204 MEMBERS OF NEW HOUSE NATIVE BORN

Places of Birth and Religions

SIX ENGLISHMEN

Roman Catholics Are of the Same Force as in Old House

OTTAWA, Jan. 27.—An analysis of the personnel of the new House of Commons with respect to places of birth and religions gives the following interesting figures:—

In the last parliament there were 200 native born Canadians; in the new house the native born number 204.

There are six English born as compared with four in the last house. Ireland sent four sons to the old house, but there are only two native Irishmen in the new house. In each house the membership included three men who were born in the United States. Scotland had three representatives in the last house; now it has only two. The new house also includes one member who was born in South America.

By religions the figures are equally interesting. The Roman Catholics are of exactly the same force as in the old house, the figure in each case being 70. The Presbyterians number 46 in the new house; last year they had 47.

The Methodist Church is represented by 50 in the new house as against 46 in the last parliament. The Church of England has 41 as against 42. The Baptists numbered 8 in the former house; in this they are 6.

One addition to the religions is a Universalist. The Congregationalists are 2, the same as last year, and there is one Lutheran and one Scandinavian Independent, just as there was in the last house.

BOSTON AND MAINE CUTS FREIGHT RATE

BOSTON, Mass., Jan. 27.—The Boston and Maine Railroad sent to the Interstate Commerce Commission a statement that it should insist on a sixty cent a hundred freight rate to the west, the same as from Baltimore, and which it agreed on January 1st to maintain a 50 cent rate for a month. Up to the first of the year the rate from Boston has been slightly higher than that from Baltimore, which has acted adversely, according to the Boston and Maine officials, to the business interests of this city and in favor of Baltimore.

It was the belief here today that the reduction by the Boston and Maine will be met by a further reduction by the railroads centering in Baltimore and may lead to a rate war.

WESCHESTER, Pa., Jan. 27.—Henry James, aged 83 and wife, aged 85, who lived on a farm at Berwick, near here, were brutally murdered some time last night at their home. The bodies were found today by a nephew of the couple who went to the farm on an errand.

LONDON, Jan. 28.—The Right Hon. John Sinclair, who has been secretary for Scotland since 1895, has been raised by His Majesty to the peerage. The elevation is due primarily to Premier Asquith's desire to have member of the cabinet intimately connected with Scotland in the upper House.

SENATE'S BUDGET SPEECH IS MADE BY SIR RICHARD

Looks Optimistically at the Future

CANADA'S STRENGTH

Increase in Exports of Home Products Proves Canada's Impregnability

OTTAWA, Jan. 27.—In the senate today, on the resumption of the debate on the address in reply to the speech from the throne, Sir Richard Cartwright, new government leader in the upper house, and who is also at present acting Minister of Finance, made what might be considered as the senate's budget speech.

In characteristically cogent and clear-cut debating style he made a strong defense of the government's financial policy. Referring to the prophecy of Senator Lochead, the opposition leader in the senate, that a deficit for the current fiscal year would be \$16,000,000, Sir Richard said he looked for much better results. The total loss of revenue up to seven days ago had amounted to \$11,688,000, as compared with the preceding year. But for the remaining two months of the fiscal year it was expected that there would be no further decrease and that there might be an increase.

Weathered the Storm

Canada had weathered the storm of financial depression much better than had the United States and exports of home products during 1908 had increased by \$14,000,000, as compared with 1907, a proof that the great sources of industry in Canada were not injured by the commercial calamity which had befallen other countries. Taking up the question of increased expenditures during the past twelve years, Sir Richard pointed out that careful analysis of these increases showed that at least half of them were due to the necessity of carrying on the war, and the other half to the growth of the country and necessary extension of various departmental services and by increased provincial subsidies.

OTTAWA, Jan. 27.—In the senate today, on the resumption of the debate on the address in reply to the speech from the throne, Sir Richard Cartwright, new government leader in the upper house, and who is also at present acting Minister of Finance, made what might be considered as the senate's budget speech.

In characteristically cogent and clear-cut debating style he made a strong defense of the government's financial policy. Referring to the prophecy of Senator Lochead, the opposition leader in the senate, that a deficit for the current fiscal year would be \$16,000,000, Sir Richard said he looked for much better results. But for the remaining two months of the fiscal year it was expected that there would be no further decrease and that there might be an increase.

TRAINS CRASH IN SNOW STORM

HARRISTON, Jan. 27.—In a blinding snow-storm, two freight trains crashed together near here at noon and two men, S. Root of Palmerston and H. Smith, were injured. One train was from Owen Sound and the other from Southampton. Both were on the G. T. R. and one of them, owing to the storm got off the wrong track. Three or four men were injured. The point of collision was Piton's Mills, between this place and Clifford. Much rolling stock was damaged or destroyed.

KINMARE, N. D., Jan. 27.—Fire today damaged a lumber yard at Portal, scorched the S. O. R. roundhouse and did other mischief. The total loss is \$15,000.

LONDON, Jan. 28.—Cabling from Berlin, the correspondent of the Times says that the infant Chinese emperor is suffering from influenza.

Its personnel has changed somewhat, but judging from the debate which occupied the whole of this afternoon's session, its spirit and methods are, in general election and its lessons notwithstanding, unaltered.

HON. DR. PUGSLEY.

Among the muckrakers who did so much to prolong the last session to such an immoderate extent, one of the most persistent was Dr. Reid, of Grenville. In the work of tracking down imaginary scandals he revels. He lives in an atmosphere of suspicion and employed most of his time on the floor of the house and in the public accounts committee tilting at windmills of his own construction. Today he resumed the same old role and precipitated a discussion of a kind which last session made so familiar.

Despite the recent verdict of the people on the very issue Dr. Reid is still convinced or at least he says he is, that the administration of departments is corrupt and dishonest. In particular he affects to believe that responsible ministers and their departments are not to be trusted in the matter of opening and awarding tenders for public works and supplies. He was made aware yesterday that the government had passed a regulation to the effect that all tenders on being received should be placed under lock and key and opened only in the presence of the Minister and another official of the department concerned, or in the absence of the Minister of two officials whom he should designate. But this did not satisfy Dr. Reid, who moved this afternoon a motion declaring that tenders should be opened in the presence of three officials of the department concerned and also in the presence of contractors and the public.

In the House of Commons yesterday the trend of discussion on the opposition side showed that the real object of the motion was to afford Mr. Foster and other conservative members an opportunity to attack Hon. Mr. Pugsley and to repeat insinuations and veiled charges which did duty before the election. From Mr. Monk, Dr. Sproule, Mr. Boyce, Hon. J. Haggart, Mr. Lake and Mr. Foster, among the old brigade, poured in at one stream the same old denunciations

CHAMBERLAIN'S DECISION DELIGHTS HIS MANY FRIENDS

LONDON, Jan. 27.—Mr. Joseph Chamberlain, whose long illness has been a matter of grave concern to his thousands of friends and adherents, is undoubtedly regaining strength, so much so that he has created much rejoicing by an announcement that he means to stand for Parliament again at the next general election, now considered very likely to happen next June or July.

Both he and Mrs. Chamberlain are among the most interested patrons associated with the celebration in London of the Edgar Allan Poe centenary. Suitable congratulatory messages have been exchanged between the London Authors' Club, who have the matter in hand, and the University of Virginia.

RE-ELECT TEED PRESIDENT OF THE SOCIETY

Annual Meeting of Barristers' Society

TOPICS DISCUSSED

To Ask Government to Improve Law Library—The Judicature Act

FREDERICTON, N. B., Jan. 27.—The annual meeting of the Barristers' Society of New Brunswick was held in the supreme court chambers this evening, with President M. G. Teed, K. C., in the chair. Others present included C. Allen, W. H. Barry, W. B. Wallace, J. D. Finlay, A. H. Hamilton, A. B. Connell, W. P. Jones, K. C. Havelock Coy, J. W. McCready, H. G. Fenety, A. R. Slipp, W. H. Harrison, J. J. F. Winslow, J. B. M. Baxter and T. J. Carter.

