## WHITNEY POINTS MAY OUT OF AN IMPOSSIBLE SITUATION

Says System of Government is Elastic Enough to Deal With Such Difficulties as Impasse Created By Ry. Board Decision.

Under no circumstances can any outside authority be allowed to assume control of the streets of the city—or indeed of any city—Premier Whitney.

Premier Whitney was asked by the newspaper men yesterday if he would express his views of the situation created by the judgment of the railway and municipal board between the Toronto Street Railway and the city. He made the following statement:

"The judgment of the railway and municipal board is a devolution of a matter which is a definite and clear-cut decision and in that respect is very satisfactory. It is also to be assumed that it is a correct exposition of the law in the case."

"I am glad to observe that, with one exception, the newspapers are dealing with the situation in a common-sense way."

"The effect of the judgment is to make the situation an impossible one."

**UNDER NO CIRCUMSTANCES CAN ANY OUTSIDE AUTHORITY BE ALLOWED TO ASSUME CONTROL OF THE STREETS OF THE CITY—OR INDEED OF ANY CITY.**

"Our system of government is elastic enough to deal with any difficulties which may arise in the way, and that without doing injustice to any person or interest."

"Asked further why he is not competent to deal with the situation, he declined to make any further observations."

It seems clear, however, that the creation of an impasse makes the settlement of the matter imperative. The necessity implies the means, and those who are familiar with the political scene will have no difficulty in arriving at the conclusion that he sees how the case can be properly handled, and with satisfaction to all parties.

**To the Legislature.**

City Solicitor Chisholm says that the only way in which the city could take over the street railway franchise before expiration of the agreement would be by going to the legislature and asking for an act terminating the contract. Should the city seek to gain control by securing a majority of the stock, permission to buy could have to be obtained from the legislature.

**JOHN A. FERGUSON DEAD.**

Prominent Barrister and Mason Succumbed to Pneumonia.

John A. Ferguson of 5 Withrow-avenue, the well-known barrister, died yesterday afternoon of pneumonia, having only been ill since last Sunday morning. He was a son of Col. C. T. R. Ferguson, M.P. for South Simcoe, and grandson of Col. Hugh R. Gowan.

Deceased was a graduate of Toronto University and of Osgoode Hall, a Conservative in politics and master of Coronation Lodge, A. F. & A. M. He had been in the hospital for several days.

He leaves a widow and four children, while the surviving sisters are Mrs. Dr. Burgess and Mrs. Benj. Somers of Toronto, Mrs. Rev. Steward Acheson, Mrs. Irwin and Mrs. Harrison of Neopawa, Man. A brother, Andrew Ferguson of Wolsely, Man., also survives.

The funeral will be held from his residence on Tuesday afternoon.

**NICER THAN DANCING.**

Editor World: Is Bob Fleming a Methodist? I am; mother brought us all up Methodists and we cannot dance, but we ride in the street cars at 8 o'clock and oh, my, it is nice. I was cuddled by two young men the other day and when a rude snorter caused a scene, one boy plucked me on the leg and the other hugged me and said "Don't be afraid." It is nicer than dancing and I like it better than dancing and I wasn't introduced either. I do like the crowded cars—it is nice to be squeezed and hugged by strangers and I think the old maid like it, but my brothers say it is a disgrace. But surely Bob knows. Alice.

**JUST TIME TO GET A HAT.**

Dineen's at Yonge and Temperance Sts. Will Be Open Till 10 To-Night.

Many gentlemen like to buy their hats on Saturdays, and Dineen's recognizes this after half a century's knowledge of their wants. The hat that is in vogue is always a Dineen's hat, where the newest shapes for old and young and the same of quality is to be found. Dineen's are sole Canadian agents for Dunlop's New York hats, and for the famous Henry Heath London hats. The Dineen special felts at the blocks of the most fashionable makers call at Yonge and Temperance-streets.

**No Sunday Theatres.**

**MONTREAL, Dec. 11.—(Special.)**—Chief of Police Campeau announced to-night that if the larger theatres of Montreal open their doors next Sunday for picture shows and vaudeville programs criminal action will be taken against them under city laws.

Three of the Sparrow theatres are advertised to cater to the public on Sundays.

## Taking Over the Street Cars by the City.

What is the real value of Toronto Railway stock to the stockholders, assuming that the company retains its franchise until 1921 and that the road is run with a single eye to their interest? What is it worth to-day to the City of Toronto? There are those who stand aghast at the city paying par for \$8,000,000 of stock, "mainly water"; others scout at the notion that this stock could be acquired at so low a price. What, then, are the assets and liabilities of the Toronto Railway Company?

It is easier to enumerate, than it is to appraise, the assets of this company; the dispute is not so much about the facts as it is about the inferences to be drawn from them. In 1890 the City of Toronto took over the Toronto Street Railway Company under an award by arbitrators which appraised the assets—the tangible assets—at \$1,453,788. This included 69 miles of track constructed and ten or eleven miles in course of construction; 1372 horses, 560 cars and other vehicles; and valuable parcels of real estate throughout the city, including the properties on Front and Frederick, on Front, George and the Esplanade, on King and St. Lawrence, on Scollard-street, on Yorkville-avenue, on Yonge-street between Davenport and Belmont-roads, and some leasehold interests.

In 1891 the city sold all this property to William Mackenzie and associates, who organized the Toronto Railway Company. The purchase price agreed upon was \$1,453,788. This amount the company paid in cash, except \$600,000 of debentures of the old company which it assumed. These do not mature until 1914.

Since 1891 the company has increased its mileage from 69 miles to 114 miles; it has electrified the system; old cars have been replaced with new, and a large car shop has been established. The electrification of its system has been the one big item of investment always insisted upon by the Toronto Railway Company. This greatly added to the efficiency of the road by increasing traffic and reducing the cost of operation. To meet the cost of these improvements and extensions, the company, under its agreement with the city and by legislation, obtained authority to issue bonds and debentures "not to exceed \$35,000 for each mile of street railway constructed or under contract for construction." As a matter of fact, the mortgage debt of the road to date (including the old debentures for \$600,000) is \$3,613,373. The whole cost of the system, as it stands to-day, including the purchase price, can be accounted for by the sale of bonds and \$2,000,000 raised from time to time by the sale of stock. The company is capitalized at \$8,000,000 and is earning dividends upon this amount; but \$6,000,000 of this is "water."

The company has liabilities, in the shape of bonds and stocks, aggregating \$11,613,373. The old debentures (\$600,000) will be paid off in 1914. The bonds are to be taken up, 5 per cent. each year during the last ten years of the franchise. In 1921, when the company faces judgment day, there will be outstanding \$1,500,000 in bonds and \$8,000,000 in stock. What assets will there be to meet them? The franchise, the big asset of the company, will return to the city, without compensation to the company. What the city will have to pay for, will be the tangible assets; very much the same assets, with extensions and betterments, which it sold to the company in 1891. The terms of the act are explicit:

In determining such value the rights and privileges granted by the said agreement and the revenue, profits and dividends being or likely to be derived from the enterprise are not to be taken into consideration, but the arbitrators are to consider only the actual value of the actual and tangible property, plant, equipment and works connected with and necessary to the operation of the railway.

It is hard to forecast what the award would be, thus limited. It is unlikely that it can exceed \$5,000,000. To let the stockholders out at par, the railway company by 1921 must have accumulated a rest fund of nearly \$5,000,000.

The earning energy of this corporation is dynamic. In 1898, its gross earnings were \$1,210,618; in 1907, they had increased to \$3,511,197. In 1898, the number of passengers carried was 28,710,388; in 1907 it was 85,574,788. In 1898, the net earnings were \$631,760; in 1907, they were \$1,617,961. The company has on hand a reserve amounting to over two and one-quarter million of dollars. The stock is quoted on the exchange at 107, and while its value is no doubt inflated by the conviction that in some way the company will get an extension or renewal of its franchise, still it is not impossible for the company, properly managed, to actually pay par value to its stockholders in 1921.

But where is this money to come from? It must be collected from the people who ride upon the cars, from the men, women and children of Toronto. Can anyone doubt that the city, which, as a mere sleeping partner, drew \$419,609 out of this enterprise in the year 1907, could not so operate it, as sole owner, as to pay for the plant out of the profits? Would it not be good business to buy up this \$8,000,000 of stock by issuing bonds at 4 per cent? It is merely begging the question to say that the city can buy the whole plant for a less sum in 1921. Suppose we can buy it for \$5,000,000 less; if we buy it now, cannot the city clear a profit of \$5,000,000 by 1921?

