PUT NE TEMERUM IN ONTARIO GOVERNMENT

Evangelical Alliance Will Ask Premier Whitney and At- torney-General Foy to Take Stated Case to Courts— Text of Petition.

Sir James Whitney, Hon. J. J. Foy, attorney-general, and the Ontario Government, will shortly be asked by the Evangelical Alliance to take the ne temere decree to the courts in a test case, and if necessary the co-operation of the Dominion Government will be invoked. The case is to be carried to the foot of the throne by taking it thru to the privy council if the ne temere decree is continued in Canada, and the legality of the civil marriage impugned.

Petition in Field.
 The petition to be presented to the Ontario Government reads as follows: To the Honorable the Lieutenant-Governor of Ontario in Council: "The undersigned residents of the Province of Ontario, in view of the present uncertainty regarding the law relating to marriage, would hereby request that all the necessary steps be taken to obtain at the earliest possible date a considered opinion from the courts as to the extent of jurisdiction of the legislature of the Province of Ontario and of the parliament of Canada respectively upon the subject of marriage. "We regard it of the greatest consequence that an authentic pronouncement upon this important question be procured without delay, and request that all the constitutional questions involved be immediately referred for decision to the court of appeal of Ontario, pursuant to the powers vested in you in that behalf, or that whatever other course may be deemed necessary for that purpose, may be promptly taken, and your petitioners will ever pray," etc.

SECURED BANK'S MONEY BY FALSE STATEMENTS

Is Charge Against Father and Two Sons—Arrived in Toronto Sunday, Arrested Yesterday.

Each charged with embezzling an advance of \$500 from the Northern Crown Bank to the National Malt and Biscuit Co., Limited, by false representations, made in writing respecting their respective assets and liabilities, Isaac Cohen, 70 years of age, and his two sons, Samuel, aged 32 years, and Harry, aged 29 years, who live at 19 D'Arcy-street, were arrested yesterday by Detectives Murray and Guthrie. It is alleged that Isaac set out his liabilities as \$7000 in mortgages upon property in which he declared that he owned the equity of redemption and that his assets were \$13,000 in advance of this sum, and that Samuel set out his liabilities as \$1000 of a character like to those of his father, while his assets amounted to \$7000, and Harry is said to have declared his liabilities as \$3000, while his assets were set at \$11,500. It is now declared that this was a false statement of their affairs, and that the money advanced upon the faith of these several statements has not been repaid. The father and younger son arrived in the city Sunday from St. Louis, and Samuel came in from South Bend, Ind. The sons described themselves as tailors, while the father is retired. All were admitted to bail in bonds of \$2500 for each.

Sic Transit
 OTTAWA, Jan. 16.—(Special.)—It was a sad-eyed trumvirate which viewed from the heights of the Speaker's gallery this afternoon the legislative throes of the house of commons. First entered Mackenzie King, the "little boy blue" of the late administration, who sits in solemn silence, his head resting in his hands on the railing of the gallery, gazing with lack lustre eye upon the scene of his former grandeur. Unto him enter Newton Wesley Rowell, M.L.A., and J. F. MacKay (in a stage whisper) "Mon, but you's an awful sight!" King (absentmindedly) — "Sheer regicide, I call it." Rowell (with grim humor) — "Did you ever see the legislature?" Omnes—"Brethren, let us depart." (Exeunt Omnes.)

BOARD TO INSPECT COMPANY'S BOOKS

Will Endeavor to Discover Street Railway's Dividends and Number of Cars Really Operated—Accusing Evi- dence Against Service Ac- cumulating.

By the time City Counsel Drayton has finished the fight with the Street Railway Company, Toronto will realize to the full extent that she holds the cake for having the most unsatisfactory transportation system within a radius of a good many hundred miles. Complaints—complaints founded on solid basis—keep on pouring into the solicitor, and already there has been sufficient evidence secured to warrant the car company throwing up the glove and admitting that the service is far from what it should be. Yesterday afternoon's rather warm session will be followed by several days of investigating the books of the company. This will take place in the offices at the corner of Church and King-street. The object will be to see how many cars the company has placed on the different routes since 1907 and the dividends proclaimed. Mr. Drayton has no fear that the number of changes made during the past few years will in any way weaken his case for an immediate better service and fewer most confident that the dividends paid will warrant the expenditure of the necessary money in improving the system, as requested by the city. The public enquiry will be resumed in the city hall on Jan. 31.

Kicks From Every Corner.

To the man living in the east it appears as if the street car company has some grudge against that section of the city, while the man in the west is almost certain that there is no attempt being made to run an adequate service, and the man in the north end is in the same frame of mind concerning his part of the town. In other words, the complaints are so numerous and from so many sources and directions that it almost appears that the company has some object in view which would pay better than collecting fares.

The Dundas line at one time was considered a very good one—but of late, like others, it has degenerated and, according to J. J. Steele, 151 Humboldt-avenue, during the rush hours the passengers are crowded in "like sardines." Mr. Steele had the opportunity thrust upon him of waiting in the cold at the Union Station last Saturday for twenty minutes, and then a sight for sore eyes in the shape of a real street car came along, but it was going so fast that it cut out the stop, and Mr. Steele had to catch in the shelter of a white post for a few minutes longer until another transportation vehicle arrived.

SHOT HIMSELF IN STATION

Young Man, Unidentified, Ends Life With Revolver at Kingston.

KINGSTON, Jan. 16.—(Special.)—A man about thirty years of age, unidentified, but believed to be Charles E. Herow of Ottawa or Chicago, committed suicide in the waiting-room at the Kingston and Pembroke Railway station at three o'clock this afternoon, by shooting himself in the head with a revolver. Ticket Agent John Welch was in his office at the time and was the only one in the station. Startled by the shot, he ran out. The man had shot himself in the left temple and was dying. The revolver with which he committed the deed was clutched in his hand. The doctor was called and he was rushed to the H. to Dieu, but he died an hour later, never regaining consciousness. Because of family troubles, James Lambert Petworth attempted suicide. He went in to the woodshed, and procuring an axe tried to put an end to his life by striking himself in the forehead with the back of the axe. His wife found him on the floor with blood flowing from his forehead and he was unconscious. His chances for recovery are good.

KEEP HONOR OF FLAG.

OTTAWA, Jan. 16.—(Special.)—Geo. Bradbury of Selkirk is introducing a bill for the protection of the flag. He proposes that the defacement of cuts of the national bunting be prohibited and made illegal. Under the proposed legislation the flag may not be used in advertisements with the body of the flag defaced with words. It will also be illegal to use the flag to advertise the holding of auction sales.

CANADIAN MINK.

The most popular fur in all the world is Canadian mink. It is the richest in coloring and in texture. Canadian mink is naturally a snug, warm fur. It wears well and is still new five years hence. In the Dinesen sale, now going on, you will find some splendid examples of these garments at very low prices.

WILFRID: It's a'f, Alan; they've tied up the pump at Ottawa.

BLAME PLACED ON ENGINEER

Hamilton Held Criminally Responsible for Wreck Which Cost Six Lives—Engineer Paquette Exonerated.

MONTREAL, Jan. 16.—(Can. Press.)—A coroner's jury to-day found Engineer J. C. Hamilton criminally responsible for the wreck on the Canadian Pacific Railway which resulted in the death of six people. Hamilton was engineer on the first engine on the double-header from Quebec which crashed into the train from Montreal, which was standing at St. Vincent de Paul Station, expecting the train from Quebec to take a siding. Hamilton was not present in court, as he is still in the hospital, suffering from two broken legs and internal injuries, the result of the collision; but his deposition was read by the coroner. It was to the effect that at Terrebonne, the station before St. Vincent de Paul, he noted that the "air" on his engine was not working, and signaled to Paquette, the engineer on the second engine, to take charge of the stopping of the train. He believed that Paquette understood. About half a mile from St. Vincent de Paul he found that the train was going too fast and whistled for Paquette to apply the brakes. This Paquette did not do. He declared that if Paquette had done so the disaster would have been averted.

POTATOES ON FREE LIST.

WASHINGTON, Jan. 16.—A suspension for six months of the tariff duty of 25 cents per bushel on potatoes was proposed in a bill introduced to-day by Rep. Ayres of New York. The bill's aim "that the scarcity of potatoes in the markets of the United States has raised the price to a point almost prohibitive to the consumers."

