SEATTLE BONDS, THE E-BUY  
N.Y. LIFE AND MORGAN & CO.  
PURPOSE IS TO DECEIVE

Insurance Investigators Probe  
into Transaction Which is  
Acknowledged to Have Been  
Entered into Only to Keep  
Figures Within the Amount  
Stated in Report.

New York, Sept. 12.—Selling \$800,000  
in bonds one day and buying them back  
the next, but a holiday intervening,  
in order to keep within statements made  
in the New York Life Insurance  
report to the superintendent of insur-  
ance, was the sensational disclosure  
made today at the session of the legis-  
lative insurance investigating commit-  
tee. The fact was drawn from Edmund  
D. Randolph, treasurer of the New York  
Life Insurance Company, late today,  
after Attorney Chase E. Hughes, of  
counsel to the committee, had labored  
for over an hour to get a direct answer  
from Mr. Randolph to a direct question.  
Earlier in the day Mr. Randolph had  
handed Mr. Hughes a schedule of syn-  
dicate underwritings and transactions  
of the New York Life Company for the  
last ten years. This was to show, as a  
foot note to the schedule, stated, that  
the company had participated in no syn-  
dicate transactions that had been  
closed out with a loss. Among these  
syndicate transactions was the under-  
writing of the navigation syndicate, or  
International Mercantile Marine.

Mr. Hughes drew from the witness  
that there was an aggregate of \$4,000,000  
made to J. F. Morgan & Co. by the New  
York Life on this "joint account." He then  
took up a sales item dated Dec. 31,  
1904, of \$800,000, of International Mer-  
cantile Marine stocks. Mr. Randolph,  
replying to Mr. Hughes, said this sale  
was made to J. F. Morgan & Co. Mr.  
Hughes continued his inquiry into the  
matter and asked: On Jan. 2, 1905, there  
was an entry of the purchase of \$800,000  
from whom did you buy it?—J. F. Morgan  
& Co.

