THE CAMPBELLTON GRAPHIC

Campbellton, New Brunswick, August 26th, 1910.

MONTREAL WILL AD

Council Recommends Vote
of \$5000 Subject to
Legislature.

IS ALMOST CERTAIN

Money Will Not Be Forthcoming, Till
Spring-Woodstock Takes Half-Holiday and Raises \$800 More For
Fire-Stricken Town.

Montreal, Aug. 18.—It was decided at a meeting of the city council today to approve of a subscription of \$5,000 for the relief of the people of Campbellton, subject to the future approval of the legislature. While the money will not be available until next spring, the city promises to pay as soon as it can be legally done.

Not the slightest doubt exists but that the legislature will agree to such amendment to the city charter as will enable Montreal to take the money from its reserve fund to aid the fire sufferers.

WOODSTOCK RAISES \$800 MORE.

Woodstock, N. B., Aug. 18.—The net proceeds of the picnic held in Connel Park yesterday afternoon and evening will amount to more than \$800 for the Campbellton relief fund. All the stores of the town closed and the people all went to the park. All the sports were well patronized. This with the amount already contributed by the town and county, makes something more than \$2,800 toward the fire sufferers, exclusive of clothing and the funds sent by the respective churches and parishes outside of Woodstock.

J. Charlton, Berrie was summoned to St. Mary's this morning owing to the serious illness of his father, Rev. J. C. Berrie. Reports received this afternoon state that Mr. Berrie is easier and there are hopes for his recovery.

FOUR MONTHS FOR VIOLATION OF SCOTT ACT IN CHATHAM

Chatham, N. B., Aug. 22.—Arch. Fraeeker was convicted in the police court this morning of an offence against the Canada Temperance Act, and was sentenced to four months in jail without option of a fine.

CARLISTS ISSUE A PROCLAMATION

Call Upon Spanish Catholics to be Prepared to
Sacrifice Lives for
Pope.

Barcelona, Aug. 17.—The Catholic Carlists of Catalonia are engaged in active preparations for a series of open air demonstrations throughout Catalonia on Aug. 28. The proclamations issued by them summon the faithful to come to the defence of "Holy Religion and the Mother Church." They refer to the "Accursed Government," and advise the people to come armed and ready to sacrifice their all for the pope, who has sent his blessing from Rome. The proclamation terminates in these words: "Exterminate the incendiaries of converts and the violators of nuns. May God aid us to overthrow this infamous government."

Hudson Bay a Tough Route

Steamer Stanley Returns to Halifax, She Encounters
Much Ice While Nearing Port Nelson—
Freezing Weather in July.

Halifax, N. S., Aug. 18.—The Canadian government steamer Stanley returned from Hudson Bay. From the reports of the Stanley's officers, it cannot be said that the outlook is very promising for the proposed ocean route from Nelson river or Port Churchill.

The Stanley arrived at Churchill on July 27 and left to return on the 29th. On the way to Port Nelson she encountered much ice—miles of it—and all the time the temperature was at the freezing point and lower.

The tern schooner Chrissie G. Thomey, which was part of the government expedition, was towed to within fifteen miles of Nelson and so heavy was the ice, that a twelve inch hawser had to be used and this snapped once.

The Stanley had no difficulty in making Fort Churchill, getting as close as a quarter of a mile from

the shore. According to the accounts brought by the Stanley, the Hudson Bay is a pretty tough proposition as a steamship route. The schooner Thomey reports six fathoms of water sixteen miles off Nelson.

Mr. Parrisseau, the engineer in charge of the Thomey's party, will remain at the bay until the ice is good and hard and will then travel overland to Winnipeg. On his report will depend the feasibility of Nelson River as a port for ocean-going steamers.

HARVESTING IS IN FULL SWING

Winnipeg, Aug. 18.—Harvesting is in full swing, with the crop turning out much better than was anticipated. Labor was scarce.

ST. JOHN AND IT'S PAVEMENT

Council Decides to Hold a Thorough Investigation Into
the Matter—Inspector Carleton's Action
May Lift Him to Council.

St. John, Aug. 17.—There will be an investigation under oath into the Hazzam paving work in the Main Street. The common council so decided this morning at a session following the disclosures made by digging up part of the pavement yesterday.

Mayor Frank in calling the meeting to order said that it had been called as a result of the revelations made on Main Street yesterday. The work there showed that the city was not getting value for the money expended. The matter had received a lot of attention from the press and he had been under a wrong impression from the information that he had been able to obtain. A. B. Baxter on rising to make a motion in accordance with the mayor's request, said that the council were with his worship in this

matter, and had been right along. The press was to the contrary. The results of yesterday's investigation showed that everything was far from right and an investigation was imperative. The investigation committee will be Ald. Jones, White, Hayes and Holder. The paving work it appears will go right along. Ex-inspector Carleton is now talked of as possible alderman at large in the next council.

