the call for 500,000 men.

HOUSE CANNOT START INQUIRY SAYS MEIGHEN

Shell Contracts Matter for Imperial Government Alone, His Contention.

LIBERALS ARE DIVIDED

Eastern Members Apparently Desirous of Election, But Westerners Oppose.

By a Staff Reporter. OTTAWA, Ont. Jan. 20.—The debate upon the address so far has been controversial only upon the subject of the shell committee. Little has been said about the extension of the parliamentary term altho Dr. Clark of Red Deer favored the same and Hon. Dr. Pugsley to some extent opposed it. That the Liberal entire accord was disclosed at an informal conference held this morning. There is evidently a line of cleavage which closely follows the Ontario and Maritime Province members are rather anxious for an election while their Liberal colleagues from Ontario and the west are strongly opposed to it. No Power to Probe.

In the house today, Solicitor-General Meighen stated the position of the government in respect to the demand for a parliamentary investigation into the operations of the shell committee. Mr. Meighen said that the committee was responsible only to the imperial government. The Canadian parliament had no more authority to investigate the expenditures of the British Government in Canada than it had to investigate the expenditures of the British Government in the United States.

This contention was vigorously combated by G. W. Kyle, the Liberal member from Richmond, N.S. He said that the government in the past had claimed a great deal of credit for the shell committee but now sought to evade an investigation by declaring that it was the creature of the imperial government.

Mr. Scott (St. Waterloo) moved the adjournment of the debate. Lloyd George Misreported. On the orders of the day Hon. Charles Murphy read a despatch printed by The New York Sun, which represented David Lloyd George as saying, in the British house of commons, that munitions were still coming from the United States, which was "a triumph for the Morgans and not for Canada." Mr. Murphy desired to know what the government had to say respecting the visit to Sir Robert Borden said the government had no information on the point but he did not believe that Lloyd George had been correctly reported. His alleged statement certainly did not at all correspond with statements made by Lloyd George to Sir Robert during the latter's visit to London.

Hon. Frank Oliver, resuming his speech on the address, said he took it for granted that the government had to enlist an additional 250,000 men by the first of April. He feared there were hindrances to more successful recruiting. One of these, Mr. Oliver said, was the low scale established for pensions. He complained that maimed and disabled soldiers (Continued on Page 2, Column 4)

BITTER DEBATE ON WAR ISSUE IN U.S. SENATE

Hoke Smith of Georgia Referred to Britain's Policy as "Perpetual Robbery."

SHARP ANSWERS MADE

Germany Branded by Senator Williams as Guilty of Murder.

WASHINGTON, Jan. 20.—Issues arising from the European war were discussed without restraint in the senate today in the warmest debate on international questions since conference convened. Great Britain's interference with American trade was characterized as "perpetual robbery."

Hoke Smith of Georgia, who delivered a long prepared speech denouncing Britain's course in holding up neutral commerce, and particularly her interference with cotton shipments to Germany. He proposed an embargo against England, who, he said, could not continue the war without munitions from this country, nor feed her people without food from the United States and other neutrals.

From Senator John Sharp Williams, the Georgia senator's utterances drew a stirring reply, with denials that he was not willing to go to war for mere dollars, nor to have the "people of Dixie" placed in an attitude of holding property on a plane with human life.

The discussion reached a climax when Senator Smith, in a declaration of war against Germany, dramatically inquired of Senator Williams:

"Because Germany has been guilty of murder, robbery on the high seas to Great Britain?"

REFINERY IN CAPE BRETON, N.S. TO TREAT ALL CANADA'S NICKEL

Company Which Controls Great Mines in Sudbury District Will Stop Refining in New Jersey.

By a Staff Reporter. OTTAWA, Ont., Jan. 20.—Negotiations are almost completed for the establishment of a nickel refinery in Canada, by the International Nickel Company, which has control of the Sudbury nickel mines. The refinery will be situated in Cape Breton, N.S., and hence forward all the nickel material which has hitherto gone to

New Jersey for refining will be refined in Canada. The export of nickel from Canada is to be controlled completely by the government in order to insure a steady supply for the allies for the manufacture of ammunition for field and naval purposes, and to render it certain that no Canadian nickel will find its way to the enemy.

PLAYS, PICTURES AND MUSIC

THE "Juggernaut" revealed on the screen at the Strand yesterday is a melodrama on "Sixty-Five" as the railways ought to enforce it, but don't. The result is a beginning where the hero's poor old father is sent out of his back-board and killed by the fast express. But retribution follows, and it takes all of twenty years before the hero naturally becomes district attorney and has the president of the road, the former college chum, tried on a charge of murder in the court-room. Of course, the president's daughter is on her way to D. A. to tell and turn the tables. But her motorcar breaks down and she has to take the fast express, which goes thru the bridge because the ties are rotten. And she is at the bottom of the river when the D.A. swims out and rescues her. After that everything is done in the most realistic way ever portrayed on a screen. Luigi Romanelli's Orchestra is good, too.

FREDERICK PALMER, the noted war correspondent who was on the firing line in Belgium for the Associated Press, is going to relate some of his experiences in the trenches at Massey Hall on Saturday night. Those who have read Mr. Palmer's admirably written despatches, which appeared in every newspaper, will be glad to hear him tell of his experiences in the war from the lips of a trained observer. There was a large advance sale yesterday. The office of the Associated Press, are bringing Mr. Palmer to Toronto.

THE first films in which Sarah Bernhardt appears will be brought to Toronto by H. H. Spitzer of the Bluebird Film Corporation, which is establishing an office here. A private view of them was given last night.

A PRIVATE VIEW of "Damaged Goods," the motion picture version of the Brieux play which depicts the horrors of sexual dissipation, was given last night in Levey's. An invited audience composed of representatives of the Social Service Commission, the Committee of the Y. M. C. A., and other organizations, was present. The play is divided as to whether the authorities ought to permit a public display of those in the audience sick. Others again declared that it was an excellent educational lesson, particularly for young men, and that it should be shown in Toronto. Last week in Rochester a theatre man who showed "Damaged Goods" to the protests of the eugenic followers. The film is controlled for Canada by the local branch of the Y. M. C. A., and the proceeds of the private view are for the Loew management.

PROS. CONTRADICT. There is a general impression that the plan for tomorrow's lecture by H. H. Spitzer on "The Continuity of History" will be a success. Those in charge of the big review wish their patrons to know that there is still a good chance of seats available at the Massey Hall.

aircraft dropped three bombs on the outskirts of a small village behind the British lines.

General Aylmer continues his victorious advance in Mesopotamia, and has reached a point on the Tigris seven miles from Kut-el-Amara, the relief of which beleaguered garrison now appears to be in sight, unless the Turks can perform a surprising feat by reinforcing their armies in that theatre.

The fear that the Turks have been reinforced in the Caucasus by part of the troops engaged in the protection of the Dardanelles is certainly groundless, for it would take three or four months to transfer any considerable army from the Dardanelles to the Caucasus. It took the Germans and Austrians nearly four months to collect an army at Tamesvar for the invasion of Serbia, with all their advantages of a central position and splendid rail communication. On a double-track railway it takes two days to entrain and start on the way a single army corps. It takes longer to unload one, and, besides, a great deal of time is unavoidably lost in necessary delays. Troops also detrain at least two days' march from the point of concentration. Without railways, it would take much longer to move an adequate force any distance.

A reiteration from Amsterdam that the allies have presented an ultimatum to Greece, and that the answer of King Constantine is not known, would lead to the expectation that developments of importance may speedily befall Greece and the allies. The difficulty is probably over the shelter afforded to German submarines and the open exercise of their operations of war by German naval officers in the Greek kingdom. It is not improbable that some secret understanding between Constantine and the Kaiser has been discovered as a result of the seizure of the papers of Teutonic consular officers, and that the allies are giving Constantine his open choice of action.

The statement that after the council of war, in which the Kaiser participated at Nish, German troops were withdrawn from Macedonia, and that fortifications were being thrown up in fear of an advance by the Anglo-French forces at Saloniki, may have some truth in it, for the activity of the Russian and Austrian troops to that theatre. It is quite probable that the Russians do not contemplate any big advance at the present time, owing to the difficulty of moving forward heavy guns over roads blocked by snow and ice, but one thing that the enemy fears is the threat of a Cossack raid into Hungary. The appearance of Cossacks south of the Carpathians would be the signal for an outcry of despair.

Mr. Tennant, British under-secretary for war, does not credit the alarming stories about German superiority in the air, owing to the employment of a new and large type of aeroplane. Most of the encounters in the skies are fought over territory occupied by the Germans, and hostile British pilots are engaged in digging out the German machines, that sometimes they go too far in pursuit of the enemy, and sometimes they are too rash and daring.

