### CORRESPONDENCE

#### NOT THE TUSSOCK MOTH.

To the Editor of the Monitor:—  
In your last issue you speak of my having found the brown-tail moth in my orchard and you identify it with the tussock moth. This is a mistake, the tussock moth is only in the egg stage at present and does not hatch out until August but the brown-tail moth hatched out last fall and is to be found now in nests of last year's leaves woven together with silk and varying in size from a thimble to a hen's egg. Each nest may contain 250 caterpillars and are only waiting for the leaves to appear to leave the nest and begin their depredations. Although spraying may be effective, the discovery and destruction of the nests which usually hang at the extremity of the boughs, will be more effective and easy than after the pests become hidden by the foliage. Every orchardist should keep a sharp look out for this insidious enemy.

A. OWEN PRICE.

#### WANTS A SALVAGE CORPS

APPOINTED.

To Editor of Monitor:—  
In your issue of May 8th I notice that in giving an account of the recent fire at J. H. Hicks & Sons store you state that it was at least half an hour after the alarm was given before ladders were brought. This is a mistake, the firemen, numbering only thirteen, had two streams of water on the building in less than ten minutes after the alarm was given, and the ladders were there as soon as they could be handled there by the men.

As Captain of the Fire Department I think that all credit is due the men for their prompt action and that they did all that could be done under the circumstances, as the entire rear of building was in flames before the alarm was given. The firemen live in different parts of the town and it would take some of them six or seven minutes to run there, and the duty of the firemen to look after the fire, not after the contents of the building, a salvage corps should be appointed for that purpose.

J. W. PETERS,  
Bridgetown, May 14th, 1907.

### J. H. HICKS' & SONS FURNITURE SHOP

THIS IS THE BUILDING DESTROYED BY FIRE LAST WEEK.

#### PORT WADE.

Mr. and Mrs. Alex Nelson, of Lynn, have moved here to spend the summer. Mr. Nelson is a carpenter by trade.

A goodly sum was realized at the music lantern show held by the Methodist friends Friday evening at the Hall.

It sometimes happens that a man's enemies with bad designs do him less harm than his friends with good intentions.

Mrs. Israel Letney, of Digby, spent last Wednesday at the home of Capt. John MacWhinnie.

A harbor man's necessarily an artist because he illustrates his stories with cuts.

James Johns has engaged with Capt. Collins as a deck hand on the S. Granville.

Delina Snow, who is attending high school at Digby, spent Saturday and Sunday with her mother.

Assing Covert and Winnie Litch spent last Wednesday with Mrs. J. Ross at the Island.

Those who make a specialty of hunting trouble bag plenty of game.

Some of our oldest residents here cannot remember of such a snow storm as we have had on the 11th at a similar date.

Robert Janney, of Granville Centre, is working on Ernest McGrath's house at the beach.

Mr. Jefferson, mason, of Annapolis, is doing work on E. D. Arthur's cottage.

Joseph Anthony is making extensive repairs on his house. Alex. Nelson is doing the carpenter work.

Capt. Alex. Holmes is putting a nice Page wire fence around his residence, and is also about to put in a new cellar wall under same.

#### AYLESFORD.

The farmers here have been spraying their orchards during the last week. Many are on the lookout for the brown-tail moth, but as yet no specimens have been found in this vicinity.

The funeral of the late Frances Van Buskirk took place on Sunday at the home of his brother, Edwin Van Buskirk.

Among those who have returned home from Mass. recently are George Selridge, Mrs. Jackson Ray, L. A. Patterson, Mr. and Mrs. Calnek, J. West and Church Morse.

L. R. Fearn, architect, with his little daughter Alice, has returned from a business trip to New Brunswick and around the South Shore.

Sobie Woodworth has sold his farm to H. Elliott.

Miss L. Gladys Lyons, of Waterville, is visiting relatives in Aylesford.

Mrs. Clara Patterson has been spending a few days in Bridgetown visiting her sister, Mrs. A. T. Morse.