A more difficult objection, from another standpoint, is this: "Can the stockholders be induced to part with their stock to the city at par?" There are reasons why we believe that this question can be answered in the affirmative. The stock, to say the least, is speculative, and the stockholders can only hope for par in 1921 in case the men in control are loyal to them to the exclusion of all selfish considerations. Many bargains, like the one they made with the Electric Development Company, will not bring this about. Moreover, the stockholders must realize that their refusal to sell will drive the city to apply for leave to recover the franchise.

The City of Toronto should at once obtain the authority to purchase and take steps to acquire the capital stock of the Toronto Railway Company. This will result, we admit, in a big profit for some gentlemen who hold its stock. But the present conditions are serious, and this remedy, we submit, is available and complete.

## Templeman to Stay Will Sit in Senate

**OTTAWA, Dec. 11.—(Special.)**—The government has no intention at present of dropping Hon. William Templeman, and it is understood that one of the British Columbia senators, of whom there are now three, will make way for the minister of inland revenue, who will thus return to the senate, whence he came when he was given the portfolio.

There has been some talk of giving Ralph Smith of Vancouver the portfolio, but this does not meet with favor in ministerial circles.

L. D. Taylor, proprietor of The Vancouver World, announced he will be a candidate for the majority.

## "MOVE ON!"

AN ORDER THAT MUST BE OBEYED.

## WINDSOR GROUP FOR BECK POWER

Bylaw Will Be Prepared for Submission to People at January Elections.

**WINDSOR, Dec. 11.—(Special.)**—A conference of the municipalities of the southwestern peninsula was held here this afternoon to hear Hon. Adam Beck, chairman of the hydro-electric commission, explain the government's Niagara power scheme. One or more representatives were present from Windsor, Walkerville, Sandwich, Amherstburg, Essex, Kingsville, Leamington, Wheatley, Tilbury, Chatham, Blenheim, Ridgeway and Bothwell.

Mayor Wigie was chairman, and introduced Mr. Beck. With Windsor included and taking 5000 horsepower, an estimate was given at \$48,900 per horsepower.

It was decided to establish transformers near Chatham, Windsor and Essex to supply the municipalities in this group.

Chief Engineer Sothman and Solicitor Lobbs also addressed the gathering and Mr. Beck's views were discussed.

A resolution was passed that it was advisable for the municipalities in this district to take advantage of the scheme, and Solicitor Lobbs will remain over to-morrow to assist in preparing bylaws for the municipal councils. Most of them will present the scheme to the ratepayers at the January elections.

To-night the Windsor Council entertained Hon. Adam Beck and delegates to a banquet at the British American Hotel.

## NO DISSOLUTION SAYS ASQUITH

Government Will Meet Parliament Again With Program Which Will Not Be Colorless.

**LONDON, Dec. 11.—**The government's determination that there shall be no immediate dissolution of parliament, but that the ministers will meet parliament at its next session with an important program, of which the budget will be a leading feature, was announced by Premier Asquith at a banquet given him at the National Liberal Club to-night by two hundred members of his party.

The occasion had been anticipated with great interest as affording Mr. Asquith an opportunity to explain his legislation in the face of the rejection by the house of lords of the Liberals' bill.

In a speech justifying the legislative work, the Liberals already had accomplished, Mr. Asquith invited the party to treat the veto of the house of lords as the dominating issue in politics, but he declined to dissolve parliament, he declared, at the dictation and caprice of the upper chamber. To admit such a claim on the part of an irresponsible chamber, the premier said, would be immeasurably absurd, as it would render the Liberal government subject, session after session, to a series of general elections.

The government would, therefore, choose its own time for dissolution, with regard to the next session of parliament, Mr. Asquith said he was unable at this stage to specify the details of the program that would be put forward, but he declared it would not be a colorless assortment of non-contentious measures. The chief work would be concerned with the budget and the weighty domestic issues therein involved, and on it the government would stand or fall, or, at any rate, be judged. It would raise again in its most acute form, the premier concluded, the great controversy of free trade versus protection.

## January 20 Federal Parliament Meets

**OTTAWA, Dec. 11.—(Special.)**—Wednesday, the 20, was decided upon by the cabinet council to-day as the date for the opening of the first session of the eleventh Canadian Parliament.

Ministers had hoped to call the house together a week earlier, but it was considered inadvisable to bring the members to Ottawa on Jan. 13 with a possibility of the new wing not being in readiness.

On the opening day a Speaker will be selected and on the following day the speech from the throne will be read. It will be Friday, Jan. 23, before the debate on the address is proceeded with. Charles Marshall, who for four years has been Deputy Speaker, is almost certain to be elected to the Speakership.

## C.N.R. TO BUILD TO GOWGANDA

Wants Running Rights Arrangement With Govt. Road—Waits on Officials.

The Canadian Northern Railway is prepared to extend its line from Sudbury to Sellwood, on to Gowganda, the new silver field, if a measure of co-operation can be arranged with the Temiskaming and Northern Ontario Railway.

This important statement was made to The World last night at the offices of the Canadian Northern Railway by Secretary W. H. Moore of that system, and following upon a conference between Vice-President D. D. Mann and a deputation of Sudbury gentlemen.

The Canadian Northern executive is reluctant to make an invasion of the territory of another road, but prepared to extend along certain lines of co-operation which have been proposed.

The proposal is that the C.N.R. complete their line from Sudbury to Gowganda, which would provide a direct service of about 14 hours to Toronto. The C.N.R. is built and in operation to Sellwood, some 20 miles north of Sudbury, on which is located the famous Hutton iron range.

From Sellwood the line is under construction to Burwash, 20 miles further north. This leaves only 30 miles of projected line to connect Gowganda direct with the capital of Ontario.

Meanwhile the T. & N. O. has been surveyed from Chatham to Sudbury and the commission has had a line thru this district and the Gowganda country to Sudbury for some time past.

The Canadian Northern stands ready to give the government line access from Chatham to Chatham to Sudbury in return for running rights over the government system between those points.

"We will be glad to work with the government in any plan which will form a fair basis of co-operation," said Mr. Moore.

During the afternoon a deputation waited upon the vice-president and secretary of the company, (Comprising ex-Mayor O'Connor, James Purvis, president of the board of trade, Councilor Frazer, Stephen Ferny town clerk, J. F. Black, Wm. McVilly and A. B. Gordon, all of Sudbury.)

These gentlemen impressed the officials with the necessity of the extension to Gowganda and of a plan by which the T. & N. O. could secure running rights over this line to Sudbury. This they pointed out, provide a direct line to the smelter at Copper Cliff, where a speciality will be made of the treatment of silver ores.

The same deputation earlier in the day saw Premier Whitney and Hon. De Raume to secure the co-operation of the government in building a winter road into the Gowganda District.

It was stated that the C. N. R. authorities were willing to assist in the construction of such a trail from their own mines terminal. The government has undertaken the construction of a road from the T. & N. O. Railway to Elk Lake, a distance of 25 miles, at the rate of \$75 a mile. The deputation were satisfied with their reception and expect to have the road constructed.

## GOWGANDA CITY NEXT MINING CENTRE

Many Business Men Await Completion of Sleigh Road to Get Stocks and Supplies to New Silver Camp.

A new mining city is about to spring into existence somewhere about the centre of the west shore on Lake Gowganda.

With the new city will arise opportunities for the merchants, professional men, assayers, surveyors, mining engineers and laborers who have the courage to grasp the chances which its early evolution will afford.

This is not a prophecy. It is simply one of the things that follow inevitably the discovery of rich minerals in any part of the world.

The tented hamlet at Elk Lake has in one year become a substantial community in which the business and social life of a mining country converges—a busy little metropolis in its own sphere of activity.

Gowganda City will be next. It will take shape before the snows of winter melt under the rays of the sun of springtime if the government sleigh road from Elk to Gowganda ever reaches the point to which it is being directed thru the forests with exacting slowness. To my knowledge two supply merchants, a hardware dealer, a barber, two restaurant men, two assistants and two lawyers are waiting to invade the field the day that the road is finished.

The government will avoid the mistake made at Cobalt, when the future could not have been easily discerned, by sending a member of the department of lands and mines to Gowganda with a competent engineer to select a site with regard to the sanitary necessities of a centre of considerable population.

Gowganda can have pure water for domestic uses and for sewage disposal. She can utilize one of the sun's natural lakes on the ridge, which will waterworks with the economical pressure of gravitation. A large lake, like Gowganda, can dissipate the sewage. Nature had done her best in distributing little lakes where they can be used for steam, heating, and domestic purposes.

The government site of lots at Gowganda will prove one of the most ventures in real estate, and the province at large will benefit.