Secretary Treasurer Allen reported that the committee appointed to ask the government for increased grant had performed that duty, but without success. Mr. Allen also submitted elaborate plans for the remodeling of the law library. He proposed among other things that the gallery should be established and the present wooden shelves replaced by steel. Plans had been placed before the commissioner of public works, who had approved of them and favored having the alterations made. The estimated cost is \$4,000, which would have to be borne by the government.

UNITED STATES SENATOR FIGHTS THE NEW TREATY

Senator Smith Points Out Weaknesses

IS BACKED UP

Declares It Leaves Division of Vast Water Power Undetermined

WASHINGTON, D. C., Jan. 27.—After devoting over four hours to the Canadian waterways treaty without having made any substantial progress in the ratification of the instrument, the senate adjourned.

The treaty probably will be considered daily until it is voted on. Most of the executive session was consumed by Senator Wm. Alden Smith, who insisted that the treaty should not be ratified without a provision fixing a division of the interests of Canada and the United States in the 6,000,000 tons horsepower provided by the rapids in the St. Mary's river.

He showed that only one per cent of the flow of the river is required to operate the locks at Sault Ste. Marie, leaving the remainder of the vast flow to be utilized for power purposes. To leave this division of the waterpower undetermined, he declared would be to leave a vexing question open for the future and he made plain his determination to fight the treaty.

WASHINGTON, D. C., Jan. 27.—After devoting over four hours to the Canadian waterways treaty without having made any substantial progress in the ratification of the instrument, the senate adjourned.

VERMONT PEOPLE OVERCOME BY PACIFIC STRICKEN

Violent Electrical Storm Thought Mountain Was in Eruption—Great Damage Done

CLAREMONT, N. H., Jan. 14.—The inhabitants of Claremont and the surrounding towns within a radius of more than ten miles were thoroughly frightened by a severe electrical thunderstorm tonight during which the accompanying lightning did extensive damage. Some of the nervous and highly strung residents thought for a time that Ascutey Mountain, just over the Vermont line, was in eruption and hid in closets and other places. The prisoners in the Vermont state prison at Windsor, fearfully gripped the bars of their cells or covered behind the frail bedsteads, clamoring for release. Children in attendance at religious services scampered out of their meeting-places and there was a general disorder throughout the greater part of the two hours display.

Of the extensive damage worked by the rapid bolts of lightning, the most serious was that to the Baptist Church. Attracted by the steel-tipped spire, the long spark shot down the 125 feet of steeple, sending the weather-vane tumbling to the ground and splitting the steeple aside.

SEVERAL KNOTS QUESTIONS ARISE OVER FISHERIES

WASHINGTON, Jan. 24.—The Newfoundland fisheries dispute, involving questions affecting the rights of American fishermen in the waters of British North America, was the subject of an important conference tonight between Secretary Root, Ambassador Bryce of Great Britain, Minister of Justice Kent, Secretary of State, and other officials of the Canadian government. The questions at issue are to be submitted to the Hague for arbitration as soon as the conference reaches an agreement.

The conference tonight lasted several hours, and at its conclusion it was announced that several complicated questions had arisen on which an agreement probably would not be reached for several days. This, it is expected, will cause Secretary Root to further delay in his purpose to retire from the office of secretary of state.

Secretary Root and Ambassador Bryce have agreed on the terms of questions to be submitted to The Hague relative to the fisheries treaty, and the conference now in progress was called off by the approval of the Newfoundland and Canadian governments and then as soon as possible to secure a ratification of the treaty by the senate.

ANNIVERSARY OF BURNS' BIRTHDAY

Throughout the English-speaking world, the one hundred and twentieth anniversary of Scotland's best loved and most widely read poet, Robert Burns, will be celebrated today.

OVERCOME BY GAS IN CABIN

Three Men Meet Death While Asleep in Cabin of Barge Boston

VINEYARD HAVEN, Mass., Jan. 23.—Two members of the crew of the barge Boston are dead and Captain George King, of North Amboy, N. J., is lying at the Marine Hospital with no hopes offered for his recovery, as the result of being overcome by coal gas in their little cabin last night. The accident was not discovered until this afternoon when the captain of the barge Bear Creek, lying alongside the Boston, became suspicious of the deserted appearance of the Boston and made an investigation. As he pushed open the door of the Boston's cabin he was met by the strong odor of coal gas. Waiting for assistance to allow some ventilation in the room he went in and found Captain King unconscious in one bunk, while in the other bunk were the bodies of Isaac D. Bagnell, of Plymouth, Mass., aged 47 years, and another member of the crew familiarly known as French Charlie, whose real name is not known. A dog was lying on the floor at the foot of Captain King's bunk, and he revived after being removed to the open air.

Captain King failed to regain consciousness upon being removed to the deck and the captain of the Bear Creek called for assistance and had the bodies of Bagnell and Charlie removed to the Marine Hospital where it was said tonight that he was not likely to recover.

Dr. Edward Roth, of this port, took charge of the bodies of Bagnell and French Charlie.

The Boston put in here last night in tow of the tug Lehigh Valley from Boston for Perth Amboy.

POSITIVE CURE SIR JAMES WATSON

This Eminent English Physician is One of the Greatest Authorities on Diseases of the Respiratory Organs

In a recent address, Sir James Watson stated that the commonest of all diseases is Catarrh, and that not one person in ten thousand passes the winter without an attack of some sort. Sir James advocates local treatment very strongly, and says that it is all nonsense trying to treat Catarrh with stomach medicines, atomizers, douches and snuffs.

Local treatment, as applied most scientifically by Catarrhine, which is inhaled into the nose, throat and lungs, and drives the disease completely out of the system.

Catarrhine is a ratiostat, continuous treatment; it clears the air-passages, making breathing easy, and relieves at once. Physicians prescribe Catarrhine for all cases of Catarrh, and pronounce it a specific for Catarrh in any part of the system.

Mr. Thos. Cox, one of the "most prominent" citizens of Montreal, Ont., says: "I want to recommend Catarrhine. It is a nice, clean cure for Catarrh. Cured me perfectly, and is well deserving of a trial from everyone not all affected by Catarrh or throat trouble."

Mr. G. F. Padden of Royan, Que., writes: "I have tried Catarrhine and it is the only cure for Catarrh. I have used it in its worst form but only got relief from Catarrhine. It cured me quickly and permanently, and I have no fear of the Catarrh ever returning."

The foregoing brief extracts, like thousands of others, show that the proprietors of Catarrhine have succeeded in proving that the proper remedy to use is Catarrhine. It is quite different from the ordinary Catarrhine preparations, and it is worthy of a trial from everyone not all affected by Catarrh or throat trouble.

All druggists have Catarrhine. Complete outfit, hard rubber inhaler, liquid for recharging, etc., costs \$1.00; Catarrhine, 25 cents. By mail from N. C. Folsom & Co., Kingston, Ont.

MRS. ARTHUR S. CHENEY, WIFE OF THE LATE ARTHUR S. CHENEY, WHOSE BODIES WERE RECOVERED FROM THE ITALIAN EARTHQUAKE RUINS.

'VEGGS' SAID TO BE FROM BOSTON

Famous Forest Hills Cemetery Gang Operating in London

BOSTON, Jan. 24.—The two Russian bandits who yesterday terrorized London in an attempt at highway robbery, when two persons were killed and twenty injured, are believed to be a portion of the gang of yegmen who terrorized this vicinity last summer. The methods employed by the bandits in the investigation sent a long letter with photographs to Chief McNaughton of the Scotland Yard detective bureau. While one of the two bandits committed suicide, Chief Wats expressed the opinion today the survivor, identified as Paul Henrich of Riga, a sailor, is Chris Zeltou, the leader of the local yeggs. Zeltou is believed to have been the leader of the Jamaica Plain, Woburn and Methuen bandits, and he was traced so far as Baltimore, where he was taken to the police and his attempts at escape and attempt at suicide to avoid capture, are identified with those of the Massachusetts outlaws.

