## ITALIAN PROFESSOR SERIOUSLY ACCUSED

### Centre Island Scene of Unnameable Offences Alleged Against Wealthy and Cultured Young Aristocrat from Rome—A Number of Lads Involved.

Signor Carlo Cattapani, well known in Toronto in literary, artistic and fashionable circles, was arrested yesterday morning on Centre Island by P. C. Miles, arraigned in the police court and remained to jail without the option of bail on the charge of unnatural crime, now usually regarded as the result of forms of larceny.

Several boys have been involved in the offences which are said to have occurred in a tent on the Island which he had occupied about a week. Only one specific case was cited against him when he was arraigned in court, and to this he, thru his counsel, J. M. Godfrey, pleaded "not guilty," reserving election; but, according to police information six offences of a like nature will be charged against him when the case is resumed next Friday.

When seen last evening Mr. Godfrey declined to make a statement beyond the fact that his client absolutely denied the charge, could not imagine what conspiracy had been formed against him, and that the case would be carried before a jury.

On account of the repugnant nature of the allegations the case will be heard in camera. Signor Cattapani's social standing in Toronto has been so assured and his name so prominent that the public that the announcement of his arrest caused an unusual sensation.

Signor Cattapani was admittedly possessed of considerable wealth and his mode of living certainly gave credence to the suggestion.

A suspicion that all was not right around Cattapani's tent was first aroused by P. C. Miles shortly after the professor moved there. It was brought to the constable's attention that "marquis" was going to a lot of young boys, giving valuable presents, making free with them and doing much to render his company attractive. A search was made on him, and before Wednesday night of this week he was arrested on a warrant to warrant an arrest. On some pretext Cattapani's tent was ordered to be taken down and stored, while his belongings were kept under scrutiny.

Quietly as the observations and investigations had been conducted on Wednesday the suspicion was communicated to some of the Island residents and it was with difficulty that the authorities restrained their indignation from breaking out into violence. On Thursday evening P. C. Miles felt that he had secured sufficient information and would have then made a search of the tent had been a police station or lock-up on the Island.

The behavior of the prisoner is reported to have indicated two very degenerate forms of degeneracy. The victims are said to be the children of well-connected Toronto citizens.

His polished manner, his opulence and extreme culture gave Signor Cattapani carte blanche in any realm of society and his gentility, kindness and courtesy made him as congenial a companion for children as with their elders.

He was liberal with his money and much-loved of the various Italian circles in this city, and last Wednesday at the picnic of the "Italian Benevolent Society," held at the exhibition grounds, he gave three valuable prizes for boys' racing competitions.

Here Two Years.

Signor Cattapani came to Toronto about two years ago or more and was quickly received into the best social circles. Since then he has spent a goodly portion of his time in this city and has enjoyed the hospitality of many of Toronto's most prominent citizens. He is a member of the Royal Geographical Society of Rome and a year ago gave several illustrated lectures in Italy, one of which was attended by the king and members of the royal family. Clippings from the daily papers and his general trade relations between Canada and Italy, and to this end made two trips to Washington to

Continued on Page 7.

### ARREST WILL CREATE A SENSATION ABROAD.

The arrest of Prof. Carlo Cattapani will create a sensation in "exclusive circles in many cities in America and abroad. During his two years' residence in Toronto, his undoubted good breeding, his polished manners, his literary and artistic attainments, and his ardent endeavours to improve the conditions of Italian life in Canada and make Italy better known in Canada, have more than favorably impressed the scores of leading citizens here and in other Canadian places with whom he has been introduced.

## ENSIGN BRACE DROWNS WITH SISTER AT SARINIA

### Members of Salvation Army Meet Death While Bathing—One Formerly of Toronto.

SARINIA, July 16.—(Special.)—While in bathing, just below the r. m. station, at 1.30 this afternoon, Ensign Bertha Brace of the Salvation Army and her sister, Daisy Brace of Boston, were drowned.

Daisy was an expert swimmer and had taken her sister down for a swim. After being in the water for a short time Bertha waded out beyond her depth and cried to her sister, who went to her rescue. Bertha came up three times but Daisy became exhausted and also perished. The bodies have not been recovered.

Ensign Brace left Toronto three months ago and she was officer at Wychwood, holding the rank of captain. She had previously been at Yorkville. She was recently promoted ensign and was in full charge of the work at Sarinia. Her sister was also a member of the army.

Brigadier Taylor said that Ensign Brace was a most excellent woman from every standpoint and her death will be a great loss to the army.

### TRIFLE DROWNING

Lecturer of Masonic Grand Lodge of New York One Victim.

GLENS FALLS, N. Y., July 16.—Within sight of friends, who watched from every inch of the shore as he battled with the waves of Lake George, Rev. John Laubenthal of Albany, lecturer of the Grand Lodge of Free and Accepted Masons of New York State, Hiram Philo of Glens Falls and Joseph Hanson of Wilmington, Del., were drowned by the capsizing of a 22-foot gasoline launch. Philo was an engineer on one of the Lake George steamers and Hanson, a negro, had the launch in charge.

Sailboat Sinks; Two Drown.

HALIFAX, N. S., July 16.—(Special.)—A boating accident with fatal results occurred in the Strait of Canso, four miles, McEachern, Moore, Ryan and Peebles, left Mulgrave in a small sailboat. The host of the sail became unmanageable and one of the men climbed up the mast with the intention of releasing the bound running gear. A heavy squall capsized the frail craft, throwing the two men into the swift running current. Ryan became caught in the sail, and as the boat went to the bottom he was killed. McEachern and Moore, exceptionally strong swimmers, reached shore.

PERSIAN SHAH ABDICATES

Seeks Refuge in Russian Legation—Boy Will Succeed Him.

TEHRAN, July 16.—The fact that the Shah of Persia this morning took refuge in the Russian legation here is accepted as tantamount to his abdication of the throne, and arrangements already are on foot to organize a provisional government.

It is probable that the successful revolutionaries will choose Mohammed Ali, the ex-ruler's son, to rule the state. Mohammed Ali is a minor and will be under a regent. It is possible that the uncle of the deposed monarch, Zilles Sultan, who is presently in Europe, will be given this post.

### CHAMBERLAIN'S THANKS

Canadian Press Asked to Convey Them Along.

OTTAWA, July 16.—(Special.)—The following London telegram has been received here thru Reuters' agency for transmission to the Canadian papers: "Mrs. Chamberlain begs the assistance of the press in gratefully acknowledging the world-wide birthday telegrams received by Mr. Chamberlain, who desires to express his sincere thanks and good wishes."

### BLACK WATCH BAND COMING.

Mayor Oliver yesterday received a telegram from Lord Strathcona stating that the Black Watch Band can be depended upon to play at Toronto Exhibition this year. While in London floating city bonds, the mayor spoke to Lord Strathcona on the subject. This band played at the exhibition three years ago and created a very favorable impression.

## GET PAID TO-DAY COULD VOTE CRISIS IS NEAR SALE OF MARSH

### Coal Strike Leaders May Have to Exert Some Powers of Persuasion Soon.

GLACE BAY, N.S., July 16.—(Special.)—President James Ross of the Dominion Coal Co. arrived this morning and spent the day secreted with the company's officials, leaving at night by special train for Sydney. Officials would give no information concerning the meeting.

The town, which has been very quiet since July 6, will probably take on a more lively appearance to-morrow when the biggest part of the year will be distributed.

Since the 5th not one "drunk" has been arrested, but pay day usually sees a large number arrested for drunkenness.

Knowing that a strike was imminent, the men now a strike worked steadily before the strike was begun, hence the big pay sheet, which they will draw on.

The pay is up to June 30, so there is still nearly a week's pay coming to the men at the next fortnightly pay, the last of July.

Between \$150,000 and \$200,000 will be paid to-morrow. The men in the outside mines, No. 4, 12 and 14, were taken to-day. This morning the tin boxes containing the money for the men were taken to different places under an escort.

Strikers Apathetic.

Regarding the strike itself, it looks as if the U.M.W. leaders will have to arouse the men if they wish to get successfully over the critical period which is acknowledged to be near at hand.

There is danger of many of its adherents deserting for coal miners as a rule cannot stand periods of inaction and idleness, and a strike of any magnitude is a novelty here.

Altho it is thought that many of the U.M.W. men are weary and discouraged, yet the U.M.W. leaders are very optimistic. The test will likely be on Monday.

The output to-day was about the same as yesterday, 1800 tons. It showed 1800 tons taken from No. 1, where up to 5 o'clock yesterday afternoon only that amount had been taken. At the same time the company has all the men it can employ. The entire output yesterday was stated as 2000 tons, which was a very large amount was expected to be raised to-day.

A steamer sailed last evening for Philadelphia, taking 7000 tons of coal for the Dominion Iron and Steel Company. This is the second load being brought here, and it is expected that the Steel Company has purchased from the MacKay Mining Company at Little Bras-Dor a considerable quantity of coal which is being shipped in scows to Sydney.

Resolutions Both Ways.

Resolutions continue to come from various business agents containing suggestions, one from the National Trades Congress, Ottawa, upholding the P.W. A., was received by Stephen B. McLeod, secretary of the U.M.W. received a telegram from H. Gibson Toronto, president of board of business agents, containing suggestions for success and hearty commendation for Mayor Douglas' stand.

The action of Glace Bay council in upholding the demand for troops is not so significant when it is considered that of the dozen councillors, eight are on the pay sheets of the coal company.

It is estimated that the strike has already cost Cape Breton \$200,000 thru lack of output while \$500 a day thru business disturbance is the estimated loss of Glace Bay merchants.

The militia department have announced that the troops will stay.

Thos. Roper, a Yorkshire miner, who came to Glace Bay under contract, and who deserted when he found that he had been arrested, has been arrested. He is charged with neglecting to pay the coal company balance due on his passage money.

### PADDY-PAY LISTS ENQUIRY

De Laronde Must Appear Before Military Court on Monday.

OTTAWA, July 16.—(Special.)—Investigation into the serious charges of padding paylists made against Major De Laronde, officer commanding No. 5 company, C.A.S.C., police chief of Ottawa, and Capt. De Laronde, the accused officers have refused to attend afternoon sittings, so that the board will meet in the evening to suit their convenience.

For the defense it was claimed the time had been insufficient to allow of proper evidence to be prepared and an adjournment until next September was requested. The board, however, ordered that the case be proceeded with on Monday evening.

### LIB. LEADER BECOMES JUDGE

Stuart Henderson May Direct the British Columbia Opposition.

## STIPULATION. THAT 17 ACRES Must Be Filled In Within the Next Five Years.

The expected both happened and failed to happen with regard to the city council's vote on the National Iron Company's offer to purchase 22 acres of Ashbridge's marsh. A favorable majority was looked for, but that A. D. Foster should not have a single supporter in opposition was not anticipated.

In addition to the conditions laid down by the board of control, council ordered an insertion of the clause that the entire filling in of the 17 acres of water be completed within five years. It is believed that the company is quite prepared to accept this obligation. The city solicitor will go over the agreement with the company's representatives, and nothing will then remain but for the mayor to sign the deed. The company is to pay \$35,000 for the property, being \$2000 less than the city's estimate of the value, but the evident sentiment in the council is that the city should not make a sacrifice in consideration of securing a large industry and at the same time starting the active development of the marsh.

Control of the marsh is held by Foster and Controller Hocken being the only speakers, and the entire session lasted only an hour and a half. The holiday spirit seemed to be in the air, and adjournment at 4.30 p.m., to meet again in September, was a popular move.

AM. Foster objected to so important a matter "going thru at break-neck speed." We asserted that the location was the best along the waterfront, and that the marsh was a valuable asset to the city. The marsh would have a value of \$10,000 an acre. He favored leasing at a nominal rental rather than absolutely losing possession.

Control of the marsh is held by Foster and Controller Hocken being the only speakers, and the entire session lasted only an hour and a half. The holiday spirit seemed to be in the air, and adjournment at 4.30 p.m., to meet again in September, was a popular move.

Continued on Page 14.

## LIGHT ON LAKE MYSTERY SAILED ON DAMAGED BOAT

### Very Slender Chance For F. O. Boulbee and J. C. Kennedy.

L. A. Kirkland, 36 Dundas-street, St. Clair street, which tends to confirm the worst fears concerning the fate of the two young men, F. O. Boulbee and J. C. Kennedy, who have been missing since leaving Niagara-on-the-Lake in a sailboat last Sunday.

Mr. Kirkland was at Niagara with his wife last week-end and met the two young men under the circumstances he describes. They had arrived on Friday evening and left their boat on the beach. In the storm that night the boat had suffered badly. When they returned on Saturday the boat was sunk, and the two young men and other young men under the circumstances he describes. They had arrived on Friday evening and left their boat on the beach. In the storm that night the boat had suffered badly. When they returned on Saturday the boat was sunk, and the two young men and other young men under the circumstances he describes.

They got a man to make some repairs about 9 o'clock on Sunday morning, but Mr. Kirkland says, that while he is not a yachtsman, the condition of the boat did not look safe to him. In the afternoon the boat was put out into the lake, sailing west. They have not since been heard of, and Mr. Kirkland has no doubt the boat in its damaged condition foundered in the subsequent storm.

Mr. Kirkland had chatted a good deal with his casual acquaintances, and was most favorably impressed with them. He did not know their names, but described them as quiet, steady young athletes.

There remains the possibility that the two young men have been picked up by a passing vessel, but this would most probably have been reported.

Late yesterday afternoon a search party, consisting of Messrs. Garrett (Confederation Life), Moore (Ontario Securities Co.), and Sharpe of Schofield & Co. set out in the latter company's famous speeding launch, "Miss Fidelity." A telephone message from Mr. Schofield announced the arrival at Oshawa, where word was received that what might be the boat was seen in the vicinity of Cobourg. The quest will resume this morning.

### LONG HATPINS DANGEROUS

German Police Chief Threatens Arrest in Case of Accident.

HANNOVER, Germany, July 16.—The president of the police has issued a decree warning women against the dangers of wearing long hatpins.

He points out that several deplorable accidents have occurred recently from this cause, and he announces that if in the future an accident occurs to another thru a woman's hatpin, she will be liable to arrest and prosecution for assault.

## Carry the North Toronto Bylaws To-Day.

The ratepayers of the Town of North Toronto, whether rich or poor, will do best for themselves by carrying the two bylaws to be voted on by them to-day. The amount of money involved is a trifling sum when spread over the years, as it will be; but the object to be attained from the spending of that money is of present and momentous importance to them and will bring immediate results.

The bylaws are first for a sewage system and secondly for the laying out of two streets parallel to Yonge Street; one to the east more or less in a line with Avenue Road and its system of city street cars, and the other on the east side more or less in line with the Rosedale streets and street cars when extended north.

A little investigation will show that two corporations are vitally interested in opposing these two schemes.

First, the Cemetery Trust, which has never shown any great public spirit, is trying to prevent the east side parallel street going thru its property, though the whole matter was threshed out before a committee of the legislature they had not a leg to stand on for their interests as against the public interests involved. The legislature authorized the municipalities to put in the street.

As for the second corporation, namely the Toronto Railway Co., whether in the shape of the Metropolitan Railway having a perpetual franchise on Yonge Street for a single track, or in the shape of the city traction franchise, it is bent on keeping the Yonge Street traction problem unsettled as long as it can, so that it may if possible use the situation to its advantage when the present city franchise expires. The key to better terms with the Metropolitan and with the city railway lies in the fact of having two streets parallel with Yonge Street as alternative routes. There is every reason for believing that the moment these two streets are opened the Metropolitan will be glad to surrender its perpetual franchise of a single track for a modified one of a double track and also be willing to give a single fare from downtown in the city up to the northern limit of North Toronto. But leave them in possession of the one street and they are the masters. Parallel streets make the public the masters. So carry the bylaws.

When a sewer is put down on Yonge Street, as the new bylaw provides, it will be possible also to give Yonge Street, north of the city, a permanent pavement and make it one of the best roads in place of being one of the very worst. For even if the worst comes to the worst a good macadamized road can be put on Yonge Street for a comparatively small sum, once drainage is provided.

Ratepayers will make no mistake if they carry both bylaws to-day.

## Road and Sewer Bylaws Hope of North Toronto

### Shortsighted Views Taken by Editor of Anti-Progress Organ in Thriving Suburb—Preparations for Population of 30,000 on Basis of Strict Present Economy.

Editor Letsche of the North Toronto Progress set himself the task of modifying the minds of the electorate on the issues involved by the bylaws about to be voted upon. One of his paragraphs states:

"The editor does not claim to be much of a mathematician, yet he would like to propose a few figures for the electorate to consider." Mr. Letsche then ciphers out a present population of 4500 for North Toronto, and dividing this into \$250,000, the amount of the sewerage bylaw, he declares that they are saddled for thirty years with a per capita tax of \$57.50.

