Mounted Rifles' Horses Must be Bought at the Capital.

Captured Two Notorious Yankee Safe Crackers—Troop Train From Vancouver.

OTTAWA, Dec. 18.—The decision of the Ontario government in the Morris case has led to a number of candidates announcing themselves. Mayor Davidson and ex-Alderman H. C. Monk are already in the field.

On urgent representations of a party friend, the minister of militia has given orders that 100 horses for the Second Mounted Rifles shall be purchased in Ottawa and vicinity.

The board of geographic nomenclature met today and decided upon the correct spelling of a number of place names in Canada.

Only four of the Northwest creameries are to be operated during this winter. There were 20 creameries in operation under government auspices for the season just closed.

OTTAWA, Dec. 18.—It is reported in official circles that the position of Gentleman Usher of Black Rod will be given to Molyneux St. John, at one time sheriff of the Northwest Territories.

It is stated that the damage to dredges and tugboats of the dominion, caused by breaking from their moorings in Richelieu River a few days ago, will cost the country nearly a quarter million dollars.

Tariff delegations are finding their way to Ottawa. The Ontario and Quebec market gardeners associations are asking for increased duty on vegetables. Another delegation wanted an increase on second class wood work.

Major Rivers, chairman of the medals board, has been suffering from disease of the right knee. At a medical consultation it was decided that amputation of the limb was necessary.

Sir W. C. McDonald of Montreal has accepted a plan for improvement of education in rural schools in Canada, substantially as outlined by the convention of the Dominion Educational Association, which met at Ottawa and has requested Prof. Robertson to carry it into effect.

As Hon. James Wilson has taken a keen interest in improvement of education at rural schools, Prof. Robertson sought a conference with him at Washington in order to obtain such information, counsel and co-operation as he personally and the department of agriculture of the United States might be willing to extend.

Prof. Robertson says his reception by the secretary and his chiefs at the various bureaus were most cordial and gratifying. Several of the men who have international reputations have promised to personally co-

operate in carrying forward Sir W. C. McDonald's national scheme. They will come to Canada, and by personal counsel as well as by delivering a series of lectures to special classes of teachers, help on the movement.

SOUTH AFRICA.

British Capture One of the Vilest of Boer Leaders.

LONDON, Dec. 17.—A despatch from Lord Kitchener, dated from Belfast, about halfway between Pretoria and the frontier of Portuguese East Africa, received here today, announced that Commandant Krizinger has been captured, badly wounded by General French. Krizinger was trying to break the blockhouse cordon at Hanover Road.

The capture of Commandant Krizinger, who has been styled "the Wet of Cape Colony," is regarded as very important. He has been a troublesome and energetic invader of Cape Colony, and is credited with more barbarities than any other commandant except Schepers. In a recent proclamation he called himself the chief commandant of Cape Colony.

During the last few days most persistent reports, emanating both from South Africa and from the Boer headquarters in Europe, of an approaching crisis in South African affairs, have asserted that it is alleged that Mr. Kruger will abandon his demand for independence, and that the Boer leaders in the field are inclined to cease fighting and seek the best terms obtainable.

In a speech yesterday at Cape Town Sir J. Gordon Sprigg, the premier of Cape Colony, declared that his outlook had never been brighter than at the present moment.

(N. Y. Mail and Express.)

Bourke Cookran here, and William Redmond in Ireland, both set too slow a time range on their watches. The time for declaring England down and the Boers on top was three or four months ago, not now, when the Boers are reduced to less than eight thousand, and are losing 1,500 to 2,000 a week of their fighting force, are hemmed into a narrow field by chains of blockhouses, are desperately short of ammunition and are deserting to the British side daily and in considerable numbers.

Silence is golden and speech is silver, says an old proverb. Surely, then, ill-timed speech is like plugging silver, which will not pass current in any community.

LONDON, Dec. 18.—Dr. Krause, the former governor of Johannesburg, who is charged with high treason and inciting Cornelius Broekmans, the ex-public prosecutor of Johannesburg, to murder Gen. Buller, was sentenced to 20 years in prison.

Samuel Pearson, paid representative of the Boer cause, who is making addresses in this country in the hope of creating a public sentiment in favor of the Boer and adverse to Great Britain, addressed a company of about 600 men and women in Harmonie hall tonight.

