# CHARGES PROVEN SAYS JUDGE BUT L. S. LEVEE STANDS PAT

### Chairman of Board of Education Defies Members to Dislodge Him From Seat—Legal Issue is Involved—Judge Winchester Considers Untrue Representations as to Dividends Were Made.

Can L. S. Levee, chairman of the board of education, be forced to resign? This is the question which is furrowing the brows of the members of the board with deep lines of perplexity, since Mr. Levee, at yesterday's special meeting of the board to consider the report of Judge Winchester on the recent enquiry to determine whether the chairman acted improperly in the matter of the sale of the stock of the Dr. Stocum Medicine Co. to teachers and contractors on school work, showed considerable powers of tenacity.

The report was couched in direct language. It stated that in the opinion of the board with deep lines of perplexity, since Mr. Levee, at yesterday's special meeting of the board to consider the report of Judge Winchester on the recent enquiry to determine whether the chairman acted improperly in the matter of the sale of the stock of the Dr. Stocum Medicine Co. to teachers and contractors on school work, showed considerable powers of tenacity.

After hearing Secretary W. C. Wilkinson read the voluminous report, "Trustee Fairbairn was seized with a bright idea. Mr. Levee should resign—very simple solution. Trustee Dr. Noble thought so too, and seconded the motion, which went so far as to propose the instant appointment of a successor. It looked like a landslide for a minute, but the chairman resolutely declined to effect himself, and obsequies. Could he be forced to do so? Nobody knew, save Mr. Levee himself, and he was quite positive that he could not be.

It was a case where an irresistible force met an immovable body, and what happened was that "Trustee Fairbairn's proposal was defeated. The action was deferred till a report by F. E. Hodgins, solicitor of the board, on the legal aspect, be presented at a meeting of the board a week from to-night. In the meantime Ajax Levee has successfully defied the lightning.

It was a warm session while it lasted and later developments promise to be warmer. The status quo appears to show that a chairman of the board cannot be forced to resign unless he is also forced to give up his seat on the board altogether. Last January Mr. Levee was elected for a two-year term.

After Mr. Levee had outlined the findings of the judge's report, Trustee Shaw said: "None of us wants to look into the constituent parts of the Dr. Stocum business. The business of this board is to look into Mr. Levee's dealings with the teachers while a member of this board. It would be an insult to the business of this board to look into the private business of the company. I think we had better decide whether we had better deal only with the one clause or take up the three findings. If two of the findings deal with his private business, we have no interest in them."

"Have you seen the findings?" asked Trustee Fairbairn. Trustee Shaw returned a negative answer.

"We ordered a report," stated Trustee Fairbairn. "Let us have it."

Then the secretary commenced to read the 45-page document which he had compiled. Chairman Levee arose and addressed the meeting.

Mr. Levee's Denial. "While chairman of the board of education I did not sell a single share or solicit principal teacher, or contractor to buy shares. What canvassing was done by all over the city I was elected chairman of the board."

"In regard to what Judge Winchester calls the first issue, and his opinion thereon, I would like to state that the judge is absolutely incorrect in his findings."

"My representations as to the dividends paid are correct in every particular. Every shareholder of the original Dr. T. A. Stocum, Limited, received a dividend of 10 per cent, excepting the directors, who consented to their dividends going back into the business, and every shareholder of Dr. T. A. Stocum, Limited, the present business, has received a dividend of 1 per cent on his stock."

"I can only account for the judge making the wrong statement from the pressure upon him in his work and from his ignorance of business matters."

"Do not think that the board of education is at all concerned with the private business of Dr. T. A. Stocum, Limited. I do not wish for any sympathy in this matter, but I would ask you, the members of the board, how any of you as business men would care to have your business upset for months by an investigation and the judge Winchester's conduct. The public end of the investigation was the short end. For weeks Judge Winchester has been asking me to bring back my books to his office and has visited the premises."

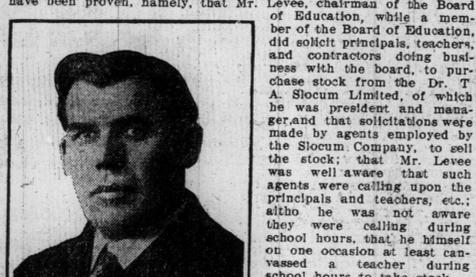

"May I also point out in conclusion, out of some evidence in the hands of some of our independent teachers, that on his conclusion, Trustee Fairbairn moved, with Trustee Noble as second, that Mr. Levee should resign."

Levee's Resignation Demanded. "That if these charges, as made by

Continued on Page 8, Column 1.

## Judge Winchester's Findings

(1) On the above evidence I find that the charges made by the Saturday Night, referred to in the resolution for the investigation, have been proven, namely, that Mr. Levee, chairman of the Board of Education, while a member of the Board of Education, did solicit principals, teachers and contractors doing business with the board, to purchase stock from the Dr. T. A. Stocum Limited, of which he was president and manager, and that solicitations were made by agents employed by the Stocum Company, to sell the stock; that Mr. Levee was well aware that such agents were calling upon the principals and teachers, etc.; also he was not aware they were calling during school hours, that he himself on one occasion at least canvassed a teacher during school hours to take stock.

THE MAN WHO WON'T RESIGN.

(2) On the second issue, namely, the value of Psychine as a medicine, no evidence was taken, and I made no report in connection therewith.

(3) In my opinion the evidence establishes the fact that the representations made by Mr. Levee and his agents that the company were paying six and ten per cent to the shareholders were untrue, and untrue to the knowledge of Mr. Levee.

## ANNOUNCED THE NEARLY 65 WERE ADJOURNMENT SLAIN AT JUAREZ

### Recess From May 23 to July 18, as Agreed Upon Between Party Leaders—The Question of Supply, Capture of Town by Madero Acclaimed as "Bloodiest Battle of the Mexican Revolution."

OTTAWA, May 10.—(Special)—Sir Wilfrid Laurier announced in the commons to-day that parliament would adjourn from May 23 to July 18. The fact that he had decided upon these dates after consultation with the leader of the opposition was stated in the columns of The World last week.

The premier said that ten days ago the leader of the opposition had drawn the attention of the house to the approaching imperial conference and the coronation of the king, and had alluded to certain rumors that he (the premier) might not go to England for these events. Accordingly Mr. Borden had made three suggestions regarding the course which might be pursued in order to make possible the attendance of the premier. The first of these was that the house should continue sitting, second, that parliament should prorogue after completing its business, and third, that there should be an adjournment, the house previously voting sufficient supply to carry over the period of adjournment.

Work Still to Do. With regard to the second suggestion the premier said it would be convenient to have the house prorogue with no part of the work undone; however, there still remained work to do. As to the second suggestion there were two or three precedents. In 1894 Sir John Thompson, while premier, went to Paris to take part in the negotiations regarding belagued sailing; in 1897 Sir Wilfrid Laurier himself had gone to England to attend the celebration of the jubilee of Queen Victoria; and again in 1897 he had left the house in session to attend the imperial conference.

In each of these cases, said Sir Wilfrid Laurier, the business of the house was practically at an end. This year he had felt somewhat uneasy to leave such a heavy burden on his colleagues; however they had undertaken to take care of the work, and he had, therefore, consented to absent himself, leaving the work to be done in their hands.

With regard to Mr. Borden's third suggestion he agreed that there should be an adjournment in order to allow members to attend the coronation.

The Time of Adjournment. The question then arose as to what time the house might adjourn. He had thought it might sit until the end of May, but it had been represented to him that there were two holidays during the last week of May, Victoria Day and the Ascension Day, so on the whole he considered that it would be well to adjourn on May 23, and meet again on July 18. Meanwhile the house would sit on with the session, and try to do as much legislation as far as possible until May 23.

There remained the question of supply, said the premier. After consultation with members on the other side of the house, it had been agreed that money should be voted to carry on until September 1. Some supplies would have to be voted entire, such as the expenses of the coronation contingent, the festival of the Empire, and the annuities to Indians which are under treaty obligation.

Foreign Acquisitions. E. L. Borden said the matter of the premier's remarks had been previously mentioned to him privately. As the dates of the adjournment he

## A FRIEND IN NEED.

## BROUGHT FORTH IN INTEREST OF TRUSTS

### Reciprocity Soundly Denounced at Hearing Before U. S. Senate Finance Committee—Hot Shot for American Publishers' Association and Associated Press.

(Canadian Press Despatch). WASHINGTON, May 10.—Violent assaults on the Canadian reciprocity bill marked to-day's hearing on that measure by the senate finance committee. Farmers from the border states, fishermen from Gloucester, Mass., manufacturers of wire cloth for papermaking, and manufacturers of book, wrapping and news print paper all poured forth hottest against the bill.

Probably the greatest outburst occurred when former Gov. John Strange of Wisconsin, introduced as representing wrapping paper manufacturers and the boards of trade of Neenah and Menasha, Wis., addressed the committee. He swerved from criticism of the bill to attack "the American Publishers' Association and its related organization, the Associated Press," until finally Senator Penrose asked him to limit his remarks to his specific objection to the bill.

A "Trust Measure." Mr. Strange characterized the bill as a "cowardly" measure and as lacking love of country, and brought forth at the demand of "the greatest trust in the world."

He said that congress would not be in session to-day considering the bill "if it had not been for this combination in restraint of trade." "When a man who occupies an exalted position listened to such demands for fear of failure of re-election, rather than to the welfare of his nation, it is time to stop," he exclaimed. "Why should the secretary of state be influenced to become an auxiliary to the purchasing department of the newspaper trust of the country?" he asked. "To what trust do you refer?" enquired Senator Stone.

"The newspaper trust," the most vicious of trusts in the world," responded the witness.

"Well, you manufacturers have an association?" suggested Senator Stone. "It is only social, like the lawyers," responded Mr. Strange. "It is not to control prices, but is for the purpose of defence."

The witness contended that the "purpose of the alleged newspaper trust was to monopolize news thru the incorporated Associated Press."

"Sterilized" Reciprocity. Judge Charles P. Moore of New York, for the book manufacturers, characterized the bill as a "sterilized variety of reciprocity that really does not reciprocate."

T. Carey, president of the International Brotherhood of Paper Workers, and Barnard Benson of Kalamazoo, Mich., opposed the bill on behalf of paper mill workers.

Guy Cunningham and Thomas J. Carroll of Gloucester, Mass., filed a brief in opposition to the bill on behalf of the fish industry.

Frank W. Cabel of New York, on behalf of the wire cloth manufacturers, took the committee that they would be seriously injured by their patrons, the American paper manufacturers, losing trade.

David Anderson's Death. David Anderson, messenger of the head office of the Dominion Bank, passed away yesterday in the General Hospital, following a stroke of paralysis. He was a veteran of Plash Creek, Northwest Field Force Association, Mr. Anderson, who was 52 years of age, was unmarried.

## THE BROWN DERBY HAT.

The brown derby hat is very popular in all the fashionable centres of the world, but especially in New York and London, England. The Dingen Company is showing some very new blocks just arrived from the old country, with a special line of Henry Heath of London, who is acknowledged to be the world's greatest hatter. Heath's sole maker to His Majesty the King. Dingen's brown felt hats run in prices all the way from \$2 to \$5.

## A Faster Service

OTTAWA, May 10.—(Special)—During the debate on steamship subsidies Sir Wilfrid Laurier made the interesting statement that he hoped soon to have Atlantic fast steamship service increased from 18 knots an hour to 21 knots an hour. He also announced that the five-year contract with the Alliance had not been renewed, but that the present contract had been extended for one year. In future the government hopes to regard the carrying of the mails, to make a new arrangement. Until this elementary lesson was paid for in bulk. In future it was hoped that payment might be made on a weight basis.

WILFRID (gloomily): I can't find a single reason why we should expect public support on this question.  
WM. PUGSLEY: Pooh! I got twenty-three million of 'em right here, and George Graham's got twenty-seven million more.

## BELL CO. ORDERED TO CONNECT WITH INDEPENDENT LINES

### Important Ruling by Chairman Mabey

Charge of 15 cents Per Call to be Levied for Each Long-Distance Connection—Year's Test Will Determine Whether Arrangement is Equitable One.

After an almost interminable discussion between the independent municipal and Bell Telephone companies over the question of long distance connections, and many hearings before the board of railway commissioners, Chairman Mabey put the matter in a nutshell yesterday afternoon.

In delivering judgment he said that the connections should be made with the independent and Bell switchboards, that a terminal or additional charge of 15 cents be made for each outgoing call from business originating on an independent line, that a record be kept of all such business and a monthly return be made to the board, and at the end of a year the board will determine whether the granting of such facilities at competing points is detrimental to the Bell Company's business, and if any compensating charge should be levied.

The chairman's judgment was rendered after an adjourned sitting, which occupied two days, and the matter had previously been up before the board on several occasions. All thru the hearing it was evident that the view of the board was against duplication of plants in respect of a monopoly of the nature of the telephone.

It seems to me that the control of the new building has not been as yet divulged by the committee, but a goodly amount has been subscribed for the purpose, and the committee are confident that the new church will be opened free of debt.

## EGYPT NOT PREPARED FOR SELF-GOVERNMENT

### Policy of Ruling Country in Co-operation With Native Ministers Incompatible With That of Encouraging Representative Institutions, Says Sir Eldon Gorst in Report to British Government.

LONDON, May 10.—Sir Eldon Gorst, the British agent and consul-general in Egypt, in his report on Egyptian affairs, which has been issued as a parliamentary paper, frankly acknowledges that the efforts made to develop self-government have been disappointed. The legislative council and the general assembly, he says, have become mere instruments of Nationalist agitation against the occupation. They seek to render the business of the government impossible.

"The conclusion to be drawn," says

## Taking No Chances

MEXICO CITY, May 10.—The government cancelled an order for a rock crusher, which was to have been installed by private individuals in connection with the paving of the streets about the Zococo. The reason for the cancellation was that the government did not care to have a ready supply of missiles or barricade material on hand in the streets, in case of an uprising in the city. The stone is being removed.

