PROBS. Sunday: Easterly winds and fair.

40TH YEAR

KITCHENER, ONTARIO SATURDAY, JUNE 21st, 1919

12 PAGES, PRICE TWO CENTS

EACH TERM TO BE ACCEPTED

WINNIPEG STRIKE WILL BE OVER VERY SHORTLY

Six More Arrests Have Been Made.

MISUNDERSTANDINGS HAVE PROLONGED THE STRIKE

WINNIPEG, Man., June 21.—There have been six more arrests of Winnipeg men, charged with seditious conspiracy. The men gathered in were all of the alien class and said to be agitators. Their names were not disclosed. The arrests were made by members of the R.N.W.M.P., who carried them out as quietly and effectively as on Tuesday morning.

Mr. Murray, counsel for the labor party, issued a statement that the strike would be over early next week. If the answer of the metalworkers employers had been received by the strike committee, it would, he said, have been over by now. Misunderstanding kept it from being received.

"If the government would settle the strike, returned soldiers will," shouted Comrade Parnell, successor to R. E. Bray, the arrested leader of striking veterans, to a meeting called under their auspices in the Market Square last night. The crowd of twelve thousand, one-fifth of whom were veterans, enthusiastically cheered the announcement.

"Our veterans' committee worked all afternoon trying to help a settlement," declared Parnell. "We have worked for weeks and the government has done nothing. We won't stand for inaction much longer. To-morrow afternoon at two-thirty we will hold a monster silent indignation parade, which is the most effective of weapons."

"The significance of the declaration is that street parades are under the ban and civil authorities, backed by provincial and federal authorities, have absolutely committed themselves to the breaking up of any such demonstrations. Parnell also stated that time had come for "mass action," with brain brawn, which they had found so effective in Flanders.

"I don't mean rough stuff," he added quickly. "If there are any barriers keep calm and be silent. This is no time for rough stuff." This speaker roughly denounced the Minister of Labor, who, he argued, was committed to policies of relieving the workers until the strike had been beaten. Should that happen, there was but one thing to do and that was for men who had fought for the country to pick up arms and get out. Labor leaders had been arrested after midnight and their wives and children frightened, and that was not the kind of democ-

PEACE TERMS WILL LIKELY BE SIGNED

THOUGH MODIFICATIONS ARE BEING SOUGHT

NEW YORK June 21.—The Associated Press this morning issued the following statement: While the trend of German sentiment is declared, in advising reaching the peace conference to be continuing strongly in favor of signing the peace treaty, it is becoming apparent that German leaders do not intend to make their attitude officially known without an effort to obtain modifications in the terms. The German cabinet situation is still a mixed one. It is definitely known that the Schiedemann cabinet has resigned. Whether a successor to Herr Scheidemann has been chosen as yet seems doubtful, although the peace delegates in Paris have received a report that Herman Mueller, Majority Socialist leader, has been selected.

Chemnitz, and other representative regions. Geographically analysed, the advice that southern German states are all favorable to the acceptance of the treaty, while the Prussian regions are maintaining some opposition.

Objects to Fixing Price of Wheat

CHARLES BIRKETT'S VIEW TO COMMONS COMMITTEE

Ottawa June 20.—Charles Birkett secretary of the Fort William and Port Arthur Grain Exchange told the Cost of Living Committee of the Commons this afternoon that no reduction in the cost of the food-stuffs need be expected until wheat was reduced in price. He said that wheat at \$2.24 at Fort William did not make bread dear to the individual because it was estimated that no person used about one barrel per annum, but there were also bran and shorts to be considered and the price of wheat was reflected on oats and barley, so that meat, milk eggs etc. all reflected it also. He believed that the opening market for wheat would be better than present closed market.

Grain men had been having conferences in Ottawa with the Government and no effort was being made to reach an agreement. The grain exchanges were very anxious for the open market but the farmers as represented by Messrs Henders and Maharg wanted a fixed market. His belief was that if the fixed price was removed the price of wheat would drop to normal. He considered the present price fictitious and believed it would drop.

Hoover had declared said Mr. Birkett that it would take 750,000,000 bushels to feed Europe but other authorities claimed that this wastoo high an estimate. In any case unless there was a calamity there would be a world surplus of wheat in September, thus bringing down the price. The witness said that if the price of wheat continued to be fixed in Canada 17 1/2 per cent of the people would benefit but if it was put on a competitive basis 82 1/2 per cent would benefit. It would also put the grain dealers back again into business.

Macpherson Speaks at Wingham

URGED EARLY NOMINATIONS WINGHAM, June 20.—Much interest centered in the annual meeting of the North Huron Conservative Association, held at the town hall here this afternoon. There was a large attendance including a big contingent of ladies. The speaker of the afternoon was Hon. W. D. McPherson, the provincial secretary.

Hon. Mr. MacPherson, in opening his address, congratulated the Conservatives of North Huron on the splendid attendance and on the good feeling evinced at the meeting. Mr. Fraser, he declared, was of the true representative of the people and would not, but for the unfortunate family feud, have been in Parliament. The speaker then dealt at length with questions arising out of the war, which eventually closed with the great defeat of Germany and her allies. Next Election. "It is in the discretion of the Government," he declared, "when the next election will take place. Premier Hearst has filled the office with general satisfaction during a most trying period and the province to-day stands in a position superior to any part of the British dominions. Speaking on the temperance question Mr. McPherson declared that the action of the Government was purely a war measure in the interests of the people. Referring to the "present destructive strike at Winnipeg," he declared, "law and order must be upheld for the honor of the nation." In closing he urged that a candidate for the Legislature be brought out by the Conservatives of North Huron as early as possible. Mr. McPherson was given a rousing ovation as he went down. The meeting concluded with the presentation of a kick from a horse.

ROYAL FLYING CORPS OFFICER WEDS.—The marriage was celebrated at Toronto at Mr. Alfred Richardson Quirk, flight lieutenant and Irene Ivy, daughter of Mr. A. Ball.

Observance of a Golden Wedding

A unique event took place last evening in the form of the observance of a golden wedding. It was that of Mr. and Mrs. Jacob D. Schmidt, 176 Waterloo street. The groom and bride of fifty years ago were pleasantly surprised at their home shortly after five o'clock by their children, grand children, and their brothers and sisters, about seventy-five being present. The guests came not only from the city but from Preston, Wellesley, North-east Hope, Milverton and Amulree.

The offering of congratulations and good wishes by the assembled relatives and friends was accompanied by a presentation of a purse of gold by the children and a gold-headed cane for Mr. Schmidt by a near-by property when the guests called at his home. Naturally when he reached home on the call he was indeed surprised. An unusual feature in connection with the married life of the honored couple is the fact that during the fifty years there has not been a death in the family nor in the family of any of the children.

Mr. and Mrs. Schmidt were wedded fifty years ago in Phillipsburg and except for a few years at Crosshill, resided on the old homestead near the first named place during the greater part of that time. Twelve years ago they moved to this city. The old homestead had never gone out of the family since it was taken over from the Crown. At the gathering yesterday all the brothers and sisters were present and also all the children but two. The children are as follows: Mrs. F. Daub, city; Mr. Henry G. Schmidt, North Easthope on the old homestead; Mrs. George Falk, Stratford; Mrs. Herman Rank, Long Beach, Calif.; and Mrs. Wm Gough of Long Beach, Calif. The last two were the only children not present. The brothers and sisters of Mr. and Mrs. Schmidt are Mr. George Schmidt, of Preston, only brother, Mr. Henry Gerth, of New Hamburg, Mrs. C. Yost, of Milverton and Mrs. Valentine Daub of Amulree.

The gathering was also featured by a dainty dinner supplied by the guests. STANDARD RELIANCE UNDER GOVERNMENT CONTROL SINCE THEN. TORONTO, June 20.—Although the formal winding-up order for the Standard Reliance Mortgage Corporation was made on Wednesday last, it is understood that the company, to all intents and purposes discontinued business on the 1st of June, when officers of the attorney-general's department took control. Since that time Government officers have had control of all the funds, etc. of the company and have taken charge of new deposits as they come in. This in all probability, means that depositors who placed their money with the Standard Reliance after June 1 will receive their money back without delay. The application for winding-up order came from the company itself, but it is now known that for some time officers of the attorney-general's department have been in close touch with the company learning the true state of affairs.

TEN MORE PERSONS ARRESTED AT WINNIPEG

WINNIPEG June 21.—Ten more sinners with foreign names have been arrested here on seditious charges, by the Royal Northwest Mounted Police. They have been taken to an Ontario penitentiary pending trial. It is stated. Cecil Day, Ingersoll, dead as the result of a kick from a horse.

FAVORS NATIONALIZATION OF MEDICAL PROFESSION

Carpenters, Joiners and Woodworkers go on Record. Convention Concludes Today.

The nationalization of the medical profession is favored by the provincial council of the United Brotherhood of Carpenters Joiners and Woodworkers. A resolution to this effect presented by Hamilton union No. 118 was carried unanimously. It follows: "That whereas it is generally conceded that the profession of medicine is the most vital and necessary of the learned professions to the needs of all citizens and

Whereas the enormous fees charged by medical and surgical practitioners in order to maintain what they consider their proper status in the social life of the community and to cover the debts of those who are unable to pay, thereby placing their services beyond the means of the wage earner and often causes him to resort to the quack and faker. Therefore be it resolved that this Council go on record as of the opinion that the education and maintenance of men and women in all branches of the medical and surgical profession should be undertaken by the state; that their regular examination at fixed times be strictly and impartially attended to, by a commission showing no leaning to any particular school of medicine; that a campaign of the most thorough nature be instituted to train and educate the public upon matters of hygiene and the conservation of health, in short that the State should undertake the task of maintaining the health and supporting during illness every citizen from the cradle to the grave.

The provincial council adopted a recommendation that prospective members if they are returned soldiers be admitted on an initial fee of \$5. It was further decided to ask all carpenters not to work overtime but to limit their hours to 44 a week. A committee of three is to be formed to work in conjunction with the executive in looking after the better organization of inside woodworkers. The convention is of the opinion that these should be more cooperation between the various cooperative societies and the labor unions. Reference to the success of the cooperative societies in England and Scotland was made, where their efforts have been successfully applied to the running of industries and mines, etc. Applications to get the next convention have been received from Peterboro and Stratford. The place will be decided to-day. The election of officers also will take place to-day. This morning the delegates enjoyed a motor trip throughout the city and Waterloo.

Dr. Hett's address on nationalization of the medical profession, it might be stated, was enthusiastically received.

AIR COMPRESSORS WILL BE READY IN FEW WEEKS

Water Shortage not as Acute as it Was, Filter Water Must Still be Used.

The installation of the air compressors ordered by the Water Commission is proceeding at the waterworks plant according to the statement by Superintendent Hymmen who was queried by the Record this morning regarding the intentions of the Commission following the recent shortage of water. It is expected to have the new compressors in operation within a few weeks and to start the engine as soon as the installation of these will be the Superintendent said "We are hopeful that it will increase the supply but we must wait and see." The compressors are being put on all the wells and will be both operated. The Superintendent said that the recent shortage of water was now getting estimates on the probable cost of the desired contemplated works out there. He thought that this shortage was at its worst old pumps were not in commission and since these have been discarded it is hoped to have a steadier supply. When these pumps were being run

amount pumped per day was a out 240,000 gallons. Now we get about 200,000 gallons and the supply can be depended on." Mr. Hymmen said. He attributed to the greater part of the recent shortage of the old pumps being out of commission. He asked about the pressure this was back to a more satisfactory mark being 50 pounds at the Queen street office. The Commission however have still found it necessary to use lake water. "We must do it. The water as we have always maintained is all right. About Bridgeport. Asked what is being done to get a supply at Bridgeport Mr. Hymmen said the Engineer was now getting estimates on the probable cost of the desired contemplated works out there. He thought that this shortage was at its worst old pumps were not in commission and since these have been discarded it is hoped to have a steadier supply. When these pumps were being run

June Nuptials

Grebe-Lanz. The marriage of Miss Mabel Clare, youngest daughter of Mr. and Mrs. William Lanz to Mr. Milton Grebe, son of Mrs. Casper Grebe, of this town, took place at High noon, Wednesday June 19th, at St. Peter's Lutheran Church Linwood, Rev. Rebbel officiated. Mr. Walter Strahl of Kitchener played the wedding march. The bride was given away by her father, and wore white Georgette Crepe and a white picture hat. She carried a bouquet of roses. Miss Edith Grebe was bridesmaid, and was dressed in pink Georgette crepe carrying a bouquet of pink roses. Mr. Oscar Lanz brother of the bride was best man. The groom's gift to the bride was a Pearl Sunburst to the bridesmaid, a gold wrist watch, and to the groomsmen, a set of gold cuff links. After the ceremony, a reception was held at the bride's home where the newly married couple received the best wishes of their friends. The bride was the recipient of many beautiful presents, among them being several cheques. Mr. and Mrs. Grebe left later for Detroit and other points, and on their return, will reside on the groom's farm near Linwood.

Hope for Sunday Cars This Summer

In view of the fact that the bill of the Grand River Railway has passed the Senate Committee at Ottawa and that the bill will probably soon become law enquiry was made of Mr. M. Kirkwood of the Grand River Railway by the Record as to the prospects for Sunday cars between Ottawa and Galt and consequently connection with Port Dover on Sundays. "When will we get Sunday cars?" Mr. Kirkwood was asked. "That is uncertain as yet. You see it hasn't passed the House as yet, although it is through the committee stage," he replied.