He reviewed the history of the Boer cause from prior to the Jameson Raid through the present preceding struggle. He was repeatedly cheered when his utterances reflected the Boer determination to fight their cause to the bitter end if they are not aided by other powers. Gen. Pearson said that with the friendship of a strong power, the Boer cause would yet be successful.

LONDON, Dec. 18.—The Pretoria correspondent of the Times again warns the British public not to be too optimistic concerning the progress of the war. This is eminently satisfactory, says the correspondent, but there yet remains much to be done. He also deprecates the condemning of the entire Boer nation in connection with outrages on natives for the crimes of the few. The correspondent testifies that with the exception of individual acts, the Boer treatment of prisoners and wounded has been generally correct.

A Rousing McLeod Meeting in Fredericton City Hall, Thursday Night.

Speeches by Mr. Borden, M. P., Leader of the Dominion Opposition, J. D. Hazen, M. P. P., and the Candidate.

FREDERICTON, Dec. 19.—The liberal conservative meeting held at City Hall here tonight, was everything that could be desired. The candidates of the party, and his friends, could have wished for. The large hall was almost completely filled with people.

The main floor, with the exception of two rows, was fully occupied, and every seat in the balcony was taken up by many ladies being there. It was a thoroughly representative gathering and the various speakers were frequently applauded.

When the chairman, C. T. Thomas, appeared on the platform, accompanied by Dr. McLeod, R. L. Borden, leader of the liberal conservative party in Canada, and J. D. Hazen, M. P. P., the audience applauded and cheered enthusiastically.

The chairman, in opening the meeting, referred to the last election, when Dr. McLeod came so close to Mr. Gibson. Dr. McLeod declared that he would not in any way be deterred by the liberal nomination and endorsed by the liberal conservative party.

WOODSTOCK. Meeting of the Carleton County Teachers' Institute—Died in Colorado.

WOODSTOCK, N. B., Dec. 18.—The Carleton County Teachers' Institute began its annual session in the Opera House here this morning. G. Hugh Harrison, president, in the chair, and N. Foster Thorne, secretary. There was a good attendance.

After the transaction of the usual routine business, the following papers were read and fully discussed: "Geography and History," by Jos. Howe; "History of Education in Carleton Co.," by D. W. Hamilton, B. A. The school was present and gave an interesting address.

This evening a reception was held in the Opera House and a musical and literary entertainment carried out. Among the speakers were the mayor and Mr. Baird, chairman of the board of school trustees.

Harry Nash of this town has received word of the death of his brother, Jas. Allan Nash, which occurred recently in Divide, Colorado. Deceased had been living there for 17 or 18 years and had not been in Woodstock for some ten years. He was 64 years old. Mrs. C. H. Smith of Woodstock and Mrs. C. H. Miles of Andover are sisters.

LETTERS FROM THE PEOPLE. To the Editor of the Sun: "Sir—The St. John Daily Telegraph, which has always flattered itself before the public as the champion of consistency, yet after starting an agitation in favor of a uniform standard of time, has and is willfully deceiving the people and advocating strongly its adoption, a unique standard (Atlantic standard), and after inviting the public to vote upon and give any expression of opinion on the matter at issue, it publishes communications favoring its own view (Atlantic standard) and is utterly incompatible with the primary object of the agitation, namely, a uniform standard, and suppresses those at variance with its own pet scheme."

NEWS FROM WATERSIDE. WATERSIDE, Albert Co., Dec. 14.—Sch. Friendship arrived here on the 12th from Hillsboro and from here will go to Point Wolfe to load ship timber for two River wharves. A large amount of ship building is being carried on by Capt. Wesley Wilbur. Robert Martin of West River is spending a few days here. He will go to Albert shortly to take charge of a music class. Annie M. Dumphy and Wm. Copp spent Sunday last in New Horton, the guests of Mr. and Mrs. James C. Copp. Miss Emma Anderson has returned home from Hillsboro, where she has been visiting friends. M. H. Dow was here a few days ago, the guest of Mr. and Mrs. C. W. Anderson. H. E. Graves has returned from Cape Breton, where he has been for the last two weeks looking after his estate there. Capt. Wm. Douglass has moved into his new house. Amos S. Webber is sending getting a cut of lumber to be sawed at the Two Rivers wharf. A large amount of kiln wood is being cut here for the American market. Samuel Copp of this place, spent Sunday last in New Horton, the guest of Mr. and Mrs. Willard Wilbur.

