REVISE THE TARIFF TO "SQUARE WITH FACTS"

President Wilson In Message To Congress NO SPECIAL PRIVILEGES

Urges That All Artificial Advantage Be Wiped Out and Business Stand on Its Own Feet—Reforms in Banking and Currency Laws

Washington, April 8.—President Woodrow Wilson today communicated his first message to the sixty-third congress, convened in extraordinary session. It was an unusually brief document, dealing exclusively with the need for a thorough, moderate and well-considered revision of the tariff. The president drew attention to the necessity for an early reform in the banking and currency laws, but refrained, he said, from urging, for the present, any other legislation that might divert the energies of congress "from its clearly defined duty" toward the tariff question.

The message referred to no particular schedule, mentioned no rates, and included no statistics. It was an enunciation of the president's principles on tariff revision. The specific views and ideas as to rates and duties, it has been generally accepted, will be contained in the tariff bill itself which is now under consideration.

The president's decision to put the weight of the administration's influence behind the bill with its various schedules as drawn by the house ways and means committee caused him to omit specific reference to tariff rates until the measure was finally agreed upon in the opening days of the present session.

The message urged that special privilege and exemptions from competition be cut out of the nation's tariff system and that the revision be made "to square with the facts as they are." At the outset, the president called attention to the party's pledge for tariff reduction. He said: "I to the Senate and House of Representatives—"

"I have called the congress together in extraordinary session because a duty was laid upon the party now in power at the recent elections which it ought to perform promptly, in order that the burden carried by the people under existing laws may be lightened as soon as possible and in order, also, that the business interests of the country may not be kept too long in suspense as to what the fiscal changes are to be which they will be required to adjust themselves to in the course of the revision of the tariff duties which will be altered. They must be changed to meet the radical alterations in the conditions of our economic life which the country has witnessed within the last generation.

While the whole face and method of our industrial and commercial life were being changed beyond recognition the tariff schedules have remained what they were before the change began, or have moved in the direction they were given when (Continued on page 7, fourth column)

UNEASINESS OVER POSITION TAKEN BY MONTENEGRO

King Nicholas' Defiant Reply To The Powers Endangers The Situation

(Times' Special Cable) London, April 8.—It is admitted in official quarters that serious uneasiness is felt at the attitude of Montenegro towards the powers. The reply of King Nicholas is so defiant as to be almost provocative, and it has seriously endangered the situation.

ST. JOHN'S BUSINESS MEN'S OPINIONS ON TARIFF CHANGES

See Enlarged Market and Consequent Expansion of Trade in This Province—Timely Talks on Important Subject

The changes proposed in the revision of the United States tariff are of much interest to many in this city and province owing to the probable effect on market conditions. Producers, manufacturers, dealers and shippers will find their interests affected to a greater or less extent. The general impression among the business men of the city seems to be that the opening up of larger markets will be of great advantage to this province and will add materially to the prosperity of the people as a whole. Here are some interviews of today:

Lumber and Lime John E. Moore—"Placing lumber on the free list would be a great boon to the maritime provinces. Under present market conditions the American market can take all the lumber which will be shipped from here without any material decrease in price and as a result the shippers from here will get the benefit of the saving of duty. The European market has not been encouraging lately and this would provide a profitable outlet for the lumber of the province. The fact that lumber products are also included in the free list should be a great benefit to the mill owners and workmen of this province.

Speaking of the effect of the reduction of the duty on lime Mr. Moore said that if the reduction was sufficient to enable Canadian lime to enter the states, as it appeared to be, it would prove a tremendous stimulus to the business which received such a severe blow when it was excluded from the American market by the heavy duty under the McKinley tariff.

E. C. Baxter, St. John's, said: "It is doubtful whether the reduction of the duty on lime will be sufficient to enable the New Brunswick product to enter the United States and compete with American lime."

Edwin Peters, of C. H. Peters Sons, Ltd.—"It is difficult to tell how the situation will work out but the substantial reduction in the duty should be a long step towards regaining the American business. One feature of the business we would have to meet would be the low cost of handling the lime from Rockland, Me., where a cheap system of transportation by barges to the larger markets is employed.

Farm Products F. deL. Clements—"It would be difficult to over estimate the value of the American tariff reductions to the agricultural interests of this province. Placing potatoes on the free list will greatly encourage their production as it will afford a market of sufficient size for all that can be raised. The reduction of duty on other farm products will also enable the New Brunswick farmers to take advantage of the big American market.

One of the results will be to increase the value of farm lands in this province and especially along the banks of the St. John River.

Mr. Peters—"The reduction of the duty on farm products will naturally tend to increase the shipments from New Brunswick to the United States as better prices will be obtainable and the producers and dealers alike on this side of the line will reap the benefit."

Fish James Patterson—"With fish on the free list the American dealers will be able to bid higher for Canadian fish and what the fishermen will reap the benefit will probably mean higher prices for the local consumer. The supply in limited and the demand is so great that it is necessary to divert larger quantities to the American market which means a scarcity here."

W. F. Leonard, of Leonard Brothers, doubted if the fish section of the bill would be passed owing to the strong opposition of the Maine and Massachusetts fishermen.

Nails James Pender, of James Pender & Co.—"Owing to the larger scale on which they manufacture, and other conditions, the American nail works are able to sell their product cheaper than the Canadian works and the elimination of the duty would enable the manufacturers on this side of the line to invade American territory."

Coal J. S. Gibbon, of J. S. Gibbon & Co.—"With coal on the free list, an immense market will be opened up for the Canadian mine owners and those of New Brunswick will get a good share of the business. At present large quantities of soft coal are brought from the southern states to the ports of Maine and Massachusetts and transhipped by rail to inland places. When

Frederick, N. B., April 8, 1913.—At the opening of the supreme court this morning acting Chief Justice Landry made the following reference to the death of Ex-Chief Justice Tuck:—"We have the sad intelligence this morning of the death of Ex-Chief Justice Tuck. He passed peacefully away at a ripe old age, having filled an honorable career and accomplished a very useful mission among his fellow-men. He was very widely and favorably

CAPTAIN OATS HAD LOST FEET IN THE ANTARCTIC

London, April 8.—Captain Lawrence Oates, of the Inniskilling Dragoons, who died with Captain Robert F. Scott on his ill-fated Antarctic expedition, had lost both his feet from frost bite before he stumbled out of the tent to his death on the stumps of his legs, according to a letter to Captain Watson, the agent of the expedition, which was forwarded to Wellington, New Zealand, who says he makes the revelation on the authority of Commander Evans.

