PROCEEDINGS OF THE

# ANNUAL MEETING OF THE SOCIETY,

*Held on Tuesday, October 2nd, 1877,*

## IN THE METHODIST CHURCH IN THE TOWN OF BROCKVILLE.

MR. SHERIFF PATRICK IN THE CHAIR.

The meeting was opened with Singing and Prayer.

An Abstract of the Report having been read by the REV. Dr. WOOD, and the Financial Statement made by the Rev. A. SUTHERLAND, the following Resolutions were unanimously adopted by the Meeting :—

I.—Moved by the Rev. JAMES GRAY, President of the London Conference, and seconded by the Rev. S. F. HUESTIS, of Halifax :—

That the Report, an Abstract of which has now been read, be adopted and published.

II.—Moved by the Rev. GEORGE YOUNG, President of the Toronto Conference, and seconded by T. M. LEWIS, Esq., of Yarmouth, N. S.:—

That we gratefully acknowledge the goodness of Almighty God in preserving the lives and blessing the labours of the agents of this Society during the past year ; and we devoutly regard the numerous conversions which have taken place on many of the mission fields as affording the best ground for the joyful conviction, "The best of all is, God is with us."

III.—Moved by the Rev. JOHN PRINCE, President of the New Brunswick Conference, seconded by JOHN MACDONALD, ESQ., M.P., of Toronto, and supported by the Rev. J. GOODISON, President of the Newfoundland Conference :—

That we rejoice in the encouraging amount of support which, in a year of unusual financial stringency, has been cheerfully given to this Society. Nevertheless, we feel that the state of the treasury and the needs of the work are such as call loudly for still increased liberality, and we cherish the confident hope that the goodness of God so strikingly displayed in the abundant harvest of the present year, will call forth such practical acknowledgments as will relieve the Society of its present embarrassment and enable it to spread the Gospel more widely through the new settlements of this Dominion, and among the heathen in lands beyond.

A very unanimous vote of thanks was then passed to the collectors, ministers and other friends of the Society, and to Mr. SHERIFF PATRICK for his services.

# STANDING RESOLUTIONS.

## APPROPRIATIONS FROM CENTRAL BOARD.

"That moneys granted by this Board for any particular department of our Missionary work shall not be diverted, by any local Missionary Committee, to any other object, nor shall the relative amounts of the grants be changed; and in case the entire sum granted for any particular purpose, is not required, the balance shall be retained by, or returned to, the General Treasurers."

## SPECIAL CLAIMS.

"Whereas it is sometimes necessary, in consequence of severe illness or death, to supply the place of a Missionary, during part of a year, and as varying claims for the support of such supplies are made upon the Missionary Board, the following regulations are now adopted for future guidance:—

"SUPPLY IN CASE OF SICKNESS.—In case a Missionary is laid aside during the year by illness which incapacitates him for work, the President of Conference, and Chairman of the District, may, if they judge it necessary, procure a suitable supply; and the Treasurers, on being duly certified of the facts, accompanied by a Physician's certificate as to the health of the Missionary, are authorized to pay towards the cost of such supply, an amount not exceeding the proportion of a single unordained man's salary, for the period during which his services are necessary, within the current Conference year.

"SUPPLY IN CASE OF DEATH.—In case of the death of a Missionary his family shall be privileged to remain on the Mission, and receive the allowances for the rest of the year; and an amount for a supply, similar to that mentioned in the preceding regulation, may be allowed.

"SUPPLY PENDING THE REMOVAL OF A MISSIONARY.—In case a Missionary is removed from a distant station, and it is found necessary to supply his new field of labor, until such time as he can reach it, a grant for such supply may be made, similar in amount to that mentioned in the preceding cases."

## AFFLICTION.

"Whereas special claims for affliction are sometimes presented, which cannot be regarded as legitimate, it is necessary there should be a distinct understanding in regard to this matter. In admitting claims of this kind,

it was not originally intended that Missionaries should receive back every dollar expended for medicines or for medical attendance. These grants were intended to HELP in cases where expenses incurred by sickness were unusually great, or the salary unusually small. It is to be understood, therefore, that only cases of this exceptional character will hereafter be entertained, and the Board reserves the right of granting either the whole, or part of such claims, as it may judge expedient."

"In order to prevent unnecessary delay in the settlement of Special Claims, it is recommended that they be presented at the next District Meeting—Financial or Annual—and, if recommended by such meeting, forwarded at once, with the physician's (or other) bill duly receipted, to the General Secretaries."

---

## ERECTION AND REPAIRS OF MISSION PREMISES, &c.

"In order to economize as far as possible the funds of the Missionary Society, and at the same time, afford necessary aid in securing and maintaining suitable buildings on our Indian and Foreign Missions, the following regulations will hereafter be observed :—

"1. No application for a grant for new Mission premises, or buildings, will be entertained, unless a description of the proposed buildings, with their estimated cost, has first been submitted to, and the expenditure distinctly authorized by, the Central Board, or the Committee of Consultation and Finance.

"2. The same rule will be observed in regard to the repairing of Mission Buildings, and the purchase of Furniture."

---

## NEW MISSIONS.

"That whereas the multiplication of new Missions is causing great embarrassment to this Board, in the distribution of the Funds of the Society, we respectfully urge upon the various District Meetings, and Stationing Committees, the utmost caution, in recommending and establishing new Missions."

---

## CONFERENCE DEPUTATIONS.

"That in view of the embarrassed state of the funds, the Missionary Committee of each Conference, be requested to appoint the best available deputation, to go through the entire work, for the purpose of securing from every subscriber of last year, an increase in his subscription, and from each Conference an increase sufficient to raise the average to not less than two dollars per member."

---

## CLAIMS OF DOMESTIC MISSIONS.

"That the Central Board, experiencing great embarrassment in pro-

viding for the really destitute portions of the Domestic Work, and finding great difficulty in responding to the calls made upon it from the Heathen World, and this difficulty and embarrassment arising, to a large extent, from the demands made by Domestic Missions of long standing, and of large membership, and in old and well-settled districts, this Board is strongly of opinion that grants to such Missions should either be greatly modified or absolutely cease; and appeals to the devotedness and loyalty of the members of the Church, on such Missions, generously to relinquish Missionary aid, and thus enable the Board to meet its responsibilities, in making more equitable appropriations for the more destitute portions of its extending work."

---

## TIME FOR THE BRANCH SOCIETIES' RETURNS.

"It having been seen that the time taken by the Branch Societies for sending in their lists and moneys was yearly becoming later, and the financial interests of the Society having suffered by the consequent late publication of the Annual Report, it was

"RESOLVED—That the Treasurer's Report shall be closed from year to year on the last day of June, and that the Superintendents of Circuits are required to use all practical effort to have the subscriptions on their respective Circuits collected, and paid to the Treasurers, at or before the Session of Conference."

## REPORTS OF MISSIONS.

"That the Report of the Religious state of Missions be prepared by the Superintendent of each Mission, and read in the May District Meeting, subject to the Revision of that Meeting."

## RETURNS FROM DISTRICT MEETINGS.

"That the Chairmen of Districts, in compliance with the Directions of Conference, forward to the Mission Rooms, as early as practicable, a copy of the recommendations to this Board by the Financial District Meeting, for grants of Missionary money, the same to embrace the number of Members, Children on each Mission, the probable amount of the current income, &c."

## CORRESPONDENCE.

"That the Chairmen shall require regular quarterly Communications, to be made by each of the Missionaries, on their respective Districts, to the Secretaries of the Society, giving information of the state and prospects of the several Missions, in which they are employed."

# FORM OF A BEQUEST TO THE METHODIST MISSIONARY SOCIETY, AND THE LAW GOVERNING SAME.

## FORM.

I give and bequeath to THE MISSIONARY SOCIETY OF THE WESLEYAN METHODIST CHURCH IN CANADA the sum of $ out of my pure personalty, to be paid, expended, and applied by said Society in the aid and support of the Missionaries upon the different Mission stations of said Society, and the receipt or receipts of the Treasurer or Treasurers of said Society for the time being, shall be a sufficient discharge to my Executors. And the published journals of the GENERAL CONFERENCE OF THE METHODIST CHURCH OF CANADA shall be sufficient evidence of authority upon which the said Treasurer or Treasurers may demand and receive payment of said bequest.

N.B.—In the Province of Ontario a devise of lands or tenements or interest therein may be made to any religious Society or Corporation of Christians *if made at least six months before the death of the testator*, so that, however, the annual value of the lands of said Society shall not at any one time exceed one thousand dollars. This may possibly give the Missionary Society power to take land by devise, and if so, the devise may be in the following form :—

## FORM.

I give and devise unto THE MISSIONARY SOCIETY OF THE WESLEYAN METHODIST CHURCH IN CANADA all and singular [*describe the lands as accurately as possible*], to be held by the said Society upon the trusts set out in its Act of Incorporation.

[It will be advisable, however, where possible, that any gift to the Society shall be in money—not payable out of land, or in any way charged upon land—thus preventing any doubt or trouble. ALL WILLS must be in writing, signed by the testator at the foot or end, or by some other person in his presence and by his direction, and such signature must be made or acknowledged by the testator in the presence of two or more witnesses present at the same time, who shall attest and subscribe the will in the presence of the testator.]

# INDIAN MISSIONS.

WITH the exception of OKA, Lake of the Two Mountains, and an interruption at VICTORIA, British Columbia, caused by sickness, all the Indian Missions have been maintained in peace, and enjoyed some degree of prosperity. Cheering accounts of happy death-bed scenes have been received from the Missions in the north,—Norway House especially has had manifest tokens of the grace "which sure salvation brings," several of the members of this long-established Indian church have passed triumphantly across the flood, and joined "the general assembly and Church of the first-born." The reports will show that the ordinances of religion have been regularly maintained, and that the holy purposes for which the Society exists, and the friends of it contribute so liberally, are blessedly accomplished.

Notwithstanding the financial burden of the Society, appeals have been so heart-stirring from more than a thousand Indians at Naas, beyond Fort Simpson, an appointment has been made to assist the Rev. Mr. Crosby, encouraged by the generous offerings of the Methodists in Victoria to raise for two years a sum of four hundred dollars towards the cost of the new Mission. Let the Church continue to pray and to give, and the ripening harvest will redound to the Saviour's praise in the enlargement of His kingdom.

## VICTORIA.

It has been painful to witness this people suffering and scattered, and the Indian church closed for half the year through the ravages of small-pox, which has carried off about one hundred Indians of the various tribes in and about this city during the year.

Among eight or ten of our Indians who died of small-pox was Amos Sah-hal-ton, the first Indian received into the Church, and married in Victoria in 1869, and who lived a good man, and died January 8th, 1877, trusting in God. He repeatedly said during his illness that he was not afraid to die for he was going to be with Jesus. He was well cared for during his sickness, and respectably interred. The citizens of Victoria are deeply impressed with the necessity of the total removal of the Indians from the Corporation, and this has, or will be, recommended by the Indian Commission who have the matter under consideration, and there are great moral and sanitary reasons urging to that end. Some have gone, and others are about to return to their former home at Fort Simpson. Circumstances, chiefly social and political, strongly indicate the early termination of this Mission by the removal of the Indians. For the present there are thirty-five names on the class-book. A. E. Russ.

## NANAIMO.

Our work becomes increasingly difficult as facilities for vicious contamination multiply, and as temptations abound in proportion to the great increase of white population close at hand. For where there is one to teach and elevate there are crowds to tempt and debase. And what aggravates the case is that the Dominion laws for the protection of the natives are well-nigh a dead letter, not because of the unwillingness of the local authorities to punish, but for want of proper preventatives and safeguards which should be thrown around the Indians as the wards of the Government. In no place is such oversight more needed than at Nanaimo. Present complications in Indian affairs form no plea in justification for allowing a helpless,

native race to be debased and ruined, and to be at the mercy of unprincipled and vicious white men.

Owing to removals, deaths, and the above-mentioned cause, the day-school is closed for the present, the average attendance being much lower than is required to secure the aid of the Government grant. Our congregations have not only been maintained, but have been much improved by the faithful labours of Bro. Cushan. Members, 12; on trial, 10; total, 22. C. BRYANT.

## BURRARD INLET.

The Indian church which, in my last report, I referred to as a thing preparing for, has been completed, and I am happy in being able to report that by the liberality of the Indians, and a few white friends, that it is free—no debt, thank God.

A visit from our dear Bro. Tate during the past year, in his missionary rounds, was a great blessing to our Indians; and as, night after night, he (in their own tongue) preached to them Jesus, their hearts were filled with joy. We pray that your Missionary income may greatly increase, and that we may soon see the right men appointed to the Naas and Fort Rupert. THOS. DERRICK.

## SUMAS AND CHILLIWHACK.

While the past year on this Mission has been one of much toil, it has been a year of much encouragement in the Lord's work. We have endeavoured, in a measure, to appease the cravings of those who have long been crying for the gospel. Our labours have not been confined to British territory alone, but at the earnest request of Indians and white people we have been constrained to visit Washington Territory, where the Lord has been pleased to make bare His arm in the salvation of souls. Several have been converted to God, while a few small seeds have been dropped into the hearts of others, which, we trust, will germinate and bring forth fruit abundantly.

Popery loses no opportunity of throwing stumbling-blocks in our way. At present there are several agencies employed to carry out a proselyting scheme, which might prove injurious were grace lacking. We pray that God may give His Church here such a baptism of the Holy Spirit that the gates of hell will never prevail against it.

Last summer I visited Yale, Burrard Inlet, Nanaimo, Chemainus, U-whul-ahs, Saanich, and Victoria.

Four of our people have been called away during the year, leaving behind them glorious testimonies of the saving power of Jesus and the efficacy of His blood to cleanse the vilest of the vile. We record this year 65 members, with 85 on trial; net increase for the year, 75.

Thirty-seven of these are in Washington territory, five of whom are whites. We feel eager to hand over this part of our work to the Methodist Episcopal Church as soon as they can send a Missionary into the field.

CHAS. M. TATE.

## FORT SIMPSON.

The third year on this Mission has been a season of hard toil and glorious success in the cause of Christ.

The early part of the year was spent in finishing our church, ceiling, and seats, which had to be done by myself and Indians. This work was estimated to cost $1,000, but, by great carefulness, we have completed the work for $764. The subscriptions at the opening of the church amounted to $400, so we only ask $364, instead of $1,000, from the Missionary Fund.

By November last the work was completed, and the house dedicated to God amidst great joy and gladness on the part of these poor people.

All the past winter the church has been crowded, and all the means of grace well attended. We have now five classes, and have received about forty by baptism. During the past winter I have made several visits to other tribes who are begging for the gospel.

The people of the Naas River, said to number upwards of a thousand, have repeatedly sent for me, and on my last visiting them a meeting was held, at which the chiefs and principal men declared they would give up all their heathenism if we would send them a Missionary teacher. Now, here is a grand field all ready open to us, and we ought to have a man there, by all means, at once. We have already staked out a site for a school-house to be built by the people themselves this summer.

Kit-a-mate, 150 miles south of us, is another important place, where we need a native agent and a school at once.

But, perhaps, the most pleasing is the work at Wrangle, Alaska, commenced by some of our young men last summer, and we have carried on the work during the winter at our own expense. Some of the most daring chiefs and doctors have been converted. We have a school of about fifty. I have urged this matter before the American churches, as I supposed we should not be able to carry it on.

The Macedonian cry is coming from all parts of this northern coast, let us have more help. Now is the time to enter those fields. On trial, 105; members, 57; total, 162. This does not include 60 on trial at Wrangle.

| *Victoria* | John Walton, 2nd. |
| *White Fish Lake* | Henry Steinhauer. |
| *Morleyville, Bow River, and Blackfeet Indians.* | JOHN MCDOUGALL, *Chairman.* |
| *Belly River* | One wanted. |

The following summary, giving a fair statement of the condition of these Missions, is from the Rev. J. McDougall, Chairman of the District :—

"I have recently visited EDMONTON, VICTORIA, and WHITEFISH LAKE, and was much pleased with what I saw of the work of God in connection with those Missions. At Whitefish Lake Bro. Steinhauer is engaged preparing timber and other material for a new church to be put up this summer. This is very much needed, and will be a great blessing to the Mission. Miss Barrett has done well in the school; she is quite willing to stay in the country, and come to Morleyville, if her way opened up to do so. Bro. Steinhauer had somehow anticipated her leaving Whitefish Lake this summer, and intended to keep up the school until a supply could be obtained. At any rate a man with a family is the proper person to send to that Mission. At Victoria I found Bro. Walton comfortably settled, and much pleased with the place. Bro. Sinclair is doing well in the school, and deserves credit for the way he has worked for the Mission since he came. At this place the brethren met from either hand, and we held our District Meeting, the minutes of which, I trust, will reach you in time for Conference. At Edmonton Bro. Manning is making progress and doing good; there have been, and still are, difficulties, but the way is becoming smoother, and hopeful for the future. The Missionary and the people contemplate putting up a school-house, the school, hitherto, having been kept in a borrowed building. Bro. Manning has charge also of Woodville, and visited that place this winter. We hope to engage the young man who has been living there to stay and take charge of the Mission for the coming year. Bro. Manning expects to visit the Mission from time to time; and until we can procure a supply for this place, this plan seems to be the best. As soon as possible we should have a Missionary at Woodville. Ever since my return to Morleyville I have been kept busy. More or less Indians have been coming and going all the time; and, outside of our meetings, which have been blessed seasons, we have had to counsel, explain, conciliate, doctor, and, in short, be 'all things to all men.'

The past winter has been a hard one for the Indians all through the country, owing to the building of shanties and winter houses on the various water-courses, and far down on the plains, by mixed bloods and whites, thereby blocking out the buffalo, the usual supply for meat and trade having failed; this has brought to our Indians, in common with all others, a vast amount of destitution; and as the reasons already given are so palpable, there has naturally arisen in the Indian mind a feeling of discontent and a gloomy outlook as to the future; and as there are always some who, though knowing better, still encourage such feelings in the native mind, it falls to the lot of the Missionary to do what he can do to soothe and conciliate—constantly to hold up before the Indians the good time coming, when all wrongs will be thoroughly investigated and every man's right respected.

"Our school has been kept regularly and well attended. Some of the native children have made good progress, and both day and Sabbath-schools are doing good in Bro. Sibbald's hands. Brother and Sister S. are a great help on account of the interest they take in the natives, and as well in the general working of the Mission. We want more such agents in the field 'willing to spend and be spent' for the cause in which they are engaged. Yesterday we buried one of our young converts. Her end was peaceful, and the consistent and faith-evincing manner of the bereaved husband and sorrowing friends has been very encouraging to us."

Upon making more particular inquiry as to the membership of the Church at the different Missions, the Committee are informed that from the deadly effects of small-pox, and repeated visitations of measles and scarlet fever, and in some instances from war, the loss of members has been nearly fifty per cent. Although the late Chairman reported the number at one time to be one thousand, he must have counted upon the outside professed adherents to Christianity, they who had formally given up their heathen and superstitious rites, but who had not placed themselves under pastoral care and religious discipline. Whilst the number of Indians brought within the range of ministerial influence might be more than one thousand, yet in our Methodist counting will now be found only three hundred and sixty-two who are Church members.

As showing the advantages of gathering them into communities where, by precept and example, they may be taught habits of agricultural industry, apart from the excitements of the chase, we may refer to the White Fish Lake Mission, where, of the members reported in Church-fellowship, are ninety-seven of the whole number. The law of necessity, created by the disappearance of the buffalo, will prove stronger than the law of persuasion, and hence we may look for

more visible and permanent success in connection with established Mission-stations in the future, though hundreds have perished on the plains from disease and war, whose minds were enlightened by the rays of gospel light.

### ROSSVILLE.

In the village itself the means of grace have been uninterrupted and greatly blessed to the edification and comfort of the people. Removed from many of the allurements to evil which now surround most of the Indian Reserves in Ontario, there are not the fluctuations of membership, or the painful disciplinary trials which exercise the patience and forbearance of Missionaries in our more southernly stations. Mr. Ruttan labours with zealous diligence both in the settlement and occasionally far beyond its boundaries.

The day-school of forty-seven scholars at Rossville is efficiently conducted by Miss Batty, who taxes her ingenuity and her purse, supported by Mrs. Ross, the esteemed wife of the officer in charge of the Norway House H. B. Company's Station, Mrs. Ruttan, Mrs. Young, of Winnipeg (now of Toronto), and some other ladies in that city, in getting up for the children the first Christmas-tree that has adorned this northern Mission. The Missionary says :—

"During the year now closing we have frequently had cause of rejoicing in witnessing the good work among the Cross Lake and Split Lake bands of Indians, which began last year. Since then I have had the pleasure of hearing the most noted conjurers among them publicly renouncing 'the devil and all his works, the vain pomp and glory of the world, with all covetous desires of the same, and the carnal desires of the flesh, so as not to follow or to be led by them.' These have been followed by thirty-one baptisms, so that the majority of them are nominally Christians. They need, however, a great deal of instruction still before they can be put on an equality with our 'Rossville people.'"

"I have heard favourable reports from them, though I have only been able to visit a few of them at Cross Lake this winter. They are

faithful in their religious duties, always having family worship morning and evening, and keeping the Sabbath-day holy. I hear this from those who are trading among them for fur.

"At the Mission there has been nothing special to report. All the services are well attended, and I have not seen so great a desire to understand the Scriptures since I came here, nearly four years ago, as has been manifested among our people during the present winter. This is owing principally to the fact of our having an excellent interpreter since last fall.

"Our people have suffered lately very much for want of food, many are nearly starving, and there is, humanly speaking, no remedy for them, as the Hon. H. B. Company and other trading parties have all run short of provisions, and it is impossible to bring provisions from the Province of Manitoba, 360 miles, on dog-sleds, to feed so many. But our eyes are upon Thee, O Lord, from whom our help cometh. The worst, however, will soon be over, as fish and game will be coming with the warm weather.

"Our people are to remain where they are another year, on account of small-pox being in the vicinity of their Reserve at Fisher's River.

"Owing to the scarcity of provisions, the school has not been as well attended lately as usual. The children are making some progress in knowledge, but irregular attendance has been a hindrance to them in this respect. The Sunday-school is very well attended, and we hope the good seed which is thus early put in the tender soil will yield in after years the fruits of good living.

"Our Church membership is as follows: Whites, 5; Indians, 329; total, 334. There have been 8 deaths and 15 removals; we have received 15; decrease, 8; baptisms, 79; marriages, 20.

"JOHN H. RUTTAN."

## OXFORD HOUSE.

Near four years have been spent by the Rev. Orrin German in bachelor-loneliness at this station. In allusion to this, when writing recently to the Secretaries, he says,—"Your very kind and encouraging "letter I have only now received; it must have been mislaid. I am "sorry to have been so long without it. I feel deeply grateful for "your kindness and sympathy. I have felt more lonely than ever "before during the past winter; I cannot tell why. Sometimes I "think the most determined opposition would be much better than "the dead, cold calm. Well, I give myself to God and His work,— "to *this* work, if He judge me fitted for it."

In the time alluded to he has put the Mission in a different position, by the blessing of God, to what he found it; has gathered up the scattered sheep, so that he now returns one hundred and twenty-

five members,—says "he is glad to be able to talk with them without "an interpreter,"—"likes the language, and hopes soon to be "thoroughly master of it."

## BEREN'S RIVER.

On this Mission there are gradual increase and improvement. There are now thirteen houses completed and occupied, and five more are in course of erection; but the expectation, which at one time appeared to be well-founded, that the surplus population of Rossville would make their homes at Beren's River, is not likely to be realized. Still, this is an important centre from which the Missionary can operate upon distant bands of Indians. He has visited Grand Rapids, one hundred miles east, with a population of one hundred and fifty; Dog's Head, sixty miles south; Fisher River, ninety miles south-west; Jack Head, west-south-west,—these three places are occupied by one hundred and ten Indians; and Poplar River, sixty miles north, with a population of one hundred and ten. Mr. Semmens says,—"I give "these estimates from what I have seen, without the exact knowledge "of the numbers. I am under in every case, I think. These places "are most urgent in their calls for the light. I visited all of them, "some several times, last winter. All can be reached by canoe in the "summer." We have a small day-school at Beren's River, taught by the Interpreter. Members, 57.

## NELSON RIVER.

The catechist, Edward Papanekis, has been twice to Rossville during the winter, and has given favourable reports of the work under his care. He tells me that about fifty are wishing to be baptized in the summer when I go to visit them (D.V.) He has been able to visit quite a number of the Indians in their hunting lodges, and will yet do much good in this way.

He speaks of the marked consistency of those who have become Christians, which has great weight in the minds of those who are standing aloof and waiting to see the results of this new movement among them before joining it themselves, and helping its onward progress.

We will be able to report more fully next July, after having been on the ground and examined the work. For the membership, I refer to last year's report. Membership, 19; 3 have died during the past year, but I have not as yet heard the particulars of their deaths. I think they were members.

JOHN H. RUTTAN.

These Missions are indebted to friends in Ontario and Quebec for valuable gifts of clothing, &c., for distribution amongst destitute Indians, especially widows and orphans; and also to the Wesleyan Ladies' Association in London, for nine cases of suitable garments, &c., for the climate, valued by invoice at £75 sterling. For many years gifts of a similar nature have been generously forwarded from the same Society. These sons and daughters of the far North have shared largely in the sympathies of Mrs. Dr. Hoole and the other distinguished Christian ladies who form the Association. They have the thanks of the Committee for their benevolent labours, and the gratitude of those they clothe, who are literally "ready to perish."

