Speer, secretary of the foreign mission board of the Presbyterian church in the United States, who took as his subject the united work in non-Christian lands.

LOCAL NEWS

KING'S LAW SCHOOL

The opening of the King's College Law School will take place this afternoon at five o'clock. It is probable that Dr. Silas Alward, K.C., will deliver an address while other legal gentlemen are also expected to be present. The course of lectures will begin tomorrow. About the usual number of students, ten or twelve, will be in attendance.

TONIGHT'S CONVENTION

It was said today that it was regarded as practically certain that the choice of the delegates of the Conservative party at a meeting this evening to nominate a candidate for the local house in St. John county will be Recorder Baxt, Jr. It is said that W. J. Dean, ward warden, would probably be willing to run, but the choice was in favor of Mr. Baxt.

EDWARD McMANUS

The death of Edward McManus, lately in the employ of the I. O. O. F., took place this morning at his home 8 Military Road after an illness of several months. He was a son of the late Patrick McManus of Golden Grove, and is survived by two sons, John and Francis; two daughters, Miss Anne and Gertrude, and two nieces, Miss Margaret and Bridget McManus of this city. The funeral will take place on Thursday morning, from his late home in Military Road.

BACK FROM NEW YORK

Robert Connely, manager of the Pejequet Lumber Co., of Great Salmon River, arrived in the city this morning from New York, where he was on business. He attended the funeral of David S. Cowles, president of the company. A meeting of the board of directors will be held on Saturday, the affairs of the company were discussed. It was decided that matters should go on as they were for the present at least, and no changes were made. The work undertaken will be pushed ahead as rapidly as possible. Some of the board of directors will be here next week to look over what has been done. It is probable that a meeting of the board will take place next week also.

WANT NEWS OF MR. BRIGGS

Registrar John J. B. Jones has an enquiry from Philadelphia for information about a man named Briggs, whose Christian name is John, Robert or William. The enquirer is a lady who is trying to find out something about her grandfather. She says that her father is John Briggs, a seafaring man, some of whose brothers are now residing in St. John.

A DAY'S TRAGEDIES

New York, Nov. 14.—The police have arrested Peter Dellona, charging him with the triple murder of his sister, Mrs. Anthony Ledars, her five-year-old daughter, Rosa, and his mother, Mrs. Anton Dellona, who were shot to death in Brooklyn yesterday. The police say that Dellona had recently attempted to force money from his mother and sister, as his supposed share in the small estate of his father, who died some time ago.

TO THE PANAMA CANAL

London, Nov. 14.—The Globe is authority for the statement that German capitalists, backed by the German government and with the personal good will and sympathy of the Kaiser, are planning to build an ocean waterway as a rival to the Panama canal. The route favored is presumably the one via the San Juan river and the Nicaragua in the republic of Nicaragua.

CARNEGIE TO CANADIANS IN NEW YORK

Sees Some Things, Uncle Sam Might Copy; a Word For The Scotch

Hon. Geo. E. Foster Opens on Same Subject and Drifts Into Some Expressions on Trade and Tariff—What He Says on Reciprocity

(Canadian Press)

New York, Nov. 14.—At last night's Canadian Club dinner, Andrew Carnegie dwelt on his favorite topic, "Peace." He recalled that on his visit to Canada, some years ago, there was much rejoicing over the building of the first dreadnought "King Edward" had just pronounced the dreadnought, the most powerful in his navy," said the Laird of Skibo. "I ventured to suggest that he had made a mistake, the most powerful vessel in the British navy was a tiny craft flying the Union Jack with the maple leaf; the made of a similar vessel flying the stars and stripes. The only shots fired by these two were in exchanging courtesies with each other, but they had maintained peace for nearly a century. They are the true dreadnoughts."

"People in the future would look back to navies as aberrations," said Mr. Carnegie, "just as people nowadays look back on ancient instruments of torture." He declared that Canada had sent 40,000 of her young men to the aid of the American nation, and added that should Canada ever be invaded 400,000 English speaking brothers would cross the border to repel the invaders from her shores.

"Relieve me, gentlemen," he exclaimed, "your neighbors of the race, would be with you and neither rest while an invader desecrated the sacred ground of freedom and of peace."

Mr. Carnegie commented on the settlement difficulties as to boundaries and other matters, as the finest example that the world had ever seen. There is no gun and take, too," he added, "for while Eastern Canada sends many of her sons to the United States, the United States sends many of her sons to Eastern Canada. The latter, hardly know that they have changed their homes. 'We, in America,' he added, "could afford to follow Canada's example in regard to the control and management of labor. We could well adopt her system of mounted police in the far west. It is an admirable corps that has won our admiration. We have reason to be proud of our race and in the north. I hesitate to intimate to you, with great modesty, that it may be that the strain of Scotch blood which is so strong in our neighbors may have evolved and deserves to be credited with the perfection attained."

Hon. Mr. Foster

Hon. George E. Foster, who was suffering from a severe cold, spoke briefly. Expressing strongest sympathy for peace, said he knew it would always exist between the two countries. He agreed, ever, with President Taft that it was to have a power strong enough to peace in countries that do not solve.