WILL ADD BUILDING TO GENERAL HOSPITAL

Overcrowding Renders New Administration Building Necessary.

HAMILTON, Friday, Jan. 21.—Because of the overcrowded condition at the General Hospital, it is likely that an administration building will be erected at the new Mount Hamilton Hospital in the near future, according to an announcement made yesterday by T. H. Pratt, chairman of the hospital board, who further stated that there are 240 patients in the General Hospital, while the government regulations will only allow for 230 patients being cared for. Chairman Pratt stated that the general hospital funds would show a surplus of \$10,000 to \$12,000. The government will pay the annual grant of \$12,000, and as the hospital board has saved about \$5000 and received about \$5000 more than it estimated from patients, it is in good shape.

REGULATION OF STEEL PRICES NOT FEASIBLE

British Makers Contend Present Quotations Are Not Inflated.

LONDON, Jan. 20, 6.15 p.m.—The government's efforts to fix a maximum price on manufactured steel, according to the Central News' Glasgow correspondent, is threatened with failure owing to the strong opposition of the steelmakers, who hold that the market values are justified by the unprecedented high cost of hematite and the high freight which are resulting in a great scarcity of iron ore imports.

PROVINCE OF QUEBEC SHOWS FAIR SURPLUS

Nearly Two Hundred Thousand Dollars Left, Despite War Strain.

QUEBEC, Jan. 20.—Hon. Walter Mitchell, provincial treasurer, in the Gouin cabinet, in presenting his budget speech today showed the ordinary revenue for the 12 months ended on June 30 last, amounted to \$9,597,925 and the ordinary expenditures to \$8,320,257, which left a surplus of \$1,277,668, of ordinary revenue over ordinary expenditure. Extraordinary expenditure was, however, \$380,258, and war donations \$692,994, leaving an actual surplus of \$194,416.

DOCTORS AND NURSES MOBILIZE IMMEDIATELY

Ottawa Order Received at Toronto Military Headquarters Last Night

FOR ENGLISH HOSPITAL

New Overseas Battery Will Be Formed in City Soon—Seventy-one Recruits Yesterday.

An order has just been received at Toronto University headquarters from Ottawa, calling for the immediate mobilization in this city of the doctors and nurses who will form the staff of the Ontario Government Hospital at Orpington, England.

Toronto has been chosen as the mobilization point because of its central location, and so that an orderly room can be established in the parliament buildings. Thirty-two doctors and 31 nursing sisters from all parts of the province will form the staff of the Ontario Government Hospital. The names of the doctors and nurses will be issued shortly.

A new department at military headquarters, Exhibition camp, will deal with the paying of returned soldiers; M. H. Chadwick will be paymaster. Enlistments in Toronto total 71 yesterday. Of these the 134 Highlanders received 35 and the Q. O. R. Overseas Battalion 19.

A new overseas battery will be formed in Toronto very soon. One hundred university men are expected to join it.

Band Concerts. A grand military band concert will be given this (Friday) evening in the armories, after the parade of the 48th Highlanders and the 134th Battalion C. E. F., at which the friends of the regiments and the public are cordially invited. Recruiting will proceed at the same time for the new overseas regiments, which is now over six hundred strong.

Tomorrow (Saturday) night, under Queen's Own Rifles auspices, another splendid concert will be given. The 33rd Battalion and Q. O. R. Brass Bands will take part, moving pictures will be shown, and prominent Toronto speakers will make addresses. The public is invited.

Wounded Arrive Home. Another contingent of returned wounded soldiers arrived in the city at 7:30 this morning. They will be met at the station by the voluntary aid committee. After going to the military Convalescent Hospital, College street, where they will receive their cheques, they will go home on pass.

Church parades next Sunday for 12 sections of the overseas troops have already been arranged for: Roman Catholics at Exhibition Camp parade at the dairy building at 3:15 o'clock. Catholics at Riverdale will go to St. Paul's, East Queen street. The 33rd will go to Old St. Andrew's; 32nd to Carlton Street Methodist; 74th to St. Stephen's (Anglican); 75th Wesley Methodist; 81st St. Anne's, Gladstone avenue; 86th, Church of Epiphany; 97th, Cowan Avenue, Presbyterian; 123rd, Broadway Methodist; 124th, Trinity Methodist; the Artillery, Medical Corps and Army Service Corps, to Chalmers, Presbyterian Church.

CONCERT IN EARLS COURT.

Under the auspices of the Earls Court Men's Own Orchestra a vocal and instrumental concert was held in the Central Methodist Church auditorium, Ascot avenue, last evening. Mayor T. L. Church occupied the chair.

The following artists contributed to the program: Ruthven McDonald, famous Grierson Quartet, Mrs. Hall, Bert Petch, W. Dickenson, Charles Spencer, Miss Walker, Miss Hurd and others.

INDIANS RECRUITING WELL.

PUT IT IN YOUR WINDOW

If anyone from your home has joined an overseas unit, The Sunday World will give you an excellent chance to show your just pride. In next Sunday's paper will appear a placard, in colors, that can be cut out and displayed in the window of a home, shop or factory, with space to show just how many "are serving King and Country from here." This is but one of the general features of interest in the coming Sunday World. Others will include three-score pictures of war life in Toronto, England and Europe—some of them are of men who have done their duty nobly. There will be several splendid stories of local attraction. From the first page to the last you will find the paper crammed with remarkably good photos, war news, snappy-reading matter, and magazine features. The big feature is the colored window card. Thirty thousand Toronto homes should display this. If your boys are "Doing Their Duty" you should show it—others may thereby be moved to give them the help the Canadian soldiers and the empire needs.

FELL DEAD WHILE AT SUPPER LAST EVENING

T. Chas. Sheppard, aged 68 years, fell dead while eating his supper last night in his home at 1023 Keele street. He leaves a wife and six children. The S.O.B.E., Worcester Lodge, No. 47, conducted its installation of officers last night in St. James' Hall. The officers are: President, J. Rosevear; vice-president, E. H. Ward; chaplain, S. G. Davis; secretary, Geo. Kimms; treasurer, Geo. Nichols; committee, S. Knight, G. Chappelle, R. Collins, C. Topping, supreme delegate, Chas. Topping. District Deputy A. W. Portch was the installing officer. A large number of adjacent lodge members were in attendance.

VALUABLE RED FOX RUN TO EARTH AT SWANSEA

Early yesterday morning Dr. J. A. Williams of Swansea set out to run down a big red fox which had been doing considerable damage destroying scores of Swansea's fancy feathered fowls. Dr. Williams was joined in the hunt by Major Kent and others. The scent was soon taken up by the hound in the freshly fallen snow. After two hours' good running was held up near Grenadier Pond. The hunter at once set to work to dig Reynard out, which was accomplished in a few minutes, the prize proving to be one of the finest specimens of a red fox seen in the Swansea district in years.

RESIDENTS COMPLAIN OF RINK MANAGEMENT

Numerous complaints are being heard in the Earls Court district regarding the manner in which the skating rink at the corner of St. Clair and Boon avenues in the evenings, there is prevailing grounds from enjoying themselves at the only time they have an opportunity after working hours. The rink adjoining the fire hall on Ascot avenue, for the exclusive use of the children, is crowded until closing time.

HOLIDAY DRUNKS SWELL TOTAL FOR DECEMBER

Figures for Past Month Show Increase in Drinking.

November showed a marked decrease in drunkenness from October, there being 881 convictions in the former month as against 947 in the latter. The celebration of Christmas, however, brought December's total to 981, eleven of an increase over October. Cases of drunkenness among women show a satisfactory reduction since the inauguration of the early closing

on November 1. The month of October showed 65 convictions, November 51, and December 43.

SENT GERMAN MONEY TO HOLLAND TO TRADE

Edward Weinacht Made Secret Transference to Agent at Hamburg.

LONDON, Jan. 20, 5.17 p.m.—The case of the British Government against Edward Weinacht, former foreign manager for the Adams Express Company, who was indicted on three accounts for alleged violation of the "Trading with the Enemy Act," was begun in the central criminal court today, and the prosecution sought to prove by evidence of employees of the express company that on Nov. 13, 1914, Weinacht, acting with an English accountant of the express company, transferred more than 5000 marks from the London office to the German agent of the company at Hamburg. This transaction was completed secretly, the prosecution contended, without the knowledge of other employees of the company, and an attempt was made later to conceal the alleged illegality of the operation by changing the entry books.

The defence, on cross-examination, attempted to establish that the transaction was consummated at Rotterdam after the funds had been transferred from London, and that Weinacht's intention in removing the money from London was only to make use of the money in Holland, since it was worthless in England. The case went over.

at the rear of McCaul street yesterday. He was taken to the General Hospital in the police ambulance.

LOTS WERE NOT FIT TO BE BUILT UPON

So Stated Witness in the McCutcheon Case When Describing Western Property.

