MAPLE LEAF NOTES. The Leafs are to be furnished this week with new maroon stockings, caps and sweaters.

Maple Leaf players who are not working must practice from 9 to 11 a.m. and from 6:30 p.m. till sundown.

Quelph Herald: If London keeps on grabbing up our players it will be difficult, when the battle ground is reached, to tell which team represents Quelph. There seems to be a good deal of the hog about London.

Herald: The new pitcher from Holland, Mich., arrived in the city yesterday and had a practice with the boys in the evening. From all accounts the Leafs experienced great difficulty in connecting with his curves.

Mercury: After some one tells Manager Sippl something he knows it, but not before. The main strength of his team lies in the talent that Quelph has developed. Even Strouger would not be in London now if Quelph hadn't a line out for him.

Leaf directors was held last night, and the pruning knife was applied on their string of players, resulting in juggling off the list Mulhall, Doeburg and McClung. Genuine regret was felt and expressed in having to let a good snappy gentlemanly young player like McClung go, and he would have been retained if they had a place for him. There has no particular fault to find with Mulhall either, but Doeburg does not come up to the mark.

VON DER AHE'S LATEST. St. Louis, May 12.—President Von der Ahe, of the St. Louis Browns, has attached Baltimore's share of the receipts of Sunday and Monday's ball games, amounting to \$3,440, as their portion of the expenses of fitting up Penderton Park in Cincinnati and Athletic Park in Philadelphia. Another change has been made in the Brown's management. President Von der Ahe taking charge of the team. Monte Cross was appointed captain.

FLYS. John Ward says he will not accept the offer of the Louisville club to manage the Colonels this year.

New York wants to buy Pitcher Hughes from Pittsburgh. It costs about \$100,000 a year to run the New York club.

Doc. Sippl is a great diplomat. His latest move is to send a love letter to

Mellroy and see what coaxing will do when threats failed. He imparts the information that Cal. Davis has notified him (Sippl) that Mellroy must play in London, and the great "Doc" adds that if Mellroy comes byones will be byones. Be gone, Doc. You make us weary. Gough Mercury.

The Que. Herald says that against the Aetnas, Carney and Congalton, of Quelph, did the twirling easily and effectively. Carney appeared to be in great form, and had excellent control.

A friendly game of ball was played on the Adelaide street common Tuesday night between the Junior Pastimes and the York street Stars, resulting in favor of the latter by a score of 6 to 4. Batteries—For Pastimes, Fitzmaurice and Connors; for Stars, Brown and Watts.

In the ten games that the Toronto have played Padden has made 12 hits, Stuart 11, Freeman 11, Smith 9, Lutenberg 9, O'Brien 9. Casey has only played in six games, but he has got together nine hits, while Wright's total for the same number of games is 1 hit. In three games Boyle has only succeeded in getting one hit.

First Baseman Lutenberg (formerly of the Tecumsehs) has been made captain of the Toronto team. He is a hard worker, and knows all the fine points of the game.

Crane has been released by Providence. "Rasty" Wright is leading the Atlantic League. He is playing right field for Newark, and Bruce Whitehill, brother of Alex, is pitching for the team.

London, of Pittsburgh, formerly of London, made his first error of the season last Thursday.

SYRACUSE 6, TORONTO 0. Toronto, May 12.—The home team received another coat of whitewash yesterday, and the score of the opening game of the season last Friday was duplicated. The Stars shone brilliantly yesterday. Mason's curves proved too hard to solve, Freeman being the only player who seemed to take kindly to them. Mason's support was excellent. On the other hand, Moran was effective enough in the box, but his fielding was wretched, and he can blame no one but himself for losing the game. The game, except in the third and fifth innings, was clean and sharp on both sides, the only thing lacking from a local standpoint being the failure of the home players to hit safely when a hit was needed.

WINDSOR RACES. Windsor Race Track, Ont., May 13.—Following are the results of yesterday's races:

First race, selling 5-12 furlongs—Fairchild 1, Damask 2, if 3. Time, 1:09.

Second race, 7 furlongs—Subito 1, Wang 2, Begue 3. Time, 1:23.

Third race, selling 1-2 mile, 2-year-olds—Agent 1, Glen Albion 2, Carry N. 3.

Fourth race, selling 1-16 miles—Peytonia 1, Lightfoot 2, Master Fred 3. Time, 1:48 1-2.

Fifth race, selling 5-12 furlongs—Petrelene 1, Bridget 2, Tit-for-Tat 3. Time, 1:07 1-4.

OPENING AT MORRIS PARK. New York, May 13.—The weather was just right for racing purposes yesterday, and a great throng of people journeyed to the track at Morris Park to see the first racing of the season here. The Metropolitan handicap, which was the attraction, and the fact that Henry of Navarre did not start was something of a disappointment. Sir Walter was the choice of the minority, and 7 to 5 was offered and quickly taken. He was played on his good work. Counter Tenor and Dorian each had about the same number of supporters at three. The others were neglected by nearly everybody. The start was not a very good one. Hornpoule was second, and followed by Sir Walter, with the rest bunched. They ran in this order to the hill top, where Sir Walter showed in the front. Rounding for home, Hornpoule showed signs of distress, and Sir Walter turned for home with a good lead. Sir Walter won the race by a length, and the sixteenth by Counter Tenor, and fighting finish resulted, Counter Tenor winning by a head from St. Maxim, who was only head in advance of Sir Walter. From a time standpoint the race was very good, though it does not approach the track record.

ROTHSCHILD STILL WINNING. London, May 12.—In the Visitors' plate at the Newmarket second spring meeting today, there were ten starters. The result was as follows: Mr. Leopold de Rothschild's Little Bob won; Mr. Dobell's Hindley second, and Mr. W. M. Redfern's Confessional third. In the race for the Extinguishers' plate of 500 sovereigns, ten horses started. Capt. Maclellan's Alfie won; Mr. P. Lorillard's Astor was second, and Mr. Ephraim Denison third. Mr. Wishard's American horse Helen Nicholas was unplaced.

GREAT RACES AT NEWMARKET. London, May 13.—No American horses started in the race for the Newmarket stakes of 3,500 sovereigns. Mr. Leopold de Rothschild's Geleazzo won, the Duke of Devonshire's Balsame was second, and J. H. Platt's Bradwardine was third. Fifteen horses ran.

Mr. Pierre Lorillard's (American) (Bersak) ran third in the race for the Dyke plate of 300 sovereigns. Mr. R. Lebaudy's Perseus won, Mr. L. Brassy's Agnes was second, and Mr. P. Lorillard's Sandia won the Maiden plate of 103 sovereigns at Newmarket today, seven horses running. A horse owned by George H. Ketchum, of Toledo, Ohio, name not given, was second, and Mr. Reid Walker's Red Virgin was third.

In the all-aged selling plate there were sixteen starters, including an American horse, Mr. Wishard's entry, which finished second. The conditions were: An all-aged selling plate of 103 sovereigns, for 2-year-olds, the winner to be sold at auction for 400 sovereigns. Distance, 5 furlongs. Molesey was first, Mr. Wishard's entry second, and Castler was third.

TEN DAYS' AT MONTREAL. Montreal, May 13.—Arrangements are being completed for a ten days' race meeting on the Bel-Air track on June 27 of this month. This will be the largest meet ever held in the province, as over 200 horses are already pledged by their owners to appear. Many of the horses at Windsor now will be transferred at the close of that meeting to Montreal. The Bel-Air Jockey Club have negotiated the matter through Mr. E. King Dods, of Toronto, with Messrs. Price and Palmer, of Nashville, Tenn., who are the most prominent members of the Windsor Racing Association.