Among the pictures sent to Scotland Yard by Chief Wats were those of Zeltou and some of the other yegmen taken in groups of yeggy mouth harp.

Last summer three yegmen invaded Jamaica Plain station for the purpose of robbing and if their despatcher killed two men and wounded others. In a short time the large detail of the police was called in and in pursuit, keeping up a running fight with the bandits through the suburbs.

TWO KILLED

OTTAWA, Ont., Jan. 24.—A storm of rain and sleet which began throughout the Ottawa Valley yesterday afternoon and lasted during the night, working havoc with telegraph and telephone wires throughout the district and the whole repair staff of the companies have been busy all day putting up miles of wire brought down by the weight of frozen sleet.

In Ottawa the telephone and electric lighting service was greatly interfered with, street lights all being out of commission tonight. Much damage was also done to trees and many are down all over the city.

The Canadian Associated Press dispatch of last week stating that Lord Northcote, ex-governor general of Australia, is to succeed Earl Grey as governor general of Canada is not given much credence by members of the government here. Lord Northcote is a Unionist and it is considered the present Liberal government in Britain would be more likely to select for the appointment of a governor general in Canada a peer who was in sympathy with the Liberal rather than the Unionist policy. The Canadian government is usually consulted before the appointment of a governor general and so far no name has been suggested as probable successor to the present governor general, whose term expires in October next.

THREE KILLED IN A REAR END COLLISION

Two Sections of St. Louis Train in a Bad Smash

ALTOONA, Pa., Jan. 23.—The rear end collision between the first and second sections of the St. Louis Express on the Penna Railroad near Summerhill, west of here early today, caused the death of three men and the injuring of a dozen others. The fact that the passengers on the second section were eight cars removed from the point of collision probably averted a greater loss of life.

S. L. Taylor, Brooklyn, N. Y.; M. J. Kelly, Pullman car conductor, Jersey City; Chas. Coleman, Pullman porter, Philadelphia.

Fireman Kissell was the only one of the injured brought to this city. All the other passengers continued their way west.

Twenty six miles west of Altoona, the first section of the express train bound for Chicago was held up by several freight trains that had stopped to remove some large logs that had become loosened from the hills and rolled on the tracks.

PASSENGERS ARE SAFELY LANDED

Steamer Agent Intended to Send to Relief of Providence Herself Ashore

WOOD'S HOLE, Mass., Jan. 23.—The steamer Nantuxet, bound from Nantuxet for this port and New Bedford, which went ashore off Nobeke in a fog today, was still hard and fast on the ledge tonight, with a hole in her hull, and full of water. Her passengers were taken off in boats and landed here safely.

Tomorrow a diver employed by the Boston Towboat Company will make an examination of the hull of the Nantuxet and it is hoped that she may be floated. The sea was smooth tonight and the vessel was not considered in any immediate danger. Unless a southwest wind springs up, it is believed she will rest easily on the ledge.

The United States revenue cutter Acushnet went to the assistance of the Nantuxet and endeavored to pull her off the rocks, but was unsuccess.

In the for this morning the tug Gypsum King also went around on Nobeke, a short distance from the Nantuxet. An attempt will be made to float her at high tide tonight.

A peculiar coincidence in connection with the disaster to the Nantuxet was figured in by Chesley G. Whiton, agent for the New Bedford, Martha's Vineyard and Nantuxet Steamboat Company, who, starting from New Bedford in an automobile to send one of his boats to the wreck of the White Star Line steamer Republic, found, upon arriving at Wood's Hole, that the steamer Nantuxet, which he intended to use as a relief ship, was hard and fast aground, her hold filled with water.

Mr. Whiton had left New Bedford with the intention of catching the Nantuxet at Wood's Hole and sending her down to the Republic. On his way down word was received of the mishap to his own vessel and Mr. Whiton, when he reached Wood's Hole, had all he wanted to attend to in looking out for his own craft.

LA GRIPPE'S VICTIMS

Left Weak, Miserable and a Prey to Diseases in Many Forms

La Grippe starts with a sneeze and ends with a complication of troubles. It lays the strong man on his back; it tortures him with fevers and chills, headaches and backaches. It leaves him a prey to pneumonia, bronchitis, consumption and other deadly diseases. You can avoid La Grippe entirely by keeping your blood rich and red by the occasional use of Dr. Williams' Pink Pills. If you have not done this, and the disease lays you low, you can banish all its evil after-effects with the same great blood-purifying, nerve-restoring medicine. Here is proof of the wonderful power of Dr. Williams' Pink Pills over disease.

Mr. P. E. Paultin, Collector of Customs at Caranah, N. B., says:—"In the winter of 1901 I had a very severe attack of la grippe, which broke me down entirely, so that I had to be carried several weeks. During that time I employed a doctor, but without benefit. I felt as if I were getting worse and worse. I did not sleep, suffered from night sweats, and had no appetite. I was really a physical wreck. On a former occasion I had used Dr. Williams' Pink Pills for general debility, with great benefit, so I decided to try them again. I used for half a dozen boxes and began to use them at once. When taking the second box I began to feel quite a change in my condition. I was able to walk about the house and my appetite was improving. From that on I gained strength every day. Before the six boxes were done I was able to return to the office and attend to my work. Now I enjoy the best of health, and although 55 years of age, I feel as if I were a young man. I am sure that the medicine I used is the best medicine in the world for the ailments of grippe and womanhood. Sold by medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 from the Dr. Williams' Medicine Co., Brockville, Ont."

Dr. Williams' Pink Pills are a blood-purifying, nerve-restoring, tonic. They cure anemia, indigestion, rheumatism, neuritis, St. Vitus dance, and partial paralysis. They are the best medicine in the world for the ailments of grippe and womanhood. Sold by medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 from the Dr. Williams' Medicine Co., Brockville, Ont.

DALHOUSIE, Jan. 23.—Premier Hazen will receive no comfort from his municipal friends in Restigouche, as the council adjourned today sine die without even mentioning the road act. This action on the part of a body that is supposed to be the voice of the municipal friends in Restigouche, and the great reaction among the people against the Hazen government. Added to the mention of road matters, there are the dismissals of competent officials in Restigouche recently because they were Liberals. The County Council stands twelve Conservatives and two Liberals.

Malden speeches were made by Mr. Cowan of Vancouver, Mr. Barnard of Victoria and Mr. Burrell of Yale-Carleton and Mr. Brodeur vigorously and effectively replied to Mr. Foster's personal attacks.

Mr. Lemieux gave an illuminative review of the question of Japanese immigration and uttered a warning against pursuing a policy of depreciation of that race. The Japanese authorities had lived up to their agreement with Canada and he was confident they would continue to do so.

The debate will be resumed on Monday by Ralph Smith.

PRELATE HAS PASSED AWAY

Archbishop Sweatman Ill a Week

Born in England and Educated at Cambridge University

TORONTO, Jan. 24.—Archbishop Sweatman died shortly after one o'clock this afternoon at St. George's hospital, after a week's illness from bronchial pneumonia. He had been ill for a week.

The late Right Rev. Arthur Sweatman, Bishop of Toronto, was born in England and educated at Cambridge University. He was ordained to the degree of D. D. He was ordained to the episcopate in 1872.

He was rector of Grace church, Stratford, Ontario, which he became rector for three years of St. Paul's church, Woodstock, Ont.—a position recently held by the Right Rev. J. C. Farthing, Bishop of Montreal. He was consecrated third Bishop of Toronto in 1879, and on the decease of Archbishop Bond a year ago succeeded him as archbishop of the Church of England in Canada. Bishop Sweatman was a scholar and an able organizer and greatly esteemed. He will be much missed in Toronto. His office will in all probability now pass to the next senior Bishop, the Right Rev. Charles Hamilton, D. D., Bishop of Ottawa.

