Our boys' shoes are built to fit the feet and hold the boy. \$1.85 to \$3.65. Weisel's Cash Stores, 243-247 Union street.

**CZECHOSLOVAKS AND JUGOSLAVS**  
The Czechoslovaks (also written Czecho-Slovaks) now fighting in Russia are Slav subjects of Austria who willingly fought in the Austria-Hungarian army and freely surrendered to the Russians at various times between Sept. 1914 and July 1917. The earlier prisoners had been organized into small units of the Russian army. Under the revolutionary government the prisoners taken by Brusiloff in July, 1917, were organized with the previously existing units into the present Czechoslovak army. The Czechs inhabit Bohemia, Moravia, and Austrian Silesia. The Slovaks live in the upper regions of Hungary, adjoining the Czechs to the east and south-west. The two peoples are practically the same race, and the difference in their language is very slight. The Czechs are one of the most highly civilized peoples in the world and their natural capacity is equalled by that of the Slovaks. The Jugoslavs (or Southern Slavs) live in Southern Austria, and it is proposed that they be incorporated with Serbia and Montenegro.

Royal Standard Chapter, Daughters of the Empire, held a meeting yesterday and made arrangements for carrying on its patriotic efforts. The reports from the committees in charge of the war garden and tea which was held in Mrs. Barnhill's grounds, were very satisfactory. The total receipts amounted to \$227.25.

AUTOS WILL COST MORE AFTER WAR

Man Who Can Afford a Car Should Buy One Now, Say Auto Prophets.

Washington, July 12.—What about future prices of automobiles? Will automobile prices be more after the war? These are questions that are asked every day, and the officials of the department of commerce and the various bureaus that have to do with trade and transportation are watching for every indication upon which may be predicated an answer to such inquiries. In their opinion the trend of prices is bound to be constantly upward and, as they see it, automobiles will cost more after the war than before the war commenced, and more than the present range of prices.

**Analyze Cost.**  
One authority analyzed as follows the elements of probable cost and future prospects:  
"The question of the advisability of buying a new car this year in the face of constantly increasing prices or waiting until the war is over, is one that is bothering a large number of prospective buyers.  
"The man who can afford a new car and wants one should buy now. From indications car prices, instead of decreasing, will increase, irrespective of the date of the termination of the war. Car prices during the year 1917 were lower than ever before and cheaper than they are likely to be for years to come.  
"It was during the year 1917 that motor car manufacturers reached the peak of production and distribution. Machinery that must be changed by the war, and sales plans had been so systematized that the expense from this competition was relatively small. In addition, competition had become very keen among the different makers.  
"Price Lowered.  
"All of these things tended to lower the price of motor cars. Such a condition has been changed by the war. Today material is scarce, and in some instances almost impossible to obtain. Distribution has been disrupted by the necessity of freight equipment for war work. Sales plans and competition have been changed on account of the number of who have been called in the draft or enlisted in the different branches of the service.  
"Automobile production has been cut, due to shortage of material as well as on account of the fact that most of the manufacturers are filling government orders for war material."  
J. A. Pugsley & Company, 45 Princess street.

An award of \$275 was made by F. W. Holt, C. E., and Thomas Nagle, representing respectively the municipality and the property owner, in the case of the war garden and tea which was held in Mrs. Barnhill's grounds, were very satisfactory. The total receipts amounted to \$227.25.

**Dressing Wounds With French Laces**  
Germans Also Using Crepe Paper For Bandages  
With the American Army in France, Sept. 6—Just beyond Juvigny, during their advance the Americans captured a German dressing station and several wounded Germans and rescued two wounded Americans. The rescued Americans had had little food for two days and virtually no attention. The Americans did not complain, however, as the German wounded were not given much attention either. This was due to the confusion of the retreat and the great numbers of wounded Germans who poured into the station as the Americans advanced.  
In this dressing station were found quantities of French lace curtains which had been cut into strips for bandages and also crepe paper, used for the same purpose. The lace had been taken by the Germans from French homes in various sections, sterilized and medicated, cut into strips and rolled the same as regulation bandages.  
French officers, who examined the lace, said it was unquestionably of French make. The Germans had evidently been obliged to use bandages of

**Where Germans May Try To Stand Behind Hindenburg Line**  
The leading article in THE LITERARY DIGEST this week—September 7th—is accompanied by a helpful Map which shows the present Hindenburg line, and also clearly indicates the line behind it at the River Meuse, which, in the opinion of experts, will be where the Germans will make their new stand. It also shows the territory the American troops are holding in Alsace, Lorraine, and along the Vesle, including cities, rivers, etc.  
This article analyzes all the important war news of the past week from the Western Front. Other features of great interest to the Canadian public in this number of "The Digest" are:

**Why American Airplane Production Lags**

**Read "THE DIGEST" for Authentic News Regarding American Fighters**  
One subject of paramount interest holds today the first place in the hearts and minds of the fathers and mothers of America and of the millions of anxious women here at home, the wives, sisters, and sweethearts of the gallant fellows who have gone "over there." It is the question of how the "boys in brown" are faring on the battlefields of France, what they are doing, whether they are making good and holding their own successfully against the onslaughts of the Teuton. The one sure way to get this information in an accurate and comprehensive form, is to read from week to week in THE LITERARY DIGEST the exact facts regarding our men abroad, their movements, their various activities, their share of the fighting, and the measures that are being taken for their comfort and support—facts drawn from all the authoritative sources and that may be accepted without question, forming a continuous history of our part in the war that is well worth preserving. Begin studying it today.

The Evening Times and Star

The St. John Evening Times is printed at 27 and 29 Canterbury street, every evening (Sunday excepted) by The St. John Times Printing Co. Ltd., a company incorporated under the Joint Stock Companies Act.

THE INCREASED RATES.

The temporary increases in rates for gas, electric light, power and street car fares go into effect on Oct. 1. The commission has so decided. Along with the decision comes an expression of opinion to the effect that even with the increased rates the company will not be able to pay interest and dividends on an amount equal to the original stock of the St. John Railway Company before the transfer to the New Brunswick Power Company.

THE GERMAN FAILURE

As an indication of a weakening of German morale there is great significance in a decree just issued in Berlin, Breslau and some other German cities. It provides for fine or imprisonment for persons "inventing or circulating untrue rumors calculated to disquiet the populace."

It is now all goes well on the western front. So cautious a writer as Mr. Frank H. Simonds declares that the present German retreat will take the Germans out of northern France, and that they cannot escape heavy losses in men and material, while there is at least a possibility of supreme disaster.

Yesterday was relatively quiet on the British battlefield, but the troops are within seven miles of Cambrai and heavily shelling the intervening territory.

The French and Americans are continuing to drive the enemy in the region between the Vesle and the Aisne, and north to the Ailette. The French are over the Hindenburg line to the south of the British are to the north. The enemy is striving hard to prevent a complete rout of his armies, and is hastening his withdrawal from critical points.

We do not hear that the Kaiser and his admiring biographers are spending any portion of their time on the western front, or that the Crown Prince of Prussia is earning distinction there.

NEVER SO STRONG OR EFFICIENT AS IT IS NOW

Sir Robert Borden Speaks of Our Force in France—The Premier's Message to Labor

In an address at the Toronto Exhibition this week Sir Robert Borden is thus reported: "I now come," he declared, "to the most important part of my message. For the third time I have had the privilege and honor of seeing the Canadian Expeditionary Force under arms at the front. Taking into account all the services, including the Railway Construction Corps and the Forestry Corps, Canada's army in France and Belgium numbers 175,000 men."