I repeat again, and upon the personal knowledge of the silver discoverer at Gowganda, that this camp has in the 120 days of its lustrous babyhood showings which make a great rush and the creation of a mining city inevitable.

Show Veins of Gowganda.

Perhaps some description of the show discoveries of Gowganda will serve to indicate the basis of this conclusion. As a basis of comparison, I was guided by a judgment based on the showings at Cobalt, of which the Lawson and La Rose are the most interesting veins. The Lawson and La Rose surface veins are, roughly, five or six inches wide, and their white surfaces of practically pure silver may be easily followed for some distance. Such showings quickly attracted the attention of the whole mining world.

At Gowganda there are four veins which do not fully appear to be the celebrated Cobalt veins referred to, but they are so rich as to justify and suggest comparison.

One of the most interesting is a vein on the Mann-Ryan claim, which was recently sold for \$200,000. There are a number of veins, but the one which most compels admiration can be followed for a hundred feet down the face of a bluff, looking itself in the dip at the bottom. This vein is about six and one-half inches wide, and looks like a large ribbon of almost pure silver, which becomes burnished with the blow of a pick or a sick. The neck of the vein is about the size of a pencil.

Just south of the cabin on the Reeves-Doble property, there is a phenomenal discovery. At the base of a bluff silver, practically pure, protrudes in a great rough over two inches wide, and with a rough edge which resembles the flame in a grate congealed. The vein can be traced up the hillside, and every five or six feet the silver crops out in its rough purity. The vein has been uncovered for 100 feet, and the reason to believe that it cannot be traced with the same results for hundreds of feet beyond.

Mr. Reeves went out to locate a slab for a stove oven. He found what he wanted, and in welding his pick to work it loose he struck a splendid lead of silver.

William Gordon and Al Boyd, the former a Scotchman, and the latter from Toronto, have one of the show discoveries of the camp. They had prospected in Montana with indifferent success, and came north with the show to Cobalt. They were among the first to arrive during the early September stampede to Gowganda. On Sept. 2 they staked the property, and they are now doing development work.

As Mr. Boyd put it when The World visited his little log and canvas cabin: "They were coming in in swarms, and on our heels the day we arrived and staked this property."

These gentlemen have a pay streak showing about eight or ten feet along the surface and averaging two inches in width. The ore is somewhat heavier.

## TRAY OF DIAMONDS Scooped by Thief

**MONTREAL, Dec. 11.—(Special.)**—A nifty burglar smashed a plate glass window at 8 o'clock this evening in the jewelry store at G. A. Turcot, on Notre Dame-street, near the city hall, and got away with \$2180 worth of diamonds under the very eye of the proprietor.

This part of Notre Dame-street is quiet at night, and the burglar chose his time. Smashing the thick glass, he covered the occupant of the store with his revolver and grabbed up the tray of diamond jewelry. Mr. Turcot was powerless to interfere.

While running off the robber dropped a box of earrings valued at \$700 which were found in the snow.

**HUCKLE GUILTY, TIERNY FREE, BLACKMAIL CHARGE**

Claimed to Have Evidence Against Ireland and Brydges—Dr. Dillabaugh Stricken.

HAMILTON, Dec. 11.—(Special.)—Wm. Huckle, who styles himself a private detective, and John Tierney were placed on trial at to-day's sessions on a charge of blackmail laid by George Ireland and James Brydges. The jury went out at 7 o'clock and at a returned to say that they had found a verdict in the case of Tierney, but they wished to hear some of the evidence read over in connection with Huckle. At 10 o'clock they announced that they had found Tierney not guilty, but they stood 9 for and 3 against a verdict of guilty in Huckle's case. Judge Snider sent them back and told them they were to come back at 11 o'clock for the night. At 11 o'clock the jury brought in a verdict of guilty with a strong recommendation to mercy. Ireland and Brydges testified that Huckle and Tierney said they had evidence against them on the charge of committing an assault on Alice Cox.

Dr. Dillabaugh was seized with an apoplectic stroke to-night and was taken to the City Hospital. No hope of his recovery is entertained.

Mrs. Van Luven Grimsby, was struck by an H. G. and B. car to-night, near Grimsby, and received a severe scalp wound.

At Kent, O., Marvin Kent, founder of the city and first president of the Erie Railroad, aged 92.

The death occurred suddenly early yesterday of Jos. C. Morgan of the revenue department. He had been on duty on Thursday as usual. At 2 o'clock yesterday morning he was stricken with paralysis at his home 122 Denison-avenue and died before noon. He was 65 years old, a native of Pennsylvania and came to Parkdale some 40 years ago. For about 30 years he traveled stationery companies. Ten years ago he entered the government service. He has served on the school board and license commission and was an ex-member of the Q.O.R. A widow, six daughters and one son survive.

At Bay City, Mich., Mrs. Mary Croteau, aged 106, a native of Quebec. Up to the age of 100 years she was still able to sing the old French songs and dance steps in fashion 70 and 80 years ago. During the last two years she had lost her hearing and sight, and was in bed continuously. She is survived by three children, all over 70. Her husband died 10 years ago.

At London, Ont., John McHarg, aged 85, for over 30 years station master for the G.T.P.

**NO WOMAN CAN BE STRONG AND HEALTHY UNLESS THE KIDNEYS ARE WELL.**

When the kidneys are ill, the whole body is ill, for the poisons which the kidneys ought to filter out of the blood are left in the system. Then how important it must be to see to it that this system of sewerage be not clogged up. Those who have never been troubled with kidney trouble know not the misery and suffering which those afflicted undergo.

Doan's Kidney Pills are a specific for all kidney troubles. They begin by healing the delicate membranes of the kidneys and thus make their action regular and natural. They help the kidneys to flush out the acid and poisonous impurities which have collected, thus clearing out the kidneys, bladder and all the urinary passages.

Doan's Kidney Pills are entirely vegetable, and may be safely taken by young and old.

Let Doan's Kidney Pills do for you what they have done for thousands of others, that is, cure you.

Mrs. M. Bryant, Spring Valley, P.E.I., writes: "I was troubled with my kidneys for two years. They were so bad at times I could not cross the floor for the pain. I tried a doctor but he did me no good at all. I sent my nearest druggist and got four boxes of Doan's Kidney Pills, and I am glad to say that after taking them I have had no more trouble for nearly three years now."

**EXTRADITION FIGHT BEGUN.**

Baltz and Riley Charged With Manslaughter at Welland.

WELLAND, Dec. 11.—(Special.)—It now develops that Edward Baltz and William Riley, the two men who are held here on the charge of manslaughter in the drowning of four Chinamen in the Niagara River on the morning of Nov. 12, were on the date in question Immigration inspectors at Buffalo, and their particular duty was to watch that no Chinamen crossed the frontier without paying the tax.

They came before Police Magistrate Burger this morning, where Crown Attorney Cowper preferred a charge of manslaughter and proceedings for an extradition fight began. Mr. Cowper asked for a remand to bring the surviving members of the party of Chinamen from Buffalo to Welland to identify the prisoners.

**A "WHEEZY" CHEST.**

Means your trouble is deep seated. To delay is dangerous. All the inflammation will be drawn out in one day by applying Nerviline. It penetrates through the pores of the skin, relieves inflammation and thus prevents serious consequences. For sore throat, weak chest and tendency to colds, no prescription is better than Poison's Nerviline. For nearly fifty years it has been Canada's great household remedy. Twenty-five cents buys a large bottle.

**Sir Martin and Edward Go to England.**  
NEW YORK, Dec. 11.—The most important sale of race horses in many years was effected yesterday. Sir Martin, the champion 2-year-old of 1908, and his stable-mate, Edward, were sold by J. P. Madden to Louis Winans of Brighton, England. The terms of the sale were private, but it is understood that the price for the two horses was \$65,000. Sir Martin retired with a good record. He operated for \$700 to date and has several historic stakes to his credit. He finished behind Marketeer in the Futurity, but came out a week later and lost in the Flatbush. Edward is not as clever as Sir Martin, but is a better bet on some consideration. His winnings were about \$30,000. His principal victories were the Futurity and United States Hotel Stakes at Saratoga.

**REINHARDT SALVADOR BREWERY, LIMITED**  
Mr. Lothar Reinhardt Hands the Reins to Younger Hands and Plans a Well-Earned Rest Abroad.