AUSTRALIANS ALL OUT. London, May 12.—The Australians resumed their inning today in the cricket match against the Sheffield team, and were all out for 257 runs. Yesterday the Australians made 241 runs for five wickets.

GOLF. PRESENTATION OF A CUP FOR COMPETITION. The popular captain of the London Golf Club has presented a handsome cup for competition amongst the members in connection with the monthly handicap matches, the condition of the competition being as follows: After the last of the monthly handicap matches

for the year has been played, the four best net scores of each competitor shall be selected from the scores made each month, and the competitor having the best net average of the scores so selected shall be declared the winner of the year's competition, and shall be entitled to hold the cup until the following year. A member desiring to compete for the cup must play at least four of the monthly handicap matches. The cup shall be awarded for each year on the conditions stated, and when won twice by one person shall become his absolute property. Competition to commence with the May handicap match of this year.

The club house now being built on the links is nearly ready to occupy, and at a meeting of the executive held on Monday it was decided to have a grand opening day on Saturday, May 23. The Hamilton club are to play their return match with the home club on that date, and arrangements are being made to make it a gala day. Full particulars will be given later.

THE WHEEL. At a meeting of the Cycle Board of Trade it was decided to hold a cycle show in Toronto early next year. Arrangements have been made for Johnson to ride at the Catford track, London, on June 6, where he is offered a mile record of 1:53. Weighing will shortly make an attempt to lower the hour record, and McDonald is preparing to go for some of the short distance figures.

SPOKES. It is said that Walter Sanger can get backing for a machine with 100 W. W. Hamilton to the amount of \$20,000.

The Referee says that Harley Davidson is holding the market. They say that he should be the fastest man in Canada upon his return here. Every time a wheelman rides against somebody in a crowd, he is disfigured several others, and keeps them from buying wheels.—L. A. W. Bulletin.

At the great international cycle match, held recently at Sydney, N. S. W., Martin, of New York, defeated the Englishman, Austin, by a score of two to one. Martin has won \$3,350 since his arrival in the colonies.

Another "non-puncturable" tire has been placed on the market. The tire with three of this character heretofore invented has been the fact that the material used materially lessens the resiliency of the tire. The new tire of the present invention claims that his tire is not open to this objection. At a recent exhibition a machine was run with these tires, and a strip of canvas filled with inverted tacks without apparent injury.

Queen Margherita, of Italy, is an enthusiastic wheelwoman. She was gliding smoothly along one of the forbidden paths, and was about to be stopped by a soldier stopped her. He did not know the Queen, and placed her under arrest. He bewailed his zeal, and when he learned that she was the Queen, and was in a position to bring forward a photograph of the Queen, sent by herself. The Queen expressed her hope that the soldier would study the photograph and know her the next time.

Use of leather for pneumatic tires is attracting attention. A Chicago firm has on the market a tire, the outer casing of which is made of leather, and the specially prepared leather, which contains an endless tube of rubber, firmly cemented on the under side to the leather. The manufacturer claims that this tire is especially adapted for use on rocky or road, and that it will stand an unusual amount of wear. Another quality claimed for these tires is that they will not be affected by heat or cold.

A TRUE BILL. In the Whigham Outrage Case—Crown Prosecutor Does Not Ask a Conviction for Manslaughter. Goderich, Ont., May 13.—The trial of the alleged Whigham whitecapers, Chas. Manser, Robt. Harrison, Albert Martin, and John Montgomery, and Phippen will commence this morning at 9:30. This evening will probably see the conclusion, as Mr. E. Saunders, who has been in the case in hand, says he does not think it will take more than five or six grand jury verdicts to return a true bill for manslaughter against the prisoners yesterday, and the men were brought up for arraignment. In the closing minutes of the day, the jury would bring in a verdict of "not guilty" to the question.

Yesterday when court opened Mr. Chalmers, the crown prosecutor, moved for the discharge of one of the prisoners, James Netterfield, as there was not sufficient evidence against him. His lordship agreed, and discharged Netterfield. Mr. Chalmers said he did not expect a conviction against Netterfield, and he was confident the jury would bring in a verdict of some kind, as they are allowed to do in the case of a "not guilty" verdict. The feeling was strongly in favor of the whitecapers in Whigham. Neither of the five looked to be more than 25 years old. Four of the whitecapers are married, and three of the wives were in court.

AMERICAN POLITICS. Cleveland Said to Be Out of the Presidential Race—McKinley Blacklisted by the A. P. A. New York, May 13.—The World, in a special from its correspondent in Chicago, says: Washington Hising, postmaster of Chicago, appointed by President Cleveland, declined to me a political secret which seems to set at rest the question of Mr. Cleveland's candidacy for the nomination as President at Chicago in July. "I called on the President recently at the White House," said Mr. Hising, "I have been, as you are aware, on very friendly terms personally with Mr. Cleveland. He informed me in unequivocal language that under no circumstances would he again be in the field. He said there was one reason alone that would prevent it. That is his health. He would not even consider the possibility of making an attempt to attain in the honor it was possible to attain in the exalted position he occupies, and that he would have no more to do with it."

Washington, May 13.—The Supreme Council of the A. P. A. held an informal meeting yesterday, the first of the convention. There were now about 200 delegates on the scene. The action of the advisory board in blacklisting McKinley will be opposed by the eastern men.

Mrs. Celeste Coon, Syracuse, N. Y., writes: "For years I could not eat many kinds of food without producing a burning, excruciating pain in my stomach. I took Farnes's Pills according to directions under the head of 'Dyspepsia or Indigestion.' One box entirely cured me. I can now eat anything I choose without distressing me in the least. These pills do not cause pain or constipation, and are used when a cathartic is required."

The General Elections.

Remarkable Utterance of Mr. Foster on the School Question.

The Manitoba Bill Utterly Worthless According to Him.

Another Two Conservative Candidates Repudiate the Tupperian Policy.

FOSTER'S VERSION OF IT.

Ottawa, May 13.—The so-called Remedial Bill was described by Hon. George L. Foster, Minister of Finance, in St. John on the evening of the 8th. As reported in his own organ, the Sun, he "pointed out that there was not one line in the Remedial Bill appropriating one dollar for the schools of the minority. It only enabled the Catholics of Manitoba, to assume a corporate capacity. They must pay for their own schools, and not only that, but though they get not a cent of public money, their schools must be equal in standing and efficiency to the public schools. Is this mockery of the minority what Sir Charles Tupper was going to do for, and what Bishop Langevin thinks it is worth his while to preach for? There has been no exposure of hypocrisy so complete. The Tupper, Haggart, Montague, and other members of the Cabinet go to their constituents and tell them that the constitution obliged them to introduce all the money that they could, but the bill introduced was no good, that it simply gave the Catholics a charter of incorporation and left them to establish the system as best they might. He assured that without money they would be powerless; while in Quebec and the Catholic communities in Ontario, the present measure to be a diametrically opposite character. Thus the double-faced game goes on.

THE LIBERAL LEADER. Quebec, May 13.—Mr. Laurier will speak for Sir Henri Joly's candidature on May 20, at Portneuf, in Levis on May 21, and in Belleschasse on May 22. His visit to Quebec, recently closed, was one of the most successful of his life. On May 26 there will be held at St. Louis de Gonzague a meeting, at which the Liberal leader, Hon. Wilfrid Laurier, will deliver a speech. Sir O. Mowat, Mr. Tarte and local Liberal leaders will be present.

ANOTHER ONE YET. Mr. N. F. Davin, Conservative candidate for West Assiniboia, Man., has denuded the Dominion Government's policy on the school question. In an address to the electors, Mr. Davin says if he is returned he will oppose every bill that interferes with provincial rights in Manitoba, and should any person be placed in a position to bring forward a measure more than that of last session he will oppose him.

