## BROWN NAMES HIS STAFF ON C. N. R.

R. W. Simon His Assistant and W. U. Appleton is General Superintendent.

Ottawa, Feb. 28.—Arrangement was made here to-night of the appointment of the regional general managers and other officers of the operating and construction departments of the Canadian National Railways.

C. G. Bowker, in named general manager of the Central region with headquarters at Toronto; L. S. Brown, general manager of the Atlantic region, with headquarters at Moncton; and A. E. Warren as general manager of the Western region with offices at Winnipeg.

These general managers will report to R. W. Simon, vice-president. Mr. Simon has also made the following appointments of officers who will have jurisdiction over all lines: A. J. Hills, to be assistant vice-president; S. D. Crombie, to be chief of transportation; O. B. Brown, to be chief engineer operating department; C. E. Goss, to be chief engineer construction department; C. B. Brooks to be chief of motive power; G. E. Stuart to be chief of car equipment; Dr. J. Allen, to be chief medical officer; D. B. Mulligan to be general manager of hotels.

The officers concerned in these changes have been prominently identified with the Grand Trunk System, the Canadian Northern and the Intercolonial. Mr. Bowker who becomes General Manager of the Central region has been operating manager of the Grand Trunk and was for a considerable period general superintendent of the Ontario lines. L. S. Brown, the general manager, Atlantic region, is a Maritime Province officer, who has been assistant general manager of the eastern lines of the Canadian National Railways. A. E. Warren is a Canadian Northern man who has been general manager of the national railways in Western Canada.

On the Atlantic system, General Manager L. S. Brown succeeds Mr. J. W. Simpson, who was general manager of the national railways in Western Canada. Mr. Simpson was general manager of the national railways in Western Canada. Mr. Simpson was general manager of the national railways in Western Canada.

All these Canadian National ap

## CAR SHORTAGE AFFECTS BUSINESS

Lumber Shipments Being Delayed Because of Lack of Cars.

Because lumber shippers cannot procure cars the trade of this locality is being seriously handicapped and a number of shippers to the Graphic last week.

Continuing he said that there are millions of feet of lumber practically held but cars could not be obtained to ship to destination. This is a serious matter and should be taken up strongly with the managers of the C. N. R.

Prices of lumber is good at the present time and it is important that shipments be made at once.

The C. N. R. management complains that the railroads are losing money, but here is a chance to make real revenue, but it is passed up for a supposed lack of cars. We are told that there are many cars sidetracked in sidings throughout eastern districts that could by a little speeding up, be put into service, and earn a revenue, besides assisting in bringing local conditions back to normal.

## F. M. ANDERSON DIES SUDDENLY

Stricken With Pneumonia and Died After Less Than a Week's Illness.

At the Soldiers' Memorial Hospital on March 1st, Frederick Miles Anderson passed into rest. Mr. Anderson contracted a severe cold and went to the hospital on Saturday, Feb. 24th and in less than a week the end came. Mr. Anderson was born in Penobscot on the 18th of October 1866, and was in his sixty-seventh year. He was the son of Charles and Nancy Anderson, who came many years ago to Penobscot from Sackville. After leaving home he came to Campbellton about thirty-four years ago with the Shives Lumber Company. Afterward, on a visit to Great Salmon River and from there to New Mills, and afterwards to St. Martins. On the death of Mr. Shives he came to Campbellton, where he has lived ever since.

Mr. Anderson was twice married. He leaves to mourn his widow, who was formerly Alma S. Collier, and three sons, William C. of Montreal, Percy F. and Edward E. of Moose Jaw, Sask., one daughter, Mrs. John Collier, of this town, one sister, Mrs. S. T. Morton of Sackville and one brother Charles in Breckenridge, Minn., U. S. A.

In the passing of Mr. Anderson the Baptist Church loses one of its most loyal and generous supporters. He was deeply interested in the building of the present beautiful brick edifice, and has always been a warm friend, a wise councillor and a generous supporter of the church as well as an active member of the Trustee Board for the past eight years.

The town of Campbellton sustains the loss of a good citizen. Mr. Anderson at the time of his death was chairman of the Board of School Trustees. These duties he discharged with energy and to the town.

Mr. Anderson was greatly interested in the Soldiers' Memorial Hospital. From its first inception he was deeply interested, contributing generously towards the building of it and giving much of his time in helping along the work. He was treasurer of the institution when death came to end a service which had been rendered most unselfishly and efficiently.

In politics Mr. Anderson was a life long Liberal.

Perhaps in no more marked field of service did Mr. Anderson throw all his sympathies and his energy. He was a life long advocate of prohibition. No one was in doubt as to his principles along these lines and to his cause he rendered a most valuable service.

In all matters of principal Mr. Anderson was not afraid to show his colors. Everyone knew exactly where he stood. When he was a friend of a person or a cause his friendship was most pronounced and steadfast. The writer has known Mr. Anderson for many years. He was with him when he laid to rest his father and mother. His devotion to his parents was beautiful and he held all through his life as sacred, the memory of his parents. He remembered their instruction and sought to carry out the ideals of industry, sobriety and honesty inculcated in early life.

Mr. Anderson gave to his town real service. His good judgment, his unusual ability and strict integrity won him a place of honor in our community. In business circles as well as in social service his place will be hard to fill.—Cor.

The funeral service of the late Mr. Anderson was held in the United Baptist Church here on Monday evening at 7 o'clock. To accompany the host of friends and acquaintances who attended the vestry of the church was also thrown open. Campbellton Lodge No. 32 P. & A. M. of which Mr. Anderson was an honored member, attended in full regalia, occupying the centre front portion of the church. The church was beautifully decorated for the occasion of the ceremony, the casket, platform and pulpit being literally banked with flowers. Among the chief mourners were Mr. Anderson's three sons, Edward and Percy of Moose Jaw and William of Montreal, who is principal of the William Dawson School there.

Rev. W. Camp conducted the service and was assisted by the Rev. A. B. Humphreys of Christ Anglican Church. The full church choir was present and supplied appropriate music. "By Cool Siloam's Shady Rill," a favorite hymn of the deceased's being beautifully rendered. Mr. Camp took as his text the passage "By their Fruits Ye Shall Know Them," and delivered an impressive and eloquent address. He referred to the loss that Campbellton had sustained in the death of Mr. Anderson and also to the deceased's varied activities for the good of the community and paid a glowing tribute to the late citizen's sterling character and splendid generosity of spirit.

The pall-bearers who were intimate friends of the deceased and were chosen from the Soldiers' Memorial Hospital and School Trustees Board, were Messrs. M. A. Kelly, Wm. Millican, A. A. Andrew, W. H. Miller, B. J. Collier and Judge McLatchey.

The remains were taken to Penobscot on Tuesday morning's Maritime express, being conveyed from the church to the depot by four Messrs. who were former fellow members of the deceased in the Campbellton Lodge.

## MRS. SIMPSON-HAYES NOW IN VICTORIA

Native of Restigouche and Distinguished Writer Spending Winter in West.

Friends and acquaintances throughout Restigouche and the surrounding country, of Mrs. K. Simpson-Hayes will read with keen interest the following article just received from Victoria where this widely-known woman journalist is spending part of the winter season. Old residents at least will remember Mrs. Simpson-Hayes who is a native of Restigouche being the youngest daughter of the late Patrick Hayes, a merchant of Dalhousie. Mrs. Simpson-Hayes has not only achieved admirable distinction as a journalist and authoress of note but has played an important part in the great task of building up Canada's Middle West. Through her energy and skill she has accomplished notable work and brings honor to her native country. It is with a keen sense of pride that we publish the following brief account of her activities.

Victoria, B. C.—Among the visitors from the East who are spending the winter in Victoria is Mrs. K. Simpson-Hayes, one of the best-known Canadian woman journalists under her present name of Mary Markwell.

Probably no other woman can claim as distinction of having been associated so intimately with the building of Canada's great Middle West as Mrs. Simpson-Hayes. Coming West in early years, she it was who produced the first book of short stories in the West, which was published in Winnipeg, the first original play, and the first published woman. For eleven years she was chief librarian to the Northwest Government, and compiled the first catalogue of that library. Later she became the first secretary of the Canadian Women's Press Association, the organization of which was largely due to her efforts.

As a newspaper woman Mary Markwell succeeded Agnes Laut on the staff of The Winnipeg Free Press. While on that paper she attracted the

body was accompanied by the family, five officials of the Station Cutler Co., Messrs. W. F. Napier, J. S. Benson, John Dickie, Wm. Millican, and P. E. Blackhall and Rev. Wm. Millican. At Moncton the mourners were joined by Mrs. S. T. Morton, the only surviving sister of the deceased, and her husband, and Mrs. Jas. Anderson and Miss Ella Anderson, all of Sackville. The cortege was met at Penobscot by a host of the late Mr. Anderson's old time friends and conducted to the little church on the hill which was built one hundred years ago. Mr. Camp conducted the services at the church and grave, being assisted by the Rev. Mr. Worden. Interment was made in the old family lot in the Upper Baptist Church Cemetery.

Following is a list of the floral tributes which were varied and beautiful:—  
Wreathes—S. M. Hospital Board, Teachers of the Campbellton Schools, Board of School Trustees, S. M. Hospital Aid, Campbellton Masonic Lodge, Baptist Church Choir, Campbellton Curling Club, Nursing Staff of the S. M. Hospital, W. A. of Christ Anglican Church, Hamilton & Collier Office Staff, Stetson Cutler Co. and Mrs. W. F. Napier, Judge and Mrs. McLatchey, Mr. and Mrs. Jas. Anderson, Sackville, Mr. S. T. Morton, Sackville, Mrs. Kilgour Shives, Messrs. E. and H. S. Alexander.