"You know its remarkable achievements this summer. For the fourth week our men have been driving the Huns from their strongest positions. They are doing it today. The Canadian Army is almost equal, in numerical strength, to any of the British armies. The force was never so strong, so fit, so ready for any emergency as it is today. As the events of the war draw to their close, there was never greater need that it should be strong and efficient."

Sir Robert stated his belief that the machine gun organization of the Canadian army serves as an example and model to the British army. Up to August 31st, he said, nearly 414,000 men have gone overseas in the Canadian army. "Do you realize," he continued, "that in the eighth year of the war the Canadian army, in numbers, in efficiency, in morale and in determination is stronger than ever before? What has made this possible? The resolve of Canada to support and stand by her army, the provision of adequate reinforcements, the maintenance of the army at full strength—these are the factors that have sustained and enhanced the courage, resourcefulness, discipline, and devotion of the Canadian soldiers. The strength of Canada's purpose reaches its highest exemplification in the men who hold her battle line. But in the ultimate issue no army can be stronger than the spirit of the people behind it. No Slackers Over There."

"Much has been said of men remaining in England who should be at the front. I found no evidence of any such condition. Colonel Gunn, a very capable officer, was appointed some months ago to the important duty of combing out from all the various units in Great Britain, including the Forestry Corps, all men capable of military service at the front. He has gone repeatedly through the establishments from headquarters down, and through every office in each department; he has dispatched to France every man fit for military service, except a few whose expert knowledge was regarded as absolutely essential to the duties they perform."

"After a brief reference to his visit to the American camp and compelled to conclude his speech with an earnest declaration against any inconclusive peace. "The issue," he said, "must be settled now, and Germany must learn her lesson once for all. It is not for nothing that the Americans went into battle shouting 'Remember the Lusitania!' Was it for nothing that the Huns heard the whistles in England and the 'Remember the Lusitania!' when the Canadians made their onset? The memory of these things cannot be wiped out in a day or a year or even a century. There is no desire to crush or humiliate the German people."

You Feel Fine

Fatigue is the result of poisons in the system, the waste matter resulting from the activities of life. The kidneys have failed to filter these poisons from the blood and you are tired. But, awaken the kidneys and liver by using Dr. Chase's Kidney-Liver Pills and you soon feel fine. The poisons are swept from the system, the pains and aches are gone and you are ready for work and for play.

But, they have permitted their rulers to brand them as false, brutal and barbarous. They must prove themselves regenerate before they can be received again on equal terms within the world's commonwealth of decent nations. "And this is the message I bring you from the Canadian army. Stand fast to your purpose, abide the issue, and vindicate the cause of justice and humanity."

The Message to Labor. Sir Robert's public speech was addressed largely to labor. "Up to 31st March last," he told the crowd, "Canada had dispatched overseas 384,700 men, and of these more than 227,000 were classed as 'workmen.' These figures speak more eloquently than any words which I could utter of the devotion, the ideals and the patriotism of Canadian labor. "So serious a struggle," he continued, "and for so transcendent a cause, no man's part can be regarded as small or insignificant. Upon each of us devolves, therefore, the greater responsibility. The nation's effort is the sum of the individual efforts of each citizen. Adjustment thus constituted by formal agreement comprises twelve members, six of them representing the Canadian Railway War Board (which acts for the railway companies of Canada) and six of them representing the various organizations of employees. "The powers conferred upon this board will, I believe, enable it to address all grievances, and to adjust all differences promptly and satisfactorily. All need for strikes is avoided, transportation of food, munitions and supplies is not interfered with, the national effort is not weakened. The Canadian Board of Adjustment is to continue during the period of the present war and thereafter until it is terminated by thirty days' notice on either side. I am confident that its success will be as great as its purpose, and will apply justly to the continuance as a permanent arrangement. Must Reach an Understanding. "Surely, as an outcome of this war, there will be some better understanding, and more reasonable methods of settling differences. Men speak today of the possibility that the peace of the world may be secured by the establishment of a league of nations. But how shall nations join with nations in a scheme of arbitration for enforcing the peace of the world, if, within the national boundaries, these important but minor difficulties between employer and employee cannot be settled without industrial war?"

The Farmerettes

Whether from city or country find themselves living under an unusual strain. The usual work necessitates the use of different muscles and this development demands a good supply of pure, rich blood. Because it goes directly to the formation of new blood, Dr. Chase's Nerve Food is of the greatest assistance in building up new cells and tissues and strengthening the muscles.

ROTHESAY COLLEGIATE SCHOOL Michaelmas term opens on Thursday, September 12. For boys under thirteen two entrance scholarships, value \$50 each, are open for competition. For School Calendar and other particulars apply to REV. W. R. HIBBARD, M.A., Head Master, Rothesay.

IN GERMAN JAILS. (Freie Zeitung, Bern, German Republic.) The German bourgeois press with few exceptions (such as the Berliner Tageblatt) unite in condemnation of Liechnowski. The only point of disagreement is whether Liechnowski should go to prison or an asylum. In Germany one is permitted to ascribe the war in a general way to imperialism. But one may not openly discuss the question of the central powers' share of guilt. Liechnowski is in prison. Rosa Luxemburg is in detention, and thousands with her. Professor Nicolai is in prison. Captain Pasche, son of the vice-president of the Reichstag and nephew-in-law of Hindenburg, is in prison. Old Baron Eckhardstein, who was formerly attached to the embassy in London, passes from detention into prison, and from prison into detention. The harmless Lilly Janssach, secretary of the New Fatherland League, has been imprisoned for months. That aristocratic leader of the political section of the general staff and knight of the Iron Cross who gave publicity to Liechnowski's Memorial has been put into a lunatic asylum. August Bebel once spoke a very true word: "Formerly, inconvenient people were put into a monastery, today they are put into a sanitarium."

TELLS DYSPEPTICS WHAT TO EAT Avoid Indigestion, Sour Acid Stomach, Heartburn, Gas on Stomach, Etc. Indigestion and practically all forms of stomach trouble, say medical authorities, are due nine times out of ten to an excess of hydrochloric acid in the stomach. Chronic "acid stomach" is exceedingly dangerous and sufferers should do either one of two things. Either they can go on a limited and often disagreeable diet, avoiding foods that disagree with them, that irritate the stomach and lead to excess acid secretion, or they can eat as they please in reason and make it a practice to counteract the effect of the harmful acid and prevent the formation of gas, sourness or premature fermentation by the use of a little Bismarck's Magnesia at their meals. There is probably no better, safer or more reliable stomach antacid than Bismarck's Magnesia and it is widely used for this purpose. It has no direct action on the stomach and is not a digestant. But teaspoonful of the powder or a couple of five grain tablets taken in a little water with the food will neutralize the excess acidity which may be present and prevent its further formation. This removes the whole cause of the trouble and the meal digests naturally and healthfully without need of peptic pills or artificial digestants. Get a few ounces of Bismarck's Magnesia from any reliable druggist. Ask for either powder or tablets. It never comes as a liquid, milk or citrate and in the liquid form is not a laxative. Try this plan and eat what you want at your next meal and see if this isn't the best advice you ever had on "what to eat."

Abbey's Effer-Salt each morning will do a great deal to keep you WELL. And these are working days—extra effort days—days when men and women must do more than ever before in all their lives. Physicians and Druggists have recommended it for years in all cases of constipation, indigestion, kidney, liver and stomach trouble.

