DIRIGIBLE STARTS ON RETURN TRIP AT DAWN TOMORROW
Weather Prevented Crew Overhauling Engines in Time to Get Away as Arranged—Is Now Riding Safely at Anchor—Ten Crews Through Day Kept Airship From Escaping.

Refused a board of conciliation by government in that they did not regard as men engaged in public utilities, and unable to come to an agreement with the employers at a conference yesterday afternoon, the teamsters belonging to the various cartage companies, met at the Labor Temple last night and by a large majority voted for a strike to go into effect this morning.

Arthur Currie had been intrigued against. General Smart said in part: "I wanted to give the government a chance to have an inquiry that I demanded, and others demanded, into the administration overseas. The session has closed and the government has not seen fit to pay any attention to these demands, and I thought it proper to come out and refute these statements and insinuations. I shall deal with statements I made at Quebec, and reply. One of the charges I made was in regard to overseas medical administration. I said that I never referred to services in France. So far as my experience and knowledge is concerned the service in France was excellent. I have heard nothing but the best reports in that regard. My charges referred to medical headquarters in Pembroke House, presided over by General Foster. An attempt was also made to show that I spoke disparagingly of Canadian doctors and nurses. That was absolutely incorrect.

Windsor, Ont., July 7.—Following the decisive defeat on Saturday of a bylaw that would grant the Sandwich, Windsor and Amherstburg Street Railway permission to collect a straight five-cent fare that would net sufficient revenue to pay the employees a 25 per cent. increase in wages, the car men met at midnight Sunday and unanimously voted not to accept the bylaw. As a result the citizens are waiting for the second time within two months.

FIRST TIME TREATY PUBLISHED AT ONCE
French Defence Pact by Britain and United States Forms Precedent in History.

Mineola, N. Y., July 7.—The return of the British dirigible R-34 across the Atlantic ocean was not started until shortly after dawn on Wednesday. The proposed plan to get the dirigible away at 8 a.m. on Tuesday was abandoned tonight after local weather conditions which included adverse bumpy winds made it impossible for the dirigible's crew to overhaul the engines during the afternoon. Without such overhauling it would be impracticable for the airship to take off on her venture as quantities of carbon accumulated in the engines during the 108 hours in which the craft was aloft on the unprecedented journey which ended at Roosevelt field here on Sunday morning.

He urged that a royal commission or inquiry into the overseas administration be constituted. Sir William Bapiste and reiterated his statement that Sir

Contradicts Mewburn. General Mewburn had said that he had visited all camp areas in England. That was not true. He had never gone to Shorncliffe the passing two miles from it on his way to France, and that it was the largest area. General

Paris, July 7.—The Petit Parisien, explaining the agreement entered into by Great Britain and the United States to come to the aid of France in case of unprovoked aggression by Germany, says: "For the first time a convention of this kind is made public directly after its conclusion. This may be called an act of diplomacy, accomplished in the name of the whole world, one all the more decisive for not being kept secret in the chancelleries. The circumstances relative to its conclusion are known. The league of nations cannot operate immediately, years may go by before it really comes into force, and in the meantime France may again be the victim of aggression. The danger of aggression menaces France more than any other country which is a member of the league, America being far away and England more than ever protected by the sea.

Major G. H. Scott, the commander, said, that the stern would rise as it did on Sunday night, and his massive form assumed at times an almost perpendicular position. It was explained that on Sunday too much water ballast had been pumped out of the dirigible, but it was equally distributed through the length. When the dirigible reached its final pausing place for the wait for dawn the stern was about 200 feet up, with the nose about 150 feet up. With the stern aloft the balloon company doughboys found their first relief from many hours of strain and excitement. In crews of 25 each, 10 crews around the dirigible had their own strength kept the dirigible from escaping. The rising sun today had expanded the hydrogen with which the big ship had been filled to capacity last night. Rent is repaired. This expansion added 8 tons to the ship. The dirigible was wrenched out of the crowd girder to which the anchorage ropes were attached. The breaking of the girder tore a hole about 10 feet square in the outer envelope of the dirigible but this has been repaired. At times during the day the ground crews swung to handlines from the ship were lifted bodily from their feet as the wind blew the ship about. At no time, however, did the R-34 get beyond the control of her human anchors. Major G. E. M. Pritchard, executive officer of the dirigible, was descending from amidships. As this ballast left the craft, the R-34 moved upward slowly. From both sides, well forward and from the under surface, also well forward, three wire cables were connected with anchorages on the ground. The dirigible swung with whatever breeze might stir during the night. There was no possibility of misadventure.

French and Italians in Clash Several Are Killed in Fiume

Rome, July 7.—New clashes between the French and Italians at Fiume are reported in advices from that city. The casualties, so far reported, number six killed and twenty wounded. According to despatches to The Giornale d'Italia, serious incidents have occurred within the last day or two at Fiume. Two French soldiers are alleged to have maltreated Italian children. French soldiers are reported to have insulted Italian grenadiers, who remonstrated. The French fired on the grenadiers, and then fled to their barracks, from which they fired into the crowds that gathered. In a cafe where many French congregated, and a Jugoslav garden, one Italian officer, two French soldiers, and several civilians have been wounded. General Graziosi, into whose hands the national council of Fiume placed the control of the city, has arrived, and temporarily re-established order. There are repeated cries by the crowds of "Down with France! Away with the provocator!"

Let the men go on strike," he said. "If the day conference does not meet their wage demands all the municipalities have to do is appeal to the Ontario Railway Board to operate the system. Railway municipalities insist that the board hold to its judicial functions and not again dodge its responsibility. The board is a cold-blooded one and no mercy should be shown in dealing with such corporations."

Mr. Lord George and Mr. Wilson realized that France needed an immediate guarantee, the simple proclamation of which would keep in check any desire for aggression. The agreement published answers the purpose, it will come into force if any unprovoked act of aggression is made against France. But who could imagine our country capable of provoking a war? The treaty does not impose any obligation on France, but her allies have bound themselves by it to provide her with the guarantees they deemed to be necessary. Finally, the treaty will remain in force until the league of nations decides that the league itself is sufficient guarantee against aggression. Such is the meaning of this unprecedented agreement. It will not be possible to misconstrue it."

Winnipeg, July 7.—Strike leaders remanded to appear in the city police court Friday will be remanded again, according to T. J. Murray, counsel for the defence. Alderman John Queen and A. A. Heaps and H. E. Bray will appear from Toronto in time to appear, he stated. Mr. Murray declared that his clients have been free to go anywhere since the riots were ended in police court today as follows: Antoni Cezanowski, Mike Antoch, Mike Balacalki, John Brabick, Adam Barycki, Arvick Condakowski, S. Jaszak and D. Mucak. If they are ordered deported no action will be taken on the rioting charges against them. Alderman E. Robinson stated today that Heaps, Queen and Bray had been sent to Toronto by the defence league.

RUSSIAN VOLUNTEERS SUFFER A REVERSE
Copenhagen, July 7.—The Estonian bureau announces that the Russian volunteer army, which has been advancing victoriously toward Petrograd has suffered a reverse. The volunteers have been obliged to abandon successively the fortress of Krasnayagorka, opposite Kronstadt, and town of Kaporja, and several stations on the railway. The bureau says that the Russian volunteers are now in full retreat.

Capt. Fryatt's Body Brought to England
Taken on British Destroyer and Will Be Removed to London Today.

London, July 7.—The body of Captain Charles Fryatt, executed in 1916, by the Germans for attempting to ram a submarine, was brought to Dover today, aboard a British destroyer escorted by vessels of the Dover patrol. The casket, on a gun carriage, was drawn solemnly from the destroyer to the railway station, accompanied by an naval escort and civil authorities. The casket was placed in the station under a military guard for the night. It will be taken by train tomorrow to London where national memorial services will be held at St. Paul's Cathedral. The casket was taken last evening from the cemetery at Bruges, Belgium, to the provincial government building, where this morning an enormous crowd filed past the coffin. The remains were taken this afternoon conveyed with all due honor to the railway station, en route to England.

FOREST FIRE PERIL NEAR TO CALGARY
Report Outbreak of a Fierce Blaze in the Elbow River District.

Calgary, July 7.—The forest fire peril is getting close to Calgary with the outbreak of a fierce fire on the Elbow river Sunday, which has swept from the western boundary of the Dominion forest reserve right up to the eastern edge of the Scarle Indian Reserve. The high wind Sunday caused an equally bad situation in the case of the Sheep creek fire, which broke out again on the north side of the stream. The fire also spread east among the ranches in that district, and some ranchers have had a hard time saving their buildings. The high wind of today is causing great anxiety. A similarly gloomy situation exists in the case of the big fire west of the Indian reserve at Stobok, which yesterday morning a Ghost river and is spreading rapidly.

Assaults Couple When Money Refused—Thieves Steal Victory Bond.

Claiming to be a policeman, an unknown man approached Peter Laughon, 671 Dufferin street, and a young girl companion last evening in Moore Park and demanded money from Laughon. Laughon refused and the man threatened to have assault charges laid against him. The man then disappeared and Laughon complained to the police and gave a description of the person who had accosted him. On obtaining entrance by way of an open rear window, thieves entered the home of Alfred Tremaine, 171 Mount Pleasant road, and ransacking the house, stole a \$50 Victory bond and a small sum of money. Mrs. William Bartlett, 122 Lee avenue, left her purse in her husband's motor car on the lake front, and a sneak thief stole \$25 in cash. The purse was thrown on the road close by the automobile.

AGAIN TO REMAND WINNIPEG LEADERS
Council for Defence Says Clients Within Rights in Visiting Toronto.

Winnipeg, July 7.—Strike leaders remanded to appear in the city police court Friday will be remanded again, according to T. J. Murray, counsel for the defence. Alderman John Queen and A. A. Heaps and H. E. Bray will appear from Toronto in time to appear, he stated. Mr. Murray declared that his clients have been free to go anywhere since the riots were ended in police court today as follows: Antoni Cezanowski, Mike Antoch, Mike Balacalki, John Brabick, Adam Barycki, Arvick Condakowski, S. OUTSIDE DISTRICTS POORLY REPRESENTED
People Living Outside of Toronto Have Same Opportunity to Win Prizes as City Members in Salesmanship Club.

