

NORTH BRITISH COMPANY TO TAKE OVER POLICIES

Mutual Life Astonished by Report and Say Results Would Be Disastrous.

New York, May 14.—The Tribune says: Emory McClintock, vice-president of the Mutual Life, who is in charge of the company's agency business in all parts of the world, was astonished when a cable message from London, saying that the North British and Mercantile Co. might take over policies of the Mutual Life, amounting to \$45,000,000, was read to him last night.

That is certainly remarkable, but it may not be true, you know. I feel confident that the policyholders will not enter into any such arrangement in any great number, while a great proportion of the policyholders will be deceived by it. It would be the worst thing they could do. They would get no more safety and worse results.

Any policyholder who has been in the Mutual Life for any length of time would lose the benefit of all he has put into the company. In the first place, also, that cable message makes an announcement to the contrary. The North British and Mercantile will not accept such policyholders without medical re-examination.

TRANSFER POLICIES. London, May 14.—The British policyholders of the Mutual Life Insurance Company of New York are being organized into rival camps. Those following the plan outlined by the "protection committee," headed by R. C. Halderman, the former London manager of the Mutual, today, docked at the offices of the North British and Mercantile Insurance Company, where they filled out papers transferring their policies to the British concern.

PRESIDENT'S STATEMENT. Presents His Opinions on the Rate Bill Negotiations.

Washington, May 14.—A statement bearing on the railroad rate bill incident in the senate Saturday, was issued by the White House this evening. It consists of a letter from Attorney-General Moody to President Roosevelt, giving an account, at the president's request, of the conferences which Mr. Moody had by the president's direction, with Senators Tillman and Bailey, regarding the court review features of the pending rate legislation, and a letter from the president to Senator Allison on the subject.

Ask Him to Stay. The quarterly board of Parkdale Methodist Church, last night invited their pastor, Rev. W. H. Hicks, LL.B., to remain with them another year. Mr. Hicks accepted the invitation.

YORK COUNTY AND SUBURBS A TAX RATE OF 25 MILLS

Toronto Junction Gets a Reduction—Collegiate Institute Board Meeting.

Toronto Junction, May 14.—A special meeting of the council was held in the council chamber to-night. Those present were Mayor Smith, Councillors Armstrong, Irwin, Greeniaus, Chapman, Howell, Haines, Baird, Bull and Whittier. The bylaws to levy rates, and to collect taxes for 1906, were passed. Mr. Allen asked to have a water service to his premises on Bloor-street, a distance of 750 feet. Mr. Dawson, representing the Giant Manufacturing Company, asked for the usual exemption in case of their locating here. This was sent to the exemption committee. The following estimates were considered: High school, \$2,800; public school, \$32,400; executive committee, \$31,000; works committee, \$11,400; fire light and property committee, \$13,351. A rate was recommended for the ensuing year at 25 mills on the dollar a reduction of one mill. The collegiate institute board met in the town hall. The property committee recommended that caretaker John Stewart's salary be \$300, which was carried. The finance committee recommended that Miss Charles be granted an honorarium, the equivalent of one month's salary, owing to prolonged illness. The teachers' application for increase in salary was referred to the management committee to consider and report at next regular meeting. Estimates for the year, commencing Aug. 1, are: Salaries, \$10,500; fuel, \$450; library \$100, gas and water, \$150, apparatus \$100. Total \$320; examination fees \$100, printing and supplies \$300, total \$450; improvements and repairs, \$600; interest and interest, \$500; total \$1,700; less estimated revenue, \$440; leaving as amount for town to levy, \$3,360. The funeral of the only son of Christopher Read, postmaster at New Toronto, took place this afternoon to Prospect Cemetery. The celebration committee for the twelfth of July will meet in the town hall on Tuesday evening. There has been \$230 collected for dog tags up to date.

East Toronto.

East Toronto, May 14.—At to-night's meeting of the town council, mayor Richardson presided, with Councillors Morait and Samnick absent. J. Gardner, representing the W. J. Gardiner Co., Ltd., applied for a town site of x 300 feet, together with a loan of \$20,000, repayable at 5 per cent per annum. The firm agree to pay interest, rates and taxes at a fixed assessment, for a term of years, giving building and plant as security. The principal will be repaid at the rate of \$100 a year and the company further agree to employ at least sixty mechanics the first year, earning on an average six a week, making a total of \$3,600 a year. The members of the council were favorably impressed and a special committee will be deputed.

Stouffville.

The ratepayers of Stouffville, by a vote of 17 to 25, carried the bylaw granting the water, gas, sewer and \$150 per year for ten years to the Western Machine Company, who have purchased the foundry at one time conducted by Fleury Sons. Mr. McLaughlin, the head of the company, is engaged in the manufacture of gas and gasoline engines. Some friends of the bylaw are offering to each for the photographs of the twenty-five citizens who voted against it.

Newmarket.

Newmarket, May 14.—A meeting of the business men was held this morning to discuss the Taylor, Scott & Co. agreement, with a view to have the goods against the board of the Central Prison, and the contract was generally condemned. A committee was appointed to make arrangements for a deputation of manufacturers and others affected from this and other towns to wait upon the government, with a view to have the goods against the Central Prison put on the market on the same footing as articles manufactured in the ordinary way.

Kettleby.

The will of the late Geraham Proctor of Kettleby has been filed for probate, dividing an estate of \$10,610 among two sons and four daughters. William Henry gets a farm of 170 acres in King; Wakefield gets house and lots in Kettleby; Melissa S. Sprinks, Lavina Howard, Elizabeth Davis and Josephine Rogers each receive \$350 cash.

Mr. Ramsden's Trip.

County Clerk John A. Ramsden is spending a few days in Cobalt and in a letter home states that the weather is extremely cold in that section, heavy frosts having occurred during the past week.

LABOR DAY COMMITTEE.

The largest meeting yet of trades representatives for the selection of a Labor Day committee was held in the Labor Temple last evening, when, after a tight contest, J. H. Kennedy was elected chairman, over John Tweed, who, however, was elected vice-chairman. John Gardner was elected secretary by acclamation; T. Fogarty was elected treasurer, and O. Finnegan tyler. The committee will meet again on Thursday, May 21.

Single tax mess are spreading to Deer Park.

"Single tax mess are spreading to Deer Park," said a prominent citizen yesterday. "It is all wrong to have a block of land assessed for \$200,000, which the owner refuses to take \$95,000, and have another block of land assessed for \$200,000 for which the owner paid \$100,000."

Ernest Jones of Christie-street is building a large residence on Dupont-street, costing \$2000.

Ernest Jones of Christie-street is building a large residence on Dupont-street, costing \$2000. Market gardeners are complaining bitterly about neighbors allowing hens to run at large, destroying their gardens. Chinese are looking over the place, with the purpose of establishing a laundry.

Rumor has it that in the neighborhood of forty-six lots changed hands last week on St. Clair-avenue.

Rumor has it that in the neighborhood of forty-six lots changed hands last week on St. Clair-avenue. Ratepayers still complain that the electric lights on St. Clair-avenue and Christie-street are persistently "out."

John E. Edwards & Sons have opened a tannery of their own at Cannington.

John E. Edwards & Sons have opened a tannery of their own at Cannington. Mr. Ross is general manager and W. Edwards Jr. is bookkeeper. J. Chapell, while playing cricket during the noon-hour at the factory grounds of J. E. Edwards & Sons, was struck on the mouth with a ball. The new engine-house, Ontario, which was installed Saturday afternoon, and yesterday the factory was humming as usual.

The salary of Town Clerk Clay was increased from \$800 to \$1000 and that of Chief Engineer Scanlon placed at \$900 and Assistant Weir at \$750.

The salary of Town Clerk Clay was increased from \$800 to \$1000 and that of Chief Engineer Scanlon placed at \$900 and Assistant Weir at \$750. During the visit of Earl Grey to Glen Stewart during the races the electric light will shine there all night. Balsam-avenue residents want that roadway graded for 200 feet north of Queen-street. F. W. Lyonde asked for and obtained permission to extend Hazel-place from Beach to Balsam-avenue. John Fox was granted \$12 of a rebate on his income tax, having already paid a business tax in the city. A number of charges were preferred against the board of the Central Prison, and on motion of Councillor Naamith they will report at next meeting of council.

Deer Park.

James Gay bought a lot of 25 feet frontage on Lawton-avenue at \$10 a foot. J. Coates is erecting a pair of houses on Pleasant-avenue.

W. J. Thompson, principal of Deer Park School, was at Niagara Falls Saturday, making arrangements for the teachers' excursion on Friday, June 1.

The report of the South York Teachers' Association will be held at the old county court house, Toronto, at which Thos. W. Gibson, deputy minister of mines for Ontario, will deliver an address at 11 a.m. on "Minerals of Ontario." The afternoon session will consist of lectures by Inspector Fotheringham on "School Discipline"; on "Bird Study in Schools," by W. H. Elliott, B.A., Toronto Normal School; "School Correspondence," by W. H. Hicks, Queen Victoria School, and Mr. and Mrs. Ben Sinclair, who have been at Victoria, B.C., since last October, have returned home.

The principal, W. J. Thompson, and caretaker, Mr. Martin, of Deer Park Public School take a great interest in the flowers and plants around the school building. Sunday evening the fence was sealed and the flowers stolen.

WAS ASKED BY LADY WILSON TO ACQUIRE MINING STOCK

A. E. Plummer Tells of Investment in "Scramble"—Trust Co.'s Statement.

Final argument in the case of Lady Wilson v. The Toronto General Trusts Corporation will be heard Friday afternoon. R. V. Temple, the broker who put thru the Scramble mining stock deals which Morson, Lady Wilson's son-in-law, claims was never authorized, was examined by Mr. Hodgins yesterday. He said that he had sold 900 shares of Scramble stocks for the Toronto General Trusts at \$1 per share, and his commission was \$824. When asked on whose authority witness could not say, Mr. Hodgins tried to learn what sales had been made, but witness would give no names.

Mr. Barwick put Mr. Langmuir in the box to clear up some facts in connection with the evidence of A. E. Plummer, who was on the stand during the morning. Mr. Hodgins objected and asked Mr. Langmuir if he had new light on the facts.

"You are trying to distort the truth," he told Mr. Hodgins. Mr. Plummer, who Winchester requested Mr. Langmuir to answer the question. "Counsel is most unfair," said Mr. Langmuir. "I beg your honor's pardon."

Mr. Hodgins again asked if the witness had new light to throw on his former evidence, and Mr. Langmuir showed no objection. Mr. Plummer, a manager of the Trusts Corporation of Ontario, was the chief witness. He said that the letter authorizing the purchase of mining stocks had been signed without his knowledge. Mr. Plummer swears that the letter was read and explained to Lady Wilson, and that she fully approved of it. At the same time he contradicted Mr. Langmuir's evidence to the effect that Lady Wilson had been procured from Lady Wilson to cover objections by him to certain stock-gamings.

Investment in stock. To Mr. Barwick, Mr. Plummer explained that he had been asked by Lady Wilson to invest some of her money in mining stock, and that he had done so on the first of May, 1897, \$1200 of Scramble Mining from Mr. Temple, who was the agent in the Trusts Corporation's name, because Lady Wilson did not want her name to appear. Witness said that he had understood that Mr. Langmuir's evidence was that he had raised the question about mining investments. "I said, 'Our letter covers that.'"

Mr. Barwick had to put in as evidence that the evidence of Lady Wilson to Mr. Langmuir, enclosing Lady Wilson's letter, ruled the court. "It has been objected," Mr. Plummer continued. "Mr. Barwick, says the letter of Sept. 21, 1899, says that the question of the advisability of the transactions was raised by him."

"Think he's mistaken. When he raised the question in March, 1900, I said I had the letter among the records. When called on to explain I went to the records and got it."

Mr. Hodgins' cross-examination made Mr. Plummer admit that he had taken commissions and rebates on insurance and had put them in his own pocket, although clients of the company were charged for same.

Witness said he had not been subpoenaed, but had come to Toronto on receipt of a telegram to the effect, "I want to nail this falsehood in regard to confirmatory letter as quickly as I can," and at the expense of Mr. Barwick. He had dealt in mining stocks during the boom of 1896, but had forgotten the details, as Mr. Wright had charge of the stocks.