Home Rule Meeting in Belfast

BELFAST, Ireland, Jan. 16.—(Can. Press.)—Events are shaping themselves in connection with the home rule campaign in Ireland so as to give the expectation of a lively time on February 8, when John Redmond, leader of the Irish Nationalists in the house of commons, and Winston Spencer Churchill, First Lord of the Admiralty in the British cabinet, are announced to speak here on the same platform in behalf of home rule. The Ulster Unionist Council met this afternoon under the presidency of the Marquis of Londonderry, a former viceroy of Ireland, and passed with acclamation a resolution expressing astonishment at the challenge thrown out by Winston Churchill, John Redmond and Joseph Devlin, the Irish member of parliament for the west division of Belfast, who is also taking part in the demonstration on February 8. The participants in the Unionist meetings promise that adequate steps shall be taken to prevent the home rule meeting being held.

SOON START ON WELLAND CANAL

St. Catharines Stirred by Rumors That Are Accepted as Well Founded—Grenville Route Abandoned.

ST. CATHARINES, Jan. 16.—(Special.)—There seems to be an air of mystery in this district concerning the proposed Welland ship canal. Rumors are that there will be something doing very shortly in way of an announcement, that the government has practically decided to build the canal and that work will be delayed not much longer. As to appropriation for surveys, it is said that the larger part of it will go to pay for work already done. It is pretty well understood that the route will be from Ten Mile Creek up thru Homer and on thru the centre of the east side of Thorold. There is no reason to doubt that the so-called Grenville route has been definitely abandoned and that there will not be any great difficulty in the way of this city obtaining the consent of the government for the building of a high level bridge across the old canal. These rumors come in such manner as to give them considerable weight. Superintendent Weller of the Welland Canal, is said to have a few days ago semi-publicly declared that St. Catharines, in the course of ten years, would be a city of 50,000 population. If the canal work is to be rushed, as it is now said it will, there is little reason to doubt this statement.

Loyal Reception for King and Queen

Grand Naval Review at Spithead Will Mark Triumphant Return From India.

LONDON, Jan. 16.—(Can. Press.)—King George and Queen Mary, who are now passing thru the Red Sea on their return voyage from India, are to have a great welcome on their arrival in England. On Feb. 4 a great naval review at Spithead is to be held, and when the royal party arrives in London, although no formal reception has been arranged, the public is prepared to accord the King and Queen an enthusiastic reception on their way from the station to Buckingham Palace. At Malta and at Gibraltar there will be a naval welcome to their majesties in which both the British and French navies will participate. After the return of the King and Queen to London a thanksgiving service is to be held at St. Paul's Cathedral.

Majority Against Viaduct Now 87

Judge Winchester has completed the recount on the Bloor-street viaduct by-law for wards five and six, and the result indicated a majority against the by-law of 87 votes. The total gains of the day for the viaduct were 56, the gains against were 31.

IRISH SYNOD FACES CRISIS

Primate Calls Meeting to Consider Serious Situation—Two Hostile Camps.

DUBLIN, Jan. 16.—(Can. Press.)—In connection with the campaign of resistance to home rule, the primate of all Ireland (Church of Ireland), the Most Rev. John Baptist Crozier, after consulting with the Archbishop of Dublin, the Most Rev. Joseph Ferguson Peacocks, and other bishops, has resolved to call a special meeting of the general synod of the Church of Ireland, at Dublin, on March 21, to consider the crisis. The general belief is that before this date the government will have presented the home rule bill in parliament, so that its outlines will be in the hands of the synod. The primate, during the course of an interview to-day, said that the prospect of another home rule bill was doing incalculable injury and has practically divided Ireland into two hostile camps. It has also accentuated religious differences, he said, to an extent unknown in recent years.

YOUTHFUL SKATER DROWNED.

BROCKVILLE, Jan. 16.—(Special.)—Clarence Fraser, aged 15 years, skated into an air hole while crossing from Grindstone Island in the St. Lawrence to the main shore after dark. Searchers found his skate sail frozen in a treacherous spot at the foot of the shoals known as Eagles Wing. There the body was found in forty feet of water.

A CORNUCOPIA OF PLENTY.

Such is the offering of the Princess for to-day, as it will include Mrs. Fiske's highly amusing portrayal of "Mrs. Bumpstead-Leigh" at the matinee, and to-night the first time on any stage, of "Julia France," by Gertrude Atherton. No "first night" ever witnessed in Toronto, few ever witnessed anywhere, could compare in interest with that scheduled for to-night.

THOROUGH CLEAN-UP IS DOHERTY'S PROGRAM

Civil Service Commission Will Appoint Sub-Commissions for Deeper Probing, Altho Opposition Fears Injustice to Employees Who Can't Engage Counsel.

OTTAWA, Jan. 16.—(Special.)—Hon. C. J. Doherty's bill to amend the Inquiries Act, which passed its second reading and went into committee to-day, the opposition seemed to fear, as the mover of the bill put it, "some Machiavellian machinery" to prevent the poor government employe from obtaining justice when Hon. A. B. Morin's investigating commission begins to get busy. The government's idea of a self-propagating broom in the departmental housecleaning in the shape of sub-commissions appointed by the commissioners especially struck terror to their hearts. An amendment by Hon. Wm. Pugsley for investigations on petition of forty members of parliament was rejected and two other amendments held over for further consideration. Hon. F. D. Monk pointed an alarming picture of the hordes of lawyers, which would overrun the commission if every employe who might suspect that his conduct might be impugned were given the right to be represented by counsel. He had no objection to any civil servant, whose conduct was actually called in question before the commission being so represented.

An amendment by Hon. Wm. Pugsley for investigations on petition of forty members of parliament was rejected and two other amendments held over for further consideration. Hon. F. D. Monk pointed an alarming picture of the hordes of lawyers, which would overrun the commission if every employe who might suspect that his conduct might be impugned were given the right to be represented by counsel. He had no objection to any civil servant, whose conduct was actually called in question before the commission being so represented.

Monk's Clear Vision.

"Militarism," exclaimed Hon. Rodolphe Lemieux, when Hon. F. D. Monk proposed in committee of supply to spend \$70,000 for an armory and gun shed at Levis, Que. "Ah, but my honorable friend should realize that the soldiers have fallen from my eyes. I no longer see them a glass dimly," retorted the minister of public works, who hastened to add that militarism and the defence of one's own native hearth were two entirely different things. Substantial progress was made with the estimates, about \$2,500,000 being voted for public buildings at the capital and in Quebec and Nova Scotia.

Transfer of Records.

Rt. Hon. R. L. Borden introduced a bill to authorize the transfer of public records, documents and other historical material from the various departments to the public archives, to be placed in the custody of an officer to be called the Dominion archivist, with the rank and salary of a deputy head; to provide for the purchase of records, documents and material, and for expenses in connection therewith; and to provide for the appointment of such officers and clerks as are required for the proper care of the archives. When the house was in committee on the bill of Hon. C. J. Doherty to amend the Enquiries Act by conferring on commissioners the power to employ such experts to take evidence for submission to the commission, Sir Wilfrid Laurier and Hon. Wm. Pugsley urged that parties who might be investigated by such commissions, be given the right to be represented by counsel, and Mr. Pugsley moved an amendment to attain this end. The premier did not think this necessary, as it was at present within the discretion of commissions to hear counsel.

Too Much House-cleaning.

Hon. C. J. Doherty saw the difficulty in the amendment that if a department were to be investigated, every employe of that department might be said to be investigated.

Double-breasted coats stylishly cut, single-breasted vest, and knee pants well lined. They are made in good, strong serviceable English tweeds in dark mixtures in mostly stripe effects; good quality Italian cloth linings; sizes 28 to 33. Semi-Annual Sale price 2.65
—Main Floor—Queen St.