RUSSIA AND AUSTRIA MAY COME TO BLOWS

Each Hour Shows Them Nearer to Outbreak of War EXCITEMENT IN IZAR'S LAND Feeling in England Reported Against Coercing of Montenegro—Austria Urging That Special Steps Be Taken at Belgrade (Times' Special Cable) London, April 8.—Each hour now makes it more clear that Russia and Austria stand within measurable distance of war. This morning's news from St. Petersburg reveals Russia abashed with excitement. Pan-Slavists have swept the country. In the event of any attack by Austria on Serbia, Montenegro will almost certainly be regarded as a "casus belli." If Austria stood alone, the situation would be simpler, and military critics here maintain that the Serbian army alone would put up an exceedingly good fight against the Austrians. There is no hope, however, that if the conflict comes it can be local.

RUSSIA AND AUSTRIA MAY COME TO BLOWS

Each Hour Shows Them Nearer to Outbreak of War EXCITEMENT IN IZAR'S LAND

Feeling in England Reported Against Coercing of Montenegro—Austria Urging That Special Steps Be Taken at Belgrade

(Times' Special Cable) London, April 8.—Each hour now makes it more clear that Russia and Austria stand within measurable distance of war. This morning's news from St. Petersburg reveals Russia abashed with excitement. Pan-Slavists have swept the country. In the event of any attack by Austria on Serbia, Montenegro will almost certainly be regarded as a "casus belli." If Austria stood alone, the situation would be simpler, and military critics here maintain that the Serbian army alone would put up an exceedingly good fight against the Austrians. There is no hope, however, that if the conflict comes it can be local.

Object of Coercing Montenegro Liberal opposition to the government's policy in Montenegro is steadily rising. Even strong party loyalty and discipline are not sufficient to prevent an open protest.

There is a traditional sympathy in this country for Montenegro, and Gladstone taught his countrymen to love this heroic little present state. Many liberals view with grave misgivings any participation by Britain in the present naval demonstration.

The Daily News describes the Liberal protest in the commons following Sir Edward Grey's grave speech yesterday, as a notable demonstration of anger.

"It is a strange outcome of our anti-German naval shipbuilding policy that the first instance of any day should be to the tune of glory cheers on behalf of the German against the Slav," it declares.

Canada's milling industry should be able to secure a heavy expansion of trade in the United States market. The coal business and the iron and steel industry will benefit largely through the free coal and fishery clauses and farmers stand to gain through the placing of swine on the free list. Canadian packers will not like this clause. They opposed it in the reciprocity agreement.

The free listing of wood pulp and news print paper is taken to mean a great development in the Canadian lumber industry and the same applies to lumber. Free meats should mean a big boom for the Canadian packers.

The main view expressed here is that the Canadian exporters are being short-changed by the tariff. Particularly in the case of the wool and corresponding advantages for expansion, but the future alone must show the extent of the benefits.

Winnipeg, April 8.—The reduction of the duty on wheat entering the United States will have little effect on the western Canadian grain growers is the statement of local men who say it will have little effect on exportation unless in the event of pronounced shortage across the border.

Boston, April 8.—Fishing interests in Massachusetts are strongly opposed to the measure providing for the free entry of fish, as it is said that it will spell ruin for the industry. Particularly in Gloucester is the opposition strong, and it is said that with the knowledge that the majority of the fish will be landed in Gloucester, England are of provincial birth, many of them will return to the maritime provinces and there will be a shortage of men with the men from these parts engaged in the trade. Several of the "salt fish" men in Boston fear that the wiping away of the duties will drive them out of business.

FORMER CHIEF JUSTICE TUCK IS DEAD

THE LATE CHIEF JUSTICE TUCK

Notable Career Came To an End This Morning HAD REACHED AGE OF 82

On Retirement in 1908, Had Been on the Bench of New Brunswick For 23 Years and For Eleven Years Chief Justice

This morning saw the close of a noted career in the death of former Chief Justice William Henry Tuck, at his residence, 88 Orange street, at the age of 82. He had been in failing health for nearly a year and on Thursday morning took a turn for the worse, although he was able to be up and around for a while each day even up till yesterday, but last night it was seen that he was gradually sinking and the end came about 8:30 o'clock this morning. He remained conscious and his mind was perfectly clear to the last and only last evening he spoke of events in his early life.

Besides his wife, he is survived by two sons and two daughters. The sons are Frank H. of Eborac, B. C., and Charles F. of Winnipeg. The daughters are Mrs. W. Percy Robinson, of Toronto, and Mrs. Freeman-Lake, of Durban, Natal, South Africa, who has been with her father for the last year and a half. One brother, S. Parker Tuck, of Nelson, B. C., sheriff of West Kootenay, also survives.

The funeral will take place on Thursday afternoon. Services will be held in Centenary church, of which the former chief justice had been an active member for more than sixty years.

MANUEL SEES PATH OPENING TO HIS THRONE

Predicts That He Soon Shall Return to Rule in Portugal ALREADY PLANNING

(Canadian Press) Lisbon, April 8.—Former King Manuel of Portugal, declares: "I foresee that I shall return to the throne of Portugal." In an interview, published today in the monarchist newspaper Correio, which does not disclose his whereabouts.

Manuel outlines a programme of social and economic reforms which he intends to introduce when he returns. He describes the condition of Portugal as deplorable, affirming that actual despotism has replaced parliamentary self-government and is controlling the courts of justice while neglecting the country's agriculture, commerce and industry and augmenting the taxes to such an extent as to force 120,000 Portuguese to emigrate during 1912.

The interview is regarded by many people here as one of many indications that the monarchist party in Portugal is relentless in its activity.

TO CONFER ON MATTER OF RAILWAY WAGES

Cleveland, Ohio, April 8.—A conference committee with authority to speak for the fifty-two railroads east of Chicago and North of the Ohio River, will meet with the heads of the order of railroad conductors and brotherhood of railway trainmen in New York on April 22, to settle the wage demands of the trainmen and conductors.