**Former St. John Officer In The Big Fight**

Huns Completely Surprised on Finding Themselves Attacked by Canadians So Far South

The following is a part of a letter from a St. John officer who is in the big fight now being waged on the western front:

France, August 12.  
"By now, I suppose, you have read all about the latest advance—our chaps certainly kept up their good name and added to it, and while we have naturally lost quite a few, our casualties are remarkably light when one considers the depth of the advance. And the enemy dead and wounded outnumber ours, enormously. I have never seen them in such great numbers, nor have I ever seen such a remarkable number of prisoners. The roads are first, couple of days of the show were crowded with them—most of them were a good looking lot, well clothed, apparently well fed, though some of them seemed sceptical as to how our grub supply was, and brought the remainder of their day's rations with them. I even saw one chap who had seemingly just received a parcel from home. He had it tucked under his arm, and when he opened it he seemed quite elated at finding among other things about half a pound of lard. This he spread on the dark bread which he had with him, and was quite content. Of the hundreds of Huns captured by our chaps only a few seemed dissatisfied with their lot, and these were officers who looked the personification of disgust at their capture.

"The Hun was the most surprised being imaginable on Thursday last. He had no idea of the contemplated attack, nor had he any knowledge that the Canadians had been sent this far south, or anywhere off their own front, for that matter. He had no time to destroy anything, and these were officers who were as he retreated and we made ourselves comfortable in the quarters he deserted. Two nights ago we 'registered' in rooms which had a few hours previously been deserted by a divisional staff or a corps staff and they surely had things fixed to their liking. They had helped themselves to furniture of all kinds, the very nicest of beds, mirrors, chairs, table, dressers, wash stands, all the fittings in fact, from houses in the French towns when they had advanced here last March, and from the way they had made themselves comfortable, it was plain they had no idea that the 'To Let' sign would soon be up.

**ASSURE RAILWAY FOR NEW MINE**

The mines at Beersville, Kent county, are to be opened up if the indications presented before the executive council last night bear fruit. G. E. Burchill and J. T. Cummings appeared before the government asking for an assurance that the railway to Beersville would not be dismantled provided the mines were opened up and operated.

J. T. Cummings is the president of the James Cummings & Sons Co. of New Glasgow (N. S.), who for many years have been the manufacturers of miners' equipment for Nova Scotia collieries and Mr. Cummings, who appeared before the government last night, is a practical coal miner and one who commands the greatest confidence of the public in Nova Scotia. He has been a member of the town of New Glasgow for several terms and since the war has been identified with the shell manufacturing business and if he bends his energies to the opening up of the mines at Beersville it is felt there is no doubt but that their operation will be carried on in a first class manner according to those who know of the qualifications of Mr. Cummings.

The government, it is understood, assured Messrs. Burchill and Cummings that the railway line passing through Beersville would not be dismantled provided the interests they represented operated the mine as they outlined in their verbal petition.

**Greatest Baby-Saver Arrives In London**

New Zealand Physician Cut Infant Mortality Figures in Half

(Canadian Press Correspondence.)  
London, Aug. 10.—The man reputed to be the world's most successful baby-saver has come to London to save lives for the British Empire, and thereby repel the war's ravages. He is Dr. Truby King, founder of the Royal New Zealand Society for the Health of Women and Children, an organization that has reduced the infantile death rate in New Zealand from about eighty-five in 1,000 to forty-eight. The New Zealand government has lent him for a year to the mother country to teach women here how to care for their young.

"Every mother," he says, "ought to be told the full extent of maternal responsibility and privileges. The child may well ask of his mother—when he comes to know what makes or mars a human being more than any other factor of life: 'Did you give me the milk which the good God gave with every mother, or did you rob me of my birth-right?'"

ISSUED BY THE CANADA FOOD BOARD  
"We have had greater production this year; now let us have more saving of food."

Retreat Almost a Rout

New York, Sept. 5—The Associated Press tonight issued the following: The French and Americans are fast driving the Germans out of their positions in Southern Picardy and in the sector between the Vesle and Aisne Rivers. So rapid has been the progress of the Allies—the French in Picardy and the Americans and French from Soissons eastward toward Rheims—that the retirement of the enemy has the appearance, at present, of the beginning almost of a rout.

Thirty Villages Recaptured

In the last fighting in the region extending from the old Noyon sector to Soissons the French have recaptured thirty villages from the Germans, have crossed the Somme Canal at several points and are standing only a short distance from the important junction of Ham with its roads leading to St. Quentin and La Fere.

On the south they have made further crossings of the Ailette river and are fast skirting the great wooded region which acts as a barrier to direct attack on Laon, the Chemin Des Dames and the western Aisne defenses of the enemy. Seemingly at the present rate of progress this barrier shortly will have been overcome and, indeed, the entire salient northwest of Soissons obliterated. Already the French south of Frennes, on the fringe of the high forest of Concy, are falling back northward, and the anchor point of the line in the vicinity of Rhaimes, however, the German seem to be holding, evidently realizing that a retrograde movement here would necessitate a straightening of their line perhaps as far eastward as Valenciennes.

In the initial manoeuvre the retreat along the Vesle front the Americans and French captured both Basoches and Fismette, from Basoches they moved six miles northward to Vill-Army while from Fismette they have penetrated more than three miles northward to Barbouval, which is only a little more than a mile south of the Aisne.

In Flanders the British have taken the town of Ploeghem and positions southwest of Messines and northeast of Walverghem and repulsed strong counter-attacks launched against them. Southwest of Arras all the way down the line to south of the Somme below Peronne, the British have dug more deeply into the enemy's front on various sectors, especially towards Cambrai and immediately north and south of Peronne, in the latter region having driven in the enemy's rearguards for considerable distance.

The Germans have been violently bombarding the Americans at Fresle on the eastern end of the battle front in Lorraine, but have attempted no infantry attacks. More than 8,000 shells, many of them gas projectiles, have been sent into the American line by the enemy.

Only Bare Fact In The Official Ottawa Notice

"Killed in Action" is Record of Lt. Col. McKenzie's Death—Other Casualties

The official cablegram to Lieut.-Colonel McKenzie's family in Newcastle bore the simple yet tragic announcement "Killed in action, August 28." The gallant commander of New Brunswick's one infantry battalion in the greatest war of all ages thus fell on Wednesday, a week ago yesterday, in the fighting following the storming of Monchy-lez-Peuc, when the Canadian slogan was "Monchy before breakfast." Monchy was captured and the 26th here, as at Amiens, seems to have been in the forefront of the fight.

Campbellton, Sept. 5—This town is in mourning tonight for Lieut.-Col. A. E. G. McKenzie, killed in action in France. Besides his wife and children, there survive his parents, Archibald McKenzie, former collector of customs here, and Mrs. McKenzie; four brothers, Lyon, with the C. P. R. Construction Corps in France; James, in British Columbia; Pearl, who went overseas and is wounded and now in St. John; Colin, now in England with the 9th Siege Battery, and

INCREASED RATES FOR POWER COMPANY IN EFFECT OCT. 1

Interim Report Granting Temporary Increases Has Been Approved—Transfers Given But Tickets Only Good at Face Value; No Salaries For Executive Officers

The interim report of the royal commission appointed to adjust differences between the city of St. John and the New Brunswick Power Company in the matter of rates for light, heating, power and street car fares, becomes effective on October 1. It grants to the company, as was proposed, a temporary maximum increase of 25 per cent. in electricity for lighting, 37 per cent. for power, 33 per cent. for fuel gas, eight per cent. for lighting gas and from 33 to 44 per cent. in car fares. Transfers are to be given.