See This High-Grade Underwear for Boys, 29c

By the merging of two broken lines of boys' underwear we get a complete range of sizes, not in each line, but in the lot and offer them Thursday at 29c. Winter weight Shetland Wool Garments, with a slight percentage of cotton interwoven, that strengthens it and prevents shrinkage, also takes away that scratchy feel to which the boys object. The shirts are double-breasted satin facings. The other line is a fine grade of fleece-lined underwear in warm winter weight with fluffy fleece and edges bound with sateen, drawers are strongly interlined at waist; sizes in lot 24 to 32. Reduced price .29

Neckwear for Men and Boys, 5c

Four-in-hands in great variety of pattern and color; shield knots in plain shades and shield bows in light and dark patterns. Greatly reduced to clear the lot Thursday. Come early. Special price, each 5

Men's Sweater Coats, large assortment of winter weight garments including blue, grey, and brown, with various colored trimmings; they have "V" shape necks, two pockets and heavy close fitting cuffs; sizes small, medium and large. Reduced price 69

Men's Motor Scarfs—the season's favored neckwear for men—in good quality wool with heavy, soft nap; they are 48 inches long and 9 inches wide, heavy wool tassels at ends. Plain shades, in light and dark grey, navy and green. Reduced price 29

Men's Suspenders—strong, elastic webbing in light and dark fancy patterns, and in the popular cross-back style, with white leather cast-off ends, dome fasteners and nickel adjustable buckles. Note this price 15

Good News for Every Man and Boy—Collars Going at 5c

There'll be another commotion in the Men's Collar Section Thursday, for a large supply of fresh, new collars have arrived to be disposed of at each 5c. They're a clearance of a well-known collar manufacturer's seconds, or collars slightly imperfect in laundry or making—but the wearing quality is right there just the same and the imperfections are largely, hardly noticeable. All styles and heights are among the lot. Straight band, double fold, turn-point or wing and turn-down collars in all depths. Hurry and get your supply Thursday. It's an opportunity you can't afford to miss; sizes 12 to 18, each 5

—Main Floor—Centre.

One Advantage of the Fur Coat and the Reason You Should Buy Now

With the advent of the modern heating apparatus which keeps banks, offices and homes at summer heat the heat apparel with which man was wont to adorn his person became unbearable, yet if he wasn't to catch cold upon going out, he had to put up with it.—The Fur-lined Coat has changed this to a marked degree, he can wear light weight wool underwear and feel comfortable within doors and he may step from summer heat into wintry zero blasts without danger if he is wrapped with a fur-lined coat.

Why you should buy now—because of our determination not to carry over any fur-lined coats. The beginning of the season for you is a well advanced season for us and in order to sell them before stock-taking time arrives, the prices are greatly reduced. For instance here is a coat now offered at \$65.00. It is a fine quality beavercloth shell lined with fluffy and evenly matched Canadian natural muskrat skins with collar of otter cut in the notch style. Barrel buttons and loops. Semi-Annual Sale price 65.00

Another splendid value in Men's Fur-lined Coats is one at \$80.00. Beavercloth shell, lined with selected black Russian rat—the best fur of its kind to be had—and with collar of rich, dark otter, in the notch style. Dressy and stylish coat, handsomely tailored and finished. Special reduced price for Thursday 80.00

Toques! Children's Toques, 25c

For the second day of our special sale of toques, every style in stock is priced at this very low figure. Long toques with tassels, short hockey toques and the style with point band are all represented; they are all wool, in honeycomb, herringbone and plain stitch, in numerous colors and combinations. Semi-Annual Sale price 25

Men's Winter Caps, 39c

Our six day cap sale was a huge success, in fact clearing us out of caps which we were selling at 39c. The present lot is a new purchase from wholesalers that are glad to clear out remaining winter stock at a sacrifice; we pass

this chance on to you. The caps are mostly in the golf shape, with a sprinkling of the Brighton style and in tweeds, worsteds and melton cloths—all fitted with inside turn-down bands fur-lined. Special price 39

THE T. EATON CO. LIMITED

Thought Drowned But Is Much Alive

Cruckshank, Who Disappeared From Brockville Under Peculiar Circumstances, Located in New York.

BROCKVILLE, Jan. 16.—Barton S. Cruckshank, who disappeared from his home across the river, on the night of June 27, 1910, and who, it was thought, was "drowned," was located to-day in New York.

Cruckshank was establishing a summer school for boys on the opposite shore. On the night mentioned, he disappeared after leaving Morrisstown, where he had been for his mail. The next morning his canoe was found floating near the shore with one oar missing and the other broken. Cruckshank always rowed in the canoe. Mrs. Cruckshank and his brothers never let up in their search, and a message received here this afternoon stated that he had been located by the adjutant-general of the United States army in New York. He is preparing a statement to his wife as to his movements since his disappearance.

Child May Lose Eye.—KEN'S (Special).—Edna Silver, the little daughter of Robert Silver at Morven, may lose the sight of her eye as the result of a queer accident. She was swinging a button on a string when the button broke and part of it entered her eye.

N. Y. BRICK FIRM SUES LOCAL STOVE MAKERS

The Newton Frick Brick Co. of Albany, N.Y., brought suit before Judge Morgan at the city hall yesterday, against Messrs. McIntyre and Taylor of Toronto, stove makers, for the recovery of a promissory note for \$264, given in payment for brick, and for \$110.22 on a previous order. The plaintiffs claim the stove companies endorsed the note for 60 days, but that it was protested when presented. The defendants have filed a counter claim, in which they assert much of the brick was defective, and ask \$200 damages. The case will be resumed when several new witnesses appear.

ACME OF SERVICE.

Taking into consideration the magnificent equipment supplied by the Canadian Pacific, even at full tariff rates, every day is a bargain day for the traveling public. The new compartment cars recently put in service between Toronto and Ottawa, and Toronto and Montreal, on trains leaving North Toronto at 10 p.m. daily, in addition to the electric lighted sleeping cars, also operated on this train, make it second to none on the continent. The compartment cars have a style all their own, being the latest in construction and appointment. They are electric lighted throughout; absolute privacy is assured; individual toilet requisites, etc. "A Premier Train" is the general verdict; some say, a credit to Canada.

SUPERFLUOUS.

Anglican Bishop Reeve and Rev. Dr. Burke, Roman Catholic, both stated yesterday that they did not consider the use of the word "obey" of any great importance in the marriage ceremony. It is not used in the Roman Catholic ceremony. Rev. C. O. Johnston, Methodist, stated that he did not use it.

ANOTHER MAN OF MYSTERY.

INDIANAPOLIS, Ind., Jan. 16.—(Can. Press).—"When you arrive in Omaha to blow up the powderhouse, you will be met by somebody who will show you where it is." That statement, said by Orrie E. McManigal, the confessed dynamiter, to have been made to him by John J. McNamara, the convicted secretary-treasurer of the International Association of Bridge and Structural Ironworkers, was quoted into at the federal grand jury's investigation of the dynamite conspiracy to-day. McNamara says, in response to the instructions from McNamara, he went to Omaha in July, 1910, to blow up the power plant of an "open-shop" contractor and was met by a man, whose name he gave. The 18 days' sessions of the grand jury so far have disposed of about 200 witnesses. More than 100 witnesses still are to testify.

PURITY OF MUSKOKA AIR.

Sir Wm. Oster has said that nowhere the wide world over will you find a purer or more invigorating air for the consumptive than in Muskoka. Thousands of men who sought fresh health among the Muskoka lakes, woods and rocks will readily confirm this opinion. Patients at the Muskoka Homes for Consumptives are ever ready to bear favorable testimony on this point. One patient has said: "This institution has perhaps saved my life. I had tuberculosis, with a slight cavity in my right lung, which is now practically healed. At home, although in the country, the air felt thicker and heavier, but here it is light and strengthening. I have a wife and four children and it is pretty hard for me to be away from them, but there is consolation in knowing, Wm. Oster has said that nowhere the wide world over will you find a purer or more invigorating air for the consumptive than in Muskoka. Thousands of men who sought fresh health among the Muskoka lakes, woods and rocks will readily confirm this opinion. I have a wife and four children and it is pretty hard for me to be away from them, but there is consolation in knowing, Wm. Oster has said that nowhere the wide world over will you find a purer or more invigorating air for the consumptive than in Muskoka. Thousands of men who sought fresh health among the Muskoka lakes, woods and rocks will readily confirm this opinion. Patients at the Muskoka Homes for Consumptives are ever ready to bear favorable testimony on this point. One patient has said: "This institution has perhaps saved my life. I had tuberculosis, with a slight cavity in my right lung, which is now practically healed. At home, although in the country, the air felt thicker and heavier, but here it is light and strengthening. I have a wife and four children and it is pretty hard for me to be away from them, but there is consolation in knowing, Wm. May Play on Coast For Stanley Cup

Ottawa or Wanderers Would Take the Long Trip—Think It Would Pay.

OTTAWA, Jan. 16.—The Stanley Cup games may be played this year out on the Pacific Coast; that is, the games with the Pacific Coast champions, at any rate.

