Presence of Poison Not Revealed Vital in Organs of Whalley And Report of Physicians' Analyses Deepens the Warehouse Mystery

MORE TIME FOR CORONER NO VERDICT FOR MONTH

Investigation Into Events Surrounding
Front-St. Mystery to Be Con-
tinued in September.

POINTS TO REVOLTING CRIMES

Interesting Deduction Made From
Facts Adduced During Different
Phases of Police Work.

If George Whalley died of poison, such a subtle portion was used as to barfite three careful physicians. The coroner's jury Tuesday evening was devoid of any tendency to cast light upon the mystery surrounding the death of the Evans warehouse employe or other features touching the unusual circumstances that centered in the Front-street building. The physicians testified that they found no evidence that death had been occasioned by poison, and further that the cause of death was in normal condition. They had examined every vital organ carefully and were unable to offer suggestion as to the cause of death.

After all the evidence was in during the evening, an officer who has kept very close track of the case said: "While Green and Whalley may not have been murdered, everything in my examination points to the fact that a robbery was committed in the warehouse and with the employees of the firm have been taking a check from Montreal on Friday, cashed, and as far as I saw, the money was paid to the man on Saturday."

After all the evidence was in during the evening, an officer who has kept very close track of the case said: "While Green and Whalley may not have been murdered, everything in my examination points to the fact that a robbery was committed in the warehouse and with the employees of the firm have been taking a check from Montreal on Friday, cashed, and as far as I saw, the money was paid to the man on Saturday."

BANNER YEAR FOR FRUIT

Weather Has Been Favorable for a
Large Yield of the Most
Desirable Kinds.

PEACHES PLENTIFUL, QUALITY FINE

September Varieties Will Be Par-
ticularly Good—Apple Crop
Will Be Enormous.

Reports from all sections enable The World to estimate with fair accuracy what the fruit crop of Ontario is likely to be this year. Strawberries were remarkably plentiful and of good quality. Cherries and currants, their season now over, proved to be sufficiently abundant. There was neither sign nor scarcity with them. Raspberries are equally plentiful and of excellent quality.

The bulk of the fruit crop, however, has yet to be gathered. Peaches are beginning to arrive. Some early plums, apples and pears also are appearing on the market, but the great rush has yet to come. Peaches are reported to be fairly plentiful, and of very fine quality. The Crawford, Libberts and other varieties that come in September will be particularly good. Pears and plums will be a good average crop.

But most interest in fruit centres about the apple. Last year the crop was the smallest known, and probably the season was not so favorable as it is now. The cool, damp nights of spring seemed to prevent the codling-moth's injurious activity, and the fruit is consequently much freer from worms than in former years. Housekeepers who could not buy fruit so scarce all over America. This year, if nothing adverse happens, the crop will be very abundant and of exceptionally fine quality. All over America, where there are apple trees, there are apples. The cool, damp nights of spring seemed to prevent the codling-moth's injurious activity, and the fruit is consequently much freer from worms than in former years. Housekeepers who could not buy fruit so scarce all over America. This year, if nothing adverse happens, the crop will be very abundant and of exceptionally fine quality.

MR. TARTÉ AT OWEN SOUND.

Assures Deputation That Harbor
Improvements Will Be Made.

Owen Sound, Aug. 5.—Hon. Mr. Tarte arrived here at noon to-day and received a deputation from the council and board of trade this afternoon. After examining the harbor extension work he expressed himself as pleased and satisfied with the progress made. He also promised that the harbor improvements would be pushed until the harbor was made one of the best on the lakes, with at least twenty feet of water throughout from the entrance to the swing bridge. The question of a public harbor was left in abeyance, as an appropriation for that purpose will be recommended at the next session of the House. The minister left about 5 o'clock.

COSTS GOIN TO BE ARBITRATED

President of Denver Chamber of
Commerce Settles a Strike.

Denver, Colo., Aug. 5.—President Malone of the Chamber of Commerce, will have to pay \$1,025 for the privilege of acting as an arbitrator in settling the recent building trades strike. When he settled the strike the only difficulty was over the payment of the arbitrator by the unions against certain members. President Malone, on being told that the only nominal agreed to pay it out of his own pocket. To-day he was surprised to find that the fines amounted to \$1,025.

ARRIVED IN LONDON.