IN PERILOUS POSITION

Enormous Profits Realized in Comparatively Short Spaces of Time.

Further interesting evidence was given at the trial of the McCutcheon Bros. yesterday when W. D. Spence, the first crown witness, was again put in the box. The questions asked the witness were all in connection with the syndicates promoted by the defendants and some facts regarding the nature of the properties sold were brought out. Parts of property on the millie outside of the city of Prince Albert, which at that time had a population of 14,000, were described by the witness as slough, water-covered and brush. When pressed by the crown he stated that the lots were not fit to be built upon. Another piece of land called Central Park was also under certain sections for building purposes. This property was bought by the McCutcheons on November 1, 1911, for \$17,000, and sold eighteen days later to the Northern Saskatchewan Financial Company for \$48,000.

Asked what he knew about the Athabasca property, Mr. Spence replied, "The Connaught Park was bought on January 13, 1912, for \$23,000 and syndicated on the same day for \$64,000."

Enormous Profits. In another case a 160-acre property near Regina was purchased for \$172,800 and sold shortly afterward to a number of English investors at a profit of \$148,000. In his evidence the former secretary-treasurer of the firm referred to many other transactions in which enormous profits had been realized in comparatively short periods of time.

Many times during the examination Hartley Dewart, K. C., and I. F. Hellmuth, K. C., defending the accused, protested against the questions asked by N. F. Davidson, K. C., acting for the crown, and were usually upheld by Mr. Justice Middleton. At one point after Mr. Spence had spoken regarding the Connaught Park deal Mr. Hellmuth addressed his lordship on the question of certain documents in possession of the crown. "I am instructed that these documents were in possession of A. K. Goodman, who was our client's solicitor," he said. "These books belonging to us and should be produced. We cannot get them."

Mr. Goodman is assisting the crown and strong objection was taken to this by the defending counsel. In reply to his lordship, who enquired whether any attempt had been made to get the books, Mr. Hellmuth replied in the affirmative, but he maintained that the books had no right to be in the crown's possession as they belonged to the syndicates.

Force Him to Speak. Mr. Davidson was prepared to use whatever evidence there was available and this led Mr. Justice Middleton to remark to Mr. Goodman that he placed himself in a very perilous position.

Mr. Hellmuth declared that he would put Mr. Goodman in the box before the conclusion of the case and force something out of him. "If a crime has been committed a solicitor has no privilege," said his lordship, putting an end to the altercation.

Taking up the cross-examination, Hartley Dewart, K. C., asked Mr. Spence how the offices of the company were named. The witness stated that in his office there were six clerks and it was quite possible that mistakes occurred in the books. He declared that on his return from England, where he spent three or four months, he found several of the books in bad condition. "Some deals were not entered at all and other things were missing from the books," he said.

WILLS PROBATED

Joseph Shelton, who died at Fern Hill, Oxford road, Southampton, England, May 12, 1915, left an estate valued at \$712,610. At the surrogate court yesterday, ancillary probate of the estate was granted to the executor, except of \$9082 in stock invested in Ontario, the remainder of the money is in the old country.

By his will, made Oct. 4, 1914, John Gregg, his coachman, receives £200; £100 to his property repairer, John Aspinwall; £100 to his plumber, William Collins; £500 to his friend, James Forest, a stock broker; £250 to Dr. Mewburn Brown, his medical adviser. The income from the residue of the estate passes to a brother and sister of the deceased, living in England, and on their death to relatives.

An estate worth \$19,000 was left by Arthur Pearson, real estate agent, who died in Wellesley Hospital, Dec. 15 last. By his will, made six days before he died, Mr. Pearson ordered that his son Melville and his daughter Adelaide receive \$1000 each. The residue of the estate passes to the widow and executrix, Mrs. Jean Pearson.

Mrs. Annie Cunningham, who died intestate, Dec. 21, 1915, left \$9949, which will be shared by the husband, William Cunningham, three sons and two daughters.

PROMOTION OF PUPILS BY INSPECTOR ONLY

British Imperial Association Objects to Board of Education Taking a Hand.

A meeting of the British Imperial Association was held on Thursday in Little's Hall, Bessborough street, Toronto, P. C., occupied the chair. The meeting discussed the question of the action of the board of education in recommending pupils attending public schools for promotion. The general feeling of the members was that the idea was wrong in principle and that the inspectors of the public school should have the privilege of promoting the children.

A complaint was received regarding the dense volume of smoke pouring from Miller Bros' Lauder avenue chimney, to the inconvenience of the residents of the district. It was resolved to communicate with the York Township Council in this regard. It was also resolved to request the board of education to assist the military

Veiled Insinuations Are No Argument!

The Citizens' Committee of One Hundred, in referring to their petition to be circulated, say that

"Unless you are financially interested in the Liquor Traffic, you can hardly refuse to sign."

Surely a cause which makes pretensions to a high plane of morality ought not to require bolstering up with veiled insinuations as to the honesty of purpose of those who disagree, and do not favor signing this petition.

What of the Thousands

whose ideas are not so warped and twisted that they cannot see the injustice of depriving men of their votes on a question affecting their rights and privileges while they are away to fight our battle?

What of Other Thousands

of temperate men in all walks of life, who are neither prohibitionists, nor interested in the liquor traffic, but who are opposed on principle to stirring up an internal strife and introducing bitterness into our relations one with another, when all should be working in harmony to the one end of winning the war?

What of Other Thousands

who know that Ontario Liquor Laws are among the most restricted, and the best administered in the world, and who believe that the short-hour day recently introduced is sufficiently advanced legislation for the present needs?

What of Those Thousands

of citizen soldiers whose absence on the supreme duty of fighting for their country deprives them of their right to fight for themselves here at the polls?

Do all these classes of citizens exist? They do.

Then why sneeringly insinuate that the man who is unwilling to sign a prohibition petition at this time is financially interested in not doing so?

It has ever been, that men engaged in promoting what they believe to be a moral cause have assumed an air of self-righteousness and superiority of purpose, and have sought so to place themselves and their ideas before the public, that those who disagree with them must be deemed wanting in the qualities of good-citizenship.

AUCTIONEER ARRESTED ON CHARGE OF FRAUD

On the complaint of Mrs. Alice Kenmore, 210 Pearson avenue, Francis Bedell, auctioneer, 461 College street, was arrested last evening by Detectives Leavitt and Mulholland, on a charge of obtaining money by false pretences. Bedell purchased a piano some time ago on the instalment system, on which he had paid \$6. He sold it to Mrs. Kenmore from whom it was subsequently taken for non-payment. He is also charged with having obtained \$10 by fraud.

BIRTHDAY GREETINGS FOR CELEBRATED FIRM

Hundreds Flocked to Recital and Inspection at R. S. Williams Company.

A UNIQUE COLLECTION
Products of World Renowned Makers and Instruments of Old Masters on View.

Yesterday several hundred people called at the R. S. Williams building with birthday greetings, and to enjoy the excellent programs put on in the recital hall throughout the day. The R. S. Williams and Sons Company, Limited, were in gala array on the occasion of their 47th birthday anniversary when the products of 25 world renowned makers were to be seen during the tour of inspection.

The Williams building has five floors devoted to retail and five to wholesale business. On the fifth floor is to be seen a unique collection of valuable old violins more than the famous Ayleford Stradivarius, valued at \$10,000 and dating from the period of 1720. Other antique instruments of rare value were also shown in the cabinets displayed on this floor, in connection with which was shown the violin repair department, supervised by a famous expert from abroad.

Unique Feature.
The unique feature of the R. S. Williams business is the fact that they carry so many widely represented makes in all departments. On the piano showroom floor may be viewed no less than nine makes. These include Chickering, Williams, Apollo Solo Electric, Ernsa, Everson, Martin-Orme, Finness, Krydner, and the Canadian Piano, all of which possess the most superior qualities.

The fact that over 80 per cent. of the famous artists who come to play in Toronto use the Williams pianos, shows where the popular favor lies. The importance of Thomas A. Edison's recent invention—the Edison Diamond Disk, was emphasized in the phonograph department where both the Edison and Victor makes were displayed.

KNITTERS CONGREGATE AT WORLD BUILDING

Fourth Floor Filled With Willing Workers for "Sox Day" Campaign

ENJOYABLE PROGRAM

Small Sacrifice on Part of Citizens Means Much to Boys in Trenches.

The largest attendance yet on record filled the fourth floor of the World Building yesterday afternoon when Mrs. O. B. Sheppard presided at the donation tables which were heaped high with beautifully knitted sox. A very enjoyable program added yesterday's success in the knitting room, W. A. Sherwood giving a most inspiring address on "Our Duty to the Empire."