It is learned that both Ottawa and Wanderers would be favorable to taking the trip out in the event of their team winning the championship of the N. H. A., and the other two teams would also consider such a proposition.

With hockey booming in Vancouver, it is thought that the game would be large enough to make the long jump pay, the team taking it, as much as home games would. Then, the eastern team would be able to play a series of exhibition games, that would swell their receipts.

The fact of the best eastern team playing championship games on the coast would also boost hockey out there. Two games could be arranged with all the teams in the B. C. League, and these games would be sure to bring out big crowds. While hockey has as yet been sold about this matter to the Pacific, it is likely that the N. H. A. officials will talk the proposition over with them within the next couple of weeks.

Indoor Baseball. The following are the games to be played in the Queen's Own Skiffs Indoor Baseball League during winter months: Jan. 17-3 p.m., A. Co. v. C. Co., E. Co. v. L. Co., 9:30 p.m., B. Co. v. G. Co., K. Co. v. L. Co.

Feb. 2-3 p.m., A. Co. v. B. Co., E. Co. v. L. Co., 9:30 p.m., C. Co. v. G. Co., E. Co. v. L. Co.

Feb. 7-8 p.m., B. Co. v. G. Co., E. Co. v. L. Co., 9:30 p.m., A. Co. v. C. Co., E. Co. v. L. Co.

Feb. 11-3 p.m., B. Co. v. G. Co., E. Co. v. L. Co., 9:30 p.m., A. Co. v. C. Co., E. Co. v. L. Co.

Feb. 14-3 p.m., B. Co. v. G. Co., E. Co. v. L. Co., 9:30 p.m., A. Co. v. C. Co., E. Co. v. L. Co.

Feb. 18-3 p.m., B. Co. v. G. Co., E. Co. v. L. Co., 9:30 p.m., A. Co. v. C. Co., E. Co. v. L. Co.

Jeff Has a Brain Like a Flaxseed

By "Bud" Fisher

Now on your side you'll notice that the bottom rung is missing so when the fly walks up my side and starts down your side of the ladder.

He comes to where the steps are gone and dashes his brains out on the marble.

Now I've invented a fly trap, it can't fail, it makes the fly exterminate himself, it'll explain it to you.

I hope it's a better scheme than you had yesterday.

You see you get a marble top table like this then you put up these two little ladders.

Now on your side you'll notice that the bottom rung is missing so when the fly walks up my side and starts down your side of the ladder.

LABOUCHERE PASSES CAREER NOTABLE ONE

Strongly Radical Views, Aired in Parliament and Truth, Gave Him World-wide Reputation.

FLORENCE, Italy, Jan. 15.—Henry Labouchere, the editor and proprietor of The London Truth, died at his villa here this morning.

Owing to falling health he had resided in Italy since 1906. Henry Dupre Labouchere was during his long life one of the best-known of English journalists and members of parliament. Born in London in 1831 and the interior of Ontario which left him free to follow his own bent, his earlier life was full of incidents of a highly romantic character.

Parliamentary Career. Labouchere left the diplomatic service in 1864 and three years later was elected a member of parliament for Middlesex. He sat for one year, and was again elected for Northampton in 1868, which constituency remained attached to him till his final retirement in 1895.

Editor of Truth. Labouchere was most widely known thru his own journal, Truth. This was an offspring of The World, founded by Edmund Yates, with which Labouchere was at first associated as city editor.

Spencer's estate is valued at \$127,066. His beneficiaries are Charles Allan Spencer, Harry W. Spencer, sons, and Patricia Spencer, daughter, all of Montreal. Each will receive one-third.

NEW BRUNSWICK'S PLEAS

Ask Federal Government to Settle Fisheries and N.T.R. Claims. MONTREAL, Jan. 16.—(Special.)—A New Brunswick delegation composed of Premier Fleming, with Hon. Messrs. Grimmer and Maxwell, attorney-general and president of the council, respectively, passed thru the city today en route for Ottawa.

Her's an offer no weak man can afford to miss. If you are tired of useless dragging COME NOW.

What's the use of dragging your legs about like a wooden person? Feel like a paragon of spirit. Away with pains and aches, off with this wretched feeling as if you were eighty years old and had one foot in the grave.

Excellent Connections for the Sunny South. To meet the demand of the southern travel which is increasing in places this season of the year, the C. P. R. is pleased to inform the public of the excellent connection made by Detroit with the Pere Marquette for Jackson and other southern points.

THE following letter is typical of many constantly being received from satisfied owners of the Russell Car:

Respectfully submitted: S. J. MOORE, 53 King St. West, Toronto.

GENTLEMEN.—It affords me pleasure to testify to the great satisfaction I have had in the use of the "Russell" Car. I am using two "Russells," each with Knight Engine, and they give me almost perfect satisfaction.

Russell Motor Car Co., Limited, 100 Richmond St. W., Makers of High-grade Automobiles.

Russell "42" with Knight Motor, \$3,000 Equipment.

C. W. SPENCER WILL FILE

Succession duty affidavits in connection with the estate of the late Chas. W. Spencer, former superintendent of the C. P. R., at Montreal, who died Nov. 23 last, without leaving a will, were filed in surrogate court at the city hall yesterday.

GREAT MISSIONARY FEAST

Toronto is One of Five Cities to Celebrate. Toronto is to be one of five of the leading cities in North America to hold a great missionary banquet at which the most celebrated men of world-wide fame in missionary work will be the guests of honor.

London Gives Hammerstein Blues

LONDON, Jan. 16.—(Can. Press.)—Oscar Hammerstein, the operatic impresario, expressed a gloomy view as to the future of his opera enterprise in London on account of the failure of subscriptions for boxes.

Stroud Holds Seat

KINGSTON, Jan. 16.—(Special.)—Ad. Allan Stroud retained his seat with an increased majority of two votes as the result of a recount before Judge Price, held by Robert J. Wright, the defeated Liberal candidate. Stroud had a majority of three in the original count, notwithstanding a recount.

Weak Men, Look!

If I Don't Cure You, Pay Me Nothing. Her's an offer no weak man can afford to miss.

Wear My Belt Till I Cure You, Then Pay Me

What's the use of dragging your legs about like a wooden person? Feel like a paragon of spirit. Away with pains and aches, off with this wretched feeling as if you were eighty years old and had one foot in the grave.

I'll give you all the proof you want if you will write to me, and if you haven't confidence in Electricity, let me treat you at my risk. I will give you the Belt on trial without one cent of risk to yourself.

PAY WHEN YOU ARE CURED. Pick out the men who have worn my Belt. See them with head erect, chest expanded, the glow of health in their cheeks, courage in their hearts, and a clasp of the hand that tells you, "I'm a man."

DR. M. G. MCLAUGHLIN, 237 YONGE STREET, TORONTO, CAN. Dear Sir.—Please forward me one of your Books, as advertised. 11-21-11

Porcupine Stocks Sag Lower Under Leadership of Big Issues

Mining Market Turns Weak Again And Prices Gradually Succumb

Related Liquidation in Porcupine Issues Finds Market in Vulnerable Position—Vipond Bears Brunt of the Selling.

World Office, Thursday Evening, Jan. 15.
The Porcupine stocks were under selling pressure again to-day, and under an almost continuous flow of liquidation, prices gradually sagged along the whole line.

The trend of the movement was borne by the high priced issues, Hollinger and Rea, but the downward tendency of these erstwhile leaders was reflected in the cheaper stocks, and several spasmodic outbursts of realizing impeded freer disposition in the usual speculative favorites.

There was no news of any import marketwise over night, and consequently there was nothing on which traders could base sentiment in regard to the market. Some belated liquidation, occasioned by the recent crisis, came into effect, and it was largely to this influence that the further break in prices was due.

A 60 point decline in Hollinger, which broke to \$12.50, was the most outstanding instance of market weakness. Rea was also easier, selling down to \$1.48, a loss of 20 points for the day, and both issues closed only a short distance from the low figure for the session.

Pressure on Vipond.
Vipond was hammered mercilessly by the bear interest, and the price fell off 8 points, though there was nothing on which the selling movement seemed based. Other weak spots were Dome Extension, which sold down to 26 1/2, Crown Charter, which was off to 13 again, and Preston, which dropped to a new low level at 7. Flanagan, on the other hand, made its appearance in the list, selling at \$1. Porcupine Southern was strong at a further advance.