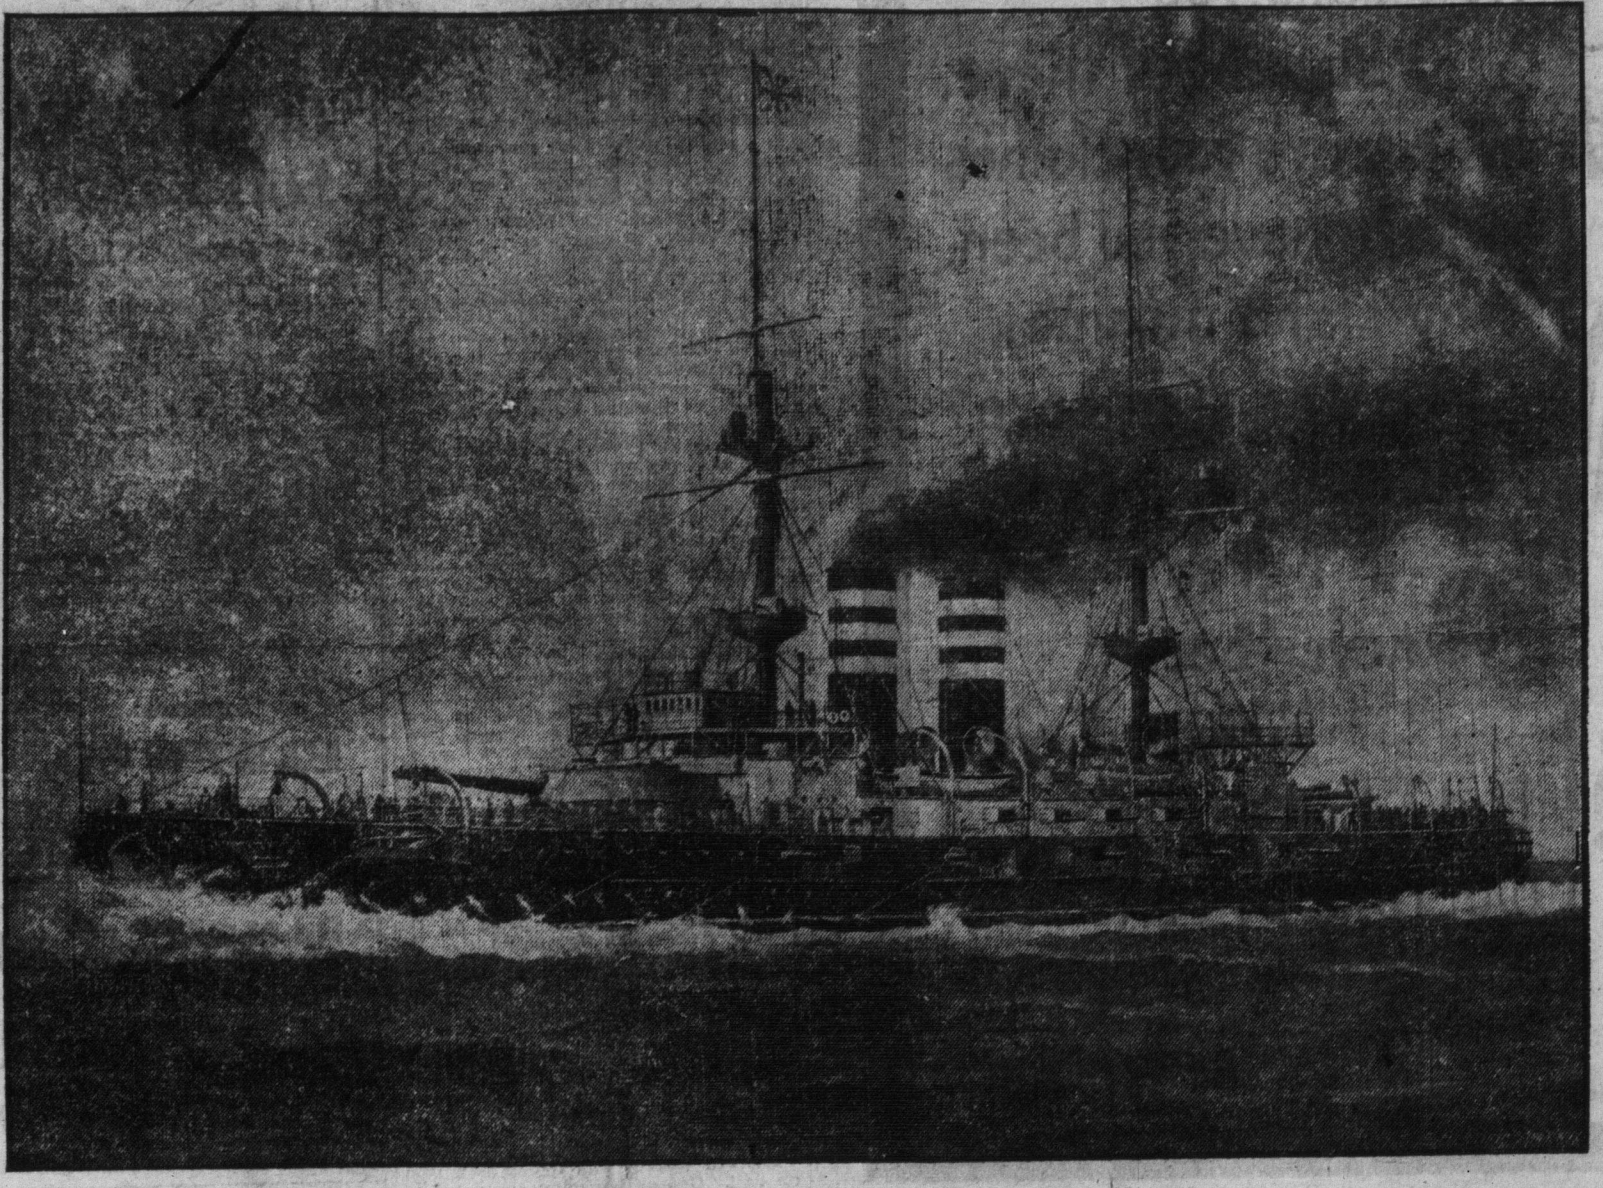

At December State.  
"Who sold the shares for the New  
York Life?"  
"Mr. Perkins."  
"Who bought them again?"  
"An officer of the company."  
"Who was it?"  
"Mr. Perkins."  
"As a matter of fact, there was a re-  
port to the superintendent of insur-  
ance on Dec. 31, 1905."  
"Yes."  
"Then the sole purpose of the transac-  
tion was that Mr. Perkins should be able  
to tell the superintendent of insurance  
that he held \$3,200,000 of International  
Mercantile Marine shares."  
The witness hesitated, but Mr. Hughes  
repeated the question, until finally Mr.  
Randolph said:  
At a Loss.  
Following up the navigation syndicate  
transactions, Mr. Hughes referred  
to an item on the schedule of syndicate  
transactions under date of Dec. 30, 1904,  
by which \$800,000 of bonds were sold to  
J. F. Morgan & Co. of London for  
\$720,000. Mr. Randolph admitted that  
this was an outright sale, and the loss  
of \$80,000 was charged off to the profit  
and loss account. Mr. Hughes left the  
point and took up an association known  
as Xyle, with which the New York Life  
insurance company, he got from the  
witness the admission that on April 11,  
1904, a sale of \$500,000 stock to "Xyle"  
was made. Of this association Mr. Per-  
kins was a trustee and "Xyle" bought  
and sold stock for the benefit of the  
company.  
The usefulness of the New York Secu-  
rity & Trust Co., to the New York Life  
life company, was testified that while  
the insurance company was not taking  
collateral loans, it made a practice  
of lending its money to the trust  
company, who made the collateral  
loans.

Has to Forget, Perhaps.  
Mr. Hughes took up the accounts of  
the money deposited with the New York  
Security & Trust Co. in 1904, which ac-  
counted some \$4,000,000. It ran from \$6-  
750,000 in May and June up to \$12,353,125  
in September and ended at well over  
\$10,000,000 in December.  
"Now," said Mr. Hughes, "why did you  
reduce the amount deposited with the  
New York Security & Trust Co. in July,  
1904, to \$2,500,000, and keep it at that  
figure from the end of the year? Your  
balance sheet of 1904 was \$8,000,000."  
Mr. Randolph professed ignorance.  
The impossibility of the New York Life  
life company, and interrupted again and  
again.  
Prior to the end of 1901 the  
trustees of the New York Security & Trust  
Co. held 50,000 shares. That is a  
minority of the 100,000 shares."  
"No."  
Bank Interest.  
Witness was then led thru the change  
of the name of the Trust company, and  
admitted the three accounts with the  
old company were closed and four  
opened with the new one. When the  
money was withdrawn from the New  
York Security & Trust Co. it was de-  
posited with the First National Bank.  
In reply as to the interest paid by the  
New York banks, where the insurance  
company had deposits, Mr. Randolph  
said all of the banks paid 2 per cent.  
except the Bank of Montreal, which  
paid 2 1/2 per cent.