Canada has always wanted to trade with the United States," said Mr. Foster, "and under one treaty she has done so. American abrogated that treaty. It is just a question of how trade is to be carried on. We are your third best customers. We give you a bigger market than you give us. We meet you with an average tariff of 22, and you meet us with 44. We did not reject reciprocity because we did not want to trade with you. We have for the United States two distinct feelings, admiration for your great progress and anxiety to avoid our mistakes. We in Canada, are British, and we intend to remain British to the last crack of doom, and we could not remain so under a reciprocity pact. We could not break down our barriers of protection. We want the United States to remain our friend and neighbor, but when it comes to a question of trade, we are not to be taken in."

Other addresses were delivered by Principal Peterson of McGill, President Falconer of Toronto University, Dean Galbraith of the Engineering department of Toronto, E. Faltre, surveyor of Montreal; J. E. McLean, Dr. E. R. Gould, former city chamberlain of New York; and State Senator Barton of Brooklyn, all Canadians.

CANADIAN PUBLIC HEALTH ASSOCIATION CONGRESS

Montreal, Que., Nov. 14.—The inaugural congress of the Canadian Public Health Association will take place in Montreal on December 13, H. R. H., the Duke of Connaught, who is royal patron of the association, will officiate.

The date had been provisionally fixed for November 21, but when it was learned that the government would be present in Montreal December 12-16, and that he had consented to open the proceedings in person, a change in the date was made.

WHAT BECOMES OF THE AUTOMOBILES?

There Are Now 405,000 Registered in the United States and Probably 50,000 Not Listed

New York, Nov. 14—The problem of what becomes of the automobiles was discussed before the House of Representatives by J. N. Willys. Some valuable and interesting facts concerning the production and disposal of motor vehicles were presented by Mr. Willys, who said that 405,000 automobiles were registered in the United States, with 50,000 not registered. Mr. Willys places the value of exports for 1912 at nearly \$20,000,000 and estimates the entire production in the United States during 1912 at 250,000.

Mr. Willys in part said: "There are now in the United States 405,000 automobiles. There are approximately 50,000 in the states where no registration is required. We have a total population of 90,000,000 people, thus up to date only one in every 200 owns an automobile."

To quote official statistics, there are in the United States 18,800,000 families; 1,750,000 families have an income of between \$1,200 and \$1,800 a year; 1,440,000 families have an income of \$1,800 to \$2,500 a year; "TAINTED MONEY"

When nature sends forth her frost like messengers so that no one can stand before her cold, the Eskimo of the North will be sorry he did not accept the proceeds of Dr. Cook's lecture and fortify himself and his children against the days to come.

Money, properly speaking, has no more character than stone, bronze, iron, or steel implements. It has no ethical function, and it has no character. The ethical functions ascribed to it are entirely false.

MARQUIS OF QUEENSBURY ON VISIT TO TORONTO

Toronto, Nov. 14.—The Marquis of Queensbury, who is at present connected with the Chicago Tribune as a writer of special sporting articles, is in Toronto to spend a few days renewing old acquaintance, and, incidentally, he says, to obtain a respite from the unwell-known notoriety which has pursued him ever since he landed in America about three months ago.

Cheerfulness

pays and cheerfulness replaces grouch when stomach, liver, kidneys and bowels are helped naturally to do their duty by Beecham's Pills.

WHEN MOTHER ISN'T HERE

Sometimes think all things are wrong, Or scarcely right by half, When from the home of day or night We miss the Mother's laugh;

No one can fill her place at home, We all confess to that, And life without her goes away, Grows wearisome and flat;

The children, how they miss her, too, And long for her return, And when to bed they have to go, For Mother's kiss and morn;

Then help with words and deeds of love The Mother in the home, And take her as your guiding star, When through the world you roam;

TUNGSTEN LAMPS

True, these incandescent lamps cost more than carbon filament lamps, but saving, as they do, 75 per cent of current, they certainly are the most economical lamps to buy.

The Tungsten Lamps we sell are made with Drawn Wire Filament, are much stronger than the ordinary Tungsten, can be used with keyed socket and will burn in any position with an average life of 1,000 hours.

THE FUTURE OF HALIFAX

(Halifax Record) There are many Halifax people who, when they consider the amount of improvement that needs to be done in Halifax, have a feeling akin to despair.

The city seems to them so fixed and unyielding that the task seems to be an impossible one to undertake. The Civic Improvement League is not so pessimistic, but it believes that whatever can or cannot be done in the way of improving what actually exists, the future development of the city can be influenced for good.

Besides, there are certain projects afoot that can be turned to the best advantage by exercising proper foresight. So it proposes a plan for the improvement and beautification of the city. This is really what the meeting on Tuesday evening will be about. It will be held in the Board of Trade rooms at 8 o'clock.

POWER REPORT IS ADOPTED BY COUNCIL

Aldermen Also Vote for Police Court Investigation—General Business

At a special meeting of the common council last evening, the report of the Hydro-Electric committee recommending that the charter of the New Brunswick Hydro-Electric Power Company be granted by the provincial legislature under certain conditions, was adopted without any serious alterations, and with but slight additions. A clause was added giving the city authority to purchase the property of the company at the expiration of thirty-two years.

