

St. John, N.B., Oct. 7th, 1905.

DAMAGING EVIDENCE AGAINST E. F. COLE.

Hillsboro Man Swears Prisoner Told Him He Would Get Steeves' Money if He Had to Knock Him Senseless--Was With Steeves on Day of the Murder.

(Special to the Sun.) PORTLAND, Me., Oct. 5.—At yesterday afternoon's session of the Cole murder trial, evidence was received from the doctors who performed the autopsy and from residents at Falmouth, who identified Cole as the man seen with Steeves the day of the murder. This morning's session was devoted to a further identification of the prisoner as one of the men seen in Falmouth on the day of the murder. As in yesterday afternoon's hearing, several residents of Falmouth were called, all of whom testified positively that Cole was one of the two men they had seen that day near the spot where Steeves' body was afterwards found. A new branch of evidence was begun later in the morning, when Hardard Stewart, a friend of the two men, was put on the stand, and testified that he had met them together in Portland on the morning of April 12th, and that they were on good terms, that he had asked Steeves if he had a job yet and that Steeves replied that he had had one, but had got through, and that his money was running low and he would have to get home soon if he did not get work. An interesting feature was the first identification of the stick produced in court, with which the state claims the blow was struck that stunned and perhaps killed Steeves. The state has completed its presentation of the case against Edward F. Cole, on trial in the superior court for the murder of John F. Steeves on April 12. When the court adjourned this afternoon there was no more evidence to be presented against the prisoner, and the county attorney said he would rest when the court convened in the morning. The afternoon hearing was the most sensational part of the trial so far. Following the rather monotonous series of identifications of Cole as one of the two men seen in the vicinity of the murder scene on April 12, there came a number of telling points for the prosecution. Hiram Crossman of Hillsboro, who came to Portland with

Steeves, the latter advancing the money for the fares, testified that on April 12 he had met Cole and asked where Steeves was, and the latter had told him Steeves had gone home. Two pawnbrokers were called on, from one of whom Steeves had bought a watch, which Cole sold on April 12 to the other. Two witnesses swore to interviews with the prisoner, in which he asked them to join him in drugging Steeves. Another said that Cole told him that Steeves had money, and that he was going to get it if he had to knock him senseless. This was a fortnight before the murder. Cole's statements, contradictory in some points, were brought by a newspaper reporter and Sheriff Pendell of this county. To the former, Cole had declared that he was not out of the house on April 12 because he had been threatened by the liquor dealers he had been spotting, while to the latter he said he had been in the house most of the day, but had gone out once on an errand. To the sheriff he also said about the last of April that Mrs. Cole had seen Steeves in Portland a week or so after the day of the murder. In this interview, Cole had produced a letter threatening him with violence for his work in spotting liquor dealers in Portland, saying that he would get the same dose that others had received. That the state will hold that this letter was written by Cole himself, with the hope of throwing the blame of Steeves' death on others, is shown by the production of a piece of paper fitting its torn sheet, which was found by the sheriff's officers in Cole's clothing. The prosecution appears to be certain that Cole will be convicted, while the defending counsel have lost no faith in their ability to clear the prisoner. That they will attempt to establish an alibi is probable, but whether Cole himself will take the stand, Scott Wilson, who is senior counsel, would not say tonight. The defense will open in the morning, and the prospect is now that the case will be in the jury's hands by Saturday afternoon.

DECIDES S. S. ALBANO SOLELY TO BLAME.

HALIFAX, Oct. 5.—In October last the Hamburg-American steamship Albano and the Allan line Parisian were both entering Halifax harbor, each requiring a pilot. The Parisian was ahead and her officers claimed she had been brought to a standstill to take the pilot aboard. The Albano, coming up from sea, collided with the Parisian, striking her abut the engine room. The Parisian made water so rapidly that soon after she reached dock she sank, though she was subsequently raised. Each vessel blamed the other. Suit was brought in the admiralty court for damages. Judge McDonald decided today that the Albano was solely to blame, announcing that damages would be assessed later. Commander Tingling, R. N., nautical assessor in the case, differed with Judge McDonald, holding that both vessels were to blame. Judge McDonald in delivering judgment regretted this disagreement, saying that he would have yielded to Commander Tingling on questions of seamanship, but he declined to do so, he said, on the construction of rules as equally fatal to lawyers as to seamen. Such a

disagreement as this between the judge and the nautical assessor appointed by the government is very unusual. Judge McDonald's decision becomes the decision of the court. It will probably be appealed. The Parisian claimed \$250,000 damages and the Albano \$50,000.