Modesty Justified.

This in itself is quite sufficient to justify his mathematical modesty. His figures are based upon a most gloomy outlook for a progressive town like North Toronto. He assumes that the population is at an absolute standstill and will remain at 4500 inhabitants for the next thirty years. On such an insulting assumption to North Toronto he bases his whole argument.

We would point out that the expenditure on sewerage provides for a population of 4500, but for street lines of 28 1-2 miles, which will easily support a population of over thirty thousand. This means a per capita expenditure of \$4.50 per annum and will directly benefit 300,000 feet of land now assessed by the foot frontage, which value, if only increased by \$2 a foot, will add to the assessment \$600,000 dollars. This would yield at the present levy 18 1-2 mills, or over \$11,000 annual revenue, more than enough to take care of both bylaws and of the subsequent extensions of which such a bogie is made.

This takes no account of bringing into the market almost immediately five hundred acres of land, to be assessed by the foot, which will undoubtedly add an additional assessment to the town of one million dollars.

The above only treats of increased land assessments. The building assessments of the town now nearly equal the land assessment. The increases for building will certainly be much greater than for land, but without parallel roads and sewers these increases cannot be expected.

Preparations For The Future.

The sum total for sewerage purposes includes not only 22 miles of roadway at present supplied with water, but also 6 1-2 miles more of roadway at present not supplied with water. These roads, totaling 28 1-2 miles, will support a population of over thirty thousand people. The increase of population on these roads will be such that it is simply nonsense to put the cost of sewerage per capita against the present scattered population of 4200 people.

Out of the supposed 13 miles of roadway 6 1-2 miles is already provided for with sewers under the present engineering estimate. The 6 1-2 miles balance making up the 13 miles said not to be sewered are simply roads on paper and have no present actual existence, on which it would be impossible, as well as extremely foolish, to attempt to lay any line of sewerage.

Board of Health Approves.

This scheme of sewerage for North Toronto has received every consideration by the town council and is

29TH YEAR

## Taft Stands By Revision

### Tells Rep. Congressmen Who Plead For Protection That He'll Work on Facts.

WASHINGTON, July 16.—The White House was stormed to-day by a delegation of twenty-three Republican congressmen, who spent an hour and a half with the president telling him that their very political lives depended upon the protection of raw materials.

Many of the congressmen who composed the delegation, represent southern districts.

"It is merely a question of facts, gentlemen," the president said to the congressmen, "and in the light of facts we all want to try to do the right thing."

Let us in the day the following official statement was made at the White House:

Mr. Young of Michigan opposed free trade with Canada, and free trade policy would injure the interests in his state, and a discussion was participated in by other representatives who urged that the doctrine of a downward revision was not a Republican doctrine.

The president replied that he was not committed to the principle of free raw material, but that he was committed to the principle of a downward revision of the tariff, which he had promised, and that he was obliged to look at the matter, not from the standpoint of any particular district, but from the standpoint of the whole country, and also from the standpoint of responsibility for the entire Republican party.

Questions of Fact.

He said the question in each case was a question of fact, to be determined by evidence, as to whether the present tariff was a fair protection, or whether the rate was excessive, so that a downward revision or putting the article on the free list would not injure the industry.

He repeated the platform of the Republican party and said that he had always understood that it meant a downward revision in many instances, and perhaps in some few instances an increase might be needed; that he reached this conclusion by a fair judgment on what he understood to be the principle of protection and its justification, namely, that after an industry was protected by a duty, the difference between the cost of production abroad and the cost of production in this country, including a fair profit to the manufacturer, an energy and an enterprise of American business men and capitalists, the effectiveness of the tariff would reduce the cost of production, and the tariff rate would place it nearly high and ought to be reduced.

This was the normal operation of the tariff, as indicated by the definition of the protective system—not in every case, but as a general rule—that of course a revision of the tariff could not be perfect, but it would be a fair one; but in so far as his influence was called upon in connection with legislation, he was in the direction of performing the promises of the party as he understood them; and that if from one and another source did not need to be made, the conditions were such as to enable the ore producers and the oil producers and the producers of hides to compete successfully with the producers from abroad, then they did not need a duty and their articles should go on the free list.

It was a question of fact which he hoped to make up his mind with respect to, on what evidence was available to him in order to carry out what he understood to be the promises of the party, and he defended his position as the titular head of the Republican party and as president, with the whole people as his constituency, and he was somewhat broader point of view than that of a single member of congress in respect to articles produced in his district. He felt strongly the call of the country for a downward revision within the limitations of the protective principle, and he hoped to be able to respond to that call as he heard it, as well in the interests of the party as of the country.

The president has been careful heretofore to let no impression gain ground that he was dictating to congress. He asserts, for the first time his authority as the titular head of his party.

The inference of a veto, which many Republican leaders read into the president's statement is taken to mean that if congress does not agree to what he regards as a proper revision, there will be a split between the president and the legislative branch of the government as wide as was those which marked the experience of President Roosevelt in Cleveland.

### HIS HAT BLOWN OFF.

Decidedly undignified it is indeed to chase your hat, as many men did yesterday when the rough zephyrs coming from the corner of the Passmore and the headwear and temporarily relegated it to the confines of the nearest and pudde, or to be stayed in the mad career of some over-the-hill pedestrian who wore a cap, Dineen's, at Yonge and Temperance-streets, is the headquarters for straw, Panama and gray soft hats, that not only fit well but wear well. Straw hats, \$1.50, \$2.00 and \$2.50. Panama hats, \$5.00 and \$7.50. and high-top hats, \$4.00 and \$5.00. Other fashionable shades, \$2.00 and \$2.50. Store open till 10 o'clock for your convenience.

Subscribers are requested to report any irregularity or delay in the delivery of their copy to Mr. J. A. Scott, agent, at this office, rooms 17 and 19, Arcade Building, Phone 1946.

### TRADES COUNCIL DECIDE TO HAVE LABOR TEMPLE

Half the Next Labor Day Proceeds Are to Be Devoted to the Building Fund.

HAMILTON, July 16.—(Special).—When the captain of the Modjeska reached Hamilton at 5 o'clock he reported that he had seen a small sailing vessel turned over on one side floating in the bay about a mile out from the beach pier. Captain Lundy recovered the boat this evening. He found four pairs of shoes and an oar in it. Harry Campbell, a painter, son of Detective Campbell, fell twenty feet this evening and was badly injured.

Complaint was made at the Trades and Labor Council this evening that some bands, while calling themselves union organizations, and demanding union pay, were not particular about wearing their uniforms. They were to be the union label. A committee was named to consider the question of building a labor temple and it was decided to devote half the proceeds of the Labor Day demonstration to that purpose. Fault was also found because at least one alien had been admitted to the board of education as an instructor in the new technical school and the board will be urged to engage Canadians as far as possible. The stonecutters' union asked the council to co-operate with it, and the Great Hamilton Association to prevent the importation of cut stone.

Mrs. Burke, Cannon and Evans streets, got off an moving street car this evening and fell, sustaining a nasty cut over her eye.

**Must Guard Crossing.**  
The Dominion railway commission has ordered the G.T.R. to employ an employee of the Canadian Colored Wellington-street crossing, the company to bear the whole expense.

Much damage is being done to shade trees by caterpillars.

**Boy Drowns.**  
Joseph, the seven-year-old son of Alfred Gower, 40 North Macdonald-street, an employe of the Canadian Colored Cotton Company, was drowned this morning while bathing at the foot of James-street. He clutched an old bench while he tried to measure the depth of the water, but the bench slipped throwing him into deep water. His brother and Bert Martin, 16 West Burlington-street, saw the accident, which did not arrive in time to save the lad's life.

John Crossover, an "Indian" after spending five days in jail, admitted this morning that he got his liquor in Hamilton instead of Toronto, as he had at first claimed, and a summons will be used against the seller.

**Entrance Exams.**  
Out of 626 pupils who wrote on the entrance examinations in Hamilton, 422 passed, a percentage of about 68 as compared to 70 per cent. in Ottawa and 75 per cent. in London. Out of those "plucked" 72 were boys and 139 girls.

**Hotel Barabara.**  
Corner Barton and Catherine-streets, Hamilton, Ontario, and strictly first-class. Rates \$1.50 to \$2 per day. Phone 342.

**Seaside Resorts in the Maritime Provinces.**

Tourist and seaside excursion fares now in full force with full summer train service, including the "Ocean Limited" to all points reached by the Intercolonial Railway, and tours can be arranged and berths secured in advance for all-rail and river, lake and rail routes at lowest rates from Toronto and Montreal to all eastern summer resorts at the office of the Intercolonial Railway, No. 51 King-street East, Toronto (N. Weatherston, agent), where ocean tickets are also on sale at lowest rates.

**"Shooting the Rapids"** of the St. Lawrence is one of the entertaining features of the delightful water trip of the Richelieu & Ontario Navigation Co., including the ride in the beautiful, quaint historical Quebec and the far-famed Sauguenay River. Low rates including meals and strictly first-class tickets at ticket office, 2 East King-street.

**Busy Burglars.**  
Burglars got into Atkinson's barber shop, 170 Dundas-street, last evening and vanished with a ring and \$18.

### HOTBEDS OF CHOLERA

Special Commission to Try and Check St. Petersburg Epidemic.

ST. PETERSBURG, July 16.—Cholera is increasing to a degree which is beginning to cause widespread anxiety. The number of cases the week before last was forty a day; during last week the daily average suddenly rose to between eighty and ninety, and on Saturday 127 cases were registered. The premier, M. Stolypin, created a special commission to study the reasons of this increase, and the enquiry revealed a terrible state of affairs. Entire houses were found to be simply hotbeds of cholera. Among these was the Likhet, Cherkov, an enormous building consisting of a collection of furnished lodgings and single rooms of all categories, some of them well furnished and others more modest, but the greater number being small, filthy rooms where two and three people are crowded together. The people who live in this house are students, small government employes, clerks and others whose means of existence are more doubtful.

But this house was simply aristocratic when compared to Vizevskia, Lavra, formerly the residence of Prince Vicemakia, but now the refuge of the unemployed. It is the public markets and there also is much to cause anxiety. Blood, bones and refuse are left lying about to purify and attract dogs and vermin of all kinds. The gutters are full of stagnant water. Sewers are discharged into the Neva and contaminate the river, thereby compromising the health of the whole town.

The first proposal is that the sewage be conducted to the mouth of the river so it will be discharged into the sea.

**Rats Freight an Egg.**  
(Charleston News and Courier).—After an investigation covering two weeks, William Krohback of Fifth-street, has learned the reason he has been receiving only two or three eggs a day from a flock of sixty hens and incidentally found out something about the inventive capacity of rats, according to the committee visited the public markets and there also is much to cause anxiety. Blood, bones and refuse are left lying about to purify and attract dogs and vermin of all kinds. The gutters are full of stagnant water. Sewers are discharged into the Neva and contaminate the river, thereby compromising the health of the whole town.

Recently he heard a noise in his chicken house, and quietly making his way there saw two rats in the act of making away with a newly laid egg. One of the rodents was lying flat on its back with the egg tightly clutched in its four paws, while the other rat was dragging it along by the tail. Krohback was so impressed by the sight that he watched the rodents for three minutes, during which time they carried the egg for 20 yards along the fence until they came to a hole in the ground, into which they dropped the egg. One of the rats became tired while carrying the egg and changed places with its fellow.

**Two-Hundred-Year-Old-Butter.**  
(London Mail).

Ghee is used in India as is butter in America and European countries, and in fact is butter, so prepared that it never grows stale. Instances being known of its preservation for as long as two hundred years. In preparing ghee, butter is boiled until all the watery particles and curds have been thrown off by repeated skimmings. When the liquor is clear oil is poured into a vessel to cool. When cooled it is in granulated form and will keep for years without becoming rancid or of bad odor. Ghee has been found in deserted castles, where it must have been left more than two centuries ago.

### BEAUTIFUL LONDON CHURCH

All Saints' Church, Margaret-street, London, England, where jubilee services were lately held, retained Margaret Chapel, which was the first London stronghold of the Oxford Tractarians. It is said to be the most costly parish church in Great Britain, and was built chiefly at the expense of Beresford Hope, who seriously impoverished himself by a passion for erecting beautiful churches. Pusey speaker became a recluse delivered some of his most stirring discourses in this church, including his famous sermon on "Divine Inspiration." Mr. Gladstone at one time frequently attended the services of All Saints', Margaret-street, and so when Princess of Wales, did Queen Alexandra.

**An Expert Opinion.**  
"Beauty is only skin deep, anyhow."  
"It isn't that deep in a hippopotamus."

### A STRANGE PEOPLE

Curious Habits of Malays Only Partly Understood.

Away among the deep forests in the heart of the Malay Peninsula, there dwell a singular people, whose curious habits are only partially understood. An Italian explorer found them so interesting that he spent fifteen years in studying their habits and customs, and has some wonderful stories to relate about the Sacai. They are in a barbarous state, spending most of their time in gathering poisons from plants, which they use only to themselves, for protection against their enemies and for bringing down their quarry in the chase. So accustomed are the Sacai to the life in the woods that the few who have been to the coast have almost invariably returned to their native wilds on the first favorable occasion. There they hunt game and birds and gather the fruits on which they subsist. The life has its pleasures, but it has also its compensations. Nature is particularly rich in her bounty. An abundance of berries and foodstuffs are found on the bushes and giant trees, among which fly birds of rare and gorgeous plumage. But what they prepare according to the natives is the great variety of poisonous plants. They speak about the danger of eating such things as often as we speak about the weather, and the discovery of a new kind of combination is hailed as an event of the greatest importance. The reason for this is because the poison is used in killing game and for bringing down such game as the pig, the deer, the wild boar, and the various conceptions being mixed according to the varying power of the objects which they are intended. Thus, for instance, the hunter would never think of wasting a strong poison on a small animal considered unworthy of such an honorable distinction. Besides, he must study to bring down such game as he afterward uses for food with poisons which will in no way affect him.

Poisonous plants are difficult to find. Growing among the rank grasses and on the trunks of trees, and mingling with creeping plants, are so many poisonous plants that the traveler must be constantly on the lookout to avoid them. Some are so deadly that a single drop of their juice, if they are overpowered, causing serious illness; others cause skin diseases and painful swellings of the face, which have chance to touch ever so lightly the hands or other exposed parts. For this reason the traveler cannot be too careful, since it is usually where these dreaded plants flourish most abundantly that all kinds of red, purple, blue and many colored orchids are found to thrive most luxuriantly.

In spite of his extraordinary passion for concealing poisons, the Sacai is a thorough gentleman in the chase and a friendly companion to meet. He is a big-hearted fellow, having none of the barbarous methods of other hunters, who are content to torture a fallen foe. When he poisons an arrow his object is to cause death as quickly as possible. For this reason, the Malays respect and fear him, and in the constant skirmishes between these two irreconcilable peoples, yet in the end the Sacai is the victor, that he seems to send his poisoned arrow after a flying foe.

He seems particularly happy in his domestic affairs. Husband and wife live happily together, and quarreling on ill-tempered grounds is unknown among them. In the event of a mother-in-law upsetting the peace of the home by her interference, the husband and wife pull down their shutters and build a new house for themselves, and the cause of disturbance. The children show much love and respect for their parents, who are equally devoted to them to amuse themselves and follow their own pursuits. Other admirable traits are his readiness to help his comrades in need, and his extraordinary love for all kinds of animals.

**Where Talk is Not Cheap.**  
President of Amalgamated. You should have called me this information. My instructions were to use the cables freely.

A Scotchman has invented a new life-saving apparatus which is capable of throwing a line half a mile.

### HERE'S A REAL PATRIOT; REARS MONUMENT TO ADAM, FIRST MAN.

When Jas P. Brady, a millionaire Baltimore contractor, completed his summer home, he began to think of decorating the grounds.

"Yes, it's statues I want," Brady agreed, "but what kind?" One suggested St. Patrick. Brady, who is an Irishman, and was built chiefly at the expense of Beresford Hope, who seriously impoverished himself by a passion for erecting beautiful churches. Pusey speaker became a recluse delivered some of his most stirring discourses in this church, including his famous sermon on "Divine Inspiration." Mr. Gladstone at one time frequently attended the services of All Saints', Margaret-street, and so when Princess of Wales, did Queen Alexandra.

**BRADY'S MONUMENT TO ADAM.**

"I never could see Eve," says Brady, "she had a little affair with a snake, did you ever know an Irishman who could stand for snakes?"

## A Trunk That's Indestructible East's "Dreadnought"

No extra copies containing ballots can be sold.