Sprays—Wm. Dawson School, Moncton, Mr. and Mrs. A. D. MacKenzie, Harold and Eva Wilson, Mr. and Mrs. W. H. Miller, Mr. and Mrs. Wm. Millican, Mr. and Mrs. J. S. Benson, Mr. and Mrs. B. J. Collier, Mr. and Mrs. W. R. Campbell, Mr. and Mrs. Alex. H. Russell.

## ENGINEER SAVES LIFE OF A CHILD

Climbed onto Engine and Threw Child From Track.

Nanaimo, B. C., March 3.—Two year old Violet Stevens, of Newcastle, owes her life to John Fagan, engineer of a passenger train, in front of which the child had strayed yesterday near Wellington. Seeing the child on the track, Fagan applied the air brakes, broke through his car window, clambered along the locomotive to the pilot, from which he swung down and threw the baby from under the wheels.

The child was struck by the cow-catcher and is now in a hospital, where it is expected she will recover. Fagan's arms and hands are badly cut with broken glass.

attention of the Lands Commissioner of the C.P.R. by her clever and sympathetic sketches of prairie life. At Mr. Griffith's request she wrote several booklets, of which one was translated into four languages, and later she was sent to London, where she did what was probably her greatest work, that of selecting and advising intending settlers for Canada. In connection with this she recalls with appreciation the instruction she received from Sir George McLaren Brown in London. "Put Canada first, the settler next, and let them go by what route they like."

Such breadth of mind fully accorded with Mrs. Simpson-Hayes' convictions. Whether she addressed crowded meetings or interviewed inquirers singly, she never failed to put before them the full truth concerning conditions here, and more than once she felt impelled to dissuade some from coming, feeling that they were not suitable material with which to build a young country.

Delighted Reminiscences.

The years spent in England Mrs. Simpson-Hayes counts among the pleasantest in her life, one of her most cherished possessions is her collection of numerous letters from all sorts of prominent people whom she met while there. Mrs. Humphrey Ward, Mrs. Stopford Green, wife of the historian, G. K. Chesterton, and a host of others provide material for the most delightful reminiscences.

Perhaps the most amusing letter was that received from R. T. Service, who wrote to congratulate her upon a volume of her poems, "Derby Day in the Yukon," published under the nom de plume, "Yukon Bill." The author of the late Mr. Anderson's old time friends and conducted to the little church on the hill which was built one hundred years ago. Mr. Camp conducted the services at the church and grave, being assisted by the Rev. Mr. Worden. Interment was made in the old family lot in the Upper Baptist Church Cemetery.

## FAMOUS SKATERS PERFORM HERE

Winkler and Carline Staged a Thrilling Exhibition Here Last Week.

Those who were on hand last Thursday evening to see the exhibition of Winkler and Carline, the famous skating duo, will remember the thrill of the performance. The two skaters, who are making a tour of the Maritime Provinces, gave a long and interesting show, which was well received by the audience. The skaters, who are making a tour of the Maritime Provinces, gave a long and interesting show, which was well received by the audience.

There was nothing new or startling about the performance here last week. Both Mr. Winkler and his charming wife are skaters of international ability and their performance here was all to show to the audience. The skaters, who are making a tour of the Maritime Provinces, gave a long and interesting show, which was well received by the audience.

Mr. Winkler and his wife have followed this line for several years with marked success, and during recent years have performed in nearly every available spot in the Maritime Provinces. In an interesting interview with the local press, Mr. Winkler said a compliment to the skating management here, stating that the ice was one of the best of the season.

## MARITIMES WILL HAVE RIVAL

Government of Quebec Gives Money For Storage Plant.

Montreal, Feb. 23.—The Maritime Provinces are going to have a new rival in their fishing industry. This has been the case in the past, as plans developed by Hon. J. E. Parent, Minister of Colonization, Mines and Fisheries in Quebec Provincial Government, following legislation enacted last session to improve the storage facilities for Quebec caught fish.

This legislation provides for an expenditure of \$40,000 per year for the purpose of establishing a cold storage plant in Quebec. The plan is to build a cold storage plant in Quebec, which will be used for the storage of fish caught in the province.

Up to last year the provincial government did not have control of the maritime fisheries, the federal government claiming jurisdiction, and the plan was to build a cold storage plant in Quebec, which will be used for the storage of fish caught in the province.

Mr. Parent stated that the plan was to build a cold storage plant in Quebec, which will be used for the storage of fish caught in the province. The plan is to build a cold storage plant in Quebec, which will be used for the storage of fish caught in the province.

## NAPIER CUP GOES TO BATHURST

Hard Fought Games Won By Gloucester Carriers by Four Points.

The annual curling games between Bathurst and Gloucester, which were held here last Friday and Saturday, resulted in a win for Bathurst. The games were hard fought and well attended by the local crowd. The scores were as follows:

At Bathurst:  
Gloucester 15, Bathurst 12.  
At Gloucester:  
Bathurst 15, Gloucester 12.

## POLICEMAN FINDS HEALTH IN DRECO

Martyr to Stomach and Liver Trouble. One Bottle of Drego Put Percy E. Garter, of St. John, on His Feet. Enthusiastically recommends it.

Mr. Percy E. Garter, originally a man of robust physique, devoted his life to the study of the law. He was a member of the St. John Police Force, was falling rapidly through the ranks, and was suffering from chronic stomach and liver trouble. Everything he ate caused sickness and distress. Despite this, he continued to work, and his health deteriorated.

One bottle of Drego gave him real relief. One bottle of this splendid remedy went to the root of his trouble, and he is now a healthy man.

Mr. Garter is now a healthy man, and he is able to do his work. He is now a healthy man, and he is able to do his work. He is now a healthy man, and he is able to do his work.

Dr. A. Pierce Crockett, eye, ear, nose and throat specialist will be at the St. Louis Hotel, Campbellton, FRIDAY, MARCH 16th, where he may be consulted professionally. Mar. 8-2p

**SERIOUS OBSTACLE**  
TO "PER" HUNTERS

According to a report just received the "checking up" system recently adopted to keep liquor sales within the limitations of the law is proving itself a very effective measure. A local gentleman who is interested in the success of prohibition enquired of an acquaintance if the new measure was meeting with any success. "Success," quoth the other in mingled anger and grief, "that doesn't describe it at all. To get a 'per' in Campbellton now a fellow must irrevocably prove his legal claim to one. He must go to bed and stay there."  
It will now require two men to bring in one small "per", one to stay in bed and furnish the evidence and the other to do the outside work. Naturally the man who brings home the spirits will require some stimulant, and then there are all the many friends who like to visit the sick. Thus the quota per throat will be lamentably small. True enough, every good law has its disadvantages.

## Cutting Cut Glass

We are offering while they last a few items of Cut Glass. The prices here listed tell their own story.

Cut Glass Water Pitcher and Six Tumblers	\$3.50
Cut Glass Berry Bowl with Six Berry Dishes	3.00

**FOR ADVERTISING**  
Convention of Gas Men Hear Talk On Advertising Efficiency.

Atlantic City.—Newspaper advertising and public relations were subjects of the Fourth annual convention of the American Gas Association.

E. J. Cooney, of Lowell, Mass., said the gas men should stop wasting thousands of dollars annually in program and so-called special advertising and invest their money in newspaper advertising.

"Using valuable newspaper space to tell the public what your capitalization is always arouses the ire of those who preach socialism," he said, and the publishing of the name of those who constitute your board of directors is only a sop to the men occupying those positions. Such advertising never did and never will sell one cent's worth of gas nor will it ever accomplish one iota of good will for the company.

"No form of merchandise advertising is equal to or a substitute for newspaper advertising; it not only

helps sell the goods but incidentally helps build the good will," was the advice given to 2,000 members of the American Gas Association by John E. Weedon, superintendent of advertising of the People's Gas Light and Coke Company, of Chicago.

"Newspaper space should be used continually throughout the year," Mr. Weedon said. "Spasmodic advertising activities produce only sporadic results. Keeping everlastingly at it emphasizes a faith in your institution, your service and your goods that is transferred eventually to the public through the insistence and persistence of your announcements."

According to Mr. Weedon the sum total of successful copy writing is "keep all advertisements simple."

"An advertising man need not be brilliant," he said. "All he needs is good horse sense. Sounding clever head lines and witty phrases do not sell goods. Advertisements are news items. The public wants to know what—where—how much."

## NEW N. B. HISTORY.

Dr. W. F. Ganong is preparing a history of New Brunswick which, when finished, will be a more complete and accurate history than has been compiled for any of the provinces of the Dominion.

*A Wistful Girl's Timid Smile*

Plaintive beauty, dainty grace and lissome figure stirred the pulse of a rich nobleman whose hirelings stole her away from her blind sister and took her to his midnight fete. A handsome young aristocrat lost his heart, avenged her with his sword, took her to safety. She met another—a leader of the People. He, too, loved her. The fatal duel in the midst of the gorgeous splendors of a regal orgy as thousands of the starving rabble clamored at the palace gates; the love of the young aristocrat for the country-bred Henriette; and the love she inspired in the heart of Danton, leader of the uprising against the French Monarchy—These things, each punctuated by a kiss, formed a chain of circumstances that quickened the sedulous People into open and armed rebellion—that brought the Fall of the Bastille—the "Feast of Reason" when all Paris went mad—the "Dance of the Carnegiole" when women led the wild revelry. Then came the Commune—the Reign of Terror—the Guillotine—the downfall of Danton, leader—the sentence of death—the reprieve—Peace! And so, all because of Love, a King was deposed, a great monarchy fell, a great republic came into being.

