COLLINS IS STILL EVADING CAPTURE

Man Wanted in New Ireland Murder Case is at Large But is Being Hunted Everywhere--Sackville Suspect is Probably Wrong Man and Will Likely be Released.

MONCTON, Aug. 23.—(Special)—The tragedy at New Ireland is the sole topic of conversation here today, but as far as can be learned there are no new developments. Collins is still at large and as the police here have made thorough search for him it is pretty certain that he is not in Moncton. No stone is being left unturned in this county and Albert county to locate the man by whom, according to the coroner's jury, Miss Macaulay was brutally done to death.

SIGHTED TWO BERGS AT SEA

Steamer Almora, from Glasgow, Passed Two Big Ones on Trip Across. The Donaldson line steamship Almora, Captain Turner, arrived in port this morning from Glasgow with a large general cargo and one passenger, Harry Laidlaw, of Montreal. The captain reports he had a fine passage all but two days when it blew a gale from the north west with high seas. On the 17th, August he sighted two ice bergs, the first one about two miles off the vessel in lat 48 47, lon 47 35; the other was probably four or five miles off the ship in lat 48 45, lon 47 40. Both bergs were very large and would be dangerous to navigation. On making the Nova Scotia coast foggy weather was encountered and all the way up the bay the fog was most dense. The Almora is discharging her cargo at the Corporation pier. She has a lot of cast iron water pipe for this city, Fredrickson and St. Stephen. On her return to Glasgow the Almora will take a general cargo.

REPORTED RUN ON ONE CENT STAMPS

The picture post card has become quite an important factor in the business of booksellers and other merchants handling them and naturally as a result of the great quantities of these cards purchased by tourists, there has been a big demand for one cent postage stamps. The demand for stamps in fact has been so great that a day or two ago there was almost a famine so far as the one cent ones were concerned. A big supply was received at the post office yesterday, however, and there is now an abundance of them. Postmaster Hamilton said this morning that the sale of one cent stamps during the past few weeks has been heavier than ever before in the same period. It was fully 25 per cent greater than at any previous time.

THE FISH MARKET

The fish market supply has been slim all week and from present indications fish will be scarce tomorrow. According to information gleaned this morning the fish prices are not very good for the coming week, the reason as stated in the Times last week being the prevalence of dog fish. Present quotations are as follows: Halibut, 15c per pound; mackerel, 22 cents each; cold storage salmon, 17 to 25 cents per pound; haddock and cod five cents per pound.

VALPARAISO BUSINESS HOUSES ARE REOPENING

VALPARAISO, Chile, Aug. 23.—Some of the business houses here reopened today for the first time since the earthquake. Telephone and telegraph communication with Santiago has been re-established, but the lines are almost exclusively used by the government officials. The city is still under martial law. Traffic ceases at six o'clock in the evening and everybody is compelled to take some part in the work. The department of public works at San Diego has appropriated \$100,000 for the construction of sheds to shelter the refugees from Valparaiso and elsewhere

MICHAEL FOIGHT, WEST END, FOUND DEAD TODAY; VETERAN OF MANY WARS

Death came suddenly today to Michael Foight, a well known old character of the west side. The old man was found dead in his house by his son, Frederick, this morning, about 6 or 7 o'clock, when he returned home after being at work all night. The old fellow had been feeling unwell for the past few days, and complained of a difficulty of breathing. The son, on making his sad and startling discovery, notified the neighbors and Dr. F. L. Kenny, coroner, was summoned. Dr. Kenny, in speaking of the matter, said the body had been found lying on the floor, and after an examination he had decided the death was due to heart failure, and he did not think an inquest would be necessary.

WILL NOT TAKE SOUNDINGS NOW

City Will Do Nothing of the Kind Until Dredging is Over and Cribbs are Moved. A meeting of the board of public works was called for this evening at 8 o'clock to discuss matters in connection with the Sand Point wharves and dredging. It is hardly likely that anything will be done toward having soundings taken by the city as present as it is not considered necessary to do so until after the dredging now being done by the city dredge is completed. It is also pointed out that it would be impossible to get any adequate idea of the conditions there until the cribs now lying at the berths are moved away.

