

### Pain in Heart

"For two years I had pain in my heart, back and left side. Could not draw a deep breath or lie on left side, and any little exertion would cause palpitation. Under advice I took Dr. Miles' Heart Remedy and Nervine. I took about thirteen bottles, am in better health than I ever was, and have gained 14 pounds."

MRS. LILLIE THOMAS, Upper Sandusky, Ohio.

For many years Dr. Miles' Heart Remedy has been very successful in the treatment of heart troubles, because of its tonic effect upon the heart nerves and muscles. Even in severe cases of long standing it has frequently prolonged life for many years after doctors had given up all hope, as proven by thousands of letters we have received from grateful people.

Price \$1.00 per bottle. If you cannot get it, send price to us, we will forward postpaid. DR. MILES MEDICAL CO., Trenton, N. J.

### IMPRESSIVE SERVICES AT McDUGALL CHURCH

Large Congregations Attended Special Services of Dedication—Eloquent Sermons Preached by Dr. Chown, General Superintendent of the Methodist Church.

Services of a most impressive character were held in McDougall Methodist Church yesterday, when this handsome building, opened but a short time ago, was formally dedicated to the worship of God. The capacity of the large auditorium was taxed to the utmost to accommodate the worshippers who packed to the church for the morning and evening services. The Rev. S. D. Chown, the new general superintendent of the Methodist Church, was the special preacher, and delivered addresses suitable to the occasion, with the eloquence which has won for him a foremost place among the preachers of the Methodist Church.

A large and following meeting was conducted in the lecture room by the pastor, the Rev. J. E. Hughson. Many who had been associated with the Rev. S. D. Chown in Edmonton in the early days of his history were present. The meeting was of a religious character and may interest the readers of this paper who were not present.

The dedication ceremony was conducted at the morning service. An impressive sermon was delivered by Dr. Chown. The choir rendered the anthem, "Praise the Lord," by Randall, and "How Lovely are Thy Drawings," by Spohr. Mrs. C. F. Newell being the soloist.

A fine programme of special music was provided for the evening service. The solo, "O, Thou That Tellest," from Handel's Messiah, was rendered by Mrs. Morton, with choral aid by the choir. Miss Penelope Davies was heard to splendid advantage in Dudley Buck's "My Redeemer and My Lord," from the Golden Legend, and a very fine solo "One Sweetly Solemn Thought," by Ambrose, was contributed by Mrs. C. E. Newell.

Dr. Crown's sermon. The sermon was preached by Dr. Chown, who took for his text the words from the tenth chapter of St. John's Gospel, "I am come that they might have life, and that they might have it more abundantly. The fulness of life is in Christ, who is the keynote of the preacher's appeal. It was life, he said, that Christ came into the world to give. His attitude towards man was always that of one who gives. He takes nothing from man except it be an impediment to development.

Life, he said, might be defined as the power of self-realization. The message of Christianity was the message of the importance of the individual man. All the gold of Klondike, the silver of Cobalt, or the wealth represented by the wheat of the Western plains, could not be weighed in the balance against one single well-developed man.

More Foolish Than Wicked. At bottom man was more foolish than wicked, more deceived than deceived. Men, generally speaking, were more blunders. It was the destiny of life that drove men into sin and self-indulgence. The man who erred this way, however, might find that he had broken into the path of death rather than into the path of life.

Life could only come through a process of self-realization. It was possible by the use of electricity so to stimulate a dead frog that it would simulate the motions of life, but by no artificial means was it possible to put life into it. The effect of self-indulgence was but to produce the appearance of life, not the actuality.

Commercial Success. The young man who, moved by the natural desire for life, gratified every desire of his, was not a success. Do you know that fully nine out of every ten cases of rheumatism are simply rheumatism of the muscles due to cold or damp, or chronic rheumatism, and require no internal treatment, whatever? Apply Chamberlain's Liniment freely and see how quickly it gives relief. For sale by druggists everywhere.