NEWMARKET RACES FOR JOCKEY CLUB STAKES.

LONDON, Oct. 5.—The race for the Jockey Club stakes (of \$50,000) for three years old and upward, one mile and three-quarters, was run at Newmarket today, and was won by St. Amant, Pulmelas was second and Mondamin was third. Six horses started. M. Blanc's crack horse, Gouverneur, was specially set for the race to avenge his defeat in the Derby of 1904, but he was not even placed. St. Amant went to pieces after his victory at Epsom, and until today had not been seen on a race course this season. He was not considered to have a chance in today's race, for which Gouverneur started a hot favorite at 11 to 8 on. Other betting was 100 to 7 against St. Amant, 50 to 2 against Pulmelas, and 20 to 1 against Mondamin.

SHOOTING IRONS

THE SEASON IS NOW OPEN Never before have we shown such a variety as now including the latest models.

Market Square, St. John, N. B.

OIL IN ALBERTA.

Wonderful Gusher Near Pincher Creek.

A Large Lake of Oil Believed to Underlie the Southwestern Portion of the New Province.

A Pincher Creek, Alberta, despatch says: The discovery of an oil gusher which now yields 300,000 gallons daily, as well as smaller wells in the immediate vicinity, has shown that there are other resources of the new province than wheat.

Great secrecy has been maintained in an attempt to keep the news of the oil fields from the public. This oil district, under which it is believed the largest lake of oil in the world lies, is in the southwestern portion of the new province of Alberta. The gusher is less than five miles north of the Montana boundary and within forty miles of the main line of the Canadian Pacific railway.

Less than a year ago the first well was bored, and at a depth of 500 feet a 12,000 gallon well was struck. Confident that this was not the limit, the operators kept on, with the result that several other wells were struck. So hopeful were the prospects that the company sent east for a standard cable drill, capable of boring a twelve inch hole 3,000 feet deep.

It was not until last spring that this machine was put to work. When it was down about 800 feet a small flow of oil was struck. Going deeper it got into a seam of coal and when this was passed it struck solid rock. When their hopes were dying out the oil lake was struck, and with a mighty roar a twelve inch stream spouted fifty or more feet into the air, taking with it the drill and other machinery. Before the well could be plugged oil had filled the hollows in the surrounding ground, and in some places was five and six feet deep.

The story of the find reads more like fiction than a story of real life. Several years ago William Aldrich was supplying his Mormon neighbors with as much oil as they could use for lighting purposes. Where he got it, or how, he kept a secret, but it was known that he made two days' journey twice a week, and returned with half a dozen oil barrels of oil.

John Lindham, a wealthy rancher from Okotoks, resolved to look into the matter and discovered that Aldrich was getting his oil from surface seepage. He formed a company, obtained the discovery, and bought all the land which an eastern expert said contained oil. This was in 1902, but it was not until last fall that the first well was bored.

The geologist who first looked over the ground describes the pass in which the oil is found as an enormous crevice formed by volcanic eruptions, crossing the formation of the Rocky Mountains, and then, taking with it huge basins into which the oil has been oozing for hundreds of years until it had formed vast lakes.

Surveys have been in the district mapping out lines for the Canadian Pacific and the Great Northern railways, and these companies may tap the rich district.

FINED TEN DOLLARS FOR SETTING FIRES.

TRURO, Oct. 4.—E. H. McGregor, chief forester for Colchester, today fined him for setting the Belmont fire investigation. He was assisted in the investigation by J. L. Barnhill, barrister, of Halifax, and the paper filed with the prothonotary states in effect that the fire originated from sparks emitted from an engine on the farmers' excursion train, which passed through Belmont on August 19th. The sparks ignited the dry grass and spread to the forest, where they lingered intermittently for ten days, when they were fanned into the fierce fire which was so disastrous to Belmont. Mr. McGregor also today, before Lawyer Vernon, fined David Fulton of Lower Onslow five dollars for setting the fire at Onslow out season without permission of the forest ranger, which destroyed Noble Cumming's barns and timber lands owned by Andrew Gibson and R. R. Fulton.

THE PRINCE IS IN CANAAN WOODS

MONCTON, N. B., Oct. 4.—Prince Louis of Battenberg is after moose in the Canaan woods. His royal highness passed through the city last night to Petticoat and went to Havelock this morning, over the Elgin, Pettaodiac and Havelock railway. He was accompanied by Halifax friends, and will be in the woods until Monday next. An Indian guide named Maloney, and a man named Hicks have been engaged as a suite for the prince during his stay in the woods. The prince's trip is on the quiet and people in Havelock and vicinity may not be aware of the presence of the royal visitor. Three Moncton young men, Wm. Leblanc, Sam Melanson and Jos. Leblanc, who went to Red Pine yesterday morning after moose, are having phenomenal luck. Last evening at five o'clock Melanson had killed a big moose, and this morning Wm. Leblanc got one also. This is the quickest work reported in this section this season, and makes about the only success Moncton sportsmen have had.