### WESTON'S WEARY WALK ENDS

Seventy-year-old Pedestrian Tramps 4000 Miles From New York to 'Frisco in 105 Days.

SAN FRANCISCO, July 15.—When Edward Payson Weston to-day handed to Postmaster Arthur Fiske the letter given him by Postmaster Morgan of New York City on March 15 last, the little ceremony ended one of the most remarkable feats of pedestrianism on record. Altho Weston was four days behind the schedule he had set for himself, when he stepped off the ferry that night the old man was not downhearted.

"It was a great walk," he said, "and I had for unforeseen difficulties and hardships in the last three weeks of my journey I would have been here on the hundredth day. Still I am feeling fine and could do it over again. It is the first time that a bona-fide walk has been made across the American continent. Weston laid so much stress on this fact that he walked over railroad bridges in the far west instead of resorting to ferries.

### DR. CHASE'S OINTMENT

Dr. Chase's Ointment cures all kinds of piles, hemorrhoids, and other ailments. It is a sure remedy and is sold by all druggists.

# MAHER'S HORSE EXCHANGE

16 TO 28 HAYDEN STREET

## FAVORITES AGAIN FAIL AT THE FORT ERIE TRACK

Caper Sauce Makes it Three Straight Over Cannie Maid—Results and Entries.

PORT ERIE, July 16.—With threatening weather and a fast track, seven races were decided this afternoon, one of them being thru the field, which was won by Berge, an outsider, who was in hand. For the second time at this meeting, Caper sauce beat Cannie Maid, the odds-on choice. L. J. Wilson, the odds-on favorite, won on their way to Saratoga, where they will be raced, being liberally entered in the stakes. The Hamilton meeting closed. This was the statement of the Canadian Racing Association. Summary:

**FIRST RACE—Canadian-bred, selling, 1 1-8 miles:**  
1. Caper sauce, 102 (Davenport)..... 3-1  
2. Cannie Maid, 99 (Reid)..... 1-2

14. Gatt Latta, 102 (O. Cornell's b.f., 3 by Ben Brush-Nautch Girl. Start straggling. Won driving by three lengths. Lucky Ford forced early pace and quit when pinch broke. Gwendolyn was in the starter. Time 1:46. Winner A. Macdonald's place. He was out-run all the way.

**SEVENTH RACE—Purse \$400, 3-year-olds and upward, 4 furlongs:**  
1. Mozart, 101 (Davenport)..... 1-2  
2. Alita Macdonald, 107 (Brannon)..... 1-2  
3. Paul Fulmar, 106 (Howard)..... 1-2  
4. King Avondale, 111 (Reid)..... 1-2  
5. Toddy Hodges, 100 (Reid)..... 1-2  
6. Black Hawk, 109 (Walsh)..... 1-2  
7. Babbling Brook, 110 (Gibbert)..... 1-2  
8. Casowary, 99 (Rollins)..... 1-2  
9. C. W. Burt, 110 (Preston)..... 1-2  
10. Lost Rider, 108 (Preston)..... 1-2  
11. Lucifer's b.c. 3 by Belvidere-Lucas. Start good. Won driving by a neck. Pace easily by four lengths. When the pace went to King Cole, the two winners as Casowary Mozart set all the pace, while Montclair came with a rush at the end. Alita Macdonald was always well up.

**ACCIDENTS WILL HAPPEN.**  
By a circuitous route Samuel McElroy, 2 Percy Street, fell from a scaffold at Wm. Davies' meat company's plant into the hands of the police. He was about a week in falling, during which time he dined in the General Hospital.

**IT WAS IN THIS WAY.** In April McElroy was employed as a messenger by Hobbs to the city and was at work at the Davies' place when the accident happened. His injuries were slight, but he was taken to the hospital, where he was yesterday located by Detective Murray and locked up.

**CLARET**  
Rarely shall you find a claret so rich and delicate, yet light of body and fine of flavor. S & S Claret is the perfection of true clarets.

**SAUTERNE**  
Typical of the peculiar Sauterne merits—this S & S Sauterne, with its dry, appetizing, making taste, its delicious after-tang—a wine for the discriminating.

**BURGUNDY**  
Luscious, 'tis the one word that befits this S & S Burgundy, sound, well-matured, enticing in bouquet, franc indeed. Even in France they praise it as a fine vintage.

Your dealer can supply these really excellent wines, ask for S & S—look for the name on the label, as thus:

Made and Bottled in France by Schroder & Schyler & Co. of Bordeaux  
Established 1739

Imported direct by D. O. ROBLIN of Toronto

**THE LIGHT BEER IN THE LIGHT BOTTLE**

The purest and most delicious of malt beverages. Brewed as they brew it in Pilsen. Every bottle pasteurized. Ask your dealer for

**The Beer with a Reputation**

ZINGARIS ALL OUT FOR 195

Second Match a Draw in Philadelphia's Favor—Cricket Notes. PHILADELPHIA, Pa., July 16.—On a rain-soaked wicket, the Zingari cricketers of Toronto were retired with a total of 195 runs, five less than were scored by the Pilgrims or All Philadelphians in the first innings yesterday.

Cricket To-Day. In the friendly match with St. Alban's this afternoon at Trinity College, St. James' Cathedral C. C. will be represented by the following: A. J. Dive, J. W. Ellis, B. Ellis, J. Hall, C. Hendricks, H. Kirkpatrick, E. W. Mayhew, J. R. Riley, P. Seon, T. Treanor (captain) and P. Tomlinson.

West Toronto kept up their unbeaten record by defeating Mimico Ayslum in a two-innings match 194 to 145, six runs on 42, and Galbraith 12 in the first, Snazelle 11, Saxton 12 and Ualbraith 12 in the second innings did best for the winners. For Ayslum, Maxwell, Terry, Doddridge, Helton, Wood, Rutman and Burnby scored doubles.

Grace Church pay at Toronto to-day in a city league game. Team as follows: Dr. Smith, Hopkins, Collins, Millward, Paris, Nutt, Macallum, Goldsmith, Flavelle, Cameron, Hilliam, Grace Church also play Aura Lee on Varsity field in a C. & M. league game. Team as follows: Yetman, Snort, Attwood, Whittingham, Campbell, Crowther, Uavin, Grigsby, Elliott, Clayton, Cakesbread, Bramhall.

Stratford Best Tavistock. STRATFORD, July 16.—Stratford seniors defeated Tavistock there this evening two goals to one in the first of final games for the W. F. A. championship. The final game will be played on Tuesday next at Tavistock. The teams were: Stratford (2)—Goal, Snedden; backs, Haigh and Clark; halves, Cameron, Choyses, Glass; forwards, Morgan, Martin, Preston, Bennett, Round. Tavistock (1)—Goal, Anderson; backs, Weitzel, Jarvis; halves, Ratz, McTavish, Scofield; forwards, Welcker, Krug, Livingstone, Kaufman, Matthies.

Soccer Football To-Day. Thistles meet a picked team from the league at the Pines Athletic Grounds, corner Dundas and Bloor-streets, for the benefit of Jack Robertson of the Macdonald Manufacturing Company who got seriously hurt while playing against New Toronto. The game should be a good one. The following players are requested to turn up for the Thistles: Green, Campbell, Cooper, R. Hall, Ross, Rigby, McLaren, Parkin, Hreoch, Cator, Banks, Marr, Wright. Game called for 3.30.

Win Seabright Final. NEW YORK, July 16.—H. H. Hackett and R. D. Little, the former tennis internationalist, won the final to-day of the benefit of Jack Robertson of the Macdonald Manufacturing Co. team. He defeated the Harvard pair, Nathaniel W. Niles and Arthur E. Dabney, Jr., in straight sets, 6-2, 6-3 and 6-2.

PRESIDENT SUSPENDS HANOVER C.L.A. CLUB

Two Players' Certificates Cancelled—Tucumseh's Play Capitals To-day at Rosedale.

President Doyle has suspended the Hanover Junior C.L.A. Club on the strength of the referee's report on the game with Chesley at Hanover. The crowd rushed on the field and there was considerable fighting. The certificates of Emil Theors (441), and Heilig were canceled on account of abusive language to the umpire.

To-day's lacrosse schedule: N.L.L.—Capitals v. Tucumseh, at Rosedale; Toronto at Nationals. C.L.A.—Lincolns, St. Kitts v. Young Toronto, Scarborough Beach; St. Simons v. Elms, at Centre Island; Capitals v. All Saints, at Jesse Ketchum Park, Toronto. League—Leaves v. St. Helena; Matland, Jr. v. St. Simons, Jr., on Cottingham Square.

The Tucumseh and Ottawa play an N.L.L. championship game at Rosedale to-day. Game will be called promptly at 2.30. Jack Kearns of Ottawa will referee, and Ed. Baker of Ottawa will be judge of play.

All Saints lacrosse team will play the Capitals a return junior C.L.A. game on Jesse Ketchum Park at 3 o'clock, and request all supporters and players to be on hand.

The Norway Lacrosse Club will play the North Riverdale organization this afternoon at 3.30 on the latter's grounds. The Norway boys will meet at 2 p.m. at the corner of Broadview Avenue and Don Mills-road at 2 p.m. Everybody is expected to turn out.

Maitlands and Shamrocks of West Toronto clash in an intermediate C. L. A. lacrosse game at the latter's grounds. Maitlands will pick their team from the following: Grant, Burton, Hooper, Glover, J. Yeaman, H. Woodley, W. Yeaman, Rowland, Sturand, Wright, Egan, Manwaring, Twiddle, and Michael J. Kelley of Bramford will referee. Maitland management have arranged for special cars to leave C.F.R. tracks at 2 p.m. and to return after the game. All supporters of Maitlands are requested to turn out in full force.

The line-up for to-day's game at Scarborough Beach will be as follows: St. Catharines: Goal, Nicholson, Ripley; outside, Hope; inside, Collins. Young Toronto: Goal, Holmes; point, Whale; cover, McWhirter; defence, Madill, Rowe, Tod; centre, Murphy; home, Richardson, Cowan, Jacob; outside, Lillie; inside, Heal. Referee Doyle will call the game at 3 o'clock.

IMPORTANT SALVAGE JOB.

John Hanlan Floated With the Simplicity of True Genius.

"Ask Commodore Williams" is the line of talk generally thrown at curious people who want to know things at the waterfront. The commodore not only looks after the Toronto Ferry Company's fleet, but anything else that comes his way. At present he is showing a gang of about four men how to go about raising the John Hanlan from the bottom of the harbor, where she has been lying since the Pellat gave her a poke in the stern.

The entire equipment consists of a barge, two jack screws, two chains and a stick of timber. Using the stick as a fulcrum, the timber for a lever, a barge with a lifting capacity of 25 tons and two jacks for the power with the resistance between, they propose to yank the old ferry around and set her up against the wharf as readily as if she were a drydock box. "Just as easy as shelling peas," declared the commodore.

The Shirt That's Easy

Make a habit of buying the only comfortable kind of shirt there is—the kind the best dressed men everywhere wear for almost every wear—the kind that opens down the front like a coat—slips on or off easy—that's the Negligee Coat Shirt. It fits far better—it wears far longer—the laundry won't spoil its looks. It really pays to insist upon getting this brand.

REVENUE IS GOING UP SO ARE EXPENDITURES

Figures for June, and for Comparative Periods, and What They Show.

OTTAWA, July 16.—(Special.)—The monthly financial statement shows that the revenue is ahead of the figures for last year, but that it has not quite reached the record of 1907, the banner year. The expenditure, however, is greater than the two previous years.

The revenue for the month of June in the three years was: 1907, \$7,778,638; 1908, \$6,959,457; 1909, \$8,112,290. The total revenue for the first quarter of these years was: 1907, \$21,592,572; 1908, \$15,628,809; 1909, \$23,273,286.

The expenditure, or consolidated, fund, was: June, 1909, \$4,692,377; June, 1908, \$4,408,637; June, 1907, \$4,579,247. First quarter, 1909, \$8,516,708; first quarter, 1908, \$6,553,943; first quarter, 1907, \$7,596,224. Capital expenditure has grown as follows: June, 1909, \$2,215,254; June, 1908, \$2,222,649; June, 1907, \$1,697,697; first quarter, 1909, \$4,014,298; first quarter, 1908, \$2,785,096; first quarter, 1907, \$2,595,774.

The capital expenditure on public works, railways and canals, in which is included the National Transcontinental hold its bath. It was \$2,025,238 in June, and has been \$2,106,543 so far. In 1908 the figures were \$2,089,454 for June, and \$2,226,845 for the first quarter, 1907 for June, \$1,251,854, and for the first quarter \$1,552,056.

On June 20 the net debt stood at \$11,862,228, an increase of \$136,396 over the figure of June 1, 1909. The increase during the year has been \$46,275,825.

MASONIC GRAND LODGE

Fifty-Fourth Annual Communication in London Next Week.

The Masonic Grand Lodge of Canada in the Province of Ontario will hold its 54th annual convention in London, Ont., on the 21st inst. The board of general purposes, which prepares the business for the meeting, convenes in London on the 19th inst., and the sessions of grand lodge will be held in the Princess Rink in the province there are twenty-two Masonic districts, and the representatives of the respective districts will select their D. G. M. on the night of the 21st.

From the grand secretary's report, which will be presented to grand lodge on the opening day, it is learned that the increase for the year will be in the neighborhood of 3000, and that the number of Masons in the province will be over 45,000.

The present grand master, A. T. Freed of Hamilton, retires this year, and will be succeeded by His Honor Judge D. F. Macwatt of Sarnia, the present deputy grand master, who was made a Mason in Corinthian Lodge, Barrie, in 1885. Bro. Macwatt is a P. G. D. G. M. of Georgian District, P. G. M. of the R. & M. of Ontario, and is a past grand master of the Knights Templar of Canada.

For the office of deputy grand master, E. W. Bro. Aubrey White of Toronto, and R. W. Bro. A. Shaw of Kingston are mentioned, but it is the opinion of the leading Toronto health-keepers that the former will be elected.

M. W. Bro. E. T. Malone, Toronto, grand treasurer, and R. W. Bro. R. L. Gunn of Hamilton, grand secretary, will be re-elected.

The grand wardens, grand chaplain and the grand registrar are the only offices for which there will be a contest. The following is a list of the grand masters of the Grand Lodge of Canada since its formation:

- Wm. Mercer Wilson ..... 1855-1859
T. D. Harrington ..... 1860-1863
W. B. Simpson ..... 1864-1865
Wm. Mercer Wilson ..... 1866-1867
Alex. Allan Stevenson ..... 1868-1870
James Seymour ..... 1871
Wm. Mercer Wilson ..... 1872-1875
Hon. Jas. Kirkpatrick ..... 1876-1878
W. H. Weller ..... 1877-1878
J. A. Henderson ..... 1879-1880
James Moffat ..... 1881
Daniel Spry ..... 1882-1883
Hugh Murray ..... 1884-1885

Hon. J. M. Gibson ..... 1892-1893
William H. Gibson ..... 1894-1895
Hon. Wm. Gibson ..... 1896-1897
Richard Talbot Malone ..... 1898-1899
Elias H. Hungerford ..... 1900-1901
E. H. Harmer ..... 1902-1904
Benjamin Allen ..... 1905-1906
R. H. Burrill ..... 1906-1907
A. T. Freed ..... 1908-1909

LADY INSECTS DANGEROUS

Carry Their Heads High and Disseminate Malaria.

"Malaria and Mosquitoes" was the first public lecture of the university summer session given last night in the physics building by Prof. Ramsay Wright.

The lady mosquito was credited with being the chief cause of the trouble, which the man was represented as leading a life of blameless virtue, cultivating the nectar of the flowers.

There were between 300 and 400 varieties, many of the kind denominated "culex," but these did not spread the disease. The responsibility for malaria-carrying was placed on the "Anopheles."

The tendency of the ordinary man was at once to render the mosquito quite unusable for scientific purposes, but self-denying scientists had carefully collected them, sparing every hair of their head, and had given them euthanasia in a bottle of chloroform and studied them.

It was possible to tell the malarial variety from the other, by the fact that when the mosquito was held by no parallel to the surface of the skin as was the innocuous kind, but in-filled sharply toward the body.

Mrs. Baker G. Eddy, founder and leader of the Christian Science denomination, passed her 83rd birthday yesterday at Boston. Members of Mrs. Eddy's household said that "the mother," as she is known by her followers, was in splendid health and was attending to her affairs with her usual vigor.

The Toronto World

NORTH TORONTO RATEPAYERS TO-DAY.

The Town of North Toronto has a good many problems ahead of it and ought to settle them as they arise.

PUBLIC FRANCHISE VALUES AND RATES.

