Must Fulfil Guarantees Before France Will Leave Ruhr

POSTAL TROUBLE REACHES CRISIS

FRENCH POLICY IS OUTLINED BY HERRIOT TO HOUSE

Ready to Do Utmost for a Peaceful Settlement with Germany. GENERAL MATTERS Will Suppress Vatican Embassy—Direct Taxes to Raise Finances.

(British United Press) Paris, June 17.—France accepts the Dawes programme for settlement of reparations unreservedly, but, owing to conditions in Germany, cannot evacuate the Ruhr before Germany fulfils the guarantees laid down in the experts' report, Premier Herriot told the Chamber of Deputies this afternoon in outlining the policy of his Government.

The new Government of the Left is opposed to a "hostile policy of force and occupation of former enemy territory," Herriot said, and will do its utmost to placate the German Socialists.

Suppress Vatican Embassy. The Government is preparing for resumption of relations with Russia, but will take all necessary precautions to protect French interests. "We will continue to defend our treaty rights against Germany," the Premier added.

Other policies announced by M. Herriot include the suppression of the Vatican Embassy, reorganization of the army so as to reduce length of service without infringing security, general inventory of the financial situation, diminution of consumers and profits tax by reorganization of direct taxes.

Paris, June 17.—(Canadian Press)—The declaration of Premier Herriot's Cabinet, submitted to Parliament today, affirms that the Ruhr will not be evacuated until the guarantees provided in the experts' report have been set up.

Other features of the declaration include a pronouncement for the restoration of normal relations for prompt ratification of the remaining treaties signed at the Washington armament conference, and of the International Labor Convention and the conclusion of peace with Turkey.

The ministry stands for the disarmament of Germany by the Allies, and as soon as possible by the League of Nations. It would find a solution of the problem of France's security through guarantee pacts under control of the League of Nations.

Herriot's Plans. Paris, June 17.—(United Press)—The Government of Edouard Herriot today faced the severe Left Chamber meeting, which was expected to last for two days. Communists and minority Socialists as well as deputies for the Right, had questions for the new Premier regarding policies his Government propose to pursue.

The new Cabinet met today, heard President Doumergue's message, which it will carry to the Chamber and Senate, and discussed the final text of the programme which will be read in both Houses of Parliament at 3 p.m. Interpellations were to follow immediately, and if Herriot's Government survived the storm, the Premier intended to leave for London to consult with Ramsay MacDonald and then to go to Brussels for discussions with members of the Belgian cabinet.

President's Message. Paris, June 17.—(Canadian Press)—Gaston Doumergue, France's new President, in his first message to Parliament today, declared Herriot's Government the reparation experts' report was put into effect, must prove her good faith. Such proof, he insisted, must come "from facts and not from mere engagement without previous assurance of fulfillment."

"France's conciliatory spirit, which is sincere and indisputable," he continued, "cannot go as far as to lull her vigilance and make her forget the lessons of the past."

Britain Pays U. S. \$69,000,000 Interest

New York, N. Y., June 17.—Payments of semi-annual interest on the British debt, totalling slightly less than \$69,000,000, was made to the United States Treasury yesterday by J. P. Morgan and Company, acting as financial agents for the British Government.

The major portion of the amount was drawn by the Morris firm to the Federal Reserve Bank for treasury account, and the remainder of the payment was met by treasury certificates. No Liberty bonds were included.

SUN SHINES AND THE TRACK VERY FAST

Olympic Try-out Conditions in Montreal Are Good—Athletes Get Doctor's O. K. (By John Dunlop) Montreal, June 17.—Quality not quantity will be the dominating factor in selecting Canada's 1924 Olympic team, and with this point solidly impressed on the cream of the Dominion's athletic talent some record-breaking performances are expected at today's programme of the final Olympic tryouts here. The athletes will be aided by a perfect summer day on a track that is very fast.

Chief interest of today's events centers in the 100 and 400 metre dashes. Cyril Coaffee's ability will be tested to the limit in the 100 metre against a strong field, while "Billy" Maynes, St. John's sterling performer in the 400 metres, will find plenty of incentive to turn in fast time. Miller of Sussex will compete in the running high jump.

The athletes were subjected to a severe physical test by doctors today and passed ok. "Louis" Donovan, "Nicks" Kennedy, "Billy" Cunningham and George Wright, Maritime boxers, arrived here today en route to the Toronto tourney on Friday and Saturday. A. W. Corey, president of the M. P. B. and "Tom" Trenholm of Amherst also arrived today for the meet.

The following events will be run off this afternoon and this evening: 110 metres hurdle, 100 metres dash, running high jump, throwing the discus, 400 metres run, 600 metre run, running hop, step and jump, and wrestling events. (See sport page.)

TWENTY DROWNED

Norwegian Steamers Collide—Victims Are Mostly Women and Children. Christiania, Norway, June 17.—Twenty persons, mostly women and children, were drowned when the Norwegian mail steamer Haskon Jar sank yesterday immediately after a collision with the steamer Kong Herid. The collision occurred in the Vestfjord, between the Lofoten Islands and the Norwegian mainland.

The President laid stress on the statement that France could not renounce her own force nor the control which the treaties give her the right to exercise over Germany.

The Herriot cabinet has prepared three bills for introduction in the Chamber of Deputies this afternoon. (Continued on page 2, column 7)

ITALY SHAKEN BY THE MURDER OF MATTEOTTI

Three Prominent Men Have Been Placed Under Arrest by Police. SOUGHT ESCAPE Correspondent Says Affair May Overthrow Mussolini and Fascisti. (United Press Special Cable) Rome, June 17.—Three arrests were made today and one man surrendered voluntarily to the police, in connection with the kidnapping of the Socialist Deputy Matteotti, the political scandal which has shaken all Italy and even threatens the overthrow of Premier Mussolini and the Fascisti.

Matteotti, who disappeared last Tuesday is believed murdered. Meanwhile, despite persistent rumors of Cabinet resignations and reorganization, the only change so far made is the appointment of Signor Fedoroni to succeed Signor Fini as Minister of the Interior. Fini resigned last week in order, he said, to defend himself against charges of guilty knowledge of the Matteotti conspiracy, made by his enemies. Arrest is made.

Police headquarters today confirmed the arrest of Signor Filippini at Neviano, near Genoa. Filippini is director of the Corriere Italiano newspaper, which the Socialist Deputy was abducted. He was captured while attempting to flee in a motor boat. Seeing that escape was impossible, he exclaimed: "I am lost," and offered no resistance. In his possession was a suitcase full of bank-notes which the police seized. It is expected he will be taken to Rome today under heavy escort.

Dr. Filippo Naldi, editor of the Rome Tempo, has been arrested, charged with helping Filippini to flee the city. The third arrest today was made near Milan, when Albino Colpi, accused of being one of Matteotti's slayers, was captured in the town of Bellaria. A Bitter Attack.

London, June 17.—(British United Press)—Commenting on the Matteotti incident, the anti-Fascist Evening Star today excoriates the Mussolini Government. "Fascist castor oil to the assassin's knife is a long step. We are not surprised to learn that Mussolini is seriously alarmed at the indignation throughout Italy. Atrocities and tyrannies, usually come to grief by means of such crude blunders as this murder. They start on the castor oil and the road's natural slipperiness soon leads to the ultimate extremes of crime."

BRITISH LIBERALS MAKE LITTLE GAINS

Resurrection of Party Slow Progress, But Inconsistency of Position Has Effect. (British United Press) London, June 17.—Despite an intensive country-wide campaign the Liberals are making but little headway towards resurrecting their party. Some of their leaders, especially Ronald MacNeil, say that liberalism would sweep the country if a general election was held within the next two months and urge an immediate dissolution. There is little likelihood of this advice being accepted, however, as the wisest heads realize the peculiarly embarrassing position in which the party is situated in the eyes of its supporters.

While condemning labor throughly and wholeheartedly throughout the constituencies, the Liberal members are forced to support the Government in the Commons and the inconsistency of this attitude is undoubtedly awakening the party.

Kiddies Did Not Know Their Mother

New York, June 17.—After spending three and one-half years in Ireland, Lawrence and Gerald Griffin, four and five-year-old boys, fought off their mother when they arrived here yesterday, because they thought she was a kidnapper. Pennies won them.

Scullion Wins The Ascot Stakes

Ascot Heath, Eng., June 17.—Scullion, by Junior, out of Mollion, owned by George Hardy, at 10 to 1, against, won the Ascot stakes of 2,000 pounds, run here today, the opening of the Ascot meeting.

Best Man Drops Dead at Wedding

Orange, N. J., June 17.—As the clergyman uttered the last sentence of the marriage ceremony at the altar of the Church Methodist Episcopal Church, Thomas J. Nicol, 24, of Kearney, best man at the wedding of Miss Evelyn Boggs, daughter of Orange, and David Bamford of Irvington, dropped dead of heart disease.

It is developed later that Nicol had been married July 16, 1923 but had kept the marriage a secret; that he was to have announced it this July 16, when the Bamfords would return after their honeymoon. Nicol's bride was in the church when her husband died.

When Nicol collapsed ushers carried him to the vestry room, where Dr. Dowling, who had witnessed the ceremony, said that death had been caused by a heart attack. Nicol was an accountant for the Chatham Phoenix National Bank, New York.

BOY'S SHOT TAKES LIFE OF MOTHER

Drumheller, Alta., June 17.—Mrs. R. S. Patterson was accidentally shot by her 11 year old son at their farm, 14 miles south of Wayne, on Saturday afternoon. The mother was in an out-house, and the boy not knowing she was there, used it as a target with his 22. Kills Little Sister.

Port Huron, Mich., June 17.—At Port Hope, a Hudson's Bay Company post on Albany River, on May 26, Charlie Williams, a ten year old boy shot and killed his young sister Dorothy. Word of the tragedy was dispatched to the camp headquarters in Port Arthur by the factor at Port Hope, and following an investigation by the police it was found to be an accident.

DOMINION SENDS THIRTY ENGINEERS

Will Have Prominent Place at World's Conference on Power in London. Ottawa, Ont., June 17.—There will sail on the Canadian Pacific steamship Empress of France tomorrow, the largest party of electrical engineers that Canada has ever sent out. They are going to attend a world's power conference in London. Canada will be represented by about 30. About 25 will travel on the Empress of France, the others having preceded them.

Those officially appointed to represent the Canadian government are Dr. Charles Camell, Deputy Minister of Mines; J. B. Chellies, director of water power for Canada; John Murphy, consulting electrical engineer of the Department of Railways and Canada and F. Haanel, chief engineer of the fuel testing division of the Department of Mines.

Others in the Canadian party include: H. G. Acres, chief engineer of the Ontario Hydro Electric Commission and Professor C. V. Christie of McGill University. Six of the papers to be read will be given by members of the Canadian delegation.

CHURCH UNION ON SLATE TOMORROW

Could Not Get Unanimous Consent Yesterday in House of Commons. Ottawa, June 17.—In the House of Commons yesterday an amendment to the Northwest Territories Act, placing a tax on export furs, was given first reading. A bill respecting Indian Reserve lands was given first reading.

An amendment to the Railways Guarantee Act was given first reading. Estimates of the Department of Marine and Fisheries were considered. Motion by Robert Forke, Progressive leader, that the Church Union bill be given precedence over all other business on Wednesday was objected to, and, as it required unanimous consent, the deputy speaker ruled that it must stand over until Wednesday.