Charlottetown, P. E. I., Aug. 21.—About 5 o'clock this afternoon, Peter Ferguson, of this city, for many years a member of the Caledonia Band, dropped dead in his house, congestion of the heart being the cause. He leaves a widow, two sons and a daughter.

PERISH IN MONTANA FIRES

Missoula, Mont., Aug. 21.—Mercilessly and relentlessly the forest fires in western Montana are sweeping over a vast area, driving hundreds of fugitives before them, destroying small settlements and wiping out of existence millions of dollars worth of property.

Eighteen of the men were found in

the water, where they had gone for safety, and they were unharmed. Of the remaining 180, no word has been received. The forestry service has organized a relief train well equipped with pack animals, carrying provisions and hospital supplies, and will endeavor to get through the fire.

U. S. Aims at Absorbing Canada Says Newspaper

Paris, Aug. 21.—In a special despatch from a correspondent in Canada, the Daily Mail publishes some comments that are not inspired by friendliness to America. It says: "An obvious attempt is being made to misrepresent as the real opinion of Canadians the action of insignificant sections of Western farmers inspired by the small, almost unknown, Free Trade Leagues, hostile to British interests."

"The importance attached to representations recently made to Sir Wilfrid Laurier, the Canadian premier, has been greatly exaggerated in Great Britain. Canadians not only repudiate the views expressed by the despatch but also resent the manifest influence of certain Americans seeking to bring about the Union of Canada with the United States. The policy of union—or, as the advocates prefer to designate it, reciprocity—appears to be gaining ground with dangerous rapidity."

"It is carried on by the thousands of settlers from the United States who flock every year into the rich agricultural country in the Northwest. These

TEMPORARY SCHOOLHOUSE

Chief Superintendent Carter
Returns From Confer-
ence with Trustees.

HAD A CONFERENCE

Dr. Carter Will Address Nova Scotia
Educational Association at
Uro This
Month.

Fredericton, Aug. 20.—Chief Superintendent Carter returned from Campbellton yesterday. He had while there a conference with the school trustees and it was decided to erect a temporary building of four departments to be ready in two or three weeks.

The insurance upon the burned school building would not probably at this time pay half the costs of a new one and the trustees have no borrowing power owing to the embarrassment caused by the interest on the town debt being in arrears and arrangements not yet completed to provide for it.

Superintendent Carter says it is doubtful if the school board will have at its command any local taxes this year as there is no visible property left in the town except the grounds upon which the buildings stood and the ruins thereon.

"Campbellton is at present just a cluster of shacks and tents with very little permanent work done yet," he said. "The people were cheerful under all their discomfort and afflictions but those who have had time to give thought to the matter are very apprehensive of the coming winter. Canada seems up to this time to have formed a very inadequate idea of the completeness of the disaster and of the amount of help necessary. The people need absolutely all the assistance possible to be extended."

CRUSHED TO DEATH BY STEAMER'S WHEEL

Detroit, Mich., Aug. 22.—Drawn into the wheel of the steamer Joseph G. Butler by the suction as he left her side after being towed into Lake St. Clair, yesterday, George Fraich of Sarnia, Ont., is thought to have been ground to pieces by the propeller. Pieces of his skull were found in the steamer's wheel.

Go-Preachers Forced to Go

The Residents of St. Eleanors, Prince Edward Island,
Make It Too Warm For the Preachers—
Revolvers and Stones Used.

An unfortunate clash occurred Saturday evening at St. Eleanors between a number of so called Go-Preachers who have been holding a convention and some citizens of that locality. There were, it is said, about 100 delegates present and it would appear that they came expecting trouble and they found it. Two of the preachers, we are informed, officiated on Sunday with eyes blackened and bearing other marks of the fight on the opening night. The trouble arose when the Go-Preachers were referred to as Mormons. Thereupon the Go-Preachers berated the boys for their ill manners, and junks of coal were hurled upon the boys with good effect. One young man, William Arsenault, received a bad cut on the face. A brother of the injured man then used a hammer effectively on the head of a Go-

Preacher. The fight then became general. Stones flew in all directions, several parties receiving wounds, but none serious. Monday night the trouble was repeated. An attempt on the part of some outsiders to set fire to the fence near the tents was frustrated. The Go-Preachers drew revolvers, the outsiders did likewise. A number of shots were fired but no one was hit. Stones and other missiles were thrown and several windows in the houses close by were broken. During the night the Go-Preachers folded their tents, and the Convention was over, much to the relief of the people of that section. The Convention was held in a large tent, the delegates occupying smaller tents close by when the meetings were not in progress. The present whereabouts of the preachers is unknown.—Charlottetown Patriot.