After nine years of delay the supreme court of the State of California has just handed out a decision in an important appeal affecting the water rates of the City of Oakland.

REGULATE AUTOMOBILES.

Editor World: While public clamor follows a tentative result to the national flag, what about the death-dealing automobile?

CANADA TO THE FRONT.

Canadian marksmen have already covered themselves with glory at Blaney this year. To capture the MacKinnon and Kolapore cups in successive days is a feat which does them infinite credit and Canada is proud of them.

PROTECT THE FLAG.

Editor World: The recent flag incident in Toronto has called forth comments from American papers in all sections of the United States.

ASIATIC UNREST.

Altho the twentieth century has not yet completed its first decade it has already been signalized by the awakening of Asia.

ever grappled and it can neither be shelved nor arbitrarily simplified.

The fact that the present British Government is not only Liberal, but of markedly progressive tendencies, is exercising a restraining influence over the advanced section of its supporters.

CULTIVATE IMPERIAL UNION.

Many of the advocates of closer imperial union are too prone to act like impatient children, who, not content to sow the seed, and assist its natural growth, must always be digging it up to see how it is getting on.

REGULATE AUTOMOBILES.

Not the Rifle Alone That Wins at Blisley.

LONDON, July 16.—(C.A.P.)—The Morning Post thinks it is men, not rifles, that the Canadian Blisley victories are due. The Telegraph says the present is one of the very best teams the Dominion ever sent. To Bennett Burleigh, Col. Bertram declared also, it was the men behind the guns, fully as much as the rifles, that the success is due. The Mail says the Blisley is another triumph for the Boer rifle.

The Times says the Canadians are much to be congratulated and deferring to yesterday's protest against the Blisley, who was visiting friends in Portage du Fort, where about 11 o'clock on Wednesday night when he was struck on the head by a large stone and left unconscious. The sum of \$15 was taken from him. As the wound inflicted is a very severe one, it is not thought likely that he will recover.

**The Employers' Liability.**  
We issue liability accident insurance policies to contractors and employers of labor under regarding accidental injuries to workmen. In case of accident we supply first aid to the injured and assume all the subsequent expense and litigation arising from such accidents. We accept all the responsibilities of the employer and discharge the obligations he may be under without more expense than the premium. London Guarantee & Accident Company, head office for Canada, corner Yonge and Richmond-streets, Phone Main 1642.

**Street Railway Company Wins.**  
In an appeal made by the Toronto Street Railway Company, Judge Morson yesterday reversed a decision of Magistrate Ellis in the police court in regard to the refusal of W. J. Manley to pay his fare.

Dressed in their little white "nighties," Maurice Roenbaum, 17 Walton-street, and Joey Davidson, aged two and three years respectively, were found wandering in the streets of the ward by the police very early yesterday morning. They had gone out for a lark and lost themselves. They were returned to their anxious parents.

Cobalt's new sewage disposal system will be considered by the provincial board of health next Wednesday.

Coroner Cottrell's jury, enquiring into the death of Mrs. George Bruce, who was found dead at the home of Mrs. Bruce in Lippincott-st. yesterday afternoon, found that death was due to over indulgence in alcohol. The evidence disclosed no hint of foul play.

The 48th Highlanders held their annual moonlight excursion last night, leaving shortly after eight o'clock on the steamer Cayuga. Quite a few members and their friends went out.

**THE WEATHER**

METEOROLOGICAL OFFICE. TORONTO, July 16.—(8 p.m.)—Showers and thunderstorms have been general to-day from Eastern Ontario to the west. While in other parts of the Dominion the weather has been fine. The temperature has risen considerably in the western provinces and on Ontario eastward has been somewhat lower than it was yesterday.

Minimum and maximum temperatures—Victoria, 52-65; Vancouver, 53-67; Edmonton, 56-74; Calgary, 45-54; Prince Albert, 52-61; Moose Jaw, 51-62; Qu'Appelle, 48-78; Winnipeg, 48-59; Fort Arthur, 54-71; Pelly, 55-70; London, 60-63; Toronto, 67-78; Ottawa, 65-74; Montreal, 66-77; Quebec, 68-75; St. John, 55-74; Halifax, 52-68.

**Probabilities.**  
Lower Lakes and Georgian Bay—Moderate to fresh northwesterly winds; fine, not much change in temperature.  
Ottawa Valley and Upper St. Lawrence—Westerly winds; mostly fine and warm.  
Lower St. Lawrence—Winds shifting to westerly; showery at first, then clearing.  
Gulf—Unsettled with showers and thunderstorms.  
Maritime—Fresh southerly to westerly winds; warm and showery.  
Superior—Easterly winds; fine and a little warmer.  
Manitoba and Saskatchewan—Fine and warm.  
Alberta—Mostly fine and warm; local thunderstorms.

**ASSAULTED AND ROBBED**  
Subury Man May Die as Result of Encounter.  
OTTAWA, July 16.—News has reached the city of a case of assault and robbery at Portage du Fort, Que., which it is feared may result fatally and as an outcome of which Thomas Sutcliffe, a subury man, who is known to some people here, was taken to Renfrew Hospital last night suffering from a terrible wound.

Sutcliffe, who was visiting friends in Portage du Fort, was out walking along a road near there about 11 o'clock on Wednesday night when he was struck on the head by a large stone and left unconscious. The sum of \$15 was taken from him. As the wound inflicted is a very severe one, it is not thought likely that he will recover.

**JULY WHEAT DECLINES**  
CHICAGO, July 16.—Wheat for July delivery declined still further to-day, following the severe slump of the previous session; final quotations showing a net loss of 1-1/2 cents. The more deferred months closed firm at gains of 1-4 to 1-2 and 5-8 cents. Corn and provisions were weak.

Marsicano's Orchestra on 2 p.m. trip of Turbinia, Saturday; 80 miles for 50c—returning home 9 p.m. 56

**"SHOOT TO KILL."**  
PITTSBURGH, Pa., July 16.—"Shoot to kill if a man reaches for a gun," is the order under which members of the state constabulary are working this morning at the Schoonville plant of the Pressed Steel Car Company, owing to the increasing gravity of the strike situation.

Another Arrest.  
Another arrest on a similar charge was made last night. Daniel Murphy, 25 years, 758 York-street, who was only recently released from Kingston Penitentiary for a crime like to that with which Cattapani is charged, was taken in by Detective Armstrong and Plain Clothesman Riley and Sockett at the address given. With him was 16-year-old James Maloney, 194 Simcoe-street, and John Early.

The officers received information which sent them hurrying to the York-street house. There in a room together they found the men with the lad, who is small for his years. The boy, when questioned, declared that Murphy had committed the crime of burglary upon him. He also said that Early had tried. The boy was taken by the officers to a doctor to be examined. He was later taken to the Children's Shelter.

When the police entered they found the two men in bed with the boy concealed under the bed. The story that the lad told was that the men had met him in the street and offered him lodgings for the night. He went with them to the York-street house.

Dr. W. P. St. Charles, to whom the boy was taken, bore out his story.

**OWEN SOUND LACROSSE WINS.**  
OWEN SOUND, July 16.—(Special).—Owen Sound lacrosse teams were winners to-day at Elora. The intruders won from Elora, score 6 to 5. On the home grounds here the Owen Sound Juniors won from Dundalk, score 6 to 4.

**ITALIAN PROFESSOR SERIOUSLY ACCUSED**

Continued From Page 1.

hold a conference with the Italian ambassador there.

Signor Cattapani was locally recognized as an influential Italian writer. His connection with the Italian paper in Toronto, La Tribuna, and the monthly magazine La Revista, gave him considerable influence among his countrymen.

At the time of the Messina earthquake Signor Cattapani was very active in organizing entertainments in aid of sufferers. In Toronto a performance at the Princess was arranged by him and he organized others thru the province.

Views of an intimate.  
A close friend of Cattapani, who is well acquainted with most of his private affairs, said last night: "The world that believed the arrest was the result of a conspiracy of some kind and that he had no doubt his honor would be vindicated," said this friend, "that there are political and religious elements at work to overthrow a distinguished man." I believe that the late Archbishop of Toronto resigned as a result of pressure brought to bear in Rome by Cattapani. "It is at least a peculiar coincidence," he added, "that the bishop resigned a few weeks after Cattapani visited Rome last time."

"What was the cause of this religious warfare?" he asked.

"I have been told on good authority that when Cattapani came to Toronto he first was not received by the Catholic clergy in a way suitable to his rank and that the professor thought the clerical powers in Toronto were very indifferent toward the welfare of Italians, of whom there are several thousand resident here."

The same informant stated that he thought politics played some part in the case.

Italian Politics.  
"I am informed that the crown attorney granted bail in a similar case not long ago, but refused it this time because at the last general election Cattapani made a campaign among the Italians in favor of Dr. C. Robinson, the Liberal candidate. You will recall the meeting held at St. George's Hall just prior to the election over which the Conservatives raised considerable money because their candidates were not invited."

"Cattapani has told me more than once that the Black Hand had tried to extort money from him, and also that a strong clique in Toronto of his own people has been trying to thwart his schemes."

"I have known Cattapani intimately for the last two years and have found him to be one of the most versatile and charming gentlemen I ever met," said a prominent English, French and Italian He speaks several languages and is acquainted with the nobility of Europe."

It is pointed out in a police circular in other cases where bail has been granted the offence has been an isolated instance, but that in this, the evidence in their hands shows that at least a number of persons, in addition to the alleged act upon which the present charge is based.

Since the arrest, much interest has centered around the prisoner's effects which were seized by the police. From the fact that several Italians, professing to be friends of the prisoner, have endeavored to gain possession of certain things, and showed no interest in others, it is suspected he may belong to some secret organization.

In this regard, nothing could be learned from Dr. Harvey Smith, the Italian Consul here. Although he said he only knew Cattapani slightly, he did not suspect he belonged to a secret society outside of those recognized by all governments.

"I was not acquainted with him," said Dr. Smith last night. "I only met him once, I have heard a great deal of him and know that he was very kind to me, and that he liked him very much."

"I know nothing of his history, and therefore say nothing as to the authenticity of the title 'marquis.'"

Asked concerning a suggested that on account of Cattapani having been thought to be active in church politics in Rome at the time of the retirement of Archbishop Crotti from that position, Archbishops might have incited some one to have cast a suspicion of the present nature upon him, Dr. Smith only laughed and said, "I'm sure I could not say."

James Skinner, a resident of the island, who has known Professor Cattapani for about a year, stated to The World yesterday that he had always found him to be an honorable man, who had the welfare of the boys at heart.

Mr. Skinner made the acquaintance of Mr. Cattapani when he was attending Upper Canada College, where Cattapani was a popular man on account of the great interest that he took in the college sports. Mr. Skinner recently returned from Rome, where Professor Cattapani to be a polished gentleman and he regards the charges as absurd.

**ANY OLD LICENSE WILL DO IF IT TOUCHES THE SPOT**

Ingenious Method of Getting Over Possible Legal Block in Transfer.

There are ways of getting around the immediate effect of an injunction, in spite of the reputation such documents have gained of being immediately effective.

An interim injunction was sanctioned by Justice Britton yesterday to restrain John Collins and the board of license commissioners from transferring the license of the Genesee Hotel on West King-street to Fred G. Clarke, proprietor of the Hotel Trader, Yonge-street, which would have the immediate effect of preventing Mr. Clarke obtaining possession by August 1, on account of the statutory requirement of 14 days' advertising.

Mr. Clarke was not the objective point of the injunction, but he inadvertently would be the first person to feel its effect.

By 10 o'clock this morning the tangle was straightened out in another way.

The injunction was issued by Fred Weighart, owner of the Genesee Hotel, on the ground that his lease to Mr. Collins stipulated that the building should be run as a licensed premises, and the proposed transfer was a violation of the lease.

In order that there shall be no prolonged delay in the Hotel Trader securing a license, it is now proposed transferring the license of A. L. Solman, proprietor of the British Hotel, to the premises of the Hotel Trader, and the license of the Hotel Trader, which is now held by Mr. Solman, to the premises of Mr. Solman's hotel on the corner of King and Simcoe-streets. Mr. Solman buy the Genesee license and move into that premises. Mr. Solman has offered to take over Mr. Collins' lease or to lease the property from Mr. Weighart for a period of 18 or 21 years, with the idea after his new building is erected, of running it as an annex. This proposition was discussed by the license commissioners yesterday, and while they refused to advertise the transfer from the Genesee to the Trader in deference to the order of Justice Britton, they approved of the newer suggestion. A meeting of all parties concerned will be held in Mr. Weighart's office this morning.

It is understood that Mr. Solman purposes calling his new hostelry the "Hotel Edward Hanlan."

**Grand Essay Writing Contest for Children**

**PRIZES** Open to Every Boy and Girl **PRIZES**  
10 Ten-Trip Ticket Books Given as Prizes

Most Enjoyable Prize You Ever Tried For—Most Delightful Prize You Ever Won

**SUBJECT FOR ESSAY**  
"My Steamship Trip to Hamilton"

**INFORMATION:** The "Turbinia," "Modjeska," and "Macassa" are delightful pleasure boats—for the most delightful trip upon the lake, the journey to and from the neighboring city of Hamilton. It's the ideal trip for family outings—refreshing, invigorating and health-giving—a complete change from the routine of daily work. Many mothers with their children are taking advantage of this 80-mile fresh water sail, and such a competition as this will tend to teach the children to be inquiring and observant.

**CONDITIONS OF ESSAY**

Competition in three classes as follows:

Class A, for children 12 to 15 years of age.  
Class B, for children 9 to 12 years of age.  
Class C, for children 8 years and under.

Essays to be not less than 150 words, no more than 300 words, and may be illustrated.

Ask questions from any official or employee of the boats, or at the ticket office. Take a trip, observe the beautiful scenery, notice the clear, cool atmosphere, the exhilarating effect of such an outing, then write the story in your own words. The winning essays may be published later on.

Contest is now open and closes at 6 p. m. on Saturday, July 31st. All essays must reach the Contest Manager before that time.

**PRIZES: 3 IN EACH CLASS**

1st—3 ten-trip books 2nd—2 ten-trip books 3rd—1 ten-trip book

One special prize at the discretion of the Judges.

**JUDGING:** All competitors will receive equal treatment—Essays will be judged by capable persons. Marks will be awarded for Accuracy of Information, Language and Composition, Spelling and Punctuation, illustrations and Neatness.

**IMPORTANT:** Each and every essay must be signed by parent or guardian as well as with your own name, age and address.

**CHRONIC ALCOHOLISM**  
Verdict in the Roy Inquest in Church Street Case.

"Elizabeth Roy came to her death on July 12, the immediate cause being a shock consequent upon a broken arm, combined with a low physical condition produced by chronic alcoholism," was the verdict returned by Coroner M. M. Crawford's jury at the inquest held in the morgue last night.

The most amazing statement made at the inquest was that of the deceased's son, George R. Roy, who said: "I have never been drunk in my life," he said when giving his evidence under oath.

Then he made some sweeping denials. His son William, aged 16, said he abused Mr. Roy when he was drunk. Roy said that George R. Roy, his eldest son, said his father had been intoxicated very frequently when he was living home. He said he often interfered when his father tried to strike his mother. He said Roy was a man without liquor in him.

Constable William Black said Roy was drunk when he was there on the evening of the accident. Roy denied it, saying the constable was mistaken. Black said the woman told him Roy had beaten her.

Roy said his reason for not working steadily was locomotor ataxia. He had spent six months in the General Hospital and had been working since.

"They had quarrelled ever since I can remember," said William Roy.

"Did you ever see your mother strike your father?" asked Roy. "Yes, once or twice when you called her names," said the witness.

Dr. Uren testified that she had symptoms of delirium tremens Sunday night and died in a delirium Monday morning.

It is hinted that W. F. Tye, at one time chief construction engineer of the C. P. R., has been offered the position of chief engineer of the N. T. R. in succession to Hugh Lumsden.

The Telegraph says the present is one of the very best teams the Dominion ever sent. To Bennett Burleigh, Col. Bertram declared also, it was the men behind the guns, fully as much as the rifles, that the success is due. The Mail says the Blisley is another triumph for the Boer rifle.

The Times says the Canadians are much to be congratulated and deferring to yesterday's protest against the Blisley, who was visiting friends in Portage du Fort, where about 11 o'clock on Wednesday night when he was struck on the head by a large stone and left unconscious. The sum of \$15 was taken from him. As the wound inflicted is a very severe one, it is not thought likely that he will recover.