## Port Daniel Centre

Say, what is the matter with our reporter? Has he given up the position, or is he just getting lazy on the job? It is several weeks since any of our interesting news has appeared in the pages of the Graphic. We all hope that he will not forget to write again.

And what about the grand success our rink has turned out to be? Three cheers for "Port Daniel" West rink and its organizers. The boys deserve and are offered congratulations upon the success of their undertaking.

Many of our young people both of Shigawake and Port Daniel West enjoyed themselves at the carnival held Wednesday evening. As both the weather and the show were perfect, there were numerous costumes and quite a large audience. The judges of the costumes were Mrs. Leslie Blason, Mrs. Wm. Pellan and Mr. Ed. Blason. The prizes were carried off by Miss Corinne Day who represented an "Angel", and Miss Ruby Blason, representing "Night". Mr. Milton Blason took the first prize for gentlemen and Mr. Peter Ramler, second. Lunch was served at Mrs. Lloyd's. Ramler's store afterwards, and many enjoyed the hot tea and cake. We thank the pure spirits and portmanteau organists who to inform them we are anticipating another one before the season is over.

Work has commenced at the Port Daniel and Shigawake butter factory and quite a few of the men have found employment there. The housewife is anxiously anticipating the summer, no more churning and separating and butter making for her.

The Grain Exhibition took place at Shigawake Thursday. Many of our farmers won prizes with their good grain. The judges passed through here on their way to Bascoles.

Mr. Hector LeBlanc of Maria spent a few days in town at the home of Mr. Ed. Day.

Miss Anita Couture was the guest of Miss Corinne Day last Sunday. Miss Lillian Blason, spent the weekend at Mr. Charles Earle's.

Miss Forbes of Shigawake was the guest of Mrs. A. Hayes. We are sorry to hear she is suffering from a sprained ankle.

We are grieved to learn that Mr. Donald Day has been obliged to return to his home, being ill with the grippe. We all hope it will result to nothing serious and that he will soon return to good old Port Daniel West.

Mrs. Alex. Walsh returned to her home Friday, after having spent a few days with her aged mother, Mrs. John Pellan.

The community are pleased to learn that Mrs. D. Walker, who underwent a serious operation at the Soldiers Memorial Hospital, Campbellton, is making progress and on the road to recovery.

Mr. James Provost returned home from New Orleans on Friday, having been detained there on business.

A meeting of the directors of the Port Daniel and Shigawake Butter Association will be held at the home of Mr. James Deas on Tuesday, the 13th.

While rumors of severe cases of grippe spread each side of the river, few have been confined to only a few cases of a slight nature, but are sorry to report diphtheria in Port Daniel East. Three cases have already proved fatal.

Mr. R. J. Hughes, bank manager at New Carlisle, came down Tuesday on a usual business trip, returning on Wednesday.

Miss Jessie Lawrence who has been visiting relatives in Cape Cove returned to her home here on Saturday, after a pleasant trip.

The young people here enjoyed

### THE MARITIME PROVINCES.

Under the startling caption "Shall The Maritime Provinces Secede From Canada?" the Sackville Tribune in a recent issue expresses much alarm over the negligence of the Federal Government as regards the rights of the Maritime provinces and laments over the fact that the Atlantic provinces apparently have no leaders capable of getting for these provinces by the sea what is rightfully their due. In part, the Tribune says:

"Recent developments at Ottawa have emphasized the absolute necessity of the formation of a Maritime Province Party. The usefulness of the Liberal, Conservative, Farmer and Progressive, so far as the Atlantic Provinces are concerned, has certainly passed. We have been steeped in politics so long in Eastern Canada that our condition is pitiable. Nova Scotia, New Brunswick and Prince Edward Island remind us of three boys quarrelling over an apple. The bigger provinces, watching the scrap, have secured the apple, while the Atlantic provinces remain separated by prejudices, still fighting for the apple which has already been eaten by Ontario and the west. Men go to Ottawa, not to represent their constituency but to become voting machines for their party. This applies to Liberal, Conservative, Farmer and Progressive alike. If the Maritime Province members, irrespective of politics, would unite at the present time and demand Maritime rights from the King government, some thing could be accomplished worth while. If the leaders of both parties would come out boldly and demand what is due the Atlantic Provinces then there would be some hope for the future. As it is, the Maritime rights of the sea are being hopelessly sidetracked. We have lost our banks; we are losing our industries; insurance companies, like leeches, suck up our money little or no money in our securities or our real estate—the whole situation points one way and one way only. Unless the tide turns unless those in authority exhibit a few atoms of fairness and decency, then Eastern Canada will be forced to secede from the Dominion of Canada."

In the Tribune's statements there is a great deal of food for thought. It is indeed true that the Maritime Provinces knew exactly where they stood several important questions. If present conditions continue the federation of provinces will prove itself a failure so far as New Brunswick, Nova Scotia and Prince Edward Island are concerned. The time for quibbling over party politics is past, and representatives of these Eastern provinces should be alive to this fact. What is needed is more broad-minded and steadier co-operation for the good

of the Maritimes as a whole. The present situation demands men of courage at Ottawa who will discard in so far as is necessary, party affiliations and who will stand shoulder to shoulder in an effort to maintain the rights of these provinces by the sea.

### MONEY AND EDUCATION.

We sometimes speak in boastful terms of the large sums of money which this or that province of Canada is spending on education, and for that reason it is well to read the statistics just issued as a British parliamentary paper in order to readjust our ideas. These figures show that apart from the interest on the enormous sums of money which are held in trust as endowment funds of hundreds of schools, colleges and universities, the British taxpayer is digging down into his pockets every year and supplying over five hundred millions of dollars in rates and taxes alone.

This simply means that every man, woman and child in England is paying twelve and a half dollars every year for the education of the country's youth. To compare statistics is sometimes misleading, but it should be illuminating to record that if such a per capita levy was made in this province, we would be able to provide for the education of our children.

Money, of course, cannot accomplish everything in the world of education. In the last analysis the success or failure of our educational programme will depend on the intellectual capacity of our instructors. But with adequate funds of the best brains of the country could be more easily attracted to the profession. Teachers in this province, as a rule have never been sufficiently paid. Higher salaries, more modern school equipment and other needed improvements, such as would be made possible were the means available, would be a great incentive to the teaching profession as a whole and would doubtless be instrumental in turning out better men and women for the public schools.

In this way the boy or girl denied a college education, would be better fitted to forego the privilege of the sea and the business of making a living without it.

What is the funniest thing you ever saw a green camper do? See "The Fighting Guide."

### GRAND FALLS.

If the Bathurst Lumber Company, the Frasers, the International Paper Company or other large concerns are in the market for power which can be developed at the Grand Falls, the province must consider their demands. Also, it must consider the demands of municipalities and smaller concerns. The province is looking to that power to meet their lighting and industrial demands. It must see that the present and the future welfare of these communities and of every other provincial community is protected against exploitation by private control of this power. The province must see that the power is kept Grand Falls away from private domination, free to form the central unit of what time must bring in the way of New Brunswick development is public operation and public control. A discussion in parliament on Monday focused the attention on the steadily

increasing importance of the water powers of Canada, and demonstrated the wisdom of public control both as an agency of international bargaining and to prevent exploitation. The Grand Falls must be kept for the public. —St. John Globe.

### LEBLANC-ARSENEAU.

The Church of Our Lady of the Snows was the scene of an event of considerable interest this morning, when Mrs. Mary Arsenault, of Richville, was united in marriage to Mr. Napoleon LeBlanc of Montreal. The ceremony took place at 5 o'clock in the presence of a number of friends and relatives. Mr. and Mrs. LeBlanc will leave for their future home in Montreal this evening. The bride and groom were accompanied by a number of their friends here to go with them.

### OPEN EVENINGS.

Messrs. Ferguson & Wallace Store will be open Tuesday, Thursday and Saturday evening's commencing March 15th.

## STORM TIES UP RAILWAY TRAFFIC

Run-off at Rogersville Yesterday—Suburban Cancelled At Charlo Last Night.

Again, for the fourth time this winter, Campbellton has escaped. Although nearly the entire province lies helpless under a smothering blanket of snow, Restigouche County, after a very ordinary snowfall yesterday, is carrying her usual activities in the usual way unhindered except for waiting on the snow-covered southern part of the province to yield up the late trains and their burdens of mail for this district.

The snowfall here yesterday is estimated at about six inches and the only fault to be found with this is that unless St. Patrick comes to the rescue with a real "old-time" or the spring rains are unusually heavy the scarcity of water will constitute a serious problem to lumbermen in their efforts to get out the drive.

South of here however, the storm was much heavier and is indirectly responsible for a prolonged tie-up in railroad traffic. Reports place the snow fall at about two feet in certain sections of the country. A snow plow left the rails near Rogersville yesterday afternoon and slued cross-wise on the track. Consequently traffic has been blocked at this point. Last night's Ocean Limited is expected here at 6 o'clock this evening while this morning's maritime express will probably reach here during the afternoon.

The Campbellton-Bathurst suburban train was cancelled last night at Charlo owing to the storm. It is reported that the heavy snowfall has also blocked traffic on the Carleton railway, no wheels having moved since Tuesday.

What is the funniest thing you ever saw a green camper do? See "The Fighting Guide."

Increasing importance of the water powers of Canada, and demonstrated the wisdom of public control both as an agency of international bargaining and to prevent exploitation. The Grand Falls must be kept for the public. —St. John Globe.

## HIGH LIGHTS IN NEW PICTURE

Some Outstanding Facts and Figures of Griffith's New Production.

