SUCCESSFUL PICNIC

Held by Sunday Schools at Oak Island on Wednesday

The community picnic held at Oak Island, near Avonport, on Wednesday last, proved to be one of the most delightful outings and get-together occasions ever enjoyed by the people of Wolfville. It was instituted and organized by the Sunday Schools, representing all denominations, Protestant and Roman Catholic, and was carried out in the true Christian spirit. Between five and six hundred people were present. The citizens were most kind in placing their cars at the disposal of the young people and, with the assistance of a couple of motor trucks, all the Sunday School pupils were comfortably conveyed to and from the grounds. The organization for feeding the people was most complete. The supplies were ample and appetizing and everything possible was done by a committee of energetic and kindly women to give the children, and in fact all comers, a good time. A programme of games and sports was arranged in advance, and from the moment of arrival to the departure of the last car there was something doing among the young people. Prof. Russell, of the Acadia Memorial Gymnasium, and Scoutmaster Brown, with their assistants, directed the games and also the field and aquatic events. An excellent beach and afternoon tide made the swimming a feature of the occasion. No accident or unseemly event occurred to mar the success or to break in upon the harmony of the day. Everyone entered into the picnic spirit and contributed to the prevailing fellowship and good will.

There are few communities where such a gathering could be held, and Wolfville should congratulate herself on the community spirit which makes such a day possible. Two or three factors entered into it. First of all, there is the fine fellowship existing between the churches and ministers of the town, which has created an atmosphere of good will. The work and training of the Boy Scouts and Girl Guides is beginning to bear fruit. It contributes to team work, to keen and generous sportsmanship and to a distinctive type of manliness and womanliness among the boys and girls.

In addition to that, the public-spirited men and women have so long worked together in various organizations for the common good that it has become to them a genuine pleasure to spend a day together. It was Oliver Wendell Holmes who said that it was a good thing for a community to come together even to recite the multiplication table, if they had nothing else in common. Wolfville has much in common, and Wednesday's event has once more proven how good and how pleasant it is for brethren to dwell together in unity.

KENTVILLE DEFEATS WOLFVILLE

In Closely Contested Game of Baseball

One of the best games played in the Valley League series this season occurred at Kentville on Monday evening when Kentville defeated Wolfville by the close score of 2 to 1. Two Valley League records are said to have been established by this game. Burrell, pitching for Kentville, set up what many considered a record, when he struck out 17 men and allowed only three hits. Another high mark was struck up when the teams completed the nine innings in one hour and five minutes.

Brown pitched a good game for Wolfville, striking out eight men, and allowing only four hits. Smiley made two sensational catches in the outfield. Barteau, scored Wolfville's lone run in the first inning on a two base hit by Kenney. Kentville scored their two runs in the seventh.

Umpires: J. Roy Hills and Fred Eagles.

The Wolfville baseball team has lost a valued player in the person of Mr. Stanley West who has gone to Ferrisboro, where he is employed by Mr. A. J. Mason.

MAY LEAD MANITOBA FARMERS

Geo. F. Chipman, a well known editor of Winnipeg and a candidate in the Manitoba provincial elections. It is probable that he will be elected as leader of the United Farmers Party in the Legislature should he be elected. He is a native of Kings county.

PORT WILLIAMS

Mr. Anderson Lockwood, of Middleton, a former resident of Port Williams, is visiting his niece, Mrs. Regan. Mr. Lockwood has been an invalid from rheumatism for several years.

Mr. Gordon Thomson returned to St. John on Saturday after spending a week with his parents, Mr. and Mrs. C. A. Thomson.

Mrs. Kerwin, of Canning, has been visiting her sister, Miss Maude Orr.

Mr. Maurice Cox, of New York, has been the guest of his mother, Mrs. Julia Cox, and other relatives.

Several from here attended the I. B. S. A. recently held at Truro, among them Mr. Otis Jess and daughter, Mrs. Arthur Jess and Mr. and Mrs. A. Parish and son.

Miss Kate Morse, of Berwick, spent the week end, the guest of the Misses Lingley.

Mr. and Mrs. Wm. Henderson, of Mass., are the guests of their uncle, Mr. Isaac Lingley.

Miss Aithes Faulkner is spending a few days in Halifax.

Mrs. B. Chase spent the week end with her daughter, Mrs. Mosher, in Halifax.

The Women's Institute from here joined with the other Institutes of Kings on their annual Picnic at the Experimental Farm on Tuesday. After partaking of a sumptuous dinner, Miss Annie Stuart introduced Miss Hayden, District Nurse. Mrs. Creed, and Prof. Blair who gave short addresses. A delightful day was spent by the large number present.

Rev. O. N. Chipman and wife have returned after their three weeks vacation.

Mr. C. A. Campbell and Mrs. Elvira Fullerton are beautifying their houses with a fresh coat of paint. The three new houses and the barber shop are nearing completion and will be a great improvement to the town.

Mr. and Mrs. John Meisner and family, accompanied by Mr. Meisner's sisters, Misses Gertrude and Helen, from St. John, spent Sunday with Mr. and Mrs. Kempton Gates.

Mrs. Capt. Eldridge has been spending a few days at Lake George, Yarmouth county, where she was called by the illness of her mother.

SUCCESSFUL BAZAAR AT CANNING

The Mammoth Bazaar, which opened in the Rink, Canning, on Thursday afternoon last and closed on Wednesday night, was an unqualified success, notwithstanding the down pour of rain which greeted its opening day. About twelve hundred and fifty dollars were received and expenses were very small. Articles for sale, eatables and all home talent in orchestra and drama being contributed free. The net proceeds, some twelve hundred dollars will be used to liquidate part of the debt on the Rink, for the encouragement of the young folk.

Too much praise cannot be given to the Women's Institute of Canning, who evolved the scheme, and to their worthy sisters of Canard, Hillaton, Sheffield Mills, Habitant, Kingsport, Medford, Peregau and Blomidon, who donated their aprons and so nobly stood with them in the effort.

It may be said, no trouble was too great for some of our men and boys in the carrying out of arrangements and their work of practical and artistic disposition and decoration of booths and whole interior speaks for itself. The fittings are to remain for a time to be used for any public utility, with the thought that the County might need space for an Exhibition.

Dr. MacDonald and Dr. Huddlestone, of the first Baptist church, Halifax, exchanged pulpits on Sunday last.

AVONPORT

Mr. Fred Edwards, accompanied by Miss Hattie Haldean, motored from Halifax on Saturday last and spent the week end with their friend, Miss Olive Parker, returning on Monday.

Mr. Winfield Gordon, of the firm of Miller and Gordon, Brazil Lake, was the guest of his uncle, Mr. F. G. Borden, for the week end.

Miss Emma Atkins, who so successfully conducted the school here for the past term, left on Saturday last for her home in Kempt, Queens Co., to spend the vacation. Miss Atkins made many friends during her stay here who greatly regret her departure.

