Sinn Feiners Surround and Disarm Soldier Patrol on Police Duty Persia's Appeal Will Make First Real Test of League of Nations

PERSIA WILL PUT LEAGUE OF NATIONS TO TEST OF POWER

Direct Appeal Made by Foreign Minister Gives No Excuse to Shirk Issue.

MANY COMPLICATIONS

London, June 6.—The first real test of the league of nations as a practical working body will be made when the council meets in London on June 14 to deal with the case of Persia versus the Bolsheviks. The greatest importance is attached to this case by the supporters of the league party because the case has unusual complications. One of these is that a section of the British press holds that the recent British-Persian agreement amounts to a British protectorate and Persia thus has a right to look to Great Britain to defend her from attack. Another is that the Bolsheviks may reject any communications from the league.

Otherwise, the issue is a perfectly straightforward one. The league could not refuse to take it up if it wished. Prince Firouz Khan, the Persian foreign minister, made a formal appeal to the league, invoking article 15. He recalled the circumstances of the bombardment and the landing at Enzeli and placed the interests of the Persians in the hands of the league, asking it to take necessary measures to deal with the situation.

PREDICT LEGISLATION TO FORCE PAPER MAKERS

Ottawa, June 6.—(By Canadian Press).—The Citizen tomorrow will say that the Dominion government will introduce legislation to force compelling Canadian makers of newsprint to supply 15 per cent. of their total output to Canadian publishers, this being sufficient for the needs of the newspapers of this country. The bill to be introduced, the paper states, will not fix the price. A meeting of the Daily Newspaper Association asking the government to pass legislation forcing the mills to keep them supplied at prices not higher than current export rates.

RAIN ALLAYS FARMERS' ANXIETY AS TO CROPS

Saturday's Downfall Brightens Up Fields and Assures Good Harvest.

Saturday night's glorious downfall of rain, general over all central Ontario, came just at the psychological moment, and while it did not come as generously as the average farmer had hoped for, or anticipated, its effects are already manifest, a marvelous transformation having come over the face of the country. Where on Saturday morning, in all the country between Kingston on the east to Guelph and beyond, the fields and meadows were parched, they now have become green, and will become increasingly so. Twenty-four hours has worked a miracle.

Anxiety is Over. Lowering skies all day Saturday portended rain, but it was not until around 7 o'clock in the evening that a gentle drizzle began, which gradually increased, and soon two hours later the countryside adjacent to Toronto, and bordering on the lake front, the refreshing showers descended. Never in years have the farmers watched with greater anxiety for its coming, and while it was not all they wanted, it is an earnest of more to come.

All down thru the Ottawa valley refreshing showers have fallen within the past week, but here in Ontario, where no heavy rains have fallen for nearly a year, the ground is hard and dry, all late-sown seeds, such as turnips and mangolds and the sown a month, have not germinated, and whether Saturday night's rain will reach them is problematical. But it has done a world of good, nevertheless.

Lots of Rain at Niagara. All thru the Niagara Peninsula, an abundance of rain has fallen in 18 hours, as a matter of fact, and despatches from there last night say that the fruit crop has been saved, and that a number of farmers utilized the day of rest to work among their orchards. It is probably too late to help the hay crop very much, but the fall wheat, which ought by this time to be well headed out, and in a fortnight late, will be enormously benefited. And the oats, barley and spring wheat will take on a new lease of life.

The weather prophets out in the country yesterday all said that now the spell was broken there was every chance that the explosion occurred in Fort Pampalu, at Mount Centa, north-west of Turin.

LABOR PARTY IS BIG ISSUE AT A. F. OF L. CONVENTION

"Progressives" Will Demand That "Ideal Platform" Be Drawn Up for New Political Organization in U. S.—One Big Union and Profit-earning Other Topics to Fore.

Montreal, June 6.—Efforts will be made to have the American Federation of Labor, which opens its annual convention here tomorrow, lay the foundation for the establishment of an American labor party, leaders of the progressive wing of the federation declared tonight. They announced plans to launch a fight for the appointment of a special committee to draft an "ideal platform" during the next twelve months, and submit it at the 1921 federation convention as the basis for a new political party.

"We realize that our opportunity for a labor party has passed for the coming election," said Cyrus Grow of Los Angeles, Cal., one of the progressive leaders, "but we want to prepare now for the future. Labor has been the loser by the new too long delay in the direction of a political organization. We are here to sponsor a third party. If our plan is carried out there will be an American labor party within two years."

"Our movement may, however, be hastened if either one of the major

parties adopts reactionary platforms in a national convention. The labor party movement is being supported by delegates from the metal trades council of the Pacific Coast and a number of representatives of other West Coast organizations. Mix in Politics.

Conservative leaders refused to comment on the labor party plan, except that they did not believe it "would get far," as the majority of the delegates would support Samuel Gompers, president of the federation, in his announced non-partisan political policy. The convention is also expected to give considerable attention to the present political situation in the United States and express its views as to platform reforms that are necessary to satisfy labor. When Mr. Gompers leaves town for Chicago, he will probably take with him suggestions of the delegates for his presentation to the Republican platform committee.

An effort, it was learned tonight, will be made to secure delegations to have the convention go on record (Continued on Page 8, Column 1).

POLICE ROUND UP FOUR WANTED MEN

Officer Put Up Plucky Fight While Arresting Two of Them.

Four much-wanted men were rounded up by the police Saturday night. Two of the men, arrested at Hanlan's Point, attacked Policeman Henshaw, but the plucky officer hung on to both men until assistance arrived to help him handcuff his prisoners. Patrick O'Brien, York street, is charged with assaulting Policeman Henshaw and with one Charles Bentley, 145 West Richmond street, is charged with obstructing the police and theft. Both men were at the Island rifle ranges, and O'Brien was shooting at the target and he excited the crowd by declaring he had a gun in his pocket that would shoot accurately. Thinking he meant what he said, a man ran for the policeman. While Henshaw was walking O'Brien to the ferry dock O'Brien is alleged to have struck him in the jaw. Bentley then joined in and tried to prevent his friend being arrested and was arrested himself. Both men are alleged to have struck last week as farm hands to a man named David Howard at Thornhill. After working a few days, it is alleged they stole \$500 in Victory bonds and \$200 in cash. Waterhouse detective was examining Bentley, the prisoner is alleged to have torn up some cheques with Howard's name on them. Waterhouse plucked up the pieces, and seeing the name Howard remembered an occurrence of theft from a man by that name and Howard was asked to identify both men.

WOMAN ROBBED AND BADLY ASSAULTED

Was Held Up in Front of Home—Motor Bandits Again.

Two more street robberies were reported to the police on Saturday. Annie Fletcher, 272 Teravay street, complained to the police of West Dundas street station at midnight Saturday that she had been assaulted and robbed of \$10 in front of her home by two men. According to her story, she walked out of the front door to go to a store. There was a lane running alongside the house, and when she stepped out the door a man snatched her mesh bag, then struck her a blow in the face. The blow struck the woman with such force that she fell unconscious in the lane, and was found later by a man and small boy. Her face was badly swollen and was black and blue. The Fletcher woman reported the robbery to the police, but was unable to describe the men whom she says attacked her.

FATAL EXPLOSION IN TURIN SUBURB

Eighty Carloads Blew Up, Killing Fourteen and Injuring Hundred Persons.

London, June 6.—Fourteen persons were killed, several others were injured, and many buildings destroyed, by the explosion of 80 carloads of explosives in a suburban station of Turin last night, according to a Rome despatch to the Exchange Telegraph Company.

A despatch to the Central News says that the explosion occurred in Fort Pampalu, at Mount Centa, north-west of Turin. Beside the 14 persons killed, 100 were injured, the despatch adds.

MUCH CAPITAL LIKELY TO COME TO CANADA

Count De Toper Intimates \$80,000,000 Will Be Invested in the West.

Winnipeg, June 6.—Eighty million dollars of British capital, probably will be brought to Canada as a result of the visit of the Canadian High Commissioner to London, England, and Nice, France, is making to Winnipeg and the west more than a million dollars, according to the Manitoba Free Press says.

J. McPARLAND ELECTED AS PRESIDENT OF TYPOS

Indianapolis, June 6.—The committee in charge of the elections of officers of the International Typographical Union will meet tomorrow to tabulate the voting. Unofficial returns showed the election of John McParland, a member of Local No. 8, New York city as president over Maraden Kost, who had a majority of 1200 votes. All the other old officers appeared to be re-elected.

TO POSTPONE SPA CONFERENCE.

Paris, June 6.—Postponement of the Spa conference until July 5 or 6 is almost certain, according to The Magin, which says the work of preparing details of the indemnity payment makes delay necessary.

Kingston, June 6.—Nineteen potatoes sold on the market yesterday at \$1.50, but they were monsters, weighing 18 pounds. They were of the "Lost Island" variety.