"This splendid work that you are assisting in today," said the speaker, "is deserving of the most enthusiastic support and I feel sure The World 'Sox Day' will be the success that she promoters are hoping for."

is Well Under Way.
The other feature of the program was contributed by Mr. Sommerville, nephew of the late W. E. Gladstone, who entertained the large assembly with several humorous recitations.

The World campaign is well under way now. There are many clubs and small knitting circles all over the city and in the surrounding towns working in the interest of "Sox Day." But we need every body's help. We want thousands of pairs of sox; not dozens or hundreds, but thousands. There are millions fighting and they all need sox. Will you help one out of these millions to have the necessary comfort which warm clean foot-wear means?

A small sacrifice on the part of every loyal citizen would mean much to some lad in the trenches!

Six ounces of wool makes a pair of sox. It can be purchased for 35 cents. If there is any point concerning "Sox Day" that you wish explained, please phone "Sox Day" convenor, Main 5208.

JEWISH AID SOCIETY HELPS MUCH IN RUSSIA

Hundred and Seventy Thousand From War Zone Relieved by Organization.

PETROGRAD, Jan. 20.—None of the voluntary relief organizations at work with the war refugees, has gone about its task with greater skill than the Jewish, whose central committee is in this city. According to its information 250,000 Jewish residents of the territory now occupied by the Germans and Austrians were sent away by the military authorities, and 200,000 left voluntarily. There are now 170,000 Jews receiving help from the Jewish committee and their number is growing; scanty financial resources having helped many to keep their feet up to the present. Employment agencies have been opened in thirty-one cities and ten workshops have been equipped. The greatest and most useful help has been afforded in the extension of credit thru co-operative loan societies.

NO DECISION REACHED AT LIBERAL CAUCUS

Laurier to Decide Party's Attitude Towards Extension of Term.

OTTAWA, Jan. 20.—It was unofficially stated by Liberal members this afternoon that it had been decided to leave the matter of the attitude of the party towards the bill to extend parliament in the hands of Sir Wilfrid Laurier. The caucus this morning could reach no decision.

GRIBBLE GOES TO JAIL.

Socialist is Punished for Using Seditious Language.

ST. JOHN, N. B., Jan. 20.—Wilfrid Gribble, Socialist, was sentenced today by Judge Crockett to two months in the county jail here for using seditious language. He was convicted last week.

Application of counsel for Gribble for a reserve case was denied. Gribble appeared at the King at a public meeting, and also said the phrase "Your King and country need you" should be "Your King and country bleed you."

RUSSIANS SEIZE CENTRE OF GERMAN PROPAGANDA

Town of Kum Celebrated for Sanctity Thruout Mohammedan World.

LONDON, Jan. 20.—Kum, the headquarters of German agents in Persia, which just fell into the hands of the Russians, is an important place strategically, as it stands at the junction of roads leading to Teheran, Isfahan, Yezd and other points. It is the centre of the telegraph system of Persia, and its occupation by the Russians restores communication between the allied colonies in different parts of Persia. The German minister, the Prince of Reuss, the disbanded remnants of the Persian constabulary, with some of their Swedish officers, and a number of

German and Austrian military prisoners, who escaped from the Russians, had gathered at the town before the Russians came.

Kum is an interesting place historically, as it contains the shrine of Fatima, the immaculate, who died in the year 116. The mosque which stands over her remains is celebrated for its gilded dome and minarets, which can be seen at a great distance away. Many of the old Persian kings were brought there for burial, and lie in the cemeteries under slabs of flat stone. Because of its shrine, Kum has a reputation for sanctity thruout the Mohammedan world.

MONTENEGRO RESOLVED TO BATTLE TO FINISH

No Formal Negotiations for Peace Entered Upon—Government at Scutari.

LONDON, Jan. 20.—An official French statement received by wireless from Paris, says the Montenegrin army never capitulated, and, in fact, that no formal negotiations for peace were entered upon. King Nicholas is said to be at Podgoritza with his troops.

Sir John Roper Parkinson, consul-general in London for Montenegro, today received official confirmation of the report that King Nicholas of Montenegro, and his sons, would remain at the head of their troops, determined to fight to the last. Queen Minea and two of her daughters, the despatch adds, have reached Italy on their way to France.

BRITISH RED CROSS HAS MORE THAN A MILLION

Total Contributions From Province Include Large Amounts.

The central committee of the British Red Cross fund practically closed up its office yesterday and announced a grand total from the province of \$1,512,872.86. In this amount is included about \$15,000, subscribed by some municipalities, but which will not be included in Dr. Abbott's report because the money arrived too late. Among this class is Windsor's donation of \$12,000. The moneys too late for the

Ontario contribution will be sent by the provincial treasurer to the London fund.

RYNDAM REFOATED NOW AT HOLE HAVEN

LONDON, Jan. 20, 4 p.m.—The Holland-America line steamship Ryndam, which after an accident, resulting in the death of three stokers and the injury of four others, ran aground at Gravesend yesterday, was floated today. The vessel is anchored at Hole Haven.

FACTS VERSUS FALLACIES

"Prohibition prevents the regulation of the liquor traffic and the collection of the public revenue; it does not prevent excessive and most demoralizing use of liquor in secret and exultant violation of the law."

Geo. E. Waring, Jr.,—"OUTLOOK"

Nothing has hurt the cause of Temperance so seriously as the delusion that a law on the statute books will prohibit the sale of liquor.

STAND BY THE LICENSE SYSTEM

Government Statistics on Insanity

The Report upon Ontario Hospitals for the Insane for the year 1914 gives the following figures: 1,351 cases were admitted during the year, of these Alcohol was attributed as the cause in 76 cases only—or 5.63 per cent.

Now you see why those in favor of Prohibition prefer to make a general statement, rather than present true facts—they realize that less than 6 per cent. of the cases is not sufficient basis for their attack upon the use of these beverages.

Government Statistics on Mortality

The small number of deaths actually due to Alcohol comes as a surprise to those who have heard Prohibitionists loudly allege that liquor is responsible for thousands of deaths every year in the Province of Ontario.

In the year 1914, according to the Registrar-General's Report of Deaths in Ontario, only 89 out of a total of 32,440 were attributed to alcoholism, acute and chronic. This is less than one-third of one per cent.

A Just Cause Does Not Need Exaggeration

When those in charge of the Prohibition Movement find it necessary to use, in support of their arguments, figures which do not exist or are not in accordance with the Government statistics, they acknowledge that the true facts do not justify their campaign. For instance, they quote that drink is responsible for ninety per cent. of the Crime in Ontario, although, as we have shown in an earlier paragraph, there are no statistics on the subject.

Drunkenness Increases Under Prohibitory Legislation

Year	Total Number Licenses	Commitments for Drunkenness
1900	2,948	2,282
1905	2,691	3,941
1910	1,938	5,291
1911	1,841	5,827
1912	1,774	6,613
1913	1,680	8,363
1914	1,593	8,848

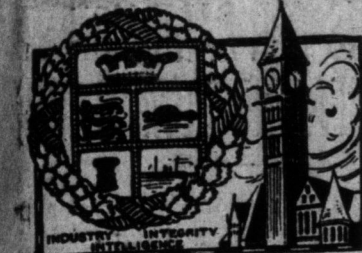

The 1914 report of the Ontario Liquor License Bureau reveals the fact that with an ever increasing growth of Territory under Local Option in the Province, there also is a steady increase in the number of commitments for drunkenness. Here are the actual figures:

The number of commitments for Drunkenness is EXCLUSIVE of the great number of charges that were not pressed because the accused gave evidence against the illicit dealers. The Government of Canada and of Ontario will furnish you with these reports. Study them and form your own opinions. You will realize that

NEWS FROM THE CITY HALL

CITY HALL NOTES

FORCE COMPANIES TO RELINQUISH FRANCHISES

Legislature is Being Urged to Assist City in Getting Control of Trolleys.

CONTRACT AWARDED

Controllers Decide to Build Mount Pleasant Road Bridge of Concrete.

That old stand-by over which the board of control, as well as the city council, has so often argued, viz. the filling of Catfish Pond, was again before the board yesterday. There were other matters which made the session a long-drawn-out affair, and these had to do with what was termed the head of the department.

It was during this session that Controller Cameron suggested that when letters relating to departmental matters are received, they should go direct to the head of the department interested. The idea suggested itself when a communication was read from a resident protesting against the city dumping ashes and refuse on a vacant property in the city.

When it was stated that the successful tenderer for the steel and concrete Mount Pleasant road bridge was to be withdrawn owing to an advance in the price of steel, the whole question was re-opened. Ald. Risk, appearing before the board, said the people wanted a concrete bridge, but Controller Foster thought they did not want the expense.

Reduce Telephone Rates. Mayor Church introduced the subject of lower rates for telephones in Toronto. He said it would cost about \$3000 to secure an expert and get evidence against the company.