The list of the charter members of the "Salesmanship Club" is printed today. Around 300 wide-awake men and women are now members of the club, and yet very few have as yet signed up in the districts outside the city of Toronto. It is really surprising that more out-of-town people have not entered the race for the prizes. The opportunity of winning one of the biggest prizes as those living in the city of Toronto. There are many towns in Ontario from which no enquiries have as yet been received, and any one of these communities affords an excellent field for securing subscriptions to The World. Everyone's Chances Equal. Not only have out-of-town members got an equal opportunity of winning one of the five grand prizes, but there is a \$100 cash prize which must go outside the city of Toronto. This cash award goes to the member who makes the best showing up to July 20. There is still room for many more entries in all districts, and it is not too late to enter the

SAY BOLSHEVIK AGENT ARRESTED ON TRAIN
Winnipeg, July 7.—Mike Hulyk, alleged to be a Bolshevnik agent, was arrested on the Canadian Pacific Railway train from Lac du Bonnet today. The prisoner was taken to Beauséjour for trial. According to police authorities, Bolshevnik propaganda is being widely spread among the settlers and workers of alien birth in the vicinity of Lac du Bonnet and the Winnipeg River valley. The accused man is a registered alien and he was found traveling without a permit. He is held under this charge at the present time, but it is believed that a more serious one will be laid against him later.

SIR JOSEPH FLAVELLE
May Be Canada's High Commissioner in London—Sir Thomas White Back to National Trust Co.
Ottawa, July 7.—The latest rumor about Sir Thomas White is to the effect that when he withdraws from the Borden government—and it may be after the New Year loan of seventy-five million is completed, and it will be completed some time this month—he will go to Toronto to become president of the National Trust Co., a position now occupied by Sir Joseph Flavelle. But what about Sir Joseph? That he is just back in Canada from England to close up his affairs in order that he may almost immediately return to London as Canadian High Commissioner in place of Sir George Perley. Lady Flavelle will accompany him to London, and what about Sir George? That he may rejoin the Borden administration.

MADE NEW RECORD FOR OCEAN TRAVEL
Washington, July 7.—A new record for ocean travel was established by the transport Great Northern, when Canada left New York last night, having completed a round trip between New York and Brest in 12 days, one hour and 37 minutes. The high speed was 6,000 nautical miles, and included a stop in mid-ocean to transfer mail to the George Washington. The average speed for the voyage was 21.3 knots.

SINN FEIN SOCIETIES PRONOUNCED ILLEGAL
Criminal Activities in Tipperary Force Government to Suppress Them.

Dublin, July 7.—A proclamation has been issued from Dublin Castle declaring all Sinn Fein organizations and Irish volunteers in the county of Tipperary, unlawful associations. This announcement is made in a memorandum by the chief secretary for Ireland, enumerating a series of crimes and offenses in the past year and stating that as the measures already taken have failed to check the Sinn Fein's criminal activities, the government is compelled to suppress the organizations.

CLOUBBURST CUTS LINE TO WINNIPEG
Pt. Arthur Connection on C. N. R. Blocked Three Days—Using C. P. R. Route.

Port Arthur, July 7.—It will be two or three days before traffic can be resumed on the C. P. R. between here and Winnipeg. The interruption by the cloudburst near Rainy River was much more serious than at first realized, eight bridges, thirteen culverts and many miles of track having washed out. Every available piece of equipment was rushed to the scene from both the Port Arthur and Winnipeg ends. In the meantime C. N. R. trains are being run over the C. P. R. from Port Arthur to Winnipeg. The determination reached today, not to have the dirigible pass over Philadelphia, Washington and other cities, before setting a course eastward, General Charlton explained, resulted from the unanticipated situation which the Britishers found upon reaching here. They had expected to find a sheltered spot instead of an exposed one. Here for the first time in its career, the dirigible was forced to remain on land elsewhere than within a hangar shielded from winds. To tarry here longer under such conditions, General Charlton said, was to run a "wildfire risk," for which the British did not care to assume responsibility, and so it was decided to weigh anchor at the earliest possible moment and start for home.

THE GLORIOUS TWELFTH.
The historic celebration of the "Battle of the Boyne" promises to be favored with a fine day. The weather—with silk hats and weather. Any way, a "silk hat" is the only proper headgear for the Twelfth. The Dineen are showing today a special shipment of English-made silk hats imported direct for the Twelfth of July parade. They are the latest designs, in two qualities, \$6.00 and \$8.00; positively wonderful value. If you prefer a light weight Panama Dineen Company have them at \$5.00.

Smoke, Amber or Crooke's Lenses Reduce Glare From Streets, Water or Artificial Light

They may be obtained in plain lenses at the counter as you enter the Optical Department.

If you already wear glasses, however, it would be better to have your prescription for lenses ground in one of these colors, because a single pair is lighter and cooler to wear than a tinted pair over the everyday glasses. If your eyes are hypersensitive to light, tinted glasses might make just the difference between discomfort and ease. Consult our Optometrists about the color preferable in your case.

80 PER CENT. TAX ON WINDOWS FOR FETES

Bill in French Chamber Classes Revenue From These as War Profits.

Paris, July 7.—A bill has been introduced in the chamber of deputies imposing a tax of eighty per cent on profits from the letting of windows and balconies for the victory fetes. There has been some discussion whether these profits are not liable to taxation as war profits, which also realized eighty per cent. Good places are reported to be selling freely at 1,000 francs each.

A stand containing seats for 250 persons is being erected in the garden of the Duke de Massa in the Champs Elysees, half way between the Place de la Concorde and the Place de l'Etoile. The proceeds of the sale of seats in the stand will be devoted to charity. Admission to the first three rows will be 1,500 francs.

Marshal Joffre will not ride beside Marshal Foch ahead of the troops on July 14 as has been announced, according to an intrinsigant, which says that the government has offered him a seat beside President Poincare. The newspaper adds that the French people will feel surprised, at the least, at not seeing the victor of the Marne pass under the Arc de Triomphe.

RHEIMS DECORATED BY FRENCH PRESIDENT

Paris, July 7.—President Poincare, accompanied by several senators and deputies, went to Rheims yesterday and presented the city with the cross of the Legion of Honor. The decoration was bestowed, President Poincare said, in addressing the people of Rheims, "in solemn homage to the heroism of your great city."

The citation accompanying the decoration read: "Martyr town, that an enraged enemy has destroyed because he could not continue to occupy it! Sublime population, that has given the greatest example of abnegation and disregard of peril, and has displayed the most splendid courage in remaining for more than three years in continual danger, only leaving when ordered to do so. You have manifested a deep faith in the future of France, like the heroic French maiden venerated in Rheims, whose statue is erected in the centre of the city."

Steamer Corsican is Bringing Repatriated Canadian Soldiers

London, July 7.—The steamer Corsican sailed on Friday for Quebec carrying repatriated Canadians and immigrants from Winchester returning with their dependants. The cabin passengers number 248 and the third class 926. Among the officers returning are Majors H. C. Akroyd and J. B. Harding of Vancouver and D. C. Mackersay and R. J. Osborne of Toronto.

GREEK SOLDIERS KILLED IN SMYRNA DISTRICT

Salonica, July 7.—Eleven Greeks and two Jews of French nationality have been killed by unidentified persons in the vicinity of Sokia, fifty miles southeast of Smyrna, according to the Athens agency. The Sokia district is occupied by Italian troops. In districts not occupied by allied troops the inhabitants are being recruited forcibly. A number of Moslems who resisted were shot. A number of Armenians and Jews were wounded during a reported attack by a band of Turks on Pergamus. Bodies of several Greek soldiers were found mutilated.

AUSTRIA ABANDONS UNION WITH GERMANY

Minister Says She Can Exist Only By Permission of the Entente.

Paris, July 7.—The Austrian government has given up at least for the time being, the idea of a union with Germany. Dr. Otto Bauer, the secretary for foreign affairs, declared in an address delivered last week at the congress held by the council of workers, according to the Vienna correspondent of the Temps.

Austria, "small and ruined," the foreign secretary is quoted as declaring, could only exist by the permission and assistance of the entente and that is why it was abandoning the idea of uniting with Germany at this time, as Austria was not powerful enough to bring about a union without the consent of the entente.

The essential thing for the present, the secretary added, was the maintenance of "the unity of the proletarian front."

STATE OF SIEGE IN WESTPHALIA

Berlin, July 7.—An intensified state of siege has been proclaimed in Paderborn and Westphalia. The proclamation was issued after riots over the high cost of food had occurred in the towns.

SWISS AVIATOR KILLED CHIEF PILOT OF ARMY

Berne, Switzerland, July 7.—Oscar Bider, reputed the leading Swiss aviator, was killed today in a fall from a height of 3,000 feet near Zurich. Bider, who was the chief pilot of the Swiss army, was performing acrobatic stunts preparatory to a public exhibition.

Oscar Bider was one of the first aviators to fly across the Bernese Alps, making several trips over the mountains in 1913. In the same year he flew across the Pyrenees from Pau, France, to Madrid.

Cuban Aviators Killed

Havana, July 7.—Two Cuban aviators, Sergeant Santiago Aleman and Jose Diaz, were killed this morning when the airplane in which they were flying caught fire and fell in flames near Columbia barracks. The bodies of the aviators were badly burned. The machine was destroyed.

LABOR WILL BACK UP BOSTON JOURNALISTS

Boston, July 7.—The demand of the Newspaper Writers' Union for recognition by publishers of Boston daily papers was endorsed in a resolution adopted by the Boston Central Labor Union Sunday. The organization resolved: "That all assistance possible, without reservation, be given the trades interested in the fight of the Newspaper Writers' Union."

The resolution says that the fight of the Newspaper Writers' Union for recognition has become a fight for the labor movement of this city.

RESTORING RAILWAYS IN NORTHERN FRANCE

Paris, July 7.—Marked progress on the reconstruction of French transportation systems is shown in a report by M. Clavelle, minister of transportation, made to President Poincare.