### ALIEN CRIMINALS MENACE ENGLAND

SERIOUS PROBLEM CONFRONTS OLD COUNTRY IN RIDDING ITSELF OF ANARCHISTS.

London, Jan. 15.—How to get rid of the anarchists in London, how to prevent their landing in England and how to punish them when caught, are questions being more widely discussed than ever since the police discovered an anarchist arsenal in Gold street in connection with the Hounslow murders. The discovery only lends additional color to the suspicion widely prevalent of late that London has been seriously menaced by an organized conspiracy of a desperate character. The number of alien criminals who habitually make London their home have had their already considerable forces so heavily reinforced during the last twelve months, so that an organized outbreak has not been entirely unexpected. The door to English hospitality has been taken full advantage of during the last year or so by the foreign criminals, the "undesirables" of Europe simply pouring in.

Organized descent on England. At the time of King Edward's death an organized descent was made upon England by an invading army of the worst criminals of Europe, attracted by the vast numbers of persons they knew would attend His Majesty's funeral. They attacked the funeral themselves and a large percentage of them have remained in London ever since. Last summer, bands of these desperadoes visited the English race courses. It was remarked on all sides that never before had so large a number of foreigners been present at race meetings.

Homecoming with Anarchists. Hounslow and Soho are said to be homecoming with these living dangers to society. These are the creatures whom the war-time government have feared, when brought to bay, have no hesitation in opening fire with the revolver they always carry. One of the questions which is being seriously discussed is how to punish foreigners who are found in possession of arms without cause and the revival of flogging seems to be the most generally agreed upon.

Mr. Plowden, the Marylebone police magistrate, Sir Robert Anderson, formerly head of the criminal investigation department and Dr. R. P. Quinn, one time governor of Holloway prison, all of whom have had wide experience in dealing with criminal classes, are equally in favor of corporal punishment as a crime deterrent.

ATHABASCA LANDING. Bulletin News Service. The annual meeting of the Board of Trade, held last Tuesday, had the following officers were elected for the ensuing year: President, Jas. H. Wood, first vice-president, C. J. Leppard; second vice-president, C. D. A. Barber; secretary, A. L. Newell. The retiring president, Jas. H. Wood, who was re-elected for a second term, was not present, being in England. The chair was occupied by J. L. Leppard, who read the president's address, which touched on the progress during the past year. The most satisfactory year the town has yet experienced.

Very satisfactory growth in every direction was reported, mainly the increase in the number of entries for home-made made at the local agency of the hotel and the increase in the number of entries for home-made made at the local agency of the hotel and the increase in the number of entries for home-made made at the local agency of the hotel.

The Head of the Insolvent Farmers' Bank Receives His Sentence at Court. With Little Display of Emotion.

Toronto, Jan. 16.—W. R. Travers, the whittom manager of the Farmers' bank, who pleaded guilty on Friday to stealing \$100,000 from the bank, and violating the returns to the government, and to altering a minute, was today sentenced to six years in Kingston penitentiary.

The manager received the announcement of the sentence with little display of emotion. There will be the usual shortening of the sentence due to good conduct, but even at that the penalty imposed was quite as severe as the public generally had been inclined to believe would be the case.

An Alberta Woman. With her husband, Prof. Broadus, of the University of Alberta, at Stratford, the author has for years been a student of Beowulf, Cynwulf, Caedon and other writers of the formative and initiative periods of English literature. She has been a close student of folk lore, symbolism and nationalism so that she brings a mind familiar with ancient classical canons to the working out of her stories.

When found at Stratford, the result has been that she has been a close student of folk lore, symbolism and nationalism so that she brings a mind familiar with ancient classical canons to the working out of her stories.

A Remarkable Suicide. Nelson, B.C., Jan. 17.—An extraordinary case of suicide by a Chinaman employed at the Stratford hotel took place here yesterday. At 8 o'clock in the morning he went to attend the furnace and after filling it with wood and turning on the draft, apparently crawled on top of the burning pile.

