ELECTION IN MANITOBA FAVORABLE TO NORRIS GOVERNMENT

Premier Borden Expected to Retire || Terms of Radial Bargain Have Been Approved by Hydro Commission

HYDRO APPROVES THE TERMS FOR TAKING OVER OF ELECTRIC RADIALS

Sir Adam Beck Announces What Commission is Willing to Pay for Three Canadian National Lines in Ontario.

Sir Adam Beck has announced the terms upon which the Hydro Commission is prepared to take over the three electric railways in Ontario owned by the Canadian National Railways. At a meeting of the commission held at their offices yesterday Sir Adam submitted a report on the negotiations in which he has been engaged, with the minister of railways and canals, and the report includes a letter from Sir Adam to the minister outlining the proposed terms. The provincial cabinet will meet today to consider the matter, and Sir Adam hopes to be able to announce that the Dominion government has accepted his offer.

Sir Adam's letter to Dr. Reid, dated July 23, is as follows: Memorandum for Hon. J. D. Reid, minister of railways and canals:

I have discussed with the members of the Ontario government the question of purchasing three electric railways in the province of Ontario owned by the Canadian National Railways, namely, the Toronto Eastern Railway, the Toronto Suburban Railway, the Niagara, St. Catharines & Toronto Railway. I informed them of the discussion with the sub-committee of the Dominion cabinet when last here in Ottawa, and advised them that I was prepared to recommend the taking over of the said electric railways on the following terms:

Toronto Eastern Railway—Price \$700,000 payable by Hydro Power Commission 4 1/2 per cent. 50-year bonds, guaranteed by the province of Ontario.

Toronto Suburban Railway—On this railway there are \$2,925,000 of

BORDEN TO RETIRE ON DOMINION DAY?

Will Probably Leave Difficult Task of Organization to a Younger Man—Caucus Called for Thursday—Drayton or Meighen as Successor.

(Special to The Toronto World) Ottawa, June 29.—Dominion Day may see Canada's greatest statesman retire from political life and his successor to the leadership of the Unionist Party selected. Sir Robert has made no announcement, but his colleagues and other friends are now convinced he will refuse to continue. It is evident that the expected change in the leadership is at hand. Notices of a caucus for Thursday will be given out tomorrow.

Sir Robert was a war casualty. Five years of anxiety and strenuous work wrecked his health. Last December he suffered a collapse and desired to retire. Loyalty to party and colleagues made him reconsider his determination. A long holiday has brought renewed vigor, but it is doubtful if he could without serious risk again plunge into the turmoil of political life. Since his return he has given vigorous leadership, but an even more difficult task in reorganization faces him. He will in all probability have to take a younger man and take that rest that unselfish service to Canada and the empire has deservedly earned.

Within a few days a new possibility for the leadership has arisen. Sir Henry Drayton, minister of finance, is being broomed by his friends. Sir Henry is not seeking the position, but certain prominent visitors to Ottawa recently have urged his candidature. His experience in political life has been very limited, but in the presentation of his budget he made a favorable impression.

It is now around Sir Henry that the anti-Unionist forces would rally. Neither he nor Hon. Arthur Meighen are making any personal effort for the position. The latter has been the most powerful parliamentarian in the commons, and is very popular among the Unionist commoners. He has youth, ability, courage and parliamentary experience, and is the most-favored opponent in debate in the commons. Either of these ministers would be a worthy successor to Sir Robert Borden.

There is little danger of any defections from the Unionist party over the change in leadership. Hon. Arthur Meighen would probably hold the reins of power, but the party will probably hold together if any leader of ability and reputation is chosen.

In the event of a change in leadership this promises to be a summer of great political activity. Cabinet reorganization must follow and many by-elections will be inevitable. With vigor and leadership and a progressive policy there is little to fear in the expected by-elections for new ministers.

It is evident that if the expectations of members are realized this will be a historical Dominion Day. A great statesman, a true imperialist and a stalwart Canadian may lay down the burden he has borne in the most exciting period of the world's history and there will inevitably follow a new leader to guide Canada in the reconstruction period.

ELECTIONS IN MANITOBA FAVOR NORRIS GROUP WITH INDEPENDENT AID

Indications Are That With Support From Members of Other Groups It Can Carry on the Government—Political Future is Clouded.

Winnipeg, June 29.—Manitoba's political future tonight is clouded in much of the uncertainty which prevailed in Toronto when Ontario had voted last fall, except that the largest single group which will sit in the next legislature of this province are adherents of the present Norris government, with Labor probably in second, and Farmers in third place. Whether or not Hon. T. C. Norris will continue to lead a government is a matter which cannot be stated tonight with definiteness.

It does not appear, at a late hour tonight, that the government can count upon more than half a dozen or more independent and farmer candidates will support Premier Norris in the essentials of policy.

The government seems to have selected nineteen candidates, with the possibility of securing about three more in Winnipeg under the proportionate representation vote.

The Conservatives have six apparent certain, and perhaps two more in Winnipeg. Labor have seven men elected, and Winnipeg is expected to give them three or four more. Farmers have nine members and independent candidates are numbered at four. Two deferred elections—The Pas and Rupert's Land—even if they elect Norris' candidates, will fall to give the government a majority in the house.

Labor will present the second strongest group in the next legislature, outnumbering the Conservatives, if, according to latest returns, have lost their leader, E. G. Wilkie, in Turbid Mountain.

May Form District Group. Apparently it is possible for the independent and Farmers who will have seats in the house to organize into a distinct group, which would be able to hold the balance of power, but in this connection it is stated by Liberals that at least three men in this number—Little of Beauport, McKinnel of Reekwood and Edmond of Swan River—are counted upon to give the Norris government a general support.

The Manitoba legislature normally meets in January, and it is pointed out that, lacking intervention by the lieutenant-governor, there is no reason why the government should not carry on in the meantime and when the house is in session settle its impasse by a vote of confidence. Doubtless the interval will be marked by negotiation which might be expected to result in a defeat and alignment of the smaller groups for offence and defence.

The strategic position of the Norris forces is strengthened, it is pointed out by the fact that all the members of the government were elected in cabinet seats vacant thru the recent death of the minister of agriculture.

Voting in Winnipeg. The outstanding feature of the voting in Winnipeg under proportionate representation was the huge number of first choices polled for F. J. Dixon, Labor candidate. Mr. Dixon heads the poll, and in 200 polls out of 317 had 6,979 first choices to his credit. A maintenance of this average will mean down something like 5,000 first choices in excess of his vote to second and third choices, and, if as expected, Labor candidates fall heir to these votes the election of at least two or three Labor men or Socialists seems assured. Hon. T. H. Johnson is running second in the city, with 2,900 first choices in the 200 divisions. Armstrong, Conservative, has 1,722, strong Socialist, is at 1,722, and then follow Cameron, government, 1,386; Ivens, Labor, 1,271; Hale, Conservative, 1,248; Hovel, government, 1,087; Russell, Socialist, 1,011; Mrs. Arthur Rogers, government, 943; Tupper, Conservative, 922; Premier Borden, Conservative, 822.

First choices for labor candidates in Winnipeg, given the ten leaders in 200 polls, exceeded the combined firsts for government and Conservatives candidates by 2,500. Only first choices were available tonight, and these were incomplete.

It may be the end of the week before the complete list of successful candidates is available. There was a delay in many cases today in opening polls, owing to the absence of deputies in some cases and ballot boxes in others, and Conservative city headquarters talked of action to invalidate the election.

Premier Norris, who is at Brandon tonight, refused to comment on the result of the polling in the province.

MURDOCK CHARGES DEBATED IN HOUSE BY BORDEN AND KING

Opposition Leader Says Charges Most Serious in Years. MAKE NO APOLOGIES

Ottawa, June 29.—Discussion of the Commissioner Murdock charges opened in parliament at a late hour tonight. Mackenzie King traced what he termed the disintegration of the board of commerce, and said he would have called for an investigation by a parliamentary committee if he had not been informed on Monday night that the government intended to prorogue the house tonight.

Sir Robert Borden characterized Mr. King's attitude as "most extraordinary." The premier retorted Mr. Murdock's statement that Judge Robson had been chosen for the board's chairmanship "because he was friendly to the profiteers," and declared the government chose Judge Robson because he was believed to be the best man available for the position.

King Takes Serious View. Mr. Mackenzie King said that no such serious charges had been levelled against any government for many years, as those contained in James Murdock's letter of resignation, addressed to the prime minister on June 24 last. They were made, not by a political opponent of the government.

IRELAND AND PROHIBITION EVOKE STORMY EXCHANGES IN RESOLUTIONS COMMITTEE

Plank Urging Recognition of "Irish Republic" Debated Amid a Storm of Heckling — Bryan Forces Defeated When Wets Are Given Choice of Positions in Speaking.

AMBASSADOR TO GERMANY

London, June 29.—Lord Abernethy, well-known as a financier and chairman of the central control board of the liquor traffic, has accepted the ambassadorship to Germany, it was announced this evening.

declared that the Republican party had written reaction on its banners and that the labor vote must find some avenue elsewhere for expression of its desires. The league of nations was not mentioned during the day's hearings.

The Irish Plank. In presenting the plank of the Irish sympathizers, proposing recognition of the "republic of Ireland," Frank P. Walsh said that 20,000,000 liberty-loving citizens had forced the plank, which was proposed on behalf of the committee by Samuel Gompers who

TWO MORE CHILDREN KILLED BY AUTOS; THIRD IS INJURED

Peterboro Motorist and Local Man Charged With Manslaughter. IN PARENTS' SIGHT

Motor car fatalities continue on the increase in the streets of Toronto. Yesterday, two children were killed and a third slightly injured. Two Peterboro motorists are in custody, one on a serious charge of manslaughter, while the other is charged with criminal negligence. The third driver is charged with manslaughter.

Baby David Gordon, ages three and one-half years, son of Policeman David Gordon, 14 St. Mary's street, was almost instantly killed in the sight of his father and mother at the corner of Front and Yonge at 4:15 yesterday afternoon. Mr. and Mrs. Gordon were returning with their three children from a day on the island. Mr. Gordon had David and a younger child, while Mrs. Gordon was taking care of the little girl. They were on the west side of the street and had just allowed two eastbound street cars to pass before they continued to cross the street.

Looked Before Crossing. Gordon claims he looked to see if the crossing was clear before he allowed the children to cross. The little boy David was on the right side of his father, holding the hand of a younger child who was being held by the hand by his father. David wanted to get on the left side of his father and hold onto his hand, and in attempting to do so ran in front of a westbound automobile. The front wheel of the motor car passed over the little fellow's head, while the rear wheel passed over his chest. The child was picked up in a dying condition and rushed to the General Hospital.

John Atkins, 18 Ascot avenue, was placed under arrest on a charge of manslaughter.

Run over by a motor car on Ossington avenue, near Hepburne street, yesterday afternoon, Alberta West, aged six years, living at 639 Ossington avenue, was so seriously injured that she died. Walter Worth, Peterboro, who was driving the car, was placed under arrest by Detective Silverthorn, charged with manslaughter.

The West child is said to have run out from behind a standing wagon on the west side of the street, in front of the north bound motor car in charge of Worth. After striking the little girl, the car is said by the police to have skidded 30 feet.

Following a motor accident at College and University streets last evening, Paul Sartiotti, Peterboro, was taken into custody by Detective Tutt, on a charge of criminal negligence. Sartiotti was driving an automobile west on College street, and was about to turn south on University avenue when he struck a bicyclist ridden by Herman Hastings, aged 14, of 7 Wood street. Hastings was slightly injured and was taken to his home.

MEASURE INCREASING MEMBERS INDEMNITY PASSES PARLIAMENT

Majority of Ninety-Six Against Delaying Its Application. MORE PORTFOLIOS

By Canadian Press. Ottawa, June 29.—The house tonight gave third reading to the bill to increase seasonal indemnities from \$2,500 to \$4,000, and the bill went to the senate. The end came after a keen and exciting debate. Public galleries were filled as in the early days of the session.

Members were there in force, and during the proceedings, the house witnessed the curious scene of the leader of the opposition and the leader of the Progressives both opposing the increase, so far as the present parliament is concerned, and the majority of their own party voting for it.

Overwhelming Majority. It was not till committee stage was reached that the house had its first division on the measure. Then Booh Lanctot, of Prairie-Nepeville, seconded by Mr. Froux, of Prescott, moved an amendment to have the increases applicable only after a general election. Amid enthusiasm, Mr. Lanctot's motion was defeated by 107 to 11. Hon. W. L. Mackenzie King and Hon. T. A. Cramer both supported the Lanctot motion. The other supporters of it were Liberals—Messrs. Lanctot, Froux, Sinclair (Antigonish and Guysboro), Sinclair (Queen's, P.E.I.), D'Anjou (Rimouski), Hon. W. S. Fielding, Dechene (Montmagny), McMaster (Brome), Progressives—Kennedy (Glengarry).