London, Aug. 5.—The Canadian coronation contingent of thirteen non-commissioned officers and men, under command of Lieut.-Col. Turner, V. C., D. S. O., has arrived in London, and has been assigned quarters in the Alexandra Palace.

MARCONI FOR ITALY'S NAVY.

Rome, Aug. 5.—The government has ordered that the Marconi wireless telegraph apparatus be established on all Italian warships.

ASK YOUR DOCTOR HIS OPINION OF LINEN

Modern first-class underwear is worth a year's wear. It is the best. We have the genuine Dainton. Geo. Harcourt, 10, St. James St.

A Great Medium.

An average daily circulation of 27,388 in a morning newspaper is worth a good deal more to an advertiser than the same number of copies of an evening paper. To be a subscriber to a morning paper argues freedom from the daily grind of the factory. The morning paper reader has leisure and money. The advertiser seeking cash trade or people with cash finds greater profit in a morning paper. Financial advertisers have proven this by experience.

PLEASEN IN A PIPE.

Club's Dollar Mixture. It's the one tobacco that smokes cool and will positively not burn the tongue. The price too is an attractive feature. 1 lb. tin \$1.25. 2 lb. tin \$2.00. Package \$25; sample package 10c at A. Clubb & Sons, 49 King West.

SIX O'LOCK DINNER AT NEW ARCADE.

This is the first time that a dinner has been served at the New Arcade. The dinner was served at 6 o'clock and was very successful. The menu was as follows: Soup, Roast Beef, Potatoes, Gravy, Rice, Apples, and Dessert.

Couldn't swim a little. Dabbled in the foam. Just around the edge. And safety went back home. Was an expert swimmer. Not a bit afraid. Went beyond the breakers; and there he was stayed.

Did you ever try the Top Barrel?

MIGHTY BRITISH-CANADIAN COMBINE

TO FIGHT THE U. S. STEEL TRUST
FOR CONTROL OF MARKETS OF WORLD

Well-Known English Corporation to Join Hands With the Dominion Steel Co. and the Nova Scotia Steel Co. and Produce Manufactured Steel More Cheaply Than Ever Produced Before.

Montreal, Que., Aug. 5.—The Herald publishes the following, which could not be confirmed as Messrs. Ross, Angus and Forget left to-day for Sydney: The Hon. Senator G. A. Cox, who has just returned from England, and Mr. James Ross, the managing director of the Dominion Iron and Steel Company, who has come back from Cape Breton, had a conference this forenoon at the offices of the Dominion Coal Company, in the Street Railway building, and a question of momentous importance regarding the future of the allied steel and coal companies was, it is understood, the subject of their deliberations. It was nothing less than the formation of a gigantic British and Canadian steel combination, which will enter into competition with the American Steel Trust.

MUST KING EDWARD AGAIN GO UNDER THE KNIFE

REPORTS GIVEN TO THE PUBLIC ARE MISLEADING

London Correspondent of a New York Paper Declares That His Majesty's Determination to be Crowned on Saturday is But the Prelude to Submission to Another Operation.

New York, Aug. 5.—The World's London correspondent says: The King Edward will undergo another surgical operation immediately after his coronation next Saturday. Despite the reports sent out recently of his rapid recovery and steady improvement in health, he is really very ill. He will be crowned next Saturday if it is physically possible for him to go through the ceremony, but then very little time will elapse before the surgeons will reopen the wound and operate for appendicitis.

As we stated in the special cable despatch to The World from Cowes on July 19, extraordinary precautions were taken to prevent the real condition of King Edward from being generally known. When the news agencies have sent out reports that he was fast regaining his strength and his usual good health, as a matter of fact he was too ill to move from his bed. Every report coming from the sick room has been purposely made of a reassuring character, when in fact the strict truth had been told the news would have been of a kind to cause the gravest apprehension.

Misleading News Given Out. Those who are entrusted with the duty of giving out the news regarding the King's health are following precisely the same lines they did immediately preceding the operation performed on him June 24. On June 21, the physician stated that the King's health was such that an operation would be necessary, the Associated Press sent out this report:

STEAMER SUNK IN LAKE ERIE

Three Lives Lost When the Sequin Crashed Into the City of Venice.