The Misses Elaine and Maxine Abbott, of Wolfville, spent last week with their grandparents, Mr. and Mrs. Geo. Brooks.

Mr. and Mrs. Geo. Pye and daughter Alice, who for some weeks have been the guests of Mrs. Pye's mother, Mrs. David Fuller, have gone to Sheffield Mills where Mr. Pye has purchased the store recently owned by Mr. Walker.

Mrs. F. F. Graham and little son Donald spent the week end in Hortonville with Mrs. Graham's mother, Mrs. F. W. Curry.

Miss Harwood, who has been enjoying a vacation with her friend, Mrs. J. B. Barrett, returned to her home in Wolfville last week.

Miss Madge Daniels, spent the week end at her home in Martock, returning to her duties at the Post Office on Monday.

Mr. L. E. Shaw and family and Mr. J. A. Macpherson and family have moved from Wolfville and are occupying their summer cottages on the river bank; also Dr. B. C. Borden and family motored from Sackville, N. B., on Saturday last and are at "Crancroft" their summer home. We welcome them to our little village once more.

Mrs. James Duff, Sr., left on Friday last for Boston and vicinity, where she will spend a month with her daughters, Mrs. Kate and Mrs. Gillies.

Mr. John Palmeter, of Kentville, spent Monday and Tuesday of this week at the home of Mr. and Mrs. F. G. Borden.

U." desire to again call attention to the importance of our "Travelers Aid" work, which has been carried on by us for more than 20 years. We began by employing one worker located at the Union Station. Now we have a "Travelers' Aid Secretary" there as well as two workers, and also one worker at each of the other stations in the city. During the past year they have spent 6,609 hours at the stations, helping 19,145 persons, many of whom were homeless young girls, who had to be brought to our "Willard Hall" for care and protection. Our expense in the beginning was comparatively small, but it has gradually increased, and last year we paid \$2,654.94, besides incidentals. Through all these years the "Surprise Soap Company" has given us a small cash percentage for every wrapper collected, thus materially assisting us in securing the amount of money needed. During recent years, however, our income from this source has not been nearly equal to the expense incurred. We are therefore earnestly appealing to our friends for increased donations of soap wrappers, and where these are not available, money will be most acceptable instead. During the past year our Travellers' Aids have found many opportunities for service especially in showing kindness and giving information to a large number of war brides coming to, or passing through, our cities. Many a tired and perplexed mother, with her family of little ones, expressed her gratitude to the T. A. who gave assistance during the hours of waiting between trains and put them on the outgoing train at the right time. Then the many aged and infirm ones compelled by stress of circumstances to travel alone, were also made comfortable, and their nervousness overcome, as they were kindly and patiently helped on their journey. Scores of young girls, troubled and perplexed, having wrong addresses or none at all, were carefully looked after, and when unable to be correctly located, were sent to Willard Hall until their friends were found. Sick and injured women off the trains were given "First Aid", and when necessary, taken to hospitals, and their friends communicated with. A large number of children without escorts and sometimes without tickets or money, were placed in charge of reliable persons travelling in the same direction. Evil-minded, designing persons were in many cases discovered, and their plans thwarted, and numberless young, innocent girls saved from ruin and misery by the timely intervention of our Travellers' Aid. In order that we may be able to continue this good work, without financial embarrassment, will you please send increased donations of "Surprise Soap Coupons" to Mrs. M. P. Freeman, (P. O. Box 35, Supt. Dept. Travelers' Aid Wolfville, N. S. GOLDEN WEDDING AT CANARD: CANNING, July 6.—More than one hundred guests assembled at the home of Mr. and Mrs. Levi Clark, Canard, on Tuesday evening to tender to them their good wishes on the 50th anniversary of their marriage. The grounds were beautifully decorated for the occasion. The bride and groom of fifty years entered the drawing-room to the strains of the Wedding March, played by Mrs. William Harris. A fitting address, accompanied by a handsome electric reading lamp and purse of gold, on behalf of the friends, was presented by Warden C. A. Campbell, of Port Williams, which was pleasingly responded to by Mr. and Mrs. Clark. A delightful program, consisting of solos by Mrs. George Bowser, readings by Mrs. Leander Eaton, music by the Clark Quartette (composed of Messrs John Clark, Burpee McGowan, A. Clark, Clayton Harris) was then enjoyed. Supper was then served, tea being poured by Mrs. William Harris; Mrs. Ernest Harris, Mrs. Agnes Robinson, Mrs. Leander Eaton, Miss Eva Eaton, and Miss Alba Eaton assisting. Mrs. Clark, who was Stella, daughter of the late Andrew Bishop, of Lower Canard, was lovely in a gown of blue. Mr. Clark, from his early boyhood, resided with his uncle, the late Eaton Rockwell, Upper Canard. Mr. and Mrs. Clark have four sons, Albert of Kentville, Howe, of Ottawa, Leander of Boston, and John, residing in Canard. Mrs. Corbett, Mrs. Foote, and Mrs. A. Corbett, sisters of Mr. Clark, were present on this occasion. Community singing was enjoyed until the wee sma' hours.

"Saved My Little Girl"

Mother tells how her little Ethel's life was saved. That is what one woman wrote us recently, and then she goes on to say:—"Ethel, who is just past eight, caught a bad cold last August. The child is of a highly strung, nervous temperament and could not be kept quiet in bed. We tried everything we could think of to cure her cough. But, the cough became worse and from a rosy, healthy, sturdy girl she became pale and thin. Nothing we did seemed to stop the cough and by this time regular spasms of coughing had developed. These coughing spells left the child weak and completely tired out. I believe that in a short time the cough would have reached the child's lungs. After trying everything I could think of, I saw an advertisement for Carnol, saying that this preparation would build one up. I got a bottle from the druggist and before it was half finished my little girl had almost completely shaken off her cough. Her cheeks began to get back their old colour. She started to put on flesh again and would run and play all day without being tired. Today, after having taken two bottles of Carnol, she is looking and feeling better than she has ever felt in her life." Carnol is sold by your druggist and if you can conscientiously say, after you have tried it, that it hasn't done you any good, return the empty bottle and he will refund your money.