In discussing the syndicate to handle  
the New Orleans Railroad securities,  
which transaction was closed about in  
1904, Mr. Randolph referred to a re-  
sponsibility being appointed which was  
unforeseen by the New York Life, where  
the securities were taken up. Witness  
also said that some parties the com-  
pany had expected to join in handling  
the securities had failed to do so, but  
when asked the names refused to give  
them. This closed the inquiry, but  
Assemblyman Rogers, who was in the  
chair, said to the witness before ad-  
journment the sitting:  
"Some of the committee are not sat-  
isfied with your refusing to give the  
names of those who participated in the  
joint profit deals."  
Considered Confidential.  
"In answer to that I would say,"  
answered Mr. Randolph, "that it is an  
entirely confidential matter; there was  
no intention on the part of anybody  
of bad faith; we had expectations which  
were not realized, and I don't think it  
necessary to expose people who did not  
actually participate in the transaction."  
Here Mr. Rogers read from a paper,  
quoting from the officials of the New  
York Life Insurance Company a promise  
to give to the committee the fullest  
access to information as to all its affairs,  
and he asked the witness if that prom-  
ise meant anything.  
Mr. Randolph replied that he thought  
such a matter ought not to go in the  
newspapers.  
The examination of Mr. Randolph will  
be continued to-morrow.

TEN PAGES—WEDNESDAY MORNING SEPTEMBER 13 1905—TEN PAGES

## ADMIRAL TOGO'S ILL-FATED FLAGSHIP "MIKASA"

Admiral Togo's flagship was the latest and most powerful battle-  
ship in the Japanese navy, and she was probably fitted for use as a  
flagship in 1900, when she was built at the yards of Vickers, Sons  
& Maxim in Great Britain. The admiral's quarters were situated at  
the extreme after part of the vessel, on the main deck, below the  
quarter deck.

The accompanying illustration shows a quartering view from off  
the port bow. It represents the Mikasa when steaming at a speed of  
18 knots, or over 20 miles an hour. The vessel had the following  
leading dimensions: Length over all, 400 feet; breadth, 76 feet;  
draft, 27-1/4 feet, and displacement, 15,200 tons. The length of the  
ship between perpendiculars was 400 feet. The Mikasa was modeled  
on the lines of the British 15,000-ton battleships of the London type,  
the chief difference being that she had 1 foot more beam and 1-3/4  
feet less draft. She was a better protected ship than the London,  
however, for the reason that those 6-inch guns of her intermediate  
battery, which were mounted on the main deck by a continuous belt  
of Krupp armor, 8 inches antiship and tapering to 4 inches at the  
ends. With the side armor was associated a steel deck, which was 4  
inches thick on the side slopes. Moreover, in the wake of the main  
turrets of the 12-inch guns, bulkheads of 14-inch Krupp armor extend-

ed athwartship to a junction with the barbettes armor, so that pro-  
jectiles which might enter thru the unarmored ship's plating forward  
and aft would be stopped by the bulkheads and prevented from mak-  
ing a clean sweep thru the ship. Extending from the top of the main  
waterline belt to the upper deck, and covering the whole space of the  
ship between the main barbettes, there was a continuous wall of 6-  
inch Krupp armor, which was pierced by gun ports on each side for  
the ten 6-inch guns, which were mounted on the main deck. Above  
this armor belt on the upper deck at the four quarters of the ship  
were four 6-inch guns mounted within casemates of 6-inch armor.  
The four 12-inch guns were carried in two barbettes of 14-inch armor,  
protected by hoods or light turrets, with sloping armor 10 inches in  
thickness in front and with vertical armor 8 inches in thickness at  
the sides and in the rear. The twenty 2-inch rapid-fire guns were  
mounted as follows: Two forward and two aft on the main deck;  
one on either broadside on the upper deck between each pair of 6-  
four on each broadside on the upper deck between the superstructure  
continuous wall of 6-inch armor instead of the casemates, and two on  
inch gun casemates, and two on the after bridge. There were also  
bridges and fighting tops. Four 8-inch submerged torpedo tubes were  
provided, one on either beam in the wake of the after turret. The ship was  
driven by engines of 16,400 horse-power at a speed of 18 1/2 knots  
an hour. She carried normally 700 tons of coal, but was capable of  
1500 tons. An interesting feature is that no less than 4600 tons of  
armor were worked into this ship.

## TOGO'S FINE FLAGSHIP TAKES FIRE, BLOWS UP 600 LIVES ARE LOST

Mikasa, While at Anchor in Sasebo  
Harbor, is Quickly Enveloped in  
Flames From an Unknown  
Cause.

ADMIRAL ASHORE AT THE TIME.

Battleship is Sunk in Shallow Water  
and May Be Recovered—Rescu-  
ing Sailors Among Victims.

Tokio, Sept. 12.—The Japanese battle-  
ship Mikasa, which was the flagship of  
Vice Admiral Togo during the battle of  
the Sea of Japan, caught fire and sank  
at 2.30 a.m. yesterday.

Admiral Togo was not on board the  
Mikasa when the disaster to the battle-  
ship occurred.

The loss of life by the sinking  
of the battleship totals 599 officers and  
men, including detachments from other  
warships which went to the rescue of  
the vessel.

### OFFICIAL REPORT.

The navy department this afternoon  
furnished the following details of the  
sinking of the Mikasa. The battleship  
caught fire from an unknown cause at  
midnight, Sept. 10, and before the fire  
could be subdued the flames reached the  
after magazine, which exploded, blow-  
ing a hole in the port side below the  
water line and causing her to sink.

The cause of the fire is under investi-  
gation.

### SPREAD RAPIDLY.

The disaster has cast a gloom every-  
where. The Mikasa was Togo's de-  
sign, and was endeared to the hearts of  
the people.

The ship, according to later reports,  
was at anchor at Sasebo harbor when  
the fire started at the base of the main-  
mast, at midnight.

The fire spread with great rapidity, ex-  
ploding the after magazine an hour after  
the fire had been discovered. The Mi-  
kasa sank in shallow water and it is  
believed the ship can be repaired.

Rescuing parties were sent from the  
various warships in the harbor, and  
there were heavy casualties among  
them.