Herewith are given just a few of the outstanding facts about D. W. Griffith's newest motion picture sensation, "Orphans of the Storm," which is coming next Wed. and Thurs. to the Opera House. A perusal of these facts and figures will give a fairly accurate idea of the magnitude of the picture, but the real magnificence and tremendously big aspects of this Griffith dramatic epic must be seen properly to be appreciated. These facts will help a little to prepare the public for what they are going to see:

"Orphans of the Storm" is an adaptation of that famous old stage classic, "The Two Orphans."

It was given the title "Orphans of the Storm" in order to avoid confusion with three other pictures called "The Two Orphans," and widely advertised.

It is more than "a million dollar" picture; but Mr. Griffith does not consider that important; results obtained are the important matters in his mind.

Nearly twelve months were occupied in working up to, making and finishing the picture, from the first steps to the finishing touches.

Six months were spent in the actual making.

Eighteen months were spent in period study as a research work in order faithfully to reproduce the scenes, styles and customs of the time.

Every scene, large or small, was personally directed by Mr. Griffith. Twenty-six tons of properties were imported from France that the dress and scenes might be faithful to history.

Each scene was photographed from three to ten feet in a studio and appear together for the first time since "Hearts of the World," also a Griffith feature.

Joseph Schildkraut, known as the "handsome man," makes his first film appearance.

The wages for the production cost more than the entire outlay for the first five reel picture Mr. Griffith made.

This filming was done at Mr. Griffith's studios, Manhattan, a forty-acre estate just outside New York City and projecting like a leaf into Long Island Sound, the steam connecting with the mainland.

The fountain in the Bel-Air scene weighs sixty tons and was appraised at \$50,000.

The reproduction of Paris covered fourteen acres, the largest studio set ever built. Three of the houses were exact replicas in size, paintings and minute detail of the grand salons in the Palace at Versailles. It is the largest room ever built in a studio.

Three million feet of lumber were used in constructing Paris; 3,000 tons of paving stone were set in the streets; ninety barrels of paint were used, and 4,000 paces of glass.

The Bel-Air scene was constructed at the Griffith studio, and faithfully reproduces the luxuries of the period. Many of the girls in the scene are famous beauties, several of them prominent socially.

In the first period after two minutes play H. Radcliffe, in a rush from centre to the Royal arena in the fourth game of the play-off series in the New Brunswick and Prince Edward Island hockey league by a score of 4-1. The ice was in good condition and while the game was a little rough in spots, it was on the whole clean and fast hockey. The Sussex team had the edge on the speedy north shore sextette and outpointed them in all departments of the game. The Chatham team are fast skaters but lacked the combination play and team work displayed by the locals.

Jack Twaddle of Amherst refereed and while fans thought that he overlooked deserved penalties that should have been handed out to the Chatham team the majority were well satisfied with the way he performed his duties.

In the first period after two minutes play H. Radcliffe, in a rush from centre to the Royal arena in the fourth game of the play-off series in the New Brunswick and Prince Edward Island hockey league by a score of 4-1. The ice was in good condition and while the game was a little rough in spots, it was on the whole clean and fast hockey. The Sussex team had the edge on the speedy north shore sextette and outpointed them in all departments of the game. The Chatham team are fast skaters but lacked the combination play and team work displayed by the locals.

After ten minutes' play in the third period, with both teams going at top speed J. LeClair on a pass from H. Radcliffe found the Chatham net. LeClair was sent to the penalty box to serve a term of 2 minutes for tripping and was followed by Hay for a similar offence.

With the Sussex players doing time Chatham made a desperate effort to score, but failed.

**OBITUARY.**  
The many friends of Mr. and Mrs. Clifford Chatterton will sympathize with them in the loss of their son, Maynard, aged eleven years, who passed away on Friday, March 2nd, after an illness of only two weeks duration. The funeral took place on Sunday afternoon and was largely attended. Three teachers of the Salvation Army Sunday School, of which he was a scholar, sang very fittingly together, "When He Cometh to Make Up His Jewels." The service was conducted by Adj. Wells, assisted by Major Barrows of St. John.

## LOCAL ITEMS OF INTEREST

Newspapers of Town and Country Gathered by Graphic Reporter

**SPRING OPENING.** Watch for Miss H. Murray's Millinery Parlor adv. next week.

**FIRST ANNIVERSARY OF R. H. H.** The Ladies Aid will hold a sale of useful and fancy articles in the Old Fellows Hall, March 16th, at 2 p.m. Admission 10c.

**PLENTY SNOW.** Two snow storms so far in March. Making up for February's fine weather.

**ENJOYABLE EVENING.** The Methodist Y. P. S. and a new friends had a skating party on Friday evening last, after which they went to the home of Mrs. D. McNeill. Refreshments were served and a very enjoyable evening spent.

**PAULWOOD TRADE MORE ACTIVE.** Large quantities of plywood are being bought up by different buyers along the Gaspe Coast. Some of this will be shipped by rail, while the balance will be held for water shipment. The plywood trade is a great aid to employment along the coast.

**DIED OF PNEUMONIA.** Mr. and Mrs. Eugene Tremblay have the sympathy of their many friends in the loss of their little daughter Isabel, aged eighteen months, who died of pneumonia on Tuesday morning last.

**CONGRATULATIONS.** Mr. and Mrs. W. E. Cooke are receiving congratulations upon the arrival of a bounding baby boy at the Soldiers' Memorial Hospital on Tuesday morning last.

**NEW DIOCESE FORMED.** Right Rev. Mgr. P. X. Ross, former Apostolic Administrator of the Diocese of Rimouski, has been chosen as the first Bishop of the newly formed diocese of Gaspe. His Lordship Bishop Ross will be consecrated in the Cathedral of Rimouski on May 1st and will leave immediately afterwards for Gaspe. Bishop Ross will assume charge of St. Albert's Cathedral there.

**FAMOUS SEATERS COMING HERE.** Another treat, and likely the biggest of the season is in store for Campbelltonians next week when Art Staff, the world's champion professional speed skater and Norval Baylis, Gladys Lamb and Elna Rockett, the world's most famous exhibition skaters will perform at the local rink next week. It is needless to enumerate the brilliant achievements of this famous quartet, each has a most enviable reputation and has performed before delighted crowds at all the winter sport centres. There names are enough to assure the coming exhibition as the biggest sport event of the season. The date has not yet been arranged but advertising matter will be divulged this later. The performance will be of generous length, lasting about one hour.

## LOCAL ITEMS OF INTEREST

Newspaper Notes of Town and Country Happenings  
Gathered by Graphic Reporters

## SPRING OPENING.

Watch for Miss H. Murray's Millinery Parlor adv. next week.

## FIRST ANNIVERSARY OF R. M. H.

The Ladies Aid will hold a sale of useful and fancy articles in the Odd Fellows Hall, March 10th, at 3 p.m. Admission 10c.

## FLURRY SNOW

Two snow storms so far in March. Making up for February's fine weather.

## ENJOYABLE EVENING.

The Methodist Y. P. S. and a few friends had a skating party on Friday evening last, after which they went to the home of Mrs. D. McBeath. Refreshments were served and a very enjoyable evening spent.

## PULPWOOD TRADE MORE ACTIVE

Large quantities of pulpwood are being bought up by different buyers along the Glace Coast. Some of this will be shipped by rail, while the balance will be held for water shipment. The pulpwood trade is a great aid to employment along the coast.

## DEED OF PNEUMONIA.

Mr. and Mrs. Eugene Tremblay have the sympathy of their many friends in the loss of their little daughter Isabel, aged eighteen months, who died of pneumonia on Tuesday evening.

## CONGRATULATIONS.

Mr. and Mrs. W. E. Cooke are receiving congratulations upon the arrival of a bouncing baby boy at the Soldiers' Memorial Hospital on Tuesday morning last.

Mr. and Mrs. C. B. Atkinson are receiving congratulations on the recent arrival of a baby girl at their home.

## NEW DIOCESE FORMED.

Right Rev. Mgr. F. L. Ross, former Apostolic Administrator of the Diocese of Rimouski, has been chosen as the First Bishop of the newly formed diocese of Gaspe. His Lordship Bishop Ross will be consecrated in the Cathedral of Rimouski on May 1st and will leave immediately afterwards for Gaspe Basin, where he will assume charge of St. Albert's Cathedral there.

## FAMOUS SKATERS COMING HERE

Another treat and likely the biggest of the season is in store for Campbelltonians next week when Art Staff, the world's champion professional speed skater and Norval Baylie, Gladys Lamb and Hilda Rockert the world's most famous exhibition skaters will perform at the local rink next week. It is needless to enumerate the brilliant achievements of this famous quartette, each has a most enviable reputation and has performed before delighted crowds at all the winter sport centres. There names are enough to assure the coming exhibition as the biggest sport event of the season. The date has not yet been arranged but advertising matter will divulge this later. The performance will be of generous length, lasting about one hour.

## SPRING MILLINERY.

Miss Murray's Millinery Parlor will be showing spring millinery next week. WATCH for adv.

## CARD OF THANKS.

Mr. and Mrs. Clifford Chatterton wish to thank their many friends who sympathized with them in their recent kindly and willingly helped and sent bereavement.

## AFTER ARCHER CUP.

Two risks of Bathurst curlers will arrive this evening to play for the Archer cup. Keen curling is anticipated.

## CLOSED HALF DAY.

The Campbellton Schools, Shivers Company's store and offices and the Curling Club were closed out of respect to the late P. M. Anderson on Monday afternoon and evening. Flags about town were also at half mast.

