The copy filmed here has been reproduced thanks to the generosity of:

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol  $\rightarrow$  (meaning "CONTINUED"), or the symbol  $\nabla$  (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

Harold Campbell Vaughan Memorial Library  
Acadia University

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole  $\rightarrow$  signifie "A SUIVRE", le symbole  $\nabla$  signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

provinces, the fraternal intercourse he has kept up with our churches, his jealous care in defending our principles, and the christian sympathy he has ever manifested toward our ministers, have contributed to give him a warm place in the hearts of our people, and to excite the hope that he may long be spared to mingle his sympathies with ours and exert his influence on our behalf.

The resolution was sustained by earnest and affectionate addresses from Revs. D. Freeman, Wm. Hall, E. M. Saunders, Prof. R. V. Jones and I. J. Skinner. The resolution passed unanimously by the delegates rising.

The following resolution was moved by Dr. Cramp, and seconded by Rev. J. Parker, and passed unanimously.

*Whereas*, a Resolution has been introduced in the House of Assembly of this Province, to the effect that "No grant from the Provincial Treasury shall be given in aid of any Department of Education except Common Schools, and that the monies arising from such saving shall be added to the Common School Fund?"

*Therefore resolved*, That the passage of the said Resolution would be regarded by this Association as a retrograde movement, unworthy of the intelligence and enlightened zeal of the people of Nova Scotia; and that in the judgment of this body the School Law should not be limited in its operation, but rather enlarged and extended, by affording increased facilities for the cultivation of the higher branches of learning.

*It was also Resolved*, That copies of the said resolution be forwarded to the Provincial Secretary and D. C. Landers, Esq., M. P. P.

*Resolved*, That the Professors of Acadia College be appointed Delegates to the other Associations.

*Voted*, That the thanks of this Association be presented to the Brethren and friends at New Germany and neighborhood for their kindness and hospitality during the present Session, and to the denominations who invited our ministers to preach in their places of worship.

On motion after prayer, by Rev. Dr. Cramp, the Association adjourned to meet with the 2nd Baptist Church in Halifax on the first Saturday after the 20th of June, at 11 o'clock, A. M., 1870.

## PARENTAL OBLIGATION.

THE CIRCULAR LETTER FROM THE N. S. CENTRAL BAPTIST ASSOCIATION TO THE CHURCHES OF WHICH IT IS COMPOSED.

*Dear Brethren,—*

In this our Annual Letter we wish to call your attention to Parental Obligation. The importance of this subject, the fear that many christian parents disregard their special duties, and the fact that those who are to be our successors in the Lord's vineyard are amongst those now under parental culture, and that they also require diligent training, justify us in the selection of this subject.

In the Scriptures we find neither precept nor example for the baptism of Infants. The Master, therefore, has not required, this, at our hands. Yet the obligations resting on parents are binding, and most clearly defined. Jehovah reveals the secret purposes of heaven to Abraham, because as he declares, "I know him, that he will command his children and his household after him," and in the New Testament we have the positive command, "And ye fathers provoke not your children to wrath, but bring them up in the nurture and admonition of the Lord." Such passages teach us that all who have children committed to their care, should train them in the fear of God, and the earliest opportunity should be taken to direct their minds to the claims of religion. We proceed to point out a few of these religious obligations.

1. Parents should *instruct their children in the Scriptures.*

There may be faithful instruction imparted in the Sabbath School, yet this does not free the parent from this special duty. Here the Word of God is explicit. Moses in his last charge to the children of Israel, referring to the statutes and commandments given by Jehovah, says "Thou shalt teach them diligently unto thy children, and shalt talk of them when thou sittest in thy house, and when thou walkest by the way, and when thou liest down, and when thou risest up." In unison with this, the Psalmist declares that the Lord "established a testimony in Jacob, and appointed a law in Israel, which he commanded our fathers that they should make known to their children." And it was said by way of congratulation to Timothy, "From a child thou hast known the Holy Scriptures which are able to make thee wise unto salvation."

If the truths of God's Holy Word are rightly presented, they will not fail to be interesting. This instruction may commence at a very tender age. Beginning with the simplest historical question, the attention is at once arrested, the mind prepared for further inquiry, and the foundation laid for a thorough knowledge of Bible history. The great events in redemption, the principal acts in the life of Christ, the necessity of salvation, and the rewards of eternity may be made subjects of enrapturing interest to the youthful mind.