PERHAPS A TORONTO MAN KILLED
Catastrophe Occurred Shortly After Midnight on Tuesday, Just Off Rondeau.

Cleveland, Aug. 5.—As a result of a collision on Lake Erie, between the City of Venice and the steamer Sequin, a steel lumber vessel, off Rondeau, Canada, last night, just after midnight, the former vessel was sunk and three lives were lost, while several persons were more or less seriously injured.

The drowned are: Peter Simonson, fireman, Brooklyn, N.Y.; Thomas Flanagan, deck hand, Buffalo; George Weir, watchman, residence unknown. The cause of the collision is not known. There was no fog whatever, and the night was fairly clear. The lights of the City of Venice were burning brightly. The second mate of the Sequin, W. A. Lavigne, who was on watch, refuses absolutely to give any information about the accident. The first mate of the Venice, Sullivan, was on watch aboard that boat. He is now in the hospital. The City of Venice went down in very deep water in less than 15 minutes after the collision occurred. After standing by for half an hour, the sequin backed for and was towed to the shore, arriving there early to-day.

The City of Venice was a wooden vessel 30 ft. long and 42 feet beam. She was owned by the McGraw Transportation Co. of Bay City, Mich., and valued at \$175,000. The Sequin is an iron vessel 207 feet long and 34 feet beam. She is owned by J. R. Miller.

It may be possible, if the hole struck in her. The collision did not cut her in two, to raise the City of Venice.

BERESFORD TO VISIT AMERICA

British Rear Admiral Due in the Fall
to Investigate Shipping
Combination.

THE MATTER UP IN THE HOUSE

Secretary of the Admiralty Silent
re Establishment of Col-
onial Lines.

London, Aug. 5.—Rear Admiral Lord Charles Beresford, M. P., will visit the United States in the coming autumn to study the American navy and to inquire into the working of the Morgan shipping combination. Lord Charles Beresford had no sooner relinquished his post of second in command of the British Mediterranean fleet than he assumed again the role of free lance, in which he had on previous occasions attacked the naval administration of Great Britain. He asserts that the Mediterranean fleet has been stunted in the way of adequate equipment of guns and corresponding supplies of shells and powder, and that more efficient cruisers are necessary to maintain the efficiency of the fleet.

As to the American shipping combination, Lord Charles Beresford, giving evidence recently before the Select Committee of the House of Commons on Steamship Subsidies, said the last thing he should do was to start a war of tariffs and bounties with the United States. The possibilities of danger from the combination were enormous—the probabilities, he was in favor of retaining the use of fast merchant vessels to act as scouts in time of war.

DISCUSSION IN THE HOUSE.

London, Aug. 5.—In the course of the consideration of the naval estimates in the House of Commons to-day, Edmund Robertson (Liberal), alluding to the statement that J. Pierpont Morgan had offered the government the right to utilize the vessels of the ship companies as British cruisers, said he hoped that the Admiralty would make a conclusive bargain in so serious a matter without affording the House an opportunity to consider it. Mr. Arnold-Forster, Secretary to the Admiralty, in reply said he was not in a position to make a statement on the subject, but that the Admiralty certainly was not relying on any pledge made by any foreigner. He said that the Admiralty was not committed, however, would be paid. It is reported that Mr. Robertson had spoken.

BANK FAILURE IN BERLIN.

Head of Firm Relative of Spreckels
Family in San Francisco.

Berlin, Aug. 5.—Peter Spreckels, a kinsman of the San Francisco Spreckels family, is the principal owner of the private banking house of Eduard Hoeschke, which closed its doors on Friday. The firm had assets of approximately 10,000,000 marks (\$2,500,000) and liabilities of 3,000,000 marks (\$750,000). Spreckels before and since the failure cabled to his American relatives for help. It is reported that an American deposit at Dresden, which Peter Spreckels now asks to have used for the benefit of his creditors.

NUNS' SCHOOL BATTERED IN.

Crowds Witness Frenzied Action of
French Authorities.

Chambery, Aug. 5.—Crowds made demonstrations in two neighboring townships to-day against commissaries of police who were closing up schools conducted by nuns. The tocsin was rung and the sterters, who refused to open their doors, commissaries, were closed by the people.

EARLIEST WHEAT CUTTING.