108th BANDSMEN

The members of the 108th band are requested to be at the hall to-morrow afternoon at two o'clock to prepare for the parade for decoration day at Mt. Hope.

Well since it is probable that it will be passed do you think that you will have them this year yet?" "We would have to have a petition from them."

"But supposing you had that would you be ready to give the Sunday service this year?" "Oh yes."

"So there are good prospects of being able to use your cars on Sundays this summer yet to get to your town and of course also to the lake?" "Oh, yes, indeed."

FRANCESCO WITTI ASKED TO FORM

NEW ITALIAN MINISTRY ROME June 21.—King Victor Emmanuel has asked Francesco Witti, former minister and leader of a new cabinet, it is announced semi-officially. Former Premier Tittoni will it is added be Foreign Minister.

THREE PERSONS DROWNED TODAY AT NEW LISKEARD

RAN OFF DOCK INTO LAKE (Special To The Record) NEW LISKEARD ONT. June 21 Cecil Eplett and two of his girl companions, Alma and Louise Wyatt, were drowned and Miss Gladys Kennedy and Miss Gladys Kennedy and Claud McMillan are in the hospital, as a result of the shock received. The young folks were out motoring and drove on the New Liskeard dock to watch a new steamer arrive. The machine in some manner went over into the lake. All the bodies except Louise Wyatt were recovered.

TRYING TO PREVENT STREET CAR STRIKE

ROUND TABLE DISCUSSION UNDER WAY TORONTO June 21.—Representatives from the street railwaymen's union are in conference this morning with the board of conciliation appointed by the government, in a final attempt to avert a strike tomorrow. Judge Barron is presiding. The conference for the meeting is really a round-table discussion, as arranged for by Mayor Church, at the request of Judge Barron, who wired last night. The latter is anxious that the men shall postpone action until the board has had an opportunity to go into the matter. He asked the mayor to assure the men that their demands would be considered carefully and speedily, and that an impartial decision would be handed out.

HERMAN MUELLER HAS BEEN ASKED TO FORM A CABINET

ALL GERMANY PRACTICALLY FAVORS SIGNING TREATY PARIS, June 21.—President Ebert has requested Herman Mueller, Majority Socialist leader, to form a new cabinet, according to advices received by the peace delegates. Mathias Erzberger will probably head the German peace delegation, the advices indicate. The opposition attitude of Democrats and German Nationalists on the question of the treaty, will probably exclude Count von Brockdorff-Rantzau and Count von Seehoff from the government. The German provincial press is strongly urging the speedy signing of the treaty. Berlin advices summarizing situation in Germany up to midnight said that the sentiment throughout virtually all Germany was in favor of accepting the peace terms, the advices cover Leipzig, Dresden,

LLOYD GEORGE HAS SEVERE SORE THROAT

UNABLE TO ATTEND PEACE CONFERENCE PARIS, June 21.—Premier Lloyd George is confined to his room with a most severe sore throat. His indisposition prevented his attendance yesterday at the meeting of the supreme allied council. His place at the conference was taken by Arthur J. Balfour, British Foreign Secretary.

HERR ERZBERGER WANTS ADMISSION TO BIG LEAGUE

AND LIMITATION OF INDEMNITY TO \$25,000,000,000 BERLIN, June 21.—Mathias Erzberger (mentioned as the probable new German peace delegate), is reported to have sent a note to Premier Clemenceau, as president of the peace conference, asking whether the Allies will agree to the immediate admission of Germany to the League of Nations. Herr Erzberger also desires to know if the associated powers will consent to a limitation of Germany's indemnity to 100 billion gold marks and renounce their efforts to have former Emperor William surrendered.

HERMAN MUELLER HAS BEEN ASKED TO FORM A CABINET

ALL GERMANY PRACTICALLY FAVORS SIGNING TREATY PARIS, June 21.—President Ebert has requested Herman Mueller, Majority Socialist leader, to form a new cabinet, according to advices received by the peace delegates. ## MR. CHAS. FROELICH ACCEPTS POSITION IN KITCHENER

Mr. Chas. Froelich who for the past 14 years has been connected with the firm of J. E. Seagram and Sons has severed his connection with that position with the C. N. Huethers Brewery, Kitchener, and will assume his new duties on Monday. Mr. Froelich will have charge of the ice plant of the above firm and particular attention will be paid to the installing of a service that will prove satisfactory to the many patrons in the Twin city.

During his fourteen years service with J. E. Seagram & Sons he has been a dutiful and valued member of the staff and while they are sorry to part with his services will wish him every success in his new field of labor.

Mr. Froelich will reside in town as at present.

## THE WEEKLY MARKET

The regular weekly market was held this morning there being an unusually large crowd of both buyers and sellers on hand.

Produce of all kinds was plentiful and usual prices prevailed. Strawberries of the home grown variety sold at from 25c. to 28c. per box and while the supply was fairly large it was not equal to the demand. Butter and covering the market the former selling at 50c. per pound and the latter at 45 c. per dozen. Onions, lettuce, asparagus, rhubarb and other lines of produce sold at the regular prices.

## Many Attended Tattoo

Many from town and surrounding district attended the annual Tattoo in Galt last night where a record crowd was in attendance it being the largest in the history of the musical Society.

The band led by special car about 8:15 p. m. but was nearly 8 o'clock before Galt was reached.

The Tattoo was not only a success financially but in every other way as well the fireworks being exceptionally good. The playing of the Bands were far excellent our own W.M.S. Band covering themselves with glory and receiving many compliments from the large crowd.

The special return home at midnight.

Mrs. Herbert Kuntz is spending a few days at the home of her parents in Buffalo.

Mrs. (Dr.) Cox of Florida is visiting at the home of her parents Mr. and Mrs. W. Hortop, Erb St.

Mr. J.K. Shinn has returned home from London where he attended the annual convention of the C.O.F. which was in session this week.

## Mr. P. J. Wright Honored

Mr. P. J. Wright who is leaving shortly for Galt was honored by the business men and other citizens at the Waterloo Club and presented with a address and Desk and chair as a slight token of the high esteem in which he is held by his many friends.

The regular monthly meeting of the Princess of Wales Chapter, I.O.D.E. will be held on Thursday afternoon, June 26th, at 3:30 o'clock in the Dominion Sugar System Rooms, 126 King St. where the Regent will give a report on the Annual meeting recently held in Montreal.

All members and any friends interested are kindly invited to be present and assist in the reception and presentation to about 100 of our brave soldier boys who have returned during the past month.

Mr. and Mrs. Earl A. Smith of Toronto are welcome visitors at the home of Mr. and Mrs. J. Herb Smith, Albert street.

Mrs. R. Raison of Hamilton is spending the week-end with friends in town.

## Lightning Kills Perth Farmer

ROBERT HODGSON, AGED 53, OF HIBBERT, STRUCK MITCHELL, June 20.—Robert Hodgson, aged 53, a Hibbert Township farmer, was struck by lightning during an electrical storm at 5 o'clock this afternoon and instantly killed.

No one witnessed the accident and the body was not discovered till some time later. Mr. Hodgson, who lived on the 4th concession of the township, was hoeing in a field at the time.

The late Mr. Hodgson was born at Whitby, and had lived in Hibbert Township for many years. He was one of the most successful and highly respected farmers of the township.

He is survived by his widow, one daughter and three sons, David Hodgson, of Mitchell is a brother.

No material damage was caused by the storm in this district.

## IMPORTANT

"Gentleman to see him."  
 "Tell him I'll see him in about half an hour."  
 "He says he won't wait a minute."  
 "Show him in instantly. He must be worth seeing."

Rev. William T. Russell, Catholic bishop of Charleston, S.C., to-day celebrates the 30th anniversary of his ordination.

## Black Jack Raises Ire of Committee

### UPSETS DIGNITY OF COST OF LIVING PROBE

OTTAWA, June 19.—John R. Robinson, editor of The Toronto Telegram, summoned before the Commons cost of living committee in regard to certain editorials he had written on the work of the committee, appeared before the body this morning and made a "best garden" out of the proceedings.

So strenuous did the repartee between the Toronto editor and members of the committee become that the sergeant-at-arms was sent for and that official appeared gravely walking into the room wearing his sword. He, however, stayed only a few minutes and the policeman took his place, following the proceedings with an amused smile. His presence had little effect on the belligerent Torontonians.

Mr. Robinson did not take the oath many minutes before he had a sharp tilt with Mr. Devlin. A little later he and Mr. Nesbitt were both standing and gesticulating at each other's "sit down." Mr. Nesbitt shouted, "You have the voice of a bull."

"You have less brains than a donkey," retorted Mr. Robinson. "I won't sit down."

"You have no sense of dignity," Mr. Nesbitt shouted in reply.

## Denies Libel

When questioned by Mr. Devlin, Mr. Robinson protested that if he had written anything libelous, either civilly or criminally, he was responsible to the courts.

"I am not going to be put on trial before this committee," he called out "for that article."

Mr. Devlin: "We want to get the facts. You are an incident before the committee."

"And you are an epoch!" Mr. Robinson called back.

Mr. Devlin proceeded with a series of questions relating to the editorial on the examination of Mr. Fox of the William Davies Company by the committee.

"My point was," said the witness, "that Mr. Fox was much cleverer than you, and that he did not present the whole situation."

Mr. Fox, continued the witness, did not give the committee the fact that he was head of the biggest chain of retail stores of the Dominion, and could have made a full disclosure of the whole commission.

Mr. Devlin: "Do you know as a matter of fact whether he could say so or not?"

"No, it is your business to find out," Mr. Hocken entered the fray. "I want to say here," he said to keep Mr. Robinson quiet—

"I don't think it is possible," the chairman said with a smile.

Mr. Hocken: "I want to give my knowledge of the practice of Mr. Robinson in the Telegram. I don't think a single sentence in the paper is worthy of credit until it has been corroborated. If it were pertinent to the inquiry I could give instances where Mr. Robinson has printed stories which were absolute lies and which they were lies before he printed them."

Here Mr. Robinson heatedly demanded if he would be given a chance to reply to the charges from his seat as was sharply told by Mr. Nesbitt to sit down.

The vote was an interesting one and was not on party lines. Both leaders, Sir Robert and D. D. MacKenzie, voted for the bill. Mr. MacKenzie, however, only found two supporters, his chief whip, James Robb, and once Poulton the quaker member for South Renfrew. The French-Canadian members voted against the bill, although none of them spoke on it, and there was small Opposition attendance.

## House Favors Divorce Courts

BY 68 TO 35 COMMONS GIVES SECOND READING TO W. F. NICKLE'S BILL.

OTTAWA, June 20.—Backed by the influence of Sir Robert Borden, progress was made in the way of divorce reform yesterday, when a second reading was given to a bill providing for the establishment of a divorce court by a vote of 68 to 35. The bill, which was introduced by W. F. Nickle, Kingston, provides for the establishment of provincial divorce courts and the unification of the law in provinces where there are courts already established, namely Nova Scotia, New Brunswick, Prince Edward Island and British Columbia.

## Reveals Schemes of 'Peg Leaders'

LETTERS SEIZED SHOW DEALINGS WITH BOLSHEVISTS

WINNIPEG, June 20.—In order that the public may be informed with respect to the evidence presented against various strike leaders when the Labor Temple was raided last Tuesday, several letters were made public late this afternoon. One of these, addressed to R.B. Russell, the sender of which has not been yet disclosed, is a confidential receipt of a shipment of "Bolshevist funds."

It was explained in the letter that the funds were to be used in furthering the "one big union" project. Mr. Russell replied, congratulating the writer on his efforts. Another letter tends to indicate that Bolshevist desired to gain and partially achieved control of the Winnipeg Trades and Labor Council. It goes on to say that when full control is gained "We will use it to our advantage."

## U. E. Gillean, of G.T.R. Appointed Manager of Toronto Terminals Railway Company

## Serbs Exonerated After Many Years

### NOT RESPONSIBLE FOR THE SARAJEVO MURDER

BERNE, June 20.—An official telegram to the Vienna foreign office, exonerating Serbia of responsibility for the Sarajevo murder, has been published by Maximilian Harden in the Berlin Zukunft as a part of the mass of evidence for the war.

This telegram, dated July 13, 1914, states plainly that the Serbian Government, against which no evidence can be produced, has not responsibility for the murder.

This document Herr Harden said, was concealed 10 days later the ultimatum to Serbia was presented. In addition, he said, seven days before it was drafted the Potsdam war council already had arranged a plan of action in anticipation of Russia's intervention.

"Von Bethmann-Hollweg may have forgotten it," Herr Harden says "but this action was taken and registered on July 6, before the kaiser left for the North, and he who had to choose between war and peace had already chosen war. A hundred million individuals were thus deceived."

## ENTERPRISING ELMIRA

### Events of Interest Among Our Neighbors to the North.

Hollinger—Frank Wedded.—In Elmira, Monday, June 16th, at the St. James Lutheran Parsonage, by the Rev. J. Strempfer, Mr. Walter Hollinger, son of Mr. and Mrs. David Hollinger, to Miss Florence Winnifred Frank, daughter of Mr. Pauline Frank, Mill St.

Born.—In Elmira, June 17th, to Mr. and Mrs. Oscar Strome, a son.

Born.—In Elmira, June 18th, to Mr. and Mrs. Henry Klinek, a daughter.

The six-year-old son of Mr. Peter M. Bowman had his right eye removed on Tuesday morning by Dr. Cornack of Elmira. Last fall the young lad met with an accident which injured his eye and since then the lid began growing over the sight and not only destroying the sight but badly disfiguring the eye as well.