The demands are said to be for standard wage rates for men performing the same service on roads of similar grade, and include a demand for a 15 per cent increase.

THE ASSESSMENT

Commissioner Schofield has received a reply from E. W. Doty, of the Solmer system of assessment, to the effect that they are waiting for a reply from Halifax before they can tell whether or not their representatives will be down in this direction soon. The commissioner wrote some time ago asking that their experts should visit here on their way to Halifax to advise a public meeting in St. John on the value of their system in order to enable the citizens to judge of its value.

SIR CHARLES TUPPER NOT WELL

Winnipeg, April 8.—Sir Charles Tupper is scheduled to leave Vancouver tonight for London but his state of health is precarious. He suffered a chill a few days ago the effects of which were serious. Declining an invitation sent by J. T. Bethune to attend banquet in Montreal, Sir Charles says he will never again make a public speech.

MRS. PANKHURST IS EXPECTED TO BE FREED SOON

Danger That Human Life May Not Be Safe From Extremists HISTORIC PLE ATTACKED

(Times' Special Cable) London, April 8.—The release of Mrs. Pankhurst is now highly expected. The suffragette organizers indignantly protest against the assumption that they will now attack human life, declaring that their campaign is still solely against property.

There is evidence, however, that extremists may at any time avert this limitation and their leaders said.

(Canadian Press) Dudley, Eng., April 8.—Militant suffragettes last night attempted to blow up the ruins of the ancient and historic Dudley castle, the keep of which dates back to the eighth century, when the original stronghold was built by a Saxon prince.

The inhabitants of the town were awakened by a loud explosion at midnight. A large force of local police found some chemicals and blasting powder, some of which had failed to explode. The two old siege guns, weighing a ton each, were thrown out of their positions in the embrasures of the castle by the explosion.

Many of the windows of a group of adjacent cottages were broken but none of the inmates were injured.

"Notes for women and damn the consequences" was printed on one of the old cannon and "In honor of Mrs. Pankhurst" on another, while saragette literature was scattered about. The police found no clue of the perpetrators.

One account of the explosion says that the big gun which was a relic of the Crimean war. It was a Russian cannon captured at Sebastopol and had been placed in the castle as a memento.

The Past and The Future London, April 8.—The Women's Social and Political Union, the organization of the militants, in its annual report, says that the receipts for the year increased \$15,000 over the previous year. The (Continued on page 7, seventh column)

CLOSURE WILL NOT DO FOR CANADA

Conservative Paper Tells Mr. Borden Plainly—Sees Case Where it Might Mean Civil War

(Ottawa Citizen, Conservative) The closure would be welcomed only by despots and machine politicians, giving a dangerous power to those who would squander public money by rushing through the house votes for huge sums without adequate criticism. During the votes on estimates in Britain many millions of pounds are lumped together and passed like by means of the closure, allowing the opposition no opportunity of criticizing particular items. And the system has rebounded upon the heads of those responsible for its introduction.

The closure was devised at Westminster by the Tories to overcome Irish obstruction. It is now being used by the Liberals to force home rule for Ireland through parliament. Imagine the chagrin of good protestants in Canada to some day find a western group forcing free trade through parliament by means of the closure. It will not do for Canada. There are too many racial and religious problems requiring wide-open debate. To employ the closure for a measure inspired in Toronto might cause a civil war.

THE PROPOSED UNITED STATES TARIFF

Some of the benefits which would have been derived by Canada from reciprocity will be conferred upon this country by the revised United States tariff. It is not certain of course that the bill as presented will go through congress without changes, but it may reasonably be expected that the changes will not be very material.

There was a time when Mr. W. H. Tuck was a force to be reckoned with in the political affairs of New Brunswick. He rendered good service to the cause of confederation, and was a warm friend of the late Sir Leonard Tilley and the late Hon. Peter Mitchell.

THE INCOME TAX

A feature of the proposed new legislation in the United States is the income tax. It provides that every resident of the country who earns more than \$4,000 per year shall pay a tax of one per cent on his earnings in excess of the \$4,000.

President Wilson, in the message which he submitted to congress today, told the members that they must "abolish everything that bears even the semblance of privilege or of any kind of artificial advantage, and put business men and producers under the stimulus of a constant necessity to be efficient, economical, and enterprising, masters of competitive supremacy, better workers and merchants than any in the world."

It is interesting to make a comparison between the proposed American and the British income tax. Concerning the British income tax Mr. Bradstreet says: "Under it incomes below \$100 (about \$800) are exempt, but as the incomes increase the exemption decreases. For example, between \$2,000 and \$2,500 the exemption is lowered to \$750; between \$2,500 and \$3,000 it falls to \$600; between \$3,000 and \$3,500 the exemption is only \$350; and above the last-mentioned income it disappears."

UNHAPPY MR. BORDEN The fates are very hard on the Rt. Hon. R. L. Borden. At a time when he is seeking to save the Empire, and to save Canada to the Empire, if it costs \$35,000,000, the United States congress unblinkingly and heartily proposes to adopt a measure which we have been assured over and over again by Tory orators would hurry the country into annexation.

THE EX-CHIEF JUSTICE The death of ex-Chief Justice W. H. Tuck, while he has for some time been withdrawn from the activities of public life, is regretted by the citizens of St. John, and of the province at large; and there will be many throughout Canada to whom the news will recall pleasant relations with a man who occupied a very prominent position for very many years in the public life of all the province.

Premier Borden has given notice of a closure bill. Its passage will be fought by the Liberals, who rightly maintain that the naval question should be submitted to the people. The people of the United Kingdom would not greatly relish a contribution which had to be forced through the Canadian parliament by closure.

Duty cannot be neglected without harm to those who practice as well as those who suffer the neglect.

