

Weekly Herald. SATURDAY MORNING, JAN. 19. EDITORIAL NOTES. There will be fifty-three Tuesday's in 1878.

The Planet Mercury is now visible in the west about five o'clock every evening. A bill is to be introduced into the Italian Parliament appointing the Pantheon as the burial place of the Royal family.

President Hayes is, it is reported, considerably annoyed at Secretary Evart's recent acceptance of a retainer. The Queen's Speech at the opening of Parliament hints that very liberal supplies may under certain circumstances be asked for.

It is stated that the mission of the Apostolic Delegate to Canada having been satisfactorily concluded, His Excellency will sail shortly for Europe. Samuel Bowles, founder and editor of the Springfield Republic, a paper that under his management acquired a national importance, is dead.

The first vessel with articles from the United States for the Paris Exhibition, sails from New York the first week in February. H. M. Stanley, the distinguished African explorer, has arrived in Rome. The medal awarded him by the late King was presented to him privately.

Little Gov. Canchon received orders from Ottawa allowing him the usual salary and guard of honor at the opening of the Legislature. The marriage of the King of Spain will be postponed a few days from the date originally fixed, in consequence of the death of Victor Emmanuel.

The news of the death of Victor Emmanuel created great consternation at Berlin in consequence of fear regarding the triple-alliance. Bismarck is uneasy. The Montreal Weekly Witness says the Montreal School Commissioners are in debt, and over drawing their revenue, while they pay \$480 interest per month.

from December 1870 to February 1873. Princess Clotilda born in 1843, married in 1859 to Prince Napoleon; Princess Maria, born in 1847, and married in 1862 to Louis I. King of Portugal.

The nomination in Halifax takes place on the 22nd instead of the 17th as first announced, as the Sheriff had not, in the first instance, time to make the usual announcements according to law. The Mayor calls this "scandalous haste," on the part of the Ottawa government, which our contemporary charges with endeavouring to choke off all opposition to Mr. Jones. Who knows?

Mr. Vallee, postmaster of Montmagny, Province of Quebec, has been dismissed for cause and is succeeded by Mr. Bernatchey, who already holds the offices of Mayor of Montmagny and Warden of the county. Mr. Vallee was an old public servant in whom the people of Montmagny had every confidence. It appears as though the Dominion Government, at least, about to give their friends the places so long held by their opponents.

The last number of the Canadian Illustrated News contains very good portraits of Mayor Earle and Sheriff Harding. The News announces that these are the first of a series of portraits of prominent men in this city which will appear in its columns during the next four or five weeks. The News also contains short sketches of the two popular gentlemen whose portraits appear in the present number of the paper. We will endeavour to make room for these next week.

It is rumored that R. Quigley Esq., L. D., Barrister of this city, will deliver the next lecture in the course arranged by the St. Joseph's Association, Portland, on the first Sunday in February. The members of the St. Joseph's Association are well congratulated on procuring the services of a gentleman of Mr. Quigley's well-known ability to deliver the coming lecture in a course so ably and ably conducted by the Very Rev. T. Connolly, V. G.

The London Times persistently ignores the works of Miss Bradton, and the editor-in-chief has given strict orders to all his scribes in every apartment of the Thunderer not even to mention her name in the columns of that journal. This is the substance of a paragraph that is going the rounds of the press. It is true, it must be particularly mortifying to the Times to know that while it so steadily ignores the lady and her books, her writings are as eagerly perhaps more eagerly sought after as if it engulged them every day. Such is the perversity of poor human nature.

