Toronto,

Mr.

DEAR SIR,—Being desirous of obtaining an energetic Agent in your local-ity, for the sale of our Champion Family Sewing Machine, we take the liber-ty of addressing you our descriptive circular. For the first, or Sample Machine, we charge the retail price—\$26. We do this to protect ourselves and our Agents, as many persons would apply to us for an Agency simply to get a Machine at the wholesale price We do not sell Machines retail at wholesale price; but as a special inducement to get parties to order sample Machines, and introduce them, we have concluded to make the following very liberal offer of a premium, to hold good, provided the Machine is ordered within THIRTY days from the date of receiving this circular : To every FIFTH purchaser of one of our Sample Machines. No. 2. as de-

To every FIFTH purchaser of one of our Sample Machines, No. 2, as de-scribed in our circular, price \$26, we shall present one HUNTING CASE, FULL JEWELLED, STERLING SILVER WATCH, worth \$16.

JEWELLED, STEELING SILVER WATCH, worth \$16. When we put up our circulars to send out to applicants and others, we PLACE in every FIFTH ENVELOPE, a Premium Certificate, showing that the holder of such certificate is entitled to No. 2 Champion Family Sewing Ma-chine, with Table and Treddle, all complete, as represented in descriptive cir-culars, and one SILVER HUNTING CASE LEVER WATCH—ALL FOR \$26. And culars, and one SILVER HUNTING CASE LEVER WATCH—ALL FOR \$26. And in addition to this, we require parties who are so lucky as to receive the Pre-mium Certificate, to send one dollar extra to pay expense of boxing and pack-ing, so as to have them in a safe condition to ship. All parties ordering Machines sent by freight, must send the full amount of money with their orders. But if they do not choose to send the full amount, we will send the balance, \$22, by Express, C.O.D., provided \$5 is re-inted with the safe.

mitted with the order.

Parties receiving a wATCH, as a premium, are entitled to Machines here-atter at wholesale price, the same as our regularly established Agents. And with the Sample Machine we will enclose you a Certificate of Agency and PRIVATE terms to Agents, which will give the wholesale price and every particular in full.

Our Machine has lately been greatly improved, and is now superior to any Machine in the market for family use.

Not achine in the market for family use. You may think that we have some worthless humbug that we are trying to palm off on the people. But you will find THAT a great mistake, for we do nothing but a square, straightforward, legitimate business. We have been es-tablished upwards of five years, and our house has a first-class reputation, and we have no desire to disgrace it by any humbug arrangement. Parties can easily satisfy themselves by apylving to any of the references given in our Public Circulars, in regard to the reputation and responsibility of our establish-ment. We, as well as other Sewing Machine Companies, have to spend seve-ral thousand dollars aunually, advertising and introducing our Machines. Some do it in one w a and some in another ; but, after several years experience in the business, we had the Premium system far the best. We have found by a close estimate that one thousand dollars distributed as Premiums, with Machines, throughout the country, will introduce and build up more trade than two thousand dollars will laid out in any other way. Consequently we give a Premium of a first-class Watch to the holder of one of our Premium Certificates, to induce them to purchase a Machine, and act for the sale of them in their vicinity. Any person receiving a Machine and Watch, and are not satisfied, if re-

Any person receiving a Machine and Watch, and are not satisfied, if re-turned in one week in good order, their money will be refunded. Hoping you may be fortunate enough to get a circular containing a Pre-mium Certificate, and that you will forward your orders and act as our Agent in your locality,

We remain, respectfully,