MANY CASES OF PLAGUE. Reports From Chinese Suburb of Harbin. St. Petersburg, Jan. 17.—Advices from Fudashan, a Chinese suburb of Harbin, state that the death there from the bubonic plague average a hundred and fifty daily. The epidemic is spreading to Mukden, Kirin and places of Northern China having commercial relations with Russia.

Ontario County Pioneer Dead. Whitby, Ont., Jan. 15.—Abraham Bryan, one of Ontario county's pioneers, died here last night, aged 99.

### AFRAID OF NO STORM

FACE THE STORM AS THROUGH A WINDOW.

Here's a face protector built to protect himself against the fiercest storm. Head what one prominent physician says: "I have used the Face Protector for many years and find it very useful under the conditions of a storm, cold weather, you inquire about."

Write today for circular and hear what many other doctors have said about this face protector. The price of the Face Protector is only \$1. Agents wanted everywhere.

Winning. Canada. by the Hon. Duncan Marshall, Inspector of the "Week" school, February 27 to March 11, and similar those held last winter. Strathmore, McLeod and Verrill also got two weeks. Two cartloads of pure bred stock will be carried to these schools and the first week will be live stock week and the second, grain, soil, weeds, poultry and dairying. Prizes will be given for proficiency.

After the convention was closed a session of the Association of Government Insurers was held and the following officers were elected for the ensuing year: President, E. Carwell, Penhold, re-elected; secretary, E. J. Smith, Penhold, D. Morkle, Markerville, and D. Cameron, Lakeview, re-elected.

The town council are advertising for a sec-treasurer and an auditor, the former at a salary of \$100 per annum. The present sec-treasurer not considering there was sufficient out-let for the work in the town, a fire living.

Chief Constable of the fire brigade has been sent his resignation. Dr. D. W. Gray, of Bowden, has duly been installed as M.H.O. The pool rooms having complied with the terms of the agreement, the six m.p.m. Discussion about cement sidewalks took place, which if approved, will be a great improvement to the town.

The new council seem disposed to do all they can to benefit the town. The crematory directors decided to meet on Tuesday, the 17th inst. Director Bateman brought up the matter of wood cremation at the town of Calgary and it was decided to write the manager of the Co-Operative Company there and ascertain the terms and conditions under which they would purchase, sweep, cream, from the association. Mr. Bateman also gave notice of amendment to the constitution, making it possible to use the appropriation fund at the discretion of the board for extraordinary expenditures.

The agricultural society's meeting comprised President F. W. Archer, and Directors Messrs. C. H. Dodds, D. Smith, McGorman, Stuart and Stevenson. The president was appointed to attend the Alberta Dairy Association at Lethbridge on 1st and 2nd of February next, and Director Dodd appointed alternate delegate.

Committees were appointed to revise the stock fair prize list, fair grounds, sports, seed fair, and a ladies committee in Stuart and Strathmore. A public meeting has been called for Friday evening of the 17th inst. The village secretary, to enable the electors to have an opportunity to discuss their platforms before the meeting. Polling for the council takes place next Monday.

Mr. L. Bourneau, M.P.P. of St. Albert was a visitor to the town the past week. Mr. Bourneau becomes more enthusiastic over this place every time he comes, and more satisfied with his investments here.

Mr. Gauthier left on Monday for St. Albert with his two children, who are remaining there to attend the concert.

Messrs. Mat, Barnett, and A. Gorman returned to town last evening, after spending New Year's in Edmonton.

Mr. M. J. Campbell leaves tomorrow for the upper Peace River country, to locate grazing lands for southern interests. Mr. Campbell has been spending some days here in preparing for the trip, and getting together his supplies.

John McDonald arrived in town today from Fort McMurray bringing the remains of H. W. Selby, D.L.S. with him. He came overland via Lac la Biche, and was ten days on the trip. Selby's remains will be shipped to Toronto for burial. It will be remem-bered that Mr. Selby was drowned in the Athabasca river last fall while coming up with the Hudson's Bay Co.'s transport, after completing his summer's work at McMurray.