## Building Committee Chosen

New Northern Congregational Church to Be Started July 1. At a special business meeting at the Northern Congregational Church last evening, a building committee, consisting of J. H. Nasomith, A. W. Thomas and F. J. Smith was appointed to prepare estimates and plans for the erection of a new church building on the property at the southeast corner of Bloor and Jarvis streets.

## Hydro Plant Workers Threaten to Strike

Unless the city's electrical department come down with 35 cents an hour before Tuesday, the electrical workers in their employ will pick up their tools. This was decided last night at a special meeting held in the Labor Temple to discuss the situation. Negotiations have been going on for the best part of two weeks for an increase of four cents per hour, and better conditions on holidays and Saturday afternoons, but without success. The union have had two meetings with the board of control, but have been put off.

HAMILTON HAPPENINGS

END OF CARPENTERS' STRIKE IS IN SIGHT

Mutual Concessions Expected at Meeting To-Night—Magistrate Jells on Veracity.

HAMILTON, May 10.—(Special.)—The end of the carpenters' strike here seems to be in sight. A meeting between the strikers and the bosses was to have taken place to-night, but at the request of the employers it was postponed till to-morrow night. As the strike has been a losing game for both sides, it is believed that mutual concessions will be made at the meeting to-morrow night and the strike declared off.

Two Towns Fall Into Hands of Insurrectos

Federal Garrison Withdrawn—American Mines May Have to Shut Down.

DOUGLAS, Ariz., May 10.—With Agua Prieta, the town about which a separate battle raged two weeks ago, thrown back on their hands by the abandonment to-day by the federals, the members of the rebel junta in this city are at a loss what to do with it. The town of Naco also fell into rebel hands to-day, its volunteer garrison withdrawing. Six hundred federals under Col. Diaz marched safely thru the Cananea Pass, where it was expected the rebels might attack.

WANTS \$10,000 BOND

David Macdonald Seeks Compensation for Loss Thru Employee.

Judgment was reserved by Judge Teetzel yesterday, in the case of David Macdonald, against the London Guaranty and Accident Insurance Co., on a guarantee bond of \$10,000, which the employee, one Louis Findlay, a bookkeeper for the firm, was charged with the embezzlement of funds, and Macdonald now seeks to recover the amount of the bond with expenses.

Eczema Worse In the Spring

The Blood is Watery—Difficult to Get the Healing Process Started.

But Whatever the Cause You Can Relieve the Itching and Heal the Sores With Dr. Chase's Ointment

Salt rheum and eczema are usually worse at this time of year because of the sudden change of temperature and the watery condition of the blood. It is not necessary to refer to the suffering caused from the intense ailments to spread over the entire body. The essential point is how to bring about cure, and if you have been reading the cures reported from time to time in this paper you will already know that there is nothing like Dr. Chase's Ointment as a cure for eczema, salt rheum, psoriasis and every form of itching skin disease.

Merle Bell. George Byrne. W. J. Ward. F. F. English. A. Fain. Jas. Foley. E. Groves. H. Killenworth. E. Musgrave. O. Otten. \*To ride for Jos. E. Seagram only.

Courtesy and Miss Martimes were the best of the players yesterday, according to the morning trials at Woodbine. Courtney pulled up sore and did the distance in company with Orm. The fractions: 1/2 in 25 1/2 in 49 3/4 in 1:17 1/2 in 1:50. Miss Martimes broke at the eighth pole and worked the distance in 1/2 in 24 1/2 in 49 3/4 in 1:17 1/2 in 1:46 1/4 in 3:24 1/2 in 4:46 1/4 in 6:08 1/2 in 7:30 1/2 in 8:52 1/2 in 10:14 1/2 in 11:36 1/2 in 12:58 1/2 in 14:20 1/2 in 15:42 1/2 in 17:04 1/2 in 18:26 1/2 in 19:48 1/2 in 21:10 1/2 in 22:32 1/2 in 23:54 1/2 in 25:16 1/2 in 26:38 1/2 in 28:00 1/2 in 29:22 1/2 in 30:44 1/2 in 32:06 1/2 in 33:28 1/2 in 34:50 1/2 in 36:12 1/2 in 37:34 1/2 in 38:56 1/2 in 40:18 1/2 in 41:40 1/2 in 43:02 1/2 in 44:24 1/2 in 45:46 1/2 in 47:08 1/2 in 48:30 1/2 in 49:52 1/2 in 51:14 1/2 in 52:36 1/2 in 53:58 1/2 in 55:20 1/2 in 56:42 1/2 in 58:04 1/2 in 59:26 1/2 in 60:48 1/2 in 62:00 1/2 in 63:22 1/2 in 64:46 1/2 in 66:10 1/2 in 67:34 1/2 in 68:58 1/2 in 70:22 1/2 in 71:56 1/2 in 73:40 1/2 in 75:14 1/2 in 76:48 1/2 in 78:32 1/2 in 79:56 1/2 in 81:40 1/2 in 83:04 1/2 in 84:28 1/2 in 85:52 1/2 in 87:16 1/2 in 88:40 1/2 in 90:00 1/2 in 91:24 1/2 in 92:48 1/2 in 94:12 1/2 in 95:36 1/2 in 97:00 1/2 in THURSDAY MORNING, MAY 11, 1911

#### SIR WILFRID LAURIER AND THE IMPERIAL CONFERENCE.

According to Le Canada, generally understood to voice the views of Sir Wilfrid Laurier, the true reason of his decision to adjourn parliament and attend the imperial conference is his apprehension that a proposal for imperial federation will be brought forward. This announcement will quite likely be inspired, since it accords with the attitude adopted by the premier at the conference of 1907. Le Canada infers that the revival of the project is of recent date, but this is hardly correct, since the creation of an imperial advisory council was suggested by the government of New Zealand some time ago. On April 27 a memorial was presented to Mr. Asquith, signed by 232 members of the British parliament on both sides of the house, and urging support of the proposal. Mr. Asquith gave the deputation a sympathetic reception and promised to bring the memorial before the conference.

The subject was incidentally discussed at the 1907 conference and Sir Wilfrid Laurier estimated that his government demurred to the idea of creating a permanent committee to sit in London and thought it preferable to keep the conferences to their present composition without any more power than they then had. He even objected to the idea of having a secretary, on the ground that such a body would, in the necessity of things, be always inclined to act independently. Sir Wilfrid went on to state that he shared altogether the view of Lord Elgin, then secretary of state for the colonies, and chairman of the conference, that for the present no such body should exist, but that on the principle of responsible government, no one should give advice of any kind except a man who is responsible directly to the people. There is no reason to think that Sir Wilfrid Laurier has changed his opinion and will now support the establishment of any permanent imperial conference, however restricted to purely advisory functions.

#### MODERN MORALITY PLAY.

A considerable amount of popularity has attended the production of the modern morality play "Everywoman" in New York. It is an excellent symptom of the reaction that must set in sooner or later against the homeliness, thoughtlessness and hopeless tendencies that prevail at present in many phases of what is called society. Pleasure suppliants, the home, sensation drops thought, passion takes the place of love, and the future only holds dread. There are broad colors and strong contrasts of course, in "Everywoman," but the lesson is evidently an acceptable one. In the home is the basis of society. Whatever reconstruction of moral, ethical and social standards there may be, it is pretty clear that the evolution of the home unit will not be lost sight of. In the play Truth leads Everywoman home again, and there she finds Love.

#### THE BOARD AND ITS DUTY.

Mayor Goary is perfectly right in opposing the preposterous contention that the Ontario Railway and Municipal Board has anything to say about the profit or loss of municipal undertakings. The board was established to facilitate the despatch of municipal business, not to obstruct; to take the part of the people against the corporations; not to tell the people to sit still and be fleeced. It looks as if the board had been having some bad advice lately.

#### CAPITAL AND LABOR.

In no civilized country is the interminable struggle between organized labor and organized capital more continuously severe than in the United States. The opposing forces are once more in close combat over responsibility for the explosion that wrecked the offices of The Los Angeles Times in October last, and for other explosions which have occurred in various parts of the republic during recent years. According to that section of the press which more or less represents the capitalist class, these explosions were directed against buildings where structural iron was used, the implications being that they were attributable to the workers' union and intended to intimidate the employers who maintain "open shops." The recent arrest of a prominent official of the International Association of Bridge and Structural Iron Workers and two other men charged with complicity in the Los Angeles explosion, and the subsequent removal from Indiana to Cal-

ifornia, have stirred labor circles to their depths.

Of equal gravity are the counter charges made by the spokesmen of organized labor. In brief they claim that responsibility for the explosions, in so far as they were due to external causes, rests with the capitalists who combine that have united in a supreme effort to crush trades unionism in the United States. They charge a private detective conspiracy in connection with which the law governing the extradition of accused parties from one state to the jurisdiction of another, and the rights of the accused to legal advice and to a hearing in court have been entirely disregarded. Whatever may be thought of these charges and cross charges, the mere fact that they have been made testifies to the unhealthy state of the industrial and social conditions of the United States, and it would be wrong to minimize the irregularities alleged to have occurred in the Indiana procedure. Wealthy manufacturers have succeeded in fighting extradition for years, and there cannot be one law for the rich and another for the worker. Meantime, the prudent course is to suspend judgment until the real facts have been ascertained.

#### TAFT'S WEDGE.

That section of the Canadian press that favors reciprocity rights severely shy of President Taft's now famous declaration that the forces making for closer union of the empire will derive an impetus from its rejection. Conversely the president evidently believes that reciprocity will prevent that movement and bring Canada within the sphere of influence of the United States. The president is not accustomed to speak at random and there is not the slightest doubt that he believed and meant precisely what he said. Perhaps in his anxiety to conciliate United States sentiment he forgot that his desire to checkmate the forces at work to make Canada part of an imperial, commercial band reaching from England round the world to England again, might not be equally effective in the Dominion. But again his disclosure accovers all the more significance on that account. With its accustomed effrontery The Globe doubted editorially the other day whether President Taft really uttered the words attributed to him in its own report of the American newspaper men's banquet. He has had ample time to contradict any misreport and he now stands on record as responsible for a policy designed to separate Canada from the empire, toward which Sir Wilfrid Laurier, his colleagues, his party and his press profess absolute loyalty.

#### TELEPHONE EXCHANGE.

It seems pretty clear that if the Bell Telephone Co. cannot manage to run a long distance telephone trunk line, the province should take over this branch of the business at once. There is more business than the Bell Co. and the independent companies can handle, and all that is needed is an independent authority to link up all the various local companies and the Bell branches. The reluctance of the Bell Co. to acquiesce in such a plan indicates the profitable nature of the business, and we suspect that it is not so much the difficulty of handling the business as the painfulness of parting with any share of the gains that causes the deadlock. If the Bell Company had given the service which the independent companies give their monopoly would not have been disturbed, but the usual greed of corporations prevented that course being adopted.

They had better elect Theodore to succeed Purifoy.

Rev. R. J. Campbell is said to be contemplating a visit to Canada. This is a great opportunity for the heresy hunters. Mr. Campbell actually believes that a man can and should live a Christlike life.

#### KINGSTON ROAD SIDEWALKS.

Editor World: "I would so much like to call attention to the rotten walk on the north side of Queen street, east of the Kingston-road to Woodbine-avenue; also from Queen street north to Kingston-road. The chairman of the board of works seems to pay no attention to any complaints east of the Kingston-road."

#### AT OSGOODE HALL.

##### ANNOUNCEMENTS.

- 10th May, 1911.
- Motions set down for single court for Thursday, 11th inst., at 11 a.m.
  - 1-Livingstone v. Livingstone.
  - 2-Munro v. Mitchell.
  - 3-Smyth v. Manteuffel.
  - 4-Re Adanti estate.
  - 5-Lund v. Worthington.

Peremptory list for divisional court for Thursday, 11th inst., at 11 a.m.

- 1-Re Sturmer and Beaverton.

Peremptory list for court of appeal for Thursday, 11th inst., at 11 a.m.

- 1-Euclid-ave. Trust Co. v. Hoies (to be continued).
- 2-Carter v. Canadian Northern Railway Co.
- 3-Warren v. Forst.
- 4-Harley v. Canada Life Assurance Co.

Master's Chambers.

Before Cartwright, K.C., Master, The Quebec Bank v. Marsh v. Marsh

### CANADA PERMANENT

ONE DOLLAR opens an interest-bearing deposit account. No account is too small to be afforded EVERY FACILITY. TORONTO ST. TORONTO. MORTGAGE CORPORATION

Thomson (Kingstone & Co.) for plaintiff. Motion by plaintiff for leave to issue a concurrent writ for service out of the jurisdiction. Order made.

Crowther v. Town of Cobourg-E. N. Armour, for the town. J. MacGregor, for plaintiff. Motion for order sending plaintiff to elect, against which defendant also will proceed or to amend. Motion enlarged until 15th inst., with stay of proceedings meantime.

Tucker v. C. P. Ry.-McCormick (MacMurey & Co.) for defendants. Motion by defendants on consent for appointment of a committee on notice without costs. Order made.

Atteaux Dye Co. v. Polson Iron Works-Day (Aylesworth & Co.) for defendants. Motion by defendants on consent, for an order dismissing action without costs. Order made.

Denison v. Bakin-G. T. Denison, Jr. for plaintiff. Motion by plaintiff for a final order of foreclosure. Order made.

Re ex rel Slater v. Honan-A. C. Kingstone (St. Catharines) for relator. F. W. Griffiths (Niagara Falls) for respondent. Motion by relator to have the election of a committee by plaintiff set aside. Reserved.