## NEW CREDIT.

On the whole, the work is in a good state on this Mission. The means of grace are very well attended. We trust the good seed which has been sown will bring forth an abundant harvest. The Sabbath and day-schools are kept open and very well attended. Five members have died happy in God. Present membership: on trial, 1; members, 68; total, 69; decrease, 17.

## GRAND RIVER.

By the Divine blessing we have done what we could for the spiritual interest of this old Indian Mission. The past year has been marked by some success in the conversion of souls to God and the building up of believers in the faith of the gospel. We have taken 14 members into the Church. Three of our oldest members have died; two of these were chiefs of the Six Nation Indians of the Mohawk tribe, and local preachers in the church, one for forty years, the other for about thirty years. In the removal of these local preachers, especially one of them, James Givens, the Mission has sustained a great loss, as Bro. Givens was not only a leading chief among his own people, but a very useful local preacher and interpreter for some forty years or more. On this Mission we have five congregations, numbering from three to four hundred. We have two Sabbath-schools and two day-schools, and eighty Church members; an increase of 9 members this present Conference year. Methodism is needed among this people.

E. HURLBURT.

## MUNCEY.

Amid toils and discouragements God has brought us safely through another year. Many improvements have been made on the parsonage premises. Many more are needed. Our parsonage and churches should be insured. We need a church in the back settlement. We need Bibles, papers, and library for our Sabbath-school. We have commenced preaching at the Bear Creek. A class has been formed. Chief Isaac Dolson, of the Muncey band, also Dr. John Snake, a Muncey, and Polly Beaver, a Chippewa, all aged, but good and highly respected, have died through the year. We report an increase of ten over last year. Numbers: Whites, 7; Indians, 73; Indians on trial, 14; total, 94.

## ONEIDA.

We have anxiously watched and laboured for success and progress in the work of God on this Mission. Hinderances we have had, some painful and humiliating. But in the midst of all God has been with us and blessed us in our work. We found 25 members; we report 99 members. The Sunday-school is improving; it has been kept open

all the year. Our catechisms, Nos. 1 and 2, are being taught. Scriptural training has a delightful effect in leading the young mind to Christ.

The Indians are sorely inclined to backsliding, no doubt in a great measure caused for want of the knowledge of God's Word. May He, who commands the light to shine out of darkness, shine into their hearts to give them the light of the knowledge of the glory of God in the face of Jesus. WILLIAM CROSS.

## MORAVIANTOWN.

During the year now closed the Word of Life has been faithfully preached, and the ordinances administered to this people in their loneliness and isolation.

Affliction and death have visited us, removing two of our members; one of these (Rachel Franklin) assured me just before her decease of her comfort in the enjoyment of the Divine favour, and her bright hope, through Jesus, of a home in heaven. Another sheaf gathered into the heavenly garner.

My interpreter (a good man) has had severe, personal, and domestic affliction and bereavement, from which he has not yet fully recovered. Our congregations are good; but owing to causes in the past, the membership is small, yet the people feel affectionately attached to Methodism, and to supply them with the bread of life is an act of Christian charity. Ten members. J. L. KERR.

## SNAKE AND GEORGINA ISLANDS.

The Indians on these islands are, with one or two exceptions, faithful to Methodism. There are three local preachers among them, one of whom is the chief, all highly appreciated. The services are well attended, and the order and attention of their congregations would do credit to more highly privileged communities. During the year the interior of the Church on Georgina Island has been refitted and beautified. Members, 56. W. E. SMITH.

## RAMA.

The ordinary routine of evangelistic labour on this sequestered spot makes it difficult to add to the reports of former years. The work amongst the Indians is, however, of a pleasing and progressive character, cheering and encouraging to the Missionary in the discharge of his onerous duties. The camp-meeting, in September last, is declared to have been the best ever held on this Reserve. Not only were our own people benefitted, but other bands were favoured with signal manifestations of the Divine presence. All our services are well attended; and an increased desire is manifested for the enlarge-

ment of the Mission church, which we fully expect will be speedily effected. Two of our oldest members have been removed

"From a suffering Church below
To a reigning Church above."

We are endeavouring to give an impetus to our Sabbath-school, as well as to make the day-school as effective as possible.

Atherley being now at the head of a Mission, we have lost one of our best appointments. This has, however, brought us to give an extra service to Longford. Members: Whites, 6; Indians, 80; total, 86.

THOS. WOOLSEY.

## SCUGOG.

At the Indian village the Sabbath services have been regularly continued. Your Missionary preaches on each Sabbath afternoon, and the prayer-meeting and class are held in the morning, conducted by an Indian local preacher and leader.

The number on the census roll for the band is 40, including children. I return 26 members; 9 have been recently received into Church fellowship, and 5 removed to other bands; increase, 4.

## ALDERVILLE.

This has been a year of unusual anxiety and toil to your Missionary, as several circumstances have combined to render it one of very great difficulty. We deeply feel the loss of our dear Father Sunday and another of our old local preachers and class leaders, whose places we have found it difficult to fill. The almost total failure of the crops, and the consequent scarcity of money, as also the closing of the fishing in Rice Lake by the Government, have concurred to cause a great deal of suffering and want to the people; indeed, it has been the hardest year ever experienced by the Indians since they became Christians, and many of our families are enduring absolute want. We have been, however, mercifully preserved from much sickness, and only one death has taken place in the village this year.

We are thankful that many of our members are walking in the fear of God and in the comfort of the Holy Ghost. Our last quarterly meeting, at which our venerable friend, the Rev. R. Jones, was present and did us good service, was a blessed season, and many of our people have since referred to it as a happy time.

We have been under the painful necessity of cutting off some during the year whose conduct was not such as became the gospel of Christ, which, with the re-arrangement of the work, as recommended by the district meeting last year, has caused a small decrease in our membership. The same causes, together with the death of some of our best subscribers, have caused a falling off in our Missionary subscriptions.

Nevertheless, there have been some tokens of the Divine favour in the conversion of a few precious souls. Our congregations are generally very large. Both Sabbath and day-schools present much that is hopeful; and one of our scholars, a little boy, died a short time since very happy. Many of the children are now taking great interest in their studies, and are very regular in their attendance. Present membership: Whites, 9; Indians, 39; total membership, 48; decrease, 8.

R. BROOKING.

## HIAWATHA.

On this Indian Mission, during the year, we have toiled hard—preaching, instructing, and catechising old and young. In the public services, in the Sabbath-school, in the Bible-class, in church, class and cottage meetings, and in the ordinary and extraordinary services, the great aim has been to benefit and save the Indians. Good has been done both among the old and the young, and the work of conversion has progressed. Two cases are worthy of particular note, may they be "faithful unto death." A brother in the last year's Report says, "Whiskey is the great curse of the Indian," &c.,—so it is. The Indian is converted, but he falls through strong drink. Religion is disgraced, and the Missionary is discouraged; but still, we "hope on and hope ever."

We gratefully acknowledge the kindness of the Committee of the Upper Canada Bible Society in forwarding to us a package of Bibles for our Indian Sabbath-school. Our thanks are likewise due to John Macdonald, Esq., M.P., also to Mrs. Wilkes and Mrs. Beatty, of Toronto, for timely aid in assisting us to furnish our Christmas tree, and to make our school anniversary a decided success. The membership of this Mission is 41.

W. ANDREWS.

## MUD LAKE.

There has been little change on this Mission during the year. The Indians are faithful in their attendance on the means of grace—class-meetings and other means of grace. Present members in good standing, 43. Died during the year, 2.

J. WELDON.

## ST. CLAIR.

The means of grace have been well sustained. The Missionary meeting was full of enthusiasm and interest. Your Missionary has had the full sympathy of the leaders and membership for the success of the work. Some have died in the Lord and made a most blessed exchange. Members, 133.

E. FESSANT.

## KETTLE POINT.

Constant and faithful attention has been given these two small bands by your Missionaries during the past year. A very refreshing

season was realized in the camp-meeting last August. Some have died in the triumphs of Christian faith. With few exceptions, all have maintained a lively interest in the means of grace. And careful inquiry into the walk and conversation of the members has shown that most of them are endeavouring to live as they should.

WM. W. EDWARDS.
JOHN MCLEAN.

## WALPOLE ISLAND.

In reporting this Mission I can say it is in a healthy state. The advance of the Indians in the past two years is very observable, and it has been remarked to me by a number of the old inhabitants that their improvement has been greater than in any part of their past history in the same length of time. The change in their appearance as to cleanliness and respectability in the congregation is very remarkable. Our loss by death this year has been considerable: two of our official members and four others. They all died happy in the Lord. We have raised about ninety dollars for church improvement, and got a grant from the Council of fifty more. We will still need one hundred, or perhaps one hundred and fifty, as the improvements we intend will cost us about that amount. This we expect to raise in the coming year.

The school is doing much better this spring than at any former time; attendance from 25 to 38, so the average will be over 30 since we made our return. Members, 130.

THOS. HANNA.

## SAUGEEN.

The past year has been one of peace and considerable prosperity. A very interesting and successful camp-meeting was held last August, which resulted in much good. Quite a number have united with us in Church fellowship, and the Mission is in a prosperous condition spiritually.

There is a small decrease in the Missionary contributions, in consequence of the failure of the crops of the Indians; they were disappointed also in their fishing and sugar-making, which leaves them in very straitened and trying circumstances. After deducting removals, withdrawals, and deaths, we report a membership of 80, being an increase of 18.

GEORGE JACQUES.

## CAPE CROKER.

This Mission is still progressing. During the year there has been a goodly number of professed conversions; yet our apparent increase is small, only 8. This is caused by the names of several being on our books already, but who, till now, had not been truly converted, so they do not swell our members. Temperance has a firmer hold of

the people than in former years. A goodly number are pledged to temperance. Congregations have been good all the year, and class-meetings well attended. The lovefeast and sacrament have been great times indeed. Frequently above 100 have presented themselves at communion service with much weeping and many signs of true penitence. Present membership, 100, with 8 on trial; total, 108.

Married 5 couples; baptized 8 children; buried 11 persons. Preparations are being made to hold a camp-meeting in July next, at which we hope for a harvest of souls. Even so. Amen.

H. BAWTINHIMER.

## CHRISTIAN ISLAND.

The means of grace have been well attended, and at times a gracious influence has rested on some of the people. Enforcing the discipline has caused some unpleasant feelings, yet we are thankful to report that the membership is about the same as last year, though ten have removed and two been expelled. The Sabbath-school, though small, has been kept open the year round, and also the day-school, except at the time of sugar-making. Our people are also advancing in the cultivation of the soil some distance back from the village. Beausoliel has been visited five times during the year. Our last Quarterly Meeting for the year was a season of quickening to some souls. Members, 83.

## GARDEN RIVER.

Nearly two months of the past summer were spent in a voyage of visitation to the bands of Indians on the north shore of Lake Superior, as far as the old Pic Mission. I was hindered from spending another three weeks at least, in making an equally careful survey of the condition and disposition of the bands of Indians of the north shore and northern islands of Lake Huron. This was planned as a part of the summer's work.

Besides the outlying work we maintain regular services in the Garden River church. I have laid out over one hundred dollars in putting the old church into comfortable condition. Not quite half of the amount expended has been met—the balance remains a debt. The roof still requires new shingling. When it gets this it will meet every necessity of the neighbourhood for years.

Our services are well attended, considering our sparse population. In the morning an English service to a mixed congregation. We average thirty in all seasons. The Indian congregation in the evening is larger, often reaching eighty, seldom falling below thirty. I have not a doubt but that our influence here is greatly beneficial, socially, morally, and religiously. We see this in the better conduct of the people, their domestic and social improvement, and the absence of drunkenness.

UNITED CHURCH ARCHIVES

I have paid a number of visits during the year to the settlements in McDonald, about nine miles east of Garden River. This is an increasing settlement. The people seem to value our labours and desire our continued attendance. In the winter I took a journey eastward, calling at, and holding service at, Stobie's iron mine, and also at Portlock, where the ore is shipped. If this mining interest should turn out as expected, the people working the mine must have our attention. Bro. Kenney, of Bruce Mines, has paid the mine and port several visits, rendering like service with myself. Bro. Kenney was my associate in visiting two settlements on St. Joseph's Island, one of which he supplies. I enjoyed this visit very much. The people received us gladly. I do not think the failing to supply St. Joseph's last year was an error. There has been no time lost. The people's circumstances are such as would make the accommodation of a Missionary oft repeated to them, a burden, and to himself a hardship. The summer is the time to do them good. If two of our divinity students could be placed at the disposal of the chairman of the district during college vacation, they might aid much in opening the work, and write up for themselves a chapter of good practical experience.

The day-school has been worked successfully at Garden River, also the Sabbath-school. Both have included in their attendants a larger number of the children of our immediate neighbours, the Indians, than in former years. THOS. WILLIAMS.

## PARRY ISLAND, SHAWANAGA, and FRENCH RIVER.

I cannot report anything special from this Mission. We have great difficulty in attending regularly the appointments, owing to distance and other circumstances. The Indians are improving in their temporal circumstances every year. On Parry Island they are building a church which, when finished, will greatly help us.

At Shawanaga, the religious services are well attended, and the Indians are doing well.

French River being more distant, we cannot attend so regularly, but the work is encouraging. Members—Parry Island, 29 ; Shawanaga, 29 ; French River, 21 ; Total, 79. A. ELLIOTT.

## OKA, &c.

Our Mission among the Indians at Oka, Lake of Two Mountains, is still one of inspiring interest. In the midst of persecutions the work of the Lord is sustained both in number and spiritual life. The unrelaxed efforts of the priests to persecute are ever and anon marked by one or more of the families that had until then adhered to the Church of Rome, coming over to us ; and that with an evident concern to know the truth the priests were vainly endeavouring to suppress. Hence, conversions to God in heart, as well as to His truth in the head, are of frequent occurrence among these. All classes of the

Protestant community, and even some of French Romanists, feel a deep interest in these Indians, and through whom, I doubt not, the truth as it is in Jesus is often communicated to minds who, otherwise, would have known little of it, at least in soul-converting power.

Our Mission at Caughnawaga is not as encouraging as could be desired. This may be accounted for in the great efforts, through special favours, shows, and processions, by the priests to hold these Indians under their influence, they are constantly employing. Yet there are some to whom our Missionary (Chief Joseph) has access, and on whom the truth has some hold.

At St. Regis, especially on Cornwall Island, our success is pleasingly assured. Here some thirty families are more or less influenced by gospel truth, while several individuals are truly converted to God. On this Island we have commenced a day-school, at which are from fifteen to twenty children of both sexes. And although one difficulty is considerable, as in all such schools they are, from the want of teachers sufficiently skilled in both the English and Indian languages, yet, in the services of a young Indian woman from Oka,—one of our school there, and who is truly pious and devoted,—we are succeeding to an encouraging extent, and hope we shall still more so as she improves herself in a knowledge of English. Members, 261.

## MOUNT ELGIN INDUSTRIAL INSTITUTION.

This Institution has been visited with some occurrences of a painful nature during the past year, which have greatly impeded its prosperity. My own severe personal illness, and the failure of all our crops, which was common, but more severely felt in this, than in many other parts of the country, have very greatly limited our success. But, to the praise of God, I desire to record my sense of gratitude to the Father of mercies for my wonderful restoration to perfect health, and for the marked prosperity in the work of improving and bringing the farm into a state of remunerative prosperity. Judging from the appearance of our crops we hope to have an abundance of provisions for this year, and some to sell. The school has been in a very gratifying state of prosperity during the year. The scholars have been under very gracious influences; by the Divine Spirit, have evinced a thirst for knowledge, and many of them have made very good progress in their studies, and have also been uniformly correct in their deportment and prompt in their obedience in the duties assigned them. About seven-tenths of the scholars meet in class, and the school is in a very good religious state. To God be all the praise!

## LAKE OF TWO MOUNTAINS, OKA.

We have much cause for thankfulness to God for His great and continued goodness towards us on this Mission. Insomuch so, that

notwithstanding the persecutions still inflicted on our people by the priests of Rome, the only effect appears to be to stir them up to more prayer, and to cast themselves the more fully upon God. Hence there is no abatement of their zeal for God and His cause.

We have had thirteen conversions, and twenty who have left the Church of Rome to join us during the year; and I have baptized fifteen children. We have four services each Sabbath: a preaching service at 10 a.m., Sabbath-school at 2 p.m., a class-meeting at 3, and in the evening we begin a prayer-meeting at 6 o'clock, which frequently lasts until eight or nine o'clock. For the accommodation of persons,—aged ones particularly,—we have a service at a place called the "Bend" once a week during the winter. Our present membership is 261, thirteen of whom are on trial; while not less than about 450 attend our ministry at one time or another, our school-house, the only place we have worship in since the destruction of the church, being too small for all to be accommodated at one time. During the summer we purpose to have gatherings for worship in the woods.

A. PARENT.

## CAUGHNAWAGA AND ST. REGIS.

By the help of God I have visited many times the Indians of Caughnawaga and St. Regis. In Caughnawaga there is not so great a disposition towards the Word of God as in the other place. At first they were much opposed to it, but lately they have become more favourable. Those of Regis, especially the families living on the Cornwall Island, of whom there are about thirty, have shown much willingness to hear and receive the Gospel. I can say with assurance that on this island there are seven families in whom, to a considerable extent, the work of converting grace is very apparent.

## TOKIO.

It is impossible, within the limits of a notice allowed in the annual printed report of our Mission work, to give an adequate idea of the far-reaching influence and untabulated results of a work, such as this is, in the midst of the capitol of this awakening nation. The facts here recorded may serve as an outline of the situation, and while they excite our gratitude to God for past success, we will look upon them as an earnest of still greater things in the future.

During the past year eight persons have professed faith in Christ, and by the rite of baptism have been admitted to membership in our Church. Others are now candidates, whom, after due trial and examination, we expect to add to our number.

The total number baptized since the work in Tokio began is 26,—22 men, 3 women, and 1 infant. Of these 6 have removed to other places, and one has left us to join the Church triumphant. The remainder are all with us still. Fifteen have been received by letter from Shidzuoka. Of these 11 have returned or gone to other parts, 4 remain with us. One has been received from the Presbyterian church in Yokohama by letter from the pastor. The members have lately been divided into two classes, two leaders have been appointed, and we have reason to believe that the class-meetings, in addition to the preached word, are nourishing into fruitage a high type of New Testament piety.

The majority of our membership is of the student class. This fact, notwithstanding its disadvantages, especially in that it shows that we have not yet got hold of the permanent households of the people, has the advantage of giving us a remarkable percentage of men whose culture and grace will make them useful in the Lord's vineyard. One of these we have already recommended to the Conference to be received on trial for the regular ministry. Three are now local preachers in full standing, and no less than 8 more are on trial for that stepping-stone into the full work of the ministry, one-half of our native membership preachers!

We have 4 preaching places, one a rented house, one a private house, opened to us by the father of one of our Christian young men, and two are in schoolrooms. All of these places are several miles from Tsukiji, and as far from each other. We hope shortly to rent a preaching place amongst the native population near Tsukiji. Before

we can reach the masses, however, we must have means to build preaching houses that will be known as such, and where all will be equal. In schoolhouses very few besides students can be gathered, and the feelings of Japanese revolt at the idea of promiscuous assemblies in private houses, so that the family and a few of their friends only can be got together there. As soon as possible we must have chapels. We want a rallying point, a place for quarterly meeting, something to give our people the idea of a united Church.

We have commenced a course of training for the ministry. Our theological classes meet Wednesday and Saturday afternoons, and the students are making satisfactory progress.

Rev. Dr. Syles, one of the professors in the University, is giving a class of our young men instruction in music and sacred song, a matter new to Japan, and in which your agents in Tokio are themselves somewhat at sea.

Apparently our success in Japan will be limited only by the amount of means provided for carrying on the work. Present membership in Tokio, 24.

P.S.—The readers of this report will please remember that the city of Tokio contains as many souls as the whole province of Ontario, with no more preachers of the Gospel than are to be found in a Canadian village of 2,000 inhabitants.

## SHIDZUOKA.

It is a pleasure to report that the cause of Christ has made some progress here. The services have been held throughout the year without a single omission, and have been well attended. To some hearts the Gospel came with power, and several families have been gathered into the Church. There are also encouraging indications of spiritual growth.

In January there seemed to be an opening for the preaching of the Gospel in Egiri, a town about nine miles distant. A suitable place was secured for the holding of the services, and they began well. At the third service, about 200 persons were present. One of the city officials, however, interfered. He told the people that Christianity was a bad religion, and forbade any gatherings for the purpose of hearing the Gospel. He also required the man who rented the house to us to shut it against us, and he felt obliged to obey. Thinking that in virtue of the great commission, we had a right to preach the Gospel in Egiri, we made an effort to get another house, and succeeded. The congregations, however, have been small, but there are tokens of good.

In Shidzuoka, eighty-six persons in all have been admitted to baptism. Since April last forty-two have been baptized. Of those who have received baptism, 70 are males, 16 are females, and three are infants whose parents had received baptism; four are preaching

the Gospel, two of whom are candidates for the ministry, twenty-five have removed to different parts of the country, leaving sixty-one in Shidzuoka.

We are often reminded of the fact that there are those in this land who dislike the Gospel exceedingly. Moreover, to some, the preaching of Christ crucified is foolishness; to others it is a stumbling-block, but to those that believe it is the power of God unto salvation.

DAVIDSON MACDONALD.

## NUMADZU.

UPON arriving in Japan Mr. and Mrs. Meacham, accompanied by her sister, proceeded to Numadzu, where the parties anxious for a Missionary teacher had patiently waited for some months for their expected coming. Bro. M. commenced his labours under favourable auspices; has established religious services in the place, and responded to an appeal to preach the Gospel to a large population some miles from his residence. Already some have applied for admission into the Church, which, with other attendant signs of success, lead to hopeful expectations of many believing in the Saviour there. Mr. Meacham is applying himself with great diligence to the study of the language, the most effective agency, accompanied by the Holy Spirit's influence, of sowing the seed of the Word.

OF the work in Hamilton, Preston and Paris, the Rev. S. Kappelle writes:—The successful working of these Missions was somewhat hindered by the distance of the several appointments from each other, for which reason I could only preach at each place every third Sabbath during the greatest part of the year. But although we could not accomplish great things, we thank God that some souls were saved and the members blessed and built up in their most holy faith. Our people are very anxious to hear the blessed Gospel in their mother

tongue, and fully appreciate the kindness of the Methodist Church in supplying them with the word of life.

The Hamilton Mission was the most prosperous during the past year; with the help of our two local preachers we kept up the interest very well. We received four members on trial, and financially our expectations were more than realized. With only twenty-five members, a number of whom are too poor to contribute anything, they raised the sum of $300 for all purposes.

The Paris and Preston appointments hold out no great prospect for the future, although we have faithful members at these Missions who prize the privilege of hearing the Word of God in their own language very highly; yet we are constantly weakened by removals, and by the gradual joining in with the English Methodist Church on the part of our young people.

The Roseville appointment may now be considered as almost English; and although the German language is necessarily spoken by some in class and prayer-meetings, yet the preaching is entirely in English, and there are good signs that this will be a very hopeful appointment. The means of grace have been times of refreshing, and more especially so at our quarterly meetings. My heart is always lifted up when I hear the praise ot our glorious Redeemer poured forth in the soul-inspiring Methodist hymns in the German tongue.

Although we received 8 members on trial, we have to report a decrease of 18, owing to removals and other causes. Membership, 76.

## RENFREW AND THORNE.

We have made no numerical progress during the past year, nevertheless we give our report with some satisfaction, knowing that our people value our services incomparably, and are faithful to Christ under very difficult circumstances. Several have been blessed who have not united in Church fellowship. In Renfrew, especially, we have enjoyed great peace with our people.

On the Brudenell and Raglan Mission, which Bro. Kropp and myself supplied during the past year, we received twenty-five into the Church. Our cause there is very hopeful. Members, 23.

## RANKIN.

During the year we have had peace and a fair degree of prosperity. Most of the people have done what they could financially; a few, perhaps, might have done a little more. Many of them have to buy their bread. The six appointments have been continued, and a number of persons have been converted. Twenty-three have been received on trial. The membership now is 112, making an increase of 12.

H. KROPP.

JOHN BORLAND, Chairman, who is authorized by the General Conference to take up subscriptions in behalf of the French Educational Institute.

While lights and shadows—the latter greatly predominating—have characterized our French work from the beginning, it is beyond a question, that the light is gaining on the darkness, as on greater numbers of French Romanists is divine truth now shining than at any former period. Efforts are, and still will be made to prevent this; but as well might they be made to shut out from the world the light of the natural sum when the day has once dawned upon it. The brethren, therefore, feel much encouraged in their work, and are looking for results on a grand scale, which ere long are sure to take place.

Our Mission in Montreal is especially inviting; for strong as is this city as a great centre of priestly wealth and power, yet it shows, and that unmistakably, that its evangelical assailants have made upon it impressions which must, as a consequence, open the way to great and lasting results. The Roxton Mission, also, gives more than usual signs of advancement and progress.