**The Employers' Liability.**  
We issue liability accident insurance policies to contractors and employers of labor under regarding accidental injuries to workmen. In case of accident we supply first aid to the injured and assume all the subsequent expense and litigation arising from such accidents. We accept all the responsibilities of the employer and discharge the obligations he may be under without more expense than the premium. London Guarantee & Accident Company, head office for Canada, corner Yonge and Richmond-streets, Phone Main 1642.

**Street Railway Company Wins.**  
In an appeal made by the Toronto Street Railway Company, Judge Morson yesterday reversed a decision of Magistrate Ellis in the police court in regard to the refusal of W. J. Manley to pay his fare.

Dressed in their little white "nighties," Maurice Roenbaum, 17 Walton-street, and Joey Davidson, aged two and three years respectively, were found wandering in the streets of the ward by the police very early yesterday morning. They had gone out for a lark and lost themselves. They were returned to their anxious parents.

Cobalt's new sewage disposal system will be considered by the provincial board of health next Wednesday.

Coroner Cottrell's jury, enquiring into the death of Mrs. George Bruce, who was found dead at the home of Mrs. Bruce in Lippincott-st. yesterday afternoon, found that death was due to over indulgence in alcohol. The evidence disclosed no hint of foul play.

The 48th Highlanders held their annual moonlight excursion last night, leaving shortly after eight o'clock on the steamer Cayuga. Quite a few members and their friends went out.

**THE WEATHER**

METEOROLOGICAL OFFICE. TORONTO, July 16.—(8 p.m.)—Showers and thunderstorms have been general to-day from Eastern Ontario to the west. While in other parts of the Dominion the weather has been fine. The temperature has risen considerably in the western provinces and on Ontario eastward has been somewhat lower than it was yesterday.

Minimum and maximum temperatures—Victoria, 52-65; Vancouver, 53-67; Edmonton, 56-74; Calgary, 45-54; Prince Albert, 52-61; Moose Jaw, 51-62; Qu'Appelle, 48-78; Winnipeg, 48-59; Fort Arthur, 54-71; Pelly, 55-70; London, 60-63; Toronto, 67-78; Ottawa, 65-74; Montreal, 66-77; Quebec, 68-75; St. John, 55-74; Halifax, 52-68.

**Probabilities.**  
Lower Lakes and Georgian Bay—Moderate to fresh northwesterly winds; fine, not much change in temperature.  
Ottawa Valley and Upper St. Lawrence—Westerly winds; mostly fine and warm.  
Lower St. Lawrence—Winds shifting to westerly; showery at first, then clearing.  
Gulf—Unsettled with showers and thunderstorms.  
Maritime—Fresh southerly to westerly winds; warm and showery.  
Superior—Easterly winds; fine and a little warmer.  
Manitoba and Saskatchewan—Fine and warm.  
Alberta—Mostly fine and warm; local thunderstorms.

**ASSAULTED AND ROBBED**  
Subury Man May Die as Result of Encounter.  
OTTAWA, July 16.—News has reached the city of a case of assault and robbery at Portage du Fort, Que., which it is feared may result fatally and as an outcome of which Thomas Sutcliffe, a subury man, who is known to some people here, was taken to Renfrew Hospital last night suffering from a terrible wound.

Sutcliffe, who was visiting friends in Portage du Fort, was out walking along a road near there about 11 o'clock on Wednesday night when he was struck on the head by a large stone and left unconscious. The sum of \$15 was taken from him. As the wound inflicted is a very severe one, it is not thought likely that he will recover.

**JULY WHEAT DECLINES**  
CHICAGO, July 16.—Wheat for July delivery declined still further to-day, following the severe slump of the previous session; final quotations showing a net loss of 1-1/2 cents. The more deferred months closed firm at gains of 1-4 to 1-2 and 5-8 cents. Corn and provisions were weak.

Marsicano's Orchestra on 2 p.m. trip of Turbinia, Saturday; 80 miles for 50c—returning home 9 p.m. 56

**"SHOOT TO KILL."**  
PITTSBURGH, Pa., July 16.—"Shoot to kill if a man reaches for a gun," is the order under which members of the state constabulary are working this morning at the Schoonville plant of the Pressed Steel Car Company, owing to the increasing gravity of the strike situation.

Another Arrest.  
Another arrest on a similar charge was made last night. Daniel Murphy, 25 years, 758 York-street, who was only recently released from Kingston Penitentiary for a crime like to that with which Cattapani is charged, was taken in by Detective Armstrong and Plain Clothesman Riley and Sockett at the address given. With him was 16-year-old James Maloney, 194 Simcoe-street, and John Early.

The officers received information which sent them hurrying to the York-street house. There in a room together they found the men with the lad, who is small for his years. The boy, when questioned, declared that Murphy had committed the crime of burglary upon him. He also said that Early had tried. The boy was taken by the officers to a doctor to be examined. He was later taken to the Children's Shelter.

When the police entered they found the two men in bed with the boy concealed under the bed. The story that the lad told was that the men had met him in the street and offered him lodgings for the night. He went with them to the York-street house.

Dr. W. P. St. Charles, to whom the boy was taken, bore out his story.

**OWEN SOUND LACROSSE WINS.**  
OWEN SOUND, July 16.—(Special).—Owen Sound lacrosse teams were winners to-day at Elora. The intruders won from Elora, score 6 to 5. On the home grounds here the Owen Sound Juniors won from Dundalk, score 6 to 4.

**ITALIAN PROFESSOR SERIOUSLY ACCUSED**

Continued From Page 1.

hold a conference with the Italian ambassador there.

Signor Cattapani was locally recognized as an influential Italian writer. His connection with the Italian paper in Toronto, La Tribuna, and the monthly magazine La Revista, gave him considerable influence among his countrymen.

At the time of the Messina earthquake Signor Cattapani was very active in organizing entertainments in aid of sufferers. In Toronto a performance at the Princess was arranged by him and he organized others thru the province.

Views of an intimate.  
A close friend of Cattapani, who is well acquainted with most of his private affairs, said last night: "The world that believed the arrest was the result of a conspiracy of some kind and that he had no doubt his honor would be vindicated," said this friend, "that there are political and religious elements at work to overthrow a distinguished man." I believe that the late Archbishop of Toronto resigned as a result of pressure brought to bear in Rome by Cattapani. "It is at least a peculiar coincidence," he added, "that the bishop resigned a few weeks after Cattapani visited Rome last time."

"What was the cause of this religious warfare?" he asked.

"I have been told on good authority that when Cattapani came to Toronto he first was not received by the Catholic clergy in a way suitable to his rank and that the professor thought the clerical powers in Toronto were very indifferent toward the welfare of Italians, of whom there are several thousand resident here."

The same informant stated that he thought politics played some part in the case.

Italian Politics.  
"I am informed that the crown attorney granted bail in a similar case not long ago, but refused it this time because at the last general election Cattapani made a campaign among the Italians in favor of Dr. C. Robinson, the Liberal candidate. You will recall the meeting held at St. George's Hall just prior to the election over which the Conservatives raised considerable money because their candidates were not invited."

"Cattapani has told me more than once that the Black Hand had tried to extort money from him, and also that a strong clique in Toronto of his own people has been trying to thwart his schemes."

"I have known Cattapani intimately for the last two years and have found him to be one of the most versatile and charming gentlemen I ever met," said a prominent English, French and Italian He speaks several languages and is acquainted with the nobility of Europe."

It is pointed out in a police circular in other cases where bail has been granted the offence has been an isolated instance, but that in this, the evidence in their hands shows that at least a number of persons, in addition to the alleged act upon which the present charge is based.

Since the arrest, much interest has centered around the prisoner's effects which were seized by the police. From the fact that several Italians, professing to be friends of the prisoner, have endeavored to gain possession of certain things, and showed no interest in others, it is suspected he may belong to some secret organization.

In this regard, nothing could be learned from Dr. Harvey Smith, the Italian Consul here. Although he said he only knew Cattapani slightly, he did not suspect he belonged to a secret society outside of those recognized by all governments.

"I was not acquainted with him," said Dr. Smith last night. "I only met him once, I have heard a great deal of him and know that he was very kind to me, and that he liked him very much."

"I know nothing of his history, and therefore say nothing as to the authenticity of the title 'marquis.'"

Asked concerning a suggested that on account of Cattapani having been thought to be active in church politics in Rome at the time of the retirement of Archbishop Crotti from that position, Archbishops might have incited some one to have cast a suspicion of the present nature upon him, Dr. Smith only laughed and said, "I'm sure I could not say."

James Skinner, a resident of the island, who has known Professor Cattapani for about a year, stated to The World yesterday that he had always found him to be an honorable man, who had the welfare of the boys at heart.

Mr. Skinner made the acquaintance of Mr. Cattapani when he was attending Upper Canada College, where Cattapani was a popular man on account of the great interest that he took in the college sports. Mr. Skinner recently returned from Rome, where Professor Cattapani to be a polished gentleman and he regards the charges as absurd.

**ANY OLD LICENSE WILL DO IF IT TOUCHES THE SPOT**

Ingenious Method of Getting Over Possible Legal Block in Transfer.

There are ways of getting around the immediate effect of an injunction, in spite of the reputation such documents have gained of being immediately effective.

An interim injunction was sanctioned by Justice Britton yesterday to restrain John Collins and the board of license commissioners from transferring the license of the Genesee Hotel on West King-street to Fred G. Clarke, proprietor of the Hotel Trader, Yonge-street, which would have the immediate effect of preventing Mr. Clarke obtaining possession by August 1, on account of the statutory requirement of 14 days' advertising.

Mr. Clarke was not the objective point of the injunction, but he inadvertently would be the first person to feel its effect.

By 10 o'clock this morning the tangle was straightened out in another way.

The injunction was issued by Fred Weighart, owner of the Genesee Hotel, on the ground that his lease to Mr. Collins stipulated that the building should be run as a licensed premises, and the proposed transfer was a violation of the lease.

In order that there shall be no prolonged delay in the Hotel Trader securing a license, it is now proposed transferring the license of A. L. Solman, proprietor of the British Hotel, to the premises of the Hotel Trader, and the license of the Hotel Trader, which is now held by Mr. Solman, to the premises of Mr. Solman's hotel on the corner of King and Simcoe-streets. Mr. Solman buy the Genesee license and move into that premises. Mr. Solman has offered to take over Mr. Collins' lease or to lease the property from Mr. Weighart for a period of 18 or 21 years, with the idea after his new building is erected, of running it as an annex. This proposition was discussed by the license commissioners yesterday, and while they refused to advertise the transfer from the Genesee to the Trader in deference to the order of Justice Britton, they approved of the newer suggestion. A meeting of all parties concerned will be held in Mr. Weighart's office this morning.

It is understood that Mr. Solman purposes calling his new hostelry the "Hotel Edward Hanlan."

**SENATE TARIFF WINS ON SILKS AND WINES**

Will Add \$3,000,000 to the Revenue and Conference Committee Fall For It.

WASHINGTON, July 16.—The rates on silks and woolen goods were determined to-day by the conference committee. The senate won out on the tariff. On silks there will be considerable advantage over existing duties, and on woollens there is to be no change from the law except in wool tops, which are to be given a new classification. The duty on tops is prohibited now and it is predicted that it will continue so even after the reduction is put into force.

The acceptance of the senate silk schedule provides specific duties instead of the existing ad valorem rates. The duty on cheap grades of silk has been reduced, but an increase was made on the more costly silk, velvets, cheniilles and chiffons. High-grade silks were classed by the senate as luxuries and it is estimated the new rates will yield more than three million dollars above the revenue from importations of silks under the Dingley law.

Another important schedule disposed of to-day was wines, spirits and liquors. The senate treated this schedule as belonging to the class of luxuries and made an increase amounting to about 15 per cent. on most of the articles under the head of spirits. On champagne in bottles of the ordinary commercial sizes the existing rate of \$8 a dozen for quarts is advanced to \$9, and 60c with a similar advance on pints and other sizes.

It is expected that these rates will produce about \$3,000,000 more than is derived under the Dingley rates. The conference accepted the senate rates solely because of the revenue it would produce.

An agreement was reached to-day on all of the paragraphs under the head of lithographs. The adjustment represented a compromise.

**Eloquence.**  
"Whatever the outcome of the trial," said the prisoner at the bar, "I feel sure that this experience will make me a better man than the rest of my life."  
"In what way?"  
"In striving to live up to the speech made by my attorney," was the reply.

**A Case of Synonyms.**  
"Didn't you say that Pike was a polished gentleman?"  
"No," I said he was a smooth proposition and one of the slipperiest customers I ever dealt with.

**IN AN AUTO.**  
Curious little automobile hats are made of raffia, or something that looks exactly like it.  
They look like a big bathing cap with a wide band.  
Soft chiffer of the same shade is applied over the face, somewhat after the manner of the bridal veil.  
This is not a bad idea, to fasten the veil to the hat in this way. It saves the trouble of adjusting it every time, and a greater certainty that it will be secure.

There are also actual little bonnets for the color—as granddaddy as any little bonnet that ever went to meeting. They are large enough, and they have a little ruffling, and they are undoubtedly such as would make the pretty girl look adorable. Of the homely girl we are not so sure.

**Paying a Proxy.**  
One wonders what will happen in the case of the Florentine editor who has just been sentenced to 12 months' imprisonment for libeling a rival publication. In Germany each newspaper has what is called a "responsible editor," who is held accountable for every thing that appears in the paper, and against whom all proceedings in respect of libel or lese majeste are directed. This individual is never by any means the actual editor; usually he is one of the sub-editors, or a reporter, who draws a higher salary than his colleagues to compensate for his inability to be imprisoned, and double salary while incarcerated. Curiously enough this punishment is prescribed in the Criminal Code.

**ANYTHING TO KEEP COOL.**

NOTE—Only One Cake of Infants' Delight Free to a family.

JOHN TAYLOR & CO., Limited, Toronto, Canada

#### Cut It Out Now

Take this Coupon with 5 cents to your Dealer and get a cake of Taylor's Borax Soap and a cake of *Infants' Delight*.

This is the Coupon—It is Worth 10 cents to You  
Only One Cake Free to a Family

### Taylor's Infants' Delight

Toilet soap should do just two things—remove the dirt and nourish the skin. Let us then show you how we have blended both qualities into a single cake.  
For in 43 years we have learned the secret of perfect soap—one that leaves the skin as soft and pink as an infant's. So we call it *Infants' Delight*.

The olive oil in this soap comes from the gardens of France. There we pay the highest prices—often double what we might pay. But our oil is pure enough to use on your table.

Then we bring coconut oil over 12,000 miles from the isle of Ceylon. This oil has for centuries kept the Egyptian's skin soft and beautiful in spite of the tropical sun.

Please use a single cake—then let the results decide for the future. See for yourself how it lathers into a rich, creamy foam. Note how it wears as thin as a wafer—how it leaves the skin as soft as velvet and as smooth as silk.

Besides this it is the loveliest soap for the baby's skin. And if it is best for the sensitive, pink skin of an infant, it surely is best for your own.

You will like the dainty perfume, too. We pay over \$100 a pound for pure Otto of Roses, but it requires 3,000 pounds of rose leaves to make a single ounce. The fragrance is simply exquisite, for it is only the scent of roses—the breath of a million flowers.

### Taylor's Borax Soap

Here again is a soap different in every way from the ordinary—it contains borax. Where other soaps merely cleanse, this goes further—it whitens and purifies. The effect of the borax is almost magical—it is the most wonderful soap ever made for the laundry.

In this soap we use only the finest grade of coconut oil, for it lathers with greatest abundance. Then we mix in the borax which softens the water and also softens the hands.

Soft water is pure, but hard water contains mineral matters which prevent the soap from lathering. Borax makes the hardest water as soft as rain water, so you require only half the amount of soap.

It cleans the daintiest of laces as well as the heaviest of woollens—and it prevents shrinkage of both. Every odor is removed and the cloth is pure and sweet. This soap also prevents starch from sticking, and adds greatly to the stiffness.

It sterilizes and destroys every germ, so as to avoid any possibility of contagion. Send a bar to the laundry and protect the health of your family.

This powerful cleanser is utterly harmless to the hands—it leaves them whiter and softer than before.

It requires twenty-one days to make a single cake. The labor of more than 200 persons is needed. Yet this wonderful soap costs no more than the ordinary. Simply because we make every year millions of cakes—we can buy at the lowest prices and give you the highest quality.

### Don't Wait— Cut Out the Coupon This Minute

We ask you to do us a favor—we want you to learn for your own interests the difference between these soaps and the ordinary. You have been using some soaps in the past and you naturally consider them good.

But now we ask that you compare them with these—try them both and note how vastly they differ. We gladly invite the comparison because we have made it ourselves and we know just what must be the result.