An Important Consideration In buying a Range buy one which is 1st, a good baker. We guarantee the STERLING to be a good baker. 2nd, has a good draft. THE STERLING has direct draft, and will work in a chimney so bad that most ranges would fail. 3rd, economical in fuel. THE STERLING will burn about one half the fuel some ranges consume, therefore, will pay for itself in a few years in the saving of fuel. Have you seen this range? It will pay you to investigate its merits. EMERSON & FISHER LTD. Phone 2520 25 GERMAIN STREET

Will it Pay You to Move Your Old Stove? This is a question that is bothering many and we hear it every day. Let us tell you right here in the small space we have at our disposal that if you are using a stove that the seams are all sprung, the oven cracked, the flue strips warped and twisted, the damper out of order, etc. that you will be out money and it won't pay you to have it moved or repaired. It will burn too much fuel, it will smoke, keep your kitchen dirty and you won't have your food cooked right. If you buy one of our line of Stoves you will be getting a stove that has been put on the market after being tried and found O. K. in every way. The name Fawcett and our sales are proof of what it will do. We are selling the Fawcett line and our sales are proof of what the people think of them. **NEW TABLOID COMEDY DRAWS BIG HOUSES**

The Tom Boy Pleases Large Opera House Audiences as Much as Previous Bills

The Tabloid Musical Comedy entertainments certainly have become very popular in St. John and the Opera House was filled at both performances last evening when the Tom-Boy Glee club, with everything new in songs and music and action. It proved fully as enjoyable as the preceding programme and clever stage business and an air of jollity that made an hour pass very pleasantly.

All the performers had good opportunity in entertaining and left nothing undone to provide for the enjoyment of the applauding patrons. Miss Ludlow has become a very popular comedienne and her songs went well. Miss Day was again very pleasing and Miss Ebertson furnished a good share of the evening's fun. Mr. Flynn was seen in a new role, which he handled well. Mr. Carrier's singing won him encore and a dainty little miss captured the house with him in a very pretty number. Miss Day's "Cuddle up" won several encores and each one produced a surplus. The best member of the programme, however, was the finale, in which the principals gave a side-splitting travesty on the stage and its people, rattling air. It sent everybody home still laughing at the recollection of it.

**A \$400 PONY OUTFIT FOR BOY OR GIRL HUSTLER**

Nickel Theatre and Oak Hall to Start a Merry Contest on Saturday—A Trip to the Children

A merry rivalry among boys and girls under sixteen years of age is to be commenced by Nickel Theatre and Oak Hall on Saturday next when the first vote coupons in a pony contest will be issued at both establishments in connection with tickets and goods sold. The votes will be issued upon a basis of one cent one vote. A five cent ticket secures a five-cent coupon, a ten cent ticket, ten votes. Goods at Oak Hall will be accompanied by votes representing one vote for every cent of purchase money.

This contest is to be the most elaborate gift-plan ever inaugurated for the children of St. John. The pony is to be a Shetland of royal lineage from the famous ranch of Dunlay in Greenfield, Ohio. The carriage is to be strong, modern, and brand new. The harness and patent leather, brass mounted. Complete the outfit worth about \$400. Early in May the rig complete will be sent to St. John for exhibition on the streets. It will be awarded June 27—school closing.

The scheme of competition is simple and demands no sacrifice in money on the part of the contestant. After enrolling his name or her name at Nickel or Oak Hall, the boy or girl simply sets about to secure as many of the vote coupons as possible. Those of the immediate family, votes given to friends, in fact any or all votes that are issued with tickets and goods, are available if the lads and lassies hustle hard enough. Blank spaces on the coupons should bear the name of the person for whom the votes are intended. Any person may deposit them, either at Oak Hall or Nickel.

It is of importance to intending contestants that they hand in their names at Nickel or Oak Hall before Saturday, so that they may get a running start in collecting the votes which will be given to every patron of Nickel or Oak Hall, day or night, large purchase or small purchase.

**CHARGE THAT CUSTOMS MEN HELPED SMUGGLE**

Australians Alleged to Have Carried on Traffic in Chinese

Melbourne, April 8—Charges that Australian customs officers were banded with Hong Kong smugglers for the evasion of the alien restriction act were made by the company prosecutor when the trial of several customs officers, a Chinese interpreter, and several Chinese residents on a conspiracy charge was begun here.

It was alleged by the crown that a company had been formed with headquarters in Hong Kong to trade in Chinese naturalization certificates. Credentials were bought, it was charged, from returning Chinese who had no further use for them, and these certificates were turned over to some cases, it was alleged, the same certificates were used over and over as fast as they could be returned to Hong Kong. The company, the crown prosecutor asserted, had obtained the connivance of Australian customs officers, thus making the illegal entry of Chinese difficult of detection.

It is charged by the crown that the alleged conspirators received a profit of more than \$1,000 on each certificate issued.

**RECENT DEATHS**

The death of Mrs. Mary Ann, widow of William Buchanan, Sr., Westfield Beach, took place at Shell Lake, Wisconsin, on March 30. Mrs. Buchanan, who was a lifelong resident of Westfield, left about two years ago, at the time of her husband's death, to go to Wisconsin to join her son, William Buchanan, Jr., since deceased. She is survived by one son, George, of Westfield. The body was brought on for burial and was interred in the family burying ground at Westfield on Thursday last.

Mrs. William Buchanan, her daughter, Miss Ella, and Mrs. S. S. Hoar, who accompanied the body of Mrs. Mary Ann Buchanan to Westfield last week, are spending a few days in St. John before returning to their homes in Shell Lake, Wisconsin. Mrs. Hoar is a sister of Mrs. William D. Eastington, Golding street, with whom they are staying while in St. John.

**FORMER HAVELOCK MAN DIED IN LOS ANGELES**

Moncton, April 8—The death of Johnson Grey, a former resident of Havelock, N. B., occurred in Los Angeles on March 31. He had for many years resided in Woburn, Mass., and about three months ago went to California for his health, but his condition gradually grew worse. He is survived by two sons, Frank and Walter, both of Boston. Two sisters also survive. Mrs. D. J. O'Neill of Salisbury and Mrs. Charles Fowle of Los Angeles. Mrs. Grey died in Woburn a few months ago. The body was brought to Woburn for interment, accompanied by Mr. and Mrs. Fowle. Mr. Grey will be remembered by a large number of friends in Havelock and vicinity, who will deeply regret to hear of his death. Following the death of his wife last fall, Mr. Grey spent some time at his old home in Havelock and in Salisbury.

**BUY EGGS BY QUALITY**

Important Resolution Affecting the Trade in Canada

Toronto, April 8—At a meeting of the wholesale egg dealers of Ontario, together with provincial and dominion government officials the question of adopting a system of buying eggs whereby due discrimination would be made according to the quality of the product was taken up. The following resolutions were unanimously endorsed: "Resolved that it is the consensus of opinion of those assembled in this meeting that which the Canadian egg trade needs most at the present time is the passage of an egg marks act, along similar lines to the fruit marks act."