SORRY ABOUT MINING CLAIMS

Millerton Lumberman Alleges He Paid Out \$50,000
On Incorrect Report of Montreal Engineer
And Wants Money Back.

Montreal, Aug. 17.—Alleging that he had been induced to purchase three mining claims in Montreal River district, on the report of a mining engineer, James Robinson, ex-M. P. of Millerton, N. B., lumberman, has applied to the superior court for a writ, for conservatory attachment, against John Casey, a Montreal Prospector, and against the Royal Bank of Canada, as third party.

In the affidavit it is alleged that by memorandum of agreement at Montreal Jan. 19, 1910, the plaintiff agreed to purchase from the defendant three mining claims in the Montreal River district. It is alleged also that the plaintiff

bought these claims on the strength of a report from a mining engineer, which turned out to be incorrect.

The affidavit says that in fulfillment of the terms of the said contract, the plaintiff had already paid to the defendant \$37,500 and the remaining sum of \$12,500 has been paid to the bank, the third party on the order of the defendant on Aug. 15th, 1910.

The writ is asked to prevent this sum of money, which is in the hands of the Royal Bank of Canada, from being paid to the defendant, and asking that it be held in judicial custody until final judgment of the sale is rendered.

PRESIDENT MONTE OF CHILI DEAD

Expired Suddenly at Bremen After an Arduous
Day's Work at
Consulate.

Bremen, Aug. 17.—The death of President Montt of Chili in this city last night, was most unexpected. He was preparing for bed when he was seized with cramps of the heart and died almost instantly. His wife was with him at the time. Almost all the members of the presidential staff were still engaged in conversation with Senator Baste, secretary of the Chilean legation at Berlin, and other attaches who had met President and Mrs. Montt there on the arrival of the steamship Wilhelm de Grosse from New York. The president of Chili had a trying day. He arose at an early hour to be ready to land from the steamer at Bremerhaven at half past nine

The Campbellton Graphic,

H. B. ANSLOW, EDITOR AND MANAGER.

CAMPBELLTON, N. B., AUGUST 26th, 1910.

CAMPBELLTON'S PLIGHT

The generous response of individuals to Campbellton's appeal for help must not blind us to a realization of the fact that, liberal as it has been in many instances, it is still far from sufficient to insure the victims the ordinary comforts or even all the necessities of life through the long winter months which will soon put an absolute stop to the work of rebuilding the burned city. It must be kept constantly in mind that women and children form a goodly proportion of the faithful who are camping over the ruins of their homes, and that many of the families have no other option than to stay where they are, live through the winter as best they can, and take their chances in the spring with the new Campbellton which is to rise from the ashes of the old if pluck and confidence are as potent factors in the building of cities as they are currently supposed to be. All the possessions they had in the world were represented, in many cases, by the home and its contents. They could not move far enough away to reach new fields even if they wanted to; and, to the credit of Campbellton's spirit be it said, few of them appear to want to.

A one-story shack is a poor substitute for a cottage, but it is better than none at all. Even in a shack, however, some things are absolutely essential if it is to be the winter home of women and children. It must be roughly weather-proof; it must contain a

stove; and it must be supplied with a certain amount of foodstuffs and clothing. The relief committee is doing all that is humanly possible to split every dollar contributed to the Campbellton fund into as many pieces as possible, but the best of their efforts have not been able to satisfy the situation. There is need—urgent need—for more contributions of food, clothing and household supplies; more than all, there is need for contributions of money for the purchase of materials which must be bought and put to use immediately if the winter is not to mean an epidemic following on the heels of the disaster.

RESOLUTION RE DEATH OF LIEUT CHAS. W. ANSLOW

Warm Tribute to His Memory By the Town Council of Campbellton.

Campbellton (N. B.), Aug. 22. To the Editor of The Telegraph: Sir,—Enclosed please find a copy of a resolution relating to the sad automobile accident which occurred here, in which Lieutenant Chas. W. Anslow was fatally wounded.

Yours very truly,
Geo. G. McKENZIE,
Chairman Relief Com.

"Resolved that the town council of the town of Campbellton, together with the executive of the relief committee, now in joint session, do place on record their deep regret and sorrow at the terrible accident which happened at the town of Campbellton on the 19th day of July last in which Lieutenant Charles W. Anslow was fatally injured.

"Further resolved, That we express our high appreciation of the great aid he rendered to the relief committee in the short time he was spared to assist in the work of helping the poor, needy and homeless. In this time of great distress, he, by his noble example of cheerfulness, energy and Christian fortitude, did much to lessen the hardships which were the common lot of all our citizens.

"And be it further resolved that a copy of this resolution be forwarded to the relatives of the deceased."