### ELECTRICITY PERHAPS.

Various conjectures are current as to  
the cause of the fire. Some attribute  
it to an overcharge of electricity.

Great anxiety was felt throughout Japan  
when it was learned that Admiral Togo  
was not on board the ship at the time  
of the fire.

### OTHER DISASTERS.

On May 15, 1904, the Japanese battle-  
ship Hatake was sunk by striking a  
submarine Russian mine outside Port  
Arthur, and 450 officers and men were  
killed.

The Japanese cruiser Yoshino was  
rammed and sunk by a sister ship, the  
Kasuga, on the same day, when 223  
officers and men were drowned.

### DEATH LIST LESSENED.

London, Sept. 12.—The Tokyo corre-  
spondent of The Times says that the  
casualties resulting from the loss of the  
battleship Mikasa are five killed, 253  
missing and 243 wounded.

### LAMONT IS ATTORNEY-GENERAL.

Walter Scott's Cabinet Duty An-  
nounced and Sworn In.

Negata, Sask., Sept. 12.—The Sas-  
katchewan cabinet is announced to-day,  
as follows:

Walter Scott, premier and minister of  
public works.  
J. H. Lamont, attorney-general.  
J. A. Calder, minister of education.  
W. R. Motherwell, minister of agri-  
culture and provincial secretary.  
They were sworn in at 11.30 to-day.

### You'll See Lots of Them Soon.

The useful and ornamental hat, dressy  
for fall wear, handy and durable as a  
change, made with an abundance of  
weather comes, comfortable all the  
time, and an acquisition to any man's  
wardrobe is the negligee-fedoras  
now being shown at Dineen's. It comes  
in plain Scotch tweeds, heather mix-  
tures, checks, homespun and other  
fashionable materials. The rather  
narrow-rimmed and fairly high crown-  
ed fedora variety, and is a hat anyone  
can wear and look well in. The price  
range from \$1.50 to \$2.50. The fall hat  
display at Dineen's big store at Yonge  
and Temperance streets commences to-  
day that is up to the minute in fas-  
hionable headwear.

### FINE AND COOLER.

Metropolitan Office, Toronto, Sept.  
12.—(P.m.)—Sharp frosts were general  
in the Northwest Provinces and Mani-  
toba during last night, as much as six  
degrees of frost being reported in some  
localities. In Ontario, Quebec and the  
Maritime Provinces a few local showers  
or thunderstorms have occurred, but  
the weather has also seen very fine  
from British Columbia to Lake Su-  
perior.

Minimum and maximum tempera-  
tures: Victoria, 52-64; Edmonton, 24-  
66; Calgary, 26-66; Prince Albert, 26-  
56; Qu'Appelle, 30-62; Winnipeg, 30-  
58; Port Arthur, 42-56; Pelly Sound,  
54-73; Toronto, 54-74; Ottawa, 54-70;  
Montreal, 56-70; Quebec, 56-70; St.  
John, 54-64; Halifax, 54-72.

Probabilities.

Lower Lakes and Georgian Bay.  
Northwesterly and northerly winds  
fresh to strong during the day;  
fine and cooler.

Bollard.

## How Much is for Canada? Has Come From Palestine Ambiguous Clause is Vital For Operation in Toronto

SOME MONEY, MUCH WHISKEY  
HELP TO INFLUENCE VOTERS

Missionary, Having Heard of  
Orthopedic Hospital Thru Visit  
of Dr. Potts, Travels Far to Be  
Given Privilege of Perfect  
Walking.

Inspired with new hope by the stor-  
ies of the Sunday school delegates who  
visited his home in Palestine over a  
year ago, Rev. George P. Murray has  
traveled thousands of miles all the way  
to Toronto that he may have his club  
feet operated upon. With him has come  
his wife, an Indian princess, blind in  
both eyes. The sufferer is now at the  
orthopedic hospital, and these are every  
hope that he may go away cured.

It was a little over 14 months ago that  
Dr. Potts of Toronto and a party of  
Canadian members of the convention,  
passing thru Palestine, came upon the  
tiny hamlet where Missionary Mur-  
ray taught the gospel to his little flock  
of converts. He was a man of 56, and  
was supported by an English society.

Naturally his conversation with the  
Canadian visitors turned to his affliction,  
the double club feet which had  
burdened him all his life. He had  
given up all hope of ever having them  
operated upon, for he had never known  
of treatment being attempted when the  
unfortunate was of mature years.

His joy can, therefore, be imagined  
when the Torontoites told him that  
the Toronto Orthopedic was prepared  
to handle such cases as his. It gave  
him new hope. The delegates had him  
brought to the hospital, which was pre-  
pared to take him in. He was admitted to  
the hospital and immediately put under  
treatment.

Every day his blind wife comes to  
his bedside and sits talking to him.  
Her affliction is incurable. It is a form  
of blindness quite common among the  
women of India when they have passed  
the meridian of life, and she patiently  
accepts it. The doctors have every  
hope that they can cure Mr. Murray,  
but they say that it will be three or  
four months before he will be able to  
walk.

Produce Merchant in Montreal Held  
Up by Two Men With a Revolver  
and Then Stowed Away.

Montreal, Sept. 12.—(Special.)—A  
daring hold-up was committed on a  
leading business street of Montreal this  
afternoon, when James Hamilton, pro-  
duce merchant, 22 Peter-street, was ro-  
bbed and locked up in a refrigerator.

Two strangers entered his office at 5  
o'clock and one, pointing a revolver at  
him, said something about money. A  
struggle began, but ended by Hamilton  
being beaten into insensibility.

The robbers then dragged him into a  
refrigerator, and, barring the door, de-  
camped with \$75 in cash.

An hour later Hamilton regained con-  
sciousness and managed to break  
open the door.

He gave the alarm, but the visitors  
were nowhere to be found.