#### Judges' Chambers.

Before Meredith, C. J.  
Re Anthony Wagner-A. Spotton (Harrison), for petitioner. One contra. A petition by Annie Wagner for an order declaring Anthony Wagner to be a person of unsound mind. Order made declaring that respondent, thru disease and age, is incapable of managing his affairs. Reference to local master at Walkerton, to appoint a committee on notice to the other members of the family, such notice to be given to the members of the family residing in the United States, by registered letter.  
Telfer v. Dun-H. E. Rose, K.C., for W. C. Matthews. H. M. Mowat, K.C., for plaintiff. Motion by W. C. Matthews for leave to appeal from the order of Britton, J., of 8th inst., ordering the said Matthews to attend court to examine and answer questions asked, saving all just exceptions. Motion refused with costs.

#### Single Court.

Before Meredith, C. J.  
Re Adanti estate-J. T. White, for administrator. et al. Motion by the National Trust Co., administrators of the estate of Anibal Adanti, under the Trustee Act and under C. R. 938, for advice of court as to payment of insurance monies and monies received as damages for the death of Anibal Adanti. Enlarged for further information until 11th inst. The official guardian to be notified.  
Gord v. Small-E. C. Cattnach, for defendant. W. M. McClemtom (Hamilton), for plaintiff. Motion by defendant for examination of the questions of law raised by the pleadings before the trial. No order made. Costs of motion in the cause to the successful party.

#### Trial.

Before Mulock, C. J.  
Quinto v. Bishop-O. Agnew for plaintiff. T. N. Pielan for defendants. An action under the Workmen's Compensation for Injuries Act for damages for injury sustained by plaintiff when in defendants' employment. Plaintiff, a laborer, was employed by defendant company, who were creating a concrete dam on the River, working at a mixer machine for making concrete. On Sunday, Nov. 13, 1909, defendants' foreman ordered plaintiff to remove a pile of lumber and to go to the river and to work on a crib work of square timber, and whilst so engaged he slipped and fell from the wet and icy timber, sustaining the injury sued for. Judgment. The injury he sustained is of a serious character, and I award him \$1500 damages and \$10.00 costs of wages owing to him, with arrears of the action.

#### Before Latchford, J.

Haldimand v. Bell Telephone Co.-T. C. Meredith, and T. A. Salden, K.C., for plaintiff. G. S. Staunton, K.C., for defendant. This is an action by the County of Haldimand for a declaration that the defendants have not the right to erect telephone poles upon a bridge built by the plaintiffs over the Grand River in the Village of Niagara, and for a mandamus injunction commanding the defendants to remove their poles and wires from the bridge.

Judgment: It is urged on behalf of the defendants that they have all the rights in regard to bridges that under the judgment in the Toronto case it has been held they have in regard to streets. The whole of the restrictions imposed upon the defendants by section 248 of the Railway Act, R.S.O. 1908, chap. 27, were rendered necessary by the decision in Bell Telephone v. Toronto, and the defendants notwithstanding the wide powers conferred by 48 Vic., Chap. 67, could not now construct their lines upon, along, across or under any "highway, square or other public place" with the consent of the municipality or failing such consent, without the leave of the board of railway commissioners. An existing line like that in question in this case falls under subsection 2 of section 248, and gives the plaintiffs the right to appeal to the board of railway commissioners to have the poles removed. But the plaintiffs have no other remedy until they suffer actual damage.

### GLENERAN

### SCOTCH WHISKY

A blend of pure Highland Malts, bottled in Scotland exclusively for

Michie & Co., Ltd. TORONTO.

### Divisional Court.

Before the Chancellor, Latchford, J.; Middleton, J.  
Stewart v. Kribbe-C. S. Dunbar (Quebec) for plaintiff. D. C. Ross for defendant. An appeal by plaintiff from the judgment of the second division court of Waterloo of March 28, 1911. The action is for recovery of a balance claimed by plaintiff to be due and owing upon a bill of exchange drawn by plaintiff and accepted by defendant for certain flooring bought from plaintiff by defendant. Defendant denied liability on ground that flooring was not as represented. At trial judgment of non suit was given on ground of partial failure of consideration. Appeal allowed. Judgment below set aside and a new trial ordered. Leave to defendants to counter claim if so advised. Costs of former trial and of this appeal to be in discretion of judge at new trial.

Re Milne and Township of Thorold. J. Haverson, K.C., for Milne. W. Ross, K.C., and H. S. White, for the township. An appeal by D. Milne, from the order of Sutherland, J., of April 10, 1911. This was the appeal which the ballots were marked "For the bylaw," "against the bylaw," instead of "For local option," "Against local option." Appeal argued and dismissed with costs.

Toronto General Trust Corporation v. Reid-D. Cameron for defendants. Robins, G. Bell, K.C., for plaintiff. An appeal by defendants Robins from the order of Sutherland, J., of 12th April, 1911. This was a question of account between the parties. After partial argument it was referred to Middleton, J., to go thru the accounts and argument of appeal to be resumed at next sittings of court on 5th June next.

Robins v. Hees-J. G. O'Donoghue for plaintiffs. A. J. Thomson for defendant. An appeal by plaintiffs from the judgment of Britton, J., of 28th March, 1911. This was an action to recover \$625 claimed as commission on the sale of property of defendant sold for \$85,000 by plaintiffs, defendants denied agency, employment of plaintiff, or sale by plaintiff. At trial action was dismissed with costs. Appeal argued.

Judgment—Appeal dismissed with costs.  
Eid v. White-W. N. Tilley for defendants. H. C. Macdonald for plaintiff. An appeal by defendants from the judgment of the County Court of York of 1st March, 1911. Plaintiff, keeper of restaurant, contracted with defendants for supplies of fish, and alleged that defendants ordered fish in such a state of decomposition as to be unfit for food, which fish were impounded by an inspector of the medical health department, and destroyed upon instructions of the said inspector. In consequence of being unable to obtain good fish from other dealers, sues for \$600 for breach of contract. At the trial judgment was awarded plaintiff for \$500 damages and costs.

Judgment—Appeal allowed to the extent of reducing the damages to \$250 and costs of action. No costs of appeal.  
Plunkett v. Toronto Railway Company-A. J. R. Snow, K.C., for plaintiff. K. C. for defendants. An appeal by plaintiff from the judgment of Mulock, C. J., of 17th March, 1911. At request of counsel for defendants judgment of this appeal enlarged until next week.

Haigh v. Toronto Railway Company-F. McCarthy for defendants. W. T. J. for plaintiff. An appeal by defendant from a judgment of the County Court of York of 22nd March, 1911. At request of counsel for defendants argument of appeal is adjourned until next week.

#### Court of Appeal.

Before Moss, C.J.O.; Garrow, J.A.; MacLaren, J.A.; Meredith, J.A.  
Stecher Lithographing Co. v. Ontario Seed Co.-G. C. Gibbons, K.C., and H. J. Sims (Berlin) for appellant. M. A. Plunkett, K.C., for plaintiffs. An appeal by defendant. A. Uffmann, from the judgment of a divisional court allowing appeal from judgment of Teetzel, J., of 1st March, 1911. Argument resumed from yesterday and concluded. Judgment reversed.

Re Latimer-J. H. Moss, K.C., for defendants. J. Sale (Windsor) for plaintiffs. An appeal by defendant from the judgment of a divisional court affirming a judgment of the Chancellor. The action was brought to set aside an agreement between the parties, made on July 10, 1908, which provided for the settling of the boundary between the lands of the plaintiffs and those of the defendants in the Township of Sandwich East, County of Essex, and to restrain defendants from trespass on part of the lands in question. The defendants claim the land and also allege that they have made lasting improvements on it, under the belief that it is their own, and claimed the benefit of the statute, R. S. O., cap. 119. The judgment at the trial was in favor of the plaintiffs. Appeal argued and dismissed with costs.

Euclid-avenue Trust Co. v. Hoies-R. S. Robertson (Stratford) for defendant. M. H. Ludwig, K.C., for plaintiffs. An appeal by defendants from the judgment of a divisional court, allowing appeal from judgment of Mulock, C.J., at the trial dismissing the action with costs. An action on a mortgage which defendant, Agnes E. Hoies, says she did not execute, or if she did execute, was thru fraud and misrepresentation, that she was under the influence and control of her husband and was without independent advice, and further set up that plaintiffs are an extra-provincial corporation and not entitled to do business in Ontario without a license, which they have not. The divisional court gave judgment for plaintiffs. Appeal partially argued, but not concluded.

Before Moss, C.J.O.; MacLaren, J.A.; Meredith, J.A.; Magee, J.A.  
Paque v. G. T. Railway Co.-D. L. McCarthy, K.C., for defendants. A. C. Fripp, K.C., for plaintiff. An appeal by the defendants from the judgment of Mulock, C. J., of Oct. 22, 1910. Plaintiff, a car cleaner in defendants' employ, was struck by a train of defendants while crossing the tracks at the Ontario Station, Ottawa, and his left foot injured. He alleged that the injury was caused by defendants' negligence and claimed \$5000 damages. At trial he was awarded \$2357 and costs. Judgment: Appeal allowed and action dismissed with costs.

Prof. J. Baker Edwards Says of St. Leon Mineral Water: "This rare native mineral water possesses curative and restorative properties." Dealers or from the company. Phone: Main 1821.

"The Encyclopaedia Britannica is a witness to the unity of the human race. This work, to which twenty-one countries have contributed—this work, to which not Christendom alone, but Japan and India and Turkey have also made their contribution—all civilized lands have helped to make. Here Frenchmen and Germans forget Sedan; here Italy and Austria forget Sadova; here England and America forget the Revolution; here Roman Catholics and Jews and Christians forget their divisions and hostilities. We are one in our desire to know the truth. We are one in our desire to communicate the truth."—Rev. Dr. Lyman Abbott in his speech at the dinner given by the Editor of the 11th Edition to the United States and Canadian contributors.

## Ideal In Its Motive

IF it be conceded that the crying need of the intelligent person of to-day is to be emancipated from the intellectual isolation imposed on him by his enforced ignorance of all but the merest fraction of modern knowledge, it would be difficult to conceive of a work of which the purpose serves a loftier ideal than that which the editors of the new Encyclopaedia Britannica held before them. Having as its scientifically calculated purpose the authoritative presentation in intelligible language of (1) the pivotal facts, (2) the latest exegesis, (3) the constructive viewpoint in every field of enquiry which can possibly interest a civilized people, it constitutes a universal standard whereby the general reader can adjust his mental compass and bring his individual outlook into harmony with that wider outlook which we have in mind when we think of the modern man as a child on the giant's shoulders.

Into how many homes this great work is destined to bring relief from the intellectual provincialism of a too narrow environment; for how many minds it will define and satisfy the vague aspiration after wider mental horizons; to how many original and even creative intellects its pages will afford the first indication of their true vocation it is impossible to foretell; but it can at least be reasonably claimed that the ideal its writers set before them measures the whole width of the gulf which separates the evils of comparative ignorance from the blessings of general knowledge.

## A Simultaneous Re-Survey of all Knowledge.

THE magnificent impulse of cooperative scholarship of which the product is the 11th Edition of the Encyclopaedia Britannica is remarkable not only on account of the number of specialists (1,500) engaged and on account of the number of countries (21) represented, but perhaps most of all on account of the systematic and orderly manner in which such a vast array of talent was organized and directed to an essentially practical end. From the moment when, after a searching examination of the whole field by the permanent editorial staff, the contributors were put to work, to the moment when the last contribution was received, the one aim of the editors was to produce a work in which there should be no omissions and no overlapping, and in which each article, while complete in itself, should appear as an integral part of an adequate and articulated whole. As early consulted as a dictionary, and as exhaustive as the eminent scholars who wrote it could make it, the new Eleventh Edition, as it stands, is a demonstration of the adequacy of the encyclopedic method to meet every modern requirement. It is the only modern work of universal reference in which the needs of the systematic student and the needs of the general reader have been co-ordinately met.

Funeral on Friday, May 12, at 2 p.m., from the residence of James Anderson, 538 Euclid avenue, on Saturday, at 2.30 p.m., interment in Mt. Pleasant Cemetery. Friends receive at 99 Admiral road, Toronto.

BELL—At his late residence, 238 McCaul-street, on Wednesday, May 10th, John H. Bell, chaplain of Stevenson Masonic Lodge, No. 218, G.R.C., aged 63 years. Burial on Friday, May 12, at 2 p.m., at Mount Pleasant Cemetery. Friends receive at 99 Admiral road, Toronto.

LOCK—On Wednesday, May 10, 1911, at his residence, 14 Fenning street, Elizabeth Lock, widow of the late David James Lock, born in Port Hope in 1826. Died May 10, 1911, aged 84 years. Funeral from the above address Saturday, at 2.30 p.m., to Humbert-street, interment in Mount Pleasant Cemetery. Friends receive at 99 Admiral road, Toronto.

MIDDLEBROOK—At Victoria Memorial Hospital, Toronto, on Wednesday, May 10, 1911, John Middlebrook, in his 73rd year. Burial from his late residence, Richmond-street, at 2 p.m., to Richmond-street, interment in Mount Pleasant Cemetery. Friends receive at 99 Admiral road, Toronto.

VICTIMIZED TORONTO BANKS TO THE TUNE OF \$2537

Used Forged Acceptance Stamp of Vancouver Branch of Bank of Nova Scotia. VANCOUVER, B.C., May 10.—A clever cheque artist, using the name of Wm. Braid & Company, wholesale coffee merchants of this city, has just victimized three banks in Toronto to the extent of \$2,537. The discovery was made yesterday when one of the cheques for \$845 was returned to the Vancouver branch of the Bank of Nova Scotia. It did not take long for the bank officials to realize that a forger had been at work. Braid & Company bank with the Canadian Bank Commerce and the cheque in question was made payable at the Bank of Nova Scotia. This morning two other cheques, one for \$847, and the other for \$848, drawn on the same bank, reached here from Toronto, where, like the first, they had been cashed. Whether this comprised the operations of the forger has not yet been determined. Any day may bring forth another bunch of cheques. Toronto detectives are now seeking to unravel the affair and detect the daring criminal.