A motion by Ald. Smith to ask the charter committee to admit the city charter to the common council for consideration was voted down.

Ald. Wignome's motion to memorialize the provincial government in favor of an investigation into the conduct of the police court and the administration of police affairs was adopted. In compliance with a request of the board of trade the council named a committee of three to act with committees from the board of trade and shipping interests in considering the pilotage conditions at the port. D. H. Nase was reappointed school trustee.

Mayor Frank presided, and the full board was present at times during the evening, with the exception of Ald. McGoldrick, who is out of the city.

The Hydro-Electric report was the first business taken up, and Ald. Kierstead moved the adoption of the first section, recommending that the term of the franchise be fifty years.

Ald. Hayes favored a shorter term, and moved that it be reduced to thirty years. This was seconded by Ald. Scully.

The vote resulted as follows: Yeas—Holler, Scully, Kierstead, C. T. Jones, McLeod.

Nays—Potts, Colner, J. B. Jones, Smith, Edin, Wignome.

The original motion for the fifty-year term carried by this vote reversed.

On the matter of rates Ald. McLeod read an amended tariff but it was not seconded and the original was adopted.

Ald. Kierstead moved a section recommending that the maximum charge for meters be ten cents a month, and that the customers be given the option of purchasing and putting in their own meters. This was adopted.

Ald. Hayes moved that the time limit of three years allowed other companies in which to be granted similar privileges, be struck out, and that no restriction as to time, and this was adopted.

Ald. Kierstead submitted a section requiring this company and all other companies granted similar privileges to be ready to deliver light until the first of March three years from the time their charter was granted. This was adopted.

Ald. Potts moved a section requiring the company to expend \$100,000 in eighteen months from the granting of their charter, and \$200,000 in three years. This was adopted.

The report was adopted as a whole.

Ald. Smith's motion to grant D. H. Nase a member of the school board was carried unanimously.

Mary H. Knowles was granted a lease of lot 47 in Leinster street.

The Englewood Pulp & Paper Company's communication, asking for the extension of their charter with regard to supplying water power and asking that no arrangements be made with other companies was read.

On motion of Ald. Potts it was decided to send the company a copy of the hydro-electric report which sets forth the terms on which they may enter the city.

When the board of trade's communication was read asking that a committee of three be appointed to act with the board and shipping interests on pilotage matters, Ald. Elliott made a violent attack on the board of trade. He said this organization was always buying itself with matters entirely under the supervision of the common council. As a member of that body he wanted to say he was quite able to look after the questions under its control without any help from the board of trade.

Ald. Hayes' motion to appoint the committee carried, and Aldermen Edlin, Colner and Hayes were appointed.

Frank Theall's petition for a job in the ferry service was read and Ald. C. T. Jones made an impassioned appeal for the petitioner.

His motion to instruct the superintendent to have the man given a position was seconded by Ald. Potts.

Ald. Edlin moved the matter be referred to the ferry committee and this was seconded by Ald. J. B. Jones and carried.

J. F. Calder, fishery inspector, wrote regarding the passing of fish through the fishway at Robertson's dam and made certain recommendations which were referred to the water and sewerage board.

The communication from Weldon & McLean saying on behalf of their clients, the Atlantic Sugar Refineries Co. Ltd., that Mr. Durant fully intended to proceed with the work and expressing surprise at the action of the council in considering the application for incorporation was read and, on motion, filed.

C. B. Lockhart asked permission to build a weir off Barrack Point and the matter went to the board of works.

The St. John Art Club submitted their application for incorporation for approval and this was referred to the bills and by-laws committee.

On motion of Ald. Hayes it was decided to pay the sum of \$20, the deficit of the free kindergarten committee.

Adjournment was made until Monday evening next.

ROBBED OF HIS MONEY, HIS DISPATCHES LEFT

Paris, Nov. 14.—M. Prune, a secretary of the French Embassy at Rome, was the victim of a daring train robbery a few days ago. He was returning to Paris by the express from Rome with diplomatic messages in his charge, and had engaged a berth in a sleeping car to rest for a few hours before arriving in Paris in the early morning.

Between Dijon and Laroche, which is the last stop before Paris, he noticed that his pocket case and purse were missing. A search was made, and both objects were found at the end of the corridor, completely empty. M. Prune is the loser of \$80, but congratulates himself on the fact that his dispatch book was not taken.

THE DANDRUFF GERM AND THE GUINEA PIG

When Dr. Lasser and Bishop made a pomade by mixing scales of dandruff and vaseline, which they afterwards rubbed on a guinea pig, they were contributing to science more than they knew. The application of the salve caused the pig to lose its hair and become bald.

This was merely one of the preliminary steps which made possible the discovery of Newbro's Herpicide. After establishing beyond question the existence of the dandruff germ, a remedy was needed to kill this parasite.

There was nothing which would do this until Newbro's Herpicide was placed upon the market. It is the first recognized remedy for dandruff. Herpicide kills the germ, prevents falling and stopping itching of the scalp. Don't take a substitute; you are always getting the genuine article.