A moderate rally occurred in the late dealing, when the incoming of some fresh buying induced a slight trend of prices. The closing was generally at a small gain from the bottom level.

The list on the whole showed an easier disposition, but outside of the special instances where selling was centered, prices did not undergo any material change.
The market has passed thru a decided crisis during the last few days, but indications point to the fact that the air is gradually clearing, and on this account sentiment is somewhat more favorable than during the last few sessions.

PREVENTING MINE ACCIDENTS

Coal-owning Railroad Across Border Conducts Educational Campaign.

NEW YORK, Jan. 16.—The Delaware, Lackawanna & Western has copyrighted a book on mine accidents and their prevention, the right and wrong way to do things in the mines, which should go far to stop the mine worker from causing accidents through ignorance. Many mine disasters are caused through carelessness.
The ignorant miners' actions, however, can be regulated by the proper education to such an extent as to make preventable accidents almost negligible. Under these circumstances Lackawanna's efforts to improve the condition of the mine worker is worthy of more than passing interest. The company is now establishing schools throughout all departments of the mines and will use the new book as a text book.
One-half of each sheet is taken up with pictures from which even the most ignorant miner cannot fail to learn practical lessons of action and results. The remainder consists of simple sentences with the essential words at the left according to the Dr. Roberts' method, with the important words governing the platter at the bottom of the page.

TO WORK GREEN-MEEHAN

New Company Already on the Job—\$75,000 Ore on the Dump.

The syndicate which acquired the Green-Meehan property in the Cobalt camp last week is already on the job, and it is announced that active development operations will be under way almost immediately.
The property was not secured by the Santa Maria Mining Co., which has been working the claim under the lease, but was bought by an American syndicate, composed of Detroit and Buffalo capitalists. These propose to install a mill in the near future. Meanwhile Mr. Striker, representing the incoming interest, went up to Cobalt last night and will make arrangements for future development work.
The Green-Meehan was sold for \$150,000, the payments being distributed over a term of six years. It is reported that there is ore worth approximately \$75,000 on the dump at the mine.

Porcupine Gold Belt

The stock of the Porcupine Gold Belt Mines, Limited, has been listed on the Montreal Mining Exchange. This company is controlled by English capitalists, who are represented on this side by Baron George von Poles, who is president of the company. The properties are situated in the centre of Tisdale, and a force of men have been engaged to carry on development work.

AIR IS CLEARING

From reliable sources it was learned last night that affairs in connection with the suspension of Messrs. E. D. Warren & Co. were making satisfactory progress, and was understood that the firm would be able to make reasonable arrangements with its creditors, so that it could resume business within a very short time. From the same source The World was informed that the buying in the mining markets at the present time was of an exceptionally good character, and represented the accumulation of interests who are convinced that the recent crisis has put prices down to a point wholly out of line with intrinsic merits. The air is gradually clearing, and from all present indications it will not be long until conditions have fully righted themselves.

Much Activity at West Shining Tree

Diamond Drills to Go in Mining Company Incorporated at Telluride, Colo.

The West Shining Tree Gold Camp continues to come to the front, and from all present indications the incoming spring will witness considerable development work. Two diamond drills are to be sent into the district this winter, and will operate on the Morris Caswell and Gossett properties, which are now controlled by Dutch interests. It is not yet decided how deep the drills will be put down, but it is understood that the properties will be thoroughly tested by this means.
The first West Shining Tree mining company has been incorporated. It is the Duluth West Shining Tree Mining Co., Limited, and is capitalized at \$200,000. The property taken over is known as the Morris Caswell. Ten men are at present working on the claims.
The Telluride Lake district, situated some five or six miles west of West Shining Tree, is also coming in for some attention. Prospecting was done there as far back as 1904, but nothing significant was found. The past year, however, several promising discoveries were made by Morley Caswell, and later on by two other prospectors, Peter and George, all of whose claims. Quite a rush into the region is expected this spring.

ANOTHER GOLD RUSH

Free Gold Showings in Parkins Township in Sudbury Division.

A small-sized gold rush is on up north into Parkins Township, east of the Moose Mountain district, in the Sudbury mining division. The first discovery was made some time ago by a prospector named Grant, who uncovered a promising lead of quartz in the dike formation. The vein was found on the face of a bluff, and has been traced for a distance. The hanging wall contains visible gold, especially where the vein material has been oxidized, and it was the announcement of this fact that caused the rush into the district. A good many claims have already been staked.
Parkins Township is situated just to the north and west of Wahnajustee Lake, and is reached from Sellwood's Station on the Canadian Northern, from which it is only a few miles distant.

A Daily Newspaper for Porcupine

The Porcupine camp has now a daily newspaper, the Porcupine Press, which blossomed out into a full-fledged daily journal at the end of last week. It was formerly published once a week. It is printed in South Porcupine.

GOLD IN MANITOBA

MINNETONKA, Man., Jan. 15.—This village, six miles west of Winnipeg, is in the throes of great excitement as the result of finding gold nuggets north of the town in the black sand.
All shops are closed. Two hundred claims have been staked, and the rush is apparently on a grand scale.
A Klondike prospector claims the nuggets were found in the black sand. Some black sand was washed and also showed the traces of gold.

SPLENDID OPPORTUNITY TO VISIT TORONTO.

Cheap Excursion From Canadian Northern Stations, Brighton to Ottawa Inclusive, Thursday, Jan. 16th, 1914.
Come and bring the children. Toronto presents many attractions at this season: Theatricals, hockey matches, stores and public places of entertainment. Regular morning train next Thursday. No crowding. Beautiful new well-ventilated equipment.
Rates: Ottawa, \$1.50; Bowmanville, \$1.25; Orono, \$1.50; Cobourg, \$1.25; Port Hope, \$1.75; Colborne, \$1.25; Brighton, \$2.50. Other points in proportion.
Children, half fare.
Tickets good to return January 19, except from Ottawa and west; valid to return same day only. Tickets and all information from C.N.O. agents.

HUSBAND IN MORNING FOUND WOMAN DEAD IN BED.

Lying in her bed in a room adjacent to one rented on account of the disorderly conduct of the inmates, the body of Mrs. Larry Hatt was found at 1 1/2 o'clock this morning. She had been dead for some time, and the chief coroner is investigating.
The husband says that she was alive at 4 o'clock yesterday morning and was removed to the morgue and sleep. He discovered that she was dead at 7 o'clock.
John Naylor, Mrs. Sheehan and May Dynes were taken in the raid of the adjoining room. Mrs. Sheehan and Nagle were charged with keeping a disorderly house, and the Dynes woman was found for thirty, and the woman for ten days, while May Dynes was allowed to go.

O'CONNOR MAY BE TRIED HERE FOR THEFT IN REGINA

Sydney O'Connor, arrested here for theft of \$90 from a fellow roomer in a house in Wilton-crescent, and who is also wanted in Regina for theft of \$300 in cash and more than \$15,000 in securities, admitted the theft from the Wilton-crescent house in police court yesterday morning.
He will be turned over to the Regina authorities, who have wired that an officer has left to take him there. Meanwhile, O'Connor was remanded a week. He may be tried here for the violation of the provisions of the act brought to Toronto and was recovered here by the police.

Starving, Sell Children.

LONDON, Jan. 15.—A telegram says that the starving peasantry in the Government of Orenburg, on the River Ural, Russia, owing to not having received any assistance from the authorities to relieve famine, are selling their children to the Khirgese Nomads in the Government of Saratov.
More than 70 per cent. of the children are stricken with a fearful epidemic in some of the villages.

PRINCIPAL SCOTT'S FIFTIETH TEACHING YEAR CELEBRATED

Yesterday afternoon the staff of the Toronto Normal and Model School gathered to celebrate the fiftieth anniversary of Principal Scott's work as a teacher. Had it been a natural family gathering there could not have been a more general feeling of the best spirit of true congratulation. Accompanying the expressions of good will was a presentation of sterling silver and Dresden China. Mr. Scott replied most feelingly, recalling the circumstances under which he began teaching, which seemed as tho he were but yesterday, and attributing his success in his work to his splendid masters of the past and the congenial associations he had always had in the performance of his duties.

To Spend \$5,000,000 on Hotels.

MONTREAL, Jan. 15.—It was announced to-day that the C.P.R. will spend \$5,000,000 in extensions on its hotel system this spring. The hotel in Banff is to be increased in height to 14 stories.

AUGUSTINE AUTOMATIC ROTARY ENGINE CO. OF CANADA, LTD.