Winnipeg, Man., Aug. 5.—Wheat is now standing in the stock on the farm of J. N. Davis, near Stonewall. His wheat has already matured and a couple of acres have been cut already. This is the earliest wheat cutting of the season.

EDWARDS & COMPANY CHARTERED ACCOUNTANTS.

Edwards & Company, Chartered Accountants, 25 Wellington St. East—Geo. Edwards, C. A., H. Edwards.

AMBASSADOR WHITE RESIGNS.

Berlin, Aug. 5.—Andrew D. White, American ambassador here, has resigned. He was appointed in 1901.

COOK'S TURKISH AND STEAM BATHS.

SAFE LOST \$100.

WRECK ON TUESDAY, Aug. 5.—The general store of Walter Mitchell was entered by burglars last night and the safe robbed of \$100.

DEATHS.

BOECKH—At the residence of her son-in-law, Dr. W. J. Wagner, 21 Gerrard street east, Toronto, on Tuesday, the 5th August, 1902, Henrietta Guerin, widow of Charles Boeckh, aged 74 years. Funeral private.

HAIL AS BIG AS MARBLES

FELL AROUND FORTHILL
Damage Estimated at \$25,000 Done
to Fruit Trees and the Two
Nurseries.

OAT AND CORN FIELDS STRIPPED

Peaches and Apples Cut From the
Trees—Second Destructive
Storm in Ten Days.

St. Catharines, Aug. 5.—Word reached here to-day from Fonthill that the postmaster, Mr. Fred Kinsman, that the most disastrous storm in years struck that village on Sunday afternoon, causing a loss of between \$25,000 and \$30,000. It struck the village at the same time as the cyclone struck this city, but the greater damage there was done by hail. Mr. Kinsman saw the storm coming when it was about two miles away and warned several of the danger approaching.

The heavy pieces of ice, which measured one and a half inches thick, piled up several inches high, fell thick and fast, cutting everything in their wake. The different fruit and grain farms are badly damaged. What is about all in, but hundreds of acres of oats are ruined. Mr. A. Haddon and Mr. Wm. P. Hays, fruit-growers, will lose to the amount of \$3000 each.

The large vineyards were stripped of their fruit, and fully 50 per cent of the peaches and plums were cut off. Morris Stone's and Wellington's nurseries were badly damaged, their trees amounting to several thousands of dollars. This firm had over four hundred lights of glass broken. Fisher & Son, nurserymen, are heavy losers. They lost over 300 lights of glass, and their nursery stock was injured. Mr. Frank Muirhead's place was damaged and one cow killed.

Mr. Kinsman and the pleasure of making a gallon of ice cream from ten gathered of his own lawn on the third day of August, this being last Sunday.

W. E. Wellington of the firm of Stone & Wellington, nurserymen at Fonthill, received a letter on Tuesday giving some particulars of the damage done by Sunday's great hail storm. He says the hail stones were as large as marbles, broke about one-third of the glass in the greenhouse of the firm, while Brown & Sons also lost a large quantity of glass. The nursery stock was not damaged, but peaches and apples were stripped from the trees and the hail did like damage to about 600 apples in their testing orchard. On Tuesday the hail was not in a position to state what might be the ultimate decision of the government on the large question of subsidization or in regard to contributions toward the establishment of new lines between the United Kingdom and the colonies.

MRS. ADAMS MAY DIE.

Shock of Only Daughter's Death
Overcomes Her—One Body Found.

Tonawanda, N.Y., Aug. 5.—The body of Dr. Gray was recovered at 2 o'clock this afternoon, near the spot where he jumped in. About 50 boats are spread about the river in the vicinity, searching for the body of Miss Adams, whose mother is so grief-stricken she is not expected to survive.

WHEAT FIVE FEET HIGH.

Shoal Lake, Man., Aug. 5.—The wheat on McDonald Bros' farm, recently purchased from William Bates, stands over five feet high and is all topped with beautiful large heads. It is one of the finest looking and best fields of wheat ever seen in Northwestern Manitoba. With continued favorable conditions it should yield 53 bushels per acre.

FAIR AND STATIONARY.

Meteorological Office, Toronto, Aug. 5.—(8 p.m.)—Showers and thunderstorms have been general to-day in the Georgian Bay district and the lower lake region. Elsewhere the weather has been generally fine, especially in the Territories and Manitoba.