COMPARISON OF RATES IN DETAIL

Table with columns: Present rates, Proposed rates, Increase. Rows include Electric-Maximum Lighting Rates and Electric-Maximum Power Rates.

Table with columns: Present rates, Proposed rates, Increase. Rows include Gas-Maximum Lighting and Fuel Rates.

Table with columns: Present rates, Proposed rates, Increase. Rows include Street Railway Fares.

Tickets Not Accepted. The report of the commission states that the company shall not be required to issue tickets. Transfer privileges shall remain in force without change.

The report states: "It is apparent, however, that the present earnings of the company are entirely inadequate to pay a return on its investment computed on any theory or even to guarantee the continuance of service. The proceeds of the increased rates which the commission has established in this order will not, in the opinion of the commission, be sufficient to produce even the amount which was required for interest and dividends on the shares and securities of the Saint John Railway Company before the acquisition by the New Brunswick Power Company."

"It has become apparent to the commission in the course of its investigation of the company's affairs that the present relations between the municipality and the company are not such as should exist in the interests of the community. It is the hope of the commission that before it reaches its final conclusion some method may be found to harmonize those relations. The same problems which are presented by the situation in St. John have existed in many other localities,

and in some cases have been settled by some form of public control or supervision. In the opinion of the commission the controversy between the city of St. John and its public utilities cannot be permanently settled to the advantage of either party by the mere establishment of a correct rate base and the determination of a proper return thereon.

The commission requires the company to make no further payment of salaries to the executive committee or to officers not connected with operation while this order remains in effect. The commission recommends to the company that it make an immediate study of the question of more satisfactory as well as more economical routing of cars, and that it consent to such an amendment so that it may put in operation a sufficient number of one-man cars to determine their economical value and suitability for the service.

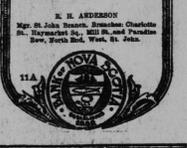

"It is not within the authority of the commission to amend the contract for municipal lighting. It does, however, recommend to the city of St. John that it consent to such an amendment so that the prices under the contract shall be increased 25 per cent."

The city pays over \$80,000 on its lighting contract so that a twenty-five per cent. increase, if granted, would yield \$10,000 or more than the amount recently advanced by the city to pay the company's employees their increase in wages dating back to April 1.

Two or More Persons May Use the One Account

The "joint account" is a very popular feature of The Bank of Nova Scotia service. Each person may deposit or withdraw independently. Interest quickly accrues, and with two saving the growth of the account is more rapid and pleasing.

THE BANK OF NOVA SCOTIA

STRIKES NAME OF MAGISTRATE FROM CITY PAY ROLL

Commissioner McLellan last night stated in The Telegraph that he had struck the name of Judge R. J. Ritchie off the pay roll. "I struck it out," said the commissioner. "I don't think that I should talk too much about it. I think it is about time that we came to some understanding in this matter. I could not get to the government meeting last night. St. John has been paying the city police magistrates ever since he was appointed. The money collected from fines belongs to the city; why should the provincial government claim it? Our memorial in the first place asked that Magistrate Ritchie be superannuated and that George H. H. Ritchie be appointed to the post. So far as I am personally concerned I would not now vote him (the magistrate) in as a magistrate. I am not prepared to give him a superannuation allowance. This action of mine is really to bring the matter to a head."

"They told me that the name of the city hall that my name was struck off the list. I said I would not take any notice of it," said Judge Ritchie when interviewed about the matter. "I would not make any talk about it. I could see the city if I want to, but I would rather wait. If the mayor and the other four decided they would not pay it, then I would do something. When I got the information from the department I said I would be deaf to it. I would treat it as if it were not there. I would be deaf to it. I would treat it as if it were not there. I would be deaf to it. I would treat it as if it were not there."

"You," (referring to the reporter) "could have gone to the city hall and done the same thing as Commissioner McLellan, you would have had the same authority. Commissioner McLellan has no authority to strike my name off. Harry, they occasionally had brain storms in New York, and did queer things, the Kaiser has done queer things, but there is no one in St. John who has the authority to strike the name of an official of the pay roll who has been appointed by law," concluded the police magistrate.

"The city cannot withhold the magistrate's salary," said Mayor Hayes, when discussing the matter last night. "The official in charge of the department must sign the pay sheets, and I am sure that the council could not in any event refuse to pay the salary of the city magistrate."

BOSTON CLERGYMAN IS ARRESTED UNDER SPY LAW Charged with violating the espionage act by making seditious remarks from the pulpit and in private conversation, Rev. John Steik, a Lutheran clergyman, known throughout New England, was arrested in Boston last week.

Wounded. Herbert P. Goodspeed, son of Mrs. Nora Goodspeed, 122 Bridge street, was recently admitted to a casualty clearing station suffering from gunshot wounds.

Corporal Colin Flett, infantry, has been reported dangerously wounded and under treatment at No. 7 Clearing Station, according to information received by his sister, Miss Mary Flett, Duke street.

Donald Allan, St. Andrews street, has been advised yesterday morning that his son, Quartermaster-Sergeant Harley Grimmer, had died on August 21 as the result of being gassed.

The minister is alleged to have said from his pulpit that the explosion at Halifax was "an act of God against the enemies of Germany," and to have indulged in a personal attack on Marshal Joffre during the latter's visit in Boston. In private conversation, Rev. Mr. Steik is alleged to have advised young men contemplating enlisting to enter the German army and to have offered to help drafted men to escape military service. He is alleged to have said that the soldiers of the United States would be "like children when they encountered the Germans."

The clergyman, who is fifty-three years old, was born in Russia. He moved to the United States twelve years ago and is understood to have spent some time in Philadelphia before going to Boston, four years ago. He had taken out his first citizenship paper. Rev. Mr. Steik was held in \$1,000 bonds pending a hearing before a federal commissioner.

TO CLEAN and BRIGHTEN every kind and grade of POLISHED SURFACE

THE modern housewife has learned the lesson of good house-keeping. She knows that it is possible, by daily attention to the home, to keep it so fresh, clean and bright that when house-cleaning time arrives there is but little extra work to be done.

To aid her in this task, many useful appliances have been invented and produced. But none of these has meant so much to her, as an aid to good house-keeping, as O-Cedar Polish which she uses on furniture, woodwork and floors.

Have you experienced its wonderful help? Do you know O-Cedar? This is the way O-Cedar Works. To get the real O-Cedar result, you have to use it according to the directions. A wet cloth—a few drops of O-Cedar on it—a light rubbing to remove the dust and grime. Then, finally, a slight brisk rubbing with a dry cloth—and you have a surface gleaming brightly yet revealing all the grain-pattern of the wood.

CLEANS AS IT POLISHES O-Cedar Polish

ON the outskirts of the city—in a meadow—where the sun shines brightly, the birds sing and the air is pure and fresh—there stands a great snow-white palace—the home of McCormick's Biscuits—the finest biscuit plant in America. With our unsurpassed facilities it is natural to expect McCormick's Jersey Cream Sodas to be the finest in the land.

Sold fresh everywhere. In sealed packages.

# NEW BRUNSWICK POWER COMPANY

## Interim Order of Commission Appointed Under Provisions of "An Act to Appoint a Commission in the Matter of the New Brunswick Power Company."