Miss Beatrice Behrens returned home Thursday evening from a visit with friends in Toronto.

Captain Tomas Walker, of the Merchant Marine Service, London, England, is visiting at the home of Mr. and Mrs. Thos. Rumbald, for a month.

Mr. George Bulmer, of Saskatoon, Sask., who has been visiting friends in Elmira and vicinity for some time has returned to his home in the West.

Mr. and Mrs. George Ruppel, Mr. and Mrs. Fred Ruppel and Miss Hilda Eby were visitors to Guelph on Wednesday.

Changes in management of Elmira Rubber Factory.—Mr. A. H. Stuenkel has been Superintendent of the Elmira Rubber Factory since the plant was opened here in May, 1917, has resigned his position and accepted a similar position with the Ames-Holden McCready Co. at Montreal, for which place he will leave in the near future.

During his stay here Mr. Stuenkel has taken an active interest in the affairs of the town and has been instrumental in opening it open till six flies got into the house.

### PAULINE FREDERICK AT HER BEST IN EXQUISITE SETTINGS

Motion pictures as a series of brush portraits flashed upon the canvas of episodes thrown together before the camera in disregard of composition, is the theory of Pauline Frederick. And it has never been more carefully observed than in her latest Goldwyn vehicle, "The Fear Woman," which is to be shown at the Rome theatre commencing Thursday.

Miss Frederick, always an exponent of the most advanced artistic theories, maintains that motion pictures, without a sense of pictorial, as well as dramatic value, are inconsistent. Composition, however, she says, cannot be considered as finite as in a still-life painting, and will differ with the requirements of the screen.

"In a still painting or portrait," said Miss Frederick, "the artist leaves a finite impression. A genuine glance at the subject is sufficient; one does not instinctively feel that he wants to personally visit the locale. In cinema, however, the effect is different. If a rumpus picture is flashed onto the screen the spectator at once feels a leaning to see the original.

"No matter how intense the dramatic qualities of a photoplay, if the optical effect produced is contradictory the production is bound to be a failure. No star wishes to work in a series of unbalanced episodes—unbalanced to the extent that all the action takes place in the right-hand lower corner of the screen-picture while the left of the space is left unattended. In "The Fear Woman" the balance of every scene is as perfect as expert screenwriters can make it. In Hugo Bellin's settings the optical effect is carried out to the nth degree. In no place have we in the east been forced to work in overloaded, complicated sets. Mr. Bellin has carefully chosen his composition, which he does by a unique method. He picks his doors and windows meticulously, and judges his entire set by their position. Instinctively, the eye will at once look for the doors in a stage or screen setting. It will then follow the picture to see how the other properties are placed.

"The settings of "The Fear Woman," particularly elaborate, are representative of the new studio craft. In the scenes in the Fear Woman's boudoir, the simple conservative yet modernistic impression has been carried out by a pair of long, graceful velvet drapes hung on each side of the dressing table. Halfway upstage slightly to the left is a small table, topped with a hanging lamp. On the extreme left is a small bookcase, and on the extreme right a chaise longue. A velvet rug with no decorations covers the floor. Upstage to the left is a French door leading to a balcony, while to the right is another leading into the bedroom. Such, I believe, is perfect balance. There is neither too much nor too little. The players were given a chance to move freely and only by freedom of action can a play be successful. Such are the features which I believe will make "The Fear Woman" the most successful of any of my Goldwyn productions."

### WOMEN AS BRAVE AS THE MEN

#### Their Struggle Shows a Remarkable Spirit

Talk of the bravery of men, but where can you find a finer spirit than among the half-sick women who are fighting and struggling to do their duty against the terrible odds of ill-health and who will not give up.

One woman in every three is struggling against weakness. Most of them are not exactly sick, but, oh, how miserable.

The burden and misery of it all has its foundation in the blood which is thin and watery. The red cells are too few. The very stream of life is reduced in vitality. Weakness and inevitable ill-health are the certain result.

Every ailing or weak woman can quickly regain her health in this very simple way. By filling the system with the nutrition that comes from rich red blood, a quick change for the better will result. To accomplish this, take two chocolate-coated Ferrozone Tablets after each meal. You'll feel better immediately for the simple reason that Ferrozone removes the blood. It gives you vim, vigor, endurance, restores a tired, worn-out system very quickly.

You'll feel like new all over once you get Ferrozone working through your blood. It puts color into faded cheeks, brightens the eye, quickens the step, brings back that wonderful feeling of youth.

One of the finest things Ferrozone does is to make you eat lots and digest it as well. With keen appetite, sound sleep, strong nerves and lots of nourishing blood you're bound to regain robust health. Any sickly girl or ailing woman that Ferrozone won't make well must be incurable. There is a secret power in Ferrozone and it is worth a trial at all events. Fifty cents per box, six for \$2.50. At all dealers in medicine or by mail from The Catarothone Co., Kingston, Ont.

### AVOID COUGHS and COUGHERS!

### FRECKLES

Don't Hide Them With a Veil! Remove them With Othine—Double Strength.

This preparation for the removal of freckles is usually so successful in removing freckles and giving a clear beautiful complexion that it is sold under guarantee to refund the money if it fails.

Don't hide your freckles under a veil; get an ounce of Othine and remove them. Even the first few applications should show a wonderful improvement, some of the lighter freckles vanishing entirely.

Be sure to ask the druggist for the double strength Othine; it is this that is sold on the money-back guarantee.

# Safety Deposit Boxes

# Safety Deposit Boxes

## Our New Safety Deposit Boxes

The Company's new fire and burglar-proof Safe Deposit vault, in the Kitchener office is now completed and SAFETY DEPOSIT boxes, large or small, may be rented at a very small cost.

Already a great many people desiring an absolutely secure place to keep valuable papers, have taken one of these boxes, and it is expected that the Company's present supply will soon be all taken.

These steel boxes were procured from Messrs. Goldie & McCullough, of Galt, manufacturers of burglar-proof safes, and each box requires two keys for opening. The customer keeps one and the Company the other.

Every convenience is provided for customers desiring to deposit or withdraw their securities. The vault is separated from the main office and has connected with it two small rooms providing absolute privacy to any customers desiring to examine their papers.

A great many people keep valuable papers about the house, which might easily be destroyed in case of fire. Such valuables as VICTORY BONDS, MORTGAGES, DEEDS, WILLS, JEWELLERY and other articles would be absolutely protected in a SAFETY DEPOSIT BOX.

WE INVITE YOU TO CALL IN AND EXAMINE THE VAULT AND BOXES.

### ALBERTA'S DEVELOPMENT ASSOCIATION

In August of this year, the province of Alberta will hold an Industrial Development week, to which Canadian and American business men have been invited.

The purpose is to induce manufacturers and investors to locate in that province, assist in the development of its natural resources and to find outlets for its products. The conference promises to be one of the most important ever held in the Dominion. Invitations are being sent by the thousand to manufacturers and industrial men, selected from among those industries considered advisable to have represented. Many Canadian manufacturers are expected and a trailload of industrialists from Minneapolis will also be in attendance.

Henry Ford, John N. Willys and A.R. Erskine among motorcar manufacturers; Harold McCormick, president of the International Harvester Co.; Robert Dollar, president of the Dollar Steamship Co., engaged in trans-Pacific commerce and an authority on Chinese and Japanese trade, are to address the convention.

President Walker of the Canadian Bank of Commerce will speak on Oriental trade, and other bankers and railway heads will attend: so that the whole phase of western trade routes will be thoroughly considered.

The convention will open at Medicine Hat on August 11, proceed to Lethbridge on August 12; sit at Calgary on August 13-14 and conclude its sessions at Edmonton on August 15-16.

The main purpose of the association is to induce manufacturers and business to engage in the development of Alberta's natural resources.

A fair beginning has been made. At Medicine Hat, with its abundance of natural gas, has brick, tile, sewer pipe, cheap crockery, flour, confectionary, planing mills and pumps industries and some farm tractors are being manufactured.

At Reddiffe, nearby glass bottles, automobile trucks, ornamental brass are made and a small steel mill is in operation.

Near Medicine Hat there is a soft coal deposit. A two-ton sample of the coal has been sent to Britain to ascertain its commercial content, in the expectation that by-products can be profitable extracted from it. Calgary has among other industries, packing plants, flour-mills and planing mills. Lethbridge is noted for its coal workings.

Albert grows large quantities of flax, for its seed. The straw is burned. One of the prospects is that the straw may be utilized in the production of twine or linens.

The province has made oil discoveries and it is hoped that gasoline may be a commercial process be separated from it. Experiments have by joint federal and provincial effort been made to demonstrate the feasibility of briquetting soft coal, to the end that the province may obtain a better domestic fuel and become independent of imports.

That the provision for holding a convention and inviting men of affairs was a wise conception is obvious. Comparatively little attention has yet been focused on the natural resources of the west. It has been viewed as an agricultural district. Before industries can be developed, it is first necessary to impress on men who know how the value of existing opportunities. Once recognized that a given natural resource can be profitably developed, capital will do the rest.

A news despatch from Calgary affords a good illustration of the possibilities of that province. Alberta has an abundance of natural gas. For about two years experiments have been quietly carried on to ascertain whether the gas being supplied to Calgary citizens contained the famous helium gas.

Helium gas is valued on account of its non-inflammability and is used for inflating airships. A lighted match thrown into it will not set it aflame. The lifting power of helium gas is approximately the same as hydrogen gas. It is also the lightest gas, in specific gravity to hydrogen.

The sum of \$500,000 was appropriated for the experiments at Calgary and success crowned the work. The small plant used for the experiments is producing 15,000 cubic feet of helium gas every twenty-four hours.

Prior to this discovery helium gas was one of the most costly elements in the world, ranking ahead of gold, radium and other precious metals. Through the process perfected by Professor McManis, it can now be produced from Alberta gas at a cost of 24 cents per cubic foot.

For years, Calgary citizens have at their disposal helium daily sending millions of dollars worth of helium gas up their chimneys, burning natural gas. At that, the helium content of the Alberta natural gas burned in Calgary is only one per cent.

Helium gas can under great pressure be stored in cylinders and shipped anywhere with perfect safety.

As a result of bringing scientists onto the ground and providing the means wherewith to conduct the delicate and costly experiments, a new industry is brought into existence. Production is promised on a large scale. The works will probably be located south of the city of Lethbridge in order that all gas coming from the field may be put through the helium separation process and the valuable noninflammable gas obtained, before the natural gas is distributed to various towns and cities for consumption.

The success attending the experiments in producing helium gas may well encourage Alberta to seek the development of others of its natural resources. As they have for years been sending millions of helium gas up the house flues, so also may they have been tramping other millions under foot. Their convention deserves to succeed in bringing together men who are adepts in values and who are willing to risk their money in converting natural resources into commercial products.

There is another good side to their attempt. Being almost wholly an agricultural country, they have heretofore regarded factories as an evil and not even a necessary evil at that. Their dislike of industries was carried to the extent that many preferred to buy foreign goods rather than home products.

A generation ago the middle western states took a similar view but the introduction of manufacturing in their towns and cities removed many fanciful objections. It is reasonable to expect that when Alberta and the other provinces secure worthwhile industries, giving employment to large numbers of men, establishing local markets for their produce and keeping money in the province that formerly went elsewhere, they will change their opinions of factories and protection.

It is therefore to be hoped that their Industrial Development Convention will be a big success.

### COAL FOR THE HOUSEHOLDS

With the cessation of hostilities many householders seem to think that their fuel troubles will be over. Not so, however.

Hard coal, it is being reiterated in wholesale sections, will continue to be scarce and undoubtedly high in price. Those in a position to know the facts, declare that there have been 50,000,000 tons less mined at this date than there were at the corresponding date a year ago. The scarcity is partly due to the circumstance that many foreigners, who have been employed in the mines, are preparing to or have left for their native lands. In all 40,000 coalminers are said to have planned to return to Europe.

In our bracing winter climate, when hard coal is high in price, there is little recourse save to kick and buy it. We have all learned that Jack Frost cannot be molested with. There must be fuel of a dependable kind in the cellar. Otherwise discomfort and suffering follow.

This year there will neither be a Dominion Fuel Controller, whose duty it was to see that Canada received its fair proportion of hard coal, nor a local Fuel Commissioner to provide that the coal coming in be rationed on an equitable basis. The early bird will get the worm.

Therefore it cannot be too strongly urged upon householders in both communities to place their orders for hard coal at the earliest possible date.

Those who cannot presently purchase next season's full supply should get two-thirds or three quarters of the total amount needed. Then if the shortage grows worse, they can use soft coal or wood during October, November and part of December, saving their hard coal for the severest winter months.

Do not let Winter catch you with an empty coalbin!

### BY THE WAY

Cheer up! The importation of oleomargarine duty free is to be permitted in Canada until September 1st, 1920.

Mayor Upjohn of Kalamazoo was recently fined \$7.50 for speeding. Probably he was trying to live up to his name.

In discussing the budget it was agreed that heads of families liable to the federal income tax and having children should be exempted in the sum of \$200 for every child of 18 years and under. Originally it applied only to children of 16 years and younger.

Canada will require to issue another federal loan next fall. This has revived the discussion that former as well as the new loan should be taxed. There are two sides to this. Had the earlier loans been taxed the interest rate would have had to be higher in order to attract purchasers.

The former loans were issued at 5 1/2 per cent. Had it not been tax free it would probably have been necessary to pay 6 per cent. Borrowing money at 6 per cent and levying an income tax of 4 per cent on it means that the investor would require to pay 24 cents tax. His net return on his investment would be \$3.76.