A sad drowning accident took place at Morden on the afternoon of May 9th. Fred KirkPatrick, his father, George KirkPatrick, and a young Barnaby were out in a boat fishing when a squall struck them. The boat capsized and Mr. KirkPatrick, the older, was drowned. The others narrowly escaped the same fate.

We hear, through a Dawson City paper, that C. M. Woodworth, an Aylesford boy, former Dawson lawyer is now very prosperous in Vancouver. He controls much legal patronage, is president of the Vancouver Conservative Club and, to quote from the Dawson paper, "is getting on swimmingly."

#### SPRINGFIELD.

We are having a very cold backward spring. On Saturday last we had quite a fall of snow, and early Sunday morning the sound of sleigh bells was heard, and many of the early rivers enjoyed a sleigh ride.

Miss Kate Baker spent Sunday at the Ridge with her sister, Miss Hallie Baker.

Mrs. Christopher, who has been employed as a nurse at the home of William Darling, left for her home in Kenton on the 11th.

We are sorry to report Mrs. E. H. Howe indisposed at time of writing.

Ellis Roop, who has been enjoying a vacation at Mt. Hanley, returned last week much improved in health.

Mrs. Arthur Bartheaux, of Mt. Hanley, is visiting her daughter, Mrs. Avard Roop.

The business men of our town seem to be busier. J. M. Patterson is adding a line of dry goods to his stock of mens furnishings. J. E. Grimm, general merchant, is also adding to his large stock a new line of crockery ware. S. P. Grimm is opening up his fruit store for the summer, etc.

The remains of Mrs. Hannah Roop of Aylesford, were brought here for interment on Monday last. The funeral service was conducted by Rev. E. H. Howe on the afternoon of the 14th. A large number of friends and relatives mourn the loss of a dear friend.

#### HALIFAX.

Elias Messenger and wife have gone to Mass. seeking employment for the summer.

On Friday last the schr. Maudie, Beardsley, called and landed fertilizer for Norris Mitchell. On Monday the schr. Lloyd, Clayton, from St. John, landed half a car load of flour for John P. Titus.

The weather has been so extremely rough very few fish have been caught. On Saturday last it showed nearly all day. On Sunday morning it looked like the death of winter; the trees were heavily loaded with snow. John F. Titus and wife enjoyed a sleigh drive. About fifty years ago there fell on the night of the 10th of May six inches of snow. Next morning the sleighing was good, but this storm was a record breaker and up to the time of writing it is still very cold.

#### CLARENCE.

Mrs. Z. Wilson went to Halifax on Wednesday, to remain about two months.

B. Bezonson has sold his brood mare to John Hall.

Orin Bells has sold his fast pacing horse to Mr. Marshall, of Lower Clarence, and purchased a nice driver from Mr. McKay, Middleton.

We are informed that R. B. Fik is going to enter the Outlook Split-Log Drag competition.

Allen Bezonson has returned from Boston, where he has been spending the winter.

A. C. Chute is making extensive changes in his residence which will greatly improve its appearance.

A Horticultural Meeting was held in the hall on Friday afternoon. Prof. H. W. Smith, of Truro, and G. H. Vroom, who are going through the valley looking for the Brown-tail moth, were present and addressed the meeting. Prof. Smith showed several winter nests of the moth filled with the live caterpillars in bottles. Quite a number of these nests have been found in the vicinity of Lawrenceville.

So far we have not heard of any being found in this locality. This is by far the worst insect ever found in the valley. Prof. Smith looks out no hope that we can ever exterminate the insect, and only the most determined effort can keep it from doing serious damage to our orchards.

#### PORT LUCHAR.

Mrs. J. D. Brinton has twelve Rhode Island Red hens which have laid thirty-one dozen and a half of eggs in six weeks. Who has any better layers?

We were favored with eight inches of snow on the 11th on Saturday last.