ANNOUNCEMENT

To Our Stockholders and Those Prospective Stockholders Who Have Made Enquiries:

There is now just a little time left for you to obtain the stock of the Augustine Automatic Rotary Engine Company of Canada, Ltd. at the opening price. We have held to this opening price until now, the beginning of the new year, so that all our early callers, investigators and enquirers could have ample opportunity to carefully consider the advisability of making an investment in our stock. We have told those who were among the first to join us that the initial advance in the price of this stock would be made at about this time.

The stock of the company was opened at par, \$25 a share, with a bonus of one share of the patentees' stock with each share of the treasury stock taken, making eight shares for \$100—face value \$200—or eighty shares for \$1,000—face value \$2,000—thus actually making the price \$12.50 a share, or, in other words, half of par. Now, ON AND AFTER JAN. 22nd, 1914, and until further notice, the treasury stock will still be sold at par, but ONLY THREE SHARES OF BONUS STOCK will be given with every FOUR SHARES OF TREASURY STOCK taken—or, in other words, for each \$100 subscription the buyer will receive SEVEN shares of stock, and for each \$1,000 subscription the buyer will receive SEVENTY shares. This is equivalent to a 12 1/2 per cent. increase in the value of the stock.

There will be still another reduction of one share on each \$100 worth taken in the near future, and so on until the stock is sold at par with no bonus whatever.

We hope you will take advantage of the present price—eight shares for \$100. Do not ask us to extend the time beyond the 22nd—we cannot do it. BUY NOW.

It will interest all our stockholders and friends to know that on the 12th of last month the Canadian Patent Office issued to us another patent on the steam features of the Augustine invention, ALLOWING US 87 CLAIMS, which was EVERYTHING asked for in our application. This is most convincing evidence that the Augustine rotary engine is in a class by itself. It is no combination of other men's ideas ingeniously joined together. IT IS ABSOLUTELY ORIGINAL, and this latest patent is further proof of it. When it is known that most other patents are generally covered by ten, or less COMBINATION claims, the great scope and magnitude of the Augustine claims, as legalized by the Patent Office, will be understood. Our gasoline rotary engine improvements, which are separate inventions upon which other patent applications are pending, are coming through in due course, and when they are issued YOU CANNOT BUY ANY MORE STOCK IN THIS THE PARENT AUGUSTINE COMPANY FOR CANADA.

AUGUSTINE AUTOMATIC ROTARY ENGINE CO. OF CANADA, LIMITED

No. 80 King Street East, Toronto, Ontario.

WHEN YOU NEED MEDICINE ASK YOUR DRUGGIST

what he thinks of packaged remedies in general, and Nyal's Family Remedies in particular.

Your druggist will tell you that the old idea of magic and mysterious cures—"miracles"—is about played out, and that the public is demanding non-secret, scientifically correct remedies for each ordinary disease, and such are the Nyal preparations.

Your druggist's special training enables him to judge the merits of the different preparations he handles, and he recommends Nyal's Family Remedies to you because he knows the formulas from which they are made, and has thus first satisfied himself that no other packaged remedies on the market to-day are their equal.

are put up always in bright dandelion-colored packages. Give your druggist an opportunity of telling you what he thinks of them.

ONE FOR EACH EVERYDAY AILMENT.

AT THE THEATRES

Mlle. Cochlin in "Les Sylphides," with Gertrude Hoffman at the Royal Alexandra, week of Jan. 22.

TORONTO SYMPHONY CONCERT.

The enterprise of the Toronto Symphony management is again shown in their bringing Leo Slezak, the renowned tenor of the Metropolitan Opera, as soloist for the concert of Wednesday, Jan. 24. Slezak is booked to begin his work at the Metropolitan within a few days, and in the meantime is to make a short tour of the eastern states, Toronto being the only Canadian city on his list. He is said to be an immensely big man, over six feet, with a great big voice and an art equal at least to the best tenors now at the Metropolitan.

JULIAN ELTINGE NEXT WEEK.

Julian Eltinge comes to the Princess Theatre the week of Jan. 22, in "The Fascinating Widow," with everything new in the way of scenery and costuming. A feature that is making the clever star and play popular with the women patrons of the theatre is the splendid costuming of Eltinge and the female members of the company. It affords a better study of fashion plates than a promenade the whole length of the most exclusive thoroughfare of Toronto. "The Fascinating Widow" with its brilliant star, must go down in theatrical history as the feminine record-breaker of the playhouse. Wilma Winter has the leading feminine role this season.

SEATS FOR RUSSIAN DANCERS AT THE ROYAL.

One of the busiest spots in Toronto yesterday was the box office of the Royal Alexandra Theatre, where the advance sale of seats for the engagement of Gertrude Hoffman and the Imperial Russian Dancers was in progress. The wisdom of the management in opening the sale two days earlier than is customary, was attested by the line of patrons which formed before nine o'clock in the morning and continued steadily through the day. In fact, every indication is that "La Saison Russe," from an attendance standpoint, will have a strikingly successful week in Toronto.

THE TRAVELING SALESMAN.

An announcement that will be gladly received by the amusement-loving public of the city is that of the presentation at the Grand next week of the comedy success, "The Traveling Salesman," by James Forbes, who also wrote "The Chorus Lady" and "The Commuters." The character and play have been endorsed by the two most prominent bodies of esleims in the country, the United Commercial Travelers of America and the Travelers' Protective Association. The cast that will present the piece here on this occasion is of unusual excellence.

"We've Found the Blue Bird!" Two Musicians Wed

"The Blue Bird" for happiness—and Clarence Foss and Eliza Rose for the blue bird. "We have found it," they said yesterday afternoon, smiling and shyly, as hand in hand they came from the paragon of the Rev. Dr. Cornish, on Beattie street. Mr. Foss and Miss Rose were married yesterday by Dr. Cornish, Mr. Foss is the first violinist with "The Blue Bird" and she is the pianist with the same organization. They were strangers when they started out on their search, with the Masterlock Fantasy. All the while, in their slight blessedness, the song of the blue bird was always in their hearts. "The blue bird for happiness"—and, well, they went and sought out the person yesterday. Following the ceremony, they were given a wedding dinner by the company, with Manager Nat Roth presiding. They will continue with the company, making the tour their honeymoon.

Scene from "The Traveling Salesman," at the Grand next week.

"THE WHIRL OF MIRTH."

Next week "The Whirl of Mirth" will be the attraction at the Star, presenting 35 bedecked strolling and dancing girls, of face and form divine, in addition to the strongest olio of top notch

Gene Pollard at the Star this week.

vaudiville stars ever seen on a program at popular prices. The management have added a musical burlesque, in two acts, entitled "Dooley's Reception," being the work of one of America's most noted musical playwrights.

SEEKS DAMAGES FROM MOTORIST FOR INJURIES

J. C. Coombes Claims Bicyclist Did Not Exercise Proper Care—T. Williams Wants \$1000.

In the jury civil assize court a hearing before notice was begun yesterday afternoon of the suit of T. Williams, a gardener, of Toronto, against J. C. Coombes of this city, for \$1000 damages for injuries sustained October 7 last, when the plaintiff was run down by a motor driven by a son of the defendant. The accident occurred on Bloor street. Williams claims he was riding his bicycle when Coombes's motor going at an excessive rate of speed, and traveling close to the curb, struck him and threw him to the pavement. Williams asserts he sustained a badly lacerated elbow and was thereafter prevented from carrying on his work as a gardener, for which for the past six years he has averaged a monthly salary of about \$75 a month. The defence pleads not guilty, claiming the accident could have been avoided if Williams had exercised proper care in riding his bicycle. The case will be resumed this morning.

CHINESE ARMISTICE EXTENDED.

WASHINGTON, Jan. 11.—The armistice between the imperialists and revolutionary forces in China has been extended to January 29.

MAY NOT HEAR CALL.

Rev. H. R. Pickup may be prevailed upon to decline the call to Sudbury and stay at College-street Presbyterian Church.

MUSIC TAUGHT FREE

Home Instruction Special Offer to Readers of The World

In order to advertise and introduce their home study music lessons in every locality the International Institute of Music of New York will give free to our readers a complete course of instruction for either Piano, Organ, Violin, Mandolin, Guitar, Banjo, Cello, Brass Instruments or Sight Singing. In return they simply ask that you recommend their Institute to your friends after you learn to play.