Edwards, Morgan & Company, Char-  
tered, Accountants, 26 Wellington  
Street East, Phone Main 1168, 12.

Otto Coke.  
Do not confuse with gas coke. It is  
cleaner, larger and gives greater  
heat. At your grocer's, in paper sacks.  
JOHNSTON—At St. Michael's Hospital, on  
10th September, Willis Johnston, in his  
23rd year.

Funeral notice later.

HUNT—On Monday, Sept. 11, Martha Le-  
nox, the dearly beloved wife of Freling  
A. J. Hunt, and infant son.

Funeral on Wednesday, Sept. 13, at  
8 o'clock p.m., from Blainy-avenue,  
Balmy Beach, to Norway Cemetery.  
JOHNSTON—At St. Michael's Hospital, on  
10th September, Willis Johnston, in his  
23rd year.

Funeral 12th, from his brother's res-  
idence (Arthur Johnston), Dangrave-  
road, East Toronto, Wednesday, at 2 p.m.  
Friends kindly accept this intimation.

McMASTER—At his residence, 132 Black-  
er-street, Toronto, early on Tuesday  
morning, Sept. 12, 1905, William McMas-  
ter, Jr., formerly of Newmarket, Ont.,  
and son of the late Charles McMaster of  
Omaha, Ireland, in his 71st year.

Funeral from above address on Wednes-  
day, Sept. 13, at 8.30 o'clock, Interment  
in Mount Pleasant Cemetery.

RYAN—At Trafalgar, Ont., George E.  
Ryan, in his 77th year.

Funeral Wednesday at 1.30.

Extra Protection.  
The Holmes Electric Protection Com-  
pany offers from any other method of  
guarding by electricity; individual  
wards to every bank, store and ware-  
house. In fact they cover the business  
district, and are constantly adding to  
their already large number of subscrib-  
ers. The system has been so thoroughly  
tested and improved during recent  
years as to merit the hearty endorsement  
of the bankers and merchants of this  
city.

Meat is but a partial food with a large  
percentage of waste. Norfolk is all food.

Otto Coke.  
Put up in strong paper sacks—cheap,  
lasting, convenient. Your grocer keeps it.

Campbell's English Chop House, 30  
King St. West, quick lunch.

If Not, Why Not?  
Have you accident and sickness pol-  
icy? See Walter H. Blight, Confederation  
Life Building, Phone M. 278, 128.

Babbitt Metal, best made. The Canada  
Metal Co.

Evidence in Election Protest Trial—  
Agency Between Kennedy and  
Aitken Established.

Port Arthur, Sept. 12.—(Special.)—The  
Port Arthur and Rainy River election  
protest trial opened yesterday before  
Justices Maclellan and Teetzel.  
Messrs. Helmuth, Keefe and Elliott  
appeared for the prosecution, and  
Messrs. Aylesworth and McBrady for  
the defendant.

James Thatcher stated that one Greer  
had treated him and afterwards took  
him into a room and asked him how  
\$10 would catch him for voting for Ken-  
nedy. He said he would not look at  
it. Greer stated that he could make a  
difference of \$50 in a contract if he  
would vote Kennedy.

Several other witnesses were called,  
each testifying of Aitken's having  
brought whiskey to Sutherland's board-  
ing-house and treating men on the day  
of election. One man swore that Ait-  
ken and Greer had each paid him \$5  
for carrying voters. Aitken, it was  
proved, was an agent of Kennedy.

It was also proved that he stayed at  
Sutherland's boarding-house that night.  
Aitken and Greer were there drinking  
whisky. Aitken was seen in the house  
\$2 was slipped in his hand. He stated  
he was offered \$10 to use his influence  
about half an hour before the open-  
ing of the polls.

Evidence of the carousal was brought  
in court all day. Numerous wit-  
nesses admitted that whiskey was dis-  
tributed freely in Sutherland's all the  
previous evening.

Kennedy was called and stated that  
he had not asked Aitken to work for  
him. However, a signed copy of a  
certificate of agency from Kennedy to  
Aitken was produced as evidence. This  
was given Aitken by the local Liberal  
Association.

Aitken was put in the box this evening.  
He admitted having given young  
Sutherland \$4 for the use of his team  
on election day, stating he wanted it  
for his own use. He also admitted that  
he had a team of his own, which he  
had loaned to a voter. He had hired  
the other team because his team was  
tired. He admitted giving money to  
Sutherland, but stated that he was  
drunk.

What Does "Available" Mean?  
It is hereby expressly provided that  
one-half of the power to be generated  
hereunder shall from time to time be  
available for the use of any municipal-  
ity or municipalities within the Pro-  
vince of Ontario for the purpose of  
operating a municipal system of light-  
ing, heating or other public utilities.  
It is to be delivered at and taken from  
the transformer houses at the works  
of the company at Niagara Falls, and  
whenever the additional elec-  
trical, pneumatic or other horse-power  
or any part thereof to be generated un-  
der this agreement shall be available  
for use, then the company shall supply  
such municipalities as shall make  
application therefore, one-half the paid  
power.

The agreement in which this clause  
appeared was thrown out by the legisla-  
ture, but its purport is the same as the  
clause in various agreements that have  
been duly ratified. For instance, that  
with the Mackenzie, Nichols and Pel-  
latti syndicate, made in January, 1905,  
reads: "The syndicate whenever re-  
quired shall, from the electricity or  
horse-power generated under this  
agreement, supply the same in Can-  
ada to the extent of any quantity not  
available to one-half the quantity gen-  
erated."

Where Danger Lies.  
It will be seen the clauses are simi-  
lar in purport and a closer scrutiny will  
disclose the vagueness that has crept  
in as a source of danger to the rights  
of Ontario power users who desire to  
share in the results of the development  
of power at Niagara.