To Be More Portfolios. During discussion Sir Robert Borden expressed the view that the number of cabinet portfolios would be increased. Increases to cabinet ministers' salaries would operate from the time the bill became law, increases in members' indemnities would apply to the present session, but only in the case of members who had been in attendance three-quarters of the days the house was sitting.

Later, on third reading, Mr. Froux moved that the whole measure be rejected, except the section providing increased remuneration for the assistant clerk of the house. But Mr. Froux's motion received the support only of Mr. Lanctot, and the bill passed its last stage in the house—unless it comes back with senate amendments.

Mr. Froux, seconded by Mr. Lanctot, in the afternoon, moved the six

INSTRUCTIONS MAY PROVE DEADLY

Evening Paper Leaves Out Vital Point in Resuscitation of Apparent Drowned.

Police officials called the attention of The World last night to an illustrated article in an evening paper on first aid to be given those rescued from drowning, with the first and most vital step left out, viz., that of turning the rescued person over on the face and lifting the body upwards, under the centre, in order to empty the lungs and mouth of water. "If this first step is not attended to," said a police inspector, "death may result from the water being taken down into the lungs. This fact should have as much publicity as possible, or untold deaths may occur because of the incomplete instruction given."

HEALING REVIVAL IN OTTAWA CHURCH

Jas. Hickson, Healer, Draws Sufferers — Says Not "Miracle Man."

Ottawa, June 29.—James Moore Hickson, the spiritual healer, opened a two days' revival of the ministry of healing in the Church of St. Alban the Martyr this morning. Stretches bearing their freight of human suffering, the maimed, the paralytic, the halt, and the blind, wheel chairs, holding crippled men and women, were placed in the front of the church, while in the first pews, and, in fact, in all the seatings could be seen mentally diseased and others grievously afflicted.

Makes No Personal Claim. Seekers after sensationalism were disappointed if any there were who went to see the healer out of curiosity. He performs his work quietly, almost in silence. He makes no claim for himself of being a miracle man nor does he say he is a healer.

"I have no more power to heal than that electric bulb has to give light without the electricity that feeds it," he said. "I have never healed anybody, I believe, to the influence of Jesus Christ. I want you to try not to be anxious about yourself—pray for the one next you; pray for those around you."

BUILDING COLLAPSED; THREE MEN KILLED

Buffalo, June 29.—Three men were killed and three were injured in the collapse of the four storey Sutherland Hotel in Lower Main street today. Andrew Burns, a clerk, is missing, and is believed to have been killed.

The city fire chief and fire underwriters, after examining the ruins, were inclined to the belief that the fall of the building was due to a gas explosion. The building was one of the oldest in the waterfront district.

WIFE MAY DIE; HUSBAND IN JAIL

Alleged Brutal Beatings End in Unconsciousness for Three Days.

Mrs. Maude Henshaw, alleged by the police to have been brutally beaten in her home, 418 East King street, on the night of June 23, by her husband, William, is in such a critical condition at St. Michael's Hospital that little hope is held out for her recovery. On the night of June 23, Henshaw is alleged to have been drinking. He quarrelled with his wife, and they fought for some time in different parts of the house. They were separated on more than one occasion by one of the sons. Later on in the evening Henshaw is alleged to have locked his wife in the front bedroom and to have beaten her about the face and body with his fists.

The police were called in and Henshaw placed under arrest by Detective Black, on a charge of "assaulting and beating a female." Mrs. Henshaw's face was badly battered, and both of (Continued on Page 5, Column 2).

IRISH REPUBLIC DEBATED

Amid a Storm of Heckling — Bryan Forces Defeated When Wets Are Given Choice of Positions in Speaking.

San Francisco, Cal., June 29.—Open warfare over prohibition, the Irish question and other troublesome issues of the Democratic platform, began today in a storm-swept committee hearing, while in private the leaders continued their negotiations for a settlement to keep the hostilities from spreading later to the floor of the convention itself.

Tonight the platform sub-committee had not yet begun actual preparation of the party's declaration of principles, and there were no surface indications that their task had been made any simpler by the day's public arguments or private consultations.

The Irish issue was argued in such militant fashion that the crowded committee room was kept in almost constant uproar. Opponents of the proposal for recognition of the "Irish Republic" were kept under a hail of heckling and derision from Irish sympathizers and once or twice were called short and ugly words. The case for the Irish recognition plank was led by Frank P. Walsh, Kansas City, and the opposition was handled by Demarest Lloyd, Boston, president of the Loyal Coalition.

The Bryan forces met a reverse when a majority of the committee voted to give the wets the choice of position in speaking. The debate was marked by a thrust and parry contest between Bryan and Theodore A. Bell, California, in the course of which Bryan declared he was not resolving any money from the anti-maloon league for presenting their case.

Labor's case was presented to the committee by Samuel Gompers who

He was arrested at Midway on Monday afternoon and Guelph police were notified. He was remanded until Friday of this week. The cheque was for \$375.

INCOME TAX FINE TOTALS THOUSANDS

Dr. W. B. Hopkins, Hamilton, Pays Three Thousand Dollars.

Hamilton, June 29.—Federal officials have started a vigorous crusade to round up the defaulters in connection with the payment of income tax. The first offender punished in the city was Dr. W. B. Hopkins, who today paid the sum of \$3000 in fines, following his conviction yesterday in police court on three charges.

Writs have been issued also against residents of Galt, Welland, St. Catharines, Dunnville, Niagara Falls, Brantford, Guelph, Mohawk, Oakville and Georgetown.

Already a number of summonses have been issued against local people who have neglected to pay the tax for 1917, 1918 and 1919. In many cases the amounts are very small, and the costs will be greater than the claims. Summonses, with claims varying from \$2.50 to \$30, have been issued against the following Hamilton people: Louise M. Barnett, Market street; George X. Benaudway, Tisdale street; Henry

Beere, care of American Can Company; John W. Blake, John and King William streets; William S. Buckley, Barnsdale boulevard; Walter Cooper, Wellington street; S. E. Johnson, Macaulay street; George F. Green, South James street; James Lamond, Strathcona avenue; Thomas O'Neill, Sherman avenue north; E. H. Upsdell, Balsam avenue; Joseph Wild, East King street.

GENERAL STRIKE BEGUN IN ITALY

Rome, June 29.—A general strike was proclaimed tonight, effective today except in the case of the railways. The tram service was suspended and many of the factories and workshops were closed. This however, was largely due to the celebration of the Feast of St. Peter.

A despatch from Terni, in the province of Perugia, says a clash with the workers there, after a meeting of the labor unionists, resulted in several persons being severely wounded.

EXPECT ACCLAMATION.

Port Arthur, Ont., June 29.—Indications at present are that there will be no opposition to the return of Hon. Harry Mills, minister of mines, at the by-election set for July 29.

WILSON FORCES IN FULL CONTROL

Democratic Convention Completes Organization and Prepares for Business.

San Francisco, June 24.—The convention wound up its preliminaries today and prepared to get down to business tomorrow. With administration forces continuing in apparently complete control, it is expected that the Democratic Senator Jos. T. Robinson, Arkansas, as its permanent chairman, permitted states to upset the unit rule, provided for taking women and the Democratic national committee and prepared for the business of having candidates nominated by adopting an order of business which will permit the delivery of nominating speeches before the platform is brought in.

Hailing for a nominee, however, will not be permitted before the platform has been adopted by the convention.

With the slate thus cleared of preliminaries and arrangements set for the principal business, the convention after a three-hour session, adjourned to resume at 11 o'clock tomorrow morning.

The second session lacked in the dramatic fire of the opening day, it made up in the smoothly working control which administration supporters exercised. While the program, such as that of Senator Reed, Missouri, for a place on the floor, were swept away with ruthless, but good-natured haste.

Chairman's Speech.

The delegates were still of a mind for more pounding of the Republican party and the Chicago platform when Senator Robinson delivered his speech as permanent chairman. He woke them to uproarious approval when he shouted that he made "no apology for articles torn" of the league covenant.

To the accompaniment of applause he lambasted the senate under Republican leadership for procrastinating in dealing with the treaty, and for its rules that a senator may talk to such an extent on any subject that "nobody but God can stop him."

"It is to the shame of the senate," he shouted, "that it took a greater time to defeat the treaty than the army and navy took to win the war."

Shouts of approval went up, to be redoubled in vigor when the chairman closed his address with the charge that "the Republicans have trifled with the hearts and consciences of the American people in their handling of the peace treaty."

Various routine measures transacted under the rules, before the platform is presented, and nominating speeches begun, all were cleared away before today's adjournment. The adoption of the report of the rules committee finally settled that nominations will not be made until after a platform has been adopted. Candidates will know beforehand what the principles of the party are to be. Delegates went back tonight to the days engrossing task of gossiping in hotel corridors about the party for nomination, pending completion by the committee of its difficult task of drawing up a chart of principles by which the party may meet its course in the troubled political seas between now and next November.

MOSCOW'S REPLY UNSATISFACTORY

Soviet Trade Minister Holds Conference With British Premier.

London, June 29.—Leonid Krassin, Russian soviet minister of trade and commerce, had a conference with Premier Lloyd George tonight at the premier's official residence in Downing street. The meeting lasted an hour.

The object of the visit was to the premier was to submit to him Moscow's reply concerning the soviet government's attitude toward the foreign debt and private property of foreigners expropriated by the Russian government.

It is said that the reply was unsatisfactory, but that the negotiations will be continued.

RIOTERS ATTACKED STORES IN BELFAST

London, June 30.—Rioting has occurred in Belfast, according to The Daily Sketch. Thirteen grocery stores were attacked by the rioters. The police prevented serious damage to the property, but in the fighting the head constable was struck by a stone and severely injured. Several other policemen were slightly hurt.

The exact time of the disturbance was not given by the newspaper.

Cotton Kings From Georgia Hold Convention in Quebec

Quebec, June 29.—The twentieth annual convention of the cotton manufacturers of Georgia, opened here today, when more than 100 cotton kings from Atlanta, Ga., and other points in Georgia, assembled at the Chateau Frontenac as delegates to the convention.

A dinner was held at the Chateau Frontenac tonight which speeches were made by D. A. Jewell, president of the association; Sir Charles Gordon, of Montreal, president of the Dominion Textile Company; and the Hon. A. Gallipeaut, minister of public works and labor.

WILL FORM ASSOCIATION.

Ex-members of old "D" company, of the 35th Battalion met last night in the Centre Y. M. C. A. for the invitation of Col. Campbell and Wilson, who had charge of the company before it left for France.

The formation of a regimental association was discussed and a meeting to be held on July 9 the articles will be submitted for approval.

FRACTURES HUMERUS.

Hamilton, Ont., June 29.—John Kennedy, 24 North Main street, an employee of Innes-Croft, was taken to the General Hospital this afternoon. He has a fractured humerus.

NO BRIBERY, SAYS SIR WM. HEARST

Never Heard of Such a Thing in Connection With Timber Berths.

Sir William Hearst, late prime minister of Ontario, last night emphatically declared that he had never at any time heard of any bribe being offered or accepted in connection with the administration of the department of lands, forests and mines, of which for several years he was minister. When asked for a statement, with reference to the evidence by C. H. Greer before the commissioners investigating the administration of the department, Sir William said:

"I desire to say that I was in Kenora in 1912 or 1913—I am not certain which—in company with Hon. Dr. Frazer, then minister of education, and Hon. J. S. Duff, then minister of agriculture, during an official tour of northwestern Ontario. I met many people while in Kenora on that occasion, and discussed several questions of interest to that section of the country. I have no recollection of meeting Greer, tho I may have done so. I have no knowledge whatever of any payment of money by Greer, as alleged in his statement before the commissioners. Nothing occurred on my visit to Kenora, or before or since, to give me cause for the slightest suspicion that money has been paid or offered to anyone.

"I have no knowledge of any money ever having been improperly paid at any time or place, or offered to anyone in connection with any timber transaction whatever, and I desire to make my denial of any knowledge of any wrongdoing as complete and as emphatic as it is possible to make it. The matter comes as a complete surprise to me."

MURDOCK CHARGES DEBATED IN HOUSE

(Continued From Page 1.)

but by its own appointee, who was in a position to know what he was talking about.

He detailed the incidents in connection with the formation of the board. The government had, by a clause of the combines and fair prices act, repealed a measure which provided for the investigation of combines, trusts and cartels, under which any six persons could demand a board of investigation by making out a prima facie case.

Board Disintegrates.

Mr. King traced what he termed as the disintegration of the board from the resignation of Judge Robson on February 22, to the resignation of the last remaining member, Mr. Murdock. Judge Robson had considered the act unworkable and made certain suggestions, which Sir George Foster, in reply, said would be considered. Instead of taking action, however, the government had allowed the board to peter out.