Lower Lakes and Georgian Bay—West to northwest winds, fresh during the day; fair; stationary or slightly lower temperature.

Ottawa Valley and Upper St. Lawrence—Fresh northwesterly winds; clearing; stationary or slightly lower temperature. Lower St. Lawrence Gulf—Variable winds; unsettled and showery.

Lake Superior—Moderate to fresh west to northwest winds; Thursday and warmer than to-day.

FUTURE OF DAWSON CITY

Gold Output Falling Off and Hope of Town Lies in Possible Quartz Finds.

THE CITY IS CROWDED WITH IDLERS

Cost of Living High—Mr. George H. Hees Gives Some Interesting Information.

"A manufacturer's impressions of Dawson City" is the title of a paper contributed by Mr. George H. Hees...

Following are extracts from Mr. Hees' paper: I quoted to Governor Ross the remarks recently made in Toronto by Mr. Wade in lecture before the Canadian Club...

Gold Output Decreasing. I have permission from Mr. Smolker, Canadian Assistant Gold Commissioner, to use his name as saying: "The output of gold in the Klondike last year was over \$24,000,000..."

Exceptional facilities for seeing the gold fields as Mr. Joe Barnett, the "Klondike Gold King" with his new pair of California High Steppers, gave us a 40 mile drive up to Grand Forks and Eldorado Creek.

Labor Conditions. There is now in Dawson a great surplus of laborers, who are ready and eager to go to work. I am told there are ten applicants for every job available...

Cost of Living. Mr. Hees says the cost of living in Dawson is still high, foodstuffs and a half having there the purchasing power of one dollar in Toronto. He quotes some prices:

Government Ross told me that but a year or so ago a dollar in the east would buy as much as six dollars in Dawson, but lately checking over bills he found the difference now is about one to four and a half. No coin less than 25 cents is used in the Klondike.

Fire at Point Douglas. Winnipeg, Man., Aug. 5.—Fire on Point Douglas last night destroyed the blacksmith shop of John Battershall, the stables of Stephen Tait and the stable of John Battershall.

Implements at the Exhibition. Assistant Manager Bell of the Industrial Exhibition, returned to town on Saturday from a trip to the States. While away he secured the entry of one of the biggest manufacturers of agricultural implements on this continent.

Japan Wants Siam. London, Aug. 5.—Reports from a French source tell of the efforts of Siam to emancipate herself from European. Japanese influence is said to be steadily extending, and many persons assert that negotiations are in progress for an alliance between Siam and Japan.

Albania Inhumanity. London, Aug. 5.—A Vienna correspondent relates accounts of numerous outrages committed by Albanian bands on Bulgarians. The leader of one band slit open the cheeks and cut off the ears of a resident of Monastir, then ordered the victim to proceed to the local cadie, and lay the severed ears before him.

Head Office Changed. Sydney, C.B., Aug. 5.—The head office of the Dominion Coal Company will shortly be removed from Grace Bay to Sydney, where they will occupy rooms in the office building of the Dominion Iron & Steel Company.

Adopt a Whole Asylum. South Haven, Mich., Aug. 5.—Mr. and Mrs. John Shedd of South Haven have adopted a whole orphan asylum, 22 children in all.

CITY NEWS

Money Left by the Dead. The Surrogate Court on Tuesday morning for the administration of \$1,235 bank money to the credit of the late Bertrand W. Ducatel, of Washington, D. C., who died July 4. He left to his two daughters, \$500 each and the balance to his son Sydney A. Hill, who, however, forgot to name an executor so the estate will have to be administered.

Police Court Record. Magistrate Denison on Tuesday morning sent Margaret Schuch to jail for 30 days for stealing a pair of boots from George St. Ledger's store. Fred Whisker was imprisoned on \$100 bail for enquiring, Purdie Munro did not appear. He was wanted on Gen. charge and an effort will be made to get him. A fine of \$10 and costs of 40 days were imposed on Michael Fallon who had trespassed on the property of a resident of Hagerman street. John O'Leary, Michael Manderville and John Hillman will appear again on Friday to answer a charge of assaulting P. C. Murray.