But it would be unfair to ask you to bear the expense of the test so we have made you this generous offer. We only ask that you buy one soap and we'll buy the other. Cut out the coupon on this page and take it to your dealer this week. Pay him only 5 cents and you will then receive both cakes worth 15 cents.

Greer of the city archi-tect's department, city hall, Toronto, is holidaying on the Trent River. Mrs. Forsyth Grant is the guest of Mrs. Dickson, Galt. Mr. L. Hargratt is summering at Lake Evelyn. Mrs. S. F. Davies and Miss Davies of Oaklands, Scarborough, are in Muskoka. Mr. Davies will join them on his re-turn from New York. Mr. and Mrs. Winnet are at Mount Clemens. Mrs. R. W. Pentecost and family of Huron-street left yesterday for Cleve-land, Lake Rosseau, to spend the rest of the summer. Miss Wenonah Carroll of St. George-street has just returned from a six months' trip abroad. Mr. and Mrs. George Henderson, To-ronto, are at Beaverton for the sum-mer. Miss Gertrude Norris of Queensville, East Gwillimbury, has passed her second year social examination held in the Toronto College of Music in June last, with honors. Mr. and Mrs. L. J. Skill are leaving to-day to spend the summer up on Peninsula Lake in Muskoka.

HOW WEAK GIRLS MAY GROW INTO STRONG WOMEN

The Blood Supply Must be Kept Rich, Red and Pure—Good Blood Means Good Health

Healthy girlhood is the only path to healthy womanhood. The merging of girlhood into womanhood lays a new tax upon the blood. It is the over-taxing of the scanty blood supply that makes growing girls suffer from all those headaches, backaches and side-aches—all that paleness, weakness and weariness—all that languor, despon-dency and constant ill health. Unhealthy girlhood is bound to lead to unhealthy womanhood and a life of misery. Nothing but the blood-build-ing qualities of Dr. Williams' Pink Pills can save a girl when she under-takes the trials and tasks of woman-hood. That is the time when nature makes new demands upon the blood supply. Dr. Williams' Pink Pills actu-ally make new, rich blood, which meets those new demands with ease. In this simple, scientific way Dr. Wil-iams' Pink Pills fill a girl with over-flowing health and strength. Miss Eva Dennis, Amherst, N.S., says: "Dr. Williams' Pink Pills have done me a world of good. I was com-pletely run down, was very pale, easily tired and suffered from frequent severe headaches. Tho I tried many medicines I got nothing to do me the least good until I began using Dr. Williams' Pink Pills. Even the first box of these seemed to help me, and after taking a half dozen boxes I was again a strong, healthy girl. I have not had any illness since, but should I again feel run down Dr. Williams' Pink Pills will be my only medicine, and I strongly recommend them to every weak and ailing girl." Dr. Williams' Pink Pills are sold by all medicine dealers or sent by mail at 50 cents a box or six boxes for \$2.50 by the Dr. Williams Medicine Co., Brockville, Ont.

TORONTO'S BOOK PALACE SOON OPEN FOR READERS

Public Will Be Tempted Here to Read Who Never Read Before.

In about three weeks the new refer-ence library on College-street will open its doors to the public and the dam-ning tide of knowledge-seekers will meddle with it. The formal opening will not take place till Sep-tember, after the exhibition. The actual moving of the books to their new quarters was completed on June 24, but one month after the task was begun, and if the reading room had been ready the public would have been occupying it now. The formal opening will not take place till Sep-tember, after the exhibition. It was a wonderful thing to accom-plish, the transfer of 70,000 volumes of a single volume. One small book did fall out of a case on silence-street, but was picked up and returned to the library. Those accustomed to the discrom-ports and inadequacies of the old pre-mises on Adelaide-street will surely rub their eyes when they look on the lofty, well lighted and ventilated read-ing room with its comfortable arm- chairs and four square feet of table space for each 270 readers. Entering by the main door at the southeast corner and turning to the right at the head of the stairs, the handsome reading room is reached. It is a large, airy room, with high ceilings, above the open volume shelves, are finished in warm-toned Caen stone. The ceiling is elaborately de-corated. The floor is covered with thick carpet "Admiralty" matting. The westernmost bay is reserved as a special room for fine art publications, which are kept in lockers for each, but are readily accessible to the pub-lic on application to the delivery desk on the north side. At the east end of the reading room is an enquiry desk, thus giving better assistance to those wishing to ask questions and attend to their distinctive duties. The latter will have among other conveniences card catalog biblio-graphies for debates, etc., and light sorting drawers for pamphlets, which may be easily removed and placed on tables for working. Lighting on New Plan. The lighting is unique and the main-tenance very handsome. In the main reading room no ceiling lights have been permitted. Table lights and wall brackets of unique design will give the room a properly studious air; for, as the librarian puts it, there is a psychological connection between bright light and talkativeness, which of course should be anathema in a library. In the art section, however, and above the stairway at the eastern end are pendant fixtures of a kind never before seen in Canada, glitters two feet across, completely covered with crystal beads strung on silver wires. The effect of these when lighted is strikingly beautiful. Tungenst- lights are used throughout. Above the open shelves, are shaded orchestra lights. At right angles to the main read-ing room, forming an L, with it, is a handsome apartment 300 feet in length, which will be used for patrons' Cubicles For Talkers. Altho talking is not permitted in the reading room, it often happens that three or four persons wish to study some subject together, and for these five cozy study rooms are provided with telephonic connection to the desk. These rooms will also be useful to the man who wishes to continue his study with the same books from day to day, for here he may leave them undisturb-ed. The library is possessed of nearly 300 bound newspaper files, rich ma-terial for the student of current and historic events, but usually a white elephant to handle. Reporters and oth-ers will rejoice to know that these are placed on separate roller shelves in a room of their own, where one may come—smoke if he will—and consult them at his ease. A bright idea of Mr. Locke's own is a loop of strong duck in the centre of the back of each file, by which to pull it from the shelf, thus saving labor and the bindings at one stroke. The stack room, in a separate build-ing, is five storeys high and has accom-modation for 250,000 volumes. It is gen-erally lighted and has wide gang-ways. New Wrinkles in Binding. In a large library repairs are con-sistently needed, a point which would be done in a horrible dark hole of a cellar. A large, airy room is now provided. Much rebinding will be necessary. For this a new standard light-colored duck is being used, which is both serviceable and aids the light-ening of the shelves, a point which would easily escape the average man. Mr. Locke says that the state of the bind-ings of two and three volume bib-liographies and such books as Lord Cromer's "Egypt" is most interesting and instructive. The first volume nearly always needs rebinding badly. The second volume is in a fair state of preservation and the third is as good as new. The moral is obvious. The executive and board rooms are at the east end of the main reading room. They are finished in dark oak, and for their comfort special pains have been taken. There is a lock-er room with lockers for each, and across the corridor is a rest room, a homelike apartment comfort-ably furnished and provided with a gas stove, where a tea may be made during an hot hour. Above the patents rooms is what is hoped will be the beginning of a civic art gallery. The use of this has been granted by Byron E. Walker, G. A. Reid and others, interested in the scheme for five years past, showing loan collections. It will be open free two or three days in the week and on the others a small charge will be made. The gallery is lighted day and night thru grained skylights. The new library will be open from 10 a.m. till 10 p.m., which will prove a great convenience to the man of proper opportunity. The open shelf-system in the College-street branch of the circulating library is proving a great success. Over 4000 volumes a month are being issued.

CITY DEPRIVED OF FEES

Government Retains Cash That Formerly Went to Police Court Clerk.

Mayor Oliver has been advised that since the city passed an order requir-ing Curran Morrison, clerk of the police court, to pay to the city fees re-ceived from the Ontario Government for the production of police court re-cords no fees have been collected. The fees, amounting to about \$800 a year, formerly found their way into the possession of Mr. Morrison. He no longer gets them, but as they can only be collected on the certificate of the crown attorney, and the latter has not so certified them, the government is so much the richer. The city is, however, trying to adjust matters with Mr. Cor-ley. The city hasn't been receiving from Magistrate Kingsford the ball bond fees, he was ordered to turn over, a suit may be brought against him. LIGHTNING DESTROYS CHURCH. STRATFORD, July 16.—At Dublin the fine new Roman Catholic Church, which cost \$30,000, and was only recently opened, was struck by lightning and burned to the ground. PRESBYTERIAN MANSE DESTROYED. BELLEVILLE, July 16.—The manse here was completely destroyed by fire, and Rev. J. L. Small and family are now living in the basement of the Presby-terian Church. The fire originated in the stable. Sent Minister to Prison. KENORA, July 16.—Rev. Mr. Reg-nell, formerly pastor of the Swedish Lutheran Church here, admitted forgery of a receipt and was sent to Central Prison for one year. Newark Man's Collapse Caused by Dizziness, Biliousness and Pains in the Back. DROPPED IN THE STREET. Warm weather and acute indigestion were the chief causes of a physical collapse that overcame Mr. J. V. Don-aghne near the entrance of the Penn-sylvania Railroad depot last Thurs-day. A policeman lifted him into a cab and he was hurried to his home. In an interview next day, Mr. Don-aghne stated: "I was practically uncon-scious when I arrived home. I knew I was in bad shape, because for weeks I had been fighting against pains in my back as severe as if I had been shot at. Indigestion and biliousness were the cause of my collapse, and no doubt had been keeping up the headache and diz-ziness from which I suffered. Fortu-nately, my wife knew just what I need-ed. She gave me three of Dr. Ham-ilton's Pills of Mandrake and Butter-put and put me to bed. In the morning I was as fresh as a daisy, my system was cleared of its load of poisonous waste and I felt like a new man. From now on, in order to keep my system properly regulated, I will use Dr. Hamilton's Pills regularly. I know many who do so and they never have a day's illness." "Why not be healthy, hearty and well? You owe it to yourself, to your family, to your friends. You cannot work pro-ductively unless you are healthy. If you are tormented by indigestion and all the nagging pains and unpleasant-ness which accompany it—if you are weakened by anæmia—if your blood is being poisoned and your system upset by constipation. If you are suffering from any of these derangements of the system, either temporary or chronic—you should go at once to the nearest chem-ist and ask him for a box of Dr. Ham-ilton's Pills. This perfect tonic-laxative will cure your indigestion; purify and enrich your blood; banish constipation by safe and natural means; improve your appetite; quiet your nerves, and help you to sleep soundly. Dr. Ham-ilton's Pills will give you strength and vigor. These will help you to work bet-ter. The par box, of five boxes for \$1.00 at all dealers, or The Cathar-rhine Company, Kingston, Ont.

ON THE BALA SLEEPER YOU SLEEP AT BALA

And that is, perhaps, the most at-tractive feature of the night journey to Muskoka by the Canadian Pacific Railway. No time is lost in the smoke early-rising feathered folk. For at 10.10 sharp the Bala sleeper whirled away on the Winnipeg Express, to be silently dropped at its destination in the "bang" wee hours, with no noise to disturb the slumbers of its occu-pants other than the musical murmur of Bala Falls and the songs of the human early-bird there is an especial delight in the glorious sunrise over the lake; at 1 o'clock the busy steam-ers leave Bala wharf with passengers for all points on the lakes; while for the very laziest holiday-maker the C. P. R. makes a special despatch in leaving the car at his use until 8.00 a.m.

PREPARE FOR AUTUMNAL CATARRH

Now is the time to treat yourself—winds the weather conditions are favor-able inhale "Catharrhine" four times daily and you will be free from Hay Fever, Autumnal Catarrh, Rose Cold and Throat Weakness. Large dollar outfit of Catharrhine lasts two months and is guaranteed to prevent and cure Hay Fever, Throat Weakness, and all the Catarrhine Company, Kingston, Ont.

BOILERMAKERS STRIKE

Object to Clerks Estimating Their Time on Jobs.

MONTREAL, July 16.—Two hundred boiler makers and blacksmiths em-ployed at the Locomotive and Machine works at Longue Pointe, a branch of the American Locomotive Co., have gone on strike on account of a new timing system which has been adopted and which the men claim reduces their pay. The system has been introduced in some departments, but the boiler makers and blacksmiths rebelled against working under it. Briefly stated the system is one by which clerks compute the time a cer-tain piece of work should take and the workman is credited with that much time, whereas it might take him an additional hour to do the job. The clerks are supposed to be ex-perts in most cases. The men claim it takes more to pay the clerks than any amount the company might lose under the old system. CALL BELLEVILLE PASTOR. Brandon Presbyterian Church Want Rev. Mr. Laidlaw. BRANDON, Man., July 16.—(Special.)—The committee of St. Paul's Pres-byterian Church appointed to select a successor to Rev. Mr. Dickie, who recently left to accept a Montreal pastorate, will extend a call to Rev. Mr. Laidlaw, pastor of St. Andrew's, Belleville. Mr. Laidlaw will accept if the call is unanimous. He has been four years at Belleville, is about 55 years old, and an aggressive worker. SAFE SEAT FOR JOSEPH. Hon. Mr. Martin Gets Another Chance For Parliament. LONDON, July 16.—(C.A.P.)—Joseph Martin, K.C., the stormy petrel of Canadian politics, has been adopted as the Liberal candidate for East St. Pancras in the place of Hugh Cecil Lee, who is retiring. The Liberal ma-jority in 1906 was 181 in a riding of about 7500 votes. On May 5 Mr. Martin was buried under a hostile majority of 287 at the Stratford-on-Avon by-election. The previous Liberal major-ity was 148. The "Half-Day" Specials. Score's 77 King-street West, close at noon on Saturdays during the hot weather, but the morning hours are busy ones, especially now when so many gentlemen are selecting vaca-tion-dress, and certainly "Score's" are showing the nicest of it. Exclusive styles and patterns in most everything displayed in haberdashery and suitings. Estates of the Dead. Alfred Hyacinth St. Germain, To-ronto, left an estate of \$40,461, of which \$51,200 goes to the widow and the rest in sundry annuities, legacies and char-itable bequests. Arthur S. Richardson, 206 Albany-avenue, left \$587 to his widow. Charlotte Lloyd left \$195.

DOCTOR STRUCK OFF ROLLS

British Columbia Medical Council Punish a Nelson Practitioner.

VANCOUVER, B.C., July 16.—The British Columbia medical council have struck off the name of Wm. J. Wilson of Nelson from the rolls. Dr. Wilson had, it was alleged, while in a state which rendered him unfit to attend any patient, attended a case of con-sumption, in which the patient died. Wilson has been practicing in this provin-cial for ten years. IN JAIL AS A LUNATIC HANGS SELF WITH TOWEL. BRAMPTON, July 16.—Nelson Varey, aged 23, son of a Churchville laborer, hanged himself in jail, where he had been confined as a lunatic since last Saturday. Varey tied a towel to the handle of the door, made a loop and strangled himself. His knees were touching the floor. Wedding, Pleasure, Fishing and Va-cation Tours. Where to go is the question, it be-ing now generally acknowledged that a change is a necessity. If you are sick you go to a physician. Why not consult a specialist regarding your trip? Mr. C. E. Horning, the city pas-senger and ticket agent of the Grand Trunk at the northwest corner King and Yonge-streets, will freely give you advice, reliable information, illustrated publications and make you up an itin-erary for a two to thirty day vacation trip, suitable to your requirements or pocket book, or address J. D. McDon-ald, District Passenger Agent, Toronto, Ont. Yacht Worth a Fortune. The schooner Priscilla, owned by Commodore Geo. H. Worthington of Cleveland, Ohio, and rated as one of the finest pleasure boats on the great lakes, is tied up at the R.C.T.C. moor-ing grounds at Centre Island. The commodore and a large party of friends are on a tour of the lower lakes and will go as far east as Montreal, touching the towns on the north side on the way down and those on the south side when returning. They left Cleveland on Sunday last. The schooner, which cost \$120,000, was designed by Curry & Smith, New York, the same firm which designed George H. Gooderham's schooner. The fur-nishings also cost a small fortune. She carries four life boats and a naph-tha launch which is used as a tender. A crew of twelve men, including Cap-tain Charles T. Webster, has the big schooner in charge.

Liquor & Tobacco Habits

A. McTAGGART, M.D., C.M., 75 Yonge St., Toronto, Canada. References as to Dr. McTaggart's professional standing and personal in-tegrity permitted by: Chief Justice, Hon. W. W. Ross, ex-Premier of On-tario; Hon. U. W. Ross, ex-Premier of On-tario; Hon. B. Burwash, D.D., President Victoria College; Rev. Father Teffy, President of St. Michael's College, Toronto; Rev. Wm. McLaren, D.D., ex-Prin-cipal of Knox College, Toronto; Dr. McTaggart's vegetable remedies for the cure of all diseases are safe, healthful, safe, inexpensive home treat-ments. No ayurvedic or other un-scientific, no loss of time from busi-ness, and a certain cure. Consultation or correspondence invited.