### RESUME WORK OF HIGH LEVEL BRIDGE

OPERATIONS INTERRUPTED BY COLD WAVE TO BE RESUMED WITH VIGOR.

It is expected that concrete on the high level bridge, interrupted by the cold weather of last week, will be resumed tomorrow, and the valley will echo once more with the din of three hundred men working. The construction of the bridge has been sadly disorganized by the cold wave. The positions were most exposed to the north, became almost untenable, water and pumps froze, cement froze, and the earth froze and to all their troubles, gravel began to flow out. So Mr. Wm. Gunn, who in charge of the work, had to call down and wait until the worst passed. Meanwhile only the best work was done. The work of the bridge was interrupted for a few hours, but the work was resumed with vigor.

To the great surprise of a large work has gone on more rapidly winter set in than in the early months. Only the high upon the bridge has been abandoned, as it can be secured under more favorable conditions in the summer than at present. While work on the river piers was completed before the onset of the early spring, on these the work of the workers is being continued. The piers were driven in to form a dam in early December. The piers with and aid was done in a Christmas and the interior masonry was completed. The piers were driven in to form a dam in early December. The piers with and aid was done in a Christmas and the interior masonry was completed.

The second dam is not yet having not yet been packed with and clay but this will probably be done next week and work will be on.

Piers Receiving Attention. The piers are now receiving a good deal of attention. The pier on the Edmonton side, which caused the delay some two months ago, by causing the pier to be excavated and the ground level to be raised. This purpose the pier is excavated to a depth of six feet and the ground level will be at one level.

The magnitude of the work is realized when one knows that the eighty piers to be built to a height of 110 feet above ice-level, only of a depth of sixty feet and a ground level and seven or eight feet in course of construction. The piers are now receiving a good deal of attention. The pier on the Edmonton side, which caused the delay some two months ago, by causing the pier to be excavated and the ground level to be raised.

### Free Trial in Your Own Home

THE LATEST STYLE EDISON PHONOGRAPH WITH THIS CYCNET HORN. 12 Genuine Edison Records, six 2-minute and six 4-minute. Send for your free copy of "A Treatise on the Horse," a valuable book that is free, but if it cost \$1, I would not be without it. I think you will find it a most valuable book in the last year by following the instructions in this book.

BEAVER HILLS. Bulletin News Service. Five weddings took place in December in this district. June has to yield the palm to December.

Mr. and Mrs. Fisher, Jr., are moving into their own home. Fred Wilder is improving his house. At the annual school meeting of the Mansfield S.D., Mr. Fisher was nominated to fill the place of Mr. Schmidt, retiring, and Mr. Wilder was appointed as the third trustee. Mr. Fisher becomes the chairman, taking the place of the retiring trustee, Mr. Gus Daze was appointed secretary for 1911. It was decided to put a brick foundation under the school next summer, and the secretary was instructed to call for tenders at once for hauling the brick and the lime.

An exciting time was held in the election for the local improvement District in T. 55, R. 21, the candidate from the south, Mr. Light, being defeated by five votes by Mr. Kihlitz, the old councillor. Elections were also held in T. 55, R. 22, and in the village of Raderholm.

The young people of the community spent a very enjoyable evening at the home of Mr. Skayler. Mr. Taylor, formerly teacher of Mansfield S.D., was the guest of Mr. Fred Wilder over Sunday.

Drummers Were Lost. Bulvey, Sask., Jan. 17.—Four commercial travellers, V. J. Hay, of the Imperial Tobacco company, M. A. Bombaugh, of the "Edison" company, and Joseph Ball, of the Blue Ribbon company, and H. J. Molsky, of the P. S. Perrin company, became lost on the prairie during the recent cold snap while driving from here to Strathburg. The horse was got stuck in a drift and the harness was broken. Some of the party were nearly exhausted when they reached a shack, and the owner being away, they broke in and built a fire. After fixing up the harness they started again and reached Bulvey in an exhausted condition.