G. T. P. WILL BE CHEAPEST TRANSCONTINENTAL LINE

OTTAWA, Aug. 23 (special)—"I am satisfied that in the Grand Trunk Pacific Railway, when it is complete, the people of Canada will have the cheapest transcontinental line in existence." These are the words of Collingwood Schreiber, C. M. G., chief consulting engineer to the Canadian government, who has just returned from an inspection of the work that the G. T. P. is doing in the west.

MONTRÉAL STOCKS

MONTRÉAL, Aug. 23 (Special)—Less than ten issues of any prominence figured in the stock market this morning and the price movements were only fractional. Some Dominion Irons changed hands at 20 and bonds went for 83 1/2. Nova Scotia Steel after long quietness sold at 60 1/2. Other issues dealt in were Montreal, St. By, 201 3/8 to 201. Lake of the Woods, 200, Mackay, 204. Montreal Power, 96 fractional decline.

NEW YORK, Aug. 23.—The suspension of Frank C. Hilling, manager of the Consolidated Stock Exchange, was announced on the floor of the exchange today.

AMERICAN CYCLIST WON

MADRID, Aug. 23.—At the Villaverde, Buffalo, last night, Bobbie Walworth, the American, won the 90 kilometre bicycle race by nine laps. Time 30:30-5. He was paced by a motor cycle.

BRAVE CAPTAIN BALKED CHINESE PIRATES PLAN

HONG KONG, Aug. 23.—A plan to hold up the British steamer Nanning, which trades between Canton and Wuchow, has been frustrated. A gang of disguised pirates boarded the steamer at Canton and were reinforced in numbers at way ports. The greatness of their numbers aroused suspicion, and a careful watch was maintained. At the first sign of a restlessness the captain threatened to shoot. This prompt action led to the arrest of three of the ring leaders, who were delivered to the British consul at Wuchow.

MURDER AND SUICIDE

PARRY SOUND, Ont., Aug. 23.—Murder and suicide took place at Parry harbor last night. Henry Anderson, in a fit of rage and jealousy, shot his wife dead as she sat at the door of a neighbor's house, then returning to his own home, set down and fired the pistol at his own head, killing himself instantly.

TWO GENTLEMEN BOARDERS OR MAN

THE TIMES NEW REPORTER

A GOOD CITIZEN. Mr. Jamesey Jones, who has been spending some time in the country, has returned to town much improved in health. Jamesey is much interested in the movements to pay off the debt on the Natural History Society Museum, erect a Seaman's Mission, and a Y. M. C. A. building. He is also greatly in favor of a movement to start some new industries, and may be counted on to give aid to all these worthy causes. It may not be generally known that Jamesey has quite large investments abroad, from which he has for some time been expecting very handsome returns. He is a large stockholder in a punk mine in Arizona, a banana plantation in Tunchu, a railroad in Patagonia, and a copper mine in the state of Arizona. One of the city horses died on Saturday last. The faithful animal is said to have fretted itself to death over the hopelessness of ever getting enough exercise to make its daily half bushel of oats digestible. Strange to say, there was no inquest.

TROUBLE IN CUBA BECOMES SERIOUS

General Bandera, Famous Insurgent Leader, Killed this Morning in Encounter with Rural Guards --- Revolutionists and Government Troops Have Already Clashed.