# LARDER CITY

## Only Solid Facts For Solid Headed People

Larder City is the rendezvous of monied people who are making a study of these, THE GREAT FUTURE GOLD FIELDS OF THIS COUNTRY.

This Townsite was chosen by the Government of Ontario, as the best situated distribution point for 900 square miles of territory, crossed in all directions by rich gold deposits, and showing the only road to the Gold Fields of the Province of Quebec, which are situated four miles from this point.

The Ontario Government has located here the Railway and Navigation Terminals as well as the Registry Offices opened for this region. If one may judge by the other towns, which have been started in the last three years and which are far less advantageously situated than Larder City, the profits realized by the pioneer investors in other Townsites are far smaller than the purchasers of Lots in Larder City will be able to show in the same period of time.

LARDER CITY has been surveyed and the Lots picketed by the Government itself, and no mistakes can happen. We take the liberty to refer intending purchasers regarding Titles to the following:—The Minister of Mines in Toronto; Messrs. Blake, Lash & Cassels, Bank of Commerce Building, Toronto; Messrs. Lafleur, MacDougall, MacFarlane & Pope, New York Life Building, Montreal, and Mr. A. Hough, Recorder of Deeds, Larder City.

All Lots are of a liberal size, 33x100 feet, Streets from 66 to 100 feet, with reserves for Railway Stations, Markets and Public Squares.

**PRICES RANGE FROM \$100 TO \$350**

Full information through correspondence will be fully given to all inquiries.

G.T.R. TO COME NORTH BY WAY OF BELT LINE

Elevations Prepared for a Junction Above the Don Valley.

A survey has been made by the Grand Trunk for a new line running into North Toronto from the east...

The tracks east of the city will be used as the main line. A prominent Toronto man who is in a position to be well posted on such matters told The World last night that he had not only seen a record of the elevations, but was aware that the company was considering the matter...

It was proposed, he said, to approach the old belt line along the edge of the hill immediately north of the Don Valley bridge yards, and to utilize the old tracks from the Junction to North Toronto.

Following the belt line at that point, he said, would dispense with the heavy grade, which characterized the belt line south of the bridge yards to the north of the city.

The company is preparing to make some changes to its yarding being between Parliament street and the Don bridge and south of the main line. The main line is to give suitable track along the new channel of the Don River, which will probably be the site of many industries as soon as the channel scheme has been completed.

SAVED WOMAN'S LIFE Seized Runaway Bicycle Just at Top of Cliff.

NIAGARA FALLS, Ont., July 16.—Hiding down the cliff on a bicycle this morning, a woman on a bicycle lost control of the machine and escaped death thru being dashed over the cliff only by the action of two insurance delegates, William Tomlins, president of the Empire State Surety Company, and Samuel Brewster of the Aetna Indemnity Company. Just at the precipice the two men laid hands on the swiftly rushing bicycle and rider and brought them to a stop.

ACCIDENTAL DROWNING Sheriff Thinks Enquiry into Aylmer Fatality Unnecessary.

OTTAWA, July 16.—(Special)—"I don't think there will be any arrests made," said Sheriff Wright of Hull today when asked if developments would follow in case of the drowning of Misses Jennie and Dorothy Green, which occurred during the early hours of yesterday morning in Lake Deschambault, opposite York Mills, near Aylmer. The girls apparently were as much to blame as the young men.

Because of mystery surrounding the death of Henri Bastien, a farmer who lived in Hinks Township, Quebec, fifteen miles east of Kazubuzawa, and whose body was found in Trout Lake last week, Sheriff Wright leaves tomorrow to investigate. Bastien disappeared recently.

PLEADS GUILTY Willing's Second Wife Advised by Her Father to Prosecute.

WHITBY, July 16.—(Special)—Seven years in the penitentiary was the punishment of Willing, the bigamist, in the opinion of practically everybody who has heard of the notorious case of Gertrude Lomax, the sweet-faced girl whom he lured from her home in England and married in New York, only to tell her after a fortnight's wedding trip that he had a wife and three children in Canada.

AID FOR NEW MANUFACTURES Berlin Board of Trade Wants to Smooth the Way.

BERLIN, July 16.—At a general meeting of the board of trade the following important resolution was passed, and it deemed advisable by the committee appointed, will be sent out to sister boards of trade throughout the province for endorsement: That the chairman name a committee to report on the provincial statute dealing with aid to manufacturers, and the advisability of taking steps to secure an amendment by striking out that clause requiring established manufacturers to give their consent before a bylaw can be submitted for aid to concerns in similar lines.

Rain Causes Washout. NIAGARA FALLS, July 16.—(Special)—Caused by heavy rains, which fell for four hours this afternoon, a washout occurred on the Michigan Central line at St. David's, preventing a movement of traffic which has not yet been resumed. A train load of earth and cinders has been despatched with which to repair damaged lines.

Bruce Old Boys' Association will hold its annual home-coming excursion today, leaving Toronto in two Grand Trunk specials at 7.15 a.m. One will go to Waterloo and the other to Southampton. The excursionists will return on the regular trains.

D. S. Ambassador Thompson at Mexico City was robbed of \$13,000 by a trusted employe.

Manpower Liberals will banquet Hon. Dr. Pugsley and Hon. Chas. Murphy on Tuesday evening.

WADDINGTON & GRUNDY, 8 KING street East, Main 6286, Branch, Eglinton, N. 1012.

RUBBER ON THE BOUNCE American Trust Said to Be Responsive For Rising Prices.

"The trust is doing it," said the manager of a Toronto rubber goods house last night when queried as to the cause for the sudden and considerable rise in the price of rubber. The raw stuff, he said, had gone up from \$1.35 to \$1.72 per pound during the last few days and was liable to take another shoot at any time.

At present the motor car owners and the users of rubber belting are the hardest hit, but the common people who resort to rubber boots and coats will get a shock when the wet season sets in. All the dealers in rubber tires have not received the new price list yet, although the change took effect south of the international line on the 15th, and for that reason tires may still be purchased from them at the old prices. A dealer informed The World that some Toronto houses would maintain the old prices until the 20th.

It is reported that the new list will usher in the following increases for 28 x 4, 24 x 4 1-2, and 16 x 5 tires: Old prices, \$48.15, \$61.25 and \$73.75; new prices, \$51.95, \$70.40 and \$91.70, respectively.

SKILLED LABOR SCARCE. OTTAWA, July 16.—(Special)—W. Patterson, president of the Canadian Federation of Labor, says there is a great scarcity of men in all lines of skilled labor in the city.

A. J. ENGLISH & CO. REAL ESTATE BROKERS. OPEN EVENINGS 7 TO 9

in strict compliance with the Mining Act, the Montreal River "SILVER KING" Mines, Limited, furnishes the following particulars of the incorporation of the Company. DIRECTORS—No specified number of shares are required by the bylaws as qualification for director, although by law each director must hold at least one share absolutely in his own name, no provision is made in the bylaws for payment of remuneration to the directors. Names, descriptions and addresses of the directors: NORMAN MACDONALD, Manufacturer, agent, Toronto; President; CHARLES N. HALDENBY, Manufacturer, Toronto, Vice-President; CHARLES G. KNOTT, Accountant, Toronto; Secretary; Treasurer; DR. WILLIAM H. HODSON, Physician, Buffalo, Director; GEORGE H. SMITH, Hardware Manager, Toronto, Director.

MINIMUM SUBSCRIPTION—The minimum subscription on which directors may proceed to allotment is only three shares, namely, ten cents a share. No further calls will be made upon shareholders until the above price pursuant to bylaw of the Company. CALLS—No further calls will be made upon shareholders until the above price pursuant to bylaw of the Company. SHARES ALLOTTED FOR CONSIDERATION OTHER THAN CASH—The Company is under agreement to issue 1,200,000 shares of capital stock fully paid up, in consideration for the transfer of property to the Company, and the only shares issued or agreed to be issued are the five shares subscribed by the original incorporators, and no bonds, debentures or other securities have been issued or are to be issued under agreement with the Temiskaming Hematite Iron Company, Limited, in consideration of the issue of 1,200,000 shares of fully paid-up capital stock of this Company as aforesaid, and no further payments are to be made in respect of any property purchased or acquired by the Company either in cash, shares, debentures or other securities, or otherwise.

COMMISSIONS—No amount has been agreed upon by the Company, or agreeing to procure, subscriptions for any shares in the Company, but the Company has by its Letters Patent, power to pay a commission for such subscription not exceeding 10 per cent of the proceeds of such sales or subscription, and in the event of any agreement on the part of the Company for sale through brokers or agents, such commission will be paid as may be agreed upon by the Company from time to time, not exceeding said rate. PRELIMINARY EXPENSES—The estimated amount of preliminary expenses is \$1500, but no amount has been paid, and it is intended to be paid in cash, shares or debentures to any promoter. MATERIAL CONTRACTS—The Company has entered into no material contracts except the aforesaid contract for purchase of mining properties, which contract was originally made between the Company and the Temiskaming Hematite Iron Company, Limited, on the 15th day of December, 1908, and subsequently amended, and James G. Shaw, as trustee, bearing date the 15th day of December, 1908, and the Company's Solicitors, Messrs. Kerr, Bull, Shaw & Montgomery, Confederation Life Building, Toronto, at any time during business hours. AUDITORS—George Clay has been appointed Auditor by the Company.

INTEREST OF DIRECTORS—None of the Directors of the Company have any interest in the promotion of the said Directors are Shareholders of the said Temiskaming Hematite Iron Company, Limited, to the following extent: Norman Macdonald, five hundred shares; Charles N. Haldenby, eight hundred shares; Charles G. Knott, five hundred shares; Dr. William H. Hodson, sixty-five hundred shares; George H. Smith, four hundred shares; and no sums have been paid or agreed to be paid in cash or otherwise by any person, to any Director, either to qualify him as a Director or otherwise for services rendered by him in connection with the formation of the Company. Dated at Toronto this 12th day of February, 1909. This Prospectus was filed with the Provincial Secretary February 18th, 1909.

LOCATION—The course of the Montreal River lies from Lathford to Fort Metcawhan, in a northwesterly direction, and the silver discoveries have chiefly been made along this river. To illustrate this we would refer you to COBALT, ELK LAKE, the OTTAWA RIVER, and the MONTREAL RIVER. The DIABASE RIDGES run along the east bank of the Montreal River from Gow Ganda in a northeasterly direction, and from the location of the "SILVER KING" MINES, it appears, judging from the DIABASE AND CALCITE RIDGES, that the property must contain rich veins of silver. A glance at the map will convince anyone of the splendid location. The country is very rugged, caused probably by a volcanic eruption in the past, which eruption doubtless formed the bed of the Montreal River and the OTTAWA RIVER. THE "SILVER KING" IS SITUATED IN THE MIDDLE OF A VAST SILVER DEPOSIT.

PROPERTY—Five claims, comprising 131 1/4 acres. TITLE—Certificates of ownership issued by the Ontario Government. SURVEY—Claims surveyed by C. H. Fullerton, O.L.S. who has been engaged by the Ontario Government to make the survey for the new road from the Montreal River to Gow Ganda. DESCRIPTION—Alfred J. Williams, C.E. M.E. prepared the map showing the various ridges of DIABASE CONTAINING CALCITE VEINS. THE HOME OF SILVER IN Silver Land is in the Diabase and Calcite. SURFACE shows a good trace of silver, and gives every indication of value increasing with depth. ASSAYS—Made by the best of the world's assay offices. Principally Toronto business men of good standing. The list can be seen at our office. SHAREHOLDERS—The shares are for sale less than 200,000 shares AT TEN CENTS PER SHARE (our price value one dollar). The money is required principally for further development of the property. PRICE OF STOCK—The price of the stock is \$100.00 per share. TREASURY STOCK—After the stock referred to above is disposed of, there will still remain in the treasury 500,000 shares. Samples of ore from the surface of this property may be seen, and a copy of the Engineer's Report, Prospectus and Form of Application for Shares may be had on application to BROOKS & PINNER, BROKERS, 110 Manning Chambers, Toronto Telephone Main 5284 675

RICH ORE AT DEPTH OTISSE MINE PROSPECT Expected Discoveries at 75 Foot Level Will Do Wonders For the Whole District.

STREET NOISES What the Civic Bylaw Prohibits and What it Doesn't. New York is now rejoicing because of an anti-noise statute. For the enlightenment of Torontonians who complain of local street disturbances, here is what the bylaw (1904) "to prevent certain noises calculated to disturb the inhabitants," says:

No person shall, to advertise "any sale, or merchandise, furniture, or other article, or matter, or for any other purpose, ring a bell, blow a horn, cry halloo, or create any other discordant noise in the streets of the city, or on the step of a house or other premises open to the public street, whereby individuals or the public are liable to be subjected to inconvenience, and annoyance; provided always, that nothing contained in this section shall be construed to extend to any duly licensed hawk or pedlar moderately crying his wares; or to any duly licensed milk dealer upon any day in the week up to date in the morning, a bell in front of a house where he is delivering or about to deliver milk."

Insult to Dreyfus. NIMES, France, July 16.—The monument erected here to Bernard Lazare, the first defender of Alfred Dreyfus, was demolished last night. The bust of M. Lasare was broken to pieces with a hammer.

Used Coal Oil on Fire. BROCKVILLE, July 16.—(Special.)—Presence of mind saved Mrs. David Cooper from being burned to death. She undertook to kindle a fire with kerosene and an explosion followed. The flames striking her face and arms. Her clothing and hair also caught fire, but she plunged into a tub of water in the kitchen and extinguished the flames.

The flames striking her face and arms. Her clothing and hair also caught fire, but she plunged into a tub of water in the kitchen and extinguished the flames.

MORE BRITISH CAPITAL INTO SOUTH LORRAIN

Sale of Nearly Hundred Acres of Rich Mining Lands Attracts Attention to Mining Camp.

The revival of interest in the mining fields with the advancing of the vacation season has been marked by several important deals. The most important was undoubtedly that concluded yesterday, by which nearly 100,000 was paid for a group of claims in South Lorraine by Thomas Costigan, George Wishart and R. J. Jowsey on behalf of a group of British investors.

The famous Keeley Mine, it will be recalled, was discovered by the British capitalists by Dr. Beattie Nesbitt, ex-M.L.A. The great success of this property and the Wettlaufer, which is now being developed, has led to this further infusion of British capital into the mining fields of the north.

The claims which have just been acquired by the mining investors from across the Atlantic are located on the west side of the Lake. Just northwest of the famous Keeley and Wettlaufer. The discovery strike was made about two years ago and developments have disclosed a richly productive vein which values at the surface. It was purchased after it had been passed upon by eminent engineers, with whom the British representatives, made a thorough and practical examination. All the development work has been done by the British capitalists and a patent has been applied for.

It has taken a long time to get British and American capital interested in the South Lorraine district. The presence of two New York millionaires in this city yesterday, Messrs. Wishart and Costigan, was a good omen for the future of the mining fields of Northern Ontario, for after visiting the north country they have not only invested heavily but are purchasing more.

Mr. Wishart, whom Dr. Nesbitt interested in the great Keeley Mine, is a big promoter among British investors in the mining industry. He is known as the inventor and introducer of the aluminum rotary press for lithographing, which he introduced into the world. By this he realized a large fortune, it is said as much as a million dollars. After Dr. Nesbitt introduced him to the Keeley Mine, and he saw the country, he became so enthusiastic that he went to London and has since that time been studying in the world's metropolis more than seventy claims in South Lorraine.

He brought his associates to Canada and showed them the notable discoveries in South Lorraine. They were afforded every facility for the most thorough investigation of the property in the development of that camp is from British sources. A thing that has struck the public eye is that so little has been said about South Lorraine. The truth is that the people who got the Keeley Mine, and the money to spend themselves, and handled the whole proposition without appealing to the public or selling a share of stock outside their own circle.

The ablest mining engineers, including those of the provincial government, are satisfied with the geology of South Lorraine, and their judgment is based on comparisons with Cobalt and the other districts of New Ontario. Prospecting in Canada is proceeding on a more scientific basis or under the direction of such competent engineers. The geological conditions in Canada, and there was considerable work done in the way of prospecting on a more scientific basis or under the direction of such competent engineers. The geological conditions in Canada, and there was considerable work done in the way of prospecting on a more scientific basis or under the direction of such competent engineers.

COBALT FORMATIONS

No Guide as to Presence of Silver, as Formations in History Shows. Thomas Nevins & Son, bankers, New York, in their weekly letter say: Mining engineers who have been devoting several years to the study of the geological formations in the Cobalt silver districts of Canada, have finally reached the conclusion that the character of the rocks in which the veins of this remarkable mineral occur, has no material bearing on the quantity of silver which is contained in them. When Cobalt was discovered originally, its characteristics were not known, and it was not until after the discovery of the silver-bearing veins in the Hargrave, and in a very few minutes everybody in town seemed to know it, altho the property is three miles from the square. The large buying of Hargrave on the Toronto exchange was largely on account of purchases here.