A MEAN APPEAL. Port Arthur, May 13.—Sir Charles Tupper, speaking in Fort William on the Manitoba school question, said: "If the school authorities do not to the electors, for it is no use speaking to them, but to the Conservatives, and ask you, can you vote to turn out the present Government? It is a French Roman Catholic Premier."

THE KINCARDINE REVIEW. Conservative says: "If anybody suspected Sir Charles Tupper of complicity in the Manitoba school question, he took place in January last, he must be still stronger in his suspicion now. Every vestige almost of poor old Bowell has been wiped out. He is not in it himself. Oumet, Caron and Daly, who stood by him in his extremity, are out of it also. The strikers are on top. But don't weep for Mr. Bowell. If you have tears, hold them for some other occasion. He had the whipstock in his hand. He could have whistled the strikers back to the mill. He could have protected his friends. He chose not to use that power. What his reasons were we know not, but we know that by his own pusillanimous conduct he has sacrificed himself and left his friends to be sacrificed by his enemies. He is entitled to no more sympathy than you can give him with due regard to all the circumstances. Newspaper reports say that he and Sir Charles Tupper are on the very best of terms. That may all be. At all events we can swallow it in Kincardine, where we have lots of salt. But Sir Mackenzie wanted neither Hagart, nor Montague in any Cabinet. Why did he not, master of the situation as he was, dictate his terms before surrendering the cause? It was easy for him, if he chose to sacrifice himself, to safeguard the interests of his friends and dictate the dismissal of his enemies. Sir Mackenzie Bowell's actions are disappointing."

REPUTATION AGAIN. Stratford, May 13.—At a meeting in Stratford on Monday evening, Mr. McLaren, Conservative candidate for North Perth, repudiated the Manitoba policy of his leaders. He would oppose any meddling with Manitoba by the Dominion Government.

A GREAT CHANGE. Belleville, May 13.—The Daily Ontario, referring to the conditions in Hastings, hitherto a strong Conservative county, says: "That an out and out Tupper candidate would be buried out of sight here goes without saying. The treatment that our fellow citizen Sir Mackenzie Bowell has received from the 'nest of traitors' is resented in Hastings. The only hope for Conservatives is to run an independent candidate, who condemns the treatment meted to Sir Mackenzie."

BRILLIANT PROSPECTS. Quebec, May 13.—The Elector says that of the 23 constituencies in this district, he hardly sees one that Mr. Laurier is likely to lose. It had doubts, it says, about Megantic, but the address of Mr. Smith, the manager of the Montreal mines, leaves the result there no longer uncertain. It claims the election of Dr. Goudouin in Beauce, by at least 1,000 majority, of Mr. Faurel in Bonaventure by nearly as many; of Sir Henri Joly in Portneuf; of Mrs. Guay and Rinfret for Levis and Lotbiniere; of Mr. Lavergne for Arthabaska, and of Mr. Talbot for Belleschasse, as absolute certainties; of Mr. Chas. Langelier, for Montmorency, by at least 200; of Mr. Angers for Charlevoix, by over 500; and of Mr. Poultot for Temiscouata, Dr. Fiset for Rimouski, Mr. Carroll for Kamouraska, Dr. Vaillancourt for Dorchester, and Mr. Gaudet for Chicoutimi, by good majorities. In L'Isle the contest will be close, but it believes that Mr. Dechenne—the Liberal candidate—is pretty sure to win.

NOTES AND INCIDENTS. Mr. George H. Wilson, contractor, has issued an address to the electors of Russell county as an independent Conservative. He denounces any interference with Manitoba school legislation by the Dominion in his address.

Mr. A. W. Carscadden is the Conservative nominee in North Hastings. Mr. R. Rogers has been given the Conservative nomination of Lisgar. Quelph district Methodist meeting passed a unanimous resolution in condemnation of the Dominion Government bulldozing Manitoba school policy.

A great mass meeting of electors in Brantford last night was addressed by Mr. Wm. Patterson and Hon. A. S. Hardy.

A SIMCOE SUICIDE. Simcoe, May 12.—A serious shooting affray occurred here about 7 o'clock last night. A young man named Ernest Gibbons, who recently returned from the penitentiary, where he served a sentence of three years, was employed at the Melbourne Hotel, which had just been opened by L. Brady, and it is said that yesterday he forged Brady's name to a check for \$10 and had it cashed for \$8. Brady heard of the matter, and at once issued a warrant for Gibbons' arrest. Constables J. M. Tishdale and Coats went to Gibbons' boarding house, and Tishdale rapped at the front door, while Coats went to the back door. When the door opened Gibbons fired two shots at Tishdale, one of which struck him in the neck and the other grazed the lower part of the body, but neither bullet made a serious wound. Coats, on hearing the shots, ran round to the front, where Tishdale had fallen, and just missed being struck by the third shot. After firing, Gibbons ran to the middle of the street, and putting the revolver to his own head blew his brains out.

CAPT. PARENT DROWNED

DETROIT, May 13.—Capt. Dennis Parent, of the sand scow Kate Grant, one of the most expert swimmers on the lakes, was drowned in the slip at Miller's lumber yard Monday afternoon. He attempted to jump from one vessel to another. Several men prepared to jump to his rescue, but he never came to the surface.

Parent was about 45 years of age, and lived in Tecumseh, Ont. His widow and three children survive him. He was formerly a printer in Detroit. During a storm on Lake Erie two years ago he was knocked into the water by a flying boom on the Grant and for more than three hours beat about the waves. He had no fear of the water, and at first, when he failed to come to the surface, his friends thought he was playing a joke at their expense. It is thought that in falling Parent struck his head against the side of the ship, and was unconscious when he struck the water.

Parent was a native of the town of East Zorra, lost another one of its respected citizens Saturday in Wm. O. Bartley, whose death occurred at his home on the 13th line, about two miles from Woodstock. The deceased was 62 years of age. About three years ago he fell from an apple tree on his farm and was injured internally. He never regained his lost strength, and lately had been failing. Mr. Bartley leaves a family of three children: Mrs. Shaw, of Buffalo; Wm. Bartley, of Buffalo, and one married son in the States. N. H. Bartley, ex-first deputy reeve of Ingersoll, also Thomas, of East Zorra, and George, of West Zorra, are brothers of the deceased. Mr. Bartley was a native of the town ship, having been born in East Zorra 62 years ago.

Discussing Estimates.

The Water Commissioners Want to Show a Respectable Surplus.

Engineer Simmon's New House Costing More Than Anticipated—Saving the Maples.

The water commissioners spent considerable time yesterday afternoon in discussing the estimates for the year, but did nothing beyond leaving the matter open to be discussed at a special meeting which will be held today, and at which the mayor will be present. He was out of town yesterday. The question that bothers the commissioners is how to keep the necessary expenditure on capital account low enough to preserve a decent surplus. The total estimated revenue is \$76,255. The expenditure against revenue is \$32,518, leaving a surplus revenue of the year \$43,737. Out of this will have to come an expenditure on capital account of \$32,200, leaving a surplus of revenue over the total expenditure of \$11,537. An effort will be made to boil the expenditure on capital account down to \$20,000.

Mr. Geo. Belton discovered a legacy of \$5,581 in the shape of arrearsages for water on some land he purchased, and asked to be relieved. There were extenuating circumstances in that the city had started on for the corporation. The water was turned on for the corporation. He was granted a 50 per cent rebate.

The engineer reported favorably on the laying of a main on Riverview avenue to C. Patmore's premises, the estimated cost being \$45,000. A one-horse lawn mower will be purchased for Springbank.