Mound Builders' Relics. David Boyle, director of the Ontario Archaeological museum, has learned of a mound near the Port of Spain recently opened up a mound near their town and took out many old and valuable relics. Boyle is particularly interested in a relic from a historic standpoint. Mr. Boyle will endeavor to trace the mound to the present day. It will be useful to him in settling the question whether the earliest mounds in the Port of Spain region or whether the northern mound-makers were the last of their race which had spread from south to north.

Crops in Souris. T. G. Kells, a prominent farmer of Souris, Manitoba, arrived in the city Tuesday en route to Millbrook, Ont. He is a well known and successful farmer at that place. Mr. Kells states that the crops in the Souris district are the finest in the province. He has been operating in that section of country for the past twenty years, and he informs The World that he never saw anything to equal the yield of this season throughout the province.

Murray & Co.'s Improvements. Work on the improvements to be made by Murray & Co. in the eastern end of their establishment has commenced. S. H. Hughes has been in charge of the work. Mr. W. J. McGuire for the plumbing. The work is supposed to be finished by September 1st. It will consist of immediately to occupy the improved portion.

Winding Up the Company. On Tuesday morning at Osgoode Hall a motion was made by J. J. Foy, K. C., to wind up the affairs of the Trust Company for a winding up order for the Tobique Lycopium Company, of New Brunswick. The motion was granted by the appointment of an interior liquidator. The Ryan estate is a creditor of the company and the Trust Company petitioned in its behalf.

Bahamas' Governor in Town. Sir Gilbert Carter, Governor of the Bahamas Islands, left Toronto yesterday on his return to the Bahamas. He has been in the city and was much impressed with what he had seen of Canadian life on his trip.

Valuable Indian Relics. An acquisition has been added to the archaeological museum in the Normal School in the form of a collection of relics used by the Esquimaux, the Loucheux Indians, who live at the mouth of the Mackenzie River. The collection is the property of Mr. J. M. Fortier and Goldsmith, of Herschel Island.

At Osgoode Hall. An act was issued on Tuesday morning by Louis F. Heyd, K. C., on behalf of N. C. Butler, executor of the estate of the late Anne Butler, widow of Robert Butler, H. E. Weil and R. T. Weir. The act relates to the Norfolk county and the action is to recover possession of property there.

Will Sell Old Court House. The County Commissioners on Tuesday morning decided to sell the old Court House on East Adelaide street by auction.

Smokers, try Alvin Holland's special mixture; also perfection smoking; nothing to equal it; sent all over the world.

ATTACKED BY STRIKERS. South Manchester, Conn., Aug. 5.—The first attack on the strike of the velvet weavers employed in the Cheney Bros' mill occurred to-day. Henry Leister, a non-union man, accompanied by a guard consisting of four members of the strike, was attacked by 150 strikers as he was on his way to work. He was knocked down by a brick, which struck him on the head, and is severely injured. No one else was injured.

THE COLONIAL CONFERENCE. London, Aug. 5.—The conference of colonial premiers with Colonial Secretary Chamberlain discussed army and navy supply contracts, the reduction of Imperial postage rates and the exclusion of Canadian goods from Great Britain to-day. No definite action was reached on the last mentioned questions which is mentioned in the Canadian ministers will take steps to resist the action of the president of the Board of Agriculture.

SHANS HOLD A TOWN. Bangkok, Siam, Aug. 5.—A body of troops, numbering 2000 men, has been sent north to punish the Shans, who recently attacked and seized the town of Phrae. The town is now in the possession of the Shans, who are preparing to resist the troops sent against them. The Shans have killed 25 Siamese officials, but have not molested any of the other inhabitants of the town.

EARTH STILL QUAKING. Lisbon, Portugal, Aug. 5.—Earthquake shocks were felt to-day throughout central Portugal and along the coast. So far no damage has been reported. Rome, Aug. 5.—There were earthquakes to-day at Genoa and Pisa. The shocks lasted a few seconds and were accompanied by subterranean rumblings. No damage was done.

To Those of Sedentary Occupation. Men who follow sedentary occupations, which require them to remain in the office or in the laboratory, are more prone to disorders of the liver and kidneys than those who lead an outdoor life. The former will find in the kidneys the most affection of the body. They are easily procurable, easily taken, and of no taste, and they are surprisingly cheap, considering their excellence.