HOW TO USE THE SEASON'S FRUITS

In canning fruit, be sure that your jars are absolutely clean, and use new pliable rubber to be sure that no air shall get in. Sterilize the jars by placing them in cold water and heating until it comes to a boiling point. Take care that after this process neither fingers nor anything else that might carry germs touch the inside of the jars. Do not allow the fruit to come into contact with iron or tin vessels; use enamelled ware. For canning fruit, use one-third to one-half as much sugar as fruit; for preserving, three-quarters as much; for jam an equal quantity and for jelly equal quantities of sugar and juice. For canning, use only perfectly sound, fresh, firm fruit. For jelly, fruit should be under-ripe. Sugared currants can easily be made by dipping the fruit into white of egg and then in powdered sugar. A few drops of currant juice left over from preserving, added to lemonade, gives it a delicious flavor. Spiced Currants.—Use seven pounds of fruit, four pounds of sugar, one pint of vinegar, one tablespoonful each of cinnamon and cloves, one nutmeg, grated and one teaspoonful of allspice. Boil for two hours. Cherry and Raisin Conserve.—Use three pounds of sour cherries (pitted) four pounds of sugar, four oranges (seeded and chopped), two pounds of raisins (seeded and chopped). Steam the raisins for twenty minutes, put all the ingredients together and boil for twenty minutes longer. Put in glasses and seal. Raspberry and Currant Jam.—Crush the desired amount of fruit, using equal parts of raspberry and currants. Use also equal weights of sugar and fruit. Combine the sugar with the berries and bring slowly to the boiling point. Boil until thick and clear. Place in sealed glasses. Raspberry Vinegar.—Put any quantity of fresh red raspberries in a crock, cover with vinegar and let stand twenty-four hours. Scald and strain. Add a pound of sugar to a pint of juice. Boil twenty minutes and bottle. Raspberry Cream Whip.—Sprinkle a quart of red raspberries with a heaping cupful of powdered sugar. Allow them, to stand until a thick syrup is formed then press them through a sieve and pour slowly onto two cupfuls of cream which has been stiffly whipped constantly during the process. Chill thoroughly and just before serving, add a cupful of meringue made from the whites of two eggs beaten with half a cupful of confectioner's sugar. Serve heaped in pyramidal form on a round or frosted angel cake. Merck's Liniment for Burns, etc.

PLAYING THE GAME

Under the above caption, B. C. Forbes in Forbes magazine (New York) says:—Business is as much a game as golf or football or baseball. Life itself is aptly likened to a game. To win, to earn and enjoy the fruits of victory, you must play fair. A cup or medal or other trophy is not the real prize the victor receives, the real reward is the satisfaction derived from superior, worthy achievement. Wealth is not the real prize of life, it is only a trophy, a symbol, and may carry with it no satisfaction; indeed it does not carry with it genuine, lasting satisfaction unless it has been won fairly, honestly, honorably. The more I see of rich men and the closer my insight into the workings of their minds and hearts, the more strongly convinced do I become that great wealth is no passport to happiness nor proof of true success. It is an old truth, but it needs preaching every sunrise, so many do not know it, or, knowing it, do not heed it. If they could only be made to understand, if they could only see things in their true colors, if they could only peer into the hearts of many millionaires, they would order their lives more rationally and enjoy life more thoroughly. To win out you must play the game every time. "Look at So-and-So; he has everything he wants, yet everybody knows that he made his money by shady practices," you may reply. Don't fool yourself that So-and-So has everything he wants. Do you imagine that he doesn't know how you and other people regard him? And do not think for a moment that he enjoys being looked at askance, or that he wouldn't exchange most of his ill-gotten gains to stand high with you and other people—and to stand high with himself. There have been wholesale efforts to reap more than has been sown, to get more than has been earned, to tilt the scales unduly. Sooner or later the profiteers and labor slackers will get their just reward. The call is for the fellows who can be depended upon, under any and all circumstances to play the game. The things that count are the things that last. Playing the game lasts." Please read the advertising matter in this paper and support the home communities. They Bargain By Telephone, Now. There was a day when the Farmer loaded his waggon with a glistening pile of the green and red first-fruits of his season and plodded to town along the dusty road to sell his stuff, often enough only to plod home with it again, having found the market oversold. And there was a time when the dealer awaited a visit from the same Farmer, but with only languid interest in the transaction to follow the meeting. If one farmer would not come to his terms, another would. The Telephone has changed all that! Nowadays the wide-awake Farmer takes no selling trips and takes no chances. He stays at home, bargains with his dealer by Telephone, and rides to town with his stuff already sold. And the Dealer does not await the Farmer's visit. He must seek the Farmer, or some competitor will get ahead of him. So he, too, takes to his Telephone and its by means scours the countryside to supply his needs. The result is, fresh, attractive stock on his shelves that swells the number of his customers. For their mutual advantage the Telephone Line links the three together—Farmer, Dealer and Consumer.

COLLEGE REPRESENTATIVES DISCUSS FEDERATION

Representatives of the Universities of Acadia, Dalhousie King's, and Mount Allison, and unofficial representatives of the University of St. Francis Xavier, at a preliminary meeting held at Halifax last Friday appointed two committees to consider the various details involved in a scheme of federation that would be acceptable to each of the units involved, as a basis for consideration by each, and unanimously adopted the following resolution:

"That we consider that some form of confederation of existing higher institutions of learning in these Maritime Provinces is necessary for the proper progress of our people, and we undertake to do all in our power to bring this about."

The representatives of the colleges were as follows:

Kings—Chief Justice Harris, R. V. Harris, Dr. T. Stannage Boyle, Archbishop Worrell, W. W. Judd.

Mount Allison—Dr. B. C. Borden, Senator F. B. Black, Prof. Tweedie, Rev. H. E. Thomas, J. G. Burchell.

Acadia—Dr. G. B. Cutten, C. W. Rose, E. C. Whitman, O. P. Goucher, Dr. A. T. Cohoon and Dr. Frank Wheelock.

Dalhousie—G. S. Campbell, Hon. T. S. Rogers, D. Macgillivray, W. E. Thompson, C. H. Mitchell, Dr. A. S. Mackenzie, Hector McInnes, G. Fred Pearson, Hon. R. G. Beazley.

Representing unofficially, Roman Catholics—Brother Cornelia, T. W. Murphy, J. A. Walker.

On motion of Mr. Justice Rogers, seconded by President Cutten, the following resolution to be conveyed to the Carnegie Corporation was adopted unanimously:

"Resolved that this Conference place on record its sense of appreciation of the action of the Carnegie Corporation in inviting Dr. William S. Learned and Dr. Kenneth C. M. Sills to visit the Maritime Provinces and to report upon the means and facilities for education here.

"And further resolved that this Conference record its appreciation of the study and report made by Dr. Sills and Dr. Learned and express its belief that the publication of the report will do much to increase public interest in the improvement of the educational facilities of the Maritime Provinces and Newfoundland."