## ANOTHER RECORD SMASHED

Frank Robb who is running a lathe mill for the W. H. Miller Co., Ltd., at Beliz Gulch says that he knocked the Calligan lathe record higher than a burnt boot last Friday when one lathe machine, which was also manufactured by the McLennan Foundry and Machine Works here, cut from wood which was taken as it came, 78,000 number one laths in a ten hour run. Best this if you can.

## J. L. FENDERSON ON

## TRIP TO VIRGINIA

Those throughout the country who are interested in radio as well as the many friends of Mr. J. L. Fenderon of Jacques River, will learn with interest that he is at present on a trip to Virginia and intends visiting all the big broadcast stations in New York City and several others farther south. Mr. Fenderon left on Feb. 27th and expects to be home again some time in April.

## HOTEL DIEU HOSPITAL REPORT

The Hotel Dieu Hospital reports January and February as being two very busy months, as the following shows.

January	99
Patients admitted	88
Patients discharged	37
Daily average	44
Surgical operations	3
Deaths	3
Major 22 Minor 22	
Pathological Laboratory Exam.	155
X Ray Laboratory Examinations	28
February	110
Patients admitted	104
Patients discharged	9
Daily average	68
Surgical operations	18
Major 45 Minor 23	
Path. Lab. Exam.	184
X Ray Lab. Exam.	18

This shows a large increase in the number of patients, who come not only from town and surrounding districts but also from the counties of N. B. and the Province of Quebec, and even from the State of Maine. This is a proof that Hospital services are being more known and appreciated daily.

Chatham Defeated  
Sussex 5 to 4

Chatham, March 2.—Before 1,800 yelling fans, Chatham trimmed Sussex tonight, 5 to 4. Right from the first, both teams put up whitewind hockey. LeClair scored first for Sussex in the first five minutes and soon after McMahon beat out Finnigan. Keoughan bored right in and made it Chatham's second. H. Radcliffe then tied the score and almost immediately after Keoughan put the locals in the lead.

This period brought out some of the best stick handling ever seen here. Currie electrified the spectators by his spectacular rushes through the whole Sussex team. Duncan, at centre was a whole team in himself and broke up the visitors' combination and was the most dangerous man on the ice.

The second period was even faster than the first. LeClair earned the count for Sussex but right then Chatham had the edge on the visitors. They played practically the whole of this stanza as if their lives depended on the outcome. McMahon beat out Finnigan on a close in shot and Currie, in an end-to-end rush, beat out the visitors' defence and made it five to three for Chatham. Both of these goals were scored with the locals having only five men on the ice. H. Radcliffe was knocked out for a few minutes in this period. Carvell made some hair raising stops and showed himself the equal of Finnigan.

The last period was the best of all. Lamb scored for Sussex almost from the face-off and from that on the pace was gruelling with the play shifting from one end of the ice to the other. Sussex trying to even the count and the locals trying to add one more. The ringing of the bell ended the fastest exhibition ever seen here.

For the locals, Milton played a great game and with Currie on the defence were a stone wall while Duncan, Keoughan and McMahon travelled like fends and had the visitors' defence in hot water all the time. The back checking was marvelous, but the hero of the night was Carvell, in the nets. His work was of the best, particularly in the last two periods. Chatham outskated Sussex and had the edge all the way. For the visitors, Finnigan, in the nets, was there with the goods. The veteran, Hay, and P. Radcliffe broke up many a likely rush. John LeClair is still there with the goods. Both wings played whirlwind hockey. Lamb is as good as the best. The locals had just arrived home at 2 o'clock and still felt the effects of the Charlottetown game. Jack Twaddle handled the

## IN MEMORIAM.

In loving memory of Mrs. Daniel Adams who passed away on March 8th, 1922.

A loved one from our hearts has gone  
A voice we loved is stilled  
A chair made vacant in our home  
Which never can be filled.

What would be given to clasp her hand,  
Her dear kind face to see  
To hear her voice and see her smile,  
That meant so much to all.

Tis sweet to know we'll meet again  
Where troubles are no more  
And that the one we loved so dear  
Has just gone on before.  
Inserted by Husband and Family.

## OF INTEREST TO WOMEN

### Trucks Crash When Girl Lifts Skirts

Los Angeles, Cal., Feb. 28.—Whether a pretty girl who lifts her skirts to cross a muddy street, thereby causing distraction of the driver's attention and an automobile accident, can be sued for damages will be decided before Justice Channing Follette. Helen Holt, minor actress in movies, is the girl in question. She lifted her skirts to keep them from being splashed with mud as she was leaving a studio on Santa Monica Boulevard. Two trucks immediately crashed.

One belonged to the Hollywood Dye Works, and the other to the Geo. L. Eastman Company. The Dye Works sued the Eastman Company for damages to the machine and made Miss Holt co-defendant by charging her with "walking carelessly in front of the machine."

The case was up before Justice Follette, but on account of sickness was postponed. Miss Holt's attorneys declare they will attempt to get a jury entirely composed of men.

### Miss Agnes MacPhail, M. P.

Of unique interest is Canada's only woman member of Parliament, Miss Agnes MacPhail, the clever and unassuming Progressive member of Guelph, Ontario, who was elected in a election in 1921. Miss MacPhail came into prominence as a leader of the woman's branches of the U. F. O. and was later adopted by the general U. F. O. as a speaker and propagandist of exceptional force. She opposes the present rate of salaries for parliamentaires paid to members of parliament.

and in support of her views turns back one half of her salary to the government. She is endowed with a winning personality. On her shoulders falls the delicate task of establishing precedents for Canadian women in their standing in the Houses of Parliament.

### Helpful Household Hints

**To Clean White Fur.**  
Warm cornmeal in the oven. Rub a considerable amount into the fur, shake and cover with fresh meal. Let it stand over night and then shake and brush well.

**Don't Forget to Sprinkle.**  
The jelly will stay stiff as long as it is cold, but if allowed to get the least bit warm it will get thin again.

**Not Very Practical.**  
Gelatine used in jelly to make it harden is not a great success. The jelly will stay stiff as long as it is cold, but if allowed to get the least bit warm it will get thin again.

**Ironware.**  
New ironware should be boiled before used for cooking. Add some potato parings to the water and the process of getting the new ware into proper condition will be hastened.

**Romance to the Dinner Table.**  
There is nothing that gives the attractive, lovely light on the dining room as candlelight. Candlelight is fast becoming to both guests and the appearance of the table, and with shades corresponding to the decorations supplies the finishing touch.

**SAVE MEAT FROM MOLDING.**  
Take fresh lard and grease well the cut end of a ham or a joint of meat which is not to be used at once. If this is done, it will not be necessary to trim it each time before using.

**The Follow-Up.**  
Yesterday I saw an old blacksmith at work. I wondered why, with his age and experience, he had never risen above blacksmithing. I watched him for a few minutes, and then the reason dawned upon me.

He hit the anvil three times to every blow on the horseshoe. He counted with even less than blow in four, because, instead of hitting the iron while it was hot, he gave it three chances to one to cool down.

Apply this to publicity and get a good line on the value of continuity in advertising. Every stroke on the anvil is like beating the air—just fanning the iron. Don't let your publicity horseshoe cool down. Keep pounding and make every stroke count.

Remember that many a business genius is nothing but personal persistence. He owes his success more to dogged determination than to extraordinary talent.

Keep pounding.—Chocolate chats.

**Five Recipes for Delicious Sauces and Salad Dressings**

One can never have too many sauces and salad dressings on her list of recipes, for they make so many good dishes possible. Home cooks get in the habit of preparing one or two kinds of each, and repeating these so often that the family get tired of them, so in order to keep the reliable recipes popular, vary them often with new sauces and dressings.

There is an art in making cooked sauces so that they are blended perfectly and seasoned just right, and there is also an art in making salad dressings of just the right texture, with just the right amount of "pep" in their flavoring, and unless you are a natural cook it sometimes takes much practice to get the right results. It is wise to cook sauces over hot water, and investing in a very small double boiler for the purpose is well worth while if many sauces are used.

**Hollandaise Sauce.**  
This is an excellent sauce with boiled fish. Work a full half-cupful of butter to a cream, and add two egg yolks, one at a time, beating well, then the juice of half a lemon, a salt-spoonful of paprika, the same of salt and half as much cayenne. When the fish is ready to serve, add a half-cupful of boiling water to the sauce and set it over hot water or the top of the boiling tea kettle to thicken,

stirring it constantly. Serve this sauce at once in a hot sauce-bout.

**Drawn Butter Sauce.**  
This is another fish sauce. Rub together smoothly a half-cupful of butter and two tablespoonfuls of flour, pour on them gradually a pint of boiling water, stirring constantly. Add salt, pepper, a half-teaspoonful of sugar and a little chopped parsley. Sometimes the juice of an onion is added with a tablespoonful of washed capers, especially if this sauce is to be used with a boiled leg of mutton.

**Oyster or Shrimp Sauce.**  
Make a good drawn-butter sauce after the foregoing recipe, then add to it one dozen oysters that have been scalded two minutes in their own liquor, drained and sprinkled with a few drops of lemon juice, or add one cupful of broken, cold boiled shrimps. An egg sauce is made by adding three chopped, hard-boiled eggs to the drawn butter.

**Hong Kong Salad Dressing.**  
Rub the yolks of two hard-boiled eggs smooth with a half-cupful of olive oil, adding a level teaspoonful of curry powder, a little salt, cayenne, the juice of half an orange, and two tablespoonfuls of tarragon vinegar. Use this dressing over a date and cream cheese salad.