"Resolved that those dealers assembled here unanimously approve of changing the present system of buying eggs, to strictly one of buying on quality basis, after June 1, 1913, and further approve of not paying for any rotten eggs in our receipts after that date, as it is unlawful."

REQUIEM AT ST. JOSEPH'S ORATORY IN MONTREAL TODAY

Mass For Repose of Soul of Father Bourgeois of Memramouc

Montreal, April 8.—St. Joseph's oratory, a little church on the summit of the hill at Cote Des Neiges, a very impressive service took place this morning, when a solemn requiem high mass was celebrated for the late Rev. Father Bourgeois, C. S. C., who died a few days ago at St. Joseph's University, Memramouc.

TO ENCOURAGE FISH TRADE

The February fishery bulletin from Ottawa says—

"While the assistance department has been giving during the past few years in the transportation of fresh fish has resulted in a very rapid development in the trade, there is room for a still more rapid expansion and extension of the business. There is no question that people in the interior portions of Canada could, with advantage to themselves physically and financially, consume much larger quantities of fish than they are doing. No doubt, the reason for the present condition of the fish trade is that the fish is not being distributed in an attractive form, with attention to the interior of the country, and at moderate prices, in practically all the markets of Canada. Much could be done to expand the demand by suitable exhibits of fish at the most important exhibitions in the interior of the country, but more than individual persons or firms would care to expend. This department has, therefore, decided to give a thoroughly comprehensive fishery exhibit at the Toronto fair this year. It is the intention to make this exhibit representative of all kinds of Canadian commercial fish, both in fresh and salted form, and to receive suggestions from those interested in the industry as to the arrangements, special features, etc., of the exhibit."

HOW McDONALD WON NEW ENGLAND RING CHAMPIONSHIP

Boston, Mass., April 8.—(Special)—Dan. McDonald, of Pictou, N. S., can now wear a gold medal as champion 158 pound amateur boxer of New England. He fought B. A. Lavelle of Somerville, last night at the Boston A. A. Lavelle was the winner of that class at the New England championships last year. McDonald was more resourceful and quicker to take advantage. Lavelle was seemingly content with making a few punches and then resting, but while he was taking a dose McDonald would invariably retaliate and pay two for one. About the middle of the third round McDonald floored Lavelle. The session from that to the end was all in McDonald's favor.

Rivers is Favorite

New York, April 8.—Joe Rivers, a Mexican lightweight, and Lesch Cross of this city, fought again here tonight in a ten round bout. They boxed ten rounds here two months ago when Rivers came within a nose of scoring a knockout. In the last round, Brown and Cross has knocked out Joe Mandot, Boy, Cross and Rivers are hard hitters. Rivers is a slight favorite.

This is NOT an advertisement ---but real news

J. Doubtless the investing public will be interested to learn something about the progress made in the erection of the plant of the Eastern Car Company, and the bonds and preferred stock of which was offered for subscription last August.

The plant is being erected on seventy-seven acres of land immediately adjoining the Trenton Works of the Nova Scotia Steel & Coal Company. Up to the present time the power house building has been finished and the installation of boilers and power equipment is well under way.

The steel frame-work of the main building has not already reached the plant, is now being put on. Some idea of the magnitude of the plant may be had from the dimensions of the main building, which is 1,100 feet long, 380 feet wide, and covers nine acres of ground.

All of the necessary equipment which has not already reached the plant, is now either on the way, or will be shipped within the next thirty days. In short, it is confidently anticipated that the plant will be fabricating car material within the next three months.

Wall Street Notes

New York, April 8.—Americans in London steady, 1 1/2 to 3/8 higher; console 7 1/8, off 1/8.

London newspapers say tariff bill great setback to protectionists since Robert Peel established free trade in England. Canada has placed with tariff bill.

Government crop report on condition of wheat and rye to April 1, will be out tomorrow.

Copper producers' figures out around 12,300 today.

Money conditions should improve. Tariff talk and changes will make for demand for money for commercial purposes, as no manufacturer will make any contracts at present.

Yesterday the biggest order for tin plates was placed in Wales, than for many years, to be shipped when the new tariff goes into effect.

The stock market yesterday was nervous and the end disappointing, but generally not carrying large volume of stock. We shall now have tariff talk served every hour and a trading position looks the best, buy on the receding ground, reading, Atchison, St. Paul, Copper and Can.

SHEARSON HAMILLY & CO.

Municipal Ownership Wins Detroit, April 8.—Municipal ownership won in Detroit yesterday by a tremendous popular vote, according to all indications. Representatives of the D. U. R. last night are not disposed to admit that the amendment has carried, although early figure point almost entirely in that quarter.

REVOLVING DOOR FOR POST OFFICE

A new revolving door is to be installed in the main entrance of the post office. It will be airtight and will lessen the drafts through the delivery windows and it will also take up less room in the lobby. Objections have been made that it will congest when there is a rush of people, but the same kind of doors are used successfully in the Montreal post office. Workmen are busy today removing the old entrance doors and in the meantime one of the side doors on the front of the building is being used.

During the tornado in Omaha a two-story beam was driven through the wall of a house and through the side of a piano, in which it lodged. The side of the piano was not splintered, but the timber was wedged in as neatly as if put in by a carpenter.

REVISE THE TARIFF TO "SQUARE WITH FACTS"

(Continued from page one)

large circumstance of our industrial development was what it is today. Our task is to square them with the actual facts. The sooner that is done the sooner our men of business will be free to thrive by the law of nature (the nature of free business) instead of by the law of legislation and artificial arrangement.

We have seen tariff legislation wander very far afield in our day—very far indeed from the field in which our property rights are naturally and justly secured. No one who looks the facts squarely in the face, or knows anything that lies beneath the surface of action can fail to perceive the principles upon which recent tariff legislation has been based. We long ago passed beyond the modest notion of "protecting" the industries of the country and moved boldly toward the idea that they were entitled to the direct patronage of government. For a long time—a time so long that the men now active in public policy hardly remember the conditions that preceded it—we have sought in our tariff schedules to give each group of manufacturers or producers what they themselves thought they were entitled to in order to maintain a practically exclusive market as against the rest of the world. It is plain that these principles must be abandoned, and that the duties laid upon our goods must be reduced to a level which will give each group of manufacturers or producers what they are entitled to in a free market. CHIEF JUSTICE TUCK IS DEAD

(Continued from page one)

Hon. W. H. Tuck was a son of the late Moses Tuck who was born in the town of Portland on February 27, 1831. The Tuck family came to America from Gortree, Eng. in 1831, and ancestors of the retiring chief justice played important parts in the early history of the colonies.