It was decided to call for tenders for the catering privileges of the hotel at Springbank in order to have refreshments on the grounds for May 22nd.

Tenders will also be called for any additional catering privileges, tents or temporary buildings to be erected further down the grounds, west of the present hotel.

Chairman Judd reported that he had not yet received a copy of the Springbank agreement for signature. The inclined railway matter was laid over. "Let us teach the City Council a lesson," said Mr. Cowan. "I move that the engineer be instructed to take immediate precautions to save the maple trees at Springbank from the borers."

The motion carried and men will be put to work at once. Two tenders were received for the installation of electric lights at the pump-house, but the contract will not be awarded for a couple of days.

Tenders were opened for the erection of a cottage at Springbank for Engineer Simmon and the closeness of the engineer to suggest that a combine had been formed.

Ed. Martyn got the mason work at \$70.

Painting—A. Cook, \$53. Plastering—R. Gash, \$95.50.

Left in contract for carpentering was the abeyance owing to the interpretation of the specifications. It lies between Messrs. Addison and Hessel and McDonald and Ailin.

The cost of the entire work will be about \$1,100, which is considerably more than the estimate. There are 10 feet 5 inches of water in the reservoir.

During the past week petitions have been circulated throughout the township and have been signed by nearly every one, praying that, in case the men Harrison, Mauser and Phippen are found guilty of manslaughter, they will be dealt with leniently by Chief Justice Meredith.

At the Guelph Police Court Monday a young lad named Wan, 15 years of age, charged with stealing a cornet belonging to Mr. John Sweetnam, from the Salvation Army barracks on Sunday night. He was sentenced to five years in the industrial school at Toronto.

On Saturday Isabel Jameson, relict of the late Hugh Munro, lot 16, con. 7, West Zorra, was laid to rest at the advanced age of 86 years. For over 40 years she was a resident of the township, she along with her husband and family having removed there from New York city in 1856.

The four Grand Trunk employees—Moorhead, McCann, McAlister and Doering, charged with breaking into a bonded car at Stratford and causing partial destruction of its contents, were brought up for sentence yesterday and fined \$20 each, together with costs and damages, which will amount to about \$200 more.

Fred Buckrell's boot and shoe store, Florence, was entered by a back window the other morning and some 30 pairs of boots and shoes lifted from the floor. Roy J. E. Holmes, of Cambridge, and a set of harness taken.

Michael Advocate: While returning to his boarding house on the evening of April 28, Mr. Percy P. Davis, of Chicago, son of the proprietor of this journal, was held up by three highwaymen and slugged. The first blow, which partially stunned him, but the second left him unconscious. He was badly cut on the head and below the right eye, and had one of his teeth broken. He will be laid up for some time. The young man is a city traveler for a leading wholesale concern, and was supposed to have carried considerable money.

Woodstock Sentinel-Review: Word was received in town today that a farmer named Conway, living near Woodstock, attempted to commit suicide Sunday by cutting his own throat. There are two brothers—Wm. and John Conway—living in this neighborhood, but which of these undertook the deed is unknown. Another brother, Robert, committed suicide a few years ago, hanging himself in his father's barn. He was at the time suffering from a fit of despondency, which was probably the cause with the other brother on Saturday. While his throat is badly cut, it is said he may recover.

Drs. Maybe and Mustbe.

You choose the old doctor before the young one. Why? Because you don't want to entrust your life in inexperienced hands. True, the young doctor *may* be experienced. But the old doctor *must* be. You take no chances with Dr. Maybe, when Dr. Mustbe is in reach. Same with medicines as with medicine makers—the long-tried remedy has your confidence. You prefer experience to experiment—when you are concerned. The new remedy *may* be good—but let somebody else prove it. The old remedy *must* be good—judged on its record of cures. Just one more reason for choosing AYER'S Sarsaparilla in preference to any other. It has been the standard household Sarsaparilla for half a century. Its record inspires confidence—50 years of cures. If others *may* be good, Ayer's Sarsaparilla *must* be. You take no chances when you take AYER'S Sarsaparilla.

Still have doubts? Send for the "Curebook." It kills doubts and cures doubters. J. C. Ayer Co., Lowell, Mass.

\$35,000 FOR A LEG.

Boston, May 13.—Francis A. Daly, Lynn, sued the Lynn and Boston Street Railway Company for the loss of a leg, said to have been caused by a conductor pushing him off a car. The jury awarded him \$35,000.

FOREST FIRES CAUSE HEAVY LOSS.

Houghton, Mich., May 13.—The heavy rainfall for five hours Monday night effectively quenched the forest fires which had been burning for the past week at a number of points, which have caused great destruction. The loss by the fires of the past week on the southern shore of Lake Superior between Duluth and Sault Ste. Marie will reach fully \$1,000,000.

Weak

Weak, nervous women, receive sympathy where they should have sympathy. They cannot help being nervous, if their blood is impure.

When the blood fails to feed the nerves upon proper nourishment what can you expect but nervous prostration, debility and nervous headaches?

If the cause is found in impure blood, the cure must be in making the blood pure. This is just what Hood's Sarsaparilla does, and it has proved the true nerve tonic because it is the true blood purifier, and the solace, comfort and defender of thousands of housewives.

Nervous

teachers, clerks and other sufferers of both sexes. Just read this letter:

"I think it is my duty to tell what Hood's Sarsaparilla has done for me and my family. Two years ago I was in a weak, nervous condition and had dreadful palpitations or jumping of my heart, followed by sinking spells, which would last for several minutes. Sometimes it would seem as though I would never come out of them. I was treated by the best physicians, but only for a little time did they help me. I seemed to be growing worse instead of better. I would often seem hungry, but when I ate, no matter how little, it would cause me such misery that I was often wicked enough to wish myself dead. I had that

Tired

languid, all-gone feeling and suffered awful distress in my stomach. I had given up all hopes of ever being well, when my mother wished me to try Hood's Sarsaparilla. I consented, to please her, and before I had taken the whole of one bottle I could see I was improving, and soon was indeed very much better. Its effects have been truly wonderful and I hope this letter will be the means of helping other suffering men and

Women

to try Hood's Sarsaparilla and be benefited by it. We have used Hood's Pills in our family and find them very excellent, especially for constipation. We give Hood's medicines great praise, and if anyone complains of feeling badly, I say "You should take Hood's and only Hood's." Mrs. KIRBY SMITH, 228 DANE STREET, Waterloo, Iowa.

DEATH OF "PUCK'S" EDITOR.
New York, May 13.—Henry Cuyler Bunner, editor of Puck, is dead. He had been afflicted for some time with tubercular consumption. His first venture in life was as an employee of a Portuguese business firm in New York, but the work was not congenial and he soon became connected with the New York newspapers, and for some years was connected with the New York Times. When Schwartzman & Keppler issued the first edition of Puck it was a German publication. Before long the German edition was supplanted with an English edition, and Mr. Bunner was made the assistant editor, and later he was placed in charge as editor. Under his editorship and with the illustrations of Keppler the publication soon attained a wide circulation. Bunner was 41 years old.

FORCE OF HABIT.
London People Have Become Used to the Great Specific Remedy.

London, May 13.—The dispatch from Detroit with reference to the cure from Bright's disease and blood poison of Mr. Langley, of this city, by the use of Dodd's Kidney Pills, has recalled the wonderful facts of the case to the citizens, among whom Mr. Langley is well known. It has reminded them that Mrs. Langley, among others, also made an equally wonderful recovery. The use of the pills, however, has become so universal here, and there has been so many instances in which they have been used with beneficial results that a similar case would hardly excite as much interest, nor as it did then, when the medicine was less known.

A man may suffer without committing sin, but he cannot commit sin without suffering.

The Clergymen Adopt the Compromise of the Lodge Men.