The details of the acquiring of Scramble stock took up a lot of time. Mr. Plummer did not bought these stocks for the estate, but had charged them to the estate because Lady Wilson had authorized them. At the same time he bought 2000 shares for himself at forty cents a share.

Mr. Hodgins asked witness if he had ever received any rebates on the purchase of the Scramble Gold Mining Company and witness denied. Witness had bought five thousand shares of a company before the estate was created after he had warned his client not to dabble in the stock. Mr. Plummer's excuse was that, at that time, he thought it was an investment.

"Did you ever pay for the stock?" "I paid the company for Lady Wilson's shares."

"Why?" "I suppose because I was short of cash."

"Yet you said it was a good investment. Did you ever try to get out of not paying for them?" "No; I threw them back."

"Yet this was supposed to be a good investment for Lady Wilson?" "Yes."

A Statement. The Toronto General Trusts presented the following statement: The estate was inventoried at the time of Sir Adam's death at \$1,719,922.59. To which has been added \$1,000,000.00 in revenue collected up to Oct. 31, 1905. 7,565.06. Making a total to be accounted for by the corporation up to that date \$2,717,517.65. To which there had been disbursements: Claims paid against the estate amounting to \$8,608.60. Paid Lady Wilson for her own purposes before her request, up to Oct. 31, 1905. 60,758.01. She also instructed us to deed property to her relatives valued at 10,000.00. There has been disbursements for taxes during the 14 years. 19,215.02.

THEY HUG THE FEET

IMPROVEMENT NUMBER THIRTEEN

A shoe that's built with a Plumb-Line Level Heel and Sole, balanced on precisely the same level as the heel and ball of the foot and with an artistic arch that follows the curved arch line of the foot with watch-like accuracy, is pretty apt to hug the bottom of the foot.

A shoe that's built with a Heel-Comforting Ball and Socket Counter that clings around the heel like the socket of the shoulder envelopes the arm-bell, is pretty apt to hug the heel and back of the foot.

A shoe that's built with a Hurlless Instep Seam, modeled the exact shape of the foot's instep and set at the correct point on the instep, is pretty apt to make the shoe hug the foot's instep.

A shoe that's moulded over Foot-Sculptured Last, which give the shoe precisely the same inside shape as the shape of the foot which inhabits it, is pretty apt to make the shoe hug the foot snugly on the outside at every point of contact.

And a shoe made of "Normal-Calf," a leather almost as soft and supple as the live calf's skin, is more apt to hug the feet than a coarser leather. Kid gloves hug the hand; buckskins don't.

This is how Foot-rite are built and that is why Foot-rite hug the feet. No other shoe was ever constructed on scientific plans and specifications to insure a snug fit for every foot.

If you've had trouble with too loose fitting shoes that look hoboblos, or too tight fitting shoes that look like inflated frogs and cause corns, bunions, blisters, and all sorts of foot troubles, call on the Foot-rite retailer in your town. His door swings inward but never outward to find a more welcome store. You'll find him a good fellow, willing to be bothered. Let him fit you with a pair of Foot-rites. Don't do the fitting yourself. Let him do it. He's an expert fitter and knows best what size and shape will fit you. He'll give you a little shoe fitting assistance. He'll show you a shoe without a wrinkle in vamp or waist, because Foot-rites are wrinkleless. He'll show you a shoe that won't rub or pinch corns and things on the feet. He'll show you a shoe that hugs the feet at every point, as gently, though snugly as silk socks.

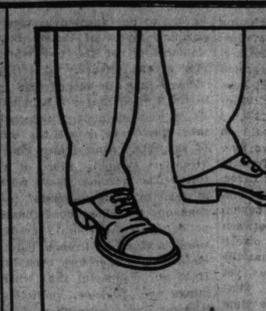

People miss a lot of good things by not trying. Here's a case where the try is worth the trouble. Anywhere in America, Canada or Great Britain—\$4.00 and \$5.00. Every pair Goodyear Welted.

Can You Cut Out the "Yellow" Streak?

All got one, you know. Some small, some large. The mere "yellow" in your make up, the less yellow gold in your character and pocketbook. Is your yellow streak the coffee habit? Does it reduce your working force, kill your energy, push you into the big crowd of mongrels, deaden what thoroughbred blood you may have, and neutralize all your efforts to make money and fame?

It does that very thing for thousands who don't suspect it. Languid, half sick with stomach and bowel troubles, heart weak and hardly half alive, you cannot succeed under such fearful handicaps nowadays, when the world only yields the crown for the best efforts of keen people.

Try leaving off coffee for 10 days. Build back to a clear cut mind and healthy body by Postum Coffee. That's the true route to health, and with bounding exuberant health you acquire "Energy plus."

Then to "do things" is easy. "There's a Reason" Have a try at Postum

NOTE.—Postum is only good to the taste when well boiled. Then it is prime and toothsome.

NO PLACE The Lazy Ones Must Stand Aside. The dull, heavy feeling from coffee may not amount to much in itself, but it's a great obstacle in the way of fame and fortune, for it kills ambition and makes one lazy and finally sick. The successful men or women must first conquer themselves. The way to conquer that dull, stupid feeling nine times out of ten is to pay a little attention to proper food; coffee in particular will dull the senses and make one feel lazy and stupid after the first effects of the cup have worn off an hour or so after drinking it. "I was a lover of coffee," says a New York man. "It seemed to me breakfast was nothing without it, but I noticed an hour or so after breakfast a dull, stupid feeling came over me accompanied frequently by nausea. "Thinking perhaps it was caused by coffee, I wanted to make sure of it, so I gave up the use of coffee and drank Postum in its place. My old trouble disappeared and I learned to look forward to my Postum with as much eagerness as I used to look to coffee, and instead of being bad in its effect, Postum is very healthy, and I feel fit as a lord" right along. Name given by Postum Company, Battle Creek, Mich. There's a reason why Postum helps toward fame and fortune when used in place of coffee, the drug drink. Look in each package for the famous little book, "The Road to Wellville."

ESTATE NOTICES.

A SIGNED SALE OF THE PRINTING Plant in the Estate of Douglas & Coy., Toronto.

Tenders will be received addressed to the undersigned up till Monday, May the 21st, 1906, at 12 o'clock noon, for the stock in trade, plant and machinery, amounting to \$22,947.40, and consisting of: Stock in trade \$987.10 Work in progress, estimated 1,000.00 Plant and machinery 20,052.00 Furniture and fixtures 1,222.23 Total \$22,947.40

Tenders must be accompanied by marked cheque or legal tender for 10 per cent of the purchase price, which will be refunded if tender is not accepted. The highest or any tender not necessarily accepted.

Terms, 20 per cent, cash; balance in 2, 4, 6 and 8 months, satisfactorily secured, with interest at 6 per cent per annum. Conditions of sale the standing conditions of the court.

This sale offers exceptional opportunities for intending purchasers, as the plant is modern and up to date in every respect, in fact the insolvent firm had a reputation for high-class work.

The plant has not ceased operation as a result of the assignment and the full staff is now employed as before. Plant and inventories may be examined on the premises, corner of Adelaide and Simco-sts., Toronto, and inventories at the office of the assignee.

CLEW WADE, 67 1/2 Bay-street, Toronto, Assignee.

4 MEN NOW UNDER ARREST BLOODHOUNDS BETRAY ONE

Round-Up of Train Robbery Suspects is Proceeding—Police Guard at Border.

Vancouver, B.C., May 14.—(Special).—While the Canadian Pacific officials here think they have in Jim Christie the man who assisted in the hold up of the Imperial Limited, and that two men, Moir and Wilson, also in jail, were confederates, the police are continuing the hunt with bloodhounds in case of mistaken identity.

Paul Stevens, from Montana, a man with an unenviable reputation, has also been arrested as an alleged accomplice.

Dogs covered the robbers' trail to a point near his house, and he is suspected of at least having harbored the bandits in their flight.

COUGHERS, HAWKERS, SPITTERS.

Public expectation is against the common law, against the laws of health also. When the throat tickles, that's the time you need "Catarrhose"; it soothes away the irritation, cuts out the phlegm and loosens the tight feeling. You'll quickly cure that catarrh and throat trouble with Catarrhose. It positively prevents new attacks and cures catarrh forever and for all time to come. Don't take our word for it, try Catarrhose yourself. Once used you'll be delighted with its pleasant and helpful influence.

30 DAYS' RESPIRE.

Albany, N.Y., May 14.—Governor Higgins to-day granted an additional respite of 30 days until June 13 to Albert T. Patrick, under sentence of death for the murder of Wm. M. Rice.

SUMMER RESORTS.

THE NEW DAILY. Orilla's leading tourist house. First-class accommodations for tourists. Modern sanitary equipment. Large airy rooms. Special attention to table. Close to Lake Couchiching and in touch with excellent boating service. Rates, \$1.50 a day. Special rate by week. Smith & Cunningham, Props. 249

FOR SALE OR TO LET. The "Bungalow" Heron Island, Lake Couchiching, Orilla; one of the choicest spots in Northern Ontario, good fishing; steamer passing several times a day; scenery unsurpassed. Apply to John McCosh, Barrie, Orilla. 249

FERN COTTAGE. Lake Couchiching; beautifully situated near Orilla; first-class accommodation for 50 guests; modern conveniences; excellent fishing and boating facilities; steamboat and telephone connection; tennis court; illustrated prospectus on application; \$7 to \$10 per week. W. W. McLean, Manager, Orilla, Ont. 249

"GAWSWORTH" FOR SALE. Large brick summer resort, overlooking Lake Couchiching, one mile from Orilla; 15 rooms and large bath; modern sanitary equipment; will be sold or rented for the coming summer; an excellent opportunity for investment. Apply to C. E. Paxon, 124 S. S. Orilla. 249

TRAVELERS HOUSE, PORT CARLING. Muskoka; overlooking Indian River; large, airy rooms, first-class table and good sanitary equipment; excellent boating service and high elevation, bathing beach; no consumptives taken; rates on application. John Troutman, proprietor. 249

THE GOLFA, LAKE ROSSEAU, MURKOKA. Accommodation 40, modern sanitary equipment, telephone connection, good boating and fishing, tennis, golf links, rates \$8 and up; no consumptives taken. S. S. Gregory-Allyn, proprietor and manager. 249

HOTEL WASKADA. Muskoka's new palatial hotel, on Big Island, Lake Rosseau, between Windermere and Muskoka; 70 rooms, electric lighted, tennis, sandy beach, boats and yacht for convenience of guests. Rates on application. F. S. Hurlbut, Prop. and Mgr., Windermere. 249

Christie, Moir and Wilson appeared before the police magistrate at Vernon this morning and were remanded for seven days.

Mail Clerk McQuarrie, who saved \$40,000 by telling robbers that the letters in which the money was were valueless, has gone up from here to see if he can identify Christie.

Northwest mounted police have gone south to Pentiction in order to cut off any chance of men escaping across the border line.

Reports have come from that region of ranch houses being broken into, food stolen and shacks burned. These depredations, however, are put down to a couple of men who escaped from Kamlooke jail a week ago.

BRITISH AND FOREIGN OFFICE OF THE TORONTO WORLD. 10 Hart Street, New Oxford-street, W.C.

SIR WILFRID'S INNOVATION.

Sir Wilfrid Laurier is proud of his achievement in securing a salary from the public funds for the leader of the opposition.

Whatever may be said against the innovation, it may be argued that it is only an enlargement of the principle of payment of members of parliament.

We have traveled a long way since John Knox talked about the "monstrous regiment of women."

Instead of it being regarded as a shame for a woman to lift her voice in the councils of the church, there are now men alive who would be foolish enough to wish their wives and sisters to be equated as mere nonentities in the struggle for the spiritual uplifting of the race.

Two or three generations ago one of the most famous ministers in the free churches of Great Britain was the Rev. William Jay of Bath.

It has remained to the Dundee Advertiser, a Scotch Liberal paper, sarcastically to point out another aspect of the arrangement which has given Sir Wilfrid Laurier so much gratification.