Special Reports On The Olympic Meet

LONDON ANXIOUS OVER RESULT IN SOUTH AFRICA

Conservatives Blame Labor Government's Attitude on Preference. THIS IS DENIED Capetown Predicts Defeat; Johannesburg Looks for Victory. By H. N. MOORE (British United Press) London, June 17.—No little anxiety is being expressed in London with regard to the result of the South African general election which takes place today. While it is fully expected that General Smuts will be returned, the Government supporters admit that the contest is an exceedingly close one, and that the possibility of defeat at the polls is not altogether absent. British Conservatives are attempting to establish the claim that the Labor Government's refusal to accept the preference proposals of the Imperial Conference is injuring Smuts' chances. Several prominent South Africans, however, have gone on record as saying that there is no basis for such a claim, as the tariff is entering but little into the South African fight. Smuts in Fight for Life.

London, June 16.—(United Press)—General Jan C. Smuts, whose government fell recently in South Africa, has made the fight of his life to regain office at the national elections. Defeat by the general by a small majority was predicted in Capetown dispatches today, although the issue was clearly in doubt.

Johannesburg, June 17.—The Rand Daily Mail, in a forecast of the election, although facing the possibility of one or two losses on the Rand, may expect to be returned by a slightly larger majority than it had at dissolution.

The position of the parties then was: South African party, 71; Pact party, 61; Independent, 2. It estimates that the position after the election will be: South African party, 74; Pact party, 58; Independent, 28, increasing the South African party majority from eight to fourteen.

The Johannesburg Stock Exchange has been betting three to one on the Smuts Government being victorious at the polls. A few weeks ago the odds on the Stock Exchange were two to one on the Nationalist-Labor party. However, both the Nationalist and Labor parties profess confidence in winning the election and are declaring the Smuts' administration is doomed to defeat.

IS BADLY TREATED

Canadian Airmen in Trouble in Pennsylvania, is Refused Shelter. Lancaster, Pa., June 17.—Major E. L. Watkins of the Canadian Air Force, who said he was on his way from Los Angeles, Cal., to Toronto, was forced to land at Mount Joy, near here, yesterday, because of motor trouble. He was compelled to spend the night under his machine with his mechanic because they were refused lodging at a farmhouse. They were drenched by a heavy rain, he said. Efforts are being made to obtain repair parts to enable them to resume the journey to Toronto.

WIDOW GETS \$15,000

Husband, Window Cleaner, Fell Five Stories—Lacked Safety Belt. New York, June 17.—The estate of former Mayor Hugh J. Grant must pay Mrs. Sarah Goldhirsh, widow of Samuel Goldhirsh, a widow cleaner, more than \$15,000, because the estate had failed to provide safety appliances on its property at 43 Maiden Lane, where Goldhirsh lost his life in 1921, when he fell five stories while cleaning a window. The Supreme Court verdict in favor of Mrs. Goldhirsh was \$12,000 and costs.

On appeal by Mrs. Julie M. M. Grant, widow of the former Mayor, and the Central Union Trust Company, co-trustee, counsel for Mrs. Goldhirsh contended that the defendants had failed to observe a rule of the Industrial Commission, providing for appliances on mercantile buildings for the affixing of a belt. The Appellate Division was unanimous in sustaining the judgment.

Grieves to Death When Wife Disappears After 50 Years of Happy Married Life

Atlantic City, N. J., June 17.—After grieving for weeks over the mysterious disappearance of his wife, from whom he never before had been separated in the sixty years of happy married life, Peter K. Palmer of 408 Trinity Avenue, this city, died in the home that had become desolate to him. Palmer, who was 72 years old, refused to be comforted by friends. He would not eat and sat up virtually every night watching the front door of his home for the return of his wife. He was found dead in his chair facing the door.

Mrs. Mary Palmer, 70, the wife, disappeared on May 3. She told her husband she was going to Philadelphia to attend the funeral of a brother, but she never returned to that city, as a thorough search by police failed to reveal any trace of her there. The Atlantic City police combed every section of this city at the request of neighbors of the Palmers, who were touched by the aged man's grief.

Bishop Dunn Is Going To Rome

New York, June 17.—The Right Rev. John J. Dunn, Auxiliary Bishop of the Archdiocese of New York and rector of the Church of the Annunciation, Convent Avenue and 131st Street, will sail for Italy today on the Duilio. He will have an audience with Pope Pius XI, and he will spend the summer on the continent. Cardinal Hayes insisted Bishop Dunn should take this vacation because of the hard work Bishop Dunn did when the Cardinal was abroad.

ULTIMATUM IS SENT TO OTTAWA BY POSTAL MEN

Strike Predicted if Favorable Reply is Not Received Tonight. CABINET CONSIDERS Demand That Civil Service Act be Amended, Restricting Authority. (Special to Times-Star) Ottawa, June 17.—An ultimatum issued by the executive of the Postal Federation asking for amendments to the Civil Service Act, giving the Government power to fix the salaries of postal workers instead of that authority being exercised by the Civil Service Commission, will be before the cabinet at this afternoon's sitting, and afterwards the question will be brought up in the House and an announcement made. Final action will be taken by the Dominion executive of the Federation at a meeting scheduled for tonight, and unless the Government acts a strike of the 10,000 postal workers in Canada is freely predicted. Position Set Out. It is no great secret that in the long negotiations which have taken place on the question of postal salaries the post office department officials were favorable to a schedule of salary somewhat higher than that proposed by the commission. Under the act of 1919, however, the commission is the paramount authority in all appointments to the civil service and in defining the salaries which attach to them. Its authority can be challenged only by an amending act of parliament, giving to the Government some discretionary power in such cases as the present. It is necessary for the Government to approve what the Civil Service Commission does but if it does not agree with the recommendation it can be referred back to the Government. Ultimately, it is claimed, the alternative lay between approving the schedule submitted by the commission or disapproving it. The latter course, it is said would have simply meant the perpetuation of last year's salaries minus the bonus. Strike Quarantined. The whole question is discussed extensively today and the effects of a general tie-up in the postal service are not minimized. Some opinion is heard in favor of an act which would prevent the employees of a great public utility going on strike. It is urged that the men are always anxious to secure these jobs and that they know the salaries attaching to them, when they apply. In the Winnipeg strike trouble, when the postal workers went out, they forfeited their positions and are not back yet except in some instances. The intimation is that if there is a strike now the same rule will be applied although the disorganization which would result would likely take two or three years to remedy if new staffs were employed. Government and Commission. The Government would not object to clipping the wings of the Civil Service Commission on general principles because, even as late as yesterday, the Prime Minister referred to the present case as an illustration of government by commission. Heretofore no reform has been attempted because of the uncertainty of Conservative and Progressive opposition. It is just conceivable, however, that the present situation may eventuate in some amendment to the act which will give the Government a wider authority over the Government service, and correspondingly diminish the powers that body has exercised since the Union Government in 1919 enlarged its scope. Wants Suggestions. "I do not think the occasion opportune to make veiled attacks on the present system or on the Civil Service Commission, when debate is cut off on the orders of the day," said Rt. Hon. Arthur Meighen. "If the Government wished to change the schedule there was a way that it could be done if it wished to make any alterations in the powers of the Commission this could also be done. If, though, the Government feels that the action recommended is fair and right—and their approval would seem (Continued on page 2, fourth column.)

CUMMINS GOT HIS TOILET ARTICLES AND STANDS PAT

Mexican Government Declares He Must Leave or be Expelled. AN OFFICIAL NOTE

The Diplomatic Corps Hope for Peaceful Solution of the Affair.

(United Press.) Mexico City, June 17.—Peaceful settlement of the dispute between Cummins, British diplomatic agent, and the Mexican Government appeared in prospect today.

The diplomatic corps met at the British legation and held a long discussion of the case, causing a report that the diplomatic corps will advise Cummins to ask for his passports and leave peacefully in compliance with the demand of President Obregon.

Still Barricaded. Cummins was still barricaded in the legation this morning, with detectives and gendarmes patrolling the streets around the building. The Union Jack floated defiantly over the legation building. A man servant and a woman attendant who left the legation yesterday were not allowed to return.

The government, however, did permit Cummins a razor and a tooth brush, after intervention by the British Consul-General, who delivered the toilet articles in person to the embattled envoy. The consul said he also managed to take in a cake of soap and other articles that Cummins had asked for. Telephone service was still cut off, however, and water was allowed only a few hours a day.

Cummins locked himself in the legation last week when the Government ordered him to leave the country because of alleged intervention in Mexican affairs.

Publication of Prime Minister MacDonald's statement in the House of Commons yesterday, in which he said the British Government considered Mexico's action a grave breach of international courtesy, was the only reply he made to the Mexican Government's feeble attempt to justify its rights.

The Mexican Side. Mexico City, June 17.—A brief note issued by the Foreign Office in regard to the Cummins incident says:—"To show the presidential sentiments of the Mexican Government regarding the case of the British subject, Cummins, our Foreign Office, giving an example of the highest consideration and respect for the rights of the individual, has decided to wait a short period for the result of amicable efforts by the British minister for the British Government in order for Cummins to leave. Failing Cummins' departure after a prudent period, the order of expulsion will be enforced."

Last night the Dominion executive passed a resolution calling the Parliament to amend the civil service act so that the Government would have power to suspend the salaries of postal workers until the Civil Service Commission, and Federation authorities are anxiously awaiting developments.

Representations have been made to the Government by municipal authorities, house and trade associations, and a large private enterprise urging that a conciliatory policy be adopted. Never before has there been so much sympathy throughout the Dominion, and a tie-up would result in business demoralization all over the country.

Ottawa, June 17.—Premier Mackenzie King declined to comment this evening on the postal strike, stating that the Dominion executive of the Canadian Federation of Postal Employees had passed a resolution which would have power to amend the Civil Service Act so that the Government would have power to suspend the salaries of postal workers until the Civil Service Commission, and Federation authorities are anxiously awaiting developments.

In a statement on the matter in the House of Commons yesterday afternoon Mr. King said that the Government did not feel justified in asking the Parliament to amend the statute under which the Civil Service Commission was authorized, nor to take action which would not be in accordance with the recommendations of the committee.

Toronto, June 17.—Federation officials state that results of voting favor a strike is maintained in the event of a strike is maintained in the event of a strike, the decision will be for a walk-out, the decision will be for a walk-out.

Acting Postmaster Speaks. Ottawa, June 17.—When asked this morning what the Government intended to do about the postal workers' going out on strike, Hon. Chas. Stewart, acting Postmaster General, said that he would not make an ultimatum to the postal workers and he hoped that they would reconsider their decision.

Officials Preparing. Ottawa, June 17.—Official word of the 24-hour ultimatum from the Dominion executive of the Canadian Federation of Postal Employees has not yet been received here. It is said in official circles, however, that preparations are being made to cope with the situation in the event of a strike.

Cabinet Council was in session this morning when the situation, it is being said, was discussed.

Regina's Decision. Regina, June 17.—Decision in favor of a strike vote being taken of all Federal Civil Servants enrolled as members of the Amalgamated Civil Servants of Canada, was reached at a meeting of the Regina branch of the organization on Sunday.