A letter sent by Mr. Murdock to the government at the time of Judge Robson's resignation, had been withheld from publication, either in spite of requests from the opposition that the correspondence be produced. Apparently the letter would never have seen the light had not Mr. Murdock himself published it.

Arouses the Public.

Instead of appointing a successor to Judge Robson and consulting the house with regard to amending the act, it had allowed the board to simply die out. Such a lack of policy was calculated to increase the unrest in the country. It left in the public mind, the impression that the government was on the side of the profiteers.

The only way to allay the unrest was to have a full inquiry and Mr. King said he had intended moving that a committee of the house be named to make full investigation and report to parliament. However, since the minister of naval affairs, (Hon. C. C. Ballantyne), had informed him last night that the government proposed to prorogue the house today, there was no time for that. He believed still that a full inquiry be made and that it should be by no "white-washing" commission. Otherwise the people were justified in believing these very serious charges true.

Borden Replies.

Sir Robert Borden thought Mr. King's attitude "most extraordinary." If he believed in a parliamentary committee investigating the whole matter, surely he had not changed his mind because the house was to be prorogued. He had committed himself to the statement of the government that there had been no ulterior purpose behind the legislation forming the board of commerce.

The premier reminded Mr. King that that legislation was based on the report of a committee of the house, which had spent five weeks investigating the whole matter and made its recommendations to the house. There were Liberals on that committee.

Mr. King also apparently accepted Mr. Murdock's statement that Judge Robson was chosen as chairman because he was friendly to profiteers. Sir Robert said he had been chosen because he was believed to be the best man available for the position. At first he had refused, and the government tried to induce Chief Justice Mathers of Manitoba to accept. When he, also, refused, Judge Robson was finally secured for the post.

As to the government's responsibility for the conduct of Judge Robson, Sir Robert reminded the house that when the incidents in question occurred, and Judge Robson's resignation was tendered, it was accepted.

The government had no apologies to make for the appointment of Judge Robson, and it had done nothing to incur the charges made against it. If Mr. Murdock had believed at the time of Judge Robson's resignation that there was ground for these charges he should have made them then, instead of waiting. The government was not responsible for any action that was adopted, or taken after his appointment. There was no control exercised over him and none was attempted.

Puts It Up to King.

During his absence, Sir Robert continued in question arose whether the government was prepared to depart from the civil service act and declare that of all the boards and commissions appointed, one should be exempted from the provisions of the civil service act. The government did not see its way clear to follow that course. If Mr. King was not satisfied with the course the government had taken, he should move a resolution before prorogation and test the opinion of the house on it.

The government had acted along these

lines: That all appointments should be made by the civil service commission; that only a moderate organization should, in the first instance, be set up; that the board of commerce; that if any experts were required by the board of commerce, such experts might very well be provided, for the present, by the various departments of the government—as was done when the food branch of the department of labor was organized.

The suggestion had been made that the government attempted to influence the civil service commission for the purpose of thwarting the board of commerce.

Never Sought to Influence.

"The government," Sir Robert declared, never sought to influence the civil service commission, either in that respect, or in any other respect, so far as I am aware. The civil service commission is an important body and carries on its work under an act of this parliament, and I repudiate in the strongest possible terms any charge that the government, by suggestion to the civil service commission, ever attempted at any time to influence the action of that body in respect to appointments which the board of commerce desired."

Robson's Successor.

In regard to delay in appointing a successor to Judge Robson, Sir Robert said that at the time a reference to determining the status of the board, the board of commerce had itself drawn up the questions referred to the supreme court, and Mr. O'Connor was appointed.

to argue the case for the board. With such a case pending, when there was question whether the board had any legal status or not, Sir Robert Borden asked, how would it have been possible for the government to secure the services of a suitable successor to Judge Robson—with the possibility that within a few weeks he might find himself chairman of a non-existent board.

Charges Made by Mr. Murdock.

The charges made by Mr. Murdock were extremely vague. He believed Mr. Murdock to be perfectly sincere, but he was a gentleman of a certain temperament, one whose prejudices could be easily excited, and when they were excited his whole mind seemed to be completely honeycombed with suspicions as to the motives of people with whom he associated. In conversations with Mr. Murdock, Sir Robert had reached the conclusion that he was sincere; but on the other hand, that there was not a shadow of foundation of evidence upon which his charges could be based.

Government Not Shrink.

As to non-production of the Robson letters, Judge Robson had laid great emphasis on their being private and confidential. The government had decided to leave the question of tabling the letters over until Sir Robert returned from his holiday. When Mr. Murdock's letter of resignation was published, the government was considering the tabling of the whole correspondence. Mr. Murdock's letter, however, had disclosed that the correspondence would disclose the whole correspondence was brought down.

"This government," Sir Robert continued, "does not shrink from the fullest and most complete investigation into every act of the government in regard to the board of commerce."

A. R. McMaster (Brome), observed that the Murdock charges had been made by a man whom the government should be competent to fill a position carrying a salary of \$5,000 a year.

What were the reasons of the board's egregious failure? The board had rendered decisions, but no profiteer of real importance, no manufacturer who lived upon profits had been punished by the board.

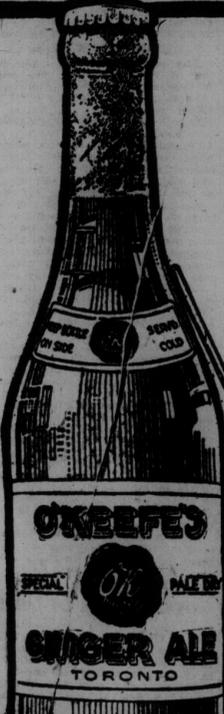

The house adjourned at 3.30.

ROSE EXHIBITION DELIGHTS CROWDS

Beautiful Collection on Exhibit From City and Outside Points.

Never before in Toronto was there such a showing of roses as was seen yesterday at the Jenkins Galleries, when exhibitors from the city and from outside points succeeded in offering to the public a collection which in variety of species, wealth of color, and arrangement, surpassed any previous exhibition of the Ontario Rose Society.

Government House Collection. In clusters, in baskets, or singly in vases, the beautiful bloom was distributed on long tables that reached the room, a round table at either end holding collections that were not for competition, the very much admired.

The "best flower in the show" belonged to the Coronation family and was grown by Major Christie. It was a pale pink in color, the petals smooth and uniform, circling one another in beautiful symmetry, forming a perfect single center. The foliage was also smooth, with glossy green shade that blended admirably with the bloom.

It was shown by the collection of roses in various shades from the civic gardens E. M. Stokes, Toronto had a very fine collection among which was one large crimson which in its purplish shading was a nice foil for the lighter shades. Miss Adele Austin was the fortunate winner of a "first" and "second," a charming basket of the American Pillar rose with the high handle artistically decorated with the foliage and flowers winning her the first award and a variety group the second. Mrs. Graham Adam came first in the class with a large basket of glorious pinks in variety. The third in the same class was Dr. Geo. D. Lockhart, of Kings.

Added charm was given by the musical program rendered by Mrs. Martin Perry, an exceptionally fine soprano; Paul Hahn, the well-known violinist, and Mr. Edmund Phillips, accompanist. The evening program was provided by Miss Marjorie Brush and the Palmer Trio.

Patrons to whom the organization is indebted are Messrs. W. J. A. Lamb, H. H. Williams, T. A. Rowan, Col. Gooderham, James Byrie, R. Y. Eaton, R. A. NEWFOUNDLAND SEEKS MEMORIAL HOSPITAL

An interesting address on Newfoundland, England's oldest colony and newest dominion, was given last night by Rev. J. K. Curtis, at Westminster Methodist Church. The object of the lecture was to assist in the work of erecting a memorial hospital, which, besides being used as a means to assist the suffering, will perpetuate the memory of the boys who made the supreme sacrifice in the great war. It is proposed to erect the hospital at Twillingate, the central point between St. John's and St. Anthony, where the only hospital accommodations in the country are now located, and the new hospital will serve people from all over Newfoundland.

The address of last night was part of the effort of a number of Toronto citizens who are aiding the work. Dr. Speers was chairman and Rev. C. W. Pollett, pastor of Berkeley Street Methodist Church, and W. G. Smith, professor of psychology at Toronto University, added to the interest of the program.

INFANTS' CLINIC OPENED

A clinic for the treatment of infants and children of the district was opened yesterday at Riverdale Presbyterian Church, corner of Pape and Harcourt avenues, and will be continued until further notice every Tuesday afternoon. A number of babies were examined and received treatment yesterday. A doctor and two nurses were in attendance. The innovation, which was started in the Woodbine Heights district, under the auspices of the Canadian Red Cross Society, is becoming popular in the eastern section.

AUCKLAND GEDDES TO OPEN C. N. E.

"Empire Triumphant" Patriotic Pageant Will Form Feature.

This year's Canadian National Exhibition, to be held from Aug. 28 to Sept. 11, will be opened by Sir Auckland Geddes, the British ambassador to the United States. Great efforts have been made to persuade Mr. Lloyd George, the British prime minister, to open the Exhibition, but he is somewhat uncertain as to when he will arrive in America. The British premier has shown a keen interest in the Exhibition, and also he expects to be in the States this year, he is unable to fix any definite period.

Also this year's Exhibition will lack the glamor of the Prince of Wales' visit. It will from all accounts be so full of varied interests as to make it one of the very best Exhibitions ever held in Toronto. Although the space available for exhibits was fully booked some time back, applications are still pouring in. Enquiries from English firms, such as Vickers-Maxim, and the larger motor car firms, are being received and dealt with in a favorable spirit, as the managers wish to make the Exhibition as representative as possible. This year the vast transportation building will be given over solely to the exhibit of passenger motor cars, the motor trucks being placed in two new buildings. The show of motor cars, it is said, will be one of the finest ever seen on the North American continent.

Two Popular Bands.

Two excellent bands have been engaged for the central band stand—the ever popular Creators will perform for one week, and Thavins' Musicians will take the stand for the second seven days. It was found impossible by the management to get a British military band for the present year. The pageant this year will follow the usual patriotic lines and be called "The Empire Triumphant," the background scene being Trafalgar Square, London, England, and a view of Charing Cross station in active operation. One great feature of the display in front of the grand stand will be a set performance by the Canadian Mounted Police (late N.W.M.P.). A special feature of the display in front of the grand stand will be a set performance by the Canadian Mounted Police (late N.W.M.P.). A special feature of the display in front of the grand stand will be a set performance by the Canadian Mounted Police (late N.W.M.P.).

MINION'S WAR EFFORTS.

The arts section, from all accounts, is likely to be just as popular this season as it was in 1919. Entries Above Average. The entries in the arts section are past the average and from a quality standpoint, will, it is said, be the best yet. The Ontario government are offering a prize of \$600 for the best improved calf. The harbor board will conduct on the water front a series of exhibitions in life saving and special equipment being purchased. A ship on the lake will fire signals of distress and a life line will be fired over the side of a vessel to land in the usual life saving way. A captive balloon will be another feature exhibited by the Bishop-Barker Company, who will, if the management of the Exhibition give permission, take up passengers from the grounds for a fly over the lake. The midway will be tenanted by the J. J. Jones Amusement Company—the largest traveling amusement organization outside of a circus. It takes 44 steel rail cars to accommodate the company. A two-day automobile racing meet is being organized and the track is being specially prepared and repaired under the guidance of experts.

Veterans' Open Show.

Opening day this year will be veterans' day, and the various returned men's organizations are commencing to make it a big success, as they feel that it is once a year all the veterans should meet together, and there is no better place to do so than at the Canadian National Exhibition. It is hoped the event will become an annual one. A great feature of this year's veterans' day will be the bringing together of all Canadian V.C. men—not only of the late war, but of all wars of the past. The above are but a few of the features of this year's Ex., which promises to be a greater popular success than ever.

MOTOR CAR KILLS CHILD; DRIVER HELD BY POLICE

Run over by a motor car on Ossington avenue, near Hepburn street, yesterday afternoon, Albert West, aged six years, living at 689 Ossington avenue, was so badly injured that he died. Walter Worth of Peterboro, who was driving the motor car, was placed under arrest by Detective Silverthorn on a charge of manslaughter. The West child is said to have run out on the road from behind a wagon directly in front of the automobile. After striking the child, it is charged the automobile skidded a distance of 20 feet, according to measurements of skid marks taken by the detective. The body of the child was taken by the police to the morgue, where an inquest will be held.