The Ontario Power Company is al-  
ready reported to have contracted for  
Continued on Page 3.

OFF TO ENGLAND.  
Montreal, Sept. 12.—(Special.)—Fourth  
Vice-President Bosworth of the C. P.  
R. will leave for England in the morn-  
ing, accompanied by Allen Cameron,  
former general freight agent at Van-  
couver, who has been appointed to have  
charge of the C. P. R.'s European  
traffic.

Get Ready for the Races.  
Do not put off getting everything  
ready for the races. You are sure to  
be entertaining friends and a case of  
"red" water is the wisest of all pre-  
cautions. Nothing mixes as well with  
Scotch whisky or rye as this famous,  
pure Canadian mineral water.

Where Danger Lies.  
It will be seen the clauses are simi-  
lar in purport and a closer scrutiny will  
disclose the vagueness that has crept  
in as a source of danger to the rights  
of Ontario power users who desire to  
share in the results of the development  
of power at Niagara.

SWEDEN IS DETERMINED

NORWAY IS BELLIGERENT

Inability to Come to Terms as to Ar-

bitration Puts Affairs in

Ticklish Position.

Stockholm, Sweden, Sept. 12.—The

delegates of Norway and Sweden ap-

pointed to discuss the dissolution of

the union of the two countries will re-

assemble at Karlstad, Sweden, Sept.

13, and it is declared here that, as the

Swedish conditions are unalterable, the

outcome seems to depend on the Nor-

wegian acceptance of these conditions.

The tone adopted by the Norwegian

delegates this morning is very threat-

ening, and is considered to be specially

significant, coming after yesterday's

meeting of the Norwegian delegates.

It is recognized that a breach must

follow the re-assembling of the dele-

gates, and the Swedish authorities are

preparing for such an event.

NOT UNTIL TREATY IS SIGNED.

Christiania, Norway, Sept. 12.—The

newspapers continue to dwell heavily

on the Swedish refusal to agree to

an arbitration treaty. The Morgen-

bladet says Norway is prepared to dis-

miss her new fortifications in order

to show her love for peace and desire

for a settlement with Sweden, but no

gun nor a stone shall be moved un-

til the arbitration treaty is signed.

WELCOMED HIM BACK.

Secretary Pratt of the Y. M. C. A.

Given an Ovation.

The local Y.M.C.A. tendered a recep-

tion last night to Frank M. Pratt, gen-

eral secretary of the association, who

has been in Europe for the past four

months.

An address was read by Frank Yeigh

welcoming Mr. Pratt back to the work

of the association. Mr. Pratt replied in

terms.

During the summer \$3000 has been

expended in improvements to the

Y.M.C.A. building, and the gymnasium

is now one of the finest in Toronto.

The Tonic of Health

Must be more than a stimulant—must

be a food as well as a stimulant. It

is this digestion, promotes assimila-

tion, converts food into energy, builds

up nerves, blood, brain and bone.

That tonic is Ferrozone, which con-

tains exactly what a run-down system

needs. Ferrozone supplies oxygen

to purify the blood, phosphorus to

strengthen the brain, iron to harden the

muscles. No wonder it makes such

vigorous men and women. You'll eat,

sleep, think and feel better by using

Ferrozone. Try it—now. Fifty cents

a box of fifty chocolate coated

Ferrozone tablets, at all dealers.

# CASTORIA

The Kind You Have Always Bought has borne the signature of Chas. H. Fletcher, and has been made under his personal supervision for over 30 years. Allow no one to deceive you in this. Counterfeits, imitations and "just-as-good" are but experiments, and endanger the health of children—Experience against Experiment.

**What is CASTORIA?**  
Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is Pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. It cures Diarrhoea and Wind Colic. It relieves Teething Troubles, cures Constipation and Flatulency. It assimilates the Food, regulates the Stomach and Bowels, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

The Kind You Have Always Bought

Bears the Signature of  
**Chas. H. Fletcher**

In Use For Over 30 Years.

## POPE SENDS COMMISSIONER TO CONGRATULATE MIKADO

Bishop O'Connell Sails From Portland, Me., on Thursday—Fairs at Tokio.

Portland, Maine, Sept. 12.—Bishop O'Connell, bishop of the Roman Catholic Diocese of Maine, announced today his intention to leave for Japan on a special mission in behalf of Pope Pius X.

Bishop O'Connell declines to state the purpose of his visit, but it is believed to be an important diplomatic mission from the Vatican to the Emperor of Japan, concluding upon about the time of the conclusion of peace between Japan and Russia.

It is understood in Catholic circles here that the bishop will present to the Emperor the personal congratulations of the Pope on the magnificent manner in which the Japanese yielded to Russia, and also thank the emperor for his kindly interest in the Catholic subjects of Japan, and express the hope that this interest may continue.

Not Accepted.  
Tokyo, Sept. 12.—The resignation of Viscount Yoshikawa, minister of home affairs, has not been accepted.

The resignation of Viscount Yoshikawa, minister of home affairs, has not been accepted.

The resignation of Viscount Yoshikawa, minister of home affairs, has not been accepted.

Change in Police Rules.  
The resignation of Adachi, chief of the metropolitan police, has been accepted, as showing a conciliatory attitude of the government. The resignation of Adachi, chief of the metropolitan police, has been accepted, as showing a conciliatory attitude of the government. Recruit Drill for the Royal Grenadiers has begun favorably, about forty men being in the class.

A class of instruction in the new infantry training of 1905 has been formed under Q. M. Sgt. Sgt. Thompson, R. C. M., for officers and non-com. officers. It is well attended and meets on Monday evenings.

He Got His Deserts.  
Martin County, who nearly choked the fort of Joseph, was sent to the penitentiary for 20 years, for the crime of treating the Indians badly.