Welland, Jan. 17.—A peculiar case of breach of promise was settled here yesterday by the parties agreeing to marry. The case is unusual as both parties are nearly eighty years of age. Because the case was settled, the names of the parties are being withheld by the attorneys in the case.

### KEPT LEGISLATURE SESSION FOR 29 HOURS

Labor Members in West A House Obstruct Passage of Distribution Bill—Tales Obligated to Pass From Strathburg.

Melbourne, Australia, Jan. 17.—Ordinary sessions have met progress of the redistribution bill introduced in the parliament West Australia. The measure is the result of the Labor party in the House, and they resorted to obstructive tactics.

Just a Romantic Episode. Calgary, Jan. 17.—If the tale by Partello Lattini, the writer, gave evidence on the stand in the so-called black and white case, the author of the crime, described by the woman and the case converts itself into a romantic narrative of two eloped, but one becoming, after a brief honeymoon from her first love, wishes to her child, and there it ends.

# RESUME WORK ON HIGH LEVEL BRIDGE

### OPERATIONS INTERRUPTED BY COLD WAVE TO BE RESUMED WITH VIGOR

It is expected that concrete mixing on the high level bridge, interrupted by the cold weather, will be resumed tomorrow, and the river valley will echo once more with the din of three hundred men working.

The construction of the bridge has been sadly disorganized by the arrival of the cold wave. The positions that were most exposed to the north were the most unfortunates, and the river valley will echo once more with the din of three hundred men working.

Worked Faster in Winter. To the great surprise of a layman work has gone on more rapidly since winter set in than in the early fall.

The pier at Edmonstone is now absorbing a good deal of attention. The pier on the Edmonton side which caused such excitement is now being completed for the Strathcona side.

The assets of the Bank have all been carefully realized in accordance with our usual practice, and all had and doubtful debts have been amply provided for.

It is with deep regret that your Directors have to announce the death during the past year of Mr. James Kerr, of Montreal, who had been a member of the Board for twenty-eight years, and who of late years had been our oldest Director.

The magnitude of the work will be realized when it is known that the eighty piers to be built to a height of 110 feet above ice-level, only one has so far been finished.

Just a Romantic Elopement. Calgary, Jan. 17.—If the story told by Parrello Latello, the witness who gave evidence on the stand this morning in the so-called black hand case, is true, the sensational part of the crime described by the woman in last week's case connects itself into the romantic narrative of two lovers who eloped, but one becoming anxious after a brief honeymoon to return to her first love, whereas to return to be child, and there the matter ends.

# THE CANADIAN BANK OF COMMERCIAL

## REPORT OF THE PROCEEDINGS OF THE ANNUAL MEETING OF SHAREHOLDERS

TUESDAY, 10th JANUARY, 1911

The forty-fourth Annual Meeting of the Shareholders of The Canadian Bank of Commerce, was held in the banking house on Tuesday, 10th January, 1911, at 12 o'clock.

The President, Sir Edmund Walker, having taken the chair, Mr. A. E. Drayton was appointed to act as Secretary, and Messrs. A. J. Glazebrook and W. E. Rundle were appointed scrutineers.

The President called upon the Secretary to read the Annual Report of the Directors, as follows:—  
The balance at credit of Profits and Loss Account, brought forward, was \$2,725,150.02.

The net profits for the year ending 31st November, 1910, were \$1,838,005.04. The profit for the year ending 31st November, 1910, was \$1,838,005.04.

The assets of the Bank have all been carefully realized in accordance with our usual practice, and all had and doubtful debts have been amply provided for.

It is with deep regret that your Directors have to announce the death during the past year of Mr. James Kerr, of Montreal, who had been a member of the Board for twenty-eight years, and who of late years had been our oldest Director.