Signed on behalf of town council and executive of relief committee.

(Sgd.) D. MURRAY, Mayor.

JOHN T. REID, Town Clerk.

GEO. G. McKENZIE, Chairman Relief Com.

CARLETON P. O. ROBBED FRIDAY

The post office at Carleton, P. Q., was entered last Friday night and a small sum of money, some postal notes and money orders were stolen.

On Saturday night an attempt was made to enter the Robitaille, P. Q., Post Office, but the postmaster living in the office frightened the robbers off.

The men are supposed to be two deserters from a barque which was at a Gaspé port, and are foreigners. One was tall and the other below the average height. The tall man was the younger of the two, and wore rubber boots, while the older and shorter one wore a suit of grey clothes and a slouch hat. The pair were seen at Escuminac on Sunday.

The Campbellton police were notified until Monday night and it is thought the suspects had crossed the river and been able to get away.

Inspector Green of the Quebec P. O. department spent several days down the coast and was here on Wednesday but nothing new was discovered.

I. C. R. Plans For Campbellton

As Now Submitted Will Need Very Little Additional Ground and Are Approved of by Town Council and Citizens.

The plans for the erection of the I. C. R. station, freight sheds, machine shop and round house have been received here and at a meeting between Mr. Brady and the Town Council, have been approved and work will be begun at once.

The new plan will require little additional land to provide the necessary space for all the important works. That required will be the lots between the railway and the river except perhaps the McLennan Foundry & Machine Co.'s site.

Two street crossings at least will be done away with. These are the Mowat crossing and the Sugarloaf Street Crossing. Water street will be continued along to the river end of Sugarloaf street, and a subway will be erected from Rosebury St. to Water St.

The new station will be erected on the site of the old shops and Round House, and will be a handsome structure of brick and stone. It will contain all the necessary

offices in connection with the I. C. R. here except the Freight Dept. Spacious walks will be provided about the station which will front on Girard and Victoria streets.

The freight sheds will be at or near the location of the old station and will be large and spacious. The shops will be a little further up, while the round house will be at or near the old coal sheds.

The plan as above outlined is very similar to the one submitted by the Board of Trade a little over a year ago, and is perhaps the best which could be devised without the purchase of a large amount of land.

It was the intention of the I. C. R. to purchase some adjoining land on Gerrard street, but property owners asked such exorbitant prices that it was decided to endeavor to get along without it.

The new plan greatly enhances the value of real estate on Victoria and Gerrard streets in the vicinity of the new station.

Body Recovered After Long Time

After being in the water for over a year, the body of Alex Columbe, a stream driver on Christopher Brook, who was drowned in May 1909, was recovered in the Restigouche Boom on Tuesday.

While at his work Mr. Dow Sheals saw something in the mud which he thought might be the body of a man. He called Mr. Donald McBeath and they pulled the object

to the surface, "when it proved to be the badly decomposed body of a man. The coroner was notified and took charge of the body.

The supposition is that the body was buried in the sand bank which formed at the mouth of the Christopher Brook a year ago, and which was washed away this spring releasing the body.

Assisting Town To Resume Work

The various companies with which the town of Campbellton has been doing business for many years have been very generous to the corporation and are assisting in rebuilding the electric light plant.

The Canadian General Electric Co. of Toronto, besides donating a large amount of supplies for the street lighting system is loaning free of charge a large generator of the latest pattern for the temporary lighting plant. This generator will be sufficiently large to generate current until the new plant is installed. The street lamps supplied are also of the latest pattern and will give fifty per cent. more light at

thirty three per cent. less operating expense than the old lights. Chief Electrician Farrah and his assistants are rushing work on the temporary building and the street wiring system.

The Lakefield Portland Cement Co. are sending four hundred and fifty barrels of cement for construction work. This cement is free except the usual storage charges at St. John.

The Gula Rercha and Rubber Manufacturing Co. have shipped the town 250 feet of their best grade fire hose and a nozzle, free of all cost. The generosity of these companies to the town will no doubt be appreciated by the citizens.

WHAT ARE THEY DOING?

To the Editor of The Graphic.

Dear Sir,—We read in the papers of the action of the various societies towards brothers in Campbellton. I would like to ask what the Royal Arcanum or the Home Circle are going to do in regard to this matter.

Many of the Campbellton members have been paying into these orders for years and surely they are deserving of some assistance in their hours of need.

Home Circle

Small Pox at Jacquet River

For upwards of a month small pox has existed at Jacquet River. The cases, which in all numbered less than fifty, have been of a very mild form, and no deaths have resulted from this disease. At first very little precaution was taken to prevent its spread, but last week Dr. Fisher of Fredericton, chairman of the Provincial Board of Health and Col. R. L. Maltby of Newcastle visited Jacquet River and made a thorough examination of the place. More stringent measures have been taken to stamp out the disease.