Wounded in Fight. New Rochelle, N. Y., June 17.—A stepladder today will attempt to remove a man from the roof of the building atop the City Hall. When the building custodian went to float the Stairs and Stripes he found the man hurled in a red light hanging to the pole.

FINGER JAMMED IN DOOR. Sidney Thomas, second son of Rev. Dr. and Mrs. Herbert Thomas, of Exmouth street, received a severe injury to one of his fingers last evening when an automobile door was slammed upon it, crushing the finger badly. The boy was with his father, elder brother, Frank, and two friends of Dr. Thomas, whose guests they were, for a short fishing excursion. They were about an hour's motor ride of the city and hurried in as soon as possible to the General Public Hospital, where the finger was attended to.

H. W. WOODS, POST OFFICE INSPECTOR, ILL IN HOSPITAL

Friends of Harry W. Woods, post office inspector here, will regret to learn that he is a patient in the Royal Victoria Hospital in Fredericton, suffering from an attack of diphtheria. Mr. Woods went on an inspection tour through Queens county last week, returning here on Saturday in ill-health. He went to his home in Wolford and yesterday word was received that he was admitted to hospital. No word of his condition was received here today.

W. R. Davis returned yesterday from Fredericton where he had attended the meeting of the Grand Lodge of the P. A. B. of America.

Frank Byron, of Clinton street, left for an extended vacation trip during which he will visit the principal cities of the American West.

Rev. George A. Coffin, C. S. S. R., formerly on the staff of the St. Peter's rectory, left yesterday afternoon for Re-ctor to the rectory there, Rev. Francis Healy, Dr. H. A. Farris, superintendent of the St. John County Hospital, is attending the meeting of the Canadian Medical Association in Ottawa and will be expected back in the city until the end of the week or early next week.

Robert Patterson, who has been spending the winter in St. John with his sister, Mrs. William Thompson, 14 Prince street, west, returned to his home in Halifax yesterday. He spent the week-end in St. John with his daughter, Miss Grace Patterson, who has been ill, but who is now greatly improved in health.

Mr. and Mrs. Frank Ruddle arrived in the city by automobile from Ridgewood, New Jersey, on Friday. They are visiting Mr. and Mrs. James Lewis at their summer home, Padenac.

Mrs. J. N. Ellis, Shaftesbury Heights, Vancouver, entertained recently in honor of her guest, Mrs. Lee of St. John, at a charming tea. The guests were Mrs. Charles W. Smith and Mrs. Hamilton and Mrs. Berkling, while the teas were cut by Mrs. Killam, assisted by Mrs. Letty Killam and Miss Betty Gordon. The guests included Mrs. Avelyn Morrison, Mrs. Thomas Gordon, Mrs. E. A. James, Mrs. G. S. Gordon, Mrs. Herbert Watson, Mrs. Lennie, Mrs. W. H. Merritt, Miss Hazelwood Merritt, Mrs. C. W. Craig, Mrs. W. L. Coulthard, Mrs. W. A. Macdonald, Mrs. A. B. Macdonald, Mrs. J. Fenwick.

Miss Marion Curry has returned from the School of Hotel Economics, Battle Creek, Michigan, where she completed a two years course in dietetics. She will spend the summer with her mother, Mrs. Mary Gribble at Morristide.

Hon. Dr. E. A. Smith, chairman of the Commission, is expected in the city this evening to attend to some matters of routine at the office here.

MISS ALICE CULLEY WEDS FRANCIS MCMANUS TODAY

Miss Alice Payne Culley went to the honor of being the first bride married in the new Stella Marie church under construction at East St. John. This morning at 9:30 o'clock she was married to Francis McManus, son of the late Daniel and Mrs. Mary Culley of Culleyville, Little River. The house was nicely decorated with flowers, and the ceremony was performed in the basement of the new church with the pastor, Rev. Francis E. Walker, officiating. The bride was attended by her father, who was given an attractive suit of sand shade with hat to match and carried a bouquet of white flowers. She wore a gown of a cinnabar color suit with hat to correspond and carried a bouquet of carnations. The groom was attended by his brother, Harold McManus.

After the ceremony the bride and groom motored to the home of the bride's parents, where wedding breakfast was served to a large number of relatives and friends of the contracting parties. The house was nicely decorated with white and purple blossoms, ferns and poplar and presented a very charming appearance. Mr. and Mrs. McManus will leave on their honeymoon trip to the United States, visiting at the home of the bride's brother, Thomas Culley, at Rosedale, Minn. Both bride and groom are popular amongst a large circle of friends and they were the recipients of a large number of beautiful and useful gifts, including two chests of silver, cut glass and china.

From her father the bride received a substantial gold watch chain. Many friends will wish Mr. and Mrs. McManus a long and happy married life.

Livingstone-Vogel. A wedding which took place at Milwaukee on June 4, will interest many here as the groom will be remembered as a summer resident of Carter's Point for many years. The contracting parties were Edward Archibald Livingstone, son of Colin H. Livingstone of Washington, D. C., and Miss Elsie Virginia Vogel of Milwaukee. They will reside in Los Angeles, where the groom is engaged in business.

Machum-Scribner. In the sunshine and breezes of a delightful summer morning Mr. and Mrs. Percy Machum left on their honeymoon by automobile at 8:15 today after being married in Central Carter's Point for many years to Miss Charlotte McAlpine Scribner of Kingston, Kings County, was very pretty in a white gown with a blue sash and a white hat with roses. Her bouquet was of roses. There were no attendants.

When the appearance of the bride, who was escorted to the side of the husband-elect by her cousin, Samuel Scribner, was seen, the bride's "Perfect Love." Every member of the Central church corps of singers was present, and a large tribute to Miss Scribner and Mr. Machum, both of their number.

After the wedding, Mr. and Mrs. Machum were held to hold an impromptu reception in the vestibule of the church so great was the press of congratulating friends. The bride's huge bouquet disappeared piecemeal as if by magic, and when they stepped into their car a shower of flowers and confetti followed them.

The popular young couple will spend their honeymoon amongst relatives and friends in Kings and Queens counties. They were motored to their first stop, that of Mrs. Machum's sister's home in Kings County, where they were met by Mr. Machum, son of John S. Machum of Queens County, is a member of the accounting staff of the Hydro Commission office, and will be remembered by his fellow-workers with a gift of silverware. The bride, an office worker in the X-ray department of the hospital, received a chest of silver from her business associates. Numerous other useful and ornamental gifts were received by the happy principals in this morning's gladsome event.

Mr. and Mrs. Machum received from the Central church choir a silver coffee percolator.

Vall-Taylor. A wedding of interest to St. John friends was solemnized this morning at 7 o'clock in St. Patrick's church, Montreal, when Miss Margaret (Reta) Wisted Taylor, daughter of Mr. and Mrs. Joseph G. Taylor of this city, and Roy Kenneth Vall, son of W. H. Vall of this city, were united in marriage. The bride was attended by her mother, Mrs. Rev. Gerald McShane. The bride was given away by her father and looked charming in a suit of navy blue pointed tulle, with cinnamon fur and fawn hat and footwear and carrying a bouquet of roses. They were unattended.

After the ceremony Mr. and Mrs. Vall left for Ottawa, Toronto, Windsor and Detroit. On their return they will reside for the summer in Montreal, where the groom is employed by the C. P. R. Numerous gifts testified to the popularity of the young couple. The bride was an employee of the Retail Merchants' Association, here.

Corsetti-Giacinto. Fredericton, June 17.—The first Italian wedding which ever was solemnized in Fredericton took place this morning at 8 o'clock when Rev. Dean Carney united in marriage, at St. Dunstan's church, Giuseppe Corsetti of Minto and Miss Lucia Di Giacinto of Fredericton. The bride and groom were attended by Miss Honora Staffieri of Minto as bridesmaid and Vincenzio Di Giacinto of Fredericton, brother of the bride, as groomsmen. They will make their home in Minto.

MAGNA CHARTA. In referring to Magna Charta in Knox Church on Sunday, Rev. R. Moorhead Legate said:—"James Anthony Froude says that one lesson, and one only, history may be said to repeat with distinctness, that the world is built somehow on moral foundations; that in the long run it is well with the good; in the long run it is ill with the wicked. The oppressions and exactions of a tyrannical sovereign, John of England, drew from him at the demand of his long-suffering subjects the Great Charter, the signing and sealing of which is being commemorated throughout the English-speaking world today. This document not only righted a set of wrongs prevalent at the time, but set the pace for the liberty of the subject and the protection of his life and property from all arbitrary spoliation."

"And out from Magna Charta history has repeated itself down to the Hon. Walter G. Mitchell, at a convention held in the division tonight. Mr. Bell was said to be a native of western Canada, a graduate of Queen's University and a graduate from the law school of Dalhousie University, Halifax, a member of the bar of Nova Scotia, and also of the bar of Quebec, having been engaged in practice in Montreal since 1917.

Left \$6,000; Goes To Pauper's Grave. Oshington, June 17.—Although Albert Mastrota of Richmond Hill, Queens county, left an estate of about \$6,000 when he was executed in Sing Sing last week, his relatives refused to claim the body. It was buried in a pauper's grave today in the prison burial ground.

Prison attaches announced that Mastrota had refused to sign a will bequeathing his property to his brother Vincent Mastrota of Richmond Hill. The estate will be settled through the Surrogate's Court. Mastrota left, besides his brother, a sister who lives in Italy.

FRENCH POLICY IS OUTLINED BY HERRIOT TO HOUSE. (Continued from page 1.) One of these is an amnesty measure, the second provided for ratification of the Lausanne Peace Treaty with Turkey, and the third is a bill to repeal the Poincare measure authorizing laws by decree, the measures the Poincare Government fought so hard for as a means of bolstering up the falling franc.

FAIRVILLE NOTES. Miss Ella Reed, of Main street, Fairville, was one of the soloists at the evening service in the Queen Square Methodist church on Sunday night. She sang most acceptably "Teach Me O Lord."

Mrs. Harold Murphy and little son, Charles, and Mrs. J. Cowie and sons, Arthur and Gordon, of Grand Manan, who have been visiting their parents, Mr. and Mrs. George Reed, of Fairville, have returned to their home in Grand Manan. Mrs. Murphy and her son will leave on July 1 for Boston to join her husband and make her future home.

Mrs. Holland Rutledge, who has been visiting her mother, Mrs. Brophy, Fairville, has returned to her home at International Falls, Minn. She was accompanied to Montreal by her sister, Miss Gertrude Brophy. They travelled by way of Quebec and St. Anne de Beaufort.

Conservative Candidate. Montreal, June 16.—Lestlie C. Bell was selected as Conservative candidate to contest St. Antoine division in the forthcoming Federal by-election made necessary by the recent resignation of Hon. Walter G. Mitchell, at a convention held in the division tonight. Mr. Bell was said to be a native of western Canada, a graduate of Queen's University and a graduate from the law school of Dalhousie University, Halifax, a member of the bar of Nova Scotia, and also of the bar of Quebec, having been engaged in practice in Montreal since 1917.

If You Want A Good Boarding Place Use A "Range-Finder"

Young men who served with the artillery know what a range-finder is. In fact, everyone who followed the war news has a pretty fair idea of its use.

How can you use a "range-finder" to find a good boarding place? Simply insert an advertisement in the want ad columns of The Times-Star.