GREATEST PRODUCER OF RADIUM MAY BE FORTUNE OF ONTARIO

Pitchblende Ore, Containing High Percentage of Uranium Oxide, the Chief Radium-Bearing Mineral, is Found on Border of Algonquin Park, and Estimated by New York Assayers to Be Worth \$4500 Per Ton—Work on Claims is Proceeding and it is Expected Capital for Big Development Will Be Available.

(By the Special Correspondent of The Toronto World.)

In view of reports of the discovery of radium-bearing minerals in the Algonquin Park region, the World prints the following conservative article by a special correspondent whom it despatched last week to the district in which the claims are being worked. The subject is of great public importance, and widespread interest is being taken in it. You sit at night in a new log camp, with pole and paper roof, that has been built in a spruce grove, close to a beaver dam alongside which trees and bushes have lately been cut by the most industrious Canadians. Pieces of rock that you saw taken from a cut in the steep hillside across the dam are laid on the stove, and the lantern turned down. In a couple of minutes glowing spots appear on the dark iron of the stove. They come from the little bits of rock—not from the stove. Their light is radium light, and if the chunks of rock are placed upon a coin lying on a photographic plate, and put away in the dark for some time the light they give off would imprint the coin and its image upon the plate, and you will have a photo-

WANT TAX REMOVED OR WILL DECLINE TO CEASE ANY CAKES

Confectioners Complain They Are Being Discriminated Against.

WILL SEE GOVERNMENT

That the retail confectioners will refuse to be bound up in the present luxury tax appears more evident daily. The following resolution passed a few days ago at a meeting of the Retail Cake Bakers of Toronto, Hamilton and Brantford, representing a total of 226 members, gives some idea of the attitude in which this branch of trade is being driven into the water. They find themselves, as they say emphatically, discriminated against in comparison with the large manufacturers of bread and bread rolls, who are exempt from sale and luxury tax. "At a meeting of the Retail Cake Bakers Association, called for the purpose of discussing the excise tax as applied to the baking industry, it was unanimously decided that it would be impossible to comply with the tax as proposed by the government.

"While there is no desire on the part of the bakers to evade paying their portion of the liability on the country, in full, it would simplify matters and be more equitable if the government would substitute a straight excise tax sufficiently large to meet the necessary amount. "Be it therefore resolved that we send a deputation of three members to interview the minister to place our views before him." (Continued on Page 2, Column 7.)

BRITISH WARSHIPS FIRE UPON TURKS

Had Crept Close to Entrenchments of Units Along Gulf of Ismid.

Constantinople, June 6.—British warships opened fire on Nationalist positions near Tuzla, on the sea of Marmora, 38 miles west of Ismid, late on Friday night. Constantinople was aroused by the heavy firing of the guns of the warships. The Nationalists had approached close to the British entrenchments along the gulf of Ismid, where many British units are stationed to protect the troops guarding the railway.

The collapse of the sultan's troops leaves the British alone to defend the railway terminals opposite Constantinople. Many Armenian and Greek refugees have entered Ismid after escaping from the Nationalists.

REAPED RICH HARVEST BY BEGGING ON STREETS

Albert McGill, no home, was arrested Saturday night at Queen and University avenue by Policeman Tait on a charge of vagrancy. McGill, according to the police, was a watched accused stop no less than twelve persons in one block and ask them for the price of a "bed" when searched by No. 2 police station McGill had \$14 in ten cent pieces.

NEW CIVIL SERVICE FEDERATION WILL TAKE STRIKE VOTE

Reclassification and Retroactive Pay Cause of All the Trouble.

UNITY THE SLOGAN

The newly-formed Toronto Association of Federated Civil Servants yesterday afternoon, at a mass meeting held at the Star Theatre, by unanimous vote, decided to take a strike vote immediately, each division to take a vote and to report its result to the general executive, and also to have each division of the federation elect its delegates to the general executive. The general executive will then elect its officers, who will take whatever action may be deemed necessary to clear the general uncertainty now veiling the whole situation in the civil service respecting the question of reclassification and retroactive pay.

It had been the intention of the general executive primarily to recommend a huge mass parade and a 24-hour cessation of work if the government did not come forward with a definite and satisfactory statement regarding its intentions by Sunday night. But both the board of trade and the Postal Clerks' Association had received word of the passage of the reclassification bill thru its second reading on Saturday, with every prospect of it being given its third reading today. It was, therefore, decided to give the government a few more days' grace, this decision resulting from advice given by the representatives of the board of trade, W. H. Alderson and Charles Martin to remain quiet until the reclassification bill had been given its third reading.

FRUIT BELT CROP SAVED BY EIGHTEEN HOURS RAIN

St. Catharines, Ont., June 6.—Eighteen hours' continuous rain broke the drought, on which the eastern section of the fruit belt has been suffering. The rain has saved the strawberry crop, and proved a great benefit to vegetable plants, Sunday farmwork was engaged in by many farmers today, plowing being the popular practice.

NO NOMINATION FOR PRESIDENCY ON TEST BALLOT

Prospects for Deadlock at Republican Convention Are Growing.

DARK HORSE POSSIBLE

Chicago, June 6.—Prospects for a deadlock in the Republican convention are growing with the arrival of unstructured delegates who hold the balance of power. Out of the deadlock, which will be produced by the failure of Wood, Lowden or Johnson forces to command a majority will come the nominee, be he the dark horse or one of the big three. The Lowden forces tonight are claiming as high as 250 votes on the first ballot, and the Wood forces equally as many. The Johnson claims are not stated in figures, but the California senators' headquarters are claiming hourly additions to his column. After looking over the much-mixed condition, with its lack of head and leadership, the men, whose interests counts in the party councils, have come to the conclusion that about the best way out is to let the candidates, with the largest number of supporters, trot a few heats to show the convention what they can or cannot do. Those favoring this plan feel perfectly certain that none of the candidates will be nominated on the test ballot. After the three leading candidates have demonstrated their inability to command enough votes to nominate themselves, it is believed that delegates themselves will be in better position to determine whether they prefer (Continued on Page 2, Column 9.)

IRISH MILITARY POLICE PATROL IS AMBUSHED AND DISARMED INCENDIARISM STILL RAMPANT

Land Owner Shot From Behind Hedge—Former Home of Officer Who Executed Editor Skeffington Burned and Several Vacant Barracks Destroyed—Strikers Will Negotiate to Resume Work.

Dublin, June 6.—A few more vacant police barracks were burned over the week-end. John Blake, a landowner, was shot from behind a hedge and seriously wounded at Thom, 15 miles northeast of Galway, while on his way to church. A military police patrol on bicycles was ambushed and surrounded near the village of Carrigrohilly, County Cork, this morning. The policemen were compelled to surrender their arms.

Oak Burr House at Macroom, County Cork, the property and former home of the Bowen-Colthurst family, was burned Saturday. It was destroyed by Bowen-Colthurst, who had P. Sheehy Skeffington, editor of The Irish Citizen, shot during the rebellion of 1916. The courthouse at Fermont, County Cork, was wrecked Friday night. The police barracks at Kilmurry, County Clare, were burned.

The strikers' committee yesterday considered the message from James Henry Tigmas, M.P. for Derby, and general secretary of the National Union of Railwaymen, advising the strikers to resume work, pending a decision by the trades congress at Bristol on the refusal of the men to handle munitions. The committee decided to inform the London and Northwestern Railway Company that the men are willing to enter into negotiations to resume work. The company's attitude is that the men must return unconditionally and handle munitions if requested.

HON. J. DUNSMUIR CALLED BY DEATH

Former Lieut.-Governor of British Columbia Was Great Coal Magnate.

Victoria, B.C., June 6.—Hon. James Dunsmuir, former premier, one-time lieutenant-governor of British Columbia, one of the wealthiest and best known residents of the province, died at Cowichan Lake today. He had been in failing health for some time, and suffered a seizure last evening. Hon. James Dunsmuir, who was born at Fort Vancouver, Wash., sixty-nine years of age, was a millionaire. He inherited big interests in British Columbia coal mines from his father, and as a boy of 17 he started a coal mine in these fields. In 1810 he disposed of his interests in big coal mines at Wellington, Comox, Alexandria and Vancouver Island to Mackenzie and Mann, but retained 20,000 acres of coal lands. Another of his big deals was the sale to the C.P.R. of the Esquimalt and Nanaimo Railway with 1,500,000 acres of land. He was a director of the C.P.R., and was known as a generous contributor to objects which appealed to him. Mr. Dunsmuir was a British Columbia and the Vancouver Sanitarium for Tuberculosis were prominent in this regard. He was a Conservative and entered the legislature as member for East Yale in 1898. He was called upon to form a cabinet, and was premier and president of the cabinet in 1900-1902. He was appointed lieutenant-governor of the province in 1906 but resigned three years later. A wife and large family survive.

VERA CRUZ IN GRIP OF BUBONIC PLAGUE

Sanitary Authorities Have Been Made Supreme Power in the City.