The artist provided himself with printed private cheques bearing the name "Wm. Braid & Company, Limited" and drawn on the Vancouver branch of the Bank of Nova Scotia. Each was signed by "Wm. Braid, manager," and counter-signed by "Lionel Huiary." The forger was slightly in error, as the name of the Vancouver company is "Wm. Braid & Company, Limited." He, however, dispelled all suspicion by using a forged rubber stamp acceptance of the Vancouver branch of the Bank of Nova Scotia. All three cheques were made payable to C. W. English, presumably an alias of the man who cashed them at three separate banking institutions in Toronto. It was natural that the forgeries could not be detected, as the signatures of the banks' branches here for presentation to the Bank of Nova Scotia. The cheques bore the dates of April 27 and there was no record of any of the cheques at least a week's start of the authorities.

Body of Archbishop To Lie in State To-day. Procession Will Leave Palace at 3 p.m.—Pontifical High Mass To-morrow.

Rev. Father Kidd, administrator of the archdiocese of Toronto and secretary to the late archbishop, announced last night the preliminary arrangements for the funeral of the deceased prelate. The body will be removed from the palace on Sherbourne-street, to St. Michael's Cathedral, at 3 o'clock in the afternoon. The route to be followed will be via Wellesley-place, Wellesley-crescent, Jarvis and Shuter streets to the cathedral, where it will lie in state until the evening, guarded by a detachment from the Knights of St. John. Immediately after being placed in position the cathedral will be opened to the public.

At 10 o'clock to-morrow morning Pontifical High Mass will be celebrated by Monsignor Stagnie, P.A.P., Abbot, who will come from Ottawa, especially for the service and the funeral will follow to Mount Hope cemetery. Bishop Fallon, London, will deliver the eulogy. The names of the other officiating clergymen have not been announced, but it is believed that the cathedral is being draped in black and white.

C. P. R. Chicken Raizer. CALGARY, May 10.—(Special.)—One thousand chickens have been butchered during the past week by the incumbent of the Canadian Pacific Railway's demonstration farm at Strathmore in the irrigation block. This is the first batch of three thousand chickens to be raised and produced in stock the "ready-made" poultry farms for British settlers in that vicinity, and to feed the passengers on the C.P.R. trains.

HUGE CHINESE ARMY MAY MARCH DE AMERICA

Flowerly Kingdom's Ambition is Force of 25,000,000 Men, Says Returned Missionary. An army of 25,000,000 Chinese may sweep over Europe and America before many years pass, according to Rev. Norman Russell, missionary, on his return from Honan, China. Such was his message to the Presbyterian Synod of Toronto held yesterday at St. James' Square Presbyterian Church last night. The speaker, who was now a dangerous competitor industrially with the white races. He shipped steel rails made in China to New York and understood the steel trust in its home country. He had a special mission in two years would have a paralytic. He ambition was a trained army of 25,000,000, and German and Japanese officers were organizing and training it. The only remedy was to Christianize China.

A banquet was held at 6.30 addressed by Rev. Prof. Patterson of Edinburgh University, Rev. Dr. Robertson and J. A. Patterson, K.C.

A resolution of condolence was sent to Rev. Dr. Martin, convener of the foreign missionary committee, regarding his illness.

Technical help is not difficult in finding ground for a rebel. Madero, for he has not yet set up a fully equipped government in a stable capital. He possesses a special sea post. Things usually regarded as conditions precedent to recognition.

An International Port. Just as what extent Madero has benefited by the capture of Juarez in changing his status in the eye of international-law, the officials here are endeavoring to make a declaration. It is said that the United States will be obliged to recognize his international port of entry. In the end he will be able to receive merchandise through his custom house and collect duties on goods.

Loss for Foreign Missions. The foreign mission report showed a decrease of \$2188. The total was \$47,955, against \$49,851 the previous year.

In explaining the decrease, the report said that the very large place which Canadian affairs fill in the public mind is due to the fact that the public mind is full of questions. Our great problem of immigration, with its many inter-related questions, has naturally attracted our attention and sympathies that foreign news is not so prominent as it was of late.

Children Less Mannerly. Attention was called by the committee on the "mannerly" of the very general lowering of the standard of manners among children, especially in the matter of respect for their elders. It is believed that the reason for this is that children are no longer properly disciplined. The committee is of the opinion that the parents are to blame for this.

Use Gibbons' Toothache Gum. Price 10c. MONTREAL, May 10.—(Special.)—Six cartloads of raw silk and silk goods arrived in New York last week, having made a record trip of 17 days from Yokohama. The silk left Yokohama on the Empress of China of the C.P.R. fleet on April 27, arriving at Vancouver April 27. By the next morning the silk had been unloaded from the ship and reloaded into a special C.P.R. train.

The trip across the continent was made in less than six days, the special train arriving in New York on May 2. The total time from Yokohama to New York being seventeen days, which is the record for silk shipments. The shipment of six cars was valued approximately at \$500,000.

Historical Society. The annual meeting of the Ontario Historical Society is to be held at Bradford June 1, 2 and 3.

RECOGNITION OF REBELS PROBLEM BEFORE U. S.

WASHINGTON, May 10.—Gen. Madero's capture of Juarez and the evacuation of Agua Prieta and Naco, on the border, raise several important questions for the United States government. The first is the recognition of the belligerency of the insurgents. It is anticipated that Madero's forces will be largely increased and his logical course will be to march on the capital. The great difficulty is that of arming and supplying his augmented forces with ammunition. He cannot obtain arms in Texas, for the administration here maintains its decision that arms cannot be shipped from this country before the belligerency of the Maderistas is recognized. Madero will therefore have to capture and hold a sea port before he can obtain the necessary supplies and ammunition.

Technically there is no difficulty in finding ground for a rebel. Madero, for he has not yet set up a fully equipped government in a stable capital. He possesses a special sea post. Things usually regarded as conditions precedent to recognition.

An International Port. Just as what extent Madero has benefited by the capture of Juarez in changing his status in the eye of international-law, the officials here are endeavoring to make a declaration. It is said that the United States will be obliged to recognize his international port of entry. In the end he will be able to receive merchandise through his custom house and collect duties on goods.

FUNERAL SERVICES OF LATE ARCHIE D. SMITH

Last Sad Rites Took Place Yesterday—Many Tributes to Memory of Deceased. UNIONVILLE, May 10.—(Special.)—In the widespread and heartfelt sympathy manifested here today in connection with the last sad rites attending the funeral services of the late Archie D. Smith, late assistant superintendent of the Cochrane division of the Grand Trunk Pacific was evinced some evidence of the love and esteem in which the late Mr. Smith was held.

From the most-distant points along the great transcontinental line, operated by the Foley, Welch & Stewart, interests, as well as a large deputation of construction and railway firms, and in the city and neighborhood the tributes of love were alike, remarkable in their spontaneity.

Following the death of the late Mr. Smith in Cochrane on Monday night, the remains were brought south on Tuesday by members of the family, accompanied by a representative of Foley, Welch & Stewart, with whom Mr. Smith had been for many years associated.

The funeral services conducted here this afternoon were in charge of Rev. Dr. Trevelyan, pastor Carlton-street Methodist Church, Toronto; Rev. Mr. Waugh, and Rev. Mr. Rae of the same church. The funeral arrangements were in charge of N. E. Coburn, of the Grand Trunk Pacific district engineer of Cochrane; John MacLeod, representing the Foley, Welch & Stewart, and W. A. Brodie of Toronto, and Horace J. Davidson of this village. The funeral services were held in the family parlour at 10 o'clock, and were attended by a large number of friends.

The floral tributes were magnificent, and in their lavish profusion bore tribute to the memory of the late Mr. Smith. From the headquarters staff of Foley, Welch & Stewart of Cochrane, there was a magnificent floral offering, headed by "Gates Ajar and Cross," from C. E. and A. J. McDougall a floral wreath, Currie Bros. and Hies, from the J.C.R. Engineers of G. T. P., a beautiful wreath, from Messrs. Kellerman and Stewart pink roses, from Mrs. Price, Miss Madden, and Miss Gibson of Low Bush, gladioli and white carnations, from O. W. Swenson, a beautiful wreath bearing the words "In memory of a faithful friend and co-worker."

Other floral tributes were: "We mourn our loss," from G. T. P. District Engineer Tomlinson of Cochrane, a magnificent floral emblem bearing the words "We mourn our loss." Other floral tributes were: "We mourn our loss," from G. T. P. District Engineer Tomlinson of Cochrane, a magnificent floral emblem bearing the words "We mourn our loss."

The deep sympathy and love manifested by the neighbors and friends of the late Mr. Smith, and the self-sacrifice of the construction and railway staffs in the northland time can never be effaced. The midnight files of Engine Charter and Chief Conductor Tomlinson of Cochrane, a magnificent floral emblem bearing the words "We mourn our loss."

Other floral tributes were: "We mourn our loss," from G. T. P. District Engineer Tomlinson of Cochrane, a magnificent floral emblem bearing the words "We mourn our loss."

Other floral tributes were: "We mourn our loss," from G. T. P. District Engineer Tomlinson of Cochrane, a magnificent floral emblem bearing the words "We mourn our loss."

ASK GOVERNMENT TO FILL UP WESTERN GAP

Civic Park From Land Created by Dredging New Channel—Premier Promises Consideration. OTTAWA, May 10.—(Special.)—To fill up the old western gap and to make a beautiful civic park of the new land created by the dredging of the new channel was the proposal put before the government to-day by the Toronto deputation headed by Mayor Geary. To accomplish the latter purpose the government to-day by the Mayor's proposal to have the land conveyed to the city.

Sir Wilfrid Laurier, Hon. Wm. Pugsley, and Hon. L. P. Brodeur, were the ministers whom the deputation interviewed. The Toronto deputation were: Angus Claude Macdonell, M.P., South Toronto; Edmund Bristol, M.P., Centre Toronto; Hon. Geo. E. Foster, M.P., East Toronto; Jos. Russell, M.P., North Toronto; Mayor Geary and Ald. Anderson, representing the city; Controller Spence, representing the harbor commission; Arch. Campbell, Senator Jaffray, G. T. Somers and J. B. Atkinson, representing the board of trade.

A Detriment to the Harbor. Mayor Geary and Controller Spence pointed out that the matter of the canal was of no further use for navigation and would cost a great deal to keep open. The built up land created by the dredging of the new channel, was a detriment to the harbor, as sand was constantly being blown from it into the water. If this land was given to the city a park would be created to which ferry boats would carry people. Street cars would run over it in the afternoon of the harbor.

The Premier said he would be very glad to see this land handed over to the city for park purposes, but could not give a definite assurance at once. Some of the members of the deputation afterwards saw Hon. Geo. P. Brown, regarding the matter of the completion of the Welland ship canal, which they said would assist in making Toronto an ocean port, as well as in the other advantages of the harbor.

Mr. Graham explained that serious difficulties had been encountered in the selection of a site for the canal. The most serious obstacles were the quicksands. Surveyors, he said, were not at work on a plan of the canal, which he hoped would be satisfactory.

PROF. WORKMAN STATES HIS BELIEFS IN COURT

Maintains That None of Them Are at Variance With the Standards of Methodism. MONTREAL, May 10.—This afternoon's session in the case of libel brought by Prof. Workman against the Western Theological College was converted into a series of disquisitions on the Methodist belief. Dr. Workman was at first reluctant to state his views, but on Mr. Justice Weir pointing out that it was essential that he should declare himself on the various subjects touched upon in the allegations brought against him, he consented to reply to the questioning. No admission, however, could be secured from him at first, but at variance with the standards of Methodism.

Cross-questioned as to his creed, he maintained that the virgin birth was not a cardinal doctrine of Methodism and that he could not express an opinion on the matter. It is a question yet to be settled, he said.

He said on the doctrine of the atonement that the sacrifice of Calvary was not a propitiatory or expiatory act. He also said that he was not inclined to regard the portion of Scripture telling of Christ partaking of bread and fish after the resurrection as an allegory.

On the subject of original sin witness declared that children were born in innocence.

Asked whether the standards of Methodism permitted one to doubt whether Christ was God or not, Dr. Workman gave an affirmative answer.

G. A. R. Veteran Dead. An old grand army veteran passed away last night in the person of William Wilson, 62 Elster-street, Toronto. He was 84 years of age at the time when he enlisted in the Union Army to assist in freeing the slaves in the great American civil war of 1861-65. Catherine Wilson, a widow, survives. The funeral will be held to-morrow at 2 p.m. to Mount Pleasant Cemetery.

Travellers going into Porcupine are invited to avail themselves of the advice and services of the above mentioned managers. CAPITAL AND RESERVE FUND \$1,000,000. TOTAL ASSETS \$47,000,000. General Manager Toronto.

CRAIG & SON. Formerly A. M. Craig & Co. Funeral Directors. Queen St. W. 5 Doors West of Dunn Ave. Provincial Constable Fired. A provincial constable in the Port Arthur district has been dismissed in consequence of a breach of the regulations in connection with drinking at hotel bars while on duty, and the hotel keeper fined \$50 and costs. Harper, Custom Broker, McKinnon Building, 10 Jordan St., Toronto. Huron Old Boys. At a meeting of the Huron Old Boys it was decided to run the annual excursion to Guelph and Kincardine on July 5.

HOUSEWORK. Has been lightened greatly by the use of gas cooking, electric lights, vacuum cleaners and numerous other inventions, but the greatest saving in work to the modern housekeeper over old-fashioned conditions is in the matter of baking. If the housewife values her time as it should be valued, she never attempts to bake Cakes or Bread. It stands to reason that a large factory equipped with the most improved machinery and in large quantities, can make cakes more cheaply and more perfectly than can be done in the kitchen. If you have not our new list of sixty varieties to select from, which you can always get on short notice from any of our Branches, and from high-class grocery stores. Our Imperial Cake is a leader for appearance and quality—20c.