Borrowing at 5 1/2 per cent, the country gets the money at \$5.50 per hundred instead of \$5.76. Saving 26 cents interest on each \$100. The saving between money at 5 1/2 per cent, tax free, and 6 per cent, but taxed, has on the \$700,000,000 raised in the last loan, saved Canada \$1,820,000 in interest charges.

Canadians can readily invest their savings in mortgages, for instance, at 6 or 6 1/2 per cent. They will not consequently buy government bonds unless they can get fair returns. The better security will not alone induce them to buy Dominion bonds. If Canadians are not attracted, the government will be obliged to go to the New York money lenders and be obliged to pay in interest and commissions anywhere from 6 to 8 per cent.

Assuming that the Finance Minister placed the rate of the new issue at 5 per cent, then the probabilities are that he would have to sell them at a rate below par, sufficiently low to net the investor 5 1/2 per cent. or more.

### Extracts of Exchange

#### Rank Profiteering

Ottawa Journal.—Figure of the business of the Dominion Textile Company, extracted from the general manager by a parliamentary committee, show that the company has been making enormous profits. The statistics were somewhat complicated by the fact that the company has two kinds of stock, preferred and common; also that the preferred stock of \$2,500,000 was issued in payment for other companies which the Dominion Textile Company bought while the \$5,000,000 common stock was sold for \$500,000 cash. Mr. Pringle, K.C., the government counsel, said to the witness "On the \$5,000,000 common stock which represents \$500,000 cash, your net earnings were \$400,000." The witness did not object. This would be a profit of 80 per cent on the original cash. However, it is to be remembered that after that five millions of common stock was issued, the stock would begin to change hands and that many of the present shareholders must have paid a much higher price for it than the original ones. Undoubtedly the public is being atrociously bled in connection with this company's goods, but let us bear in mind that much of all such bleeding is due in part to our national neglect of preventing stock watering in business companies.

The general manager of the company made admission, however, which showed that even Mr. Pringle's competition of the company's profit was too low, or at least incomplete. In fact, the indications seemed to be that on the whole of the company's genuine capital, a profit of over one hundred per cent is being made and allowing for all possible considerations, including war taxes, a case is clear of rank profiteering.

#### FULLY EXPLAINED

Philadelphia Ledger.—Do you know why half a year's training is needed to make a good soldier?" said a dough-boy the other day. "I'll illustrate by a story. When James A. Garfield was president of Oberlin College a man brought for entrance as a student his son, for whom he wishes a shorter course than the regular one.

"The boy can never take all that course," said the father. "He wants to get through quicker. Can you arrange it for him.

"Oh, yes," said Mr. Garfield. "He can take a short course, it all depends on what you want to make him. When God wants to make an oak He takes a hundred years, but He only takes two months to make a squash."

Miss G.A. Bacon of Worcester Mass., first vice-president of the General Federation of Women's Clubs has been appointed to direct the participation of the club of the United States in the National Thrift Campaign.

Lady de Bathe (Mrs. Langtry) now retired from the stage is devoting herself chiefly to the management of her racing stable with which she has achieved notable success on the turf this season.

### EVERY WAGE EARNER SHOULD ANSWER QUESTION HIMSELF OR HERSELF.

What Does the Future Hold For You? Health Gives Way?

In dollars, and cents, what is the worth of the brawn of your arm; what is the value of the staying power that permits continuous labor—what are they worth to you?

Suppose you did something so foolish as to reduce your strength, vitality or judgment one half, and it were impossible to get them back—how much would you pay to regain the lost portion?

When you let yourself run down, you reduce your chances for success in life—if sleeplessness comes you score lower still—should appetite or digestion fail, you are starved in the face by physical bankruptcy.

Don't let it go so far, take Ferronze, it has cured thousands and it will cure you; it builds up bodily strength, makes muscles like steel, replaces Spring tiredness by energy and new life. Ferronze rebuilds sick folks because it contains the strengthening elements that every run-down system requires.

Especially before the hot weather comes, everyone needs a purifying tonic—Ferronze fills the bill exactly—nothing shown that juveniles and infants so fast.

At once the appetite improves. You rest well and arise next morning feeling fit and fine.

Headaches disappear, weakness gives way to the vigor that only Ferronze can supply. Try it, results are guaranteed. 50c. per box or six for \$2.50 at all dealers or by mail to any Catorhroone Co., Kingston, Ontario. Address: price is remitted to the

### A Woman's Sympathy

Are you discouraged? Is your Doctor's bill a heavy burden? Is your pain a heavy physical burden? I know what these mean to delicate women. I have been discouraged too; but I learned how to cure myself. I want to relieve your burdens. Why not end the pain and stop the doctor's bill? I can do this for you and will, if you will assist me to do so for others. If so, I shall be happy and you will be cured for 3 cents (the cost of the postage stamp). Your letter held confidence. Write to-day for my free treatment. Mrs. Lydia W. Ladd.

MISS EDITH MORTIMER BRIDE

An addition was made to-day to the long list of American girls who have married titled foreigners in the wedding of Miss Edith Mortimer and Count Mario di Zoppola, of the Italian aviation corps. The ceremony was performed in the country home of the bride's parents, Mr. and Mrs. Stanley Mortimer, at Roslyn, L.I.

Recently the bride of to-day figured prominently in the news through her trial and acquittal on a charge of manslaughter growing out of an automobile accident. In attempting to avoid a collision with a taxicab, she drove four feet into the path of a car, the driver of which was killed.

MEXICO'S DAY TO CELEBRATE

In pursuance of a custom extending over half a century Mexico kept a national holiday to-day in honor of the anniversary of the taking of the City of Mexico by the forces of Gen. Diaz, June 21, 1887. For some time prior to that date the city had been held by Count von Khevenhuller, in command of the Hungarian veterans in the service of the Emperor Maximilian. Gen. Diaz had maintained a siege for about two months. The fall of the capital city to the Liberal troops marked the end of the Imperial regime and practically ended the long war of the Napoleonic invasion.

In this city the celebration of the anniversary was used in a day-break this morning with a salute of twenty-one guns fired at the artillery barracks. Simultaneously the national flag was raised over all of the public buildings. Exercises were held under the auspices of the various patriotic societies, while the general populace devoted the day to festivities and merry-making.

TO-DAY'S BIRTHDAYS.

Thompson Bushmann, noted Kentucky novelist and playwright, born in

BAD BREATH? DON'T BE OFFENSIVE REMOVES THE CAUSE

Follow this advice and your Breath will Soon be sweet and Pure

The bad part of Bad Breath is the fact that nearly every case shows considerable trouble from indigestion, belching gas, bloating, piles or some form of stomach misery. Oftener than not a pimply face, a sluggish constipated condition is the true cause of many a man's failure in life.

By aiding digestion and building up the weak muscles of the stomach and bowels, DR. HAMILTON'S PILLS completely overcome constipation and all forms of stomach illness.

I was terribly run down with stomach trouble that arose through neglected constipation; writes Mrs. P.D. Quigley, from Washburn, P.O. I simply couldn't half digest my food.

I had dreadful headaches, piles and yellow muddy skin. The effect of DR. HAMILTON'S PILLS was phenomenal. I have gained in weight have a clear skin no more headaches I eat well, sleep well and enjoy my meals.

There is no need to be in failing health when cure is so sure, so easy by taking Dr. Hamilton's Pills of Mandrake and Butterfat, 25c. per box at all dealers. REFUSE A SUBSTITUTE.

# Pretty Summer Clothes

**Strong baking powder is needed**

**EGG-O Baking Powder**

GOVERNMENT Standard flour is coarser and heavier than the flours you have been using for years, and they require a strong, reliable leavening agent.

Egg-O is a pure, strong, double-acting baking powder.

Its first action occurs in the mixing bowl when cold water or milk is added. Allowing the dough to stand for 15 or 20 minutes will give better results, and when you put your baking in the oven Egg-O will continue to rise and you will have no trouble getting light bakings.

You can use sour milk, sweet milk, buttermilk or water with Egg-O—a different and better baking powder.

**Egg-O Baking Powder Co., Limited, Hamilton, Canada**

## Under-Currents

By The Duchess

"I should be afraid to be as sure of it as you are," says she nervously, "but," clinging to him, "I am glad too; only, it sounds too good to be true."

CHAPTER XLIX.  
Where shall I find a refuge?  
Such is the fate of guilt, to make slaves tools,  
And then to make 'em masters—by our secrets.

As Mr. Dysart, still with that look upon his face, takes his way slowly back to the house, the sound of running footsteps coming towards him from a side walk attracts his attention. The baffled expression vanishes, as if by magic, and one of vicious hope replaces it. Is it she again, that girl Griselda, to ask him, perhaps, to have pity, to condone her offence to let her still stay on at Greycourt? Oh, if it might be! He turns eagerly, hoping to see, that he may disappoint it, the pretty soft, flushed face of Griselda; but it is not Griselda who is now hurrying towards him with such speed as betokens terror. It is Gruneh, wild-eyed, haggard, her tiny grey locks, unbound through her unusual has to flying at each side of her lean forbidding face. Every feature of the woman expresses overpowering excitement, each feature fear. Tall beyond her fellows, and gaunt as a leafless tree, she swoops down upon the old man standing awaiting her with a grim ironical smile upon his lips, like a veritable bird of ill omen.

"More haste, worse speed," says he sarcastically. "Is the house afire, or my precious nieces dead, that you rush upon me with such indecorous abandon?"

"Hush," says she sternly, with a glance behind her, and then to right and left, "this is no time for words like those. Think only of this, Dysart," pausing and panting for breath, "that I have seen a ghost."

The old man laughs.

"Do congratulate you and myself too, I believe I am the steady person alive who has actually met a person who has seen the merry spook. Generally one falls in with somebody who has seen somebody else, who knew a man who—"

"Be silent!" hisses the woman savagely; "cease your gibes, I tell you. The ghost I have seen is—"

"My worthy father, for example," suggests he with a sneer. "No? Well, come, who then?"

"Michael Sedley!" The words fall from her as though they burn her lips on passing.

The sneer dies from Mr. Dysart's lips; a dark flash suffuses his face, turning it almost black for the moment to fade presently beneath the ashen hue that makes him look like a corpse accursed with eyes of fire. He stands hunched back against a tree, and his hands catch convulsively at the bark of it.

"You are mad, woman," he says in a terrible voice.

"Ay, may be. So I say Mad I am, if it was his ghost I saw. But if I saw him in the flesh, how the Dysart? Why sane. Well," with growing excitement, "shall it be mad or sane?"

"Mad, mad, mad" shrieks he furiously. "Al my life you have been my bane, my curse, and now, now, what is this news you would tell me? Sedley. Why he is dead, woman, dead, I tell you."

"Then 'twas his ghost," says she sullenly.

"Where have you seen him? speak I commend you," cries he, seizing her arm and shaking her violently.

"If it is not some infernal lie invented for my torture, tell me all. Why are you silent? Speak, I say, or I'll tear the words from your breast."

"On the avenue I was there watching Miss Griselda, as you told me to, lest she should go into the woods again, when she came slowly towards me through the trees, providing about, as it were, and as if half unconscious, like one who is calling up, after many years, old memories. He's changed, he's gone to bone a deal, but I'd know him still amongst a thousand, ay, ten thousand, for all he's altered with his long beard and the whiskers that try to hide his lantern jaws. Ay, and you'll know him."

"No, no, no," cries Dysart, cowering away as if from some fearsome sight, "I won't see him, I won't, I won't."

"Fool do you think he will be so easily avoided? What d'ye think brings him out to bleed you?" says she, with withering contempt. "Why, his first word was for you."

"You spoke to him? You told him I was no longer here, that I was dead, dead and rotten?" says he, laying his trembling fingers with such force upon her arm as to make her wince, and quickly throw him off.

"You did not betray me? You could not—so good master, and old master, one that has remembered you in his will? You have not—"

"What ails you?" says the woman peering at him. "Is it now your plunk is failing you, now when you want it most? I tell you he is this moment in your own room, looked into it, waiting for you to appear. You've got to go to him, and buy him a off as best you may."

"Buy him off" means he, "but I'm poor, Gruneh, poor. I haven't any ready money; how can I buy him off. You know I'm beggared by all he calls I have up—me, and is thus—can to step in now and drag from me my very heart's blood, the few coin-

## FRIENDS THOUGHT HE WOULD DIE

"FRUIT-A-TIVES" Conquered Dyspepsia and Restored His Health.

**MR. ROBERT NEWTON.**  
Little Bras d'Or, C.B.  
"It was a terrible sufferer from Dyspepsia and Constipation for years. I had pain after eating, belching gas, constant headaches, and did not sleep well at night. I lost so much weight—going from 185 pounds to 146 pounds—that I became alarmed and saw several doctors who, however, did me no good. Finally, a friend told me to try 'Fruit-a-tives'.

In a week, there was improvement. The constipation was corrected; and soon I was free of pain, headaches and that miserable feeling that accompanies Dyspepsia. I continued to take this splendid fruit medicine and now I am well, strong and vigorous!"

**ROBERT NEWTON.**  
50c. a box, 6 for \$2.50, trial size 25c. As all dealers or sent postpaid on receipt of price by Fruit-a-tives Limited, Ottawa.

63 Edward St., Opp. No. 2 Fire Station.

**With Fingers! Corns Lift Off**  
Doesn't hurt a bit to lift any corn or callus right off. Try it!

For a few cents you can get a small bottle of the magic drug freezeone recently discovered by a Cincinnati man.