Mexico City, June 6.—Every effort is being made by the government to combat the bubonic plague at Vera Cruz. Orders have been issued, making sanitary authorities there the supreme power in the city, dominating every military officer. A troop train struck the sanitary cordons surrounding Vera Cruz late last week, and a warrant for the arrest of the general in charge of it, has been issued. Twenty-five cases, the most of which have proved fatal, have been reported from Vera Cruz since the outbreak of the plague a week ago. Several other cases have been reported from cities near Vera Cruz. Two patients in a hospital in this city are under observation, being suspected of bubonic infection. President De la Huerta stated yesterday he would, if necessary, accept assistance from the American Red Cross in the fight against bubonic plague in Vera Cruz.

CONTINUE ATTACKS ON NORTHERN FRONT

Poles Capture Many Prisoners Together With Guns and Other Booty.

Warsaw, June 6.—The Poles, according to an official statement issued today, are continuing their successful attacks on the northern front, and have occupied Gliwice, 65 miles east of Swansian and Dokoitcha, 16 miles south of Gliwice, taking many prisoners with guns and other booty. The Bolsheviks, to cover their retreat, attacked in strength at several places, trying to cross the Middle Berezina. They were repulsed, however. But a statement says: "The enemy, with strong reinforcements, is concentrating before Borsus, on the Berezina, 38 miles south-west of Minsk, for an attack on our bridgehead." The statement continues: "A Bolshevik column of Communists and marines was routed, with the loss of four armoured automobiles, a tank and one big gun. Between the Dniester and the Dnieper, our aviators dispersed cavalry detachments, and we won local engagements."

PUBLISHERS DEMAND QUICK FEDERAL MOVE IN NEWSPRINT CRISIS

At Special Newspapers' Association Meeting, Appeal for New Legislation.

TO ENSURE SUPPLIES

Ottawa, June 5. — (By Canadian Press.) — At a special general meeting of the Canadian Daily Newspapers' Association, held here today, to consider the precarious position of many Canadian newspapers with regard to newsprint supplies, it was decided to appeal to the federal government for legislation requiring each newspaper manufacturer unwilling to do so to supply his proportion of the domestic requirements of newsprint at prices not higher than the current contract prices for export to foreign countries.

PROTECTION POLICY REQUIRED IN WEST

HAMILTON

Hamilton, June 6.—The memory of the soldiers British and American, who fell in battle one hundred and seven years ago, was honored today at Stony Creek. Services of an appropriate nature were held at the battlefield, this afternoon under the auspices of the Wentworth and Saltfleet Historical Societies, and the Army and Navy Veterans, and were presided over by the mayor.

PROTECTION POLICY REQUIRED IN WEST

R. D. Cowan, M.P. for Regina, Says New View-point is Taken.

Montreal, June 6.—R. D. Cowan, M.P. and mayor of Regina, addressed the Progressive Club at its weekly luncheon and gave a new conception of the west, politically and economically. He said he was not afraid of the next elections to appeal to the people of the west on the policy of the present government, and added that the west realized it could no longer depend on wheat only, but that an industrial policy was needed which meant a policy of protection.

SAYS PEDESTRIAN HURLED TEN FEET

Allege Motor Car, Thru Negligence of Driver, Causes Injury to Man Boarding Street Car.

Milord Dmitrievich, 35 Bolton avenue, was struck last night on a charge of criminal negligence, following a motor car accident at the corner of King and Peter streets. Accused is alleged to have struck and hurled Wilfred Knight, 18 Mercer street, a distance of 10 feet. Knight was alighted at the corner of King and Peter from an eastbound car, when the motor car, traveling at a speed, it is alleged, of 30 miles an hour, ran up alongside the standing street car and struck Knight. The police ambulance removed the injured man to the General Hospital. Policeman Kydon, who made the arrest, claims the automobile skidded a distance of 20 yards after striking Knight.

SCORE'S SUITING PRICES ARE IRRESISTIBLE.

The order books for the past two or three days are positive proof of it. The condition was here—and Score's have taken no half-way measures in meeting it—and so today a man may choose of suits of Scotch tweed, regular \$85 for \$44.50; an Irish serge, regular \$75 for \$32.50; or an English worsted, regular \$90 for \$55.50.

PORTUGUESE PREMIER EXPIRES SUDDENLY

Lisbon, June 6.—Antonio Maria Baulista, Portuguese premier, and minister of the interior, died at 6 o'clock today at the ministry of the interior. He was seized with a sudden attack about 1 o'clock yesterday, during a ministerial conference. Physicians who were summoned diagnosed the condition as congestion of the lungs. As this was the second attack which the minister had suffered, there was hope of recovery. Remedies proved ineffectual, as did the use of a woman and two children were summoned to the ministry and remained until Ramos Preto, minister of justice, had been appointed premier.

FOCH NOT MUCH INJURED IN AUTO COLLISION

Paris, June 6.—Marshal Foch, suffering no ill-effects from collision last night of his automobile with a taxicab, attended a ceremony at the Sorbonne today, at which the people of Alsace and Lorraine presented him with a statue symbolizing victory. Andre Lefevre, minister of war, presided. The mayor of Strasbourg and Metz made the presentation. Marshal Foch sustained cuts about the face from glass. The driver and another occupant of the taxicab also were injured.

Turks Give 15 Days' Delay To Reply To Peace Terms

Constantinople, June 6.—The government has received a note from the allies granting the Turks a delay of 15 days in which to present their observations on the peace terms. Turkey had asked an extension until July 11 in which to submit its answer.

WOMAN SUFFRAGE CONGRESS OPENED

Sermon Preached in Geneva Cathedral by Former Pastor of London Temple.

Geneva, June 6.—The eighth congress of the international woman suffrage alliance was opened this morning in the great pulpit of Geneva cathedral by Miss Maud Royden, up to a short time ago pastor of the City Temple, in London. Miss Royden's fraternal address was aimed at the women of the world, and she spoke of the work of humanity in rebuilding the world after the war. She was warmly congratulated for the third man. The first official meeting of the congress was held tonight. The Communal Congress was presided over by Mrs. Chapman Catt, president of the alliance.

SHOT BY DETECTIVES WHILE LOOTING A CAR

Springfield, Mass., June 6.—In a running battle with Boston and Albany detectives, Giuseppe Visanti of this city was shot and killed early this morning, and Louis Malton of Springfield, was arrested, charged with larceny from a common carrier. According to the police, Visanti and Malton, together with a third man, were found looting a freight car, and when the officers approached they dashed for liberty. Detectives fired nine shots and Visanti, according to the officers, was killed. The body was found until daylight this morning. The third man escaped.

Dalhousie University Given Appropriation of \$400,000

New York, June 6.—Trustees of the General Education Board and of the Rockefeller Foundation announced to night appropriations totaling \$20,261,900 for various purposes of general education and the development of medical schools. Included in the list is an item of \$400,000 for buildings and equipment for Dalhousie University medical school, Halifax, and another of \$100,000 for endowment for the same. These sums are voted by the Rockefeller foundation.

Italian Battalion Wiped Out By Italian Insurgents

London, June 6.—Albanian insurgents have annihilated an Italian battalion near Alessio, and Italian warships have shelled that city, according to a Vienna dispatch to the Exchange Telegraph Company, quoting a report from Belgrade.

No Negotiations in Sight At the Halifax Shipyards

Halifax, June 6.—Negotiations are in sight for the settlement of the strike at the Halifax shipyards. On Saturday all the men were paid off, they handed in their buttons, and they were requested to remove their tools from the yards. The indications are that the strike will be prolonged. The men demand higher wages.

NEW YORK'S GROWTH SMALLEST IN YEARS

Is Attributed to Almost Complete Stoppage of Immigration During the War.

Washington, June 6.—The vexed question of the relative populations of London and New York was not definitely decided here last night, when the census bureau announced that the population of New York City on January 2 last was 6,921,141, an increase of 84,368 of 1.2 per cent. over 1910. The rate of growth was smaller than ever before in the city's history, except in the decade ending 1870, while the increase numerically was smaller than in either of the two decades preceding 1910. The latest estimate of the population of the city and county of London, made in 1917, was 4,026,901, a decrease from the official census of 1911, which showed a population of 4,521,585. Comparison with New York is difficult for the reason that New York City covers 237 square miles, while for census purposes the city and county of London cover only 114 square miles.

U. S. Senate Committee Recommend Prosecution of Paper Manufacturers

Washington, June 6.—Holding that security of newsprint paper, which has handicapped American newspapers, to "more the result of artificial obstructions than of natural laws," the senate committee which investigated the paper situation, yesterday recommended that the department of justice institute proceedings under the Sherman and Clayton acts against print paper manufacturers. Manufacturers were charged by the committee with "unjust, illegal and discriminatory practices." Present prices for newsprint paper were held by the committee to be "excessive and unwarranted." Other recommendations: Amendment to the Lever food control act, to penalize profiteering in newsprint paper. Imposition of an excise tax of 10c on Sunday newspapers weighing more than 128 pounds a copy, so as to limit such editions to 50 pages until an adequate paper supply can be secured. Appropriation of \$100,000 for the purpose of experimenting with substitutes for wood pulp. Establishment of a rate of 10c a pound on sheet print paper to any part of the country, when sent by parcels post, without increasing the present limit of 70 pounds provided under the postal regulations. The committee also recommended consideration by the government of the establishment of a federal newsprint mill to supply the government's needs with any surplus paper to be sold to small consumers.