It appearing to the commission, in the course of its investigation and inquiry, to be justifiable and necessary for the financial temporary relief of the company to adjust and allow rates of fare for transportation and to fix the maximum price to be charged for gas and the maximum rate for electric current, the commission makes the following interim order, as of August 27, 1918:

1. That as of the first day of October, 1918, and thereafter until the further order of the commission, the maximum lighting rates shall be as follows:

First 50 kw. per month	10c.
Next 100 kw. per month	15c.
Next 200 kw. per month	10 1/2c.
Next 500 kw. per month	8c.
Over 500 kw. per month	7 1/2c.

Discounts for prompt payment and provisions for minimum bills to remain in the existing schedule without change.

2. That as of the said date, and thereafter until the further order of the commission, the maximum power rates shall be as follows:

First 200 kw. per month	12c.
Next 500 kw. per month	8c.
Next 1,000 kw. per month	6 1/2c.
Next 2,000 kw. per month	5 1/2c.
Next 5,000 kw. per month	4 1/2c.
Over 5,000 kw. per month	3 1/2c.

Discounts for prompt payment and provisions for minimum bills to remain in the existing schedule without change.

3. That as of the said date, and thereafter until the further order of the commission, the maximum rate for gas, both fuel and lighting, shall be \$2 per 1,000 feet.

Any provision in existing schedules for discounts or minimum bills to remain unchanged.

4. That as of the said date, and thereafter until the further order of the commission, the street railway fare shall be 6 cents. The company shall not be required to issue tickets. Transfer privileges shall remain in force without change. Outstanding tickets shall not be valid for fares after said date but shall be redeemed in cash on demand at the company's office.

The Commission has caused the accounts of the company to be examined by Messrs. Lybrand, Ross, Bross, & Montgomery, a firm of certified public accountants familiar with public utility accounting. It appears from their report that the company is not today earning its operating expenses, to say nothing of any return on its investment. The net operating income has entirely disappeared in the recent increase in operating expenses, which our accountants report to us to be at the rate of \$177,041 per annum in the two items of fuel and lighting alone.

Counsel for the City is carrying on, GUY W. CURRIER, Chairman.

### DID YOU EVER THINK

why that skin trouble, from which you are suffering, will not heal? It is because it is so deeply rooted that ordinary treatments are incapable of penetrating to the seat of the disease.

Zam-Buk, on the contrary, is so refined that it is capable of reaching the underlying tissues, and that is why so many cases of skin trouble, which have defied all other treatments, have yielded to Zam-Buk.

Don't delay! Get a box of Zam-Buk and prove it for yourself. Not only is it best for eczema and all skin troubles, but also for ringworm, ulcers, old sores, blood-poisoning, boils, piles, burns, cuts and all skin injuries. All druggists or Zam-Buk Co., Toronto. 50c. box, 3 for \$1.25. Send 1c. stamp for postage on free trial box.

### Banquet Closes R.M.A. Convention

#### A. O. Skinner Re-elected President—Inspiring Addresses Mark Last Day of Provincial Gathering

Satisfied that the convention had been an entire success from start to finish, the banquet last night wound up one of the most enthusiastic gatherings that the Retail Merchants' Association of New Brunswick has ever held.

A feature of the convention was the fact that the wholesale dealers of the city of St. John displayed a keener interest in the meeting than ever before.

Mr. Farley spoke briefly of the importance of organization and said that an organization of retail merchants which embraced all lines and was dominion-wide would have tremendous power in bringing about protective legislation.

Further amendments to the bankruptcy act were also urged in a resolution and it was urged that five dominion representatives, from each provincial board, be appointed to act on the dominion executive.

The betterment of the roads throughout the province was also urged, and thanks were extended to the trade papers and the daily press for the assistance they had rendered in supporting the activities of the association, as well as a vote of thanks to J. H. Farley for the interesting lectures he had treated the delegates to the convention with.

In the matter of a "small debtors' act" it was decided that sufficient detailed information was not now in the hands

of the delegates and this, too, was left over for the action of the advisory board.

The Banquet  
A grand finale of the convention was a banquet in Bond's restaurant. A. O. Skinner occupied the chair and about one hundred members were present.

Private F. J. LeBlanc, a member of the Depot Battalion was found dead recently on the rocks under the railway bridge at Cady's. It is supposed that he fell off the bridge while walking along the railway track.

## Martin-Orme Piano

HERE are a few old hand-made violins in the world that are priceless because of their incomparable tone. They are the works of the masters. And it is just such earnest, personal, masterly planning of the sound-producing parts, which produces the rarely beautiful, sweet, singing tone of the Martin-Orme Piano. It reflects the genius of Owain Martin, inventor of the "Violoform" method of tone-production.

The sounding board, arched like a violin, is scientifically installed so as to permanently retain this arching under high tension. Like the works of the famous old craftsmen, each individual Martin-Orme Piano is carefully fashioned with true pride and sincerity. Only by taking time to make and perfect comparatively few pianos could such splendid enduring tone be achieved. It is that which elevates the Martin-Orme from the merely mechanically perfect,—to the truly artistic plane. We cordially invite inspection at our warerooms.

## THE C. H. TOWNSHEND PIANO CO.

ST. JOHN :: :: NEW BRUNSWICK

WORRIED OVER GERMAN DEFEAT, WESTERN FARMER KILLS HIS WIFE AND HIMSELF

Bredenburg, Sask., Sept. 6.—Christian Dressler, a young and prosperous farmer living ten miles northeast of here, shot and instantly killed his wife and then committed suicide. It is said that his mind had become suddenly unsettled worrying over recent German reverses. He leaves two small children.

RECENT WEDDINGS

Tobin-Jones. A quiet wedding took place at the residence of the Rev. G. F. Dawson in Exmouth street on Wednesday, September 4, when Miss Jessie B. Jones was united in marriage to Edgar J. Tobin. The bride was attired in a navy blue suit with hat to match. After the wedding a dainty wedding breakfast was served. The bride and groom were unattended. They received many handsome presents of cut glass and silver.

Duffley-McLaughlin. On Wednesday morning, September 4, Rev. Arthur Allen united in marriage Robert Eugene Duffley, of Golden Grove, and Mary Ellen McLaughlin, of Quispamsis. The bride was supported by her sister, Mrs. Ketchum, and the groom by his brother, George L. Duffley.

HAVE DESTROYED 465 GERMAN AIR MACHINES IN THE LAST FOUR WEEKS

Two Hundred Others Sent Down Out of Control

OTHERS SHOT FROM GROUND

Sixty-one Hun Balloons Set Afire and 911 Tons of Bombs Were Dropped — Our Losses 262 Airplanes

London, Sept. 6.—The official statement on aerial operations issued last night says: "The reconnaissance and photographic work was accomplished by the air forces on Sept. 4, and a large number of artillery and contact patrols were carried out. The weight of bombs dropped by us during the day was twenty-three tons. No bombing was possible after dark. "Enemy machines, working in large formations on the German side of the lines, showed considerable activity. Twenty-five hostile machines were brought down by our airmen and no fewer than nine balloons were shot down in flames. In addition, fourteen hostile machines were driven down out of control. Sixteen of our machines are missing. "One of our machines, reported as missing in the fighting of Sept. 2, has since returned. "In the course of the weeks which have elapsed since the commencement of our offensive on Aug. 8, 465 enemy machines have been brought down by our airmen. Their destruction in every case has been clearly established. In addition the total of enemy machines proved to have been driven down out of control, many of which must actually have crashed, is exactly 200. These figures are exclusive of the considerable number of enemy machines brought down by gunfire from the ground. "Sixty-one German balloons have been set on fire. Nine hundred and eleven and one-half tons of bombs have been dropped by us. "Practically the whole of the air fighting has taken place on the enemy's side of the line. The number of our machines which have failed to return in these fights is 262."