The salary of the leader of the opposition (qua leader, and not qua representative of a particular constituency) must be placed in the estimates, and his conduct as leader of the opposition may be called into question by any member who chooses to move a resolution of his salary.

For instance, Sir Henry Campbell Bannerman was minister of war in the Rosebery government. In June, 1895, his salary was reduced £100 by a majority of seven, on the ground that there was an insufficient supply of cordite in the national magazines.

If, say three years hence, Sir Wilfrid Laurier is leader of the opposition and commits the kind of blunders which have made the Hon. Mr. Ross unique among leaders; and if, from his own side a resolution of his salary should be proposed, the Conservative government might have to defend him. If a resolution were carried the government might conceivably go out of office for defending the leader of the opposition. This, of course, is the reductio ad absurdum of a problematical situation. But it is characteristic of present-day Ottawa methods, that they vary often land at the reductio ad absurdum.

QUICKER ACROSS SEAS.

A writer, who has probably never seen a great ocean steamer, in one of yesterday's papers represented the citizens of Quebec as being filled with rapture at the sight of the Empress of Britain, moored to the wharf safe from the dangers which attend a voyage up the river to Montreal.

SCARED EDITORS. An Indianapolis judge has fined and sent to prison for 30 days the editor of a newspaper who presumed to criticize the judge's action with regard to an indictment of the police for rough usage of accused persons.

FROM WOMAN'S SIDE. An article on another page prophesies that three years hence, Toronto will be the temporary habitation of the greatest parliament of women the world has ever seen.

GERMAN TEMPERANCE MOVEMENT. Germany, which long remained impervious to the temperance crusade so marked in the English-speaking nations, has of late developed an extraordinary degree of interest on the subject of alcoholism.

OSGOODE HALL. Judgments handed out Monday, May 14. (Master's Chambers—Edmunds v. Edmunds, Cartwright, master; C.P.R. v. Harri, Cartwright, master; Judge's Chambers—Piggott v. French, Anglin, J.; Troland v. Goldsmith, Fairweather, Muller, C. J. E. D.; Divisional Court—Smith v. Trades Bank, Chancellor, Magee and Mabee, JJ.)

FOUND HANGING. Exeter Laborer Was Worried Over the Loss of \$300. Exeter, Ont., May 14—Thomas Welsh, a laborer, residing on Huron-street, committed suicide by hanging himself in his cellar this morning.

YORK PIONEER DEAD. Charles Lord Hellwell, one of the earliest residents of Toronto, died at the residence of his son-in-law, W. B. Bulling, assistant freight agent of the C.P.R., yesterday morning. He was 80 years of age on Sunday.

LIQUOR AND TOBACCO HABITS. A. McTAGGART, M.D., C.M. 75 Yonge St., Toronto. References as to Dr. McTaggart's professional standing and personal integrity permitted by: Sir W. R. Meredith, Chief Justice; Hon. G. W. Ross, ex-Premier of Ontario; Rev. John Potts, D.D., Victoria College; Rev. Father Teffy, President of St. Michael's College, Toronto; Right Rev. A. Sweetman, Bishop of Toronto; Principal Wm. McLaren, D.D., Knox College, Toronto.

FOR COUGHS. We know a remedy over sixty years old. Thousands of people have never been without it during all these years. Once in the family, it stays; the one household remedy for coughs and colds. The more you consult your doctor about Ayer's Cherry Pectoral, the better for you, and the better for us as well. Ask him all about it.

hardly to be expected in view of the peculiar aspect of United States administration of the law which gave rise to the offence.

There has developed into practice in the United States a heinous notion as to the methods which policemen may employ to secure the conviction of suspects. Almost any kind of device, not stopping short of physical torture, is in some places resorted to in order to wring confession from persons out of whose condemnation the police expect to obtain credit.

We seem to be approaching an era when a few persons in exalted stations are going to judge themselves to be immune from criticism. Members of legislative bodies, who are properly open to animadversion, are heard bitterly preferring unworthy complaints from places where dignity was once wont to be preserved.

There is nothing disparaging of the Canadian services in these facts. It is not yet time fairly to compare Quebec with New York or the infant C.P.R. steamship service with the North German Lloyd. Every improvement is worthy of praise, and it is a good sign that the president of the C.P.R. is already discussing the possibility of the Empress of Britain and the Empress of Ireland being taken off the Atlantic service and used as supplements to the older Empresses, which these many years have been flying between Vancouver and Japan.

Instead of it being regarded as a shame for a woman to lift her voice in the councils of the church, there are now men alive who would be foolish enough to wish their wives and sisters to be equated as mere nonentities in the struggle for the spiritual uplifting of the race.

Two or three generations ago one of the most famous ministers in the free churches of Great Britain was the Rev. William Jay of Bath. In his old age he was presented with a testimonial by his admirers, who also thought kindly of Mrs. Jay. Acknowledging the honors conferred upon him the Rev. William Jay, speaking with the accent of sincere and generous condescension which was then common, admitted he owed something to his wife, but could give her no better designation than that of "this excellent female."

"Excellent female" of the early Victorian epoch is a little ahead of the "monstrous regiment of women" of the sixteenth. We have traveled farther from Jay than Jay had traveled from Knox. We still deny to women the right to vote in parliamentary elections and insist that they shall obey laws about the making of which they have not been consulted. It is fondly thought by some elect soul that what is denied them in justice is made up in chivalry. The question is debatable.

Women's independence, women's rights, the emancipation of women—the equality of sex—all these are terms which can be understood as variously as the Westminster Confession. It is possible that, speaking broadly, the feminine constitution is without some natural qualifications for political and parliamentary exercises. Judging by many parliamentary proceedings the masculine constitution has serious defects in that direction also. The woman writer, the woman teacher, the woman doctor, do not need to be justified. Their works do attest their capability. A woman chairman also stands on her deliverance.

Except that it is not good for man to be alone, there is no reason why women should not run "on their own" a great many more institutions than that of housekeeping. A woman's daily paper came to grief in Paris. That is no reflection on feminine capacity. Men, whose vanity is really incurable, think that they support the newspapers. The department stores know better. The newspapers know better, too.

SCARED EDITORS. An Indianapolis judge has fined and sent to prison for 30 days the editor of a newspaper who presumed to criticize the judge's action with regard to an indictment of the police for rough usage of accused persons. The judge, who does not realize that only judges can bring justice into contempt, was not so fastidious as to ask a learned brother to inflict punishment for an offence against himself. That was

emperor to introduce more temperate habits among the people, of whose welfare he is so assiduously solicitous.

The points regarding the abnormal susceptibility of the intemperate to disease and the greater difficulty attending their cure, has been very clearly shown in the report for 1904-5 of the great Municipal Hospital Am Friederichshain, in Berlin. Professor Dr. Stadelmann, director of the department for internal disease, states that the comparatively high mortality (28 per cent.) among cases of inflammation of the lungs, is undoubtedly due to the circumstance that so many of the patients treated for this complaint were drinkers. Many of them, he says, were young people in the full vigor of their age, who would often have easily overcome the inflammation if their power of resistance had not been impaired by their addiction to alcoholic drinks.

As a consequence of these and other strong expressions of authoritative opinion, the great workmen's guilds, so the Post's correspondent reports, have issued regulations prohibiting drunken persons from being employed in any workshop or on any building, and six of them forbid their members the use of any kind of alcoholic liquor while they are at work. Twelve or the guilds, moreover, forbid the employment of men who are known to be drinkers, and who, owing to the nature of their work, would be liable too soon to become chargeable to the funds of the guild. The Association of East German Industrialists has drawn up a set of rules for the use of its members, the prevailing principle of which is to assist the workmen in giving up the use of alcohol. These rules tend to raise difficulties in the way of the workmen obtaining alcoholic drinks, but render it easier for them to obtain hot coffee, natural lemonade and other non-alcoholic drinks. They also arrange for the instruction of the workers concerning the deleterious effects attending the abuse of alcohol and during Easter week a course of lectures was delivered in Berlin by expert students on the results achieved by scientific investigation along this latter line.

All this vigorous educational campaign cannot but initiate and promote a revolution in German social customs and industrial conditions. The general temperance movement in evidence among all the nations of the world most advanced in civilization must in turn be strengthened in the best possible way. In this struggle, as in actual physical combat, a volunteer is worth two pressed men and the work now being carried on in Germany appears to be well calculated to create an abiding conviction that temperance is the best policy and to provide the means for its ultimate success in that country.

MR. CHAMBERLAIN AND THE EDUCATION BILL. Mr. Chamberlain's intervention in the second reading debate on the government education bill for England provided its most important incident. While full reports of his speech are not yet available he appears to have produced what can best be described as a mild panic in the Conservative ranks by declaring his acceptance of the main principles of the measure, tho with certain reservations as to Roman Catholic requirements. His point of view was certainly very remote from that of the party with whom he is now identified, and there must have been a spice of malice in his remark that "we all agree that no religious tests should be exacted from teachers." It is not surprising to learn that this comprehensive admission elicited an enquiry as to whom he meant by "we," but unfortunately his reply is, meantime, unrecorded. As matter of fact, a religious test has been one of the requirements most strongly insisted upon by the Church of England authorities, and the occurrence shows that Mr. Chamberlain is still staunch to his earlier professions of political faith in this matter at least.

How the frank disclosure of his opinions on the education bill affects the opposition can be judged from a comment made in a Conservative paper. It says: "For the second time he has spoken on the education bill without weighing the consequences to those whose political lot is for the time bound up with his, which is singularly unfortunate for the success of the party in

OSGOODE HALL. Judgments handed out Monday, May 14. (Master's Chambers—Edmunds v. Edmunds, Cartwright, master; C.P.R. v. Harri, Cartwright, master; Judge's Chambers—Piggott v. French, Anglin, J.; Troland v. Goldsmith, Fairweather, Muller, C. J. E. D.; Divisional Court—Smith v. Trades Bank, Chancellor, Magee and Mabee, JJ.)

FOUND HANGING. Exeter Laborer Was Worried Over the Loss of \$300. Exeter, Ont., May 14—Thomas Welsh, a laborer, residing on Huron-street, committed suicide by hanging himself in his cellar this morning.

YORK PIONEER DEAD. Charles Lord Hellwell, one of the earliest residents of Toronto, died at the residence of his son-in-law, W. B. Bulling, assistant freight agent of the C.P.R., yesterday morning. He was 80 years of age on Sunday.

LIQUOR AND TOBACCO HABITS. A. McTAGGART, M.D., C.M. 75 Yonge St., Toronto. References as to Dr. McTaggart's professional standing and personal integrity permitted by: Sir W. R. Meredith, Chief Justice; Hon. G. W. Ross, ex-Premier of Ontario; Rev. John Potts, D.D., Victoria College; Rev. Father Teffy, President of St. Michael's College, Toronto; Right Rev. A. Sweetman, Bishop of Toronto; Principal Wm. McLaren, D.D., Knox College, Toronto.

FOR COUGHS. We know a remedy over sixty years old. Thousands of people have never been without it during all these years. Once in the family, it stays; the one household remedy for coughs and colds. The more you consult your doctor about Ayer's Cherry Pectoral, the better for you, and the better for us as well. Ask him all about it.

opposition." Mr. Chamberlain, however, can hardly be blamed for openly intimating that his opinions on the education-issue have remained unchanged. About two years ago he met the Rev. R. J. Campbell, successor of Dr. Joseph Parker, in the City Temple, with the object of arranging a compromise, and, situated as he is, he would probably have lost more than he gained had he remained silent. Many motives connected with his fiscal position and the prospects of his fiscal reform agitation conspired to induce him to prefer the more politic course. That he did not choose to do so impartial observers will set down to his credit. His action, however, must have weakened the attack upon the education bill.

Anyway what glory would there be in whipping a sixth-rate nation like Turkey? "Ring a Round Robin" is so popular that an act of parliament may be introduced to establish it as the national sport.

Yesterday was the most glorious day in Joe Downey's career since the time he saw "Red Crane" pitch for all America in Sydney, Australia.

The premier thinks stranger things have happened than the flop of La-brosse and Racine. Maybe. There was Ross' somersault on the Beck Power Bill.