Since 1889 Mr. Lothar Reinhardt has been carrying on a successful business brewing that celebrated "Salvador" brand which took the gold medal at the Paris Exposition a few years ago, and which is one of the most popular beverages served at many of the best "hotels" in the city and throughout the Dominion. But Mr. Reinhardt a short while ago came to the conclusion that he had arrived at the age where he would gladly retire from the active part he had been taking in the development of the big trade enjoyed by Reinhardt's "Salvador," despite the responsibilities to younger shoulders, and make a clean break away from the business for a time, taking a well-earned rest and change that would come to him in spending a couple of years abroad and in getting "his house in order." To do so, and that the business may continue with perhaps greater success than ever a joint stock company has been formed to take over and operate the "Reinhardt" business, and a charter has been obtained from the Ontario Government incorporating the Reinhardt's "Salvador" Brewery, limited, with a capital of \$600,000 in 6000 shares at \$100 a share. An organization meeting of the company was held at the office of W. P. Smythe, the company's solicitor, at 70 Victoria-street, at which the usual business relative to such corporations was transacted, and officers and directors of the new company chosen. The "Reinhardt" executive are as follows: Lothar Reinhardt sr., president; Lothar Reinhardt jr., vice-president and general manager; Arthur Reinhardt, assistant manager; and Angus McBean, secretary. These with Alfonso Reinhardt and E. Reinhardt constitute the board of directors. The new company takes over the business immediately after Dec. 31, and starts with bright prospects for a greater and more aggressive business than ever, and with a proud record of past achievement as a splendid incentive.

# O'Keefe's STAR BEER

(A Non-intoxicant)

## The Ideal Health Beverage

We want to impress on you the wholesomeness of O'K "STAR" Beer. It contains less than 1% of alcohol. That makes "STAR" Beer non-intoxicating. Then again, it is brewed of choicest hops and malt and contains the nourishing food properties of both to a high degree. "STAR" Beer has the delicious flavor—the sparkle and refreshing qualities—of the finest imported lagers. Being absolutely non-intoxicating, it may be enjoyed at any time by the whole family. Keep a case in the house. Order from your dealer.

NO SAW-OFF ON VIADUCT LITTLE NEW LIGHT ON GO ON, SAY ALL PARTIES TANNERY FIRE MYSTERY

The railway commission's enquiry into the viaduct case may require all next week and include several night sessions.

Coroner Johnson Had Occasion to Rebuke Lawyer Tilley at Last Night's Inquest

At the resumption of the enquiry with the whole array of lawyers to ascertain how much more time would likely be taken up.

It was announced that Mr. Cassels intended calling a number of witnesses to show that many interests on the Esplanade were opposed to the viaduct and why Mr. Dewar will produce property owners who favor the viaduct.

W. J. T. Lee said he would enter evidence that either the viaduct scheme or the bridge proposal would seriously affect the property of the Consumers' Gas Co. and necessitate acquiring additional land for switching purposes.

Mr. Stein, local manager of the "Chief" Detective Agency, repeated the story told to him by McIntyre in the presence of Pullen and Home and differed but little from the account given by Home of the information obtained from McIntyre. Bullen's account was also similar in detail.

John Hargrave, night watchman, was called. The second fire had broken out, he said, about ten or fifteen minutes after McIntyre and Johnston had bid him good-night at the plant. The fire might have been started by rats gnawing matches.

Mr. Walker who testified Mr. Ambrose; John Orlok, C.P.R. engineer on structures and buildings, who estimated the cost of several buildings in the neighborhood of the viaduct; John Sullivan, assistant chief engineer of the C.P.R. and Mr. Gutelius himself, who admitted that the railways had no intention of building any other bridges than Yonge and Bay-streets, at least for many years to come.

Will never bow to the historic episcopate... The church union conference yesterday adopted a counter ultimatum to the one which was served upon them by the general synod of the Church of England in Canada.

When this was placed before the joint committee by Rev. Dr. McLaren, secretary, speaker after speaker in ringing tones declared that the churches they represented would "never" conform with the church of England on such a basis.

Various motions were prepared, but under the leadership of the chief chairman, Dr. Carman, an agreement was reached upon a courteous but firm reply to the general synod.

The conference adjourned shortly before midnight, and during the day it harmonized its points of difference. The basis of union approved is substantially that submitted to the chief courts of the three negotiating churches last year.

The Methodist, Presbyterian and Congregational committees met separately early last night, and adopted the draft reports of the sub-committees. They then met in a joint committee and reported their concurrence.

A resolution expressing gratitude to God for the progress attained and their belief that union of the three churches is practicable was moved by Rev. Dr. Somerville, seconded by Judge Leck, Montreal, and unanimously adopted.

Prin. Patrick in supporting the resolution said that the success of the work of the five conferences would be the greatest in the history of the Presbyterian church since the reformation.

The executive officers of the conference were re-elected and authorized to remit the draft of union to the Presbyterian General Assembly, Methodist General Conference and Congregational Union. If adopted by these bodies it will be sent to the congregations for adoption.

TEDDY'S LAST MESSAGE HURTS HOUSE'S DIGNITY

WASHINGTON, Dec. 11.—Representative Perkins of New York introduced a resolution in the house to-day providing for the appointment of a special committee of five members to consider the proper means of dealing with that portion of the president's message which criticized the course of congress in prohibiting the detailing of secret service men to duty outside of their own bureaus.

It is of importance to the republic that all of the co-ordinate branches of the government should possess in a high degree the confidence and respect of the people. I yield to no one in my respect for the appointment of the United States, and I yield to no one in my respect for the congress of the United States. The dignity of that body should not be punctiliously insisted upon, but it should be properly maintained.

The statements made by the president of the United States calling the usefulness of the congress of the United States. It can be justly said, I think, that these expressions are unfortunate. Whether it is enough to say this, or whether some more formal action should be taken, it will be for congress, exercising a wise and discreet judgment, to decide.

His Honor the Lieutenant-Governor and Mrs. Gibson left yesterday afternoon for Colorado Springs on receiving a telegram announcing the critical illness of their eldest son, Gordon, who went to Colorado two years ago, his lungs being affected. He appeared to be progressing very favorably, but suffered a severe relapse. A later telegram said his condition had somewhat improved.

Free Trade With Philippines. WASHINGTON, Dec. 11.—Free trade with the Philippines was one of the most important matters argued by President-elect Taft and the Republican members of the ways and means committee at yesterday's conference on tariff revision.

While Mr. Taft favors free trade with the insular possessions without any restrictions, it is understood that in order that there shall be no dissension he has agreed that the amount of sugar and tobacco which should be allowed entry free of duty should be restricted.

SHOOTS 7, KILLS 3 JUST PURE CUSSINESS A Drunken Man's Crime in Memphis, Tenn.—Twice Before Committed Murder.

MEMPHIS, Tenn., Dec. 11.—"I shot 'em and that's all there is to it." Beyond this, mumbled as he was being led to a cell at police headquarters, William Latura, a white man of this city, proffered no explanation of the killing of three negroes and the wounding of four others, one a woman, at a saloon here early to-day.

When Latura entered the saloon a group of negroes were about a pool table in a rear room. Latura leisurely unbuttoned a long overcoat he wore and drew an automatic pistol and shot down his victims.

His weapon empty, Latura threw it in an ash-can and walked to a neighboring saloon, where he submitted to arrest.

Latura several years ago shot and killed a white man, but was released on the ground of self-defence. Several years ago a negro met death at his hands, and he was again acquitted on a plea of self-defence. Recently he forced several men, at the point of a pistol, it is declared, to return money won in a game of chance.

Storage Warehouse Seared. About \$500 damage was done to the storage premises of Lyman, Knox & Clarkson, Limited, at the foot of St. Bourne-street, by fire of unknown origin at 11.27 last night. The loss is covered by insurance.

Seven horses were taken from the building, which is used by Patrick Burns as a stable.

The firemen had a second call to the place at 1.20 this morning, an electric wire having rekindled the blaze.

OF INTEREST TO WOMEN

Women's Historical Society.

At a meeting of the Ontario Historical Society Thursday, the president, Lady Elgar, gave an interesting address on the taking of Ogdensburg in 1812.

Barlow Cumberland, president of the Ontario Historical Society, said that those who have encroached on the grounds of the old fort, and found that no transfer of land had been made by any government, had destroyed the whole of the eastern bastion of the fort, with the exception of the tower, and he expected to see the whole fort restored to the condition it was in during the war of 1812.

Will Wed on the Stage.

The final act of a little romance of the stage will take place next Thursday evening during the performance of "Uncle Tom's Cabin" at the Majestic Theatre.

Waldo Koehler, who for several years has been with Alexander, Dowie & Co.'s "Uncle Tom's Cabin" Company, and who is regarded by the management as one of his best actors, lived during his boyhood in the Town of Brockville, and during his school days fell in love with a pretty Edith Brevé. When he left the town to enter upon his stage career, he promised his sweetheart that he would come back some day and claim her as his wife.