While this duty is faithfully carried out, the devoted parent will not fail to make special application of those truths, which may be made the means of leading their children to the Saviour. As the Bible is the fountain of all knowledge, we would urge upon parents the great importance of leading those whom they are called to instruct, to this vast reservoir of wisdom. The information the children will thus obtain cannot fail to be an inestimable treasure to them through life, and the results will reach into the future state.

2. Parents should *bring their children under the*

*influence of the Gospel.* The ministry of the Word is the ordained means of bringing souls to Christ. It is "the power of God unto salvation to every one that believeth." We fear there are many children of professing Christians who are growing up comparatively ignorant of the Gospel, and living in continual desecration of the Christian Sabbath. The parents go to the house of God, to listen to the message of Life, while the children are left at home to indulge in play, to roam the fields, and to engage in juvenile sports with others whom they may meet. This is a dark picture, but alas, too often seen. It is our settled conviction, that as soon as children are capable of understanding the first principles of religion, that they should, as far as possible, be brought regularly to the sanctuary of God. By this means fixed principles may be established in childhood which will be a bulwark of strength in days to come. The Gospel is often hindered in families by the injudicious conversation of the parents respecting the minister. Though professing to be his sincere friends, and would not wilfully destroy his influence, yet he is made the subject of an unwise criticism at home, objections are raised against the style or subject matter of the last sermon. That discourse, however, has perhaps made a deep impression on the mind of some youthful member of the family. If the thoughtless remark, falling from the lips of the parent, do not entirely remove the serious impressions, the Pastor's usefulness is injured, and a serious hindrance is placed in the way of the conversion of precious souls. Let the Gospel and all in connection therewith be carefully guarded in our families, and with the blessing of the Holy Spirit, it will prove "a savour of life unto life, and not of death unto death."

3. Parents should *pray for their children.* By this means, so far as human instrumentality is concerned, there may be the most perfect consecration of our offspring to the Saviour, and while ordinances of man, when taken as a substitute for

the commands of Christ are vain, and sinful, such consecration is acceptable in the sight of God.

Family Prayer has ever been regarded as a duty of the utmost importance, and binding on christian parents. It is sanctioned by the highest authority of the word of God. It commends itself to our most serious consideration, from our entire dependence upon God, by the beneficial influence arising from a right performance of this duty, as well as the judgments threatened against the families that call not upon Jehovah's name. But we would not confine this duty to family prayer. Other occasions will offer if parents are duly impressed with the value of souls committed to their care, in which there will be solemn earnest pleading at the throne of grace, which will be often visited on their behalf. And they will be made individually subjects of special intercession before God. There is a wonderful power in this blessed means of grace, and the line is already long drawn out with names such as Newton, Gough, and others, who appear as living memorials of the power and influence of praying parents.

Finally, Parents should "*walk with God*" before their children. In every department of christian labour there is almost a divine power in holy living. Especially is this seen in the parental relation. It is impossible for parents whose conversation is worldly, who seldom attend the worship of God, whose sabbaths are spent in visiting, who never speak upon the subject of religion, to "bring up their children in the nurture and admonition of the Lord." If we would have our children rise up and call us blessed; if when dead we would speak; if we would hear the Master say to us, well done good and faithful servants; and at last to say individually, "behold I and the children whom the Lord hath given me;" then we must "*walk with God*," the service of Christ must be uppermost in our hearts, and we must seek to exemplify the spirit of holiness.

While our children are about us, their characters are being

formed for the future of life. Is it not then vastly important that our lives be worthy of imitation? Be assured if we do not save the precious seeds of divine truth in the tender hearts, others will sow the seeds of error, there the fruit of which will be hatred to God, and a total disregard of his claims. We must, therefore, lift high the standard of eternal truth. When labouring faithfully for the salvation of our children, and trusting implicitly in the divine arm, then may we expect the blessing of our heavenly Father upon our efforts.

### THE CHURCH AT WATERVILLE.

I have visited the Baptist Church at Waterville, according to appointment of the Association last year, and report that I found the Church in a very low state, yet there are a few who are anxious for the prosperity of the cause of God, and desire to walk together in christian fellowship. Hoping it may be for the glory of God and salvation of sinners, I would recommend its continuance in connection with this Association another year.