To strengthen our staff of labourers in Montreal, and as well to place a young and inexperienced brother where he may not only render greater service, but also acquire a knowledge of the work which otherwise he could not so well do, we have removed Bro. Aubin from Cowansville to that city. This we have done not, how-

ever, without a measure of regret, as on that Mission was beginning to be manifested the power of the Gospel to enlighten and to save.

National and social ties, strongly felt by the French people, are greatly antagonistic to success in our work among them, and especially so when operated upon by skilful and zealous agents of Rome. Still we witness from time to time, that the Gospel of Christ's salvation is the mightier influence, and that its "truth" can, even as the Jew, deliver the Romanist from his bonds of prejudice and sin and set him free.

A greater number, and a more thorough organization of schools for the youth of the French Canadians, are a great desideratum. We hope to see the day yet, when in just proportion to our need these will be supplied; for it is by such, in which, with other branches of a proper education, biblical truth shall be taught and enforced, that our hope of effectually reaching, in any proportionate measure, the spiritual wants of this very interesting people is resting.

## MONTREAL.

We have great reason for gratitude to God for the general health of the labourers in this important field and the welfare of their families, for general harmony, and especially for the manifested presence of God amongst us, leading to the conversion of sinners. After our appointment we began the work in earnest. As the work was initial and pioneer we had to feel our way at first cautiously. We found openings for preaching at three places in Mission Sunday-school rooms, as follow, namely: No. 1, corner of Dorchester and St. Charles-Borrommee Streets, which is our central and most important point; No. 2, north, in the village of St. Jean Baptiste; and No. 3, west, in the Tanneries. By means of preaching, pastoral visitations in these localities, and the distribution of thousands of tracts, we gathered considerable congregations, especially at No. 1, where we average about 50, and at No. 3, where at times we have addressed not less than five hundred people, who gathered in the street and about the premises.

Within a few weeks we have been providentially led into fields which the Lord opened for us, namely: No. 4, south, at Point St. Charles, and No. 5, east, near Papineau Square. At this place the Montreal East Young Men's Christian Association generously offered us the use of their rooms, and lent us their Christian influence and co-operation. The meetings have consequently been large and enthusiastic, giving promise of a widespread and blessed harvest. No other Protestant denomination is doing any French evangelistic work in that part of the city. It ought to be mentioned to the credit

of the Point St. Charles Methodist Society, Rev. John Wilson, pastor, that they have recently given us the use of their lecture-room every Thursday evening for our meetings.

In the latter part of winter our working force was increased by the coming of Rev. M. Sadler and Mr. Charles W. Grenier, a young man of promise. They both joined us cordially in pastoral visitation and in holding meetings. With this corps of faithful workers, whose efforts have been supplemented by the assistance of some of the recent converts, we have maintained ten services per week, have visited several hundred families, and distributed tracts by the thousands.

We are reaching weekly not less than 500 people in our preaching services.

In October last we organized a class which now numbers 53. Previous to that a Bible-class and Sunday-school were formed, which average about fifteen. The prospect is for a large increase in the no distant future.

The chapel at No. 1 was repaired during the winter at an expense of $115. A debt of about $45 remains on this improvement. Money has been raised for the poor of our congregation to the amount of $70. Much of this money came from friends of our work abroad. In all, we have raised the sum of $304. The amount of $500 was also pledged by some Christian ladies of Montreal for the sustenance of Mr. C. W. Grenier, in our city work, for one year; and $25 have been received from Quebec toward the maintenance of Mr. Nelson W. Deveneau in the same work. We hereby appeal to the generosity of God's people to give this very interesting young man a proper support, until such time as a replenished Missionary treasury can undertake the work.

The great and pressing need of our work at present is the establishment of schools. We have not yet one school under our control. We are now making arrangements to open a Mission school in our chapel No. 1, in September next, and we intend in a few weeks to organize evening schools at several points.

I am happy to report the following phases of encouragement, namely:—1. The presence of God among us, making strangers "fall on their faces and worship God, then report that God is in us of a truth." 2. The conversion of young men and the coming of others, who hear the voice of God calling them to the sacred work of the ministry, especially in the French field. 3. The almost universal access we have to the families of those we wish to save. 4. The increase of faith which is evidenced in the hearts of our English brethren, lay and clerical, in the feasibility and importance of our work. God's voice to us evidently is, "Enlarge the place of thy tent, and let them stretch forth the curtains of their habitations; spare not, lengthen thy cords, and strengthen thy stakes; for thou shalt break forth on the right hand and on the left, and thy seed shall inherit the Gentiles, and make the desolate cities to be inhabited."

LOUIS N. BEAUDRY.

## COMPTON AND SHERBROOKE.

It is now four years since I received my first appointment to this Mission. My labours among the French population have been blessed by God, the Father of all mercies, beyond what I could have anticipated when I first came here, for which I return my unfeigned thanks.

Twenty-six families of French people have been to a considerable extent under the influence of my teaching, and have been led to a full acceptance of Protestant biblical truth. In all they number seventy-two—a few of whom are children. One of the painful experiences we often have to endure in this work, has been my lot within the last six months, in the removal of not less than twenty-eight of the above number who have gone to the States. Thus our fruit is often lost to us, while others reap it in other places. However, we have the satisfaction of knowing that Romanism is thus being weakened, while adherents to truth are being strengthened.

I have access to, and am well received by about two hundred French families, on whom we may hope the truth will ere long gain a full and proper triumph. I have two principal preaching places—Capel Mines and Brompton—and trust that the buildings erected in Sherbrooke for the combined purposes of a church, a school, and a parsonage, will soon be the third place for a like object. Our great concern here is to get our buildings free from their present financial embarrassment, and then commence, with full appliances to that end, such a school as will attract numbers to attend it. The patronage which many Protestants are giving the schools of the Romish Church, for the professed reason of having their children taught French, should quicken the friends of Protestant institutions to their duty of getting such multiplied throughout the country that no temptation of this kind may any longer exist.

THOS. CHARBONNEL.

## KINGSEY FALLS.

I now am completing my second year on this Mission; the population is a mixed one of French and English. Prejudice against Protestant truth is not so strong in the French as in the Irish, yet the power of the priest over them is very observable in all. Many of the obstacles that I first had to contend against have passed away; the people now know me and the object of my work. There are now eight French families that profess the Protestant faith, making in all thirty-eight persons, who are members of my congregation, many of whom seem deeply in earnest to become true Christians.

I have three preaching appointments in which I have service twice each Sabbath. The general attendance is from thirty to forty persons. Our meetings are growing in interest. I have quite a field for visiting, and am well received by a considerable number of families who like to hear the reading of God's word. Four families who were

connected with our congregations have removed to the States. We have 18 who are with us in church membership, and there are about 200 who are more or less influenced by us favourably.

A. Geoffroy.

## ROXTON POND.

This has been an eventful year for the old French Mission. Our parsonage was destroyed by fire last November; and by the directions of the Chairman, Roxton Falls selected for our head quarters. We believe this to be a move in the right direction, as Roxton Falls is a much larger and more promising centre than Roxton Pond. We have five preaching appointments, with an average attendance of seventy hearers each Sunday. The land has been given, and the materials are being prepared for a new church at South Roxton, costing $1,000, part of which is now subscribed. Our day-school at Berea, taught by our devoted Bro. A. Deville, is in a flourishing condition, with some thirty promising scholars. The work commenced at Roxton Pond for the erection of a larger Missionary school is pending for the want of funds. On the whole this Mission is in a fair state of prosperity. Membership, 70; increase, 30. One-third of this number are English.

John Syvret.

## SHEFFORD AND ELY.

Through the mercy and goodness of God I am enabled to report for the year an encouraging measure of progress in our work on this Mission. I have had a freer access to the Roman Catholic population than heretofore. I have distributed among them a number of Bibles and Testaments, which, I have reason for believing, are read by them with interest. On this Mission there are five preaching appointments, in each of which are pleasing signs of good being done.

Through the generous aid and co-operation of the English-speaking friends of this place, a suitable property within the village of Waterloo has been secured. It will answer for a parsonage, a Mission-school, and a place for meetings. We held our first preaching service in it last Sabbath week (the 20th of May.)

I have on my Mission 30 French Protestant families, numbering 146 persons; and 10 English families, who number 55 persons. I have access to a large number of Roman Catholic families, 7 or 8 of whom I am very hopeful for. The present membership stands as follows: removals, 6; on trial, 9; in full membership, 51; total, 60.

J. A. Dorion.

## COWANSVILLE AND WEST BROME.

My labours on this Mission through the year have been owned and blessed of the Lord. The signs of awakening throughout an extended range among the French people are very manifest. I have

travelled over considerable parts of Cowansville, Dunham, Sutton, West Brome, East Farnham, and Adamsville. I have two regular preaching places where I have preached every Sabbath. A very gracious influence of the Divine Spirit has often been felt in our meetings. I have distributed, though sometimes much opposed in the work, twenty-four Testaments and four Bibles. I have had very free access to forty-two families in different localities.

G. AUBIN.

### CANAAN.

This Mission has maintained its interest. Our congregations are good and attentive. The schools—Sabbath and day-school—give much promise of good. At the day-school are fourteen French Canadians, eight of whom are Roman Catholics. Besides preaching in French and English on the Sabbath, I have visited in the week-days, in Canaan, Seraphine, St. Alphonse, Adamsville, East and West Farnham, and have distributed 1,500 tracts, 4 French Testaments and 2 Bibles. There are about sixty French families over whom I have obtained more or less influence for good.

### VICTORIA.

THIS vineyard of the Lord is still fruitful, and, through Divine grace, the blessing of peace and goodwill prevail in the membership. Although unusual local causes have arisen in the city—in the formation of three new congregations, and thereby dividing somewhat the moral

and financial sources of strength, together with a widespread monetary depression—still God has blessed the Church with an addition of thirty-eight persons. But, while that has not been equal to our numerical loss, it is a matter of sincere thankfulness that the donation to the Mission Fund is considerably in advance of last year, evincing the steady-growing loyalty of our people to the cause of Missions and the spread of the Gospel.

The amount given for this year is $645, being a larger sum than that expended for the two Missions in the city for the current year.

The Sabbath-school has been well sustained by the superintendent and teachers, and the annual festival was, both socially and financially, a delightful success. The children's prayer-meeting, begun eighteen months ago, is regularly attended with increasing interest, and there is a strong desire to make the religious meetings for the young more prominent in the Church than ever. This is as it should be. Usually most of the services on Sunday and week-day are conducted for adults, while the children are equal in number to the Church membership. The piety and relative number of the youth call for more direct religious services and labour.

The revival power, so graciously bestowed on the Church last year, is still felt in all our services, and our people show their Christian enterprise both in the English work and in their persevering labours for the two city Missions entrusted to the Church.

Since writing the above, there has been a spontaneous offering of $350 to open a new Mission on the Naas River, by our friends in Victoria. We trust this expression of our people for Indian Missions will be wisely directed by the Missionary Committee, and, under God, send the Gospel to thousands of heathen now in a state of spiritual destitution. Members, 195.

A. E. Russ.

## CHINESE MISSION—VICTORIA.

The Chinese school has been kept up during the year by the teacher, Miss C. E. Williams, who has watched over this department with Christian fidelity and efficiency. Though the attendance of about 90 for the year has been irregular—owing, chiefly, to the want of secular employment on the coast,—yet there has been considerable progress in their knowledge of English and of the Christian religion.

The Chinese Sunday-school has been a blessing, and the teachers of it have been zealous in this important work, rendering it, as far as possible, a means to make known the Gospel of Christ.

Each Wednesday evening is devoted in part to a preaching service, and singing religious hymns is observed in all the exercises, both in English and Chinese. While there is a strong general prejudice amongst the Chinese against their brethren becoming avowed Christians, yet some, and quite a number of the school, profess to believe in Christianity, and one, Chin Pon, received baptism. A Missionary meeting was held—the first of the kind,—when the nature and object of Missions were explained, and the result was the noble response of $62 to the general fund. But the cry is, "Send a Missionary to this

race, and to begin their language, at once," for with 75,000 Chinese on this coast, climate and commerce give permanency to the prospect of this Mission.

A. E. Russ.

## MAPLE BAY.

The ecclesiastical year, now closing, has been one of peace and harmony, and, in some measure, one of prosperity. We report a small increase in membership, but a decrease in our circuit income. This decrease is owing partly to my absence for two months in Ontario, and partly to my lameness, occasioned by having severely sprained my ankle. For several months I was quite unable to attend to my pastoral work, and to some of the outlying appointments on the circuit. But by care and attention my ankle has so far recovered as to permit me to resume my work as before. This is the real cause of the decrease in our circuit income.

We have, however, a small increase in our Missionary contributions; and even this amount would have been considerably augmented, were we not prevented holding our Missionary meetings by the almost impassable state of the roads in some parts of the circuits. Membership, 22.

W. V. Sexsmith.

## WELLINGTON MINES.

Last summer, Bro. Green (who has regularly supplied the Sabbath services) was led, by the absolute requirements of the congregation, to build a church: a well finished and commodious edifice; size, 30 by 40 feet. The handsome subscription list gave promise of but little debt when the church was finished. But that promise has been blighted by a series of disasters, such as have not been known in any other mining district in this province. First, a strike, of but short duration, however, interfered with the collection of subscriptions. Then a fire occurred in the mine, which threatened to destroy it, but which was happily brought under control. This, however, caused the opening services of the church to be postponed until Dec. 17th, when the Rev. Thomas Derrick, of Burrard Inlet, who several years ago preached the first sermon at Wellington, dedicated the building to the worship of the Almighty and to the use of His Church, according to the prescribed form in our Discipline.

There are no other religious services at Wellington but our own, which consist of preaching on Sabbath at 11 a.m. and 7 p.m., and a Sabbath-school, having upwards of 40 children, in the afternoon. Several have been converted, who now form the first Society-class, which meets on Sabbath at 10 a.m., and we have, besides, a prayer-meeting on Thursday evening. Members, 9.

C. Bryant.

## NANAIMO.

We are thankful for an increased congregation, It is larger than at any former period; much the largest, indeed, of any in the city,

and, by the grace of God, keeps ahead in point of numbers. This is the more gratifying when it is considered that the principal interest of wealth and prestige, so influential in a mining community, belong to the Episcopalian and Presbyterian Churches.

Nanaimo has prospered greatly during the year, as is evidenced by the laying out of streets and the erection of many new dwellings. This has been the means of increasing the pastoral cares of your Missionary, who preaches three times regularly on the Sabbath,—twice in the city and once to the natives,—and often has, including preaching, as many as six separate religious services during the day.

The Sabbath-school maintains its interest and numbers. The trust estate has been materially benefitted by the most successful anniversary occasion ever yet held; besides acquiring, by public subscription, a fine cabinet-organ, which aids our congregational singing and forms an attraction to the services of the sanctuary. Our prayer and class-meetings fluctuate in attendance, but we have had occasional larger gatherings than have been seen for many years, and have been much assisted in them by "the power of Gospel song." Members, 60.

C. Bryant.

---

## NEW WESTMINSTER.

The spiritual condition of the Church is encouraging; the tone of piety in all our religious gatherings is deep and earnest. The Sabbath services are well attended, and the prayer-meetings are seasons of pleasure and profit. The Sabbath-school roll has 70 names, and the average attendance is about 50. We have two adult Bible-classes: one meets on Sabbath in connection with the school, and the other on Thursday evening after the prayer-meeting.

Our membership, though somewhat changed, stands nearly the same as last year; we have received 15 persons into the Church: 13 by conversion, and 2 by note; 5 have been dropped, and 13 have removed to other localities.

The Mission has raised $1,032 for local, and $190 for Connexional purposes.

We have been able, this year, to supply our people at Maple Ridge and Langley with the means of grace. Bro. Martin has laboured very faithfully on this Mission. As this part of the country is being gradually settled by immigrants, its importance will be constantly increasing. One drawback to these new settlements is, that the parties who pre-empt land are generally poor, and not able to contribute much to the support of the Gospel. Yet these fields, on which so much labour has been expended, must be held at any sacrifice. Members, 51.

## BURRARD INLET.

We thank God for health, and for all spiritual and temporal support for the past year. The Circuit has been self-sustaining, and all

my wants have been cheerfully met by a most generous and hearty people.

The lumber mills, and the ships coming and going, furnish your missionary with congregations. Our future prospects are good; and especially so, should this beautiful Inlet become (as it is expected it will) the terminus of the Overland Railway. Members, 11.

THOMAS DERRICK.

## SUMAS AND CHILLIWHACK.

The flood of the year just past exceeded anything before known either by settlers or Indians; the destruction of crops on the Sumas was complete. But, judging from the past, we need not expect another so widespread a destruction of property for a long time to come. In the meantime, our finances are seriously affected. We report for the seventh year of this Mission's history. All these have been years of numerical increase and spiritual prosperity; and, until these two years of misfortune, of steady progress, materially and financially—loooking towards independency and self-support. For instance, during the first five years the Circuit income rose steadily from $185 to $600; while during the same period, the membership increased from 37 to 60. Turning to the spiritual aspects of our work, we are thankful for the privilege of preaching Christ, for the blessing of health—enabling us to endure the toil, for the measure of success attending the use of the means, which the great Head of the Church has been pleased to vouchsafe. Special services, continued for five weeks, resulted in the quickening of believers, enabling some to apprehend Christ as a Saviour from all sin, and in a small addition to our membership. We thank God, and give ourselves afresh to His service. Membership, 226.

JOSEPH HALL.

## CARIBOO.

It may seem to many a waste of body, soul, and spirit forces, to continue a Missionary from year to year, and still be compelled to report no numerical increase in our membership. Such has been the record, and still is that of the weary worker—without the joy that gladdens the reaper.

I believe, with Bro. Derrick in his report for 1871, "Your work among the mines cannot be measured by general rules."

There is one sign of encouragement: an increasing desire to hear the Word. Our congregations continue as good, numerically, as two years ago, though we have lost nearly one-half of our inhabitants. To God be all the glory for any success. Members, 6.

C. L. THOMPSON.

## NICOLA VALLEY.

Taking into account the amount of travelling, fatigue, and exposure, the results of the year's labours seem small. But there are extenuating circumstances to be taken into account and carefully con-

sidered before hastily pronouncing an opinion.—1st. The newness of the field. 2nd. The distance at which settlers live apart, placing anything like week-night services or protracted meetings out of the question, so that a person has to depend entirely to the Sabbath service and house-to-house visitation; and sometimes unable to preach more than once on the Sabbath, for the reason above-stated. The extent of country gone over is also to be borne in mind, which, in many instances, necessitates the lapse of two months between the visits of the Missionary. These hindrances, up to the present, have prevented anything in the shape of church-building, and, with one exception, the organization of Sunday-schools, and must also have stood in the way of the conversion of souls, as impressions made at one service are so likely to be destroyed before another comes round. These are things, however, over which we have no control, and which, from the broken and mountainous character of the country, must be endured, in a greater or less degree, through all coming time. In Nicola Valley the preaching services and class-meeting have been regularly attended to in my absence by the teacher of the public school, Mr. Melvin Woodward, a worthy young man, son of one of our members here. I am sorry we are going to lose him, he has graduated in Arts at a university in California, and is going to join the Conference there. At Kamloops, Cache Creek, and Clinton, distant from my boarding-place respectively, 65, 70, and 90 miles, I have endeavoured to give them preaching as regularly as I could. I have also paid occasional visits to Lillooet, Lac LaHache, and Okanagon, distant 140, 145, and 180 miles, and lying in opposite directions. We have to mourn over Sabbath-desecration throughout this entire country. Until the advent of the Missionary, the Sabbath was almost unknown; many, and even those brought up religiously, could not tell when the Sunday came; and, considering the force of habit, we need not wonder at the tardiness of many in adopting a new regime. Gambling and intemperance are also blasting and blighting the hopes and prospects of many, for time and eternity. However, we are hoping for better times. I have never felt a greater liberty, or more power, in preaching than when I have in this country sometimes preached to a congregation composed entirely of men, and not one of them a professor of religion. And I am persuaded the judgment-day shall reveal that, under such circumstances, good has been effected.

We have raised all we expected to, with $50 to the general fund, making it $100 in advance of last year. I have no doubt, but in the course of a year or two, with careful management, this Mission will become self-supporting. What is wanted most is a mighty awakening by the Spirit of God. I can only report six of an increase on last year; the present membership being 18 full members, and one on trial. But under the blessing of God, and the watchful, patient, prayerful labours of His servants, this number, even in this isolated part of His moral vineyard, shall be largely augmented; and to this no person more heartily says amen, than your Missionary to Nicola and Kamloops.

## WINNIPEG.

During the past year we have removed the debt on Grace Church, have placed new pews in the church, and have paid for them. The increasing congregations warranted the Trustees in making arrangements for enlarging the church, so as to give about double seating capacity.

In connection with the ordinary and special services, we have received 45 on trial during the year, and report a net increase of 18.

Sabbath and week-evening services and Sabbath-school have been regularly sustained at Zion Church, Point Douglas.

There is a marked improvement in the attendance upon class and week-night services. Members, 112, including Point Douglas.

JOHN F. GERMAN.

## GERMAN MISSION.

For some time the Committee had been pressed to select a Minister, conversant with the German language, to visit the numerous immigrants of this nationality to ascertain their religious condition. Their own peculiar religious organization renders it unnecessary to employ time or means to make any provision for a Mission among them, whilst so many in other places are destitute of any ordinances of the Gospel, and are anxiously solicitous for the ministry of the Society's agents.

## ROCKWOOD.

Our congregations have been good, and the means of grace times of refreshing. Though we cannot report great accessions to our numbers, yet some few have resolved to join with us.

The very scattered nature of this sphere of toil, whilst entailing a great outlay of labour, presents many encouraging features. There is manifested an increased desire to hear the "Word of Life," and a

willingness to aid the cause, equal to the temporal prosperity of our people. The work of this Mission, covering some five townships, can only be overtaken by preaching three times each Sabbath.

A rapidly increasing population encourages us to believe that, with the blessing of the great Head of the Church, this will soon become an important and prosperous Mission. Members, 32.

## POPLAR POINT AND WOODLANDS.

In presenting our report for the past year, we praise the Lord and take courage. When we came here we found little or no organization, and at once formed a Quarterly Board,—consisting of 5 leaders and 5 stewards,—which has regularly met during the year. By this means we have secured the hearty co-operation of the official brethren, which has greatly aided us in our work.

Seven weeks were spent in special services at Poplar Point, which resulted in the reception of 25 on trial,—12 at our own church and 13 at Ryerson's Church, on the Portage-la-Prairie Mission, at which we held a fortnightly service during the year. Three weeks of special services were also held in Woodlands, and as the result 16 were received on trial, among whom are cases of promising young men, who will be a great help to our cause here. In addition to the above receptions, many nominal Christians were quickened, and took a fresh start for the kingdom.

Three very enthusiastic Missionary meetings were held, and $148 12 will be sent in to the general fund, which speaks well for the liberality of our people. In addition to this, the Board has made comfortable provision for their Minister during the year. Members, 85 in full membership and 16 on trial; total, 101. Baptisms, 22.

## PORTAGE-LA-PRAIRIE.

Since coming to this important and interesting Mission we have not been without anxieties and dangers in carrying on our work, but have often been cheered and encouraged by many manifestations of our Heavenly Father's love and care.

Our people are scattered over a large space; congregations are therefore small; but the close and respectful attention paid to the Word preached has often been very encouraging, and we are thankful to say that, to many hearts, it has been accompanied by the Holy Spirit. It is also cheering to the Missionary to know that he is endeavouring to lay a foundation for our cause in a section of country that will soon become very important and thickly settled.

Our Sabbath-school work has not been neglected, and two of the schools have been kept open all winter. There are many children so far out on the prairies that they cannot yet enjoy the privileges of the

Sabbath-school. Our class-meetings have often been seasons of much spiritual profit. Members, 64; on trial, 18; total, 82.

W. HALSTEAD.

## PALESTINE.

This year has been to your Missionary a year of almost incessant toil, but through all the good hand of our covenanting God has led and upheld us.

We have here a truly spirited and liberal people, who gratefully appreciate the efforts made by our Eastern friends to send them the Gospel. The first effort they ever made toward supporting the Missionary cause was made this year, resulting in the creditable sum of $80 and some cents.

One new church at Squirrel Creek is progressing nicely. We are ready to build at Gladstone, but as it is the opinion of many that this place will be the terminus of the Manitoba Western R.R., and if so, the site of an important town, we have considered it advisable to wait a short time for the location of the line.

We are thankful to report an increase of 24; total membership, 50. Our Sabbath-school has been organized at the Little Saskatchewan, and another resuscitated in Palestine.

We may add, that the people have been kind to your Missionary, and have given many tangible proofs that their love for God's cause consisted not in mere profession.

T. LAWSON.

## BOYNE RIVER AND PEMBINA MOUNTAIN.

This Mission stretches over a vast extent, being some 36 miles in length, which we supply with fortnightly services.

Although we have not had that amount of success we could have hoped for, yet we have very frequently experienced the presence of the Master in our services, and the rich baptism of the Holy Spirit has rested upon our congregations.

The field is large, scattered, and important. If success is to follow our labours here, an ordained man must be sent next year. We have two classes formed, and it would do your heart good to hear the stirring testimonies given by those who truly appreciate this blessed means of grace. Members, 13; appointments, 5. J. M. ## SAULT STE. MARIE.