The report shows that since the signing of the armistice 64 miles of double-track railway lines and 657 miles of single-track lines were restored on the north and east railway.

Of 645 miles of canals that were closed to navigation, 198 miles have been opened to commerce.

Seven thousand miles of highway were put in good condition out of 24,000 miles of roads that were damaged.

RIOTS IN SILESIA OVER GERMAN MEETING

Copenhagen, July 7.—Several persons were killed and a large number wounded in disturbances Sunday at Katowitz, Upper Silesia, according to advices from Berthlen. Germans and Poles took part in the disorders.

A mass meeting had been called at Katowitz by the Germans to protest against the occupation of Upper Silesia by the Polish army of General Haller, and to express a desire for the occupation of the region by American troops. Four thousand Poles, who came into the city from the surrounding country, it is said, attacked the meeting and threw the speakers from the platform. The casualties occurred in a fight between the Poles and the police and military forces.

CLEMENCEAU VISITS DEVASTATED AREAS

Says Difficulties Are Being Met With at Every Step of Reconstruction.

Paris, July 7.—Premier Clemenceau yesterday began a visit to the devastated regions, entering the zone of protracted warfare at St. Quentin. Everywhere he was given a splendid welcome. The premier encouraged the people to question him and bring forward any complaints which they had to make, and they were not slow in doing so. In addressing the population of St. Quentin, M. Clemenceau declared that, now that peace is concluded, the work of construction and reform would be the government's foremost care.

"The difficulties we meet at every step," he said, "cannot be resolved by old rules. New methods must be found for new requirements, and we must, above all, learn to use that free, individual initiative which the republic must strike to develop. It is not good practice for a democratic country to leave everything to the government."

STREET CAR STRIKE HITS LIBRARY RETURNS

The effect of the car strike is shown in the public libraries' statistical report. Circulation was on the "upward way" when the absence of transportation affected the business in like proportion to that of other businesses in the city.

Church street actually increased by 1,200; Queen and Lisgar more than held its own, while Deerpark kept up its phenomenal growth by adding 600, and Earlscourt, only 10 behind Deerpark, rolled up an increase slightly larger. All others showed decreases: College 500, Dovercourt nearly 2,000, Riverdale over 2,000, Yorkville 700, Western 200, St. Andrew 500, Beaches 1,900, High Park 1,200, Northern over 600, Eastern 400. Decrease for the month \$,000 or a little less than ten per cent.

SPARKS STARTED BLAZE

Sparks from a chimney started a fire on the roof of 24 Russell street yesterday afternoon, causing \$300 damage. The house is occupied by A. E. Everest.

A leak in the gasoline tank started a fire in one of the Lake Simcoe ice service trucks yesterday afternoon. The firemen were called to extinguish the blaze, which did \$50 damage.

Girlish, Wrinkle-Free Skin Easy to Have

Since its remarkable astringent and tonic properties became known, clever women all over the world have been using the sassafras face bath to "tone up" their faces, remove wrinkles and draw flabby cheeks and neck back to normal. After using the solution, the face immediately feels much firmer. The skin tightens evenly all over the face, thus reducing lines and sagging. The formula is: Powdered sassafras, one ounce, dissolved in witch hazel, one-half pint. This simple and harmless face bath is a splendid thing for the outdoor girl, since sun, wind and flying dust are so provocative of sootiness and other irritations which cause wrinkles and crow's feet. Also it is fine to freshen up a tired face in hot, depressing weather.

Well-Known Biscuit Maker Dies, Aged Eighty-Four Years.

After an illness of only a few days, John Woodhouse, 58 Duke street, died yesterday at the private patients' pavilion, General Hospital, at the advanced age of 84 years.

The late Mr. Woodhouse was a well-known biscuit maker, and until recently was connected with the Christie, Brown Company, with whom he had been associated for forty-one years.

Mr. Woodhouse was born at Portadown, Ireland, and came to Toronto from that country in 1863. He was a member of many societies, being an honorary life member of the Grand Lodge of British North America, a past district master of the northern district, a charter member and an honorary life member of the Irish Protestant Benevolent Society, a member of the executive of Ward Two Conservative Association, and a sidesman of St. James' Cathedral.

Besides his widow, he leaves two sons and two daughters to mourn his loss—Mrs. W. George Farley, Dr. Catharine Woodhouse, Cuthbert and John O. Woodhouse.

The funeral will take place tomorrow (Wednesday) from St. James' Cathedral at 3 p.m. and thence to St. James' Cemetery.

CANADIANS HELP ORPHANS

How Canadians helped in a special line is shown in the report recently published by the Franco-Canadian orphanage in France, which tells that during the past year the sum of \$30,000 was totaled by Canadian contributions towards the maintenance of French orphans. Toronto heads the list with \$4,200 sent in from private sources and schools.

NOT OFFICIALLY REPRESENTED.

None of the officials of either the G.W.V.A. or the G.A.C. was aware of any new soldier-labor party yesterday. They all pointed out that any veterans who had joined the new organization did so as trade unionists and not as veterans.

TWENTY-FIVE JOIN.

West Toronto G.W.V.A. has taken in twenty-five new members during the week.

TAKES A HOLIDAY.

Sergt-Major J. V. Conroy of the G.W.V.A. is taking his annual vacation.

TEN A DAY.

Riverdale G.W.V.A. is taking in new members at the rate of ten a day.

G.W.V.A. DANCE

The euchre and dance given last night by the G.W.V.A. central branch in Masonic Hall was so successful that it has been decided to repeat it on Wednesday night.

WOMAN TAKES JOB AS PORTER ON STEAMER

Not even the war seems to have exhausted all the lines in which women take a hand. Reports from the women's department of the Ontario government employment bureau show that during the past week four women were placed on one of the boats which run on the upper lakes in connection with the summer hotels, one of the women taking the post of porter.

Scarcity in applications for domestic work still continues, and in numerous instances housewives have offered to accept women with even two children into their homes. During the week, in this department, there were only 28 applicants as against 115 vacancies, 67 being out of town. Out of 15 placements, eight of which were out of town, five each had a child. The casual workers' section reported for the past week 97 applications, 134 vacancies and 149 placements.

Practically all the camps of fruit-pickers are under-staffed. A hundred girls are wanted at once, and another hundred before the close of the week. The same shortage is announced from the factory department, where 235 vacancies were registered, but only 33 applied for work.

GARDEN PARTY A SUCCESS.

Mrs. James Free was largely responsible for the success of the garden party of the Mimico Chapter, I. O. O. E., which realized over \$1,000. The fund will be used in the erection of a memorial to the fallen soldiers of Mimico.

Mr. and Mrs. F. A. Turner and their family have come to their country home on Lake Rosseau.

Mr. and Mrs. A. D. MacTier and their family, Montreal, are at Murray Bay for the summer.

Among the officers of the 22nd Battalion, which returned to Quebec a few days ago, was Mr. De Carle. This officer distinguished himself at Mons and Cambria, and was awarded the Military Cross for gallantry. An interesting fact about him is that he is a lineal descendant of General de Montcalm (one of Montcalm's daughters married a de Carle). The hero of Carillon came from France to fight in Canada, and after three centuries his descendant left Canada with a Dominion regiment to fight for France.

Rev. Dr. and Mrs. Chown have moved from 5 Harbor street to 38 Avenue road. Dr. Chown returned on Friday from Newfoundland, where he attended the last of seven provincial conferences of the Methodist Church. Dr. and Mrs. Chown are leaving on Monday for Columbus, Ohio, for the great centenary celebration now in session there.

Mr. J. Hooper, commissioner of public works, Ottawa, Santa Monica, California, is at the Queen's, with Mrs. Hooper and their son. Mr. Hooper is also president of the Canadian Tourist Association, and is visiting the eastern cities to arrange for the expected influx of Canadians this autumn towards California.

Special to The Toronto World from Anne Mettill, London, June 26.—The marriage has just taken place in St. Paul's Church, Wimbledon, of Mr. Jack Ardagh Kingsmill (lieutenant), Toronto, to Louise Margaret, only daughter of Mrs. Henry Gibson Anderson, and the late Mr. Anderson, Park House, Inner Park road, Wimbledon. The bride served three years in the V.A.D. in a Canadian convalescent hospital for officers on Putney Heath, and it was while attached to that hospital that she met Mr. Kingsmill. Since the foundation of the Putney Health Hospital, Mrs. Anderson's house has been a charming centre of hospitality for any of the patients who cared to take advantage of it, and summer and winter large parties of Canadians invaded Park House—in the summer for tennis and golf, and in the winter for billiards and musical evenings. Mrs. Kingsmill, among her other accomplishments, has the faculty of making warm friends, and it will not be for her bright, pretty face alone that she will be welcomed in Toronto. At the bride's wish, as many of her former V.A.D. associates as had not already left for Canada were gathered together to form a guard of honor at the entrance to the church, and dressed in uniforms of pink, with white apron and cap, and carrying large sheaves of pink azaleas, they made an attractive picture, as they held their sheaves to form an archway under which the bride and groom were to pass. The bride's gown was a very beautiful, short-

IMPOSSIBLE TO INDICT GIRLS WHO ESCAPED

Pansy Hughes and Elsie Phinnemore, the two young girls who escaped from the Belmont refuge and were arrested while on their way to go berry picking on a farm, appeared in the women's court yesterday morning. They were charged with escaping from lawful custody. In view of the fact that the girls had not been committed to the institution for a criminal offence, Crown Attorney Corley said they could not be tried, and so far as the court was concerned the girls were free. Mr. Phinnemore, father of Elsie, pleaded with Magistrate Kingsford to send his daughter back-declared that she was not capable of supporting herself. Elsie was taken back to the Belmont home, while Pansy was taken from court by friends.

VISIT OF THE PRINCE EAGERLY AWAITED

"It may be taken for granted that the public will be given every opportunity to see the Prince of Wales when he comes here in August, to open the Exhibition. He is coming on this occasion especially to open the fair, and will later make a second visit to Toronto. Even if such a thing were possible, the Exhibition has no desire to monopolize all his time, and the program so far arranged makes plenty of provision for the public appearance of the prince," declared Manager John G. Kent last evening.