Hugh Clarke regards the speech from the throne read at the closing of the legislature yesterday as the longest and finest he has ever written.

You can't always tell by the street parade on opening day. On Yonge-street the Toronto had Newark beaten on by as many runs as there are holes in a square yard of asphalt pavement.

"IN QUEST OF LIGHT." Editor World: I read with much interest your brief summary of, and extracts from, Dr. J. G. Smith's latest book, "In Quest of Light." As far as I have been able to ascertain, nearly all commentators on this work have treated it with tenderness and even pathos—doubtless because of the author's advanced age, blameless life, great learning and unquestionable integrity.

And yet may not the question be fairly asked: What is, or what can be Dr. Smith's object in giving publicity to such sentiments as those contained in your extracts? Because, coming as they do from a gentleman of his standing and integrity, they are bound to do much harm, if not good. If it is light he is in quest of, whence does he expect to get it, for scientists, however advanced, are but mental speculators like himself, and get their light no further than light upon the future.

Has Dr. Smith ever turned his attention to such evidences as are furnished in the life of our Lord, and the testimony of men like John Wesley, John Bunyan, Dwight L. Moody, Rev. Dr. Chyren, etc., or, more important still, to a higher order of intellect than that of men and thousands of others derived their inspiration—always remembering the vast gulf between finite and infinite intelligence—and that "man's wisdom is with God foolishness."

Dr. Smith claims that reason must rule, and on this basis, rejects the truthfulness of Christ's miracles. Well, can Dr. Smith's or any other man's reason adequately comprehend the mystery of his own existence, with all its complications? And yet he must accept it because it is so. What is his reason capable of grasping the mysterious power and process by which a seed is transformed into a flower or a tree? The fact is, we are living in the midst of miracles all the time, any one of which is as far beyond our reason as any of those performed by our Saviour, and we are to accept them because there they are. Why, then, reject those attributed to Him?

With all due respect, may I be permitted to say that the general surmise that the real (or perhaps unconscious) weakness with our agnostics and higher critics is that they seem to lay claim to a higher order of intellect than that of their fellow-men; regard with doubt anything they cannot fully comprehend—albeit surrounded with incomprehensibilities—and in brief, will be good themselves, knowing all things, or accept nothing. Justus.

T. EATON CO. LIMITED. Our \$10.00 Tweed Suit. For Men Who'd Dress Well. There's as much style and all round goodness in this \$10.00 suit as in many sold for much more money. It's a wonderfully good value. Made from splendid wearing tweeds, light brown or mid-grey with colored overplaid, also handsome striped pattern, grey with colored thread. Wide concave shoulders and new style front, single breasted, linings and trimmings of the best. Yes, it's a good \$10.00 suit, in fact we don't believe there's a better. Men's Working Trousers, 79c. Small price for such an excellent wearing garment. Of strong English tweeds, dark grey with faint grey stripe, side and hip pockets, sizes 32 to 42. A big price inducement that should bring men in on the run Wednesday morning. MAIN FLOOR—QUEEN STREET. THE T. EATON CO. LIMITED. 190 YONGE STREET.

ERECTING BIG ELECTRIC SIGN. 8,000 Feet of Wire Will Be Used in Wiring Immense Sign on Roof of Natural Food Company's Building. Almost everyone knows that the biggest advertisement of The Natural Food Company is the beautiful plant in which Shredded Wheat is made and which is visited every year by nearly one hundred thousand pilgrims to the Falls. The company therefore spares no pains or reasonable expense to get the visitors to the Niagara region to view every facility is provided for enabling visitors to get an intelligent idea of the process of shredding wheat. Years of experience has shown the company that the average person who goes through this plant and notes its scrupulous cleanliness and the care that is taken to guard the purity

JOHN CATTO & SON

Coat Specials
For this week we offer very special values in Ladies' and Misses' Coats at \$20.00, \$30.00 and \$50.00 each.

THE ACME OF STYLE
and exclusive individuality are characteristic of the very distinctive portraiture in our stock of Ladies' Outdoor and

Carriage Coats
specially imported for the coming Wood-land events. The styles include long and three-quarter makes, in finest broadcloth, trimmed beautifully with lace, plumes, brids, etc. A few only. No two alike.

Tailor-Made Suits
Stylish Walking Skirts, Silk and Lawn shirt Waists.

Specials This Week
45 Ladies' Silk Umbrellas, regular values \$2.50 to \$3.50; to clear, \$2.00.

Silk Hosiery
Black and white, in new styles.

King-street—Opposite Postoffice, TORONTO.

SENTENCE DAY IN SESSIONS

5 LASHES FOR YOUNG MAN

William Blain Will Also Serve Month in Jail—Ex-Policeman Gets Six Months.

Yesterday Judge Winchester sentenced those convicted last week in the general sessions.

John Boyd, who stole \$20 from the trunk of a fellow-policeman, was given six months in the Central. Inspector Gregory of No. 4 division, where Boyd was doing duty, said until the theft was discovered he had found him well behaved. He looked on Boyd as a soft, good-natured old country boy.

The judge in passing sentence said the honor of the force must be kept up and the members must act honestly. It was this week that the police would be a menace to society instead of a protection.

George Moore, convicted of receiving a quantity of brass stolen from P&E & Co., protested his innocence. Mr. Robinson, his counsel, thought Robert Moore should be ordered into custody. His honor agreed with that statement, but that did not take the guilt from Moore's shoulders. Moore knew the goods were stolen, secreted them and led to the officers. A month in jail was his punishment.

This is one of the most serious charges brought into this court, and the crime is becoming altogether prevalent," remarked his honor when William Blain stood up to receive sentence for attempting to know two little girls under age. "No doubt your friends are suffering from your actions, but you should have thought of them before. Next year you may have to have on the after life of five lashes, to be given within the first week."

Mrs. Jos. A. Hamilton was the next she was convicted of stealing in Eton's. "This pilfering must be stopped. You are the mother of a large family and should set them a better example. You will go to jail for ten days."

Edward Knox, for highway robbery, went to the Central for six months. Abraham Oscaler, charged with receiving, and Richard McLaughlin, who were traversed to September sittings.

HAD THOUSANDS OF VICTIMS.

Promoter of Plantation Co. on Trial for Larceny.

Boston, May 14.—Ferdinand E. Borges, formerly of Indiana, and an alleged promoter of the Uvero Plantation Company, was placed on trial today on an indictment of 125 counts, charging larceny in connection with the operations of the company. The complainants allege losses aggregating \$1,000,000.

The principal office of the Uvero Company was in this city, and its lands for the cultivation of rubber and other commodities were located in Mexico. The government contends that the concern was fraudulently conducted.

Batoche Dinner. The twenty-first anniversary of the Battle of Batoche was celebrated by the officers of the Royal Grenadiers on Saturday evening with the usual dinner, held in the Garrison Mess-room. The absence of Lieut.-Col. Stimson presided, and on his right was Lieut.-Col. Grasset, the officer who commanded the regiment in the Northwest Rebellion. Other officers present who were with the regiment in that campaign were Col. G. Sterling Ryerson, Lieut.-Col. Hartson and Major Messerly.

The absence of Lieut.-Col. James Macdonald, who is at present in British Columbia, was remarked by many, it being the first occasion he has missed this annual celebration. Sir Frederick Cook, Brig. Gen. Otter, Lieut.-Col. John Davidson and Lieut.-Col. Shaw were unable to attend and sent their regrets.

The toast-list was short, "The King" and "The Day We Celebrate" being the only ones honored. A short musical program to which songs were contributed by Lieut.-Col. Galloway, Capt. Mackay and Messrs. McCauley and Fax brought the evening to a close.

CITY COUNCIL WAS ACTIVE

MONDAY MORNING MEETING

Want to See the King—Turned Down Cheap Fares—Legal Department Scored.

Some of the interesting matters which came before the city council at the unusual circumstance of a morning session yesterday included a resolution backing up to King, Edward and Queen Alexandra to come to Canada; there was an abused motion for paying arrears for short runs; a notice of motion by Ald. Dr. Noble indicating the line of discussion to be taken on the salary increases question at the special meeting to-morrow; a motion indicating that the city is in earnest in trying to get electrical power; the killing of the proposal to hold council meetings at 2 p.m.; a warm protest from Rosedale regarding the cruel way in which the telephone and light companies wreck trees; the proposal to let the militia department have a lease of seven acres of the garrison commons was referred back; the idea of sending the engineer to England for information on sewage matters was endorsed contrary to the recommendation of the board of control after a warm discussion; some entertaining minor matters came up, and when the council dispersed at 1:30 p.m. owing to lack of a quorum it was for sustenance before going to assist in the ceremonies pertaining to the opening of the baseball season.

Easy Fare for Short Runs. Nobody seemed to think that Ald. Vaughan was serious when he moved, seconded by Ald. Dunn, that in view of the fact that many people ride very short distances on the street cars in the city and many others would avail themselves if a lower fare for short distances were arranged, that the city should go into with the Street Railway Co. for the purpose, if possible, of securing a 2c street car fare for short distances in this city.

When Ald. Vaughan sprung his motion it was met with a chorus of grunts of disapproval, audible remarks being made by Ald. Chisholm, "Foolishness," Ald. McBride, and many others.

Ald. Gray asked the mayor if he could not put in another motion charging higher fares to those who ride the long distances. (Laughter.) "Simple nonsense to talk about trying to break the street railway agreement," urged Ald. McArthur, and he remarked that it was one of Vaughan's jokes. The council declined to discuss the rules to discuss the matter.

Control of Electric Power. Controller Shaw moved that application be made to the hydro-electric power commission as soon as the body comes into use in this city, and that the board of control be requested to take such steps as they may deem necessary for the purpose of determining the quantity of power to be applied for in the first instance.

Don't Make Increases Now. All that was said about salary increases was contained in a notice submitted by Dr. Noble that he would on Wednesday move.

That this council do not now make any increase in the salaries of civic employees, but that the sum of \$25,000 be placed in the estimates for contingencies for salaries.

That this council do now appoint a special committee of three of its members to report to this council upon a scheme or plan of paying employees according to a graded system, beginning with a minimum salary and requiring a fixed annual increase until a maximum salary is reached.

And that said committee do also report as to what, in their opinion, should be the maximum salary paid each head of each respective department.

And that said committee have power to secure the services and fix remuneration of an expert accountant or accountants, or others to aid said committee.

And that all heads of departments give all necessary information and aid to said committee.

And that the heads of departments give all necessary information and aid to the number of clerks in each department.

And that all heads of departments give all necessary information and aid to the number of clerks in each department.

And that all heads of departments give all necessary information and aid to the number of clerks in each department.

And that all heads of departments give all necessary information and aid to the number of clerks in each department.

And that all heads of departments give all necessary information and aid to the number of clerks in each department.

And that all heads of departments give all necessary information and aid to the number of clerks in each department.

And that all heads of departments give all necessary information and aid to the number of clerks in each department.

And that all heads of departments give all necessary information and aid to the number of clerks in each department.

And that all heads of departments give all necessary information and aid to the number of clerks in each department.

And that all heads of departments give all necessary information and aid to the number of clerks in each department.

And that all heads of departments give all necessary information and aid to the number of clerks in each department.

And that all heads of departments give all necessary information and aid to the number of clerks in each department.

And that all heads of departments give all necessary information and aid to the number of clerks in each department.

And that all heads of departments give all necessary information and aid to the number of clerks in each department.

And that all heads of departments give all necessary information and aid to the number of clerks in each department.

And that all heads of departments give all necessary information and aid to the number of clerks in each department.

Business Hours Daily: Store Opens at 8.30 a.m.—Closes at 6 p.m.

Special Lot of Manufacturers' Samples of Blankets

25c—50c—75c

This lot is indeed very fine, composed of baskets of every description suitable for everything, work baskets, open or covered, some satin lined, flower baskets, infants' baskets, paper holders, handkerchief boxes, photo frames, and a large assortment of fancy goods and catches. It is really a wonderful lot and worthy of your attention, and to simplify matters we have divided it into three lots, which we have placed on different tables, near our Victoria-street entrance.