Respectfully submitted,

J. E. BALCOM.

### ON MISSIONS.

The Committee on Missions report :

That their conviction of the importance of Missions is deepening as they become more fully acquainted with the extent of the field whitening for the harvest and the success that has already attended the faithful preaching of the pure Gospel by the Missionary.

Missions are an absolute necessity for evangelizing the world. The Apostles and first preachers of the Gospel were

Missionaries in the fullest sense of the word, and through their faithful labours Christ was made known to a multitude, many of whom were saved through the merit of his blood. Before the promise that the Son shall have the heathen for an inheritance, and the uttermost parts of the earth for a possession is fulfilled, there must be a succession of men possessing the Apostolic spirit, who shall go into all the world and preach the Gospel to every creature.

Our Home Mission has strong claims upon us ; by it the Gospel is carried to many remote places, and its saving influence experienced by persons who would otherwise remain ignorant of God's love to sinners, and the method of salvation by grace. The Foreign Mission rises before us in all its magnitude : it occupies an important place in the work of evangelization. Millions of heathen are perishing for lack of knowledge ; they are bound down in the strong bonds of a hoary superstition, and enslaved by the worship of dumb idols, from which nothing but the truth as it is in Jesus can liberate them. At no former period has the Church of Christ realized so fully its obligation to send them the truth as now. We are thankful God has raised up another in our midst who has resolved to go and preach Christ to them, viz. Brother William George. He must be sustained by our prayers, sympathy, and contributions. The French Mission we must not pass by in silence : God has marked it with such signal tokens of his favour as to commend it to the sympathy and support of all who love Jesus and rejoice in the salvation of sinners. As a Denomination we have abundant causes of thankfulness to Almighty God for the success with which he has crowned our past efforts in the Missionary department of christian work, and it should stimulate us to make enlarged efforts in the future. Christians were never before so loudly called upon as now, to be actively engaged in disseminating the truth among men. The Master says to us "Go up and possess the land."

## ON INFIRM MINISTERS' FUND.

The Committee report by recommending the following resolution, viz. :—

1. That it is desirable to acquire an enlarged investment for the Infirm Ministers' Fund.

2. That the Churches of this Association be requested to make annual collections for the said Fund.

3. That the amount of such collections, together with the amount of all individual donations of five dollars and upwards, and of all Legacies bequeathed to the Fund, be annually invested in good and sufficient securities, the interest derived therefrom being appropriated to the relief of Infirm Ministers and their families, under the authority of the Board, by votes at regular meetings of the same.

4. That a correspondence be opened with the Boards of the other Associations in this Province, with a view to ascertain whether some mode of union and co-operation can be devised in relation to this object.

5. That it be recommended to the respective Boards of the Associations to take into consideration the desirableness of constituting a Fund for the assistance of Infirm Ministers and the widows of Ministers, on which Fund such Ministers and their representatives might have a legal claim in virtue of contributions annually made by them to the Fund.

6. That a Special Committee be appointed to carry the foregoing Resolutions into effect, by correspondence or otherwise.

## ON THE "CHRISTIAN MESSENGER."

The Committee beg leave to report :

Aware that, in order to make the *Messenger* all that is necessary to meet the desires of its friends, it is absolutely necessary largely to increase its number of subscribers, your committee would most earnestly press this duty on the Denomination generally, that its Proprietor might be enabled to add, to his own devoted energies and talents, the religious and literary talent of others.

#### ON BENEVOLENT FUNDS.

Your Committee beg leave to report :

That, while they are not unmindful of the large-hearted liberality of many of our churches and of individuals in perhaps all, yet they can but be convinced, when they consider the claims of God upon the Baptists of this Province, both as to the Home and Foreign Field and the inadequate supplies in the Treasuries of the Denomination to meet those demands, that there must be something radically wrong somewhere.

We cannot think that God has entrusted to his church means insufficient to accomplish his own work, but rather those to whom such means are entrusted are unfaithful stewards. And yet it does not appear to your Committee that this unfaithfulness arises so much from a want of *will* to give, as the absence of a proper workable system in many of the churches to draw out the benevolence of their membership. We would therefore recommend that Pastors, Deacons and leading members take this matter specially in hand, and devise some system, adapted to their circumstances whereby their entire membership may be reached, that even the youngest and most indigent may feel their obligations in this matter.