The past year has been one of toil and of blessing. The efforts that have been put forth on this Mission to improve the financial and spiritual condition of the Church have not been in vain. The improvements that were in progress in our church edifice when we wrote our last report have been completed and paid for. Notwithstanding the tightness of the times, the Connexional collections, and the contributions for the support of the minister, are greatly in excess of last year. The country around the Sault is rapidly opening up, and we are doing what we can to supply the new settlers with the Word of Life. Several new appointments have been taken up during the year, five classes have been formed, two Sabbath-schools have been organized, and every contiguous neighbourhood is now regularly visited by the Methodist itinerant. The revival with which we were favoured during the months of January and February not only added many to our numbers, but very much increased the spirituality of our people. The year commenced with 46 members; it closes with 95. To the Head of the Church be all the glory.

P. D. Will.

## LITTLE CURRENT.

Service is now held in the new church at Shequiandah, although unfinished. The sum of $25 has been expended on the parsonage. The Gore Bay section is thirty-five miles from Little Current, and is reached only by water in summer and ice in winter, so that it is difficult to keep up an interest there. The whole being a new country the congregations are small, and the people being of the poorest class the support is scanty, and both are likely to exist for many years to come. Members, 18; two of them being on trial.

Thos. Haddon.

## MANITOWANING.

With nine appointments and a Mission forty miles in length, it has taxed all the energies of your Missionary. However, we have reason to believe that our labour has not been in vain. Spiritually, we are making some progress. During the year a few sinners have been converted and believers quickened. What we need is a richer baptism of the Holy Ghost. Our finances, though comparatively small, are all in advance of last year. Numerically, we are a little stronger, also our members are in better standing. All things considered, I think we have reason to thank God and take courage. Members, full, 33 ; on trial, 4 ; total, 37.

## BRUCE MINES.

Our people have been very unsettled on account of the continued suspension of mining operations, and the consequent want of employment. Many from this cause have left and sought employment elsewhere, while a few farmers have sought homes for themselves in this neighbourhood. Times have been hard here, as elsewhere, which has occasioned a slight decrease in the contributions to the funds of the church. The afore-mentioned circumstances, together with the comparatively small grant from the Mission fund and high cost of living, have made it hard for the Missionary to subsist.

Though not increased in numbers, we have had the enriching blessing of the Master in all our means and ordinances during the year. We have visited the Union iron-mine twice during the winter, preaching there, and at Portlock, to the teamsters in the employment of the Company. We have also kept up an appointment at Hilton, on St. Joseph's Island, during the winter.

Several settlers have gone into the township of Lefroy and formed a settlement, which will be nearly wholly Methodists, which will have to be looked after during the coming year. Members, 40.

## SILVER ISLET.

In making my second annual report from this circuit your Missionary would just say that previous to last Conference there was a flying report going the rounds that it was probable, on account of the unsatisfactory returns of silver the Company were receiving, there would be a reduction of the force at work in the mine. This became apparent soon after my return from Conference. In fact some had been dismissed while I was away at Conference, and through the summer some of our best members were discharged from the work. So that while the presence of God seemed to be manifested in our services, and a very deep and blessed influence prevailed, yet our numbers were gradually decreasing, which grieved me very much. Almost every

week I had to give a certificate of standing to some member going away, and none coming in their place; but the great change came in the last of October, when orders came from New York to dismiss all except about forty hands, and consequently about 250 were dismissed. There was just one redeeming feature about this dismissal in relation to the church, viz., while most of the single men were dismissed, married men, as much as possible, were retained, and thus keeping our congregations large when compared with the number of men at work. God was with us, and all through the winter there was increased earnestness and very punctual attendance upon the means of grace; and we were hoping that in the spring the mining interest would look up, but here we were mistaken, for about the 10th of May orders came from headquarters to pay off every man except so many as would be able to keep the pumps going for the present. This was sad news indeed. The few members that were left were now dismissed, and there will not probably be more than ten or twelve persons employed for the present. Of course, as things stand just now, there would be no use in carrying on the Mission unless the work at the mine should be revived again.

## PRINCE ARTHUR'S LANDING.

On arriving at this Mission last summer, and organizing a quarterly board, we decided to make some improvements in the church and finish the parsonage before winter. Two hundred dollars were required to meet the expenses. With a very small congregation, and a membership of only twenty-six, prospects looked dark. Our lady friends came to our help, however, and by their persevering efforts succeeded in paying the whole amount, and also providing furniture for the parsonage. It pleased God to give us a few conversions during the year. Our Sabbath-school has been very successful. We have a large and interesting congregation, and hope for better and more successful times. Membership, 31.

## FORT FRANCES.

In presenting our first annual report of this isolated field of toil, we desire to express devout gratitude to Almighty God for His presence and blessing that have sustained and comforted us during the closing year. Though we entered upon the year strong in faith, and full of courage, it has been one of peculiar trial and difficulty. Our experience has been much diversified; we have had seasons of joy and sorrow; we have witnessed scenes in which the converting power of Jesus' love has been displayed, and which must have occasioned joy in the presence of angels over returning sinners; and others that have pained our hearts and produced sadness in the bosom of all who pray for the prosperity of Zion. Our ordinary services have been fairly

attended, and an increasing interest has been manifested in things spiritual and divine.

Special means of grace were held during the spring, and resulted in the ingathering of a few souls into the fold of Christ and the enlivening of the people of God.

We cannot say much as to the future of this place, as much depends upon contingencies over which we have no control, farther than that of next year, which will, I think, be a successful one.

| *Amaranth* | W. H. Jamieson, B.A. |

SPADINA AVENUE.—In looking over the past year we find much to encourage and make us grateful. Our church has been removed from its old site, on the corner of Spadina Avenue and St. Patrick Street, to a much more suitable lot on the corner of Spadina Avenue and College Street. The building, which was much out of order, has been renovated and made attractive inside. Our people purpose building a new church as soon as circumstances will permit. We have formed two new classes during the year, and our congregation has very largely increased. After allowing for removals, etc., we report an increase of 20. Present membership, 60.

J. F. METCALFE.

KINGSTON ROAD.—Your Missionary entered upon this field of labour at the commencement of this Conference year under a number of favourable circumstances, particularly in connection with the Wood-Green Church, this new church having been left in a very comfortable condition by my venerable and worthy predecessor. We have laboured hard, and have been blessed with very encouraging prosperity, for which we record our profound thanks. Our people have heartily co-operated with us in all our labours, and a very pleasing spirit of unity exists. Our prayer-meetings at each church are well sustained, and have been seasons of refreshing and power. Bible-classes are conducted; and recently we have taken up the discussion of our Sunday-school lesson during the preceding week. Membership, 70; increase, 25.

CHAS. LANGFORD.

CHINGUACOUSY.—The spiritual condition of the membership is very encouraging. The utmost harmony existing all over the Mission speaks a word of cheer to my successor. Sabbath-schools are established at each of the four appointments, and three of these are open all the year, and doing a blessed work for the Master. Nearly forty of our Sabbath-school children meet regularly in class, while nearly all the officers and teachers are members of the Church, earnest,—active workers for Jesus. We leave this kind people with feelings of deep regret. Their uniform kindness and sympathy enabled us to bear many a burden, and endure much toil and weariness, that in nothing we should be blamed. Members, 124. P. CAMPBELL.

ALTON.—The ministrations of the word, in many instances, have been attended with cheering manifestations of the Divine presence and energy, as seen in the conversion of sinners, quickening of believers, enlarged attendance on the means of grace, and the increased liberality of the people. The Sabbath-schools are well attended and prospering; and the future of this Mission is promising. Members, 95. I. GOLD.

ALBION EAST.—Our congregations have increased. The piety of many of our people is being deepened. Several persons have been received into the Church. Our Sabbath-schools are doing a good work. What we require is a general outpouring of the Spirit of God. For this blessing we are praying. We still require the fostering care of the Missionary Committee. Members, 134.
THOS. W. GLOVER.

AMARANTH.—We have three small appointments here. The cause is weak, and the spiritual condition of the Mission is low. A re-arrangement of the work, or the addition of some stronger appointment, is absolutely necessary. During the year we have had a few indications that our labour has not been entirely in vain in the Lord. Members, 37. W. H. JAMIESON.

## WHITBY DISTRICT.

A SMALL sanctuary, half-way between Port Perry and the Scugog Indian village, is supplied by the Rev. D. B. Madden, with encouraging tokens of success. A Sabbath-school and a class of 15 members are connected with "Zion Church."

## COBOURG DISTRICT.

*Hastings*..... James Woodsworth; Ashton Fletcher, Sup'y.
*Fenella*..... John A. Dowler.

HASTINGS.—God has poured out His spirit upon us. Although we have suffered severely by reason of removals, we are able to return

a net increase of 36. We desire to record our high appreciation of the labours of Rev. A. Fletcher, whose cheerful and hearty co-operation we have enjoyed in the furtherance of the financial and spiritual interests of the Mission. Members, 140.

JAMES WOODSWORTH.

FENELLA.—We have been greatly blessed during this year, not only in the regular means of grace, but especially at our camp-meeting and revival services. At these meetings about one hundred persons professed religion, several of whom joined other circuits or other Churches. Two of our best men, both members of the Quarterly Board, died in the triumphs of faith. We have reason to hope that the Lord will before many years bring about such a state of strength as will ensure adequate support without aid from the Mission fund. We return a net increase of 50. Members, 160.

| *Brudenell and Bangor*..... | Thomas Grandy. |

MARMORA.—We have endeavoured faithfully to maintain the interests of the work on this Mission, and have had some success; but as the year has been one of grievous disappointment to the agriculturalist, prostration to business men, and of almost entire cessation from mining and lumbering operations, our difficulties have neither been few nor small. Our cause here is weak, and we are embarrassed with a church debt; many of our people are poor at best, but poorer now, though under the circumstances they have done creditably. Members, 147.

WM. H. PEAKE.

FLINTON AND ADDINGTON ROAD.—Thank God our labour has not been in vain in the Lord, as we have now a good church, and the debt all provided for except $200, which we hope to get from the friends of Missions. Members, 73.

H. LEITH.

BANNOCKBURN.—Your Missionary has not been without some encouragement in the presence of the Master attending the means of grace. Though your Missionary will be obliged to retire from the so-much-loved work, on account of failing strength, at the ripe age of 81, yet he feels very thankful to God and the brethren for bearing with him, and especially to God for the success given him during the eight years of Missionary toil. Members, 107.

P. J. ROBLIN.

DENBIGH AND ABINGER.—We close this the first year of our labours on this Mission with a degree of satisfaction. Our congrega-

tions have been good, and your agent has been treated with marked respect. Members, 49. P. W. DAVIES.

MAYNOOTH AND YORK RIVER.—During our two years here the membership has more than doubled. In finances there is a falling off, as the present year is peculiarly embarrassing, but the future promises favourably, and we hope for the better. The country keeps opening up and new settlements forming. We hope the Conference may divide these two Missions and send a married and a single minister to meet the moral wants of the people. This ground requires indulgence and care for the present, and soon will yield an abundant harvest. Members, 120. J. BASKERVILLE.

BRUDENELL AND BANGOR.—We feel grateful to Almighty God that we have not been without the stamp of His approval upon our efforts. Our congregations have been gradually increasing, and our hearers more constant in attendance. Although in some places for arduous toil we reaped nothing but leaves; yet at others we were convinced that the word spoken by us did not return unto us void, but accomplished that whereunto it was sent, and some were gathered into the fold. Members, 38. THOS. GRANDY.

BETHANY.—It is with devout gratitude to God we review the past year and report advancement in every department of the Church's work. The spiritual status of the Mission is much improved. About six months have been spent in special services with most gratifying results. The members have taken higher ground, and seem to be lifted above the peculiar embarrassments that are known to exist in this field of labour. One hundred and two persons were received on trial. We have purchased a new brick dwelling-house in Bethany for a parsonage at a cost of $1,100, anent which some $475 have been paid; about $400 have been expended in repairing and beautifying the church in Bethany, and a stone foundation built under the church at Shannon's appointment. Total membership, 205. Increase, 50.
ROBERT WALKER.

BALLYDUFF.—This Mission was in a somewhat unsettled state at the commencement of the year. But the presence of God has been with us, and has crowned our labours with success. In September last a camp-meeting, in which our beloved chairman and other ministers on the district took a lively interest, was held contiguous to one of our appointments. Many who were brought to Christ, or reclaimed at

that blessed means of grace, united with us—one of whom has already reached the better land. We have held several weeks of special services in connection with our other duties; and, although they have not been characterized by very numerous conversions, they have resulted in a general quickening and the ingathering of a few. We report 127 members.

W. C. JOLLEY.

WARSAW.—By faithful and prayerful attention to the ordinary public and social means of grace, by conducting two Bible-classes every week, and by such other means as were available, I have endeavoured to sow the truth and win old and young to God. We have now re-opened two schools which have been dormant respectively six and eighteen months. We have had our difficulties, financial and otherwise, but God has blessed us; some have been gathered into the fold, and we hope that much more fruit of our labour may sooner or later appear. Members, 67.

W. C. WASHINGTON.

BLAIRTON.—The present condition and prospects of this Mission may be briefly stated. The business and monetary depression, felt nearly everywhere, has affected this section most seriously. Blairton is located in a part of the country but poorly adapted to agriculture. Mining and lumbering constitute its chief resources; and these interests having totally failed for a considerable time past, the people do not find themselves in funds to contribute much to the finances of the Church, although they have a heart to do so. We are thankful to be able to state that the religious outlook of our work here is more bright and hopeful. Special services were held during the winter, and God was pleased most graciously to bless them to the salvation of fifty-two precious immortals, who have been added to our membership. Some of these conversions were remarkable instances of Divine forbearance and grace. The Sabbath-school, though very largely reduced by multiplied removals, is progressing finely, and several of the scholars are amongst those recently saved. A class of twelve members was recently formed in a locality where such an institution never before existed. Whole number of membership, 102. To God be all the praise!

HENRY WILKINSON.

CHANDOS.—Many times have we realized the refreshing influence of God's Spirit, while talking to the people about the salvation of their souls. The Lord has been our strong support. Some special services were held during the year, at which the Lord of Hosts was manifestly present, and a few rejoiced in the liberty of a crucified Redeemer. There are, however, a great many disadvantages to be met with on this Mission, as I suppose there are everywhere. Many settlers have moved into the Mission during the past year. Members, 52.

Fenelon Falls.—We have enjoyed peace and prosperity throughout the Mission. The regular and special services alike have been seasons of refreshing and salvation. The class-meetings have improved in attendance and spirituality. The Sabbath-schools are in a prosperous condition—fifty of the scholars are meeting in class, some of whom give promise of future usefulness to the Church. We have recently laid the corner-stone of a new church at Fenelon Falls, and the proceeds of the day reached the sum of $450. We thank God and take courage. Members, 165.

R. Potter.

Dunsford.—We have succeeded in erecting a commodious parsonage, with suitable outbuildings, well, cistern, &c., at a cost of about $1,200, of which $700 has been raised and paid. The presence of the Lord was with us in our ordinary and special services, and seasons of refreshing and ingathering were enjoyed. We have four appointments, with fair congregations, and four prayer-meetings every week, well attended. Members, 70.

J. W. Cathcart.

Minden.—We cannot report the progress, either spiritually or materially, that we could desire. It is a very hard season for the back country. There has been an increased attendance at the public services at most of the appointments, and also attention to the word preached. There have been some removals from the Mission, and also some dropped for unfaithfulness. The finances are below the average for this Mission. The Mission will need the sustenance of the Mission fund for years to come. Number of members, 50.

S. Down.

Haliburton.—A portion of our membership have been baptized with the spirit of work for the Master, while a few have enlisted additionally during the year. We have established regular services in one new settlement during the year, which gives signs of success. Extending settlement invites an extension of our work around this place, which is destined at no distant day to be a centre of Missionary operations of no ordinary importance. Members, 37.

W. H. Cairnduff.

Coboconk.—This field of labour is arduous; there are seven preaching places, in three of which there are churches, the others are school-houses. The country is broken with lakes, rivers, and rocks,

the roads are rough, the people are poor but kind, they appreciate the preaching of the Word, and as their ability increases, will no doubt show it in a tangible form. There are yet places destitute of preaching in the surrounding district where it ought to be. The services during the year have been attended with Divine power. Members, 110.

W. H. Cook.

Woodville.—The year now closing is among the most prosperous years of my life, both in my own experience and in the fruitfulness of effort. Over three months of the winter season were occupied in special services, which resulted in a net increase of forty in the membership. Some of the converts are persons of age and intelligence—heads of families,—and are taking active part in the interests of the work. One new appointment has been added, which makes seven in all, and a Sabbath-school organized in it, of over eighty scholars and seventeen teachers. The demands of the work have outgrown the help, and the Official Board have asked for an additional supply. Members, 115.

A. C. Wilson.

Beaverton.—Our congregations are large and interesting. An additional appointment has been opened during the year. We have all confidence that this place will soon become an important centre of Methodism. Members, 62.

T. H. Patchell.

Atherley.—In viewing the work of God on this Mission during the past year we have abundant reasons for thankfulness. A goodly number have been converted and our congregations increased. Our finances in general ahead of preceding years. One shed has been built and paid for, and the debt of another cleared off. The majority of our people are poor, but very willing to do what they can. It is certainly a very pleasant field of labour. Present membership, 77.

John Hart.

Victoria Road.—A new church at Kirkfield has been erected, and almost finished and paid for. A parsonage has been secured at Victoria Road station. The deed has been received, and a part of the purchase money paid. One new appointment has been taken up, which makes twelve altogether. There has been an increase to all the funds with the exception of the minister's salary. Members, 148.

ANGUS.—Whilst we cannot report so large a measure of prosperity as is desirable, yet, when we consider the fact that our best country appointment was transferred to Allandale a year ago, and also considering the present financial state of the country, we have no good reason to complain of the results of the present year. We return a membership of 125.

A. ARMSTRONG.

HILLSDALE AND PENETANGUISHENE.—We report material and spiritual prosperity during the past year. A church at Allenwood, in Flos, 26 by 40 feet, and another at Hillsdale, 26 by 36 feet, are in course of erection. The presence of the Lord has been with us in converting sinners and quickening believers at several of our appointments. Members, 244.

THOS. J. SNOWDON.

RUGBY.—We have received twelve members into our Church, chiefly heads of families, who promise to add considerable strength to our cause. The general interest has greatly deepened, congregations have been large, and by their attentive hearing assure us that they appreciate the gospel of Christ. Membership, 73.

F. C. KEAM.

COLDWATER.—I have endeavoured to sow the seed of the Word broadcast, and with a willing hand, over this Mission during the past year; even in the regions beyond, wherever a door has opened, I have gladly preached the Word. I have visited all the larger mills and shanties of the Waubaushene Company and others in the winter when they were getting out logs, and in the summer when they were cutting the lumber. Victoria Harbour, Port Severn and Sykes, given up by my predecessor, have been visited, and regular appointments established, which promise well. The general attendance upon the preaching of the Word at most of the appointments on the Mission is larger than ever before. Members, 64.

R. G. JAMES.

MORRISON.—We have reason to believe that although our membership is not much larger than at the beginning of the year, yet the Mission is in a better condition spiritually. We devoutly acknowledge the blessing of God in special means of grace which have been held in different parts of our extended field. Members, 124.

JOHN PEPPER.

BRACEBRIDGE AND BAYSVILLE.—With much gratitude to God we report a measure of success in the work on this Mission. During the year a number of conversions, chiefly among the young, and an increase of spiritual life in the membership, have cheered and encouraged us, considering the great depression of the times and the special privations endured in so new a section of country. Members, 184.

GEO. M. BROWN.

PORT CARLING.—Notwithstanding the peculiar difficulties with which the Mission has had to contend, God has specially blessed our efforts in sending us times of great refreshing and converting power. Financially, we have done well, considering the general depression. Members, 53.

W. P. BROWN.

HUNTSVILLE.—God has vouchsafed his blessing upon our labours and granted us a goodly measure of success. After filling up twenty-eight vacancies caused by removals and fallen, we are able to report thirty-two of an increase. During the winter your Missionary has made occasional visits into the townships of Perry and Armour, which are fast filling up with settlers. Two classes have been formed here, and the great need of the people is a preacher. The numerous calls for preaching from places adjacent to Huntsville will prevent your Missionary from visiting as often in the future as circumstances demand, those townships, which are twenty-five miles north of Huntsville, making a distance to be travelled of nearly sixty miles to meet the wants of the Mission. We would, therefore, take this opportunity of directing the attention of the Committee to this new and promising field. Our duty is to go up and possess the land, and what is done should be done at once. Members, 194.

REUBEN TOYE.

SPENCE.—I am thankful to report success on this field of labour. Considering our small membership on this Mission our people have done well during the past year. We have let the contract for what will be (when finished) a neat and comfortable church, to be completed by the 15th of next October. At Seguin Falls we are building a block church 24 by 40 feet. In the past year I have had too much ground to work, the Mission being thirty-eight miles long, and having eight Sabbath appointments, besides one on a week-night. Twenty-four members have been received during the year, which, after deducting for removals, death, and unworthy members, leave an increase of sixteen. Members, 56.

THORNBURY.—There are ten appointments on this Mission, at six of which we have church buildings. We have secured two new church sites this year, and are negotiating for a third. Two years more will see good buildings, I hope, at all the other appointments. Our parsonage debt is quietly melting away, and the financial position of affairs here will improve greatly in the future. Excessive storms greatly militated the past winter against our Missionary services and meetings, as also against protracted efforts in the country. We have peace in our borders and a growing attachment to the principles and doctrines of our Church. Members, 307. THOS. CLEWORTH.

MAXWELL.—By the blessing of the Lord we are able to report progress on this Mission. During the year two new churches have been dedicated to the worship of God. The Lord has blessed us to some extent in our labours, and added to the membership of the Church. We take courage and hope for better things in the near future. Members, 168. JOHN C. WILLMOTT.

HORNING'S MILLS.—Some hundreds have been hopefully converted to God and are still rejoicing in the liberty of the Gospel. Horning's Mills will no longer be looked upon as a Mission, as the Quarterly Board have asked for an independent relation. We leave behind us a splendid home, a kind, liberal, and devoted people. Members, 304. JOHN MAHAN.

AVENING.—We have held two special services with very great success. There are some very liberal people on this Mission, kind-hearted and true, who love our beloved Methodism. Members, 165. THOMAS R. REID.

STAYNER.—The congregations in the town and country good, considering the community is very much divided. We spent twelve weeks in protracted meetings during the year, and God gave us some fruit for our labour, so that after making up for all deficiencies, we return an increase of eleven. We have a very flourishing Sunday-school in Stayner: twenty-six of the children have given their hearts to God and connected themselves with the Church, and I have formed them into a catechumen class, Mrs. Webster taking charge of it as the leader. Members, 90. JOHN WEBSTER.

PARRY SOUND.—In presenting this report of our work upon this Mission during the year we desire to express our devout thank-

fulness to God for the very gracious manner in which He has been pleased to bless our labours during the year. Our annual camp-meeting, held in the month of August, was a time of refreshing, and left a most salutary influence, which has been felt throughout the year. Our congregation in this village has grown to be quite too large for our present church accommodation, indeed, it frequently happens that some are compelled to go away from the evening service because they cannot get into the church. Under these circumstances the Trustees resolved to meet this demand by the erection of a new church. Members, 100. W. SMYTH.

MCKELLAR.—We are thankful for the degree of prosperity that has attended this Mission during the year. A new parsonage has been built, and is ready for use. Our church in the village has been renovated and a new shed erected for the accommodation of teams. We have also succeeded in building a new frame church at one of the country appointments. These improvements reflect credit upon the members of our Church. God has blessed our labours during the year, and as a result, we are able to report an increase. Members, 119. J. R. GIBSON.

Our friends at Shiloh are building a neat little church, which is to be pewed, painted, and finished by the first of September. We are praying the Lord of the harvest to send us showers of blessings. I. BAKER. Members, 70.

WALTER'S FALLS.—This Mission is still prospering. Our congregations are very good. The Sabbath-schools are well attended. We have six classes, six congregations, and five weekly prayer-meetings. A few were converted to God during the year, six of whom are heads of families. The Lord is with us, and the God of Jacob is our refuge. A. CLARKE. Members, 102.

DUNDALK.—We are happy to report favourably respecting this Mission. We have established two Sabbath-schools in addition to the two already existing, and five weekly prayer-meetings have also been

commenced. Twenty-three have been received into membership, and our services are all well attended. Members, 184. C. SHAW.

SARAWAK.—The past year has been one of the most pleasant and prosperous of our ministry. Our labours have been blessed to the conversion of sinners, the restoration of backsliders, and the quickening and building up of believers. There is an increase in the attendance upon the means of grace. We have secured two lots for church purposes in Brooke. Members, 90. R. STRACHAN.