His grandfather, Samuel Tuck, was a member of the first legislature of the State of Maine. The father of Judge Tuck coming from that state, was a resident here for upwards of half a century.

On Oct. 13, 1848, Judge Tuck retired from the law office of Wilcox, in Fredericton, as a student at law, and only two years later, in 1850, he began his public career by taking an active part in the election of Mr. Wilcox. For the fifty-six years since he has always had an active share in the public life of the city. He was, previous to coming to the retiring chief justice played important parts in the early history of the colonies.

SPORT NEWS OF A DAY, HOME AND ABROAD

BOWLING

In the City Bowling League last night the Insurance team took three points from the Market Men, 1299 to 1229. Bestway, of the winners with 89, and Slocum, of the losers with 88 2/3 had the best averages.

In the two man team tournament Gilmour and Wilson won four points and Linton and McLeod won two. The score was 928 to 884. Wilson had an average of 100.23 for the five strings.

The matches scheduled for tonight: City League, Wanderers vs. Sweeney, two-man tournament, Foster and M. Hurley vs. Elyea and Ferguson.

BASEBALL

Red Wings Defeated. In the Red Wings' Basketball League, the McGilliverries defeated the Red Wings yesterday afternoon by the score of 4 to 3. The match was played in the Y. M. C. A. On Friday afternoon the Bluebirds will play the McGilliverries.

TENNIS

St. John Tennis Club. The annual meeting of the St. John Tennis Club took place last evening in the Church of England Institute. There was a large attendance and the reports showed that the year had been a successful one. Arrangements were made for having the courts put in shape and it is likely that play will be started about the middle of May. The election of officers resulted as follows: President, Percy W. Thomson; vice-president, C. F. Inches; secretary-treasurer, K. S. Barnes.

THE TURF

Maritime Horse Show. The Maritime Horse Show will open in Amherst tomorrow and will continue throughout Thursday and Friday. The show will surpass any previous exhibition. Horsemen from all over the maritime provinces are taking interest. The entries are not only larger but very much more representative of the three provinces. Citizens of Amherst expect a big crowd of visitors.

BOXING

News of the Boxers. Lether McCarthy is to box in the east next week. He has picked out Jim Flynn as his opponent. The bout will be in Philadelphia.

Freddie Welsh will pay particular attention to Joe Rivers and Leaches Cross when they clinch and tussle, for one of them will be Freddie's opponent in the near future.

NEW GLOTTING CHAMPION

In the New England boxing tournament in Boston last night, Charles Ashkin, of Boston, champion of the 145-pound class, was defeated by Joe Whiteman of Boston. Daniel McDonald of New Glasgow, N. S., took the 128 pound championship title from B. A. Lavelle of Somerville. Thomas Egan and Michael F. Sullivan of Boston retained the championships in the 115 and 135 pound classes respectively. The other new champions are Barney Snyder of Boston, in the 105 pound class; Walter Higgs of Brockton at 125 pounds, and Charles Olsen, of Somerville in the heavyweight division.

WRESTLING

Paul Them Well. Frank Gotch and George Larrich drew \$8,000 when they wrestled for the world's title.

BASEBALL

Wagner Injured. Kansas City, Mo., April 8—Hans Wagner, premier shortstop of the National League, may not participate in the opening game in Cincinnati. Manager Fred Clarke of the Pittsburgh club has sent

Wagner to Youngstown, Ohio, for treatment. Wagner is suffering from a torn ligament in the right leg near the knee. Wagner received the injury on March 28 in a game with the Boston Red Sox. He continued to play, not thinking it serious.

Chance and Derrick Hurt. The New York Americans defeated the Brooklyn Nationals yesterday in Brooklyn 8 to 4. Chance twisted his ankle and Derrick was spiked on the hand and neither may be able to play in the start of the championship season on Thursday.

On Black's Alleys. In the City Bowling League last night the Insurance team took three points from the Market Men, 1299 to 1229. Bestway, of the winners with 89, and Slocum, of the losers with 88 2/3 had the best averages.

In the two man team tournament Gilmour and Wilson won four points and Linton and McLeod won two. The score was 928 to 884. Wilson had an average of 100.23 for the five strings.

The matches scheduled for tonight: City League, Wanderers vs. Sweeney, two-man tournament, Foster and M. Hurley vs. Elyea and Ferguson.

In the Red Wings' Basketball League, the McGilliverries defeated the Red Wings yesterday afternoon by the score of 4 to 3. The match was played in the Y. M. C. A. On Friday afternoon the Bluebirds will play the McGilliverries.

TENNIS

St. John Tennis Club. The annual meeting of the St. John Tennis Club took place last evening in the Church of England Institute. There was a large attendance and the reports showed that the year had been a successful one. Arrangements were made for having the courts put in shape and it is likely that play will be started about the middle of May. The election of officers resulted as follows: President, Percy W. Thomson; vice-president, C. F. Inches; secretary-treasurer, K. S. Barnes.

THE TURF

Maritime Horse Show. The Maritime Horse Show will open in Amherst tomorrow and will continue throughout Thursday and Friday. The show will surpass any previous exhibition. Horsemen from all over the maritime provinces are taking interest. The entries are not only larger but very much more representative of the three provinces. Citizens of Amherst expect a big crowd of visitors.

BOXING

News of the Boxers. Lether McCarthy is to box in the east next week. He has picked out Jim Flynn as his opponent. The bout will be in Philadelphia.

Freddie Welsh will pay particular attention to Joe Rivers and Leaches Cross when they clinch and tussle, for one of them will be Freddie's opponent in the near future.

Spike Kelly, Once a Prosperous Boxer, Now a Helpless Cripple

By TOM ANDREWS

If stars of the athletic world could keep up their bright side of life until the end, what a grand proposition it would be! But there are few of them who have the right finish.