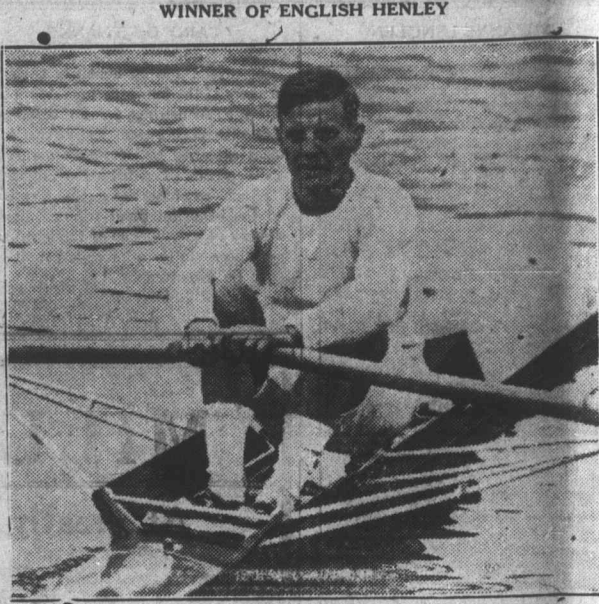

Other decisions reached by the Conference were to invite the University of New Brunswick and Pine Hill (Presbyterian) to appoint representatives on the Committees that will discuss a draft scheme; to invite the Governments

of New Brunswick, Nova Scotia, Prince Edward Island and Newfoundland to appoint delegates to the Conference; and to meet again at Halifax on August 24, for the purpose of considering the reports of the two committees charged with the work of discussing the points involved in a tentative scheme.

The Committees were named by the delegations of the various universities as follows:

Committee on Constitution, Internal, and Academic matters—Acadia: Dr. G. B. Cutten, or Dr. Frank Wheelock; Dalhousie, Dr. A. S. Mackenzie; King's: Dr. T. Stannage Boyle; Mount Allison: Dr. B. C. Borden; Pine Hill: (To be appointed); St. Francis Xavier's: (To be appointed); University of New Brunswick: (To be appointed).

Committee on Finance and Property—Acadia: Dr. A. Cohoon; Dalhousie: G. Fred Pearson; King's: The Chief Justice; Mount Allison: Senator F. B. Black; Pine Hill: (To be appointed); St. Francis Xavier's: (To be appointed); University of New Brunswick: (To be appointed).

Committees of two for each Province and for the Dominion of Newfoundland will be named by the Chairman of the Conference, the Honorable the Chief Justice, for the purpose of pressing upon their respective Governments the desirability of being represented at the adjourned meeting of the Conference.

Discussion for the most part at both morning and afternoon sessions centered about the suggested basis of discussion submitted by the King's College delegation which had called the meeting, it being urged on the one hand that it would be well to make haste slowly in such an important matter, and on the other hand that some tentative basis of discussion would have to be agreed upon before further progress could be made and that the memorandum before the Conference, which was in effect a digest of the Carnegie report, would serve the purpose perhaps, as well as any other.

The views of both parties to the discussion were finally met by the appointment of the two committees to consider the memorandum, under its various headings and to report back at the adjourned meeting of the Conference.

FIVE THOUSAND FOR THE WINNER

OTTAWA, July 7.—The winner of the Canadian elimination trials for the International Fishing Schooner race, will be entitled to a cash prize of five thousand dollars. This, it was stated at the Department of Marine and Fisheries today, is the disposition which is to be made of the appropriation of this amount at the end of the season, "to enable assistance to be given in fitting out a Canadian fishing schooner" for this race.

MARITIME LIBRARY ASSOCIATION

To the Editor of THE ACADIAN:

Dear Sir:—Certain people of the Maritime Provinces who are vitally interested in library organization and in the spread of book culture among our people have formed themselves into a body known as the Maritime Library Association. This was organized in 1918, and at first consisted of professional librarians only. When it met in Wolfville on June 13th of the present year several were present who are librarians only by virtue of their place in our social order as people who own and collect books, but who were attracted to our meeting by their interest in an advance movement in education. Among these were Dr. A. H. MacKay, Superintendent of Education for Nova Scotia; President Cutten and Dr. Rhodenizer of Acadia University; Rev. J. H. MacDonald, D. D., the pastor of the Wolfville Baptist Church; and Mr. A. J. Crockett, Stipendiary Magistrate of New Glasgow. Throughout the day's proceedings it was evident that a new life had come to the organization, and that its activities henceforth would have a broader, more intellectual scope. The election as President of Mr. W. C. Milner, Dominion Archivist for the Maritime Provinces, insured for the work of the Association a strong and well considered propaganda.

Now the soul of a movement like this is publicity. For this reason we ask the co-operation of all the newspapers in the three provinces. Our aim is to put libraries, carefully selected, well administered libraries, in every city, town and hamlet in Nova Scotia, New Brunswick and Prince Edward Island. To this end, it is necessary that the people's attention be called again and again to the advantages that would accrue to them if they had continuous free access to the best books on every subject. In many communities the people are already alive to this need. President Milner, having heard that travelling libraries were coming to Nova Scotia from McGill University, investigated the matter. He found that travelling libraries have been coming to Nova Scotia for many years and besides being sent to various clubs, an arrangement was made some time ago by the Department of Agriculture at Truro by which any of the Wo-

men's Institutes could obtain libraries from McGill, the fees being paid by the Department of Agriculture. I presume the McGill travelling libraries are also being sent to New Brunswick and Prince Edward Island. This is good, but the time is surely ripe for the Maritime Provinces to have libraries of their own. With the hearty co-operation of the people, the Maritime Library Association could soon accomplish this. A strong committee is now working with President Milner to investigate library conditions and prepare the way for a free and abundant circulation of books. This would mean the improvement of existing libraries, the establishment of public libraries where at present there are none, and the multiplying of travelling libraries. I doubt not that very soon it would lead to the establishment of library schools. Membership in the Maritime Library Association is open to all upon the payment of a fee of one dollar. Send your application with the fee to the undersigned and you will receive a certificate of membership duly signed by the President and the Secretary-Treasurer. This will entitle you to receive free all literature published by the Association, and will give you the privilege of voting at the various meetings. Further, it will mean that your name will go on record as one committed to the work of removing from the people of the Maritime Provinces the stigma of being a people without libraries and without interest in establishing them.

MARY KINLEY INGRAHAM,
Secretary-Treasurer to the Maritime Library Association.

SAFEGUARDING THE YOUNG

Some of the citizens of Wolfville who realize the importance of safeguarding the child-life of the community have endeavored from time to time to secure the passing of a curfew ordinance for the town. Delegations have waited on the Council urging action along this line, without result. There is no doubt but that the practice of allowing children alone on the streets during the evenings and until late at night is calculated to develop anything but desirable citizenship and if our people are wise they will insist on some action being taken to prevent it. In other towns the curfew has been enforced with very satisfactory results and what has been done elsewhere might just as easily be accomplished in Wolfville. It is hoped that citizens may be induced to regard their responsibility to the future generations to the extent of exhibiting a proper interest in this most important matter and indicate their views with no uncertain sound to those with whom they have entrusted the conduct of public affairs. For a town of the general character of Wolfville there is entirely too much disorder on our streets at night and too much evidence of loose living, and this might be very largely due to the fact that boys and girls of tender age are allowed without restraint to roam our streets at all hours of the night.