You may not know one note from another; yet, by their wonderfully simple and thorough method, you can soon learn to play. If you are an advanced player you will receive special instruction.

The lessons are sent weekly. They are so simple and easy that they are recommended to any person or little child who can read English. Photographs and drawings make everything plain. Under the Institute's free tuition offer you will be asked to pay only a very small amount (averaging 14 cents a week) to cover postage and the necessary sheet music.

No one should overlook this wonderful offer. Tell your friends about it—show this article to them.

The International Institute has successfully taught others and can successfully teach you, even if you know absolutely nothing whatever about music. The lessons make everything clear.

Write to-day for the free booklet, which explains everything. It will convince you and cost you nothing. Address your letter or postal card to International Institute of Music, 98 Fifth Ave., Dept. 270 M, New York, N.Y. 303

ORGANIZE EIGHT DAY RELIGIOUS CONFERENCES

New Interdenominational Movement For Men and Boys Will Draw Up Plans Jan. 23.

Tuesday, Jan. 23, is the date for the organization of the Men in Religion Movement here, the introduction of which in Canada was announced in The World yesterday.

Secretary H. K. Caskey spent Saturday, Sunday and part of Monday at Providence, Rhode Island, personally seeing, on behalf of the Canadian campaign, how it worked, and the effect of its operations.

An interesting fact in connection with the Men in Religion Movement is that when first proposed, the late Rev. Dr. Elmore Harris made a very handsome donation to the international committee's fund, equal in amount to what was then considered to be Toronto's share of the general expenses.

Secretary Caskey said that the movement consists of the holding of eight-day conferences in communities but that a number of churches would be utilized at the same time, and the programs duplicated on consecutive nights. About five departments of men's and boys' work are covered. The most popular and those arousing the greatest enthusiasm in the United States have been work for boys and social service.

Are You a Methodist? The annual missionary prayer meeting of the Methodist Church will be held in all Methodist churches to-morrow, Wednesday, January 17. Both men and women will be in attendance. Service will commence at 7:30 p.m. See announcement elsewhere in this issue of the paper.

When Colds Hang On

You Can Be Sure the Vitality of the System is Running Low.

Fortify Yourself Against Pneumonia and Consumption by Using

Dr. Chase's Nerve Food

You catch cold easily. One cold is not gone until the next one comes. You are unable to shake yourself free, and as a result your system is gradually becoming weaker and weaker. This is the way to pneumonia or consumption. Colds only hang on when the system is in a weakened or run-down condition, and the blood lacks the richness which is required to fight off the disease germs.

A meeting of the executive of the Methodist Women's Mission Board will be held to-day at the Wesley Building.

Wheat Market a Shade Higher After Early Spasm of Weakness

Unfavorable Turn in Crop News Brings Rally Late in Day—Corn and Oats Higher.

CHICAGO, Jan. 16.—In spite of a boggy that great quantities of Canadian wheat in bond would be used by Minneapolis mills to fill export orders, the wheat market to-day wound up at a net advance. Closing prices were 1-1/2c and 1-1/4c to 3-1/2c higher than last night. Strong interests took all offerings and brought about a rise. Corn finished 1-1/4c to 5-1/2c up; oats at a gain of 1-1/4c to 3-1/2c, and hog products varying from 2-1/2c to 2-1/4c additional cost.

After a selling flurry which carried the price of May wheat under the fact developed that, to grind Canadian crops, the mills on this side of the international line would not only have to be put in bond but also to output both of flour and feed, must be exported to sea paying duty. The idea that under such circumstances any large amount of wheat from the prairies of Canada might be expected to see the inside of mills in the United States was rejected forthwith. From now on, however, a good many speculators had been carried off their feet by announcement that Minneapolis and Duluth next month would have the same rate from the Canadian Northwest as Port Arthur and Fort William. An increase in the world's visible supply total counted in favor of the bears, but the Argentine news, including crop and strike advice, tended to help lift the market. The close was firm and within a shade of the top figures of the session. During the day May fluctuated between 87-1/2c and 90-1/4c, with last sales at 87-1/2c to 89-3/4c, a gain of 1-1/4c to 3-1/2c net.

Corn Was Strong.

Decided strength was exhibited by corn. Persistent reports were current that sales for ocean shipment had reached an aggregate of 400,000 bushels. Early in the day, however, prices had a dip, due to milder weather and to a considerable increase of country offerings. May ranged between 54-1/2c and 55-1/2c, closing 1-1/4c to 5-1/2c net higher at 55-1/2c. Cash grades were in fair demand.

The oats crowd seemed all of a bullish tenor. In the result, the absence of selling pressure and advance with other grain proved an annual course. May ranged from 49-1/2c to 49c, with the close at 49-1/2c, a rise of 3-1/2c over last night.

Northwest Receipts.

Receipts of wheat in cars at primary centres were as follows: Week Year To-day, ago. aco. Chicago 12 18 31 Duluth 12 18 31 Minneapolis 27 21 24 Winnipeg 20 26 31

European Markets.

The Liverpool market closed to-day on wheat 1/4d to 1/2d higher than yesterday. Corn unchanged to 1/2d higher. Buenos Aires wheat was 1/2d to 3/4d higher, and corn 1/2d to 3/4d higher. Antwerp unchanged. Berlin 1/2d higher, Budapest 1/2d higher.

Winnipeg Inspection.

Winnipeg receipts of wheat to-day graded as follows: No. 1 northern, 23; No. 2 northern, 23; No. 3 northern, 15; No. 4 northern, 7; No. 5 northern, 1; No. 6 northern, 1; rejected, 1; winter wheat, 5; oats, 8; barley, 16; flax, 11.

Primaries.

To-day, Wk. ago. Yr. ago. Wheat—Receipts 37,000 27,000 457,000 Shipments 37,000 27,000 457,000 Corn—Receipts 215,000 264,000 821,000 Shipments 215,000 264,000 821,000 Oats—Receipts 215,000 264,000 821,000 Shipments 215,000 264,000 821,000

World Visible.

Bradstreet's estimate of week indicates increase of 1,960,000 bushels in the world's visible supply, a decrease of 148,000 bushels in corn, and a decrease of 214,000 bushels in oats. The detailed wheat statement shows 1,960,000 bushels of stock, which decreased 248,000 bushels; increase of 18,000 bushels; increase of 403,000 bushels; total and afloat, increase, 404,000 bushels. Total increase, 1,760,000 bushels.

European Visible.

The European visible supply this week is 57,500,000 bushels, against 58,000,000 bushels last week; increase, 238,000 bushels. Last week there was an increase of 2,710,000 bushels, and last year a decrease of 2,100,000 bushels, when the total was 110,400,000 bushels.

THE ROBERT SIMPSON COMPANY LIMITED

YORK COUNTY West Toronto North Toronto East Toronto

BOARD OF WORKS HOLDS MEETING IN N. TORONTO

Looks Like an Aggressive Council For This Year—Agricultural Gathering.

NORTH TORONTO, Jan. 16.—(Special.)—The inaugural meeting of the board of works committee, with Chairman George W. Brown and Councillors Ball and Boker present. In his inaugural the chairman expressed his appreciation of the honor conferred by his colleagues, and outlined two of three improvements he would like to see carried out. One of these was the better collection of garbage and the issue of licenses for dust-dispersers. The Yonge-street Lumber Company made application for permission to erect a steel structure for the storage of lumber on Yonge street, south of Eglinton avenue. This building will be 65 feet in length, and the town council, while allowing a big steel structure to project out to the street line, finally agreed, if the company would keep back from the street line 10 feet, to allow of the issue of a permit. The matter was referred over without any recommendation. A number of unpaid accounts are standing over from the Crow Crow Construction Company, and, on motion of Councillors Baker and Ball, the accounts were ordered paid. Erskine avenue residents objected that they had no sidewalks, but it was pointed out that it would be necessary to get out a petition in order to attain them. Mr. Bowyer, who has charge of the water service, and is also plumbing inspector, was recommended for an increase of \$3 a week. Councillor Ball moved that a report be presented showing the amount of salaries paid. He also moved that the permanent employees be paid up to thirty cents an hour. Mayor Brown favored bringing in a report showing how much was paid, but objected to the payment of thirty cents an hour at the present stage in the proceedings. Councillor Ball pressed his recommendation that the scale of wages be graded on a thirty-cent-an-hour basis, but Engineer James objected to any raise of

MARVELLOUS RELIEF FOR CORNS, BUNIONS, SORE FOOT LESIONS

Five corns on five toes for five years. Was he lame? You bet. That man was a chump—sure he was. One quarter spent on Putnam's Corn Extractor is sure relief to any old kind of a corn. Putnam's cases 'em in good style—never fail. This is why Putnam's is superior to the cheap imitations that afford the dealer more profit. Use only "Putnam's" Extractor.