While the plans for the visit were completed some time ago, they cannot be made public by the Exhibition until certain state formalities are completed with its king, however, that the returned men will play an important part in the reception to the help to the British throne. When the present King was in Toronto in 1901, as the Duke of Cornwall and York, he reviewed 11,000 troops, but the military pageant on this occasion is expected to be on a larger scale.

One whole day will be given over to the veterans, and as soon as the tentative plans recently drawn up regarding official sanction, steps will be immediately taken to secure the cooperation of the various veterans' associations thru General Gunn.

K. OF C. PICNIC.

This afternoon and evening from 8 until 10 o'clock the K. of C. Catholic army huts are holding a monster picnic at Scarborough Beach Park at which the soldiers from the military hospitals will be the guests of honor. A fine bill of entertainment has been arranged and the knights and their auxiliaries are hoping to give Canada's heroes a splendid evening of fun and frolic.

Used After the Bath Dr. Chase's Ointment Keeps Baby's Skin Soft and Smooth

Baby's skin troubles are generally caused by chafing and skin irritations resulting from friction of the clothing.

Baby's skin is tender and if neglected these irritations of the skin develop into eczema. Everybody knows the suffering caused by eczema and the tendency of eczema to become chronic and spread over the body.

While Dr. Chase's Ointment cures eczema, it is always better to prevent such ailments, and this is why mothers used the ointment after baby's bath so as to prevent irritations and more serious skin troubles.

Powders clog the pores of the skin and are on that account a cause of skin irritation. Dr. Chase's Ointment, on the other hand, cleanses the pores and keeps the skin in healthful condition.

FIRE CHIEF WOULD RAISE SALARIES

Suggests \$100 Per Annum Rise for Ranks From Captain Down.

In a letter to the board of control, Fire Chief Russell recommends that the salaries of members of the fire department be increased by \$100 per annum, down to date from the first day of June, 1919.

With the adjustment, adding \$65 for clothing where not supplied, subtracting 14 days pay from those on given holidays and deducting from 2 1/2 days' pay from those not receiving sick pay the result in Canadian cities ranged from \$845 in Ottawa and \$1,040 in Hamilton to \$1,265 in Winnipeg and \$1,325 in Calgary.

The information regarding the remuneration of those of other ranks engaged in fire protection was not sufficient to permit of a similar scale being prepared, but the chief assumes that practically the same relationship exists.

The increase recommended for the seven months will cost \$29,575.

FORTY MUNICIPALITIES USING HOUSING ACT

It was stated by J. A. Ellis of the Ontario Railway and Municipal Board, yesterday, that 75 municipalities have passed by-laws under the Housing Act.

The municipal village of New Toronto has decided to extend the act to 400 houses. They are building a six-roomed solid brick house for \$3000 each.

The city of Ottawa has purchased about 40 acres of some of the most desirable land for housing purposes in the city, and is now laying out the land in lots of one and one-half acres.

Traveling inspectors were appointed some weeks ago, and are visiting the various municipalities which are passing by-laws under the act.

At the month-end demonstration farm and school, the government is making arrangements to conduct another course in domestic science, home nursing and agriculture for young women.

The month-end farm now comprises 850 acres. About 150 acres are under cultivation and 150 acres are in pasture.

At the city council meeting on Friday a portrait of John O'Neill will be hung on the walls of the city hall. The portrait is being presented by members of the city council and some Toronto business men.

MAY STILL FIGHT FOR STREET CONTROL

Commenting on the action of the senate in again turning down the amendment to the Canadian railway act to give municipalities control of their streets, Mayor Church said:

"I was just about what I expected. Municipalities have no friends in the senate. I have realized that for some time and their action today is another proof of it. The city will not stop now. Despite all ruling to the contrary, we Toronto and Niagara Power Company have no right to the powers they claim to have. As a matter of fact it is a provincial company and not entitled to a federal charter. The government's action througout the whole matter has been one of invasion of provincial and municipal rights and the city will continue the fight in the courts."

After being closed for nearly two years and partially dismantled of its fittings the old Mossop Hotel on Yonge street will be opened as ready for occupancy in about ten days' time.

B. G. Hines, a hotel proprietor from New York and who has been connected for some time with the United Hotels people, has purchased a twenty-five years' lease of the Mossop property from the Cawthra firm.

Many of the bedrooms will be re-modeled and the bathrooms attached. At least 200 people will be established and a pleasantly equipped lunch room will be fitted up at the first or entrance floor. A kitchen and service room will be on this level so that prompt service may be established for luncheon, hotel and restaurant.

The Bloor Street viaduct. Helps Parliament Street—the New Roadway at East Bloor street. Soon Ready.

Parliament street is coming into its own by the opening of the Bloor street viaduct. The best road now for all traffic from the east and from beyond the viaduct to downtown is by Parliament street.

The residents of Parliament street and thereabouts are still pressing for the extension of the new Bloor street line to the viaduct; and if possible across the viaduct to the head of Broadview, and later on to the new line that may be built north of Danforth. The tracks are now laid from Winchester street up to Welleley street, leaving a quarter of a mile to be built to put this new line into service.

Men of the works department are now busy on the rolled macadam roadway on the new East Bloor street along the ravine bank from Sherbourne to Parliament. It ought to be ready in three months and the great relief of the traffic that now goes by a congested Howard street.

Percy Daws and Fred Brown, who escaped from jail in Georgetown, were sentenced in police court yesterday morning for theft of a motor car. Daws was sent to Burwash for 18 months and Brown for one year. George Chambers, a young boy arrested with Daws and Brown, was allowed to go.

His honor the Lieutenant-governor has received notice to the effect that the open examinations for the Rome scholarships in architecture, sculpture and decorative paintings, which were postponed on account of the war, will be resumed next year. Particulars regarding the competition are entitled to vote on the prohibition referendum in September, and it is expected by Mayor Church that the work will be completed by Saturday evening next.

TRADES UNIONISTS BEGIN TO ORGANIZE

Labor Finds That Thru Ballot Lies Hope of Reconstruction.

James Simpson, secretary of the Ontario section of the Canadian Labor party, stated last night to The World that the new political movement in the labor world was not nothing less than the enlivening of the trades union unit of the Ontario section. It was correct, he said, to assume that under the constitution of the Canadian Labor party it would be impossible for the trades union unit of the party to put up a candidate in any constituency in opposition to the candidate of any other unit already in the running in that constituency. In other words, if the I. L. P. puts up a candidate for Hamilton, the trades union unit of the party could not put up a candidate in opposition to that of the I. L. P. in that constituency. On the other hand, if the trades union unit should succeed in nominating a candidate for the constituency, and the I. L. P. also put up a candidate, "what has happened is merely a reorganization of the trades union unit of the section. This unit will have to refer back to the provincial executive of the Ontario section of the Canadian Labor party. This executive comprises H. J. Halford of Hamilton, president, and James Ballantyne, president of the Independent Labor party; H. G. Festen of Hamilton, Mayor MacBride of the Ontario section of the party; J. J. Morrison of the U. F. O. and myself. You need have no fear of the fact that radicals have decided to back the reorganization. This is an indication merely of the fact that they have come round to the realization that the best interests of the workers will be served by a political rather than thru the economic arm of organization."

Only Thru Ballot. Louis Brown, chairman of the provincial committee of the reorganized unit, bore out the statement given out by the secretary of the Ontario section of the Canadian Labor party. He stated his opinion that there was only one way to attain the goal, and that was thru political action.

The executive of the reorganized unit comprises Lou Braithwaite, Jas. Higgins, Jack Munro, John Cottam, Thomas Carling, John Macdonald, D. Ross, John S. Jones, J. Sewell and R. Cox. Machinists, metal traders, carpenters, federal workers, garment makers, printers, electricians and teamsters workers, returned the unions represented, and it was stated by James Simpson that only trades unionists could be accepted.

There will be no danger of a strike among bread drivers. This was the information given out last night by Thomas Watt, organizer for the union. The men are being proceeded a week and negotiations are in progress.

British Ministry of Labor Representative in Toronto. Nell Taylor, managing director of H. R. Marsh Limited, deputy minister of the North of England branch of the British Ministry of Labor, is now in Toronto, particularly in connection with the work of the staff actually dealing with the work of soldiers' civil re-establishment.

Commissioner Harris Seeks Equal Wages on Civic Railway. Works Commissioner Harris is recommending that the wages of the civic railway employees be brought up to the same schedule as the award made by the Board of Conciliation in the case of the employees of the Toronto Railway. The application of other civic employees is under consideration.

CAKE OF SOAP MISSING. Thomas Baldwin appeared before Judge Morson in the division court chambers on a charge of having stolen a cake of soap, a ring and a gold watch from the postmaster-general. According to the charge Baldwin had abstracted the articles from a parcel in three boxes at the post office. He pleaded not guilty and was remanded till Wednesday next, when he will appear at the weekly criminal court. Bail for \$2.00 was accepted.

TOOK FIT WHILE SWIMMING. Peter Bennett, a ten-year-old boy living at 88 Givens street, was seized with an epileptic fit while bathing at Sunnyside yesterday morning. Another swimmer, whose name the police did not get, rescued him. The life-saving crew were called and along with Dr. Buck of College and St. Clarens avenue, worked over Bennett with a pulmonary for an hour with good results. The boy was later removed in the police ambulance to his home.

SEVEN HUNDRED ENUMERATORS. It is announced that about seven hundred enumerators are now going over various parts of the city, obtaining the names of all who are entitled to vote on the prohibition referendum in September, and it is expected by Mayor Church that the work will be completed by Saturday evening next.

KEPT GAMING HOUSE. Mike Dicks was fined \$30 and costs in police court yesterday morning for keeping a gaming house on West Dundas street. Sixty-three gamblers found in when the raid was made Sunday, were each fined \$10 and costs.

STOLE A BICYCLE. Percy Goddard stole a bicycle during the recent street car strike and yesterday morning in police court he was sentenced to seven days in jail.