Respectfully submitted.

J. E. GOUCHER, *Chairman.*

## EDUCATION.

Your Committee on Education are pleased to report that our institutions of learning, during the past year, have continued to enjoy a good degree of prosperity. Upwards of forty students have been in attendance during the year in Acadia College. Besides the usual College studies instructions have been given in the theological department by Rev. J. M. Cramp, D. D., and Rev. E. A. Crawley, D. D., the former in Theology and Ecclesiastical History, and by the latter in Hebrew, Biblical Criticism, and Interpretation of the Scriptures.

Seven students having completed the course of study in the College, received the degree of Bachelor of Arts on the fourth of June. Seven have matriculated in order to enter the College next year. Five others have been partially examined, and there is a prospect of more being added to the matriculating class. The usual prizes were awarded at the Anniversary to successful competitors in study, and in addition "The Gold Medal" offered by Edward Young, Esq., of Washington, was won by Mr. Perry Bowles of Cornwallis.

We regret to state that the Rev. Dr. Cramp, who for years has discharged his duties with eminent success, has at length resigned the Presidency of the College, to take effect as soon as the position can be filled. The Rev. A. W. Sawyer, D. D., has been invited to that office. The Rev. Dr. Crawley has been appointed at the head of the Theological Department for the ensuing year. Mr. William Elder has been engaged to teach in the department of Natural Science and thus an important desideratum has been supplied. The fact that we shall have five Professors in the College next year is on the one hand a pleasing intimation of the high degree of efficiency to which the College has attained, and on the other a loud call to the friends of the institution liberally to devise means for its support.

The attendance at Horton Academy during the past year has been very encouraging. About 60 pupils have been entered upon the book. The studies carried on have been the usual branches taught in similar Institutions, but special attention has been given to the preparation of classes for matriculation. Seven of the pupils of the Academy have

already passed the necessary examination for College. Others expect to be prepared by the opening of the next term. Young men looking forward to a College course are recommended to enter Horton Academy as early as possible.

The Female Seminary has been for the present discontinued. A good work has been performed by that School. Several of the pupils have passed through the three years' course prescribed and are now usefully employed in various places. Your Committee regret that the want of a suitable building free from rent has made it necessary for the Governors to close up for the present that branch of our Education work, and express the hope that at no distant day proper arrangements may be made to give to the females of our denomination a first-class Education.

In view of these facts in connection with our Educational Institutions, your Committee would urge the necessity of increased earnestness in their support, and especially the importance of fervent prayer to God on their behalf.

Signed,

D. FREEMAN, *Chairman.*

## REPORT.

The Board of Managers of the N. S. Baptist Home Missionary Society beg to present their Twelfth Annual Report.

Twelve missionaries have been employed during the year, two of whom have been engaged for the entire year, the others for shorter periods, as will be seen by the accompanying statement.

Upon comparing the returns, with those of the preceeding year, it will be seen that there has been a large increase in the social gatherings for Prayer and Conference, as well as in Family Visitation, and Tract distribution. The Board regard these as encouraging features in connection with missionary work, and recommend the continuance of effort in this direction.

The number of those who have put on Christ by Baptism is not so large as during the past year, but more than in any previous year, since the organization of this Society. These marks of the divine favour are causes for encouragement and continued labor in the good cause.

It is to be regretted, however, that there does not appear to have been as much attention given to *organizing* and *sustaining* Sabbath Schools as heretofore. This deficiency may be more *apparent* than *real*, but shews the importance of the returns that are sent in *exhibiting* an increased interest in this department, where such interest is maintained.

The Treasurer's report shows that there has been a falling off in the receipts, from the various sources during the year. There was received from the Central Association \$69.29 less than the year preceeding, and \$42.07 less from the Eastern Association. The donations from other sources have also been diminished shewing the total receipts to be \$170 less than was sent in last year. This may be accounted for in part by the general depression prevailing, but it is to be feared that it indicates also either a flagging of interest in Home Missionary operations, or a lack of systematic effort on the part of those whose duty it is to direct the contributions. Perhaps it may be attributed to all of these causes combined.

With the increasing population of this province, the desire and effort to supply their spiritual necessities, should certainly not be diminished, but ought rather to be increased.