Just ask at any drug store for a small bottle of freezeone. Apply a few drops upon, a tender, aching corn or callus and instantly all soreness disappears and shortly you will find the corn or callus so loose that you lift it off with the fingers.

Just think! Not one bit of pain before applying freezeone or afterwards. It doesn't even irritate the surrounding skin.

Hard corns, soft corns or corns between the toes, also hardened calluses on bottom of feet, shrivel up and fall off without hurting a particle. It is almost magical.

Ladies! Keep a tiny bottle on the dresser and never let a corn or callus ache twice.

**MERCANTILE FIRE INSURANCE CO.**  
C. A. Boehm Agent, Waterloo Phone 249

**Youthful, Beautiful Skin Easy to Have**

You may be as healthy as a bird in the air and still have a poor complexion. Changing seasons and temperature, wind, dust and dirt, are apt to injure any skin, even though the general health be good. When these external influences spoil the complexion, the natural thing is to remove the spots by external means. Ordinary mercurochrome will do this. It will actually absorb the weather-soiled film, a little each day. In a week or two you'll have a brand new complexion, a new skin. The equally beautiful and youthful complexion thus acquired, comes so easily, without harm or discomfort, there's no reason why any woman should not adopt this simple treatment. Just get a course of mercurochrome at any drug store, apply nightly like cold cream, washing it off mornings. This will not fail in any case. It is the best thing known for freckles, moth patches, liver spots and pimples.

Kitchener second hand dealers, all kind of household furniture bought and sold. 271 King St., W. It.

### New Industry Goes to Stratford

TORONTO FIRM AMALGAMATES WITH LOCAL CONCERN STRATFORD, June 19.—The locating here of a new industry, the Wattman Car and Body Company, of Toronto, was announced to-day when it was stated that the firm will be located in the Kalfbeisch Planing Mill. A new company will be formed shortly under the firm name of Wattman-Kalfbeisch Car and Body Company, Limited, and will consist of the present Kalfbeisch and Wattman companies with the addition of new shareholders.

No charter has been secured as yet though the agreement between the two companies has been signed and as soon as the preliminary work necessary to moving the parent company from Toronto is completed a new joint company will be fully organized. Just how many hands will be employed at the outset is not yet definitely known, but the number will increase as the factory gets fully into its stride.

TO ASSIST IN FIGHTS OF PRESENT LORD'S DAY ACT WINDSOR, June 19.—With Mayor Charles S. King of Walkerville, as acting president, a Liberty League has been formed here to fight the Lord's Day Alliance on the issue of Sunday aeroplane flights and the sale of newspapers and ice cream.

Frank Scariff, manager of Windsor branch of the Merchants Bank of Canada is treasurer of the new organization and William A. Watts, of Windsor, secretary.

The local branch of the league will assist in a plan to force repeal of the Lord's Day Act enacted during the regime of the late Sir Wilfrid Laurier.

COMMONS NAMES COMMITTEE TO TAKE UP QUESTION WITH SENATE.

OTTAWA, June 19.—Shortly before adjournment of the House to-night there was an echo of the rejection by the Senate of the Mowat amendment to the railway bill respecting municipal control of the streets.

It came in a motion by the prime minister for the appointment of the following members of the House to meet a committee of the Senate: Messrs. Bristol, Henders, Sinclair, Tweedie, Mowat, J. D. Reid, and N. W. Rowell.

The motion carried.

ATTRACTIVE MUSICAL COMEDY COMING TO THE ROMA THEATRE WEEK OF JUNE

THE WILKE'S MUSICAL COMEDY PLAYERS.

Mirth-provoking comedy and interest-compelling beauty, amply describes the burlesque offering known as "The Wilkes' Musical Comedy Players" billed to appear at the Roma Theatre, for two weeks starting with regular matinee Monday, June 30, with a complete change of show on Monday and Thursdays.

Moss Parker, whose laughable personality has endeared him to the devotee of Musical Comedy, heads the company of fun-makers in an up-to-date farce, named by the author, Joe Carr, "The Beach Nuts." Twelve other people complete the personnel of "The Wilkes' Musical Comedy Players." The females are chaperoned by Miss Vanola Melbourne, who presides over her bevy of youthful choristers like a good fairy in a pantomime. There is plenty of "pep" and "go" throughout the entertainment, also a flash of whirl of silken draperies, all of which combine to place the Wilkes' Musical Comedy Players in a little niche by themselves.

Specialties will be given by Rhea Robinson a remarkable violinist, and a series of classic and whirlwind dances by Parker and Parker, a couple of artists that won fame and fortune on the other side of the Atlantic.

For the next attraction at the popular Roma Theatre, the management announces that "The Wilkes' Musical Comedy Players" a new organization in the field of Musical Comedy that has met with a flattering reception in other cities. "The Beach Nuts" is the name of the musical comedy offered by the Wilkes' Musical Comedy Players. The farce is said to be composed of Musical nonsense, pushed along at a rapid rate by a band of good performers who make things hum to merry tunes, patriotic ensembles, inspiring songs, boisterous hilarity and racy situations. An excellent cast of comedians, vocalists, dancers, together with an extraordinary handsome chorus, splendid scenic display and a number of natty costumes place the Wilkes' Musical Comedy Players in the preferred ranks of frothy performances.

Trio and quartet specialties are dotted through the bill, and the sensational whirlwind dancing of Middleton and Robinson is reserved for the final of a really meritorious entertainment.

#### G.T.R. Improves Service.

In regard to the improved G.T.R. train service reference to which was made in these columns a few days ago, the following changes will go into effect on Sunday June 20th. Train No. 26 will leave Stratford at 5:50 a.m. arriving in Kitchener at 6:55 a.m. and will reach Toronto at 8:50 a.m. in time to connect with the train for Muskoka Wharf and Penetang. No. 35 will arrive at Kitchener at 6:20 p.m. Passengers on this train will be able to connect at London with the International for Chicago. The above are additions to the present schedule. Another change in time is that of the present train from the west which reaches Kitchener at 8:27 a.m. After June 29th this train will not arrive until about 9:15 a.m.

When the above changes take effect the service will be greatly improved the fast run down in the morning enabling our citizens to reach Toronto at an early hour.

Lord Beaverbrook, who arrived on the Olympic, proposed taking a motor tour through Nova Scotia and New Brunswick.

### TIME TO REBUILD

Winter foods clog the liver and tax the digestion. Summer brings relief in cereals, fruits and green vegetables. Shredded Wheat Biscuit with berries or other fruits is a life-saver for thousands—the whole wheat steam-cooked, shredded and baked. Combines deliciously with berries and all kinds of fresh fruits—a satisfying, nourishing meal for a few cents. Easily prepared without kitchen worry or work.

A cool, clean shave for 1/5 of a cent!

A cool, clean, satiny shave for 1/5 of a cent—think of it! At least 500 shaves are obtained from 12 AutoStrop blades, and you often get more than that.

A turn or two on the strop and your Razor is ready. After shaving you press a little lever, put the blade under the tap, wipe it off, and it is ready for the next shave.

There is no need to take the razor to pieces and assemble it again; simply leave the blade where it is from start to finish. This means time saved in the morning rush—and a razor blade that's good for about six weeks' clean, cool shaves. There's nothing to learn about the AutoStrop Razor. A man takes as naturally to it as a duck to water, and he gets head-barber results from the start.

The AutoStrop Razor is sold with a money-back guarantee. Everywhere—razor, strop and 12 blades, complete, in an attractive case, \$5.00.

veral. Julian is Richard Hutton an ex-convict who impersonates a wealthy man who has done him wrong, after the latter has died in a drunken frenzy and in a way to implicate Hutton and his friend Cottrell (A.E. Warren) in his death.

The dead man was bearded. So is Hutton. But since the former at the time of his death was preparing to shave and this fact was known, Hutton divests himself of his beard and donned the dead man's clothes.

None doubt that he is Ottwell—especially as Hutton's look is manly, concerning certain business and personal details is laid to a blow he had sustained in his fight.

Then romance takes a hand bringing the tale to a tender and a striking conclusion. The picture is based on a story by William J. Neidig appearing in the Saturday Evening Post. Jane Novak is the leading woman.

CECIL B. DE MILLE SELECTS FINE CAST FOR NEW PHOTO-PLAY

Excellent Players Chosen by Celebrated Producer for "For Better, For Worse"

Cecil B. De Mille, director general of the Famous Players-Lasky Corporation, and producer of "For Better, For Worse," which is to be shown at the Allen Theatre, Wed. and Thurs. is a stickler for fine acting, and he personally selects the cast used in each of his productions, often spending weeks on the work of casting alone.

"For better, For Worse" is no exception in this particular. All of the roles, from the leads down to the minor parts, are taken by actors of prominence and reputation, and a list of their names is sufficient assurance that the acting will be of the very highest quality.

Elliott Dexter, who will be remembered as the husband in Mr. DeMille's "Old Wives for New," and as the hero in "The Squaw Man," has the leading role.

Tom Forman, a popular leading man, who returns to the screen after devoting many months to army service, will portray the second leading male role. This is Mr. Forman's first appearance under DeMille's direction, although he has distinguished himself in many Paramount pictures.

Glorie Swanson, who has also appeared in many of the DeMille pictures, is the heroine. Miss Swanson is as noted for her beauty as for her acting ability.

Wanda Hawley, another Paramount Artcraft favorite, who will be remembered for her work in "Old Wives for New," "We Can't Have Everything" and other DeMille pictures, is also in the cast. Others are Theodore Roberts, Raymond Hutton, Sylvie Ashton and Jack Holt.

LOS ANGELES POLICE TOO CONSCIENTIOUS

"Stop thief!" shouted hundreds of frightened men and women as a man dashed through the crowded streets of Los Angeles. Policemen heard the cries and did stop the thief, and so upset the plans of an enthusiastic motion picture director.

The thief who was arrested was a perfectly harmless motion picture actor, who was making a runaway scene for "Pitfalls of a Big City," the Gladys Brockwell photoplay showing at the Star Theatre Mon. Tues. and Wednesday.

There were many handcaps while scenes were being made for this picture. At another time a woman insisted upon standing in front of the camera, and grinning in the celluloid while the camera men were trying to make pictures of the runaway thief. It required genius to get the camera get the numerous scenes in the crowded streets of busy Los Angeles. The director lost several pounds in weight, but after three hours he succeeded in making some of the best chase scenes ever produced.

PERILS OF BIG CITY SHOWN ON SCREEN

There are a thousand different sides to any big city. Some know it only as a centre of grey-toned pleasure. Others know it as the breeding place of wealth and luxury. One city with more of the stranger chiefly by its tall buildings, another by the beauty and extent of its public parks, the perfection or opposite of its transportation system, etc. But every big city has a fascinating side that visitors who are strangers seldom see—the underworld with its picturesque claim to fame.

Such an underworld of crooks and criminals has been made the setting of a Gladys Brockwell photoplay, "Pitfalls of a Big City," which opens Monday at the Star Theatre. The picture, a William Fox production, tells a powerful story of a woman crook who battles against temptation and forsakes her life of crime. She brings with her out of the underworld a man who promises to go straight with her. The picture is said to be one of the most appealing that ever reflected life in the slums.

technical flaws. It occurs in the pietization of "The Law of Men," the latest Thomas H. Ince picture, starring Enid Bennett which comes to the Allen Theatre for two days commencing Monday and in which Niles Welch, a favorite Paramount player, is the leading man. The picture is a dramatic and filled with heart interest and of one of the best in which Miss Bennett has been seen this season.

The picture was directed by Fred Niblo under the supervision of Mr. Ince and tells the story of a lawyer who was called upon to defend an innocent man for a murder of which he himself was guilty. Miss Bennett has the role of a sculptress whose love affair is the central theme. The picture is a dramatic and filled with heart interest and of one of the best in which Miss Bennett has been seen this season.

NEW COMEDY MORAL—BEWARE OF WIDOWS!

Big Sennett Production Filled with Real Humour

There is a moral to "The Little Widow," a new Paramount-Mack Sennett comedy coming to the Allen Wednesday and Thursday which is "Beware of widows." No matter how fascinating they may be, there is always danger—particularly if the reports of the husband's death are exaggerated as in this case.

Ford Sterling, Billy Armstrong, Harriet Hammond, Myrtle Lind, M. Pat Kelly, and others, appear in 15 new farces and Mal St. Clair collaborated with Bert Roach in the direction. Fun starts from the moment Sterling and Armstrong, as attorneys, become fascinated by a dashing widow with a baby and dog.

The ludicrous happenings, the settings, the pretty girls and ladies, the entire comedy is calculated to inspire laughter from start to finish as well as supply plenty of pleasure. A Mack Sennett comedy is like a spring tonic without any of the bitterness.

Do not get another day of itching, burning or stinging Piles. Dr. Chase's Ointment will relieve you at once and as certainly cure you. See a postcard, or Edman, Bates & Co., Limited Toronto. Sample box free if you enclose 10c paper and enclose 2c stamp to pay postage.

BUSY HUSBANDS AND IDLE WIVES MAKE THE LOUNGE LIZARD POSSIBLE

Playing the game—playing it the way the rich and pleasure-seeking society devotees play it—was the advertisement of those in "Modern Husbands," Henry B. Walthall's latest production for Exhibitors Mutual.

Steve Duane neglected his beautiful young wife, and left her fair game to the wiles of a "he-vampire," who accompanied her to all night revels at questionable roadhouses.

Julia Duane, the wife, played with fire and paid the penalty. Brockwell, the "love-pirate," played the "house cat" while hubby was away, but he played his string too far, and was caught in his own trap.