HAVANA, Aug. 23.—General Bandera, the famous leader of Havana province, who recently headed an insurgent band and began operating against the government, was killed early this morning in an encounter with rural guards. NEW ORLEANS, La., Aug. 23.—The Hayane special cable from Havana says: HAVANA, Aug. 23.—The fight with Bandera's band occurred at three o'clock this morning. A force of 100 mounted rural guards, which had for three days been seeking to surround the insurgent force commanded by Bandera, finally succeeded in doing so after the veteran commander had pitched his camp for the night. In addition to Bandera, two of his followers were killed, but not one of them captured. In spite of government denials the revolutionary movement in Cuba has assumed formidable proportions. The whole island is in a ferment over the uprising, and it is impossible to predict at this time what the final result will be. The government claims that it will be able to suppress the revolt within two or three weeks, but conservative people do not believe that the revolution can be crushed so easily. The revolutionists have been preparing for the struggle ever since the presidential election, and the Palma administration has underestimated their strength. It is known that several cargoes of arms and ammunition have been landed in

NEW CHURCH FOR AMHERST

Corner Stone of the Largest Methodist Church in the Maritime Provinces Laid There Last Evening.

AMHERST, Aug. 23.—The corner stone of the new Methodist church, which will seat 1,200 in the auditorium and 600 in the school room, and will be the largest Methodist church in the lower provinces, was laid last evening with appropriate ceremony. The structure will cost up to \$80,000. Rev. Dr. Heartz, president of the Nova Scotia conference, laid the stone. After the ceremony an interesting service was held at the winter fair building. Those taking part were Rev. Dr. Steele, Rev. Dr. Heartz, president of conference; Rev. J. S. Coffin, chairman of Cumberland district; Rev. C. N. Moulton, D. D., Providence; Rev. Dr. Andrews, Dr. Allison and others.

CANAD'S GIFTS TO H. M. S. DOMINION

QUÉBEC, Aug. 23.—The presentation of the shield and silver service from the people of Canada and the cap from the people of Halifax was made on board H. M. S. Dominion this afternoon in the presence of a distinguished gathering. The Dominion was gaily decorated and presented a striking picture, officers and crew being dressed in full-dress uniform.

BRIGANTINE ASHORE IN NORTHERMBERLAND STRAIT

SACKVILLE, Aug. 23 (Special)—Dr. Boston and Maine of Isaac's Harbor, N. S. Capt. O'Hara, ran ashore in a fog near Cape German, in Northumberland Strait Monday night. She was loaded with 250 tons of coal obtained at Glouce Bay, N. S. and it is understood, was bound for Bathurst. Considerable coal has been thrown overboard in an attempt to float the vessel, which is now full of water. The brigantine now lies on a sand bar.

BUTTER AND CHEESE

MONTRÉAL, Aug. 23 (special)—Cheese market strong. Quebec, 12 1/4 to 12 3/8; Township, 12 1/2 to 12 5/8; Ontario, 12 3/4 to 12 7/8. Butter, 21 1/2 to 23.

PORTLAND, ME., CHILDREN SELLING BOOZE IN ALLEY

PORTLAND, Me., Aug. 23.—Deputy Sheriffs Dingley and Fickett raided a back alley bar in the rear of 49 Center street Monday afternoon, capturing a small quantity of beer on ice, after frightening away the children who had been dispensing the stuff. No arrests were made. The bar consisted of a long box filled with ice and bottled beer, located in a secluded place in the alley, and there was evidence that a good business had been going on. The boy bartenders escaped on being notified by a crowd of young girls who were on the street that the sheriffs were coming. Children have always been more or less connected with the liquor business in Portland, but of late, according to the accounts of their findings by the deputy sheriffs, the conditions have been much worse. Engaged by the leading liquor dealers, the young lads are only too anxious to get a chance to make some spending money and they are well initiated into the traffic. The boys sell the stuff and the little sisters stand out on the sidewalk ready to give warning of the approach of the officers.

TENNIS PLAY POSTPONED

Bad Weather Prevented Continuance of N. B. Tournament This Morning.

FREDERICTON, Aug. 23 (Special)—Rev. C. W. Forster, curate of St. Anne's church, who will shortly remove to Worcester, Mass., was last evening invited upon by the members of Wellington Lodge, Sons of England, of which he is chaplain, and presented with a fountain pen.