Contracts for sewer pipe will be awarded by the board this afternoon. The lowest bid is for the contract for each part will be accepted. When the figures are the same the Toronto firm will get the work.

WANTS MONDAY MILK SUPPLY TO BE FRESHER

Medical Officer of Health Says Railways Should Give Better Service.

Dr. Hastings, medical officer of health, is making application to the Dominion Railway Commission for better regulations in regard to the transportation of milk. He contends that as the steam roads do not carry milk on Sundays, Monday's supply is not as fresh as it might be.

HOW TO PREVENT ACID STOMACHS AND FOOD FERMENTATION

By a Stomach Specialist. As a specialist who has spent many years in the treatment of stomach troubles, I have been forced to the conclusion that most people who complain of stomach troubles possess stomachs that are absolutely healthy and normal. The real trouble, that which causes all the pain and difficulty which is added to the stomach, usually due to acid irritated by food fermentation.

Ald. Beamish is ill.

T. J. McMullin was yesterday appointed chief engineer of the high level pumping station.

The assessment on St. Vincent de Paul Church was canceled by the board of control yesterday.

A reception will be tendered Frederick Palmer, the author, in the council chamber next Wednesday.

Dr. C. J. Hastings, M.O.H., spent yesterday in Ottawa, where he lectured to the Local Council of Women.

Mechanics were advertised for by the city labor bureau yesterday, and 12 carpenters sent to Ferry Sound.

The deputy city treasurer was yesterday authorized to guarantee the debentures of the Industrial School Association.

Based on their appeal upon the fact that their houses have been vacated, 170 owners appeared before the court of revision yesterday.

No cases of typhoid have been reported to the M.O.H. this month. There are, however, 60 cases of measles and three of meningitis.

It was decided by the board of control not to rebate the taxes on the 109th armories on Pearl street, amounting to between \$1800 and \$1400.

Works Commissioner Harris had 538 men cleared away from the streets yesterday and Street Commissioner Wilson had 139 extra men employed.

Property owners to the number of 100 having vacant property on their hands appealed to the court of revision yesterday for a rebate on their taxes.

About \$300,000 more than the original estimate of \$800,000 is required to complete the Toronto-Hamilton highway, and of this amount Toronto will be asked to pay \$75,000, making the city's total contribution \$225,000.

Manager Fleming of the Toronto Street Railway does not like the suggestion of Mayor Church that legislation be applied for to compel the Street Railway Company to carry soldiers free. "It is a piece of the grossest impudence," he declared.

The Toronto Hydro-Electric Commission will ask for a conference with the board of control in order that it may urge upon the city its need for the \$1,375,000 required for general extension and for which application was made last July.

The action of the board of control which recently promised the delegates to the coming Shipmasters' Convention a dinner and drive was confirmed, although Controller Foster wanted the matter opened and the dinner taken out of the program.

A building permit was yesterday issued to the Laura Second Candy Company for a factory on Princess street to cost \$7500. Also to the Toronto Laundry Machinery Company a permit was issued allowing the erection of an addition to its munition plant at a cost of \$2800.

MEANS BIG LOSS TO CITIZENS OF TORONTO

Cement Contract Awarded to High Tenderer Because Fair Wage Clause Was Inserted

The fact that the inserting of the fair-wage clause into the city's contract for cement for the year will mean a loss of \$13,000 to the citizens of Toronto, did not in the least influence the board of control when the matter was dealt with yesterday. The contract was awarded to J. E. Russell, although his price was higher by \$8000 than the tender of the Canada Cement Company, because he had not eliminated the fair-wage clause, as was done by the latter company, they claiming that it was impossible to enforce the clause.

Following the awarding of the tender the price of cement tumbled considerably and now the city is able to buy in the open market for \$1.25 per barrel, this reduction showing a saving of \$13,000 on the contract price.

City's Interest in Law. The departmental report of City Solicitor Johnston for the last quarter of 1915 shows that the city is interested in no less than 88 cases that are still before the courts. Fourteen superior and county court cases were disposed of during December as well as 65 police court cases, the fine imposed in the latter amounting to \$435. Sixty-six arbitrations and 31 applications to the railway board are pending.

KINGSTON SALVATIONISTS RESPOND WELL TO CALL

Fifty Bandsmen Have Enlisted—Lt.-Col. Hughes is Con-Valencing.

Special to The Toronto World. KINGSTON, Jan. 20.—The Salvation Army Band has been crippled owing to the fact that 40 of the members have volunteered for overseas service. The ladies are coming forward to fill the gap. Ten have already joined the band, and more are expected to put it to full strength.

Lt.-Col. W. S. Hughes, brother of the minister of militia, in command of the 21st Battalion is ill in London, Eng. He is suffering from German gas and has lost 30 pounds. He is doing nicely, however, and expects to return to the firing line shortly.

PORT HOPE'S WELCOME.

Special to The Toronto World. PORT HOPE, Jan. 20.—Pte. Ashman, who went to the front from Port Hope with the 40th contingent, has been invalided home. He was met at the depot by Mayor Muirhead and members of the Port Hope Council. Lt.-Col. Smart and men of the 136th Battalion, and escorted to his home.

DETENTION OF MAILS STIRS UP CONTROVERSY

Protests From Britain and Sweden Cross Each Other Without Result

LONDON, Jan. 20.—The controversy over the detention of international mails is widening in scope, without any signs of settlement. The Anglo-Swedish phase of the controversy is attracting most attention, but other nations affected are watching developments closely, and, according to indications, are prepared to intervene with something more formal than the enquiries with which they have already deluged the foreign office.

JOIN THE QUEEN'S OWN

This is the crest of the Q.O.R., which will be included in the crest to be worn by members of the 166th (Queen's Own) Overseas Battalion. first-class postal correspondence on vessels detained at Kirkwall is not being seized or censored, but this mail is undoubtedly delayed while parcels post cargo vessels are being examined. For instance, the liner Stockholm, which was taken into Liverpool in order to discharge a portion of her cargo for the prize court, had 600 bags of mail on board, and even tho this was transhipped, some delay would result. Less is heard of the government's interference with mails at Falmouth, but it is known that Holland-American liners are being carefully searched, and since this search includes the examination and possible censoring of first-class mails, the only way liners can get away on time is to leave their first-class postal matter behind to be placed on board the following steamer.

LONDON, Jan. 20, 7:05 p.m.—Today's heavy slump in Egyptian cotton in the Liverpool market is understood to be due to liquidation of heavy stocks accumulated at Alexandria in anticipation of the allies being able to force the Dardanelles in which case the cotton was intended to be used to supply the Russian market.

FRIDAY MORNING, JAN. 21.

A Basis for Legislation

Some radical measures are suggested in the report of the Ontario Commission on unemployment, or at least that which has been regarded as radical a generation ago. The whole question of unemployment is being spread out on a new level. It is no longer a question of charity, a word that stinks in the nostrils and raises discords in the ears of all who have to suffer its infliction, either in word or act.

A man out of a job, the jobless man, to use the phrase often adopted, is no longer accused of a crime. He is recognized as an imbecile of our social and economic system. This principle has been practically accepted by the commission, and the result is a series of recommendations, which, if endorsed by the government, will do much to place Ontario in the front rank of civilized communities, and will have a corresponding benefit on the provincial resources in population, labor and development.

The main idea in the new movement for the regeneration of society is not primarily moral but economic. The lesson has been learned, after a lot of hard and slow and bitter experience, that it does not pay to neglect the humanities, or in other words, that society reaps as it sows. If it refuses to be its brother's keeper it will have to pay double to a deputy guardian, and a lot more to the outcast. Instead of having a jobless man, unproductive and a burden to the community, the aim is a man in work who means production, wealth and progress.

Another modern note in the report is the suggestion about getting the landless man on the machine land. No province in the Dominion has a greater need for the consideration of this idea than Ontario. The clay-belt of Ontario cries out for settlement, but the unemployed cannot settle it, and the men with some money prefer to go to the prairie where they can get a full crop the first season, or if they prefer the east they can buy a farm in old Ontario for much the same outlay as is required to clear one in the new lands of the north.

The tax reformers have also been able to achieve recognition in the report, a change in the present method of taxing vacant land being recommended. "It is evident," says the report, "that speculation in land and withholding from use and monopolization of land suitable for housing and gardening involve conditions detrimental to the community and to persons with small means. Further, land values are peculiarly the result of growth of population and public expenditures, while social problems greatly increase in proportion as population centralizes, and the relief of urban property calls for large expenditures from public and private sources. It appears both just and desirable that values resulting from the growth of communities should be available for community responsibility."

The time has surely come when action of this character must be taken. Attention has been called to the growth of values in suburban areas, but these are nothing to the gigantic increments in city property from which the community derives no benefit, but is loaded with much expense.