Jonathan Cosgrove went to midnight stag-ogies, leaving his charming wife to seek diversion in the company of men who found other men's wives legitimate prey. Mrs. Cosgrove went a little too far with the "love pirate," who forced his way into her bedroom and became too persistent.

And so it went in the merry round lay of the fast social set. They played fast but too loose. They had not learned that "those who dance must pay the piper"—but they paid just the same in the end.

"For the sins that Ye do by Two and Two  
Ye shall pay for One by One."  
Star. Monday Tuesday and Wednesday.

NOVEL COURT ROOM SCENE IS PICTURED IN "THE LAW OF MEN"

There is something new in pictures—a court scene with which judges, lawyers and officials can pick no

ROSY CHEEKS AND GOOD HEALTH

COME THROUGH KEEPING THE BLOOD IN A RICH, RED AND PURE CONDITION.

When a girl—or a woman—finds her color fading, when her cheeks and lips grow pale, and she gets short of breath easily, and her heart palpitates after the slightest exertion, or under the least excitement, it means that she is suffering from anemia—thin, watery blood. Headache and backache frequently accompany this condition, and nervousness is often present.

The remedy for this condition is to build up the blood, and for this purpose there is no medicine that can equal Dr. Williams' Pink Pills. They build up and renew the blood, bring brightness to the eyes, color to the cheeks and a general feeling of renewed health and energy. The only other treatment needed is plenty of sunlight, moderate exercise and good, plain food.

The girl or woman who gives this treatment a fair trial will soon find herself enjoying perfect health. Mrs. Hiram Shook, R. F. No. 1, Lyndhurst, says:—"I cannot speak too highly of Dr. Williams' Pink Pills, for I believed they saved my daughter's life. She was in a terribly run down condition, pale, wan, and despondent, and people who saw her considered her in a decline. The doctor who treated her did not help her any, and then I decided to give her Dr. Williams' Pink Pills. This decision proved a wise one, for before six boxes were used she was much better. I got six more boxes, and before they were gone she was in the best of health. When she began the use of the pills she weighed only 90 pounds, and under their use her weight increased to 127 pounds. I strongly urge all mothers of weak girls to give them Dr. Williams' Pink Pills."

You can get Dr. Williams' Pink Pills from any dealer in medicine, or by mail post paid 50c a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

CURRENT SOCIAL EVENTS

At a home where love and peace... Mrs. George C. H. Lang, Mrs. Jerome Lang and the Misses Lang motored to Sarnia on Monday.

Miss Krug and Miss Witzel were hosts of Toronto friends this week. Mrs. Ryan, of Toronto, is the guest of her daughter, Mrs. August Lang.

Mrs. William Breithaupt, Miss Margaret and Miss Martha are spending a holiday in Buffalo. The many friends of Mrs. L. J. Breithaupt will be pleased to know that she is recovering nicely after her recent illness.

The Princess of Wales Chapter, I.O.D.E., held a most successful garden party, at the home of Mrs. H. J. Sims on Tuesday afternoon and evening.

Mrs. Stoddy, of Sarnia, is the guest of her parents, Mr. and Mrs. Geo. C. Lang, North Queen.

Mrs. Murray Kirby is very pretty June nuptial event took place at St. Andrew's Church.

The bride wore a gown of white silk with court train and the customary veil caught with orange blossoms, she entering the church leaning to the arm of her father.

The ceremony was performed by the Rev. D. W. McKee, of Waterloo. The maid of honor was Miss Florence Anderson while the bridesmaid was Miss Wilma McMillan.

A reception followed at the bride's home where margarites and peonies were the decorations. There were guests present from Toronto, Hamilton, Brantford, Galt and Colton.

The groom's gift to the bride was a handsome string of pearls, to the bridesmaid a pearl pin, and to the bride and the groomsmen pearl pins. The bride couple left on the 5.20 train for Georgian Bay on a honeymoon tour after which they will return to Toronto. The good wishes of their many friends go with them.

Dr. and Mrs. Swift and two sons are the guests of Mr. and Mrs. J. A. King, Water Street.

Miss Tyson is spending a few weeks in Kincardine.

Miss Helen Weir has returned home attending college in Oshawa.

Mrs. Proctor, of Whitby, is the guest of her parents, Mr. and Mrs. Fennell, both Queens.

Mrs. Boehmer and Mrs. Klippert, of Toronto, are visiting their sisters, Mrs. Erb, of this city, and Mrs. Good, Waterloo.

The ladies' committee of the Grand Opera House held a meeting Thursday afternoon, and were the hosts of Miss Williams afterwards, afternoon tea.

The high class concert in St. Mary's hall, on Wednesday and Thursday nights, under the auspices of the Tommykins Chapter, I.O.D.E., were most delightful entertainments and yielded a good revenue to the Chapter.

Mrs. M. C. Hall and Mrs. D. S. Swaby spent Friday in Toronto.

Mr. and Mrs. Weichel attended the tennis exercises of Alma College, St. Thomas.

Mr. Alexander Potter is at present in Gettysburg, Penn., where he is attending the 87th Commencement exercises of Pennsylvania College where he received the degree of Bachelor of Science. Rev. Dr. Oberlander, of New York, was also at the graduation exercises.

Mrs. McNeil, of Innisfail, Alberta, is present with her parents, Mr. and Mrs. Kirby, she intends remaining here for the summer months.

A number of Waterloo ladies were guests of Mrs. T. Little and her sister, Rose Volkman, to an afternoon at the former's pretty home in Waterloo on Wednesday. A most pleasant time was spent, the guests enjoying the fullest extent the kind hostess could give.

C. H. MILLIS' REPORT OF THE ANNUAL MEETING, I.O.D.E. The nineteenth annual meeting of the Imperial Order Daughters of the Empire was held in the ball room of the Ritz-Carlton Hotel, Montreal, May 26th, 27, 28, 29, 30, and 31st.

The address of welcome was given by Mrs. Hodgson, who extended a hearty welcome to the city, which she recalled was the birth place of the order, after more than four years of struggle the order came together in the enjoyment of victory, a victory bought by the shedding of blood of some of the nation's best manhood. The order now has a membership of 45,000, from ocean to ocean the members have learned to respect each other's opinions and have gained a knowledge of the different parts of the country.

Mrs. Joseph on behalf of the Municipal chapter of Montreal presented Mrs. Gooderham with a beautiful basket of red carnations. The reply to the address was made by Mrs. Fred Smith of Edmonton who expressed appreciation of the hospitality extended; to many she said the past four years had been full of anxiety, the skies were not yet clear. Some of those from a distance were anxious about home where the clouds of unrest darkened. The meeting would be an inspiration to all who attended. Plans for the future work were to be formed, which would be largely educational. This was a burning question in the west.

Mrs. Gooderham moved a resolution of sympathy with the family of the late Mrs. Crevier of Hamilton.

Mrs. Clark Murray, the Foundress of the Order, who was warmly greeted reviewed the formation of the Order of the Boer War. Our soldiers were landing in Cape Town and marching across country without roads for two days and two nights, many of them never reached the end.

Mrs. Murray wrote to the London newspaper asking for a committee of British women to assist her in searching out the last resting place of our men and arranging a memorial service for them. She received many replies and was requested to start the movement herself.

Thus the Daughters of the Empire was founded. Mrs. Murray congratulated the members on their work during the war. She told of her work among the immigrants in assisting men, women and children speaking forty different languages coming to Montreal to learn English.

She showed these people lantern views of Canada and other parts of the Empire and with the assistance of interpreters taught them the English words for the things they saw. She emphasized the necessity for British films, showing the Union Jack, the stars and stripes in the moving picture houses of the Dominion and urged that the flag with its sacred significance be not used to assist in selling merchandise in shop windows, and as an advertisement. She also suggested that a musical chapter of the order be formed, as great talent was to be found among the members, and that junior chapters be treated with all kindness and their work be encouraged. Keep good cheer among the youth and never let anything come in the way that might discourage them.

Mrs. Murray was anxious to see the order extended to other parts of the Empire especially in India and the life of the women with the other Dominions through the order, then through parliaments. She reminded the members that an address presented to her in April 1912, contained the significant phrases "Irrespective of race, creed or class, and again all women may join."

At the close of her address the little white haired woman had endeared herself to everyone in the room. Mrs. Murray was presented with a jeweled badge of the order. There was an united service of thanksgiving in Windsor Hall in the evening, all religious denominations being represented. Dr. Symonds, made a short address at the close of the service and told the members "to lay greater stress on their agreements, and less on their disagreements, which was good advice. On Wednesday Lady Baden Powell addressed the meeting telling of the splendid work which had come under her observation in the old land.

Lady Baden Powell is "Chief Guide" of the girl guides, and formed many new companies of the guide while in Montreal. Among them a Jewish and Chinese company.

After the address the members had the pleasure of meeting the distinguished guest. The visit of Lady Baden Powell to this country has made the girl guide movement better known and appearing at the I.O.D.E. Convention brought her in touch with women of the Dominion.

When Lady Baden Powell speaks, her brown eyes, hair and earnest look, while new and then her face lights up with a flash of humor. The dark blue uniform with its napon belt and gold corded hat to match turned up at one side is just the thing to attract any girl. In fact the uniform is a part of the education and discipline. As its wearer said, it makes for self respect, for no one would be slovenly in uniform. Still more it counteracts the attraction high heels, hobble skirts and cheap jewelry. It has also a levelling effect, emphasizing fellowship, rather than class distinction.

Immediately after the annual meeting in Montreal, Mrs. Gooderham sailed for France and England and will visit the I.O.D.E. section in France, and it was decided that, in the rebuilding memorial tablets would be placed in the various churches receiving assistance from the I.O.D.E. upon which would be contributions for that purpose and am glad to report that the Tommy Atkins chapter of this city, will appear on the tablet, also St. Quentin, Waterloo. Mrs. John Bruce National treasurer read the financial report showing the total receipts of the National Chapter is \$6,875.44. The approximate amount raised by all the chapters during the year was 1,385,288.27 or a total of five and a half million dollars during the war.

Mrs. Constance Boulton organizing secretary read her report showing that 52 chapters had been founded this year, bringing the roll to 759 chapters in the Dominion. Miss Boulton gave 78 lectures on Imperial subjects to school children in Ontario.

Miss McGaffin's assistant national sec. gave her report of the chapters in Ontario. All have done splendid work, but some have excelled in I.O.D.E. work, among them being Stratford which raised eighty thousand dollars during the war. Border chapter, Windsor, \$79,000; Chatham chapter \$50,000 Toronto, \$49,000.

Mrs. Franklin Burton, who represents the three I.O.D.E. chapters of Dawson City, has many interesting

things to tell of the work of the women of the Yukon. Early in the war before any concerted action had been undertaken by the men of the community, the women saw the need of funds for hospital ships, and in three days raised \$6,400 by tagging. Their total of monies raised for the purpose was exceedingly creditable considering the population, as there books showed receipts of \$175,000 for the period of the war. Dawson City, with a population of 5,000 and no means of transport. Mrs. Burton is regent of the George Dawson chapter named after the founder of the city.

On Friday afternoon Her Excellency the Duchess of Devonshire honorary president and head of the I.O.D.E. in Canada was greeted by Mrs. Hodgson. Mrs. Clark Murray foundress of the order presented her with a bouquet of orchids, and Mrs. A. E. Gooderham the retiring president expressed the homage of the members in a few well chosen words of welcome.

Her Excellency congratulated the order upon their invaluable work during the war which had been successfully carried on in every corner of the Dominion, in England and in France. In the coming years after the war, her Excellency urged that members should put their minor differences of opinion in the "back ground" and present a united front and work for peace and happiness of the whole Empire.

As Mrs. Gooderham rose to address the members for the last time as president a flutter of sympathy and joy ran across the room, like a current of electricity, all realizing that Mrs. Gooderham had done big things for the order, and at times was fair and never afraid to give her opinion, and stand by it, whether it was the popular one or otherwise. In her own mind she thought out the right way to go, and in our endeavor to understand those with whom we disagree. Personal prejudice should not be permitted to control the actions of the order and I hope that the new president may not be made to feel that no matter what she may suggest her plans will be met with opposition instead of helpful criticism. Her mistake and she may make them in all sincerity, will only be magnified, for no leader can do her best in such an atmosphere. The very foundation of the order is loyalty to the King and Empire and the Dominion, and any parting request is that you all learn what loyalty means and that you practice it in all your relationships from the I.O.D.E. chapters, the higher officers to the national president.

Mrs. Gooderham's voice was full of emotion, as she recalled the eight years of support and encouragement that she had had as president of the national chapter, and had received from her friends in the executive and the chapters from coast to coast.

"But we need a deeper spirit of loyalty to the King and Empire and to the Dominion, it is not to be expected that things will always be harmonious, although our views may be antagonistic, we can be fair and in our endeavor to understand those with whom we disagree. Personal prejudice should not be permitted to control the actions of the order and I hope that the new president may not be made to feel that no matter what she may suggest her plans will be met with opposition instead of helpful criticism. Her mistake and she may make them in all sincerity, will only be magnified, for no leader can do her best in such an atmosphere. The very foundation of the order is loyalty to the King and Empire and the Dominion, and any parting request is that you all learn what loyalty means and that you practice it in all your relationships from the I.O.D.E. chapters, the higher officers to the national president."