Rev. Mr. Langille has gone to Digby Neck to move his furniture here and will occupy the parsonage. We understand he will bring with him a partner to share his cares and pleasures.

Ferry Brinton, who departed for Uxels Sam's domain two weeks ago has secured a good position on automobile work.

Mr. and Mrs. Edward Sanford, who have been in Lynn for a short time, have returned home.

Miss Edie Braton, accompanied by her friend, Miss Smith, spent Sunday at home.

Mrs. Maurice Dalton is visiting her daughter, Mrs. George Daniels, in Brookton, Mass.

Mrs. Phineas Banks is visiting relatives in Mass.

**The Painful Beauty Quest.**

(N. Y. Sun.)

"What do women do that is wrong  
when they get the craze to beautify  
themselves? Well, really they do so  
many thoughtless, silly things that if  
I tried to answer in one sentence I  
would say they made fools of them-  
selves.

The speaker was a physician who is  
a skin specialist, and he sat in his of-  
fice having questions fired at him by  
the reporter.

"Massage is about the least harmful  
thing they do when possessed of the  
beauty craze, and yet that is bad  
enough," he went on. "The usual for-  
mula for facial massage is, I believe,  
first to open all the pores of the skin  
by steaming or bathing with very hot  
water, then to rub in a lotion of cream  
of some sort. Now, wouldn't you think  
that any one would know that such  
treatment would stretch the skin?"

"The immediate effect is good, yes,  
but why? Simply because the skin is  
thoroughly cleansed, the dirty pores  
are filled with a soothing lotion and in  
the process the blood is drawn to the  
surface sufficiently to impart a glow of  
health to the face.

"But the result when the immediate  
effect has passed, is to cause more  
lines or wrinkles. The harder the mes-  
sage the more injurious it is to the  
face.

"While I strongly advocate the gen-  
tle application of a good cold cream I  
have not found massage at all satis-  
factory. I also advise the application  
of sweet milk to the face. It is not  
only soothing and healing, but whitens  
the skin.

"Just the usual bottled milk may be  
used. It should be applied at night  
with a soft rag or a bit of cotton and  
allowed to dry on. I know of nothing  
better for tan, sunburn or chapped  
skin. It is a simple, inexpensive reme-  
dy and for that reason will never be  
very popular.

"A step worse than facial massage  
is the peeling or skinning process.  
That is usually done "by the applica-  
tion of an acid which causes the outer  
cuticle to peel off.

"Of course the stronger the acid the  
quicker the peeling and also, I might  
add, the more painful. Why, I have  
had women come to me who described  
their sufferings while having their  
faces skinned as agony. How any  
thinking human being could ever im-  
agine that such treatment would im-  
prove the skin is beyond me!

"My objection to the subcutaneous  
injection of pure paraffin, is that it is  
almost sure to produce subsequent  
skin trouble. It may not be apparent  
for some time after the application,  
for I have known it to take six  
months to develop but it nearly al-  
ways comes.

"If a person is going to have the  
face treated either for the purpose of  
beautifying the skin, plumping out  
contours or for actual deformities  
that is scars and misshapen features,  
she should consult a reputable physi-  
cian, a specialist of course where that  
is possible. Any one would think that  
there has been enough written about  
patent medicines advertised to cure  
every disease to which mortal man is  
heir to, to make women chary about  
using the lotions, masks and other  
cosmetic appliances for which impos-  
sible claims are made. Once let the  
beauty bug get in a woman's blood,  
though, and there seems to be no end  
of her credulity."

There is probably no medicine made

it is the one remedy that never fails.  
When reduced with water and sweeten-  
ed it is pleasant to take. For sale by

**OLD BLANKETS.**

One of the first places to show wear  
in a blanket is along the edge, which  
will begin to split into a coarse fringe.  
Keeping blankets well bound with inch  
wide ribbon will prevent this. Unless  
some accident happens to a blanket  
patching is not resorted to until it is  
blanket may be laid on large enough  
very old, then a piece from another  
to cover the worn place and held in  
place by darning rather than sewing.  
All thin places can be fortified by  
darning with ravelings from an old  
blanket. When the blanket is worn  
past repair, just double it and quilt  
together here and there and lay it  
across the mattress under the sheet  
and it will continue to be a comfort.