U. N. B. AWARDS SCHOLARSHIPS.

Miss Grace Fleming Wins in St. John Co.

The Asa Dow Captured by Holland R. McGill—College Football—Band of Tramps.

FREDERICTON, N. B., Oct. 5.—The University has awarded the several county scholarships to the students standing highest in the matriculation examination from the several counties: York—J. J. Hayes Doons; St. John—Miss Grace Fleming; Queens—Roy Y. Baird; Carleton—Miss Maug South; Victoria—Miss Beatrice Welton; Charlotte—Fred Graham; Westmorland—Miss Claire Flanagan; Restigouche—Wm. C. Firth; Northumberland—Miss Olive H. Stothart. The remaining county scholarships are not yet settled and will be announced later.

The Asa Dow scholarship, of the value of \$50 a year for two years, and which is awarded annually to the licensed teacher who makes the best marks in the senior matriculation examination, has been captured this year by Holland R. McGill. The football club of the college has secured the services of R. A. Dickie of last year's Dalhousie champion football team, as coach. Mr. Dickie, it is expected, will arrive here in the course of a fortnight to take charge.

A meeting of the Amateur Rifle Association of the University was held this morning, when R. N. Winslow was elected captain; L. R. Sherman, secretary, and J. M. Gilchrist, treasurer. Practice will be begun at once. The association numbers about fifty, and it is expected that a team will take part in the Canadian College meet next fall.

It is expected that the Exhibition Association, whose all accounts are settled, will be able to show a surplus in the vicinity of \$1500. There is now about \$3,800 on hand. Out of this it is proposed to pay \$1,600 for the purchase of the Pennsylvania property and outstanding bills will probably amount to \$700. The county court was engaged all day with the civil case of Allen E. Stairs v. Shaw, Cassels & Co. The plaintiff is claiming a balance due him under a written contract of \$170. The case is still before the court. O. S. Crockett, M. P., appeared for the plaintiff, and J. H. Barry, K. C., for the defendants.

The grand jury further postponed the consideration of the indictment in the Hartley assault case until next Wednesday. The postponement is made in consequence of the illness of Mrs. Howard of Action, a witness. Charles Boyte of this city has issued a challenge to match Daisy Wilkes against any of the Fredericton flyers, Rosie D. included, for a side bet of \$500.

Fredericton just at the present time is infested with a gang of tramp. Last evening some of this order made things quite unpleasant for down town residents, and some of the stories told of their visits are somewhat alarming. These annoying characters need severe treatment, and the sooner the better.

THREE TRADING VESSELS SIEZED AT GRAND MANAN

Failed to Clear and Neglect to enter According to Law.

DIGBY, Oct. 5.—Special Officer Harry Barnham, who arrived here today from Grand Manan on the D. G. S. Constable, reports the seizure there, by him of three trading vessels, two for failure to clear and one for neglecting to enter the customs according to the provisions of these regulations are not allowed to pass unchallenged, as a great amount of smuggling would be possible if the law were not strictly enforced.

H. F. McLATCHY MAY SUCCEED JUDGE WILKINSON.

MONCTON, N. B., Oct. 5.—A report from Campbellton states that H. F. McLatchy, M. P. P., is to be appointed county court judge in place of Judge William Wilkinson, to be placed on the retired list. Lablillois is appointed senator, it is said. There will be war in the grit camp, as Mr. Lablillois's friends claim that the office is his by right. NIAGARA FALLS, N. Y., Oct. 4.—Mrs. Theodore Roosevelt today was elected honorary vice-president of the N. Y. State Assembly of Mothers.

NEW CLOTHING STORE.

Big Opening Sale Today

Our New Store formerly occupied as the Montreal Clothing Store, but now connected with ours by a rear Hallway, will be opened TO-DAY with

A BIG SALE IN BOTH STORES

which will continue for a short time only. Only a few of the prices can be mentioned here—but there will be genuine Bargains in every line and he who misses this Sale will be a big loser.