The magnitude of the work will be realized when it is known that the eighty piers to be built to a height of 110 feet above ice-level, only one has so far been finished.

understanding that the service will be commensurate with our opportunities. We realize our accountability to the shareholders of this Bank, who have entrusted us with a large investment, and we believe you will be satisfied with the assurance that we exercise a prudent and careful management.

The operation of an extended branch network of branch banks gives us serious thought when we come to the question of suitable and efficient management. This is always a difficult problem, but we have been fortunate in securing an active, intelligent and loyal staff who have shown a devotion to duty in circumstances not always very agreeable, and in which the ordinary comforts of life often cannot be obtained.

We have pleasure in acknowledging our indebtedness to your Directors for a willing acquiescence, in every suggestion for a proper recognition of the faithful work of the assistants who are asked to assume exceptional burdens of administration.

It is with deep regret that your Directors have to announce the death during the past year of Mr. James Kerr, of Montreal, who had been a member of the Board for twenty-eight years, and who of late years had been our oldest Director.

The magnitude of the work will be realized when it is known that the eighty piers to be built to a height of 110 feet above ice-level, only one has so far been finished.

Just a Romantic Elopement. Calgary, Jan. 17.—If the story told by Parrello Latello, the witness who gave evidence on the stand this morning in the so-called black hand case, is true, the sensational part of the crime described by the woman in last week's case connects itself into the romantic narrative of two lovers who eloped, but one becoming anxious after a brief honeymoon to return to her first love, whereas to return to be child, and there the matter ends.

Winnipeg, 9,226,000 14,106,000 Vancouver, 2,266,000 13,150,000. With the Montreal figures for 1909 are included municipalities which in 1910 had become a part of the city.

The most curious feature in Canada at the moment is the outbreak from time to time of agitation stirred up sometimes by guilds, sometimes by strikes, and often by city councils, but always by one set of interests against another.

It is not to be denied that the wage-earners there is some adjustment, whether sufficient or not, in the case of the majority of our people share in our prosperity, which, be it remembered, is the result of our combined efforts.

SHALL THERE BE DIVORCE COURTS

CANADIAN SENATE DISCUSSES QUESTION—SENATOR POWER STRONGLY OPPOSES.

Ottawa, Jan. 17.—In the Upper House today on a motion for returns respecting divorce, Senator Power said everyone no doubt felt that the ideal state of society would be one where there was no divorce and all would agree that the less divorce the better.

Prince Edward Island had never had a divorce and the reason was that the divorce courts of that province were really the Lieutenant-Governor-in-council and less accessible than the ordinary courts which some persons wished to have established throughout Canada. Courts multiplied divorces.

In England there had been a great increase in divorces since 1875, when the divorce court was established. In the United States, the increase had been phenomenal so there was more divorce for every twelve marriages and at the present rate the proportion would soon be one to six.

France since the establishment of the divorce courts, the increase had been so rapid that it looked as though the record of the United States would be exceeded. No one would want Canadians to travel the same road and at the same speed as the United States and France were travelling but that would follow the establishment of divorce courts throughout Canada.

In the provinces where there were divorce courts, divorces were more numerous in proportion to population on the whole than in provinces which had to resort to parliament for divorce. There was a certain amount of deliberation in regard to approaching parliament for divorce which gave sober second thought opportunity to assert itself with people who felt aggrieved with each other. Perhaps the expense had something to do with it, though the cost of presenting a case to the Senate was not much more expensive than a process before a court.

Canada Compared With U.S. Senator Power quoted from an article in the Canadian Times, contrasting the divorce record of Canada and the United States. In forty years, there had been only 411 divorces granted in Canada, while during the same time, 1,274,000 divorces had been granted in the United States. Senator Power said the Senate divorce committee had been efficient and saw no reason why Medicines that aid nature are always most effective. Chamberlain's Cough Remedy acts on this plan. It always the cough, relieves the lungs, opens the secretions and aids nature in restoring the system to a healthy condition. Thousands have testified to its superior excellence. Sold by dealers everywhere.