The company this year, after an extensive tour, taking in all the Pacific coast cities, returned east, the bookings including all the Ontario circuit. Brockville was played a short time ago, and young Koehler made good his promise, and Miss Brevé took him for her bride—as he could not see anything worse in sight, as he was only an actor—was accepted and the date settled for the marriage when the company played Toronto.

The young couple thought it would be romantic to have the ceremony take place on the stage. The parents of Miss Brevé consented, and a large party of her friends will accompany the bride to Toronto for the ceremony.

Mr. McPhee, the manager of the company, was asked to allow this added reaction, and readily gave his consent, at the same time intimating that he would see that the couple got a good financial start in the matrimonial drama.

In Society.

The Bristol Euchre Club held their weekly meet at 71 Devon-avenue. A full attendance of members were present, five tables being filled. The prize winners were: Ladies—Mrs. McDowell, first; Miss Beattie, second; Mrs. E. King, third. Gents—Mr. J. Leake, first; Mr. P. King, second; Mr. C. King, third. Next Tuesday the club will meet at Mrs. McDowell's, 82 West King-street.

On Monday evening, Dec. 7, Dr. and Mrs. H. J. Culp of 181 Spadina-avenue celebrated the tenth anniversary of their wedding by entertaining some thirty-five of their friends at a progressive euchre and dance. The house was prettily adorned with Christmas decorations and bunting, while the table decorations were effectively carried out in chrysanthemums and roses. The first prizes were won by Mrs. Masters and Mr. W. A. Wilson, and the consolation went to Mrs. J. F. Creenan and Mr. F. Stratton. Toasts were proposed by Dr. Bowie, Mr. W. Howard, Mr. W. A. Wilson, Dr. Sivers and Mr. Frank Creenan. Many beautiful gifts to celebrate the occasion testified to the appreciation of Dr. and Mrs. Culp's many friends. Some of the guests included Mrs. and Miss Arnold, Mr. and Mrs. Dunsford, Dr. Sivers, Mr. and Mrs.

Miss Southorn, Dr. Boyle, Mr. and Mrs. W. A. Wilson, Mr. A. Will Howard, Miss Rayfield, Mr. Benke, Mrs. Grace Johnson, Miss Edith Simpson, Mr. and Mrs. George Joll and Mr. and Mrs. Frank Creenan.

Mrs. Parry of Spadina-avenue has issued invitations for a tea on Thursday at 4.30.

A pretty wedding took place on Tuesday afternoon at the Church of Redeemer, when Florence Eleanor Butler of Toronto, formerly of Hounslow, England, was united in marriage to Thomas Alfred Boulton of Toronto by the pastor, Rev. C. J. James. The bride was attired in her traveling suit of navy blue and white hat with ostrich plumes and wore a bouquet of lilies of the valley and orange blossoms. The bride was given away by her brother, Edwin A. Butler. Miss Amy Batchelor acted as bridesmaid, to whom the groom presented a pearl crescent, and to the bride a gold watch and guard. After the ceremony the wedding breakfast was served at the home of the groom's mother. There were about thirty guests. The presents were numerous and handsome.

Mrs. James Lumbers, 176 Crescent-road, will not receive until the second Monday in January, 1909.

Mr. Jack Botsford of 2 Carville-street leaves Tuesday to spend the winter in California.

The many friends of Miss M. M. Johnston, 296 Spadina-avenue, will regret to learn that she is suffering from a broken arm, the result of a fall on an icy pavement on Thursday morning.

Mrs. R. J. Copeland, Walmer-road, gave a farewell dance on Monday last in honor of her guest, Miss Baker of Indianapolis. The affair gives as one of the most successful little entertainments of the season. Miss Baker was beautifully spotted, in soft chiffon, embroidered in green. Mrs. Copeland wore a handsome sequined gown of opalescent tints. Among those present were: Miss Evelyn Taylor, Miss Dorothy, Miss Gladys Parry, Miss Irene Doolittle, Miss Irene Gage, Miss Isabelle Clarke, Mrs. Morrison, Mr. Van Black, Bert Black, George Baker, Dr. Elias Eby, Messrs. Willy, Larkin, Goodenham, Dr. Dinlick and Mr. Frederick.

Mr. and Mrs. A. J. Pipper announce the engagement of their daughter, Miss Mabel M. Pipper, to Mr. William Nichols, both of Cannington, Ont. The marriage will take place Wednesday, Dec. 23, 1908.

Mr. and Mrs. Andrew J. Stuttaford announce the engagement of their second daughter, Estelle Lettie, to Mr. Theodore Laird Tibbs of Montreal. The marriage will take place very quietly on Monday, Dec. 28, at 584 Huron-street.

At the Alexanders. A combination of mirth and melody in "Pantana," which will be the offering of the Imperial Opera Co. at the Royal Alexandra Theatre for the week beginning with a matinee this afternoon.

"Pantana" is the brilliant Japanese-American opera which proved the greatest success of Jefferson De Angellis, the comedian. Refreshing music and the funniest of plots, together with a wealth of scenic effects and gorgeous costumes, have been provided for the versatile Imperials, so that next week's presentation will be to all intents and purposes a New York production. There will be some spectacular ensemble scenes which will be a delightful surprise.

Agnes Cain Brown as Fanny Everett and Louise Le Baron as Mlle. Anita, a gay Parisienne, will both appear in advantage. As Jessie, the maid, Daisy Howard will be able to display her excellent dancing. Miss Howard has not had an opportunity to do much in her own appeal line since coming to

"ORANGE LILY SAVED MY LIFE."

These words, or expressions having the same meaning, are contained in hundreds of letters I have received during the past year. Many were from women who had escaped numerous surgical operations, as the tumors and ulcers had been removed by the action of Orange Lily; and others who had suffered from suppressed menstruation, Leucorrhoea, Painful Periods, etc. For all these and other troubles known in general as Women's Disorders, Orange Lily furnishes a positive, scientific, never-failing cure. It is applied direct to the suffering organs, and its operation is tried, absolutely free. A box worth 30c sufficient for ten days' treatment, to every suffering woman who will write for it. Address, with stamp, Orange Lily is recommended and sold in Toronto by the T. Eaton Co., Ltd.

Bankers and Brokers Receive a Warning From Belgium.

OTTAWA, Dec. 11.—(Special.)—Information has been received by the Dominion police from the Belgian authorities, warning Canadian bankers and brokers to look out for Elvyn Heath-Heriboud, 35 years old, described as the wife of Count O'Iry, sister of a receiver of stolen bonds, who left Brussels with a package of bonds valued at 200,000 francs, stolen in Europe, with the intention of selling them in Montreal. She landed in New York and then proceeded to Montreal, from which place she has herself called by several false names. Her father, Joseph Vincent Heriboud, is supposed to reside in Montreal or Quebec, as well as her brother Jean, who is also suspected as a receiver of stolen bonds.

**Must Stand Trial.**  
The grand jury of the sessions yesterday brought in true bills against Caroline Rowland, charged with theft of \$10.40 and \$8.50 from Grace Darling Lodge, No. 15, Daughters and Maids of England Benefit Society during the years 1905, 1906 and 1907.

## SURPLUS, NOT DEFICIT FOR CITY WATERWORKS

Revised Figures Show Likelihood of \$48,000 Balance Next Year.

The cheering prospect of a waterworks surplus for 1909, instead of a deficit of \$70,000, as originally estimated, was held up before the special civic committee on water rates yesterday. The city treasurer, having been encouraged to inject a little optimism into his estimates of revenue and maintenance, submitted a vastly pleasing statement of an anticipated income of \$1,652,652, and expenditure of \$1,604,652, with a neat balance on the right side of \$48,000. The revenue figures were: Motor rates, \$308,000; tariff rates, \$220,000; civic rates, \$36,000; sundries, \$662. Expenditures—Maintenance, \$323,000; debt charges, \$300,000; cost of collections, \$37,000.

array of figures. Herbert Capewell, representing a brick company, said \$3,000,000 was invested in the brick industry in Toronto, and 1000 men engaged therein, not including 800 members of the Bricklayers' Union, and 1200 laborers. He denied that a brick-gusher would cost 35 per cent. more than one of concrete.

The statement that Toronto's unemployment would be little benefited by a concrete sewer, as most of the material would come from outside, was made by A. G. Burridge, business agent of the Bricklayers' Union. W. Varley, business agent of the Builders' Laborers' also spoke along this line.