LADY SHERIFF'S CAPTIVE

(By W. W. Hines.)
Down the one street of San Carlos came a scurry of feet, then the sound of two revolver shots, and a couple of cowboys from Triple X ranch went tearing by on little, motorized cycles that could run, and were then running, like Monty Jacobs remarked, "a couple of saint jackrabbits."

bullet struck an abode house on the far side of the street, another kicked up the dust at the feet of Red's cayuse. A third struck the flank of Slim Jim's cayuse, and he started off on a gallop.

Monty was in the rear of his general store, lying flat on his stomach behind the big iron safe, and made the remark to his clerk, Moses Friedman, who was down in the cellar.

"You plizen coyote, can't you see the lady is shooting at us? You ain't got no right to run away!" he shouted.

"I couldn't recognize them for the dust," said Monty. "But I think one of them must have been 'Red' Outcheon, because he shot only twice when he passed here, and he smashed both of the big glass bottles in the window. 'Red' likes to shoot at them bottles. I always encourage him in it, too, because the colored water in them don't cost me nothing, and I hate to have him stop and shoot the letters of my sign. It makes the sign look bad to visitors."

Red scratched his head thoughtfully. Tears were something he could not understand. Dismounting, he threw the bridle over the post of a buck and walked over to the court house.

Being "shot up" was an old story to San Carlos, and its citizens. It was just one of those little occurrences which are none the less inevitable because slightly unpleasant. About once a month a delegation of two or more cowboys from the Triple X performed the operation, which consisted in getting very drunk and then riding up and down through San Carlos' main, and only street, yelling at the top of their voices and firing their pistols. Generally the pistol shots were fired into the air, but occasionally a neck was selected, such as the colored glass bottle in the window of the general store, kept there by Jacobs to show that he handled drugs.

The girl continued to cry. "There ain't, no use for crying. It certainly was ornery for that pardner of mine to run away like he did, but you showed a smart target practice for a lady. See here, ma'am! You hit me once."

Occasionally a stranger had ventured upon the street during one of these periodical celebrations, and had been compelled to seek hasty refuge from the bullets which kicked up the dust in little clouds at his feet. If he recognized the fact that these bullets were not meant to do him harm, but were merely pleasures, all was well—otherwise he made a run and got hurt. The inhabitants of the village took the whole affair very philosophically, shut up their shops and homes and kept quiet.

"I don't want to look you up now," said the girl. "I'll have to resign as sheriff, for I'm not capable of filling the position."

Monty came. He was no coward, and he knew that the only danger lay in the fact that he might accidentally stop a bullet meant for another destination.

"I ain't going to do no such a thing, ma'am," said Red cheerfully and enthusiastically. "I'm going right down now and make out some papers. But first of all, I am going to answer Slim Jim Morley."

Monty had no hesitation in answering in the affirmative, for he knew the boys would never think of harming a woman.

"I move," said Monty, addressing the mass meeting of the democratic party, "that as the present occupant of the office will no longer consent to hold it, the nomination will be offered to Red Outcheon. I may say that, although I have not been directly taken into the confidence of the parties, I have a straight hunch that the present occupant of the office will shortly become Mrs. Red Outcheon. As for Mr. Outcheon's fitness for office, I can only call the attention of the citizens to the fact that he is probably the best shot in Ranger county. Eight times in the past five years he has passed my score on a galloping cayuse and, although very drunk on each occasion, he has never failed to break the two glass bottles in my window with two shots."

Not a man was in sight. The whole town looked as though everyone was indoors and asleep.

"I therefore propose that a vote of thanks for an unusually successful administration be tendered the outgoing tenant of the office, and that Mr. Outcheon's nomination be made unanimous by a rising vote."

"Whoopee!" began Red and Slim Jim in unison. Bang! went a pistol in the hands of the girl.

Both motions were carried without a dissenting voice.

NEGROES APPROVE OF LYING

Helped the Whites to Hunt Down Davis—A Striking Letter.