THE PRICE OF COAL

As the season approaches when it will be necessary for the thrifty householder to provide a supply of fuel for the coming winter the interest in the price of coal will naturally be increased. During recent years the public have been bled shamefully in order that the home fires might be kept burning and it is very reasonable that now after four winters of peace that they might expect that better conditions should prevail. THE ACADIAN does not undertake at this stage to diagnose the situation fully or to definitely place the responsibility for the present prices, but simply desires to point out that these prices are ridiculously high and that it is full time for a change for the better. Theoretically the people of Nova Scotia are the owners of a considerable part of the province and there seems to be no logical reason why they should be paying more for their coal than is paid elsewhere. Last winter a cargo of bituminous coal from the United States was landed at Windsor and it is stated was sold at four dollars less per ton than was paid for the domestic supply. The public has been extremely patient in this as well as in other matters of readjustment and should now insist that better conditions obtain in the price of the winter's coal supply which is always an important item of the household expenditure.

GREENWICH

Some in this place lost their strawberry crop from the four days rain last week. Similar news comes from other places in the county.

Mr. Howe Pulisier is the newly appointed trustee. Our teacher for next term of school is Miss Elsie Piper, of Yarmouth county.

Miss Ethel Fisher, our teacher for the year just closed, left for her home at Musquodoboit on the morning of July 3rd.

Mr. and Mrs. A. K. Forsythe returned home on June 27th from a delightful two weeks visit with friends at Sackville and other places in New Brunswick. They were pleased to find their row of nice sweet peas in bloom, which is very early. We have not heard of any others in blossom yet in this place, although some are in bud.

Midred Eye, of Wolfville, was recently an overnight guest of Anni Pearson.

Mrs. A. J. Mason and children, Wolfville, recently visited at the home of Mr. and Mrs. T. A. Pearson, one afternoon.

Minnie Bishop is visiting her cousins Annie and Kathleen Robertson, North Kingston, going with them last Wednesday morning, on their return from visiting their cousins here for several days.

Mrs. Harry Neary, entertained about two weeks ago, a good number of the ladies to an informal "afternoon tea". A very pleasant social time was enjoyed.

Mr. and Mrs. Seth W. Crowell were recently gladdened by the arrival at their home of their first little son.

Rev. F. J. Armitage, with Mrs. Armitage and four children, left last Wednesday afternoon for Windsor, after visiting over a week at the home of Mrs. Fred Forsythe and with other friends here. On Thursday they left for Oxford where Mr. Armitage is now stationed. A good audience enjoyed a splendid sermon from Mr. Armitage the Sunday before, in the Church here. He referred very patriotically to "Our Canada. One of his "old time" hand shakes at the close of the service was also enjoyed by many friends and the true best wishes of all follow them to their new home. It was with regret the friends here of Miss Harvey, sister of Mrs. Armitage, learned of her illness from blood-poisoning in a finger and her being a patient at Pazyant Memorial Hospital, Windsor, but doing well as could be expected.

Miss Edith Reid, who was recently married in Portland, Maine, has a number of friends here, who extend to her hearty congratulations. Miss Reid occasionally visited her mother here, Mrs. Annie Reid.

Mr. and Mrs. Hazen Bishop, with two of their children, also accompanied by the former's brother, Mr. Lee Bishop, recently motored to Windsor, where they spent the day with relatives.

Mr. and Mrs. Burpee Bishop and son Philip, also Miss Lillian Bishop, motored to Annapolis on Sunday week, where they spent the day with friends.

Mr. Byron Cox has been having interior painting done in the house, as a further improvement.

Miss Rena Cox, accompanied by Miss Joyce Harvey, spent several days last week with friends in Kingsport, enjoying the beach, etc.

Mrs. Fred Johnson, of Middleton, was a guest for a few days at the home of Mr. and Mrs. Ernest Johnson last week.

Mr. and Mrs. F. J. Borden entertained at tea last Saturday afternoon, Mr. and Mrs. George Bishop, Professor and Mrs. Ross and Mrs. Raleigh Bishop, all of Wolfville; also Miss Lillian Bishop of

this place.

Mrs. Lovitt Bishop, of North Kingston, is visiting at the home of her brother Mr. Charles Forsythe.

All were very sorrow to hear of the accident of Andrew Forsythe, eldest son of Mr. and Mrs. Lovitt Forsythe, formerly residents of this place, now of Port Williams. He cut his head badly by a fall at the station here. Dr. Grant was immediately called and took several stitches and Andrew has been recovering finely since.

Mrs. Lee Bishop, who has been ill and a close prisoner to the house for several weeks, was out for a short auto ride on Monday. Her friends now hope for a steady and quick improvement in health.

Mrs. Sutherland and daughter Marion, of Amherst, have been visiting at the home of Mr. and Mrs. Edward Manning.

Mr. and Mrs. T. Andrew Pearson, with two daughters and accompanied by Gil Rand of Wolfville, motored to Bear River on Sunday to visit Mr. and Mrs. Brenton Merry.

It was with deep regret our residents heard of Dr. Allan leaving Wolfville, to reside at his former home in Shelburne Co. He was well liked as a doctor and was considered a fine man. At times he visited professionally at some of our homes, and many good wishes follow him.

The many friends in this community of Mr. and Mrs. George Bishop and daughter Marion were deeply interested, when the news went around last Friday evening, that Marion was ill and had to be at once taken to Westwood Hospital, Wolfville, for an operation for appendicitis. It was a successful operation and the patient is doing well.

FAREWELL AND PRESENTATION

The executive session of the United Baptist Women's Missionary Union was held in Wolfville last Thursday and Friday in the Baptist Church, with Mrs. Clark, of Fredericton, in the chair. Much business was transacted, including the appointment of Miss Evelyn Eaton, of Canard, trained nurse, for the missionary field in India. Luchon was served in the dining hall on Friday to the members of the executive, which was also in the nature of a farewell to Mrs. Cutten, one of its valued members, who is removing to Hamilton, N. Y.

Mrs. Clark made a farewell address, seconded by Mrs. MacDonald, which was very fittingly responded to by Mrs. Catten. On Thursday afternoon tea was served in the church to the local members of the W. B. M. U. and also to the executive, on which occasion the acting president, Mrs. J. H. Macdonald, was presented with a bouquet of sweet peas in a silver vase.

OUR MUNICIPAL RULERS(?)

Our valued contemporary, The Spectator, of Annapolis Royal, republishes and endorses an editorial which recently appeared in THE ACADIAN under the caption, "Our Municipal Rulers", making only one exception which we cannot think is very well taken. By referring to the office dictionary—which is one of the very best obtainable—we find a ruler defined as "one who controls or directs by influence, counsel or persuasion."