Table No. I, 25c—Table No. II, 50c—Table No. III, 75c

PURE LINEN TABLE CLOTHS \$6.50

This is an especially good offering of table cloths in various sizes up to 24 by 34 yards, most of them solid or slightly imperfect, but all of double satin damask, pure linen and dainty designs. Regularly sold at \$4.50 a dozen. Very special 2.90

Also a fine line of Huck Towels, plain and figured, large sizes, very fine qualities, nicely hemstitched. Regularly \$7.50 a dozen. Special 6.50

TABLE NAPKINS \$2.90 A DOZEN

Table Napkins, size 24 by 24 inches, fine 16th damask, pure linen and dainty designs. Regularly sold at \$4.50 a dozen. Very special 2.90

Also a fine line of Huck Towels, plain and figured, large sizes, very fine qualities, nicely hemstitched. Regularly \$7.50 a dozen. Special 6.50

W.A. Murray & Co. Ltd. Toronto

respective department at the present time; and as to any changes in methods of doing clerical work, or methods of bookkeeping, now in use.

D. Gamble, on behalf of the Rosedale Association, an influential body, forwarded copies of two resolutions adopted by the association at a meeting on the 30th ult. The first was heartily approving of the proposal to extend and enlarge the Park drive, and the second was a very strong protest as to the manner in which the ornamental trees in Rosedale had been damaged by the Bell Telephone Company and the Toronto Electric Light Company, and alleging that within the last month the Bell Telephone Company, claiming to be the owner of the trees, had in a few days destroyed on several streets the work of years by mutilating and ablating the magnificent elm, maple and other ornamental trees.

The association places on record its conviction that the use of poles and wires in the streets should be abolished and underground conduits substituted. The communications were referred to the parks committee.

See the Kings. In truly loyal tone, Controller Shaw, with the hearty endorsement of Controller Hubbard, submitted this to be carried.

That this council views with the utmost satisfaction the action of the Dominion Parliament in presenting a humble address to His Most Gracious Majesty the King, praying that His Majesty, with Her Majesty the Queen, will be graciously pleased to grant the Dominion of Canada with a visit in the near future.

The suggested royal visit gives great pleasure and satisfaction to the citizens of Toronto, as it will not only afford them an opportunity of seeing their sovereign, the King, and his most gracious consort, but also will permit them to offer an unfeigned expression of their unalloyed loyalty and devotion.

This council, therefore, most cordially endorses the action of parliament in praying for the visit, and expresses the most earnest hope that their majesties may be able to accept the request; and further that his worship the mayor be desired to transmit a copy of this resolution to the Governor-General of Canada, with a respectful request that his excellency will be pleased to forward the same to the colonial secretary for presentation to His Majesty the King.

Early Enough Now. That petition of Ald. Thomas Church, to the council, for the commencement at 2 p.m. instead of 3 p.m. was killed by a vote of fifteen to seven.

—Ald. Sheppard, Church, Adams, McMurrich, Chisholm, Dunn and Controller Jones.

Nays (15)—Ald. Stewart, Noble, Oliver, Keeler, and the Mayor. Supporting: Gery, Vaughan, Graham, McGhie, Controllers Ward, Shaw, Hubbard, the mayor.

Best Should Go to England. Sewage disposal got another innings. Ald. Sheppard said the sewage question had been before the city for fifteen years and that the sewerage population has increased 150 per cent. during that time, and our sewage is polluting the city water more and more every day. "We have got to do something. If we only find out who is the best man to advise us, I think a visit to England by Engineer Rust would be a great investment. The aldermen are willing to submit the bylaw when the terms can be made definite." (Hear, hear.)

Ald. Vaughan said business men of the best standing found it profitable to send experts abroad to attend to their affairs. Ald. Church said the city was just where it was in 1874 and Ald. Keeler asked him if he was born then. Ald. Church said the information as to sewage disposal could be got from the universities here. He suggested that the engineer give a prize for a set of plans. Ald. Noble said there was no reason for not sending a party of medical health officers and the provincial board of health to tell us what we had got to do, and why don't we do it? "We had got to do it long ago, but we put it in the lake. Incidentally it was mentioned that the provincial board of health was not composed of any but members of our own medical health officer. Some of the aldermen did not seem to entertain an excited opinion of the provincial board. The doctor remarked that we all knew pretty well how political appointments were made, and Ald. McBride asked him if that was the way he got his corner shop.

With regard to that old suit of Brooke v. Toronto, Ald. Graham asked why the city should settle at half the value the assessment commission placed on the property, for it was not fair to any other citizens, Ald. Chisholm

had heard that the judge had advised settlement and had gone so far as to say he would give judgment against the city. Controller Hubbard said it was hardly as plain as that, but Ald. Keeler remarked that we had certainly had a hard time of it in the present assessment. Ald. Dunn boasted the city legal department, accusing it of laxity, which was in this case greatly expensive to the city.

Ald. Oliver moved that the present assessment be set aside, and that the city engineer and assessment commissioner, nor the present city solicitor had been to blame. "I know a case where far more than the taxes and costs were offered and refused," said Ald. Vaughan. The settlement will go on, only Ald. Graham, Dunn and Vaughan voting against it on division.

Pay for Teamsters. Ald. McBride moved that hereafter horses and drivers engaged on city work be paid at the rate of 35 cents an hour for the driver and 15 cents for the horse, with driver and 50 cents per hour for double. The matter goes on to the board of control.

Report of Ald. Harrison, the city engineer and assessment commissioner will be requested to report to the board of control on the proposed widening Ryerson-avenue from Queen to Wolseley-streets.

The board of education will have the use of the new grounds on the 28th inst. for the annual games. The use of St. Andrew's Hall will be granted to the young people of the Holy Family Church on the 21st and 22nd inst. for their building fund entertainment at cost lighting.

Audit Department. Ald. Oliver gave notice that he would present a resolution to the council of the city be made an independent department, under the control of the board of control. The mayor said this was a serious matter, and that it was not present. The matter stands as a notice of motion.

The board of control was instructed to advise the board of control on the purchase of Victoria Park, at a valuation to be approved by the board of control.

Some Strong Statements. Ald. Noble in commenting on an account of \$474 for maintenance of indigent consumptive patients in Weston Sanitarium said a disgraceful condition of affairs existed there from overcrowding. Only patients in third stages of the disease were admitted. Of course the hospital was overcrowded, and it aided the Lord in removing the sufferers from their misery with more despatch. A paid agent had grossly misrepresented facts to the legislature. There was no discussion.

In words of mild rebuke Ald. Dunn set forth the necessity of getting the money. He suggested that council meet again to-day.

Ald. Keeler was going to say something on this or some other question, but he was interrupted by Ald. Dunn's eloquence there had been a shrinkage in numbers and the mayor declared the meeting over for want of a quorum.

Trouble Over Pavements. There will be a clash between Bloomsbury street property owners and the city engineers regarding the class of pavement to be laid. The taxpayers want macadam, but the engineer says asphalt, and under the new legislation what Mr. Rust says in the matter must be respected.

West Lodge-avenue residents are kicking about tar macadam as a pavement. They say it is going to pieces and will not be over anxious to pay the taxes on it.

To-morrow night Mayor Coatsworth and Controller Ward will go to Ottawa again, for the Yonge-street bridge matter will be before the railway committee on Thursday.

Another Smallpox Case. A mild attack of smallpox was the trouble with a longshoreman, who saw Dr. Sheard, so he was sent to the Cottage Hospital, and enquiries are being made regarding him.

It runs hand in hand with poor blood and weak nerves. Health runs down, nerves get irritable, neuralgic tortures may relieve—but to thoroughly cure, the system must be strengthened with nutritious food.

What can you do? Ferrozene? It increases the appetite, forms abundance of rich life-giving blood, supplies nutriment and builds up the system. It cures every case. Stop suffering—fifty cents per box. Ferrozene completely cures neuralgia. Every root and branch of the disease it kills. Absolute success in every case. Stop suffering—fifty cents per box. Ferrozene. Fifty chocolate-coated tablets in a box at any drug store.

PASSENGER TRAFFIC.

DOWIE STARTS A RIOT.

What the Sultan is Still Trying to Evade in Present Tangle.

London, May 14.—According to special despatches from Constantinople, printed in this morning's newspapers, the Porte's reply to the British note promised to restore the status quo ante on the Sinai Peninsula and the delimitation of the frontier by Turkish and Egyptian officials now on the spot. Sir Nicholas R. O'Connor, the British ambassador to Turkey, insists on the delimitation by an Anglo-Turkish commission. This is the demand the sultan is trying to evade, as it would acknowledge Great Britain's protectorate over Egypt and the severance of Egypt from the Ottoman empire, while the sultan wishes to maintain before the world that Egypt still is a portion of his empire.

The Morning Post's Constantinople correspondent says that Tewfik Pasha, the Turkish foreign minister, subsequently furnished Ambassador O'Connor with explanations which he considered quite satisfactory, thus ending the crisis.

The Chronicle's Alexandria correspondent sent an official despatch, which Ghazi Ahmet Mouskhar Pasha, the Turkish commissioner at Cairo, received from Constantinople. It says: "As the occupation of Tabah was intended only to preserve the status quo of the Sinai Peninsula by preventing the erection of military fortifications, and as necessary guarantees have now been received, the Porte has issued orders for its troops to withdraw from Tabah to their original place. They will be conveyed by the British cruiser Diana. Negotiations are now proceeding to secure a final settlement of the Sinai question."

C.P.R. LAKE PLANS.
Grain Carrying Fleet From Port William to Victoria Harbor.

Montreal, May 14.—(Special.)—"We always like to be invaded when it can be done successfully," is one of Sir Thomas Shaughnessy's remarks today when he returned from England and was told that J. J. Hill's invasion was considered an accomplished fact. Mr. Shaughnessy of the Bank of Montreal, declares that Sir Thomas has also said that the full development of the inland and ocean traffic would include a grain-carrying fleet from Port William to Victoria Harbor in Georgian Bay, which he added, was in a direct line to Montreal.

Boy Dies After Fight.
Schenectady, N. Y., May 14.—William Soar, 7 years old, died yesterday at the home of his parents from peritonitis, resulting, the physicians say, from injuries received in a fight with several other little boys on their way home from school on May 2.

MOTHERS LOOK AND READ CAREFULLY
The Merwin Babies' Food Warmer

No more broken rest with baby. Food kept at the proper temperature and ready for use at any time during the night or day. When the baby wakes his food is ready.

FOR INVALIDS AND SICK PEOPLE IT IS INDISPENSABLE.
THE MERWIN FOOD WARMER

It is made with three separate compartments, having a different degree of temperature, and working upon scientific principles. The food in No. 1 is ready for use anywhere from half an hour to three hours after boiling, or say until 12 p. m.; No. 2 performs the same functions from 12 p. m. until 3 a. m., and No. 3 from 3 a. m. until 7 a. m.

Boiling water is poured into the warmer through the screw cap opening. Three hot water bottles are placed in tubes, and do not come in direct contact with the water. They can be used for any liquid food.

If you use one you will not be obliged to get up in the night to heat food for the baby, and as there is no delay the baby will not become restless by having to wait for its food to heat after waking.

The warmer will save the price of itself in one year, as it does its own work, thus saving the cost of heating apparatus and material.

MERWIN FOOD WARMER CO.
For particulars and full explanation, write or call to HOOPER & CO., druggists, 45 King St. West, Toronto.

**HARSH ADMIRAL KILLED
DAGGER DRIVEN IN BACK**

Refused to Allow Workmen to Celebrate May Day and is Assassinated.

St. Petersburg, May 14.—Vice-Admiral Kuzmich, commander of the port, who was very unpopular with the workmen, was assassinated here today by workmen whose May Day demonstration he had attempted to stop.

The admiral was killed at the new admiralty works, a government institution into whose motor of 1000 employees there reported for duty at 5 o'clock this morning. They wanted to march out at once in a body and celebrate the Russian May Day, but finally agreed to work till 2 o'clock. The admiral, however, made a speech to the men, saying that he could not agree to their leaving work at 2 o'clock, and the matter was left open.