Amatite ROOFING

Saves Labor and Money

A roofing that has to be painted every year or two is a constant care. Suppose you should neglect to paint yours in time. The chances are that when you did remember, (which would probably be when you discovered it leaking) it would be too late to paint or patch. You would need a new roof.

Now you can avoid all this bother and expense by buying Amatite, which needs no painting or coating of any kind.

We will send you a sample free. Write for it to-day and settle the question for yourself. It will only cost you a postal card and will save you many dollars in the end.

Amatite comes in convenient rolls ready to be laid on the roof. Anyone can do the job. Liquid cement to seal the laps and large headed nails are supplied free in center of each roll.

We wish you knew as much about Amatite as we do; you'd buy it every time. It's the kind of ready roofing that makes satisfied customers.

Send to-day for a free sample to nearest office. That tells the story.

DREDGING CONTRACTS

Contracts for dredging in Miramichi Bay have been let; W. J. Poupere, of Montreal, and A. & R. Loggie each get a contract for a hundred thousand dollars' worth of work.

P. E. I. EXHIBITION.

The Prince Edward Island Agricultural and Industrial Exhibition will be held five days at Charlottetown beginning Sept. 19. This will be the greatest ever held on the Island and the tenth open to the Maritime provinces.

A TOUGH ROAD

A visiting tourist, who was in the city recently, remarked to a friend that he had driven over the Killarney road in the Parish of St. Mary's and it was one of the worst he ever saw. "Why," said he, "it resembles the bed of a river more than it does a highway road."—Fredericton Mail.

THE PREMIER'S PERIL

It is rumored in Conservative circles that a plot to do Premier Hazen grievous bodily harm has been discovered, and that prompt steps will be taken to expose the guilty parties. It is said they have conspired to get the Premier out of town on some pretence and jolt him over the country roads for a day or two.—Times New Reporter.

The plotters should also invite Hon. John Morrissey and take a run over the Chaplin Island Road.

SMART OCTOGENARIAN

Mr. Levi Richardson, who makes his home here with his son-in-law, Mr. Charles D. Young, is one of New Brunswick's oldest citizens and is probably the most active man in the province for his years. He entered upon his one hundredth birthday in June last and looks to be good for at least another ten years. Last spring he planted a garden and has done all the work of caring for it. He also lends a helping hand with the chores about the house. Last week Mr. Richardson went to St. Stephen, his former home, to visit his daughter, Mrs. Young accompanying him. They will return to the city next week.—Fredericton Mail.

FATHER MORRISCY'S REMEDIES.

Cured a Truro Lady of Both Lung and Kidney Troubles.

Truro, N.S., Jan. 14th, 1910.
Father Morrissey Med. Co., Ltd.
For some time I had been troubled with a very dry cough and pain in my lungs. I made up my mind to try your medicine, and had used one bottle of No. 10 (Lung Tonic) when the pain left me and I felt much better.

My kidneys troubled me quite a lot also, and I purchased a box of your No. 7 (rheumatism and kidney cure) and since taking the tablets I have had no pain in my side or back. I spent quite a lot of money in medicine, but none of the remedies I tried overcame me, until a lady friend showed me your advertisement. I am now fat and healthy, and your remedies have saved me from the grave.

(Miss) MARTHA WHITE.
None of Father Morrissey's remedies have ever been heralded as "cure-alls." The wise priest-physician prescribed a special remedy for each kind of disease—a remedy skillfully devised to cure that particular trouble and that only.

No. 10 (Lung Tonic), besides curing colds, inflammation, pneumonia, bronchitis and other diseases of throat and lungs, strengthens these organs and gives them vigour to resist a return of the trouble.

No. 7 Tablets stimulate weak kidneys so that they can properly perform their function of filtering from the blood the impurities that cause rheumatism.

The action of both these remedies is hastened if Father Morrissey's Liniment is applied freely externally.

No. 7 Tablets for Kidneys and Rheumatism are put up in 50c. boxes; No. 10 (Lung Tonic) in 25c. and 50c. bottles, and Father Morrissey's Liniment in 25c. bottles. At your dealer's, or from Father Morrissey Medicine Co., Ltd., Chatham, N.B.

BUSHVILLE WHARF

Bushville wharf has at last been put in good condition. The people of that district appreciate the change from the former condition.

FISHING TRIP

Mr. S. C. Nash, New York, was at the Miramichi Friday last. Mr. Nash is on his regular fishing trip. He left for Robinson's camp on Saturday.

CIRCUS AT CHATHAM

A large number went to Chatham Thursday last to attend Howe's circus. The tent was packed with satisfied spectators. Howe's circus will be welcomed back at any time.