PROVINCIAL CENSUS OF PURE-BRED STOCK

It is announced by the department of agriculture that district representatives are at present actively engaged in taking a census of pure-bred stock in the province. First of all the pure-bred live stock, and secondly of the pure-bred or grade, being used by the farmers. It is expected that this census will have been completed before the conference of district representatives which opens at Guelph on July 15. The census will be devoted to the question of live stock, and particular reference will be made to the elimination of "scrub" bulls in Ontario.

Plans have been under consideration for some time to eliminate the "scrub" bulls and this campaign will be carried on energetically throughout the winter months and a special effort will be made to assist farmers in purchasing pure-bred sires.

STREET CAR STRIKE STILL CONTINUES

So Says Ottawa Ordering Conciliation Board to Suspend Sitings.

Judge Barron, chairman of the street railway conciliation board, was in the city yesterday, and was asked the meaning of the board being suspended in its work. He replied: "There seems to be a misunderstanding as to the reason of the suspension. Instructions conveyed to me from Ottawa. We are to suspend the work of the board on the ground that if either the men or the workers return to the old terms, I assume that our work will be suspended. That is what I gather from the communication from Ottawa suspending our work on account of the strike. The men, so Mr. Hovey states, want us to go on and finish our work, but in view of the suspension order from Ottawa this course is impossible."

"The men are working under the Ontario Railway board, and it would seem to be the view that in their relationship to the Ontario Railway Commission there is still a strike" at present.

CONTRACTS UNAFFECTED BY TELEPHONE ORDER. The city's legal department yesterday issued the following statement regarding increased telephone rates and existing contracts: "In the order of the board of railway commissioners for Canada permitting an increase of 10 per cent in the charges for exchange service effective July 1, 1919, does not interfere with existing contracts. On September 30, 1918, the company gave its subscribers notice purporting to terminate existing contracts on their expiry. Whether this has this effect in any particular case depends on the terms of the contract. As in most cases ten days' notice of termination is required under the contract, it would seem that subscribers who have an annual contract expiring between July 1 and October 9, would not be bound by the increase for this quarter at least. The more the better."

LIGHTEN YOUR WASHDAY LABOR. Comfort and convenience count on washday, perhaps more than on any other day of the week. Anything that will lighten the work is doubly welcome then. EDDY'S INDURATED FIBREWARE. Wash Tubs and Washboards. are labor lighteners. They save time and strength. Incidentally they cost no more. Eddy's Fibre wash-tubs are easy to lift and easy to carry. They keep the water hot a long time because they do not radiate heat as galvanized iron or tin will do. They cannot leak, because they are made in one piece, without joint or seam. And the cost is actually less because they will outlast several of the old-fashioned kinds of wash-tubs. Eddy's Twin Weaver Washboards save time by the special crimp which loosens the dirt easily. A washing surface on each side gives them double the efficiency of the ordinary washboard.

The Toronto World

FOUNDED 1880. A morning newspaper published every day in the year by The World News Company of Toronto, Limited.

TUESDAY MORNING, JULY 8.

Action on National Railways and Telegraphs.

In view of the enormous vote for government railways to make up deficit on the Canadian Northern, the Grand Trunk Pacific, and other government railways, and the additional expenditures that have to be made for betterments and for equipment, it would seem to be absolutely necessary to arrange for the taking over of the Grand Trunk, the United all the lines, cut out all unnecessary train service, shorten routes, get rid of separate managements for each proposition.

And Sir Thomas White or the department of railways must start in at once, after the Grand Trunk is taken over, to consolidate the telegraph lines owned by the government, and to give a national telegraph system made up of the wires taken over with the railways. A greatly improved service can be worked out on these lines, and economy accomplished at the same time.

But the people are growing tired of delay on the part of the government. What the people want now is unification, economy and then results. The people will give their business to the national railways and the national telegraphs when they are presented to them as a unified national proposition.

When Sir Thomas White and Dr. Reid, minister of railways, and Sir Robert Borden, prime minister, propose to start this work of unification? Every day they delay the Canadian Pacific is improving its facilities and connections in the hope that it may defeat a triumph of public ownership of railways and telegraphs.

Now that parliament is over, let us have the promises fulfilled. Delay may spell inaction.

Woman's Growing Influence.

The death of Anna Howard Shaw, following so soon on the centenary of Julia Ward Howe, calls attention once more to the pioneer work done by the band of able and devoted women which has gradually brought about the change in the world, social and political, that emancipates woman from millennial bondage and gives her at last a voice in the control of her own destiny.

The World had a letter not long ago from a correspondent who described the condition of life two generations ago in Britain as related to him by a lady of that early period. She was one of the numerous daughters of a clergyman.

"We sat in the rectory," she declared, "doing fancy work and waiting for the husbands who never came."

The social superstitions that established and maintained such a state of affairs were long ripe for abolition. But the spirit of it still died women in many quarters. It was a false idea of life, a wrong conception of religion, and absurd personal and family views that imposed these useless existences on multitudes of women.

There is a great change in these respects. We must not imagine that every woman who works is imbued with the ideal of service; men are not altogether inspired with this aim. But they are at least learning to serve. Great intelligence is needed, long and careful training for those who would render the service the world and humanity need. If all women are not yet as wise as Anna Shaw nor as brilliant as Julia Howe, yet the sex has the potentiality of a great revolution within it, and education, experience in public life and affairs and the confidence that liberty of action develops will soon raise the whole of womankind to a level where their contribution to the common welfare, that it may not be proportionately more notable than at present, will demand the recognition and secure the authority which are now monopolized by the not too superior men who dominate public life.

The Future of the Senate.

Several members of parliament who were believed to have known better voted against the bill which was drafted to preserve the rights of municipalities on their own streets, after the senate had refused to recognize those rights.

When the bill was originally passed the question was asked in the house before it was allowed to leave the commons whether it was intended to take away the rights of the municipalities on their own streets, and the answer was decisively no. The passage is recorded in Hansard for the senate and all who will to read.

Mr. Fielding was one of those who followed the privy council and the senate in refusing to support the municipalities. He contended that it

was necessary to keep faith with the company. He had no regard for the people, for the municipalities. We have long known that the senate cherishes like sentiments, and if its decisions are to be considered so also does the privy council.

These reservations of fair play for those who use loaded dice are not tending to make the senate nor those who support it popular. There is only one way of reforming the senate: it is thru the ballot. The ballot and time are a team before which the senate flees in vain. There will be no escape when the people elect representatives to represent themselves and undertake to govern in the interest of the people. A people's government will appoint a new kind of senator sooner or later.

Foreign Mail Days.

The Gutta Percha & Rubber, Limited has written to W. E. Lemmon, the postmaster, regarding the British and foreign mails, as follows: "Now that peace has been signed, and the right necessity of a closing movement of ocean steamships is over, may we ask you if it is not possible to arrange with the daily newspapers to publish the closing of British and foreign mails via Montreal, New York, Vancouver and San Francisco? In the leading papers of most of the principal cities on this continent, this information regularly appears, and there is no doubt that it is of great convenience, not only to the business community, but for private correspondents as well. We are sure that an arrangement of this sort will be much appreciated by the citizens at large."

There is no doubt that compliance with this request would be of much service to firms with foreign correspondence.

OTHER PEOPLE'S OPINIONS

The World will gladly print under this head letters written by our readers, dealing with current topics. As space is limited, they must not be longer than 200 words and written on one side of the paper only.

So-Called Bolsheviks.

Editor World: I gladly noticed an article in your paper of July 6 by W. A. White on "Social Revolution in England," and believe me, it is "one hundred per cent" both from the writer's point of view and what really happens. I am not a very good letter writer, and I think a lot on these things I find it exceedingly hard to explain myself, but I tell you this, these so-called Bolsheviks in Winnipeg, and the men who have been arrested by our wonderful Canadian government, are the very same type of splendid men that are leading labor in England, and will do more for the people than the churches will ever do. I will be very glad to read your letter of mine in your "Other People's Opinions" column.

SENATE REFUSES POWER CO. BILL

At Final Sitting, Also Passes Hundred and Sixty Millions for Supply.

Ottawa, Ont., July 7.—A supply bill of \$160,000,000 and sixty-two and a half millions was voted by the senate this morning; commons rejected of senate amendment to the sexual offences bill was read, and the government bill respecting electric and power companies was ruled out of order by the minister of railways, but adjourned to meet at 3 p.m. for prorogation.

The effect of these actions is that the government gets all the money it needs for the session, and the commons with the senate on this point has the effect of killing the whole bill for this session and leaving the age consent as passed by the criminal code at 16 years.

Kill Power Bill.

The bill respecting electric and power companies containing provisions that, previously, had been embodied in the general railway bill and was dropped from that bill on the suggestion of the minister of railways, in order to secure its enactment. He undertook to introduce the clauses in a separate bill. The separate bill was passed by the commons, then brought before the senate this morning. Senator Ross said it was the general principle of the commons that questions could not be dealt with twice the same session. In addition to the general rule laid down by government and cabinet, there was a special rule of the senate which declares that "no question or amendment shall be proper which is the same in substance as any question or amendment which has been resolved in the affirmative or the negative, unless each question or amendment has been rescinded."

The matter in the bill, Senator Ross maintained, had been previously dealt with in the clause 374 of the railway bill. The speaker held that the point of order was well taken, and rule the commons was adopted by the senate without amendment.

Six Hundred School Teachers Attend Guelph O.A.C. Course

Special to The Toronto World. Guelph, July 7.—School teachers from all over the province, to the number of over six hundred, are attending today for the summer session at the O.A.C. and are registered today for the summer session at the college. The Macdonald Hall will be able to accommodate about 120 of them, and the college residence took after another 200, but the balance will have to find house quarters in the city. The teachers' classes this year beat all former records, an overflow school having to be opened at Whitby Ladies' College.