**Cheese Dressing.**  
Make three-quarters of a cupful of heavy French dressing, seasoning it well. Mash two tablespoonfuls of fresh Roquefort cheese, using a little of the dressing, until it is like a cream, then add it to the rest of the ingredients, and turn the dressing over hearts of lettuce that have been stuffed with some savory mixture where the mid-rib was removed. Chopped pineapple with a little of the cheese well seasoned, makes a good stuffing with two stoned olives and a bit of red pepper chopped in it. This is a pretty salad and one that is liked by nearly every age.

**Work of Dumas Figured in Cash**  
The number of literary men in the new Parliament recalls the elder Dumas, who once stood for one of the divisions of Paris. His election address is one of the curiosities of literature. Being of opinion that statistics make the most effective appeal in political discussions, he summarized the material services his books and writings had rendered to the community.

For twenty years, he pointed out, he worked 10 hours a day, producing 400 volumes, and 35 plays. Estimating the average number printed of each volume at 4,000, selling at five francs each, the books produced \$2,370,720. The plays, with an average run of 100 nights, brought in another \$1,272,000.

He then detailed the various works—printers, papermakers, binders, shopkeepers, actors, theatre employees, and so on—for whom the books and plays had provided employment, and estimated that in the course of his labors he had created employment enough for 2,150 persons with a daily wage of three francs for a period of 20 years.

Notwithstanding his ingenious argument, the novelist lost the election.

## FLIPPERY FLOPPERTY

FLAPPERS CAN'T FLAP  
AFTER CURFEW TOLLS

Chester, Pa., Feb. 27.—Mayor William T. Ramsey has ordered the police department to enforce the long unneeded curfew laws of this city, forbidding children under 16 to be on the streets without an adult escort after 9 p.m. during the winter, and 9:30 p.m. in the summer months. It was announced today.

Punishment for failure to obey the law will cause a night confinement in the House of Detention, the Mayor stated.

**FARM NOTES.**  
**CURING PORK.**  
COOLING.—"Meat must be properly and thoroughly cooled to insure good keeping qualities when cured. If salted before the animal heat is out, the shrinkage of the muscles causes the retention of injurious gases, giving an offensive odor to the meat. Neither should meat be frozen when salted, as the action of the frost will prevent the proper penetration of the salt, and the curing will result. While the temperature cannot well be controlled on the farm, it is possible to slaughter when the weather is favorable to cooling the carcass before the surface freezes. The most desirable temperature for curing is 34 to 40 degrees Fahrenheit. It is important, also, that meat be cured as soon as cooled, and while still fresh. Ordinarily, twenty-four to thirty-six hours after slaughtering will allow sufficient time for cooling."

**VESSELS FOR CURING.**—"A clean, hard-wood barrel is a suitable vessel in which to cure meat. A barrel made for the purpose is best, but where it cannot be had, a molasses or syrup barrel will answer. The important point is to have it clean and tight enough to prevent leakage. A large stone jar is the best vessel that can be had. A barrel or a jar that has once held meat may be used again and again, unless meat has been spoiled in it. If used repeatedly, it will be necessary to scald it out thoroughly each time before packing with fresh meat."

**BRINE CURING AND DRY CURING.**—"Brine-cured meats are best for farm use, for the reason that a suitable place for dry curing is not usually obtainable. It is hard to find a place to pack the meat in a barrel and pour on a brine than to go over it three or four times to rub in the salt. The brine method also gives better protection from insects and vermin. Trouble is sometimes experienced in keeping brine, but if pure water is used and directions followed in making the brine (see next paragraph), there should be no difficulty in keeping it for a reasonable length of time. During the curing process, the meat should be closely watched. If it becomes "ropy," like syrup, it should be boiled, or a new brine made. A cool moist cellar is the best place for brine curing. Dry curing may be done successfully in a cellar also, though even more moisture is needed to effect a thorough cure. The cellar should be clean and tight enough to prevent flies and vermin from damaging meat."

**PLAN SALT-PORK.**—"Rub each piece of meat with fine, common salt and pack closely in a barrel. Let stand over night. The next day weigh out ten pounds of salt and two ounces of saltpetre to each 100 pounds of meat and dissolve in four gallons of boiling water. When cold pour this brine over the meat, cover, and weight down to keep it under the brine. Meat will keep best if cut into pieces about six inches square. The pork should be kept in the brine until used."

**TO KEEP THE MEAT UNDER THE BRINE.**—"Use a loose-fitting wooden cover, and weight with a heavy stone or several vitrified bricks. The cover should be made of some hard wood, oak preferred. Such woods as pine or cedar will taint the brine."

**SUGAR-CURED HAMS AND BACON.**—"When the meat is cooled, rub each piece with salt and allow it to drain overnight. Then pack it in a barrel with the hams and shoulders in the bottom, using the strips of bacon to fill in between or to put on the top. Weigh out for each 100 pounds of meat 8 pounds of salt, 3 pounds of brown sugar and 2 ounces of saltpetre. Dissolve all in four gallons of water, and cover the meat with the brine. For summer use it will be safer to boil the brine before using."

In that case it should be thoroughly cooled before it is used. The winter curing it is not necessary to boil the brine. Bacon strips should remain in this brine four to six weeks; hams, six to eight weeks. This is a standard recipe, and has given the best of satisfaction. Hams and bacon cured in the spring will keep right through the summer after they are smoked."

The length of time the meat is kept in the brine depends upon the size of the pieces. A large ham takes more time to cure than a small one.

**DRY-CURED PORK.**—"For each 100 pounds of meat weigh out 10 pounds of salt, 2 pounds of granulated sugar, 1/2 ounce of saltpetre and mix them thoroughly. Rub the meat with every three days with a handful of the mixture. While the meat is curing it is best to have it packed in a barrel or a tight box. After the sale of containers, and to transfer the meat from one to the other each time it is rubbed. After the last rubbing the meat should lie in a barrel for a week or ten days, when it will be cured and ready to smoke. To cure nicely it is desirable to have a cool and rather moist place in which to keep it. This recipe should not be used where the meat must be kept in a warm and dry place, as the preservative will not penetrate evenly and uniformly."

Farmer's Bulletin 188 of the U. S. Department of Agriculture.

**NO MORE CHILBLAINS!**  
Mr. J. A. McFarlane of Nepean, Ont., had chilblains so bad that he couldn't wear boots. EGYPTIAN LINIMENT relieved them. Don't suffer from chilblains this winter. This liniment is also for Foot Blows, Burns, Scalds, Cuts, Bruises, Sore Chest and Throat, Neuritis, etc.

**TO KEEP THE MEAT UNDER THE BRINE.**—"Use a loose-fitting wooden cover, and weight with a heavy stone or several vitrified bricks. The cover should be made of some hard wood, oak preferred. Such woods as pine or cedar will taint the brine."

**SUGAR-CURED HAMS AND BACON.**—"When the meat is cooled, rub each piece with salt and allow it to drain overnight. Then pack it in a barrel with the hams and shoulders in the bottom, using the strips of bacon to fill in between or to put on the top. Weigh out for each 100 pounds of meat 8 pounds of salt, 3 pounds of brown sugar and 2 ounces of saltpetre. Dissolve all in four gallons of water, and cover the meat with the brine. For summer use it will be safer to boil the brine before using."

In that case it should be thoroughly cooled before it is used. The winter curing it is not necessary to boil the brine. Bacon strips should remain in this brine four to six weeks; hams, six to eight weeks. This is a standard recipe, and has given the best of satisfaction. Hams and bacon cured in the spring will keep right through the summer after they are smoked."

The length of time the meat is kept in the brine depends upon the size of the pieces. A large ham takes more time to cure than a small one.

## CANADA CAN HANDLE BIG CATTLE TRADE

Pessimistic Predictions Quickly Dismissed by Duncan Marshall.

London, Feb. 24.—Scepticism is being expressed in some quarters in England whether Canada can fulfil her embargo campaign promise to ship 200,000 cattle annually to Britain and the assertion is being made that sufficient steamship accommodation cannot be obtained to transport them during the season.

W. Weddel & Company, the well-known London produce firm, in a review of the frozen meat trade, states: "The maximum number of cattle the steamers could carry is about 1,000 head each, which means 200 shiploads, and, as the trade is seasonal, the vessels would have to arrive on an average of one every day and the rates would have to cover the return voyage in ballast. The organization of the trade would be a permanent one, and the American market again becoming available, Canadian breeders are not in a position to give any such guarantee."

Hon. Duncan Marshall, Canadian Commissioner of Agriculture, dismissed this pessimistic prediction with the statement that the Canadian Government Merchant Marine, with its 60 ships, could alone take over almost the whole quota in three trips. But, besides this, the White Star, Donaldson and Canadian Pacific companies were also proposed to handle the trade. Canada had sent almost 100,000 cattle over before the embargo and Canada and the United States last year sent together about 150,000.

**COULD NOT GET AWAY WITH THAT "HIP STUFF"**  
Seattle, Wash., Feb. 27.—Julian Eltinge, noted female impersonator, will be called upon to explain why he impersonated the ultra-modern artist, who the extent of carrying an engraved silver-plated on his hip. Customs officers who searched El-

tinge and four persons accompanying him when he arrived by steamer from Victoria, B. C., reported they found sixteen quarts of liquor in possession of the party and in addition Eltinge had a neat silver flask well filled.

The party paid customs officers \$5 on duty on the liquor and it was then turned over to prohibition agents who said they proposed to file charges.

**Heavy Delusion.**

"That's natural enough; he carries round a big opinion of himself."—Boston Evening Transcript.