TO BUILD FIRE-PROOF STAIRS

Montreal Firm to Begin Work at Hospital Today

As an extra precaution against fire the commissioners of the general hospital, which have decided to install fireproof stairs in the building, have today begun the work of building the stairs. The work, according to the contract, is to be done in a week, and Mr. Sheron intends to push the job forward as rapidly as possible. It will take the hospital authorities about three days after that to have the building ready again. While the work is being carried on the patients will be removed to the first and second landings.

During the day the new stairs are being built visitors will not be admitted to the hospital. When the work is completed notice will be given and the doors thrown open again for visitors.

Besides the building of the stairs the commissioners intend to install a new elevator at the hospital. The contract has already been given to a Montreal firm and work at its erection will begin at the termination of Mr. Sheron's contract.

A HOME TRADER.
A surgeon in a Western town, engaged to perform an operation of minor character upon a somewhat unsophisticated patient, asked him if he were willing to have only a local anesthetic.

"Sure," replied the other; "I believe in patronizing home industry, whenever you can."
And he meant it.

Mr. Cowan and His Associates Employers of Yellow Labor

Conservative Introduces Bills Brought In by Liberals at Last Session

OTTAWA, Jan. 25.—If the pace set at the opening of today's sitting of the house of commons can be maintained then assuredly the session will be a short one. Of a list of nine bills standing on order paper no fewer than seven were introduced and read a first time. It is true that several of the measures were old friends, but the fact that their sponsors were ready to move at the first opportunity was a sign of activity that carried its own commendation.

Honor for Dr. Reid
The honor of introducing the first bill of the session fell to Dr. Reid, who is again in charge of the measure which came before the House last session to amend the passenger ticket act.

Mr. Blockhead caused a flutter in Conservative benches by moving a bill to amend the railway act by forwarding for elimination or protection of railway level crossings. This he frankly explained is substantially the bill which was introduced last session by Mr. Lancaster, passed by the House, but killed in the senate. Public opinion, he claimed, had been roused to the extent of demanding that something should be done to meet the dangers of level crossings, and the bill proposed that in cities and villages there must at least be gates and that the railway commission have adequate powers to take the bill.

Mr. Lancaster seemed somewhat aggrieved that his pet measure had been appropriated and showed that he was disposed to give way by moving his own bill.

Another Surprise
It was next the turn of E. N. Lewis to be surprised. Last session he introduced a bill striking out of the carrying dangers, knives and revolvers, and imposing severe penalties for wife-beating. This session he also has been forestalled. Mr. Blockhead, who today introduced a measure which purports the use of the last upon wife-beaters and purse snatchers.

Charles Murphy, an Ontario legislator by introducing a bill to amend the naturalization act. In a next speech he explained that the proposed amendments were similar to the provision in the English naturalization act, which stipulates that in addition to the other safeguards in the act an alien on applying for naturalization shall furnish evidence on oath or affirmation of two British subjects, elected or residing within territorial jurisdiction of the court to which application is made, that the applicant is of good character.

Another Familiar One
Another familiar bill that moved by Mr. Clarke of South Essex to amend the railway act by removing anomalies as to the liability of railway companies for fires caused by sparks from locomotives. This bill passed the railway committee last session, but got no further.

The legislative programme having thus received a satisfactory send-off, Mr. Borden rose to formally announce his election of a seat. "I have had the honor," he said, "of being returned for the City of Halifax and County of Carleton, and it becomes necessary that I should elect to sit for one or other of those constituencies. Accordingly I have given my election to the electoral division of Halifax, and I resign my seat as a member for the County of Carleton." This announcement was received with cheers from the opposition benches. The way was now clear for a resumption of the debate on the address, or as it might be more appropriately described, debate on how the Conservative party won five seats in British Columbia.

Fall to Ralph Smith
It fell to Ralph Smith of Nanaimo to reply to his Conservative friends from the Pacific province, and he discharged the task most effectively.

Dealing with the two questions which were issues in British Columbia, better terms for the province in the matter of subsidies and internal immigration, he charged the Conservative benches with having won their seats by unfair and unjust misrepresentation. They had led the people of British Columbia to believe that Sir Wilfrid Laurier was responsible for the terms given to the province, whereas the responsibility lay at the door of the Conservative party.

The official problem he pointed out, that it was created by the Conservative party 25 or 30 years ago when they appointed a commission who reported that the province was a necessity in British Columbia. In spite of the reports the province the Conservative government did nothing but as soon as the Liberal party got into power they subsequently restricted the immigration

of the province. The Conservative government had led the people of British Columbia to believe that Sir Wilfrid Laurier was responsible for the terms given to the province, whereas the responsibility lay at the door of the Conservative party.

PLANTS A BOMBHELL IN MIDST OF TORIES

Tells B. C. Members They Don't Practice What They Preach

Mr. Cowan and His Associates Employers of Yellow Labor

Conservative Introduces Bills Brought In by Liberals at Last Session

OTTAWA, Jan. 28.—If the pace set at the opening of today's sitting of the house of commons can be maintained then assuredly the session will be a short one.

Of a list of nine bills standing on order paper no fewer than seven were introduced and read a first time.

It is true that several of the measures were old friends, but the fact that their sponsors were ready to move at the first opportunity was a sign of activity that carried its own commendation.

Honor for Dr. Reid The honor of introducing the first bill of the session, Dr. Reid, who is again in charge of the measure which came before the House last session to amend the passenger ticket act.

Mr. Bickerdike caused a flutter in Conservative benches by forwarding a bill to amend the railway act by providing for elimination or protection of railway level crossings.

This is as the bill is explained is substantially the bill which was introduced last session by Mr. Lancaster, passed by the House, but killed in the senate.

Public opinion, he claimed, had been roused to the extent of demanding that something should be done to meet the dangers of level crossings, and the bill proposed that in cities, towns and villages there must at least be gates and that the railway commission have adequate powers to deal with the evil.

Mr. Lancaster seemed somewhat surprised that his pet measure had been appropriated and showed that he was not disposed to give way by moving his own bill.

Another Surprise It was next the turn of E. N. Lewis to be surprised. Last session he introduced a bill striking at the practice of carrying knives and revolvers, and an opposing measure was introduced by Mr. Bickerdike, who today introduced a measure which would amend the use of the last upon wife beaters and purse snatchers.

Charles Murphy made his bow as a legislator by introducing a bill to amend the naturalization act. In a next speech he explained that the proposed amendment was similar to the provision in the English naturalization act, which stipulates that in addition to the other safeguards in the act an applicant for naturalization shall furnish evidence of his moral character.

Another Familiar One Another familiar bill was that moved by Mr. Clarke of South Essex to amend the railway act by removing anomalies as to the liability of railway companies for fire caused by sparks from locomotives. This bill passed the railway committee last session, but got no further.

The legislative programme having thus received a satisfactory send-off, Mr. Borden rose to formally announce his election of a seat. "I have had the honor," he said, "of being returned for the riding of Halifax and County of Carleton, and it becomes necessary that I should elect to sit for one of the other constituencies. Accordingly I declare my election to sit for the electoral division of Halifax, and I resign my seat in the House of Commons of Carleton." This announcement was received with cheers from the opposition benches. The way was now clear for a resumption of the debate on the address, or as it might be more appropriately described, debate on how the Conservative party won five seats in British Columbia.

Fell to Ralph Smith It fell to Ralph Smith of Nanaimo to reply to his Conservative friends on the Pacific province, and he discharged the task most effectively. Dealing with the two questions which were issues in British Columbia, better terms for the province in the matter of subsidies and oriental immigration, he charged the Conservative members with having won their seats by unfair and unjust misrepresentation. They had led the people of British Columbia to believe that Sir Wilfrid Laurier was responsible for the terms given to the province, whereas the responsibility lay with the Conservative government. He pointed out that it was created by the Conservative party 25 or 30 years ago when they appointed a commission who reported that oriental labor was a necessity in British Columbia. In spite of the repeated representations by the people of that province the Conservative government did nothing, but as soon as the Liberal party got into power they opened the door to oriental labor and subsequently restricted the immigration

of the Japanese. Mr. Smith quoted figures showing conclusively that the oriental settlement had had the effect intended and that the Conservative authorities were carrying out their promise. Then in scathing terms he dealt with the forged telegram.