**LAUNDRY LESSON.**

The great lesson which the modern  
laundress has to learn is the old one  
of the value of rinsing. As a certain  
very competent housewife used to say  
over and over again to her daughters,  
"Remember, you can't rinse too much."  
The very fact that these strange new  
powders and soaps seem to loosen the  
grime as if by magic, shows that they  
have also the power to loosen the fibres.  
If we can banish the chemical as soon  
as the beneficial part of its work is  
done, we have preserved our garment.  
If there is the smell or the feel of the  
agent left upon it, harm has surely  
been done to the cloth.

Now, rinsing is not hard work. Why  
will not these people do it?  
Of course, there are some cheap,  
dangerous compounds which so  
amount of rinsing can counteract.  
Even the best ones need to be fol-  
lowed by at least three thorough rinsings  
in perfectly fresh, soft water. Four,  
five or six are none too many.

**A NEW PINE FLOOR.**

First remove all dust from the new  
board's, then apply hot boiled linseed  
oil, with a broad putty brush, rubbing  
back and forth with the grain of the  
wood. Shut the room up for half a  
day or over night, then rub with a  
weighted brush covered with old linnen  
until it shines. The oil will soften the  
floor somewhat and give a rich  
color. Once in a while the floor will  
need re-dressing and the frequency will  
be governed by the amount of wear  
given to the room. Mix two-thirds  
boiled oil and one-third turpentine  
and apply in a thin coat, allowing the  
room to dry 24 hours if possible.

**FOR CLEANING THE HANDS.**

Sometimes it seems impossible to  
keep the hands clean without using so  
much soap that the skin is roughened  
and chapped. To remove the grime  
which comes from clerical work, a  
typewriter, or from housework, use  
corn meal or almond meal exactly as  
if it were a cake of soap. Moisten the  
hands slightly, then rub on the meal,  
and rub the hands together. The par-  
ticles of meal will collect the dirt and  
fall off in tiny black rolls, leaving the  
hands soft and clean. Keep one or the  
other kind ready to use in cold  
weather.

**RELIEF FROM RHEUMATIC PAINS.**

"I suffered with rheumatism for over  
two years," said Mr. Rolland Curry, a  
patrolman, of Key West, Fla. "Some-  
times it settled in my knees and lamed  
me so I could hardly walk, at other  
times it would be in my hands and  
feet so I was incapacitated for duty.  
One night when I was in severe pain  
and lame from it my wife went to the  
drug store here and came back with a  
bottle of Chamberlain's Pain Balm. I  
was rubbed with it and found the pain  
had nearly gone during the night. I  
kept on using it for a little more than  
two weeks and found that it drove  
the rheumatism away. I have not had  
any trouble from that disease for over  
three months." For sale by W. A.  
Warren, Phn. B.

**THE HOME LIGHT.**

The light of home's a wondrous light,  
So tender in its shining,  
So soft it follows through the night,  
Our weary road outlining.  
Though lonely and for years we roam,  
Far from the ones who love us,  
Yet ever shines the light of home,  
Like God's grace spread above us.  
The light of home's a wondrous light,  
Through life it follows, seeming,  
Yet when with age the hair is white,  
Clear in the front 'tis gleaming.  
It shines from where our loved ones  
are  
Oh! this is love's divining!  
And through the gates of heaven ajar  
At last we see it shining!