Ontario Political Notes

Speculation is busy concerning the date of the provincial general elections. There is a pretty general disposition to accept the suggestion that the elections and the referendum will come together. This is not countenanced by local politicians, who are supposed to be in the confidence of the government. The some gentlemen of this description favor the suggestion themselves, they deny that the government has, up to the present, at all events, agreed to it. The most that can be said is that the members of the Hearst cabinet are a bit shy, standing with reluctant feet beside the Ontario water wagon, which, after the jolt the senate has given it, is leaking, spilling across the political pathway of the provincial government a veritable river of doubt. The prohibitionists are beginning to say to themselves that, even the referendum in question should be answered with a four-fold "no," real prohibition cannot be attained unless the government is completely discredited. This reflection takes a little of the edge off prohibition enthusiasm.

H. H. Dewar intends to reply without delay to some of the attacks that have been made upon him from behind the temperance platform. He believes the cue to these attacks was furnished by Premier Hearst at Eugenia, and, doubtless, the premier will get most of the shot in reply. As Mr. Dewar is announced to speak at Weston on Friday, it is likely he will open fire from the Humber position. In the meantime, he and his followers regard the actions of the government as more eloquent than denials or silence as to the election date. The government has been working for a week against the Ontario voters list for the referendum, and it is the same list, with subsequent revision by Judge Coatsworth, that will be used in the general elections, even the latter event should be deferred until spring. Mr. Dewar thinks the referendum enumerators should have been selected after conference with the opposition, but the government takes the opposite view, and declares it is their business only.

On June 27 Mr. Dewar wrote Hon. J. B. Lucas, calling his attention to the announcement in the press that the attorney-general had called together the city members of the legislature to discuss the appointment of enumerators for the preparation of the voters list in connection with the referendum vote. He added: "I have not had the honor of an invitation as a sitting member to attend any such meeting; but I observe by the daily press that you have met the Conservative members and that some appointments have been made. As the matter is one of widespread interest, not only in the city of Toronto, but also in the province of Ontario, as to which I am receiving many enquiries, I shall be glad if you will advise me what steps have been taken by the government and what appointments have been made; also whether it is your intention to discuss with the leader of the opposition or any other interested parties, the selection of enumerators and sub-enumerators, and what arrangements are being made in connection with the vote upon the referendum, so as to place it outside parliamentary procedure."

The note was received at the government office by the minister of railways, but has been taken out of politics, and is to be submitted directly to the people, you doubtless appreciate that it is a matter in regard to which the people generally are interested apart from their political affiliations.

Mr. Dewar received the attorney-general's reply on July 7, and it said: "Under the Ontario election act, 1918, the lieutenant-governor in council may, at any time direct that the list of voters for the referendum be prepared by the commons, and may appoint a chief enumerator for such electoral district. Representations were made that it was desirable to have the chief enumerators for Toronto appointed at an early date in order to ensure a complete list before many people left the city for the summer. The government, and the commons alone, are responsible for the appointment of the chief enumerators, and the chief enumerators have been named for Toronto. No other chief enumerators are named. Under the act the chief enumerator appoints the sub-enumerators, and the order-in-council appointing the chief enumerators fixes the time when the enumerators commence their work."

Mr. Lucas has been absent from the city, and his reply being delayed on that account, Mr. Dewar wrote Premier Hearst July 3. The premier replied July 5 and enclosed copies of the order-in-council appointing the chief enumerators for the Ontario constituencies. He also added, with reference to the list of the voters' registration boards, that Judge Coatsworth is chairman of the board, and the powers and jurisdiction of the board are set forth in the Ontario election act, 1918.

The position of the U. F. O. daily becomes better understood, and with understanding, popular support grows. The best posted political onlookers now admit that the farmers will come back from the hustings a formidable force to invade the commons, and the commons will be forced to review its position accurately what the agricultural attitude will be on the hustings and in the legislature. It says: "The apparent aim of the United Farmers is to cut away entirely from both of the old political parties. The Grain Growers' and the Woodstock Sentinel-Farmers of Ontario, according to Mr. E. C. Drury of the latter organization, form the nucleus of a new party. Individual adhesion by men of like vision from cities and towns will be welcomed, but no amalgamation with or subordination either of the old party organizations will be accepted. We intend to have our own row and keep it clean ourselves."

Express Thanks for Splendid Achievements of Military and Naval Forces.

McKENZIE AND LEMIEUX Speak in Support of Motions Lemuieux Discusses Part Played by French-Canada.

Ottawa, July 7.—In the house of commons this afternoon, Sir Robert Borden, seconded by Mr. D. D. McKenzie, moved a resolution of thanks to the Canadian army for the splendid achievement overseas. Sir Robert said: "On many occasions in this house, the valor and the deeds of the Canadian military forces in this war have been recognized in eloquent terms; but hitherto there had been no resolution expressing our pride in the glorious achievements and our gratitude for their notable service in the cause to which our country has consecrated its effort for five years. I am proud to have the opportunity of long and the task at times seemed almost overwhelming. But the end being the dramatic suddenness of the beginning, and the fact that we welcomed back to our shores the major part of the splendid forces that went abroad the seas to maintain the first line of our defense against the barbarous aggression of foes who deemed themselves invincible."

Visited Battleground. "Last night I visited in France and Belgium the district around Ypres where the first Canadian division, in the face of overwhelming numbers, held its own against the German invader, held its own until the German hosts were turned back from their threatened march to the sea. This was the first time that a Canadian soldier had ever been killed in a battle. It was a terrible summer, in which the standard set by the first division was never again to be surpassed. It was a summer of desolation of many towns and villages where Canadian valor and determination had made themselves manifest. I visited the battlefields, and later I was privileged to see the country where the Canadian corps constituted the spearhead of the Canadian effort in the great battle of Arras and followed the path of the Canadian division in making the great breakthrough in the battle of Arras, and finally to Cambrai. Time did not permit me to continue our journey to Valenciennes and Mons, but our soldiers buried the Germans on the very morning of the armistice."

Last Hundred Days. "I do not think of the last hundred days as well told in the despatch of Sir Arthur Currie, already placed on the record of our country, as the most outstanding and significant period of our history. It was a period of a little more than three months the Canadian forces with their splendid assistance sometimes of one and sometimes of two, sometimes fought, and more than that, defeated 47 German divisions, nearly 400,000 men, and 1,000 guns. Of those who were killed in the war, we were never reconstructed. During the last hundred days the path of the Canadians was the path of the victors. REVIEWS LEGISLATION Refers to Canada's Status at Peace Conference—Importance of Measures Passed.

Ottawa, July 7.—The Dominion parliament, after a session running well into the fifth month was formally prorogued this afternoon at 6 o'clock. Both the commons and the senate met this morning to complete their business. The senate adjourned before noon until 2:45, when it convened for the prorogation ceremony. The house did not complete its business until 12:30.

When the committee on resolutions gathered at 8 o'clock in the afternoon they were summoned without delay to the senate chamber, where His Excellency the Duke of Devonshire read the speech from the throne, as follows: Speech From Throne. Honorable gentlemen of the senate, gentlemen of the house of commons—The peace conference at Paris is approaching the conclusion of its labors, which have already resulted in the acceptance by Germany of the treaty signed at Versailles, on June 28 last. Terms of peace have been presented to the plenipotentiaries of Austria, and are in course of preparation for presentation to the representatives of the other nations with which we have been at war. Authentic copies of all these treaties will be received by my advisers in due course, after which they will be presented to both houses of parliament at a session specially convened for the purpose.

The status of the British dominions at the peace conference was adequately recognized in the place accorded to their representatives in its proceedings. The peace conference was attended by the prime minister and other members of my advisers, and the treaty of peace with Germany was signed by the plenipotentiaries of the British Empire, in accordance with the developments in constitutional relations, powers necessary for that purpose were issued by His Majesty upon the recommendation of my advisers.

Effects of the War. The effects of the terrible and disastrous conflict in which the world has been involved during the past five years are manifest in the disturbance of normal conditions and in the widespread unrest which have been so marked in many countries. In our own Dominion has not been wholly free from these tendencies, we are fortunate in finding them less serious than in many other countries. It is the duty of the government to create a stable and a better understanding between employer and employee, and my advisers intend to summon in the early future representative of this respect friendly and intimate discussion of such questions, and for the consideration of the report of the industrial relations commission and of the proposals therein set forth.

Task of Demobilization. Almost the entire Canadian expeditionary force has now returned to our shores and the task of demobilization has proceeded with much expedition than was at first believed to be possible. The task of assisting the returned man in vocational training and in settling upon the land has made rapid advances and it is believed that in this respect Canada stands second to no country in the world.

The volume of legislation enacted at the present session has been both comprehensive and important. The measures respecting soldiers' settlement, pensions, combines and monopolies, technical education, and improvement of highways and public health are especially noteworthy. Equally important are the measures providing for the reorganization of the control of aeronautics, and the act providing for the operation of the Canadian National Railway. I trust that these and other important measures which you have considered and approved will be attended with marked advantage to the public interest.

In Name of the King. Gentlemen of the house of commons, in the name of His Majesty, I thank you for the liberal provision you have made for the needs of the public service and for demobilization and other necessary purposes connected with the war.

Honorable gentlemen of the senate: Gentlemen of the house of commons: From the terrible struggle in which our country has borne so notable a part, Canada emerges with the proud consciousness that in fulfilling her duty to civilization and humanity she has taken a high place among the world's nations. The burdens imposed by her effort in the war are serious, but not overwhelming. Indeed, they are insignificant compared with her enormous and varied resources. Endowed with a vast heritage, we face the future with just confidence, firm in our determination to uphold within our borders a great and prosperous nation.

It was announced that the bill to create divorce courts also would be proceeded with this session. During the recess, suggestions of judges to amend the law in the following manner were received, which have been obtained in regard to the measure. Labor and Treaty. In answer to a question put recently by Mr. Empey, Levesque, the prime minister gave to the house some details with regard to the labor provisions in the peace treaty. He explained that the original draft had met with opposition, upon which he was asked by the premier of Great Britain to meet with representatives from the allied nations, and try to arrive at a satisfactory agreement. TO CANADIAN PARLIAM. MOVED BY PREMIER

Express Thanks for Splendid Achievements of Military and Naval Forces.