The Board have again to make honorable mention of the liberality of D. R. DeWolfe, Esq., of New York, who has guaranteed the support of a Missionary at Cow Bay Mines, Cape Breton, for a year. Through this means one of our most efficient laborers has been sustained in a very important field throughout the entire year.

The Board are sensible of the great advantages to be derived from *continuous* and *concentrated* effort, but have been prevented from *generally* adopting such a course, when making appointments, from the fact that so small an amount is annually placed at their disposal, and urgent requests coming from so many destitute localities for missionary labor, that they have frequently been compelled by circumstances, to grant missions for short periods, when they are convinced that much greater benefits would result from more *extended* periods of labor.

The cost of supporting a missionary in this Province varies from \$200 to \$300 per annum, according as he may be sent among those who are more or less able to contribute towards defraying the expenses of the mission. There are at the present time earnest and successful Missionaries who are desirous of devoting all their *time* and *talents* to the work of saving souls, and are anxious to go out into the more destitute fields and labor for God, but have been hitherto hindered from so doing, by the want of the means necessary to support their families, and have been obliged to work their farms, and prosecute their ministerial labors as they are best able to do under the trying circumstances in which they are found.

Are there not some of our more wealthy brethren who have it in their hearts to work for God, and yet who do not feel that they are called upon to leave their various spheres in life, to engage *personally* in a Ministerial capacity, yet who are ready and desirous, to guarantee the support of one or more of these brethren who *are prepared* to enter the field? Where it is not practicable for one person to assume such a responsibility, let two or more together, or it may be as a Church collectively, undertake it, and send in their names to the Board, specifying the particular locality, in

which they wish their money expended, if they have a preference, and their wishes will be faithfully carried out by the Board.

The Statistics from the Churches, as obtained from the Minutes of the two Associations (Central and Eastern), shew a membership of more than *nine thousand*.

The total receipts by the Treasurer including the amounts collected by the Missionaries are \$1316, which is less than *fifteen cents* from each member for the purpose of carrying on our Home Missionary operations for the year, but when it is remembered that a considerable portion of the receipts comes from those who are not church members, the small amount given by those who profess to be the Lord's stewards is made even lower than the above average. This state of things calls for serious enquiry on the part of every professing child of God, and should lead to *greater sacrifices* being made, and more *earnest prayer* and *effort* put forth, that the amounts sent in to the treasury of the Board may be *largely increased*.

In our last report it was suggested that the more highly favoured Churches relinquish the services of their Pastors for a season, that they may engage in missionary work, under the direction of this Board, their pulpits being supplied for the time by younger men. This suggestion we understand was approved of at the Annual Meeting, but has not been carried out, at least so far as this Board has knowledge. The Board would therefore repeat the suggestion in the hope that there may be no delay in putting it into practice, and that those Ministering brethren, whose hearts respond to the call, will send in their names as soon as possible, that their field of labor may be assigned to them.

## Halifax and Hants Counties.

Rev. James Meadows by appointment spent 13 weeks at Jeddore and Bay of Island on the Eastern shore.

Preached 43 sermons, attended 11 Prayer and Conference Meetings, made 66 family visits, distributed 518 pages of tracts, travelled 160 miles. Collected \$11.36.

Bro. Meadows reports a low state of religion at Bay of Islands, yet they seem anxious to hear the Gospel of Christ preached. The school houses are well filled every meeting, whether on the Sabbath or week day. Missionary labour is much needed in this locality. Have endeavoured to preach the simple truths of the gospel leaving the result in the hands of God.

Three weeks of the above mission were spent at Isaac's Harbour, Country Harbour, and New Harbour, Guysboro Co. Country Harbour is navigable over 12 miles. At the head of this Harbour there is a fine growing settlement which should not be neglected.

Rev. A. Chipman, on the 4th Nov., 1868, received an appointment of 3 months at Musquodoboit, and 3 months at Renfrew to be performed within 12 months.

Bro. Chipman has sent in a report of 5 months of the above mission.

Preached 38 sermons, made 148 family visits, 5 Conference meetings held, travelled 1140 miles.