**Bill to Amend the Liquor Licence Act**

(Published by request.)  
Hon. Mr. Pipes moved the second reading of the bill to amend chapter 100 revised statutes, the liquor licence act.  
He said that most of the provisions of the bill had already been before the house. The first section dealt with the meaning of the word "person" and defined it to mean any "person, firm or corporation." The second section dealt with the matter of penalties and provided that the penalty for a first offence should not be less than twenty dollars nor more than fifty dollars. For a second offence the penalty was not less than forty nor more than eighty dollars. For a third offence the person found guilty was made liable to a penalty of eighty dollars and in addition to imprisonment with hard labor for a period not exceeding two months in addition to any penalty to which he might be liable by reason of non-payment of fine.  
Section four made provision in reference to the sending of liquor into place where the Canada Temperance Act was in force as follows:  
186. Every licensee who, himself, or by his clerk, servant or agent, sends or causes to be sent liquor to any person, other than a legally qualified physician, chemist or druggist, or an agent for the sale of liquor duly appointed, in any city, town or municipality in which the Canada Temperance Act is in force or in any town, or other district in which no licence under this chapter is in force, shall be liable to a penalty of fifty dollars for the first offence, and of one hundred dollars for the second offence, and two hundred dollars for a third and each subsequent offence.  
(2) Upon a complaint in writing made to the municipal, city or town council by which the licence is issued, that any licensee has been convicted for a second offence under this section, such council shall, after ten days notice to the licensee, examine into such complaint, and if it is proved to their satisfaction that such conviction has been made, forfeit and cancel the licence of such licensee.  
The third subsection of section 4 dealt with the onus of proof:  
(3) In any prosecution under this section, the onus shall be upon the defendant of proving that the person to whom the liquor was sent was a legally qualified physician, chemist or druggist, or an agent for the sale of liquor duly appointed; and if in such prosecution it is proved that the warehouse or store, or out of the possession of the defendant or his agent, the onus shall be upon the defendant of proving that the person who sent, or caused to be sent, such liquor was not his agent, when the liquor was sent with common carriers, express companies, etc.  
187. No common carrier, express company or other carrier shall accept from any licensee any package containing liquor for carriage, or delivery to any person other than a legally qualified physician, chemist or druggist, or an agent for the sale of liquor duly appointed, in any city, town or municipality in which the Canada Temperance Act is in force, or in any town or other district in which no licence under this chapter is in force.  
(2) Any person, or the agent or manager of any carrier, violating the provisions of this section shall be liable to a penalty of fifty dollars.  
The third subsection of the bill dealt with the onus of proof:  
(3) In any action or prosecution under the provisions of this section, the defendant did not know that the package contained liquor, or that he was not aware that the Canada Temperance Act was in force, or that no licence was in force, in such city, town, municipality or district, or that he did not know that the person to whom such package was consigned was not a duly qualified physician, chemist or druggist, or an agent for the sale of liquor duly appointed unless after making due enquiry he has been unable to ascertain the facts.  
Section 188 of the principal act as amended provided that:  
188. Every licensee who, himself, or by his clerk, servant or agent, sends, or causes to be sent, liquor through the agency of any common carrier, express company or other carrier into any city, town or other municipality in which the Canada Temperance Act is in force, or into any town or other district in which no licence under this chapter is in force, to be paid for on delivery by such common carrier, express company or other carrier, shall be liable to a penalty of fifty dollars for the first offence, and of one hundred dollars for a second and each subsequent offence.  
Section 189 provided that:  
189. Every common carrier, express company or other carrier, who knowingly takes or carries liquor from or at the request or on behalf of any licensee into any city, town or any

**Doctors and drugs failed**  
**to do in THIRTY YEARS.**

"Fruit-a-lives" cured the Hon. John Costigan of the worst case of chronic constipation that the leading physicians of Ottawa ever saw. "Fruit-a-lives" gave this famous statesman what he had not had for 30 years—perfect health.

Mr. Costigan gives the credit where credit is due—to "FRUIT-A-LIVES"—the one remedy that can, and does, cure Constipation.

**Fruit-a-lives**  
OR FRUIT LIVER TABLETS

are the only remedy in the world really made of fruit. Juices of fresh Apples, Oranges, Figs and Prunes are so combined that the well known medicinal action of the fruit is increased many times. Tonics are added, and the whole pressed into fruit liver tablets.