A FEW OF THE BARGAINS

- Men's \$6 Suits, \$3.95; Men's \$5 Suits, \$3.95; \$10 Suits, \$8.75; \$5.00; \$11 Suits, \$6.98; \$12 Suits, \$7.50; \$10 Overcoats for \$7.50; Boys' 2-Piece Suits regular \$1.75 to \$3.50—Sale Price 98c, \$1.49 and \$1.98; Boys' 3-Piece Suits regular \$3.00 to \$5.00—Sale Price \$1.98, \$2.49 and \$2.98; Sailor Suits half-price; Men's Pants 98c, \$1.49 and \$1.98; Boys' Short Pants 25c up.

MANY OTHER LINES AT GREATLY REDUCED PRICES.

J. N. HARVEY, Men's and Boys' Clothier, 199 and 207 UNION STREET

Not A Senator Yet, But Has Hopes:

The statement that I have been promised one of the vacant New Brunswick senatorships is premature," said Hon. C. H. Lablillois to a Sun reporter yesterday.

"However, there is no object in my denying that I am in the race for one of the vacant seats in the red chamber, and I may say further that my claims to the position are being strongly supported."

He says also that his father had been engaged in business at Dalhousie for about twenty years previous to that event. Hon. Mr. Lablillois referred to the fact that he had represented his native county for a continuous period of twenty-three years, having first been elected to the legislature in 1882. Taking this long period of public service into consideration, and remembering also the fact of his Acadian nationality, Mr. Lablillois thought his claims were worthy of pretty serious consideration.

He says that the four north counties are sold for him, and the general feeling throughout the province he believes to be very favorable to him. This sentiment, he has every reason to believe, is gaining ground. He was agreeably surprised at the hearty assurances of support he had received from his friends in this city. Mr. Lablillois takes it for granted that the Acadians, in view of their rapidly increasing numbers and advancement along educational lines, are entitled to another representative in the senate, and believes that his appointment would be favorably regarded by the great majority of his compatriots, and by the people of the province generally. Hon. Mr. Lablillois has been a member of the provincial executive for a long time. In the Blair government he was a member without portfolio. In the government led by the late Hon. James Mitchell he was commissioner of agriculture. This portfolio he also held for four years under Hon. H. R. Emmerson. When the government was reorganized four years ago, with Hon. L. J. Tweedie as premier, Hon. Mr. Lablillois was appointed commissioner of public works, which position he now occupies. Hon. Mr. Lablillois stated, however, that the appointment would not be made until the first of the year, who ever was the fortunate applicant.

McAdam.

McADAM, N. B., Oct. 4.—Rev. Mr. Rigby of St. Andrews, assisted the pastor of St. George's Church on Sunday, 1st.

Mrs. C. R. Ord and family have returned from their summer cottage, "Osborne House," St. Andrews, and are on a visit to relatives here.

Mr. and Mrs. Fred Morton, who have been spending a few days here, left for Farnham today. They were accompanied by Mrs. Morton's sister, Miss Grace Robinson. E. K. Oliver, foreman of the machine shops, has returned from Ottawa, where he has been spending his vacation. The Rev. Arthur Ross has gone on a brief trip to Boston. Rev. Mr. Ganong will occupy the pulpit of the Union Church on Sunday, the 8th inst. The municipal election for the parish of McAdam was held on the 3rd inst. Messrs. Alex Skene and Chas. Moffatt are the present councillors. The sportsmen have captured several moose and a bear in this vicinity since the season opened.

KINGS CO. COURT.

HAMPTON, Kings Co., Oct. 5.—In the probate court of Kings county today, on the petition of Mrs. Mary Vincent, widow and sole executrix named in the will of the late William P. Vincent of Robesey, farmer, deceased, Judge Gen. G. Gilbert granted probate and ordered the issue of letters testamentary to the petitioner. The will was proved by Chester Vincent, one of the witnesses to the signature. The estate is valued at \$20 real and \$282 personal property. S. L. Fairweather, proctor.

Upon the petition of Arthur Keith, administrator of the estate and effects of the late John Thompson of Sussex, tailor, deceased, to file and pass his accounts, an order was made for the issue of a citation, returnable November 15th next. J. Arthur Friesse, proctor.

SUN PRINTING COMPANY.

ALFRED MARHAM, Manager.

THE SEMI-WEEKLY SUN.

ST. JOHN, N. B., OCTOBER 7, 1905.

G. T. P. EXPORT BUSINESS.

The business of the Grand Trunk Pacific commissioners is to construct the eastern half of the new transcontinental line.

Commissioner Young is a western grain dealer who speaks with some authority on transportation problems as they affect one commodity.

Our patriotism in this matter does not amount to half a cent per bushel," said he, speaking for the western shipper.