The Times-Star. The Times-Star goes into nearly all of the worth while homes of the city.

During the next day or two, you would call at the office for your answers and from them select the most attractive places for investigation.

You might tramp the streets of St. John for weeks and months without locating the right kind of boarding house.

In other words, instead of directing your search toward every point of the compass, the want ad almost instantly directs your footsteps to the very home you wish to locate in.

MORE THAN MERE FINES.

The idea behind Quebec's new method of dealing with reckless or incompetent motor car drivers is that too many of them disregard the law because they are well able to pay fines and confidently expect to encounter nothing worse. So believing, they keep on speeding until they kill or injure somebody. The fine does not reform them. They pay it without any intention of changing their ways.

Hon. J. L. Perron, Minister of Roads, in taking over the enforcement of traffic laws from the Provincial Treasurer, has served notice that hereafter a fine will be the exception, not the rule. He is going to strike at the offences, and he speaks confidently of getting results which hitherto have not been possible. He has had all the officials of the road department sworn in as special traffic officers, and will have been "severely instructed" to enforce the law. "No fines unless in exceptional cases," says Mr. Perron. "The reckless drivers will lose their licenses and the right to operate an automobile."

Massachusetts has been dealing very sharply of late with those who disregard the traffic laws, and while minor offenders are fined, cases are cancelled in a large percentage of cases, and in the graver ones the penalties are heavy. Quebec has given no little publicity to the change in policy outlined by Hon. Mr. Perron. If he is as good as his word the margin of public safety will be comfortably enlarged. The ordinary fine is not strong enough medicine. That has been clearly demonstrated in a thousand communities, our own among them. Compared with the total number of drivers those in need of drastic treatment are few, but in their cases nothing else will serve. Lenient treatment is only an encouragement to further disregard for their own lives and that of infinitely more accounts—those of others.

THE BOND DEALERS.

A reminder as to the extent to which Canada is financing itself was brought out in the course of his address at the annual meeting of the Bond Dealers' Association of Canada in Toronto last week by Mr. J. W. Mitchell, the retiring President. He dealt with several interesting features in relation to the distribution of securities during the year ended with May. In the twelve months referred to, the association participated in the placing of bonds to the total of \$307,914,000, which he said was by far the largest total issue in this country in any post-war year.

Of even greater interest is the fact that of this total about 89 per cent, or \$451,900,000, was absorbed by the people of Canada. The big issues during the year included the Dominion of Canada refunding loan, the C. N. R. equipment issues, an Ontario provincial issue of \$40,000,000, and the C. P. R. issue which was so quickly taken up. Mr. Mitchell felt that Canada's ability to subscribe to the grant total was a cause for pride and that the members of the association were justified in feeling satisfaction over their share in the work of placing a very large proportion of the bonds. He found on unsatisfactory element in the situation, however, which is that a large part of \$849,000,000 representing federal, provincial and municipal borrowings, was for non-productive expenditure so far as the creation of additional national wealth is concerned, and this he thought showed the need for retrenchment and economy in all our governing bodies.

The bond dealers, coming into contact with large and small investors in great numbers, Mr. Mitchell said, have found heavy taxation in Canada a considerable obstacle in the way of securing new capital. Pointing to the marked reduction of taxation in the United States, the speaker argued that like action in Canada is even more necessary, because our undeveloped resources should be placed in a position to attract capital from all parts of the world, and high taxation had a tendency to repel the capitalist. He very strongly expressed the view that Canada needs tax reform even more than tax reduction.

He criticized the blue sky laws adopted in some of the provinces as lacking clearness and uniformity and causing much trouble, delay and expense to bona fide dealers, and he suggested that an excellent field of service is open to the Bond Dealers' Association in preparing a model blue sky law which could be submitted to the Dominion and provincial legislatures in the hope that it would be adopted throughout Canada as a uniform law governing the sale of securities.

THE LAST ROUND.

There is "a certain liveliness," as the war dispatches used to say, in the British Columbia sector. They are up to the last round. The Victoria Colonist, which is opposing Premier Oliver, says he has not only thrown his hat into the ring, but followed it into the squared circle. It explains the use of this

the facts are as stated, the punishment of the guilty should be prompt and heavy enough to have a lasting effect throughout a country in some portions of which at least the third degree has long been in vogue. Tolerant of jungle methods by agents of the law is quite as mistaken as maudlin sympathy for brutal criminals.

GOLDEN RULE FOR THE ROAD.

(Owen Sound Sun-Times.) The best of all rules of the road is the Golden Rule. If it were universally observed, the motor car would be a joy and a boon. Any willful neglect or infringement of it will make the motor more of a general menace. All that is needed is more sense, more skill and more consideration for one's own safety and the safety of others. Less of the pitiful ambition to "keep up with the Joneses," less of the offensive pride to pass and surpass all others, less callous and heartless selfishness, would make the highways quite safe and pleasant even though more crowded than they are.

COMPARING HOWLS.

(Victoria Colonist.) An Ottawa correspondent of the Manitoba Free Press, who is a very competent indeed, says: "Comparing howls. For a real, prolonged, long-distance, high class, high C howl, you have to hand it to the coyote; the Maritime howl is the howl of the lumber wolf. Howls are plentiful in these parts, but it must be for the West and the Maritime Provinces that they have good, distinctive, one-toned howls. Ontario and Quebec have mixed howls—alternating howls, as it were. You howl for me today and I'll howl for you tomorrow. The British Columbian appear to be howling for something, but are not sure themselves just what they are howling about. Neither is anybody else."

ASHANTI DRUM-TALK.

(Toronto Globe.) One of the curiosities of the British Empire Exhibition is the "drum" method of communication used by the Ashantis. Their language is tonal; they take two drums set in different tones, and on them they can reproduce, not only the number of syllables in a word, but the arbitrary tone-quality assigned to each when spoken. These drums carry a mile or more, and in the stillness of an African night they can be heard as far as three or four miles. The system is not as with a heliograph or in flag-reading, need to see the sender, and the system can be used in the middle of a wood.

The same system could not be adopted with the English language, but experiments are now being made on the initiative of Sir Robert Baden-Powell to work an adaptation of the drum-talk to the Morse code. His object is to make use of the system for the conveyance of messages in English, especially by Boy Scouts. In one of these experiments a message of over 100 words was sent by one Boy Scout and received by another with only a few minor errors, although neither of them knew anything about it beforehand. Approximately, it expressed the belief that this means of communication, "well delight the hearts of the young boys and of boys who are men; for it will bring to them the lovely thrill of hearing music of the distant, hidden drums throbbing out a message from over a hill-top, from an unseen forest glade or some hidden valley, a message which some day they can read." For all of which the white man will be indebted to the blacks of Ashanti.

OLD FAVORITES.

(Cleveland Press.) They're at it again! Every four years the avalanche hits—the avalanche of N. T. tried and trusted favorites. Viewing with alarm—pointing with pride—unaffected by sedition, expediency—leading a blameless life—firm as a rock—in the cradle of our liberties. Those worn stock phrases of politics are once more trotted out, dusted off and tossed here and there and yonder among the rafters of conservatism. No party lines restrict this feature of conventioning. In the lexicon of political phraseology there is no such word as monopoly.

Just as a matter of entertainment, when you next go to a national convention, and speech-making time arrives, take out your pencil and record the favorites as they burst forth.

Here is the result of 20 minutes of such note-taking in the opening session of the Cleveland convention—

Small but gallant band.
A mighty conquering host.
The heart of the American people is still sound.
Irrespective of party affiliation.
Crown our efforts with victory.
The pool of oblivion.
Splendid conception.
The time is ripe.
Strength and grandeur.
Maddening rapidity.
Hasty conclusions.
Sudden spasms of groundless rumors.
Do battle to every foe.
Will stand united.
Simple, robust virtues.
Cheap and selfish motives.
In great array.
There is none who can surpass.
Temptations stronger than those by which the angels fell.
He has shown no trucking.
The white flower is a blameless life.
Dread to contemplate.
Boundless resources without stint.
Grievous wrong.
Months of slanderers.
Breath of scandal.
Whether high or low.
Malice intense.
Solemn protest.
Velled threats and brutal demands.
Under the cloak of patriotism.
Beyond the dreams of avarice.
Rumors of iniquity.
Deadly conflict.
Our fervent hope.
The stupendous struggle.
The door of a more splendid future.

WHAT THE EDITOR GETS.

Flowery and long is the wedding notice which the editor printeth. The minister getteth ten bones. The groom standeth the editor off for a twelve-month subscription. All flesh is grass and in time the wife is gathered into a sheaf. The minister getteth his bit. The editor printeth a death notice, two columns of obituary, a cubit of poetry, and a card of thanks. And he forgetteth to read proof on the head and the thing cometh out: "Gone to Her Last Roasting Place." And all that are akin to the deceased jumpeth on the editor with exceeding great vigor. And they pulleth out the axels and cancell-eth their subscriptions and they swing the hammer unto the third and fourth generation.—Arkansas Exchange.

TOLSTOY IN HIS WIFE'S EYES.

Tolstoy's wife was not in sympathy with her husband's extreme views, it is well known, and their son, Count Leon L. Tolstoy, tells in "The Truth About My Father" why in these words:

"Well-balanced and conservative, she found no word of approval for destruction without creation. She loved everything that was right, sincere, true, and fine, and she reacted instantly against any note that was false or obscure. Another feature that she did not like in her husband's character was his pride. 'Do you know,' my mother once said to me, 'what is the strongest force that has animated your father's work? Vanity!'

Tolstoy, we learn, had a superstition that the number 28 was specially important to him. His son says:

"He was born on August 28 in the year 1828. He was married on the 28th, and so on. When he had completed his 82nd year on August 28, 1901, he naturally spoke about the matter. I remarked, 'And this year you will be 82. Why, that is your figure 28 reversed.'"

Tolstoy looked keenly at his son and said: "Yes, perhaps. And it is well that it should be so." That year brought his death. His wife survived to witness the horrors of Bolshevism, dying in 1919.

For lasting luxury and economy make Ostermoor your first choice

From the important standpoint of money-saving, why not enjoy in your own home the luxurious comfort and economy that for thirty years have made the Ostermoor Canada's standard of value in a fine mattress?

Make a critical study of the clean, new materials, fine finish and careful workmanship of this remarkable mattress. Compare it with any other mattress made and see how its lasting comfort and economy make up for any difference in the price.

On the basis of added years of luxurious service and restful sleep alone, you can enjoy an Ostermoor at an average cost per night no greater than the price of your daily newspaper! Measure other mattresses by the same standard and let common sense tell you where economy lies.

Youth and vigor endure only when each day's drafts on your energy and vitality are repaid each night by eight hours or more of deep, unbroken sleep. Poor bedding defrauds all whose sleep it shortens and disturbs. Size up the bedding you are using now. Compare it, at your dealer's, with Ostermoor's durability, cleanliness and restful luxury. Examine the whole line of Simmons mattresses—Red Label, Green Label, White Label, and Simmons springs, including the "Banner." Each is full value offered at the lowest price it can be built of safe, clean materials.

Head Master's Report. Rev. Dr. W. R. Hibbard, head master, in his report for 1924, said: My annual reports for several years past have largely taken the form of the progress of the undertaking which has already meant so much to the school and which will affect so largely its influence and usefulness in the future; I mean the erection of our memorial building. I would ask your indulgence if once again I take this opportunity of placing before you certain facts regarding this project.