"The SPECTATOR objects to the word "rulers" in the following very good article under the above heading from the Wolfville Acadian. Councilors, no more than delegates of any other nature in a country like this, are not elected to be "rulers" and the sooner they get that notion out of their heads the better. The government should be "of, for and by the people" and any act of a councillor or other representative that does not concur with the opinions of the people who elected him ought to be promptly and severely resented. In view of the Municipal elections next November, however, such an article as this is apropos and it is well to bear in mind that on his return to England from the Governor-Generalship of Canada, the Duke of Devonshire as one of his first acts of public service accepted a nomination for a county councillorship and ran in opposition to a popular citizen whom he defeated by a fair majority of votes, accepting the Councillorship with as much sincerity as he did the Governor-Generalship or any other high office.

As the belt is concealed whoever discovers the thief will receive a reward by reporting his name. This may lead to the discovery of another theft, which occurred about a month ago on the same floor of the library, of a valuable pamphlet, the only one of its kind in Canada, called "The Royal Standard". This was stolen from the room devoted to the collection of the College of Arms. Look out for the belt and catch the thief.—Contr.

BUILDING OPERATIONS IN WOLFVILLE

While Wolfville is not having the building boom which has been in evidence during some former years there is a fair amount of construction work going on and a likelihood of more being undertaken as the season advances. At present no less than six houses are being erected and a considerable amount has been or is being done in the line of repairs and improvements.

On Kent avenue, Mr. C. A. Porter has a fine large house well under way, Mr. Harry Gates, who built Mr. Barteaux's store last summer, being the contractor. Mr. Wilbur Beardsley is also building a residence for himself on the lot which he recently acquired.

Mr. H. E. Blakeney has a neat little cottage undergoing construction and Mr. F. W. Woodman is building a home on Gaspereau avenue which will be a decided addition to that part of the town.

Mr. F. W. Woodworth is building a dwelling on Pleasant street and Mr. J. H. Balsor has the cellar in progress for a residence on Earnscliff avenue. In addition to these Mr. P. S. Ilsley has just completed a dwelling on Kent avenue, and the new store which is being added to the Woodman & Co. Block is nearing completion.

Among the numerous changes in properties recently made we note that Dr. Grant has greatly improved his dwelling on Gaspereau avenue, both in appearance and comfort, by the addition of a spacious verandah and Mr. William Regan on the same street, has also made similar improvement in his dwelling. The need of additional housing accommodations in Wolfville is yet very apparent and in response to the need it is understood that a considerable amount of building is contemplated as soon as conditions warrant.

The funeral of Mrs. J. F. Armstrong took place from her late home on Friday afternoon last and was largely attended by neighbors and friends. Rev. Dr. MacDonald, pastor of the Baptist Church, officiated, and the address was given by Rev. R. F. Dixon, rector of St. John's church, a neighbor and close friend for twenty-three years. The floral tributes were exceedingly pretty and indicated the high esteem in which the departed was held. The interment was made at Willow Bank beside the husband and two children who passed away twenty-six years ago. Dr. A. J. McKenna, Rev. J. H. Bars and Messrs. C. S. Fitch and B. O. Davidson were the pall-bearers.

MOTORS AND MOTORING: A Page Full of Interest to the Owner or Prospective Owner of an Automobile.

WHEEL BEARINGS SHOULD RECEIVE DUE ATTENTION

The rear wheel bearings of every automobile should come in for their share of attention periodically, for they must of necessity carry the full weight of the rear end of the car. On the newer models of cars these bearings are made up of a number of coiled rollers which are held in proper relation to one another by a cage or retainer. The outer race on which the rollers bear is in the wheel, while the inner race is a sleeve rigidly fastened to the axle housing. Both the inner and outer races are hardened and ground. Therefore, when new, they present a surface which resembles glass in its smoothness. The smoothness of these races naturally reduces friction between bearings parts to the minimum, but to maintain this condition proper care must be given the bearings.

This care consists simply in properly lubricating each bearing and in keeping it clean. Being a revolving part the wheel must, of course, be more or less free to permit it to work. And as driving on any road throws up grit, some of this may work into the wheel bearing. If the wheel is not greased at periods and if the dirty lubricant is not cleaned out at least once a season, a destructive action may take place which in time will ruin the bearing races. For purposes of strength the bearing races cannot be tempered to the hardness of glass throughout; consequently the glass-hard working surface is quite thin. If through abuse, this surface is destroyed the softer inner metal will rapidly be destroyed.

This season of the year is the one in which the car is (or should be) gotten ready for summer use and is an opportune time to examine the bearings. To do this unscrew the hub cap and hub cap shell. The wheel retaining nut which holds the wheel to the axle shaft should be unscrewed after having straightened up the prongs of the star retaining washer, which have been bent down around the nut. Having removed the nut the wheel may be pulled from the axle shaft by means of a puller. The first step now is to wash the wheel thoroughly. Be particular to clean all accumulated dirt from the inside of the brake drum and from the external and internal brake mechanisms. Of course, while the wheel is removed the brake bands should be re-lined if necessary.

After cleaning the wheel on the outside, lay it on the bench and proceed with the cleaning and examining of the bearings. As the wheel lays drum upward, you will notice a cup-shaped arrangement which is fastened at the centre of the brake drum by means of six cap screws

through its flange. This part is known as the oil shedder and its purpose is to assist in keeping any leakage of oil from the axle from working out onto the brake linings and through the brake drum onto the wheel. The function of this shedder is important and it must not be damaged or carelessly reinstalled. To remove it loosen the six cap screws. Then if a thin bladed knife is run around under the gasket the shedder may be easily lifted. It, as well as the wheel hub and shedder, should be washed in gasoline or kerosene until every trace of old grease and grit is removed.

While the bearing is out of the hub the race should be examined for abrasions and if the rollers have cut a pathway in it a new one should be installed. Before assembling, pack the hub full of good cup grease and reinstall the rollers in the hub. Before putting the oil shedder in place again, examine the gasket which was between its flange and the brake drum. If the gasket is broken use a new one and put shellac on both sides so that when drying it will cement itself to the drum and shedder, making an oil tight joint at that point, thus preventing any leakage. The operation is now nearly completed, but before replacing the wheel see that the oil drain pipe on the lower side of the brake disc hub is cleaned out, as this is the overflow for superfluous oil which may work out of the axle proper.

HEAVY OIL IN TRANSMISSION

The transmission should not be lubricated with a solid grease, because the gears will merely cut a path in the grease, and all parts within the case will not be lubricated.

DRIVING AT TWILIGHT.

The twilight period is the worst time of the day for driving an automobile, since at this hour it is too light to derive any great benefit from the lamps, and too dark to see clearly the road ahead.

SAFETY ON DARK ROADS

When turning around in a narrow road at night do not tarry any longer than absolutely necessary, as the lights of your car can not be seen even from an oblique angle.

NEW CARS AND THEIR CARE

New cars should be driven slowly for the first 1000 miles, never attempt a speed of more than 25 to 35 miles an hour. A thorough inspection should be made after each trip.

THE WIRING SYSTEM

Make regular inspection of the wiring for loose connections and see that the insulation is not worn at any place. If worn, be sure to tape the worn part; or, still better, replace with new wire.