WIARTON.—After a year of earnest effort we report an increase in all the departments of our work. Two new classes have been formed, and two Sabbath-schools organized. There is an increased interest in the work; and although the people are very embarrassed, they are willing to do what they can. Considerable efforts have been made for local purposes. We have finished the Oxenden church, and paid off a considerable part of the debt upon it, and also of the Wiarton church debt. Our field of labour is large, the journeys long, and the Mission very laborious. There are quite a number of settlements entirely destitute of the means of grace which we cannot possibly reach. Our class and prayer-meetings are times of refreshing, and a deep spiritual interest prevails. Our loss, from various causes, is 30; yet we have an increase of 45. Members, 110.
T. M. JEFFERIS.

HEPWORTH.—We have organized two new Sabbath schools, making five in all on the Mission. We dare not speak of the poverty of this part of our work, the receipts from the Mission will show this. We are thankful to God for the willingness manifested by our people to support the Gospel. This Mission will require large support from the Mission fund for years to come. Members, 63. A. GLAZIER.

ALLENFORD.—Religiously, the year has been very prosperous. Our protracted services, held at Allenford and Park Head, were abundantly crowned with success. The membership, after making up for losses by removals, dropped, etc., have increased from 186 to 228. James Allen, Esq., has very generously given the Mission half an acre of ground for a parsonage lot. Our congregations have been considerably increased on all our appointments. The temperance cause is prospering: we have kept up regular temperance meetings during the year.

DURHAM.—Your Missionaries have enjoyed good health, laboured

hard, and realized some success. One new frame church has been erected, and is now occupied for Sabbath service, though not finished. The prospect for this Mission is growing brighter. A few have been hopefully converted. Members, 139. JOHN HODGSON.

PRICEVILLE.—Although we have had to labour under somewhat peculiar difficulties during the year, our labour has not been in vain. The Lord has granted tokens of His presence and favour. A few souls have been converted to God. Members, 70. WILLIAM TUCKER.

CHESLEY.—Some progress has been made on this Mission. A deeper interest is being taken in our Sabbath-school work, from which we expect soon to be able to report a number of additional class members. In Chesley (a village of from 300 to 400 of a population) a church has been erected 37 by 56 feet, the opening of which resulted in realizing, by subscription and tea, $1,362, being sufficient to meet the expenses of erection and completion, so that now we have a comfortable place of worship, a good congregation, and a position of usefulness long needed and felt in this place. God has graciously revived His work in our midst. We are able, after all deductions, to report an increase of 41 members. There are encouraging tokens of further showers of blessings approaching, for the reception of which we are looking and labouring. With five Sabbath appointments (and other encouraging openings) and little local help, we need a second preacher to follow up and conserve the work on this Mission, but do not see our way clear at present to ask for additional help, owing to the general financial depression. Members, 193. W. B. DANARD.

TIVERTON.—The Lord has given us a measure of prosperity during the year. We have completed the brick church that was commenced last year in Underwood, and made provision for the whole of the debt. Our congregations are increasing, especially in Tiverton and Underwood. A few souls have been led to Christ, and others are seeking His pardoning mercy. Members, 86. A. THIBADEAU.

PORT ELGIN.—This Mission enjoys a good degree of financial and spiritual prosperity. We have completed a brick church in Southampton—$1,933 47 was raised on the Mission for all purposes. We enjoy peace in our borders. Number of members after transferring 30 to Arkwright, 145. N. A. MCDIARMID.

SALEM AND PORT DALHOUSIE.—This Mission was formed last Conference by the division of Merritton Mission. Special services have been held at three of the appointments, which have quickened the Church and brought souls to Christ. The ordinary services have been well attended. Members, 50.

ROBERT BURNS.

NIAGARA.—Our congregations have improved. The means of grace, public as well as social, have been favoured with the Divine blessing, making them seasons of spiritual refreshing. Our people, considering their numbers and means, have done nobly in financial matters. A valuable addition has been made to the furniture of the parsonage, and a debt incurred in the improvement of our church at Virgil liquidated during the year. It is in contemplation to renovate our valuable church in town—purchased during the incumbency of my predecessor—that it may be attractive in future, as well as comfortable. Members, 62.

JOHN MILLS.

CROWLAND.—We can rejoice in some success. Our congregations are good and very attentive to the Word preached. Our last quarterly meeting was one long to be remembered. Strong faith in God, with efficient labour, will cause this Mission to become an important circuit at no distant day. Members, 87.

F. G. WEAVER.

RAINHAM.—Having been only a year in existence we have not much of which to boast. The congregations are generally good. Since your Missionary came among this people a goodly number have been converted to God, most of whom are still faithful. With the blessing of God we still hope for better things. Members, 66.

R. H. BALMER.

PORT COLBORNE—Was attached to Ridgway Circuit two years ago. God has blessed His Word in the conversion of souls. We are praying for larger measures of spiritual influence upon our work. Our people have done well on the Mission in giving towards the support of the Gospel. The congregation is good ; class-meeting is well attended. Removals, 6 ; members, 20.

J. MOONEY.

CAISTORVILLE.—Congregations large ; attendance at class and

prayer-meetings very encouraging, indicating soul-prosperity and spiritual growth. Local preachers and official members attentive and active in the dicharge of their duties. Over 70 souls sought Christ, 50 of whom united with us in Church-fellowship. On trial, 56; total, 240. J. P. BELL.

WOODBURN.—With one exception our congregations are good. Our class-meetings are means of great spiritual profit. The Sabbath-schools are very well attended, and are a great means of preventing Sabbath desecration. We started another this year, which is accomplishing much good. Financially, the Mission is in a healthy state. What the Mission requires to make it self-sustaining is a baptism of the Holy Spirit. There are five churches, one preaching-place, nine classes, and four Sabbath-schools. Members, 195.

WILSONVILLE.—This Mission has had a year of general prosperity. We have taken up a fifth appointment at Boston. The finances are all in advance of last year. A parsonage has been bought, but in consequence of the scarcity of money, no effort will be made to pay for it till the results of the coming harvest are known. We report 200 members, an increase of 25. A. EDWARDS.

DELHI.—Through the mercy of God we have had, in many respects, a prosperous year on this Mission. We have had at every appointment additions to our membership. The church in Delhi is much improved. We held a special meeting for twelve weeks, in which many were brought to God. We spent nearly $400 in improving the church. We report an increase of 36; members, 172.

WELLINGTON STREET.—As is generally known the congregation and cause of the principal place on the Mission has been, since last Conference, transferred from Clarence to Wellington Street, where the membership has increased from 30 to 162, the Sabbath-school

from 73 to 300, and the congregation proportionately. This Church asks to be allowed to be self-sustaining next year with one minister. The Hamilton Road Church has made some little progress. The membership has increased from 34 to 39, there having been 11 removals during the year. This report is submitted under a profound consciousness that all our success and blessing are from God, to whom be all the glory.

JOHN KAY.

KINTORE.—*No Report.*—Members, 101.

THORNDALE.—Our congregations have very much improved during the year, in some places trebled; and notwithstanding that a number of members were dropped for non-attendance in class, &c. We report a small increase. Members, 90.

C. HAMILTON.

MOUNT BRYDGES.—The spiritual state of the Mission is, on the whole, good. Many of our members are earnest and faithful. Quite a number have started for the home above. We report a small increase. Members, 116.

A. L. RUSSELL.

APPIN.—An earnest attention has been given to the Word preached, and a blessed influence has frequently rested upon our religious services; still, we have not witnessed that ingathering of souls to the Saviour so anxiously desired by us. On the whole, the Mission is in a more healthy state than it has previously been. Our people think that by the blessing of God Appin will not much longer need assistance from the Missionary Society. Members, 106.

| *Bismarck* | George A. Schram. |

ST. THOMAS 2ND.—The three years I have spent on this Mission, though not attended by all the success which could have been desired, have nevertheless been years of "peace and good-will." The people have laboured nobly and harmoniously with their pastor, entering heartily into any undertaking that might tend to the temporal or spiritual, present or future, interest of the cause of God. Arrangements have been made for a considerable extension of our present church, which, when completed, we hope will lay the foundation of a flourishing cause in this place. Members, 60.

J. V. SMITH.

LYNEDOCH.—We cannot present so favourable a report of this Mission as we would like to have done. Spiritually, we are labouring for a higher standard of piety. We have had some conversions, but,

owing to a large number of withdrawals and removals, we have to report a small decrease. Members, 173. T. R. Fydell.

Port Rowan.—All the services on this Mission have been attended during the year. We have an excellent official Board, which sustain the minister according to their ability. We have organized two Sabbath-schools, and are arranging to take up a new and important appointment on the front. We have had a number of conversions, and several of our members have died in peace. Our Sabbath-schools, prayer-meetings, class-meetings, and public services are well attended. Members, 153. P. German.

Tyrconnell.—We have had much this year for which to thank God. Believers have hungered and thirsted after righteousness, and many have felt the blessedness of being filled. We have also rejoiced over the conversion of sinners. One new Sunday-school has been organized, and that department of our work is progressing. We have taken twenty-seven into the Church, after allowing for ten removals and three triumphant deaths. Members, 109. E. Teskey.

Bismarck.—At the last Conference there were but two appointments upon this Mission, with one church in Bismarck, and another in course of erection in the village of Rodney. We have completed the Rodney church. With a desire to occupy all available ground, we have taken up two new appointments, at which we preach fortnightly. We have a membership of 136 on the whole Mission. There are good congregations all around. With the favourable consideration of the Missionary Board, the Bismarck Mission will soon become a very desirable circuit for one man. We cherish devout gratitude to the Father of mercies that He has given us some souls for our hire, and some success in each department of the work in which we have been engaged. G. A. Schram.

Newbury.—Convinced that the present arrangement of the work is not such as to warrant its continuance, the Quarterly Board will gladly welcome some new arrangement by which the spiritual interests of the work will be promoted, and the Missionary Fund relieved of the burden of its support. Members, 62. Wm. J. Ford.

Thamesville.—The visible results of about ten weeks of special services were little beyond half a dozen conversions, the quickening of

the Church, and increased seriousness in the congregations. We have lost several members by removal, and have dropped a large number who would neither pay, pray, nor speak for God. Members, 130.

P. W. JONES.

WALLACEBURG.—During my sojourn of two years on this Mission God has greatly blessed my labours. The finances, notwithstanding the hard times, have been well sustained. I came to this field with fear and trembling, but I have found it an exceedingly pleasant field. My health, and that of my family, has been good. The work at all the appointments is in a very prosperous condition, and we are looking for still greater blessings. Members, 175. ROBT. SMYLIE.

POINT EDWARD.—Upon this Mission we have been encouraged with a measure of success. The Point Edward church has been repaired, and very much improved, at a cost of about $250, and now presents a very neat and comfortable appearance. Spiritually, our success has not been all that we desired; yet when we consider the influence of Sabbath labour to which so many members of our Church are constantly exposed, we find, even in this respect, cause for thankfulness rather than discouragement. Members, 92.

JAMES CHARLTON.

ADELAIDE.—With feelings of devout thankfulness to God we present this, the first report of the Adelaide Mission, it having been put upon that list only at the last Conference. Our labour has not been altogether fruitless. God has given us a few souls who still remain faithful. Also, several are professedly seeking Christ. Members, 132.

GEORGE C. MADDEN.

CORUNNA.—Nearly all the present membership are punctual in attending all the means of grace, and have been consistent in their walk and conversation. A new parsonage has been built, and is supplied with good furniture. It is out of debt. It will be deeded to the church as soon as completed. For all religious purposes the Mission has raised 100 per cent. more than during any preceding year. Members, 115.

W. M. BEILBY.

SOMBRA AND COURTWRIGHT.—This Mission has made some progress during the year. The congregations have greatly increased, and we report a small increase of membership. The entire debt upon the Courtwright church, amounting at the beginning of the year to $2,500, has been provided for. A very beautiful organ has also been purchased and paid for. Members, 54. THOS. J. REID.

OIL SPRINGS.—In this place we have had tokens of Divine approval. Sabbath preaching, morning and evening, has been well attended, especially in the evening. Two prayer-meetings each week have been continued during most of the year. The Sabbath-school, under the superintendance of Mr. John Shepherd, is showing encouraging evidence of progress. One of our members passed away during the year—our loss is her gain. The word has been faithfully preached, and will have God's blessing. Members, 25. J. HILL.

WYOMING.—In closing our third year on this Mission we are thankful to be able to say it has been by far our best. Revival services were held, and many through them were led to embrace Christ as their only Saviour, and are walking in His footsteps. Our congregations at all the appointments have greatly improved, and new work has been taken up, which promises well. Over $550 have been raised for the improvement of our church in the village, and all the parsonage debt has been wiped off. Members, 101.

JOHN NEELANDS.

CAMLACHIE.—This old field of labour, under a new name, comprises three appointments from Wyoming Mission and one from Forest, from churches in a line with an average distance of five miles between each two. Considerable uneasiness was awakened in the minds of many at finding themselves set off, by the last Conference, as an independent Mission; but I am thankful to say that this has died out, and full acquiescence in the late divisional arrangement is realized. Seventy-six members were returned to me at the beginning of the year, which, under the blessing of God, have increased to 101. The spirituality of the classes is very sensibly improved, the members walking in the comforts of the Holy Spirit, rejoice in the communion of saints, and several have the "peculiar Methodist testimony." All the churches are out of debt. Thus, whilst we cannot boast of great things, we greatly report steady advancement in all our Church interests. N. BURNS.

RAVENSWOOD.—Since we came to this Mission we have witnessed, under God, steady advancement and improvement. Upon arrival everything seemed dead because of the unsettled condition of the circuit. Prayer and class-meetings had about gone down. These were revived, the people unitedly brought together, and success has crowned the efforts of the ten months of our charge. The congregations are very good, and we have had a very cheering ingathering of souls. A third appointment has been taken up, and looks very

promising. If rightly worked a good circuit may be built up, as there is abundance of material and territory. Members, 49.

GALT.—Our people in Galt give gratifying proof of connexional loyalty and attachment. The Sunday-school is spiritedly and successfully worked. There has been an increase to the membership during the year, and many of the religious services have been marked by gracious tokens of the Divine presence and blessing. Members, 93.

DAVID SAVAGE.

HESPELER.—There have been extensive revivals on this Mission during the year, and a great deal has been done toward paying off all debts, &c. Also in improvement of the churches at several of the appointments. The Quarterly Board has resolved to become a self-sustaining circuit. Members, 300. JAS. MCALLISTER.

PLATTSVILLE.—Several persons have been converted and received on trial. A new church has been opened in Plattsville. The congregation has increased at Bright, and the trustees have decided to build a large church. At Mount Carmel our congregation and membership remain about the same as last year. Members, 115.

JNO. C. STEVENSON.

BERLIN.—While there are on this Mission some earnest followers of Christ, yet the spiritual condition of the Church must be admitted to be lamentably low. Outside the churches there is a large community in which the prevailing spirit towards religion is one not of open hostility or manifest disrespect, but of indifferentism and secularism. There are very many who attend no place of worship. Special efforts for the conversion of sinners have been made during the year, but with little fruit. Members, 166. JOHN SCOTT.

NEW HAMBURG.—This is emphatically Mission ground, and our work at present is especially among the poor. We think Methodism is taking deeper root, and will, without doubt, grow, through its growth may be slow. Though we cannot speak of great success we have not been without tokens of the Divine favour. We report 12 members and 4 on trial. RICHARD PINCH.

ROCKWOOD.—It affords us pleasure to say, that the Rockwood Mission has made some progress during the past year, with some conversions to God, adding a few to our Church-membership. Members, 142. DAVID AULD.

ERIN.—This year has been somewhat trying on this Mission, but we are happy to say that it is certainly much better spiritually than at the beginning of the year. In membership we have taken in fifty-one; but in consequence of removals and names dropped we can report an increase of 20. Members, 120. J. J. S. LEVER.

GARAFRAXA.—We are thankful to God for the harmony that prevails among our people. They have manifested a disposition to work throughout the year. I think this Mission will need to be considered in the same relation to the Conference, for a year or two, as at present, as they have no parsonage of their own, and the church repairs, for another year or two, on their hands. Members, 95. J. BARTON GOODSPEED.

LUTHER.—This is the northerly portion of what was Garafraxa Mission, and your Missionary gladly and thankfully begs to report some advancement and success in the cause of Christ's Church. On the Mission there is one church in the village of Luther, and four other appointments, four of which are filled up each Sabbath. In the winter, with a good deal of effort, the Church was placed out of debt. The various preaching-places have been well attended; the experience of God's people testify to a maturing in the Divine life. Special meetings were held at one place only, and I hope some little good was done. Number of members reported, 80. JOHN SANDERSON.

FORDWICH.—We have been successful in praying and providing for a considerable amount of church and parsonage debt. Other difficulties in the way of prosperity have been removed. Our congregations have increased, our quarterly meetings have been seasons of grace: our special services have resulted in quickening some dead souls to spiritual life, while God's people have been revived and comforted, and we believe that a foundation has been laid for greater prosperity, temporal and spiritual, in the future. Present membership, 190. J. R. ISAAC.

KENILWORTH.—This Mission has five appointments, three from Mount Forest, late Wesleyan Mission, and one from Mount Forest, late Methodist New Connexion circuit, and the fifth from the Harriston, late Wesleyan Mission. The good Lord has given us much encouragement during the present year. Two of our societies have been doubled. All of our funds have increased considerably; and in reviewing the year we feel we have cause to thank God and take courage. Members, 105. H. BERRY.

LISTOWEL.—Coming as we are to the close of our term on this Mission, while there is much over which we might lament, yet is there much for which we ought to be grateful to our kind heavenly Father. Quite a number have been gathered into the fold of which Christ is the shepherd, and also a considerable increase has been made to the various funds of the Church. It has also been thought advisable to separate the town from the country and proclaim independence of the Mission Fund. Members, 256. M. SWANN.

PALMERSTON.—Our people generally are advancing in the Divine life; there is a deeper and more earnest tone of piety. We have had some accessions to our numbers by conversion, but have lost heavily by the removal of some of the best friends of the cause. All the means of grace have been maintained. Our Sabbath-schools are in a flourishing condition, and, on the whole, the prospect is hopeful. Members, 98. WM. HAYHURST.

CLIFFORD.—This has been a year of sifting, after the revivals of last year, and also one of removals, owing to the influx of Germans. Though we have not had such revivals as last year, yet we have had most gratifying tokens of the Master's presence. The interests of the Church have been well sustained. The congregations are good, and the Sabbath-schools well worked. Another instalment has been paid on the parsonage, and a brick church, 38 by 58 feet, with a basement and steeple, is in course of erection in the village of Clifford. Members, 120. JOHN HOUGH.

ARTHUR.—For some time past this Mission has shown unmistakable signs of progress. We are thankful that the past year has also been one of spiritual prosperity. The special services held during the year were owned by God in the conversion of sinners; in this we rejoice, for Methodism lifts no banner where she saves no souls. We have had our church in Arthur enlarged, and the contract is let for the erection of a new brick church, 28 by 40 feet, in the village of Cumnock, for which the entire indebtedness is provided. During the year we have received 72 members into the Church; but after deducting from our list deaths, removals, and other delinquencies, we can only report an increase of 27. Members, 170.

THOS. JACKSON.

WELLESLEY.—We still continue to suffer from removals and the influx of the German element. Fully one-half of the population now are Germans. There is but little prospect of increasing our interest here. We held special services at three of our appointments during

the winter, resulting in the addition of a few to our numbers. We have made arrangements for the union of this Mission with the adjoining Millbank Circuit, in order to relieve the Missionary Society. Members, 85. R. J. HUSBAND.

HOLSTEIN.—Your agents, on this field of labour, have had very great success. God has graciously revived His work. Members, 230; increase, 80. JAMES H. ORME.

HOLMESVILLE.—This field is composed of the weaker parts of the Clinton, Goderich, and Goderich South circuits. We have six appointments, which are visited every Sabbath, and are more or less numerously attended. Some of the families on this Mission do nobly in supporting the Gospel, others, with ample means, have a good deal to learn in this direction. At the Orange Hall appointment, during the last two months, we have enjoyed a blessed outpouring of the Spirit, which has resulted in the addition of some thirty souls (mostly young people) to our Church. Members, 178.

A. MILLIKEN.

MONCTON.—Although we have laboured under great disadvantages, difficulties are being overcome, and considerable progress has been made. The contract for a new church in Wilkinson's neighbourhood has been let, and will be completed by the 1st of July. Also the contract for a church at Moncton, to be completed by the 1st of September. The attendance has been good. A new appointment has been taken up, but not very certain of success. Although circumstances prevented special services being held, God has been pleased to bless the regular means, and we can report an increase of thirteen. Members, 60. S. G. STAPLES.

KIPPEN.—This Mission has enjoyed tokens of the Divine favour. There have been several souls brought to Christ, and others, professing to love the Saviour, have been greatly quickened. Our quarterly meetings were seasons of interest. God was with us. After deducting 17 removals we are able to report a net increase of 19, and a full membership of 131. R. J. TYLER.

TEESWATER.—The Lord has been with us on this field during the past year, and as a consequence we have enjoyed temporal and spiritual prosperity. As the Missionary grant to this field will be no more our people feel determined to do the best they can toward inde-

pendence, but will need help for a year or two from the Contingent Fund. There are four appointments on the Mission, three churches, and one preaching-place. Hearers, about four hundred. A deep interest is taken in Sabbath-school work. Members, 136.

D. W. THOMPSON.

BLYTH.—During the year the Lord has been favouring us with showers of blessings, so that our labours have been crowned with encouraging success. We are being favoured with a very excellent class of young people, who take a deep interest in the prosperity of the work. On the whole, the Mission is in a very promising condition; and as it now ceases to be a Mission, we trust it will shortly take a prominent position among the circuits of the district. Membership, 206; increase, 36.

J. ARMSTRONG.

ST. LAMBERT.—The perpetual change of population, so characteristic of St. Lambert, will certainly prove for some time one of the greatest hindrances to any very great enlargment of our Church's work and membership. Still the commendable fidelity of those who are now sustaining its interests amid many discouragements will have its reward in the ultimate prosperity which must follow before many

years. The Missionary Society in aiding our work on the banks of the St. Lawrence, opposite Montreal, is certainly holding a very important vantage ground for the future, and in a place where Romanism has no church and but a minority of population. Members, 23.

WILLIAM I. SHAW.

ST. JOHN'S.—This has been a very trying and most discouraging year for this Mission. The very week we had arranged to pull down our present church, with a view to build a more spacious and beautiful one, the fire came, which destroyed in a few hours all the business portion of the town. In this disaster our people suffered more in proportion than the members of the other churches. Indeed, owing to this and the subsequent commercial depression, our leading friends have been ruined. Of course this put an end to our contemplated enterprise, our people being unable, under the circumstances, to do anything. Not only so, but afflictions and calamities of one kind or another have so succeeded that a general feeling of depression has ensued. This, the latter part of the year, has most seriously affected the religious state of the Church, interfering alike with its financial and spiritual prosperity. Still, God has been with us, affording us strength and comfort, and ever and anon seasons of refreshing from His presence. The congregation and membership continue much the same as they have been for years past. The Sabbath-school has improved. As the town is again rebuilt it is hoped there is a brighter future both for the place and the Church. Members, 70.

G. H. DAVIS.

CHAMBLY.—*No report.*—Members, 11.

ORMSTOWN.—Under the blessing of Almighty God this Mission has enjoyed, during the past year, a considerable measure of spiritual and temporal prosperity. The attendance upon the public means of grace has been large and devout, and the promised blessing has been with the Word. Nineteen persons have been received into the Church, making our total membership ninety-nine. Valuable improvements made on parsonage property. The new church at Dewittville is under contract, and is to be completed and opened in July. Your Missionary has not escaped troubles, but Divine grace has been sufficient. Members, 99.

G. H. PORTER.

HUDSON.—Sustained by the sympathy and kindness of a liberal-hearted people, your Missionary has been enabled, by the blessing of God, to accomplish some good. We have peace in all our borders. "And the best of all is, God is with us." Members, 46.

WILLIAM PECK.

NORTH GORE.—This has been a most encouraging and successful year of spiritual prosperity. The present membership is 160, giving an increase of 100. To God be all the glory! A. WHITESIDE.

NEW GLASGOW.—We have had to bear the loss of a large percentage of our membership this year. About two-thirds have removed from one appointment; but, through the blessing of God upon our labours, their places have been filled numerically by others who have

been led to the Saviour. A new Sabbath-school has been organized, which is doing a good work. There is a good spiritual tone over the Mission. Members, 64. W. KNOX.

SHAWBRIDGE.—We rejoice in that God's cause has advanced somewhat, and that we have been enabled to gather a few sheaves for the Master. After making deductions for four removals and three departures by death, we are happy to be enabled to report eighteen of an increase. Members, 73. E. W. CRANE.

RAWDON.—We report favourably of this scene of spiritual combat, although we have been almost incessantly attacked. The enemy has been repulsed with loss. To God be all the praise. Our fortifications have been repaired. We found a few of our city friends willing to assist in repairing the old battery. May the glorious flag of God's honoured truth, as held up by the Methodist Church, ever wave over these mountains. It is of the utmost importance that the Conference hold this fort. Members, 73. G. STENNING.

PORTSMOUTH.—We have received many tokens of the Master's approval: we have seen some led to Christ; we have enjoyed the confidence of a generous people; we have learned some lessons which will be useful in years to come; we have obtained clearer views of the fulness and efficiency of the Gospel, and with all mistrust of our own fitness for this holy toil, but with a firmer grasp upon the ancient promises. Members, 42. JAS. AWDE.