San Carlo Traffic. Sault Ste. Marie, Mich., Aug. 5.—The tonnage of the Sault canals for July exceeded five million tons, or nearly equal to the tonnage for the entire month of the year. The increase over July, 1901, is 501,220 tons.

Adopt a Whole Asylum. South Haven, Mich., Aug. 5.—Mr. and Mrs. John Shedd of South Haven have adopted a whole orphan asylum, 22 children in all.

May Use the Chinaman. London, Aug. 5.—A Johannesburg correspondent says the scarcity of native labor has caused some mining houses to contemplate the introduction of Chinese.

Lifelong Soap—Disinfectant—is strongly recommended by the medical profession as a safeguard against infectious diseases.

PLEASED WITH HIS VISIT. Citizen of Buenos Ayres Thinks Canada Has a Great Future.

Signor Molino Pano, of Buenos Ayres, South America, who arrived in Toronto several weeks ago on a visit, has returned from a trip to Montreal, Quebec and Ottawa, and is gratified with what he has seen in the most eastern section of Canada. Signor Pano was accompanied by his three sons. They were shown around Ottawa and one, but it will account for his subtitle into an acquiescent wondering manner, content to let the dashing do what it cannot or will not itself. This is true of all phases of life and effort, but in none more so than in the lives of those whose daring cool-headedness furnishes a thrilling amusement for the public that applauds but predicts withal, 'He'll get killed some day doing that, if he doesn't. Sometimes his predictions come true.

Close of a Long and Active Career—Member for Argenteuil.

Ottawa, Aug. 5.—Dr. Christie, M.P. for Argenteuil, died this morning at his home in Lachute, Quebec. He was 78 years of age. He was first elected to the Commons in 1874. Mrs. Ross, wife of C. Ross of the C. Ross Co., Ottawa, was a daughter.

Thomas Christie, M.D., was one of the Liberal old guard and had been in the House of Commons with few interruptions since 1874. He was born in Glasgow, Scotland, in 1824. In 1827 he came to Canada with his parents and in 1838 graduated M.D. from McGill College, Montreal. Dr. Christie filled many local positions in the County of Argenteuil. When the grip fever scourge broke out in 1847 he was appointed assistant surgeon at Point St. Charles, in which capacity he discharged his duties with credit. Dr. Christie entered parliament in December, 1874. He was re-elected in 1878, but was unsuccessful in 1882. He returned in 1891, 1896 and 1900. He was an ardent Liberal, an earnest prohibitionist and took an active interest in Sabbath observance.

WOMEN AND SOUTH AFRICA. London, Aug. 5.—The government has taken up the scheme, started by private enterprise, for promoting the immigration of women to South Africa. Arrangements have been made for the despatch of the first party comprising fifty domestic servants and six dress-makers. The government provides five pounds of the cost of each woman's passage, and the railway transport in the Transvaal and Orange River Colonies. The current wage of domestic servants in South Africa is \$25 a month.

HAD YELLOW FEVER ON BOARD. New York, Aug. 5.—The British barque Hiram Wood, from Rio Janeiro to St. John, N.B., has arrived in Little Michie Bay with yellow fever on board. Three of the crew, including the second mate, died on the voyage. Capt. Strathbridge and the cabin boy are both sick with the fever.

Fire at Point Douglas. Winnipeg, Man., Aug. 5.—Fire on Point Douglas last night destroyed the blacksmith shop of John Battershall, the stables of Stephen Tait and the stable of John Battershall. The total loss is estimated roughly at \$100,000. John Battershall, loss on building, \$1,000; loss on stock and machinery, \$2,000; Stephen Tait, loss on stable and fodder, \$250; John Battershall, loss on stable and contents, \$250. The scene of the conflagration was on Point Douglas, opposite Sprague's mill.

Implements at the Exhibition. Assistant Manager Bell of the Industrial Exhibition, returned to town on Saturday from a trip to the States. While away he secured the entry of one of the biggest manufacturers of agricultural implements on this continent. This will make six or seven United States implement makers that will be represented. Entries for all manufacturers' machinery, implements, live stock, honey, fine arts and ladies' goods close on Saturday next, August 9.

Japan Wants Siam. London, Aug. 5.—Reports from a French source tell of the efforts of Siam to emancipate herself from European. Japanese influence is said to be steadily extending, and many persons assert that negotiations are in progress for an alliance between Siam and Japan.