EXCELLENT CROP

Reports from outside districts state that the hay and oat crop has not been so good for many years. The potato crop is also good. Haying is about over and notwithstanding the wet weather the farmers have had very good luck with their crops.

GOING WEST

Five of Newcastle's bright young men leave here on Thursday next to make their homes in the Canadian West. They are Messrs. Herbert Foley, Leslie Miller, Stafford Lindon, James O'Donnell and Hubert Crocker of Millerton. Though regretting their departure the ADVOCATE wishes them the greatest success in their new field of labor.

ROAD MAKING

The new road from Highway road to the railway on the Canada Eastern line about a mile long was completed on Tuesday last. Four miles of road has had the road machine on it from Blackville to Curtis. This is the first time the road machine has been used in this section of the country and the residents speak very highly of the work that has been done. Mr. L. A. Coughlan, road commissioner of Blackville had the work in charge.

WILL ENTERTAIN.

An interesting feature of the opening exercises of the Dominion Exhibition, St. John, will be a complimentary luncheon on a rather elaborate scale given by Chef Menzies in the exhibition dining hall at the close of the public programme. The guests will include the Lieutenant-Governor and his suite, the President, Vice-President, Executive and Directors of the Exhibition Association, the judges, the heads of the various departments, newspaper representatives and others. This will be the first public use of the dining hall this year and Mr. Menzies is planning to get a new record in exhibition catering for the occasion.—Globe.

CANOEING ACCIDENT

What might have proved a fatal drowning accident occurred on the Miramichi River Sunday afternoon. Four young men, Harry McKean, James McMurray, Bradford Barnard and Harvey Ramsay were out in a canoe when a swell came on striking the light craft and overturning it, throwing the occupants into the water. The young men climbed on the bottom of the canoe where they managed to hold on till rescued by Mr. R. H. M. Gilker of Loggieville with his gasoline launch. Mr. Gilker was sitting in Mr. Sargeant's stable at the time and immediately went to rescue. He was accompanied by Chief Dickson, Chas. Sargeant and J. R. Lawlor.

BORN

At Matapedia, on the 21st inst., to Mr. and Mrs. John Ryan, a son.

CAID OF THANKS

Mr. Wm. Corbett, Jr., wishes to thank all those who showed their kindness and sympathy to himself and Mrs. Corbett, during the sickness and death of their little daughter.

ASSIGNMENTS

Judge E. Woudreau, of Rogersville, has made an assignment to Sheriff O'Brien of Northumberland county, and Fafard Oulet of Baker Lake, has made an assignment to Sheriff Gagnon of Madawaska county.

TEACHER WANTED.

A Second Class Female Teacher for District No. 5, Doyle's Settlement, Parish of Durham. Apply to Peter P. Fillette, Secretary to Trustees, Doyle's Settlement, N. B.

NOTICE

All subscribers to the Graphic, who formerly lived in Campbellton and who are not now getting their paper regularly are asked to send their present address to the Graphic at once, when their names will be placed on the list.

WEDDING ANNOUNCEMENT

Invitations are out for the marriage of Miss Mary Florence, youngest daughter of Mr. and Mrs. Timothy W. Crocker, Newcastle, to Mr. Henry Tenny Ball, of Rock Island, Quebec. The wedding will take place in the Methodist church here on Wednesday morning Sept. 7th.

A \$25 FINE

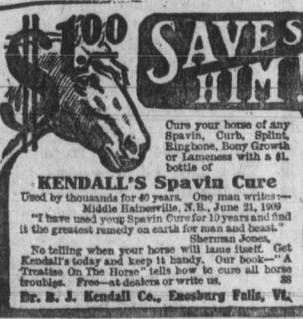

On Thursday last Chief Dickson arrested a man named Labay from Black River, for ill-using a horse. The arrest was made on the ferry wharf and the man was taken before Col. Maltby who made quick work of him, imposing a fine of \$25 and costs. Mr. Oscar Drewet Chatham, the owner of the animal came here and took the animal home. Newcastle is a poor place to ill-use dumb animals.

BRUNSWICK EXHIBIT SAFE

It was feared for a time that the New Brunswick exhibit of big game heads, including moose, caribou and deer heads, at the Belgium exhibition at Brussels had been destroyed in the fire, but a cable states that the building of the Canadian Pacific Railway at the exhibition escaped the fire. It contained the exhibits of the Canadian Pacific Railway and sporting trophies learned by New Brunswick and the western provinces of Canada.