This statement of the case is candid and correct. Over and over again the Sun has shown that the chief Grand Trunk Pacific route for export traffic is the one leading to Lake Superior, and the next is the one leading to Grand Trunk points Ontario by way of the branch to North Bay.

Concerning the all-rail haul, Mr. Young has hopes that the Grand Trunk Pacific will be able to bring grain and other freight to the seaboard at cheaper rates than the Canadian Pacific.

cost of the equipment of the whole railway; also three per cent. on three quarters and four or five per cent. on the other quarter of the cost of the road west of Winnipeg.

The fixed charges of these Canadian Pacific lines which correspond to the Grand Trunk Pacific lines are somewhere between \$4,000,000 and \$5,000,000. It seems certain that the fixed charges of the Grand Trunk Pacific will be more than this sum.

It is not, therefore, easy to see how transportation may be made cheaper by reason of reduced bond and debenture charges on the new road.

Mr. Parent quotes the clause in the contract between the government and the Grand Trunk Pacific, setting forth that the line between Quebec and Montreal must proceed by the best available route, having respect to length, gradients and curves.

Our patriotism in this matter does not amount to half a cent per bushel," said he, speaking for the western shipper.

This statement of the case is candid and correct. Over and over again the Sun has shown that the chief Grand Trunk Pacific route for export traffic is the one leading to Lake Superior, and the next is the one leading to Grand Trunk points Ontario by way of the branch to North Bay.

Concerning the all-rail haul, Mr. Young has hopes that the Grand Trunk Pacific will be able to bring grain and other freight to the seaboard at cheaper rates than the Canadian Pacific.

MR. LABILLOIS AND THE SENATORSHIP.

The Sun recently offered the novel suggestion that in making appointments to the senate the government might give as a sort of experiment some attention to the element of capacity, merit and possible usefulness of the candidates.

Mr. Labilliois is a man who has made his name in public life. He certainly did not make an auspicious beginning, but it is believed that he has tried to live down the unhappy transaction connected with his sudden change of sides in local politics.

It is not, therefore, easy to see how transportation may be made cheaper by reason of reduced bond and debenture charges on the new road.

Our patriotism in this matter does not amount to half a cent per bushel," said he, speaking for the western shipper.

This statement of the case is candid and correct. Over and over again the Sun has shown that the chief Grand Trunk Pacific route for export traffic is the one leading to Lake Superior, and the next is the one leading to Grand Trunk points Ontario by way of the branch to North Bay.

FOUND SHARK IN FISH WEIR.

The Steamer Aurora To Undergo Repairs.

Annual Harvest Services—New Skating Rink at St. Stephen—Charlotte Co. News.

ST. STEPHEN, Oct. 5.—Miss Hilda Marshall, daughter of Rev. Thomas Marshall of St. John, is visiting Miss Elsie Sullivan.

Misses Edith Newnham and Beatrice Smith are preparing for the trained nurse profession at the general hospital in Newport, R. I.

Mr. and Mrs. Fred E. Sawyer have returned from Montreal and will make their home here, Mr. Sawyer having been transferred to the St. Stephen, Presque Isle run of the Dominion Express service.

Miss Alice Love is at home from New York for a visit.

Miss Jean Haley, Miss Cecil Kierstead, Fred Gouher, Wm. Kierstead and Edward Kierstead are attending Acadia College and Seminary this term.

The Grand Manan steamer Aurora has entered on her winter time table and now arrives here each Thursday and departs on Friday.

The annual harvest services will be held in the church on Sunday next. Town council meets on Tuesday evening next.

Frontier Co., U. R. K. of P., will meet on Thursday evening of next week.

VINDICATION OF ISAAC BURPEE.

How St. John Man Was Wronged—Evidence Showed That Firm Owed Him—Public Apology Made.

(Yukon World, Sept. 17.) An advertisement in another column signed E. Shoff is the ending to a very old story and one which seems to show a big miscarriage of Canadian justice.

The firm of Burpee & Company carried on a business handling general merchandise and drug supplies, from September, 1903, till March 15, 1904. The partners therein were Isaac Burpee and E. Shoff.

On the date of the dissolution of partnership Mr. Burpee was on the outside. The day after the dissolution of partnership Mr. Shoff, partner in Dawson, laid a charge of embezzlement of \$15,000 against Burpee in connection with the business.

Extradition papers were applied for, but were refused. However, on another criminal charge, that of embezzling and converting, the extradition proceedings were allowed, and on May 10th of that year Mr. Burpee was arrested in St. Louis and brought back to Dawson. In all he was in confinement for 6th, of 1904.