The building, as you know, is now finished. When we opened the term last September we were able to use the dining room, and before the end of this first term the whole building was completed and handed over to us. The formal opening took place just before the boys left for the Christmas holidays. There was a very notable occasion, and although it occurred at a rather inconvenient time, I was glad that so many "Old Boys" were able to be present.

That the building equals, or even surpasses our expectations, I can only affirm. Certainly I have heard no Financial.

So far all is pleasing and encouraging and there is one matter which is constantly on my mind and which is a cause of deep anxiety. Last year

I spoke of the difficulty there would be in financing the project unless we could raise at least \$200,000. At the present a little less than \$170,000 has been subscribed and about \$18,000 paid in. We are still short of our modest objective. When I consider what other institutions, institutions no larger than ours and with no larger or wealthier clientele, have raised for purposes of this kind, I am indeed disappointed that this project which is generally conceded to be so worthy is, as yet, has not received greater support.

In saying this I do not wish to be misunderstood. I am most grateful to the many kind friends and supporters of the school who have given subscriptions, many of them very generous ones. I am most grateful also to so many of the "Old Boys" who at considerable sacrifice have paid in, and some of them still paying in, monthly subscriptions. It is indeed when I consider what some have done in this way that I realize how easy it would have been to raise far more than the objective if the response had been more general.

I may be pardoned for dwelling at some length on this matter when it is remembered that I have daily to face the financing of the school. Compared with nearly all schools of similar nature and equipment our fees are most moderate, barely enough indeed to pay the ordinary running expenses. Now I have to face heavy interest charges as well. It is my earnest hope that before another year has elapsed we may have reached at least our objective of \$200,000.

Before leaving this subject I would like to offer very sincere thanks to the ladies connected with the school who have worked so hard to raise funds to furnish the chapel, and to the many friends, chiefly ladies, who have helped them. This fund has grown beyond my expectations. I thought it would take years to furnish the chapel but it is half done already, and though the end is not yet quite in sight, I feel confident that it will not be very long before it is.

90 Boys at School. With respect to the school year which is about to close, I would mention some of the more important events and results: There were in all 90 boys in the school of whom 87 were in residence. The opening of our new building considerably enlarged our capacity, so now we have room for more than 100 boys. I hope that next term we may have an increase in numbers and eventually all the school to capacity, as it was for several years before we

increased our accommodation. The prospects, in spite of the hard times, seem fairly bright and we have already a good many entries for next year. The results in both the McGill and King's matriculation taken last June were excellent and several exceptionally high averages were made. This year we have 18 boys completing the Dalhousie matriculation and nine boys taking the first part of the McGill matriculation. The results will not be known until later.

Last year at the annual inspection our cadet corps won first place in the province, and this year we are leading by a substantial margin all the corps which have so far been inspected. Rifle Shooting. In the Imperial Challenge Shield competition we came second in the Dominion. In 1921 we came first and second in both of these games made a very creditable showing. In athletics, this is the first year that I remember when we have not won at least one championship, yet our teams in all the games made a very creditable showing. adverse criticism of it and many have been unsatisfied in their praise. I feel that we owe deep gratitude both to the architect, Mr. de Lancey Robinson, and to the contractor, Mr. Joseph Henderson. Both of these gentlemen took far more than just a commercial interest in the building, and both of them spared no efforts to make it as beautiful, and at the same time as serviceable as possible.

Former Graduates. With regard to boys who have left the school and have gone to various universities, it is rather hard to follow their careers in many instances, as they are scattered and many of them have gone far afield; thus any complete summary of their achievements would be impossible, but I may mention those I know. This year there were six of our "old boys" who graduated from McGill, four in medicine and two in applied sciences. Of these graduating in medicine, three have received special mention. Some years ago he won an entrance scholarship at McGill. Two years ago I received from him a report as having taken honors in all subjects but one in his third year. This year he is the final honoree in all subjects and came in first in his class.

At the University of New Brunswick there were, I think, three of our "old boys" who graduated this year. Of these J. D. B. Harrison led his class in forestry.

Another distinction very worthy of mention which has come to us through our "old boys" is that of E. J. Pinder who has obtained a place on the Bielefeld team. In the past two years Pinder won the highest distinction for shooting given in the school—the Donville cup. Change of Masters.

In conclusion I would tender my very best thanks to all the members of the staff for their able and loyal support. I regret very much that G. R. Rydman, leaving this year in order to complete his course at Queen's University. Mr. Rydman has been a master during the last five years and his efforts to promote the welfare of the boys and of the school generally, I think, will be remembered by all who have had the privilege of his instruction. HORSE IS DROWNED

Thomas Davidson, of the Black River road, lost a valuable horse last evening by drowning. The horse was engaged in hauling stone on the farm and when the load was dumped the horse became frightened and ran away. In its mad rush the animal plunged into a large hole filled with water. Being held down by the cart and before it could be hauled out of the hole the horse drowned. It was a valuable farm horse.

DOCTORS PLAN REUNION.

The class of 1904 medical students of McGill University is to hold a reunion in Ottawa during the meeting of the Canadian Medical Association meeting when the visiting members will be the guests of the Ottawa members. The class has not held a reunion since 1921 when the McGill centennial was held. The two St. John members are unable to attend. They are Dr. William Warwick and Dr. J. S. Bentley. Other members of the class now in New Brunswick are Dr. N. P. Grant, of Woodstock; Dr. A. J. Lossier, of Chatham, and Dr. C. G. Folkins, of Stanley.

Home-made Bread for the Kiddies!

NOTHING in the world is more wholesome for children than fresh, home-made bread, with the light, snowy-white "crumb" and the tasty, golden-brown crust.

CHAMPION MAIL BAG SEWER

Every 25th person in the United States could have a mail bag if those sewed by Mrs. Carrie Hurley, Washington, D. C., had been equally distributed. She has been "sewing a mean seam" for 25 years and those interested in statistics figure she has stitched 4,650,000 separate bags.

OBJECT LESSONS IN MUSEUM WINDOW

Three Interesting Exhibits Made at Natural History Society Building.

The window exhibits at the Natural History Society's museum in Union street are exceptionally interesting and curious this week. Objects shown are a sounding box of the natives of Africa, presented to the society by Senator A. H. MacDonnell, former D. C. Military District No. 7; a duck-billed platyfish, which is one of the world's strangest animals; and a horn-bill, one of the most curious of birds.

The sounding box is a very fine piece of native workmanship. The wood carving and iron are all of native work. It has by way of ornament a meerkat, a small African animal of the squirrel type, and on the meerkat's back are a row of parrots. The carvings probably have some proper significance. The box itself was used to send messages and when hit with the accompanying stick it has a peculiar resonance which can throw sound for a very great distance.

It was for a long time a source of wonder to Europeans to discover how the natives of Africa received word of events long before it was possible for the news to have been conveyed by messenger, however fleet his rate of travel. The discovery of these sound boxes solved the puzzle as it was understood that with a series of sound boxes news could be relayed with well nigh incredible speed.

The duck-billed platyfish might well be classed with the creatures of which it is said "There ain't no such animal." The creature is 20 inches in length and is an Australian mammal which has many of the special features of a bird. Its young are produced as eggs and the adults have a flat, beak-like mouth. Those of birds have a yolk. They hatch out soon after they are laid and the young platyfish is at first naked and blind and feeds on its mother's milk. It develops teeth at an early stage but they fall out later and hard horny patches develop in each jaw to replace the teeth. The adult has short fur and is web footed but with powerful claws on its front feet with which it can burrow. The male sometimes has a

The breakfast planned for this day is a hot skimmed milk and toast breakfast. If your calorie allowance is less than 1,100 it's much better to begin your day with even as light a breakfast as this than to go foodless until noon.

Fish in Piquant Sauce:

Three pounds firm large fish, 3-4 cup vinegar, 1 tablespoon minced onion, 2 tablespoons minced green pepper, 4 whole cloves, 1/4 teaspoon peppercorns, 1/2 teaspoon celery seed, 1-2 teaspoon whole mustard seed, 2 tablespoons brown sugar, 1 teaspoon salt.

Choose any sort of large firm-fleshed fish. Cut in "chunks" pieces and drop in boiling salted water. Reduce heat and let simmer until the fish flakes away from the bone about 10 minutes. Drain and remove bone and skin. The cloves, celery seed, mustard seed and peppercorns in a small cheesecloth bag. Add onion, pepper, sugar and spices to vinegar and bring to the boiling point. Cover and let stand without boiling for 10 minutes. Put pieces of fish in a casserole and pour over vinegar with spices removed. Cover casserole and put in a hot oven for 20 minutes. Serve from casserole.

UPWARD TENDENCY IN NEW YORK TODAY

Montreal Market was Easier But Moderately Active—Some Changes.

New York, June 17.—Stock prices moved within narrow and irregular limits at the opening of today's stock market, but the main tendency was upward. Brooklyn Union Gas advanced 2 1/2 points and Consolidated Gas cash to new 1924 highs. Floating of a federal court decree holding the \$1 1/2 tax unconstitutional, resulting in a dividend on Kelly Springfield 6 per cent, preferred brought fresh selling in the common, which yielded fractionally on the initial sale.

Montreal Market. Montreal, June 17.—Trading on the Montreal Stock Exchange during the first half hour this morning was moderately active, although the price tendency was rather flat. The market was led by the most active issues and came out with an overnight gain of 1/4 to 1 1/2. The common was off 1/4 to 1/2. This issue suffered a loss of 1/4 to 1/2. Other price changes included Hamilton, 1/4 to 1/2; Montreal Tower, 1/4 to 1/2; and Bell Telephone up 1/4 to 1/2.

Is Elected President of the Canadian Bond Dealers' Association

JAMES A. ECCLES

James A. Eccles, the new president of the Bond Dealers' Association of Canada, was elected at an outstanding dinner at the Hotel Windsor last night. He is a member of the association since its formation and has served as vice-president, eastern section, and was also chairman of the executive committee, eastern section and Dominion chairman of the investment business of the Dominion.

During the war period Mr. Eccles took an active part in the various Victory Loan campaigns. He was a member of the Dominion executive, Dominion Loan 1918 and Dominion publicity Victory Loan 1919. He has had a thorough training in the bond business, having served in Boston with the firm of W. W. Harris & Co., and its successors, Harris, Forbes & Co. On the formation of Harris, Forbes & Co. Limited, in Canada he became its president.

He graduated from the University with the degree of B.A. in 1910 and is a member of the Harvard Club in New York, Boston and Montreal.

He is a member of the Canadian Bond Dealers' Association, the N. B. Power Company, handling about \$2,000,000 of its bonds.

MRS. ROSE PETERS. Toronto Woman Advises Young Mothers!

Toronto, Ont.—"During all I have had of wifehood and motherhood I have had great comfort from the use of Dr. Pierce's Favorite Prescription. I do not hesitate to recommend it to other women who need strength and help during pregnancy. It relieves me of all nausea, or sick stomach, and kept me well and healthy. I took this splendid tonic and service during each of my four expectant periods and I feel quite sure that my babies were just as greatly benefited as I myself. I cannot investigate or testify to the fact that it is a health-giving medicine from the first moment."—Mrs. Rose Peters, No. 207 Sackville Street.