NEW RECTOR

Rev. J. W. Bates of Dalhousie will be the new rector at St. Andrew's Anglican church. This discussion was reached at a meeting of the Wardens and vestry on Wednesday evening last. Rev. Mr. Bates will take his new charge on Sunday, August 28th. He is in every way an efficient rector and the local church is to be congratulated on having secured his services. Mr. Bates' labors in Dalhousie have been attended with success. Col. Maltby presided at the meeting, which was largely attended. Other routine matters were discussed. The new pastor succeeds Rev. Mr. Nichol, who has gone to Mulgrave, N. S.

Notice.

All persons in the Town of Campbellton are hereby notified not to erect any temporary or permanent buildings in the said Town without first obtaining a permit from the Building Inspector, Henry A. Chandler. The attention of all persons is directed to the by-law of the Town relating to the construction of buildings and the penalties there prescribed.

Tobin T. Reid,
Town Clerk

Local Agent Wanted

We require to secure the services of a reliable, energetic agent to represent us locally. Our Northern Grown Stock is perfectly hardy and will succeed well everywhere. Nurseries located in the Louisville Valley, "The Garden of Quebec." We furnish the most complete and up-to-date outfit free. Our terms are liberal. Write for them, also for catalogue.—Lake Bros., Limited, International Nurseries, Montreal.

THE DISTINCTION

Pictou Advocate—A Halifax despatch in reference to an automobile accident in that city said that "a lady" who was riding in an automobile ran down "a woman" who was boarding a street car. We have it now, the distinction between "a lady" and "a woman." A "lady" rides in an automobile, a "woman" in a street car.

A POPULAR PRIEST

Rev. T. Maguire, who has gone from Newcastle to assume the new charge at St. Margaret's was called on by some of the older members of the congregation with a few invited guests. A feature of the evening was the presentation to Father Maguire of an address and a check of \$150, the gift of St. Mary's parishioners. A purse filled with gold was the presentation of the Douglastown congregation.

COLONEL GORDON RETIRED

Col. W. D. Gordon, who some time ago was in command of the Military Depot here, has much to the surprise of military circles both in Montreal and Ottawa, been retired from the command of the Quebec Military District. The announcement is made in the Military Gazette, and retirement is to date from Aug. 31st inst. Col. Gordon had been in ill health more or less of late and at times was unable to attend to his duties. Two weeks ago during such a period some difficulty arose in the brigade office which made his presence necessary. As a result he was called to Ottawa last week and the announcement in the Militia Gazette is supposed to be sequel.—Fredericton Gleaner.

AN ISLAND INVENTOR.

A correspondent at Point Prim writes that John McDonald Jr., of that place has solved the problem of the air by an improved flying machine. His latest improvement is in the line of safety control and wing-warping, the control being affected by a single lever. Names are given of American firms desirous of developing and exploiting these improvements on terms which promise a handsome royalty to the ingenious inventor. The Guardian's correspondent grows quite enthusiastic over the prospect as will be seen by the following extract: "In the near future the auto of the air shall leap the rivers, the straits and the ocean itself because of an Islander's genius. And why not?—Charlottetown Guardian."

THE COCK O' THE NORTH

North Shore Firemen Start For Truro to the Tune of "The Cock O' The North"

WILL TAKE PART IN SPORTS

The Newcastle firemen left here today for Truro, N. S., where they will take part in the big firemen's tournament at that place which will be held tomorrow and Thursday.

The men formed up in front of the Town Hall shortly before 1 o'clock and headed by Piper James McMahon marched to the railway station to the tune of "The Cock O' the North."

The men, who have been putting in a lot of practice of late, will no doubt do credit to the North Shore.

Those who left to take part in the sports are as follows:
Chas. Dickson, Chief.
Frank Mason, Lieut.
James Stables.
Ben. Maltby.
Wm. Dunn.
Wm. McMaster.
John Fallon.
Allan Johnston.
Chas. Delano.
Perley Russell.
John Morrissey, Jr.
Bryon Hennessy.
Chas. Stothart.
Frank Gremley.
Percy McLean.

The men left here in the best of spirits and no doubt will meet with their share of success.

Although fifteen of our firemen are out of town citizens need not worry about the safety of their homes from fire as all arrangements, have been made to face any fires that might occur.

Mr. Wm. Stables has been appointed to act as Chief during Chief Dickson's absence.

The ADVOCATE wishes the jolly five laddies a pleasant and successful trip.

"I HONESTLY BELIEVE 'FRUIT-A-TIVES'"

The Greatest Cure For Rheumatism In The World

"For many years, I suffered from severe Rheumatism, and the attacks were very distressing and prevented me from doing my ordinary work. I tried many remedies and physicians' treatments, but nothing seemed to do me much good, and I was becoming very anxious for fear I would become a permanent cripple from the disease.

I tried 'Fruit-a-tives' and this medicine has entirely cured me and I honestly believe it is the greatest Rheumatism cure in the world."