The new King of Italy, Humbert I., is thirty-four years of age. Although he was only elected in 1870, he took part with his father in the war of Italian independence. A little later, he was with Garibaldi at Palermo and Naples, and contribute by his presence towards the triumph in favor of Italian unity. In 1861, he figured in the battles of Chiasso against the Austrians. He will, it is thought, prove himself even more revolutionary than his father, Victor Emmanuel, and is known that he is very favorable to Germany.

sentative men of the city were worthily presided over by His Honor, Lieutenant Governor Tully, a gentleman who is ever conspicuous in every good and noble cause. The circumstances preceding the gift of the Queen Assurance Co. were narrated by Mr. Jarvis the agent of the Company, and Mr. John Boyd made the presentation in a speech which was a masterpiece of just defence and cool feeling. Mr. Gladstone, lately attached to the exhibition of public works exhibited by the Queen Assurance Co. of St. John, responded in a brief, warmly thought speech.

It would be a pleasure for us to have also to record something being done for services rendered on that memorable day in more than one person, who perhaps held less exalted positions in this community, but who did equally as well as Capt. Chisholm with the means at their disposal. Not the saving of the Anchor Line warehouses, the work performed by Capt. Clark and the crew of his tugboat, and the heroic efforts of John E. Turnbull, Esq., and his son to save the mother of T. M. K. Esq., and her sister, from being tarred to death.

HUMBERT I. The so-called King of Italy is termed Humbert I. He has ascended the throne, which his late father made his way through a sea of blood; all means were changed justifiable in order to wrest the reins of government from the fatherly hands of a great monarch, and force upon the people an unconstitutional and alienated dynasty, which from its very nature, must have been bound to fail.

At the Reform meeting held in this city on the 12th inst., we were gratified to find that a large number of our fellow-citizens were present, and that they were all in the same mind, to wit, that they were in favor of the Reform movement. The meeting was held in the hall of the Reform Club, and was presided over by Mr. G. S. Stewart, Esq., who presided in a most able and interesting manner.

SLAUGHTER HOUSE AND THAT SORT OF THING. The members of the Slaughter House Committee have reported the result of their agreeable tour to the County Council. As we anticipated some months ago, the whole business has resulted in anything but a satisfactory manner.

We are not astonished that members of the Municipal Council asked for a bill of the kind when the delegation should be left in the hands of private parties, as is the case in many of the Abattoirs situated in the United States. From a thorough examination of the proposed site, it is judged that it is not the proper place to build a structure of the nature required for the purpose of slaughtering cattle for the public market.

The report of the committee had at least the effect of relegating the whole question to the same position in which it was before the Slaughter took up. The citizens may congratulate themselves on this step. Public bodies with us are only to promote in their own questions which individuals should deal with. We have excellent laws in this respect, but it is in the execution of them that we fail.

must wish the new temperance movement good-speed. While differing in some things with the gentlemen engaged in this work, we are pleased to note the success that has so far crowned their efforts and wish that their most sanguine anticipations may be fully realized. At the same time we may remark that while all the gentlemen who spoke at the recent demonstration alluded principally to the necessity of the reform, there might have been a more needed allusion to another and a more needed work of reform than even that which occupied the attention of the audience.

LETTER FROM JOHNVILLE. Dear Sir, - During the summer of 1861 the number of applicants was large, and the growth of the settlement consequently rapid, so much so that more land was needed, and Father Connolly, in the name of the Emigrant Aid Society, applied for another ten thousand acres, which was accepted without any hesitation by the Government.

Our next great want was a post office, to spare us the time, the fatigue and inconvenience of walking to the river, five miles for all and ten miles for some, which, for the time, in the settlement, is a very great inconvenience. We have a school, and the school in successful operation, Miss Ellen Mahon having the honor of being the first school teacher in Johnville.

Next morning the Bishop said Mass, after which he addressed the people in words of wisdom, encouragement and counsel. Among other things, he warned them against extravagance and the vice of intemperance, and that as their lips were, so far, pure in their respect, to keep them from being pure in their own sake, and for the honor of Johnville, and through dread of a curse that disobedience would bring on them, there would never be a tavern opened or tolerated among them.

At Winnipeg a Swede was the first aspirant for Police Court honors this year, and was a successful candidate, the expenses of the campaign being set down at \$200.