FOR A REDUCTION OF C.P.R. TARIFFS

W. F. MACLEAN INTRODUCES MOTION TO THIS END IN HOUSE OF COMMONS.

Ottawa, Jan. 17.—This House hereby declares that steps should be taken at once to amend the rights of the public to a reduced tariff on the C.P.R., both passenger and freight because of a provision in that regard contained in the act of parliament ratifying the agreement with that company or any other act. These terms constitute an amendment to the motion to go into supply, which was moved today by W. F. MacLean, of South York.

Mr. MacLean in a speech of a little over an hour stated that the C.P.R. and its ability to pay ten per cent dividends necessitated parliament taking action to see that the burden of freight rates lessened. Hon. Mr. Graham, Minister of Railways, contended that the railway board has full power to deal with rates. Mr. Borden incidentally announced that if the Government did not take action, he would move for an act authorizing the appointment of officials to enforce laws enacted by the Federal parliament.

After several eastern members had spoken, the Speaker called for the "yeas" and "nays" but as Mr. MacLean alone represented the amendment, no division could be taken. The House then went into supply on the public works estimates.

On Wednesday, Mr. MacLean's resolution calling for a reduction in duties on agricultural implements will be debated. There is little possibility of a division being taken because Mr. Meighen will speak for a couple of hours and the House rises automatically at six o'clock.

Treaty Must Be Ratified. Major Currie asked if the reciprocity treaty would be submitted to the Government before being signed. Sir Wilfrid Laurier said that it would not be signed before parliament before being signed. He said that it would have to be ratified. Major Currie said that if the treaty was not ratified, it would be a waste of time. He said that it would be a waste of time to have a treaty that was not ratified.

Major Currie asked if the reciprocity treaty would be submitted to the Government before being signed. Sir Wilfrid Laurier said that it would not be signed before parliament before being signed. He said that it would have to be ratified. Major Currie said that if the treaty was not ratified, it would be a waste of time. He said that it would be a waste of time to have a treaty that was not ratified.

MOTHERS APPRECIATE BABY'S OWN TABLETS.

Because they are the only medicine which gives the guarantee of a Government analyst to contain no opium, morphine or other harmful poisons. This means the mother can give this medicine to her youngest baby with absolute safety. Thousands of mothers know this and will give no other medicine to their little ones.

The Tablets cannot do harm—they always do good. When the little ones are a cold, baby indigestion, colic, when he has worms or his teeth are troubling him, Baby's Own Tablets will prove their worth. Concerning them Mrs. E. Merriam, Shetland, Ontario writes: "I use Baby's Own Tablets for my three little ones and consider them the very best medicine during the teething period." The Tablets are sold at 25 cents a box by all medicine dealers or direct from The Dr. Williams' Medicine Co., Brockville, Ontario.

Work for Railway Board. Hon. Mr. Graham said that in comparing Canada with the United States they must remember this country is much younger. Canada was proud of the C.P.R. for it was the greatest company in the world. He was glad of the success of the C.P.R., but a company of this nature, must keep its obligations with the people. When the company was formed, the conditions were not the same as today. Relative to the railway board, Mr. Graham declared that in spite of the good work of the Inter-State Commerce Commission in the United States, railway rates in Western Canada were much lower than in the Western States. Mr. Graham concluded by saying that they ought to keep closely in mind that the railway board was much better fitted to deal with the question than the House.

Mr. Borden's Comment. R. L. Borden stated that the C.P.R. would do well to acknowledge frankly that it was under the jurisdiction of the Railway Board. The supposed right of exemption in this respect, he said, had not foundation. If there was to be an investigation as to tariffs, other lines should be included. If Mr. MacLean knew of an advance arising out of high rates, he was at perfect liberty to say so before the board even as to the matter of security of rates. In this respect, Mr. MacLean's motion was both elusive and indefinite. There should be more provincial enforcement of the freight tariff laws and if a policy is not laid down soon, he would introduce a motion dealing with the matter. He said that he thought Mr. MacLean's motion met the situation unless it could be shown that the C.P.R. rates were higher than those of other lines. He said that he would have a consultation at the Royal Victoria.