NO NOMINATION ON TEST BALLOT

Up to this time, dark horses have gone begging for nomination, those who had any considerable support like Johnson, Lowden or Wood refused to look others for the nomination, and the weakness before a test of strength had been made.

STICKS TO STORY CARRANZA SUICIDED

Mexico City, June 6.—Reiteration of his assertions that the late President Carranza's death was due to suicide and the cowardice of his companions, was the feature of brief declarations by General Rodolfo Herrero upon his arrival in Mexico City last night for the purpose of rendering to President De La Huerta an account of his action on the morning of May 21, at Tlalcalantongo, where Carranza was killed.

Gen. Herrero Says Death Was Due to Cowardice of His Followers.

General Herrero asserted that he attacked 200 followers of Carranza with 80 men and that the Carranza forces fled without attempting to defend the president, who was wounded and who, on being abandoned, shot himself. He characterized the assertions of Carranza's followers as falsehoods and declared positively that he could prove his assertions by means of Carranza's blood-stained pistol and other evidence. General Herrero's declarations made at Tampico and San Luis Potosi some time ago were similar to his present statement, but this is commanding more attention now because it was not certain that Herrero would come to Mexico City for the purpose of facing those who accused him of assassination. General Herrero said that his force lost five dead and wounded, while six Carranzistas were killed. He could not bring more than sixty prisoners to Mexico City, he explained, as was his intention, to cause the forces of Gen. Francisco Mariel and Colonel Barris, the leader in that section of Puebla, would not allow their prosecution. Likewise, he charged that his despatch to General Obregon, giving an account of the battle and the suicide of Carranza, had been intercepted by General Mariel, and in consequence, only the account furnished by the Carranzistas was published.

The bakers are still awaiting a reply, and in the meantime discussion is free, in the members of the whole trade being circulated with the list of questions previously sent afflicting the bakers and the decisions received afflicting each. The explanatory remarks from the retail men to each of the questions following with the replies, speak for themselves.

"Should a retail cake baker invoice his retail store with the luxury tax and do not alone or together make a complete meal acceptable to anybody in the country, must be supplied with a 17 cent tax, and must collect the luxury tax and sales tax from their store invoices are sent to Ottawa every month with marked cheque covering the amount."

"Is a wedding cake included as a luxury?" "Yes, if not no."

"Is cake covered with jam and dipped in a covering such as nuts or coconut, or covering of any description, subject to luxury taxes?" "Yes."

"Do you consider retail cake manufacturers in the list of taxable manufacturers?" "Yes."

"Is powdered sugar or icing sugar added to a cake or fried cake taxable as a luxury?" "Yes."

"Yes, covering of any description on any class of cake or bun is taxable." "All the wash buns are covered with sugar wash. The Chelsea bun, heavy, and baked in shortening, is not taxable as a luxury; only a sales tax. The doughnut may be washed, or it may be unwashed and escape the 10 per cent. luxury tax."

The retail cake baker is a manufacturer who manufactures unfinished products, which are completed up to the present act to produce the finished product. "Is bread or bread rolls taxable?" "No tax of any kind."

IRISH SITUATION GROWING TENSE

Danger of Rebels Landing Arms is Admittedly Grave.

Dublin, June 5.—Altho information regarding the number of troops in Ireland is refused by the authorities, careful estimates placed the present number at more than 60,000, which is being increased daily.

The troops come from all parts of England, and lately the government has evinced a desire to send seasoned men, instead of raw recruits. The declared purpose of the military preparations is to preserve order and the police, and the chief quality cultivated is mobility. The idea that in some barracks should be kept in immediate touch with military support.

New Plan of Signals. wireless installations and a new form of rocket recently has been supplied. The rocket attracts attention for miles. The new plan has in some cases secured the prompt arrival of soldiers and relief for threatened police.

Patrolling at night is mainly done at the police, and the chief quality cultivated is mobility. The idea that in some barracks should be kept in immediate touch with military support.

A leading officer at general headquarters, in conversation today, said the situation was more serious than generally supposed. There is constant apprehension of the landing of arms for the republican element from abroad and it is considered significant that troops have been stationed at places near the coast.

Application of martial law is said to be in contemplation, but mainly as a demonstration of the government's determination, since all its effective powers already are available. Extension of the "curfew" orders by the government is considered probable.

Most of the attacks by raiders are carried out at night and it is believed that assemblies of raiders might be prevented or followed more easily if, as in Dublin, every person out at night were liable to arrest.

PONTIFF RECEIVES PRIMATE OF IRELAND. Rome, June 6.—Cardinal Logue, primate of Ireland, was received in private audience by Pope Benedict yesterday, the Pontiff expressing his satisfaction at the good effect resulting from the beatification of Oliver Plunket, first archbishop of Armagh, in Ireland, as well as in other countries. During a most cordial conversation, the Pope also referred to the situation in Ireland.

KILLED MEASURES BY "POCKET VETO"

Police in Ireland Shot Like Vermin

Washington, June 5.—The president, by a "pocket veto," killed the water-power measure, the resolutions repealing war-time legislation and the Underwood wood pulp resolution. The report said he had not been given time to give proper consideration to the measures.

Lloyd George Forceful in Telling Railway Employes Their Duty. London, June 5.—The text of Premier Lloyd George's conversation with the National Union of Railwaymen leaders Thursday, with regard to the refusal of Irish railwaymen to handle munitions, was made public this afternoon. It shows that the premier characterized the move as "one calculated to influence political decisions, not by the ordinary machinery of the state, but by bringing pressure to bear thru the threat of disorganizing the industries of this country to effect changes which up to the present, the electorate of this country has not sanctioned."

The premier added that it is a serious issue. I should regard it as a complete abdication of government if I were in the least to countenance this demand.

Forty-eight Murders. Mr. Lloyd George declared there had been forty-eight murders of police and 120 attempted murders in Ireland within a short time.

The police, he asserted, were "shot down like vermin." The premier continued: "They were shot down in the street while carrying out their elementary duty of any force of this kind—the preservation of order. We send a box of revolvers across to these men, to defend their lives and the trade union comes in and says—'if you do this, we will stop the whole traffic of Ireland if necessary.' We cannot possibly accept any decree issued by any body, however powerful that body may be, which denies to the government the facilities it regards essential for carrying out the functions for which it has been chosen."

No Dealings With Russia Till Peace is General. Paris, June 6.—The Temps, in an article today on the attitude of the premier, David Lloyd George, towards Russia, says that none of the allied governments must adopt a policy towards the Bolsheviks which would constitute a menace to the other allies and prejudice their interests. Consequently, the newspaper adds, peace must be made simultaneously on all the Russian fronts. The creditors of Russia must first receive guarantees. The Temps says.

NEW YORK TO NOME BASE AT EDMONTON

Four Military Flyers to Start From New York Early In July.

Edmonton, June 5.—Edmonton is to be chief Canadian base for the New York to Nome airship expedition being sent out by the United States air board. This announcement was made today by Captain Howard T. Douglas, United States air service, who has arrived here on his way to make final arrangements for the 2,500 mile jump across the continent.

Early in July four military flyers will start out from New York. The route to be followed will take the expedition to Portal, North Dakota, where a cross will be made into Canada. On this side of the line the flyers will first make a landing at Saakatoon. The next jump will be Edmonton. The next stop will be at Jasper and from there on the line of the Grand Trunk Pacific will be followed. Landings will be made about every 850 miles.

The purpose of this expedition is to establish a military air route across the continent." Captain Douglas said: "One particular value will be that Nome is 150 miles from the continent of Asia, also the progress of flying largely depends on the amounting of difficulties which can only be learned in flights of this kind."

PHILIPPE ROY GOES LONDON CONFERENCE. Ottawa, June 5.—A change has been made in the representation of the Dominion government at the International Labor Conference (League of Nations), which opens in Genoa, Italy, on June 15. Sir George Perley, high commissioner in London, and G. J. Desbarats, deputy-minister of naval service, were originally chosen as Canadian government representatives.

Sir George Perley is, however, unable to attend the conference, and Philippe Roy, commissioner-general of Canada in Paris, has been appointed in his stead. Mr. Desbarats will, therefore, represent the Dominion government. Mr. Desbarats has already left for Europe.

The conference was specially called to consider labor problems affecting season.

VOCATIONAL TRAINING. Winnipeg, June 5.—Vocational training centres, at which young men and women graduating from primary and high schools may receive thorough practical education in various branches of industry or home economics, may be established in the near future by the Manitoba government. The government has decided not only to participate in the \$10,000,000 fund for technical education purposes, provided recently by the federal government, but also to embark upon a vigorous course of action in this connection.