Health is most important to every woman. You cannot afford to neglect it when your neighborhood druggist has in his hands a medicine which, in tablets or liquid. This prescription is made in Dr. Pierce's Laboratory, Lowell, Mass., and is available there if you wish a trial package.

STOVE FALLS AND SETS HOUSE AFIRE. Two-storey East St. John Building Destroyed—Loss Put at \$25,000.

The falling down of a stove was the cause for total destruction of a two-storey dwelling and contents owned by Joseph Besszo, Virginia street, East St. John yesterday afternoon at 2:30 o'clock. Mr. Besszo places his loss at \$25,000, and his insurance amounting to \$10,000 with the General Accident Assurance Company of Canada.

Mr. Besszo was employed at labor work on the new Catholic church at East St. John when the fire started.

He said that his wife had lighted a fire in the kitchen stove, and leaving two of their five children in the house, went to a grocery store to make some purchases. While she was away the stove fell down and immediately the house caught fire. The two children ran from the house and gave the alarm, but when the neighbors arrived on the scene the building was all on fire. Forming a bucket brigade, several men had hard work in saving a small shed near the burning building.

John Marr, who resides in the next house to that owned by Mr. Besszo, was obliged to pour water continually on the roof and sides of his building to prevent it from catching fire. All that was saved from the Besszo home was a chair and a basket of soiled clothing. These happened to be on the steps in front of the house. Every piece of furniture was burned. It was only about half an hour before the building was in ashes. The family was sheltered last night in the home of Adelard Hachey, brother-in-law of Besszo. The latter says he is not sure whether he will build another house.

No. 1 chemical engine from the King street station, responded to a call shortly after the fire was discovered, but on arrival at Virginia street could render no assistance as the building had been destroyed. The bucket brigade had saved the adjoining buildings.

Virginia street is situated near the extreme eastern end of Park Avenue, almost a mile from the Red Head Road.

ERUPTIONS ON HEAD AND FACE

Red, Swollen and Sore. Cuticura Heals.

"I had my trouble from childhood. It took the form of white, scaly, sore eruptions which caused terrible itching and burning, also loss of sleep. My head and face and parts of my body were affected. The skin on both my head and face was red and swollen and awfully sore. The breaking out caused disfigurement, and I lost nearly all my hair except on my head." (Signed) Mrs. W. A. Miller, Marshall, Washington, Nov. 8, 1923.

"I began using Cuticura Soap and Ointment and they afforded relief, and at the end of three months I was completely healed." (Signed) Mrs. W. A. Miller, Marshall, Washington, Nov. 8, 1923.

Use Cuticura Soap, Ointment and Talcum for all toilet purposes.

ROTARY WOULD SEE BUSINESS

MEN OF WORLD IN FELLOWSHIP

President Emphasizes Destiny in Speech at Convention Today.

(Associated Press.) Toronto, June 17.—"Rotary's destiny is the establishment of a world fellowship of business and professional men, united in the Rotary idea of service," said President Guy Gundaker, opening the fifteenth annual Rotary Convention here today.

"A world fellowship, while necessarily contingent on the extent and successful establishment of Rotary in all the nations of the world, is likewise contingent on the correctness of the standards of business practice of the men privileged to enter that fellowship," he continued.

"In my opinion, Rotary's most lasting contribution to the world will be found in the realm of business, in the holding of a happier, more contented, more kindly, more co-operative, and more honorable business world. In the achievement of a more honorable business world you have the solution for all the other betterments sought. With an honorable business world, happiness, contentment, kindness and co-operation must and will prevail.

"With correct business methods, world-wide, the business men of all nations, meeting on this common ground, will establish great international friendships and good-will—friendships which will harborger everlasting peace."

"One of the ultimate objects of written codes is to standardize conduct so that all fellow-craftsmen in any line of business can compete with one another on an equality of opportunity. Where men compete on different business standards, there is no equality of opportunity."

"A large number of new members were received last night and Mrs. Joseph Kennedy was appointed convener of a strong committee which was to undertake the enrollment of more members."

As a committee to have charge of the visiting of the grounds of the Rotarian Club, Mrs. Joseph Kennedy was appointed convener of a strong committee which was to undertake the enrollment of more members."

There was no unemployment in France, Mr. Fisher said, adding that the reverse was the case, for they had had to import labor by hundreds from Belgium and Italy to meet the demand. The depreciation in the value of the franc had given France an opportunity to seek markets in the other countries of the world, with the result that their trade had increased to an enormous extent.

In England there was a lot of unemployment, Mr. Fisher said, adding that the industrial situation there was not in very good condition.

At Wembley, he said, Canada's building and exhibits were superior to any of the others, though each of the colonies and Dominions was well represented.

Mrs. Fisher and her daughter, who accompanied Mr. Fisher on the trip, did not return with him, and expect to visit in several other lands before returning to St. John later in the year.

TO EXTEND CALL TO MINISTER. The congregation of St. Matthew's church met last night and decided to extend a call to Rev. J. W. Britain, Elmwood, N. S. The interim moderator, Rev. W. M. Townsend, presided at the meeting. Another congregational meeting will be held early in July to receive the reply of Mr. Britain and if the reply is favorable the matter will come before the presbytery concerned.

SYNOD COMMITTEES. The dates for the next meetings of the standing committees of the Fredericton Diocesan Synod have been announced by His Lordship Bishop Richardson. The committees will be in session at the Church of England Institute in St. John on July 8, 9 and 10.

FOR 15 YEARS WAS TROUBLED WITH ECZEMA

There is no other remedy like Burdock Blood Bitters that can possibly give such relief to all sufferers from eczema, skin eruptions and all other diseases of the blood for the reason that this old and well tried remedy goes right to the seat of the trouble and completely and permanently drives these diseases out of the system by cleansing the blood and making it pure and rich.

Mr. F. W. H. Schultz, Pembroke, Ont., writes: "Having been troubled with eczema for fifteen years, during which time I tried everything I could think of, including doctors, but without getting anything to do me much good, I finally decided to take Burdock Blood Bitters, and I was certainly surprised to find that two weeks after I had started to take it I was relieved of my trouble. This was nine months ago and I have not had a sign of it since."

"When the Rotary campaign for ethical business conduct spreads and is accepted, and is of world-wide recognition and enforcement, one of the greatest and most serious hidden underlying causes of jealousy and war will have been permanently removed."

Some 10,000 Rotarians are gathered here from all sections of the civilized world for this 15th annual convention of Rotary International. The convention will continue in session four days.

and will end with the election of officers on Friday. Former Governor Frank O. Lowden, of Illinois will be one of the chief speakers.

A president and eight directors will be elected, a new administration coming in to Rotary every year. The leading candidate for president are Everett W. Hill of Oklahoma City, at present first vice president; Harry Bert Craddock, of Minneapolis; and Frank H. Lamb of Hoquiam, Washington, Chicago, Cleveland and Rio de Janeiro, Brazil, are the chief cities bidding for the next convention.

W. S. Fisher Speaks of Canada's Trade With Mother Country.

That the general feeling among the thinking people of Great Britain was not in accord with the British Government had taken in reference to trade with Canada and other of the British Dominions; that they were eager that the Empire should be more closely welded together and realized that one of the best means of accomplishing this result was through the channels of trade; that if the British Empire was to retain the place it now holds among the peoples of the earth and retain its supremacy in the field of shipping and world commerce, the trade relations of the Dominions and possessions must be cultivated to the extent that nothing should be done to hurt the kindly relations at present existing, and that the action of the Government in the present case, when it says that it does not care anything about the British preference with Canada, after Canada had given its preference for 27 years, was not going to do the relationship of Canada and Great Britain any good, were some of the many impressions made on the minds of the former president of the Canadian Manufacturers Association, brought back with him when he returned yesterday from a trip which took him to Italy, Egypt, France, Greece, Belgium and England, and entailed thousands of miles of traveling, and four and a half months of time.

In Jerusalem, Mr. Fisher sat in the room in which the Treaty of Capitulatio was signed. The name Allenby had a tremendous effect on the Arabs, Mr. Fisher said, because of the attitude of the Young Turks, who were grabbing everything that they could get their hands on, and would not countenance, let alone encourage, any Christian doing business of any kind. The party spent but one day in Athens.

There was no unemployment in France, Mr. Fisher said, adding that the reverse was the case, for they had had to import labor by hundreds from Belgium and Italy to meet the demand. The depreciation in the value of the franc had given France an opportunity to seek markets in the other countries of the world, with the result that their trade had increased to an enormous extent.

In England there was a lot of unemployment, Mr. Fisher said, adding that the industrial situation there was not in very good condition.

MRS. KNOX SUFFERED FOR OVER THREE YEARS

St. John Lady was Nervous and Had Severe Indigestion That Caused Intense Pain.

"It has been nearly two years since I took Tanlac, but I am more grateful to the medicine than ever for I have felt just fine to this very day," recently declared Mrs. Lena Knox, 51 Hilliard street, St. John, N. B.

"For three years, indigestion and nervousness caused me such agony it beggars description. I was actually afraid to eat; at night I would lie awake nervous and sleepless for hours, and finally became so weak and thin I was almost a shadow."

"But Tanlac gave me a splendid appetite, calm nerves and a digestion that is simply perfect. I sleep the whole night through and have gained such weight, strength and energy that I always feel at my best."

Tanlac is for sale by all good druggists. Accept no substitute. Over 40 million bottles sold.

PIPE FURNISHED; FLOOD FOLLOWS. As men were excavating yesterday afternoon for the new sewer that is being brought along Manowagonish road from the new Protestant Orphanage, formerly the Manchester property, they struck the 12-inch pipe that carries water from Spruce Lake to the Nadeau Park and Paper mill, near the Falls. A hole was made and the water rushed out filling the trench already dug, overflowing into the road and over the sidewalk on the lower side. A gasoline pumping machine was brought from West St. John and the men had a busy time pumping and bailing the water to make repairs possible. This was accomplished later in the afternoon.

HOPES UNION BILL PASSES UNCHANGED. Rev. Dr. S. D. Chown, Toronto, superintendent of the Methodist Church in Canada, came to St. John yesterday afternoon from Sackville, where he has attended the N. B. and P. E. I. Methodist Conference. Today he leaves on the Empress for Bridgetown, N. S., to attend the Nova Scotia provincial conference to be held at that place.

WHAT CAPITAL MEANS TO THESE PROVINCES OF OURS

The greatest necessity of the Maritime Provinces is capital to develop our resources.

We have for years been exporting men, women and cash, and if we wish to grow in population and wealth this condition must be changed.

The development of our industries requires capital, and this capital must come from our own people as well as from outsiders. There are millions of Maritime capital investments in mines, factories, railways and development undertakings in all parts of America is well known to everyone who has considered the subject.

In recent years there has been a tendency toward a change. We have in the past few years had an influx of outside capital in such industrial development as the British Empire Steel Company, the Fraser Companies, the Bathurst Companies, the Halifax Shipyards, the Imperial Oil Company, the St. John Dry Dock and Shipbuilding Company, the Atlantic Sugar Refinery, the Acadia Sugar Refinery, the Nashua Pulp Company.