REV. BRACE BIDS FAREWELL

A congregational farewell was tendered to Rev. A. P. Brace, pastor of East Gerard Street Methodist Church, who leaves for Midland to take over his new pastorate this week. E. W. Curtis presided, and a presentation of a purse of gold was made by Joseph G. Dale on behalf of the congregation to Rev. Mr. Brace, and Mrs. Brace was presented with a handsome gold-mounted umbrella by her class of young women. Every department of the church paid tribute to the worth of the pastor. Rev. Mr. Brace responded to the good wishes expressed in a touching address. A short musical program was rendered and refreshments served.

MAY DELAY IN APPOINTING CAR COMMISSIONERS

Feeling is That Question of Salaries Should First Be Settled.

MAYOR NOT A CANDIDATE

Further delay in the appointment of commissioners for the transportation board now seems probable, notwithstanding that members of council demanded at the last meeting that appointments be made before the adjournment of the summer holidays.

The board of control will meet today for the first time in two weeks and a large amount of routine business has accumulated.

A member of the board of control said yesterday that it would not be fair to nominate candidates for the three commissioners until it is known whether council is prepared to pay salaries or not.

Next Monday's meeting of council will be the last regular meeting before the adjournment for vacation, and the plan seems to be to leave the matter of the transportation commission to be taken up by a special meeting.

Mayor Church has been suggested for the commission and Mayor Church says he will have three names to propose, but has not made them known so far.

There is a widespread opinion that the mayor will accept if Controller Laguire can get enough votes in the council to put him in the mayor's chair.

The board of control is likely to send to council today a new recommendation with regard to the vacancy in the treasurer's department.

SMALLER COMPANIES ARE ELIMINATED

Change Announced in Consolidation of British Empire Steel Corporation.

Montreal, June 29.—President D. H. McDougall of the Nova Scotia Steel & Coal Co. announced this afternoon that as a result of negotiations between himself, President J. W. Norcross of Canada Steamship Lines Limited, and Roy M. Wolvin, president of the Dominion Steel Corporation, with Col. Grant Morden, the chief executives of the Canadian enterprises had succeeded in securing a concession of material importance to their shareholders thru the elimination of several of the smaller companies originally included in the consolidation program of the British Empire Steel Corporation.

"Instead of having the non-cumulative preferred stock, which is to play an important part in the exchange of the common securities already outstanding," stated Mr. McDougall, "we have induced our new associates to issue preference shares of a cumulative character, thereby enhancing the value of the new stock in a very palpable way. A notice to this effect will be mailed to Scotia shareholders in the next day or so, and the development, I feel sure, will be well received."

In this notice it is also stated that the change has been effected by the elimination of the Port Arthur Shipbuilding Company and the Canada Foundries & Forgings Co., Limited.

TO INVADE RUSSIA GUCHKOFF'S PLAN

Is Reported to Have a Volunteer Army of 6,000 Well-Armed Men.

Copenhagen, June 29.—Private advice from Kovno, Lithuania, say that Alexander J. Guchkoff, Russian minister of war and navy in 1917, and associated with General Yudenitch in the offensive against Petrograd last fall, is concentrating near Koenigsberg a volunteer army of 6,000 well-armed men for a new invasion of Russia.

Guchkoff is reported to be in control of 1,000,000 marks, raised among Russians in Sweden by a cousin of the late admiral Kolchak, head of the Russian government at Omak, in opposition to the Bolsheviks, and General Volkomper, Nicholas, Guchkoff is said to favor a plan for entering Russia by way of Lithuania and Latvia. The report is causing great anxiety among the statesmen of those countries.

Colonel Wendt, chief of staff to Guchkoff, has gone to Paris to attempt to enlist the military support of the allied representatives there for intervention in Russia.

REPORT RUM-RUNNING ON ST. CLAIR BORDER

Sarnia, Ont., June 29.—Considerable increase in rum running along this section of the St. Clair border has been reported since the number of license inspectors working here has been reduced. It was stated today, a license inspector and a special operative while at work along the river bank, south of this city, yesterday came across a boathouse about four miles south, which was well stocked with a large supply of liquor. The license inspector left the officer on guard and returned to Sarnia, according to a spectator who witnessed what followed. A couple of men in a high-powered launch landed at a short distance from the boathouse and gagged the guard. When the inspector returned the liquor had vanished.

MEASURE INCREASING INDEMNITY PASSES

(Continued From Page 1.) months' hold of the bill to increase judges' salaries. But the motion was passed all stages in the house.

When the house opened this afternoon Hon. W. L. Mackenzie King asked if there was any correspondence between the Canadian and British governments in regard to the bill to be given to Canada by the mother country. Sir Robert Borden replied that unless it was of a confidential character the correspondence would be tabled.

Senate amendments to the bill amending the criminal code were considered in without opposition, and the bill to amend the judges' act, which provides for increases in judicial salaries, came up for second reading.

Mr. Proulx (Prescott), seconded by Hon. J. G. Macdonald, moved the six months' hold for this bill. "The motion was declared lost on division and the house went into committee on the bill."

Mr. Best (Dufferin), asked if judges, in retirement, would receive an increase in pensions to correspond with the increase granted in salaries.

The minister of justice replied that a judge now appointed would receive a pension based on his present salary, and not on the increased salary. It was proposed that for the future a judge should be paid, on retirement, a pension equivalent to two-thirds of his salary, instead of the full salary, as at present.

The amendment discussion turned up on an amendment from Mr. Lanctot providing that "any person receiving pension under the said act who becomes entitled to any salary with respect to public office under His Majesty's government shall have such salary reduced by the amount of such pension."

Hon. W. S. Fielding agrees entirely with the principle of the amendment but asked that it be not made retrospective. Mr. Lanctot said he was prepared to agree to that condition. Sir Robert Borden remarked that he would be glad to accept the amendment in any form as to provide that "if hereafter any person becomes entitled to a pension under the judges act and becomes entitled to a salary in the public service, the salary in the public service shall be reduced by the amount of the pension."

The amendment was carried, the bill reported and given third reading. To increase the salaries act and the senate and house of commons act—the measure providing for increased salaries to cabinet members and increased indemnities to members of both houses—next came to members' attention. Some few days ago Guchkoff had expressed the opinion that the indemnity now received by members was too low. He had also stated his belief that this was not an opportune time to increase. However, in view of the fact that a large number of members thought the increase should be made at once, he considered it wise to introduce the measure.

The prime minister gave a brief historical review of the indemnities. During the past three years, civil servants in Canada had received \$17,572,282 in bonus to meet the increased cost of living. He hoped to make the indemnity for members such that they would not have to be disturbed for the next 15 or 20 years.

Hon. W. L. Mackenzie King asked that the present indemnities were not sufficient, but wondered if the present

BAILEY SUIT REVIVED OVER TREASURY STOCK

An unusual situation has arisen in connection with the liquidation of the Bailey Cobalt Mines, Limited. The creditors have all been paid in full, one hundred cents on the dollar, and the liquidator's costs and liquidator's compensation has been met, but there still remains to the credit of the shareholders a block of 425,000 shares in the Bailey Silver Mines, Limited. In view of these facts the directors of the Bailey Cobalt Mines, Limited, passed a resolution at a meeting in Chicago on May 24 authorizing an application in the Supreme Court of Ontario for an order staying winding up proceedings, setting aside the order, and restoring to the defunct company all the corporate powers it had before the winding up proceedings were instituted.

The motion has been made before Justice Orde, N.S. Caudwell appearing for the Bailey Cobalt Mines, Limited, and for the directors while G. H. Sedgewick appeared for the liquidator.

It was pointed out in the material for the motion that in the material of the shareholders a block of 425,000 shares in the Bailey Silver Mines, Limited, was part of the purchase price paid by J. Young for the assets of the Bailey Cobalt Mines, Limited.

There are some 1,700 shareholders of the Bailey Cobalt Mines, Limited, and there are some 10,000 shares certificates. The cost of distribution of the assets now in the hands of the liquidator would be paid by the shareholders on their certificates.

An order has been made by Justice Orde directing that a meeting of the shareholders be called, and in the event of their sanctioning the action of the directors that the stock be turned over to the old company and the liquidator be forthwith discharged.

Forest, Ont., June 29.—"The time is now ripe for action," declared J. J. Morrison, secretary of the United Farmers of Ontario, speaking at a large picnic of the farmers' clubs of this part of Lambton county, on the necessity of securing some new means for the obtaining of the consensus of opinion of the people on which, and only which, the country should be ruled. Mr. Morrison announced his subject as "democracy," and endeavored to bring out what he believed to be true democracy. It was not the consensus of opinion of 111 members of the legislature, or 234 members of the Dominion house, but the consensus of opinion of all the people of the country, he declared.

The great question of moment which is facing the people of Canada at the present time, he stated, was the question of getting some new method of obtaining this consensus of opinion. The time was ripe for a change and he foresaw that in a short time some method would probably be devised.

He took a rap at the Union government, stating that it was an example of a government which was governing in the name of the people, and yet the people of the country, and yet the people were unable to turn them out.

MORDEN PLEASED ABOUT THE MERGER

Expresses Himself as Satisfied With Progress of Steel Consolidation.

Montreal, June 29.—Prior to his departure tonight for New York from which port he sails Thursday for England, Col. W. Grant Morden, who has played the principal part in the negotiations relative to the new British Empire Steel Corporation, expressed himself as satisfied with the progress of the consolidation, stating that he would return to Canada later in the final rounding out of the big merger.

"For the present, at least," said Col. Morden, "my work is finished. All that remains now are the formalities essential to the consummation of our plans, and while this is being effected, I shall spend my time in England, in arranging development."

"I have agreed with the board of the Dominion Steel Corporation and Nova Scotia Steel and Coal Co. to set-mark approximately \$20,000,000 of the \$25,000,000 I have arranged to secure, for the development and improvement of the undertakings of the two companies. The greater part of the \$25,000,000 referred to will come from Great Britain."

ADMITS PAYING MEMBER \$1000

Timber Contractor Makes Sensational Statement Concerning Berth Permit.

That he had paid \$1000 to Capt. Machin, ex-M.L.A., in connection with the granting of a timber permit, was the sensational statement made by Charles Henry Greer, timber contractor, of Port Arthur before the Justice Riddell timber committee, in the parliament buildings yesterday afternoon.

In his evidence, Greer stated that he and his partner, G. E. Farlinger, who knew what he (Greer) was tendering, had both submitted tenders for block 832, which was awarded to him in October, 1912. He also acquired block 10 the same month. It was for consideration in respect of these deals, witness said, that he had the \$1000 wired from his account at the Royal Bank, West Port William, to Kenora, on Sept. 14, 1912, to pay to Capt. Machin.

"Tell us the circumstances," said Justice Riddell.

"Is it necessary I should have to tell," he asked.

"Yes. The people of the province want to know."

Greer said he had gone to Kenora to see Capt. Machin.

"Did you see anyone else?" "Yes. I saw Mr. Hearst, at that time minister of forests and lands."

Witness accordingly had the money wired to the Traders' Bank, Kenora.

Asked if Farlinger, his partner, had put up half the \$1000, Greer said he had been paid to Col. Machin. Greer said that he did "afterwards."

Mr. Harding, "Did this happen on any other occasion?" "Yes."

Paid for Liquor Licenses.

"How much?" "Three or four times, about \$1,000, for liquor licenses."

He paid \$500 once to Col. Little, chairman of the license commissioners, he said.

Justice Riddell: "It was either that or blackmail."

Justice Latchford pointed out that Greer and his partner were the only two who tendered for block 832. "A man doesn't pay \$1,000 for nothing," he said. "If he is the highest bidder and is going to get his tender accepted there is no need to pay \$1,000."

Witness said he thought there might be a higher bid.

Justice Riddell said that Col. Machin would be required to produce his letter files and bank book.

Col. Little will also be recalled and must produce his bank book.

Justice Riddell remarked that Sir William Hearst remained as yet untouched, but he might desire to say something.

The commissioners leave for a holiday on Wednesday, but will return any time for the examination of Colonel Little and Machin, and the cross-examination of Greer.

Mr. McEvoy said that if Col. Machin endeavored to impede Greer's evidence he had plenty of corroboration.

Wanted Two Berths.

Greer said he told Mr. Hearst he wanted two timber berths, that someone else had tendered nearly an equal price, and he thought he should have the preference, as he had a mill. Mr. Hearst told him it should receive consideration, said Greer.

"Machin intimated to me that if he (Machin) had \$1000 I could make sure of the berth."

Witness accordingly had the money wired to the Traders' Bank, Kenora.

Asked if Farlinger, his partner, had put up half the \$1000, Greer said he had been paid to Col. Machin. Greer said that he did "afterwards."

CIVIL SERVANTS PLANS AWAIT DRURY'S RETURN

The absence of Premier Drury and several of his cabinet ministers yesterday somewhat upset the plans of the civil servants in the employ of the Ontario government, who had to present to the Drury government their memorial asking for a general increase in salaries. The memorial will now be presented on Friday to a full cabinet by a committee of some fifty civil servants.