Herpicide is for use at drug stores. Applications may be obtained at good barber shops.

One dollar size bottles are guaranteed. Send 10c. in postage or silver for sample and booklet to The Herpicide Co., Dept. R., Detroit, Mich.

ST. STEPHEN'S CHURCH GUILD

The first meeting of the winter season of St. Stephen's Church Guild was held last evening. The meeting took the form of a congregational social. There was an address by the pastor, Rev. Gordon Dickie, and a musical programme in which the following took part: Mrs. Dickie, Miss May Gilchrist and Miss Jennet Armstrong. Officers were elected for the year as follows: Honorary president, Rev. Gordon Dickie; president, Mrs. S. Crawford; vice-presidents, Mrs. Dickie, Mrs. Frank Robertson and H. R. Dunn; treasurer, Miss Annie McQuarrie; secretary, Miss Pearl Clark. The following were chosen convenors of committees: Social committee, Mrs. George Robertson; decorative committee for church, Miss Tina MacLure; recreative committee, E. Sunday school, Miss Jean Trueman; missionary committee, Mrs. Susan Robertson; literary committee, Roy Davidson; scenic missions, Thomas Graham; sick and visiting committee, Mrs. Blain; musical committee, Miss May Gilchrist; historical committee, Mrs. Murray MacLaren.

TO RAISE MILLION FOR MCGILL IN FIVE DAYS

Campaign for Funds to Be Begun at the End of This Month

Montreal, Nov. 14.—A whirlwind campaign for McGill University is to take place during the latter part of this month. The aim will be to raise a million dollars in five days. That it can and will be done was the enthusiastic opinion expressed at a meeting held at the university at which the financial statement was considered.

The need is so urgent that it was felt that a whirlwind campaign was the only thing that would meet the circumstances, and a strong organization is to be formed at once under the leadership of W. M. Bink and J. W. Ross. The campaign is to begin on Nov. 20 or 25.

Friends of McGill everywhere are to be asked to come to the aid of the university in this crisis in its history, and small amounts will be just as gratefully received as larger donations from those who can afford them.

HOW TO DO IT

A "Man Doctor" unconditionally declares that women do everything rather less perfectly than men. They don't cook so well, they don't make dresses quite so well, they don't sew so well, they don't wash so well, they don't iron so well, they don't clean so well, they don't mend so well, they don't do anything else so well as men do.

If you have a man doctor, he will tell you that your own little hands are the best thing you have for doing these things. He will tell you that you should use a good soap and a good brush, and that you should wash your hands often, and that you should keep your hands clean and dry.

He will tell you that you should use a good cream and a good powder, and that you should keep your skin soft and smooth, and that you should use a good perfume.

He will tell you that you should use a good hair oil and a good hair brush, and that you should keep your hair clean and smooth, and that you should use a good hair cream.

He will tell you that you should use a good nail polish and a good nail brush, and that you should keep your nails clean and smooth, and that you should use a good nail cream.

CITY SCHOOL MATTERS

At the meeting of school trustees last evening applications were received from Misses Mary Coy, A. Shannon, M. Kilborn, and J. Kerr Higgins, for positions as teachers. Thomas E. Powers and Miss Mary Farrell applied for increase of salary.

The St. John Teachers' Association wrote asking that, in the estimates for 1912, all female teachers who had been on the staff for more than four years, should receive an increase of \$30. Supt. Bridges, Messrs. Russell, Coll, and Bullock were appointed to deal with the matter of increased salaries for teachers.

Col. H. H. McLean asked an option on some property in Howfield street, leased by him from the board. This was referred to the finance committee.

Miss E. Agar reported on playgrounds, on behalf of a special committee, advising the board that the school grounds could very well be used for this purpose, but that no money be granted. The matter of providing for a manual training department in west St. John was referred to the manual training committee.

Mrs. Roberts, janitor in St. Thomas school, asked for an increase in salary. This was referred to a special committee. Miss Payson was granted leave of absence until Christmas on half-pay, owing to the illness of her mother. Chairman Emerson reported that the local government at its next session here would receive a committee appointed to deal with the installing of penny banks in the schools.

ST. MARY'S HARVEST SUPPER

The ladies of St. Mary's church will hold their annual harvest supper on Thursday evening, from half-past five to eight o'clock. The St. Mary's Band will furnish music during the supper in the main hall of the school house. A literary and musical entertainment will follow, beginning at eight o'clock. The ladies of St. Mary's have a reputation as good caterers, and doubtless the same success will attend their efforts to please, as in former years.

A LIBERAL OFFER

To unquestionably prove to the people that indigestion and dyspepsia can be permanently relieved and that Rexall Dyspepsia Tablets will bring about this result, I will furnish the medicine absolutely free if it fails to give satisfaction to any one using it.

The remarkable success of Rexall Dyspepsia Tablets is due to the high degree of scientific skill used in devising their formula as well as to the care exercised in their manufacture, whereby the well-known properties of Bismuth-Subnitrate and Pepsin have been combined with Carminatives and other agents.