E. R. MILLS.

Such a statement could not be bought from a man like Mr. Mills. He thinks too much of his good name, to sell it or sign it to an untruth. Mr. Mills tried "Fruit-a-tives" after all other treatment failed—and "Fruit-a-tives" cured him of Rheumatism. In the goodness of his heart, he wrote the above letter in order that sufferers in all parts of Canada would know that there is one remedy that actually does cure Rheumatism. This testimonial was entirely unsolicited on our part. We did not know that Mr. Mills was taking "Fruit-a-tives" until we received the above letter.

It is as good like Mr. Mills' that proves the marvellous powers of "Fruit-a-tives" in arresting and curing disease. It may be stated, without fear of contradiction, that "Fruit-a-tives" will positively cure Rheumatism when properly used. "Fruit-a-tives" is the only medicine in the world made of fruit juices and is the greatest Rheumatism cure known to modern science.

50c. a box, 6 for \$2.50, or trial box, 25c. Sold by all dealers or sent, postpaid, on receipt of price by Fruit-a-tives Limited, Ottawa.

MAN AND WIFE WERE MURDERED

Wilmington, Del., Aug. 20.—Robert Casey, Jr., keeper of general store on the Philadelphia and Wilmington turnpike at Claymont, near here, and his wife were murdered in their beds, in the house over the store, some time during the night, evidently while they slept.

The murder was committed by thieves who also plundered the house and store, breaking open the safe and

carrying off all the contents of value Mr. and Mrs. Casey were the only occupants of the house.

The crime was committed with a club about an inch thick and a foot long. With this the heads of the victims were battered in, after which the club was thrown beside the bed. The murder was discovered by Wharton Beal, a driver for a Wilmington grocer, who had gone to the store to deliver bread.

CONNOLLY TO BE TRIED SEP. 6

Hopewell Hill, N. B., Aug. 21.—Subpoenas for some twenty witnesses for the trial of Thos. Connolly, who is charged with killing James A. Powells at a dance at the MacDonald farm on June 30, were issued today and placed in the hands of Sheriff Carter for service.

The crown, it is understood, is not issuing any summons for Covey Mills who it will be remembered, was present at the preliminary but was not called to the stand by the prosecution. Mills had been duly summoned by the crown for the hearing but the crown

counsel decided not to call him as a witness, this action being the cause of much discussion and strong protest from Mr. Fowler, Connolly's counsel, who asked both the crown prosecutor and the court that the man be called. It is possible that Mills will be called for the defence at the trial, which will open on Tuesday, September 6, before Judge Landry. Attorney-General Hazen will conduct the case for the crown and the defence will be in the hands of Messrs. Fowler and Reilly who have been handling the prisoner's case since the opening. The usual jury panel has been summoned.

CHILD WAS BURNED TO DEATH

Fredericton, Aug. 20.—A tragedy with distressing details occurred this week at Zealand, a settlement in York county about 15 miles from this city, the three-year-old son of Mr. John Brewer, of that place, being burned to death. The child was deaf and dumb.

In the absence of his parents from the house the child got some matches and commenced playing with them with the same fearful results which so often happen. The child's clothing caught fire and soon its little form was enveloped in flames.

The cries of the little fellow aroused an invalid who was in another part of the house and who made a game struggle to save the child's life. With much difficulty the invalid was able to reach the room where the child was and smothered out the flames, which were rapidly burning the child alive, and also put out the fire which had caught some of the interior fixtures of the house.

The child's father, who was at work in the fields some distance from the house was summoned

and so was the mother. Everything possible was done to save the child's life and Dr. Morehouse worked over it for some time. Finally the child succumbed to the terrible burns, which had it lived, would have been a blemish for life.

The funeral services were conducted by Rev. Mr. Cook, of Bart's Corner, and the sad accident cast a gloom over the entire community, much sympathy being expressed for the bereaved family.

SUBSCRIBE FOR THE GRAPHIC

Salisbury, N. B., Aug. 13.—Three young men, strangers, who arrived here this afternoon, were arrested soon after their arrival by members of the Moncton police force, who drove up the post road from Moncton looking for parties who had burglarized the house of Walter Somers, a farmer, living near Moncton. These young men were arrested on suspicion and taken to Moncton on the afternoon train by the officers.

find advancing years bring an increasing tendency to constipation. The corrective they need is

"NA-DRU-CO" Laxatives

Entirely different from common laxatives. Pleasant to take, mild and painless. A tablet (or less) at bed-time regulates the bowels perfectly. Increasing doses never needed. Compounded, like all the NA-DRU-CO preparations, by expert chemists. Money back if not satisfactory. 25c. a box. If your druggist has not yet stocked them, send 25c. and we will mail them.