Recently two other projects have been started, one of which is the Admiral Beattie Hotel and the other is the Atlantic Coast Collieries. The latter is being financed by W. A. Mackenzie & Co., of Toronto, a financial house of excellent standing and with a very successful record. They are bringing to the Maritimes as an initial development over \$5,000,000, which will be expended at Miramichi, Cape Breton.

Enterprises of this character, which give employment to thousands of men, supply a commodity which we have been sending thousands of dollars outside of the country annually to secure, and which encourage faith and hope in a future for the Maritime Provinces, mean more to us than all our agitations and fault-finders do.

If we had ten other concerns, each bringing \$5,000,000 to the Maritime Provinces, to develop our industries, our problems would be solved.

KENNEL CLUB TO PREPARE FOR SHOW

Will Have Feature at Exhibition—Prize Lists are Out.

It was decided to hold a dog show in connection with the St. John Exhibition this year at a meeting of the directors of the association last night with F. A. Dyleman, president, in the chair.

In the plans for the midway it was said that the arrangements would conform to requirements and that part of the exhibition would be one of the great attractions.

The prize list for the exhibition have been out for about a fortnight and entries were reported to be coming in most satisfactorily. It would be about the middle of August before any exact list of the number of entries could be had.

From Aug. 30 to Sept. 6.

It was agreed that the scale of admissions should be the same as last year, 50 cents for adults and 25 cents for children. These prices had been in force since the war with the exception of one year in which a reduction was made. The reduced prices were said to have been a failure.

The dates for the exhibition this year are to be from Aug. 30 to Sept. 6.

The committee on buildings and grounds outlined its programme for repairs. Some work is already under way. During the last few years the repair work has been of a permanent nature and the programme this year follows out the general scheme.

The fence to the northeast is to be continued, some horse stalls will be pulled down, a permanent foundation will be put under a lavatory building and repairs will be made to the grand stand.

Mr. Porter reported that in his recent trip he had interviewed several industrial exhibitors and received several favorable replies.

The grand stand stands to be given were discussed at the meeting and it was decided to strengthen the programme still further.

Many new features were suggested and were favorably received.

YANKEES JUST HOLD TOP RUNG

Detroit Climbs to Within a Few Points of Second Place.

New York, N. Y., June 17.—Alphonse and Gaston of comic supplement fame were no more deferential to each other than are the Yankees and the Red Sox because they refused to be so ungenerously as to beat Cleveland while Detroit was trouncing Boston. New York today is still just clinging to the top rung of the American League ladder.

Bullet Joe Bush, who apparently does not believe in the "you first" code of etiquette, did his best for eight innings to help his road weary team mates pull away to a two game lead over their tenacious Fenway rivals by holding the Indians to three scattered hits but in the ninth, with the assistance of Johnson's error, he banded a 2 to 1 victory to Speaker's tribe. Cleveland pitched a strong game for Cleveland. Babe Ruth was passed three times.

Detroit climbed to within a few points of second place by scoring a shutout over the slugging Red Sox, 3 to 0.

The Browns moved up to fifth place by pounding out a 10 to 2 win over the Athletics.

Landing on the long end of a 9 to 8 score, in a sea-saw battle with Washington, Chicago took a firmer hold on its first division berth.

Ruthless tramping on the hapless Cardinals to the tune of 7 to 2, while the Cubs dropped the opener to the Lowly Phillies, the Giants widened the breach between themselves and the Windy City aggregation to a game and a half.

Unable to do anything with Jess Barnes' offerings, Pittsburgh lost a 9 to 4 decision to the Braves.

Brooklyn continued its winning ways with a five to two triumph over Cincinnati.

CANADIAN TEAM WON. 14,000 Witnessed Defeat of Australian Soccer Eleven.

Sydney, N. S. W., June 14.—By a score of 1 to 0, the Canadian all-star soccer football team this afternoon won the second test match of the present tour when it defeated an all-Australian eleven in a game that kept the 14,000 spectators on edge throughout the play. Stobhart scored the goal for Canada.

The rivals were out to win, with the result that both teams mixed freely in one of the most stubbornly fought football games seen here for some time.

The Canadians made a decided hit with the huge crowd that witnessed the play and they were loudly cheered as they demonstrated the fine points of the game.

Stobhart, Forest, Harley, Mosher, Anderson and McLean played stellar football. Noseworthy, Hood, Armstrong, Lenning and Sanford did not play. Lenning was unable to take his place in the line-up because of an injury to his knee, suffered in Wednesday's game against Tamworth.

The Canucks have now won six games, lost two and drawn four. The test match has been won and one lost.

NEWS NOTES GATHERED FROM WORLD OF STAGE AND SCREEN

IMPERIAL HAS A NEW SENSATION

"Plastigrams" an Interesting and Amusing Development—Good Italian Story.

It truly was the oddest sight in Imperial Theatre last night to see more than 700 people on the ground floor alone holding paper "eyeglasses" and peering through them intently at the screen whilst shrieks of laughter and excitement made the big auditorium ring.

The orchestra laid off its musical work and used the funny little eyeglasses as well, so the gales of fun swept through the theatre was entered into by the players, too.

This was all due to the sensational effect of the new "Plastigrams" or movies that leave the screen—at last the stereoscopic picture, the picture with depth as well as height and breadth.

When the first of these films appeared it was a double-exposure picture, just like kodakers often take, showing a monkey and a fish. By closing first one eye and then the other each picture could be separated. Then the watcher was advised to use both eyes through the red and blue "glasses" and then is when the fun began.

First a fellow peering over a high wall thrust a long stick right in the very face of the watcher, so that some dropped their glasses and jumped back. Then a girl poured a drink into a soda sipped, too) and handed it right to you. An automobile crash was next, with you in the midst of it.

Then Eddie Wittstein, a comedian, monologist asked you in the eye with his slide, a cat squirted water on you and a cat caught a mouse right under your nose. There were other pictures, all of them startling, all of them bringing forth the loudest laughter and in some cases mild hysterics.

It is safe to assume these Imperial's novelty pictures are the forerunners of something we may expect to see in large productions before long. The stereoscopic picture is the missing dimension in photography and just now it is being sought, the correcting eyeglasses. However, it may soon be a wonderful reality for all moving pictures.

The Imperial shown these "Plastigrams" at the close of a splendid bill of fiction pictures in which "Thy Name Is Woman" was the leading story. In this Metro special the favorite screen stars, Barbara Stanwick and Ramon Novarro, appeared in the leads, the roles of a Spanish smuggler's young wife and a cabinier in quest of smugglers, respectively. It was a masterly film and held the interest to the very last. Fathe News and Topics of the Day rounded out the bill.

This same programme stands for today and tomorrow. It is an outstanding one, in the history of the Metro special but because of the extreme novelty and surprise of the Plastigrams which will be shown all week.

MILTON NOBLES, NOTED ACTOR, DEAD

Author of "The Phoenix" Dies Suddenly of Apoplexy.

New York, June 17.—Milton Nobles, actor and playwright, who has been playing in the Players' Club revival of "The Stoops to Conquer" at the Empire Theatre, died Friday at his home, 138 First Place, Brooklyn, following a stroke of apoplexy. He last appeared in his role of Mat Muggins in "The Stoops to Conquer" on Thursday night last.

Mr. Nobles was 76 years old. He retired from the stage in 1906, but returned in 1920 in Frank Bacon's part in "Lightnin'", one of the most successful of the many actors who essayed the part, in which he continued until his health gave way in March of last year.

Following his debut in 1867, Mr. Nobles was for several years in stock companies throughout the West, and in 1875 produced his dramatization of "Jim Bludsoe" in Philadelphia. He starred himself in this piece and in his own play, "The Phoenix," and toured the country in them for twenty-five years. In "The Phoenix" occurred the line "and the villain still pursued her," a fair sample of the melodramatic character of his author's writing. He wrote a dozen or so plays of this type, and in his acting, too, followed the same school of melodrama.

In 1881 he married Dollie Woolwine, an actress in his company. For some years following 1885 they appeared together in vaudeville.

STAR-MAKER!

Violinist in Yale Dining Hall Made Opera Star of Rosa Ponselle, Cashier, and Brought Fame to Two Other Young Girls

Allyn King, Rosa Ponselle (center) and Diana Allen (right) who reached stardom through the playing of Edward Wittstein, Yale dining hall fiddler (inset).

New Haven, Conn., June 14.—The fame of Rosa Ponselle, Diana Allen and Allyn King sprang from the fiddle of Edie Wittstein. That's speaking literally.

Twenty years ago the only entertainment in the Yale dining hall came from the students themselves when they lifted their voices in college songs and gave impromptu concerts.

Then Edie Wittstein walked into the dining room with his violin under his arm. He played one selection. His success was immediate. The manager of the restaurant hired him to play regularly.

Rosa Ponselle worked as cashier in the restaurant. She thought maybe she could sing when Edie played. She spoke to the manager of the restaurant and he spoke to Edie—and Rosa sang.

Edie was hired to play at the old Heublein's cafe. He started a cabaret, taking Rosa along to sing and gave Diana Allen a job as a performer. Edie was attending high school and helping her mother run a rooming house then.

Rosa and Diana were ambitious. The former went to New York, made a great success as a singer. She is now a soloist with the Metropolitan Opera and has an international reputation. Diana enlisted with Ziegfeld's Follies, became one of Broadway's most famous beauties and was drafted by the army.

Rosa and Diana and Allyn have gone out into the world to gain fame—the fame of Edie travels the world over, to every place a Yale man goes.

UNIQUE HAS NEW BIG PRODUCTION

"Jealous Husbands" a Remarkable Film With Cast of Celebrities.

"Jealous Husbands," a First National picture, produced by M. C. Levee and directed by Maurice Tourneur, which opened yesterday at the Unique Theatre, is a remarkable photoplay in many respects—and one of the most grippingly entertaining films of the most breath-taking dramatic story for the fidelity of its settings.

In many cases a picture falls down in one or more of these details. But in "Jealous Husbands" all of these elements have been combined with such a high degree of skill and artistry that we, for one, are willing to doff our hat to Mr. Tourneur as a directorial wizard.

The story opens in a San Francisco mansion, the harmony of which had been destroyed by the incessant jealousy of the head of the house, Ramon Martinez, who is ever suspicious of his pretty wife, Helen, is carrying on clandestine love affairs, although he possessed not a shred of evidence on which to hang his suspicions. They were apart—and then occurs an event that breaks up the home. Not even their little boy can effect a reconciliation. The father in his rage gives the child to a burglar who had broken into his house, and pays him to kidnap him.

Later comes the awakening—and bitter remorse. The parents conduct a search for their boy without success until—

To go on with the outline of the plot would be to spoil for you one of the most breath-taking dramatic moments that has been light on the silver sheet.

"Jealous Husbands" is a picture that keys up your nerves to a high tension, never letting down until "Finis" is flashed from the projector. It is a masterpiece of suspense.

Much of the credit for this remarkable result goes to the fine cast selected by Mr. Tourneur. In it are Earle

DAVID BELASCO DENIES SURRENDER

Says Engagement of Judith Anderson is Not Significant.