About 9:30 a. m., according to an officer who was at the gate of the works, the admiral was emerging from a small room in the works when a workman who had been concealed around the corner of the building, leaped on Kuzmich from behind and drove a long dagger into his back. The admiral fell forward on his face and expired immediately. The assassin fled into a large forge, where he was lost among the men employed there. The works were promptly surrounded by troops and police, but the search for the murderer was unavailing, his comrades professing ignorance of his identity. The police say it is evident that the assassination of the admiral had been planned in advance. The dagger, which was found, was concealed in a round article like a sword cane.

Kuzmich had the reputation among the workmen of being harsh and despotic.

Admiral Kuzmich participated in the Russo-Turkish war and in 1902 was second flag officer of the Port Arthur fleet. He returned to St. Petersburg in 1903 and was appointed commander of the port.

DESERET LUMBER CAMPS.
Laborers Flock to Northwest to Work on the Grand Trunk.

Sault Ste. Marie, Ont., May 14.—Because of the heavy demand for labor in the Canadian Northwest, the lumbermen of the upper peninsula of Michigan will find it difficult to secure woodmen during the next few months, as they are leaving for Canada by the hundreds.

It is estimated that already 5000 men have gone to Port William to work on the Grand Trunk Pacific.

FREE ON PAROLE.
Rowatt, Who Shot His Wife, Released After 10 Years.

In 1896 Samuel Rowatt shot his wife in the back. She lingered for over a year in great agony in the General Hospital. Rowatt thus escaped trial for murder, but went to the "pen" for twenty years for manslaughter. Saturday he was released on parole, and yesterday he reported at the Centennial Hotel, where he has been for a month until his term expires.

50,000 TONS OF STEEL RAILS MUST UNDERGO OPERATION
The Grand Trunk Railway Company are sending 50,000 tons of steel rails to the United States to have the ends which are worn sawn off.

The Canadian government will not collect duty on the rails when reimported, but simply on the value of the work done on the other side.

Kaiser to Meet Casar.
Berlin, May 14.—A Koernigsberg (East Prussia) newspaper announced today that Emperor William will go there at the end of May, and will meet Emperor Nicholas near the Russian frontier.

Thompson Holds Seat.
Ottawa, May 14.—The petition against Thompson, the member for the Yukon, was dismissed, and therefore he is confirmed in his seat.

The TERRIBLE PANGS OF DYSPEPSIA CAN BE CURED

To be dyspeptic is to be miserable, hopeless, confused and depressed in mind, forgetful, irresolute, drowsy, languid and useless.

Constipation, headache, heartburn, sour stomach, distress after eating, belching of wind, faintness, and fullness and distention of the stomach are a few of the many distressing symptoms of the poor, weary dyspeptic.

Dyspepsia is a disease that in one way or another resembles nearly every other disease, and the only way to get rid of it is to tone up the stomach, liver, bowels and blood. This will be quickly done by the use of

BURDOCK BLOOD BITTERS
It regulates the stomach, stimulates the secretion of the saliva and gastric juice to facilitate digestion, removes acidity, purifies the blood, and tones up the entire system.

Mrs. M. A. McNeil, Brook Village, N.S., writes: "Last winter I was very thin and was fast losing flesh owing to the run down state of my system. I suffered from dyspepsia, loss of appetite and bad blood. I tried everything I could get but to no purpose. I finally started to use Burdock Blood Bitters, and from the first day I felt the good effects of the medicine and am strong and well again. I can eat anything now without any ill after effects. It gives me a great pleasure to recommend Burdock Blood Bitters, for I feel it saved my life."

DODD'S KIDNEY PILLS
CURES RHEUMATISM, BRUISES, DIARRHOEA, GRAVEL, CALCULI, GOUT, NEURALGIA, MIGRAINE, SCIATICA, PAIN IN THE BACK, NECK, HEAD, SHOULDERS, WRISTS, ELBOWS, AND JOINTS.

TWO YEARS FOR LAWLOR.
Convicted of Burglary in Eastern Town in Spite of His Denials.

Belleville, May 14.—(Special.)—Patrick Lawlor of Toronto was on trial here today before Judge Deroche, charged with complicity in a burglary at Shannonville on March 17.

A Shannonville storekeeper identified a pair of boots, found on Lawlor, as being the same found stolen from his store. A Strathcona merchant testified that the day after the Shannonville burglary Lawlor and another man came to his store and bought some canned goods, which they paid for in copper. Coppers in large quantities were stolen from the store burglarized in Shannonville, which is near Strathcona.

Lawlor entered the box in his own defence and swore that he had never been in this city, Shannonville or Strathcona. The Strathcona merchant positively identified Lawlor, but there was little other evidence connecting him with the burglary.

The judge, after listening to the address of counsel, found Lawlor guilty and sentenced him to two years in the penitentiary.

POWDER MAGAZINES EXPLODE
Section of Bridgeport, Conn., Shook as it by Earthquake.

Bridgeport, Conn., May 14.—The explosion of four magazines located on Success Hill, in the northern section of Bridgeport, early today shook up this section as if by an earthquake, but remarkable as it may seem, no person is thought to have been injured, and the property damage is chiefly limited to the demolition of windows in houses and business buildings in the city and suburban towns.

The magazines were in the storage grounds of the Union Metallic Cartridge Company and were in a brick structure, a wooden frame, covered with corrugated iron. Two of the magazines contained smokeless powder, and the cans of powder in it were not disturbed.

GOING SOUTH.
F. W. Broughall, general manager of Seiling Bank, and E. A. Begg, secretary of Dominion Bank, left for Buffalo last evening to join a party of New York, Boston and Philadelphia, bankers on a tour of inspection of southern traction roads.

TRADES UNIONS PROTEST.
(Canadian Associated Press Cable.) London, May 14.—Reynolds' newspaper claims to have been informed that the Canadian trade unions alleging that employers want cheaper labor by creating an overstocked market.

In the Police Court.
A big hulking loafer, Mike O'Connor of 3 Tecumseth-street, was in police court, charged with breaking and entering into a room at the Centennial Hotel, and robbing the room with hard labor by Magistrate Denison for beating his aged mother, Johanna O'Connor.

Willie, who is Emily says, taught her how to beat the bank by altering mail checks, pleaded not guilty and was discharged.

Emily Johnston, whom Henry Swartz, a 34-side-street "beastly" man charged with robbing the cash piano, pleaded guilty and was allowed to depart on suspended sentence. Tom White, a fine machine is being imported, taught her how to beat the bank by altering mail checks, pleaded not guilty and was discharged.

Toronto to New York and Philadelphia.
Two evening trains to New York and Philadelphia via Grand Trunk and Lehigh Valley. On and after Sunday, May 13, trains will leave Toronto at 5 p. m. and 8:10 p. m. Morning train, 7:35 a. m. "Black Diamond" Express connection. Fare on all trains only \$10.60, Toronto to New York, Port tickets and Pullmans, call at G.T.R. City Office, 200 L. V. R. Passenger Office, 10 East King-street.

Our Trade With Japan.
Ottawa, May 14.—A report from Alexander Maclean, Canada's trade agent in Japan, says that the Japanese bicycle buyers are disappointed with Canadian wheels being out of date. A fine machine is being imported, taught her how to beat the bank by altering mail checks, pleaded not guilty and was discharged.

Butter of good quality is being received from Alberta, but the Australian article is sold at 1 cent or 1.5 cents cheaper, and makes close competition, notwithstanding that it is not of so good quality.

Mother Was Not Killed.
St. Thomas, May 13.—The accident at the railway crossing near Courtland resulted in the immediate death of the boy Gedy, aged 13 years, and the serious injury to his young sister, Mira Gedy, who may be a cripple for life. The other sister escaped serious injury. The first report was that the boy's mother also was killed was an error.

A Bad Man From Ohio.
Joe Smith, who was locked up last week as a "Black Diamond" ticket-leaver man from the Ohio State Reformatory. He was sentenced to that institution for five years for arson, and broke his parole when given his liberty. He will be taken back.

Steel preferred, which should be bought on all occasions. The big traffic for B.R.T. Saturday and Sunday may be used as a bull card on that stock. Bull price is noted on Anaconda, Northern Pacific and Norfolk. We would not overlook the low priced stocks or specialties like Lead, Mexican Central, Distillers, Car Foundry, Central Leather, Pump. They are being prepared for betterment. W.B. bonds, which advanced in accord with the price of steel, should be bought when soft for turns.—Financial

Waldorf Stock Gossip to the Boston News Bureau: Owing to rather extensive realizing sales in nearly all the leading issues, it is believed that setback of a point or two in the stock market is not far off. The consensus of opinion tonight is that in such event stocks should be bought. Pronounced as the rise of the past few days has been, commentaries are agreed that it has not discounted the markedly brief space a flood of gold has come from Europe. The money problem has been solved for the time at least; the winter wheat has advanced satisfactorily. Strikes on the West have been settled, giving general business already active beyond precedent, a fresh impetus. These factors are thought to reflect strongly on general position that established prior to the price calamity, that the busy conditions prevailing before the destruction of San Francisco were the soundest in the country's history, is indicated by the stock market's almost phenomenal recovery from extreme depression. The richest men in the country, Rockefeller, Vanderbilt, Morgan, and the rest, are all in the First National Bank people had unlimited buying orders in their favorite stocks when the market was at its worst. The holdings are undoubtedly being sold on a scale up, but a considerable further rise will be necessary to meet the demands of the large lines acquired by the magnates nearly a month ago. The short interest in the market is small. The bank is in an inverse proportion to the supply of stocks about. It is regarded as highly significant that an immense amount of interest is still outstanding, whereas the amount on which it was predicted have been mostly disposed. The rate will be more a matter of course. That, however, is by no means the dreaded thing it was before far greater extent than is generally understood for the strength of the demand for railroad stocks. The measure is now being taken to increase the standard of road securities, including Standard.

"If the railroads had framed a bill themselves they could hardly have made a more favorable one." It is believed the new week will see important special movements in the stock market. A strong interest in the stock market. A strong interest in the stock market. A strong interest in the stock market.

On Wall Street. McKinnon Building: The market was rather mixed at times being strong and again at intervals developing a reactionary tendency. The higher London prices at the opening and the sensational advance in the price of copper metal brought about active buying of the subsidiary companies and Anaconda which continued until the report of the dividend rate of Parrot, one of the subsidiary companies of Amalgamated Copper Corporation. Following this announcement, heavy profit-taking occurred from the high points. Reading advanced to 132, but none of the other shares worked up in sympathy. It was taken simply as a manipulative move. Heavy traffic in the rest of the market. Heavy traffic in the rest of the market. Heavy traffic in the rest of the market.

SILVER LEAF MINE

The machine drills recently installed are giving the utmost satisfaction. A new shaft house is being treated for lead on No. 1; will be completed this week when the workings will be about 40 ft in depth. The bottom of this shaft is showing some very high grade silver-bearing ore, and the vein at this depth (40 ft) is increasing both in width and richness. A new vein of solid metal has been discovered 15 to 20 feet west of this point and will be worked from the cross-cut below.

Work continues on No. 2 with good results. One more week's work should carry this drift to a point that will encounter the 10-inch vein on the surface, where a large number of assays show some extremely rich ore has been taken out during the past two weeks.

From present indications, the Silver Leaf will be a good dividend payer in a short time.

CHICAGO HOLDS FIRM LIVERPOOL IS EASIER

Visible Wheat Shows Another Good Sized Decrease for the Week - Futures Strong.

World Office, Monday Evening, May 14. Liverpool wheat futures closed today 1/2 cent lower than Saturday and corn futures 1/4 cent lower.

At Chicago May wheat closed 1/4 cent higher than Saturday, May corn 1/2 cent higher and May oats 1/2 cent higher.

Chicago car lots to-day: Wheat 83,000; corn 12,000; oats 15,000.

Primary receipts to-day: 338,000 bushels of wheat and 304,000 bushels of corn.

World's Supplies. This week last week. Last year. Wheat 12,820,000 10,672,000 9,184,000.

Toronto Grain Stocks. May 14. Wheat, fall bush 32,400; spring bush 8,552; 8,050.

Visible Supply. May 14 '06, May 15 '05, May 16 '04. Wheat 33,938,000 24,700,000 21,000,000.