On the 29th Jany., Bro. C. wrote to the Board as follows:—

“As regards my Sabbath meetings both at Musquodoboit and Renfrew, the attendance is encouraging. My stations in the former place are chiefly two. I accordingly make an occasional weekly visit to Little River, hold an evening service and visit our Church members, and families residing in that part; and on every fourth Sabbath preach twice in other places where I get a large congregation. At one of these places particularly I am much interested and encouraged by the regularity and other character of the attendance. In connection with that congregation I have found, especially when visiting from house to house, cases of serious soul concern, and in one instance during the last few months I trust a real conversion to Christ.

I may state that I am well received at the houses wherever I go, and I endeavour to make my visits as general and frequent as seems expedient or adapted to usefulness. On the Mountain of Upper Musquodoboit quite a number are favourable to our views of the ordinance.

In Renfrew Gold Diggings I have become far more interested and encouraged than I at first anticipated. The place for worship is a large and commodious hall. The congregation at our Sabbath morning service is small varying thus far from 30 to 200, principally owing to Saturday night work in the mines. In the evenings we are favoured with the largest congregations that assemble there. There are at present residing at Renfrew Diggings about 30 Baptist adherents, about 12 of whom are church members.

On the 7th June Bro. C. adds: “While Christian labor in such a place as Renfrew must mainly have a present aspect, yet it is very important to cast in gospel influences as a check to the many which are so untoward. Preaching and Pastoral labor at such a place has also an important future bearing. Many may receive good impressions at those Gold Diggings which they may not have courage to make known before the world while there, but which may afterwards produce precious fruit unto holiness and the end be eternal life.”

Rev. Benjamin Vaughan has spent 8 weeks at Waterville.

Preached 24 sermons, made 25 family visits, travelled 150 miles. Collected \$32.00.

Bro. Vaughan reports as follows:—“Labour is much needed here for the quickening of the church and the salvation of sinners. Although the weather was quite unfavourable, we had service twice on Sabbath and several times during the week. I visited most of the families and read the word and prayed with them.”

## Lunenburg County.

Rev. Stephen March by appointment spent 6 weeks in the above County, and reports as follows :

"I have preached the gospel in the following places, Chelsea, Lapland, Camperdown, Pleasantville, New Cumberland, Ritcey's Cove, North West and Somerville. I had the happiness of seeing three young persons avow their willingness to serve the Lord, and cast in their lot with his people. Although I had not the privilege of baptizing any during the period of my mission, still I believe the hearts of Christians have been encouraged, and I trust that many have set themselves more earnestly to seek the Lord."

Preached 22 sermons, attended 22 Prayer and Conference meetings, made 75 family visits, (in most instances reading the Scriptures and offering Prayer), travelled 235 miles. Collected \$7.62 $\frac{1}{2}$ .

Rev. I. J. Skinner has been in the service of the Board 8 weeks, and reports as follows :—

"I visited the 2 Tancooks, Ironbound, Hubbert's Cove, and the Card Settlement between Chester and Windsor. The meetings were generally very well attended and I trust with the Lord's blessing on the use of the means of grace they will prove to have been not altogether in vain. I enjoyed some precious seasons with the warm hearted people of Tancook, both in the sanctuary and at their homes.

Bro. P. R. Foster arrived on the Island about the time my mission was finished. I learn that he has baptized several believers in the Lord Jesus Christ. A settled Pastor on this Island is very desirable.

Preached 25 sermons, attended 10 Prayer and Conference Meetings, made 31 family visits, distributed 200 pages of tracts. Collected \$48.23 $\frac{1}{2}$ .

Brother R. Sanford by appointment spent 10 weeks at New Cornwall and Northfield in the above country.

The following report has been received by the Board :—

"This field is an encouraging one but stands greatly in need of missionary labor. We generally hold two or three meetings during the week and service twice on the Sabbath day. The remaining time is spent in visitation from house to house and tract distribution. Our Prayer meetings have been very interesting though not numerously attended. On Sabbath days the congregations are large and attentive. Have met with much encouragement. There is a manifest seriousness on the part of some.

At New Cornwall religious declension was manifest, many had shrunk from duty. There has not been any preaching with the Baptist Church here for some months. I made it a point to visit all families within a range of several miles from the different preaching

stations. They received me kindly and expressed thankfulness that a Missionary had been sent among them.

On Sabbath morning, August 30th, one willing convert followed the Saviour in the ordinance of Baptism. Others are anxiously looking towards Zion desirous to go with the people of God."