Distributed Broadly That message, he said, was republished by Mr. Lorden, was distributed broadcast throughout British Columbia and was never republished. Getting to other quarters, he exposed the inconsistency of the opposition representatives from the western provinces.

"These noble gentlemen," he declared, pointing to Mr. Cowan and his associates, "stand for a white British Columbia but employ yellow men. They preach what they do not practice. I have never spent a dollar on yellow labor." With this bombshell planted in the midst of the opposition Mr. Smith resumed his seat.

Mr. Goodere of Kootenay followed with a maiden speech, in which he suggested that Mr. Borden's telegram did not declare for absolute exclusion of Asiatics it should have done so. He also gave a backhander to Premier Whitney and Roblin by declaring that the conference of provincial premiers was not an impartial body.

"E. N. Lewis furnished an interesting interlude by a plea for shorter speeches and shorter sessions.

Elected Deputy Speaker On motion of Sir Wilfrid Laurier, H. McIntyre of South Perth was elected deputy speaker amid cheers from both sides of the house for one of its most respected and popular members. Before Mr. McIntyre's election Sir Wilfrid promised that the estimates would be brought down this week.

The premier also read a cable just received from Hon. W. S. Fielding announcing that the Franco-Canadian trade convention was formally signed in Paris on Saturday afternoon.

Recent Deaths C. P. STAMERS. C. John Stammers received a cable on Saturday evening, announcing the death of his father, C. P. Stammers, at Turku Island. Mr. Stammers, who had been ill for some two years, was 77 years old. In his younger days he was a salt merchant and was also a government official, but had been superannuated. Deceased was survived by his wife, two sons and three daughters. The latter being married in the United States. The sons are C. J. Stammers, of St. John, and A. H. Stammers, of Antigua. Four grand children, Mr. J. H. Stammers, and the three daughters of Mrs. B. A. Stammers also reside in St. John. She had a twin son, Arthur Quinton, aged seven weeks, which occurred at their home on Sunday, Jan. 17th, 1909. The funeral was held on Tuesday at 2 p. m. by Rev. W. B. Ashton officiating. Interment at Upper Corner Cemetery.

HELEN BERNICE MARGERSON. One who will be much missed from her home and by her many friends, and in the person of Helen Bernice Margerson, of General treville, aged 18 years. She had suffered for several years with tuberculosis, which necessitated a rather serious operation some three years ago. Since that time she was a member of the Centerville United Baptist Church and a great favorite with all who knew the sweetness and gentleness of her character.

W. B. JACOBSON. Mrs. J. B. Jacobson, who was received here last evening, was the victim of a collision of two freight trains on the Canadian Pacific Railroad at Macadam, thirteen miles east of this village. Engineer James Orlandi of Brownville had his arm crushed and Frankman Ferguson was injured about the hip and sustained a cut over one eye. One of the trains was heavily loaded and was on its way from Montreal to St. John. The westbound train was lighter. Both locomotives were partially demolished and five cars with contents destroyed. The track was torn up for some distance but a wrecking train from Brownville restored through traffic in a few hours.

The wreck was caused by the failure of the brakes on the eastbound train to hold the wheels on a grade.

MANY PASSENGERS INJURED IN WRECK

NORRBY, Ont., Jan. 25.—The Central special express from Toronto leaving Norrby at eight o'clock this morning was derailed near Jacko, on the T. and N. O. Railway, a second-class, two first-class and Pullman cars going over the embankment, the baggage car and engine remaining on the rails. Fifty men, passengers sustained wounds from broken glass. Seven are badly hurt.

THE CHASE OF A LOOTER AMONG THE RUINS OF MESSINA

NEW BRUNSWICK NEWSLETS

Rexton REXTON, N. B., Jan. 24.—Word has been received here, on Sunday last, at her home in Exeter (N. H.), of Mrs. Irvin Bell, youngest daughter of the late Christopher Bell of Exeter, N. B. She was a niece of Robert Bell of Exeter, N. B., whom she made her home previous to her marriage. She is survived by her husband and one child, also a sister, Mrs. Edward Wright of Moncton. Her only brother, William Bell, passed away last spring.

The death of David Beck occurred on Monday, Jan. 4th, at his home in Dorchester, Mass. Deceased, who was in the sixty-ninth year of his age, was a native of Jardineville, being a son of the late Robert Beck. The funeral was held from his late residence on Wednesday, Jan. 6th.

The ten-year-old son of Mr. and Mrs. Frank Holmden of Pine Ridge, passed away at his home on Thursday from the effects of diphtheria, from which he suffered a short time ago. The funeral takes place this afternoon.

John Morton, Daniel Arsenau James Burns, Enoch Steeves, Honors P. M. James L. Hutchings, Placide Balbin, Amode Mellet, Dominique Babin, John B. Chiquette, Marcel Poirier, William Barre, Jas. L. Gilvan, Robert Patterson, Adam Coates, The Rev. J. M. McNeil, Keady Lanigan, Geo. N. Clark, Camille Gotreau, Francis R. Richard, Sylvain Barre, Myles Farrel.

The only business of a criminal nature was that of the King on complaint of W. W. Pridie v. Geo. McLean, which stood over from the October term. This case was tried today. The accused was charged with breaking and entering the store of complainant in Harcourt and was first tried at the Standing 19 to 2 o'clock today. The crown, represented by H. H. James, clerk of the court, decided to drop the case, and on motion of W. D. Carter, the prisoner was discharged.

In the case of Chas. E. Ward v. Peter C. Cormier and Anos Williams, the trial of which was concluded before Judge Wells at Moncton some time ago, and judgment reserved to be delivered at this court, W. B. Chandler, K.C., on behalf of defendant moved to have the case reopened for the purpose of taking the evidence of another witness. Mr. Carter for plaintiff opposed the motion. Court granted the application upon terms, the evidence to be taken at Richibucto on Feb. 9th, when judgment will be given. There were several other causes noticed for trial at this court, which were settled out of court.

The suit of Joshua Thirons and Jared Timmons v. Geo. Long, an action for damages to plaintiffs' boat, caused by her colliding with defendant's boat while the latter was lying at anchor in the harbor, without showing any lights, was tried by Judge Wells without a jury. W. D. Carter for plaintiff, H. H. James for defendant.

In the case of F. W. Tozer v. Isabel Mcintosh, et al., at the July sitting, in which verdict was given for the plaintiff, H. H. James for the defendant moved to have verdict set aside, or non-suit entered. W. D. Carter for plaintiff, in both above cases judgment will be delivered when the court again meets on Feb. 9th.

A pretty wedding took place at Exeter on Tuesday, the 12th inst., when Miss Regina Gallant, daughter of Mr. and Mrs. Robert Gallant of the Queen Hotel, was married to J. Martineau of Quebec, who travels in the interests of "La Patrie," which is published at Montreal. The bride was becomingly attired in a blue travelling suit with hat to match and was accompanied by her brother and another friend taking the place of witnesses. Rev. Father Hebert, parish priest, performed the ceremony in St. Jean Baptiste church. The happy couple took the 8 o'clock train for their wedding tour. They will reside at Montreal. Miss Maude Duncan of Campbellton is visiting friends here.

Miss Margaret Wynne of Bas River is on a visit to friends here. Miss Florence Ross has returned from her home in Boutouche. Mrs. John Murray and little daughter Ruby of Moncton visited friends here last week.

The South Branch Division, No. 207, S. of T., have elected the following officers for the ensuing quarter: W. P. Mundle, W. A. Miss Flo. P. Mundle, J. G. Mundle, Miss Sarah J. Walton; F. S. Mrs. John Hudson; Chap. Mrs. Jos. Warren; M. G. Cameron; Beers; A. Condo; George E. Warren; I. S. Arthur Cochrane; O. S. Edgar-Hudson; P. W. P.; David W. Beers.