Bismuth-Subnitrate and Pepsin are constantly employed and recognized by the entire medical profession as invaluable in the treatment of indigestion and dyspepsia.

The Pepsin used in Rexall Dyspepsia Tablets is carefully prepared so as to develop its greatest efficiency. Pepsin supplies to the digestive apparatus one of the most important elements of the digestive fluid. Without it the digestion and assimilation of food are impossible.

The Carminatives possess properties which aid in relieving the disturbances and pain caused by undigested food. This combination of these ingredients makes a remedy invaluable for the complete relief of indigestion and dyspepsia.

I am so certain of this that I urge you to try Rexall Dyspepsia Tablets on my own personal guarantee. Three sizes, 25 cents, 50 cents, and \$1.00. Remember, you can obtain Rexall Remedies only my store—The Rexall Store, Chas. R. Watson, 100 King street.

HIPPODROME FOR TORONTO?

Toronto, Nov. 14.—It is said that Toronto is to have a large hippodrome costing in the neighborhood of \$300,000. Where the building will be located has not been decided yet, but it is understood that it will be conducted along the same lines as the Madison Square Gardens, New York City.

One of the large contractors from London, England, who has been in the city some time in connection with the tube system, but who had not time to give a complete tender, has gone over the Toronto situation, and believes that this city is an excellent location for a hippodrome. Other capitalists from London are on their way to Toronto to go into the matter fully.

MOTHERS! DO YOU KNOW?

That when you put a salve onto your child's skin, it passes through the pores and enters the blood, just as surely as if you put it into the child's stomach? You would not put a coarse mass of animal fat, colored by various mineral poisons (such as many crude salves are) into your child's blood by way of the stomach? Then why do so by way of the pores? Take no risk. Use always the purest salves available in the ZAM-BUK. ZAM-BUK contains no trace of any animal oil, fat, and no poisonous mineral coloring matter. From the time it is applied to the skin, it is purely natural. It will be better, safer, more effective, and more quickly than any other known preparation. It is perfectly quick-acting, the soothing of a sore or cut, cures pimples, inflamed areas and blood-poisoning. It is a combination of healing power and scientific purity. Ask those who have proved it. All druggists and stores. See box or ZAM-BUK Co., Toronto, for price.

AMUSEMENTS IN ST. JOHN: WHAT THE PLAYHOUSES OFFER

OPERA HOUSE Ernest Chester, who tonight comes to the local playhouse with Grace George, and the New York Playhouse Company, made his first appearance of note with F. R. Benson in As You Like It, at Brighton, England. The legitimate did not hold forth the alluring prospects of vaudeville and for the next few years he was in India and Australia producing sketches. His next engagement of importance was in a bit of Old Chelsea, which was later produced in this country by Mrs. Fiske and was credited as being the first American tour under William A. Brady's direction.

NICKEL The Nickel theatre was not nearly large enough yesterday afternoon and evening to hold all who desired to enjoy the great Irish drama, The Colleen Bawn, as produced before the camera on the very scenes of Bouccault's story in Ireland by the Kaleo Company of New York. Again this afternoon and tonight, as well as Wednesday afternoon, the same programme will be put on, so that nobody will be barred from seeing it. The Motion Picture World, an authoritative journal of the trade, thus describes The Colleen Bawn: "The pictured story follows very closely the drama of Bouccault. The events follow each other through the three reels with such close and logical sequence that the absence of the dialogue is scarcely noticeable. This condition could not be obtained in a picture of shorter length. The point of photographic effects there is little left to be desired. As scene after scene unfolds one is charmed with happy beauties of nature caught by the eye of the camera. There is evidence of the care exercised in selection and composition of almost every foot of film. The moonlight effects are enchanting. Most notable is that where Anne is found sitting with her lover under the trees of the Anchois Castle grounds. Ideal moonlight could scarcely produce deeper shadows and softer gleams than the camera has transferred to the film in this scene. Again, when Danny rows Eily out to the Colleen Rock, there is an perfect simulation of the summer moonlight upon the water as could be well conceived. There is also some difficult work in the second reel where Danny throws the Colleen from the rock. This scene was taken from the interior of the cave—under the talking that taxed not only the ability but the agility of the photographer as well. It is a scene to be recorded that there is added value to these scenes because they are views of the identical places immortalized.

WORLD'S GREATEST KIDNEY REMEDY

HUNDREDS CURED BY TAKING "FRUIT-A-TIVES" Williamstown, Ont., July 27th. "Last spring, I had a severe attack of kidney and bladder trouble, and 'Fruit-a-tives' cured these completely when the physician attending me had given me up." "Fruit-a-tives"—the great fruit medicine—sets on bowels, liver and skin, as well as on the kidneys—rids the system of all impurities, and completely cures all kidney congestion and pain in the back. See a box, for \$2.50, trial size, 25c. At all dealers, or from Fruit-a-tives Limited, Ottawa.

by the dramatist. There is Colleen Bawn Rock, the Gap of Dunloe, Danny Mann's cottage, and the cottage on Muckross Head, the cave where Myles na Copsaleen distilled his 'spirits', and where he happened to be on the evening that when Danny attempted to drown the Colleen. Between the reels of pictures at the Nickel Miss Brock, singing Chambrade's Summer with artistic effect and M. F. Adler had an Irish number. Throughout the showing of the film-play the Nickel orchestra rendered excellent "cues" music, specially arranged, and all Irish.