WIFE FOUND DEAD; HUSBAND IS HELD

SHIP LIVE STOCK ON NEW TERMS

Vancouver, June 5.—George F. C. Grosse is held here for investigation into the cause of the death of his wife, Madame Malita Allen, musician and writer, who was found dead on a couch in her apartment over the Canadian Press Bureau on Thursday evening. She had been autopsied by gas, every aperture in the room having been closed.

Ottawa, June 5.—Debated since 1911, a new form of contract to cover the carriage of live stock on Canadian railroads will come into effect on July 1 next. The Canadian Railway Commission today published its order that the new contract must take the form prescribed by the commission and that the form of special contract with attendants in charge of stock must be printed on the back of the live stock contract.

Only two points have been at issue between shippers and carriers since February, 1912, when a general agreement was reached under which shipments have been hitherto carried. These two points were: (1) the carriers' liability for loss, damage or injury to stock, and (2) carriers' liability for injury to attendants accompanying live stock. The limit of valuation has been increased considerably in the case of certain classes of stock. Cattle (except calves), may now be valued at \$150 each, compared with \$85 maximum provided in the old contract. Hogs are raised from \$15 to \$40; "other domestic animals," including calves, from \$10 to \$20 each.

Horses remain valued at \$200 (including mules), and colts under one year at \$100.

Carriers are released from liability for death or injury to attendants in charge of stock unless it results from negligence on the part of the railway or its employees, while the attendant is actually located in his own stock car or in the caboose of the train in which he is entitled to travel. The sign in order to obtain free or reduced transportation sets forth the attendant's responsibility for the care of the stock, his recognition of the added dangers of traveling on freight trains, and his undertaking to notify the general counsel of the railway within 30 days of any accident.

The question of increased valuation of stock is under consideration in the United States. The Canadian railway commission granted a temporary increase in July, 1914, and subsequent increases to keep pace with the soaring values of stock have been postponed here in the hope that the United States authorities would reach a decision necessarily affecting Canadian shippers on international trade. The matter being one of great importance to the Canadian live stock industry, it was decided by the commission that further delay was inadvisable and a hearing was given on Feb. 10 last, at which livestock shippers, farmers, packing houses and the railways operating in Canada, submitted their views. The present ruling is the outcome of that hearing.

ESTABLISH NATIONAL BUDGET. Washington, June 5.—After it had been amended to meet President Wilson's objections, the bill to establish a national budget system July 1 was passed today by the house and sent to the senate.

TO RATION SUGAR TO CONFECTIONERS

Sugar Situation in U. S. Said to Be More Serious Than During War.

New York, June 5.—A joint distribution committee to ration sugar to confectioners thruout the United States will be formed here within two weeks, Armin W. Riley, special assistant to Attorney-General Palmer, announced today. Characterizing the sugar situation in the United States as more critical than at any time during the war, Mr. Riley said an effort would be made to have bakers economize on its use in pastry and to have hotels and restaurants ration sugar to their patrons.

Brig.-General Gwynne Retires as Director. Ottawa, Ont., June 5.—Official announcement has been made of the retirement of Brig.-General R. J. Gwynne from the post of director of cadet services at militia headquarters. General Gwynne has been at militia headquarters for eight years, previous to which he commanded a cavalry unit in the west. During the war he acted as director of mobilization, and also as deputy adjutant general. A very capable officer, he has also performed the duties of adjutant general for short periods. It is understood that General Gwynne, whose retirement goes into effect from July 1st, will reside in Victoria, B. C.

L.D.A. TROUBLES FARMERS. Lethbridge, June 6.—Considerable protest is being voiced by farmers in certain districts at being interfered with by the provincial police asking them to desist from working on the land on Sundays. The farmers claim they are obliged to work Sundays on account of the late season, so as to make up for the lost time which the weather occasioned. The action of the police, it is said, is the result of complaints made by the Lord's Day Alliance of the province.

MONTREAL SHIP YARD LAYS OFF EMPLOYES

DISMISSED MEN REGISTER PROTEST

Montreal, June 5.—Nearly five hundred men at the Canadian Vickers shipbuilding plant at Maisonneuve are laid off for an indefinite period, owing to the inability of the company to secure castings. Mr. Jones, works manager, said that the shortage of castings is due to a strike of molders at Warden, King's and the Montreal Locomotive Works, which firms supply them with the castings part.

Special to The World. Kingston, Ont., June 5.—Quite a stir has been caused here over the dismissal of three officials at the penitentiary, H. W. Wilson, hospital overseer; George McCauley, assistant overseer; and Percy Dowley, guard in the hospital, by the newly-appointed warden, J. C. Fozzard.

They claim they should not be punished for the conditions that have prevailed at the institution for a long time. They state that a change in respect to discipline was general for some years and this was not due to subordinate officials, but to failure to appoint efficient heads. They point out that in hospital there was no regular surgeon and the work lacked the continuity of oversight that it should have had.

There were no less than six persons filling the position of warden within a period of eight years and this was a condition that was destructive of many years hard work in building up efficiency in a staff. The position of deputy warden, the chief disciplinary officer, was permitted to be vacant, as well as that of the chief keeper, so that there was no real executive head to the place.

DULUTH FAVORS DEEP WATERWAY. Duluth, June 5.—Further arguments in favor of the proposed deep water channel from the Atlantic ocean to the great lakes were offered at the final hearing here today of the International Joint Waterways Commission. The commission was told by several witnesses that a channel to the sea to accommodate ocean-going vessels could be completed and put into use long before the port of New York and other western terminals could improve their facilities to meet present day freight handling requirements.

It was contended that water transportation methods are far more highly developed on the great lakes than on the sea, and that lake shippers and shippers are quick to take advantage of any new opportunities afforded them and will keep pace with requirements.

The commission will hold a one-day hearing at Superior, Wis., next Monday, and from there will go to Ashland, Wis., thence to Milwaukee, and finally wind up its sessions at Toledo, Ohio.

MUST MEET NEEDS OF CANADA FIRST

Compel Companies to Meet Newspaper Needs of Papers.

Ottawa, June 5.—The Canadian Press Association held a large and representative meeting here today and discussed the newspaper situation. They were in conference with Sir Henry Drayton, minister of finance, "with no official announcement has been made. It is understood that the government will introduce legislation to compel the paper mills to supply the needs of Canadian newspapers."

Some of the mills are well disposed in this matter. Others, who are exporting their entire output to the United States, are objecting. Before adjourning, the Press Association passed a strong resolution, urging that no further timber limit or concession be granted the Backers Company of Fort Francis.

DELIGHTFUL FETE OF BROWN SCHOOL

Hundreds of Children and Parents Enjoy Outing on McCormick Grounds.

Principal W. H. Thompson and his
entire staff of excellent volunteers of
Brown School are to be congratulated
upon the splendid fete held Saturday
afternoon at the beautiful
grounds of "Oaklands," the fine
estate of the McCormicks on Avenue
road and Farmham avenue. Perhaps
the most noteworthy feature of the
fete, which was attended by many
hundreds of the children and their
mothers and sisters, was the unusually
brilliant display of embroidery,
lace covers, scarfs, linen of all
descriptions, candies, cakes and varieties
of all descriptions which met the
eye of the onlooker at every stage in
his travels through the maze of scenic
effects on the grounds. These
features were the time-honored
fortune tellers, wild animals which,
by the way, were about as tame as
the most docile of the great
and brown wheel, representing the
colors of the school, and all manners
of games and entertainments. At
Haroun Raschid, in miniature, all in
an attractive and varied ensemble.
Mrs. Hunter was in charge of the
entire series of displays, and the variety
shop, both of household art, that
domestic science and the annual
training booth were in charge of Mrs.
James Cameron, 64 Farmham avenue.
The other features, with their principal
assistants, were: Mrs. Arthur
Paterson; maypole dance, Miss
Pepall; child welfare display, Mrs. Geo.
Pepall; fortune tellers, Mrs. Beaton
and Mrs. Graham Baker; slight-of-hand
performances, Mr. Arthur Roy;
games, Mrs. Edwin G. Long; advertising
contest, Mrs. Mortimer Lyon;
afternoon tea, Mrs. Arthur Paterson;
temperance, Mrs. Seymour Corley; slip
pond, Mrs. Alfred Maguire and Mrs.
McQuigge; home-made candy, Mrs.
Hugh Scott; "Alice and the Looking-
Glass," Mrs. W. Pepall; and tea cream
cones, Mrs. Auger; candy booth, Mrs.
W. H. Adams.

AT THE BROWN SCHOOL GARDEN PARTY
Jockey clowns and dancing girls combined to make up one of the most picturesque effects of the afternoon's festivities.

FARMER CANDIDATE FOR WEST YORK?

Labor Interests Appoint a Committee to Consider Possibilities.