BRING HEAVEN TO EARTH SAYS DR. MACARTHUR. And Not Sneak Away to Paradise—Brilliant Address to McMaster Graduates. Castle Memorial Hall was crowded with friends and graduates of McMaster University last night, who listened to the successful young men and women who won honours and degrees. Rev. R. S. MacArthur, D.D., of Calgary Baptist Church, New York, delivered a baccalaureate sermon, full of new ideas and suggestions for the young graduates going out into the ministry. He began by getting in close touch with his audience, especially the feminine part of it, but prophesying the sure advent of women's suffrage in Great Britain and America. "No man has a right to be dwarfed mentally, physically or morally," he said further, "success is not a matter of time but of opportunity. There is no failure is not misfortune alone, but well-nigh a crime. Materialism is as dead as the doctrine of the virgin birth; there was a time when science was material and agnostic, but now it is docile and almost reverent. Science no longer opposes to religion, and only the narrow scientist and the bigoted churchman believe so. There is no opposition between Genesis and the Bible, there may be a difference in the interpretation. 'I'm glad I'm not damned,' he said, ridiculing the old ideas of the torture chambers; 'I don't want to go to hell, no one ever did. I want to live to bring more heaven to earth and not to sneak away to paradise. He declared that ideals in public life were higher to-day than ever. 'We all know that in political life, public office is a public trust, but that is not the ideal. The ideal makes of public office a public trust. 'No throne is as stable as that which is founded on the truth. 'I'm glad I'm not damned,' he said, ridiculing the old ideas of the torture chambers; 'I don't want to go to hell, no one ever did. I want to live to bring more heaven to earth and not to sneak away to paradise. He declared that ideals in public life were higher to-day than ever. 'We all know that in political life, public office is a public trust, but that is not the ideal. The ideal makes of public office a public trust. 'No throne is as stable as that which is founded on the truth. 'I'm glad I'm not damned,' he said, ridiculing the old ideas of the torture chambers; 'I don't want to go to hell, no one ever did. I want to live to bring more heaven to earth and not to sneak away to paradise. He declared that ideals in public life were higher to-day than ever. **THE SKY-SCRAPER  
 TROUBLED IN CALGARY**

**Council Fix Limit of Ten Storeys—  
 Conservatism in Civic Expenditure Shows in Recent Vote.**

CALGARY, May 10.—(Special.)—This city boasts structural features, public, commercial and residential, that are the wonder and admiration of all visitors, both for their generous dimensions and their architectural beauty. But, although scores of big and fine buildings are in course of erection, the council have decided to draw the line at "skyscrapers." It has just been passed that the limit of all new buildings will be ten storeys. The general public feeling is that the over-ambitiously tall edifices is not a beauty spot, but rather an architectural eyesore. Hence that labelling of the "scrapers."

**Ladies of Presbyterian Foreign  
 Missionary Society, Object  
 to Proposed Union.**

CHATHAM, May 10.—(Special.)—The ladies of the Women's Foreign Missionary Society of Western Canada, at their annual conference held in conference here, have decided to reject the basis of union proposed by the foreign missionary committee of the church. The women and foreign missionary societies. Objection is made to the union on three points, first, in reference to the proposed new name for the church, second, the manner in which the union is to be effected, and third, the proposed change in the name of the church. The ladies of the society are of the opinion that the union should be kept entirely separate from the schemes of the church, just as it is at present.

**MILITARY WORK ON ISLAND.**

Applications from Number One troop of Boy Scouts and Queen's Own signal corps, asking for tenting space at Ward's Island, were received by the island committee yesterday afternoon. Some 65 of the boys intend to camp out and about 10 men of the regiment. The committee wanted the island site so that they might be able to signal to the fort. After Mr. McBride thought they were after a place they might have a good time. Both applications will come up later, and meanwhile the board of control will think the rates should be. The regular rate is \$12.50 for a tent for the season.

**J. J. WARREN ACQUITTED**

No illegality in Accepting Bank Notes as Pledge.

J. J. Warren, general manager of the Trusts and Guarantee Company, was yesterday acquitted of the charge of accepting the notes of the Farmers' Bank of Canada as a pledge. W. S. Airden, the solicitor for the company, had been acquitted the day previous, when Judge Denton, who heard the case, ordered that the charge be reserved for judgment in Mr. Warren's case to decide upon the interpretation to be put on the word "pledge."

**OPEN-AIR HORSE PARADE.**

Editor World: You will excuse me for directing attention to the good work that is being done by the Open Air Horse Parade Association. Its objects are to improve the condition and treatment of commercial horses, to induce drivers to give their horses the proper care and attention, and to improve the public in their appearance, and the more to take increased interest in the welfare, and also to hold an annual open air horse show for harness, saddle and harness horses and ponies, and an annual parade and exhibition of the same. The officers and directors of the association render their services, which in some cases are arduous, without any compensation. The association is supported by public and private subscriptions and therefore it is very necessary that they should receive the endorsement of the newspapers of the city.

**BLOOD POISON IN HAND**

**Zam-Buk Works a Wonderful Cure.**

Mr. Jas. Davey of 756 Eglinton-avenue, Winnipeg, and a fireman at the Hudson Bay Company's stores, says: "A few months since I was cured of a poisoned finger through the timely use of Zam-Buk. I cut a deep slash across the knuckle on the first finger of my right hand in opening a lobster can. I suffered at the time with the soreness and pain, but had no idea it would become a serious wound. However, in about two days I was greatly relieved and having first disinfected the cut, I applied the healing balm. It rooted the pain almost instantly, and by next day there was a great improvement. The pain was relieved and the inflammation subsided. In a week the wound was completely healed. This wonderful preparation, a complete cure was brought about."

**RESTRICT TENTS ON ISLAND.**

Civic authorities have decided to issue no permits for tents except on Ward's Island, where there is a caretaker to look after the tents. Not so many years ago one could pitch a tent in half-a-dozen localities, but this has now been done away with. Tents are now required to pay \$15 for the land on which the tent is situated, and \$2.50 for water, whether the tent is used or not, in order to pay for the water. All campers are required to have certificates of good character, which insures protection against the rowdies.

**Comfort and Safety**

is assured by using Lehigh Valley train cars. New York, Philadelphia and Atlantic City. All campers are required to have certificates of good character, which insures protection against the rowdies.

**REDUCED POSTAGE**

On Letters From Rhodesia and Australia to Canada.

OTTAWA, May 10.—Notice has been received by the postoffice department of the reduction in the rate of postage on letters posted in Southern Rhodesia and in the Commonwealth of Australia, addressed to Canada, from 2d. per half ounce, to 1d. per half ounce. In the case of Southern Rhodesia the reduced rate took effect on the 1st day of January, 1911. In the case of Australia it will take effect on the 1st of May, 1911.

**FIX OVER FIRE HALLS.**

On the recommendation of Property Commissioners of the city, the property committee yesterday decided to fix the city architects to prepare plans and specifications for the reconstruction of the fire hall No. 3, on Yonge-st., and an addition to the engine house at fire hall No. 3, on Yonge-st., to cost \$20,000.

**Broken Pipe Still Submerged.**

Despite many prayers by the civic works department the detached portion of the intake pipe, which has since the winter of 1910, has been lying on the bottom of the lake, still continues to reek, although report has it that it is eighteen inches up at one end. The ground is so soft that the pump has been added to the equipment, and the pipe will stay down with Davy Jones.

**Electric Lighted Sleeping Cars for  
 C.P.R. Toronto-Montreal Service.**

The thru Toronto sleepers via the Canadian Pacific Railway, as fast train from North Toronto station at 10.09 p.m., and on the 10.30 p.m. Montreal Express from the Union Station, are all electric lighted with double individual berth lights for those who desire to read in the privacy of the berth and affording greater convenience in retiring. The berth lights are prism covered and imbedded in the sides of the car, operated by means of a central switch in the sleeping car accommodation at all Toronto offices and stations. City ticket office, 15 King-street east, Phone Main 6580.

**Hydro Meetings Wednesday.**

P. W. Ellis announced yesterday that the board of Toronto electric commissioners would meet on Wednesday of each week at the city hall, to administer the affairs of the hydro lighting system in the city. K. L. Aiken, managing engineer, will, for the present, act as secretary of the board.

**Montreal Merchant Dead.**

MONTREAL, May 10.—Jos. G. Meagher, president of the firm of Meagher Bros. and Company, Limited, wholesale wine merchants, Des Brosses-st., died today. The late Mr. Meagher was born sixty-one years ago in Kingston, Ont., coming to Montreal some thirty years ago.

**THE CANADIAN PACIFIC  
 RAILWAY COMPANY**

**DIVIDEND NOTICE**

At a meeting of the Board of Directors, held this day, a dividend of two and one-half per cent. on the common stock for the quarter ended 31st March last, being at the rate of seven per cent. per annum from interest on the proceeds of land sales and from other extraneous assets, was declared payable on 30th June next, to shareholders of record at 8.00 p.m. on 31st June next.

By order of the Board.

W. R. BAKER, Secretary.

Montreal, May 8, 1911.

**ASSIGNEE'S SALE**

The undersigned is open to receive offers for the purchase of the steam engine No. 58, of the C.P.R., of the late W. R. Travers, this boat is 61 feet long by 12 feet 6 inches wide, and has a 20 horse power engine, made by Holston & Co., Detroit.

The boat may be inspected at the yard of S. B. Koulton, Limited, Kingston.

For further particulars apply to  
 J. CLAIRSON, 35 Scott Street, Toronto.

# Traders Talking Crop Scares Wheat Market Turns Stronger

### Chicago Hit Subject to Crop Condition Rumors—Prices Higher on General Short Covering Movement.

CHICAGO, May 10.—Hot winds in Oklahoma and Kansas helped to send wheat up to-day. Dryness throughout Southern Russia had a similar effect, and so did the notion that the rainfall in the spring crop belt on this side of the Canadian line was inadequate. Firmness prevailed at the close, which was 1/2 to 3/4 to 1/2 to 3/4 above last night. The day's trading left corn with a net gain of 1/2 to 1 to 1 1/2; oats at 1/2 to 3/4 advance, and hog products more expensive by 5 to 10c.

In wheat the action was a committee reverse of that of the previous day, the closing being at the top figure reached. Decidedly more interest was taken in a trade bulletin that the world's supply of breadstuffs had decreased 32,000,000 bushels last month, and now aggregates 127,850,000 bushels, as compared with 157,383,000 bushels at the same time a year before. Between the opening and the closing delivery ranged at from 85 1/2 to 87 1/2, and in the end was 1/2 to 3/4 net higher, at 87 1/2 to 87 3/4.

Unfavorable crop advices from the Danube and lessened offerings in consequence in Liverpool led to a sharp advance in corn. High and low points touched by the July option were 83 1/2 and 84 1/2, with the close at the former and a gain of 1/2 to 1 over last night. Cash grades became unsettled, low shorts weak and the better kind showing strength.

The hot weather news from Oklahoma, Kansas and North Dakota up to the price of oats, July varied from 32c to 32 1/2c, and closed 1/2 up, at the top level of the session.

In line with the general advance of cereals, a car of No. 2 rye sold here to-day at 81 1/2 bushels, the highest record in Chicago for more than eleven years. Hardly enough business was done in hog products to establish a market. Absence of pressure allowed pork to rise 1 1/2 to 4c; lard 1/2 to 3/4, and ribs 1/2 to 1 to 1 1/2.

Wheat—No. 2, white or mixed, 87c to 88c, outside.  
Wheat—No. 2 red, white or mixed, 87c to 88c, outside points.  
Rye—No. 2, 68c to 70c, outside.  
Barley—For feed, 50c to 55c; for malting, 67c to 68c, outside.  
Buckwheat—51c to 52c, outside.  
Manitoba wheat—No. 1 northern, 86c to 87c; No. 2 northern, 84c to 85c; track, bay ports.  
Manitoba flour—Quotations at Toronto are: First patents, 51c; second patents, 49c; strong bakers, 44c.  
Corn—No. 2 yellow, 56c, c.i.f., bay ports.  
Peas—No. 2, 67c to 68c, outside.  
Ontario flour—Winter wheat flour, 33c, seaboard.  
Millfeed—Manitoba bran, 22c per ton; shorts, 23c; Ontario bran, 22c in bags; shorts, 23c, car lots, track, Toronto.

**Toronto Sugar Market.**  
Sugars are quoted in Toronto, in bags, per 100 lbs. as follows:  
Extra granulated, Redpath's, 47.00  
do. St. Lawrence, 47.00  
do. Acadia, 47.00  
Imperial granulated, 45.50  
Beaver granulated, 45.50  
do. Acadia, 45.50  
do. St. Lawrence, 45.50  
do. Acadia, 45.50  
do. St. Lawrence, 45.50  
do. Acadia, 45.50  
do. St. Lawrence, 45.50

**Chicago Markets.**  
J. P. Bickell & Co., Manufacturers' Life Building, report the following fluctuations on the Chicago Board of Trade:

Close.	Open.	High.	Low.	Close.
Wheat	87 1/2	87 3/4	87 1/2	87 1/2
May	87 1/2	87 3/4	87 1/2	87 1/2
July	87 1/2	87 3/4	87 1/2	87 1/2
Sept.	87 1/2	87 3/4	87 1/2	87 1/2
Corn	37 1/2	37 3/4	37 1/2	37 1/2
May	37 1/2	37 3/4	37 1/2	37 1/2
July	37 1/2	37 3/4	37 1/2	37 1/2
Sept.	37 1/2	37 3/4	37 1/2	37 1/2
Oats	31 1/2	31 3/4	31 1/2	31 1/2
May	31 1/2	31 3/4	31 1/2	31 1/2
July	31 1/2	31 3/4	31 1/2	31 1/2
Sept.	31 1/2	31 3/4	31 1/2	31 1/2

**Chicago Gossip.**  
J. P. Bickell & Co. had the following at the close:  
Wheat—Extreme nervousness characterized trading in wheat to-day. The undertone, however, was firmer, and market closed relatively strong at a fair reaction from last night, but heavy profit-taking by conservative bears and lack of prescient additions to the northward movement said to be insufficient, except in spots. Rumors of hot winds in Kansas and Oklahoma denied. While rains northward have relieved the situation temporarily, they have not been sufficient to influence sentiment to any great extent; hence the market for the time being will continue a more or less nervous professional affair.