A Columbia S. C. despatch says: Governor Heyward returned this afternoon from the scene of the lynching of the negro, Bob Davis, near Greenwood, recently, when asked for a statement concerning the lynching, the governor said that he had nothing to say, further than that after a conference with Solicitor Cooper of the Greenwood circuit court, he had instructed that officer to take immediate steps to prosecute the known members of the mob. As the sentiment among the best citizens of the county, as well as a number of negroes, is in sympathy with the action of the mob, it is hardly probable that the prosecutions will amount to anything.

A negro school teacher of the neighborhood has written a card to the newspapers, in which he endorses the lynching of Davis. The negro citizens of Greenwood county are in regard to the lynching of Bob Davis:

We, the negroes of this county, wish to say that we are with you in anything so serious as this will give assistance in what you think best. We cannot afford, as a race, to uphold anything that tends to lower our Christian or moral standing, and the quicker we show that we are ready to help track the rascal to his den, the quicker will we have the sympathy of the white men when we are intruded on. Some persons may say that negroes should not have anything to do with men in their search, but we say to them: 'You are simply needing common sense.' If there is anything lacking on the part of the negro race, it is that of self-respect, and we say that if he can not respect himself, teach him and do not be particular how and in what manner the respect is given. Not until the leaders of the race establish the fact that we should join in and undertake any racial are we in full discharge of our duty. Then let us in a race learn to respect ourselves and thereby expect it of others.

EDWARD BLAKE AND T. P. O'CONNOR

Will Address Irish League in Boston on October 7th—Great Preparations.

(Boston Journal). To take further preparations in connection with the approaching visit of T. P. O'Connor and Edward Blake, the delegates from Ireland who will visit Boston and speak at the Boston Theatre on the evening of Sunday, Oct. 7, the Boston Central Council and Boston Central Branch of the United Irish League of America will hold another meeting next Thursday evening at the American Hotel.

There is already a steady demand for tickets for the meeting, where it is expected all the local branches of the Irish associations will be strongly represented. The visiting Irish leaders are to be royally welcomed, and it is expected that at Thursday night's meeting a committee of representative workers in the local organizations will be appointed as a reception committee.

Mr. O'Connor, in addition to being a prominent figure in Irish national movements, is well known in the literary world. Mr. Blake, who was for years the leader of the Liberal party in Canada before entering parliament as a member of the Irish party, has already arrived in America, and at present is at his home in Canada, where he will rest until the convention of the United Irish League at Philadelphia, the week preceding the meeting at the Boston Theatre. These meetings are the only two which Mr. O'Connor and Mr. Blake will address (by category) as their parliamentary duties demand that they return from the fall session of the house of commons, which will open in October.

AN OLD NOTION still held by some women is that it is impossible to make good pastry from flour made of Manitoba Hard Wheat. Consequently they buy hard wheat flour for bread and soft wheat flour for pastry, and go to a good deal of unnecessary trouble. Since the appearance of "FIVE ROSES" FLOUR on the market there is no need for any housekeeper to do this, as this brand is made by a process which renders it not only the ideal flour for bread, but which guarantees equally good results for pastry when used the "Five Roses" way.

THE BANKS MUST HAVE MORE CASH An Early Increase is Imperatively Necessary, Says the Wall Street Journal.

(Wall Street Journal) The bank statement failed to reflect the increase in loans on Friday, which obscured by the average system giving greater weight to the decrease in loans early in the week.

During the last few weeks there has been a steady growth in the excess of loans over deposits. The statement of July 29 showed an excess of deposits over loans of \$2,700,000.

A SERIOUS PROBLEM

What the Quebec province newspapers are pleased to call the "school question," or the "educational problem," bears all the earmarks of a problem of race and religion. The English speaking Protestant minority is being slowly but surely crowded out of the rural districts.