SELBY AND ROBLIN.—A year ago it was thought best to place Roblin under the care of Selby Circuit that it might have the services of an ordained minister. The results have been most satisfactory, and the Mission has had great prosperity during the year. Members, 121; increase, 75. JOHN FERGUSON.

AMHERST ISLAND.—We have to thank God for a year of mercy on this Mission. His blessing has been on our labours to keep alive the Divine life in the souls of our members, to give them loving and liberal hearts, and to enable them to maintain a consistent walk before the world. At present there is not much room for the growth

of Methodism on the island; but we have our work to do, and believe we shall yet do more for the glory of God in this place than we have yet done. Members, 49. G. H. Squire.

Battersea.—There has been an increase in the attendance at some of the appointments, and our Sabbath-school is in a prosperous condition. We are somewhat encouraged by the peace we enjoy, and a growing conviction on the minds of our members of the urgent need of a revival of vital Christianity on our Mission. Members, 92. J. E. Werden.

Gananoque.—We close our term of service on this field of labour with gratitude to the Great Head of the Church for the measure of success which has attended our efforts. We have had a kind people amongst whom to labour. Our congregations are good and very attentive. In our pastoral visitation, as well as in our public assemblies, we enjoyed much of the Divine presence. We have two beautiful churches. The prospects are encouraging, and this Mission is on the eve of becoming independent. We found a membership of 118; and after losing by removals, &c., 119, we are enabled to report 200 as our present membership. Jacob Freshman.

Lansdowne.—Our people are gratified to find that their church at the station, opened during the year, is proving to be a paying investment, giving us a good position, and commanding an excellent congregation. Sixty new members, mainly heads of families, have been added to the Church during the year; and, notwithstanding the pressure of the times, financially we are in advance of previous years. Members, 208. J. H. Stewart.

Centreville.—Spiritually, we are better than last year. Then there was no prayer-meeting; now three, which are rich means of grace. Then two classes only, one of which having 40 members, with an average attendance of from 8 to 10; now we have 3 classes with a good average attendance. This interest has been produced by the holding of special services. Members, 90. William Short.

Harrowsmith.—It has not been all sunshine with us, but we doubt not that it has been all blessing: "For our light affliction, which is but for a moment, worketh for us a far more exceeding and eternal weight of glory." We have had much extra expense, and less than usual to meet it; still, we do not, we dare not complain, for we have both been blessed and a means of blessing, and our people suffer as much as we do. None of our members have been removed by death. Members, 135. Jno. C. Garrett.

Tamworth.—The past year has been spent with an agreeable and kind people. The general depression in trade, and the almost entire failure of crops last year, throughout the township of Sheffield, necessitate our reporting a deficiency in the connexional and circuit funds. But, notwithstanding, we have abundant cause of thankfulness for the gracious visitation of God's Spirit, in the establishing of believers and

conversion of over sixty souls; the majority of whom unite with us. Members, 120. WM. F. PERLEY.

ARDEN.—This is an interesting field of labour. The country very rough, the people poor, but very kind according to their ability. Your Missionary has received much kindness in visiting from house to house, which takes much of his time. Congregations very good, with a good attention to the Word preached. Peace and harmony have prevailed. Members, 56. WM. MARCHAM.

SEELEY'S BAY.—The religious state of this Mission is very satisfactory. The services are well attended, and evidently much appreciated and enjoyed by the people. A number of persons have been converted to God and added to the Church during the year. The societies enjoy a good degree of spiritual life. We have been labouring under disadvantage through lack of church accommodation. This lack the people have nobly determined to supply, and two neat and commodious churches are now in course of erection. Members, 84. NATHAN AUSTIN.

OXFORD.—The present year has been one of continued prosperity. Believers have been quickened and many led to seek salvation. A lively interest is manifested in Sabbath-school work, and the general interests of the Church are being zealously maintained. Members, 181. WILLIAM PHILP.

CORNWALL.—Increasing congregations have given encouragement. The social services are well sustained. Notwithstanding the severe financial stringency the Missionary contributions are considerably in advance of any previous year. The Lord has added to His people, so that, without special efforts, a net increase of 20 is reported. Members, 120. WILLIAM HALL.

AVONMORE.—In reviewing the work of the past year, carried on amid many difficulties, we give thanks to God, who has been better to us than our fears, for though our progress has not been what we anxiously desired, we have reason to believe it has been real. We have taken up a new appointment in the village of Finch, six miles from Avonmore. The congregations are large and the prospects good. Members, 55. JAMES O'HARA.

ARNPRIOR.—Our labour of the past year has been crowned with an encouraging degree of success, for which we are profoundly grateful. The public means of grace have been attended by increasing congregations, who have cheerfully sustained every interest of the Church, both connexional and local, to their utmost ability. Twenty-one members have been received during the year. Members, 100.

JOHN J. LEACH.

FITZROY HARBOUR.—Owing to failing health for part of the year, the work has suffered more or less, but by the help of God we have been able to hold our own during the year. Members, 86.

H. IRVINE.

FRANKTOWN.—The Great Head of the Church has blessed our efforts at every appointment on the Mission in the spiritual advancement of believers and the conversion of sinners. During three series of protracted meetings which were held, upwards of sixty professed to find peace with God. Prayer and class-meetings are well attended. A handsome frame church is in process of erection at Nolan's Corners. Members, 134.

J. GARVIN.

LOMBARDY.—Spiritually, the Lord has favoured us with a few conversions and the building up of others. Financially, it has been an exceedingly hard year, so that we have to report a deficiency in nearly all the collections as well as the salary. Members, 42.

A. L. PETERSON.

GLEN TAY AND MABERLY.—The work of God has been steadily advancing on this Mission during the past year. The congregations have been better, and manifest a growing interest in the ministry of the Word, while our class-meetings, both numerically and spiritually, are greatly improved. Our church at Glen Tay, through the praiseworthy efforts of Sisters Atkinson and Kendree, and the free labour of Bros. Castle and Kimberly, has been repaired and comfortably seated, and is free of debt. Seventy persons have been taken on trial during the year; but in consequence of neglect of duty, especially on the part of some of the older members, and the death and removal of others, it has been our painful duty to drop from our circuit register no less than 30, which leaves only an increase of 40. Members, 131.

S. B. PHILLIPS.

PLAYFAIR.—We have been cheered with some tokens of the Lord's presence, giving intimation that we were not "labouring in

vain, nor spending our strength for nought." Some have sought and found peace with God, united with the Church, and are now giving evidence that they are living in the fear of God and enjoying the comforting influence of the Holy Ghost. Two have left the militant host, we trust, to join the triumphant throng above. Some have been otherwise removed, leaving an increase of six. Members, 80.

BEACHBURG.—The present prospects of this Mission are good: there is everything in it to encourage us to labour on. We have been successful in organizing a Connexional Sabbath-school at Forrester's Falls appointment. The school now numbers 45 scholars. The congregations are good, and we have had a few conversions. To God be all the glory. Members, 92. J. FOLLICK.

PORTAGE DU FORT.—We can report some religious prosperity. Some souls professed to have been converted to God, joined the Church, and are still striving to make their way to heaven. One of our most consistent members has, during the year, died happy in God. Our congregations, with but one exception, continue good. Prayer-meetings at two of our appointments are well attended. Most of our members meet regularly in class. Members, 63. JOHN HOWES.

RENFREW.—All the appointments have been faithfully attended to. There are difficulties operating against Methodism in this place which have hindered its prosperity in the past, and continue to do so now; but we confidently expect they will continue to give way to faithful effort and loyal attachment to our Church. Notwithstanding the commercial dullness your Missionary has been liberally supported. Some improvements have been made on the parsonage and church. Members, 80. WM. W. RYAN.

ALICE.—*No report.*—Members, 64.

ONSLOW.—This year has been one of toil, but not without success. At Quio appointment quite a number have been converted, and have united with us in Church-fellowship. At Mohr's appointment we succeeded in erecting a neat frame church, 26 by 40 feet. At North Onslow the members have been greatly revived, and our numbers almost doubled, as the result of a blessed revival with which we were

favoured. Had it not been for removals during the year we would be in a very prosperous condition. Members, 81. WM. CRAIG.

BRYSON.—The people have been kind to their minister, and done all they could to support him. We have nothing new or striking to report. Touching our work we have endeavoured to fill our appointments as faithfully as possible, and a few have been added to the Church. Members, 73; increase, 16. J. C. OSBORNE.

OTTAWA WEST.—The church, so long on the way, has been finished and opened. The congregations have increased, and the Sunday-school has become a power in this end of the city. The spiritual state of the Church is good. There have been quite a large number converted during the year. Members, 130.

ALEXANDER CAMPBELL.

BELL'S CORNERS.—Through the goodness of God your Missionaries have been given health and strength to supply the demands of the work on this somewhat extensive and laborious field, and have been encouraged by assurances that their united efforts have been appreciated by the people and approved by the Great Head of the Church. There has been a decided increase in the congregations and in the amounts contributed to the Connexional funds. During the year special services have been held at Hazledean and at the Carp, in which good was done. Members, 232.

R. NEWTON ADAMS.

LONG ISLAND LOCKS.—All the classes are in a state of spiritual prosperity. The revival services which were held during the three years that your Missionary has been on the Mission, have been seasons of great success and profit. And whilst writing this report we are in the midst of an interesting revival held at Billing's Bridge, the only appointment at which we have no class, but by the help of God we

will plant the standard of the cross and of Methodism, which I trust will never be taken down. Members, 133. JAMES SIMPSON.

METCALFE.—We are thankful to God that, at the close of the second year of our incumbency on this Mission, we are able to say that our labour "has not been in vain in the Lord." There has been spiritual prosperity, souls have been converted, and God's people have been encouraged and built up. There has also been material prosperity, a new church, which is a credit to the neighbourhood, has been built at Blair's appointment, and the debt is provided for. The church at Duncanville has been improved, so that now we have three churches and one other preaching place on the Mission, and at each there is a good congregation. Members, 154. WM. RANEY.

BEARBROOK.—As we have not been favoured with any additions, by conversion, to our membership, and as some of our members have removed from the Mission, and it has been our painful duty to drop others, we are obliged to report a slight decrease. Members, 74.
EDWARD H. TAYLOR.

POINT FORTUNE.—We report some progress on this Mission. We have suffered as usual from removals and deaths. Still, we have a small increase in membership and in most of the Church funds. But the "best of all is, God is with us." A number of souls have been converted during the year, and some are seeking now. Present membership, 84.
GORHAM A. GIFFORD.

PLANTAGENET.—*No report.*—Members, 37.

GRENVILLE.—We have evidence of more spiritual awakening and life amongst our people, and feel the presence of the Master with us. Our membership is small, yet our congregations, under existing circumstances, are good. A few have been added to the Church. Two of our best members were removed to the better land. By altering boundaries we lost 31 members. Members, 42.
W. NORTON.

ARUNDLE.—Our people are kind and liberal according to their ability. The congregations are not large, but they are very attentive. The membership are loyal to Christ and to Methodism. Members, 30.
N. B. TOPPING.

THURSO.—Your Missionary with his colleague (who has been with him since October last) have held seventeen weeks of special service since last Conference. Have preached and visited from house to house, by day and by night, frequently, besides attending to the ordinary duties of the station regularly. We have supplied three new places for a time also, but such was their distance from our other work that when bad roads came in the spring we were obliged to give them up. Amidst all this labour we have but small fruits, many things to discourage, and but few to encourage us. And while

> "Sowing the seed by the daylight fair,
> Sowing the seed by the noonday glare,
> Sowing the seed by the fading light,
> Sowing the seed in the solemn night,"

the inquiry has often arisen, "Oh, what shall the harvest be?" J. ROADHOUSE.
Members, 63.

NORTH WAKEFIELD.—Gracious influences have attended the preaching of the truth, but the manifest results are not what we could desire. There is a small decrease in the number of members, owing chiefly to removals from the Mission. Losses from the same cause will doubtless be suffered in the time to come, owing to the poorness of the country for farming purposes and the exhaustion of the timber limits in these parts, for from the lumbering the inhabitants have subsisted in the past. Members, 133. J. B. KEOUGH.

CHELSEA.—Amidst many discouragements we are glad to report a healthy and hopeful advance in all departments of our work on this field. During three years the field has doubled in influence and work demanded, and promises to be one of the finest fields outside the capital at no distant time. Praying for the harvest of a rich ingathering of souls we report 76 members. H. W. KNOWLES.

AYLWIN.—While the station extends over a very large tract of country, involving very heavy drives, yet we have had strength given to meet the work. Some of our members, during the year, have removed away to more inviting places, some have left us for the holier and enduring home. This part of our work is real Mission ground, but in the return (for which we pray) of better times financially, will do better for the Missionary. Members, 75.

POINT LEVIS.—Although unable to report an increase of membership, yet we have had no decrease, and have been gladdened to perceive an increase in the number of our attendants and in the interest manifested in all our services. Members, 8.
JAMES HENDERSON.

THREE RIVERS.—Our church in this place is striving to be an element of power, with two others, in the midst of the density of Romanism. There are thirteen families that hold to us, out of which twenty-nine members of our Church are returned. During the year two more were converted in affliction, made very happy, and since taken to heaven. Our Sabbath-school, of about forty, is very regularly attended, and promises much good. A. DRENNAN.

MELBOURNE.—We have tried to consolidate our work during the past year, and have succeeded to some extent. The erection of a small church in the village of Richmond has given renewed impetus to Methodism in that rising community. Quite a number of families have cast in their lot with us, and show a disposition to help our cause. Twenty-seven persons have joined the Church during the year. We have lost by removals, deaths, &c., ten, making our net gain seventeen. Matters just now are shaping themselves favourably. Our people are united, and have strong faith in a prosperous future. Members, 131. G. FORSEY.

DANVILLE.—Our congregations have improved, our Sabbath-schools have flourished, and we have had some conversions to God, and have joined the Church. We report 165 members.

E. A. WARD.

WINDSOR MILLS.—At this place our congregations have been good; those in the country, however, have had barely an existence. We have tried to improve the condition of the Sabbath-school, which was already quite effective, by the introduction of the "Berean Leaves" and a suitable religious paper. What this Mission greatly needs is a general and thorough revival of the work of God. Members, 61. SAMUEL SHIBLEY.

LENNOXVILLE.—The year just closed has been marked with considerable prosperity. The attendance upon worship has been good, and the spirit of the Lord has been present in all the services. We report an increase of 14; present membership, 88. J. SCANLON.

ISLAND BROOK.—It is cheering to report a larger attendance and greater interest in Sabbath-schools than in the past. Yet there is for humiliation, that our services, though ordinarily well attended, have not resulted in more spiritual prosperity. But we have much hope for the future in the large number of young people and children who attend our Sabbath-school and Bible-class in the village. Members, 29. CORNELIUS A. JONES.

COOKSHIRE.—We have laboured hard during the past year, and have seen but little fruit to encourage us. The Misson is an important one, and I think Methodism is steadily taking a deeper hold of the community. Members, 43. J. PEAREN.

MARBLETON.—Several have been converted, some of whom have joined the Church. We have enjoyed unbroken peace and harmony. Our people generally, considering the hard times, have done well in supporting the interests of the Church, and have not neglected the

wants of their pastor. Last summer we commenced a church edifice at Marbleton which was completed externally; but operations had there to be suspended for want of funds. Our people at this point are few and poor, and cannot do largely at church building. Members, 100. F. DELONG.

ROBINSON.—There has been an increase in membership and also in the number of preaching places. There is not the interest taken in class-meetings that we would like to see, and there also is a lack of competent persons willing to act as leaders and Sabbath-school superintendents. Still we are led to hope, from the attendance and attention upon the means of grace, that a brighter future is in store for this Mission. Members, 41. A. M. DELONG.

LEEDS.—The state of spiritual things on this Mission is slowly advancing. During the year we have witnessed one or two conversions, but we need a greater outpouring of the Holy Spirit. Members, 144. MOSES SCOTT.

INVERNESS.—We have sustained on this Mission eight preaching appointments; and during the last six months of the past year, while we had a second minister, we were enabled to have regular Sabbath preaching at six appointments, which caused a marked improvement in the congregations. But one great difficulty with which we have to struggle here is the number of removals. The Mission is large, extending over a great part of four townships, and can only be successfully worked by two men. During the year the Lord has visited us with His blessing, and we have been prospered, to some extent, financially and spiritually. Members, 98. I. WILKINSON.

DURHAM.—On this Mission we have experienced a considerable amount of prosperity. From twenty to thirty persons have professed conversion during the year, and our people, on the whole, are rising into a higher life and becoming more active in the Lord's work. We are looking up for a more general revival of God's work, and we trust that the end of the coming year will witness a greater degree of prosperity. The past year ends our career as a Mission, as we assume the relation of a circuit to the Conference. Peace and harmony reign within our borders. Members, 140. W. PYKE.

BOURG LOUIS.—This Mission remains in numbers and attendance about the same as last year. The people are attentive hearers, and some are growing in grace. Members, 29. F. FRANCIS.

METIS.—The regular attendance, both on Sabbath and Sunday-school services, during the past year has been very encouraging. The seed of the Word sown, especially in the hearts of the young, will, by the blessing of God, bring forth fruit in due time. Members, 8. THOS. BELL.

GASPE.—The Lord has been good to us during the year. Salvation has come to our Zion. Twenty-six names have been added to our list of membership, enabling us to report a net increase of nineteen. The parsonage grounds have been much enlarged and im-

proved, and we are enabled to report our Mission without one cent of the incubus known as debt. A new appointment has been opened at Point Navan, where the site of a small church has been procured and the foundation of the building laid. The failure of the health of my esteemed colleague has been a sore blow to our Barachois part of the Mission, but I trust the Great Shepherd will take care of his own flock. This part of the Mission should not be abandoned. Yet it is impossible to work it without two men. Members, 76.

JOHN LAWRENCE.

ANTICOSTI.—This is the first Missionary report from this island, and we are thankful that it is a good one. Previous to this year a Missionary had been on the island for a few months only. On arriving here we found 16 persons who would meet in class: we commenced to work for the Lord, and the Lord worked with us, and as a result we can show a membership of 62, of which 24 are on trial, 49 at Fox Bay, and 13 at English Bay. The former place is inhabited by Protestants only, the latter by both Protestants and Catholics. At the former place we have a site for a church selected, a school-house 18 feet square has been built, and the frame for a church procured. Here also we have a good Sabbath-school, and a library connected with the same, formed by a number of books sent by the Sabbath-school Board, and others on the island previous to our arrival there. During the long winter our heart has been cheered by seeing many coming to the Lover of souls, both of the old and of the young; and we trust that ere long the few who are as yet out of the ark will decide to enter therein. Our Mission during the past year consisted of two appointments, Fox Bay and English Bay. If your Missionary is on the island this year he intends to make the south-west point of the island, where there are a few Protestant families, a part of the Mission, which will then comprise all the Protestants on the island.

DIXVILLE.—Spiritually, there is some encouragement. Some few individuals here enjoy more of the spirit of prayer than any I ever remember hearing before in this province. The prayer-meetings are

well attended in some parts of the Mission, and not so well in others. But a small proportion of the members regularly attend class-meeting. What is needed here for the growth and strength of Methodism is a revival of religion; and where there is a spiritual seed to commence with we have no reason to be discouraged. We have commenced a Methodist Sabbath-school, which may be the means of doing much good in a place that is full of dangerous errors. We received a present of a library for the Sabbath-school, for which we are thankful. Members, 26.

JOHN CORBETT.

MAGOG.—By the blessing of God the hope of success entertained by us last year has to some extent been realized. During the year 43 have joined the Church, 22 of whom professed conversion at our special services held at Georgeville. By alteration of boundaries 62 have been received from Waterloo and Bolton Circuits. Members, 134.

WM. TIMBERLAKE.

BOLTON.—We are sorry not to be able to report progress in every department of the Lord's work. The spiritual state of the people is low. The Missionary contributions are in advance of last year, but the other collections are low. A greater unity, zeal for God, sanctity of life, above all a richer baptism of the Holy Ghost, are what are most needed here. Members, 141.

JOHN HOLMES.

MANSONVILLE.—Souls have been converted to God, and believers have been quickened and strengthened in duty. During the year we have paid one thousand dollars towards the erection of a new church in Mansonville, which we hope to have completed this year. Members, 83.

WILLIAM ADAMS.

LAWRENCEVILLE.—We have had gratifying evidences of the Master's presence amongst us during the past year in the acknowledged enlargement of Christian experience on the part of many, and in the conversion of others. Our people here are generally of the very kindest character. The great difficulty on this Mission arises from the fact that our people are very much scattered, and it is almost impossible to bring them together for special evangelistic effort. Members, 106.

NATHANIEL SMITH.

COWANSVILLE.—*No report.*—Members, 91.

WEST BROME.—When we came to this Mission we found things in a low state. But, notwithstanding all discouraging circumstances, the Lord has been with us of a truth. There have not been many conversions, but the Church has been encouraged. We are working for the Saviour; and His cause is prospering. Members, 84.

THOMAS RENNIE.

FRELIGHSBURG.—At the close of another year we desire to record our gratitude to God, the giver of every good and perfect gift. We had some success at the special meetings held during the year. In addition to those brought to God others were revived and are trying to follow the Master more closely. Two of the congregations have

increased in numbers, and there is a greater interest in the Sunday-school generally. Members, 77. RICHARD ROBINSON.

FARNHAM.—We have been doing our best in trying to advance Methodism on this Mission: we have found it at times to be exceedingly difficult, but our trust has been in the living God: our journeys have been long, and the appointments numerous. We have had, at a few of the places, good special meetings, and we hope that blessings have resulted therefrom. Members, 94. JOHN FOWKES.

SUTTON.—We feel thankful for a measure of prosperity, souls have been saved and believers sanctified, yet, through deaths and removals, we report a small decrease. Present membership, 100. We are engaged in the erection of a church, when finished it will be worth $4,000, which we trust, by the blessing of God, will give Methodism a firmer hold in this locality than heretofore. We have much error to contend with, but in the name of our Master we purpose to lift our Methodist banner higher than ever, and do battle in the name of Christ for the grand old doctrines we preach. J. H. FOWLER.

BEDFORD.—This field was last year set apart from the old St. Armand's Circuit with a membership of 81. God has blessed us with some degree of success. The finances of the field have greatly improved during the year, and some souls gathered to the fold of Christ. We have undertaken the enterprise of building a good and commodious parsonage at the cost of about $1,500. This is now in course of erection, and the ladies have set themselves to work with commendable energy to furnish it. This field will need help from the Mission Fund for a while; but we hope the day is not far distant when, by the blessing of God, it will become an independent circuit. Present membership, 95; increase, 14. JOHN GRENFELL.

| *Bermuda (St. George's & Bailey's Bay)* | W. C. Brown, C. M. Tyler. |

DARTMOUTH.—This has been a year of great toil and signal prosperity. Our congregations have greatly increased, and our services

been times of rich blessing. The converting work has steadily and silently moved on, resulting in the addition of several members to our Church. Much progress has also been made both in refitting and enlarging our churches, while the general income and connexional funds have been well sustained, and Dartmouth has become an independent circuit this year. Members, 49. GODFREY SHORE.

HANTSPORT.—At Hantsport the congregations have been much larger than those of the former year. Here and at Falmouth the class and prayer-meetings have been well attended. Notwithstanding many removals the general interests of the cause of God have been creditably sustained. Members, 70. CALEB PARKER.

KENTVILLE.—We are thankful to God for the advancement made and the encouraging prospects that present themselves. The attendance at public worship has been cheering, nor less so the interest with which the Word has been listened to. We have reason to praise God for the quickening influences that have prevailed, and the ingathering of precious souls. Members, 60. J. E. THURLOW.

NEWPORT.—The congregations have generally been large and attentive, but we have suffered greatly from depression of business and removals. At one appointment our labours have been signally blessed. A congregation has been gathered, and a number, chiefly heads of families, have been received into the Church. Members, 114. EZRA B. MOORE.

SAMBRO.—Special services were held nightly during five or six weeks of the winter. These resulted in the development of a better spiritual tone in the Church, and the conversion of a few. A Bible-class formed in the autumn has evoked a deepened interest in Divine things on the part of our young men and women. Members, 68. CHARLES H. PEPPY.

MARGARET'S BAY.—The past year has rather been one of discouragement and deep anxiety; still we have had the presence and blessing of the Lord approving our work and comforting our heart. In our public services the Spirit's power has been felt, and class-meetings have been seasons of sweet communion. Members, 30. JAMES SCOTT.

BERMUDA (HAMILTON AND SOMERSET.)—The different departments of work under our care afford grounds for encouragement, and furnish many causes for gratitude to our Heavenly Father. The ordinary means of grace have been well attended, and proved seasons of special comfort and profit. We have been cheered by seeing some consecrating themselves to God, and during the year fifty-seven have been added to the roll of Church-members. We still greatly deplore our inability to efficiently reach the military at Prospect camp; and, owing to the many duties in town, we are unable to give that attention to Warwick which it should have. Members, 283. WILLIAM WATSON.

BERMUDA (ST. GEORGE'S AND BAILEY'S BAY.)—There has been no

marked religious change during the past year on this field of labour. The ordinary evidences of spiritual progress have not been wanting. The prayer and class-meetings have been well attended, and a general interest exhibited in everything that relates to the prosperity of the Church. Our work among the military has been of an encouraging character. The losses occasioned by the removal of the 97th Regiment, and the return to England of some who were members of our class, have been quite made up by the conversion of others, so that our military class is still large and prosperous. Members, 277.