Some of them Wanted to Qualify the

Acceptance

With Reference to the Band Playing Before the Parade—Left to the Lodges' Good Sense.

The Anglican Clerical Association and the Ministerial Association met this morning at St. Andrew's Church to receive the report of the committee which recently held a joint conference with the lodge representatives. Dean Innes presided, and there were present Rev. Robt. Johnston, Rev. M. E. Talling, Rev. Archdeacon Davies, Rev. George Fowler, Rev. Canon Richardson, Rev. G. B. Sage, Rev. Canon Richardson, Rev. A. G. Harris, Rev. A. L. Russell, Rev. J. H. Moorhouse, Rev. R. H. Holden, Rev. A. Stewart and others.

The secretary of the committee, Rev. J. W. Pedley, was a little late, and the dean suggested that as the proceedings of the other evening were yet fresh in the minds of all the clergymen, the minutes be taken at the request of the Anglican Clerical Association, that they had accepted the compromise in the words of the resolution proposed by Dr. George C. Davis and R. K. Cowan. They also expressed an earnest desire that the suggestion made by Mr. Kingston should be carried out—namely, that the band should not play while proceeding to the meeting.

The dean said that it might have been better had the suggestion been in the form of a resolution, but the temper of the meeting at which it was made was not such as would be likely to promote harmony if they had discussed the subject.

There was an evident desire on the part of some who were there to create some little disturbance, and it was just as well that things had come off as well as they did.

Just then Mr. Pedley arrived, and as he was removing his bicycle clamps someone suggested that if he had walked, he would have got there on time.

Naturally Mr. Pedley blamed the clock at home, and naturally enough the clergy all laughed as heartily at the excuse as any laity would. Rev. Robt. Johnston created a further laugh by suggesting that perhaps Mr. Pedley was still running his timepiece on western time.

Mr. Pedley then read the resolution, which Mr. A. B. Munson, as secretary, had recorded as passing "unanimously."

"That's wrong," said a clergyman. "Yes," assented the dean, with a merry twinkle, "there was one dissentient."

And those present laughed.

Rev. Mr. Clement moved that the resolution be accepted, with a proviso requesting that the bands refrain from playing to the place of meeting.

Rev. M. E. Talling asked to have the two matters separated. He advised a united acquiescence in the resolution proper, but thought it should not be encumbered with anything else.

Mr. Clement then amended his resolution, which was carried, and the proviso was then before the meeting for disposition.

Rev. George Fowler said it might be seen by passing anything respecting the band that they were demanding something which the societies might not acquiesce in.

Rev. M. P. Talling said that the matter should be left to the clergymen individually, and when they were asked to preach, they could give the societies asking to understand that they would prefer not to have the band play before the procession started.

"Accept frankly and fully the resolution," said Mr. Talling, "and don't say anything more. I think the lodges did play on the way to the place of meeting, the societies would really upset everything that had been done."

Rev. A. G. Harris spoke of the difficulty in the East End, where the lodges gathered at 2:30 to march down town to meet the other lodges.

The dean said that if they did not come to an understanding of the kind suggested, it would neutralize their action, and they might just as well not have raised the question.

Canon Richardson suggested that the matter be incorporated in the preamble of the societies' own suggestion.

Rev. Benjamin Clement did not think the societies should take umbrage at that.

Rev. M. P. Talling argued that the lodges knew exactly the position occupied by the clergymen in relation to the Sunday schools, and would no doubt do as requested without a formal resolution. If the processions still interfered with the Sunday school work they were open to express their disapprobation or take future action. He said there was a tide slowly setting in among the clergymen in relation to the Sunday method of advertising the orders.

The dean, to illustrate the fact that the parades were held largely for show, told the following story: He had been asked to preach for a society, and had agreed to do so. He was later on waited upon by the committee, who said they would have to withdraw their request. "I asked them why," said the dean, "and they said, 'Well, we have not far enough to march.' They wanted a long procession, and when they do not secure a church at a distance they turn around different streets, and go round and round to make it a long march."

Rev. A. Stewart said that he thought it was beneath the dignity of any Ministerial Association to give the lodges a chance to so advertise themselves. They should regard, and try to maintain, the sacredness of the Sabbath.

Rev. Robt. Johnston did not see any harm in couching the request in such language as would make it clear that the proposal first emanated from the lodges themselves. The lodgesmen who were present were evidently leaders in their bodies, and if they left to the honor he fancied they would try to carry out what they knew to be the desire of the clergymen.

It sometimes increased the honor of people to throw them upon it.

Mr. Johnston was asked to make a resolution to that effect, but he preferred that someone else would do that who was in favor of the whole resolution. It would come with better grace.

Mr. Clement suggested beginning the resolution with "inasmuch as," but Mr. Johnston said that that would

make the acceptance of the compromise seem only conditional.

It was finally agreed to let the secretary record the feeling of the meeting, and leave the matter to the good sense of the lodgesmen.

Mr. Pedley said something about acknowledging the kindness and spirit of the lodgesmen at the recent conference.

Rev. A. Stewart, who evidently had a very rigid idea of the use of words, asked if that was right, and said that from the reports of the meeting, and the minutes, it was an "improbable" expression.

Rev. Walter Rigby said that only one man had, and to save time, he would talk an adjournment was proposed and carried.

Fortieth Annual Meeting.

The Y. M. C. A. Elect Officers and Hear Reports.

Making All Necessary Preparation to Enter the New Building Free of Debt in September.

The 40th annual meeting of the Y. M. C. A. was held in their rooms last night, and beyond the election of officers very little business was done.

The report of the building was not given in full. It stated that every effort would be made to secure the funds necessary to go into the new building free of debt. Already the subscriptions amount to \$1,753.51, but some \$12,000 more is needed to complete the building, which will be opened in September. The following board of trustees was elected: W. R. Hobbs, W. M. Spencer, Robt. Johnston, P. H. Harris, W. E. Saunders, W. H. Wortman, Dr. Arnott, Geo. A. Somerville, Thos. McCormick.

At a special meeting of the board the following officers were elected: President—Wm. R. Hobbs.

First Vice-President—F. W. Daly.

Second Vice-President—Jas. W. Westerville.

Treasurer—Thos. A. Browne.

General Secretary—Chas. R. Sayer.

Flood vs. Village of London West—Judgment on appeal in plaintiff's favor.

McNeill vs. Toronto General Trust Company Settled.

Bush vs. Bush—Interesting Parkhill Election Case.

TUESDAY AFTERNOON.

The first case called was that of Wilson vs. Manes, of Parkhill. This was an action brought by John F. Wilson against Edward Manes, arising out of the municipal election held in Parkhill between Henry Leavitt and William Sutherland. It was brought for the penalties given in the Municipal Act, against the returning officer, Edward Manes, for alleged wilful misfeasance of office, in refusing to accept plaintiff's vote. Plaintiff contended that he had a right to take any of the oaths mentioned in the act. Defendant refused to allow him to take any oath except the tenor's oath, he having been entered on the roll as a tenant, but defendant, having afterwards, during the same year, become a freholder, thought he was entitled to take the freholder's oath. Plaintiff also contended that defendant had acted wilfully and maliciously in refusing to administer the oath. The evidence produced showed that plaintiff was a supporter of Sutherland. He had been a resident of the village for ten years, but had purchased a house three months before and moved into it. He declined to take the tenor's oath and lost his vote. The election resulted in a tie, and the returning officer cast the deciding vote for Leavitt, the P. A. candidate. Sutherland protested the election, and when the case came up at Toronto, the election was set aside, and the seat awarded to Sutherland. After hearing the evidence, his lordship reserved judgment, saying he would look into the point raised by plaintiff's solicitor, namely, section 105 of the act, which provides, in substance, that any voter who is entitled to take what form of oath he will take without reference to the character in which his name may be entered on the roll. Aylesworth for plaintiff; E. Meredith for defendant.