## MODEST MAN RESCUES BOY JUMPS INTO BAY AFTER HIM

Youngster Overbalances and Stranger Follows and Holds Him Above Water Until Both Are Pulled Out.

A narrow escape from drowning furnished some excitement along the wharves opposite Bayville Park at about 4:30 p.m. yesterday. Willie Jeffrey, a 12-year-old boy, was playing with a group of children on a floating tin can and fell into the water.

A middle-aged man who refused to give his name, waded out to throw off his coat, plunged in after the boy and caught him as he rose to the surface for the first time. He succeeded in holding Willie up until a couple of rescuers got to work, one leaning down while the other gripped his ankles and in this way the boy was raised to the dock.

Later the name of the rescuer was found to be Joseph McDole.

County Councils Act.  
Hon. Nelson Monteth says system of election will be changed.

Hon. Nelson Monteth, minister of agriculture, has sent a circular to the county councils of the province, warning them that the government proposes to abolish the present dual system of election, so that those councils which propose to change from one system to the other may be spared the trouble.

Seeking Long Lost Sister.  
Kingston, Sept. 12.—Peter Powers of Chautauque Springs, Kansas, is in the city seeking information that will lead to the discovery of his sister.

Don't Believe It.  
New York, Sept. 12.—Baron Komura was somewhat improved to-day. He was still, however, confined to his bed, and members of his suite said that he was in too weak and nervous a condition to leave his room.

## FOUR JOHNS AT ST. CATHARINES CLING OVER OBSTACLES

What if People Do Protest, Aren't the Aldermen Solid for Their Scheme?

St. Catharines, Sept. 12.—(Special).—A book could be written about the operations of "The Four Johns" in and around the City of St. Catharines. When the four Johns were looking about for a good place to plant their power proposition, they probably selected the De Cew Falls, because they were near St. Catharines, and, therefore, easy to acquire. However, we do know that they drove stakes at De Cew Falls, where is the source of the St. Catharines water supply, rated for a quarter of a century or thereabouts, to be one of the finest water works plants in Canada, deriving an inexhaustible supply of good water from the head level of the Welland canal. The Cataract Power Company, for the purposes of their operations, secured the waste water from the Welland canal, and began business as sellers of electrical energy.

Two years ago the four Johns came back. The water commission looked easy and the proposition was made that the commission release to the Cataract Power Company the supply of water which it had been selling to the city.

What if People Do Protest, Aren't the Aldermen Solid for Their Scheme?

The World has paid some attention to the recent developments in St. Catharines. There is not the slightest doubt that the present proposition will pass the council by a good majority. The public who are down on the scheme have been talking of holding a public meeting of protest, but they are not doing so.

When he found his assessment had been increased by \$5 per foot this year, G. W. Prescott wrote the court of revision an angry letter. The assessment had been reduced a similar amount last year on his property at 149 Augusta avenue. "Your assessment is just the same as your neighbors," said Chairman Proctor.

Rev. Dr. Courtice appealed for exemption on 141 College-street, valued at \$14,822. It is used as a training school for Sabbath school teachers, and was valued at \$14,822. The assessment was reduced to \$10,000.

Mr. Wallace Mason, M.D., 659 Spadina avenue, explained he had no medical practice, but was a phrenologist. As the stated did not cover this he was not assessed.

Mrs. Ellen O. Barham had her assessment increased \$10 because she had put up a new verandah costing \$150, and appealed. The assessment was maintained.

Mr. John Hewitt, 210 Huron-street, did not think she should pay more taxes than the other houses. She had put up a new verandah costing \$150, and appealed. The assessment was maintained.

Principal Dickson of St. Margaret's College protested against the assessment of \$5000 on the residence used by him, a part of the college. He will go to a higher court.

Mr. Hawes of the Sussex Court apartment house on the property was too high, and compared it with the assessment of \$50,000. The assessment was maintained.

# PORT ARTHUR

## Real Estate Investment.

A Word to Canadians:  
Invest Your Money Under the Flowing Folds of the British Flag.

Canada to-day offers magnificent opportunities to the wide-awake investor, who need not look to the ends of the earth for a safe and profitable real estate investment. Right in our fair Dominion under the proud protection of the Union Jack, with no chance of having your investment disturbed and jeopardized by internal strife or revolution, money can be made, and we can make it for you. We are dealing with Real Estate in PORT ARTHUR, a town which spells progress, and golden opportunity to any Canadian investor who wants to see his money grow. No need to spend your time pulling up stumps, cultivating your land, staying under a foreign clime with a possible chance of achieving success in years to come. We are dealing in land free from hills and hollows and all other obstructions. Oars is level land, most favorably located for residential purposes, and success begins with you the moment you invest in the purchase of lots in the

**CARRICK ADDITION OF PORT ARTHUR**  
We can do the same with you as was done with a similar Real Estate Investment in Port Arthur only two short years ago. An addition known as High Land Park, consisting of some 400 lots, was disposed of to investors in various sized lots, which in many cases have since been sold at an advance in price of **100 PER CENT. TO 200 PER CENT. ON THE PURCHASE MONEY PAID.**

Your investment in the CARRICK ADDITION probably means a similar opportunity. Your purchase of Real Estate grows in value as the progressive town of Port Arthur advances.

**PORT ARTHUR**  
Has doubled its population during the past four years.  
Possesses two great railways—the Canadian Pacific and the Canadian Northern.  
Is the coming manufacturing and distributing centre of the Great Northwest.  
Is at the head of Canadian inland navigation, and possesses unparalleled shipping facilities.  
Owns and operates more municipal franchises than any city in America.  
Has the greatest electrical power when the natural power of Kakabeka Falls is brought into play.