Burpee was tried before Mr. Justice Macaulay, who found him not guilty of the charges preferred against him and ordered his release. At the trial the evidence showed that the charges on which the extradition papers were issued were merely pressed in order that Burpee could be brought back and made to face the other charges.

Before Burpee was acquitted Shoff started a civil suit for the recovery of the \$15,000, which he claimed Burpee had in connection with his partnership. In October, however, the prosecution against Burpee was dropped and the costs in connection therewith.

February last Burpee took a hand in the game and started a suit against Shoff. There was considerable cross-firing and finally an agreement was reached that the whole matter of the partnership would be referred to E. W. McAdam, the expert accountant of the N. A. T. & Co. He was instructed to make a new set of books and to go into the matter with the utmost thoroughness and find just how the partners stood in regard to each other.

Mr. McAdam finished his work yesterday. There was on the books some \$20,000 assets to the amount of over eighteen thousand dollars. A considerable portion of this was written off to profit and loss. After this had been done it was found that a considerable sum of money was still due to Mr. Burpee from Shoff, and this sum Mr. Shoff paid at once and made the acknowledgment printed in another column.

Mr. Burpee and his friends are naturally jubilant at his complete vindication. There is still a feeling that Mr. Burpee has been wronged and that a whole year of his time has been wasted in an endeavor to get his name from the aspersions that have been cast upon it. However, all's well that ends well, and Mr. Burpee intends to celebrate the conclusion of his long suit by a trip to the Yukon before navigation closes for the year.

EASTPORT NEWS.

Government Cruisers On Watch For Dynamiters.

Campobello, Formerly an Oasis For Thirsty Souls, is Hard to Reach.

EASTPORT, Oct. 5.—After a delay of about a month in the harbor, the two Italian barkas, Harrington and Attivo, will probably receive their load of box shoeks for Mediterranean ports and two small schooners came down the St. Croix river during the past week with some of the cargo of orange and lemon shoeks, which are being put on board. It was generally supposed when the barkas arrived here that they would be hauled in at the railroad wharf, where there is sufficient water to remain in safety, but there has been delay in bringing in the shoeks by train from Princeton or Calais, and this has been annoying to the Italian captains, who, it is stated, had been asked to have their ships towed up the St. Croix river below Eastport, where there might be some chance to get loaded quicker than if they remained here and waited for the shoeks to come in by train. It was given out this week that the commanders of the barkas did not care to take the chance of the narrow channel up the river, so it is probable that the cargoes will be brought here by vessels, or perhaps train.

The two fishery protective cruisers remain in safety, but there has been delay in bringing in the shoeks by train from Princeton or Calais, and this has been annoying to the Italian captains, who, it is stated, had been asked to have their ships towed up the St. Croix river below Eastport, where there might be some chance to get loaded quicker than if they remained here and waited for the shoeks to come in by train. OF VITAL INTEREST TO EVERY CITIZEN.

MR. C. D. TAYLOR, CLERK BOARD OF HEALTH HAS PE-RU-NA HAS BECOME THE FAMILY MEDICINE OF THE WORKING PEOPLE IN HIS CITY.

Mr. C. D. Taylor has been Clerk of the City Board of Health, Jacksonville, Fla., for ten years, which position has afforded him ample opportunity for noting the best means of preventing and curing disease.

He expresses his approval of the use of Peruna as the most effective means of solving a problem of such vital interest to the community in the following letter—

"The health of the poor of a large city is always a question of vital interest, not only to the city officials but to every citizen. It has been a source of much satisfaction to me to find that so large a number of working people in moderate circumstances have accepted Peruna as their family medicine. It has cured a large number of cases especially of catarrh of the head, lungs and stomach and building up the general health it cannot fail to prove a help and blessing to any community where it is generally adopted and used. I have found it an honest, reliable remedy and am pleased to endorse it."—C. D. Taylor.

Address Dr. S. B. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.

DEATH OF PROMINENT SACKVILLE PEOPLE

Young Mt. Allison Graduate Passed Away in the West—Sackville Personals.

SACKVILLE, N. B., Oct. 5.—The death of Albert Bulmer, Salem street, occurred at an early hour this morning after two months' illness. Deceased was 65 years of age and had three children deeply mourn their loss. An only son, John, of Beverly, Mass.; Misses Annie and Alice at home. He also leaves two brothers and a sister. The brothers are Herbert, in Boston, and Nathan, of Sackville. The sister, Mrs. McKenize, lives in Moncton. Mr. Bulmer was a faithful and active member of the Methodist denomination. Funeral services were held on Saturday at 2 p. m. Rev. Geo. Steele and Rev. Dr. Stewart will conduct the service.