ST. LAWRENCE MARKET. Receipts of farm produce were 100 bushels of wheat and 15 loads of hay.

Wheat - One hundred bushels fall sold at 85¢; fifteen loads sold at \$14 to \$15 per ton for timothy and \$9 to \$11 for mixed.

Oats - The market for oats was strong, especially for May, in view of the covering up of the May contracts on light receipts.

Barley - The market for barley was quiet, but there was a fair demand for both foreign and domestic.

Flour - The market for flour was quiet, but there was a fair demand for both foreign and domestic.

Beans - The market for beans was quiet, but there was a fair demand for both foreign and domestic.

Peas - The market for peas was quiet, but there was a fair demand for both foreign and domestic.

Butter - The market for butter was quiet, but there was a fair demand for both foreign and domestic.

Eggs - The market for eggs was quiet, but there was a fair demand for both foreign and domestic.

Chicken - The market for chicken was quiet, but there was a fair demand for both foreign and domestic.

Lamb - The market for lamb was quiet, but there was a fair demand for both foreign and domestic.

SILVERIAND DEVELOPMENT COMPANY

Capital \$1,000,000. Par Value Shares \$1.00 each. OPERATING IN THE FAMOUS COBAL DISTRICT.

This Company controls Canadian rights to German Schneeberg Process - the only known process which can successfully treat Silver-Nickel-Cobalt and Arsenical Ores.

Company also owns 23 acres rich mineral land, surrounded by the best producing mines in Cobalt and abutting on the famous Gillies limit.

FIRST ISSUE OF STOCK now selling at \$1.00 per share. Prospectus mailed on request.

Make all cheques or money orders payable to C. W. RICE & CO., 43 SCOTT ST., TORONTO.

85 LOADS AT JUNCTION. COAL ONLY OF G.A.E. MEDIUM.

A Few Good Loads - Prices Easier. From 10 to 15 Cents a Hundred weight.

Receipts of live stock at the Union Stock Yards were 53 car loads, composed of 1707 cattle, 2 hogs, 1 sheep, 17 calves and 58 horses.

The quality of fat cattle may be explained in this way: that is, there were a few choice loads, with many that were only fair.

Trade was slow, with prices ranging from 10c to 10c per cwt, lower than a week ago.

Exporters ranged from \$4.75 to \$5 per cwt, the bulk going at \$4.75 to \$4.90 per cwt.

The best lots and loads of butchers' stock at \$4.90 to \$4.95 per cwt, loads of fair to medium sold at \$4.35 to \$4.50; cows at \$3.65 to \$4.25; canners at \$2.75 to \$3.25 per cwt.

There were several farmers on the market who bought some of the best feeders at \$4.50 to \$4.75 per cwt.

McDonald & Mathews: 15 exporters, 1300 lbs each, at \$4.70 per cwt; 14 do, 1300 lbs each, at \$4.75 per cwt; 15 do, 1300 lbs each, at \$4.80 per cwt.

W. H. Deane bought 5 loads exporters, 1200 to 1300 lbs each, at \$4.80 to \$4.85 per cwt; 12 do, 1200 lbs each, at \$4.80 to \$4.85 per cwt.

W. H. Deane bought 5 loads exporters, 1200 to 1300 lbs each, at \$4.80 to \$4.85 per cwt; 12 do, 1200 lbs each, at \$4.80 to \$4.85 per cwt.

W. H. Deane bought 5 loads exporters, 1200 to 1300 lbs each, at \$4.80 to \$4.85 per cwt; 12 do, 1200 lbs each, at \$4.80 to \$4.85 per cwt.

W. H. Deane bought 5 loads exporters, 1200 to 1300 lbs each, at \$4.80 to \$4.85 per cwt; 12 do, 1200 lbs each, at \$4.80 to \$4.85 per cwt.

W. H. Deane bought 5 loads exporters, 1200 to 1300 lbs each, at \$4.80 to \$4.85 per cwt; 12 do, 1200 lbs each, at \$4.80 to \$4.85 per cwt.

W. H. Deane bought 5 loads exporters, 1200 to 1300 lbs each, at \$4.80 to \$4.85 per cwt; 12 do, 1200 lbs each, at \$4.80 to \$4.85 per cwt.

W. H. Deane bought 5 loads exporters, 1200 to 1300 lbs each, at \$4.80 to \$4.85 per cwt; 12 do, 1200 lbs each, at \$4.80 to \$4.85 per cwt.

W. H. Deane bought 5 loads exporters, 1200 to 1300 lbs each, at \$4.80 to \$4.85 per cwt; 12 do, 1200 lbs each, at \$4.80 to \$4.85 per cwt.

W. H. Deane bought 5 loads exporters, 1200 to 1300 lbs each, at \$4.80 to \$4.85 per cwt; 12 do, 1200 lbs each, at \$4.80 to \$4.85 per cwt.

W. H. Deane bought 5 loads exporters, 1200 to 1300 lbs each, at \$4.80 to \$4.85 per cwt; 12 do, 1200 lbs each, at \$4.80 to \$4.85 per cwt.

W. H. Deane bought 5 loads exporters, 1200 to 1300 lbs each, at \$4.80 to \$4.85 per cwt; 12 do, 1200 lbs each, at \$4.80 to \$4.85 per cwt.

W. H. Deane bought 5 loads exporters, 1200 to 1300 lbs each, at \$4.80 to \$4.85 per cwt; 12 do, 1200 lbs each, at \$4.80 to \$4.85 per cwt.

MONTEAL LIVE STOCK

Montreal, May 14. - There was no change in cable advices from Liverpool and London on Canadian cattle, they being steady at 11c.

The demand for ocean freight has improved and the market for live stock has been engaged at 25c for Liverpool, Glasgow and Manchester and 30c for London.

Exports for past week were 2268 cattle, 623 sheep, 200 hogs and 1000 calves.

Receipts of live stock at the Union Stock Yards were 53 car loads, composed of 1707 cattle, 2 hogs, 1 sheep, 17 calves and 58 horses.

The quality of fat cattle may be explained in this way: that is, there were a few choice loads, with many that were only fair.

Trade was slow, with prices ranging from 10c to 10c per cwt, lower than a week ago.

Exporters ranged from \$4.75 to \$5 per cwt, the bulk going at \$4.75 to \$4.90 per cwt.

FIRE AT HAILEYBURY

Saw Mills Burned Again - Favorable Wind Saves Lumber Piles.

Haileybury, May 14. - For the second time within a year Taylor's saw mill at Haileybury has been burned to the ground.

The fire occurred yesterday afternoon and in less than an hour the building and splendid plant were in ruins.

As a result Haileybury will be in darkness, for the electric plant is operated in connection with the mill and is a total loss.

Fortunately the wind was blowing in such a direction as to carry the flames away from the lumber piles.

Lumber is at present in demand, as Haileybury is at present enjoying a great building era.

BOY SWALLOWS AICID. Playing in Father's Office, Delivers Into Medicine Chest.

Stratford, May 14. (Special.) - The son of Dr. Gemmill, aged one and one-half years, while playing in his father's office, took a bottle of carbolic acid from the medicine chest and swallowed a portion of the liquid.

The child is in a dangerous condition. After he took the dose he ran to his mother and showed her his hands, which were commencing to blister.

His lips turned blue and his mother at once saw that he had taken poison.

TRADERS TO RESUME. Chicago, May 14. - At a meeting to-day of the directors of the Traders' Association, which passed into the hands of a receiver recently because of the losses of the company in a fire at San Francisco, it was decided to pay the losses of the company in full.

As soon as the directors saw the court that the losses have been paid, the receiver will be dismissed, and the company will be continued in business.

FOR CALIFORNIA'S RELIEF. Washington, D.C., May 14. - The red cross receipts up to date for the relief of California earthquake sufferers aggregate \$2,125,000.

Money is still being received from the public at the rate of several thousands a day. There is about \$1,700,000 on hand unexpended.

The secretary of the Chinese Legation has added \$30,000 to his original contribution of \$10,000 from individuals in China.

Thursday, June 28 - North and South Perth.

Friday, June 29 - West Simcoe.

City Will Fix Don. City Engineer Rust has started the work of straightening the Don. Accompanied by Commissioner Forman and W. R. Gooderham he visited Ashbridge's Bay yesterday to learn how the diversion of the river in that direction would affect property.

A Legitimate Inquiry. Boston, Mass., May 14. - The Massachusetts house to-day adopted an order calling for an investigation of the bribery charges made in connection with the defeat of the anti-bucket shop bill.

Wood's Phenolphthalein. The Great English Remedy. Nervous and Irritable. Headache, Dizziness, Sleeplessness, and all the ailments of the Nervous System. Sold by all druggists or mailed in plain packages on receipt of price. New pamphlet sent free. The Wood's Phenolphthalein Co., (Formerly Winslow) Toronto, Ont.

Haultain's Office Burned. Regina, May 14. - Damage estimated at \$25,000 was done yesterday, when the premises of the Western Hardware Company, with the offices of Haultain & Cross, Clark & Sebolt, and J. H. Boyle & Co., above, were almost entirely destroyed by fire. The ex-premier's library was damaged.

LONG SPEECH FROM THRONE AT CLOSE OF LEGISLATURE

Lieutenant-Governor Dismisses Members, Outlining Work of Busy Session.

With due formality the second session of the eleventh legislature of Ontario—the busy session—was officially brought to a close yesterday morning. Lieutenant-Governor Clark was attended by his military secretary, Major J. F. Macdonald, A.D.C., and the following officers of the Toronto garrison: Lieut.-Col. John I. Davidson, Lieut.-Col. Septimus Denison, Lieut.-Col. Hall, Lieut.-Col. D. M. Robertson and Major Langton. There were few members of the house in their places, the ministerialists being the premier, Hon. J. J. Foy, Hon. R. A. Fyne, Hon. N. Monteleith and Hon. Frank Cochrane, while the private members who were invited for the ceremony were: Thomas Crawford, Dr. R. F. Preston, Dr. Snel-ling, Col. Hugh Clark, J. E. D. Monk, George Patterson, W. R. Smyth, J. H. Fisher, J. H. Carnegie, A. M. Cowan, G. H. Ferguson, A. G. MacKay and G. P. Graham, the last two being the only representatives of the opposition. The ladies present were Mrs. Mortimer Clark, Mrs. Whitney, Mrs. Thompson, Mrs. Hugh Clark, Mrs. Glackney, and Miss Whitney. F. D. Monk, M.P., J. E. Leonard, M.P., Laval, Chancellor Burwash, Rev. A. B. Chambers and Lieut.-Col. G. T. Denison were also distinguished spectators.