It is pointed out in the memorial, a copy of which was found on the desks of all the cabinet yesterday morning, that there has not been a general increase of wages since 1914, and that civil servants are now being paid on a pro-war basis. "Reclassification" of the civil service, as suggested by Premier Drury, is not favored by the government employees, who are practically unanimous in their demand for increases.

LAND OF THOUSAND LAKES

There are more than one thousand lakes in Algonquin Park. The excellence of the fishing to be enjoyed in this region, there is undisputed testimony. Fish caught in the waters of the park have won each year many of the national competitions open to the anglers of the continent. The region is 285 miles west of Montreal, 169 miles west of Ottawa and 200 miles north of Toronto. It is 2000 feet above the level of the sea. All the requisites for a camping, outing or canoe trip may be had at reasonable rates at "The Highland Inn," Algonquin Park station, Ont. LETTERS UNDER-STAMPED

A large number of letters addressed for delivery in foreign countries, particularly in France and Belgium, are mailed daily with the postage insufficiently prepaid, only three cents postage being prepaid, while the rate on letters mailed in Canada, addressed to such countries, is five cents for the first ounce or fraction thereof, and three cents for each additional ounce or fraction thereof. Those corresponding with friends in France, Belgium or other European countries should take special care to see that the proper postage is prepaid.

BROTHERS GO TO JURY.

In the county police court yesterday T. Burns and J. Burns, brothers, elected to be tried by a jury on a charge of stealing \$70 in cash and a quantity of liquor from Mrs. Oseier, of Richmond Hill. Bail of \$500 each was allowed.

DAMAGED SHOW CASE.

For doing material damage to a show case in a restaurant, in which he elected to dine, Andrew Devlin was, in yesterday's police court fined \$30 and costs or 30 days in jail.

WILLIAM HENSHAW

Who is held on remand at the jail on a charge of beating his wife. Mrs. Henshaw's condition is now so critical that he may have to face a more serious charge.

MRS. MAUDE HENSHAW

Who lies in a critical condition at St. Michael's Hospital after an alleged brutal beating by her husband.

WIFE MAY DIE; HUSBAND IN JAIL

(Continued From Page 1).

Her eyes were closed. She complained of head injury and pains in the throat. Her condition at the time was not regarded as serious, and she was able to walk from the house to a police car, in which she was driven to St. Michael's hospital. The husband was locked up, and is being held on remand in the jail on the charge laid by the police until his wife is reported out of danger.

TURN FOR WORSE.

Last evening the police were informed by the hospital doctors that Mrs. Henshaw had taken a turn for the worse, and it was not thought she would live thru the night. County Crown Attorney Greer, Judge Cohen and a police stenographer hurried to the hospital to take an ante-mortem statement at the woman's bedside. There was some difference of opinion as to Mrs. Henshaw's condition, and Mr. Greer decided not to take a statement from Mrs. Henshaw.

FATHER SUES SON AND SON SUES FATHER

At Osgoode Hall yesterday, Mr. Justice Orde refused to allow Hyman Siegel to carry out a sale under the powers contained in a chattel mortgage of the effects in the dental office of his son David I. Siegel, of West Dundas street. Another action is pending in which the son is suing his father, and on this ground his lordship decided that proceedings under the chattel mortgage be delayed.

UNDER FALSE PRETEXTS.

Pleading guilty to what the crown attorney characterized as "a nervous, intelligent piece of stealing," Albert Dowber was, in the sessions yesterday, sentenced to twelve months at the jail farm. Prisoner called upon the E. C. Currie Company and obtained silk goods valued at \$1,700, on the representation that he was recommended by a local firm.

ASSAULTED WOMAN DOCTOR

In yesterday's police court James A. Fitzgerald was sentenced to sixty days in jail for an assault upon Dr. Rachel Todd, of Brook avenue, upon whom he called for a prescription for liquor. He also attempted to steal \$12 from a drawer in the fair physician's desk.

EMPLOYEE ARRESTED.

Alfred Ethier, 65 McCaul street, was arrested last night by Plainclothesmen Greenlee and McArthur charged with stealing \$7 from Antonio Volpe, Volpe runs a shoe shine parlor at 120 West King street and Ethier was employed in the store. When Volpe went out and left Ethier in charge, the latter is charged with emptying the cash register and leaving the store. He had packed his belongings and was leaving the McCaul street house when Greenlee and McArthur arrested him.

RECEIVERS SENTENCED

Remanded for sentence last week on a charge of receiving cloth, three youths—William Gardner, Edmond Gauthier and Charles Heber—were, in the sessions yesterday, sentenced to three months at the Jail Farm. William Thompson, who loaned his car to the trio, was allowed to go on suspended sentence.

TORONTO NURSES HOLD THEIR ANNUAL PARTY

Toronto nurses had a delightful social hour last night at their annual party, held at 295 Sherbourne street. Festive flags flung across the entrance pointed the way to a charming garden buttressed with a wonderful ivy-covered wall with little flags here and there among the foliage, the windows peering out between just as in castles of ancient story.

The guests were received by Mrs. Bowman, superintendent of Women's College Hospital; Miss Matthews, head of the isolation institution, and Miss Gunn, superintendent of the General Hospital. An orchestra played in the house, which was decorated with large bouquets of marguerites, and a musical program was given by Mrs. Clarence Thompson and Miss Ruth Blanchard, Miss Foote and the orchestra accompanying. Dancing and refreshments served from little tables on the lawn and passed round by a bevy of pretty girls added to the enjoyment. It was expected that Dr. C. C. Terhune would give an address, but unfortunately the doctor was called away in the early part of the evening. The party was pronounced on all sides to be one of the most pleasant events of the season.

STOLE TAG MONEY; JAIL FOR CULPRITS

Sentence of four months at the jail farm was passed on Major R. C. Cockburn and two months on Walter C. Packer yesterday by Judge Costello. Both were charged with stealing \$100 each in the sessions of the theft of money collected on the tag day held under the auspices of the Army and Navy Veterans.

GET AWAY FOR DOMINION DAY.

With the new convenient service in effect via N. St. C. & T. Line, between Toronto and Port Dalhousie, opportunity is afforded for a very pleasant holiday trip to Niagara Falls and Niagara Peninsula points. Boats leave Toronto, daylight saving time, 8:00 a.m., 2:00 p.m. and 5:00 p.m. daily, except Sunday, with radial connection at Port Dalhousie for Niagara Falls and Buffalo. Return boat leaves Port Dalhousie daily, except Sunday, daylight saving time, 8:30 a.m., 11:00 a.m. and 7:00 p.m.

CHURCH LIABLE FOR TAXES

Taking the view that because vegetables were grown on their property on Kingston road and Bracklin avenue, the court of revision decided that the Roman Catholic Episcopal Corporation must pay taxes in connection with their Blantyre School. The church claimed exemption from taxation on the ground that the property was used for educational purposes.

RECEIVERS SENTENCED

A British and foreign mail (via England) will close at the general post office as follows: Regular letter mail at 6:00 a.m. Wednesday, June 30; supplementary letter mail, at 11:00 a.m. Wednesday, June 30; supplementary registered mail at 10:00 a.m. Wednesday, June 30.

TORONTO'S NEW LINK WITH THE PACIFIC

Government-Owned Railways Linked Up to Make New Transcontinental.

Sunday last was an important day in the life of New Ontario. On that day was effected the practical consolidation of the Canadian National and Grand Trunk Railways, and that consolidation is all important to New Ontario, because of the greatly improved railway service that follows as a matter of course. It is true that this consolidation of lines is, first of all, of importance, because it gives the Canadian National Railways the splendid new transcontinental service that has long been the dream of those men who wanted to see the old Grand Trunk take its place as a worthy competitor on equal ground with the C. P. R. and has more recently been the desire of those who were anxious to see Canada's government-owned lines achieve the full measure of their efficient service to all parts of this country.

Seeing New Ontario. The first of this improved transcontinental service left Toronto at day night, carrying on board a large party of newspaper men who were taken as far as Cochrane and given an excellent opportunity to view the tremendous

development that is taking place in North Ontario. The term New Ontario is rapidly becoming a misnomer. The country is new now, but at the rate at which development is taking place it will soon be so well settled and its business connections with old Ontario so well established as to wipe out all mere distinctions of age.

This new Toronto transcontinental service, which incidentally is also a new North Ontario service, is a thing of vast importance to the Canadian National lines. It is a new link between Ontario and the Pacific coast and it is the first big step in co-ordinating the various railways which have come under government ownership. The service created a new line from Central Ontario to the west and a new outlet to the east for western products.

The linking up of the various government-owned roads between Toronto and Vancouver is interesting. Last Sunday's train, which is now a daily feature of the National service, left Toronto at midnight (daylight saving time). To North Bay it ran over the G.T.R. line. From there to Cochrane it was on the T. & N. O. From there west to Winnipeg it ran on the Canadian National, and from there it will proceed to Edmonton by the Grand Trunk Pacific, and from there on to the coast over the Canadian National.

This new daily passenger train is known as the "National." Its equipment consists of standard Canadian built steel sleepers, tourist sleepers, dining cars, first-class coaches and colonist leave Vancouver making connections with one from Prince Rupert to follow the intermediate points, including New Bay, Cobalt and Cochrane will henceforth have the advantage of an added train a day both east and west or north and

south. The service is known as the Canadian National-Grand Trunk and this is but one of several co-ordinations that are being arranged to strengthen the Canadian National service.

ANNNOYED BY DELAY.

Because G.T.R. Gateman Dennis O'Leary at the Bay street, railway crossing attempted to prevent him from crossing the tracks while the gates were down, Frank Manns, colored, 125 York street, struck him causing him to fall and break his shoulder bone. O'Leary was taken to his home, at 252 Garden avenue, by the police ambulance. Manns was arrested by Policeman Dawson on a charge of assault.

Y.W.C.A. CAMPAIGN POSTPONED.

Tartar on Teeth

Shows That You Don't Clean Them—Note These Facts

All Statements Approved by High Dental Authorities

This is to men and women who find that brushed teeth discolor and decay. Who find that tartar forms, or pyorrhea starts. You are not keeping teeth clean. You let a film remain and the damage is traced to it.

Dental science has found a way to end film. It is now embodied in a dainty tooth paste which millions are employing. We urge you to try it ten days at our cost and see the results for yourself.

That Film on Teeth Can Now Be Ended in This Way

You can feel on your teeth a slimy film, ever-present, ever-forming. That film is the great tooth wrecker. Dental science now traces nearly all tooth troubles to it.

The film clings to the teeth, gets between the teeth, enters crevices and stays. The tooth brush does not end it. The ordinary dentifrice does not dissolve it. So millions find that teeth discolor and decay despite the daily brushing.

Why Teeth Discolor

That film is what discolors—not the teeth. It is the basis of tartar. It holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay.

Millions of germs breed in it. They, with tartar, are the chief cause of pyorrhea.

Dental science, after years of searching, has found a way to combat film. Many able authorities have proved its efficiency. For five years it has been subjected to every sort of clinical and laboratory test.

Now, for home use, it is embodied in a dentifrice called Pepsodent. Leading dentists all over America are now urging its adoption. This week we offer a 10-Day Tube to anyone who asks. And we urge that someone in every home prove its unique effects.

See What It Does

Present the coupon for a 10-Day Tube. Use like any tooth paste. Note how clean the teeth feel after using. Mark the absence of the slimy film. See how teeth whiten as the fixed film disappears.

Watch the results and read the reason for them. Compare this new method with the old. Then adopt for yourself and have your children adopt the method which seems best. This is of lifetime importance to you. Cut out the coupon so you won't forget.

WEDNESDAY MORNING, JUNE 30.

The Result in Manitoba.

The Manitoba election yesterday resulted in the defeat of the Norris government, but its real significance is to be found in the number of members returned to the legislature who do not profess allegiance to either of the two historic parties. From the returns before us, it would appear that more than one-fifth of the legislature elected yesterday consists of men who, as between the two old parties, may be classed as Independents.

Premier Norris, when he went to the country, faced a disorganized and badly-scattered field. He did not regard the Conservative opposition as important, and the Farmers' party had decided to keep out of the fight as a provincial organization. His government had a fairly good record, and the friends of Mr. Norris looked for him to win in a walk.

The result must come to them as a surprise. The Conservatives made rather a poor showing, but many voters who were dissatisfied with the government at Winnipeg managed to work their way without joining the official opposition. The independent candidate ran well, and the independent voter is beginning to feel his strength. The group system bids fair to supplant the two-party system in Canada.

Premier Norris, with the largest following in the legislature, may be able to form some kind of a coalition government, but the result of yesterday has diminished his prestige, and may well serve as a warning to other premiers who are planning to go to the country.