Preached 23 sermons, attended 25 Prayer and Conference Meetings, made 206 family visits, visited 110 other persons, distributed 859 pages of tracts, travelled 315 miles. Collected \$9.06. Baptized 1, by Rev. W. E. Hall.

### Cumberland and Colchester Co.

Bro. Horatio Morrow, Lic., has laboured 10 weeks in the service of the Board in the northern parts of the above counties.

Preached 24 Sermons, attended 4 Conference and Prayer-meetings, made 95 Family Visits, distributed 800 pages of Tracts, travelled 180 miles. Collected \$13.00.

On the 15th September, the following report was received: "I preached at Wallace River, North Wallace, Tatamagouche, and New Annan. In all those places the congregations were large and attentive, and I trust some seed has been sown that will bring forth fruit to the honor and glory of God.

The Churches at Tatamagouche and New Annan, are without stated preaching, they with River John, not distant, present an inviting field for missionary labor and demand the attention of the Board. They have all comfortable places of worship, and would do their utmost to aid in supporting a missionary if one could be sent to them, but they are unable wholly to sustain a minister."

Bro. W. F. Armstrong, Lic., spent 11 weeks in the service of the Board, principally at Amherst Shore and Goose River. Bro. A. says: "At the former of the places there is a *feeble* church. I commenced my labors here amid discouragements, but God clothed with power the word spoken in weakness and sent it home to the hearts of some. One or two I trust, have been made savingly acquainted with Jesus, and several are enquiring the way to Zion. At Goose River there is also a small church. Here too we received a few mercy drops. On Sept. 13th two happy converts were baptized by Bro. Murray, and more are expected to come soon. This whole field seems "white ready to harvest."

Preached 27 sermons, attended 35 Conference and Prayer-meetings, made 173 family visits, baptized 2, by Bro. Murray, distributed 1600 pages of Tracts, travelled 746 miles, collected \$17.65.

The following extracts have been taken from Bro. Shaw's report: "I left home on the 23rd April direct for Guysborough, where I arrived on the 2nd May, after spending a few days, and preaching at different outstations in the neighbourhood of the Town, I proceeded along the shore to the Strait of Canso. On my way I spent a few days at Clam Harbour, preached and visited among the people, they gave good attention to the word spoken, proceeding to Oyster Pond, a small settlement principally Episcopalian, a door was opened for us. At Sand Point, and Red Head, I tarried between *three* and *four* weeks, preaching and visiting from house to house. There is a feeble church here, organized by Rev. M. A. Bigelow some six years ago, they complain much of being sadly neglected, having been refreshed and encouraged by our coming among them, "they rejoiced at your remembrance of them in their low estate." Passing up the Strait I crossed through to Tracadie, spent from *two* to *three* weeks with the Church there, and then returned by the same route to Red Head, from thence crossing the bay I went to Crow Harbour, preached twice on Sabbath, and then went to White Head. I got passage down the river in a boat, and preached to the people on the Sabbath. The people gave good attention and manifested much friendship both toward myself and the cause I advocated. I next returned to Half Island Cove, made a few visits, then went to Crow Harbour, and there tarried until my return home, where I arrived on the 31st July."

Rev. William McPhee has performed 13 weeks labor under the direction of the Board in destitute parts of this Island.

Respecting St. Ann's and vicinity Bro. McPhee writes as follows

"Dark as these parts are the blessed Lord does not forget us altogether. I baptized one convert, a middle aged man, who with joy related in the hearing of a large number of persons assembled at the river, how he was led to find consolation in resting on Jesus for righteousness, also quoted passages of the word of God that convinced him of his duty to be baptized. It was a solemn season. The effect was salutary. Three more are received for baptism, one of whom is my mother, seventy years of age. Some in these parts who were heretofore nominally friends, are becoming bitter enemies on seeing poor sinners conforming to the commands of Jesus; but the word of God cannot be bound.

I feel more and more convinced that the Lord has a work for us to do in this locality and hope that this field may have a claim on the sympathies and prayers of God's people. It is good to work for the Lord Jesus."

Rev. Joseph F. Kempton received an appointment of 12 months at Margaree and Mabou.

39 weeks of this mission have been performed, during which time

93 sermons were preached, 119 Prayer and Conference meetings attended, 4 baptized, 1448 miles travelled. Collected in aid of the Society \$155.22½.