Speech From the Throne, which was the longest ever read in the Ontario house, was as follows: "Mr. Speaker and Gentlemen of the Legislative Assembly. "In relieving you from labors of an unusually important and arduous nature, I have to thank you for the close attention you have given to the beneficial work undertaken and accomplished in such extent, variety, and value as to make the past session a closing without a parallel in the history of this province in that respect. "It is with much gratification I observe that the legislature has joined with the parliament of Canada in extending an invitation to their Majesties the King and Queen to visit this country and I need hardly remark that the people as a whole are pleased to second the efforts of their representative bodies in extending this invitation. "We have been favored since the opening of the session by a visit from his Royal Highness Prince Arthur of Connaught, who, as a nephew of our Gracious King, has been received with every evidence of loyalty and devotion to the crown by the people of Ontario, and who, in his individual capacity, made a very favorable impression on all who had the pleasure of coming in contact with him. "Interests of Agriculture. "Among the measures that I am

pleased to sanction, I am glad to view the interests of agriculture, the basic industry of this province, the provision by which the grants to agricultural societies will be paid in accordance with the work actually done for agriculture is calculated to have a helpful effect. The enactment of a law providing for the appointment of dairy inspectors should prove of advantage to the butter and cheese industry. The measure for the protection of the farmers of Ontario, I notice also that you have taken steps to bring to the Agricultural College the assistance of its graduates by providing that they shall be represented on the advisory board. "By the repeal of the County Councils Act and the re-establishment with some modification of the system which formerly prevailed, more equitable and satisfactory conditions have been brought about whereby the continuity of our municipal institutions is restored. "Railway and Municipal Board. "The bills providing for the establishment of a railway and municipal board, whereby the grants to electric, electric, and street railways are timely and comprehensive measures. The proper regulation of steam and electric railways, the limitation of freight rates, the control of rates, and the enforcement of agreements, cannot fail to be in the public interest and to meet with general approval. I believe that you will be confident that the operation of these enactments will tend to beneficial results. "The bill regarding the taxation of railways, whereby the former tax is doubled, will assist the province materially in carrying on its charitable institutions and at the same time yield revenue to the municipalities. "The amendment of the bill amending the liquor license law more effective restrictions have been placed around the liquor traffic. It is gratifying to know that the province and the municipalities share equally in the increased revenue that this measure will yield. The clauses of the bill tending towards the permanent and efficient local option have met with very general approval from moderate men. "Educational Reforms. "In regard to the very important subject of education, two measures have been enacted. The bill respecting the department of education provides for the appointment of a superintendent of education, and also for the establishment of an advisory board which will be representative of the municipalities of the province of Ontario. The other bill affecting education, viz., the Public School Act, brings about a reform of a deep-seated character by curtailing to the public the services of teachers of higher qualifications, and by securing to the teachers more adequate remuneration. "I notice, with pleasure, the fruition of the efforts of my ministers to effect the reorganization of the University of Toronto and its establishment on a permanent and satisfactory financial basis. By the able report of the university commission laid before the house during the present session, a plan is suggested which has in the main commended itself to your judgment. The reorganization of the university under the control of government appointees, my ministers, who are directly responsible to this legislature, and the providing for the financial interests of the great institution are advance steps of the very first importance in regard to education. "Mining Development. "The measure regarding the great and growing mining development of Ontario is calculated to effect a useful and opportune purpose in simplifying the law, facilitating the work of the prospector and encouraging the investment of capital. An important feature of the mining policy is the decision of my government to operate for the benefit of the people of Ontario the rich mineral deposits which have been discovered in what is known as the Gillespie tract. The expressions of general approval by which this announcement was met showed in an unmistakable way the minds of the people on the subject. By providing that the mineral land grants may be commuted by a money payment, a serious obstacle to the settlement of the unoccupied parts of the province has been removed. I am glad to learn also that another impediment to settlement has been disposed of by the surrender of 225,000 acres of crown land to the province, granted by this legislature as a subsidy to the Grand Trunk Pacific Railway. "Power Question. "The two valuable reports on the question of electrical power, submitted by the hydro-electric commission and your consideration, have resulted in a measure which is designed to secure cheap power to all parts of the Province of Ontario, and this without injury to the rights of bondholders and others who have invested money in the development of electrical energy. It is impossible to overestimate the great advantages that will accrue to all kinds of industries and the development that will ensue from the general application of electric power at reasonable rates. On all hands it is agreed that the well-to-do Province of Ontario an industrial revolution. It is satisfactory to know that in a session which so much important work has been undertaken you have been able to deal carefully and wisely with this most important question. "With pleasure I observe the healthy state of the public finances, which show a substantial surplus for the past year. In this connection the floating of the new loan on very favorable terms might be mentioned as indicating the undoubted credit of the province. The liquidation of half of the sum borrowed by the industries at Sault Ste. Marie on the guarantee of the province, and the extension of part of the guarantee for a further period, are indications of the removal of this obligation. "Economy in Public Service. "I have to thank you for the liberal appropriation that you have made for public service, which will be expended with a proper regard to economy and efficiency. "In dismissing you from your duties, I desire again to thank you for the great public service you have rendered and to join with you in expressing the hope that the blessing of Almighty God will continue to rest upon our country and our people. "Hon. Dr. Fyne, in the absence of the provincial secretary, then declared the house prorogued, and the distinguished gathering dispersed.

LACTATED FOOD THE IDEAL INFANT NOURISHMENT

Lactated Food, a perfect substitute for mother's milk, is the most scientifically prepared food ever placed before mothers. It is made according to the ideas and suggestions of that world-famed chemist, Baron Liebig. For weak and poorly nourished infants, Lactated Food contains all the needed elements for making babies strong and vigorous. If mothers desire their babies to be happy and healthy, let them use Lactated Food. Specialists in children's disorders prescribe Lactated Food in preference to all other foods, and intelligent mothers all over Canada recommend it. Lactated Food for the baby in summer will produce happy and cheerful youngsters with plump faces and bright eyes. Order from your druggist.

THE young business man of Toronto knows what appearance counts for in his career. After all it is the common tendency to take men at their face value, and the going is always easiest to the man of individuality and refinement of dress. Score tailoring ensures the maximum face value.

Score's Tailors and Haberdashers 77 King Street West.

IMMIGRANTS DISAPPOINTED NO MONEY AWAITS THEM HERE

A Screw Loose Somewhere in Salvation Army Handling of Arrivals, 'Tis Said.

Criticism of the alleged lack of system on the part of the Salvation Army in dealing with the immigrants, it brings out to this country is being made by Government Immigration Agent Thomas Southworth. Mr. Southworth claims that the Army is trying to handle immigrants without proper means at this end and with unsatisfactory results. He gives as an instance that seven families brought in through the Army's agency arrived within the last day or two, expecting to be met on arrival by an Army representative, who would supply them with funds. It was claimed by one young man that he had handed over \$100 to the Army at its London headquarters, expecting to be repaid the money on arrival in Quebec or Toronto. Having no money on arrival, he had to apply for free meal tickets to the immigration bureau. Mr. Southworth asserts that all the members of this particular party expected to be placed in positions by the Army officials. Thrown back upon the government's assistance, the department has had to resort to Anglican clergymen in and outside the city, and this has helped toward the solution of an awkward problem. Mr. Southworth thinks there is a movement on foot by the Church Army to send out an agent to Canada, such as those commissioned by the Self Help and East End Emigration Societies to distribute money to needy immigrants on their reaching Montreal.

CLARENCE BOGERT APPOINTED As General Manager of the Dominion Bank. The position of general manager of the Dominion Bank made vacant by the death of T. G. Brough, was filled yesterday by the appointment of Clarence A. Bogert. Mr. Bogert has been in the service of the bank for over twenty years. In 1894 he became assistant inspector, then inspector and eight years ago manager of the Montreal branch. Mr. Bogert is a son of the Ven. Archdeacon Bogert of Ottawa.

COBALT SENSATIONS. American Syndicates Figure Large in Recent Happenings. Cobalt, May 14.—(Special.)—Great developments are being made in Cobalt camp these days, and Canadians will presently realize how world-famous the camp really is. New York's greatest financial houses have had representatives on the spot for several weeks. It was stated that the World correspondent to-night that the celebrated Nipissing or Earle Mine had been stocked in New York at one and a half million dollars, divided into five dollar shares. E. P. Earle and Captain Delamar, both of New York, were the principal holders of this property, which has been one of the great shippers of the camps, and has done the most consistent and steady development of any of the shipping mines. It consists of twenty acres of the Earle holdings at Cobalt, which aggregate several hundred acres. The shares on the New York curb soon went up to \$5, and there are six hundred thousand dollars in the treasury, the former owners retaining the balance. The new company is known as the Nipissing Mining Co. The Green, which adjoins the Red Rock, has been sold to a New York syndicate for seventy thousand dollars. The syndicate represents the Cobalt Contact Silver Mines Co., Limited. They have been incorporated at three hundred thousand dollars. They have a showing on the main shaft of a seven half-inch small vein and a depth of seventeen feet, and it is one of the promising propositions.

PLAQUE OF PNEUMONIA. Guelph Doctors Fuzzled at Ten Deaths Among Relatives. Guelph, May 14.—(Special.)—Crown-Attorney Peterson has instituted an investigation in connection with the deaths of John Foster, his sister, Mrs. Healey, and his son, and Coroner Dr. Robinson has the matter in charge. Three members of the family died from pneumonia within a week, and another is dangerously ill. Since last fall no less than 10 of the family connections have died of the same disease. Three of the city doctors are convinced that the cause of death was pneumonia, and regarded it as the most dangerous type. It is thought, however, that there may have been something in the well water, the family had been drinking or some other conditions which would render them highly susceptible to this disease.

HOLLAND NOT BANKRUPT YET Sett of Creditor to Overrule Bill of Sale is Disallowed. In the non-jury assizes yesterday the United Arts & Crafts Co. as a creditor of Chris. Holland for \$300, work done at his residence, entered suit for that amount against the Ideal Bedding Company, Holland's late employers. Holland had given the company a bill of sale in the way of settling his defalcations. The plaintiffs urged that this gave an unjust preference to defendants over the other creditors. Chancellor Boyd dismissed the application, as Holland had not been proved insolvent.

Falls From Load of Ties. Winnipeg, May 14.—Miss Mabel Robertson, aged 20, stenographer, of this city, met an untimely death Saturday afternoon. She went out to Headingly street, to stay over Sunday with a friend and was riding from the end of the car line to her destination on a heavy load of ties. The horses became unmanageable and ran away. Miss Robertson was thrown out and a heavy tie fell on her forehead, killing her instantly.

IMMIGRANTS DISAPPOINTED NO MONEY AWAITS THEM HERE

A Screw Loose Somewhere in Salvation Army Handling of Arrivals, 'Tis Said.

Criticism of the alleged lack of system on the part of the Salvation Army in dealing with the immigrants, it brings out to this country is being made by Government Immigration Agent Thomas Southworth. Mr. Southworth claims that the Army is trying to handle immigrants without proper means at this end and with unsatisfactory results. He gives as an instance that seven families brought in through the Army's agency arrived within the last day or two, expecting to be met on arrival by an Army representative, who would supply them with funds. It was claimed by one young man that he had handed over \$100 to the Army at its London headquarters, expecting to be repaid the money on arrival in Quebec or Toronto. Having no money on arrival, he had to apply for free meal tickets to the immigration bureau. Mr. Southworth asserts that all the members of this particular party expected to be placed in positions by the Army officials. Thrown back upon the government's assistance, the department has had to resort to Anglican clergymen in and outside the city, and this has helped toward the solution of an awkward problem. Mr. Southworth thinks there is a movement on foot by the Church Army to send out an agent to Canada, such as those commissioned by the Self Help and East End Emigration Societies to distribute money to needy immigrants on their reaching Montreal.

CARL SCHURZ SUCCEUMS ONE OF HAYES' CABINET

Forced to Flee From Native Land, Well-Known Publicist Won Honor in United States.

New York, May 14.—Carl Schurz, widely known as a publicist, and former cabinet member, died at his home in this city at 4.35 o'clock this morning. Death was due to a complication of diseases following an attack of stomach trouble, which became acute on Thursday last. He was born in the Village of Liblar, near Cologne, in 1829 and became interested in the revolutionary movement in Germany, while attending the University of Bonn. When the uprising came in 1849 he served as a private in the ranks of the insurgents. He was with General Tideman over the latter surrendered the fortress of Raastadt in July of that year and made an almost miraculous escape thru the sewer connecting with Rhine and fled to Switzerland. A year later he returned to Germany, under an assumed name, for the purpose of liberating his friend, Prof. Kinkel, who had been taken a prisoner at the surrender of the fortress and sentenced to life imprisonment. This daring and romantic project was carried to a successful conclusion and created a sensation throughout Europe. His marriage to Margaret Mayer, the daughter of a prominent merchant, in 1852, was an indirect outgrowth of the sensational rescue of his friend from prison. Soon after his marriage Schurz came to this country, locating first at Philadelphia. Three years later he removed to Wisconsin, allied himself with the Fremont forces in the campaign, and took part in the campaign of the following year. During the succeeding 20 years he was one of the prominent figures in the political history of the country. He went to Spain as United States minister in 1881, later resigning to return and serve in the civil war, during which he earned the title of major-general. In 1885 he was elected to the United States senate from Missouri. In 1887 he became secretary of the interior in the cabinet of President Hayes. During his tenure of office Mr. Schurz effected wide reforms in the administration of the department. At the close of his term of office he came to New York and devoted nearly all the remainder of his long life to editorial and literary work.