"Fruit-a-lives" owe their wonderful power, and their wonderful success, to the fact that they are made of fruit—that they ARE fruit, INTENSIFIED.

It is the medicinal principles of fruit that can restore the great eliminating organs—the Kidneys, Bowels and Skin—to their normal condition. That is why "Fruit-a-lives"—made of fruit—cure Constipation and cause the bowels to move naturally—correct all Stomach, Liver, Kidney and Skin Troubles—and build up the entire system.

If you are suffering on the Hon. John Costigan did—**CURE YOURSELF!** as he did—with "Fruit-a-lives."

OTTAWA, ONT.  
232 Cooper St., Jan. 8th, 1906.

You know what fearful trouble I have had all my life time from constipation. I have been a dreadful sufferer from chronic constipation for over thirty years and I have been treated by many physicians and I have taken many kinds of proprietary medicines without any benefit whatever. I took a pill for a long time which was prescribed by the late Dr. C. R. Church of Ottawa. Also for many months I took a pill prescribed by Dr. A. F. Rogers, of Ottawa. Nothing seemed to do me any good. Finally I was advised by Dr. Rogers to try "Fruit-a-lives", and after taking them for a few months I feel I am completely well from this horrible complaint. I have had no trouble with this complaint now for a long time, and I can certainly state that "Fruit-a-lives" is the only medicine I ever took that did me any positive good for constipation. I can conscientiously recommend "Fruit-a-lives" to the public as, in my opinion, it is the finest medicine ever produced.

any of the provisions of sections 186, 188 and 189 of this chapter, or is in any way a party of such violation, shall be liable to a penalty of fifty dollars for each offence.

Section 192 provided that:  
192. It shall be the duty of the stipendiary magistrate of any incorporated town, city, municipality or county to examine upon oath all persons brought before him charged with being drunk and incapable as to where or from whom they obtained the liquor which was partially or wholly the cause of the drunkenness, and the result to give such information to the satisfaction of the stipendiary magistrate shall be deemed in contempt of court. The giving of this information shall not disqualify any such person from being a competent witness in any prosecution against the liquor seller.

Section 193 provided that:  
No agent, commercial traveller or other person shall take or solicit orders for liquor, in any city, town or other district in which no licence under this chapter is in force.

(2) Any person violating the provisions of this section shall be liable to a penalty of fifty dollars for each offence.

3. The said chapter, as amended by this Act, shall not affect, and is not intended to affect bona fide transactions in liquor between a person in the province of Nova Scotia and a person in another province, or in a foreign country, and the provisions of this Act shall be construed accordingly.

These were the principal provisions of the bill.

**THE QUESTION OF FLOUR.**

Not the least of the many problems which puzzle the young housekeeper, is the selection of the flour. Look books are often indefinite, one recommending a brand you cannot conveniently buy/another, suggesting the point of insisting on some flour you have found unsatisfactory.

Have you ever tried blended flour? Not a good use of it next baking day. The leading Ontario millers are now making a blend of Ontario fall wheat with Manitoba spring wheat in such a way that the best qualities of both are combined scientifically to make a perfect flour.

Ontario fall wheat has the flavor and delicacy, but not sufficient strength. Manitoba spring wheat flour rises well, but absorbs much water and requires much kneading, the bag-bear of all bread-makers. Blended flour milled by the Ontario millers, combines the strength of Manitoba wheat, and the delicate flavor of Ontario wheat, and is a superior flour to either one alone. It gives the food value with the lightness and deliciousness.

Housekeepers everywhere are using blended flour for bread, cake and pastry. Blended flour solves the troubles of all home cooks, and have the discernment to use them.

WHEN YOU ARE INTRODUCED.