SCHOONERS LOST. NEW YORK, Dec. 18.—It is believed that the schooner Maud and the Bill Brewer, which sailed from this port for Beverly, Mass., and Camden, Me., respectively, Nov. 5, will never be seen again. The Maud has not been reported since Nov. 12, and the Bill Brewer since Nov. 20, the day of the heavy sale of Cape Cod, in which several schooners foundered. Both vessels were in the neighborhood of Cape Cod on Nov. 20. The crews of the two vessels numbered all told thirteen persons. The insurance companies which carried insurance on the vessels have decided that the vessels were lost, and are preparing to pay the claim.

INTERRED IN FERNHILL

Burial of the Rev. Job Shenton of Fairville Methodist Church.

Impressive Services—The Addresses—Many Floral Tributes.

The universal esteem in which the late Rev. Job Shenton was held in St. John was fittingly made manifest on the day of his burial.

The coffin was borne from the parsonage to the church by Rev. R. W. Weddall, Rev. Henry Penna, Rev. Geo. A. Sellar, Rev. Thos. J. Deinstadt, of the city Methodist churches; Rev. A. T. Dykeman, of the Fairville Baptist church; and Rev. Mr. Hills of the Fairville Presbyterian church.

Draped in deepest mourning—black and purple—the church told more eloquently than words how great a blow had been dealt the congregation.

Scripture from Burial Service—Read by Rev. Geo. Steel, chairman of the district.

Hymn No. 370. Prayer—Rev. J. A. Clark, M. A. Music—Choir.

Scriptures, part of 14th chapter John—Rev. R. W. Weddall; and part of 11th chapter First Corinthians—Rev. A. T. Dykeman.

Addresses—Rev. G. M. Campbell, Rev. G. W. Fisher, Moncton, president of conference; Rev. Dr. Maarae and Rev. George Steel.

Music—Choir. Benediction—Rev. Dr. Wilson.

REV. GEORGE M. CAMPBELL, pastor of Centenary church, in the course of his remarks, said:

The veterans of yesterday are being mustered out of service in the militant church. "Our fathers, where are they; the prophets do they live forever?"

After an allusion to the Shenton family, the congregation and the church, sorely bereaved by Mr. Shenton's death, Mr. Campbell referred to the close personal relationship between himself and the late minister.

Mr. Shenton was born of an ancestry which gave him a sound mind and a healthy body, as well as traditions of virtue and self-reliance.

He preached a gospel of Divine Love, of admonition and of consolation. A hard student, he gave his people that which cost him a good deal, and we do not wonder that he was greatly beloved by his people.

Not soon shall we forget the man who in all his goings in and out for more than forty years was the white flower of a blameless life.

He was not only a preacher and pastor, but an intelligent citizen. In all efforts to make the world better you could easily locate him.

REV. G. W. FISHER paid a high tribute to the late clergyman, and on behalf of the conference spoke as follows:

It is only fitting as the representative of the New Brunswick and Prince Edward Island conference, of which our late brother was a member, to say a few words as to his work in that connection.

Mr. Shenton was recognized as a most indefatigable worker, always in his place at conference gatherings in all its deliberations.

He ever took an active and the foremost positions in our church, but whether in the presidential chair or as chairman of the district.

MONCTONIANS

Take Square Issue With Halifax Board of Trade, and Resolute Against Handling Over Control of I. C. R. to C. P. R.

MONCTON, N. B., Dec. 18.—The meeting of the board of trade was held this afternoon to consider the resolution passed by the Halifax board favoring giving the Canadian Pacific control of the Intercolonial, was largely attended.

Among those present were J. A. Chipman, Geo. S. Campbell and W. A. Black, representing the Halifax board of trade; H. B. Emmerson, M. P., H. A. Powell, C. J. Conner, M. P., Mayor Atkinson and leading business men.

President Peters, in calling the meeting to order, read the notice of meeting given in the press, and explained that in order that they might understand clearly the position taken by Halifax, the Moncton board had invited to Halifax to send representatives to this meeting.