**PUNCTUATION, nevertheless, is highly important.** The following verses, without punctuation, is nonsensical: A funny old man told this to me I fell in a snowdrift in June said he I went to a ball game out in the sea I saw a jelly fish flat up in a tree I found some gum in a cup of tea I stirred my milk with a big brass key I opened my door on my bedded knee I beg your pardon for this said he But 'tis true when told as ought to be weight."

"Is a puzzle in punctuation you see. Inserting necessary commas, periods, etc., it reads quite sanely. Try it!"

## The Daily Risk of Blood Poison

HOW often do you hear of limbs being crippled and lives sacrificed through neglect or improper treatment of simple everyday cuts, scratches or wounds?

To promptly dress all injuries with Zam-Buk is to prevent all dangerous complications. Zam-Buk is the powerful herbal antiseptic balm which kills and excludes disease germs, and prevents festering and blood-poison. Other properties of Zam-Buk soothe away pain and grow healthy new skin in a wonderful way.

For eczema, pimples, ulcers, ringworm, bites, bad legs, boils, abscesses, burns, scalds, etc., Zam-Buk is equally speedy and powerful. See how all doctors advise you to use it.

## WANTS THORNTON TO SHOW ABILITY

Halifax Herald Approves Message of New Manager.

Halifax, Mar. 4.—Commenting on Sir Henry Thornton's telegram Friday, appealing to the people of the Maritime Provinces to "let matters stand," in connection with the boundaries of the Atlantic region of the Canadian National Railways and at the same time pleading his "friendship and good will," the Herald says in part:

"The appeal of Sir Henry Thornton is, we think, the most manly and straightforward message that has come out of official sources to the people of these Maritime Provinces for many a long day."

"In the opinion of this newspaper it would be unwise and to a considerable extent unfair to unduly force the hand of the new Canadian National Railways chief."

"Since the removal of the headquarters of the Intercolonial Railway from Moncton, he is the first government railway executive to recognize the rights of the Maritimes and the first to give that recognition practical effect."

"First we were told that we were 'narrow and parochial,' that we did not have the interests of the Dominion at heart. Then—just before the federal election—every politician began to see the justice of our claims. But nothing was done."

"There should be no hysteria or recriminations. If Sir Henry's answer is not wholly satisfactory let a small delegation of representative

citizens of New Brunswick and Nova Scotia proceed to Ottawa and there discuss the matter frankly and fairly with the new president."

There was no trace of the crew, believed to have numbered nine men. That they were compelled to leave the ship suddenly, it would seem by the table in the cabin which was laden with fresh food and all set for a meal.

The Victor has figured in several liquor running battles with prohibition officers, off the coast of New Jersey, near where a rum fleet has been hiding at anchor most of the last two months.

The weather again is very rough and cold but one cannot complain, as we have had such a long period of fine weather.

Mr. John C. McLean and family are under quarantine for diphtheria. Although Mr. McLean has been sick for over a week and is still under the doctor's care, his condition is not serious. No other members of his family are ill.

Friends of Mrs. William Fraser will be glad to know that she is gradually recovering from her recent illness.

Mr. Jack Hamilton was in Dalhousie on business last week.

Miss Bessie Cook spent the weekend in Campbellton with relatives.

Mr. Ian Hamilton was a visitor in Campbellton Friday.

Miss Dolly Fraser passed through here enroute to her home at Chain of Rocks.

Mrs. James Horn of Wales Back, is visiting friends in town.

Mr. Malcolm Coull has returned to his home in Grand Casapedia.

Mrs. John Sharpe, entertained a number of her friends on Friday evening. Dancing and games were the chief amusement.

Mrs. Wilbur Sharpe is visiting her mother in Glenora for a few weeks.

Mr. Ivan Farrer made a flying trip to Dee Side on Monday last.

Mr. James Horn was the guest of Mr. David Ferguson on Monday evening.

Mr. James McNaughton was the guest of Mr. Douglas Myles on Monday last.

**Dalhousie**  
Mr. and Mrs. W. S. Montgomery left on Saturday evening for a visit to Montreal.

The funeral service of Mrs. Harry Prichard was held in St. Mary's Church, on Tuesday afternoon and was conducted by Rev. R. J. Coleman. A beautiful cross composed of choice tulips and roses was sent by the W. A. of which organization Mrs. Prichard was a member. The pall-bearers were: F. Strong, K. Good, J. Hendrickson, D. Smith, W. Hamilton and W. Beener.

A treat was in store for the patrons of the skating rink on Friday evening, when Miss Lora J. Carlisle and her partner, Royal T. Winslow, gave an exhibition of their skill on skates. Patrons were much pleased with the performance.

Friends are glad to know that Mr. and Mrs. G. S. Gilmour and their three children, who have been confined to the house for a week on account of influenza are now convalescent.

The annual business meeting of St. Mary's branch of the Woman's Auxiliary to Missions, was held in the rectory on Tuesday afternoon. All the officers were re-elected and all reports showed progress.

Mr. and Mrs. J. W. McKenzie, of Shigawake, Quebec, arrived in town on Monday to spend a few weeks as the guest of Mr. and Mrs. W. J. Simpson.

There is still much sickness in town, of the influenza type. Scarcely a family has escaped it this winter. The doctors have been kept busy.

Mrs. James Connacher, who has been a patient in the Soldiers' Memorial Hospital for the past two weeks, returned home on Saturday after a successful surgical operation.

A Dandurand the "Strong Man," of Montreal, gave a sensational exhibition of feats of strength in the Opera House on Saturday evening to a crowded and enthusiastic audience.

## RUM SHIP'S CREW HAS DISAPPEARED

Drifting Schooner Picked Up Believed to Have Been Looted by Pirates.

New York, March 5.—A rum ship's crew "walking the plank" to meet death in the icy waters of the Atlantic with leering rum pirates forcing the men one by one to the fatal leap, was the picture jokingly drawn by customs officials declared while this might overdraw the picture, they felt certain that rum pirates probably were the cause of the vessel being abandoned.

The schooner, a 77 ton vessel, was found adrift southeast of Ambrose Lightship, Barron Island, police reported yesterday. All life boats were gone and sails and rigging missing.

There was no trace of the crew, believed to have numbered nine men. That they were compelled to leave the ship suddenly, it would seem by the table in the cabin which was laden with fresh food and all set for a meal.

The Victor has figured in several liquor running battles with prohibition officers, off the coast of New Jersey, near where a rum fleet has been hiding at anchor most of the last two months.

## 6285 INSPECTIONS PER CAR

The faithfulness of performance so universally remarked in Dodge Brothers Motor Cars, is due, in no small part, to the thoroughness with which each unit is inspected during the process of manufacture and assembly.

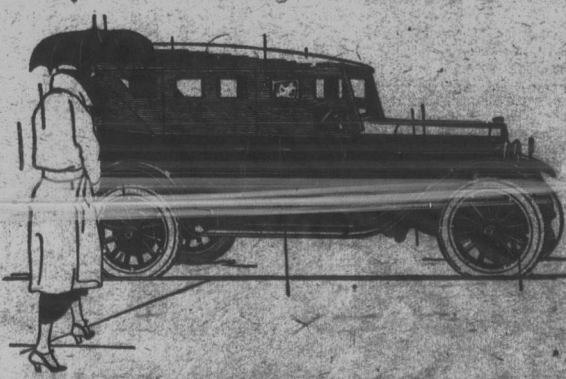

A trained staff of 1100 experts is employed in this work alone, and approximately 5,285 inspections are made on each car.

So exacting and rigid are the standards applied to these inspections that the slightest variation, either in workmanship or material, is sufficient cause for immediate rejection.

Dodge Brothers are almost over-scrupulous in their constant aim to make each car as sound and perfect as is humanly possible.

## Face Disfigured From Eczema

Write the Nurse who finally tried D.D.D.  
The disease had eaten her features away. Her face and neck were disfigured. She had tried every remedy known to her but had been unable to cure her condition.

She was told to try D.D.D. and she did. The result was a complete cure. Her face was restored to its former beauty.

## PERSONALS

Miss Laura McIntyre is visiting friends in Bathurst.

Miss Bertha Richard is spending a few days in Montreal.

Miss L. Collins spent the week-end at her home at Sea Side.

Mr. Thomas Clapperton of Grand Cascapedia was in town yesterday.

Mrs. O. Guidry and little son Barry are spending a few weeks in Chatham.

Miss Florence Sandwith has returned from a pleasant visit to Woodstock.

Miss Gertrude Thompson has returned from a pleasant trip to Woodstock.

Mrs. Thos. Wran and daughter Miss Isabel have returned from a trip to Montreal.

Miss Maloney (Public Health Nurse), spent the week-end at her home in Rogersville.

Miss Hazel Murray left today for St. John, where she will attend the millinery openings.

Miss Georgie McDonald, nurse-in-training at the Presbyterian Hospital, New York, is spending her vacation at her home here.

Friends of Mr. Angus Dobson, who underwent an operation at the Hotel Dieu Hospital, will be pleased to know that he is recovering.

Miss Doris Ramsay very pleasantly entertained a number of friends at an enjoyable dance in the "Palm Room" on Tuesday evening in honor of Miss Hazel Belding of Nor'lon, N.J.

An enjoyable evening was spent at the home of Mr. and Mrs. Jacob

Davidson on March 4th, in honor of Mrs. Davidson's sister, Miss Emma Rindler of Bathurst.

Mrs. Philip Bagold left last week on a trip to New Richmond where she is visiting relatives. She will also visit her parents at Maria and expect to return to Campbellton next week.

Mrs. H. J. Rushton, who has been the guest of her sister, Mrs. Jack Bissett, left on the 25th ult. for Montreal, where she will be the guest of Attorney and Mrs. Ryall, before returning to her home in Michigan.