That a convention of the U.F.O.-
Labor coalition was to be held shortly
to determine what action was to be
taken relative to the riding of West
York, and that a committee had already
been appointed by the Labor
representation committee to take this
matter up with the U.F.O. was the
statement given out to the press on
Saturday afternoon. It was stated on
the side that the chances were strong
that the Labor delegation would gracefully
yield place to the U.F.O. section
of the coalition, and that a Farmer
candidate would be considered for the
riding when the time was opportune.

CORPUS CHRISTI FEAST IMPRESSIVELY OBSERVED

Beautifully impressive was the celebration of the Feast of Corpus Christi at the Church of Our Lady of Mount Carmel last evening. Two thousand carnations and greenery were used in decorating twelve arches that stand over the main aisle and the altars, which were ablaze with electric bulbs and wax tapers.

APPROVE CALL FOR PARTY CONVENTION

Central Conservative Association Also Favors Re- organization in City.

Delegates from all the riding associations forming the Central Liberal-Conservative Association held a meeting on Saturday night, and some important decisions were arrived at. In the first place, on the motion of Mark Irish, a resolution was adopted, but only after lengthy and considerable discussion, to the effect that the association endorse the Hon. Bob Rogers, a special committee which has been sitting for some months past, was adopted by the delegates. There were no radical changes in the report, except a suggestion to change the name of the association. This, however, was not passed, and the Central Liberal-Conservative Association will still carry on.

MONDAY MORNING, JUNE 7.

Union in West York.

A convention of the Independent Labor party and the United Farmers of West York is to select a candidate for the next federal election...

The Labor-U.F.O. alliance is in more danger of lapsing into some of the follies of the old-line politicians than all its friends seem to appreciate.

Congress Yields to Wilson. Congress has made a concession to President Wilson—the exception which emphasizes the almost ceaseless conflict between the executive and legislature ever since the election of November, 1918.

Home Rule in Labor and Paper. The convention of the American Federation of Labor opened today in Montreal.

Organized labor is pretty much of a republic in itself. On this continent it has had foreign relationships that are unlike anything else that has developed in the proletarian world.

Who's in on This Treaty? The Anglo-Japanese treaty expires next year. There is much discussion about its renewal.

ment be everywhere? It would be that the French government might as well be installed at Westminster.

Investigation of the relations of Belgian and French labor might yield some valuable results.

The sense of nationality is as important in organized labor as in other departments of national existence.

How It Works Out! Under the proposed Ottawa law regulating race track betting, the percentage allowed to the race track will average four per cent.

ROBBED THE HOUSE AND BOUND OWNERS

Pittsfield, Mass. June 6.—Three masked automobile bandits at the point of revolvers, early this morning, held up and robbed Mr. and Mrs. Leon Haxelton, in their home at "Jacob's Well," on the state highway, in Becket. After ransacking the house and taking between \$75 and \$100, the bandits, according to the story told to State Detective Thomas Bilgish of this city, bound and gagged Mr. and Mrs. Hazelton in chairs back to back and then left the premises.

STILL DEBATING TARIFF REVISION WITH INDIES

Ottawa, June 6.—The proposals of the West Indian delegation now in conference with the British and Canadian governments in Ottawa concerning a revised tariff have not yet taken definite shape at the end of the first week of the conference. The question of a more favorable tariff preference for the products of the islands is the principal one before the conference, and much time has been devoted to a survey of customs duties.

An announcement of the work accomplished by the conference is expected from the Canadian government early next week. The conference is being held in camera.

LABOR DELEGATES WELCOMED TODAY

Official Greetings in Montreal on Behalf of Canada and Provinces.

Montreal, June 6.—Representatives of the Dominion and provincial governments and of the city of Montreal will officially welcome to this city, the province and Canada, the fourteenth annual convention of the A. F. of L., which opens tomorrow morning at the St. Dennis Theatre here. Sir Robert Borden will not be present, though he may come later during the convention. Senator Gleason Robinson, minister of labor, will officially represent the Dominion government at the opening, and Hon. Newton Wesley Rowell will appear later.

Sir Louis Gouin, premier of Quebec province, and Hon. Antonin Gauthier, provincial minister of public works and labor, will represent the province. Mayor Médéric Martin and E. R. Decary, chairman of the city administrative commission, will represent the city of Montreal.

Tom Moore, president of the Dominion Trades and Labor Congress, will speak on behalf of Canadian labor. Representatives of Archbishop Bruchési and of Bishop Paré will also be present and will open the convention with prayer. Labor men are expected to arrive in Montreal tomorrow morning. The convention will clear for the monster procession from the Windsor Hotel to the St. Dennis Theatre tomorrow morning.

FISHERIES ASSOCIATION MEETS NEXT IN MONTREAL

Vancouver, June 6.—Montreal was chosen as next year's convention city at the final session Saturday afternoon of the Canadian Fisheries Association. A. L. Hagen, Vancouver, was elected president, and J. Paulinus, Montreal, vice-president. Ontario directors are P. T. James, Toronto; Roy Lampkill, Toronto; J. M. McIntosh, Ottawa.

LORD'S DAY MUST NOT BE VIOLATED

High Price Paid for Idle Land Offered for Nine Dollars Five Years Ago, Now Brings Hundred and Fifty.

The Kenwood Garage on Dufferin street is now finished and the shops surrounding it are ready for occupation. A florist, a restaurant and a bakery will open up here. The land upon which this property is built and been lying idle for twenty years or more and was offered for nine dollars ten years ago, now brings \$150 per foot.

Rev. Patrick Denison, an ex-Catholic priest, has been drawing large crowds to the Bond Avenue Baptist Church for the past few days. He formerly had a church out west and is now supplying the Baptist pulpits of Toronto.

A Ford car was in collision with a civic car yesterday at the intersection of St. Clair gardens and St. Clair avenue and narrowly escaped a smash-up which would have occurred but for the promptitude of the motorists. The Ford car was in the nick of time. The fender of the Ford was partly torn off and the street car had some of the paint scraped.

Several Earlscourt British families left last week for the old country on a visit to relatives whom they have not seen for many years. Some of these passengers have been waiting to get across since February, but, owing to the crowded condition of the boats, have been out off until now. As it is, many families have to wait until next year.

Special Sunday school anniversary services were held at the Earlscourt Central Methodist Church on Sunday. In the morning Rev. H. J. Oke, pastor of Prospect Methodist Church, preached and in the evening an address was given by Mr. Ivor Brook of the Sunday School Union. There was a large attendance. This church is the largest in Earlscourt, numbering some two thousand. J. Cryderman is superintendent and Mr. Ivor Brook is secretary. The evening pastor E. C. Hunter was the preacher.

DANFORTH

Can Import Tiles Cheaper Than They Can Be Made at Home

Great strides are being made in the Toronto Master Drainers' Protective Association campaign, and according to the statement of President William Tyler the members enrolled number between 85 and 90 per cent. of the master drain men in the city to date. Mr. Tyler said that the association is getting into touch with the drain and tile manufacturers in the old country with the intention of shipping the material to Canada. He also pointed out that there are large stocks of these commodities on hand in England owing to the building trade here being down in many other countries. From information already in the hands of Secretary George Tucker drains and tiles can be shipped from England to Canada and sold at a lower price than the local supply.

"It is our determination to accept the change of a certain builders' supply list," he said, "and to have it supplied direct by the drain and tile manufacturers," said Mr. Tyler.

Scotchmen Would Revive Their National Games

A well attended meeting of Sons of Scotland Christian Camp was held recently in Playter's Hall, Danforth avenue, when a discussion took place regarding the revival of the Highland gatherings which were held at the exhibition grounds before the war. John Roxbury, grand deputy, was instructed to bring the matter before the service being held at the Danforth school next month on the grounds at 300, Kingston road, Highland avenue and sports with national costumes worn by the members will be a feature of the proceedings. John Thompson, worthy chief, occupied the chair and six new members were initiated.

During the evening an interesting address was given on the aims and objects of the association by John Roxbury.

SUGGESTION FOR CONTROLLERS

"If the city is unable to settle upon the personnel of a housing commission I have the following suggestion to offer," said a Danforth avenue builder to The World yesterday. "The board of control to form a body composed of one practical representative from each branch of the building trade with a commissioner at its head, and then you have a sensible housing commission. The houses can be profitably erected with satisfaction to the city and the purchaser," said the builder, who instanced the case of a Greek builder in the Danforth district, who, starting with a capital of \$800, built five stores on Danforth avenue and cleared \$7,000. "This same success for the Danforth district on Wednesday next," he said.

BROTHERHOOD MOVEMENT.

Hope Methodist Men's Own Brotherhood, recently inaugurated under the Dominion Federation, held their first regular meeting in the Sunday school room yesterday afternoon with a large attendance. Dr. H. Campbell, president, occupied the chair, and an appropriate address was delivered on the brotherhood movement by Rev. John J. Coulter, pastor, Danforth Methodist Church, who formerly superintended a similar organization at Unbride, Ont.

HOME FROM BOLIVIA.

Mrs. John Linton, Methodist missionary home on furlough from Bolivia, South America, gave an outline of her work during the past twenty years there at the evening service in Beach Avenue Methodist Church yesterday. The mission, which is a small one, is in charge of her husband and Mrs. Linton will shortly return to join him in the work among the Bolivians.