What Shall the Railways Charge Their Patrons?

Most of the railways and the greater part of the railway mileage of Canada are owned by the government, and will be operated as one system. These roads are not earning operating expenses, and there is talk of raising passenger and freight rates to correspond with the increase in the cost of coal, labor, material and equipment since 1918. The Winnipeg Free Press and some other papers are worrying themselves overmuch, we think, as to the capitalization of these roads and the cost to the country of the entire system. They want the capitalization written down, so as not to make the increase in rates too excessive.

Thus we revert again to the old error of basing rates upon capitalization. The rate the railway is allowed to charge should be the value of the service rendered. The passenger who is transported from here to Trenton pays the same rate, no matter on which road he goes, and no matter what its capitalization. If you go to hire a carriage, you expect to pay a reasonable rate for the trip, and you concern yourself not at all as to the cabby's financial condition. He may have a large family or a small family, he may have paid too much for his rig, or not enough; he may be in debt, or he may have money in the bank; but these things interest not at all the passenger with whom he is doing business.

The rate question is complicated in Canada by the government not owning all the railways, but having to compete with the powerful Canadian Pacific Railway Company. Rates which the people might cheerfully pay their own government for railway transportation may be a grievous burden when exacted by a private corporation. Competition in rates has long been abolished, and is probably not desirable; competing roads must charge the same fare for the same service. Yet the rates that would scarcely pay operating expenses on a colonization road like the National Transcontinental, or a road built for military and political purposes, like the intercolonial, would mean enormous profits and swollen dividends for the Canadian Pacific Railway Company.

The Toronto Globe, which more or less agrees with the Free Press, but seems disinclined to take any strong view on the question, has suggested that the rates upon the government railway system should be sufficiently high to pay operating expenses and carry fixed charges based on a capitalization of one billion dollars. This would mean a jump in rates that would make everybody sit up.

Let the Light Shine In.

The Kingston Penitentiary is again the centre of attack. The prison is antiquated and it is conducted along lines adopted many years ago. Unnecessary harshness characterizes the official administration, as one visiting Portsmouth can see. The convicts working in the fields are watched by armed guards. The amenities that brightened the dull hard life of the

ordinary prisoner in nearly any penal institution on this continent are unheard of in the Kingston Penitentiary. All this is quite beside the charges and insinuations that the guards with despotic power over the convicts soon become despots of the most savage type. Stories leak out every now and then, but are generally hushed up. Unfortunately, if they challenge public attention they are apt to be obscured by political, personal and religious prejudices. For years Dr. Edwards, M.P. for Frontenac, called the attention of the house to abuses at the Kingston Penitentiary and he was corroborated to a considerable extent by W. F. Nickle, M.P. for Kingston. Unfortunately the charges, instead of being judicially investigated, lost their identity in a squabble over promotions, personalities and politics.

It is a hard thing to get the truth by an investigation into a prison for the reason that the convict fears that the officials will take it out of his hide as soon as the investigating committee leaves if he tells anything embarrassing to the present administration. Then, on the other hand, you have the fact that the convicts themselves are not credible witnesses and that much reliance cannot be placed on their testimony. Yet a real investigation at Kingston if made would disclose beyond peradventure that it is the most antiquated penitentiary on the American continent and the one that has least felt the influence of prison reform.

The provinces of Ontario leads the continent in humanitarian and progressive prison reform, while the federal prison in Ontario is at the tail end of the procession; indeed is not in the procession at all, for modern methods of prison reform have never been tried at the Kingston institution.

The Woe of Victory.

John Vick, the late conciliator in the Toronto Street Railway dispute, belongs now to the company of the Might-Have-Beens. If a miss were not as bad as a mile—his signing of a report which he afterwards repudiated was certainly a miss—Mr. Vick will be given no public credit for his relation to the end of the strike. He failed in action; but in intention he was better than most people are likely to remember.

For knowledge of what Mr. Vick tried to do we are indebted to Judge Macleannan of Montreal, the chairman of the board of conciliation. The judge, trying to discredit the belated minority report of Mr. Vick, who declared he signed under misapprehension the award giving the street railwaymen nothing, said Mr. Vick asked the board to recommend an advance of five cents an hour. If instead of yielding to Judge Macleannan and the other member of the board, Mr. W. H. Moore, the facility of whose address was long one of the phenomena of the Canadian railway world, Mr. Vick had put in his own minority report advising the five cents an hour, he would now be hailed as a wise, foreseeing, statesmanlike person.

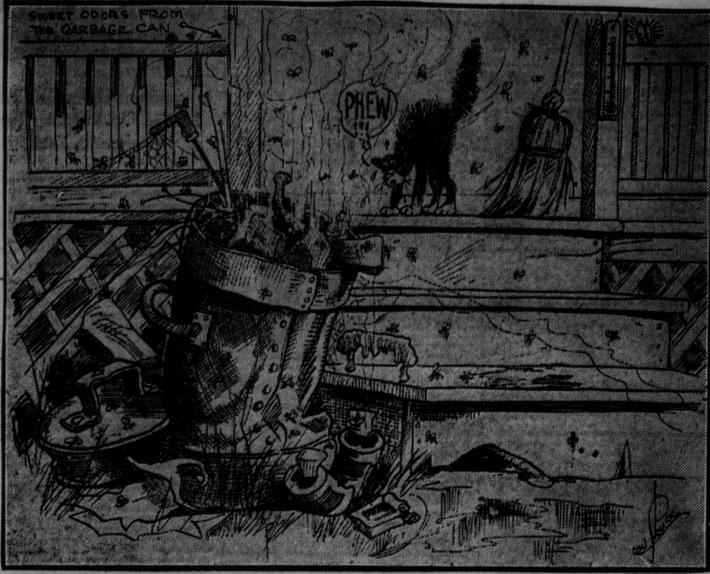

Mayor Church very quickly claimed credit for suggesting a five-cent increase, which suggestion he was not observed to back up by any timely public action. So far as a five-cent increase is a victory for the men as against the conciliation board, it is also a victory for Vick's view, disclosed by Judge Macleannan. Mr. Vick's intentions were good, and a debt is due the judge for making them known. But they achieved nothing, except a good deal of criticism for Mr. Vick, who knows as he never knew before how the certain delicacies are paved with good intentions. It is a poor consolation for him but perhaps that is worth hugging—the knowledge that he can say to Judge Macleannan: "I told you so." The pity is he didn't tell the public so in the first place. The Vick experience is a lesson to all conciliators who lack courage to declare openly for what they believe should be accepted by either side of a dispute.

IRELAND AND PROHIBITION

(Continued From Page 1).
American Commission of Irish Freedom. He said that "President" De Valera was in the city, but deemed it improper to appear before the committee. Mr. Walsh said that recognition of Ireland would not disturb British relations. He added: "That its adoption would be a cause of war with Britain has no basis in American tradition of international law. The Irish republic was established by more than a three-fourths vote of the people of Ireland. The political parties of America have always declared their sympathy for the oppressed peoples of the world. The Democratic party ought not to depart from the age-old policy of our government and withhold the word of recognition for the Irish republic, which means so much for 'humanity.'"

Senator Phelan (California) also argued for the Irish plank, and asked the committee not to be "fearsome of the plain Irish, lest it might involve us in some international disaster."

An Affront to Britain.
Opposing a platform declaration for Irish recognition, Representative Connolly (Texas) said that such action "could only be considered by Great Britain as an affront to her dignity and a challenge to her authority without in her own dominions. He declared that diplomatic recognition was constitutionally a power of the president and not a proper subject for partisan politics."
Speeches opposing the plank were persistently interrupted.
"You're a liar," yelled somebody, as

Have you a garbage can at your back door with the lid off this hot weather?

Connolly was speaking. Groans and hisses came from many Irish sympathizers at every point made against the plank.

There was another angry outburst when Adolph W. Smith, vice-president of the Loyal Coalition, said that \$10,000,000 had been collected from "Irish servant girls" and others by Irish sympathizers for propaganda in America. A woman started down the aisle, shouting: "Take that back, I'll not stand for that! When a sergeant-at-arms failed to stop the woman, three policemen led her to her seat.

Several epithets were shouted at Mr. Smith and Chairman Glavin finally warned the crowd that spectators were present only by courtesy of the committee. Mr. Smith emphasized the argument that friendly relations with Britain were involved. He was frequently interrupted by jeers, hisses and hostile interjections.

WETS AND DRY.

Bishop James Cannon, Tennessee, opened the fight for the dry forces before the committee. The dry speakers were introduced by Mr. Bryan, who said efforts were being made to put a "wet brand" on the Democratic party. The dry champions were many, including representatives of the W.C.T.U., Presbyterian General Assembly, National Prohibition party and other organizations. Wayne B. Wheeler appeared for the Anti-Saloon League.

Jerry Ryan of the California Trades Union Liberty League said that men accustomed to drinking wine were now drinking "rotgut whiskey."

Representative Sabath, Illinois, asked the committee for the dry forces the Federation of Labor whether that organization had voted down a recommendation for modification of the Volstead law as alleged by various papers. Gompers replied that in 1919 the federation had voted to ask congress to permit 2 1/2 per cent. At the recent convention in Montreal, however, Gompers said that "liberal reports of the Montreal convention had been sent out."

W. Bourke Cochran, New York, closed the prohibition hearings, arguing for state rights.

HYDRO APPROVES RADIAL TERMS

(Continued From Page 1).
Railways and the various electric lines, viz., the Toronto Eastern, the Toronto and Niagara, St. Catharines and Toronto Railways, the chairman of the Hydro-Electric Power Commission approached the minister of railways and asked him to determine what arrangement might be made to acquire these electric railway lines from the Dominion government, thus avoiding the duplication and paralleling of electric lines in the districts in which the municipalities had already voted in favor of radial railways as well as in those of the municipalities contemplated constructing electric railways. The minister of railways and canals, in answer to such a policy, and gave an option to the commission for the sale of the Toronto Eastern Railway, and in the district between Toronto and Bowmanville, in which the municipalities subsequently voted in favor of radial railways.

Credit to St. Catharines as part of the submission of the bylaws for the construction of the section of the Toronto and Niagara Falls was delayed. The commission contemplating the acquiring of the Toronto Eastern, St. Catharines and Toronto Railways, which recommendation was subsequently approved by the Dominion cabinet.

The offer agreed upon, and the recommendation of the chairman, are incorporated in the above letter from Sir Adam to Hon. Dr. Reid.

"In the case of the Toronto Eastern Railway, the municipalities voted in favor of acquiring and extending the railway, in the fall of 1919, and have since that time agreed to the acquiring and extension of this property. It covers the district between Toronto and Bowmanville.

"The Toronto Suburban Railway is constructed and operates in the district between Toronto and Georgetown, Toronto, Weston and Woodbridge, and is in her own dominions. The municipality of Brampton, in this district, has expressed its desire for a connection with the Toronto Suburban Railway. The acquiring of the Toronto Suburban will eliminate the necessity of constructing the Toronto and Credit and Geolph as a part of the Toronto and Geolph as a part of the Toronto Suburban will provide the service to Geolph, and

JUNE ROSES

Roses red and luscious that on June bushes grow,
Fragrant, rich with perfumes that from the orient flow,
Velvet are your petals, soft, kind as infant's cheek,
Pollen lies within your heart, golden, tender, sweet,
Flaming crimson speaks of love that flows from heart to heart,
It binds in bonds that never break and death alone may part.

Roses white bloom full in June for youthful, girlish bride,
Offering their beauty rare in all their winsome pride,
Tenderly they kiss her cheek like touch of shyest groom,
Promise give of joyous days and loving honeymoon.

Roses pink are June flowers, too, they speak of peaceful days,
Of restful, happy flowing life that follows godly ways,
And of the world that is so bright and pink are June's gift, glorious grand,
To overflow the world with love and beauty to the land.

QUEBEC FARMERS PLAN TO ENTER POLITICAL FIELD

Montreal, June 29.—The formation of a farmers' independent political party in this province, along similar lines to the United Farmers of Ontario, is the principal object of the recently formed United Farmers' Association of the Province of Quebec, which opened its second congress in the Maisonneuve market this morning. It is the intention of the association to nominate and support agrarian members in the federal house to represent the interests of the Quebec agriculturists, and their platform as outlined in their constitution.

MONTREAL PRESBYTERY TO INDUCT DR. MAKIN

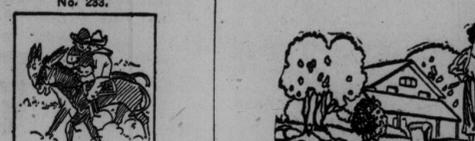

Montreal, June 29.—Arrangements were made at the midsummer meeting of the Montreal Presbytery, which opened here today, to induct two new professors in the Presbyterian College. These are Rev. Dr. Thomas Makin, of Toronto, who takes the professorship of practical theology, and Rev. Dr. S. M. Best, who will head the department of religious education.