WELCH GOT FOUR YEARS

A Bangor despatch of Aug. 21st says: "The August criminal term of the Supreme Court opened for the trial of cases at 10 o'clock this morning, Justice F. A. Powers presiding. The first case was that of the State against Edmund Joyce of Halifax, N. S., otherwise known as Jas. Welch, on the charge of robbery. It is alleged that Welch assaulted and robbed an elderly man on the river bank near the Bangor pumping station about a month ago. Upon arraignment, Welch pleaded not guilty. The jury was drawn and the witness for the State examined. At the opening of the case for the defense, E. F. Murray, Esq., Welch's counsel announced that the respondent wished to change his plea. He pleaded guilty and was sentenced by the court to four years in State Prison."

ST. JOHN'S EXHIBITION WILL BE READY ON TIME; NO MAD RUSH THIS YEAR Wonderful Amount of Work Has Been Done at the Buildings and Preparations for the Show are Remarkably Well Advanced --- A Visit to the Buildings and Grounds.

In ten days more the largest and finest exhibition that St. John has seen for years will be in full swing. Main building, machinery hall, the carriage building, the poultry show, agricultural hall, the two large theatres, the stock yards and the famous "Pike" will be a blaze of light.

The exhibition this year will be an expensive and comprehensive one and very generous patronage will be needed if the association is to close the book without a deficit—that bette note of any exhibition or amusement enterprise management.

There is one feature about the coming exhibition which will be an agreeable contrast with some of the former shows—it will be ready on time. If there is any of hammer and saw, work, or last minute hurry and rush while the exhibition visitors are already beginning to throng the building it will be entirely the fault of the exhibitors, for the exhibition management are certainly forewarned with their work and it is doubtful if in any exhibition ever held in this city, the preparation was as well advanced in the same time as in the case this year—and the date of opening still ten days off.

On the Grounds The grounds and outside buildings also reflect the spirit of preparation. The grass has been cut and the grounds generally cleaned and tidied up. The work of decoration at the entrance of the main building this year will be especially effective.

Over 100 Men at Work Already over one hundred men are at work on the buildings and on the grounds. Of these the assistant line about thirty in charge of Supt. William Taylor, and they are finishing up the odds and ends of work that still require to be done.

The Women's Department Many of the booths are reaching completion and the general work is in progress. Probably the greatest advance in the women's department, situated in the gallery of the main building facing Charlotte street, is the department consisting of a suite of four booths. Starting from the northern end of the main building, the first booth of the women's department is the demonstration room. This is finished in light blue, white and gold, as its name implies, will be used for demonstrations.

A Peep at the Pike The "pike," which is a new feature of the exhibition this year, will probably be one of the most prominent features of the show before it closes. It is situated on the block of ground south of the drill shed, and about 100 feet from the main building, where "Fairies' row" formerly held full sway. This year there will be no fairs or gambling games on the grounds, but instead the Pike will contain a number of legitimate attractions and novelties, which cannot fail to be a big magnet to draw the visitors.

In Machinery Hall Little has been apparently done as yet in machinery hall for this department does not require as much preparation, before the exhibitors take hold, as do some of the others. The Toronto Gasoline Co. already has several motor boats on hand ready to be placed in position as well as a number of gasoline engines. An important feature of machinery hall this year is that all the power for exhibits in motion will be supplied by gasoline engines and it is intended that most of the exhibits will be in motion. When they are all placed and the power is turned on machinery hall will be one of the busiest spots in the whole show.

WILCOX BROS. Three Classes Of People have been attending our Midsummer Sale.

There were those who came as an experimenter, who knew nothing of former sales, but had heard that "good stuff" was to be had at low prices.

There were those who had come before and had proved the truth of conservative statements of value. There were those—and these our old customers—who came as confidently as they would go to a bank—of getting a full equivalent for their money—and each of these representative types has been satisfied.

Sale will soon close and we offer still greater inducements. Tweed and Worsted Suits that sold at \$12. Sale price \$8.50. Threeed and Worsted Suits that sold at \$15 to \$18. Sale price \$12. Wash Vests reduced 20 per cent; prices start at 88 cents.

"THE MODERATE DRINKER MOST DEGENERATE"

Such is the Opinion of Dr. Crothers Expressed in Paper Before British Medical Association... Says Inebriety is a Form of Insanity... Declares the Medical Profession Must Take the Treatment of Alcohol Victims Out of the Hands of Quacks.