A Paris correspondent telegraphs that at the forthcoming Postal Congress, France will propose an International Post Office at one per cent. tax, the rate of exchange to be adjusted by Congress.

The town of Theodora south east of the Crimea has been bombarded by the Turks. Ten houses were burned, one person killed and twelve wounded. Anapa on the Black Sea was also bombarded but little damage was done.

VICTORIA SKATING CLUB.—A Promenade and Fancy Skating Carnival will be held at this rink on the 22nd inst. See advertisement.

THE MAYORAL CONTEST in Fredericton caused much excitement. Geo. E. Gregory was successful, he polling 3 more votes than the last incumbent, Mr. Geo. E. Fenety.

THE SUM of \$83,565.75 was received for fines and costs at the Portland Police office during the past year. There were 1568 cases before the court, of which 1461 were males, and 107 females.

A GRAND CURLING TOURNAMENT in which clubs from St. John, Chatham, Fredericton, New Glasgow and Pictou will compete, will take place at the latter place on the 20th inst.

A QUARRELL ASSEMBLY will be held in Court's Hall, Indianton, on Monday evening next. It is intended as a benefit to Mr. Samuel Law, leader of the Portland Rifles and Drum Corps.

REUM DIED.—Daniel Keefe and his wife, residents of the Straits Shore had a quarrel on Tuesday evening. In the morning their infant child was found dead. It was ascertained by the neighbors that they flung the child at each other but this appears a highly colored statement.

WOODSTOCK had a great temperance demonstration on Thursday night. A torchlight procession illuminated, and bonfires were set on fire at the evening. Mr. D. Banks McKenzie gave lectures. Woodstock and Fredericton bands were in attendance. Much enthusiasm prevailed.

YOUTHFUL ROPE WALKERS.—Yesterday a number of lads amused themselves by walking a slack rope in Kelly's field near Main street, Portland. One of them named Louis Collins, attracted considerable notice by his performances. A hat was passed around the crowd and considerable coin collected.

SOCIAL.—The members of the Carlton Serenade Band spent a very agreeable evening at the residence of Mr. Joseph Murphy, Fairville, on Wednesday last, his son Thomas having invited them to a stampting repast, provided at his own expense. After several songs and music, by some members of the band, the party returned home much pleased.

IRISH FRIENDLY SOCIETY.—This society made a very good turnout at the funeral of their late brother member, Mr. Francis X. York, on Tuesday last. The society has secured Hamilton's Hall, corner of Union and Charlotte streets as a place to hold their meetings until such time as their own hall will be erected.

A very enthusiastic temperance meeting was held in St. Dunstan's Hall, Fredericton, on Sunday night. There was excellent singing by Messrs. Martin and Downing, and addresses by Rev. Father McDevitt and Messrs. John McCarty and Jeremiah Meagher.

ST. GERTRUDE'S C. T. A. R. Society, of Woodstock, has elected officers as follows for the ensuing quarter:—Rev. J. G. Murray, Spiritual Director; John Lynch, President; William Meloy, 1st Vice; John Martin Lyons, 2nd Vice; Philip McCaffery, Treas.; John McDonagh, R. Sec.; George P. Lynch, Fin. Sec.; Daniel Reardon, Sergeant-at-Arms.

ACCIDENTS.—John Newton, of Portland, when going down Dock street on Saturday night, fell and was severely injured. A little boy named Cotter, fell on the ice near Fort Howe and had his head badly cut. Patrick Hayes, formerly of Fairville, was killed in Cushing's and Clark's Mill, Salisbury, on Saturday, by being struck with the gate.

John Barron, Main street, Portland, fell on a saw on Monday evening and cut his arm severely. Last week, Frank Nugent, employed at bolting spoolwood in Eastman's mill, Pettaucode, was struck in the stomach by a piece of wood which flew from the saw, and received such severe injuries that he has since died.

A young lad named Patrick Murphy while coasting on Union street hill, on Monday, fell off his sled and had his leg nearly broken.