"When she is being presented to an older woman, a lady should rise, but she keeps her seat when a younger woman or a man is presented to her. A hostess, however, always rises and offers her hand to all her guests. Upon receiving an introduction, it is not necessary to say anything at all, such as 'how do you do,' 'pleased to meet you,' etc. A woman may smile and bow her acknowledgment, unless she wishes to show especial friendliness, when she extends her hand. Men usually shake hands with each other. It is a mistake to embarrass a lady by leading her about a room and presenting her thus to a roomful of people. If there be a small group of people, the hostess then may say, after greeting her, 'Mrs. Black, let me present Miss Brown.' Miss Elsie Brown, Captain White and Doctor Green.' Men should always be taken to a lady to be introduced. In her own home a hostess may introduce as she pleases, everyone to everyone else, but it is always well to remember at other places, such as large balls, receptions or indiscriminate gatherings of any kind, that we must consult the wishes of others before giving introductions. As the introducer is always responsible for the person presented, much care should be taken in this respect, and the possibility of thrusting upon another an unwelcome acquaintance avoided. A lady permission must always be asked before presenting to her a man who wishes to make her acquaintance. Of course, there are exceptions to all rules and at small, informal dances among young people who know each other well, girls and boys freely introduce their friends without asking permission." - New Idea Woman's Magazine for May.

EVERYBODY AGREES

that COD LIVER OIL and IRON are beyond question the greatest medicines known. Then why does not everybody take Cod Liver Oil and Iron? Simply because most people cannot take the Oil and few can digest the Iron in any ordinary form. These difficulties have been entirely removed by the introduction of FERROL, in which the Iron is scientifically combined with the Oil, rendering the Oil palatable and the Iron digestible. While

FERROL

is manufactured from the best quality of Cod Liver Oil (the whole of the Oil) and is richer in oil than any other emulsion, and while it contains just the right quantity of the best form of Iron and Phosphorus, it is so scientifically prepared that not one person in a thousand finds any trouble in taking it, and infants digest it without difficulty. Moreover the well-established value of the Oil and Iron is immensely enhanced by the process of manufacture, and as the formula is freely exposed it is not to be wondered at that physicians everywhere have fully endorsed FERROL and used it largely in their practice. FERROL is invaluable for the treatment of any kind of Lung or bronchial troubles, while for wasting diseases it has no equal, and

KEEP YOUTHFUL CHEER BY DEEP BREATHING.

Be straightforward, kindly, firm, calm and have a good word for everyone or keep your mouth closed tightly. You will be surprised to find that in such a mental attitude you will regain the buoyancy of youth, and build a firm foundation for happiness. The chronically tired condition has a dreadful effect on the mind, creating morbid thoughts and a general depression of spirits that drives everyone to despair. One of the first things that must be learned is to develop the chest by deep breathing. A very good exercise to expand the chest is to place yourself in a perfectly easy and comfortable attitude, the weight of the body resting on one foot, the feet at a moderate distance apart, the arms akimbo, the fingers pressing on the abdominal muscles on either side of the spine. Draw in and out breath very slowly for a dozen times. Let the breathing be deep and tranquil. Do this twice or three times a day and you will have lost that chronically tired feeling and be five years younger in 30 days. Keep your body strong, well and clean, make up your mind to learn as much as you possibly can, to be kind and generous to the faults and failings of others—and if you do not look beautiful you will be so—and that will suffice.

**Local and Special**

The school examinations are being held yesterday and today.

Messrs. L. D. Shafer and A. Asherson have imported a portable mill and are going into the lumber business quite extensively.

Mr. and Mrs. Oliver P. Goldsmith will be "at home" at Carleton's Corner, Thursday and Friday afternoon and evening of this week.

A meeting of the school board was held yesterday afternoon. The resignations of Miss Brinton and Miss Smith were read and accepted.

Owing to a series of mishaps necessitating repairs to our machinery we are compelled to condense the Monitor somewhat this week, and in consequence a quantity of correspondence and other matter is held over.