Such a comprehensive and well-grounded report cannot be ignored and it is to be hoped that it has been issued in time for the government to take action upon it at the ensuing session of the legislature. The commission has done its work creditably, and it deserves to have some result from the trouble taken. The government cannot afford to pigeonhole the document like so many others.

Compliments for the commission are somewhat of the nature of slurs on the secretary of the labor bureau. It will be wondered why the bureau has not presented this report or one like it any time in the last ten years.

Up in Queen's Park

Some influence is at work in the parliament buildings these days, and if the credit is due to Premier Hearst

he deserves honorable mention. The new department of public highways was established by legislation some time ago, but has only now come into force. The appointment of Mr. W. A. McLean as deputy minister is a guarantee that the work will be done in the best possible way. There is no more necessary work in the province, and with the need and the assurance of a satisfactory performance, no more is required to indicate the importance of the new appointment.

We hear that there has been a shake-up in some of the other departments, and this is well. Another thing badly wanted is more ventilation and fresh air through the building.

Among the Little Nations

Whether the war fever which is running so high in Europe at present will attack the little nations as well as the great, is perhaps the latest problem of the war situation. Greece has two minds about the matter, the king and his party having one view, which is nominally to keep out of fighting; and the popular leader and the majority of the people having another, which urges them to take part with the allies in restoring to Europe the traditional standards of honor and justice, which all the nations were supposed to respect.

Greece, thru her present sovereign, has broken her treaty undertakings with Serbia, even in face of the protests of the prime minister in power. His resignation alone prevented a revolution, which even yet King Constantine is understood mortally to fear. The guards are reported to be doubled on the royal palace, and the monarch himself dreads assassination. His father passed by this road, and the son may well stand in awe.

Spain is said to be contemplating a coup in Portugal, where revolution has been holding sway for some years. The Portuguese would probably prefer revolution at its worst to Spain at its best. Whether King Alphonso is in a similar state to King Constantine, since their wives represent the contending interests, any man with an alien enemy for a wife can appreciate the situation.

Sweden is also reported to be quite excited over various affairs arising out of the war, censoring of letters, blockading and other features of the allied campaign. In addition there has been a good deal of German influence used to irritate and increase the excitement. Sweden is rather nervous about the growth of Russian power, but there does not seem to be any reason why Sweden should fear Russia any more than Germany. The King of Sweden belongs to a plebeian family and cannot boast any divine rights after the manner of the kaiser, but he probably has the monarchical spirit as big as any pedigreed king on the continent, and if he has he will not be found on the side of the democracies of Great Britain and the Republic of France.

Norway, Denmark and Holland are keeping very quiet and behaving just as well as if they were little children being good, while the elder brothers were having a thrashing. When the rod is in use it is well to behave, for very slight provocation sometimes brings on a castigation when the castigator has his hand in.

We are inclined to think that the little nations of Europe will take pattern after the United States, which is not a little nation at all, but one of the greatest of them all, and has had more provocation than any, and only writes letters to say how badly she feels about it. The little nations will find it wise to stick to the correspondence bureau.

FOUR RECRUIT GROUPS SUMMONED TO COLORS

Hundred Thousand Young Men Join Army Immediately Under Earl Derby's Scheme.

LONDON, Jan. 20.—Groups 2, 3, 4 and 5 of recruits who enlisted under the Earl of Derby's plan were formally called to the colors today, in accordance with the proclamation of Dec. 15. These groups, the first Derby recruits to be called out, are composed of unmarried men from 19 to 22 years of age.

In order to prevent congestion at the recruiting offices and to cause the smallest possible inconvenience to the men, only the first drafts will actually begin training at once. The other drafts will be summoned on succeeding days.

IMPUTATION RESENTED BY SIR EDWARD GREY

Statement Reflecting on Blockade's Effectiveness Termed Grossly Unfair.

FULLER REPLY LATER

Labor Member's Proposal of Conscription of Wealth Coldly Received.

LONDON, Jan. 20.—"Grossly unfair and entirely misrepresentative of the facts" was the characterization given by Sir Edward Grey, secretary for foreign affairs, to a question asked in the house of commons this afternoon by Rowland Hunt, Unionist member for the Ludlow Division of Shropshire, regarding the recent publication of a statement on American trade returns in support of the campaign for a stricter blockade of Germany by the British fleet.

Mr. Hunt desired to know "whether the foreign office has been aware of the state of things demonstrated by the American trade statistics, and, if so, can he (Sir Edward) say how much longer our navy is to be crippled by the foreign office, the war prolonged, and many more thousands of our men sacrificed."

Sir Edward Grey, who spoke with considerable emphasis, replied: "I understand this question is to be discussed next week. I must, however, say the statement and question are grossly unfair and entirely misrepresentative of the facts. I will reserve any further statement until the discussion next week."

Against Wealth Conscription. A suggestion made by William C. Anderson, Labor member for the Attercliffe Division of Sheffield, that as a pendant to the military service bill another bill should be introduced for the conscription of all surplus wealth and landed estates, had a chilly reception.

Premier squith declined to give facilities for such a measure. He reminded Mr. Anderson that considerable steps in the direction indicated already had been taken by the income tax, by the super-tax, and by the excess profits tax. The prime minister added:

"I need hardly say it may be necessary to impose further burdens of this character. Meanwhile I cannot anticipate the measure which may be imposed in the future finance bill by giving the suggested facilities."

FIVE HUNDRED DOLLAR JUDGMENT FOR ASSAULT

Alex. Orr Must Pay for Abuse of Architect's Wife.

Neil Beggs, an architect, and his wife Agnes, were awarded \$1000 and \$500 damages respectively by the jury in the assizes, in their suit against Alexander Orr, a contractor, for assaulting Mrs. Beggs on Jan. 11 last. Beggs claimed \$2000 and his wife \$5000. Orr denied the assault and alleged that Mrs. Beggs had been knocked down by her husband while attempting to keep him from hitting

FAMILY ROW RESULTS IN POLICE COURT FINE

Louis and Jennie Handelman Must Pay Fifty Dollars Each.

Following the family quarrel indulged in by the Handelmans of 170 Terauway street, Wednesday evening, the parents and children faced Col. Denison in the police court yesterday to explain the whole affair.

The parents admitted their part in the quarrel, but the children repeatedly asserted that they had done nothing whatever to stir up strife. Confession gained freedom for Yardman and Sam, the parents, but Louis and Jennie, their children, were fined \$50 and costs or 30 days for perjury.

GIVEN PRESENTATION. Miss Ada Silverberg, captain of 26th company, Girl Guides, who is leaving for New York, was presented with a framed photo of the Toronto officers and a beautiful bouquet sent by Lady Pellatt from "Casa Loma." Addresses were made by Miss Jacobs, senior captain, and by Miss Mairs.

AYLMER SEVEN MILES FROM KUT-EL-AMARA

Relief Expedition Advancing Without Any Resistance From Turkish Forces.

ALL IS QUIET AT KUT Sir Percy Lake Has Assumed Supreme Command of British.

LONDON, Jan. 20.—Gen. Aylmer's forces, marching to the relief of the British surrounded at Kut-el-Amara, advanced to within seven miles of Kut-el-Amara last night without coming in contact with the enemy. It was officially announced in the house of commons this afternoon. The announcement was made by Secretary for India Chamberlain, and was greeted with cheers.

Gen. Sir John Nixon, who retired from command of the British Mesopotamia forces because of ill-health, is on his way home, Chamberlain announced. Gen. Townshend, commanding the British forces at Kut-el-Amara, reports there has been no fighting at that place. Mr. Chamberlain also announced that Lieut.-Gen. Sir Percy Lake yesterday took over the supreme command of the Mesopotamia expedition from Gen. Sir John Nixon, who has been invalided home.

GERMAN AIR SERVICE UNEQUAL TO ALLIES

Hostile Aeroplanes Never Fly Above Lines of British and French.

LONDON, Jan. 20.—The assertion made by a section of the British press that the German aerial service recently had been perfected to such a point as to surpass that of the British is not endorsed by Harold J. Tennant, parliamentary under-secretary for war. Mr. Tennant said in the commons today that the military authorities were satisfied that British airmen had given a good account of themselves in recent fighting.

The German method of fighting in the air, Mr. Tennant continued, is of a defensive nature. The new Fokker monoplanes, which have been described in the press as superior to those of the allies, are well adapted for defensive work, but are incapable of making long flights. If the Germans adopted the offensive and went behind the British lines, he thought they would meet machines quite equal in efficiency and speed to the Fokker.

Nearly all flights in the air occur on the German side of the line, Mr. Tennant added, and therefore, the Germans, "while concealing their own casualties, can advertise ours."

"THE RIDEAU" AND "THE YORK"

Ideal Day Trains Between Toronto and Ottawa.