Fred Bell passed away very suddenly this morning, after a few hours' illness, hemorrhage of the brain being the cause of his death. Deceased was thirty-five years old. A widow, formerly Miss Maggie Welsh, and two small children, survive him. Word reached here yesterday of the death of Ivan St. Clair Spence at Alberta, where he went some weeks ago, hoping that the change of climate would benefit his health. Consumption was the immediate cause of his death. Deceased was a native of Lunenburg, N. S. He was well and favorably known in Sackville, graduating from Mt. Allison musical conservatory in 1894.

Rev. J. H. Brownell of Port Eglis is in Sydney this week attending the Presbyterian Synod of the maritime provinces. The Principal Jonah, of the high school, and assistants, Lloyd Dixon, Misses Ramsay, Brownell and Marshall, are attending the western teachers' convention at Dorchester today.

Dr. Malcolm of Pogo, Newfoundland, is a guest at the Ladies' College. Miss Webb, of Mt. Allison musical staff, is able to resume her classes again. At a recent meeting of the Methodist Society, Sackville, the following gentlemen were elected representatives of the quarterly board: Senator Wood, H. M. Copp, C. W. Cahill, Thomas Dixon, W. J. Goodwin.

Preparations are in progress at the Ladies' College for the annual fancy concert, which will take place next month. Miss Foster, vocal teacher, will make her first appearance to a Sackville audience upon that occasion. Principal Borden has just ordered a new kiln for the use of the studio. Professor Hammond has a large class practicing out-door sketching. Westmorland Division, Sons of Temperance, have elected the following officers for the ensuing quarter: Rev. Chas. Fenington, W. P.; Miss Sarah Jones, W. A.; Albert Colpitts, F. S.; J. E. Goodwin, Treas.; Miss Laura Colpitts, R. S.; Miss Ardell Trenholm, A. R. S.; Mrs. Fred Snowdon, Chaplain; Harry Carter, Concl.; Miss Blanche Thingley, A. Concl.; Gladys Wells, I. S.; Edw. Goodwin, O. S.

Principal Lay, of Amherst Academy, and a number of students paid a visit to Mount Allison institutions yesterday.

THE SLOW CENSUS.

Volume three of the reports of the Dominion census of 1901 has just appeared. The statements contained in it are made up from the information gathered by the census enumerators in the early spring of 1901, four and a half years ago. The tardy appearance of this volume, which is not yet the last of the series, is a sufficient comment on the speed of the minister of agriculture that he would reform the act of census taking in Canada.

Mr. Fisher charged that the census of 1901, taken by Dr. George Johnson, was a costly production. He also said that the late government was too long completing the work, and that it contained many errors. Now we are partly able to compare the census of 1901 with that of his predecessor. The census of 1901 has been much longer in preparation. Two years ago the cost of the census of 1901 was more than double that of any previous census taken in Canada. Since then the cost has gone on increasing. Lastly, there is no manner of doubt that the census of 1901 is the least accurate of the four Dominion censuses.

Three moose shot at Bonny River have been brought to the local market during the week. One of the heads, with a fine set of antlers, is being mounted for Landlord Nicholson of the Windsor Hotel. Another fine moose was found in its way to St. George. John Burpee found a nine foot shark in his fish weir at Oak Bay on Monday this week and dispatched it with two shots from his rifle.

The ladies of Trinity church are preparing for a table and supper on Thanksgiving Day. Dufferin board of trade will discuss the project of a sardine factory at a meeting to be held on Saturday evening. Hon. Geo. M. Hanson, mayor of Calais, will be among the speakers.

John O. Pinea, a Nova Scotian who has been living in Southern Alberta for some years, does not strongly endorse the young men of the maritime provinces who have posted notices to throw them up to follow the line of the west. Mr. Pinea says that while the chances are unquestionably more numerous he does not think they offer more greater prospects of accumulating wealth than are afforded by many of the progressive sections of the maritime provinces. Mr. Pinea makes his home at Crossfield, a small settlement about thirty miles north of Calgary. When he pitched his tent there about four years ago there was not a house in eight. At the present time it is a thriving village. The district throughout was for many years regarded as entirely unfit for agriculture owing to the fact that for a long time there was no rain, except a little in the month of June. It has been found, however, that the country is well adapted for mixed farming, and is equal to any in the west for the production of winter wheat. Mr. Pinea has been visiting relatives in Nova Scotia for the past four weeks and is now on his way to his western home.

A MONSTER MOOSE. Secured Their Prize in Less Than 15 Hours After Leaving Home.