The city engineer said that after three investigations he was satisfied that a concrete sewer would be better than one of brick, and that as many workmen would be employed. A deputation from Wychwood and

Bracondale told the board these districts were willing to be annexed on the special terms named by the Ontario Municipal Board.

Controller Spence denied that the latter board had refused to permit annexation without special terms, and said that the majority of the people in these districts did not want special privileges.

Controller Hooker wanted annexation on any terms "to defeat the street railway," but consideration was deferred. The assessment commissioner said that the assessment on the districts for 1908 was:

and curb, as compared with last year, is:

Pavements	1908.	1907.
Sidewalks	49	333-4
The city asphalt plant laid 55,000 yards of pavement.	55-1-2	58
	13-1-4	71-3

The Retail Merchants' Association is asking the city to increase peddlers' license fees from \$10 to \$30 a year.

**WANT SPECIAL EXAMS.**  
In the report of the education committee of the council of the Ontario College of Pharmacy, it was decided to ask the education department to have papers specially set in English grammar and arithmetic for pharmacy students on the university matriculation.

A notification that pharmacy students will be required to pass these subjects will be sent to the high school principals.

**Canadian Institute.**  
The members of the Canadian Institute will hold their usual meeting at the library, 138 College-street, this evening at 8 o'clock. It is expected that Dr. C. D. Howe will give a lecture entitled, "The Forest Management of the Billmore Estate, Billmore, N. C.," with lantern illustrations. The public are cordially invited.

### Pastor Russell's Sermon

"The Golden Rule"—Its Neglect a Root of All Evil—Justice the Foundation of the Divine Law—Love Depends Upon It, and Every Grace of Character.

"Whatever ye would that men should do to you, do even so to them, for this is the Law and the Prophets."—Matt. vii. 12.

"How wise are God's commands, how just his precepts are."

Our conception of a God measures our highest ideals and principles. Whoever, therefore, has a mean or selfish conception of the Almighty is bound to be more or less mean and selfish in his conduct of life, for every man or woman to some extent worships his own highest ideal. And this is authorized by our Redeemer's words, "Be ye like unto your Father which is in heaven." Our forefathers during the dark ages burned one another at the stake as dothers who tortured one another because of their misconception of the divine character, because their ideas were too low. They believed what they formulated in their creeds and handed down to us; namely, that God in the present time is gathering from amongst men a handful of saints for the heavenly condition and that He will turn over the remainder—all who walk not after the spirit, but after the flesh—to eternal torment at the hands of demons.

The Bible declaration that justice is the foundation of the divine kingdom or throne, gives the mild picture of an appreciation of the value of justice in its relationship to every element of the divine character. "Be just before you are generous" is a proverb amongst men, which evidently is in full accord with what the Scriptures declare of God's character. He is first just—never any thing less than justice. His wisdom, His power, His love, must all co-ordinate with the rest upon this quality of justice. And so it is with all those who would copy this character. They must be just. Any quality built upon any foundation

to any extent ignoring this one is faulty, improper, sinful. The first man, made in God's image and moral likeness, must have had justice as the foundation of his character. And all of his descendants still possess this quality, tho in varying degree. We call it also conscientiousness. Some, indeed, have this quality in so weak and slight a degree that it is easily overbalanced by their other stronger qualities of mind, such as acquisitiveness, approbation, etc. It is for this reason that prisons are necessary to restrain all the stronger organs of men's minds and to encourage their conscientiousness. These standards of righteousness here-fore have, from the first, been considered and esteemed the divine standards and are still so esteemed, except by atheists.

During the dark ages reasoning minds tried the various expedients whereby to harmonize the justice of God with the "doctrines of demons," which misrepresented the divine program for mankind, (1 Tim. iv. 1). But in our day the dawning light from every quarter reveals to the awakened conscience the fact that the old creeds require of humanity far higher standards than they accord to our Maker. We are to be just, generous, kind, loving, but the divine pattern held up to us in the misleading creeds portray our Almighty Creator as claiming a longer claim that it was ever just or kind or loving for God to bring into being a race of intelligent creatures, for the great mass of whom He had no better provision than an eternity of torture, and knew all this before He created them? Why candent that all would have been just, more kind, more wise, and more loving had He left the entire race uncreated than to have made provision for the entire race—99 out of every 100 of them, or a worse proportion, for surely the saints do not number one in a thousand of the world's population?

To the class addressed by our Lord, "Be just as your eyes, for they see," and for these alone, is the message that the hell of the Bible is the tomb, the state of death. They were all condemned to death thru Adam's sin and not one, according to the Scriptures, was condemned to eternal torment. It is for these to see and appreciate the love of God, which has made provision for the salvation of all men from the present state of degradation and sin and death. These alone may see that Jesus was "the Lamb of God, which taketh away the sin of the world," and not merely the sins of the church. These may see that the blessings of salvation are for two classes of mankind—now for the saintly class, "the called according to God's purpose," and who are promised a share in the first resurrection; and then during the millennial age salvation for all the race—an opportunity for restitution to man's original estate in the image and likeness of God. These may see that this original state will not be forced upon any, but made possible to all on terms of full and hearty obedience to the Great Prophet, Priest and King during the millennial reign. And these may see also that the end of the wilfully wicked is to be destruction and not to be preserved in torment, but in a second death will signify the second destruction, but this time without hope of redemption or resurrection or recovery. These, then, see the justice of God manifested towards man, for now six thousand years, under the infliction of the original penalty, "Dying thou shalt die." These see how divine love met the requirements of divine justice, when our Lord Jesus gave himself a ransom for all. He died, the just for the unjust—redeemed the first Adam and

all his family and all his estate with His own precious blood, His sacrifice. These may see how wisdom bids love to walk thruout this gospel age, while the elect class is being called out from the redeemed world to constitute the bride, the Lamb's wife, and joint heirs with Him in His millennial kingdom. These can see how in due time divine power will co-operate with love, and justice be silent while Satan is restrained and the human family granted the opportunity for uplift—resurrection to all that was lost plus valuable lessons of knowledge thru experience.

They make a great mistake who suppose that the golden rule, or indeed, any of the messages of the Scriptures, were intended for the world of mankind. No, they are for the church only, and this is shown not only by the fact that our Lord's words were addressed to His disciples, but also by the fact that the apostolic epistles are addressed to the saints and the household of faith. Others cannot see, understand, appreciate in the proper degree, the worldly mind can and do not appreciate the maxim, "Honesty is the best policy" in the long run, but it cannot appreciate the sentiment of our text, in the sense of being willing to adopt this as a principle and as a rule of life.

In harmony with this thought, we seek to impress the import of our text only upon those blessed of the Father, who have been drawn, called and sanctified in Christ Jesus, and whose eyes to some extent have seen justice to be the foundation of the divine character. The golden rule does not express all of the Christian's duty; he is expected to make progress in conduct and character development much beyond the ordinary course of humanity. But this further progress marks his development in love. The golden rule marks the very lowest standard which must measure our dealings with others in the church and in the world—justice. In a word our text, altho far above the ordinary course of humanity, should be in use every day and every hour by every follower of Christ. "Whatsoever ye would that men should do to you, do even so to them." That our Lord was not giving this as a gospel standard and love standard, we note the better provision than an eternity of torture, and knew all this before He created them? Why candent that all would have been just, more kind, more wise, and more loving had He left the entire race uncreated than to have made provision for the entire race—99 out of every 100 of them, or a worse proportion, for surely the saints do not number one in a thousand of the world's population?

If you are an employer, do you treat your employe in harmony with this rule and do unto him as you would have him do unto you, if your positions were reversed? If you are an employe, inquire of yourself, "Do I treat my employer and his business as I would have him treat me and my business, if our relationship were reversed?" Do you treat your customer as you would have him treat you, if your positions were reversed? Do you give them proper weight and measure? Do you properly represent your goods to them, as you would have them represent to you? Are you a good neighbor? Do you see to it that your children are not a nuisance to others; that your chickens are not permitted to damage your neighbor's garden; that your dog is not a ferocious one, and that his bark does not keep the neighborhood awake? In a word, do you treat your neighbor justly, along the lines of the golden rule doing unto him only as you would wish him to do to you? Do you allow any member of your family to be a nuisance to the neighborhood, while trying to learn how to sing or play the clarinet or violin, the harmonica or a tin horn?