The popular Canadian Pacific day trains, "The Rideau" and "The York," between Toronto and Ottawa, give the public an opportunity to spend a half day in Toronto or Ottawa, going by the mid-day train, returning by the midnight train, only one night on the road.

The route is via the "Lake Ontario Shore Line," thru Whitby, Oshawa, Bowmanville, Port Hope, Cobourg, Trenton, Belleville, etc.

"The Rideau" leaves Toronto (Union Station), 1:45 p.m., arriving Ottawa (Central Station), 10:00 p.m. "The York" leaves Ottawa (Central Station), 1:15 p.m., arriving Toronto (Union Station), 9:30 p.m.

Equipment is modern in every detail, consisting of library, observation, parlor cars, cafe cars and first-class coaches.

Connection from western Ontario points is made at Toronto with the Rideau. Particulars on application to Canadian Pacific agents, or write M. G. Murphy, district passenger agent, Toronto.

PLANS FOR CAMPAIGN NEARING COMPLETION

Headquarters for Forces Have Been Established at Old McConkey Building.

COMMITTEES CHOSEN Business Men of Toronto Entertained at York Club by Sir Wm. Mulock.

Plans for the Patriotic Fund's \$2,000,000 campaign are rapidly being perfected and the organization will be in splendid shape when the start is made on Monday. Headquarters for the campaign forces have been established in the old McConkey building on West King street. The phone number is "Adelaide Two Million."

Committees have been chosen. Thirty district captains have been appointed as follows: J. Tower Boyd, Confederation Life Bldg.; H. C. Cox, Canada Life Assurance Co.; A. F. Rutter, Warwick Bros. and Rutter, West King; G. H. Wood, Wood, Gundy and Co., C. P. R. Bldg.; F. E. Mutton, Ryrie Bldg.; Alex. Auld, Nisbet and Auld, West Wellington street; J. J. Gibson, Traders' Bank Bldg.; Controller O'Neill, 184 Wilton avenue; George Oakley, 278 Booth avenue; R. S. Fudger, Robert Simpson Co.; Alfred Rogers, Ellias Rogers Co., Limited, West King street; E. R. Wood, 26 East King street; A. S. Muirhead, 26 East King street; J. E. Atkinson, Daily Star; W. S. Dinick, 84 East King street; W. C. Nixon, 59 Yonge street. Of this list the five last named compose the campaign committee.

At the York Club last night Sir William Mulock gave a dinner to the 30 representatives of Toronto business men who are captaining the district teams.

Winter Tourist Trips to Southern States. Are becoming more popular every year, largely owing to the increased transportation facilities and modern luxurious equipment, making the journey to California, Florida and other resorts a pleasure instead of a hardship. With one change of cars, you can travel from Toronto to the main line of the Grand Trunk Railway to your destination in the Sunny South, where the facilities are first class and the breezes blow. Meals served in dining cars make it unnecessary to leave the train en route. Round trip tickets are very low fares, giving choice of all the best routes via Chicago, Detroit or Buffalo. Fast trains are run daily from Toronto, etc., making connections with Pullman sleeping cars, dining and parlor-library cars, and first-class coaches, making connections with through trains for the south, etc.

Before deciding on your trip, ask Grand Trunk ticket agents for full particulars. Toronto city ticket office, northwest corner King and Yonge streets, phone Main 4209. edit

GREAT INCREASES IN MISSION FUND RECEIPTS

Big increases in mission fund receipts, which totaled nearly \$200,000, are reported by C. H. K. Caskey, general secretary of the Laymen's movement. The reports show an aggregate increase in the revenues of the various Canadian and United States mission boards of about ten per cent for the year. The total, including 192 foreign mission boards, was \$19,386,250. The increase for the year was \$1,625,379.

WIDOW AWARDED DAMAGES.

Mrs. Beatrice Forbes, a widow, was awarded \$2500 damages by the jury under Justice Clute in the assize court yesterday afternoon against the Toronto General Trust Corporation. Mrs. Forbes sued for \$10,000 for funeral injuries she received when a defendant's motor car collided with a trolley in which she was riding on Aug. 13, 1915.

AT RIVERDALE TONIGHT

Frankie Mack of Philadelphia who boxes Peter Scott of Hamilton. He is a clever lightweight.

THE PRO BOXERS CLASH TONIGHT AT RIVERDALE

Moran v. Madden, Lang v. Britton, Fleming v. O'Keefe on the Card.

Tonight's the night of the biggest professional boxing tourney ever staged in Canada. Riverdale Rink is the venue and the affair is the touring Bowling Club, in aid of the recruiting fund of the 110th Irish Regiment. Never before in the history of boxing in Canada has such a galaxy of boxers been got together for one tourney. The best mitt artists in Canada and the United States will exhibit their wares. As a headliner there is Frank Moran, the Pittsburg heavy who lasted 20 rounds with Jack Johnson, knocked out Jim Coffey on the second round, and is matched for \$45,000 purse with Champion Jess Willard. Moran meets Bartley Madden, the crack American heavy, in a four-round bout.

The semi-windup will see Toronto's old favorite, Champion Hilliard Lang, in action again. The fighting fisherman takes on peerless Jack Britton of Chicago in a six-round bout.

In addition, Frankie Fleming, Canadian featherweight champion, meets Jimmy O'Keefe, the classy New York feather, in an eight-round bout, which promises to be some scrap. Pete Scott, whom Toronto fans have long been wanting to see in action, will stack up against a tartar in the shape of Frankie Mack, the crack Boston lightweight, while Harry Westery, a great local favorite, will mix it with Young O'Neill of Buffalo. A bout has also been arranged between Scotty McKee and Alf Palmer. The latter was among the best welters in the country several years ago, while McKee has won an amateur, middle and heavyweight championships of Canada.

The rush for seats has been phenomenal. The plan is on view at the Toronto Bowling Club, Temperance street, and Ryan's Hotel, 36 Church street, Riverdale Rink is being specially decorated for the occasion. White, as an added attraction, the band of the Irish Regiment will play in public in their new uniforms for the first time.

Among those who will be present will be the officers of the regiment and leading officers of other battalions in the city. Every walk of life will be represented and indications are that it will be the greatest affair of its kind ever held in this country. Apart from the sporting attractions, it has special interest for sportsmen in Toronto, owing to the fact that every seat booked means a little added to the general cause. So it behooves all those who have not booked yet to book right away and avoid the last minute rush.

The officials are: Referee, Lou Marsh; timekeeper, Alf Shirubby; while Dr. W. P. St. Charles will be in attendance.

PATRIOTIC WOMEN TO KEEP TORONTO AHEAD

Will Play Important Part in Big Campaign for Funds Starting Monday.

BADGES FOR CITIZENS

Conveners in Charge of Committees Entertained to Luncheon Yesterday.

When the campaign opens on Monday for the Patriotic Fund's \$2,000,000 the women, as usual, will be well to the front with good will and service. Organization is well in hand under the chairmanship of Mrs. Plumptre. Mrs. H. S. Strathy and Miss Church with a strong committee are planning to co-operate with the educational bodies to secure the assistance of the children.

Higher educational forces will be looked after by Mrs. Falconer and Mrs. McPhedran and Mrs. R. S. Wilson will arrange for special collections among the chapters of the Daughters of the Empire.

The great meeting with which the campaign will close will be under the management of Mrs. A. E. Gooderham, and her committee.

A bureau of information will be under the direction of Miss Gertrude Brock at headquarters. It is likely that other committees will be needed as the work develops and for these, Mrs. Sidney Small will make provision.

A beautiful badge is being prepared which it is hoped will adorn the arm of every citizen on the final day of the campaign. For the evening meeting at Massey Hall on Monday the doors will be open at 7:15 and the speakers will include Sir George Foster, together with civic and county officials.

Reception to Relatives. A special reception for soldiers' wives and children will be held at the city hall on Monday at 2 o'clock.

The conveners in charge of committees were entertained at luncheon at the King Edward yesterday. McConkey's old stand is being fitted up and decorated and will form the headquarters of the campaign.

The committees up-to-date are: Chairman, Mrs. Plumptre; secretary, Miss Gertrude Brock. The women teams are: Schools—Convener, Mrs. Henry Strathy; committee, Mrs. Bellamy, Mrs. Sims, Miss Church, Miss MacDonnell, Mrs. Van Koughnet.

Churches—Convener, Mrs. W. Cummings; committee, Mrs. Huestis, Mrs. Meyers, Mrs. L. A. Hamilton, Dr. M. Patterson.

University and University School—Convener, Mrs. Falconer and Mrs. McPhedran, and committee.

Office Committee—Convener, Miss C. Brock; committee, Miss Cory, Mrs. Watson Bain, and Miss M. Brock.