CLEANING REFLECTORS

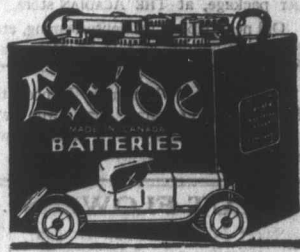

A mixture of denatured alcohol and water in equal parts is best for cleaning reflectors in headlights. To avoid scratching the highly-polished surface, the solution should be applied with cotton or a soft cloth.

A MAGNETO TEST

To test the magneto, disconnect the lead wires to the spark plugs and set the ends one-eighth to one-half inch from some metallic part of the engine and see if sparks jump from the wires. If no spark jumps, the magneto is at fault.

OIL SYSTEMATICALLY

When oiling an automobile a good practice is to follow systematically all lubricating points on one side of the car, starting at the front and working to the rear, or from the rear to front, and then treating the opposite side in like manner.

VIBRATION AND LOOSE NUTS

If a nut or bolt is found in the drip pan when working around the engine, it has probably worked loose and it is wise to try to locate where it belongs. This is also a warning that screws, bolts and nuts should be tightened elsewhere around the car.

A "slow leak" in a tire, especially when the tire goes flat over night or in two days is often caused by a defect in the valve, the rubber washer inside being worn or torn. Screwing down the valve will often remedy the trouble.

DUNLOP TIRES

Ensure HIGH-MILEAGE—DOUBLE-LIFE

- ☞ Dunlop leadership in Tiredom is most manifest. Mileage records almost unbelievable are piling up all over Canada.
- ☞ The Special Mileage-Making Process, which is the basis of our Fabric Tires, has worked wonders.
- ☞ Perfect shape and balance, stronger side walls to resist curb and rut abuse, special wear-resisting anti-skid tread, etc., add the last touch to popularizing to the full a tire that has long stood in high favor.
- ☞ Dunlop "Cords" made good from their inception.
- ☞ These tires taught motorists to expect more resiliency, greater air space, larger amount of material, better carrying capacity—in short, bigger mileage; and that is the standard by which all Cord Tires are judged to-day.

NEWSPAPER ADS. FURTHER SPREAD OF GOSPEL

New York, June 21—Newspaper advertising to further the spread of the Gospel is strongly advocated by the publicity department of the Episcopal Church, which has brought out its recommendations, after a thorough study of the question of advertising, in a pamphlet entitled "A Handbook of Church Publicity," issued under the authorization of the National Council of the church.

"No one can look at the newspapers and magazines and doubt that it pays to advertise," said the Rev. Robert F. Gibson, Executive Secretary of the Publicity Department, and author of the text book. "Why should not this method of such proven efficiency be used for the propagation of the Gospel? Advertising is not necessarily sensational. It merely seems to be because we are not accustomed to it for church purposes."

One of the striking features of the book is Mr. Gibson's strong advocacy of the fullest use by the churches of the advertising columns of the daily press, not only for mere church notices, but for spreading the Gospel among the masses.

"We have thought of publicity in the newspapers as merely a method of giving public notice of a service or a meeting or making public the account of something that has taken place," says Mr. Gibson. "We have thought too much of building up the attendance at a service or of exploiting persons or organizations. We are only beginning to think of church publicity in the public press as evangelistic in purpose. The newspaper themselves are really far ahead of the churches in their recognition of this evangelistic opportunity. Many editors are convinced that the problems of the world will never be solved rightly until Christian principles are applied, and that, therefore, it is one of the functions of the public press to present and apply Christian principles."

"Advertising with an evangelistic purpose," says Mr. Gibson, "where the aim is to reach the unchurched, must be in the newspapers."

Mr. Gibson suggests a form of advertising to churches which will take the shape of a miniature sermon, "briefly interpreting some passage of Scripture or briefly applying some Christian principle." Sermonettes of a hundred words in length, with the name of the preacher and his church annexed, are also recommended.

Mr. Gibson's conclusions and recommendations are the outcome of a resolution adopted by the National Council at its Washington meeting last July.

Church promotion by radio, moving pictures, posters, etc., is also considered in the handbook.

TONY'S DEFINITION.

It was a foreign class composed of Slavs and one Italian. This unbalanced race distribution resulted in the little Italian boy being at the mercy of the others, and they were certainly aware of it. The teacher was examining this group in the use of words. After a few more or less successful answers she came to the word "disguise," and also to the little Italian's turn. "Now," she said, "I want to know the meaning of disguise. Tony, you give me a sentence with disguise in it." Tony gazed at the grinning faces of his classmates, who not so very long before had been teasing him, and replied with vehemence: "I hate dese guys."

DROWNING ACCIDENT AT LAWRENCETOWN

BRIDGETOWN, July 7—Ben Prince, a popular young Lawrencetown man, was drowned shortly before noon today, and his companion, Willoughby Phinney, son of Dr. W. S. Phinney, of the same place, had a narrow escape from death, as the result of a canoeing accident. The young men, both of whom were expert swimmers, were out in their canoe shooting the falls over the power dam. Heavy rains had produced a tremendous volume of water in the Annapolis River and caused the water to race over the dam at a tremendous speed. Some three or four times, according to accounts given, they had negotiated the fall safely. On the last trip, the rear end of the canoe apparently swerved or struck a log or some obstruction and the two men were hurled out of the canoe and directly into the main body of descending water. Separated, blinded by roaring boiling torrent, they fought for life. Finally, it appears that Phinney reached, or was whirled into, a shallower part of the maelstrom and secured a footing. Dazed and scarcely more than half conscious, it is stated he saw an arm raise once above the water, some little distance away. This was the last seen of Prince; and his body, carried down by the boiling stream, has not yet been recovered, though an all afternoon search has been carried on participated in by nearly the entire town.

Messages have to be sent to Margareville for fishermen's motor boats and some are expected up the river on the incoming tide, when greater efforts will be made to locate the body of the unfortunate young man.

Prince leaves a mother, one sister, Aileen; two brothers, Wilfred, of the United Fruit Companies, Kentville, and Gordon at home.

The tragedy has saddened the whole community.

SURE THING

The leading negroes of a Georgia town started a bank and invited persons of their race to become depositors. One day a darkey, with shoes run down at the heels, a gallus over one shoulder, and a cotton shirt, showed up at the cashier's window. "Mah name is Jim Johnson, an' I wants dat ten dollars." "Yuh aint got no money in dis here bank," said the cashier, after looking over the books. "Yes I has," insisted the visitor. "I put ten dollars in her six mont's er go." "Why, man, yuh sure is foolish. De intrist done et dat up long er go."

BUT THEY WERE BROTHERS ALL THE SAME

A Congressman, the story goes, years ago was far from home and got short of cash. He had a Masonic charm on his watch chain, and noticed that a fellow-traveller in the smoker wore a similar charm.