The case of Hodson vs. McLeannan was dismissed, no action being for the plaintiff. The judge directed judgment entered dismissing the action with costs.

Emmeline Poole, of London, against Emily Poole, was an action to set aside a certain judgment and deeds of certain lands in Ingersoll. Samuel Poole, father of the plaintiff, died many years ago, leaving four stores to his four sons, each one having a one-fourth undivided interest in the block. Theophilus Poole went to New York, where he married the defendant in 1873, and died in 1886, leaving the Ingersoll property to his wife for life, and after her death to his brothers. At the same time he owed her some \$4,000, for which she held notes. She transferred the notes to one Theodore Rodgers, who obtained judgment in New York, and under this judgment the interest of the brothers of the deceased in the said land was sold, and bought by Mr. W. W. Fitzgerald. He transferred it to the defendant, who asked for partition of said lands, which was done, and the south store was conveyed to her by vesting order from the Court of Chancery in 1894. This the plaintiff is now trying to set aside. Maegoe for plaintiff; J. B. Jackson, Ingersoll, for defendant.

The two cases of Robinson vs. Pollock have been postponed until next Assizes, owing to the absence of a very & Harper for plaintiff; Moss, Aylesworth and Armour for defendant.

GRAND JURY FINDINGS.

A true bill was brought in by the grand jury yesterday afternoon against William Paxon, charged with highway robbery in London West.

No bill was found in the case of Paxon vs. Kite, charged with highway robbery with shooting with intent to kill.

The case of McNeill vs. the Toronto General Trust Company was not listed when the court rose last night,

and the opening of the court was delayed this morning for an hour to permit of the consummation of a settlement between the parties concerned.

The case is one in which John McNeill, an aged farmer of Ekfrid township, is suing the General Trust Company, of Toronto, for a declaration entitling him to one-half interest in the estate left by his deceased brother, Alexander McNeill, who died without making a will. The defendants are administrators of the estate. In 1842 the McNeill family came to Ekfrid from Scotland. Alexander, one of the two sons, purchased the farm upon which they settled from Lawrence Lawrason, of this city, under the instructions from his father, but made the transaction in his (Alexander's) name. Upon this discovery the son was spoken to by the father concerning it, and arrangements were made by which he was to hand over any interest he apparently possessed in the land to him (the father). The father died before this was done, and left a will bequeathing it, it is said, an equal share of the property and stock to each of his two sons. The will was never registered, having been either lost or destroyed. The plaintiff, who can neither read or write, acting under the impression that he was half owner, spent nearly all his life upon the farm, and improved it by erecting thereon a house costing \$3,000. Other transactions performed by Alexander were made in his own name as owner. He died without leaving a will. The three sisters now claim equal share in the property with John.

After the plaintiff had told the story in the witness box, the judge and counsel, consequent upon conference with various members of the family, resolved on a settlement, which was that John agrees to pay to the three sisters the sum of \$2,000 each, without interest, within three years. The estate in question is valued at about \$15,000. R. M. C. Toth and P. McPhillips for plaintiff; Osler, Q.C., and Talbot Macbeth for defendant.

Robinson vs. Sidal and Steels was an action to have it declared that certain chattels and properties passed to the plaintiff as assignee of Joseph Sidal, and for possession of these chattels, also to declare a chattel mortgage upon these goods to be void against the plaintiff. Judgment was rendered for the plaintiff, with costs, as against defendant Sidal. T. G. Meredith for plaintiff; H. M. Gray for defendant.

Taylor vs. Neil was an action for damages for alleged alienation of the plaintiff's wife's affections. The plaintiff withdrew the record. McPhillips for plaintiff; T. G. Meredith for defendant.

Bush vs. Bush was an action brought by Henry Bush, of London township, against his wife to have his farm, of 50 acres devoted to stock to himself from his wife. The deed was given in her name some 23 years ago, but the plaintiff stated that it had been given in trust for himself. Judgment was given restoring the farm to defendant. D. H. Tennant and G. Meredith for plaintiff; Essery for defendant.

Treblelock against Geo. S. Birrell was an action arising out of an election beting transaction in which plaintiff was stakeholder. Judgment was rendered for plaintiff. Gibbons, Q.C., for plaintiff.

BILL AGAINST MARY SEATON.

A true bill was returned by a grand jury this morning against Mary Seaton, who is charged with inciting a Sarnia colored man to set fire to certain property belonging to her husband in Strathroy.

ALISA CRAIG.

"Advertiser" Agent, C. Walker.

Alisa Craig, May 12.—While the Huron and Bruce train, leaving London at 8:05 Monday morning, was moving along at a moderate rate of speed between Hildon and Hildon, the engineer noticed a horse standing on the track, and repeatedly blew the whistle, but was unsuccessful in scaring the animal. The engine struck the beast, and it rolled into the ditch apparently dead, and as the train moved away the passengers witnessed a pathetic scene. A foal came bounding along the road, and when beside its mother vainly tried to attract its attention, and when last seen stood a good chance of sharing its parent's fate. It was standing in the center of the track. Jack Anderson, C. E. Bowdon and Charles Edwards, three accomplished members of the Alisa Craig band, last night entertained the residents to a "musical." The boys are masters of their instruments, and the music was enjoyed by several visitors in the village. The band will play in Parkhill on the Queen's Birthday.

A furious wind storm, which raised clouds of dust, prevailed yesterday afternoon previous to the storm, and drove the poring residents under cover. The rain was welcome.

This usually quiet village was thrown into a state of wild excitement last night by the loud clang of the fire bell, and a rush was made by volunteers for the apparatus. In a few seconds dozens of willing helpers had drawn the pump, hose and ladders from the hall, and then began a diligent search for the fire. The boys running the pumping apparatus took it for granted a fire must be around somewhere, promptly dropped the pipe into the nearest tank, the hose was joined, and in less than three minutes a good stream was played upon the building recently vacated by the Bank of Commerce, and many of the spectators at the time. The ladder was run up, a brave volunteer ascended, the chief waved his arms, the crowd laughed at those who received a ducking, and the practice was ended. Capt. Smith feels proud of the good record made by the boys, who appear to make better time with each call, and intends to give them runs sufficient to keep the department in good trim.

Prolonged Voting—Six Ballots Without Result—The Final Decision.

Hamilton, Ont., May 13.—By yesterday afternoon all the lay and clerical delegates were on hand at the special meeting of the Niagara Synod convened for the purpose of electing a bishop.

The chairman addressed the meeting, reviewing the history of Bishop Hamilton's resignation, after which scrutineers were appointed for clerical and lay votes.

The first ballot resulted as follows:

Name. Clerical. Lay.

Canon Dumoulin 37 21

Rev. Mr. Arncliffe 9 20

Rev. Mr. Kerr, Montreal 5 20

Dean Carmichael, Montreal 4 1

Canon Sweeney 4 0

Rev. Mr. Mockridge 1 1

Rev. Mr. Mills 1 0

The contest then seemed to narrow down to Dumoulin and Carmichael. Only three remained in the sixth ballot, as follows:

Name. Clerical. Lay.

Dumoulin 4 31

Carmichael 16 31

Houston 1 2

Lost 0 0

Total 61 55

The balloting was then postponed until the evening.

DUMOULIN ELECTED.

Hamilton, May 13.—Voting was resumed this morning. Canon Dumoulin was elected bishop by 55 clergy and 47 lay votes.

Canon Dumoulin is traveling in the United States, and has not yet been informed of his election.