Let us now step into your home and measure things along the golden rule. As husbands, how do you treat your wives? As wives, how do you treat your husbands? Can you apply the golden rule to your words, to your conduct, to your demands of each other? Or do you act meanly, selfishly taking advantage of each other, to the limit that the other will bear? Do you deal with your children according to the lines of the golden rule? Are you an ideal parent, according to your own advanced standard of what a parent's duty would be to his children? Do you remember that you have a responsibility for their training—a responsibility so far as your circumstances will permit, for their environment and happiness and education and general preparation for usefulness in life? Or are you indifferent to their interests, neglectful of your responsibilities? Do you recognize that your children have certain rights, and that these increase as they near maturity, or are you forgetful of these, disposed to keep the children under the restraints of childhood, soured their dispositions and making them unhappy, until they resent the injustice and a family quarrel results? As children, are you thoughtful of your parents, their welfare, their wishes, their happiness, as you would like your children to be thoughtful of you? Do you remember the hours and weeks of feebleness and sickness and toll which you cost them in your infancy, and are you seeking to repay those kindnesses, and seeking to make their last days the happiest of their lives? Are you observing the golden rule toward your parents? How is it in your relationship to your brothers and sisters? When they borrow your things without leave, do you retaliate by borrowing theirs without leave, and thus keep up a continual fret and vexatious spirit in the family? Do you practice the golden rule of justice and do nothing to your brother or sister, or their things, or their home that you would not wish them to do to you or their things?

Surely in the church you should remember the golden rule laid down by the head of the church. Nevertheless, I am sure that if you are unjust in your own family, and to your own associates, you will be unjust also in your dealing with the church, which is the Body of Christ. He that is unjust in little things will be unjust in greater ones. He who is faithful in little things will be faithful in the greater. He who practices the golden rule during the six days of the week, not upon another day, but in his contact with business will surely refer to the golden rule on the one day only will never win divine approval. In applying this golden rule to the consecrated people of God, we are following the symbols of Revelation vi. 1. In symbol St. John was commanded to take the golden rule and measure the Temple of God and them that worship therein. Let us each use this golden rule measuring himself. Let us each ask himself, not only the foregoing questions pertaining to earthly relationships, but questions now concerning the higher relationship in Christ. Am I making an honest confession before the people of God, with whom I am in association? Or am I deceiving them? Do we find ourselves seeking a justification for speaking something that is untrue, or unbecoming, whether truthful or not? If so, do we recognize that this is an element quite contrary to the golden rule, and in our endeavor to find justification, which we do in doing that which we recognize as contrary to the golden rule do we see that this is merely an attempt to deceive ourselves, in a manner which will not deceive our Lord? "Be not deceived, God is not mocked." He that keeps the golden rule is just. He who, under any pretext, violates the golden rule, thus displays the injustice of his heart, which may be his outward profession of righteousness.

### HOW MRS. CLARK FOUND RELIEF

After Years of Suffering Dodd's Kidney Pills Cured Her.

Pleasant Point, Ont., Dec. 11 (Special).—That most of the ills that the suffering women of Canada have to bear are due to disordered kidneys, and that the natural cure for them is Dodd's Kidney Pills is once more shown in the case of Mrs. Merril C. Clarke, a well-known resident of this place and a prominent member of the S. S. A. C. Army. Mrs. Clarke is always ready to give her experience for the benefit of her suffering sisters.

"My sickness commenced twenty years ago with the change of life," says Mrs. Clarke. "My health was in a bad state. Water would run from my head, which would make me faint. When I got out of the fainting spells I took pills. I was bloated till I was clumsy. The pain I suffered was awful. It would go to my feet and then to my head. Many doctors attended me, and I tried many medicines, but nothing gave me relief till I used Dodd's Kidney Pills. The first box stopped the fits, and seven boxes cured me completely."

Every suffering woman should use Dodd's Kidney Pills. They make strong, healthy kidneys, and the woman who has good kidneys is safeguarded against those terrible pains that make miserable the lives of so many women.

# COBALT---Mining Markets Inactive, But Prices Are Steady ---COBALT

## Mining Stocks Are Easier New York Business is Heavy

### Public Securing Options on Stocks—Fully Confident of the Spring Revival.

World Office, Friday Evening, Dec. 11.

As indicated in these columns yesterday, the Cobalt market is liable to become less active with the approach of the holiday season. On the whole, prices to-day were steady. There was no special feature at either of the exchanges. Traders who are endeavoring to depress prices have become much more circumspect in their operations owing to the small amount of stock which is at present to be had in the market, and are willing to accept small scalps if they are fortunate enough to secure these under bearish operations.

To-day's demand was more in the way of purchases for future delivery than present purchases. Those who are looking ahead into the new year expect a substantial recovery of prices, and are therefore buying options at considerable advances on to-day's cash prices.

The New York curb was slightly heavier in to-day's dealings and this was somewhat of an influence in checking business at the two local markets.

At New York over 65,000 Cobalts were dealt in, which plainly demonstrates that the American public are keenly sensitive to the indications of a big revival in the spring.

### PAY ON DELIVERY.

World Prevent Brokers From Using Customers' Stock.

Shareholder writes: Private parties who buy stock should not pay broker fees until the stock has been transferred to them by the company or transfer company and delivered to purchaser. It seems unfair for the purchaser to pay the transfer fee and be put to the annoyance of getting stock transferred to them.

### FEATURE OF THE MARKET.

Expected Dividend on Cobalt-Central Causes Stock Activity.

NEW YORK, Dec. 11.—Thos. Nevins and Son in their weekly letter say: The important feature in the mining news of the week will be the meeting on Thursday, Dec. 17, of the board of directors of the Cobalt-Central Mining Company for the purpose of action on the dividend. It has already been officially announced that the first disbursement has been authorized on that date. The company has been in a position to pay a dividend for several months, but the directors state that they were unwilling to begin disbursements to stockholders until they could be continued at regular quarterly intervals. In order to be certain that to continue mining operations to a definite extent, it was necessary to begin several months ago. This work was begun several months ago. This work was begun several months ago. This work was begun several months ago.

### OPERATIONS AT SHAMROCK.

Rapid Development Should Soon Put Mine Among Shippers.

COBALT, Dec. 11.—Work is being rapidly pushed at the Shamrock property. The rich vein encountered by the diamond drill is being sought at the 100 foot level from the shaft, and it is expected that this will shortly be picked up. The Shamrock is equipped with excellent machinery and should soon come into the shipping list.

### REACTION BENEFICIAL.

Cobalt Market is Preparing for Another Upward Swing.

A. J. Barr & Co. in their weekly letter say: The Cobalt market is preparing for another upward swing. The reaction which has been in operation for the last two weeks has about run its course, and most of the purely speculative element have taken their loss and put the good stocks into the hands of investors who are confident of their ultimate values.

WALL STREET IRREGULAR PRICES ARE REACTIONARY

New York Stocks Easier After Early Rally—Investment Stocks Continue Firm at Toronto. World Office, Friday Evening, Dec. 11. There was a little increase in the demand for local securities early this morning, but this fell off late in the day and the market closed exceedingly dull, particularly so for speculative securities. The only outside demand for speculative shares came from Montreal this morning, the interest in this way converging in Nova Scotia Steel, which was bought in small amounts up as high as 50. Local operators are doing practically nothing in the speculative securities.

There is a continuous steady demand for several of the investment stocks, and again today new high prices were made for Dominion Bank, Commerce, Traders, and Canada Permanent. The result of the Coal-Steel suit is being awaited with considerable interest, and any break that might transpire in Dominion Coal will be taken advantage of by local traders to buy in these shares for what they consider an ultimate advance. Ten shares of Coal sold today at 64.

The South American securities have almost dropped out of the trading for the time being, owing to the failure of Sao Paulo to respond to the increased dividend announcement. There was nothing in the way of news to influence securities in either direction today and transfers were entirely left to the individual opinions of holders and insiders.

Wall Street Posters.—Traft secures pledges from ways and means committee of genuine tariff revision downwards. Comptroller Murray says that banks of United States have more than doubled their resources since 1896 and there has been only a decrease of 1-3 of 1 per cent. in the present year.

Chesapeake and Ohio is considering issue of new securities to fund floating debt and equipment trusts, after which dividend will probably be raised to 4 per cent. Steel manufacturers say there will be no advance in steel prices. Consumptive buying of copper continues on very small scale.

The Phelps-Dodge copper properties will be consolidated with a capital of \$50,000,000. Small bank at Springfield, Mich., closed. The capital of the bank was \$100,000 and the deposits \$500,000. Sloss reports for Nov. 30 quarter, new estimated, as follows: Profits from operation, \$488,885; bond interest, \$32,800; proposition on taxes, \$12,000; total deductions, \$65,100; balance, \$425,835, compared with \$336,375 a year ago.