When, in addition to the above, we mention that a contract has been let for the erection of extensive Coal Docks, when we further state that many other important enterprises are engaging the attention of many busy minds, one may begin to gather some idea as to the importance of Port Arthur, and what all this means to the investor. Every new enterprise means the introduction of fresh capital, and this in turn spells the employment of master minds, the skilled mechanic and the laborer, and all this leads up to the purchase of residential property. This is what we are offering you to-day.

**THE CARRICK ADDITION OF PORT ARTHUR IS AN IDEAL RESIDENTIAL SECTION**  
Being situated only two blocks distant from some of its finest residences, and within walking distance from the heart of the town.

**WE OFFER LOTS VARYING IN PRICE FROM \$55.00 TO \$75.00 EACH**  
And we make the terms of payment practically to suit the purchaser—\$15.00 down and \$5.00 per month thereafter. All lots possess a frontage of 23 feet, and they range in depth from 105 to 122 feet. Further particulars, plans, maps, and all other desired information can readily be obtained by addressing a communication to either of the addresses given below.

Col. S. W. Ray, of the Banking House of Ray, Street & Co., says: "No doubt values of real estate will increase. Prices are ridiculously low as compared with other places of inferior position and prospects. They should be at least 50 per cent. higher than they are in Canada, and he is known to be somewhat cautious and conservative in his opinions, hence the added value of the above declaration."

George Clavel, President of the Board of Trade, states: "A steady growth of the town is unavoidable, and values in Real Estate are bound to increase." W. F. Langworthy, Crown Attorney, says: "For a man with little money to invest, no place in Canada offers better advantages than Port Arthur. In my opinion real estate is bound to rapidly increase in value, and this increase in value has taken place within the last few years in only the commonest."

**MAKE VIGOROUS APPEALS.**  
Cases of Fourth Ward Residents in Court of Revision.

When he found his assessment had been increased by \$5 per foot this year, G. W. Prescott wrote the court of revision an angry letter. The assessment had been reduced a similar amount last year on his property at 149 Augusta avenue. "Your assessment is just the same as your neighbors," said Chairman Proctor.

Rev. Dr. Courtice appealed for exemption on 141 College-street, valued at \$14,822. It is used as a training school for Sabbath school teachers, and was valued at \$14,822. The assessment was reduced to \$10,000.

Mr. Wallace Mason, M.D., 659 Spadina avenue, explained he had no medical practice, but was a phrenologist. As the stated did not cover this he was not assessed.

Mrs. Ellen O. Barham had her assessment increased \$10 because she had put up a new verandah costing \$150, and appealed. The assessment was maintained.

Mr. John Hewitt, 210 Huron-street, did not think she should pay more taxes than the other houses. She had put up a new verandah costing \$150, and appealed. The assessment was maintained.

Principal Dickson of St. Margaret's College protested against the assessment of \$5000 on the residence used by him, a part of the college. He will go to a higher court.

Mr. Hawes of the Sussex Court apartment house on the property was too high, and compared it with the assessment of \$50,000. The assessment was maintained.

Mr. John Hewitt, 210 Huron-street, did not think she should pay more taxes than the other houses. She had put up a new verandah costing \$150, and appealed. The assessment was maintained.

## WOMAN CONFRONTS BURGLAR

Has Jawbone Fractured in Encounter With Intruder.

Greenwich, Conn., Sept. 12.—Mrs. C. W. Morell was shot in the face by a burglar who entered her residence here early to-day. The bullet struck her chin, shattering the jaw bone and imbedding itself in her shoulder.

A nurse, who has a room on the second floor of the Morell residence, was awakened by a dash from the burglar's lantern. She screamed and the man attacked her with the butt of a revolver, bruising her arms and shoulders and breaking two of her fingers.

A lady guest of Mrs. Morell heard the screams, and when she entered the room the burglar, while still struggling with the nurse, fired at her, but the bullet went into the ceiling. Mrs. Morell then appeared, and the man aimed a shot at her, but the bullet taking effect in her face, as she fell the burglar dashed past her and made his escape.

**NO UNIVERSAL SUFFRAGE**  
Austrian Emperor Will Reject Plan of United Opposition.

Vienna, Sept. 12.—All hope of peace between the crown and the united opposition in the Hungarian Diet seems to have come to an end.

It is understood that Emperor Francis Joseph, who as a first step apparently inclined to acquiesce in the plan of the Hungarian ministers for the granting of universal suffrage as one way of bringing about the defeat of the united opposition, has been induced to change his mind by the Austrian ministers, who feared the effect on political conditions in Austria if universal suffrage should be granted to the Hungarian people. It is thought the Fejervary cabinet will resign.

**TO PROTECT THE JEWS.**  
Society Formed to Do Away With Persecution and Maltreatment.

It is possible that at the next meeting of the police commissioners they will have before them a resolution to form a Hebrew protective association lately formed in this city, who will present complaints against treatment which they claim to have received from police men.

Some of the incidents that have aroused the indignation of the few residents of Toronto have been told. One is—An aged man had his beard pulled by a couple of newboys. The police that did the deed were hailed into the police court and were fined the trivial sum of \$1 and costs.

An argument used his pick on a Jew. His name was taken by a policeman, but so far he has not answered to any charge of assault, is the police court.

Joseph Gursky is the executive officer of the association. T. C. Robinson has been engaged to prosecute cases that are reported.

## FREE TONIC

Until Robust Health, Strength and Vigor is Regained.

Perfect Manhood. The man of courage, of strong heart, of nerve, of good health, of undaunted energy. The man who is the pillar of his family, the support of his friends, the example of his neighbors, the life of his community.

For forty years I have been making strong, vigorous men out of the puniest weaklings. A man comes to me weak, nervous, despondent and discouraged. With Dr. Cassell's Tonic, I give him a new life. I give him a new life. I give him a new life. I give him a new life.

This is the way I cure men. This is the way I cure men. This is the way I cure men. This is the way I cure men.