Program for final meeting—Convener, Mrs. Albert Gooderham; committee, Mrs. Graham, Thompson, Mrs. Audon and Mrs. Bruce.

Reserve committee—Mrs. Sidney Small.

I.O.D.E.—Mrs. Wilson.

PROVINCIAL DAIRIES HAD A VERY BIG YEAR

Hundred and Sixty Thousand Dollars Saved by Government.

Final returns from the office of the provincial secretary show that approximately \$60,000 worth of dairy produce was produced at the ten provincial institutions during the year. Previous reports showed field crops raised worth \$70,000, and garden crops valued at \$30,000, making a total saving to the province of about \$160,000 by the labors of the inmates of the institutions. The cow herds at the ten farms produced a total of 3,102,671 pounds of milk.

Of the Holstein herds, 48 cows at Brookville returned 314,101 pounds; 78 at Guelph gave 274,473 pounds; 64 at Hamilton gave 517,131; 27 at Kingston gave 177,433; 34 at London gave 290,923; 34 at Mimico gave 191,196; 78 at Orillia gave 251,255; 24 at Woodstock gave 233,351.

Of these Holstein herds, 95 per cent are grades such as are originally owned by farmers and milkmen.

Angus herds at Penetang, 22 animals, gave 156,235 pounds, and Short-horn grades at Whitby, 25 cows, gave 246,761.

According to the department the growing need for beef for the inmates has resulted in the establishing of a ranch in Sudbury district, where formerly there has been a dairy farm. Selection of animals is now being made to get a good strain for beef production in Sudbury.

ONLY A FEW DAYS MORE FOR THE GREAT RED LETTER BIBLE REMAIN

The closing advertisements of the Big Print Red Letter Bible now appearing in these columns are bringing the coupon-holders in increased numbers every day. There are doubtless many readers who have had it in mind to take advantage of our unusual offer at some future time. But they have not considered that the supply of books which we were allotted by contract, is limited, nor are they familiar with the fact that owing to the unexpected and enormous demand, which developed even in the early days of the campaign—the number we secured has dwindled to a few remaining copies. We hope we have enough to last the next few days—but it seems doubtful. We may be obliged to withdraw the coupon at any time. But while the supply lasts, of course, coupons will be duly honored.

SUIT AGAINST THE CITY.

E. M. Cohen is suing the City of Toronto for \$100 for damages to his property caused by the city on Dec. 15 last on Spadina crescent. The case is proceeding before Mr. Justice Clute and a jury in the assize court.

Interesting Facts

Concerning the Work of the Toronto and York County Patriotic Fund Association

Cash payments on subscriptions had been received up to 31st December, 1915, amounting to \$832,249, which with \$6,842 of interest on unused balance from time to time made a grand total of cash \$839,091.

Disbursements for all purposes up to the 31st of December, 1915, amounted to \$767,291, leaving a balance in hand of \$71,800.

There were 900 families on the fund in September, 1914. In December, 1915, there were 5,742.

Relief paid out to families was \$21,567 in September, 1914, and for December, 1915, the amount was \$88,782.

The average monthly payment to a family is about \$16.00.

Total salaries paid in administering the fund for the seventeen months, from its inception to the 31st of December, amounted to \$15,098.

Disbursements for the month of January, 1916, will amount to something over \$90,000 against which we have \$71,000 in hand. The deficit of \$20,000 will be covered by the payment of subscriptions. We expect to receive on account of subscriptions due in September, 1916, a sufficient amount to cover the January deficit, and provide largely for the February requirements.

The total number of dependents on the fund, including children, on December 31st, 1915, was nearly 15,000. The percentage of allowances given on account of children is about 40%.

Applications made to the fund during the month of December numbered 674, of which 583 were accepted, 56 held for further consideration, and 80 pronounced not eligible. Some months there are two or three times this number.

The average monthly visits of Public Health Nurses number about 900, the number of visits for December, 1915, being 1,110. There were 331 cases of sickness reported during the same month.

Up to the 31st of December the Association has paid for services of 398 Visiting Nurses, 212 Victorian Order Nurses, and 8 St. Elizabeth Order, 75 Practical Nurses, and 111 Housekeepers.

The number of inquiries made at the office during the month of December, 1915, was 2,281. Some months it is two or three times this number.

The total number of cases of sickness reported and dealt with up to the 31st of December was 1,932, of which 722 were obstetrical.

During the month of December nearly 2,500 communications were received, exclusive of subscription letters.

During December the fund maintained 67 hospital cases, 14 of which were in the Sick Children's Hospital.

During December the Investigating Department made 1,027 visits and investigations, 448 of them in the homes of the dependents.

OCCUPIED TOWN FAMED IN BIBLICAL HISTORY

Russians Take Kashan Whence Wise Men Set Out for Bethlehem.

LONDON, Jan. 20.—The brief despatch that the Russians have taken Kashan in Persia brings another name into the theatre of war operations. It is almost a sacred town, and it was from here that the wise men set out on their journey to Bethlehem. Every step taken both by the Russian and British expeditions in this corner of the world is in a country of

interesting history and tradition. The British, from a base on the supposed site of the Garden of Eden, operated against Bagdad, the city of the Arabian nights, and the Russians in their advance on Kashan recently took Hamadan, the ancient Bobatana, which contains, according to the Mohammedans, the tombs of Esther and Mordecai. The belief that at Kashan the wise men of the east first saw the star of Bethlehem has found support among learned Christian theologians. But, however that may be, Kashan became a great city in ancient times, especially after it was rebuilt by Zobeideh, wife of Haroun-el-Raschid. It once had 6500 houses and 40 mosques, and was renowned for its silk weavers and brass workers. But civil wars, earthquakes and other calamities have destroyed it. Kashan is also famous for its scorpions, which are said to be among the most poisonous in the world.

Kashan are the remains of the wonderful palace built by Shah Abbas, the greatest of the Persian monarchs. The oasis constructed by the Shah is still green, its pavilions are gay with paintings and mosaics and its gardens full of roses, watered by streams that run thru blue tiled channels. In this palace, a political tragedy was enacted in 1583. Mirza Khan, prime minister and own brother-in-law of the reigning shah, was condemned to death. He asked permission to commit suicide, and opened a vein in his arm in one of the ancient, tiled bathrooms of the palace. The ruined palace with its summer houses amid trees and gardens surrounded by desert, is described as the most beautiful thing of its kind in the near east. Kashan is also famous for its scorpions, which are said to be among the most poisonous in the world.

don.—Emperor William, who on Tuesday was in Nish, where he met King Ferdinand of Bulgaria, has returned to Germany. THANKS FIREMAN DEANS FOR SAVING DAUGHTER. Splendid Work on Ladder at Manning Chambers Fire is Appreciated. Fireman Sandy Deans of Adelaide street truck section, No. 2, is in receipt of the following letter in reference to the Manning Chambers fire Monday morning: 214 Howland Avenue. Dear Sir: Please accept our gratitude for your noble and heroic deed in rescuing our beloved daughter from the flames of the Manning Chambers fire. Thanking you for your kindness to her. Yours very sincerely, Mr. and Mrs. T. J. Carter.

GERMANS HAVE NOT SUPERIORITY IN AIR. Tennant Says British Airmen Continue to Hold Their Own. LONDON, Jan. 20.—The assertion made by a section of the British press recently has been perfected to such a point as to surpass that of the British is not endorsed by Harold J. Tennant, parliamentary secretary for war, who was questioned on the subject this afternoon in the house of commons. Mr. Tennant said the military authorities were satisfied that British airmen had given a good account of themselves in recent fighting.

HE REGARDED SALE AS BREACH OF AGREEMENT. Norman Winter Charged Fraud Against Partner in Disposing of Theatre. Charles R. Hill and Norman E. Winter, partners in a moving picture theatre, decided to sell out at an anticipated sale price of \$800. Winter's share was to be \$75. Subsequently the theatre was sold by Hill for \$900. Winter regarded this as a breach of agreement, demanded a larger amount as his share and charged Hill with obtaining his release from the agreement by fraud. Louis Heyd, K.C., Hill's counsel, showed that at the time of the agreement to sell the highest price he could get for the theatre. The magistrate dismissed the case, believing there was no fraud.

HUGE SUM REFUSED FOR GOLD PROPERTIES

Special to The Toronto World. MONTREAL, Jan. 20.—There has been considerable discussion here as to the reported offer of \$2,000,000 for the entire holdings of the Canadian Mining and Finance Co., Ltd.

The importance of adequate developments is shown by the Hollinger and Waigman developments in the United States, the former producing at present three times more gold than the latter merely because there has been more work on the Hollinger than on its great neighbor.

THE COURSE OF SAFETY. To appoint an Executor is safer than to leave your property to be dealt with by an administrator appointed by the Court.