Not for many years has the Annapolis Valley been visited by such a snow storm as occurred on Saturday last so late as the 11th of May. Several inches of snow fell and a cold northeast wind blew all day and all night.

The marriage of Israel D. Crosep, of Lynn, to Miss Mabel H. Mahar, and the marriage of Lloyd Wentworth Passabina, California, have been known to Mary J. Sutherland, of rural St. Anne does not permit us to reprint the details in this issue, but they will be published next week.

The house of S. T. Johnson, of Lawrencetown, was destroyed by fire early Sunday morning. The fire, which was supposed to have started in the chimney, had made quite a headway before the family were awakened by the smoke. They were able to save very little in the way of clothing or furniture. There was an insurance of \$850.

Mr. and Mrs. Everett W. Sprowle, of Clarence Centre, celebrated their tenth wedding anniversary on the 24th of April. Over forty invited guests were present, and a large number of valuable presents were received, testifying to the esteem and popularity in which the host and hostess are held by their friends.

The ladies of St. James Church, being anxious to wipe out the small debt remaining on the new Rectory, will hold a sale of useful and fancy work next Wednesday afternoon, also a tea, in their schoolroom. The sale will commence at 3 o'clock, and tea served from 5.30 at the popular price of 25¢. A table of home made cooking will be a feature. Home made candy will also be on sale.

Next Sunday (White-Sunday) the early communion in St. James Church will be at 7.45 instead of 8 o'clock, and on account of a special service at Young's Cove there will be no 11 o'clock service. Sunday School will be as usual at 10 a. m., and evening service at 7.30. The usual Friday evening service will recommence on Friday at 7.30.

A singular coincidence occurred at Centreville during the past week when two sisters, Mrs. Matilda Milner, aged 92, and Mrs. Eliza Armstrong, aged 89, both residing with Charles Walker, died and were buried within three days of each other. The interment of the former took place on the 10th at Bridgetown, the latter on the 13th at Centreville.

There is a movement among the young men of the town to form an Athletic Club. The first meeting was held last Friday night to discuss ways and means, and on next Friday night another meeting will be held in St. M. C. A. Hall, which those interested are invited to attend. A membership of fifty is desired, though not necessarily limited to that number. Base-ball, cricket, tennis and quoits will be the club sports.

Prof. Sears, of the Truro Agricultural College, called upon the Monitor on Monday and gave us interesting facts regarding the Brown-tail Moth, which he regards as the most insidious enemy the orchardist has yet had to contend with. We promised to place these facts before our readers, but are obliged to withhold the article till next week. In the meantime our readers are urged not to neglect the warning we gave last week, but search for the caterpillar webs and burn without delay. Prof. Sears left a specimen web, or cocoon, at J. E. Lloyd's store where it may be examined by any one interested.

**PERSONALS**

Miss Grace Oakes of Weymouth is the guest of Mrs. E. C. Young this week.

E. C. Crowell left yesterday to spend three months at his old home at Clarke's Harbor.

Miss Belle Ruffe returned from an extended visit with her sister, Mrs. Freeman, in Boston on Saturday.

Mr. and Mrs. W. W. Chesley returned home from an extended visit in the States last Thursday.

Miss Gertrude Young returned to Boston after four weeks visit at home, visiting friends at Yarmouth en route.

William M. Sprowl, junior, proprietor of the Royal Hotel, Campbellton, N. B., visited his sister, Mrs. Everett Sprowl, Clarence, last week.

**TUPPEVILLE**

The Rev. Mr. Langille preached here Sunday p. m. at 3 o'clock to a large congregation. Five were baptized and forty-one took the Sacrament.

Next Thursday a meeting is called at the church to make arrangements for the Sabbath School.

**Removal**

Having moved my business from the "Neely shop" on Granville Street to my new shop near my own home on Biddeford Street I will take this opportunity of thanking all those who have so generously patronized me during the last eighteen years, and respectfully invite all who are in need of blacksmithing to call and see me in my new premises.  
Respectfully yours  
E. A. CRAIG.