**ST. LAWRENCE MARKET.**  
Receipts of farm produce were 200 bushels of grain and 11 head of hogs to-day. Wheat—One hundred bushels sold at 81c to 82c. Oats—One hundred bushels sold at 41c to 42c.  
Fruits and Vegetables—Onions, per bushel, 80c to 85c; Potatoes, per bag, 90c to 1.00; Carrots, per bushel, 45c to 50c; Apples, per barrel, 1.00 to 1.20; Cabbage, per dozen, 0.30 to 0.50.  
Dairy Produce—Butter, creamery, 20c to 25c; Eggs, fresh, 15c to 20c; Milk, 10c to 15c.  
Poultry—Turkeys, dressed, 1.50 to 2.00; Chicken, 1.00 to 1.50; Duck, 1.00 to 1.50.  
Meats—Beef, forequarters, 10c to 15c; Pork, hams, 10c to 15c; Bacon, 10c to 15c.

**Liverpool Wheat Market.**  
LIVERPOOL, May 10.—Wheat opened easy, 1/2 to 3/4 lower, with the principal weakness in near months, owing to the decline in America and weakness in Winnipeg together with the decline in Buenos Aires. Following is the opening: shorts covered freely, together with speculative support in July and the market became firm with offers light. Support in the distant months was attributed to sympathy and rumors of continued dry weather in Southwestern Europe, and a revival of continental demand.

**Montreal Provisions.**  
MONTREAL, May 10.—The market for dressed hogs is firmer, owing to smaller offerings.  
Dressed hogs—Abattoir, 35.50 to 37.50 per 100 lbs.  
Beef—Plate, half-barrels, 100 lbs., 28.75; barrels, 200 lbs., 27.00; tierces, 300 lbs., 25.00.  
Lard—Compound tierces, 27.50; 50c boxes, 50 lbs. net (parciment line), 25.00; 50 lbs. net, grain, two handles, 10c; pork, wood, 50 lbs. net, 10c; tin, 20c; 50 lbs. cross, 35c.  
Pork—Heavy Canada short cut mess, barrels, 35 to 40 pieces, 22.50; half-barrels, 11.50; Canada short cut and back pork, 45 to 55 pieces, barrels, 22.50; Canada clear pork, barrels, 20 to 25 pieces, 22.50; bean pork, small pieces, but fat, barrels, 16.00.

**Liverpool Grain and Produce.**  
LIVERPOOL, May 10.—Closing—Wheat—Shot east, No. 2, red winter, 10s 11d; No. 3, Manitoba, 10s 11d. Futures steady, May 10s 11d, July 10s 11d, October 10s 11d.  
Flour—Winter patents, 27s 6d; Hop—in London, 24s 6d; Coast, 25s to 26s.  
Beef—Extra India mess, 7s 6d; Prime mess, western, 7s 6d; Hams—Short cut, 14 to 16 lbs., 3s 6d; Bacon—Cumberland cut, 25 to 30 lbs., 30s; short rib, 15 to 24 lbs., nominal; clear bellies, 14 to 16 lbs., 5s; long clear middles, 18 to 24 lbs., 5s; long clear middles, heavy, 35 to 40 lbs., 50c 6d; short clear backs, 16 to 20 lbs., 45c; shoulders, square, 11 to 12 lbs., 45c.  
Lard—Prime western, in tierces, 42s; American refined, in bulk, 42s 6d; Cheese—Canadian finest white and colored new, 8s; Canadian finest white, old, 7s; Canadian colored, old, 6s; Butter—Finest American, 8s; good do., 7s; Surtinette—Spirits, 52s; Rosin—Common, 17s 6d; Linseed oil—48 6d; Petroleum—Refined, 6s 1/2; Tallow—Australian, in London, 22 1/2; Cottonseed oil—Hull refined, spot, 7s 1/2.

**Montreal Grain Prices.**  
MONTREAL, May 10.—Business in Manitoba spring wheat over the cable was quiet, but there continued to be a fair inquiry for same from foreign buyers, and the bid was in line in some cases, fur-

ther sales were made for June-July shipment. The local market was easier for oats, and prices are 1/2 to 3/4 per bushel easier. Round of No. 2, 40c per bushel, was offered for May delivery, after, were offered at 40 1/2c, but the demand was slow. There was some demand from foreign buyers for winter wheat flour, but the bids were 10 to 12c per sack out of line. The local and country trade in spring wheat flour is fair, and prices show no change. Demand for bran and shorts is good.  
Calve—Canadian western, No. 2, 42c to 42 1/2c, car lots, ex-store; extra No. 1 feed, 42 1/2c to 43c; No. 2 C.W., 41c to 41 1/2c; No. 2 local white, 39 1/2c to 40c; No. 4 local white, 38 1/2c to 39c.  
Flour—Manitoba spring wheat patents, firsts, 55.50; seconds, 54.50; winter wheat patents, 45.00; strong bakers, 44.00; straight rollers, 44 to 44 1/2; in bags, 43.00 to 43.50.  
Rolled oats—Per barrel, 44.25; bag of 30 lbs., 22.00.  
Corn—American, No. 3 yellow, 60c to 61c; Milled—Bran, Ontario, 22c; Manitoba, 22c; middlings, Ontario, 24c; shorts, Manitoba, 23c; moultie, 23 to 23.50.

**Montreal Dairy Market.**  
MONTREAL, May 10.—Cheese is firm and but a fair demand.  
Eggs—Fresh, 11c to 12c.  
Cheese—Western, 11 1/2 to 11 3/4; Butter—Choicest, 22c; second, 21c.

**CATTLE MARKETS.**  
MONTREAL, May 10.—At the Canadian Pacific live stock market this morning the offerings of live stock were 400 cattle, 150 sheep and lambs, 800 hogs and 1400 calves. There was inquiry for the cattle in the condition of the market for cattle, prices being steady at the decline noted in the early part of the day. The gathering of buyers was fairly large, and as they were not in a hurry to buy, they were carrying them over for the balance of the week, the demand was better than expected, and a fairly active trade was done.  
Choice steers sold at 5 1/2c; good at 5 1/4c to 5c; fairly good at 4 1/2c to 4 3/4c; fair at 4 1/4c to 4c, and common at 3 1/2c to 3 3/4c per pound. There were a few good cows and bulls offered, but they were not in demand. Lower grades sold at from that down to 3 1/2c per pound.  
Incarriage feeling developed in the market for hogs, and prices advanced 1/2 to 3/4 to 50c per 100 pounds, which was due to the limited supply and the good demand from butchers and packers for the same. The price of hogs was 10c to 11c to-day at 7c to 7 1/2c per 100 pounds, weighed off cars, and in one or two odd cases as high as 7 1/2c was paid for extra choice lots.

**New York Cattle Market.**  
NEW YORK, May 10.—Beef—Receipts, 280 head; steers slow, 5c to 5 1/2c; lower, 4 1/2c; full, 5 1/2c to 6c; 150 head; but slow; bulls, \$4.00 to \$4.50; extra, \$4.50 to \$5.00; cows, \$3.50 to \$4.00; calves, \$4.00 to \$4.50; market active and 2c to 3c higher; veals, \$5.50 to \$6.00; culis, \$4.50 to \$5.00.  
Sheep and Lambs—Receipts, 1140 head; sheep firm; handy, lambs 15c higher; others fully steady; spring lambs nominally steady; clipped sheep, \$3.25 to \$4.00; culis, \$2.75 to \$3.50; clipped lambs, \$5 to \$5.25; woolled lambs, \$5.50 to \$7; spring lambs, \$5 to \$6.  
Hogs—Receipts, 600 head; market firm, at 36 to 37.75.

**Buffalo Live Stock.**  
EAST BUFFALO, May 10.—Cattle—Receipts, 100 head; market steady; prime steers, \$6 to \$6.25; butcher grades, \$5 to \$5.50.  
Calves—Receipts, 350 head; market active, 7c higher; cul to choice, \$5 to \$7.50; sheep and lambs—Receipts, 500 head; market active; heavy, \$4.50 to \$5.00; choice lambs, \$6 to \$6.25; cul to fair, \$4.50 to \$5.00; yearlings, \$4.50 to \$5; sheep, \$2 to \$4.50.  
Hogs—Receipts, 270 head; market active, 5c lower; porkers, \$6.50; steady, \$6.50 to \$6.75; mixed, \$6.50 to \$6.75; heavy, \$6.25 to \$6.50; roughs, \$4.50 to \$5.  
Chicago Live Stock.  
CHICAGO, May 10.—Cattle—Receipts estimated at 18,000; market steady to a shade lower; beefs, \$4.50 to \$5.45; Texas steers, \$4.50 to \$5.00; western steers, \$4.50 to \$5.00; feeders, \$4 to \$5.50; cows and heifers, \$3.50 to \$5.50; calves, \$3 to \$5.  
Hogs—Receipts estimated at 22,000; market strong to be higher; light, \$5.50 to \$6.25; mixed, \$5.50 to \$6.25; heavy, \$5.50 to \$6.25; pigs, \$5.50 to \$6.25; butchers' pigs, \$5.50 to \$6.25; yearlings, \$4.50 to \$5.50; natives, \$4.25 to \$5.00; western, \$5 to \$5.50.  
Sheep and Lambs—Receipts estimated at 18,000; market steady to 10c higher; native, \$2.10 to \$4.00; mixed, \$2.10 to \$4.00; yearlings, \$4.00 to \$5.50; natives, \$4.25 to \$5.00; western, \$5 to \$5.50.  
Hogs are higher than on Tuesday.

**TORONTO LIVE STOCK.**  
The railways reported 34 carsloads, consisting of 1,100 head of hogs, 37 sheep and lambs and 23 calves.  
Light receipts caused another good to strong market, all offerings being readily taken at Tuesday's prices, and in some instances in the medium class prices were 10 to 15c higher. Good to choice cattle, 1000 to 1100 lbs. each, sold at \$5.70 to \$6.50. H. P. butchers' pigs, 1000 to 1100 lbs. each, at \$5.70 to \$5.90.  
Sheep and lambs, owing to light receipts, were firm. Tuesday's market was a shade easier, at least, they were no higher than on Tuesday.  
Hogs are higher than on Tuesday, at \$4.50 to \$5.00 drovers at country points f.o.b. cars, and \$6.15 fed and watered at the market.

**UNION STOCK YARDS.**  
There were 15 carloads of live stock at the Union Yards, consisting of 272 cattle and 26 calves.  
Nine carloads of these receipts were feeders.  
Rice & Whaley sold:  
Exporters—8, 122 lbs. each, at \$5.25; 15, 122 lbs. at \$5.15; 120 lbs. at \$5.25.  
Butchers—1, 120 lbs. at \$4.50.  
Bulls—2, 120 lbs. at \$4.50.  
Cows—2, 1100 lbs. at \$5.15; 1, 1100 lbs. at \$5.25; 2, 1100 lbs. at \$5.15; 1, 1000 lbs. at \$5.25; 1, 1000 lbs. at \$5.25.  
Feeders—23, 200 lbs. at \$5.

**PREPARING HYDRO REPORT.**  
KINGSTON, May 10.—(Special.)—P. E. Yates, assistant engineer of the Hydro-Electric Commission, is here at the request of A. D. Elliott, chairman of the Light, Heat and power committee, to make a report on the cost of transfer, etc., in the case if Kingston did business with the commission. Yates is looking over the plant and city generally.

**Still Tied Up.**  
Buildings are still tied up as result of the strike of the masons, the helpers and stone cutters.  
An Old Resident Dead.  
KINGSTON, May 10.—(Special.)—Mrs. Caroline Blanchard, widow of the late Josiah Blanchard, has passed on to Pictou for many years. She is dead. She was born here 84 years ago.

**Missing Student Found.**  
KINGSTON, May 10.—(Special.)—W. Agassiz, the student reported missing from Yale, turned up in New York. Prof. G. C. Williams, his uncle, received a letter in which he stated he was well and taking a few holidays.

# TUXEDO PARK

### The News Columns of the Toronto Press Tell of Calgary Growth and the Bright Outlook for the Favored Residential Sub-division.

**Realty Values in Calgary Are Steadily Climbing.**  
Buoyant But Sound Market, and Everybody Doing Well in the Deals.

**No Boom in Calgary.**  
But a Genuine Era of Progress, Says Mr. O'Grady.

**Publicity Expert for Calgary.**  
Appointment of Mr. J. R. Miller at a Salary of \$3,500.

(From The Toronto World, Tuesday, May 9.)  
Calgary, May 2.—In the midst of all the "movements" attending the growth and expansion of this city, and which involves an expenditure this year of twenty to twenty-five million dollars, it is interesting to note the trend of the realty market, which is steadily and strongly upward. There is no inflation, nothing to indicate the so-called "boom" which so often is a subject for depreciation; all values are climbing, but yet in the most natural, businesslike way. Nobody seems to be excited, and yet everybody is interested and busy. And what is particularly well worth noting, in all walks of life, the citizens are prosperous-looking.

(From The Toronto Star, Saturday, May 5.)  
Mr. G. D. O'Grady, Secretary-Treasurer of the Canadian Estates Co., who has just returned from Calgary, after spending two weeks there in the interests of the company, gives a glowing account of the activity prevalent in all branches of trade in the young metropolis of Alberta.  
"This is unquestionably Calgary's big year," said Mr. O'Grady, "although as a matter of fact, for five years past the city has been enjoying unexampled prosperity."  
"The aggregate of expenditure, railway, municipal and private, will be fully twenty millions. The city alone has \$3,000,000 appropriated for street railways, sewers, water mains, pavements, parks, etc., and yet the rate of taxation is only 14 mills.  
"It is no boom," Mr. O'Grady added, "but a genuine and assured era of growth and prosperity."