Accordingly they were three representatives of the board present.

Secretary Welch then read the resolution passed by the Halifax board of trade.

G. S. Campbell, president of the Halifax board of trade, who was first called upon to address the meeting, made it clear that he was in no way in misconception that his resolution was in connection with their resolution.

Nothing could be further from the truth than that Halifax desired to secure freight at the expense of St. John, or other Canadian ports. What she desired was that freight traffic might be developed and directed through Canadian ports.

Mr. Campbell said he did not desire to criticize the officials of the I. C. R., because it was well known that their hands were tied and that the management was a mere matter of political expediency.

When the I. C. R. was extended to Montreal Halifax looked for export traffic, but they were never used.

There was no through business over the road. Not only were they to have no through business, but they could not get their own local business over the road.

He contended that there could be no improvement in the management of the road until it was taken out of politics and placed on a business basis.

Halifax favored the road being placed in the hands of one of the great traffic lines to work in connection with the west.

They mentioned the C. P. R. because they were the only ones that could carry out a scheme of that kind.

Halifax would be the last to advocate handing over the road to the C. P. R. unless satisfactory arrangements could be made in regard to local traffic.

Halifax did not wish to see itself in antagonism to other parts of the country, but their idea was to inquire what the feeling is and get the consensus of opinion of the business community.

Moncton's interests would certainly have to be protected. The principal object of the Halifax resolution was to make the I. C. R. more useful and profitable to the country.

W. A. Black, president of the board of trade of Halifax, said that for years past the I. C. R. had grown to be of greater anxiety to Halifax than the people cared to bear.

To look at the road from a broader standpoint, the local difficulties, they thought that if the Intercolonial was taken out of politics and placed on a business basis it would be in the interests of the country.

Halifax had hoped to get some of the export trade when the I. C. R. was extended, but not only were they not getting any export trade but no import trade was being done there either.

The Grand Trunk would not give the I. C. R. their export freight, and nothing could be expected from the G. T. R. They would not even furnish a car to carry freight to the provinces.

It seemed to him that from the improvement at Portland the G. T. R. would continue to give their export freight to that port, as they have always done.

The C. P. R., on the other hand, brought its export freight to St. John, and Halifax was glad that St. John got that freight.

The Grand Trunk not only refused to allow the I. C. R. to use their cars in conveying freight to maritime ports, but the G. T. R. were using thousands of Intercolonial cars to carry freight to a foreign port.

H. A. Powell, K. C., spoke of the arrangement between the Intercolonial and Grand Trunk, which he considered.

THE OPPORTUNITY IN YORK.

It is announced by the government organs that Mr. Fraser and Mr. Macdonald, both of Pictou, will go about York county addressing meetings. As these journals have tried to make it appear that the York conservatives were not supporting Dr. McLeod, the evangelists must have been sent for to try to keep the liberals in line.

LORD ROSEBERY AND THE LIBERALS.

The long looked for speech of Lord Rosebery has been achieved. As an address to the liberal party it is more a confession and a rebuke than it is a note of encouragement or of guidance.

OUTSIDE SPEAKERS IN YORK.

It has been incorrectly stated by one of the government organs at Fredericton that the Sun "complained" of the importation of Mr. Fraser and Mr. Macdonald as speakers in the York contest.

has on the Irish question concluded that the public opinion of 1893 was right. His present reference to the Irish party would commend him to the unionists, who also would be satisfied with Lord Rosebery's advice to the liberals to cut themselves clear of the issues of 1893 and 1894.

Foremost among the features of the new programme, Lord Rosebery insists is a recognition of the imperial idea. There must be no Little England in the party platform. The party must heartily and earnestly hold up the hands of the nation in the righteous struggle in Africa.

THE POSITION OF MR. MONK.

The Laurier-Tarte organs in this province have perhaps by this time made themselves believe that Mr. Monk had made some anti-British statement. They have gone on asking what the Sun thinks of Mr. Monk's views and language, and whether Mr. Borden shares Mr. Monk's opinions, until they have almost convinced themselves that they know what they are talking about.

WITHOUT WIRES.