Albania Inhumanity. London, Aug. 5.—A Vienna correspondent relates accounts of numerous outrages committed by Albanian bands on Bulgarians. Thomas Christie, M.D., was one of the Liberal old guard and had been in the House of Commons with few interruptions since 1874. He was born in Glasgow, Scotland, in 1824. In 1827 he came to Canada with his parents and in 1838 graduated M.D. from McGill College, Montreal. Dr. Christie filled many local positions in the County of Argenteuil. When the grip fever scourge broke out in 1847 he was appointed assistant surgeon at Point St. Charles, in which capacity he discharged his duties with credit. Dr. Christie entered parliament in December, 1874. He was re-elected in 1878, but was unsuccessful in 1882. He returned in 1891, 1896 and 1900. He was an ardent Liberal, an earnest prohibitionist and took an active interest in Sabbath observance.

WOMEN AND SOUTH AFRICA. London, Aug. 5.—The government has taken up the scheme, started by private enterprise, for promoting the immigration of women to South Africa. Arrangements have been made for the despatch of the first party comprising fifty domestic servants and six dress-makers. The government provides five pounds of the cost of each woman's passage, and the railway transport in the Transvaal and Orange River Colonies. The current wage of domestic servants in South Africa is \$25 a month.

HAD YELLOW FEVER ON BOARD. New York, Aug. 5.—The British barque Hiram Wood, from Rio Janeiro to St. John, N.B., has arrived in Little Michie Bay with yellow fever on board. Three of the crew, including the second mate, died on the voyage. Capt. Strathbridge and the cabin boy are both sick with the fever.

Fire at Point Douglas. Winnipeg, Man., Aug. 5.—Fire on Point Douglas last night destroyed the blacksmith shop of John Battershall, the stables of Stephen Tait and the stable of John Battershall. The total loss is estimated roughly at \$100,000. John Battershall, loss on building, \$1,000; loss on stock and machinery, \$2,000; Stephen Tait, loss on stable and fodder, \$250; John Battershall, loss on stable and contents, \$250. The scene of the conflagration was on Point Douglas, opposite Sprague's mill.

Implements at the Exhibition. Assistant Manager Bell of the Industrial Exhibition, returned to town on Saturday from a trip to the States. While away he secured the entry of one of the biggest manufacturers of agricultural implements on this continent. This will make six or seven United States implement makers that will be represented. Entries for all manufacturers' machinery, implements, live stock, honey, fine arts and ladies' goods close on Saturday next, August 9.

Japan Wants Siam. London, Aug. 5.—Reports from a French source tell of the efforts of Siam to emancipate herself from European. Japanese influence is said to be steadily extending, and many persons assert that negotiations are in progress for an alliance between Siam and Japan.

Albania Inhumanity. London, Aug. 5.—A Vienna correspondent relates accounts of numerous outrages committed by Albanian bands on Bulgarians. The leader of one band slit open the cheeks and cut off the ears of a resident of Monastir, then ordered the victim to proceed to the local cadie, and lay the severed ears before him.

Head Office Changed. Sydney, C.B., Aug. 5.—The head office of the Dominion Coal Company will shortly be removed from Grace Bay to Sydney, where they will occupy rooms in the office building of the Dominion Iron & Steel Company.

Adopt a Whole Asylum. South Haven, Mich., Aug. 5.—Mr. and Mrs. John Shedd of South Haven have adopted a whole orphan asylum, 22 children in all.

May Use the Chinaman. London, Aug. 5.—A Johannesburg correspondent says the scarcity of native labor has caused some mining houses to contemplate the introduction of Chinese.

Lifelong Soap—Disinfectant—is strongly recommended by the medical profession as a safeguard against infectious diseases.

PLEASED WITH HIS VISIT. Citizen of Buenos Ayres Thinks Canada Has a Great Future.

Signor Molino Pano, of Buenos Ayres, South America, who arrived in Toronto several weeks ago on a visit, has returned from a trip to Montreal, Quebec and Ottawa, and is gratified with what he has seen in the most eastern section of Canada. Signor Pano was accompanied by his three sons. They were shown around Ottawa and one, but it will account for his subtitle into an acquiescent wondering manner, content to let the dashing do what it cannot or will not itself.