May Grant Two Thousand Beer Licenses in Hull

Ottawa, June 29.—That there may be 2,000 wholesale beer and wine licenses legally granted in the city of Hull, and that 22 of such licenses have been granted since the last meeting of the city council, two weeks ago, was the startling announcement made by Mayor Louis Cousineau at the meeting of the Hull city council last night. "I am against the granting of wholesale licenses," said Mayor Cousineau, "but the law is there, and we can do nothing to prevent their being granted. The attorney-general has told us in writing that 2,000 wholesale licenses may be granted."

No. 233.

Here is a pretty problem which I figured out during a ride from Bixley to Quixley astride of a razor-back mule. I asked Don Pedro if my steed had another gait, and he said it had but that it was much slower, so I pursued my journey at the uniform speed as shown in the sketch. To encourage Don Pedro, who was the chief propelling power, I said he would pass thru Bixley, so as to get some liquid refreshments; and from that moment he could think of nothing but Bixley. After we had been traveling for forty minutes he halted, far we had gone and he replied: "Just half as far as it is to Bixley." After creeping along for several miles more I asked: "How far is it to Quixley?" and he replied as before: "Just half as far as it is to Bixley." We arrived at Quixley in another hour, which induces me to ask you to figure out the distance from Bixley to Quixley.

JUDITH OF BLUE LAKE RANCH

By JACKSON GREGORY.

CHAPTER 5 (CONTINUED)

But as she rode, the valley widened, changed in character. At first wandering herds of beef cattle, with now and then a riding cowboy turning in his saddle to wonder at her; then a gate to be opened as she stooped forward from her own saddle, and wide fields where the grass stood tall and untrod and blooded Jersey cows looked up in mild interest; yonder a small pasture in which were five Guernseys, kept in religious seclusion under ideal conditions to further certain investigations into the ratios of five different kinds of fodder to the amount of butter-fat produced; across a green meadow a pure-blooded Jersey bull, whose mellow bellows drew Judith's eyes to the clean line of his perfect back, over which, with pawing hoofs, he was throwing much trampled earth; in a more distant pen, accepting the trumpeted challenge and challenging back, a beautiful specimen of careful breeding in Ayrshire.

The road wound on, following generally the line of the river, with a generous broadening, flowing more evenly thru level fields. Looking down the valley, Judith could see the whitewashed clump of buildings where were the second office, the store and the blacksmith's shop, the tiny cottages. And beyond the barns, the dairy, the tall silos standing like lookout towers, the alfalfa fields crisscrossed with irrigating ditches, and still farther on the pasture lands where the big herd of cows was grazing.

Here the valley was spread out until from side to side it measured some more than four miles. The bordering mountains, like the river, had grown into a softer mood; rolling hills scantily timbered, rich in grass, were dotted with herds, cattle and horses, or fenced off here and there, reserved for later pasturage.

Across the river to the south, Judith marked the wandering calves, offspring of the herd; to the north along the foothills, the subdued green of the olive orchards.

"It's a big, big thing!" she whispered, and her eyes were very bright with it all, her cheeks flushed. "Big!"

Passing one of the great barns, she heard the trumpet call of a stallion, and, turning, saw in the corral one of those glorious brutes which Bud Lee had spoken of to Trevors as "clean spirit." From the instant her eyes fell to the massive beauty of him she knew who he was: Night Shade, sprung from the union of Mountain King and Black Empress; regal-blooded, ebony-black, from silken fetlock to flowing mane; a splendid four-year-old destined to tread his proud way to a first prize at the coming state fair at Sacramento, a horse many stock-fanciers had coveted.

She stopped and marveled afresh at him, paid him his due of unstinted admiration, and then spurred on to the little clump of buildings marking the lower ranch headquarters. At the store, where a ten-by-ten room was partitioned off to serve as office, she swung down from the saddle and, leaving her horse with dragging reins, went in.

"Hello, Charlie. You're still left to us, are you?" she said, as she stepped forward to shake hands with Miller, the storekeeper and general utility man of the settlement. "I'm glad to see you."

"So'm I, Miss Judy," grinned Charlie, looking the part. "Howdy."

"I wanted to ask Johnson and Denning. Are they here yet?"

"I'm Crowdy," he said. "Want me to tell old Masters to tell you to stop the sulphur treatment for the lung-worm calves. Haan't he told you?"

"Mr. Trevors said I was to give it to them," said Crowdy. "I can't be taking orders; offer a every hop-o-my-thumb like that collegy kit."

"Then Masters did tell you?"

"Sure, he told me," said Crowdy in surly defiance. "But if I was to listen to everything the likes of him says—"

Judith's eyes were fairly snapping. Continued Tomorrow Morning.

PRESBYTERIANS VOTE BONE-DRY

Referendum Deputation is Pledged Cordial and Unanimous Backing.

Toronto Presbytery went forward to the firing line as an auxiliary of the "dry" forces for the temperance referendum campaign by a unanimous vote at the monthly meeting at St. James' Square Presbyterian Church yesterday afternoon.

Addresses for the temperance referendum committee, given by Rev. Dr. Grant and Rev. Peter Bryce, were followed by the adoption of a resolution cordially approving of the referendum for a bone-dry province and the fullest possible co-operation with the deputation. Rev. Dr. Pidgeon was appointed to represent the Presbytery on the referendum committee.

Rev. W. A. Mackey was officially received from the Methodist Episcopal Church in the United States. He was then appointed colleague and successor to Rev. Dr. John A. Turnbull in the pastorate of the West Presbyterian Church at \$3,000 a year stipend with one month's annual vacation.

Rev. A. W. Traw called. The congregation of East King Presbyterian Church extended a call to Rev. A. W. Traw of Moorefield, Ont., at \$1,500 a year, free manse and four weeks' annual vacation.

The resignation of Rev. G. J. McKay of Mimico was accepted to take effect at once, and the Rev. Henry Martin, of Long Branch, appointed moderator interim of the congregation. It is Rev. Mr. McKay's intention to take a rest before assuming new pastoral duties. He has been a Presbyterian minister for thirty-one years.

Rev. A. L. Gessie announced that he had received a telephone message from the Wellesley Hospital that the doctors had given up hope in the case of Rev. D. Andrew Robertson, formerly pastor of St. James' Square Presbyterian Church. Dr. Robertson was taken seriously ill on Sunday morning and taken to the hospital where his condition became steadily worse.

COL. R. F. PARKINSON TO RECEIVE PUBLISHERS

Ottawa, June 29.—Col. R. F. Parkinson, D.S.O., managing director of The Journal, has accepted the invitation of the committee of Canadian newspaper publishers to proceed to England to receive the delegation of prominent British newspaper publishers who are coming to Canada to attend the Imperial Press Conference. The delegation reaches Halifax July 25. There will be 60 delegates from the British Isles and 40 from the overseas dominions. The conference will be held in Ottawa August 4 to 7, and afterwards the visiting publishers will tour Canada.

IMMIGRANTS DUPES OF HEARTLESS HOAX

Given Introductions to Overseas Settlement Board, Which Does Not Exist.

Immigration officials in the city are being perplexed by the arrival of immigrants from Europe carrying introductory documents of an organization which calls itself the Overseas Settlement Board, in London, England. Their Canadian headquarters are supposed to be located in Toronto, but apparently nothing is known of the existence of such an organization in this country.

Enquiries have led to the belief that the immigrants so arriving are victims of a fraudulent plan by some gang on the other side of the ocean. The English people who have come out under the auspices of this "board" are suffering a great deal of inconvenience and have been wandering all over the city in a futile attempt to locate the parties for whom their introductory letters are intended.

WILLS AND BEQUESTS

Under the will of the late Mrs. Mary E. Beemer, a widow, her estate, valued at \$47,258, is to be divided between her three children.

Under the will of the deceased James Donaldson, a steel worker, his estate is to be divided equally between two surviving sons. Deceased left \$4,870.

Two sons, two daughters and the children of a deceased daughter inherit the \$2801 estate left by Mrs. Eleanor Butler, a widow, who died intestate.

Mrs. S. Victoria Free inherits the estate of her deceased husband, James Edward Free, a driver, who left \$1078.

Mrs. Evaline Elizabeth Bauckham succeeds to the \$1000 insurance which comprises the estate of her deceased husband, Albert G. Bauckham, a former employee of the T. Eaton Company.

TORONTO'S FIRE LOSS.

Toronto's fire loss in the month of May was \$244,724. There were 232 calls sent in to the fire department.

SOLD ADULTERATED BUTTER.

For selling adulterated butter Lloyd G. Burch, Dundas street, was fined \$25 and costs in the police court yesterday.

DRUNKEN AUTOIST TO JAIL.

For being in charge of an auto while under the influence of liquor Mike Wilson was sentenced to one week in jail. He was also fined \$50 and costs or one week in jail on another charge.

ASSAULTED YOUNG GIRLS.

A fine of \$25 was imposed on Naco Dimitro, a Macedonian, who conducts a butcher's store on Jones avenue, for assaulting in an improper manner two young girls who visited his store to make purchases.

ONLY ONE DIES OUT OF SIXTY

Hopeless Case of Cancer Succumbs—One Exception to Glover Treatment.

Out of the 60 cases Dr. Glover has under his care only one patient has died and another is not expected to live long. In both cases the chance of a cure was too remote. The woman who died was brought from Peterboro, suffering from cancer of the brain. She had been operated upon twice and since last fall has been practically unconscious. The second case is that of a patient who was given 24 hours to live. Physicians think it miraculous that life by the aid of the serum has been prolonged so long.

In referring to these two cases, Dr. Glover said yesterday: "I have taken all inoperable cases—cases many of them given but a few hours to live—and in all but these two cases you have seen what the serum does. While there is a chance at all I could not refuse to give that chance. It is humanly I want to help, suffering that I wish to relieve. If I had taken cases in the early stage, then matters would be different."

It is impossible for Dr. Glover to take on many more new cases until he has prepared more serum. Those under treatment will, however, be fully protected. Working day and night, the doctor is devoting all his energy to the cures. His large private practice is being cared for by an assistant.

All the cases under Dr. Glover's care, with the exception of the two referred to above, showed improvement yesterday.

STOLE AN AUTO

Pleading guilty in yesterday's police court to the theft of an automobile, the property of R. G. Campbell, sentence of one year at the Jail Farm was imposed on John L. Martin.

COMMITTED FOR TRIAL

On a charge of stealing between \$2000 and \$3000 worth of furs from the Hartman Fur Company, Clarence Cook and Walter Freeman were, in yesterday's police court, committed for trial.

FINED FOR B.O.T.A.

A fine of \$200 and costs was imposed on F. K. Hardy for infringement of the O.T.A. He had a bottle of whiskey illegally in his possession, and stated that he had shared the contents with an officer.

BOYS STOLE CIGARETS

Sentence of 15 days at the Jail Farm was handed out to two young lads—Harry Cergalina and Charles Kragel—for the theft of 100 boxes of cigars from their employers, the Ideal Box Lunch Company.

PREPARATIONS MADE FOR HORSE PARADE

Special Attractions for Horsemen and Children Promised Dominion Day.

All arrangements have been completed for the holding of the 18th annual open air horse parade and show on Dominion Day morning, July 1, in Queen's Park and the adjacent streets.

The various classes will commence to assemble shortly after 8 a.m. and the judging will commence at 9.30 a.m. sharp, after which the entries will be formed up and parade about the city, taking the following route: South from Queen's Park down University street to Jarvis street, north on Jarvis street to Wellesley street, west on Wellesley street to the park again and then to the reviewing stand.

A number of special attractions will be an exhibit of a six-horse hitch by a local company, as well as numerous four-horse and three-horse hitches. The children will have their usual treat of being able to inspect at real close quarters a large number of very fine ponies. The entries in the pony classes this year have been very large and keen competition is expected among the contestants.

The 109th Mississauga Horse Band has been engaged to play a band concert during the morning, being placed quite close to the south crescent of the park. All citizens are cordially invited to be present. Parade rain or shine.

HELPLESS WITH RHEUMATISM

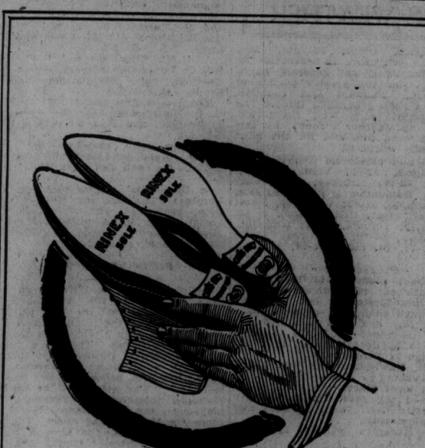

Until He Took "Fruit-a-tives" The Fruit Medicine

R. R. No. 1, Loxley, Ont. "For over three years, I was confined to bed with Rheumatism. I treated with doctors, and tried nearly everything without benefit. Finally, I tried "Fruit-a-tives". Before I had used half a box I saw improvement; the pain was easier and the swelling started to go down. I continued taking this fruit medicine, improving all the time, and now I can walk about two miles and do light chores about the place".