Marconi's claim is so startling that incredulity may well be expected. Wireless telegraphy has passed the experimental stage, but the sudden announcement that a message of even three dots has been conveyed without wires from a station in England to a kite flying at St. Johns, Newfoundland, is so marvellous as to be almost impossible to believe in an age which is compelled to believe in new wonders every day.

MR. BORDEN AT FREDERICTON.

The first political speech which the opposition leader has made in this province was worthy of the dignified and responsible position which he holds, the cause which he defends, the high and honorable reputation which Mr. Borden has already won. It is gratifying but not surprising to find that Mr. Borden recognizes, as all serious and conscientious public men must do, that the success of Dr. McLeod in a contest such as he is now carrying on will be a distinct moral advantage to the country.

HALF OUR BILLS ARE CATARRHAL IN NATURE.

Catarrhal Diseases are Most Prevalent in Winter. IS THERE NO WAY OF ESCAPE FROM THEM? Pe-ru-na Never Fails to Cure Catarrh Wherever Located.

There are some things which are as sure as fate, and can be relied on to occur to at least one-half of the human family unless means are taken to prevent. First, the climate of winter is sure to bring colds.

Second, colds not promptly cured are sure to cause catarrh. Third, catarrh improperly treated is sure to make life short and miserable. Catarrh spares no organ or function of the body. It is capable of destroying sight, taste, smell, hearing, digestion, secretion, assimilation and excretion.

It pervades every part of the human body, head, throat, stomach, bowels, bronchial tubes, lungs, liver, kidneys, bladder and other pelvic organs. That Peruna cures catarrh wherever located is attested by the following testimonials sent entirely unsolicited to Dr. Hartman by grateful men and women who have been cured by Peruna:

Catarrh of the Lungs. Mrs. Emilie Kirkhoff, Adm. Minn., writes: "Through a violent cold contracted last winter, I became afflicted with catarrh of the nose, which in a short time affected my lungs. I took Peruna which cured me thoroughly. I now feel better than I have for forty years."—Mrs. Emilie Kirkhoff.

Catarrh of the Bladder. Mr. John Smith, 311 S. Third street, Atchison, Kan., writes: "I was troubled with catarrh of the urethra and bladder for two years. At the time I wrote to you I was under the care of a very home doctor, and had been for four months."

Catarrh of the Throat. Mr. Herman Ehke, 623 Orchard street, Minneapolis, Wis., writes: "I am entirely cured of my catarrh of the nose by your Peruna. My case was a severe one."—Herman Ehke.

Catarrh of the Throat. B. H. Bunyan, Salesville, O., writes: "I suffered with catarrh of the throat for five years. I was induced to try Peruna. I have used five bottles and am perfectly well."—B. H. Bunyan.

Catarrh of the Ear. Mr. Archie Godin, 188 Beech street, Fitchburg, Mass., writes: "Peruna has cured me of catarrh of the middle ear. I feel better than I have for several years."—Archie Godin.

Peruna can be obtained for \$1.00 a bottle at all up-to-date drug stores and Address Dr. Hartman, Columbus, Ohio, U. S. A.

YORK CAMPAIGN.

Must Beat Dr. McLeod at All Cost. H. A. McKeown and C. J. Milligan Called to the Rescue—Tarte Telegraphed.

FREDERICTON NEWS. (Gleaner of Wednesday.) Rev. Frank Baird of Sussex is to be married again on New Year's day to Miss Sarah M. McKee, B. A., daughter of S. H. McKee.

At the crown land office today three timber berths were disposed of as follows: Salmon River, Kent Co., 3 miles to Daniel Duff, at \$30 a mile. Clear Lake, parish of Musquash, 2 miles, to G. E. Hanson, at \$48 a mile.

Representatives of the teams under-mentioned met yesterday afternoon and formed a hockey league, and will meet again on Friday to arrange a schedule of games. There are four teams in the league, as follows: Currier, comprised of G. H. Ferguson, as Tibbitts, Ralph Clarke, C. H. Allen, H. R. Babbitt, J. J. F. Winslow and J. A. Winslow; Bankers, the players being M. S. Richey, E. Winslow, Ken Allen, D. H. Barthe, Don Winslow, Chas. Babbitt and Hedley Murray; Royal Regiment, of which team Captain Loggie will be manager, and a team from the U. N. B.