CHAPTER I.

The Nomadic Club was holding its monthly dinner, and the dinner had reached that happy moment when dessert arrives. Quite one-half of the men in this room look upon the eating of a long dinner as a tiresome duty, and nearly everybody at the table was content to see the waiter bring a glass of champagne. The Nomadic Club had no home (which was right and appropriate on the part of the Nomadic Club), it existed only for the purpose of dining once a month.

To this feast it was its cunning habit to invite as guest of the club the most prominent man it could catch, and extort from this guest a speech. "Members of the Nomadic Club, you may smoke!"

The members edged their chairs slightly back from the tables, and cigars and cigarettes came out. The youngest members smoked pipes under the impression that it made them look Bohemian.

"Look here, Staplehurst," whispered the chair, "I'll propose the Queen first, and then, after a bit, I'll propose your health, and then—"

"My dear fellow," said the Guest of the Evening, with much fervor, "if I have any influence with the gods, some happy accident will intervene to prevent you. I rather fancy a thunder-bolt will come through the ceiling and knock you over, but I'm not sure about the details. I had no idea that a speech was indispensable."

"For a man who has written the big book of the year," said the chair, "you are an unconscionably stupid person, Staplehurst. Why, this ought to be the proudest moment of your life! If any one thing represents fame, this does. Here are you, invited by a body of representative men in art and literature and what not—"

"What not is good."

"And yet you aren't happy. Why, upon my word, Staplehurst—do you want a light?—upon my word, I believe you're one of the men who don't know when they're really well off."

Gilbert Staplehurst looked at the red end of his cigarette and stroked his short-cropped beard thoughtfully.

"I am nearly always crying for the moon," he confessed. "It's rather pleasant to desire the absolutely unattainable."

"Soyez content, mon ami. You have a charming wife."

"That's quite true," agreed Gilbert Staplehurst with much heartiness. "You're earning goodness knows how much a year out of your books."

"My income is pretty fair, certainly."

"Big house at Chelsea; no children to bother you; only slightly gray; not content as to figure. Why, bless my soul, Staplehurst, what more do you want?"

The Chair, rising to propose the loyal toast, looked down indignantly at his young as some of these men around him. It was a fine thing to have the world before you instead of behind.

"No use worrying about that," said the Chair wisely; "it can't be altered. The whole scheme of things is not to be changed to suit even distinguished writers. My own opinion is that the gods know that they're about, and that it's all for the best."

The secretary of the Club came and whispered to the Chair.

The Will That Failed.

Have you tried over and over again to give up the drink habit, and failed? Have you asked yourself why you should fail where others have succeeded? Have you reckoned up how many of your friends have actually succeeded in giving up drink by mere force of will? If so, you must admit that the number is very, very small. When the drink habit has reached a certain point it becomes a disease which no effort of the will can control. You may abstain from intoxicants for a month, six months, a year or more, but the desire for stimulant is there and constantly asserts itself. Until this desire is entirely removed, you can never feel that you are free from the disease. There are hundreds of healthy, happy men throughout the length and breadth of the land who will tell you that the treatment at the Lakeside Institute, Oakville, completely and permanently removes this desire. with a small pencil three words: "Thanks," "Success," "Youth." The word "youth" he underlined, that he might not forget to speak of the topic of which the word was to remind him. As he held his pencil on the card, he looked before him. For a moment he saw, not four long white-clothed tables with quick-eyed men seated there, but a train coming in at Paddington, and a youth alighting before the train stopped, in his impatience to make a name for himself with the least possible delay—a well-looking youth, with plenty of wavy hair; with the complexion that health brings, and the quick step that comes with 22 and thinks of going at 40 or 50 years.

The youth of 22 looks about him delightedly, observing everything, almost laughing with the sheer joy of living. He has been up from Devonshire three times before, but always with an economic aunt or a careless uncle. This morning he is alone. Today the fight begins. He, young Gilbert Staplehurst, is his own regiment; he has no one to his back to encourage him. Outside Paddington Station—

"Fellow-members of the Nomadic Club!" cried Gilbert Staplehurst, as he hears the Chair's voice, swiftly comes down from the clouds of retrospection to the table-land of reality. "I have come to drink with me the health of the guest of the evening, Mr. Gilbert Staplehurst. (Cheers.) We are not accustomed to our dinners to date with the language that is the expense of the language that is true and it is only right that I should tell you frankly that Mr. Staplehurst, unfortunately, has the impudence not to be satisfied with his career, albeit that career has been one that nearly all of us present here tonight envy. (Hear, hear.)"

"I need not give you a list of the words which have made the name of Gilbert Staplehurst famous wherever English literature is read. I need not tell you how, after Steven-son's 'day out,' he got away, day in and day out, he not so very long ago found himself one of the few men whom the world delights to honor. (Cheers.) We of the Nomadic Club, who desire to meet talent and acknowledge its existence, have done ourselves the pleasure of asking him to be our guest tonight, in order that we may assure him of our regard—(hear, hear)—and our sincere felicitations. (Cheers.) I give you the health of Gilbert Staplehurst; and if one of two of you can sing without causing any fatality—a laugh—we might give it with musical honors." (Cheers.)

The Nomadic Club was made up of excellent young men, most earnest in their various professions, and with many public and private virtues; but of these virtues accuracy in music was not one. Nevertheless, the congratulatory chorus of "For He's a Jolly Good Fellow" was given with great enthusiasm; and if some did sing an octave lower than others, their hearts were doubtless in the right place. Something came to the throat of Mr. Staplehurst as, alone seated, he watched the excitement. A good proportion of the members were on what is called the right side of 30; some were as absurdly young as 21. The noise they were making delighted these younger ones, and they gave the "Hip-hip-hurrah" with so much of strenuous enthusiasm that a jovial smoking-concert in the hall below, finding itself outwitted, the waiter to inquire whether the earthquake was over.

"It's very good of you to say those pleasant things," said Gilbert Staplehurst.

"Did it rather neatly, didn't it?" said the Chair humorously. "I suppose that Demosthenes and myself are really the only two orators worth mentioning."

"I am quite serious," said the Guest of the Evening.

"You shouldn't be, Staplehurst. Life is not a performance to be serious about. The best way is to look on it as a laugh."

"I should laugh," said Staplehurst, good-naturedly, "if I were only as young as some of these men around me. It's a fine thing to have the world before you instead of behind."

"No use worrying about that," said the Chair wisely; "it can't be altered. The whole scheme of things is not to be changed to suit even distinguished writers. My own opinion is that the gods know that they're about, and that it's all for the best."

A DEADLY BOLT

Slow a Father and His Three Sons in Kentucky.

Sadiz, Ky., May 13.—Monday afternoon, during a severe rain and wind storm here, John J. Wallace, a prominent farmer, and his three sons sought shelter under a large sycamore tree. Men had no sooner reached the tree than a bolt of lightning struck it and killed all four of them instantly.

THE IDEAL MAN.

Rev. Anna Shaw Proclaims Prof. E. H. Griggs as the One.

San Francisco, May 12.—Prof. Edward H. Griggs, of Stanford University, who is 30 years old, handsome and brilliant, talked last night before the Woman's Congress on "The Modern Changes in Ideas of Womanhood."

While Prof. Griggs was speaking Rev. Anna Shaw was speaking her eyes from him. As he progressed her look of interest gave way to one of great elation.

She had at last discovered a perfect man, her ideal of a husband, and she could hardly await the conclusion of Prof. Griggs' lecture to proclaim the fact. As soon as he had finished she went up to him and in a voice of triumph declared that she thought she found in these thoughts and lives this life is the man to go with the ideal woman.