Twenty-five years ago George (Spike) Kelly was a flashy young man and one of the real good light-weights of those days. He had plenty of money with all the good things that go with it and he was dined and wined aplenty. Later he became a trainer of boxers and had handled some of the best in the country, among them Battling Nelson, whom he helped when Bat was just beginning to blossom forth as a light-weight of the old school.

Today poor Kelly is a helpless cripple and blind, depending upon what help he can get from friends and what aid his good wife has been able to give him, also the aid of his faithful bull-dog, which has brought him a dollar by his clever tricks, for the unfortunate trainer. A few years ago Kelly was paralyzed and could only get around with the aid of crutches. He lived in Denver and all the boys were good to him, lending a hand whenever possible. He sold books and trinkets and with his trick dog did fairly well. A year ago he lost the sight of one eye and a few months ago had trouble with the other one. He went to San Francisco in the hope of saving the sight of the remaining good one, but now he has lost that one also, being left totally blind. He returned to Denver and is now having a hard fight to keep going.

It was Kelly who got Battling Nelson one of his early fights that helped push him to the front. He matched Bat with Adam Ryan at Little Rock, Ark., in 1903, and the \$300 which Bat got for the bout helped him to more good ones. Kelly also trained Bat for a time and it must be said that Bat has helped the poor fellow more than once, not forgetting the past favors.

The hardest blow of all, however, came a little more than a year ago when Kelly was at Salt Lake City. He had gone there ahead of time, thinking the trusts are doing away with competition, and when competition, with its ill

effects, vanishes, the world will be a better place." The speaker was William Dean Howells. He continued: "But the trust deserves no credit for working toward this good, for the trust's motive is evil. The trusts, indeed, treat the public as the tramp treated the golfer. 'My good man,' said the golfer in anxious tones, 'have you seen a golf ball hereabouts? It's my last ball, and if I lose it I shall have to give up my day's game and return to town.' 'The tramp, a villainous looking individual, answered: 'No, boss, I ain't seen no golf ball, but I've got one in my pocket that I brought from home; what I don't mind sellin' you for a couple of dollars.'"—New York Tribune.

IF CHURCHES USE "MOVIES," MUST MEET FIRE REGULATIONS. Spokane, Wash., April 8.—Taking the stand that churches in two years will be using moving pictures, unless their churches as a rule are not under the necessity of hanging out the "standing room only" sign.

The new ordinance leaves the matter of requiring permits on the part of churches to the discretion of the commissioner of public safety.

Chicago, April 8.—That rheumatism is caused by a germ is announced by Doctor Edward C. Rosenow, of Rush Medical College, who also asserts he has discovered the identity of the hitherto unknown bacteria.

Doctor Rosenow made known his discovery for the first time to the staff of the Chicago Tuberculosis Institute, to whom he described his research work. He said it had been carried on by experiments with rabbits into which he injected rheumatic germs taken from human beings.

Doctor Rosenow found the tonsils of several patients were inflamed. He injected bacteria from tonsils into rabbits and the identical symptoms developed.

There is nothing to indicate the disease may be transmitted through air, Doctor Rosenow said, and it is believed that the germs lurk in food and first lodge in the tonsils. His discoveries will be the basis for experimental work in search of a cure for rheumatism.

TAKING IT ALL IN. Miss Polly Juggles' mouth was exceedingly well developed. She sat in blissful contentment on the sea beach at Blackpool watching the restless sea and something of his grandeur shed its light upon her soul.

"Oh, Harry," she said to her young man, "ow grand it all is, ain't it? I feel as though—well, I could open my mouth and take it all in."

A small boy who was nearby looked up, a startled gleam in his eye. "But I say," he remarked, "you won't do it, will you? We only come down here yesterday."

April Rod and Gun

April Rod and Gun in Canada published by W. J. Taylor, Limited, Woodstock, Ont., is of particular interest to the fisherman. "The Giant Trout of Nipigon" is the opening number and describes the excellent trout fishing that is to be had on this famous stream, which is probably not excelled by any other trout fishing stream in the Dominion. Professor Edward E. Prince, commissioner of fisheries, contributes an article on "The Pearlsides: A Luminous Fish New to Canada."

"The Amateur Fisherman—Also His Wife" is a humorous sketch of a day's fishing that proved disastrous alike to the fisherman's tackle and to his temper. Fishing stories from British Columbia, Alberta, Cape Breton, Ontario, etc., serve to maintain the representative character of the magazine, while other topics including another article on the fox industry and number three of the series "Small Fur Bearers and How to Take Them," give variety to the issue in which they appear.

TRAMP GOLF BALL. The trusts are doing away with competition, and when competition, with its ill effects, vanishes, the world will be a better place." The speaker was William Dean Howells. He continued: "But the trust deserves no credit for working toward this good, for the trust's motive is evil. The trusts, indeed, treat the public as the tramp treated the golfer. 'My good man,' said the golfer in anxious tones, 'have you seen a golf ball hereabouts? It's my last ball, and if I lose it I shall have to give up my day's game and return to town.' 'The tramp, a villainous looking individual, answered: 'No, boss, I ain't seen no golf ball, but I've got one in my pocket that I brought from home; what I don't mind sellin' you for a couple of dollars.'"—New York Tribune.

### LOCAL NEWS

**NOT OF ELM STREET.**  
Robert Lloyd who was arrested on Saturday, is not Robert Lloyd of Elm street.

**FRESHET AT STANDSTILL.**  
The water in the harbor at Indian-town has seemingly neither risen nor fallen to any remarkable extent within the last few days, but is still quite high. It has not yet come to the level of the wharf-tops. Warm weather would bring the water up to the freshet mark.

**DEATH OF A CHILD.**  
The death of Leonard Foren, youngest son of Mr. and Mrs. Henry Foren took place this morning at the General Public Hospital. He was in his third year and had been sick only a short time with typhoid fever. There will be much sympathy for Mr. and Mrs. Foren, particularly as two more of their children are now sick with typhoid.