Sept. 30th, Bro. K. reports as follows:

"I have tried to labor faithfully for the Master; but feel that I have not accomplished nearly what I might and ought have done.

I have spent the quarter laboring between Margaree and Mabou, nearly equally dividing the time between the two churches. The Church at Margaree is just now busily engaged in building a *mission house*. Though the undertaking is a very heavy tax on the little weak church here, yet it was a necessity. Our Sabbath School is very interesting, several of the members of the school, I hope, are serious; and are seeking Christ. I devote a considerable time and attention to the school.

As regards the Mabou Church I suppose you are aware that it had well nigh become extinct. But the Lord has once again smiled upon it and added *ten* to its numbers by baptism and *two* by letter. *Seven* of these were immersed by your missionary, and *three* by Rev. Wm. McPhee, of St. Ann's.

I have done a large amount of family visitation, generally two or three days per week, but I have not kept a full account of visits made. "The day will reveal them."

Bro. Lauchlan McDonald, of Margaree, in writing to the *Ch. Messenger* in March, says, as follows: "Bro. Kempton's coming here we believe, was from the Lord. Before he came we did not know where to look for a man of God to go out and in before us. His labors have been abundantly owned of God in the conversion of sinners.

Over twenty members have been added to the church by baptism, since he came here. Mrs. Kempton to whom we are largely indebted for the erection of the Mission house is of a kindred spirit with our minister. They are both doing all that lies in their power for the good of souls. They both labor hard in the Sunday School, which has been gathered and set in operation through their instrumentality.

Rev. E. C. Spinney has been engaged in the service of the Board, 41 weeks at Cow Bay Mines and neighbourhood.

Preached 124 sermons, attended 197 Prayer and Conference meetings, made 603 family visits, distributed 2000 pages of Tracts, travelled 1643 miles. Collected \$118.48½.

The following extracts have been taken from Bro. Spinney's letters, which have been received monthly:

"We have three public services on each Lord's day. On every alternate sabbath, the third service is a Social prayer-meeting. During the week I attended *four* prayer-meetings, one in each of the following places, viz.: Mira Homeville, Cow Bay Mines, and South Head; at last mentioned place preaching is sometimes substituted for the prayer-meeting for females held weekly at

Homeville. We have our regular Conference meetings. We are putting forth every effort to build a house in which to worship, at Cow Bay Mines.

On the 25th March, 1869 the following was received:

"The Lord hath done great things for us; whereof we are glad. Since the first of October last, we have had *seven* Conference meetings, at each one of which save one, more or less have offered themselves for baptism. Others are waiting to follow Christ in all his appointed ways.

Dec. 28th.—Circumstances seemed to demand a laborer amongst this people qualified to administer the ordinances of God's house, hence the Mira and Cow Bay church requested my ordination, to which, after consideration and prayer, I consented. May God grant that this movement may be for His declarative glory in the salvation of many precious souls.

Yesterday, (Sunday), morning at Homeville, it was my privilege to baptize and receive into the church *three* happy converts, also to extend the hand of fellowship to two more restored brethren. In the afternoon, at Cow Bay Mines, I administered the same sacred ordinance to one other, head of a family. This was the first Scriptural baptism ever performed in this place. Some hundreds assembled to witness the scene. The emblematic dove hovered over us, so we felt strong and happy in obeying God's command. A few passages from the Scriptures were read, showing that our authority for baptizing came not from men, but from the court of high heaven. The large assembly gave us good attention.

We meet with some opposition, but we are not disheartened, feeling assured that as our work is of God it will prosper, the whole world to the contrary.

April 26th, 1869. My time has been fully occupied in endeavouring to direct the lost to follow Christ "the way, the truth and the life." As much as my strength would allow I have visited from house to house week after week. The Lord continues to make bare his powerful arm amongst us. Our hearts are frequently gladdened in hearing the cries of returning prodigals. The work is a gradual one. There are no particular manifestations of undue excitement. A deep sense of Divine things seems to pervade the hearts of almost all. Our meetings are well attended. The Baptist interest is slowly but surely gaining ground. Two or three persons baptized since my last letter to you are considered as valuable accessions to our church, and bid fair to be useful in the cause of Christianity. One of them put on Christ by baptism through much opposition.