Ottawa, July 7.—In the house of commons this afternoon, Sir Robert Borden, seconded by Mr. D. D. McKenzie, moved a resolution of thanks to the Canadian army for the splendid achievement overseas. Sir Robert said: "On many occasions in this house, the valor and the deeds of the Canadian military forces in this war have been recognized in eloquent terms; but hitherto there had been no resolution expressing our pride in the glorious achievements and our gratitude for their notable service in the cause to which our country has consecrated its effort for five years. I am proud to have the opportunity of long and the task at times seemed almost overwhelming. But the end being the dramatic suddenness of the beginning, and the fact that we welcomed back to our shores the major part of the splendid forces that went abroad the seas to maintain the first line of our defense against the barbarous aggression of foes who deemed themselves invincible."

Visited Battleground. "Last night I visited in France and Belgium the district around Ypres where the first Canadian division, in the face of overwhelming numbers, held its own against the German invader, held its own until the German hosts were turned back from their threatened march to the sea. This was the first time that a Canadian soldier had ever been killed in a battle. It was a terrible summer, in which the standard set by the first division was never again to be surpassed. It was a summer of desolation of many towns and villages where Canadian valor and determination had made themselves manifest. I visited the battlefields, and later I was privileged to see the country where the Canadian corps constituted the spearhead of the Canadian effort in the great battle of Arras and followed the path of the Canadian division in making the great breakthrough in the battle of Arras, and finally to Cambrai. CHINESE LEAGUE WILL OPEN STORES

Movement to Start Branches in Vancouver and Hong Kong.

HEAVY SENTENCES Ask Government to Deal Severely With Opium Vice.

Indicative of their awakened desire to grow with the country of their adoption, the convention of the Chinese Nationalist League, which ended its three-day session yesterday, adopted a resolution calling for the establishment of branch stores in Vancouver and Hong Kong for the purpose of encouraging trade with their motherland. This step is only one of many taken by the league to bring the convention to improve in every way the relations of the new democracy of China with the democracy of the Occident.

The Canadian store will export farm machinery, and wheat to China in trade for tea, silk, rice and other native merchandise, while a printing plant with a capital of \$500,000 is to be subscribed by the members of the league. "The plan," said Fairman Wong of Montreal, who sponsored the convention, "will be formulated as soon as the various delegates who have attended the session here can get back to their homes and explain the idea." Mr. Wong said that the profits of the venture were to be divided into two parts, one-half of which was to be used for league purposes, while the other was to be devoted to an expansion fund.

CHINESE SCHOOLS.

The convention also passed a resolution introduced by James Lee of Kingston, calling on every branch of the Nationalist League in Canada to establish schools for the teaching of English and Chinese. The branches are also asked to improve and enlarge their respective libraries by available for public use.

The league feel keenly on the matter of their countrymen who have been haled to court for addiction to the opium habit and frequenting gambling dens. To this end they unanimously passed a resolution exhorting the government to amend the laws by which those who violated them would be given a heavier penalty than that which is at present in force. The league has also asked the government to use their influence in keeping away other Chinamen from the deadly influences of both the drug and the cards.

To Distribute Literature. Another intention of the league to remain on good terms with the people with whom they have made their home is emphasized in the resolution passed yesterday, in which each branch of the league in Canada will purchase 100 additional copies of the Chinese Nationalist Monthly, which will be distributed among the Occidental officials of the city in which the branch is located. By this means the league think that a closer interest will be evinced by the Canadian people with their movement.

The local secretary of a local branch has been instructed by a general resolution to study the various laws and bylaws of the municipality wherein his branch is located, and to report upon their effect to the branch for the proper observance of the laws of the land.

The league has also planned to constitute a local employment bureau for members.

"YES OR NO"

Play at Alexandra Deola With Eloquent and Eve of Wedding.

Reina Caruthers was the bright particular star at the Royal Alexandra last night in the ingenious comedy-drama "Yes or No" Arthur Goodrich has hit on a novel idea in this play. In a porch a young girl contemplates an elopement on the eve of her wedding, and her mother and her aunt begin to tell her a few chapters out of their own family history. They only begin, however, for the curtain goes down, and when it rises again the joint story is acted out on the stage in three acts, the double narrative being portrayed in parallel scenes on the divided stage. When the action is over the epilog takes a snap and completes the story years later, with the survivors all present.

It is a melodramatic and painful enough in spots, but there is a bright vein of humor in Emma's slang pertness and Miss Caruthers takes the sourest pleasure in being snubbed and sympathy which has been building her up a host of admirers during the season. "It's some little world, believe me," is one of the remarks that see the lips going. "Stop smacking your lips" was another reproof to her brother as they sat at supper. "Eat your food, don't kiss it, which not only heartiest laugh of the evening. "When we were kids we were always dreaming about a fairy tale, and now here we are. "Forget it," is the reply. "Fairy princesses always wore tight. You can't expect so much from trousers." "Marriage isn't the steady job it used to be" is another laugh-getter. "The decent people are not always proper, and the proper ones aren't decent." She describes the marriage of a poor and poorer, and poorer, for worse and worse, till death lets us out.

There are no other very grateful parts in the play, but the company is engaged and the performance is very acceptable. The stage arrangements are excellent.

AT THE HIP.

"Common Clay" Tells Tragic Story of Girl's Life, With Fannie Ward as Heroine.

Fannie Ward at Shea's Hippodrome this week stars in a picture which will claim good audiences if only for the aptness of its theme, "The story of a young girl's life, from a common clay is a feat in the photoplay world and an all-round, gripping production. The popular actress is a drawing card alone and the story she acts is one of the highly spiced, vividly interesting sort which ensures a long run with a public already surfeited with such material. This picture is too realistic not to be a success.

Bond Williams & Co. have a miniature set of the vaudeville "The Humorous Playlets Borden & Co. give an amusing skit very brightly done, and Genara and Gold in "Wanted, a Model" have a charming comedy.

Tomkins have an act which was one of the most popular on the bill. The male comedians, but his work told with the audience and he put some effective humor home. The actress played a good second to him.

Original acrobatic act with a number of splendidly trained dogs, who do justice to their master. Their tricks are highly amusing and their performance is relieved from any monotony by the monolog of the trainer, who puts the animals thru their paces. Every feature of the show is a success.

In the Hippodrome bill this week and big audiences filled both the afternoon and evening houses.

TWO RUN OVER BY AUTOMOBILES

Failure on the part of two people to look out for the road was the cause of two automobile accidents last evening. Albert Parisana, aged 6 years, of 28 Eden street, was run over by a motor car in a critical condition, as the result of being run over by a motor car at the corner of Bathurst and Robinson streets. Parisana is suffering from a fractured skull, jaw and two broken arms. He was chasing another little boy across Bathurst street when he ran into the front of a southbound automobile. The motor car passed over the little boy before the driver had time to swerve his car. Charles Bennett, 58 Lewis street, driver of the motor car, was examined by the police, and after he had explained the accident was allowed to go.

STREET CAR DELAYS

Monday, July 7 1919. Dundas, College and Yonge cars both ways, delayed 9 minutes at 12.14 p.m., at Queen and Bay street, by fire.

College cars delayed 8 minutes at 11.23 a.m. at Adelaide and Bay, by motor truck on track.

Bathurst cars delayed 5 minutes at 7.26 p.m. at Front and Spadina, by train.

Bathurst cars delayed 5 minutes at 8.26 p.m. at Front and John, by train.

TRAIN VICTIM TRESPASSING.

In returning a verdict of accidental death, in connection with the death of John G. Johnston, killed by being run over by a G. T. R. freight engine at West Toronto, on June 28, the jury at the morgue last night exonerated the train crew. Johnston was riding on a freight train from Island at the time it was in motion. The jurymen in their verdict presented to Coroner W. L. Bond, found that Johnston had been trespassing on the railway property.

AT LOEW'S

Baseball Tale Full of Humor and Tragedy Features Charles Ray.

Charles Ray, that immitable actor in rural scenes, ensures a filled house at Loew's this week, for the popularity of the character student is acclaimed in a repeated applause. "The Busher" is another of those plays filled with a mixture of tragedy and humorous Pathos. The story deals with the life of a young man of the local color of the hazardous times. The actor is at his best.

Heading the vaudeville bill is Resista, that doll girl of vaudeville. Resista is heralded as weighing 90 pounds and yet no man can lift her. What an opportunity for Toronto to turn out, if only to satisfy their curiosity. The denouement is well worth the trouble and the act is both entertaining and mysterious, a combination which makes for popularity.

Francis and Downing are billed as the English music hall favorites and justify the name. Their songs are of a type well suited to the vaudeville stage. In "bushy" their popularity. They are a good type of their special field of action. The "bushy" is a run-of-the-mill act, with the introduction of some novelty work. Huder, Stein and Phillips are three men with the latest news in the popular world, and give a humorous and otherwise review of it. Francis and Downing have a singing act which claim a place on the bill and comedy of a versatile program.

CHAPLIN IN "SUNNYSIDE"

Charlie Takes Part of Gentleman-in-Waiting to an Ungentle Barnyard at Regent.

This is laugh week at the Regent Theatre. Charlie Chaplin in "Sunnyside" is another triumph for the funny man. In "Sunnyside" Charlie is a part of gentleman-in-waiting, as it were, to a very ungentle barnyard. The laughs begin when Charlie is ceremoniously invited to the dinner table by the boot of his employer. Charlie climbs from bed, grabs his hat, and proceeds to remove his "nightgown" in the most dignified manner. A series of humorous events follow, even to Charlie's falling in love with the village belle.

"Some Bride," with Viola Dana, is an amusing little comedy, in which she plays a bride who is being married to a man who is a "some" bride. Her irresponsibility and thoughtlessness. She flirts and dances at the hotel until the infuriated husband leaves her. The picture is a masterpiece of comedy. The laughs are on the way when word comes that Priscilla is dangerously ill. Things are finally straightened out, and they live happily ever after.

The Regent Orchestra plays the overture from "Florodora" pleasingly.

"YOU'RE FIRED"

Adaptation From O. Henry's "The Halbarader," a Very Entertaining Comedy at Allen.

An entertaining little comedy is "You're Fired," which is being played in the title role, at the Allen Theatre this week. The picture is an adaptation from O. Henry's story, "The Halbarader."