The mortgage upon the Barker House premises held by the Central Insurance Co. of this city, and which is winding up its business, has been assigned to the William Richards Co. of Boletown. Arrangements are made for continuing the Barker House under the management of Chauncey Coleman, son of the late F. B. Coleman, and who has successfully managed the business since his lamented father's death some months ago. The amount of the mortgage is in the vicinity of \$11,000.

TO CURE A COLD IN ONE DAY. Take Laxative Bromo Quinine Tablets. All brisks, colds, coughs, etc., cured. B. W. Groves' signature is on each box. 25c.

BEHIND THE SCENES. "It didn't seem to place our new tragedian being pelted with eggs and vegetables in the second act," remarked the stage manager.

"Well, hardly," chuckled the manager complacently. "I hired him because he used to stand against a plank in a side show and have knives and hatchets thrown all around him."

RESCUED THREE BOYS FROM A SHARK'S ATTACK, After It Had Swallowed a Dog Whole.

BROOKTON, Mass., Dec. 12.—Benj. F. Baker of this city has been recommended by the officers of the United States training ship Alliance for a medal of honor, the recommendation having been forwarded to the navy department. Baker was commander of the ship at Hampton Roads, Va., Dec. 12, after a six-month cruise, the story of Baker's bravery was told. When the vessel was at St. Thomas, D. W. I., one night three of the boys went overboard to enjoy a swim, taking the ship's dog with them.

While enjoying the sport the dog was seized by a monster shark. Terror shrieks, the three boys sprang for the ship, but the shark swam upon them, and their cries for help aroused their comrades. Baker was one of those who dived over the rail and, armed with a shark sword, directly toward the approaching shark, and, diving beneath, thrust his knife into its belly, ripping it open from throat to tail, thereby saving the lives of his three shipmates as well as his own.

The body of the shark was secured and was found to measure 14 feet 9 inches long and had been swallowed whole. Baker has been in the service 17 years. He already has been rewarded one medal for personal bravery in the navy, as he assisted in cutting the cable at Guantamo under fire during the Spanish-American war.

Rev. Dr. Talmage in His Discourse Refers to the Difficult Events Which Take Place in the Lives of Many and Pleads for Merciful Interpretation of Human Behavior.

WASHINGTON, Dec. 15.—This discourse is a most unusual presentation of things that take place in many lives and Dr. Talmage pleads for merciful interpretation of human behavior. The text is Joshua iii, 4: "Ye have not passed this way heretofore."

In December, 1839, I waded the river Jordan, and, although the current was strong, I was able to bear my weight, it but in the time of spring freshet, when the snows on Mount Lebanon melt, nothing but a miracle would enable any one to cross this river.

But, leaving that theory aside, we are very sure that we are for the first time walking the earthly pilgrimage. "Ye have not passed this way heretofore."

But, leaving that theory aside, we are very sure that we are for the first time walking the earthly pilgrimage. "Ye have not passed this way heretofore."

So, also, it may be said to every nation. "Ye have not passed this way heretofore." Our own republic is going through novel experiences.

THE WORLD'S ADVANCE. Many prophecies in regard to our nation failed and many prophecies concerning its future will fail, because it is traveling a new road.

have, in addition to the of their predecessors, at knowledge that were imprudent but our own, to a vice of men who have been quarters of a century.

What is the practical use of this subject? It is to put us to the test of asking of the past what we ought to do, to follow the divine leading as the men of Joshua followed the golden lid of the chest of acacia, which was the symbol of the divine presence.

THE LESSON OF REVERENCE. That three-quarters of a mile distance between the ark and sacred box and the front column of Joshua's troops might impress me.

OUR FIRST TRIP. But, leaving that theory aside, we are very sure that we are for the first time walking the earthly pilgrimage. "Ye have not passed this way heretofore."

birthplace in a barn. Spulphores rent open. Trumpets of deliverance sound. All heaven to take part in the rescue of our planet.

Perhaps it is a bereavement. You may feel sorrow for those who lost children or thought you did, but now that the sorrow has come to your own nursery it is a different thing.

But follow the ark and it will lead you to rivers of consolation. You will find that your child has gone into a new world.

DISCOVERY OF NEW THINGS. As our sorrows are new, our joys are new and all our experiences are new. Our life is one long discovery of things that we did not know and could not know before.