He sat down by him and said confidentially: "Brother I am up against it. Lend me \$100 till I get home!"

His casual travel companion glanced at the charm, looked him over, and finally handed him the hundred which was promptly returned when the Congressman got home.

Recently the two men met at a gathering of Masons and recalled the incident. "Say," said the man who lent the money, "when you met me on the train I wasn't a Mason at all. I had found the charm and put it on my chain. You thought I was a Mason, however, and I was ashamed to have you think I wouldn't help a brother in distress. But I wasn't a Mason then."

"Just between us," was the Congressman's reply, "I wasn't either, I was wearing my father's watch."

IMPERIAL POLARINE OIL (Light Medium Body) is the lubricant recommended for your Ford.

A Passenger You can't afford to haul —

Briefly, these are some of the results of using too heavy an oil for your Ford.

- (1) Engine drag and loss of power.
- (2) Improper oil distribution.
- (3) An overheated engine.
- (4) Excess carbon deposit.
- (5) Unnecessary friction and wear.
- (6) Large repair bills.
- (7) Rapid depreciation.
- (8) Excess fuel and oil consumption.

What is the remedy? Use Imperial Polarine Motor Oil (Light Medium Body), which is especially adapted to the mechanical requirements and operating conditions of your Ford engine.

Have your crank case cleaned and refilled today with Imperial Polarine Oil (Light Medium Body), and realize full Ford economy and efficiency.

Sir Charles and Lady Townshend and family concluded last Saturday a week's automobile trip to New Brunswick, visiting Digby, St. John, Fredericton, Moncton, Amherst and Truro.

At the closing session of the Nova Scotia Medical Association last week several veteran medical men were elected to honorary membership. Among the number so honored was Dr. E. N. Payzant, of this town.

Rev. E. M. A. Bleakney, of Utica, N. Y., and Rev. G. G. Bleakney, who has been supplying at the First Baptist Church, of Rochester, N. Y., arrived in town on Wednesday to visit their parents, Mr. and Mrs. A. W. Bleakney.

Mr. Donald Grant, of this town, was last Friday admitted as a barrister and solicitor of the Supreme Court of Nova Scotia. Mr. Grant returned home on Tuesday and has not yet decided where he will practice his profession.

Miss Jennie P. neo, of the staff of the Wolfville Telephone Exchange, is enjoying a few weeks of well earned vacation. In company with her mother, Mrs. Howard P. neo, she left on Saturday last by the Prince Albert, to spend two weeks at River Hebert, Cumberland county.

A party of five, composed of Mrs. Sheehan, Mrs. J. Brady and daughter, Miss Castello and Mr. Lombard, motored through from Boston and will spend two months in Wolfville. They found the roads good until they reached Parrsboro, so finished the trip via the steamer Prince Albert. They will occupy the residence of Dr. Archibald, on Westwood avenue.

The many friends of Miss Jean Foote, a graduate of Acadia and Dalhousie, a resident of Wolfville until the past year, will be interested to know that she is leaving for Korea this week to teach under the Presbyterian Missionary Board at the same mission station where her father, Dr. W. F. Foote has charge. Her mother will accompany her to New York, where she will join friends with whom she will travel until she reaches Yokohama, where her father will meet her. Miss Foote, whose attractive personality has won her many friends, will be followed by the best wishes of all as she journeys to her distant home.

INSTITUTE MEETING AT GRAND PRE

The Woman's Institute of Grand Pre met at the home of Mrs. E. Lang, on Friday afternoon, July 7th. The membership of this Institute now numbers eighty-two, extending from Lower Wolfville to Avonport and from Walbrook to North Grand Pre. The afternoon was fine and a large number were present. After the usual opening exercises and the business necessitating consideration had been disposed of, a good programme was presented.

Mrs. E. V. Gould and Mrs. MacRae, the delegates to the recent Provincial Convention, held at the Agricultural College, Truro, gave their reports. The convention covered two days and each session was full of interest and instruction, a fine synopsis of which these delegates brought back to their local Institute. The next item on the programme was a piano solo by Mrs. Lang's sister, an accomplished pianist, who, with her mother, came from Scotland a short time ago, to spend the summer with Mr. and Mrs. Lang. This number gave great pleasure

to the ladies present. Mrs. Briggs, of Boston, formerly Miss Susie Mills, of Grand Pre, was present and gave an interesting talk on her work in the Red Cross Society in Massachusetts. This is Mr. and Mrs. Briggs second trip by auto to Grand Pre. Pleasant recollections remained of Mrs. Briggs' visit to the Institute a year ago, and the outline of her work that she then gave. She spoke on Friday chiefly of her work amongst the Junior Red Cross Branches. Miss Claire Dennison, formerly of Hortonville, now Assistant Superintendent of the Massachusetts General Hospital, was also present, and was warmly welcomed by her old friends. She spoke of the importance of selecting a first-class Hospital as a training school by young women who proposed entering the profession.

After the programme Mrs. Lang served a cup of tea with delicious accompaniments. She was assisted by Miss Lang, Mrs. Kinney and the Misses Magee. A hearty vote of thanks was tendered the hostess and the ladies who had contributed so splendidly in the afternoons programme. It was one of the most enjoyable Institute gatherings yet held.

DOUGLAS FAIRBANKS
 IN
"The Three Musketeers"

Based on the Immortal novel by Alexander Dumas.
 Read what Fairbanks says about the Costume Photoplay.

"A popular picture nowadays must be logical; it must have comedy and pathos, but above all it must be human. Any story that is human will succeed regardless of whether the players wear wigs and short pants or are garbed in pajamas. Drama was the same in the Seventeenth Century as it is today. This may be the gasoline age of civilization, but it hasn't altered human emotions appreciably. People still laugh and cry and give vent to anger. And they are still inordinately curious. In fact, we progress because we are curious. People of today wonder if in the olden days kings and queens and dukes and lords, were swayed by the same passions and emotions that now rule humanity. To satisfy in a measure his curiosity we have made a celluloid reproduction of "The Three Musketeers," and we have crammed into it everything that is dramatic, instructive, human, amusing and entertaining. We have tried to twang every emotion in the human system just as D'Artagnan did in his memoirs and as Dumas did in his great novel."

QUALITY

PRICE

A candid friend is a great asset. One dropped in the other day—"You people are losing tricks," said he.

"Everybody knows you've got the finest clothes in the country, but your prices are too high."

How often candid friends are wrong.

Our Prices are not high. Quality for quality, there are no clothes we know of in this country regularly sold at such moderate prices.

Even forgetting quality, our prices are not high, such as compared with trashy clothes which no economical man would buy at any price.

All through this Spring and Summer season we've offered ample selections of suits at \$30, \$35 and \$40—many of imported fabrics.

Now seasonal revisions of price have made the values even greater and brought the starting price down to \$25.00.

Our Candid friend has our thanks for his tip.