GETTING POTASH FROM BLAST FURNACE DUST

Britain May be Able to Secure Enough Thus to Meet Country's Needs

London, Sept. 6.—(Via Reuters)—The board of trade journal publishes a remarkable article on the British supplies of potash, showing the important progress which has been made during the war in the production of potash in Great Britain. One of the most startling sources of the new supply is from blast furnace dust from which potash is obtained by a cheap and simple process consisting primarily in addition of a small proportion of common salt to the charge of the furnace which releases the potash present in the ore and causes it to be volatilized with the emerging gases as potassium chloride. As the result of experiments on a large scale it has been estimated that it would be possible to recover 60,000 tons of potash salts per annum from blast furnace dust alone, enough practically to meet the needs of the country. A factory already has been erected at Oldbury near Birmingham, designed to produce 400 to 500 tons of potassium chloride weekly from blast furnace dust and a conversion factory is to be added where chloride, not needed for agriculture, may be converted into other refined potash salts. Other factories are in contemplation.

LONDON FEARS REPORT OF ATTACK ON CONSULATE AT MOSCOW IS TRUE

London, Sept. 5.—While the report of an attack on the British consulate at Moscow has not been confirmed, it is felt in diplomatic circles that it is only too likely to be true, and anxiety exists over the fate of the acting consul-general, R. H. Lockhart, and J. O. Wardrop, the consul, who have been waiting at Moscow for safe conduct. It appears that the Soviet government insisted that M. Litvinoff, Bolshevik ambassador to Great Britain, should be sent to Bergen before it would agree to issue permission for Mr. Lockhart and Mr. Wardrop to depart. The British government declined to agree to such an arrangement.

LUDENDORF THANKFUL THAT FIGHTING IS NOT ON GERMAN GROUND

Amsterdam, Sept. 6.—Vienna newspapers received here continue to print interviews with Field Marshal von Hindenburg and General Ludendorff. "The war has now been concentrated upon French territory," General Ludendorff is quoted as saying, "and by the enormous utilization of troops and materials has assumed proportions which have thrown everything hitherto accomplished in the shade. We thus far have stood the bitter struggle honorably and are confident that we will continue to do so. "We may all be thankful that war in

the form it has assumed has on the whole been spared us in our home territory. The armies of the Central Powers are safeguarding their homes."

INCREASED WAGE SCALE

Commencing with Saturday chauffeurs and teamsters about the city expect to draw their wages under a new schedule, which is as follows—\$16 per week for single teams; \$18 for double teams; \$20 for chauffeurs; \$15 for stablemen; \$15 for helpers. The above is the minimum rate and those who are already getting this are entitled to a ten per cent increase. A special meeting will be held in the evening to ascertain what employers if any refuse to meet the demand.

In honor of her approaching marriage, a novelty show was tendered Miss Elizabeth Wallace at the home of Miss MacNeill, Cliff street, last evening by about thirty of her friends.

OWNED BY BERNSTORFF

It is Said He Bought 'Fair Play' as Dummy in Shady Transactions New York, Sept. 4.—Count H. von Bernstorff, the former German Ambassador at Washington, was the sole owner in 1915 and 1916 of a paper published in New York city. It was a pro-German weekly known as Fair Play, edited by Marcus Braun, who was the ostensible publisher. Bernstorff bought the paper from Braun for \$10,000, this being all the cash represented in the publishing company, although it was capitalized at \$200,000. The "dummy" for Bernstorff in the transaction was Archibald S. White, a broker of New York and Cleveland, to whom was turned over the stock certificates of the company. The fact that Bernstorff was the owner, in 1916, of Fair Play, which has since ceased publication, and that Mr. White, who was prominent in Wall Street at the time, was the "dummy" in

NOW IS THE TIME

for general cleaning out of the intestines if you wish to avoid constipation, biliousness, pimples and other troubles so frequent at this season of the year. Use

"RIGA" PURGATIVE WATER. The ideal saline purgative which flushes out the intestines, removes offensive waste matter, insures normal bowel action, pure blood and freedom from illness. On sale everywhere, 25c the bottle. NATIONAL DRUG & CHEMICAL CO. OF CANADA LIMITED, St. John, N. B. Distributors for the Maritime Provinces.

the case, was made public today by Deputy Attorney-General Alfred Becker, who is directing for the federal government the investigation of German propaganda in New York. Mrs. James Burke, of 58 Sheriff street, has received word that her son, Private J. E. Burke, has arrived safely in England.

My Rx is Calox. I have recently done much work for soldiers and have observed a cleaner and better condition of the teeth among those who use a good tooth powder than with others who use a paste. "A Powder is unquestionably preferable and my prescription is invariably CALOX THE OXYGEN TOOTH POWDER" Cleans—Whitens—Preserves. A package, sufficient for one week's trial, and authoritative booklet telling "Why a Powder is Better Than a Paste" will be sent free on request. McKESSON & ROBBINS Incorporated, 96 Fulton Street, New York. Established 1893.

The "Ounce of prevention" A TEASPOONFUL of Eno's Fruit Salt first thing every morning in a glass or half a glass of cold or tepid water will keep the body's filter, the liver, in a healthy and active state. Eno's never gripes nor weakens. Composed of the refreshing and stimulating elements of ripe fruit juices, it forms a natural and beneficial liver and digestive regulator. As a recognized safe and gentle aperient, it has been carried and recommended by druggists and physicians for nearly 40 years. ENO'S FRUIT SALT. Delightful as a Refreshing Beverage at any time. Prepared only by J. C. ENO, LTD., LONDON, ENG. Sole Agents for North America: HAROLD RITCHIE & CO., LTD., 10 McCaul St., TORONTO.

BEECHAM'S PILLS. Constipation is the arch-enemy of health. Conquer this enemy and you rout a whole army of physical foes, including indigestion, biliousness, sick headache, sleeplessness and nervous dyspepsia. Beecham's Pills have been a world-favorite laxative for over sixty years. They go straight to the cause of many ills and remove it. They act promptly, pleasantly and surely. Contain no habit-forming drug. These time-tested pills strengthen the stomach, stimulate the liver and Relieve Constipation. Worth a Guinea a Box. Prepared only by Thomas Beecham, St. Helena, Lancashire, England. Sold everywhere in Canada and U.S. America. In boxes, 25 cents.