New York, June 17.—David Belasco denied a report which implied that, because he had engaged Judith Anderson, a member of the Actors' Equity Association, he had yielded to the actors' organization in the dispute over Equity shop and had recanted his announced intention to cease production, in line with fellow members of the Producing Managers' Association. He said:

"I want it clearly understood that I am a loyal member of the Producing Managers' Association and I cannot submit to any statement or insinuation that I am acting independently of that organization. The fact that I have an arrangement with Miss Judith Anderson, as well as with a number of actors and actresses, does not mean that I am ready to surrender to the Actors' Equity Association. These arrangements give me the right to the services of certain artists next season. If I find that I cannot make productions, their interests are fully protected."

The Appellate Division heard argument and reserved decision on an appeal by the Producing Managers' Association from a decision by Justice McCook in the Supreme Court refusing to grant an injunction restraining the Actors' Equity Association and the Managers' Protective Association from carrying out an agreement made by these two bodies, which the plaintiff alleged, was the result of a conspiracy against its association.

Some of the producers who are members of the newly formed Managers' Protective Association, and also the Producing Managers' Association, are Lee Shubert, Arthur Hammerstein, F. Ray Comstock, Harry H. Frazer, Al H. Woods, William A. Brady and George Broadhurst. They also are individual defendants in the injunction action.

Frank C. Laughlin, former justice, counsel for the Producing Managers' Association, said the contract attacked by his client was void and illegal as in restraint of trade, adding that it never was the purpose of the Equity to enter into a lawful agreement.

Charles H. Tuttle and Paul N. Turner, for the defendants, argued in favor of the decision of Justice McCook.

OSCHGER RELEASED

New York, N. Y., June 17.—The New York Nationals announce the release of pitcher Joseph Oschger to the Louisville Club of the American Association. Completing a deal made last winter for Pitcher Wayland Dean, Oschger came to New York from Boston this year in a trade for Outfielders Stengel and Cunningham.

BELIEVE FIRE WAS BURGLAR'S WORK

Marshall Returns After Investigation of Creaghan Conflagration.

There is a prevalent belief on the North Shore that the fire which did nearly \$100,000 damage to the property of J. D. Creaghan Ltd., was caused by a burglar who, accidentally or otherwise, set fire to the building while attempting to break in, according to H. St. McLellan, Provincial Fire Marshal, who returned on Sunday from a trip of investigation in that part of the province. While there was nothing that could definitely connect the fire with any person, Mr. McLellan said, it was known that a man who was terrorizing the North Shore in a stolen automobile was in the vicinity of Nelson when the blaze occurred. Another significant incident was the fact that when the police found the stolen car, which had been abandoned by the driver, there was on the seat a copy of a North Shore paper, folded so that a report of the Creaghan fire was on the outside. While in Bathurst Mr. McLellan investigated the fire which did damage to the property of Mrs. Eliza Payne and found that the damage done was not so bad as reported. He was satisfied with his investigation. An inquiry into the circumstances surrounding a fire at North Esk will be continued. Mr. McLellan will go to Moncton today in connection with recent fires there.

ST. JOHN VOTE IS REPORTED AS AGAINST STRIKE

While nothing definite has been received here by officials of the Postal Workers' Union as to the result of the strike vote which is being taken amongst the 10,000 members of the union throughout the Dominion, there was an impression that the general ballot would result in a decision for a walkout. The vote from the 42 workers in St. John is said to have cast a majority against strike. It was said today by some of the postal employees here that while there was no doubt that some of the smaller offices would be against the principle of striking at the present time, the number of votes cast in those offices would not be sufficient to overcome the large margins in favor of the walkout which they felt would result in some of the larger places, such as Toronto, Montreal and Ottawa.

ACCEPT CHALLENGES. The Braves wish to accept the challenge of the Hawks for a game of baseball to be played on the East St. John diamond tonight at 7 o'clock. They also accept the challenge of the Young Trojans for Thursday night on the latter's diamond and the Alerts on or after June 24.

SHIPPING NOTES. The S. S. Eidfos, Nagle & Wigmore agents, sailed this afternoon for Havana with a general cargo, including a large shipment of potatoes. This is the steamer's last trip of the season. The coastwise steamer Valinda arrived this morning from Bridgetown, N. S., with Captain Blinckhorn in command.

HARBOR WORK. A harbor department crew is now engaged in laying new ship platforms at No. 5 shed. The work on the trestle at No. 5 was delayed on account of the breaking of the shaft of the C. F. R. derrick, which the city had planned on securing, and will not be resumed before the middle of next week.

FOR BRIDE-TO-BE. A number of lady friends assembled at the home of Mrs. E. S. C. Hansen, Lansdowne avenue, last evening and gave a surprise to Miss Theresa Maxwell in the form of a kitchen shower of many useful gifts. During the evening games and music were enjoyed and refreshments served.

TAKEN UNDER CARE. Charles Campbell was taken into care last night on a charge of creating a disturbance. He was placed in one of the cells at Central Police Station, and tore up a bench, damaged one of the fixtures and kept yelling at the top of his voice. He was examined by Dr. M. Case, who ordered him taken to the Provincial Hospital. This morning he was conveyed to the institution in the patrol by Sergeant McLeese.

DOG PROBLEM. Commissioner Harding said this morning that his attention had been called to the number of dogs in the city and a complaint made that they were a nuisance. The Commissioner said he had not made up his mind what course of action to take in the matter and would like some suggestions as to the best method of dealing with this problem.

PRESENTATION. On Monday evening a very pleasant time was spent at the home of Mrs. Fred Oram, 966 Main street, where friends of Miss Frederic Hubley assembled to say good bye and present her a nice club bag in remembrance. The presentation was made by Miss Agnes Pooley. Miss Hubley, who has been on the dining room table at Victoria Hotel, will be today for her home in Clementsville, N. S.

BURIED TODAY. The funeral of Mrs. James McCullough was held this morning from her late residence, 27 Richmond street, at 10 o'clock. Rev. W. M. Hinkley, master of ceremonies. CITY PUBLIC WORKS CUT. That he was cutting down his crew of men and would have to reduce it still further if he was to get through the year on his appropriation, was a statement made this morning by Commissioner Frink. He had already cut the pay roll from \$722,800 a day to \$517,115 and it had to be cut another \$100. The Commissioner said that while this meant that more men would be out of work this course was imperative unless some new work was undertaken.

NOVELTY SHOWER. Miss Helen Armstrong, who is soon to be one of the principals in an interesting event, was the guest of honor at a novelty shower last evening at the home of Mrs. Fred Miller, 13 Millidge street. A little before luncheon the guest of honor and the groom to be, were ushered into the parlor, which they found prettily decorated with streamers, each leading to a hidden gift. The evening was pleasantly spent in games and music. A dainty lunch was served by the hostess.

DINGHY RACE TONIGHT. The first of a series of dinghy races conducted by the R. K. Y. C. will be contested this evening at 7 o'clock, daylight time, at Millidgeville and it is expected that six or more boats will take the water. Considerable interest was shown in these races last year and from present indications it looks as if the events this summer will be followed with enthusiasm. Tonight's events will be followed by weekly races if enough entries are sent in from week to week.

HARRY DONAHUE ILL. Harry Donahue, former policeman and at present engaged in mason work, is seriously ill in the St. John Infirmary suffering from blood poisoning in the left arm, contracted while at work on last Friday. Mr. Donahue has been exceptionally unfortunate during the last few years having been laid up with a fractured leg due to an accident while at work when he fell over a staging. Not long ago he was one of the fire sufferers in the conflagration which wiped out several homes at Glen Falls. His many friends will hope for speedy recovery of his health.

GOLDEN WEDDING DAY OBSERVED

Mr. and Mrs. George D. Hunter are Honored on Anniversary.

A large number of relatives and friends called last evening at the home of Mr. and Mrs. George D. Hunter, 8 Simonds street, to offer congratulations on the occasion of the fiftieth anniversary of their wedding. Both Mr. and Mrs. Hunter are in fair health. They were very much pleased with the honor which was done them. During the evening several presentations were made including gifts of gold and other articles, as well as three large wedding cakes, tastefully decorated.

Mr. and Mrs. Hunter were married on June 16, 1874, by Rev. Canon Harp, at the home of the bride's father, Squire John F. Godard, corner of High and Portland streets. They have since resided in the North End. Mr. Hunter was born at Maquapit Lake, near Douglas Cove, Queens county in 1843, and came to St. John about 22 years later. For more than 13 years he was a member of the business office staff of the Sun Printing Co., during the time that the late S. D. Scott, who died recently in the west, was editor. Since that time he has been engaged in bookkeeping work.

Mr. Hunter is the last of his family. Before her marriage she was Miss Janie Godard, daughter of Squire John F. Godard, clerk of the police court in the town of Portland before its union with the city of St. John. Mr. and Mrs. Hunter have three children living—John D. R. Hunter, a motorman with the New Brunswick Power Co., now operating on the Haymarket square line; Miss Jessie D. Hunter, at home; and Mrs. Harrison, wife of H. G. Harrison, well known grocer and commission merchant of the North End.

DINGLEY IS IN WITH 185 TODAY

Travel Increases and Nearly 300 are Booked for the Next Trip.

Passenger travel on the Eastern Steamship liner Governor Dingley is increasing steadily, and today she landed in this city 185 men, women and children, the majority citizens of the United States who came to Canada to spend vacations. Already the Dingley has 289 passengers booked for her next trip to St. John and from all indications the season will be an exceptionally busy one.

The freights are also increasing, and this morning the steamer Governor Dingley left Boston yesterday morning and for the greater part of the voyage encountered fine weather. She arrived in port after 12 o'clock today, coming via Eastport and Lubec, and she will return to the Hub tomorrow morning.

GOING TO ATTEND CONVENTIONS

A busy three weeks of conventions lies ahead of Miss M. Melkjohn, director of public health nursing service for the province. She will attend the meeting of the New Brunswick Women's Institutes in Fredericton on June 19 and after returning to St. John for a few days will go on to the meeting of the Canadian National Association of Trained Nurses which will be in session in Hamilton from June 23 to June 25 and then attend the meeting of the Canadian Association of Nursing Education which meets in Hamilton on June 26. Her next convention will be the meeting of the National Conference of Social Work which is to be held in Toronto from June 23 to July 2.

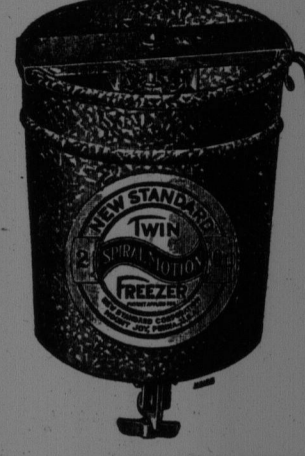

PICNIC PLANS MADE

The executive committee of the recent fair of the Church of the Assumption met at the residence of Rev. J. J. Ryan last evening, and decided to hold the annual picnic on July 15. Father Ryan presided and the following committees were appointed: General conveners, Mrs. Thomas J. Brissett, Mrs. J. Frank Owens and Mrs. William Tobin; ice cream convener, Miss Alice Coyle; surprise box, joint conveners, Mrs. Ted McMurray, and Miss Len Beatty; Women's Society booth, Mrs. James McLaughlin and Mrs. James Lavin; fish pond, Miss Ada Murphy; candy booth, Mrs. Walter Barsley. These committees will be added to and the men's committees appointed at a later meeting when final arrangements for the picnic will be made. The picnic will be held on the Church of the Assumption grounds.