On St. Peter's alleys last night the C. M. B. A., 134, team won four points from the K. C. team. The scores were 1212 to 1120. In the City League contest the Ramblers took four points from the Y. M. C. A. and in the Commercial contest the C. P. R. boys won three from the M. V. team.

Y. M. C. A. Harrier Club. The annual meeting of the Y. M. C. A. Harrier Club took place last evening and a large number of members were present. H. K. Clawson presided. Reports for the year showed that the club was in a flourishing condition and that there was a balance on hand after paying the debts of the club. The secretary was commissioned to draw up a resolution regarding the withdrawal of Frank White from active work in the club. The election of officers resulted as follows: Honorary president—W. C. Cross. President—C. E. Macmillan. Vice-presidents—Frank White, E. E. Church, H. K. Clawson, B. A. Watson, A. W. Robb, Frank Lohley, T. H. Bullock. Manager—Leslie Bandlow. Secretary—Murray Jarvis. Assistant secretaries—G. R. Turner, Raymond Penfold. Sergeant-at-arms—H. P. Babson. Trust captain—J. T. Foreman.

Wolgate to Go Abroad. New York, Nov. 12.—Ad Wolgate, champion lightweight pugilist of the world, will join the ranks of the globe-trotters. After his fight with Eric Welsh on Thanksgiving Day at a club in Los Angeles, Wolgate will leave for a trip around the world, going first to Australia. Before starting for his trip to Los Angeles, Wolgate said: "I have abandoned all hopes of obtaining another match in America for a year. I have not met any representative of McFarland in Chicago and there is little chance for a match between us. Matt Wells has sailed for England, and as he has made no definite arrangements to return here, I would simply waste time waiting for matches in this country, so I will take a trip abroad, and see what fights I can pick up in foreign lands."

Denver Man's Hopes Die. New York, Nov. 14.—The bout between Carl Morris, the Oklahoma heavy weight, and Jack Geiger, of Denver, was stopped by Morris White in the ninth round last night. Morris easily outpointed the Denver heavyweight throughout.

Basel. Reulbach, Cub pitcher, for years the terror of National League batsmen, is on the market. He may be the first of the veteran corps of albatross that Manager Frank Chance will trade or sell in an effort to secure industries. B. J. McCormick, industrial commissioner, declared at a meeting of the Board of Trade here that he understood the city of London, Ontario, intended to apply to the legislature to allow that city to grant bonuses to industries without taking a vote of the people. "This is the kind of opposition Wel-land must fight in getting its industries," he said. "The system is a foolish one, and should not be allowed. It is a curse to this province, for in every town you will see monuments erected to the bonused industry."

Dr. Lydia E. Pinkham's Vegetable Compound. Cannington, Ont.—"I had been a great sufferer for five years. One doctor told me it was ulcers of the uterus, and another told me it was a fibroid tumor. No one knows that I suffered. I would have been cured by the operation, but I had the operation, and I did not have the operation after all. The compound also helped me while passing through Change of Life."—Mrs. LETTIE BLAIR, Cannington, Ontario.

THOUGHT COLD WOULD TURN INTO CONSUMPTION

LEFT LUNG GOT VERY SORE, HEART DID NOT FEEL ANY TOO GOOD. Mr. Robert McLarnon, Shawville, Ont., writes: "I am writing to tell you an experience I had with a cold and a bottle of your valuable medicine. I was up the lung, got very sore and my heart did not feel any too good. I came home and tried two different remedies but they did not do me any good. I read about Dr. Wood's Norway Pine Syrup, so I tried it, and when I had taken two bottles my lung was gone. I think it is a great remedy, and will advise any one with a cold to use it. I can't praise it enough."

German Student Figures the Constituent Elements Are Worth \$7.50. Berlin, Nov. 13.—"The intrinsic value of a man or woman weighing 150 pounds, according to his or her constituent elements, is \$7.50." This is the conclusion of a German scientific writer as published here. "This value is represented by the phosphorus, lime, sulphur and albumen in a body," says the writer. "The fat is worth about \$2.00; iron there is hardly enough to make even a small nail an inch long. There is sufficient lime to whitewash a pretty good sized chicken house. The phosphorus would be sufficient to put heads on 2,200 matches, and there is enough magnesia to make a pretty fine work. The average human body contains enough albumen for 100 eggs. There is possibly a small teaspoonful of sugar and a pinch of salt."