In nearly every Mission throughout this district the servants of the Lord have been cheered with manifest tokens of the Divine favour and blessing. River John and Onslow have shared most largely in these heavenly influences. Notwithstanding many removals there has been an increase of about eighty. On the whole, there is much cause of devout gratitude to God for the religious condition of this part of our Zion. Members, 2,331; on trial, 241.

| *Wentworth* | W. G. Lane. |
| *Parrsboro'* | R. A. Daniel. |
| *Maccan and Five Islands* | W. D. Baines. |
| *Athol* | Joseph Hale. |

Nappan.—Notwithstanding the enforced cessation from work, by which for several months this Mission was deprived of the labours of its pastor, the interests of Christ's people have not been permitted to suffer. From our institution at Sackville, as well as from adjacent circuits, the lack of service has been well supplied. A very gracious revival at Nappan was productive of quickening in the Church and the ingathering of precious souls. A considerable section of this circuit is comparatively destitute of preaching. Members, 105.

R. B. Mack.

PUGWASH.—Irritating influences which formerly existed have now been removed, and we now mark with pleasure a growing interest in the advancement of spiritual life. Members, 238.

THOMAS D. HART.

WENTWORTH.—Throughout the past twelve months our work has largely consisted of sifting and sowing, rather than reaping and rejoicing. Yet the ministrations of truth have not been void of results—some have been added unto the Lord. Members, 67.

W. G. LANE.

PARRSBORO'.—The congregations have been good, and the presence of the Master has been felt. Some have been converted and added to the Church. As a general thing our people are strong in their attachment to Methodism, and intelligent in their apprehension of her doctrines and spirit. Members, 139. R. A. DANIEL.

MACCAN AND FIVE ISLANDS.—We regret that the record of this circuit during the past year is comparatively barren of tangible results. Our only alternative is to look forward hopefully to the future, and to pray the Lord of Hosts for a mighty outpouring of the Spirit. Members, 96. W. D. BAINES.

ATHOL.—Here we have laboured with quite an amount of pleasure and satisfaction during the year. Generally speaking our services have been well attended, and not a few have been characterized by very hallowing manifestations of the presence of God. Members, 69. JOSEPH HALE.

| *Gabarus* | John Astbury. |
| *Port Hawkesbury* | Joseph B. Hemmeon. |
| *Port Hood and Margaree* | M. Atkinson. |
| *Ingonish* | W. Brown. |

GUYSBORO'.—We are thankful to report that the past year has not been barren or unfruitful in the work of the Lord. Special efforts have been directed principally to the shore settlements. That a large proportion of the converts are heads of families is a very gratifying feature of the work. Members, 137.

J. R. BORDEN.

CANSO.—Considerable interest in the means of grace has been manifested during the past year. A number at Canso have been hopefully converted to God, also several wanderers have been reclaimed. At Whitehaven and Crow Harbour we cannot speak very encouragingly. Members, 47. J. G. BIGNEY.

MANCHESTER.—The Mission is wide, and to a large portion of the country I have been unable to supply regular services, and the people perish for lack of knowledge. At Clam Harbour the society has been greatly quickened, and some souls have been added to the Lord. A large number of men, mostly Protestants, are now employed on railway construction within our bounds. Something ought to be done for their spiritual interests, and we believe that our Missionary Society is the most favourably situated to take up the work. After accounting for deaths and removals we return members, 122.

JAMES R. HART.

COUNTRY HARBOUR.—The regular attendance upon our services exhibits an increase, and God has been with us, and that to bless. Two new localities have been visited, and appointments made at an isolated settlement hitherto without preaching. The want of suitable places in which to worship is about to be met by the erection of three new churches. The cause seems to be consolidating. Members, 51.

H. P. DOANE.

SYDNEY NORTH.—Several have united with us during the year; but our membership has suffered considerably from removals. A long-felt want will, we hope, soon be supplied by the completion of our new church at North Sydney. Members, 28.

W. A. BENNETT.

GABARUS.—The record of the past year falls far short of what we desired and sought for, yet it affords much cause for thankfulness and hope. Class and prayer-meetings have been seasons of grace to many, and our more public services have been characterized by influences at once impressive, quickening, and edifying. Members, 171.

JOHN ASTBURY.

PORT HAWKESBURY.—Here our work is peculiarly difficult: within our ranks there are few helpers; without there are many foes. Some parents have never entered the church-door for years. Our hope is in the children and youth that they may be led to unite themselves to Christ and to the promotion of His cause. Members, 75.

JOSEPH B. HEMMEON.

PORT HOOD AND MARGAREE.—In the past year we have given three-fourths of our time to Port Hood, and the remainder to Margaree. At Port Hood we have three preaching places. On the island the Lord's blessing has been richly bestowed upon us. This season began with the week of prayer. The Church was greatly awakened, and souls converted. Margaree has also experienced times of refreshing, and, so far as we can judge, there are better days in store for this place. Members, 40.

M. ATKINSON.

INGONISH.—Our congregations are good, and the hearers attentive. On this Mission our cause is young, and has its drawbacks. But with many kind and liberal people, whose spiritual wants ought certainly to be supplied, we believe it to be fully in accord with the spirit and aims of Methodism to continue our Mission in this place. Members, 27.

| *Digby* | E. Brettle. |
| *Weymouth* | P. R Robinson. |
| *Digby Neck* | R. Williams. |
| *Bridgetown* | A. S. Debrisay. |

ANNAPOLIS.—During the year we have had some delightful seasons. The Spirit's power has refreshed our heart, and souls have been converted. The social religious services are well sustained, and we are trusting in the Lord for a more general outpouring of the Holy Ghost. Several of the members are earnestly striving for that holiness of heart which constitutes the life, the power, and the glory of the Christian. Members, 105. R. SMITH.

GRANVILLE WEST.—Generally speaking the attendance at public worship has been good; and, in answer to prayer, the gracious influences of the Holy Spirit have descended upon the hearers. Many exemplify zeal in Christ's service, and are striving after a complete conformity to the Divine will. Added, 15. Members, 31.
F. A. WELDON.

WILMOT.—The past year has been one of incessant toil, accompanied with rich blessings from Him who suffers not His servants to labour in vain. Special efforts put forth at different points have been followed with the conversion of sinners, the reclaiming of wanderers, and the quickening of believers. A marked change is passing over the entire community, and the doctrines and principles of Methodism are, more than ever, commending themselves to the people. Members, 300. JOSEPH GAETZ.

AYLESFORD.—In the holding a series of services, and the establishment of prayer-meetings in several parts, God has largely owned and blessed our labours. Particularly at Aylesford West have the results been exceedingly successful. During the year about 120 have been received as probationers, and of these 92 have already passed into full membership according to our discipline. Members, 210; on trial, 35. A. S. TUTTLE.

BERWICK.—We are comforted by the thought that the seed has been sown prayerfully and in faith, as also by the fact that there are indications of a time of joyous reaping. On the whole, we are led to conclude the spiritual condition of the circuit is more hopeful. Members, 200. CHRISTOPHER LOCKHART.

SCOTT'S BAY.—Progress on this Mission has not been very perceptible during the past year. We have reason to rejoice that notwithstanding such adverse influences our people take a noble stand.

Those who gave themselves to God during Bro. Black's time are still holding on in the good way. Our weekly class-meeting at Scott's Bay is well attended. Members, 46. J. W. SHEPHERDSON.

HILLSBURG.—Owing to the lingering illness, terminating in death, of the appointed minister during the past year, the interests of the Church have to a certain extent suffered. A duly qualified brother was soon on the spot to supply the lack of service, and the results justify the observation that the circuit is in a very healthy and thriving condition. Sinners, poor, lost, and undone, have been led to the Crucified One and found peace with God. In many instances also, believers have advanced to a higher and holier life. Members, 140. WILLIAM SERGEANT.

DIGBY.—For nearly three months after the New Year we felt justified in conducting special services. Backsliders returned to the Lord and were healed, the lukewarm were stirred up to a more devoted service, and we have been cheered by seeing others give themselves to the Lord and to us by the will of God. Members, 92.
E. BRETTLE.

WEYMOUTH.—Twice during the year has St. Mary's Bay, the principal part of the circuit, been visited with revival influences. Here we have two well attended class-meetings, which, together with the prayer-meetings, are highly appreciated. At North Range saving influences have been blessedly felt, and, in a proportionate degree, has the edification of the Church been promoted. Members, 59; increase, 31. P. R. ROBINSON.

DIGBY NECK.—The inner life of our members exhibits decided progression, and voices, silent for years, have now broken the monotony in accents of praise to God for His saving grace. An almost unanimous request from the inhabitants of Mink Cove has led to the establishment of a weekly Sabbath service, from which we hope for a blessed future. Members, 78. R. WILLIAMS.

BRIDGETOWN.—Assisted by Bro. A. Ray and Father Bent, the work on this Mission has been conducted by Bro. Craig. Its interests were, for a time, affected by the death of the superintendent, and also of Father Davies, still, the watchful eye of the Good Shepherd did not permit the cause seriously to suffer. The congregations are large and attentive, and a few souls have been led to Christ. Members, 42.

| *Bridgewater* | John Cassidy. |

In this district during the past year there has been no extensive revival of religion. The Word of God has been faithfully preached, the classes kept up, prayer-meetings held, and the churches generally exhibit a healthy condition. At New Germany there has been a spiritual awakening by which several have been converted and added to the Church. Members in the District, 498.

| *Lockport* | William Ainley. |

ARCADIA.—The regular and special services have been well attended and quite interesting. We rejoice in the quickened and improved condition of the Church. Members, 70. ROBERT TWEEDY.

HEBRON.—We have found cause for encouragement in the steady increase of some congregations and an intelligent attention paid to the truths preached. The outlook in some places is hopeful, in others the shadows appear deep. Members, 62. W. H. EVANS.

BARRINGTON.—*No report.*—Members, 130; on trial, 21.

PORT LA TOUR.—Viewed from one standpoint the past year has been one of prosperity. Finances have improved, a new church in a much-needed locality is now in process of erection; but, best of all, believers have been quickened and several conversions have occurred. Members, 149.* JAMES TWEEDY.

NORTH-EAST HARBOUR.—The crying sin of these shores, in connection with other indications of a genuine spirit of the world, is want of reverence for God's day. Few of our people here show any decided love for class-meeting. We have, however, endeavoured to sow the good seed in humility and faith, and trust that, with the Divine blessing, the fruit may soon appear. Members, 50.

JOHN W. HOWIE.

SHELBURNE.—The congregations have been seriously attentive to the Word. Many in town have proved it to be the power of God unto salvation. The unfinished condition of, and heavy liabilities due on the two principal churches of our circuit, retard very seriously the progress of our work. Members, 76; increase, 11.

JAMES TAYLOR.

* NOTE.—This circuit, being convinced of the sin and shame of drawing from the funds of the Missionary Society to support its minister, advanced its receipts this year *eighty* dollars. I therefore contribute *fifty* dollars, to be appropriated to any destitute Indian Mission. I earnestly hope that the praiseworthy example of this youthful Mission may lead many others of unquestionable ability to go and do likewise. JAS. TWEEDY.

LOCKPORT.—There has been a marked increase in the spirituality of the members. Though our cause is yet weak, and in Lockport we have many difficulties to contend with, such as the want of proper accommodation for Sabbath and social services, yet we have every reason to believe that, with the completion of the church, and, with it, greater facilities for worshipping God, our success will be assured and the cause of Christ prosper more rapidly. In the out-stations there are tokens for good. Members, 25. WM. AINLEY.

| *Jerusalem* | George B. Payson. |
| *Welsford* | Levi S. Johnson. |
| *Kingston* | William Maggs. |

FAIRVILLE.—Our work upon the whole in this Mission the past year has been encouraging. We cannot report any general revival during the year, but have had evidence of God's approval of our labour of love in the awakening, conversion, and restoration of precious souls. The most of those who were brought to God by the gracious outpouring of His Holy Spirit on the Mission two years ago, give evidence of true conversion to God by still standing fast in the liberty wherewith Christ hath made them free. Members, 80.

JOHN S. PHINNEY.

SUSSEX.—I feel happy in being able to report a considerable improvement in spiritual things on this circuit. Revivals of religion have taken place at Newtown, Smith's Creek, and one or two other places, in which quite a large number of persons experienced the pardoning love of God. At Sussex Vale the congregation has greatly increased; and in all the departments of our work there has been gratifying progress. Three of our people have died happy in the Lord during the year. Members, 125; increase, 30.

JOHN PRINCE.

APOHAQUI.—We have not been favoured during the year with any very extensive revival, and yet it has been a year of spiritual prosperity. Many who united with the Church last year have given

satisfactory evidence that they possess the spirit and life of our holy religion, and are growing in grace. Four have died during the year, and we believe died well. Members, 193. W. W. Lodge.

Hampton.—With the kindly help of the Rev. S. W. Sprague, supernumerary, a regular Sabbath service has been established at Hampton station. There are eight other preaching places on the circuit, some of which are visited once a fortnight, the others once a month. A weekly prayer-meeting has been held at Upham, and also at Barnesville part of the year, which have been well attended. Our people appreciate our services, are loyal to our cause, kind to their minister, and altogether we have spent a happy year amongst them. Members, 67. Thos. Allen.

St. Martin's.—Five new Society classes have been formed, three of which are working admirably. During the winter months three Bible-classes were carried on, and were well and profitably sustained—over forty persons attended them. A quarterly board has been created, and several lay helpers brought into the field, who have done, and are still doing, a good and important work. We are still worshipping in a rented building, but hope to occupy our new church in the fall. Our people are unitedly labouring earnestly and prayerfully for the temporal and spiritual welfare of the cause of God. Members, 20. Wm. Pepper.

Grand Lake, East.—Our small membership has been reduced by death. Some of these were well stricken in years, and after a life well filled with service for the Master, they "fell asleep." Others, whom we were instrumental in directing to Jesus, giving promise of a useful Christian life, being not only ornamental, but also helpful members of our Church, have, too, been cut down in their youth; yet we rejoice in their death, for in dying they conquered. The loss sustained in our ranks by death and other causes has been more than filled by the reception of new members, whom we trust will "stand fast in the liberty wherewith Christ has made them free, and be not entangled again with the yoke of bondage." Members, 90.
Geo. W. Fisher.

Jerusalem.—Our people, as far as their circumstances will allow, are exceedingly kind, hospitable, and attached to Methodism. Some of them while passing through the furnace of affliction during the year, have been living epistles of the genuineness and excellency of their religion. Some have borne witness of the sustaining grace of God in the hour of death. Our congregations are large, and exceedingly attentive hearers of the Word. Members, 69.
G. B. Payson.

Welsford.—The past year on this circuit has been one of general comfort, attended by some good degree of spiritual prosperity. The regular preaching services have been for the most part well attended, prayer and class-meetings have also been quite well sustained. With the aid of local help we have been enabled to hold special services on

several parts of the circuit, attended with signal tokens of the Divine favour; believers were quickened, and a few, who had hitherto lived in folly and sin, were led to seek and find Christ as a personal Saviour. Members, 95. L. S. JOHNSON.

KINGSTON.—Our last year on this Mission has been the happiest and most successful. The Lord was pleased in the month of February last to pour out His spirit and revive His work in the church near the parsonage. Special services were held for eight or nine weeks in succession. The members show their sincerity and their love to Methodism by their regular attendance at the class-meeting and other means of grace. Our congregations all over the Mission are good. Our Sabbath-school is prospering. To our God be all the praise. Members, 72; on trial, 12. WM. MAGGS.

KINGSCLEAR.—On the Kingslear Circuit a new interest is awakened in our Church and its ordinances. Congregations are attentive—supporting liberally our cause,—and all now that is wanted is the "baptism of fire." Our members are loyal and possess a measure of the Spirit. Lincoln, a station added during the year, has more than paid for the labour expended. Here we have a small band of Methodists who are doing all they can for us. We have been gradually gaining ground, and now are well established in this place. The means of grace are well attended, the people listening attentively to the Word preached. They have also evinced their sincerity by their liberality. We are very hopeful of Lincoln in the future. Members, 47. GEO. H. CAMPBELL.

NASHWAAK AND STANLEY.—On Nashwaak and Stanley Mission God has blessed us with manifestations of His saving power. Special services were held, during the winter, in Nashwaak Village, Tay Creek, and McLaggan Settlement, resulting in the conversion of souls and the addition of members to our Church. Members, 137.
R. W. WEDDALL.

Boiestown.—The extension of the work of God on this Mission is beset with many difficulties: the people are scattered—the absence of the men during so much of the year in the woods—the lack of religious influences around them during so much of their lives—all tend to retard the spread of "Scriptural holiness" throughout the land. The most of our membership being female, and but few of these having the means of attending the house of God in the winter time, regular class-meetings are impossible, causing, in many instances, a want of earnest spirituality. The disposition to hear the Word of God has not relaxed, and in one locality the congregation has largely increased. Members, 48. W. Colpitts.

Keswick.—It has been a year of steady toil, and, though not favoured with a large increase to our membership, yet one in which we have been favoured by the presence of God and in which we have seen the conversion of souls. Our public services have been well attended during the year. During the winter we held cottage services from house to house in different parts of the circuit, with encouraging results, which, though not at present seen in additions to our membership, we are assured will be seen at the great day of account. Members, 86. Thos. Marshall.

Grand Lake, West.—We entered upon our work here a year ago, trusting in Christ to help us, conscious of our own insufficiency. During our stay here we have travelled over two thousand miles, preaching three times on the Sabbath, besides two preaching services held on other evenings of each week. Our class-meeting and weekly prayer-meeting have been well attended, and have resulted in much good. We have reason to bless God for the good that has been done. During the year death has entered the homes of some of our people and taken away loved ones. Some of the happiest moments we have spent have been while conversing with these who have passed away, and, though we miss them, yet we know our loss is their gain. They could say while with us, "For me to live is Christ, but to die is gain." In many respects the circuit is in a better condition than it has been for some time. Members, 38. C. H. Manaton.

Gagetown.—A review of the spiritual aspects of our work on this Mission does not present to the anxious toiler in the Lord's vineyard as much encouragement as is desirable. Yet as "They that sow in tears shall reap in joy," and as "He that goeth forth and weepeth, bearing precious seed, shall doubtless come again with rejoicing, bringing his sheaves with him," so we have laboured in hope. Under the preaching of the Word, and in the social means of grace, God's people have frequently had times of refreshing. During the year one member of our Church died very happy in the Lord. Members, 74. J. N. Parker.

Woodstock.—During the year the Church has been growing in spiritual life and power, and the number of its members have been increasing. About 25 persons have been converted, of whom some, who were adherents of other denominations, will unite with their own

Church; but there will remain with us about 20. Our classes have been well attended, and the communion services have been marked by the presence and power of God. Members, 84. C. H. PAISLEY.

BENTON.—*No report.*

CANTERBURY.—*No report.*

HARTLAND.—Through the year the services, at most of the stations, have been well attended, and we have often had reason to praise God for the presence and influence of His Holy Spirit in our meetings. Although the spiritual state of the circuit is not what we wish, yet there are several of our people who profess to enjoy much of the presence of the Master and earnestly desire to follow Christ to the end of the journey. Members, 83. THOS. STEBBINGS.

JACKSONVILLE.—The spiritual state of the Jacksonville Mission, so far as we can judge, is most encouraging. The public services have been well attended, and have been blessed by God to the conversion of many souls. The prayer and class-meetings have been seasons of special interest and profit to the members, and, in some instances, souls have been converted to God through their instrumentality. The whole number of members on the circuit is two hundred and one, who, with the exception of a few who, on account of distance or age, are prevented from doing so, regularly attend class, and appear to be growing in grace and in a further knowledge of the Lord and Saviour Jesus Christ. Members, 201; net increase, 21. WM. DOBSON.

FLORENCEVILLE.—Our work is not without its hopeful aspects. The Gospel has proved itself to be the power of God unto salvation. We are cheered in our class and prayer-meetings, and at the Lord's table, by the presence of quite a number who, not long since, were living without God.

At Williamstown the congregations are good, and the piety of some of our people appears to be deepening. In the winter seventeen persons, several of whom were heads of families, united with our Church in this place, and the greater part of these are, we trust, cleaving to the Lord.

At Florenceville twelve persons were added to our small Church. nine of whom were the fruits of special services held during the winter, These, from infancy, have been nurtured by our Church and give promise of stability.

At Wicklow our cause has been strengthened by the revival on the opposite side of the river, in connection with Bro. James's labours. Members, 142. J. J. COLTER.

ANDOVER.—Our services have been well attended, and the class-meetings have been seasons of delight. The year has been one of peace in the Churches, and some degree of prosperity. To myself the past year has been the most comfortable of my ministry. Members, 27. JAMES CRISP.

TOBIQUE.—On the Tobique we have seen the stout-hearted sinner brought to contrition and submission to God's plan for salvation.

At Bath the Church has been quickened, backsliders recovered, and sinners brought to Christ.

At Upper Kent, also, the Lord has blessed the efforts put forth for the salvation of souls. Believers have been revived and others have had their names placed upon the Church roll for the first time. Two new classes have been organized, with hopes of future prosperity. Members, 78.

TINTRAMAR.—The year has been one of successful toil. The regular services have been supplemented by special services at three places. At one place there was a blessed outpouring of the Holy Spirit—particulars of which were given in my last report. The class then formed continues to meet regularly. Its members are "growing in grace." On the Mission four classes meet. Three Sabbath-schools have been organized; 11 infants and 6 adults have been baptized. Preaching has been commenced at one new place during the year, where we have a very large and attentive congregation. A few weeks ago the Cooksville church was opened—$120 are required to clear it of debt. It is a neat structure, capable of seating 180 persons. At Fairfield the frame of a church has been raised. We hope to finish the building soon. The spiritual prospect is encouraging. Members, 176.

GEORGE STEELE.

POINT DE BUTE.—The usual public worship of God has been sanctioned by the Spirit's presence and power. The prayer-meetings

have been seasons of grace; the class-meetings pretty well attended by the members with profit to their souls. We have held, for spiritual good, society meetings, love-feast, and leaders meeting. There is much fallow ground. May the time hasten when He who is exalted to give repentance unto Israel, shall drive the ploughshare of repentance deep through many hearts, that the seed of the kingdom may have a chance to grow. Members, 115. EDWIN MILLS.

COVERDALE.—The report of this Mission is somewhat encouraging, especially in three of our preaching places, where, during the year, we have held a series of special services: several were added to our number. The other places on this Mission are not so prosperous, on account of strife and contention connected with public matters, which has caused a great division in the Church and congregation, also, it has lessened the interest concerning spiritual things, so much so that we have not been able to sustain our class-meeting and other means of grace. Members, 42. E. BELL.

SHEDIAC.—The services of the past year have been attended with spiritual profit. The week of prayer was observed by holding a series of services in the different evangelical places of worship in the town, which resulted in an increase of spiritual life and fraternal feeling. The week of prayer was followed in our Church by a week of special services, which resulted in a small addition to the number of members in our Church.

A class-meeting has been organized at Painsee, and is now met every alternate week by the preacher. Those who formerly were members of the Church, but for lack of the means of grrce, and from personal inattention to religious duties, seem to have wandered from the fold, have been brought into closer connection with the Church, and it is to be believed into closer union with Christ. There has been some new ground taken up during the past year. Many of the inhabitants of this place never heard a sermon from a Methodist preacher previous to the services which have been held there during the past year. Members, 23. RICHARD OPIE.

DORCHESTER.—A few in the respective parts of the circuit are found walking worthy of their profession, and are earnestly endeavouring to serve God and their generation by His will. We can only hope that the seed of the kingdom, which we have laboured to sow, will take root and hereafter appear in some thirty, in some sixty, and in some a hundred. This is almost our only consolation when looking at our labours during the past year. Members, 52. CHAS. COMBEN.

HOPEWELL.—In some of the outlying parts of the Mission we have been cheered by tokens of good; but this is the exception and not the rule. We have especially to mourn over the indifference to spiritual things so apparent in those parts of the Mission where most labour has been given. The Sabbath preaching services are fairly attended. Members, 150. ISAAC HOWIE.

HILLSBORO'.—Our Sabbath services have been well attended, and signs of increasing spirituality among our people are causes of

encouragement and hopefulness. Owing to stringent commercial depression and, as a consequence, want of sufficient employment at home, many of our young men of much usefulness and promise have been forced to seek employment elsewhere, which fact has seriously effected the interests of Methodism on this Mission. During the year our Friday evening class at Hillsboro' Village has been regularly sustained, and many are evidently walking closely with God and enjoying the comforts of His grace. Members, 50.

C. W. DUTCHER.

HAVELOCK.—Special services were held at Havelock Corner with success. Five persons have been received into Church fellowship, all of whom are holding fast. Our society here has sustained a great loss in the death of George H. Sharpe, a man of the strictest integrity and of deep piety, and for some years the main support of our little church. Some services were also held at Mann Settlement, and a number of persons professed to have been saved under the influence of the Gospel. At Petitcodiac our class is working well under Brother Fleetwood. Members, 80. H. R. BAKER.