Made-To-Measure Garments Tailored To Fit Are Cheaper Now Than Ready-Made Clothes. AS everybody knows, woollens that were woven two or three years ago are far better quality than any that have been made since. Such woollens are now selling at twice their original price. But the English & Scotch Woollen Co. are still able to supply suit and overcoat patterns in these 1915 and 1916 fabrics—and we have not advanced the price to correspond with their present value. You can order from us, made-to-measure custom tailored perfect fitting garments made from these high grade fabrics, at our standard prices, that are actually 50% less than you will be asked to pay for ready-made clothes made from cloths that cannot be as good. The clothes you buy now should be bought with particular attention to their durability. The prices of ready-made clothes have doubled, and the fabrics have declined in quality. Our Made-to-Measure custom tailored garments are a thrifty investment. Suit Or Top-Coat Made-To-Your-Measure \$17 English and Scotch Woollen Co. More Quality Less Money. Trousers We are showing exceptional value in odd trousers from special trouser lengths, as many of these cloths are shown in very limited quantities, we will be obliged to ask customers for a second \$5 choice. IN all seriousness and in your interest as well as our own, this is our advice—ORDER NOW, two or three suits and a good, protecting overcoat against the time when prices will be doubled, as they surely will. Even now our offer is one that we do not believe is being equalled by any tailoring concern anywhere—a thoroughly dependable suit or overcoat, made to your individual measure from imported fabrics of your own choosing, at \$17. Neither do we believe that any ready-made store is offering at twice our price as much in quality and workmanship as we assure you. You will be wise to act on our advice and order as many suits as you can spare the money for now. J. J. J. General Manager for Canada. English & Scotch Woollen Co. 26-28 Charlotte Street, St. John, N. B. Head Office, 851 St. Catherine Street, East Montreal. 22 GREAT TAILOR SHOPS IN CANADA. Out-of-Town Men: Write for Free Samples, Fashion Plates, Self-Measure Form and Tape Line. Address 415 St. Catherine Street East, Montreal.

**COMPERS VISITS HIS OLD HOME IN LONDON**

London, Sept. 6.—Samuel Compers, president of the American Federation of Labor, while here has visited his boyhood home where he was born sixty-eight years ago. It was an event of great importance in the little section of East London known as Spittlegate. He was accompanied on the journey to Port Street by several members of the American labor mission.

"The old street has not changed much," he said as he stood in front of the house which had been his home for many years. "That old public house on the corner looks exactly as it did when used to listen to the crowd of old gamblers discussing politics there in the evening when I was a mere slip of boy."

A woman of over eighty years, wearing a long gray shawl, hobbled up, looked at the stranger a moment, and then cried:

"I know you, Sam Compers," she said. "Many's the time I gave you a piece of my mind when you used to live here," pointing to the house where he was born. "The old woman had not seen him since he left London as a youthful apprentice cigar-maker. He spent some minutes taking over old times with her, asking about various boyhood playmates, most of whom have been dead long since."

Mr. Compers spent a very happy half hour in the midst of the crowd of men, women and children, many of them his children and grandchildren and even great-grandchildren of persons whom he remembered as neighbors of his father and mother.

**Boston Wins First Game in World's Series**

Comiskey Park, Chicago, Sept. 5.—Boston Red Sox won the opening game of the 1918 world series here today, defeating the Chicago Nationals 1 to 0, in a game marked principally by a tight pitching. The winning run resulted from the first of Vaughn's bases on balls, the slip of the Chicago pitcher being followed by two shap singles by Whitman and Melnis, Shean scoring on the second hit with the only run of the game.

The Cubs had only two good openings for runs but both of them came with two men out. In the first instance Melnie was passed and Pick, Chicago's new second baseman was unequal to the task of driving in the runs. In the second instance Deal raised the hopes of the Chicago "fans" by driving a long hit to left but it fell foul and his next attempt was captured by Whitman. The game lacked almost all spectacular features which usually accompany a world series contest, but this had no effect on the quality of play, which was worthy of champion teams of the major leagues.

The fine pitching of the opposing left-

**THE LABOR WEEK FAIR.**

The fair at St. Andrew's rink under the auspices of the G. W. V. A. and Trades and Labor Council is proving a great success. Last evening the attendance bordered on 2,500 persons. The lucky ticket as door prize, No. 6467, won a half ton of soft coal, donated by the Consumers' Coal Company. The Depot Band rendered music last evening, and tonight the Temple of Honor Band will play, when a dancing pavilion, now needed, will afford facilities for those desiring this amusement.

**SPORT NEWS OF THE DAY; HOME AND ABROAD**

**Darkness Ends Game.**

The game in West St. John last evening between the Giants and Courtneys substitutes a game, therefore the contest will have to be played over again. At the time play was terminated, on account of darkness, the Giants were leading by a score of 5 to 4. In the first of the fifth inning they brought the tie to their feet by a sensational rally, netting three runs. Larry Garnett was largely instrumental in this, driving out a two-bagger with two men on base and scoring both. Features of the game were catches by Mahoney and Garnett.

**South End League.**

In the North End League last evening the Beavers defeated the Comedians by a score of 8 to 6. The game was one of the fastest and most exciting played this year and was witnessed by a large gathering of fans. The batteries were: Robertson and Frairs for the winners; McGuire and Thompson for the losers.

**THE TURF.**

Chilcott, a Canadian owned horse, won the Charter Oak stakes, valued at \$10,000, at the Hartford Grand Circuit yesterday, taking two out of three heats; best time 2:06 1/2. Brescia won the 2:07 trot, two out of three heats; best time 2:07 1/2. Lord Stour won the 2:09 trot, two out of three heats; best time 2:10 1/2.

**FINAL FEATURE OF NAVY FUND DRIVE**

The final feature of the drive for funds for the Navy League was an outdoor rally held last evening in King Square around the land cruiser "The Navy League." Isaac Webber acted as announcer and aided in the appeal for funds. Mrs. Marcus also giving a stirring address. Music was furnished by the Battalion Band. A flag given by the Portland Street Methodist church scouts who acted as guard of honor, was sold by auction for \$12.

The total of subscriptions, including life memberships, received by last night alone passed the objective of \$15,000, the amount being \$15,200, while the

**LOCAL NEWS**

**GIVEN A SHOWER.**  
 A kitchen shower was tendered Miss Margaret Holder, a nurse in the General Public Hospital, last evening at the residence of Mrs. Blanchard Ferris, 140 Lansdowne avenue. The evening was spent in games and music. Miss Holder is to be married at an early date.

**SYMPATHY APPRECIATED.**  
 The marriage of Miss Bella Forest of Pleasant Point and Gordon Collins of this city, was solemnized on Wednesday morning in St. Rose's church. The ceremony was performed by Rev. Charles Collins. The bride was attended by her sister, Miss Margaret Forest, and Joseph Connelly supported the groom. Mr. and Mrs. Collins will reside at 27 Meadow street.

**HENDERSON-DUFF.**  
 A pretty wedding was solemnized on Wednesday afternoon in St. Columba's Presbyterian church, Fairville, when Rev. W. M. Townshend united in marriage Miss Alice Duff, daughter of Mr. and Mrs. Edward Duff of Fairville and Gunner Harper Henderson of the 9th Siege Battery. They were unattended. Following the ceremony Mr. and Mrs. Henderson left by automobile for Newcastle on a wedding trip.

**DEATH OF GEORGE FOX.**  
 George Fox, a life-long resident of this city, died this morning after a lingering illness. He was son of the late James and Margaret Fox. Mr. Fox was fifty-eight years old and leaves one son, Percy, Philadelphia; one daughter, Mrs. Nichols of West St. John; four brothers, Matthew, Andrew, Walter and Albert, all of this city, and one sister, Mrs. William Wilson of Cambridge, Mass. The funeral will take place tomorrow afternoon from the residence of his brother in Frederick street.

**GOVERNMENT IN SESSION.**  
 Routine business occupied the attention of the provincial government at the session this morning. During this afternoon the members met as commissioners of the provincial hospital and afterwards visit the institution in Lunenburg. They will take advantage of their presence in St. John to inspect the permanent road work which is being done by the public works department in Robtessy avenue. It is expected that the work of the government will be finished today.