Miss Flo. P. Mundle of Mundeville, who was a decree of divorce had been granted. A few days later her husband was married to another Reading woman and went away. The divorce being obtained by alleged fraud and without giving her a chance to defend herself, she sought to have the decree annulled. Weyman's whereabouts are unknown. As he now is charged with two wives a divorce suit is being brought by Mrs. W. N. I. charging him with bigamy, and the authorities are looking for him. He is a barber.

BARBER'S NEW LEGS. "Have you seen Darker lately? He's on his last legs." "No. Are they bowed as his first ones?"

JOY WORK And Other Kind. Did you ever stand on a prominent corner at an early morning hour and watch the throngs of people on their way to work? Noting the number who were forcing themselves along because it meant their daily bread, and the others cheerfully and eagerly pursuing their way because of love of their work.

It is a fact that one's food has much to do with it. As an example: If an engine has poor oil, or a boiler is fired with poor coal, a bad result is certain, isn't it?

Treating your stomach right is the keystone that sustains the arch of health. Grape-Nuts is a daily food, the most nourishing and beneficial you can use. We have thousands of testimonials, and you have never tried Grape-Nuts. It's worth while to give it a fair trial. Remember there are millions eating Grape-Nuts every day—they know, and we know if you will try it. In both above morning work because you can keep well, and with the brain well nourished work is a joy. Read the "Road to Well-being" in every package—There's a Reason.

DIVORCED, MAKE UP, QUIT, COURT'S TURN

He Proposed After They Had Separated, She Says

READING, Pa., Jan. 25.—An odd case was disposed of today when Judge English handed down an opinion making absolute the rule to vacate the decree of divorce in the case of Elmer G. Weyman against his wife. A decree of divorce was made in this case last October, the proceeding having been instituted by the husband on the ground of cruel treatment.

Shortly after Weyman made application for a divorce his wife obtained a rule for a bill of particulars, which was served upon Weyman personally. Later the wife alleges that her husband proposed to her and she accepted his offer of reconciliation and of funds to pay her counsel, on condition that she withdraw her request for a bill of particulars, he agreeing to drop the proceedings.

Mrs. Weyman, being under the impression that her husband did not intend to get a divorce, decided not to go to law, and several days later she was much surprised when she learned that a decree of divorce had been granted.

Mrs. Alex. L'Esnoix is suffering from an attack of bronchitis. The smallest quantity of her scarce. The price has gone up to 3 3/4 cents per pound.

Hopewell Hill. HOPEWELL HILL, Jan. 24.—Continuing his series of sermons on the great hymn of the church, Rev. Mr. Kirby, pastor of the Methodist church, today for his topic tonight Topical's world-popular Rock of Ages, the discourse being one of special impressiveness.

On Wednesday night last after the prayer service held in the school house at Chemical road, Rev. Mr. Snelling, pastor of the Baptist church, united in marriage John Edward Derry and Jane Agnes Loeman, both natives of the upper part of the county, but who have lately been living here.

The Hopewell Cape basket ball team, fresh from recent victories over the Alberts, met the Harvey quintette in battle array at the Cape last evening, and after a stubborn contest went down to defeat. The Harvey team would appear to hold the championship so far.

Mrs. J. Nelson Smith has returned to her home in Covehead after spending a week with relatives here.

Mr. Ernest Smith of St. John is visiting her parents, Mr. and Mrs. S. C. Caboun, Lower Cape.

SCOTTISH EVENING GREATLY ENJOYED

A large attendance with a splendid programme of addresses, etc., characterized the Scotch entertainment given in the St. Andrew's church last evening.

It was a regular Scotch night, and in fact the affair was the most successful in the history of the church. Included in the programme were an address by Mrs. J. H. Thomson on the Mock-Lore of Scotland.

VAST LAND COMPANY NOW FORMED AMONG THE VETS OF SOUTH AFRICAN WAR

Maynard Reynolds of Halifax is the promoter of an elaborate scheme for handling western land grants which, he states, is receiving support from Veterans' associations everywhere in the eastern provinces. Mr. Reynolds was in St. John a few weeks ago for the purpose of attending a meeting of the ex-volunteers residing here. At that meeting he placed his proposition before the men, and had a further discussion a few days later. At the second meeting a committee of local men was chosen to go fully into the scheme and place it before the men with whatever recommendations they deemed advisable.

The veterans themselves looked very favorably on Mr. Reynolds' plan and believed it could be successfully carried out if the executive work were in the hands of strong and energetic men.

In view of the fact that there are some nine or ten thousand South African volunteers scattered throughout Canada, it is not surprising that they are ready to sell their land grants, and a majority of them at the mercy of real estate agents in the west, the need of some definite plan of action has been felt. Mr. Reynolds has secured Nova Scotia and Dominion chapters for the South African Veterans' Protective Association, and is now engaged in placing his project before all within reach. He proposes the organization of a company in which the original stockholders will include none but veterans. Every man may, on depositing his land warrant with the company, receive in return five hundred shares of preferred stock, one thousand shares of common stock. No one may purchase stock by payment of money. Any veteran desiring to have money advanced on his warrant may receive up to two hundred dollars, and in return for this full amount will forfeit two hundred preferred and five hundred common shares. This stock will be placed in the hands of the person advancing the money whoever he may be. By this arrangement the company will be formed solely of the veterans themselves, the latter supplying the working capital on a straight interest arrangement, and negotiations with the government will be conducted by the company.

It is believed that the launching of this project will in some measure put an end to the selling of warrants which is now going on, will stop the present keen competition which results in low prices, and will bring large numbers of men to the proposed company. It is the hope that at least two thousand veterans may become stockholders, and such a number will guarantee the success of the venture.

Having secured the shareholders, Mr. Reynolds who is now organizing the company in Halifax with provisional directors, will proceed to have representatives from all sections of Canada chosen for the permanent directorate in place of those temporarily selected, and by this plan he believes even larger numbers of veterans will join the company.

Now, in handling the lands or warrants, two courses are suggested, both of which will likely be adopted. Mr. Reynolds proposes selecting and taking up in the west large areas which may be held and worked by the company and sold either in pieces to new settlers or else in bloc to land companies; and to sell the warrants themselves without locating on the actual land. For this latter course he would send agents to Saint Paul and other United States cities whence settlers come to Canada, as well as to centres in the Canadian West. He believes that by stopping the indiscriminate sale of warrants prices would be forced upwards, and that the men would in a short time be receiving more reasonable amounts than are now being paid. The company would not be responsible to each individual veteran for his own particular warrant, but would lump the whole lot in the general business done and distribute the profits on the basis of stock held, just as in all joint stock companies.

Mr. Reynolds is talking all kinds of figures and declares that when his plan is well under way he expects to see prices go up to a thousand dollars at least, and possibly to fifteen hundred. At present the average price is in the vicinity of four hundred dollars.

In Upper Canada and in Nova Scotia Mr. Reynolds has received, he states, enthusiastic support, and his proposition has been accepted by all to whom he has spoken. He has not yet secured anyone refuse support nor has he heard any criticism of his plans. He is deeply interested in the affair himself, and in conversation with The Sun when he was here a few days ago declared his belief that this is the only proposal which can bring to the men anything like what their land is worth.

REASON WHY MRS. HOWATT TOOK THE POISONOUS PILLS

The inquest into the death of Mrs. Annie Howatt began last evening in the Court House, Coroner Berryman presiding.

The first witness sworn was Dr. Barry. He said that he was first called to see Mrs. Howatt on Jan. 3rd, at the residence of Mrs. McAuliffe, 108 Orange street. He found her lying unconscious on the bed in her room. Her breathing was regular and pulse good. He was told by the ladies in the house that Mrs. Howatt had been taking pills in an attempt to produce an abortion. One of the ladies showed him a box containing one pill. There were no directions on the box. The mark on the box P. D. showed that the pills were manufactured by Paris Davis & Co. There was a name of a druggist in this city on the box. He asked for as much of the history of the case as possible. After watching the woman for half an hour he decided that she was going into labor. There was no question in his mind but that she was pregnant. The next morning after he visited her he ordered her to the hospital. He did not see the deceased again. The coroner submitted a sample of the Park Davis venegog pill and the formula to a witness who described the use and actions of each of the drugs contained in the pills. The pills would not be safe to take if the patient had been pregnant four or five months. These pills would likely be used if a person wished to produce an abortion. The drugs contained in the pills are poison ones.