MARKHAM AGRICULTURAL SOCIETY

Election of Officers Will Cause Lively Meeting. The annual meeting of the Markham

Agricultural Society takes place in the town hall, Markham, Village, to-day (Wednesday) at 8 p.m. Many and from all appearances will be one of the most exciting in the history of the association. A good deal of interest has been shown in this meeting, and it is likely that there will be a very large representation present. The election of officers and other important business comes up before the members.

TWO KILLED IN SMASH ON INTERCOLONIAL

Engine With Nine Men Aboard Collided With Train From Car Works.

HALIFAX, N.S., Jan. 16.—(Can. Press.)—An intercolonial railway locomotive, on board of which were nine men, to-day collided with the rear of a train of 20 new cars from the Nova Scotia Car Works, which were being run down from the works to the freight yards of the Intercolonial at Halifax. Of the nine men seven were workmen returning to their homes at the end of the day. Two were killed in the collision. Arthur Lilly, aged 25, and Leo Mullins, aged 28. James Robicheau of Moncton, a fireman, had his leg broken in two places, probably necessitating amputation. The other men on the engine escaped unhurt. The accident was caused by the train of cars slackening its speed when nearing the main line, so that the locomotive behind caught up. It was after midnight and the engineer of the light engine could not stop his engine in time to prevent the collision.

A SURPRISE.

On the occasion of a football match, in England, between a number of military officers and a team of lawyers, the former had prepared a splendid lunch for the visitors before the game. Both teams did their justice to the lunch, and the legal gentlemen going in strong for champagne and cigars, the officers anticipated an easy victory. On looking toward the football ground, however, after lunch, the officers espied a remarkably fresh-looking lot of giants kicking the ball about, and in amazement, asked their guests who the strangers were. "Oh," replied one of them, finishing his last glass of champagne, "those are our playing team; we are only the lunching team, you know."

DR. A. W. CHASE'S 25c. CATARRH POWDER

is sent direct to the diseased parts by the Improved Blower. Heals the ulcers, clears the ear passages, stops droppings in the throat and permanently cures Catarrh of the Ear, Throat, Nose, and Larynx. Free. Accept no substitutes. Dr. A. W. Chase, 1000 Bloor St. W., Toronto.

BOMB THROWERS TRIED TO KILL PREMIER YUAN

Powerful Explosive Killed One Man and Injured Others—Rebel Troops Arrive.

PEKIN, Jan. 16.—(Can. Press.)—An unsuccessful attempt was made this morning to assassinate Premier Yuan Shi Kai, one of the central figures of the national upheaval of the Chinese Empire. Premier Yuan Shi Kai's assailants were three well-dressed Chinamen, who are stated to be prominent revolutionaries. They were standing on the sidewalk when the premier's carriage approached. As the vehicle reached within a distance of about 30 yards from the spot where they were standing, one of them threw a large bomb in its direction. The bomb exploded, and the assailant was killed. The other two were injured. The vehicle rattled and shook from the shock of the explosion, but Premier Yuan Shi Kai escaped unscathed. He appeared, in fact, not to be greatly perturbed by the attempt. The havoc caused by the explosion was immense. Immediately around the carriage, a policeman, a soldier and two horses were struck dead. Twelve other soldiers and several civilians, with a number of horses were also badly wounded.

Without waiting to see the effect of their deed, the perpetrators rushed toward a neighboring tea house. Soldiers and police, however, were close on their heels and they were arrested before they were able to make their escape by a rear door. The other men who were suspected of being accomplices in the attempted assassination, have since been arrested. Congratulations from all quarters, including the legations, have been pouring in on Yuan Shi Kai throughout the day. The attack mad against the premier apparently has removed doubts in the minds of the Manchus as to his loyalty. The foreign residents declare that Yuan Shi Kai's death would throw China into a state of lawlessness, demanding immediate intervention by the powers. It is believed that Yuan Shi Kai is necessary to the transition from the old to the new order; otherwise, a change would make a shambles of Peking. The bomb, however, was J.H.H. wipkin. The bomb thrower, who is a native of Kwachow, it is expected, will be executed to-morrow.

FIX WHERE CITY STANDS ON SUNDAY TOBOGGANING

Solicitor Ordered by Board of Control to Report—Ministerial Deputation Strongly Opposed.

To protest against Sunday tobogganing on the High Park slides, a delegation of about forty men, headed by Rev. W. M. Rochester, secretary of the Lord's Day Alliance, visited the board of control yesterday morning and presented their case, which was replied to by a counter delegation. After a rather warm debate, which lasted for nearly two hours, the board decided to instruct the city solicitor to make a report on the legal aspect of the matter, to find out if tobogganing on Sunday conflicted with the Lord's Day acts. The delegation opposing the use of the slides on Sunday, Rev. Wm. Rochester was the main speaker. He said that the delegation at hand represented the opinion of a large portion of the city. They had no intention, he said, of discussing the legal aspect of the matter, for in their opinion the question was one of public policy, and as such he believed that if the city permitted the use of the High Park slides on Sunday, they would be entering upon a campaign to secularize the Sabbath as well as instituting a policy, which by its nature would be competitive to the church, the Sunday School and the home. Mr. Rochester was followed by Rev. A. L. Giegge, Rev. Dr. Spuer, Rev. Canon Bryan, Rev. Mr. Braithwaite, J. A. Paterson, K.C., and J. M. Macdonald, all of whom strongly advocated that tobogganing on Sunday be prohibited. The other side of the question was presented by J. G. O'Donoghue, Darcy Hinds, J. Enoch Thompson, Edward Meek, K.C., Louis Gurofsky, J. N. Livingstone, Aubrey Bond and J. Doran. It was argued that Sunday was the only day many people had for amusement, and to seek to stop tobogganing on that day was an attack on the personal liberty of the citizens. It was stated by Edward Meek that the city had no power to keep people from the slides, and the same man said that nine out of every ten people don't want them closed on Sunday.

OMEGA

The "Omega" watchmakers of to-day are born to their trade. It is part of their birthright to be able to produce the best time-piece in the world. "The Watch of Matchless Merit."

Conference On Viaduct

To discuss what attitude should be taken on the viaduct question, Mayor Geary has called a meeting for Thursday at 4 p.m., in the city hall, and has asked representatives from the various associations interested to attend.

The meeting is called for the purpose of ascertaining as far as possible the public opinion on the question as to whether the by-law should be submitted to the ratepayers again this year. The mayor has requested representatives to attend from the board of control, the board of trade, the Riverdale Business Men's Association, Ward Two Ratepayers' Association, Woodhouse Ratepayers' Association, the Danforth Ratepayers' Association and the Guild of Civic Art.

Throat Becomes Diseased From Neglecting Colds

When Catarrh Sets In, Mucus Drops Into the Stomach, Coughing, Head-aches and Debility Follow.

That the best method of curing catarrhal diseases consists in using Catarrhose is now freely admitted. Catarrhose is infinitely superior to cough medicines, tablets, sprays and emulsions, which for the most part are of no practical value except to ease the cough for the time being. Often fluid cough remedies contain opium, morphine and cocaine. With Catarrhose you take no drugs—you employ Nature's way—just inhale Catarrhose's soothing healing vapor and relief and cure follow promptly. "For five years I suffered from a severe bronchitis. A harsh, dry, racking cough kept my throat in a raw condition from one year's end to another. Before going to sleep at night I always had a bad attack, and in the morning before each breakfast I suffered greatly. My voice was harsh and raspy, and sometimes I found it difficult to make myself understood. Catarrhose seemed to soothe and heal from the first day. It cured me, and now I wouldn't think of being without a Catarrhose Inhaler—it means life to me." The above experience is related by Mr. Alexander F. Savary of Hamilton, Pa., and proves the effectiveness of Catarrhose, which will cure every cough, cold, bronchitis or catarrhal attack. The dollar size of Catarrhose contains 20 months' treatment, and is guaranteed. Smaller size 50c, sample size 25c. All dealers, or The Catarrhose Company, Buffalo, N. Y., and Kingston, Canada.