Toronto, Ont., Aug. 22 - The following address on "The Inebriety of Inebriety" was delivered by T. D. Crothers, M. D., superintendent of Walnut Lodge Hospital, Hartford (Conn.), before the British Medical Association today.

The term "inebriety" describes a condition which calls for alcohol for its anesthetic effect, and in reality means a disease or disorder of the brain for which alcohol is a most grateful remedy.

Two marked symptoms of insanity are prominent among business and professional men. Not infrequently, there is a remarkable periodicity in the return of the drink impulse.

Another large class of patients are secret drinkers, who never drink at any other time. Often the drink paroxysm brings out a different personality, the patient while drinking is an entirely different character in reasoning and conduct.

These cases all have a marked heredity show defects and irregularities of nutrition, absence of proper sleep, and derangement of the nervous system.

The brain centres and the power of control is constantly depressed below the level of normal living, and death from pneumonia, Bright's disease, or acute inflammation and injuries are common.

Very quickly he'd act and with safety for the medical men in every community of the country. It is our duty to lift it out of the realm of credulity and quackery.

WARNING TO Exhibition Visitors

Owing to the rush we meet with during the closing week each exhibition year we are obliged to turn away hundreds who come to St. John solely for the purpose of engaging our services, but who neglect calling until the last few days of their visit. We would strongly advise all to call early and avoid the rush, so that they will not be compelled to return home disappointed at not having been able to avail themselves of our superior workmanship and moderate fees. PARENTS should take notice that the holidays are rapidly drawing to a close and that it is in the interest of their own children and those of others in the community that their children's teeth should receive proper attention. We can give them the attention they require, without affecting pain and at very attractive fees. BOSTON DENTAL PARLORS, 627 Main Street, DR. J. D. MAHER, Proprietor, Tel. 682.

Important Notice.

The Circulation Department, Telephone is No. 15. Complaints of non-delivery of papers, change of address and all circulation matters should be referred to THE CIRCULATION MANAGER. Call up No. 15.

FOR ADVERTISERS

(From Printers' Ink, Aug. 8) The Printers' Ink man brought specimens of the St. John dailies home with him and submitted them to the inspection of an advertiser who has had a good deal of experience in dealing with and valuing newspapers; asking him to look them over carefully, note the news, general reading matter, market reports, society, base ball, etc., together with a consideration of the advertising columns, and make known his decision by marking the papers 1, 2, 3, 4 and 5 in the order of merit as it appeared to him. The papers were returned marked as directed which led to their being arranged in the following order: The Daily Telegraph, the Evening Times, St. John Star, St. John Globe, the Sun.

LATE LOCALS

DIDA, the mysterious, mystifying creation of a woman out of nothing. Policeman Henry was called into Frederick Gault's house on Main street, yesterday to quell a disturbance. The Ludlow ran on the Navy Island bar for a minute's rest last evening, but came away again without mishap. While Frank Hamm was driving on Main street yesterday this wheel of his wagon caught in the car track and was broken. Members of Victoria Co. No. 1, and Cynnet Co. No. 5 are requested to meet in Queen's rink this evening at 7:30 o'clock for drill.

THINK IT OVER.

The five-year-old son of Mr. McDermott, who lives in Elm street, near the Marsh bridge, and who was missing last night has been found. Friends of the little fellow made inquiries of the police and search was made for the child, who about midnight was found sound asleep on the back steps of his own home.

THE DOG SHOW

Entries for the Dog Show close on August 31st, and all persons who have not already entered their dogs should do so at once, as space this year will be at a premium. The early dates on which the show is to be held, Sept. 4th, 5th and 6th, afford a grand opportunity to owners of gun dogs, pointers, setters, etc., to exhibit their dogs with practically no loss of their shooting. Owners of black, white and tan, and black and white setters, commonly called Liveracks or Liverwyllys, should remember that these are not separate breeds, but simply special strains of English setters and should be entered as English Setters. In former years St. John was noted for large entries in the sporting classes, and as there is a very large number of really good pointers, setters, and spaniels now in the city, this year should be no exception. The superintendent wishes to again state that a pedigree is not required. For entry blanks and further information address T. McCullough, P. O. box 411.