(From The Toronto Globe, Monday, May 8.)  
The Calgary Board of Trade have accepted the resignation of Secretary Webster, who has acted also as Publicity Commissioner for several years, and appointed in his place Mr. J. R. Miller, an expert in the making of profitable publicity, whose whole time will be given to the work of presenting Calgary to the world as the most progressive and growthful city of the last great west. The salary is \$3,500. The \$6,000 city expects to have 100,000 by the end of the present year.

THREE outstanding facts here mentioned give more than confidence—they give strong assurance to the intending investor:—(1) Calgary real estate values are climbing—it is no boom, but a genuine era of progress; (2) the city may grow to 100,000 this year—with every thousand of increase adding to the sure, selling value of "TUXEDO PARK" lots; (3) "Tuxedo Park" property ranks with the "VERY BEST" AS AN INVESTMENT.

All of which, of course, conveys the hint that the intending investor in these lots cannot act too quickly—To-day is none too soon.

# TUXEDO PARK POINTS

- Keep in mind the "points" which give TUXEDO PARK PREFERRED PLACE among real estate propositions:
- I. It is on the NORTH SIDE—the high level plateau with the commanding view of the eternal Rockies.
  - II. It has been held until the city has grown up to, around and beyond it and the owners didn't put it on the market without first providing for street railway, city water and other public utilities.
  - III. It is the only "close in" residential sub-division offered in the City of Calgary to-day possessing all the advantages of location, healthfulness, beauty and conveniences, making the really high-class home sites.
  - IV. Ten acres of the property has been offered to, and duly accepted by the city as Recreation Grounds and Public Gardens, with stately pavilion and other equipment, and that broad streets, fine boulevards and charming drives will feature Tuxedo Park.

The beautiful "Calgary Book," together with maps, price lists and other literature, will be supplied on request TO INTENDING INVESTORS.

**Terms of Sale Favor the Investor** —One-third down and the balance in 12 and 18 months; or one-quarter down, and the balance in 6, 12 and 18 months, 5 per cent. discount for cash. There's a wonderful chance in these terms to earn money easily, for TUXEDO PARK lot values will climb from the day you make your first payment.

# Rea Up 40 Points to \$7--Other Issues Little Changed

## Rea Stock Hits the High Spots General List is Irregular

### Mining Market Continues in a Rut as Far as Most Porcupines Are Concerned--Cobalts Quiet and About Unchanged.

World Office,  
Wednesday Evening, May 10.  
The mining market showed more signs of life to-day, but the tendency continued rather uncertain, and while advances were recorded in special instances, these were by no means characteristic of the whole list.

Interest in the Porcupine department shifted to Rea, and this issue came in for more prominence than at any time since its listing. The opening quotations were around last night's close of \$6.60, and under a sustained buying movement, the shares moved up 40 points, touching the seven dollar mark during the morning session. On the afternoon board the stock staged a little under profit-taking, but the advance was well held, and the closing sale was put thru at \$6.87, a net gain of 27 points for the session.

The other Porcupine issues moved somewhat irregularly, and advances in certain quarters were offset by like declines in others. Hollinger opened at \$12.75, or five points below last night, and lost an additional ten points during the day, with the last sale at \$12.70. This issue is held back by the profit-taking disposition of those who got in before the recent advance.

Dome Extension was the feature of the cheaper gold stocks. These shares opened at 54, and advanced two points during the day, closing at 55 1/2 bid. Vipond dropped over a point at 58 3/4, but regained its loss on the afternoon board, when sales were made as high as 61 1/2. Swastika, Preston and Foley-O'Brien were all lower.

McKinley-Darragh was the centre of interest in the Cobalts. The stock dropped 6 points from last night's close at \$1.55, but was back to its former figures during the afternoon. Traders are busy predicting what the next dividend will be, and there seems to be some doubt as to whether the last disbursement of 15 per cent. will be maintained. The other silver mining stocks were quiet, with small declines in evidence.

Island Smelters has come in for more attention during the last two days. The stock sold up to 42 to-day, an advance of 7 points above yesterday. A large part of the stock of the company is pooled, and a few lots of these tied-up shares came on the market around 35, but were quickly snapped up. It is believed that the pool would be dissolved in a few days, but nothing authentic was to be learned regarding this matter.

The market closed quiet, but with a cheerful undertone.

### NEW INCORPORATION

#### Porcupine Eastern Secure Charter Under Ontario Companies Act.

The Porcupine Eastern Gold Mines Company Limited have just obtained their charter under the Ontario Companies Act. The property consists of 90 acres in the Township of Thomas in the Nightingale Lake district. The capitalization of the company is \$1,000,000, in one dollar shares, and there are 400,000 shares in the treasury, which will shortly be offered for subscription.

The directors of the Porcupine Eastern is as follows: President, Alfred G. Minter; John Willocks, Henry N. Joy, Richard Simpson and E. W. Wright. Mr. Wright, it is announced, will retire from the board, and will be succeeded by Frank Schultz, mine manager, Porcupine.

### McKINLEY-DARRAGH.

The directors of the McKinley-Darragh Mining Co. met yesterday and declared a dividend of 10 per cent. for the quarter. This is a reduction of 5 per cent. from the previous disbursement.

It was stated at the time of the annual meeting of the McKinley-Darragh that the dividends for this year would in all probability amount to 20 per cent. in all. As two declarations of 15 cents each were made prior to yesterday's meeting, it would seem that this policy would be lived up to.

The dividend record of McKinley-Darragh, including the dividend now forthcoming, is as follows:

Year	Month	Dividend
1906	Jan.	15
1906	July	15
1907	Jan.	15
1907	July	15
1908	Jan.	15
1908	July	15
1909	Jan.	15
1909	July	15
1910	Jan.	15
1910	July	15
1911	Jan.	15
1911	April	15
1911	July	15
Total		\$1,706,145.50

### Green-Meehan Mine Brings Good Results

Ore Taken Out Has More Than Paid Expenditure--One Thousand Feet of Drifting Done.

A. W. Thomsen, mining engineer, who is now in charge of the Green-Meehan, in a recent report speaks most hopefully of the outlook for this company's properties.

During the winter Mr. Thomsen says that the work was virtually confined to the main 200 foot shaft of the Green-Meehan, and by studying the faulting, good ore was again encountered.

About 1000 feet of drifting has been done since Mr. Thomsen took charge, and the ore taken out in this development has more than paid for the expenditure. Had the work been confined to purely grubbing for ore, the proceeds would have been more gratifying, but the mine would show nothing like the improvement now to be seen.

Mr. Thomsen is satisfied that with similar work on the Red Rock, ore chutes similar to the Green-Meehan will be met.

Since taking charge Mr. Thomsen has expended about \$2000, but the outlay has been well repaid, and later developments should be highly interesting to Green-Meehan shareholders.

### PRICE OF SILVER.

Bar silver in London, 24 1/2 oz. Bar silver in New York, 53 1/2 oz. Mexican dollars, 45c.

Low 3-18, 200; Dome Ex. 55 to 56, high 56. ### Green-Meehan Mine Brings Good Results

Ore Taken Out Has More Than Paid Expenditure--One Thousand Feet of Drifting Done.

A. W. Thomsen, mining engineer, who is now in charge of the Green-Meehan, in a recent report speaks most hopefully of the outlook for this company's properties.

During the winter Mr. Thomsen says that the work was virtually confined to the main 200 foot shaft of the Green-Meehan, and by studying the faulting, good ore was again encountered.

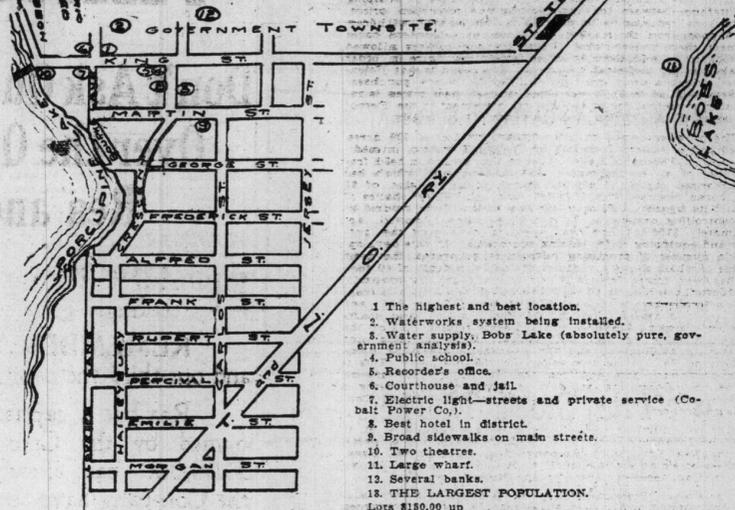

About 1000 feet of drifting has been done since Mr. Thomsen took charge, and the ore taken out in this development has more than paid for the expenditure. Had the work been confined to purely grubbing for ore, the proceeds would have been more gratifying, but the mine would show nothing like the improvement now to be seen.

Mr. Thomsen is satisfied that with similar work on the Red Rock, ore chutes similar to the Green-Meehan will be met.

Since taking charge Mr. Thomsen has expended about \$2000, but the outlay has been well repaid, and later developments should be highly interesting to Green-Meehan shareholders.

### EXPERT OPINION

Many people have made money by buying mining stocks in a haphazard way, either by taking their own opinion or as the result of a rumor.

More people have lost money in this selfsame method, and after our 16 years' experience we are satisfied that like anything else, mining stocks can only be safely purchased by those who know their value, or upon information from those in a position to know. Although when we first advised the purchase of ELDO-RADO, we had secured responsible experts on the company's Porcupine claims, to be doubly sure we have since engaged the services of Mr. Harry Bush, M.E., to make an inspection and give his expert testimony. Mr. Bush has had a wide experience in all the best gold camps in the world, and if for no other reason, his views should carry weight. But he has a reputation at stake, and the two make a strong combination.

In the concluding paragraph of a long technical report, Mr. Bush says "ELDO-RADO has the makings of a good mine."

The best support of this testimony is the orders which we have received from Porcupine for Eldorado shares. Investors in the mining camp have taken over one-third of the stock at present sold, and this seems to us a solid guarantee that Eldorado claims are good. Don't you think so?

Eldorado shares at 10 cents are certainly one of the best buys in Porcupine, and a small block of the stock should turn in big profits next fall.

Orders for Eldorado or any other mining securities executed promptly.

### DETROIT-NEW ONTARIO MINES, Ltd.

CAPITALIZATION, \$1,000,000 1,000,000 SHARES PAR \$1.00  
ONLY 80,000 SHARES TO BE SOLD

Property comprises 200 acres in Munro Township, just east of Matheson, and has been worked for nearly a year. They have a good plant and buildings, and the stock now offered is for the purpose of enlarging and improving their present plant.

This is not a prospect, but has been proven to a depth of over 100 feet, and considerable drifting and cross-cutting has been done. Between 2000 and 3000 tons are now on the dump, which averages \$100.00 per ton from assays.

A mill to treat this will be in operation, we expect, before the end of June. There is no underwriter's stock, and you have the same chance as anyone to get in at the first price.

The stock was listed on the Standard Mining Exchange on Monday and WE RECOMMEND ITS PURCHASE AT THE MARKET.

Samples of ore are on exhibition at our office. Prospectus and full information on application.

### REA MINES LIMITED

CAPITALIZATION: \$1,000,000. Par Value of Shares \$5.00  
Recent reports from our Porcupine office are very optimistic on Rea. At the moment they have the deepest shaft in the camp, being 210 feet. The fact that the controlling interest is held by The Consolidated Goldfields of South Africa and that the Bewick Mining Company are consulting engineers, lends an air of solidity to this company.

In our opinion "REA" shares are intrinsically worth much more than the present market price, and should be selling on a par with Hollinger. We have no hesitation in strongly recommending the purchase of this stock.

## APRIL FROSTS KILLED MUCH ONTARIO WHEAT

Central Counties Suffered Worst—Seeding and Growing Season Late.

OTTAWA, May 10.—A bulletin of the census office issued to-day makes the following report on the crops and livestock of Canada:

The seeding and growing season for the whole of Canada has opened late this year, and the month of April has been marked by hard frosts. But May has been favorable to cultivation of the land, and the rainfall has been sufficient for healthy vegetation.

Fall wheat, which is grown chiefly in Ontario and Alberta, showed an average condition of 52 per cent. at the end of April, being 80 per cent. in Alberta and 81 per cent. in Ontario. In Ontario, however, the April frosts were destructive in some regions, and for 12 to 24 per cent. of the area soon has been reported as winter-killed. The central counties, north of Lake Ontario, suffered the worst, the average loss as reported being 24 per cent. In the western counties, north of Lake Erie, the loss is 10 per cent. In the northern counties and districts 12.6 per cent., and in the eastern counties, between the St. Lawrence and Ottawa Rivers, 15 per cent. For the whole of Canada the area winter killed is reported to be 21 per cent., and the per cent. condition of the growing crop is 52.

## Hay and Clover

About 12 to 14 per cent. of the clover was saved out by the spring frosts, and the average condition of hay and clover at the end of April was 39 per cent. Alberta shows better than any other part of Canada, its average being 54 to 55 per cent. Nova Scotia comes next, with 32.75, and in Quebec, British Columbia and Saskatchewan the condition is over 50. In Ontario it is 36 per cent., and in Manitoba 35 per cent.

## Live Stock Report

The report on the condition of live stock is good for all the provinces, being 95 per cent. for horses, 92.43 for milch cows, 90.56 for other cattle, 93.32 for sheep and 84.1 for swine. Alberta is below 90 per cent. for horses, Manitoba, Saskatchewan and Alberta for milch cows; Manitoba, Saskatchewan, Alberta and British Columbia for other cattle, and Alberta and British Columbia for sheep; but generally the condition ranges about 90 per cent.

## RAILWAY BOARD INQUISITIVE

Must Be Informed of Revenue Before Authorizing Mains.

The Ontario Railway and Municipal Board has called upon the city to furnish information as to the revenue to be obtained from the water main extensions for which approval has been asked.