**CARS OFF TRACK.**  
The derailment of seven cars of a freight train at South Bay this morning early caused a blockade for a time, and though a wreckage crew was at once sent out they had a heavy task and the tracks were not clear early this afternoon. The accident caused a holdup of the outgoing Boston train leaving at 6:45 a. m. for some hours at Fairville until a transfer of passengers, mail and baggage could be made, and the same was true in the case of the incoming Boston and Montreal. In this latter instance the passengers were transferred together, and brought to the city this afternoon about two hours behind time. It was expected to have a clear track before this evening.

**POLICE COURT.**  
Joseph Lobb, arrested yesterday in the West Side toll house on drunkenness charge and threatening Superintendent Waring with a knife, was fined \$5 or two months for drunkenness and \$20 or two months for the other offence.

Peter Joseph, colored, charged with being drunk and profane in Brasels street last night, was fined \$8 or two months in jail.

Two men charged with drunkenness were remanded and one was fined \$8 or two months. A woman was sent to the Home of the Good Shepherd for an indeterminate period on a like charge.

Charles Tröper, an Indian, who was remanded yesterday on a charge of being drunk and resisting the police, was fined \$8 or two months on drunkenness charge and further remanded on the charge of resistance.

**LIQUOR CASE HEARING.**  
In the police court this morning Charles Lannen appeared to answer a charge of selling liquor to an intoxicated man. Policeman Garrett said that he found a man named Richard Tapps lying drunk in a street car waiting room in Douglas Avenue and he had in his possession a full bottle of liquor. He arrested the man and brought him to the central station.

Tapps said that he went into Lannen's bar room on Saturday afternoon and had two drinks of whisky, bought a bottle of whisky and went out perfectly sober. He did not open the bottle nor could he remember drinking any more that day. He said that he would take at least four glasses of whisky to have any effect on him.

Charles Lannen told of Tapps buying two drinks of whisky, which he said was for a cold. He then asked for a bottle of whisky and on receiving it he let the store as sober as when he had entered. The case was postponed until Friday at 2 o'clock.

**MOTHER OF THOMAS H. SOMMERVILLE IS DEAD AT GREAT AGE OF 93**

Thomas H. Somerville of this city, this morning received the sad news of the death of his mother, Mrs. Jane Elizabeth Somerville, which occurred this morning at the home of her daughter in Berwick, N. S. She had reached the great age of ninety-three and had enjoyed good health during all those years. Mrs. Somerville was the widow of Rev. William Somerville, who was a noted pioneer Presbyterian minister in the maritime provinces, and who died some thirty-five years ago.

From 1822 or 1823 until 1890 Mrs. Somerville has made her home with her son in St. John as also her daughter, Miss Susan, who has been an invalid for a long time. In 1890 Mrs. Somerville and her daughter removed to Berwick on account of the daughter's health and since then had lived with another daughter, Mrs. George H. Smith, at whose home her death occurred.

The members of the bereaved family are: Rev. Robert M. of New York, Mrs. George H. Smith of Berwick, Arthur M. of Truro, Miss Susan of Berwick, and Thomas H. of this city.

The sympathy of the great number of friends of the family will be extended to them in their bereavement.

**THOMAS L. HAY IS DEAD AT AGE OF 86**

For Many Years Prominent in Business and Church Life of St. John

The death of Thomas Lannen Hay took place at the residence of his daughter, Mrs. D. Mackendrick, 41 Paddock street, between nine and ten o'clock this morning, in this city. Mr. Hay had been a man of active habits and while engaged in business was well known throughout the city and province, his business associations and his well known integrity had gained for him many friends. During recent years he had gradually retired from active life, but had comparatively good health until within a few days of his death.

Thomas L. Hay was the eldest son of William and Eliza Hay. He was born in St. John on February 28, 1827, and was therefore in the 87th year of his age. He sprang from Loyalist stock on his mother's side, she being a granddaughter of Captain Simon Baxter of Norton, Kings county, who came to New Brunswick at the close of the revolutionary war and received a grant of land extending from the Fingerboard (Norton) to Hampton Ferry on both sides of the Kennebecassa River.

Mr. Hay was twice married. His first wife was Susanna, daughter of the late Joseph Gilles of Springfield, Kings County. There were no children by this marriage. His second wife was Maria Aurelia, daughter of the late John Case of Wickham, Queens county, and of this union five children survive—Robbie, wife of D. Mackendrick of this city; Floche, wife of F. J. Kennedy of Boston, Mass.; William of Rosedale, Mass.; Isabel, wife of Dr. C. R. Whitcombe of Rosedale, Mass., and Thomas U. of Boston.

Of the seven brothers and one sister who made up the family of the late Mr. Hay, only one brother survives—Dr. G. U. Hay of this city.

Mr. Hay was a man of quick sympathy and buoyant temperament and always ready to extend a helping hand to anyone in trouble. During his life in this city he took an active interest in civic affairs and was for many years chairman of the Slougher House Commission. He was a deacon of the Lenister street Baptist church and a member of the Foreign Mission Board. He was a consistent and exemplary Christian.

**HON. W. S. FIELDING.**  
Hon. W. S. Fielding, who has been in England for some months and who returned to Canada by the Allan liner Victorian arriving at Halifax on Friday evening is in excellent health and spirits, and is looking exceedingly well. He expects to leave for Ottawa today.

**WHOLESALE GROCERY MARKET**

The wholesale grocery markets have been quiet during the last fortnight or more, and very few changes are recorded, although in some cases staples are unsettled and an advance or decline might come almost at any time. Molasses is reported very firm and the tendency is to advance rather than decline, as reports from Barbados, the chief centre of supply, are that crops are short so that orders are now being taken at an increase over last week's quotations.

Sugar remains about the same and there is believed to be little prospect of a change if anything, lower quotations are expected as soon as the full extent of the crop is determined, for present indications are that stocks will be very plentiful. Pork has steadily advanced and domestic mess is now up to 28 a barrel, a remarkably high price. Pork products are also decidedly firm.

**COAL HANDLERS' MEETING**

The Coal Handlers' Union, Local 80, I. L. A., held a full meeting last evening in the Opera House building. It was well attended, all work being suspended to ensure a large gathering. A system of withdrawal cards was arranged for. President F. Hyatt spoke about the work accomplished by the union since its inception. J. E. Tigue international vice-president, spoke with reference to organization work in the city and drew the attention of the members to the label section asking them to support union made goods. J. Sanguin, president of the Trades and Labor Council, drew attention to the work of this council and spoke on the needs of political action.