The menu bore the I.O.D.E. crest in colors and the place cards repeated the colors with the letters "I.O.D.E." and date. At the close of the lunch Mrs. Finnis rose and proposed the only toast "The King," which was drunk and followed by the singing of "God Save the King." A beautiful bouquet of flowers was presented to the new national president Mrs. John Bruce who were waiting and we were all driven around the city, through its narrow streets, and around the plains of Abraham, where General Wolfe and General Montcalm fell, every step in old Quebec is historical.

Following the drive a tea was given at Spencer Wood by Lady Fitzpatrick. The weather was perfect, the beautiful grounds were thrown open to the guests, all being charmed with what had been done for their entertainment during the day.

I remained in Quebec a week and was invited again to "Spencer Wood" the beautiful home of His Honor the Lieut. Governor and Lady Fitzpatrick to attend a garden party given in honor of the birthday of His Majesty the King. This function was largely attended by "Our Bearers" and what a pleasure it was for me to meet them in this lovely place. During the afternoon the guests took part in tennis and croquet games. Quebec has the finest grounds in the Dominion for the home of the Lieut. Governor just along the banks of the mighty St. Lawrence. Tea was served in the large dining rooms the tables being prettily decorated with snap-dragon and white cherry blossoms.

The spacious verandahs of the residence were also filled with palms. The 5th C.P.R. band was also present and rendered a choice selection of music. It was never to be forgotten, this palatial home, such wonderful grounds, and the most courteous and charming French Canadian people wanting to do so much for the stranger who had come to the city.

I had the pleasure of seeing our soldiers when they landed at Quebec, such splendid men, some broken in body but not in spirit, and the people of Quebec doing so much to give them a royal welcome home. Large rooms were filled up where lunch was provided and rooms where the mothers and children might rest. They to be looked after by the I.O.D.E. the Salvation Army, Knights of Columbus, W.C.T.U., Canadian Club, Red Cross workers, Jewish Women and all working harmoniously, such kindness among the workers was admirable and made Quebec's war work, in that city much easier and they accomplished anything they undertook.

"RUSTLING A BRIDE" PROVES MAN'S BEAUTY IS ONLY SKIN DEEP. That old saying, "Beauty is only skin deep," is generally supposed to refer to the feminine sex, but in Lil

dent. Give the new president your undivided support and co-operation for the best results can only be secured by fair judgment and broad understanding of those who disagree. Let her feel that every member of the order is trying to help her perform her duties, and the greatest difficulties will disappear. Mrs. Gooderham asked the members of the order to make the British war brides feel that they were not strangers in a strange land, but that they had come to a new home and reminding her hearers that their mothers and grandmothers were in many instances of British origin. She also made an eloquent plea for the returned soldiers, who did not ask to be coddled or patronized, but only that the civilian community should understand their point of view. Let us help them to mend their broken nerves and readjust themselves to their former civilian life, at the close of his address Mrs. Gooderham was presented with a beautiful jewel in the I.O.D.E. badge of the order in Canada, the badge being pinned on by her Excellency the Duchess of Devonshire, a basket of lilies of the valley was presented to Mrs. Gooderham from British Columbia chapters.

An illuminated address framed in silver was presented to Mrs. John Bruce, the retiring treasurer who has held office for 13 years and only missed two meetings in that time.

In response to an appeal made by Mrs. Mitchell of Englehart on behalf of the women of the farming district beyond the mining belt of Cobalt, where a doctor endeavored to serve the medical needs of a district of sixty miles, a Dominion wide fund was organized for the purpose of providing nursing and hospital accommodation for the sick and suffering in the outgoing district of Canada. The contributions of the chapters of each province will be devoted to the needs of that province and the first baby girl born in Englehart hospital will be named Mary Gooderham in honor of Mrs. Gooderham standing as sponsor at the christening.

The redrafted of the constitution and statutes of the I.O.D.E. which were submitted to the annual meeting for approval aroused a spirited discussion, and upon motion, were laid over until the next annual meeting which takes place in Calgary.

It was decided as a war memorial to offer scholarships to the youth of the Dominion through the educational branch of the I.O.D.E. and also to have a course of Empire memorial lectures.

Every day the ladies of Montreal held luncheons and dinner parties, their hospitality will never be forgotten.

Mrs. Hodgson held a reception at the Hunt Club on Tuesday May 27th, 4.30 to six. The guests were taken out by motor. The fine weather made the trip delightful, afternoon tea was served. The tables were bright with spring flowers.

The municipal chapter of Montreal gave a reception for the visiting delegates and the members of the Montreal chapter I.O.D.E. in the Art Gallery on Thursday evening May 29th.

The Quebec members of the I.O.D.E. extended a hearty invitation to the delegates to visit Quebec City on Monday, June 2nd, 1913 and about one hundred and fifty accepted the kind invitations. At eleven o'clock a reception was given in the I.O.D.E. headquarters. The guests were received by Mrs. C. W. R. Finnis, Municipal Regent, who, by the way, is a sister of General Turner, who was greatly beloved by all the men who were in France. At 1.30 Mrs. Finnis entertained the delegates to lunch at the Chateau Frontenac. The tea room which was used on this occasion was artistically decorated by the members of the General Turner chapter and presented a very pretty sight. The decorations which struck a bold note of red and white were carried out with scarlet tulips, geraniums and narcissus. Vases of these flowers ornamented the tables at intervals, and were placed about the room. The many scarlet shaded candles dotted throughout the room carried out the same note.

The menus bore the I.O.D.E. crest in colors and the place cards repeated the colors with the letters "I.O.D.E." and date. At the close of the lunch Mrs. Finnis rose and proposed the only toast "The King," which was drunk and followed by the singing of "God Save the King." A beautiful bouquet of flowers was presented to the new national president Mrs. John Bruce who were waiting and we were all driven around the city, through its narrow streets, and around the plains of Abraham, where General Wolfe and General Montcalm fell, every step in old Quebec is historical.

BANK OF HAMILTON. Lee's new Paramount picture "Rustling a Bride," which will be shown at the Allen theatre next Fri. and Sat. it is demonstrated that this rule may also apply to men. Rustling a Bride western girl has been corresponding with Nick's mother, a cowboy. But when Nick first writes to her he enclosed not his own picture, but that of a handsome cowboy friend and left it to the girl's imagination as to whether the photograph was his own. When the girl's mother writes to her she says she is disappointed, taking the photo Nick had. Nick meets her under a fictitious name and seeing that she loves the men of the photograph, puts her on the stage and starts home alone. But Walton, who is the subject of the photograph now holds a bitter hatred for Nick, who has crushed him sterling horses. Walton concocts a story about Nick stealing horses, substantiates it with faked evidence and presents it to the boys who in search of Nick as a horse thief, Walton, takes Emily to a deserted shack and gets drunk. She escapes at the ranch just in time to save Nick from being lynched. She wed's Nick, and Emzy, following her, arrives to late. The support includes Monte Blue, L.L. Shumway, Guy Oliver and others. A.E. Warren, general manager of the C.N.R., says the line between Medicine Hat and Hanna will be built a once. GRAY HAIR Dr. Tremain's Natural Hair Restorative, used as directed, is guaranteed to restore gray hair to its natural color or money refunded. Positively not a dye and non-injurious. Price \$1.00. For sale in Kitchener by Henry W. Shoemaker, Drugist 43 King St. West.

### Well Known Actresses Exploit Simple, Unostentatious Styles of War Time - The New Sandwich Frock Straight From Shoulder To Hem - Smart Frocks May Be Bluilt With Little Material

HERE ARE no harder workers in the cause of patriotism than some of the women who have achieved success on the stage. Many of these women give all their time outside the theatre to war relief work or to work for the Red Cross. At the head of the movement to simplify feminine dress, are some of the best known stars and leading ladies of the stage, and a number of these women have consented to have their photographs taken in new "war-time frocks" that have been designed to express smartness and grace and to prove beyond dispute that practical, good looking and satisfactory costumes can be built out of a very moderate amount of material and at satisfactorily moderate prices.

Half a dozen of these new war-time economy frocks are pictured today, each frock worn by the well known actress who particularly fancies its style. If you will study all these frocks carefully you will observe how each conforms to current modes in woman's costume, what economy is shown in the amount of material used, and what graceful, youthful lines are given by these little war-time dresses for autumn. In the youthfulness of the models lies their particular appeal to femininity, but their practical features can appeal no less to women who like simple, one-piece costumes of dark material for run-about wear.

**Hazel Dawn's Co-Ed Frock Essentially Girlish**  
One of the prettiest of the economy dresses is a model called the Co-Ed Frock; and one is sure this dainty little Co-Ed costume will be as popular with school and college girls, the country over, as ever the familiar and beloved Peter Thompson was. Miss Hazel Dawn wears her particular Co-Ed frock very gracefully and one sitting the camera caught her, sitting in a window and watching the troops march down Fifth Avenue in one of the recent big parades. The Co-Ed frock, you will observe, has a narrow pleated skirt of serge and a button-back blouse of satin frangaise, a wide, soft sash with fringed ends, outlining the waistline and giving a longer line to the blouse. The sleeves are rather

light and are set in small armholes, according to this season's notion and the neck of the blouse is rounded out in girlish fashion and edged with a facing piped, like the cuffs in beige color. The definite touch of color is given by a cord ornament on the left shoulder. This may be in blue and white, red and white, or other color combination according to the colors on the chevrons of the particular officer fighting for Uncle Sam.

### Polish White Cross Organized by Mme. Paderewski

ONE OF THE fine achievements of the year—another testimony of what woman is doing for the cause of the Allies—is the Polish White Cross unit of nurses, recruited in this country for service in France by Mme. Helena Paderewski, wife of Ignace Jan Paderewski the pianist. There are thirty-seven young women in the organization, all recruited in this country though only five of the thirty-seven are of American birth. Thousands of Poles are fighting with the Allies. The Poles in America responded gloriously to the call for recruits and one has only to read the casualty lists and note the number of Polish names to comprehend how many sons of Poland are in the front lines, fighting with the army in France. Mme. Paderewski and her husband have been interested in the establishment of Polish hospitals in France, where wounded Polish soldiers could have the ministrations of physicians and nurses who speak their own tongue, and two of these hospitals have now been established. Mme. Paderewski recruited thirty-seven young women nurses in America not long since and the unit was financed by personal contributions of

friends of Poland. The nurses wear a white uniform with white veils banded in color, and the Polish white cross on a colored square on the breast of the uniform, near the collar.

**CHERRY IS RIPE IN JEWELRY**  
JUST IS "CHERRY RED" jewelry is just now. Sport jewelry it is called, for these gay ornaments are worn with summer sport clothes and not with formal costume. Of course, the color gives this sport jewelry its name, "cherry red." Necklaces, earrings and brooches are in the bright, rich cherry color which is most effective with white sport gear. The cherry red harmonizes also with new heather tones in worsted sweaters, with heather mixtures in tailored sport suits and with certain other shades—notably with gray—which is particularly smart this summer for sport wear. There are long bead necklaces in the cherry red hue, and earrings in close or pendant style. Pendants for the necklaces have cabochon stones in cherry red, set in gold plated mountings. The jewelry is not expensive, ranging from fifty cents to two dollars, according to the size of the article selected.

When a Frock is Severely Simple Says Charlotte Walker, Beads Can Make It Distinctive

ipped off and the skirt worn with some other kind of blouse—what a splendid frock for a week-end visit, to be sure! The tunic has most graceful lines, straight from shoulder to knee yet escaping a too-plain effect by the clever breaking of the lines; at either side with pleats and buttons, and across the front by an odd little pleatum arrangement that is truly novel. This pleatum, the edge of the tunic and the sleeves are bound with silk braid. Skirt and fringed sash are of soft satin, and the collar and cuffs are of pale tan linen. The little buttons are tied neatly in a plain by narrow grosgrain ribbons—a whim of the season.

**Sandwich Frocks Admit Of Many Economies**  
Suppose you owned one of these new sandwich frocks, such as Miss Naomi Childers is wearing in the picture; would you not take advantage of the long-sleeved satin slip under the "sandwich" and have made several tunics of various materials to wear with the slip on different occasions. That is one of the economy ideas of the new sandwich frock—that and

the almost absurdly small amount of fabric out of which it is made. Miss Childers' sandwich frock has a tunic of dark blue faille handsomely embroidered, over a slip of black satin frangaise. The square neck opening is a smart feature of present style, and the turned up "cut" belt, fastening under the arm with a satin-covered buckle, is extremely new. Collar and cuffs are of white satin button-holed with wool in shades of blue and black. The sandwich might be of serge, of gabardine, of jersey cloth or of mohair as one preferred, but the filling of the sandwich—as one might express it—or in other words, the underslip, should be of satin. This gives the costume its soft lines and also helps to conserve wool, one of the first duties of this year's war-time economy frock! With this attractive sandwich frock, Miss Naomi Childers wears a new fall hat of gray silk, piped with blue velvet. Around the base of the piped and crushed crown is a fringe of blue velvet rising from the brim, and two long blue quills curl over this fringe. Her black pumps have very smart cut steel buckles and her stockings

## The FLAPPER'S HAT PROBLEM

EVERY MOTHER of a girl between thirteen and sixteen knows that it is far more difficult to select hats for this "difficult" age of girlhood than it is for any other age between babyhood and twenty. As soon as the young girl arrives at sweet sixteen, puts her hair up and lengthens her skirts to her boot tops, she is likely to take over her own hat problem and settle it to her own great satisfaction—if not to her mother's. And any sort of hat, the simplest or the most bizarre, looks adorable on the maid between sixteen and twenty. But the flapper, just emerging from childhood and not yet possessed of the graces and soft contours of youthful womanhood is woefully hard to suit in the matter of headgear. In the first place, she is at the awkward age. Very likely she is freckled and her hair is unmanageable. Unless it is naturally curly it is prone to be flat and wispy; it cannot be bobbed any longer and it may not be marcelled or artificially waved except for special occasions. So the little flapper's needs must be carefully considered always remembering that a becoming and good looking hat is three-fourths of the costume in the inevitable value of smartness.