The next witness was Mrs. Ellen McAuliffe, wife of James McAuliffe, 112 Orange street. She knew the deceased for some months before her death, having met her frequently. She had told her about two days before her death that she was going to take some medicine, but was advised by Mrs. McAuliffe not to do so. She first saw the pills when the box was handed to Dr. Barry. She looked for the box afterward but could not find it. The deceased had told witness that she wished to bring on an abortion so that she could go on the road with her husband. The first intimation that witness had that Mrs. Howatt was seriously ill was about 10.30 p. m. Jan. 3rd, when Mrs. McAuliffe came to her house and told her that Mrs. Howatt was unconscious on the floor. She went to the room of the deceased and assisted to put her in bed. The doctor was then summoned. Witness remained all night and thought that deceased appeared to be in labor.

The next witness examined was Roy McAuliffe, son of James McAuliffe. He was slightly acquainted with the deceased, and went to the house of Mrs. McAuliffe with his mother. He remained in the house about an hour.

Dr. Warwick was next examined. He made a post-mortem examination of the body of Mrs. Howatt on Jan. 5th and described the result of the examination, which he said proved that a miscarriage had taken place a short time previous to her death. In his opinion the woman's death was due to the taking of some irritant poison. This poison would act particularly on the liver and kidneys. Witness said he had contents of the stomach, before and after death, and of the intestines after death at the hospital. Owing to the fact that the remainder of the witness could not conveniently attend in the evening the inquest was adjourned until Wednesday, 27th, at 5 o'clock.

Noted Beauty to Testify in Sensational Divorce

Mrs. Atherton to Make More Disclosures of the Wandering Loves of Mr. and Mrs. Stirling, Herself and a Nobleman

EDINBURGH, Scotland, Jan. 28.—English society, which has been convulsed for nearly a week by the startle developments of the Stirling divorce trial, on the 27th, expecting that with the resumption of court proceedings tomorrow the famous beauty, Mrs. Mabel Louise Atherton, will again be on the witness stand.

As the case is a cross-suit, the testimony of Mrs. Atherton will go far to determine the issue. The other co-respondent, Lord Northland, has manifested much coolness towards Mrs. John Alexander Stirling during the trial, and it is now certain that even if she wins her divorce suit, Mrs. Stirling can not hope to become Lady Northland or the Countess of Ranfurly.

WIFE'S STRONG EVIDENCE

That very night, so Mrs. Stirling testified, she opened the door of Mrs. Atherton's room and discovered Mr. Stirling sitting on Mrs. Atherton's bed. It was in this house that the maid says she found Mr. Stirling's handkerchief under Mrs. Atherton's pillow.

SATURDAY
Burton, Spence and Co., of York St., Toronto, assigned yesterday to E. L. C. Clarke for the benefit of their creditors. The liabilities are approximately \$220,000, to which must be added the loss of \$150,000 capital, making the amount involved about \$370,000. The assets are about \$335,000. The firm has been in business for thirty years and the trouble is partly due to the conduct of a trusted employee.

TUESDAY
The offerings taken in the different Roman Catholic Churches in the city yesterday will be donated towards the relief of the stricken in Italy and are to be forwarded to Rome. It is understood that the collection was a large one.

THURSDAY
A large number of friends of Mr. and Mrs. McAlary were at their home, Victoria street, last evening to celebrate their golden wedding. An enjoyable time was spent, and towards the close of the evening, Mrs. B. Hutchinson presented the couple with a well filled purse on behalf of the members of the Main street Baptist church, which Mr. and Mrs. McAlary attend.

WEDNESDAY
In the matter of tea, perhaps you think you are being served as well as you can be, but have you tasted "Salada" Tea. It's the purest and most delicious tea in the world. All grocers sell it.

MONDAY
Regarding the amalgamation of the Fire Insurance Company, Mr. E. L. Harris said that the amalgamation was that 1908 was an exceptionally hard year financially on all fire companies and the Traders Company did not have a large profit. Heavy losses were sustained through fire at Ferlie, B. C. Three Rivers, Que., and other parts.

MONDAY
A special cable despatch says that Lord Northcote is likely to succeed Earl Grey to the governor generalship of Canada. Earl Grey's term expires on Sept. 26th next.

MONDAY
A despatch from Winnipeg says that another terrific snow storm has been raging throughout central Saskatchewan since yesterday and railway schedules are all deranged.

MONDAY
Dr. H. B. Nasse, of the North End, gave a pleasant carnival to the children of that section of the city, on Saturday, on his private rink. There were thirty skaters present and the judges were Mrs. H. B. Nasse, Mrs. D. H. Nasse and Miss Helen Fleming. Miss H. Nasse as a flower girl, won first prize and Master Gordon Day, an Indian boy, won the boy's prize. The ice for all these ten laps had twelve entries and was won by Master George Clark. The carnival was such a success that Dr. Nasse hopes to repeat it next month.

MONDAY
The "Tam o' Shanter" chair has been loaned by Mrs. C. H. Thomson, of Rotherley, to Rev. E. J. Thomson, of the exhibition in Oak Hall window today in honor of Robert Burns' 150th anniversary. The chair has had very neat folders printed for the occasion showing a picture of Burns, a fac simile of his signature, and a picture of the chair which was purchased many years ago for the late Robert Thomson, a wholesale grocer, who kept a store on Prince William street, this city. This chair was among the effects of the late Mr. Thomson (made famous by Robert Burns in Tam o' Shanter), and purchased when the effects were being sold. The folders will be given to customers today.

MONDAY
Coroner Berryman has not yet decided whether or no he will hold an inquest over the body of the baby found on the Brunswick street dump on Friday last. The body was viewed on Saturday and it was ascertained that it had been given out, it is understood that the authorities believe that its parents were foreigners. The police are at work on the case, and it would not be surprising if there were some developments in the near future.

MONDAY
The I. C. R. officials are offering a reward of \$50 for information leading to the arrest of Peter Freeman Bancroft, who is wanted on the charge of attempting to steal railway ties at Windsor, N. S.

MONDAY
There is a hurried movement on the part of certain Eastporters, it is said, when this news came from Montreal to the effect that voters of the province had been sentenced to jail in addition to being fined and the population of the nearby island of Campbellton which is not under the jurisdiction of the supreme justices of Maine has been increased by the advent of these gentlemen from this city.—Commercial.

TUESDAY
John B. Walters, the assistant purser on the C. P. R. steamer Empress of Britain, contracted pneumonia on the voyage out from Liverpool and died Friday night. The body was buried in the morning at the St. John's cemetery. He was a native of Liverpool, 33 years of age. One of the steamer passengers who had his leg severely scalded, was removed to the hospital yesterday.

MISS TUCK BRIDE OF MR. ROBINSON
Centenary Church Thronged
MANY GUESTS
Gowns Worn - Fawcett-Chapman Wedding at Moncton

Preparations for the mass meeting in the interests of the crusade against tuberculosis are being rapidly made and the officials hope in a few days to be in a position to announce the date and details. It is understood that the meeting will be held not later than the week after next. The speakers to address the gathering have not as yet been named.

Word reached the city by telephone yesterday to William Henry Sohier, of Etchingham of Golden Grove at St. Stephen, New Brunswick, that his wife had been killed by a train in the woods in the morning, when it fell striking him a heavy blow. He never recovered but passed away in the afternoon. No other details of the tragedy could be procured last evening.

The body of the deceased, which was brought to this city this morning, he was a life long resident of Golden Grove and was well and favorably known by all. He leaves four daughters to mourn their sad loss, viz: Mrs. Charles McLean, Baywater; Mrs. E. S. Westmore and Mrs. William Morris, St. John; Mrs. Walter Tauris, Connecticut.