The Sunday school was held at 1215 St. George street at the usual time, 3 p.m., and will continue at that time for the summer months.

WEST TORONTO

WEST TORONTO SEES BIG JEWISH WEDDING

The wedding was solemnized on Sunday afternoon in the Maria Street Synagogue, West Toronto, of Miss Janna Jubas to Mr. Harry Seigel. The ceremony was performed by Rabbi Herman and Miss Bertha Friedman acted as ring girl. The bride wore a white satin dress, trimmed with sequin; a veil wreathed with orange blossoms, streamers of satin ribbon, and carried a bouquet of white roses.

The bride and groom leave today for a trip thru the States, and will visit Toledo, Cleveland and Detroit. On their return they will settle down as Miss Jubas at 301 Euclid avenue. The bridegroom is the son of Mr. and Mrs. Seigel, 56 Balfour street, and the bride is the daughter of Mrs. Rose Jubas of 73 Maria street, West Toronto.

Among other, the following guests were present: Mr. Dubrosky, Esther Jubas and Miss Swartz, bridesmaids; Miss Peggy Cohen, Samuel Seigel, Benjamin Swartz, Mr. and Mrs. Grossman, Ruth Newman, P. Deboras, the Messrs. Lambert, Mr. and Mrs. Chas. Sherman and Mr. and Mrs. Weintraub and daughter. Music was provided by Steale's orchestra.

NURSES ARE NEEDED IN YORK TOWNSHIP

An important joint meeting of school trustees of school sections 7, Plains Road; 15, Fairbank; 26, Second; and 27, Todmorden, was held on Saturday evening in Barrington Avenue School, when several live questions affecting school curricula were discussed.

Andrew Grant occupied the chair, and a deputation of ratepayers brought up the matter of the appointment of nurses for the various schools thruout the township. Many advantages, it was pointed out, were derived by the sections in which the nurses were already established.

Inspector Jordan also spoke favorably regarding the work of the nurses, and after some discussion it was decided to again bring the matter up at a special meeting to be held on July 8 in Second School.

The question of uniformity of action thruout the organization of a school board for the township was favorably considered. The chairman pointed out that much overlapping would be eliminated.

Other matters of school government were touched upon by the various members. There was a large attendance.

HONOR MEMORY OF GEN. MERCER

General Williams Says Veterans' Memorial Service Most Impressive.

General Mercer, G.W.V.A. memorial, held last night in the Beaver Theatre, West Toronto, according to Major-General Victor Williams, G.O.C. of M.D. No. 21, was the most impressive he had ever witnessed since coming to Canada. President A. B. Burch, of General Mercer, stated that the branch represented from 2,500 to 3,500 enlisted men of whom about 300 had fallen. Exact returns from churches gave St. Cecilia's, 327 enlisted and 33 fallen; Annette Street Baptist, 48 enlisted and 11 fallen; St. John's, 216 enlisted and 39 fallen; Scarlett Plains Methodist, 49 enlisted and two fallen; Runnymede Presbyterian Church 40 enlisted and 21 fallen; St. John's Anglican, 243 enlisted and 22 fallen; Victoria Presbyterian Church, 276, 43 enlisted and 11 fallen; Holy Trinity, 135 enlisted and 17 fallen.

Col. Wm. Beattie, C. M. G. of Ottawa, and Major-General Williams were the chief speakers. The Salvation Army Band of West Toronto, led the veterans in the singing of the Dead March in Saul, and after the introductory remarks of Major A. L. Burch, the invocation was made by Rev. Dr. J. P. Tracy of St. Cecilia's Church.

Col. Beattie's address was an exposition of the many phases of character of the late General M. S. Mercer, killed at San Juan, and in whose honor the West Toronto people had named their branch. The qualities so perfectly developed in General Mercer were also the characteristics of the Canadian soldiers. "Courage, coolness and proficiency for others first," said the speaker, "was dominant among our boys. In all my experience I never met a wounded man, but who thought of his comrades first." Referring to two returned men, one having been operated upon 11 times, and the other 17 times, who are sometimes spoken of as not normal men, he said, "Let our sympathies be as big as their fortitude and patience."

The chaplain saw all sides of the men. "Men who had hidden back here found it a bit hard to be cheerful after a year. Yet there was a humor, too, that joked men about the duration of the war. Men of such spirit could not be beaten by any Hun that now drew the breath of our soldiers."

The religious fervor of General Mercer, who always attended two services a day, if possible, was fondly remembered by his men. "I will not say that every man who went overseas was a saint," said the speaker, "but with very few exceptions the men were deeply religious. Religion was a mighty factor in their lives. These men did not wear their religion on their faces. They were in the midst of their soul, in the place where it makes men mighty. I believe that after they are laid down days," the speaker concluded, "I believe that God is not going to let this sacrifice go unrequited."

Personality of General Mercer. Major-General Williams, who was with General Mercer at the time of his death, but had been wounded and was unconscious and later taken prisoner, spoke reminiscently of General Mercer and his outstanding personality on the battle field. "You will not hear a returned soldier speak of General Mercer's

NEED MORE CAPITAL.

The greatest need at Broadway Boys' Y.M.C.A. according to the last annual report, is sufficient capital to provide commercial facilities, for which the undeveloped resources are available, such as doggeries, additional bowling alleys, billiard tables and tables for the swimming tank. The board of management are looking forward to the near future developments along those lines.

HAD RECORD ATTENDANCE.

Rhodes Avenue Presbyterian Church held the largest attendance in its history at the church's history yesterday. Rev. H. A. Berks, pastor, officiated. During the service the sacrament of baptism was administered to eight babies. The time for Sunday school attendance was changed yesterday to 10 a.m. for the summer months, instead of 3 p.m., the usual time.

Elevator Men at Buffalo Vote to Return to Work

Buffalo, June 6.—Grain shovelers and elevator men here who have been on strike for two months, voted at meetings held today to return to work tomorrow morning. The shovelers will receive a ten per cent. wage increase, while the house men, waiving their demands for a 20 per cent. increase, will get a flat rate of \$6.00 a day, with overtime allowances. The labor troubles have crippled the elevators since the opening of navigation, although they have been operating with forces re-collected after the strike.

NO LETTING DOWN
OF DIVORCE BARS

Rev. T. A. Moore Says
Methodist Church Takes a
Clear-Cut Stand.

BETTING DENOUNCED

Church Will Not Rest Until
Race-Track Gambling is
Made Illegal.

Woodstock, June 6.—(Special).—At
the afternoon mass meeting held in
the Central Methodist Church today,
in connection with the Hamilton
Methodist conference, Rev. T. A.
Moore, D.D., dwelt at some length on
the question of divorce, gambling and
the drink evil.
"The Methodist church stands clear-
cut against any movement to let down
the bars or facilitate the obtaining of
divorce in Ontario other than on
Scriptural grounds or adultery," de-
clared Mr. Moore. "Our church com-
mands every one of its ministers to
ascertain from any divorced persons
presenting themselves for marriage the
exact reasons of the divorce and the
circumstances causing it, and posi-
tively prohibits the minister from
marrying any persons if it found that
he or she is the guilty party in the
divorce.

"If we are to have divorce courts at
all, I would prefer that the provinces
of the Dominion have their own, rather
than see people go to the United States
to obtain it," continued the speaker.

Lure of the Mutuels

Mr. Moore spoke strongly against
gambling, especially race track betting.
He said that five mothers had come
to him after the Woodbine races in
Toronto to ask his aid in helping clear
their sons of trouble incurred in the
pari-mutuel gaming hell at the Wood-
bine. He promised his hearers that
the Methodist church would not be
content or rest until race track betting
is made illegal.

On the liquor question, Mr. Moore's
parting shot was that the Methodist
church would not relax its efforts till
not only the sale but the manufactur-
ing of liquor was stopped in the Domi-
nion.
At the morning session, eight young
men were ordained, the president of
the conference, Rev. Sanford E. Mar-
shall, assisted by Rev. J. D. Fitzpat-
rick, Rev. Dr. Ross and Rev. J. H.
MacBain, officiating. The sermon was
preached by Bishop McConnell of Den-
ver, Col. The ordained were: Henry
Cotton, Paris; Frank A. Creighton,
Victoria College, Toronto; John A.
Ellis, Wesleyan College, Montreal;
Fred M. Ellis, Hamilton; Roy M. Geiger,
B.A., Woodstock; Charles A. Jay, B.A.,

CANADA RETAINS
SEED COMMISSION

Action Due to Abnormal
Conditions in West, Announces
Dr. S. F. Tolmie.

Ottawa, June 6.—(By Canadian
Press).—Abnormal conditions throuth
the prairie provinces during the past
two years have led the federal gov-
ernment to decide on a continuation
of the Dominion seed purchasing com-
mission, it was announced by Dr. S.
F. Tolmie, minister of agriculture, to-
night. This means that the govern-
ment since the commission was estab-
lished in 1916 has done business with
the farmers of the country to the ex-
tent of approximately fifteen million
dollars.