**THE LATE JOHN HERMAN.**  
 The funeral of John Herman took place on Thursday afternoon from his late residence, 74 Wall street. Archdeacon Crowfoot conducted the services. A large number attended the funeral as a last token of esteem and respect, and there were many beautiful tokens including: Pillow, from wife; crescent, Mr. and Mrs. Alex. Shay; cross, Frank Whitten spray, Mr. and Mrs. Alex. Ferris; spray, Miss Nellie Ferris; spray, Mr. and Mrs. Vernon Pitt; spray, Mr. and Mrs. T. Parker; spray, William and Miss Thelma Christensen.

**WELCOME HOME RE-OPENING.**  
 Dr. Murray MacLaren's home at the head of Garden street, which has been re-opened by the doctor's sisters, the Misses MacLaren, and their return from the old country, is undergoing quite a thorough repairing and painting on the outside and interior necessary renovations inside. It is a cheerful sight to see this attractive dwelling with its ornamental lamp and hedges once again occupied, adding animation and brightness to a conspicuous corner. St. John folks return after a long sojourn afar.

**AIR STUDENT ON FURLOUGH.**  
 Israel Boyaner, of a local optical firm, who is training at Toronto for aviation service in the war, came home today for a short furlough. Mr. Boyaner has another stage in his aerial studies before he assumes the pilot's seat. Quite an interestingly while accompanying an instructor at a great height in one of the school planes, the local man met with difficulty in breathing, due to a slight physical defect. Immediately he reported for surgical treatment upon the site, assistance of the nose and now that slight hindrance to his success is removed. Mr. Boyaner likes the air service and is anxiously awaiting his graduation from study to duty.

**PTE. E. ROBINSON KILLED IN ACTION**  
 Was Just a Little Over Nineteen Years Old

Lieut. Wm. C. McQuade Slightly Wounded But Sticks to His Post—Other Families Get Word of Casualties

St. John continues to pay its share of the glorious price of rousing victories enumerated in the cables and with the increasing engagement in which Canada perseveres to point of defeating the Hun, a sheaf of yellow envelopes starts out on a sad errand from the telegraph offices here.

Today's list reports but one death, that of Private John Edward Robinson, aged only nineteen years, son of Mr. and Mrs. John Robinson, 116 Sparr Cove Road.

The despatch states that Pte. Robinson laid down his life on the 24th, presumably in the wonderful fight the Canadians made on that date. No further details of the casualty were given.

Private Robinson was a son of John and Margaret R. Robinson, and leaves also two sisters, Mrs. Harry M. Harty, whose husband joined with the deceased and is still fighting in France, and Miss Mabel Robinson at home.

The late lad went overseas with Lieut. J. K. Scammell's machine gun unit, but was later transferred to the N. B. Battalion. He was just eighteen years of age when he enlisted. He had just left High School and for a few months worked with Robert Hawker, druggist, Main street, and was very well liked. Pte. Robinson will also be fondly remembered by his High School associates.

Pte. P. G. J. Carlin.  
 Mrs. Robert Carlin, 20 St. James street, was advised this morning from Ottawa that her son, Private Percy Gowen J. Carlin, a member of a local infantry battalion, had been wounded in the right leg with gunshot on August 28. Private Carlin was on duty at a clearing station on August 28. Private Carlin was employed with L. S. Shure & Son, King street.

Lieut. Wm. McQuade, inspector of automobile licenses for the province, received official word this morning that his son, Lieut. William McQuade, had been wounded slightly while in action on August 28, but was remaining on duty. Prior to enlisting the young officer was on the staff of the local branch of the Royal Bank of Canada. Mr. McQuade also has a daughter overseas in the ranks of the V. A. D.

Pte. R. F. Maher.  
 Mrs. Annie Maher of 184 Rockland road, received a telegram this morning notifying her that her husband, Pte. Roy Francis Maher, had been admitted to No. 6 General Hospital in Lunenburg on August 30, suffering from a gunshot wound in the head. Private Maher is one of the original members of the famous New Brunswick battalion. About one year ago he sustained a severe gunshot wound in his right arm and was in various hospitals in England for several months. This spring he returned to the trenches and took part in all the big offensive and defensive movements until he was wounded. Pte. Maher was a longshoreman when he was employed as a longshoreman.

**PTE. JOHN EDWARD ROBINSON**

Today's list reports but one death, that of Private John Edward Robinson, aged only nineteen years, son of Mr. and Mrs. John Robinson, 116 Sparr Cove Road.

**JEWISH NEW YEAR TONIGHT**

At sunset this evening the Jewish year 5679 will be celebrated by the Hebrew population with special religious exercises and historical ritual. In the Hazen Avenue Synagogue, Rabbi Fletcher will conduct the ceremonies. The observance will continue until Saturday sunset, and because of the New Year falling upon the Jewish Sabbath, a double or combined ceremonial will doubtless be gone through within the synagogues.

New Year's is a feast occasion with the Jewish people, and many happy reunions are arranged for tomorrow. Next week, when the Day of Atonement will be observed, the joyousness of New Years will be set aside for fasting and contrition.

Rev. B. L. Amdur of this city has gone to Halifax to conduct the New Year services there, because the sister city Hebrews at present are without a Rabbi.

**HONOR ROLL UNVEILED**

Members of Drury Cove Club Who Have Gone to War

The summer colony at Drury Cove celebrated Labor Day by their usual programme of sports. The morning was taken up by a tennis tournament, won by W. R. Stewart and J. H. Drummond. At the same time the children were treated to a programme of races.

At 2 o'clock a beautiful honor roll, the work of T. F. Drummond, in memory of the members of the club who are serving their king and country, was unveiled in the presence of about 100 people by Miss Emma Colwell. Short patriotic speeches were delivered by Geo. Dishart and E. E. Thomas.

The names on the roll are: Honorary President Lieut.-Col. A. E. Massie, D. S. O.; Hubert Meahan (killed in action); H. Colwell, A. F. Mank, H. Christie, Parker, L. Christie, E. Brown, C. Ryan, C. Wetmore.

At half-past two an interesting game of baseball was played between the married and single members of the club and resulted in a victory for the single men by a score of 15 to 12. This brought the day to a fitting conclusion.

**ST. JOHN MAN HURT IN HALIFAX**

Many friends in this city will be sorry to learn of an accident which occurred to Frank Collin while employed in Halifax. Mr. Collin is a resident of West St. John but left here more than three years ago with the dredge Cynthia. While about his work on board a water saw he missed a step and fell into the hatch. It was feared at first that his injuries would prove fatal for Mr. Collin is a man of many years, but his many friends will be pleased to hear that his injuries are not of a serious nature but he occupied with one rib broken and a terrible shaking up.

Mr. Collin is in hospital in Halifax and it is hoped he will be able to return to his work soon. He was night watchman on the dredge and it was on account of Halifax being in darkness that he met with the accident.

**PROBATE COURT.**

In the matter of the estate of John Bridges, letters of administration have been granted to Margaret McLean Leonard A. Conlon is proctor.

In the matter of the estate of Robert Hennessy, letters testamentary have been granted to Alice Hennessy, J. Roy Campbell, R. C. is proctor.

**ART-RUGS**

**Beautiful Your Floors**  
 For Little Money

We have just received a big shipment of Congo-leum Gold-Seal Art-Rugs now being widely advertised throughout the country.

From our large stock you can select patterns made for every room in the house where a low-priced rug is desired.

Congo-leum Gold-Seal Art-Rugs are so easy to clean. The firm, water-proof surface offers no lodgment for dirt. The damp mop will restore them to their original brightness in an instant.

They lie flat without fattening—no "kicking up" or curling up at the edges.

Let us show them to you.