## Oppose Metropolitan Plans

Corporation Council Drayton will appear before the railway board for the city to-day to represent the city and the private property owners who will be affected by the proposed plan of the Metropolitan Railway to deviate their tracks at Balmora-street and run their cars to their Collingwood-street depot by a private right of way. Several level crossings would be made if the railway plans carried, and residents estimate the damage at some \$300,000.

## Hon. Adam Beck at Kingston

Hon. Adam Beck, chairman of the Ontario Hydro-Electric Commission, was in Peterboro yesterday, and will be at Kingston to-day conferring in regard to their hydro-electric project. He will attend the coronation, be a judge at the Olympia horse show and make a short tour with Engineer Sothman, inspecting European electrical plants.

## Nature Provides a Cure for Everything

And many have found St. Leon Water to be nature's greatest gift. It contains sulphur, iron, potassium, sodium, barium, magnesium, etc., etc., blended by nature in nature's laboratory, the bowels of the earth. A glass twice daily means health. On the market since 1881. Dealers or from the company. Phone Main 1221.

## Sixty Days for Forgery

George Norman, a young Englishman who pleaded guilty to two charges of forgery and one of theft before Judge Denton yesterday morning, was sentenced to jail for sixty days. He would have been liable to have received the prisoner to go on suspended sentence, but such cases were becoming too common, although in view of his youth he would impose a moderate sentence.

## Tobacco Habit

Dr. McTaggart's tobacco remedy removes the desire for the weed in a few days. A vegetable medicine and only requires touching the tongue with its osaculous tip. Price \$2.00.

## Liquor Habit

Marvellous results from taking his remedy for the liquor habit. Safe and inflexible. No treatment, no hypodermic injections, no publicity, no loss of time from business and a cure guaranteed. Price \$2.00.

## FREE GOLD SHOWINGS AT DETROIT-NEW ONTARIO

Munro Township Mine Has Almost Reached Producing Stage—Shaft Down 100 Feet.

The Munro district mines are attracting considerable attention at the present time, and from all indications it will not prove surprising if this section develops into a gold camp of note within a short time.

That there is gold in Munro has been known for several years, but it is only lately that anything like real mining has been done. The district comprises the townships of Guilford, Beatty and McCool, and its history as a gold centre goes back to the year 1907, which, by the way, also saw the real inception of the trek into Porcupine. Among the prominent mines, Munro which are being operated at the present time is that of the Detroit-New Ontario, where aggressive development work is being prosecuted under an experienced mining engineer. The holdings of this company, known as the Chance Property, which was acquired in June, 1910. It is on this lot that the present development is going on. Mr. F. F. Prommy, who has the original stake of the claim, is in charge of the work, and he has the advantage of twenty years' experience in the mining camps of the Western States and Mexico. He knows mining from the ground up, and his work in the Detroit-New Ontario is a considerable credit both to himself and to the company.

A complete sinking plant has been installed at the Detroit-New Ontario. This consists of two 30 h.p. boilers, a six-drill air compressor, and other adjuncts to a complete mining plant. The company also includes a steam main stamp mill and a Dodge crusher. It is expected that the stamp mill will be in operation by the 1st of June, and a large quantity of ore is already on hand awaiting the starting of the machinery.

The main shaft on the property is down to one hundred foot level, and a drift has been started at the ninety foot level. This will be continued about fifty feet; then a cross-cut will be run north for the purpose of cutting a number of veins, all of which showed free gold at or near the surface. The shaft, which is seven feet wide, was sunk on a big vein, which showed a width of eleven feet on the surface. The vein is still in the shaft, and free gold has been found practically all the way down. There is another shaft on the property, which is down 25 feet, and at the 11-foot level, quartz showing free gold was taken out. Several test pits have also been sunk on different veins, and high assays have been obtained from all these. Free gold is visible in nearly every instance.

While doing recent prospecting on the Chance claim a vein was uncovered, the width of which has not yet been ascertained. It has been traced for six feet across, however, and a quantity of ore has been taken from different parts of the vein at considerable distances apart. In nearly every sample taken, free gold is visible.

The Detroit-New Ontario mine is situated ten miles east of Ontario, and the government road runs within three miles of the property, while an appropriation has been made to extend this. It will be possible to extend the southern boundary of the lots, which will give the company excellent transportation facilities.

Taken together the Detroit-New Ontario gives excellent promise of developing into a shipping mine in a comparatively short time.

## Forger Was Let Go

C. R. Lennon was found guilty of forgery in the Ontario county court before Judge Denton yesterday, and was let go on suspended sentence. He had given Lennon a lecture, and warned him that if his conduct in the future was not exemplary, he would be recalled and receive a heavy sentence on the conviction now standing against him.

## True Bill

The grand jury returned a true bill yesterday on a charge of stealing a black horse from Win. T. L.

True bills were also returned against Kate Puffer, theft and receiving; Gordon Puffer, theft and receiving; and defendant John Harvey, theft and receiving.

## FREE GOLD SHOWINGS AT DETROIT-NEW ONTARIO

Munro Township Mine Has Almost Reached Producing Stage—Shaft Down 100 Feet.

The Munro district mines are attracting considerable attention at the present time, and from all indications it will not prove surprising if this section develops into a gold camp of note within a short time.

That there is gold in Munro has been known for several years, but it is only lately that anything like real mining has been done. The district comprises the townships of Guilford, Beatty and McCool, and its history as a gold centre goes back to the year 1907, which, by the way, also saw the real inception of the trek into Porcupine. Among the prominent mines, Munro which are being operated at the present time is that of the Detroit-New Ontario, where aggressive development work is being prosecuted under an experienced mining engineer. The holdings of this company, known as the Chance Property, which was acquired in June, 1910. It is on this lot that the present development is going on. Mr. F. F. Prommy, who has the original stake of the claim, is in charge of the work, and he has the advantage of twenty years' experience in the mining camps of the Western States and Mexico. He knows mining from the ground up, and his work in the Detroit-New Ontario is a considerable credit both to himself and to the company.

A complete sinking plant has been installed at the Detroit-New Ontario. This consists of two 30 h.p. boilers, a six-drill air compressor, and other adjuncts to a complete mining plant. The company also includes a steam main stamp mill and a Dodge crusher. It is expected that the stamp mill will be in operation by the 1st of June, and a large quantity of ore is already on hand awaiting the starting of the machinery.

The main shaft on the property is down to one hundred foot level, and a drift has been started at the ninety foot level. This will be continued about fifty feet; then a cross-cut will be run north for the purpose of cutting a number of veins, all of which showed free gold at or near the surface. The shaft, which is seven feet wide, was sunk on a big vein, which showed a width of eleven feet on the surface. The vein is still in the shaft, and free gold has been found practically all the way down. There is another shaft on the property, which is down 25 feet, and at the 11-foot level, quartz showing free gold was taken out. Several test pits have also been sunk on different veins, and high assays have been obtained from all these. Free gold is visible in nearly every instance.

While doing recent prospecting on the Chance claim a vein was uncovered, the width of which has not yet been ascertained. It has been traced for six feet across, however, and a quantity of ore has been taken from different parts of the vein at considerable distances apart. In nearly every sample taken, free gold is visible.

The Detroit-New Ontario mine is situated ten miles east of Ontario, and the government road runs within three miles of the property, while an appropriation has been made to extend this. It will be possible to extend the southern boundary of the lots, which will give the company excellent transportation facilities.

Taken together the Detroit-New Ontario gives excellent promise of developing into a shipping mine in a comparatively short time.

## Forger Was Let Go

C. R. Lennon was found guilty of forgery in the Ontario county court before Judge Denton yesterday, and was let go on suspended sentence. He had given Lennon a lecture, and warned him that if his conduct in the future was not exemplary, he would be recalled and receive a heavy sentence on the conviction now standing against him.

## True Bill

The grand jury returned a true bill yesterday on a charge of stealing a black horse from Win. T. L.

True bills were also returned against Kate Puffer, theft and receiving; Gordon Puffer, theft and receiving; and defendant John Harvey, theft and receiving.

## FOLEY-OBRIEN

BECAUSE, by reason of peculiar conditions, the price of Foley-O'Brien has been brought down to an extremely nominal figure, and because of the superior location and remarkable potentialities of the property owned, we are disposed to regard the stock of the company as of unusual bargain quality at the present time.

Foley-O'Brien was originally offered to the public at \$3 per share, the underwriting price being \$2.50. Several of the underwriters, thinking to play a sharp trick on the sponsors of the company, subscribed for the stock at the last moment, and checked in payment for 6,000 shares, immediately started unloading on the principal backers, in the expectation of scalping the difference between the underwriting and promotion prices. The backers, refusing to be misled in this manner, withdrew their support from the market, and since the subscribers could not meet their underwriting obligations, the backers allowed the stock to be sold down to an extremely low figure in order to shake out this undesirable element. The result is that Foley-O'Brien, which some time ago was selling at a price of approximately \$1.50 to \$1.75 per share, and at these prices is remarkably attractive, for in any general movement in the Porcupine issues Foley-O'Brien must participate very largely.

The property owned by this company consists of 520 acres, located at the eastern boundary of Tisdale Township, immediately west of Porcupine Lake. Title to this ground is held free and clear of all encumbrances, and the company, which has an authorized capital of 600,000 shares, of a par value of 15 cents each, has with it 600,000 shares of the stock in its treasury. Prior to the acquisition of the ground by the controlling owners in Foley-O'Brien Mines, Limited, approximately \$100,000 had been spent in developing the property and equipping it for mining operations. In this development a number of promising veins were uncovered, the most notable of which shows a width of 20 feet, at a depth of 40 feet, and has been traced for nearly one mile through the property. Two shafts have been sunk one hundred feet apart, of this nature, under the general management of Mowry Bates, E.M., and it is said that assays from the 100-foot level of these shafts show ore averaging \$33 to the ton. In every respect work on the property is being very vigorously pushed. Drills are being used to assist in exploration, and the two shafts are going down rapidly, the No. 2 being now below the 150-foot point. This is all the more commendable, and from the 150-foot level a cross-cut will be run. Consulting engineers in charge of the property is C. W. Geddes, former general manager of the Goldfield Consolidated property.

The controlling interests in the corporation consist of M. L. Foley, of Toronto, one of the original owners of the property, and the New York Stock Exchange firm of McCook, Ericson, members of which are sons of W. S. McCook, the well known Utah mining operator, financier and banker.

The Foley-O'Brien property, without doubt, is a very valuable one, and in strong position as regards treasury resources. These facts, taken together with the fact that the controlling interest is of a character which may be relied upon to get the best out of the ground of which it is capable, inclines us to believe that no mistake can be made in purchasing Foley-O'Brien shares at the present bargain prices.

Orders in Foley-O'Brien executed for cash or on margin. Certificates of stock in other companies will be accepted as collateral on the marginal purchase of Foley-O'Brien when properly endorsed.

23 MELINDA STREET, Direct Private Wire to our Main Office, 54-56 Broad St., New York. TELEPHONE: TORONTO, MAIN 2550

## SHOULD PICK UP VEINS AT THE 100-FOOT LEVEL

Cross Cutting From Main Shaft at Imperial Will Commence Shortly.

Mr. R. W. Norrington, vice-president of the Porcupine Imperial, has received a letter from A. H. Crampton, general manager of the company, stating that on May 3 the main working shaft had obtained a depth of 90 feet, and that by the 15th the section would be completed at the 100 foot level. Cross-cutting will then be started both north and south from the shaft, and three veins, all of which show commercial ore on the surface, should then be picked up and drilled.

One vein, which was opened on the surface some 20 feet from the shaft, has dipped into the shaft at the 60-foot level and has remained in the shaft to the present time. It is higher values and more free gold than any other place so far uncovered on the property.

This vein has been traced for a distance of 1000 feet on the Imperial, and as it is from 6 to 10 feet in depth, should in itself make a very profitable vein. In addition to this there are three others that will soon be proven by the cross-cutting from the shaft. An additional crew of men will be placed on the surface, stripping the summer months.

The Imperial at the present time is working three shifts in the shaft, and has from 15 to 20 men employed on the property. This crew will probably be doubled as soon as surface work can be profitably started.

## WAS TERRIBLY AFFLICTED WITH LAME BACK

COULD NOT SWEEP FLOOR. Three Boxes of Doan's Kidney Pills Cured Her.

It is hard to do housework with a weak and aching back. Backache comes from sick kidneys, and what a lot of trouble sick kidneys cause. But they can't help it. If more work is put on them than they can stand it is not to be wondered they get out of order. Weak back is simply a warning from the kidneys and should be attended to immediately so as to avoid years of terrible suffering from kidney trouble. Mrs. N. Larnor, Smith's Falls, Ont., writes: "I take pleasure in writing you, stating the benefit I have received by using Doan's Kidney Pills. About a year ago I was terribly afflicted with lame back and was so bad I could not even sweep my own floor. I was advised to try Doan's Kidney Pills, which I did, and with the greatest benefit. I only used three boxes and I am as well as ever. I highly recommend these pills to any sufferer from lame back or kidney trouble." Price 50 cents per box, or \$ for \$1.25. At all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont. For further particulars, send coupon: John Harvey, theft and receiving.

# Rea Consolidated Mines, Limited

## Don't Ask Questions; Don't Quibble Over the Quotations; But Buy Rea and Buy It at Once

HOLLINGER has set the pace and Rea will be an exceedingly good second.

REMEMBER, Rea has twice the acreage of Hollinger and one-third the capitalization.

Rea has a capital of only \$1,000,000, half of which is owned by the Consolidated Gold Fields of South Africa; \$100,000 has already been spent on the Rea properties and the Company have as much on hand and also 20,000 shares in the treasury.

The mine is now down 200 feet and assays from this vein run equal to the Hollinger.

The best expert opinion we can get says the Rea has one of the most wonderful veins in the Porcupine camp.

Rea, which is now \$7 a share, should take but a short time to cross \$10.

Orders for the stock should be sent without delay.