At this the applause was so tremendous that Prof. Griggs, who had modestly withdrawn, was compelled to return and bow his thanks.

GREAT HAILSTORM.

Two Thousand Trees in a Quebec Sugar Orchard Destroyed—Hail Piled Two Feet Deep.

Richmond, Que., May 12.—A terrific thunder and hail storm passed over the township of Melbourne from the north-west to south-west yesterday afternoon about 4 o'clock.

Thomas Jones had all his barns completely destroyed.

Wm. Eames' barns had the roofs taken off, and an outbuilding twelve feet square covered by a well was carried half a mile away.

Of a sugar orchard belonging to James, numbering three thousand trees, only one thousand remain standing.

Barns belonging to John Johnson and John Main were blown away. William Fraser, of Pontroy, was badly out on the face by hailstones.

The path of the storm was about a mile wide, and the people living within two miles of it on either side were not left a single tree standing.

Yamaska, Que., May 12.—At four o'clock yesterday afternoon hail fell for over a minute, entirely covering the ground with hailstones of the size of pigeon eggs. The storm was accompanied by strong north winds followed by a heavy shower. A number of church windows were broken and also those of several houses.

THE RAILWAYS.

Contractors Suing the T. H. & B. Railway for Over \$100,000—Sir Rivers-Wilson Talks.

Mr. S. F. Washington, of Hamilton, acting on behalf of Good & Co., the contractors who built the Volant branch of the T. H. & B. Railway, has entered an action against the T. H. & B. Railway Company, the Dominion Construction Company, and Engineer Wingate for over \$100,000, which includes balance due on the railway contract and damages for violation of their agreement. The claimants also ask for an order removing E. B. Wingate from his position as referee between them and the company, and want damages from the engineer for refusing to give them a final certificate on the work between Hamilton and Welland.

President Sir Charles Rivers-Wilson, of the Grand Trunk, talked in this way recently to a New York reporter: "I am very hopeful of the future of our road. We are introducing certain administrative reforms, and with a firm hand at the helm, and intelligent management we soon have the affairs of the company on a firm foundation. We do not contemplate any change in the physical condition of the road. We are not aggressive, and not at all for extensions. In fact, we would like to get rid of some of the branches of our road, which have been of no advantage to the company. If we could only see the end of the rate cutting we would be happy. All the road wants is fair rates, fairly maintained. I am sure the very best results from our connection with the Joint Traffic Association, which I have absolute confidence in, sincerity of its members and their determination to live up to the agreement, and was greatly impressed with the pains taken at the different conferences to form such a contract as would comply absolutely with the provisions of the Interstate Commerce Law."

PASSENGER AGENTS MEETING. San Francisco, Cal., May 12.—The central passenger agents of nearly all the transcontinental lines are hurrying westward to attend the meeting of the Transcontinental Passenger Association in this city today. The demand of the Southern Pacific and the Canadian Pacific for a differential on the business out of this territory is a matter which promises to be debated at great length.

"A fearful crank, an awful croak. My wife has come to be." So said a friend one dreary day, in confidence to me.

"Didst e'er inquire," said I to him, "What pains and aches she knows? As like as not she's tortured by Some one of woman's woes."

WESTERN DAIRYMEN MEET.

Cheese Factory Syndicate Instructor Appointed—A Competent Man.

The directors of the Dairymen's Association of Western Ontario met on Saturday, May 9, in the secretary's office, London. There were present: President, A. F. McLaren and R. M. Ballantyne, Stratford; Harold Eagle, Attercliffe Station; John S. Pearce, London; J. N. Paget, Canboro; A. Partello, Woodstock; Thos. Gibson, Fordwich; John Frain, Hamilton, and H. White, Hawkesville.

Arrangements were completed in connection with the cheese factory syndicate organized in the London and Ingersoll districts. Mr. John B. Muir, Avonbank, was appointed instructor and inspector to take charge of the syndicate. He will begin his duties as soon as possible by visiting all the factories in the group. After his first visit he will make a visit to each factory in the group as often as time will allow during the season. Where an instructor is not available the instructor will be expected to make a special visit in order to remedy if possible the difficulty.

Mr. Muir is a man of wide experience, and has been particularly successful in making the highest quality of cheese. He was the most successful prize taker at all the exhibitions last year, and his cheese have always sold in advance of the others on the same market because of their superior quality. Mr. Muir is also a practical butter-maker, and was appointed instructor in what branch at the Provincial Dairy School in 1914. His wide and varied experience, and the association is to be congratulated in securing his services for this special work.

IN LABOR CIRCLES.

Strike in Windsor—Tinners and Plumbers Want a Shorter Workday.

Windsor, May 13.—The Windsor plumbers and tinmiths struck yesterday morning for a nine-hour day instead of one of ten hours, without reduction of wages. Of the seven shops, four yielded in the London and Ingersoll districts. Mr. John B. Muir, Avonbank, was appointed instructor and inspector to take charge of the syndicate. He will begin his duties as soon as possible by visiting all the factories in the group. STUART ROBSON IN "THE HENRIETTA."

For his coming engagement at the Grand, Stuart Robson will present his rendition of "Bertie the Lamb," in Bronson Howard's comedy success of the century, "The Henrietta," which as regards thoroughness of execution, originality in conception of characters and brilliancy of dialogue is probably unsurpassed by any American play of the present time. The character of "Bertie the Lamb" was written especially for Mr. Robson. His peculiar abilities passed before Mr. Howard's mind-eye when he wrote the part, as a model poses before an artist. Did he ever see Mr. Robson play Bertie? The part fits him, as the stage manager would say, as accurately as paper on the wall, when the manager knows his business. As "Bertie the Lamb," he completely obliterates his individuality—he does not exactly play the part; he assumes it as part of himself and the then occurring events of his own life.

PRESBYTERY OF LONDON.

Meeting at St. Thomas—Sympathy for Rev. W. J. Clark.

The Presbytery of London met in conference Monday afternoon and evening at Knox Church, St. Thomas.

Rev. J. Little, of Lobo, presided. There were present Revs. Dr. Proudfoot, Dr. Sutherland, J. Milloy, A. Henderson, J. Currie, E. H. Savers, J. Courtenay, R. McIntyre, T. Wilson, A. Wilson, J. McNeil, M. P. Talling, J. G. Stuart, R. Stewart, J. F. Scott, J. A. Macdonald, and a number of elders.

The subject of conference was "Public Worship," and the opinion prevailed that some uniform order of service be adopted, subject to change on special occasions. Several orders were suggested, and the opinion prevailed that the Synodal committee be asked to prepare two or three orders of service, to have them included for adoption in the new Book of Prayer.

The subject of pulpit prayer was also discussed, and the importance of careful attention being given to this part of public service was urged.

Yesterday morning the Presbytery met for business at 9 o'clock. Those present were Revs. W. J. Clark, W. H. Anderson, J. H. Barnett, J. H. Brown, and Messrs. Stevenson Shield and other elders.

The report of the committee of statistics for the past year was submitted by the convener, Rev. M. P. Talling. The report indicated progress.

Rev. W. J. Clark was given three months leave of absence, and a resolution expressed condolence with Mr. Clark in his recent bereavement.

Mr. W. H. Salmon, of London, a graduate of Yale University, was given the standing of a catechist. He is pursuing a special course of study.

A call from Dorchester and Crumville to Rev. W. Malcolm Kay, recently of Duart, was presented, and representatives heard in its support. The call was sustained and transmitted to Mr. Kay, and was accepted, and he will be inducted at Crumville on Wednesday, May 27, at 2 p.m. The moderator will preside, Rev. G. H. Smith will preach, Rev. J. Currie will address the ministers, and Rev. J. G. Stuart will address the people.

The T. E. Mara Co.