On Tuesday evening Mr. Henry Frost of Roxbury, narrowly escaped drowning by the ice giving way while he was crossing the Kennecott's. His horse was drenched. Rufus Casey of Amherst, while coupling cars at Moncton, on Wednesday morning, fell between them and had one of his legs severed from the body. He died shortly afterwards.

ST. PATRICK'S T. A. SOCIETY. A very able lecture on the life and times of Gerald Griffin, the Author of several well known literary works, was delivered in St. Patrick's Hall, Carleton, on Sunday evening last, under the auspices of the St. Patrick's Temperance Society, by Mr. P. Nannary of that place. He traced the life of Griffin from the cradle to the grave; spoke at great length of his early life and the splendid religious training the young man received from his mother; and of his first visit to London, the several distressing incidents to which the young hero was subject in trying to win for himself a niche in the history of fame and of his failure upon several occasions to even get publishers to read his manuscripts, etc., and the subsequent success of his work; of his return to his native land, and his entering the order of Christian Brothers where he remained until his death at the early age of thirty-five. The lecture occupied over an hour in delivery, and was listened to with attention by a very large and appreciative audience. The Rev. Thos. Connolly, V. G. President, in coming forward, said he was more than pleased with the subject and the way in which it was delivered, and said that Mr. Nannary's memory must be remarkably good or else he could not have succeeded so well. He was pleased all the more, and was sure his listeners were as well, because the lecturer belonged to Carleton, and hoped other young men would be found to follow the examples given them by Messrs. Nannary and O'Reilly.

ST. MALACHI'S T. A. S. LECTURE COURSE.

Another very large audience assembled in St. Peter's Hall, Portland, to assist at the opening of the St. Malachi's lecture course. Father Murray, the lecturer of the evening, being introduced by Mr. P. Moran in a first well-spoken remark, began by saying that he thanked those present for attending the first lecture delivered this season under the auspices of the St. Malachi's Society, the oldest Catholic organization in the city. The history of that society was interesting as marking an epoch in the history of the Temperance movement here. In olden times, the venerable Fr. James Quinn, of St. Stephen, spoke under the auspices of this society, as did many others now well advanced in years, who were then comparatively young men. For many reasons the re-organization of the society was deemed necessary in 1869, when the Very Rev. Fr. Connolly did that work effectively and well, leaving the first President of the society as re-organized. The Rev. lecturer briefly sketched the history of the society from its re-organization till the present time, quoting figures to show the flourishing condition of the society. Over five thousand dollars had been received within the time specified; about a hundred lectures and addresses had been delivered under the auspices of this society alone; other societies, the Father Mathew and the Catechists of the Immaculate Conception had sprung from the parent society, all of which did much good work in the Temperance cause. Popular opinion in this city and Province with regard to Temperance had undergone a wonderful change, and the lecturer claimed that the St. Malachi's society, whose officers had worked so ardently and so long could fairly be looked upon as an important factor in the work of reform. And in this work the St. Malachi's Society, in fact, any organization in the N. B. Union was not fanatical. They knew that men could not be brought to look upon Total Abstinence as they did. There would always be opposition to this as every good worker; but they asked of their opponents, honest, impartial treatment; and this should be accorded to all, temperance organizations, whether under the N. B. Catholic Total Abstinence Union or not. What tended to weaken the public confidence in one particular branch of the Temperance organizations must have a bad effect on all. If the public were led to believe that leading temperance men were working in the cause only as means of obtaining political or other influence over the people, an evil almost irreparable would be done. Therefore Temperance men asked that those who were not in their ranks, who understood little of the workings of the societies, who had seldom or ever visited the homes made wreathed by the demon of intemperance, should, at least, let the different total abstinence organizations alone. If they could say nothing good of them, let them at least say nothing evil, nothing that would be likely to lead those for whom they were working in the cause only as means of obtaining political or other influence over the people, an evil almost irreparable would be done.