If a young girl wears a smart hat, she is smartly costumed as a rule, whatever sort of frock she has on. If her hat is shapeless, shabby or bad style, on the other hand, not the daintiest frock in the world can make her "a well dressed child." The flapper's headgear also needs renewing frequently. No other headgear—even that of the small boy—gets harder treatment and it is quite useless to expect hats for girl or boy in the early teens to last through a season, any more than boots do.

It is wiser in most cases to select for this age hats that are smart rather than "pretty" or picturesque. Even a plain little girl looks well in a very smart hat, while only a youthful beauty—of flapper age—sets off a picture hat. Of course, the matter of hair makes a great deal of difference; the young girl with wavy, abundant tresses, or thick curly tresses, will present very few problems, in the matter of hats. For one thing, the head size of the girl's hat is an important consideration. If a hat sets too high on the head it lacks smartness; if its head size is suitable for a head crowned with masses of wavy hair but the youthful wearer has scanty, sleek locks, the hat will settle far down and almost eclipse the little face. Even a cheap hat, if its shape is good and its fit on the head correct, will be smarter than an expensive model, too big for its young wearer and giving her the appearance of being overwhelmed by her millinery.

The new heavier sailors for fall look well on most young girls of flapper age. These sailors come in various shapes, one of which is pictured. There are sailors a bit more mature in suggestion—with the large crown and narrow brim favored this summer—and some of these heavier sailors have bands of grosgrain ribbon in white or in contrasting color. The pictured sailor is very smart on this girl of fourteen or thereabout and the elastic chin strap gives a childish suggestion that is charming with the soft curls of the little wearer. If the flapper were a year older and wore her hair braided and tied with a ribbon at the back, would look better in the narrow brimmed sailor, without a chin-strap. Young girls this season fancy rakish little service caps with elated crown and straight, upturned brim, patterned after the small of the British aviation units. The hats come now in knitted wool. The flappers find them delightful, wear with school jackets and sweaters. They are dashing and smart, of course, but their style is a bit informal and unconventional for a thing but a school play hit; there is such a thing for them at a moment that their vogue cannot over long.

### Probably on All Four Tires

Caughlin: When Cheaplight thought that bargain car with the poor tires, he invited all the neighbors for

a long celebration trip. Laughlin: Yes they had a regular blowout.

**Appropriate Anyhow.**  
"I understand that the pianist went crazy during old Phatpurr's funeral and made a dreadful break?" remarked Lerret.

"Yes" answered Yadiob; "instead of playing Chopin's Funeral March as the casket was being carried out, he struck up 'Where Do We Go From Here?'"

**At Home.**  
The program at the Twentieth Century club was on Joan of Arc her tortures and imprisonment. A small boy had been allowed to accompany his mother and had seemed much interested in the program. On the way home, he said:

"Take me again, mother. I like that Penitentiary club."

### ONE EYE TOO MANY.

Ben Turpin, the famous cross-eyed comedian, tells that on one occasion he approached two small Liverpool boys, and asked one of them to carry his bag to the station.

"Which one, mister?" piped bothurchins in chorus.

"You," said Ben.

"But which one?"

"You" patiently explained the funny man. There was a pause. Then one of the small boys mustered up courage and said:

"Please, mister, if you'll close one eye then maybe we can tell which of us you are talking to."

**MINARD'S**  
"KING OF PAIN"  
**LINIMENT**

The old reliable remedy for rheumatism, neuralgia, sore throat and sprains.

**Best Liniment Made**  
Mr. A. R. LADNER, Kitchener, writes: "I fell from a building and received what the doctor called a very bad sprained ankle, and told me I must not walk on it for three weeks. I got MINARD'S LINIMENT and in six days I was out to work again. I think it the best liniment made."

Minard's Liniment always gives satisfaction. For any ache or pain, it gives instant relief.

Minard's Liniment Co., Limited  
Toronto, Ont.

**KEEP CHILDREN HEALTHY**  
To keep children healthy the bowels must be kept regular and the stomach sweet. Nine-tenths of the ailments which afflict little ones are caused by derangements of the bowels and stomach. No other medicine can equal Baby's Own Tablets in guarding either the baby or growing child from the ill that follow a disordered condition of the bowels or stomach. They are a mild but thorough laxative and never fail to give results. Concerning them Mrs. W. B. Coolidge, Sarnia, Ont., says: "I have used Baby's Own Tablets for over three years and have found them the best medicine I have ever used for my children. I never have any trouble giving them to my little ones and they have saved me many a doctor's bill. My advice to all mothers of little ones is to keep a box of the Tablets in the house." The Tablets are sold by all medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

**Memorial.**  
In sad but loving memory of our beloved father Nicholas Raitor, who died one year ago to-day June 21, 1918. Sad so sad was the call Of him so dearly loved by all. He suffered much but murmured Not. We watched him night and day. His aching heart grew less and less. Until he passed away. More and more each day we miss him Friends may think the wound is healed. But God alone knows the sorrow That is within our hearts concealed. Peaceful be thy rest dear father. It is sweet to breathe thy name. In life we loved you dearly. In death we do the same. Sadly missed by his loving wife and children.

Don't miss Mon. opening day Chautauqua—Why? Because the "old home singers" will be there in colonial costumes in the afternoon and again at night. One hundred seventy pounds of Welsh energy be turned loose upon a Kitchener audience and you'll want to see it effect upon the crowd. The hum dynamo Dr. Arthur Wallyn Eva, blood relative of David Lloyd George of England will turn on the curra and there will be big flashes of hum inspiring stories, wit eloquence a oratory—Nothing finer for Mond and the whole chaut week.

Dr. J. Salmon aged 98, died at home in Simcoe.

## Tigers Win Second Tilt

**Sharp Was Hit Hard and Often—Many Side Features**

The Saginaw came back strong yesterday and walked all over the Beavers. They hit Sharp hard and often and tired themselves out running around the bases. The final score was 10-3 and Kitchener never had a chance.

Talk about your in-and-outers. Thursday the locals performed like champions behind Rose but they turned around and played like a bunch of sandlotters for Ernie Sharp. It is true, Sharp was hit hard in bunches, but apart from that the Beavers showed about as much pep as a licked pup. They seemed to lose all energy after the Hams accumulated that three run lead in the first inning.

Apart from the game, the story of which does not make very interesting reading, several side attractions were staged. One of these was a small size riot that threatened to break out in the sixth inning when Lowry ran into Sharp on third base line and some fiery words were exchanged. The crowd surged on the field when the pair nearly came to blows but cooler heads intervened and the bout was called off.

Several of the players in the Hamilton dugout got into arguments with spectators and a free-for-all was prevented when Sergeant Grasser appeared on the scene.

Some very ungentlemanly remarks, alleged to have been made by Manager Shaughnessy, regarding the patriotism of the Kitchenerites, were likewise resented and nearly caused trouble.

In addition to these, Umpire Anderson helped fan the wrath of the fans and players with his raw decisions which caused a lot of wrangling on the part of men of both teams. His work is the poorest of any official who has been seen around the local lot this year.

A bitter feeling exists between both teams and this afternoon's battle with sunny Gilbert on the mound for Kitchener will doubtless draw a big crowd.

Struck out: By Glazier 3 by Sharp 5. Left on bases: Hamilton 5; Kitchener 6. Passed ball: Lapp. Time of game 2 hours. Umpire Anderson.

## ON THE SIDE

Catcher Lapp, the nineteen year old phenom of the Tigers is the best slagger seen around these parts in many a day. He is also very speedy on the bases.

Dad Stewart, formerly with St. Thomas Canadian Leaguers, has assumed the management of the London Tecumsehs, following Hagel's resignation yesterday. Stewart is the fourth leader for the London team since the season began and it is sincerely hoped that the big fellow is more successful than his predecessors.

This has been a bad week for the Saginaw Aces. The leaders of the league dropped their fourth game of the week and the second on two days to Flint when the Halligans defeated them 4-2. It was the first series Saginaw has lost this season.

In a pitchers' duel between Gockey of the Reds and Scott of the Tecumsehs Brantford shut-out London 2-0. Reeves, released by the Sox has been signed by the Indians. Dad Stewart batted for Hagel in the ninth and hit a single.

Coming from behind, the Custers made a strong finish and nosed out the Wolves in a pitchers' battle between Ocker and Cook, winning 3-2.

If President Jackson has any desire to see the Mint League prosper, he will knock down immediately and scour the country for some umpires with better eyesight than those who have appeared here this year. His representatives here thus far have been nothing short of jokes.

Sharp fanned Sharp twice yesterday, but he got on base twice and scored both times. Lapp had four hits but did not score runs.

Westlake tried to bunt in his accustomed fashion in the fifth but changed his pace after two strikes were called and slammed out a three bagger. He missed the whole thing up, however, after trying to make home on an infield hit with no one out.

**FRIEND OF AMHERST STUDENTS.** Prof. David Todd, the astronomer who recently took pictures of the total eclipse of the sun from an airplane flying from the west coast of Africa, is better known at Amherst college. Amherst, Mass., as "Dave" Todd, the best x-ray maker for the boys in the whole school, and naturally one of the most popular members of the faculty. It is said that he has helped out several thousand students, with his excuses for them, during the 30 years that he has been "official exouser" at the college.

One day "Dave" met a Mrs. Fitch walking shamefacedly away from the school with her son who had been expelled. He prevailed upon the mother to wait around the campus until he could argue with the board about the boy's expulsion. He was successful, and to-day Amherst points proudly to her playright son—Glyde Fitch.

Prof. Todd, in addition to his astronomical studies, has also invented various improvements for flying machines. He helped Prof. Langley with his experiment 30 years ago.

The body of May Barnhart, the school teacher who was drowned in the St. Lawrence near Chimney Island and was recovered at Prescott.

Rev. T.A. Rodger, who has been in charge of Dr. Pringle's church during his absence, has received a call to Cornwall Presbyterian Church.

Albert Grant and Samuel Keith two Fredericton, N.B., boys, had a narrow escape from drowning while gathering driftwood, when their boat capsized.

Will of Dr. J. Ewing Mears, Philadelphia, leaves \$100,000 to Harvard University for study of methods of reforming criminals by surgery.

# GERMANY WITH TWO GERMANY

**WHAT ITS NOTE SAID TO CONFERENCE**

PARIS, June 23.—The German in which Germany agrees with reservations, to sign the peace treaty received by the President of the conference at five o'clock evening. The reply of the German through the council of 4, was admitted to the German plenipotentiary at Versailles.

The German note, dated June 12, and addressed to M. Clemenceau, says: "The far-reaching proposals of the German government have only in certain respects received any acceptance. The concessions made only touched the surface of the conditions in a small degree. The allied and associated governments have in an ultimatum, which expires on June 23, confronted the government of the German republic with the demand either to sign the treaty of Versailles, or to refuse to sign it. In the latter case, a complete defensive people has been threatened with the forcible imposition of conditions of peace already presented and with the increase of heavy demands. The German people do not wish for the resumption of the big war. It honestly wishes for a lasting peace.

In view of the attitude of the allied and associated governments, German people have no other recourse in its hands save to appeal to the eternally inalienable right to an independent life, which belongs to the German people as to all peoples. The government of the German republic is, nevertheless, ready to the conditions of the allies with reservations, if not done of its own will. Representatives of the German Republic solemnly declare that its attitude is to be understood in the sense that it is yielding to force, but resolved to spare the German people whose sufferings are uncalculable a new war, the shattering of its nationality by further occupation of G

**New Tire Company on The**

The First Steps WILL BE LSH

"Monday morning?"

This reply by Mr. T.H. Rieder, president of the Ames-Holden-McCreedy Company Ltd. who are about to erect a big tire factory here, it disposes with what dispatch the company will build its plant. The question asked of Mr. Rieder was whether the operations of erecting the factory on the Bowly property on Wellington street would commence.

The fact is that instructions of the company are that the preliminary preparations on the property are to commence immediately. Men were at work today. The first operation of course is putting the property into shape so that excavating can be proceeded with. This means that some of the trees on the ground must first be removed.

Will Build at Rear.

It was learned from Mr. Rieder that the new factory will be erected at the rear of the property. For the present at least the residence does not have to be removed. The building will be in an L shape. A part will be along Wilmot street and the other section behind the residence extending towards the G.T.R. tracks. It will be a four story structure and will be reinforced concrete and brick construction. The exact dimensions of the building however are as yet not known. It will be built on the unit system and it can be added to readily as the demands on the business grow, and it will be a modern structure in every way.

The front part of the property will be kept in the appearance of a park. Utilities. There will be plenty of room for expansion along Wilmot street and King.

What about the cost of the building? The Record queried of Mr. Rieder.

"We don't know as yet. We have put aside one million dollars for the purpose and that is all that we know. When building you must make an estimate and put so much aside. Should you later find that the cost is less than that you can reduce that amount," he replied.

It is the company's intention to make time for the 1920 market. Asked whether the plant could be finished in time Mr. Rieder said it could.

"By Christmas you can have your machinery in and by February you can be finishing and by March you can be making tires," he remarked.

Mr. Rieder states that the contract for the work had as yet not been let.

It is understood, however, that a