Mrs. Hugh Miller, wife of the minister of St. David's Presbyterian Church, held her first reception since coming to St. John and was assisted in receiving by Mrs. Walter Coleman.

Mrs. George Ewing and Mrs. Robert Reid. At the handsomely appointed tea table where spring flowers were much in evidence, Mrs. A. R. McIvor and Mrs. R. A. Jamieson were in charge of the tea and coffee. Assisting in serving the dainty refreshments were Mrs. W. Wilkinson of Hampton, Mrs. John Gillis, Mrs. H. L. Magee and Mrs. Robert Dunlop—St. John Telegraph.

Mrs. H. A. Carr was hostess on Friday afternoon at a very enjoyable tea in honor of her guest, Mrs. Thos. McNutt (P. E. I.). Mrs. R. B. Rossborough poured tea and coffee, and Mrs. R. K. Shives ushered. Mrs. Hubert Henderson and Miss Jessie Macintosh assisted in serving, and Mrs. Geo. G. McKenzie replenished.

Mrs. N. C. Mackay entertained on Wednesday afternoon at a very enjoyable tea. Those present were Mrs. M. Mowat, Mrs. Donald McLean, Mrs. S. W. Dimock, Mrs. E. McFar-

lane, Mrs. R. H. Martin, Mrs. A. I. Morrison, Mrs. W. Marquis, Mrs. W. McNair, Mrs. H. A. Carr, Mrs. McNutt (P. E. I.), and Mrs. James Wetmore.

Mr. Albert Payne of St. John, is spending a few days at his home here.

Mrs. D. A. Stewart and Mrs. Geo. T. Harding were joint hostesses at a bridge of eight tables at the home of Mrs. Stewart on Thursday evening last. The rooms were very prettily decorated with daffodils. The highest scores were made by Mrs. F. E. Shephard and Mrs. Geo. G. McKenzie. Those present were: Mrs. M. Mowat, Mrs. R. K. Shives, Mrs. J. Barbare, Mrs. S. H. Lingley, Mrs. A. I. Morrison, Mrs. Allan Sprout, Mrs. J. J. Bernier, Mrs. Clifford MacDonald, Mrs. Allan McRae, Mrs. F. E. Shephard, Mrs. R. B. Rossborough, Mrs. Thos. Matheson, Mrs. H. H. Lunan, Mrs. Geo. G. McKenzie, Mrs. W. G. Mott, Mrs. S. W. Dimock, Mrs. Rufus Martin, Mrs. J. W. Morton, Mrs. Jas. Evans, Mrs. D. A. Stewart, Mrs. Frank Matheson, Mrs. A. D. McKendrick, Misses Jessie Moore, Nita MacDonald and Mona McLennan.

Don't overlook the special matinee next Thursday for "Orphans of the Storm." If you can't come at night, here's your chance not to miss this wonderful picture.

**HAS RECOVERED.**

The many friends of Mr. R. J. Levoie will be glad to learn that he has almost totally recovered from his recent illness and expects to resume his duties at the C. N. R. offices here shortly.

Mr. Levoie underwent an operation for appendicitis. His case was a very serious one and he was confined to the hospital for three weeks.

**"PINK GODS" MYSTERIOUS.**

Lure of Diamonds Theme of Big New Paramount Picture

Do precious gems, especially diamonds, exercise an undue and mysterious influence upon mortals?

Opals have been regarded by many as harbingers of ill luck and nearly every precious stone has some sort of character for good or ill assigned to it. Every great diamond from the Kohinoor down has a record of crime and a trail of blood behind it.

In the new Paramount picture, "Pink Gods," which comes to the Opera House next Mon. and Tues. Lorraine Rempie, played by Bebe Daniels, comes under the evil spell of the "pink gods"—the diamonds which are mined in the South African fields and eventually they lead her to disaster.

James Kirkwood is cast for the male leading role in the drama which was adapted from one of Cynthia Stockley's stories. Anna Q. Nilsson has a brilliant role and others included in the cast are Raymond Hatton, Adolphe Menjou, Guy Oliver, Arthur Temple and George Cowl.

## ASBESTOS SHINGLES ROOFING and SIDING

DON'T use Perishable Material for BUILDINGS. ASBESTOS SHINGLES do not BURN.

They don't Warp, Curl or Split. They lie snug to the roof or side wall.

ASBESTOS SHINGLES being indestructible under the most adverse weather conditions ELIMINATE ALL COST OF UPKEEP such as painting or repairing. Thus the initial cost is the LAST COST.

ASBESTOSLATE—not to be confused with asphalt shingles—is composed of the best grade of Portland Cement reinforced by a matted texture of Asbestos Fibre.

Ask for details, circulars, etc.

### PROSPECTS GOOD FOR BUSY YEAR

Lumber Cut Will Be Large and Shipments Promise to Be brisk.

If present conditions are not misleading business on the North Shore will be much brisker this summer than in 1922. With the lumber cut on the Restigouche running to a probable 100 million, an increase of about thirty million over last year, the coming season promises to be a very busy one in the lumber industry. Lumbering operations began a little later last fall than in the previous year but on a much more extensive scale and if a fair percentage of the total cut comes out the coming summer will doubtless find all the mills in the district running to full capacity.

The increase in woodmen's wages has also been instrumental in helping things back to normalcy, for it has not only induced many men to seek steady employment in the woods rather than take the chance of remaining at home to get whatever offered at intervals, but has also contributed to make general conditions better. There has also been more activity at winter mills throughout this part of the country. The unemployment situation has, on the whole, been much better this winter than last. A number of tradesmen and laborers have not had steady work all winter but there has been no evidence of such a general lack of work as was the case during the early winter of 1922. There has consequently been more money in circulation and as a result business in general has shown a stronger and more regular pulse—beats this year than last. Several merchants here and throughout the surrounding country report a substantial increase in business, a grocer reporting an advance of over 100 per cent. over a similar period in 1922. During the early winter collections were extremely good, but owing to the increase in employment and the slight upward tendency of wages "paper" has a less precarious future than this time last year.

The pulpwood business also looks more promising. The temporary depression seems about over and both the demand and price for this wood product are strengthening. Since the sudden demand for this commodity in 1920 enormous quantities of pulpwood have been shipped from this district and the industry is still being carried on in various quarters of Restigouche County and along the Gaspé coast.

The present scarcity of cars is a serious hindrance to shipping, however, and this drawback constitutes a problem for lumber companies. Better shipping facilities are looked for, however, with the revival of spring traffic. Trade conditions in the United States are reported as good in every branch of industry and everything seems to point to the passing of the wave of depression which followed the boom days of the war, and a steady return to normalcy.

**Chatham Beaten by Abegweits, 4-1**

Charlottetown, P. E. I., March 1.—The Abegweits, hockey team champions of the western section of the N. B. and P. E. I. League, defeated Chatham 4 to 1 here last night in the second play-off game of the league.

The score at the end of the periods was 1-0, 2-0 and 4-1. Keoughan made the lone tally for Chatham about half a minute after the face-off in the beginning of the third period with the New Brunswick team in full strength and two of the Abbies in the penalty box.

The first period was unexciting, the second was very fast with hard skating. There was a tendency to "rough it," and Referee Twardzik handed out twelve penalties during the game. In the second half of the last period the Abbies outskated the Chatham team and bombarded the latter's goal heavily.

McEachern scored for the Abbies in the first period in five minutes. In the second period, a combination by Moore and McEachern gave the Abbies their second goal, McEachern shooting.

The third half of the third period was also even, but then Chatham slackened their pace and were kept on the defensive. McEachern, on a pass from Earl Prowse, put the number three for the Abbies, after ten minutes' play and just before the bell rang. Rodd, unassisted, scored the fourth.

The line-up—

Abegweits Goal Chatham

Morgan Goal Carvell

Kelly Defence Milton

Moore Defence Dunstan

McEachern Forward Keoughan

Rodd Forward McMahon

Gordon Forward Veno

R. Prowse Spares Rieger

E. Prowse

Joseph Schildkraut who plays the leading part in "Orphans of the Storm" is regarded to be "the handsomest man in the world."

### FOREST GROWTH IN NEW BRUNSWICK

Is Not Keeping Ahead of the Destruction of Growing Trees.

Fredericton, March 6.—That New Brunswick's timber supply during the past five years has been reduced by means of the axe, fire and budworm

five times as fast as it is being grown, and Dorothy Glah, play together was one of the arresting statements for the first time since "Hearts of the North" did so—and other things. See made at the Rotary Club luncheon World.

held last week by Chief Forester G. H. Prince, of the Department of Lands and Mines. Mr. Prince stated that the total estimate of dead lumber resulting from the depredations of the spruce budworm has been placed at between eight and nine billion feet. In 1921 the statistics referred to showed 121,000 cords of wood had been manufactured by New Brunswick's pulp mills, while the amount exported in an unmanufactured state was 218,000 cords.

"In 'Orphans of the Storm' Lillian and Dorothy Glah, play together was one of the arresting statements for the first time since 'Hearts of the North' did so—and other things. See made at the Rotary Club luncheon World."

Would you see the greatest horseback stunt on the screen? See "The Fighting Guide."

**MILLINERY OPENINGS.**

Millinery openings at Henderson's Millinery Parlors Tuesday and Wednesday, March 13th and 14th, where there will be a good showing of the newest in millinery. Call and see the display. Mar. 6-1-w

What would you expect, a great North Woods guide to do if you told him to prepare your bath and wash your socks? Sure! That is what the Nol did do—and other things. See "The Fighting Guide."