Wm. Parsons Gives up Famous Lighthouse After Long Service. London, Nov. 14.—After nearly thirty-five years' service William Parsons, of East Cowes, has retired from the position of keeper of the Needles Lighthouse, which stands off the western extremity of the Isle of Wight. Sixty years old, Mr. Parsons is a native of Hunstanton, Norfolk, and spent the little of his life for his long trying period of duty at this light-house, which in rough weather is completely isolated. "I have been here for thirty-five years, sometimes weeks elapse before a boat can get alongside the lighthouse. The only communication in rough weather is by the telephone at The Needles signalling station, by means of which news from the papers is conveyed. Mr. Parsons' chief hobby was oil-painting. He recalls visits to the lighthouse by the late king and other members of the royal family. Princess Henry of Battenberg called there twice last year. Through the kindness of the post-master at Totland Bay, the keepers periodically receive letters and papers, while at Christmas the people of Totland Bay generally send special fare for the enjoyment of the lighthouse staff, numbering three.

MAKE IT OFFENSE TO BONUS AN INDUSTRY. Welland Board of Trade Aims to Have Law Passed in Ontario. Welland, Nov. 14.—If the measure which the Welland Board of Trade aim to have placed on the statute, becomes law, there will be an end to the money bonus system practiced by many Ontario towns in

LOCAL NEWS

MEETING TONIGHT. The United Baptist Mission Society will have a regular class meeting this evening at the home of Mrs. H. B. Edwards, 37 Brussels street.

ST. JOHN CHORAL SOCIETY. There will be a rehearsal this evening at eight o'clock in the Oddfellows' Hall, Union street. A full attendance is requested.

THE CLARK CASE. Harry B. Clark, who was brought back from New York yesterday, will be brought into court tomorrow afternoon, and it is altogether likely that the preliminary hearing into the case will be begun.

THE LATE JOHN HUGHSON. The funeral of John Hughson who died yesterday will take place tomorrow after the arrival of the early train from St. John at Havelock. A service will be held at nine o'clock this evening at the house, 56 Portland street.

MR. CARRIGAN'S APPOINTMENT. Clarence Carrigan, American vice-consul in this city returned this morning after a trip to New York and Washington. He said he had no definite knowledge as to where his transfer would take him, as he had received no further word concerning his new appointment.

HORSE RAN AWAY. A horse owned by the Messrs. Barkers took flight about noon today in George street and bolted to Pond, where an upset took place and damage resulted to the wagon, which was loaded with apples. The shafts were broken and the wagon considerably damaged, while the horse fell heavily as well.

CIVIL SERVICE. The civil service examinations were commenced this morning, with Dr. George U. Hay as examiner. The preliminary or lower grade examinations were held, and there were about twelve in attendance, including one lady. On tomorrow the qualifying examinations for the outside service will stand. More than a third of those in attendance are St. John people.

WEDDING ANNIVERSARY. On Friday evening last friends of Mr. and Mrs. Eason Daley called on them at their home in Spring street, it being the 21st anniversary of their wedding. On behalf of those present Mrs. Cooper presented them a beautiful dinner and set. Mr. and Mrs. Daley responded fittingly. A most enjoyable evening was spent in games and dancing.

MARITIME WINTER FAIR. W. W. Hubbard, secretary of agriculture for New Brunswick, passed through the city this morning on his way to Amherst, where he will confer with the board of directors of the Maritime Winter Fair, which is to be held there in the near future. There will be several exhibits from this province. It is expected that this year's show will be a more pronounced success than for some time.

PRESENTATION. About forty friends of Mrs. R. Campbell of 35 High street called on her last evening and tendered her a surprise party. Henry McEachern, on behalf of the committee in charge presented to her a handsome watch, accompanied by an address. Mrs. Campbell replied and thanked the gathering for their remembrance. A pleasant evening was spent with games and other amusements.

SHIPPING AT BORDER. The old Calais schooner Elizabeth M. Cook has been purchased by W. E. Sawyer of Boothbay Harbor, and sailed Saturday for her new home port. Her new owner is fixing her up and putting her agents in the coastwise trade, where she will probably do many more years of service. She was built in Calais in 1874. The British schooner E. A. Sabean, sailed from St. Stephen on Saturday for Bridgetown, Barbados with shingles.

POLICE COURT TODAY

Eight prisoners were dealt with in quick order in the police court this morning. Six of the eight were arrested on the charge of drunkenness. Charles Mullin and Ernest Harry, both charged with intoxication, were remanded to jail and Anton Heumann and Francis Grosweater were each fined \$4 or ten days in jail. Mullin fell on one of the wharves last night and when taken to jail Dr. E. K. Berryman was called to attend him. James McCarthy, charged with being drunk, and also with fighting in Charlotte street, was fined \$20 or two months in jail, and Michael Kelly was fined \$16 or four months in jail for being drunk and profane in Mill street. Augustus Lundberg and Signar Johnsen, two sailors, charged with refusing duty on board the S. S. Rhodanese, were also before the court. Captain Forrest of the Rhodanese said that Lundberg was the chief offender, and that he did not want him on board the ship any more. He was willing to take Johnsen back on condition that he go right to work. Lundberg was sentenced to eight weeks in jail and Johnsen was allowed to go back to the steamer. George and William Beckingham, charged with fighting together in the public street, were each fined \$20 or two months in jail for a breach of the peace. Charles Wilson and Anthony Howe, arrested on Sunday night for wandering about the streets and not giving a satisfactory account of themselves, were brought into court and fined \$8 or thirty days in jail. Walter Stewart has been reported to the court for fighting in Charlotte street last night.