The actual balance sheet, just com-
pleted by the government, and cover-
ing the three years up to September
last, shows \$11,394,840.80 advanced to
the seed purchasing commission on the
authority of the minister of agricul-
ture. On that date there had been re-
turned to the receiver-general \$11,-
969,437.76, and in addition the com-
mission held assets, including seed
grain, in storage amounting to \$51,-
153.04.

Need For Continuation.
Referring to the need for a contin-
uation of the work of the commission,
Dr. Tolmie goes on to show that the
money advanced to the commission
business amounted to \$3,800,000, over
\$2,200,000 of which has already been
returned to the receiver-general. The
final accounting of the year's business
may not be completed before Septem-
ber, but the estimated balance at the
end of May gives promise of the total
amount being returned to the public
treasury an exceedingly satisfactory
state of affairs, according to the min-
ister.

SUM UP POSTINGS
TO PUBLIC SERVICE

Nearly Six Thousand Persons
Have Been Appointed Since
Start of Present Year.

Ottawa, June 6.—A return tabled in
the house of commons, in answer to a
question by H. A. Mackie, member of
Edmonton East, shows that 5998
permanent appointments to the pub-
lic service of Canada have been made
thru the civil service commission since
Jan. 1, 1919.

Supplementary additions to the re-
turn shows that the military hospital
commission and its successor, the de-
partment of soldiers' civil re-estab-
lishment, has installed 12,244 tempo-
rary employees in that period, while
4373 already have been dropped from
its payroll.

The department of militia has ap-
pointed 10,708 to its staffs since Jan.
1, 1915, while 312 have been dismissed.
The postoffice department employed
8949 in the same period, of whom 5344
were temporary employees. The post-
office dismissed 884, including 683 dis-
missed for participation in the sym-
pathetic strike in Winnipeg, Saskatoon
and Calgary last year.

CHURCH MUST AID
LEAGUE OF NATIONS

Hon. N. W. Rowell Delivers
Stirring Appeal to Metho-
dist Conference.

Kemptville, Ont., June 6.—A stirring
appeal to the churches and all relig-
ious organizations of Canada to give
their support to the League of Nations
in order that it may achieve the great
service for which it was established,
was made by Hon. Nowton Wesley
Rowell, president of the privy council,
in the course of an address before the
Montreal Methodist Conference, at a
banquet given by the Lay Association
last night. Moral support was what
the League of Nations particularly
required, and this support should be
forthcoming from the churches, con-
tended the speaker.

Touches Labor Question

Hon. Mr. Rowell referred to the
church's position as far as capital and
labor was concerned, appealing for the
maintenance of even closer relation-
ship with the mother country than at
present existed, and touched upon
matters of particular interest to the
convention being held here.
Regarding capital and labor, Mr.
Rowell did not expect the church
could propound the solution for the
problem, but it was the function of the
church to provide the atmosphere in
which it would be solved.

UPHOLDS REVENUE TAX FINE

St. Catharines, Ont., June 6.—Judge
Campbell has dismissed the appeal of
Charles Crooks against the decision of
the Beamsville police magistrate, who
imposed a fine of \$600 for neglecting
to pay a revenue tax. This second
fine followed a conviction of a fine
of \$ 00 by two Grimshy justices of
the peace at Grimshy for keeping an
illicit still.

GAINS TORONTO CONTRACT

Brantford, Ont., June 6.—(Special)
—In the face of strenuous competition
from oronto, Hamilton and Buffalo
contractors, the P. H. Secord & Sons'
Construction Company of this city has
captured the contract for the erection
of the twenty-storey million dollar an-
nex to the King Edward Hotel, Tor-
onto.

KAWARTHA LAKES.

Kawartha Lakes constitutes one of
the most popular of Ontario summer
playgrounds—600 feet above the level
of Lake Ontario, the climatic conditions
are most agreeable and healthful. Bass,
muskingonge and salmon trout are
caught in the larger lakes, while there
is good fishing for speckled trout in
the smaller lakes and rivers of this
district. Illustrated publication sent on

Gold Cuff Links for Travelers
Who Served in World War

Montreal, June 6.—The Dominion
Commercial Travelers' Association
held a meeting Saturday when three
hundred and thirty pairs of gold cuff
links were presented to members of
the body who had served overseas or
to the next of kin to those who had
fallen, thirty-three in number. Only
about a hundred attended the presen-
tation, many residing in other towns
and districts. Gen. W. O. H. Dodds
read the roll-call and presented the
souvenirs.

city subscribed \$25,013, and Mont-
real \$14,000.

Rinso

this wonderful new form of soap for
the family washing —

Not a cake soap—
Not a washing powder—
But a remarkable new soap product
in fine granules!

Just the thing you have been waiting for to take the labor and the
hardship out of wash day. Just the thing you need now more than
ever to save your clothes the relentless rub, rub, rubbing of the wash
board. Just the thing you need to make spotlessly
white the hard-to-wash clothes—the aprons, dish-
towels, children's rompers, etc.—without
boiling and toiling.

RINSO'S fine gran-
ules dissolve instantly
and stir up into a rich
suds.

AT NIGHT—
Soak the clothes with Rinso.
MORNING—
Rinse them out—that's all.

Rinso awaits you at your grocer's—to-day!

Start using RINSO this next Monday. RINSO is a new form of soap. Not a cake soap,
Not a "washing powder." A wonderful new soap product—in fine granules. These pure,
cleansing granules dissolve instantly into a rich suds. There is not a bit of solid soap to
stick tight to the fabric and injure it. There are no harsh chemicals to "eat" the fabric—
to destroy the colors. Just a rich, purifying suds—as harmless to the clothes as pure
water itself.

A New Idea of Washing

Labor saving! Time saving! Clothes saving! With
RINSO you soak the clothes over-night or for three
hours in the morning. You then take them out and
rinse them. They will be spotlessly, gleaming clean.
Only the extremely soiled things—bad spots—need a
light rubbing between your hands right in the RINSO
suds and they too will be shining clean.

The rich RINSO suds have loosened all the dirt while
the clothes soaked.

Only one package of RINSO and your week's wash
will be done better and easier than it was ever done
before.

Get that package to-day—RINSO
—at your grocer's.

siders, Propaganda and Neenan, were the
winners. Chief Sponsor was the only
first choice to run inside the money.
Five of them finished second, Murphy,
Jean Bullant, Capital City, Betsy and
Refugee, while Galway showed. Three

The great two-year-old Ike T. made a
new track record for the five furlongs,
in the first race.
The Highlanders' pipers and the Gren-
adiers band enlivened the time between
the races.
The proceedings commenced with a
dash for two-year-olds in which Ike T.
led his field by a wide margin under
and won easily. Incidentally he
established a new track record of 1:5
in the five furlongs.
Wholesale scratching reduced the field
to five runners. Propaganda, the
favorite, was scratched to make a
run-away affair. Freeman's sprinter
was scratched to make a run-away
under the whip to beat Capital City and
was beaten by a length by
Propaganda after a mild drive.
The Highlanders' Pipers broke
before Saturday and held his opposition
safe at all stages of the third runner for
Baby Cal, Plymouth Rock's suc-
cessor, who was scratched to make a
run-away affair. The result was
a narrow race after a masterly ride.
Closing with a well-timed rush in the
stretch, Lett's Cal, who was
powerful finisher, got up to
beat Jean Bullant in the fourth
race, a distance event. The
favorite, Propaganda, was
beaten by a length by

\$3,000,000 PROVINCE OF ONTARIO

10 Year, 6 Per Cent. Gold Bonds.

SEALED TENDERS endorsed "Tenders for Province of Ontario Bonds" addressed to the purchase of \$3,000,000 (Three Million Dollars) ten-year gold bonds of the above Province, dated 15th June, 1920, due 15th June, 1930, bearing interest at the rate of six per centum per annum, payable half-yearly on the 15th June and 15th December, Principal and interest payable in gold coin at the office of the Treasurer of Ontario, Toronto, or at the Bank of Montreal, Montreal, Canada, at the holder's option.

Bonds to be in denominations of \$1,000 each, with coupons attached and may be registered or unregistered.

Payment for bonds to be made at the office of the Treasurer of Ontario at the present building, Toronto, on or before the 15th June, 1920, less the amount of the deposit. Interim debentures will be issued in the case of the unregistered bonds to be exchanged for the definitive bonds on completion by the purchasers.

Tenders to be addressed to the Hon. P. Smith, Treasurer of Ontario, Parliament Buildings, Toronto, and delivered not later than 12 o'clock noon on Monday, the 14th day of June, 1920.

Tenders must be for the whole amount of the Province, and must be accompanied by certified cheque for \$50,000, to be applied in the case of the successful tenderer in payment for the bonds.

The highest or any bid not necessarily accepted.

P. SMITH, Treasurer of Ontario. Toronto, June 6th, 1920.