Considerable interest has already been manifested in the evangelistic services to be commenced next week at the Bell of Montreal in Queen square church. Mr. Bell is already well known here, and the nature of the services conducted by him has been highly commended by leading Methodist clergymen. A choir and orchestra will assist every evening, singing being always a prominent and attractive feature of Mr. Bell's services.

THIS ATHLETE OF FIFTY-TWO YEARS
Says He Gains His Wonderful Energy to Dodd's Kidney Pills

WAS TORTURED WITH RHEUMATISM AND GREAT KIDNEY TROUBLE. THIS GREAT KIDNEY REMEDY CURED HIM.

SIX NATIONS, Ont., Jan. 27.—(Special) Fifty-two years of age but still young enough to captain the hockey team, John Silverthorn of this place can truly be looked on as a wonderful athlete. He is naturally thin, but his life has been a wonderful one. He is naturally thin, but his life has been a wonderful one.

MONCTON, Jan. 27.—A very interesting ceremony was observed at noon today in the Centenary Church, when Miss Mary Madelon Chapman, daughter of Mrs. A. C. Chapman of Fawcett, was married to Charles W. Fawcett, of Sackville. The central church was prettily decorated for the event and crowded to the doors.

MONCTON, Jan. 27.—An interesting wedding took place this evening at the residence of Robert Vye, when Miss Mary Madelon Chapman, daughter of Mrs. A. C. Chapman of Fawcett, was married to Charles W. Fawcett, of Sackville. The ceremony was performed by Rev. Henry Sohier, pastor of the First Baptist church, and the bride was escorted by her father.

R. W. GRAMMER IS ELECTED MAYOR
Lively Election at St. Stephen
Only Two Endorsed by Temperance Federation Are Returned

ST. STEPHEN, N. B., Jan. 27.—This town has had today its first real live town election it has witnessed for a number of years, with contests in every ward. There were two parties, in "Duke's ward" and the new, the former was composed of the mayor and council of last year, excepting that Councillor Todd retired as a candidate in Duke's ward and was replaced by Thomas Casey, while in Duke's ward Councillors Dinsmore and Laflin served their affiliation with their colleagues. The latter party being the former for councillor under the auspices of the new board which had the endorsement of the temperance federation. The old board could only find one candidate, Hugh Love to replace them.

The old board elected a majority of its members, though some had very narrow margins. For mayor, R. W. Grammer received 45 votes in Queen's ward, 59 in Kings, and 128 in Queen's. Albert A. Love received 68 in Duke's, 77 in Kings and 64 in Queens.

The new board is therefore composed of Mayor R. W. Grammer, Councillors Casey, Whitlock, Keys, Dinsmore and Polley, the two latter being the only Temperance Federation candidates returned.

The marriage of Henry Burnett of Fredericton Junction to Maude Porter of Fredericton was celebrated yesterday at 115 Waterloo street. Rev. Olden Swin, pastor of the United Baptist church, performed the ceremony.

It assimilates the Food, regulates the Stomach and Bowels, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

GENUINE CASTORIA ALWAYS
Bears the Signature of
The Kind You Have Always Bought
In Use For Over 30 Years.

Go-represent in This Suit for Divorce is Only a Soul

PHILADELPHIA, Jan. 27.—Because his wife, Valerie, joined the "Order of the Fifteen," that esoteric college body which had its inception in the University of Pennsylvania and has spread among the faculties and students of the west, William E. Mountain, a poet, is suing her for divorce.

Desertion is the charge brought by Mrs. Mountain, who declares that after she had absorbed the mixture of love and hate which she says she had had to do with him.

Just what this means is not clear, but it is clearly not carnal. He speaks of spirit loves, he says, as witness that My spirit love has purged her heart of pride. Has bowed her glorious head in holy prayer.

Mrs. Mountain herself opines that this is going some on Pegasus. The "Order of the Fifteen" came into notoriety a month ago when Dr. Charlotte Abbey, 224 West Washington square, who was on its correspondence list, sent some of its literature to Dr. Edgar P. Smith, vice-president of the University of Pennsylvania. She had previously tendered her resignation to the order, declaring that its standards of morality did not meet with her approval. It is now under investigation by the faculty.

TORONTO, Jan. 27.—That the Canadian Methodist church intends to take active part in the work among the immigrants to this country is indicated by the fact that the missionary executive decided today to appoint what will be known as "immigration chaplains" to meet strangers at St. John, N. B., and Halifax and at Quebec during the months of navigation.

Arrangements will be made as soon as possible. It was further decided to carry on negotiations with representatives of other churches to arrange for some Protestant clergymen to be assigned to the work of visiting Liverpool with immigrants for Canada.

LONDON, Jan. 27.—The union mess was filed fifty dollars today for selling liquor without license.

CHICAGO, Ill., Jan. 27.—National prohibition party headquarters, issued a protest tonight against what is called the "booze banquet" to be held at Springfield, Ill., on February 12, in celebration of the centennial of Abraham Lincoln's birthday. It says the banquet is the committee to use wine at the banquet is in defiance of the married president's principles. At the banquet it has been announced that several prominent speakers, including several foreign ambassadors, are to be present.

JAPAN IS THE CALL

Full Particulars of Legislation Received, But Little Government's Attitude is Praised

TOKIO, Feb. 4.—No comment has been made by the newspapers of this city on the anti-Japanese resolutions now before the legislature and the matter was but briefly mentioned in the special press despatches. The full text of the resolutions has been officially cabled to the Foreign Office here. It was received with expressions of astonishment. Leading men of the capital who have been interviewed on the subject while they are evidently deeply wounded by the attitude taken in Nevada, refrain from making any comments further than to say: "Nevada is not America."

While the full text of the resolution is known to not more than a dozen persons in Japan at present, however, it is impossible to foretell what the general view in regard to it will be when it is published. It undoubtedly will draw excited comment from Japan, the Jingo press and politicians.

Official expression as well as the editorial stand taken by the press is one of gratitude at the attitude of the national government in America. The news of the action taken by the New York and San Francisco business men in declaring against the anti-Japanese measures introduced in the California legislature is received with great pleasure here.

SACRAMENTO, Feb. 4.—With the defeat of the Drew bill in the Assembly yesterday, all hope of passing the anti-Japanese measure has been practically abandoned by the sponsors of the new regulation. One remarkable feature of the Drew bill was the fact that it was accompanied in the face of an audience of 2,000 people, who wildly applauded every anti-Japanese sentiment uttered by the speaker, a San Francisco Assemblyman who was an opponent of the bill made a bitter attack on the Japanese. He has a large labor union constituency and his opposition was based on an eloquent plea that the bill would be distinctly away.

Governor Gillett was highly pleased with the action of the assembly. HILLSBORO, N. B., Feb. 1.—Dr. Smith, who has been assisting Rev. Z. Z. Pash in evangelistic services the past three weeks, gave his farewell sermon on Sunday evening to a large congregation; subject: Parliamentary Rules applied to the Gospel. Dr. Smith is an eloquent and forceful speaker, and his many addresses here have been highly appreciated. On Sunday afternoon he addressed a mass meeting for men only on the subject: "Talk on a plain topic, in the plainest terms possible. On Monday evening Dr. Smith gives his third and last lecture on the subject: "Trip Round the World," and on Tuesday leaves for Kentucky.

Rev. Z. Z. Pash, administered the baptismal rite to eighteen candidates at the close of Sunday morning church, and at the close of the evening service twenty were received into full membership.

BALTIMORE, Md., Jan. 27.—The Baltimore Board of Health, after a hearing on the case of a child, yesterday afternoon, ordered the child to be taken to the hospital. The child was found in a condition of extreme weakness and was unable to walk. The child's mother, who is a native of the city, is a widow and has no other means of support. The child was found in a condition of extreme weakness and was unable to walk. The child's mother, who is a native of the city, is a widow and has no other means of support.