ALEXANDER MUNRO.

counsel fees for this at \$50. The costs of the proceedings referred to in paragraph 1 of the order of the 16th of March, 1920, are by that order made costs in the cause, and in the event costs to the plaintiff bank, "unless otherwise directed by the trial judge" and I do not otherwise direct. I direct the costs be paid by the defendant. The costs incidental to the examination de bene esse and the costs generally are ordinary incidents of the litigation—and this defendant unduly protracted—and they follow the event.

Good Reasons for Cat's Paw Heels and Rinex Soles

- They are more comfortable than leather.
 - They make your shoes last twice as long.
 - They make walking ever so much easier.
 - They need no "breaking in."
 - They cushion the feet against hard pavements.
 - They make each step light and springy.
 - They are water-proof.
 - They are best for every member of the family.
 - They do not scar floors or furniture.
 - They can be worn all year round.
 - They prevent slipping.
 - They take the noisy clank out of walking.
 - They are equally good for indoors or outdoors.
 - They are more economical than leather.
 - They are Dominion Rubber System products.
- When buying new shoes, or having old ones repaired, insist on Cat's Paw and Rinex. There's no combination "just as good."

Rinso

No more of this! One day in every week—one-seventh of a lifetime—women used to spend on wash day tasks like this! RINSO washes your clothes without rubbing.

the modern way of washing

What is it? The RINSO way. Just soak the clothes in RINSO'S rich, cleansing suds. A few hours later rinse the clothes. And then? That's all. They're clean!

Does it sound too easy? It's perfectly true. Just try RINSO for yourself and see—one package will do the family wash.

try RINSO on the hardest things to wash

The children's rompers, overalls, aprons—things with the dirt just ground in. See how beautifully RINSO washes them in the same easy way.

Not a cake soap, not a washing powder, but—better. Purest form of soap in granules. RINSO is perfectly harmless. Saves the wear and tear of the washboard.

No more of this! No more hours of drudgery over a steaming boiler. RINSO washes your clothes without boiling.

RAILWAY BLOCKED WHEN TROOPS BOARD TRAINS TO DUBLIN

Government Does Not Consider Situation Warrants Taking Over Roads.

OFFERS FROM BELFAST

Dublin, June 29.—New Bridge, County Kildare, is the great military centre serving Curragh, the Aldershot of Ireland. Today for the first time it was sought to despatch soldiers thence by a train passing from Kilkenny to Dublin.

Subsequently trains from Athlone and Thurles for Dublin were similarly boarded by soldiers and blocked. The stranded passengers drove to Kildare to catch thru trains stopping at New Bridge. The soldiers have orders to board any train available, so the situation cannot be relieved by the despatch of trains from Dublin.

ENTRANCE RESULTS AT R. M. C. EXAMS.

Ottawa, June 29.—(By Canadian Press)—Out of a total of 102 candidates writing on the recent Royal Military College entrance examination, 61 were successful, according to information received today at militia headquarters. The department issued a list of the names of the successful candidates, but drew attention to the fact that only fifty of the successful ones in order of merit would be admitted to the college.

EXPLOSION INJURES FOUR.

Quebec, June 29.—When a fire broke out at the home of E. Landry, St. Louis road, a steam engine was brought into play. The impulsion of its operators caused the pump to explode, injuring four persons. A. P. Robitaille was so badly scalded that he is not expected to recover.

PORTLAND AND ATLANTIC COAST.

The Grand Trunk offers day and night through service between Montreal and Portland, leaving Montreal daily at 8.30 a.m. and 8.20 p.m., arriving Portland at 7.30 p.m. and 7.30 a.m. Parlor-cars are served on day train. No sleeping cars on night train. No change between Montreal and Portland. The comfortable route for Portland, the islands of Casco Bay, Scarborough Beach, Frons Neck, Old Orchard, Kennebunk, Biddeford Pool, etc. For illustrated descriptive literature, with list of hotels and all information, apply to any Grand Trunk agent or C. Applied After Shaving Keeps the Skin Soft and Smooth

MANY men suffer from irritation of the skin as a result of shaving. With some it assumes a form of eczema and becomes most annoying and unsightly.

By applying a little of Dr. Chase's Ointment after shaving the irritation is overcome and such ailments as Barber's Itch and Eczema are cured.

SOCIETY NEWS

CONDUCTED BY MRS. EDMUND PHILLIPS.

Their Excellencies the Duke and Duchess of Devonshire and a party from Government House will leave this week for Newfoundland.

The Rt. Hon. Sir Robert and Lady Borden are expected to spend a few days at Point a Pic during the course of the summer.

The 1920 show of the Rose Society of Ontario was the centre of interest to flower lovers yesterday afternoon and evening, when the choicest blooms collected from Toronto and its environs and sent far away as Ottawa were exhibited in all their exquisite beauty of color and scent at the Jenkins Galleries.

At the end of the gallery were two large tables bearing some sixty vases each of varieties of roses from the gardens of Government House by Mrs. Lionel Clark and Lady Eaton from Ardwood, these not competing for prizes. Many prizes fell to the share of the president of the society, Mr. Andrew Hayward, from his lovely gardens at Wilton Farm, Oakville.

The son of Red De Clare married into the house of Geraldine in Ireland, and received from Edward I. a grant of lands, now known as County Clare. His heiress carried the county to the De Burghs, and their heiress married Lionel, son of Edward III, thus making the county a dukedom and creating the title, the Duke of Clarence.

TI-E-UP IN BUILDING IN KINGSTON, JULY ONE

Kingston, Ont., June 29.—(Special)—There will be a big tie-up in building here on July 1 as the masons, bricklayers and plasterers have notified the houses of the city that they want an hour for an 8-hour day. This means the men will get eight dollars per day instead of six dollars.

The marriage recently of Capt. Sir Gerald Burke, Bart., A.D.C., to the lady, Mrs. Long-Innes was the best man of Mr. and Mrs. Edward Christie, London, was officiated at the Guards Chapel, Wellington Barracks, by the Rev. H. C. Wilder and Rev. C. C. Brooks. The band of the Irish Guards played "Sweet Afton" and "The Rose Tree".

Miss Muriel Bruce gave a tea yesterday afternoon at her mother's house in Glassecker street for the Lord Nelson Chapter, I.O.D.E. The old house was beautiful with the color and scent of roses, peonies, and the fresh green ferns. Mrs. Bruce, who was gowned in blue and white voile, gave a short but comprehensive account of the annual meeting, which was much appreciated by the guests.

Major and Mrs. Joseph Kilgour are at their summer home at Couchiching Point for the season. The Women's Press Club picnic last week, which the members so much enjoyed, to the Rivett farm, was thru the courtesy of the Canada Steamship Lines, which conferred on the women the freedom of the boat to Niagara-on-the-Lake, Mr. Home Smith landing the truck in which they drove out and back thru the Niagara Land & Fruit Company's farms.

Major C. A. Boone, Mrs. Boone and two of their children left by the Megantic for England, where they expect to meet Mrs. Boone's brother, Major Mallock, and his family, who are home from India.

Mr. and Mrs. Drummond McKay and Miss Smith left yesterday for their house in Muskoka. Mrs. McCoy gave a small bridge party on Monday at her flat in Wilcocks street for Miss Margaret McQuaig, whose marriage will take place next week. Yesterday Miss Margaret Ivey gave a tea for her at the Rosedale Club, and today Miss Marion Matthews is giving a shower.

Sir William Mackenzie is at the Chateau Laurier, Ottawa, for a few days. Mr. and Mrs. S. Furry have issued invitations to a reception and tea at the Chateau Laurier this afternoon as a farewell before their departure for Washington, D.C., and also to introduce the newly-appointed Japanese consul-general in Canada, Mr. Sozaburo Young, who arrived at Victoria, B.C., on Wednesday last by the Japanese cruiser, Kasumi Maru.

The Lady Sybil Grey, daughter of the late Earl Grey, has arrived in Canada by the Megantic.

Rich Fruit Desserts For a Trifle

A package of Jiffy-Jell serves six people in mold form, or twelve if you whip the jelly. It is a real-fruit dessert. Each package contains a wealth of fruit-juice essence, condensed and sealed in glass.

No artificial flavor is used in Jiffy-Jell. No saccharine is used. Every housewife who once tries it will always make sure to get it. For this is the only quick gelatin dessert which has these bottled fruit flavors. Your choice of ten flavors—any of the delicious fruit flavors and goodness of the fruit itself.

CHARGE EXPRESS THEFT.

Belleville, Ont., June 29.—(Special).—Protase Blanchard of this city, a young man employed as a clerk in the Dominion Express Company office, was last night apprehended on a charge of theft. It is alleged that he converted to his own use a package containing \$291.38, the property of the express company. Blanchard was admitted to bail on Monday.

Belleville, June 29.—(Special).—E. F. Fredericks, secretary of the chamber of commerce of this city, has been selected by the city council as industrial commissioner of the city.

HURT IN SAND SLIDE

Belleville, June 29.—(Special).—Cornelius Hamilton of Thurlow township was severely injured while working in a sand pit. A large embankment of sand caved in, completely engulfing Hamilton. His collarbone was broken, also some ribs.

Toronto Returned Soldier Dies in Guelph Hospital

Guelph, Ont., June 29.—(Special).—The death took place at Speedwell Hospital this morning of Thomas Quinn, following an illness of about six months from tuberculosis. He was only in his 18th year and he served in France with the Black Watch Imperial troops, coming to Canada after the war. His mother resides in Toronto at 261-2 Carlyle street, and the remains were sent to Toronto tonight.

N. S. ELECTION DATE.

Halifax, June 29.—A special edition of the Royal Gazette was issued yesterday afternoon, containing the proclamation dissolving the house of assembly. The writs for a general election were immediately issued. Nominations will be on Tuesday, July 30, and polling will be held on Tuesday, July 27.

Kingston A. and N. Veterans Protest Indemnity Increase

Kingston, Ont., June 29.—The Kingston branch of the Army and Navy Veterans has passed a resolution against the members of parliament, having voted themselves an increase in their indemnity. The resolution, said in part, "that in view of the financial condition of the Dominion of Canada, which is at present passing thru a severe crisis in reconstruction, the Kingston unit of the Army and Navy Veterans look upon the act of the Dominion parliament in voting itself from \$2,500 to \$4,000 as an abuse of legislative privilege and an unwarranted application of public funds to private use."

FOUR U. S. GOVERNORS VISITING MONTREAL

Montreal, June 29.—The rolling stock and layout of the Montreal Tramways Company is under inspection today and tomorrow, for 150 members of the New England Street Railway Club are spending their annual two days' outing in the city, taking a busman's holiday and touring around on the official and observation cars of the company, visiting their power stations and other plants.

The visitors comprise an influential body, among whom are Governor Stone from Vermont, Governor Higgins, aide of Maine Governor Cox, Massachusetts; Governor Sarsoul, Rhode Island; Governor Wilson, Connecticut; and Major Johnson, chief of the staff of the New Hampshire government; J. A. Malt, president of the New Haven Street Railway Club, and A. F. Walker, chairman of the outing committee of the club, which numbers over a thousand members.

RECORD GAS PRICES PROBABLE IN KINGSTON

Kingston, Ont., June 29.—(Special)—Kingston's gas supply is at a low ebb. It is only with great difficulty that the civic utilities are giving a service at all. The consumption has so increased that the plant cannot cope with the demand. If the price of oil keeps going up the commission will have to charge three dollars a thousand cubic feet for gas or three times the rate in 1914. At present the commission is charging \$2 for gas, but this rate will likely reach \$4.50 before long if the cost of production is to be met.

LABOR NEWS.

A late delivery---a re-grouping of our own stocks---that tells the story. 200 suits for men and young men will be ready---every one under wholesale cost at \$29.75. Men will do well to be here when the doors open at 8:30 today for first choice from this wonderful assortment.

Most of the suits are from our own stocks now reduced in price to under present wholesale cost. To these we have added various fine lines which were late in delivery and which we preferred to pass on to our customers at an extraordinarily low price, rather than return them to the manufacturers.

There are conservative and youthful styles—a model for practically every taste. The suits were specially selected for our regular stocks—not a manufacturer's clearance. This is apparent at a glance—their exceptional tailoring, their fine lines, their all-wool linings at once show their superiority.

A full range of sizes from 34 to 44 when the sale opens at 8:30 today.