SALISBURY.—We have had some conversions and have witnessed the progress of believers in spiritual life and growth in grace. The congregations have been usually large, and the preaching of the Word has been with some manifestations of Divine favour. We have three classes meeting with their leaders, and our weekly prayer-meetings have been seasons of refreshing. Members, 140.

J. F. BETTS.

ELGIN.—There is a much larger attendance on public worship now than at the beginning of the year. We held special services at two different places on the circuit, which resulted in the awakening of about fifty-five persons, more than thirty of whom professed conversion. There are two classes in good working order. Members, 120.

ST. ANDREWS.—Although the religious outlook on this circuit is not very bright, yet, during the year, our services have been very well attended. The classes, though small, have been regularly met, and some of our members, at least, are growing in grace. The sacrament has been administered, with only one exception, on the first Sabbath in each month. We often felt while at the table of the Lord, that we could feed upon Christ by faith with thanksgiving. The fact of so many leaving the community has not only affected our congregation,

but also the Church. Owing to this circumstance we are not able to report any increase. Number of members, 25. WM. TWEEDY.

ST. DAVIDS.—The St. Davids Circuit is the oldest in the Conference of New Brunswick and Prince Edward Island. During the past few years it has been much contracted in its bounds. Portions of it have been cut off to help from the Bocabec and St. James Circuits. Spiritually, it may be said, the former days were more marked by special manifestations of Divine power than these. The preaching of our fathers, of a full, free, and present salvation, was then a peculiarity of Methodism, and produced marked results. Now it is set forth in other Churches as well as our own, and herein we do rejoice, and will rejoice. Though we have had no marked revival of the work of God during the year we have had a few additions to our membership through the ordinary means of grace. We must say that this people contribute more according to their means than on any circuit where we have laboured in the fifteen years past. Members, 81.

F. W. HARRISON.

ST. JAMES.—We look back upon the past year with a degree of sorrow, from the fact that there has not been any increase in the membership of the Church. We have preached to the people three times every Sabbath, and have two Sabbath-schools. We have endeavoured, in the fear of God, to deal faithfully with the people as regards their spiritual welfare. Members, 27. JOHN TINLING.

BOCABEC.—Our expectations have not been realized, yet we thank God for the degree of success which has attended our labours. Our congregations, in general, have been good and attentive, and the class-meetings, also, have been well attended. We have taken in several new preaching places, which give satisfactory indications of becoming Methodist ground. In our visitations among the people we perceive a growing interest in spiritual things; the Spirit of God is doing His work. The field is ripe unto harvest, and all that is required is a little extra labour to gather in the precious sheaves. Members, 40.

S. E. COLWELL.

DEER ISLAND.—Though the past year has been marked by the most painful experiences we are thankful to God for the hours of blessing which have been vouchsafed to us from time to time. Our God has supplied all our need, and the presence of the Master has been our rich and abiding consolation. The public ministrations of the Word have been well attended, and the class and prayer-meetings have frequently been "seasons of grace and sweet delight." To faithful and consecrated toil this recent addition to our Methodist territory gives promise of large and lasting reward. Members, 12.

While the Superintendent of the LITTLE YORK Circuit regrets that more has not been accomplished in direct conversion, he reports an increase of eleven in membership, and great faithfulness in his pastoral visitation.

The POWNAL report is not one of much spiritual success. The prevalent elements are strongly antagonistic to the truth. A revival is much needed.

From Murray Harbour we hear of harmony restored by union meetings between different denominations, and of large and successful Sabbath-schools.

The spiritual interests in the eleven preaching places of the ALBERTON Circuit are reported as in an encouraging condition. Special services held were not as fruitful in good as those of last year. Eight conversions have taken place.

The report from MOUNT STEWART shows earnest faithful work on the part of pastor, and corresponding success. Twenty have been added to membership.

EGMONT has very little manifest result to report, but the attendance at preaching and appreciation of the preacher's efforts give cause for thankfulness and hope. Members in the District, 463.

REPORT OF MISSION TO LUMBERMEN ON MIRAMICHI AND NASHWAAK RIVERS.—Provided with the necessary outfit of sled, hammock, snow shoes, and blankets (to which I was generously helped by the funds of the Missionary Society), I entered upon the work of this important Mission as early in the year as I could prudently leave circuit work. My first visit was to the camps along the Salmon-brook Portage as far as to the Dungaroon River. I was everywhere kindly received, tracts and religious papers were gladly accepted, and the Word of Life, as preached in the evening, was listened to with attention, and, in some instances, I believe with profit. One man especially, that I found at a camp on this route, told me that these religious services had so strengthened his heart that he had resolved to let all the rest in the camp know that he was determined to serve God.

My next trip was to Bartholomew's River. After preaching to a large "crew" here one night I went out under the stars to find a quiet place for thought and prayer. Secluded by some hay from

observation, I overheard two men conversing about the service just concluded. It was something so entirely new—preaching in the woods—that I was glad to get in this way their unbiassed opinion of it. I was more than pleased to hear them covenanting with each other to cease swearing themselves and to induce others to do likewise. Away there in the woods—alone; but one man among many,—I felt that God had touched their hearts and given me a power over them for good.

A short time after this, using the ice of the Miramichi River as a highway, I travelled some thirty miles into the forest. I was occupied in visiting and preaching about a fortnight on this trip, and, in some instances, with very gracious results. On part of this journey I was accompanied by Bro. Kirby, and I think I could appreciate the wisdom of the Saviour in sending them forth two and two; and, as day after day we journeyed on, scattering the seeds of truth from the living lip and printed page, we felt that "The wilderness and solitary place was glad for them," and earnestly prayed that the thousands scattered through these forests might yet be more effectually reached.

MUSGRAVE TOWN.—A review of the past year's labour on this Mission affords cause for praise to God. A few have realized the saving efficacy of the Gospel, and have been added to the followers of Jesus. The fundamental doctrines of our holy religion have been earnestly proclaimed, and we trust that the seed sown will soon produce abundantly. Members, 55. A. McGREGOR.

MUSGRAVE HARBOUR.—The spiritual experience and attainments of many of our members, when compared with the requirements of

Divine truth, are below the standard; but we trust, that by growth in grace, they will overcome those influences which tend to weaken the principles of godliness. We have had to contend for the sanctity of the Sabbath, as many of our people are exposed to great temptation to desecrate the day of rest. Of late we have been gratified in observing an increased love for the class-meeting, and more regular attendance at that special means of grace. We have endeavoured to feed the destitute and perishing people of Gander Bay with the bread of life. The eagerness with which some heard the Word, prompts us to put forth more effort to distribute spiritual supplies to those, who, from their isolated position, have been excluded from religious ordinances. Members, 38. W. R. Tratt.

Fogo and Change Islands.—We gratefully report a special work of grace, which commenced in the early part of the year. Parents and children have been seen crying for pardon, and afterward rejoicing in the light of God's countenance. Believers have been quickened, backsliders restored, formalists convinced of sin, and triflers alarmed. At Indian Islands eighteen young men and women have decided for Christ, and at Seldom-Come-Bye, some who had made shipwreck of faith have been restored, and others added to the Lord. No particular movement has taken place at Change Islands; and owing to the number of places on this Mission, we have not been able to visit Barrd Island and other localities, as we were hoping to do. Members, 120; on trial, 74. T. W. Atkinson.

Herring Neck.—Our congregation has greatly increased. Prejudice, bigotry, and opposition have been overcome by the story of the cross. Twenty souls, some of whom are heads of families, have been led to Christ, and are giving pleasing evidence of the genuineness of the work wrought. This field is white already to harvest. Members, 25; on trial, 15. W. Jennings.

Moreton's Harbour.—The result of the past year's labours affords ground for much encouragement. We have gone forth bearing precious seed, and have gathered some fruit. The power of God's word has awakened and saved some, who are giving evidence of their conversion. Thus, while older members are being removed to the heavenly garner, younger ones are filling up the ranks. We pray that the more abundant blessing of God may rest upon this Mission. Members, 70; on trial, 17. A. Hill.

Little Bay Islands.—We have beheld with joy the steady progress of the work of God. Several backsliders have been restored, some of whom are now among our most useful members. Our people are much attached to the class-meeting. The covenant service at the commencement of the year proved to be a season of much solemnity and blessing. Some of our members have been called to their reward, and as their feet touched the waters of the Jordan, were enabled to exclaim: "Yea though I walk through the valley of the shadow of death, I will fear no evil." Our prayer is that we may see still greater things. Members, 159. Robert Bramfit.

TILT COVE.—The Missionary appointed to this field of labour by the Conference of 1876, was attacked with fever almost immediately on his arrival; and after a brief illness was removed to the rest of heaven. The vacancy was supplied as quickly as possible; and during the greater part of the year, two Missionaries have been employed on this extensive Mission, which embraces some seventeen settlements scattered along a rugged coast, and accessible only by boat. At Tilt Cove our cause is established and hopeful. At Betts' Cove, amid much that is disheartening in the indifference of some, and the grevious backsliding of others, there is not wanting some encouragement. There are a few even in Sardis that have not defiled their garments. A class has been commenced with 12 members, under a suitable leader. Although in many respects, from our peculiar circumstances, the word of God has been bound, the power of the Spirit of God has been present both among His own people and in the congregation, applying the preaching of His truth. Members, 155.

GEO. J. BOND.

ST. ANTHONY.—The past year has been one of arduous and incessant toil in the Master's vineyard. The people among whom we labour are scattered along a coast of more than fifty miles. Up and down this shore your Missionary has repeatedly travelled, seldom remaining more than a few days in each place, and yet the settlements are so numerous that they can only be visited once in ten or twelve weeks. We have, however, some intelligent and energetic members who keep up the means of grace, and are zealous in Christ's cause. Ignorance and bigotry still exist, but must gradually disappear as a result of preaching the Gospel. Methodism is aggressive here, and our services are well attended. One Roman Catholic has been brought to God during the year. Our people are much attached to the Church of their choice, and are liberal in supporting religion. We have fifteen classes which are pretty well attended. Members, 148; on trial, 36.

W. B. SECCOMBE.

FLOWER COVE, STRAITS OF BELLE ISLE.—According to instructions we spent the summer season on the Labrador Coast, making Red Bay the centre of operations. Here we have a small society which has suffered for want of pastoral oversight. From Red Bay we proceeded westward along the rugged shore some fifty miles, calling at about ten preaching places, besides other smaller creeks and coves which demand our attention. Except a few visits made during the summer months the people are destitute of any spiritual teachings, so that we cannot wonder that ignorance and vice of the worst type largely prevail. Wherever we went our visits were welcomed. Besides visiting from house to house we went on board many vessels which were anchored in the various harbours. It was cheering to hear the songs of Zion sung in the cabins and forecastles. The appointment of a Missionary to Red Bay is a great necessity. The winter months were spent on the Newfoundland side of the straits. Here we have six preaching places which extend along the coast some fifty miles. The services

have been well attended, and our membership is in a satisfactory condition. In some places we have to contend with bigotry in its worst form, yet, in defiance of all human efforts, the light of the gospel finds its way into many dark corners. Members, 49.

HENRY LEWIS.

BOUNE BAY AND BAY OF ISLANDS.—A very large proportion of the people on this Mission are destitute of experimental religion. Although we cannot report large accessions of souls to Christ, yet we have received many tokens for good. In Bay St. George the seed of truth has taken root in some hearts, and is bringing forth fruit. At Bonne Bay a few lately have sought and found the Lord. Members, 58. JAMES PINCOCK.

FLAT ISLAND.—Poverty, sickness, and death have visited us to an extent hitherto unknown. The spirit of hearing has been manifested, and the Missionary has been cheered by knowing that his labours have not been in vain. We much need a more commodious place of worship than the school-room in which service is held. At Mortier Bay the erection of a school chapel has been commenced. Members, 122. J. PETERS.

SOUND ISLAND.—The year has been one of great trial to the members of our Church here. Adversity, affliction, and death have largely prevailed. In working this Mission we have met with opposition of various kinds. The devil rages ere he is cast out. Sowing the seed beside all waters we have often been led to exclaim, "We are perplexed, but not in despair." Here and there a few have sought and found the Lord. Methodism is getting more firmly established in several places, and our people are growing in piety. For the Lord's manifold mercies we render fervent thanksgiving and praise. Members, 92. HENRY C. HATCHER.

CARBONEAR.—We have been sowing the seed in hope that eventually it will yield a plentiful harvest to the honour and glory of God. Nevertheless we have not to mourn the absence of God either in the public or private means of grace. Our congregations have been large and very attentive: a spirit of hearing is evidently abroad among the people. By their constant attendance the people prove their love for God's house and the place where His honour dwelleth. In meeting the classes we have been cheered by the testimony of the members of society to the power of the Gospel to save. During the year some few have professed conversion and have joined the Church. Two of our leaders and several of our members have, this year, exchanged mortality for life; their dying testimony was such as to inspire us with the hope that they are now forever with the Lord. Members, 460; on trial, 28. J. GOODISON.

HARBOUR GRACE.—The spiritual condition of this circuit is by no means satisfactory. That there is an appreciation of and a delight in the services of the sanctuary is evident, but the Church needs to hear the command, "Arise, shine, for thy light is come." Surely the set time to favour this hill of Zion is near at hand. There are acknowledged hindrances, but these shall melt and pass away when He who is the light of His people shall come in the plenitude of His saving grace. Members, 120. JAMES DOVE.

BRIGUS.—The year's labour now closing causes gratitude to Almighty God for the many evidences of His favour bestowed upon efforts to promote the Saviour's kingdom, and renews our hope that here, when godly men have preached the Gospel in its purity, many will be added to those who have passed to the Church triumphant. Our congregations have been exceedingly good, and at each appointment the Lord has blessed the Word of truth to the salvation of souls. It is a source of joy and thankfulness to be able to report those persons who united in Church fellowship with us last year at Clark's Beach, through the labours of Bro. Heal (with very few exceptions), remain steadfast in their profession of Christ, and evidently grow in grace. Special services were held for nine weeks at Brigus, resulting in much good to the Church of Christ. The services were characterized by an absence of excitement and appearances which the world is so glad to employ to the injury of the Redeemer's cause. Persons who attended for the purpose of unfriendly criticism were led to examine their own hearts and brought to the feet of Jesus to plead for salvation. Several of our members died in Christ during the year, and in their closing moments bore testimony to the presence and preciousness of Christ. Members, 177; on trial, 120. C. LADNER.

BAY ROBERTS.—Through the past year we have sowed the seed of the Word, and an expectancy of revival has been prominent in our toil. Some little fruit has been seen, several souls saved, believers quickened, and, generally speaking, the Word has not fallen to the ground. Two of our members have been called home,—they were

UNITED CHURCH ARCHIVES

happy and confident in the faith of Christ. A brighter experience or a more triumphant end than that of one of our class-leaders I never expect to find. At the last "may we triumph so." We have lately added Spaniard's Bay to our list of appointments, where some four or five families seem very much disposed toward Methodism. A church is already in course of erection, upon the completion of which we think success may reasonably be expected. May the little one become a thousand. Amen. Members, 72; on trial, 5. JOSEPH LISTER.

BLACKHEAD.—The members of our Church have been greatly quickened by special blessings. Some who had a name to live, but were dead, have been aroused to active work. Others who had laboured earnestly and were pillars in the Church have received new unction from above, and given clear testimony of being made perfect in love. Every means of grace was more or less made a blessing to the people of God. In strongest union, with full stretch of faith and sweetest fellowship, they laboured together and with us for their own and for the salvation of the ungodly. Many of these have been reclaimed. Drunkards, swearers, Sabbath-breakers, publicans, and sinners of all classes and ages, from the old man of four score to the child of half a score years, have yielded to the drawings of the Holy Spirit, and sought and found the peace of God "which passeth all understanding." Some of these have received great grace, and after a voyage to the ice, those who went, where they have been tried almost to the uttermost, and even so by ungodly men, have returned "strong in faith, giving glory to God." It has been a year of reaping; others have sown, we have gathered, and we trust at the great harvest home both sowers and reapers will rejoice together over many golden sheaves gathered into the garner of our Lord. Members, 760; on trial, 360. J. EMBREE.

ISLAND COVE.—We have noted with pleasure an increasing thirst manifested by our people for spiritual things. The class-meetings have been better attended and more lite displayed in the public services. Several believers have shown decided advancement in Christian experience. During the year death has bereft us of some of our members, but we sorrow not as those who have no hope. It is not our privilege to report a large number on trial. The Lord was pleased to bless the preaching of His Word to the several persons about Northern Bay. At Island Cove special services were held several times since the beginning of the civil year, but without much success. Members, 147; on trial, 33. J. G. CURRIE.

PERLICAN.—In much fear and trembling, but with firm faith in the exceeding great and precious promises, we resolved to spend and be spent with a single aim, viz., a quickened spiritual life. To assist in bringing about the desired results, first a leaders' and then a society meeting were held. These were, doubtless, the means of awakening a greater interest in the work on the circuit. Gradually the classes were better attended. Prayer-meetings were hearty, and the Sabbath services better attended. Whole families who, for some

time, had been entirely neglecting the house of God, put in an appearance at public worship. Quietly the Holy Spirit began to work upon many hearts, leading several to unite themselves with God's people. These were but the drops, earnests of the coming shower, which fell with more or less refreshing upon the whole circuit. At Hance Cove fifteen gave their hearts to God, some of whom were over seventy years of age. At Grate's Cove during the year nearly twenty have made their decision for Christ's service. At Old Perlican, however, we have had a glorious revival, marked by an absence of all excitement. Such a mighty moving amongst the people we had not seen elsewhere. The whole settlement was aroused. For several weeks every night witnessed conversions. Truly, the chief of sinners have heen brought to God. Men and women past three score years and ten have been snatched as brands from the burning, while scores in the prime of life have rejoiced in sins forgiven. Still, the Lord is reviving His work,—many, since returning from the ice voyage, have chosen Christ's easy yoke. Here alone upwards of two hundred have been added to the Church. Blessed be God! He hath done great things for us, whereof we are glad. To God, and God alone, be all the praise. Members, 190 ; on trial, 220. GEO. H. BRYANT.

HANT'S HARBOUR.—When we came back from Conference at the commencement of the year we felt that our special work was the building up of the Church of God. We have endeavoured, against various adverse influences, to conform to the faith, increase the activity, and urge on the Church to the enjoyment of the perfect love of God. Some few persons have professed to experience the converting grace of God, have united with the Church, and are striving to live to Christ. May God pour out His spirit upon us in a richer measure. Amen. Members, 242 ; on trial, 11. T. H. JAMES.

CATILINA.—Amid many discouragements, we have laboured with prayerful hope in the cause of God in this circuit during the past year. A few have been received into full connexion, and we have a goodly number of faithful members, but some whose zeal is not so commendable. Our class-meetings and public services have, at times, indeed been seasons of grace and delight, and some have almost been persuaded to be Christians ; but we cannot rest satisfied while so few have put on Christ,—while so many cry, "My leanness, my leanness!" while we so seldom hear the cry, "What must I do to be saved?" Members, 64. F. G. WILLEY.

PORT DE GRAVE.—Whilst it has been our highest pleasure to preach the Word, it has also been profitable to those who have heard it. A few have sought and found the Saviour, whilst, sad to state, others have forsaken Him. We most heartily rejoice over trophies won for Christ, but deeply lament for those who have lost the pearl. The spiritual state of the society at present is rather low, but we have the promises of God, therefore despair has no footing,—faith looks up to the promises of God and says it shall be done. At Bareneed, also, interest in spiritual things is not lacking, but there are signs of an

awakening to a religious life. The prospect is less shadowy, and there is every reason to believe that Methodism will flourish there. Members, 39; on trial, 10. GEORGE BULLEN.

TRINITY.—The occasions for meeting the classes have been marked by the presence and power of the Holy Ghost. We cannot report any general revival during the year, yet the means of grace have been often specially blessed to those who have attended them. Our new church, opened in January, is an ornament to the locality. Our work is getting consolidated and established, although at present progress appears to be but slow. Two school-houses are in progress and one in contemplation. Our faith and hope are in God. Members, 89; on trial, 8. JESSE HEYFIELD.

SHOAL HARBOUR.—This Mission, with its varied harbours, bights, coves, points, rocks, and thoroughfares, is a complicated affair. Yet, notwithstanding its taxing arduousness, we are able to report progress, spiritually and financially. During the year the Spirit of the Lord has been poured out upon His people. We have heard the penitent's cry and the shout of the saved, thus encouraging us in our toil, knowing we were not labouring in vain or spending our strength for nought. School-houses in Deer Harbour, St. Jones's Harbour Thoroughfare, Little Heart's Ease, and Swearing Cove, together with churches at Northern Bight and Foster's Point have been progressing, and some of them opened. In the way of building we also have commenced a parsonage at Shoal Harbour, which is rough-boarded, shingled, and floored. On account of the multiplicity of places and the poor way of travelling, it is highly necessary that a third preacher be sent to this Mission. Members, 200; on trial, 40.

SAMUEL SNOWDEN.

GREEN'S HARBOUR.—The Word has been attentively listened to, both in the public assembly and in the homes in the several settlements of the Mission we have been able to visit, and the result has been, in some cases, the restoration of the backslider, and in others deep spiritual concern on the part of those who had hitherto been careless. Norman's Cove, where we have three or four families accessible by us only in the summer months, we have not at present been able to visit, owing to the lateness of my arrival on the Mission. At New Harbour fortnightly services have been continued. Members, 76; on trial, 9. JAMES NURSE.

LABRADOR.—*No report.*

THIS section of the Society's operations appeals to our nationality, inasmuch as the DOMESTIC MISSIONS relate to every department of our social and religious life, the formation of which bears upon the welfare of the country in whatever light it may be viewed. From the first Missionary who entered Canada to the present time, the Conference never lost sight of the pioneers who cleared the forests, and have made the Dominion what it now exhibits,—in its cities, towns, villages, and broad-acred farms full of comfort and plenty. The footsteps of the first settlers were traced by the Methodist itinerant, who shared in their homely fare, when in log huts, barns, and the open air, the neighbours gathered to hear from his lips soul-saving truths, embracing glorious and animating promises, which cheered them in their daily toils, and reconciled them to present privations for the sake of future homes.

The "rounds," as they were called in early Methodistic life, may not be as extensive now as they were formerly, but the motive-power which animated the fathers of our Church has not passed away. There are many in our Missionary ranks who still sing

> "The love of Christ doth me constrain
> To seek the wandering souls of men."

It is seen in the remote stations of British Columbia; in the newly-formed settlements of Manitoba; in the solitary island of Anticosti; n the visits to the coasts of Labrador; on the rugged shores of Newfoundland, where the hardy and adventurous fishermen gladly receive the message of mercy; in the thinly-populated sections of New Brunswick, with its severe and tedious winters; and in the camps of the hardy lumbermen, shut out for months from all intercourse with the outer world. To such who "are ready to perish" the words of "the great salvation" are carried by the agents of this Society. Nor are these messages delivered in vain, but through the power of God many receive "this treasure in earthen vessels."

The extended reports from these Missions have one uniform and plaintive tone of short harvests and commercial depression, though with solitary exceptions not printed in this Annual Report, for they are facts everywhere known; but notwithstanding this, there has been no abatement of ministerial zeal or labour. Nor have there been wanting through the entire field of Domestic Missions the fruits of converting, comforting, and sanctifying power, realized in the experience of many who have been gathered into the fold of Christ.

# CONCLUSION.

WITH many other Protestant Missionary Societies we are engaged in spreading the truth as it is in Jesus; sowing the seed in confident assurance of a coming harvest. There was a time in our English history when the conversion of heathen nations commanded little attention by National or Nonconformist Churches; when men of strong minds struggled for civil and religious liberty, but thought little of the bondage of the millions who lived without hope and without God. However, more than one hundred years ago, Mr. Wesley, in his sermon upon "The general spread of the Gospel," could anticipate the time "When the God of love would prepare His messengers "and make a way into the Polar regions; into the deepest recesses of "America, and into the interior parts of Africa; yea, into the heart of "China and Japan, with the countries adjoining them: and 'their "sound' will then go forth unto all lands, and their voice to the ends of "all the earth."* These are remarkable words; for now America counts his own children by millions. Africa already has its thousands of believers in Christ the Lord, many of whom are true Wesleyans. China has the Holy Scriptures in its own language, and Christian Churches amongst their idolatrous temples, where Wesleyans are found in common with other Christian communities: and Japan comes in with her songs of praise, and the promise of an abundant ingathering to the Church of Christ.

Our efforts to extend the boundaries of the Kingdom of Christ are now arrested by the financial inability of the Society. Already the Central Board have a large debt to sustain, the simple interest of which becomes a heavy annual tax. To the piety and missionary zeal of the Church alone can be attributed the large ordinary income of the past year, which has been one of peculiar commercial and agricultural depression. To pay this debt, and maintain vigorously the Society's numerous and extended Missions, the Board appeal to the thoughtful consideration and liberality of the more than one hundred and twenty-thousand members of the Methodist Church in the Dominion of Canada, which, with its adherents, making a constituency little short of half a million, could easily remove this incubus, and place additional means at their disposal, to maintain the Missions in every part of the work on a scale more commensurate with their necessities, and to multiply agencies in the distant fields of missionary culture, where immortal beings are perishing for the lack of the knowledge of Christ.