FARMERS' CONVENTION OPENED IN CALGARY

Three Hundred Delegates of United Farmers of Alberta Are in Attendance—Minister of Agriculture Addresses Convention Dealing With Important Matters.

Calgary, Jan. 17.—Mayor Mitchell extended a civic welcome to nearly three hundred delegates of the United Farmers Association which opened its convention in the city hall this morning. Minister of Agriculture Marshall spoke of the policy of the Government in regard to agriculture. The Government was always willing to receive suggestions from the associations, such as the present, and would act on any made.

T. A. Crear, president of the Grain Growers' Grain Company, of Manitoba, spoke briefly. W. Green, organizer of the Saskatchewan Grain Growers, spoke on organization work. A resolution committee was appointed. At the afternoon session of the Farmers' convention, addresses were read showing the association to be in a healthy condition. In the course of his address, Mr. Duncan Marshall, president of the United Farmers of Alberta, said that the association was in a healthy condition. He said that the association was in a healthy condition.

VARIOUS MEMBERS MATTERS OF LITTLE IMPORTANCE. Ottawa, Jan. 20.—The bill today turned out a goodly House was moved shortly after the speaker chair and about a dozen members of the opportunity of venturers of importance to the constituencies, but of little interest. Only a few matters of importance were discussed. Frazer, of Prince Edward, brought up the question of vacancy in that province. Ferguson died two years ago and had not yet been filled. Also a vacancy on the sub-Government had been a weighty matter but he introduced his bill of the establishment of liens on land. George Leroy, Conservator of the Fisheries, introduced his bill of the treaty had been forwarded for approval of the British Government was correct. Sir Wilfrid Laurier: "It is premature."

Q. H. Barnard, Victoria, the attention of the Government the deprivations of American Pacific coast, more particularly the coast of Vancouver, said that the American Fisheries had become a business. Hon. L. P. Frodour said he was not at liberty to talk, the department of Fisheries was preparing necessary reports to discuss the fisheries of the British coast. In committee of supply stimulates on public buildings objected to a continuing system of having the cost of the buildings charged to the works department. One practice post office department charged with all its expenses. Foster also expressed the post offices should not be regulated for by the General. Under the existing law, he said, the contract was all a matter of private law. Hon. Mr. Pugsley said established practice was broken. He thought, however, would in some way charge the cost of mail to the departments which incurred it. W. B. Northrup, of Edmonton in the public committee to investigate case of the printing by sending back beyond the limit. The idea is that committee will sit day after day. At today's session the witness was Robt. Cook was dismissed. He said that at the bureau had been his attention in the witness. Mr. Cook said certain books had been made from year to year kept standing it was no time as new work. The list was a case in point, trouble in lithographing copy furnished by the. In one case, 28,000 drawings were so full of corrections name could not be written margin. The Hon. Mr. Pugsley of the private committee, told of J. O. Patenaude, coming to him and saying place was being over-typewriter ribbons. At the evening session of Frontenac, said that a return brought down in Canada had cost from 140 per cent more than He instanced the drill in London, Virde, Kamloops, Rossland, as having cost estimated. Hon. Mr. Pugsley Mr. Edwards had included the cost of upkeep argument at times was but fair progress was in House adjourned at midnight.

Charges Made Against Saskatchewan Cabinet. Regina, Sask., Jan. 18, house today the work session bill was given in ing, and a lengthy explanation was made. Hon. Mr. Pugsley general A. B. Gillis matter of the charge position papers that Mr. and Calder, members were acting as solicitors C.N.R. and other companies ministers spoke at some ing absolutely that something. After hearing the statement the leader of the expressed the opinion had effectively cleared the motion of Mr. G. drawn.