YOUNG'S COVE, Oct. 3.—Two young men, W. E. and J. M. Snodgrass of Young's Cove, armed with Winchesters, made a trip after moose. They reached the scene of operations shortly after midday, and before many hours had passed they succeeded in bringing down a huge moose, arriving back here with their prize in less than fifteen hours.

To cure Headache in ten minutes use Kumfort Headache Powders, 10 cents.

NOTICE.

(Yukon World, advertisement.) To All to Whom These Presents Shall Come: Be known that I hereby announce to the public that the information laid by me in March, 1904, to procure the extradition of Isaac Burpee from the United States on the charge of embezzlement was unjustly and improperly laid at that time, though I believed my statements to be true, which belief was founded on the books of Burpee & Co., which they were not true in fact, which fact has been recently established on the taking of accounts in a civil suit between Isaac Burpee and myself to adjust the affairs of Burpee & Co., in which it was found that the books were in fact, not in fact, of his being indebted to me, and the settlement of which indebtedness has been made.

Dated at Dawson, in the Yukon Territory, this 16th day of September, A. D. 1905. E. SHOFF.

MARRIAGES.

BONNELL-LOUGHEREY—At Norton, N. B., Oct. 2nd, Mr. Frank Baird of Sussex, Frederick John Bonnell to Sarah May, eldest daughter of James Lougherey of Norton.

ALLEN-COLLINS—On Wednesday, October 4, at St. John's Baptist church, by the Rev. Percy Chapman, V. G. George Percy Allen to Bertha Marion, daughter of the late John J. Collins.

MACLEAN-WILSON—At Back Bay, Boston, Sept. 29, 1905, Arthur B. MacLean, president of MacLean Oil and Supply Co., and Cora F. Wilson, daughter of the late Col. Preston J. Wilson, to Miss Nellie Bell, all of Smithtown, Kings Co., N. Y.

WOOD-WOOD—At Bangor, Maine, Sept. 26, by the Rev. E. F. Pamber, T. A. Wood of Jackson, Tenn., to Susella Wood, of St. John, N. B.

DEATHS.

ATCHISON—James, youngest son of the late Andrew Atchison, in his 31st year. A mother, two brothers and a sister to mourn their loss.

BRANNEN—In this city on Thursday, 5 October, at 253 St. John street, West End, Sarah, aged 72 years, wife of Capt. Charles W. Brannen.

CHANDLER—At Moncton, Sept. 28th, of cholera infantum, Wm. Wesley, beloved child of Clarence H. and Alma S. Chandler, aged 1 year, 11 months and 3 days (Moncton and Sackville weekly papers please copy).

FLOYD—Accidentally killed at Bloomfield station, on Sept. 30th, James Corey, aged 20 years, and Stanley E., aged 15 years, sons of John M. and Elsie Floyd.

DOG FISH PLENTY NEAR CANSO.

CANSO, Oct. 3.—Although the dogfish reduction works continue to run and day, they cannot keep cleaned up the swarms of dogfish landed each day by exultant fishermen. Boat loads continue to arrive from outlying sections of the coast, and all the fishermen are pleased to see so many of their enemies thus destroyed.

Doctor George W. Field and John W. Delano of the United States department of fisheries have spent the past few days here with Manager Cox, inspecting the methods employed by the Canadian department of fisheries in dealing with the dogfish. It is contemplated that some united action may be taken by the American and Canadian authorities to rid the Atlantic waters of these destructive fish. These gentlemen proceeded today to Sydney and Newfoundland to continue their investigations.

Georgetown, P. E. I., is petitioning the government to establish a dogfish reduction plant at that port. At a largely attended meeting on Saturday a committee was appointed to bring the matter to the attention of the authorities. The dogfish is becoming a serious nuisance in those waters, and it is expected that fishermen all over the island will unite to secure some means of ridding them of this pest.

ST. MARTINS.

ST. MARTINS, N. B., Oct. 5.—A confirmation service took place in the R. C. Chapel at 10 o'clock yesterday morning, when twenty children were received into the church. Father Forier was assisted in the rite by Bishop Casey and a brother priest by Rev. John. Among those confirmed were Pearl Scovil, Alice O'Connell, Misses Kathleen McBride, Jack Welsh, Wm. Welsh, Percy Smith and others.

At the close of the new bell recently erected, was blessed by the bishop and priests. A large congregation was present. H. A. Fowles, who has been very ill of typhoid fever, is slowly recovering. Horace King, of St. John, who has been for a time hunting and fishing at Salmon River, returned home Monday.