Wallace Reid plays the role of a young man who must hold a job for three months without being fired, as a condition of marrying the girl he loves. The picture is a masterpiece of comedy. The laughs are on the way when word comes that Priscilla is dangerously ill. Things are finally straightened out, and they live happily ever after.

ORANGE TAG DAY FOR ORPHANS' SAKE

Loyal Orange Lodge Start Campaign for \$300,000 Orphanage.

In commemoration of the thousands of Orangemen who gave their life during the war, the Loyal Orange Lodge will hold a tag day on Saturday next to raise \$300,000 for the purpose of building a new orphanage to replace the old one at Picton, Ont. The first orphanage was started by the Loyal True Blues at Picton some 25 years ago, and was able to accommodate about 70 children.

The work of the institution has grown far beyond the original expectations, and it is intended to erect the old buildings with a modern building capable of housing from three to four hundred children. The new building will in all likelihood be erected near Toronto, and a feature of the work is the fact that the institution is open to all. Statistics show that although about 450 children have been accommodated during the existence of the old home, over 65 per cent. of the parents of the children thus taken care of were not members of either society.

THREE LARGE BARRELS OF WHISKEY SEIZED

Three large barrels, containing 55 bottles of whiskey were seized by Plainclothesmen Holmes and Dunn in a shed in the rear of 58 Mansfield street, near the corner of Treford place and Tressa Vundo, 58 Mansfield avenue, were arrested, charged with a breach of the Ontario temperance act.

The police of Claremont street division allege that the whiskey was kept in hiding from the police in the shed and carried to the Treford place house for selling purposes. When an order for a bottle was given, it was carried by bootleggers to Treford place and there disposed of to foreigners at \$6 a bottle. Both prisoners, it is charged, were carrying on an extensive business in the illicit traffic of liquor and alcohol amongst the foreigners.

ARE NOW DISMANTLING HANDLEY-PAGE PLANE

Parrboro, N. S. July 7.—Work of dismantling the Handley-Page machine which crashed here on Saturday while on a trip from Newfoundland to New York, was begun today. Vice-Admiral Kerr stated this morning that as yet no definite plans had been made as to the disposition of the plane and the ultimate destination of himself and party. He said that the report that he would sail from Halifax on the Olympian was merely a rumour. He added that it was just as probable that he would go to New York.

PRINCE TO INSPECT VETERANS OF GUELPH

Special to The Toronto World. Guelph, July 7.—Arrangements are being completed for the visit to Guelph of the Prince of Wales. The date set is Saturday, October 18, and according to the plans already made, he will arrive here over the Grand Trunk at 2.15 p.m. He will be accompanied by Major Carter and the reception committee, and the guard of honor will be provided by the G.W.V.A. He will go at once to the city hall, where a civic address will be presented, and the veterans will be inspected. He will remain the guest of the city until 3.30 o'clock, when the Dominion authorities will take charge, and he will be taken out to the Speedwell military hospital.

BLUE MONDAY HARD ON GIBSON'S CREW

Can't Get Going So Early in the Week—Cobblers Victors.

The average baseball fan can't see why Monday is shoved into any week. At the best it's a dull day. That is the day the week's work starts for most people.

Our Mr. Whiteman was the best at the start of the week. George gave a nice triple and a single. He was the only one to work overtime.

The Leafs' first run was also put over in the fifth. Anderson bunched a home-run into the left field.

The Leafs got one in the ninth. A walk to Brock, a hit to White and a second, and he advanced to third.

LADIES' DAY AT THE ISLAND.

Today is Ladies' Day at the Island Stadium, when the Leafs and Binghamton will play the second game of the series.

ONLY WANE UPSET AT OPENING OF CIRCUIT

Frank Dewey Takes Edwards' Stake at North Randall Track.

Cleveland, July 7.—Frank Dewey, driven by Walter Cox, today won the eleventh renewal of the Edwards Stake of \$3000 for 208 pacers, the feature of the opening of the 1919 campaign of the Grand Circuit harness racing season at North Randall, after a thrilling race. Three of the fourteen pacers qualified as heat winners.

The only upset of the day came in the one-mile dash for three-year-olds trotting, which was won by Kentucky, the third choice in the betting. The final race fell to the undefeated halibut star, 0:10, won by Kentucky. Notwithstanding the street car strike, the largest crowd that ever witnessed the opening race at North Randall was present.

Champion W. McLuckie Bears Honors Lightly

Montreal, July 7.—William McLuckie of the Kanawak Golf Club, who won the championship of the Royal Montreal Golf Club over the Lambert Club course at Toronto on Saturday, by defeating G. H. Turpin of Royal Montreal Golf Club, returned home yesterday morning. William McLuckie wears his new laurels in a modest manner, and pays homage to G. H. Turpin, the runner up, for the sterling game he played in defence of the title.

Mr. McLuckie stated that he had not yet decided whether or not he would compete in the open championships to be played at Hamilton on July 29 and 30, although he will go to Hamilton to play on the international team in the annual match against the United States. This will be the first international match played since the outbreak of the war, and the team to represent Canada will be composed of well known golfers, the strongest that has ever been chosen.

A meeting between two such sterling players as Evans and McLuckie would be the highlight for the largest gallery that has ever followed a game over a Canadian course. Both Evans and McLuckie are finished golfers, and with both at the top of their form, the Canadian record for any course would be endangered.

IDA SAYS JESS WAS IN BEST CONDITION

Marvelous Specimen According to Doctor — Story of Toledo Fight.

The fourth day of July broke as hot as a fire in a match factory about 4:30 a.m., and the transient guests to the great and noble city of Toledo turned over on their million dollar a night pillows and went to bed for a good night's sleep. The home crowd, however, arose and began the sport of making sandwiches with which to fleece the suckers.

By ten o'clock many had reached the open space where the arena had been built, only to find that the newspapers had lied and that the preliminary would not be staged until noon. A matter of fact it started at exactly 15 minutes to that hour, but then that was nothing in the lives of the specimens who had lived that long, and by the time 1:45 had spun around they were drunk with the rays of the sun, but nothing in the lives of the specimens for 12 bits a bottle, and hard stuff was barred from the park.

Well, to cut a long story short, they finally landed in the ring. Dempsey first to a fairly good hand. He took his bow in a half-hearted sort of manner, and then slunk down into his corner where he stayed until it was time to shake the fist of his opponent. Willard, like the other side seats which he did not make the floor until Jack had retired, and thus he was able to stand on one toe and circle around with the knowledge that his opponent was being sent forth at that minute was his alone. He took his bow in a half-hearted sort of manner, and then slunk down into his corner where he stayed until it was time to shake the fist of his opponent.

After much fuss on the part of the persons in the ring, and much urging on the part of the fans, the proceedings finally got to the stage where the men met in the centre of the ring and shook hands. Then the bell.

Willard stood up against Dempsey and he looked like the boxer who had been away from home, and who did not know his way back. The big bird could have leaned over right there and then and taken a nap, but he did not. He was in the time limit, aro, looking none the worse, and twice more bit the dust. That finished the first "go."

WIN FOR PLAINFIELD IN CARRINGTON CASE

London, July 7.—In the case of Carrington against the Oceanic and Navigation Company for damages for false imprisonment and breach of contract, the jury today found a verdict for the plaintiff, but the question of damages was left for argument.

PERSONS WHO WOULD HAVE QUIT THE RING. It could have quit in the ring, and he would not have made us mad, but at the same time, when a man went so far as to enter the ring, and apparently take part in a contest, he was held to have made a contract, and he should have been held to it.

"I'm going to enter today and I'm going in to win the first prize, the \$5,000 Home."

"I'm going to start an active campaign at once while I can earn the 60,000 Extra Credit Vouchers and while I can compete for the \$500 Extra Cash Award."

**Just What the Salesmanship Club Is
HOW TO BE A WINNER**

The Toronto World, through its "Salesmanship Club," will award over \$16,000 in prizes to wideawake men and women in Ontario who help to increase the circulation of the (daily) World.

Any man or woman, young or old, living in the territory in which The World circulates, with the exception of employes of The World and their immediate families, is eligible to enter.

It costs nothing to enter, and all it takes to win is a little effort during spare time between now and August 29.

All awards are made on a competitive basis, according to the number of credits earned by the members. Those who earn the most credits will, of course, be the winners of the biggest awards.

Credits are obtained only by securing subscriptions to The Daily World from either old or new subscribers for any length of time from three months to two years in accordance with schedule of credits allowed on subscriptions.

Subscriptions may be obtained anywhere.

All that it is necessary to do to enter the campaign is to send in your name and address. As soon as this is received, receipt books and free printed matter will be sent you without delay.

Every active member who fails to win one of the 91 prizes offered will be paid a cash commission of 10 per cent. on all subscriptions collected. An active member is one who turns in at least one subscription a week for the last two weeks of the campaign.

The entry blank starts a member off with 5,000 credits, and if a subscription for any length of time accompanies the entry blank, 15,000 extra credits are given. The campaign has just started, and closes on August 29th.

Note:—Renewals of old subscriptions count for just one-half the number of credits shown above. An old subscription is one given by a person receiving The World on day Campaign was announced.

Subscriptions are delivered by carrier only in the City of Toronto and suburbs and the City of Hamilton. Everywhere else delivery is made by mail.

All subscriptions on which credits are allowed must be paid for at full subscription rate.

MINING MARKET QUIET, BUT FIRM

Little Change in Strike Situation—Adanac is Again Active.

The mining market yesterday presented a characteristic appearance of quiet strength, with price changes narrow for the most part. There was little news bearing on the strike situation, and while it is understood that the miners of Kirkland Lake are, as individuals, desirous of returning to work, the union as a whole is maintaining a stubborn attitude, and there is no immediate prospect of a resumption of activities.

Adanac is again active, with the mine largely to Koro and Gold Reef, transactions in each running to about 25,000 shares. Koro after showing firmness at 21, weakened to 20 1/2, showing a net loss of half a point, while Gold Reef advanced from 18 1/2 to 19 1/2.