MEMBERS OF THE ST. JOHN EXHIBITION ASSOCIATION MEET

Report on Finances and the Buildings — To Elect Twenty-one Directors

The annual meeting of the St. John Exhibition Association is being held this afternoon in the Board of Trade rooms. The directors met at 3:15 o'clock to approve the annual report, and the general meeting of the shareholders followed. A. O. Skinner, president, presided. The chief business before the meeting was the election of twenty-one directors and the adoption of the directors' annual report. The directors reported that, in accordance with the resolution passed at the annual meeting last year they had proceeded with preparations for holding an exhibition during the year of 1911, but owing to influences being brought to bear from other parts of the province which were planning to hold exhibitions this year it was thought best to postpone the inauguration of the annual exhibition until 1912. Reports received from the caretaker had shown that the association's buildings were all in good condition, with the exception of the main building for the up-keep of which the city was responsible. Some slight inconvenience was experienced from the accumulation of snow in the low ground at the corner of the main building and the new horticultural hall, causing a slight flooding of the dairy department during the spring. The financial statement, audited, which was appended, showed a balance of \$14,302.23 on hand. The directors have fixed on September 2 to 9, inclusive, with the formal opening on the preceding Saturday, as the dates for the St. John Exhibition of 1912.

STRIKING MAP TO BE SHOWN IN ST. JOHN

Presbyterian Stations Over Which Late Dr. Carmichael Had Charge in the West

(Special to Times.) Toronto, Ont., Nov. 14.—"That's the work Dr. Carmichael laid down; no wonder it killed him," exclaimed Rev. J. H. Edmison, secretary of the Presbyterian Home Missions, as he showed a map of Manitoba, Saskatchewan and Alberta yesterday afternoon on which were marked crosses, the charges of which the late superintendent of home missions in that part of the western section of the Presbyterian church had the oversight. "There are in that jurisdiction 418 charges, including missions and augmented charges to say nothing of all the Ruthenian work. In this there are twenty-five churches, and Dr. Carmichael was a patriarch among those people. His field covered twenty-nine Presbyterian churches in the right in the western section. Dr. Carmichael's death is a distinct loss to our whole work," said Mr. Edmison. "No man knew the west as intimately as he did." Mr. Edmison is taking the map with him to the other men's missionary conventions, which he is to attend in Ottawa, Montreal, St. John, Halifax and Sydney, to show the extent of the work that has to be managed and supervised by the Presbyterian home mission committee alone.

SMUGGLING OF TOBACCO?

Canadian Officials Said to Have Unearthed Big Scheme at Milltown Bangor Commercial—it is said that Canadian customs inspectors have unearthed a big smuggling scheme that has been carried on between Calais and Milltown, N. B. The efforts of the smugglers being directed towards supplying the Canadian market with American plug tobacco. Many Canadians are partial to American tobacco and the enterprising gentlemen, who engage in supplying the want, are said to find the business profitable. It is said that large quantities of the contraband weed have been shipped from Milltown to various points in New Brunswick where smokers are especially partial to the American manufactured article.

FOR A MILLION

Movement to Increase Y.M.C.A. Membership in Canada and States Secretary Robb, of the local Y. M. C. A. received word today that a movement is being started to increase the Y. M. C. A. membership in North America to the million mark within three years. Every branch will enter into the contest. The membership of the association is now about 600,000. The local association to do its full share will have to increase its membership about 80 per cent. A membership contest has just been finished by the members of the Y. M. C. A., and the results made known on Thursday night when a supper will be held in the association rooms.

WANTS WAREHOUSE HERE

W. E. Anderson, secretary of the board of trade, has received a request from a firm outside the city asking for information concerning warehouse room here. The request is from a business house which desires a floor space of 25,000 feet. The goods they deal in are light in weight. Mr. Anderson would be pleased to hear from any person who could furnish information as to where such a warehouse is available. ANNIVERSARY TOMORROW. The thirtieth anniversary of the organization of the Y. M. C. A. of St. Peter's will be celebrated tomorrow evening in the room, Douglas avenue. A fine programme has been prepared. The society's orchestra will furnish music, and a short comedy sketch "The Freedom of the Press" will be presented, while other numbers will consist of vocal solos, readings and instrumental numbers. The affair will take the form of a smoker. Invitations have been extended to the presidents of the fraternal societies to be present.

The GLENWOOD comes in four patterns and fifteen different styles all of which we will be pleased to show you. Write or call for our 1911 Glenwood Catalogue. McLEAN, HOLT & CO., 155 Union Street, St. John, N. B.

Catching The Spirit of Maturity In Young Men's Clothes

The young man of today wishes his clothes to possess all the dignity and nobility of design found in those of his seniors. He emphatically resents garments that keep him (to use his own expression) "in the kid class." His Suit and Overcoat must have gentlemanly distinction without sacrificing the spirit of youth.

A keen sense of these requirements—backed by a department that has made a speciality of Young Men's garments—and a careful choice of suitable fabrics—have given our Young Men's Suits a degree of Excellence shown nowhere else in this city.