Joseph says: Bull Pacific Mail. It is an almost foregone conclusion that Southern Pacific preferred stock will be converted into Southern Pacific common and Southern Pacific common will be placed on a 7 per cent. dividend basis. Hold Union Pacific for 200. New York Central and St. Paul will provide Christmas money for the bulls. Buy A. & W.

Not including the \$2,500,000 gold bars engaged by the National City Bank for export by to-morrow's steamer, which will count in the averages next week, the local banks show a loss of about \$6,000,000 on all accounts. This came out almost exactly even on the interior movement, but lost to the sub-treasury \$5,850,000. Aside from \$2,500,000 of gold engaged for export late yesterday by the National City Bank, this bank to-day increased its takings by \$1,400,000, making the total gold exports on the present movement \$5,500,000. It is probable that this movement will extend further until between \$10,000,000 and \$15,000,000 will have gone abroad.

Colonial Loan Dividend. The directors of the Colonial Investment and Loan Co. have declared a dividend of 2 1/2 per cent. on the ordinary permanent and permanent preference stocks for the half year, making 5 per cent. for the year. The dividend is payable Jan. 2.

### CROSSING NOT PROTECTED

Dunnville Jury Suggests Electric Alarm to Sound Approach of Trains.

DUNNVILLE, Dec. 11.—(Special.)—That Mrs. Edith Miller and Burton Lloyd Miller came to their death by being struck by Michigan Central Railway train No. 21, at 9:45 a.m. on Tuesday, Dec. 8; that the devices for warning persons of the approach of trains at level crossings are inadequate; that the crossing referred to is particularly dangerous and the jury recommended that electric alarms be placed at each dangerous crossing, and also that the approach to this particular crossing should be fenced and filled in from fence to fence.

This was the verdict of the coroner's jury in the inquest to-day into the double fatality last Tuesday at the crossing of the M.C.R. Engineer Johnson swore positively he witnessed for the crossing, but none of the other witnesses heard either the whistle or the bell, though they would not swear no such signals were given.

### An Artistic Family

Toronto has furnished a new operative star in the person of Miss Elsie O'Loone Byrne, who has been engaged by Henry W. Savage for one of his New York companies. Miss Byrne has a glorious contralto voice, with a remarkable range from low E to high C. She comes of an artistic family. Her mother was one of the well-known O'Loones of Guelph, and attained distinction in pictorial art. This girl, she has been engaged by another daughter, Miss Dymna Byrne, who stands without equal in America as an artist in illuminated lettering. She is best known in Toronto for her exceedingly beautiful miniature painting and china decorations, for which she has several medals and diplomas. In these departments she has been specially commissioned by the best families in the city, United States and Canada, have pronounced her figure work and coloring to be not only beautiful but also masterful. Another present exhibition of her work, which continues up to the 18th inst., is attracting more than ordinary attention.

### EAST TORONTO WILL NOW HAVE A RIVAL TELEPHONE

Independent Company Will Push Work of Construction—County News.

EAST TORONTO, Dec. 11.—(Special.)—The Town of East Toronto is now assured of an independent telephone service, and consequently relief from the Bell monopoly.

This was practically assured at a special meeting of the town council called by Mayor McMillan to-night, though the fact that a quorum failed to develop will postpone for a day or two final negotiations.

Mayor McMillan, Deputy-Reeve Brown and Councillors Phelan, Abbott, Johnston and Wilson, were the only members of the council present, and all efforts to secure a quorum failed.

A big delegation of Scarborough farmers representing the Scarborough Independent Telephone Company, with their counsel, Wm. Mulock, Jr., were present seeking a franchise from the town.

Alpheus Hoover, president Markham and Pickering Independent Co., who already owns a franchise covering the town, was not present.

Mr. Hoover, acting personally for himself, secured the franchise, but for various reasons was unable to prosecute the work. In the agreement with the town Hoover concedes the right of interference between other suburban lines. In order to avoid the possibility of the lapsing of the franchise Hoover allowed the Scarborough Co., who have to the outskirts for some time, to install a number of phones in town.

Paterson Bros., Arthur Johnson, Emperingham's Hotel and Chambers' Mills are among the number.

Mr. Hoover was made to-night to effect a settlement between the rival companies. Mr. Hoover agreeing to take \$100, but the Scarborough Co. refusing to give anything, saying that they were operating at a loss.

Councillor Phelan exerted his persuasive powers in vain, while Deputy Brown gave up in despair. "If the Scarborough fellows don't think it's worth while to give \$100 for connection with the town, we'll get along," said he.

Matters were getting serious, when P. D. Mackay, secretary treasurer and manager of the Canadian Machine Telephone Co., stepped into the breach, assuaging the Hoover franchise, and the whole matter was happily adjusted.

The Scarborough Company operate 50 miles, with 200 subscribers, and will to be not only beautiful but also masterful. Another present exhibition of her work, which continues up to the 18th inst., is attracting more than ordinary attention.

### WEST TORONTO

WEST TORONTO, Dec. 11.—At a special meeting of the school board held to-night, the resignation of the chairman, Dr. W. T. Hackett, was received and accepted. Dr. Hackett is a probable candidate for the mayoralty at the coming elections.

Miss L. E. Stewart of Springfield is appointed to the teaching staff in Carlton School.

F. B. Hartney will be a candidate for school trustee in ward two.

A meeting of the members of Runnymede will be held to-morrow afternoon in the school house, when the question of erecting a new school will be reconsidered.

### NORTH TORONTO

NORTH TORONTO, Dec. 11.—Eglington Lodge, No. 268, L.O.M., met in annual session last night for the election and installation of officers. W.M. Henry was elected Grand Master, W.M. W. E. Hopkins, D.M.; Alex. Quilton, chaplain; A. T. R. Midson, O.T. After the election the officers were installed by R.W.M. Bro. Burns, past president of the Triennial Council, assisted by Bro. J. C. Boylen, W.M. of Toronto Junction, and Bro. A. H. Birmingham and J. Nelson. After the function was over the brethren adjourned to the banquet-room, where oysters were served.

Rev. W. G. Back, pastor of the Eglington Presbyterian Church, will officiate in the capacity of moderator pro tem at the Richmond Hill Presbyterian Church on Sunday.

Miss Thomas, who lived with Mr. and Mrs. Williams on West Eglington-avenue, died here last night in England to-day.

A Bylaw to extend the term of office of all members of the Council of the Corporation of the Township of York to the term of two years.

The Municipal Council of the Corporation of the Township of York hereby enacts as follows:

That from and after the passing of this Bylaw all members elected to the Council of the Township of York shall hold office until their successors are elected or appointed or sworn into office and the new council is organized.

That only in the event of a poll being necessary for the election of any of all the members of the Council of the Township of York for the year 1909, the vote of the electors of the said Township will be taken on the said day, at the same place or places and by the same Deputy-Returning Officers as for the municipal elections.

That on the 24th day of December, 1908, at the Township Office in the Canadian Bank of Commerce Building, corner of King and Jarvis-streets, in the City of Toronto, at the hour of eleven o'clock in the forenoon, the Clerk of the Township of York, by himself, two persons to attend at the final summing up of the votes by the Clerk and two persons to attend at each polling place on behalf of the persons interested in and desirous of procuring the passing of this Bylaw, and a like number of the persons interested in and desirous of opposing the passing of this Bylaw.

That the Clerk of the said Municipal Council of the Township of York shall attend at the Township Office in the Canadian Bank of Commerce Building, corner of King and Jarvis-streets, in the City of Toronto, at the hour of eleven o'clock in the forenoon on the second day of January, A.D. 1909, to sum up the number of votes given for and against this Bylaw.

Take notice that the above is a true copy of a proposed Bylaw which has been submitted for consideration by the Municipal Council of the Township of York, and which will be finally passed by the Clerk of the Township of York (thereof), after one month from the first publication thereof in the Toronto World, the date of which first publication was Saturday, the 5th day of December, 1908, and that at the hour, day and places therein fixed for taking the vote of the electors the polls will be held.

W. A. CLARKE, Clerk of York Township.

N.B.—No vote will be taken on the above Bylaw if there is no Municipal Election in the Municipality on January 12, 1909.

### Make Furniture a Serious Consideration As a Christmas Gift

Frivolous gifts appeal to some people, but for those whose welfare we really concern ourselves about, a far deeper sentiment goes with a presentation such as a well chosen piece of furniture. It endures long after the bright concoction of silk and ribbon has gone the way of all vanity, it is a thing of use and beauty when the tinsel and the glittering bauble is neglected, lost and long since forgotten. It speaks of thought, of real affection—furniture, the companion of a household's every-day life through the years. Let our Xmas furniture suggestions be a serious consideration with you this year.