BAND AND RACE TONIGHT

The 62nd band will furnish music at St. Andrew's Rink tonight, and after the last band a mile race, open to any boy not over 16 years of age, will take place. Already there is a large number of entries and the race does not close until noon today, so that if any more are received the race will be skated in heats. There are a number of fast skaters here, named Gibson, coming from Moncton—and he is said to be a fier.

BANK CLEARINGS

The St. John clearing house reports the bank clearings for the week ending to-day to be \$1,288,292, and for the corresponding week last year, \$928,720, an increase of \$359,572.

CHILDREN WILL BE SORRY

P. O. Spencer yesterday received a telegram from Treason Balfour, the owner of the famous Hippodrome elephants, chronicling the death of the elephant's mascot, a diminutive pony, very much stunted and puny. Mr. Balfour was anxious to know if this would affect the contract held with the St. John show promoter for the approaching exhibition. A return despatch said it would not. The little horse that died was hardly more than eighteen inches high. It was the smallest of the circus, and children simply went in ecstasies over it. While the pony had no particular part in the elephantine performance it was an important adjunct, as it was the pet and baby of the huge flabby animal. Unless their tiny friend was snuggled beside them they would not sleep, and whenever they went on or off the stage, little Mr. Horse had to be near-by. It was a remarkable case of animal affection regardless of species.

CHILDREN WILL BE SORRY

There were but three prisoners at the police court this morning and they were disposed of without delay, as the usual city court business descends on Thursday was the next item for consideration. James Harrigan was charged with drunkenness and was fined \$8 or two months. Mary Walsh took too much fire water and was taking in the floral beauties of the square when she encountered the police who thought she would be safer within doors and acted accordingly. She pleaded guilty and was sent to the Home of the Good Shepherd. William Hayes, who but ten days ago was arrested on a charge of vagrancy and having no visible means of support, was once more arrested, yesterday, having again made his escape from the institution. He said this morning that he was a very sick man and if given another chance would not stray from the fold again. "That's what you said last time," said the magistrate, "you could have had a doctor! You're top old a man to be wandering about." Dr. Berryman was sent for and visited Hayes at police headquarters.

BUILDING ACTIVITY IN SASKATOON

Large Building Lots and Commodious Residences Built—Coal Found.

SASKATOON, August 18.—There is great activity in every branch of building and construction work in and around Saskatoon. Some large business blocks and several commodious and tasteful residences are in progress. The material for the new traffic bridge across the Saskatchewan River is rapidly nearing completion. The urgent necessity for such a bridge is very apparent. At almost any hour of the day, there is generally a block of teams and vehicles waiting to negotiate the ferry in their turn, while a continuous stream of foot passengers crosses the railway bridge, in defiance of regulations. The sewer and water works operations have been taken out of the hands of the contractors and the council are finishing the work themselves. Coal has been discovered handsly to Saskatoon, in a range of hills on the south bank of Eagle Creek. The sample is good, somewhat resembling that of the coal, and from all accounts the bed is extensive. Should expectations of a good output be realized, this coal may be the great boon for this vast prairie country. Indications point Saskatoon to become one of the largest and best towns of the Northwest on account of its geographical position; it being situated in the heart of the wheat growing section of Saskatchewan. Buyers of building lots situated in Saskatoon cannot invest their money to better advantage in the West today, and intending purchasers should call and secure lots from the Northwestern Land and Investment Co., Canada Life Building, City. The easy payment plan of \$10 down and \$5 a month can be taken advantage of if required, which enables anyone to become the owner of land that will rapidly increase in value, in one of the most promising towns of the Northwest—Saskatoon.