Later on information was given out of discoveries on the City of Cobalt and Cobalt Lake, and there was considerable buying of these shares. In the afternoon another vein was uncovered at the Nova Scotia, making a total of about 300 feet of new veins uncovered at that property since the second of July.

A large number of men interested in the mines are here at the present time among them being D. L. Steindler, and John Jacobs of the Nova Scotia, and Alex. and David Fiskin of Toronto. Mortimer Davis will be here to-morrow from Montreal, and Sam Sharp, M.P., who has been in Gowanda for the past ten days, reached here this afternoon on his way back. He reports considerable activity in Gowanda and at Miller Lake, as well as in the Hargrave, and says that every body is hopeful in these sections of the country.

Rivers' Awful Fall. NEW YORK, July 16.—Four cretars dropped from the top of the new Manhattan bridge to-day when the frail plank scaffold on which they were working, 150 feet above the waters of the East River, gave way under their combined weight. Only one of them clutched steel beams as they fell and escaped his fate.

A New Pittsburg Train. A convenient afternoon service to Pittsburg is afforded by the new C.P.R. train leaving Toronto at 1:15 p.m., arriving Buffalo, and changing at 4:30. Connecting train leaves Buffalo at 5:20 p.m., reaching Pittsburg at 10:35 p.m. (eastern time). Keep in mind that the C.P.R. train leaves Toronto at 1:15 p.m. and reaches Pittsburg at 10:35 p.m. (eastern time). Keep in mind that the C.P.R. train leaves Toronto at 1:15 p.m. and reaches Pittsburg at 10:35 p.m. (eastern time).

Few Opportunities Greater Than This

A property considered by experts to be "the best in Southern James, the treasure township." One of the few remaining public opportunities of sharing in the wealth of James Township.

GLADSTONE MINES LIMITED

Capital \$1,000,000, divided into 1,000,000 shares of \$1.00 each, of which 500,000 shares have been issued in part payment for the mining claims, 500,000 shares are now being offered at 20 cents per share and the balance retained in the Treasury of the Company. The Company possesses eighty acres of valuable silver-bearing land in the famous James Township—Montreal River district—for which adequate working capital is now sought.

A FACTOR of the utmost importance for the successful conduct of any Company is the Board of Directors. That the Board of Directors of the Gladstone Mines Limited (no personal liability) will be conducted in a sound, conservative, business-like way, will be evidenced upon a study of the Directorate, which includes some of the most successful business men of Toronto.

ARTHUR G. PEICHER, President, Standard Chemical Company, Toronto. JOHN B. KAY, of John Kay & Co., Limited, House Furnishers, Toronto. JOHN L. DAVIDSON, of Davidson & Hay, Wholesale Grocers, Toronto. GEORGE BARRON, of Robert Barron & Co., one of the largest Retail Grocery and Importing Houses in Canada, of Toronto. FRED H. ROSS, one of Toronto's most successful Real Estate men.

As an indication of good faith with the public, it has been decided to appoint The Toronto General Trusts Corporation, Toronto, trustees for the receipt of all stock subscriptions, and to issue all certificates up to July 19, 1909, with the understanding that if the amount of stock—300,000 shares, at 30 cents—now being issued to provide the necessary working capital has not been subscribed for, all subscriptions short of this amount will be returned, and the stock issue otherwise dealt with.

The Directors are resolved that it is in the real interests of the shareholders that the necessary amount of working capital for the conduct of the Gladstone Mines, Limited (no personal liability), should now be at their disposal. The property is a magnificent one, but it is determined that, unlike many a property of fine promise, once the working development has been entered upon it the work must be pushed through rapidly and completely, so that the paying point may be reached as early as possible.

Subscriptions should be sent at once by wire or letter to The Toronto General Trusts Corporation, Toronto, as the lists close July 19, 1909, and the opportunity will then be past. Engineer's Report, Prospectus, Maps, etc., may be had on request of the undersigned.

ALEXANDER WARDEN

Stock, Mining and Bond Broker 18 TORONTO STREET, TORONTO, ONT.

LIVELY TIMES IN COBALT

FOUR STRIKES ARE MADE Wednesday Was Red Letter Day at the Camp—Nova Scotia Uncovers 300 Feet New Veins.

COBALT, July 14.—(Staff Special.)—Things were more than lively here in Cobalt to-day, both in the way of discoveries of veins on several of the properties, and in the way of increased buying of shares. At 8 o'clock this morning, a discovery was made on the Hargrave, and in a very few minutes everybody in town seemed to know it, altho the property is three miles from the square. The large buying of Hargrave on the Toronto exchange was largely on account of purchases here.

Later on information was given out of discoveries on the City of Cobalt and Cobalt Lake, and there was considerable buying of these shares. In the afternoon another vein was uncovered at the Nova Scotia, making a total of about 300 feet of new veins uncovered at that property since the second of July.

A large number of men interested in the mines are here at the present time among them being D. L. Steindler, and John Jacobs of the Nova Scotia, and Alex. and David Fiskin of Toronto. Mortimer Davis will be here to-morrow from Montreal, and Sam Sharp, M.P., who has been in Gowanda for the past ten days, reached here this afternoon on his way back. He reports considerable activity in Gowanda and at Miller Lake, as well as in the Hargrave, and says that every body is hopeful in these sections of the country.

MURDERER SUICIDES

Takes Poison as Victim's Body is Brought to Hotel. PORT HURON, Mich., July 16.—Louis Rosenberg, a cigarmaker of Cleveland, Ohio, was murdered on a lonely island in the St. Clair flats, a few hours later Frank Elbera, also of Cleveland, who is charged with the murder, was also dead from a dose of poison, self-administered. A third Cleveland man, Sam Frieble, is held as an accomplice.

The three men had met at Bedore's Hotel, where they had gone for a vacation. Rosenberg showed a large sum of money. To-day his body was found lying in the rushes of a lonely little islet. He had been stripped of every cent of his money.

As the officers returned to the hotel with the body they heard a man inside scream: "I've taken dope." The man proved to be Frank Elbera. In a case was found a revolver and bloody clothes, with nearly \$200 in money. Frieble told how Elbera knocked Rosenberg on the head with the butt of his revolver and then held the cigarmaker under water until he was drowned.

BOLD BURGLARS THESE

Hold Off Interruption With Revolver Until Safe is Blown. ASHLAND, N. H., July 16.—On a masked robber held three families at bay for more than a quarter of an hour early to-day while two robbers, also masked, worked in the glare of an electric light and finally succeeded in blowing open the safe of the Ashland Savings Bank, escaping with \$500 in cash. Three explosions were necessary to force the safe and the robbers were at work for more than fifteen minutes after their operations had been discovered.

Young Man's Suicide. WHITE PLAINS, N.Y., July 16.—With a revolver still clutched in his right hand, the body of Harold G. Cox, aged 23, teller of the Home Savings Bank of this place, was found missing from his home here since July 5, was found to-day.

"Daughters" Are Generous. "Westward Ho" Chapter of the Daughters of the Empire have presented the City of Edmonton a handsome team of horses for the ambulance, which the chapter had also presented to the city some time previously. The total cost was \$1000.

Free Receipt For Weak Men Gentleman Will Send It Confidentially, Free and Sealed, Every Weak and Unable Man Who Writes for It.

I have in my possession a prescription for nervous debility, lack of vigor, weakness, mental failing, memory loss, and back, brought on by excesses, unnatural diets or the follies of youth, that has cured so many worn and nervous men right in their own homes—without any additional help or medicine—that I think every man who wishes to regain his manly power and vitality, quickly and quietly, should have a copy. So I have determined to send a copy of the prescription, free of charge, in a plain, ordinary sealed envelope, to any man who will write me for it. The prescription comes from a physician, who has made a special study of the man, and is convinced it is the surest acting combination for the cure of debilitated manhood and vigor, ever put together. I think I owe it to my fellow men to send them a copy in confidence, so that any man, anywhere, who is weak and discouraged with repeated failures may stop dragging himself with harmful patent medicines, secure what, I believe, is the quickest acting, restorative, upbuilding, and quickly acting remedy ever devised, and so cure himself at home, quietly and quickly. Just drop me a line like this: Dr. E. Robinson, 265 St. Clair, Detroit, Mich., and I will send you a copy of this prescription, free of charge, in a plain sealed envelope, free of charge.

# July Wheat Lower at Chicago Distant Futures Are Higher

Profit Taking Forces July Option Lower—Winnipeg Market Easier for July and Stronger for September.

World Office, Friday Evening, July 16.

### Total Live Stock.

The total receipts of live stock at the City and Union Stock Yards for the present week were as follows:

Cattle	167	176	343
Horses	107	216	323
Sheep	202	429	2051
Hogs	283	783	2388
Pigs	182	590	1883
Horses	1	148	149

### FRUIT MARKET.

"Between seasons" somewhat, was the reason occasionally given by one of the fruit commission merchants yesterday for the dull appearance of the market. Only a few raspberries came in, while cherries, gooseberries and currants are sufficient to supply the trade.  
Bunches of 4 had a few baskets of russet apples from Burlington that were hard and firm and reflected good care on the part of the winter shipment. The following prices were current:  
Raspberries, per box \$0.40 to \$0.50  
Currants, red, per basket, 0.60  
Cherries, sour, per basket, 0.75  
Cherries, sweet, per basket, 1.00  
Oranges, per crate 2.50  
Watermelons, each 0.20 to 0.40  
Plums, California, per crate 1.75 to 2.50  
Peaches, 1.50 to 1.75  
Apricots, 1.75 to 2.00  
Cantaloupes, per case 3.50 to 4.00  
Bananas, per bunch 1.75 to 2.25  
Potatoes, Canadian, basket, 0.50  
Tomatoes, 1.50 to 1.80  
Tomatoes, American 1.00

### GRAIN AND PRODUCE.

Grain dealers' quotations are as follows:  
Oats—No. 2 white, 5c to 5 1/2c; No. 3 5c to 5 1/2c; track, Toronto; Canadian western oats, No. 2, 5c to 5 1/2c; lake ports, No. 3, 5c, prompt shipment.  
Manitoba wheat—No. 1 northern, \$1.35 1/2; No. 2, \$1.34 1/2; No. 3, \$1.33 1/2.  
Barley—No. 3 extra, 6c to 6 1/2c; No. 3, 6c, nominal.  
Manitoba flour—Quotations at Toronto are: First patents, \$6.20 to \$6.40; second patents, \$5.70 to \$6.00 per cent. patents, \$5.20 to \$5.50; outside nominal.

St. John \$1,100,000, increase 23.8  
Calgary \$1,500,000, increase 24.2  
Victoria \$1,000,000, increase 12.8  
Edmonton \$800,000, increase 0.

### Winners at Grocers' Picnic.

An interesting feature of the grocers' picnic on Wednesday at Victoria Park, Niagara Falls, was the Taylor Soap guessing contest. The Taylor Soap was distributed on a guess as to the weight of a special bar of Taylor's Borax Soap passed around by Mr. Alex. Hutchison.  
The grocers are used to lifting cakes of soap, but this lady was the best guesser as the winning weight was Pirat prize, Beatrice Dalton, 78. Other prizes, Art, Doves, 54; Home-owned-avenue, one box Taylor's Borax Soap, Third prize, John Mark, 54; No. 29 street, half box Taylor's Borax Soap.

### DAMAGES FOR SLANDER

Labor Men Have a Difference Which Requires Legal Attention.  
W. J. Hevey, a prominent labor man and formerly secretary of the Trades and District Labor Council, has issued a writ against J. W. Bruce, a member of the stone cutters' union, for \$500 damages for slander. The issuance of the writ is the result of an altercation a few months ago at a meeting of the Labor Day committee, the complainant objecting to a charge made by the defendant that he was playing the part of a private detective with the labor people.

### London Wool Market.

LONDON, July 16.—A good selection of 12,887 bales was offered at the wool auction to-day. Competition was spirited and prices were strong. Americans paid 12s 6d nominal; natural white, 36 to 32 lbs., 5c to 5 1/2c; clipped white, 34 to 32 lbs., 5c to 5 1/2c.  
Rosin, quiet. Turpentine, quiet, 45c. Molasses, steady. Freight to Liverpool, easy; grain by steam, 1 1/2c.

### BETTER IMMIGRANTS.

Donald Sutherland, director of colonization, stated to The World yesterday that in his published remarks he had decided to say that the value of farm products in Ontario had decreased 100 per cent, but rather "that the value of farm products could be increased 100 per cent, if sufficient labor was available properly to work the land."  
"I might add," said Mr. Sutherland, "that the immigrants which have come into Ontario this year are of a class superior to those that formerly came out, especially the assisted immigrants from large cities, who were entirely unadapted to agricultural conditions."

### FOREIGN POLICE ARE NOW BARRED FROM FRENCH SOIL.

PARIS, July 16.—The remarkable series of revelations regarding the methods of the Russian students and refugees in France, which involved Bortz's exposure of General Hartung's complicity in the plot against Alexander III., has led Premier Clemenceau to announce in the chamber of deputies that the government has decided to found the maintenance territory of foreign police in French territory.

### Woman Talked Too Much.

MONTHLY July 16.—Mrs. W. W. Wright, evidently a refined English woman, who has several times of late allowed her scientific feelings to get the better of her breeding, appeared in police court to-day in connection with a charge of obstruction to a public meeting. She is detained pending an examination into her sanity.  
It is believed she left a comfortable home in England on account of her views. She has two children with her, a boy and girl, and she has lived in Montreal for some time.  
The Glass Bottle Blowers' Association of the United States and Canada has defeated a proposition to amalgamate with the American Flint Glass Workers' Union. The vote was 197 to 35.  
Chas. R. Crane of Chicago will be named the U. S. minister to China.

CANADIANS AT BISLEY WIN "KOLAPORE CUP"

Lead Motherland Team at the Finish by 21 Points—Second Grand Win.

BISLEY RIFLE RANGES, Eng., July 16.—(C.A.P.)—The Canadian rifle-men are indeed covering themselves with glory, having yesterday and today won the MacKinnon and the Kolapore Cups.

The final scores for the Kolapore showed: Mother Country 763; Transvaal 742; Natal 750; Guernsey 747; Southern Rhodesia 730; India 725; African Protectorates 671.

The "Rajah of Kolapore's" Imperial Challenge Cup was given in 1871. It is shot for by teams of eight men, who fire seven shots each at 200, 300 and 400 yards.

Canada has won the cup eight times, first winning it twice in succession, in 1905 and 1906. A special commemorative silver bowl is presented by the N.R.S. to the captain, adjutant and members of the winning team.

Range Scores. 200 yards: Freeborn, Col. Sgt. J. 445545-31; Jones, Major J. M. 555454-33; Kelly, Sgt. W. 555454-33; Morris, Lt. F. H. 555454-33; Mitchell, St. Sgt. T. 555454-33; Russell, Sgt. G. W. 555454-30; Smith, Lt. Nell 555454-30; Smith, Sgt. W. A. 555454-34.

W. 454555-43; McVittie, Capt. J. 345433-43; Morris, Lt. F. H. 454555-43; Mitchell, St. Sgt. T. 043554-55-41; Melnes, Corp. D. 043554-55-41; Russell, Sgt. G. W. 545555-43; Smith, Lt. Nell 554555-43; Smith, Sgt. W. A. 554555-43.

AFTER SUNKEN TREASURE

New Yorkers Lead Expedition on Lake Huron.

DETROIT, July 16.—Lure of hidden treasure has led to one more attempt to recover the valuables in the wreck of the steamer Pewabic, which for forty-three years has lain 160 feet below the surface of Lake Huron off Thunder Bay Island.

A New York syndicate with a diving rig which, it is said, consumed eight tons to perfect, chartered the little steamer Douglas of Detroit, which is fitting out here. She will depart on Saturday on the expedition, William Petry of New York will be in charge.

TREES BY THE MILLION.

R. H. Campbell, Dominion Superintendent of Ottawa, is on his way to Western Canada, where he will spend the remainder of the summer inspecting the work of tree planting on the prairie and the work on the forest reserves. About three million trees have been set out on the prairies by farmers under arrangement with the forestry branch of the department of the interior, the trees being supplied from the government nursery at Indian Head. About two million trees per acre are being set out, and the aspect of many districts is thereby being rapidly changed for the better.

While in Toronto Mr. Campbell called on James Lawler, secretary of the Canadian Forestry Association, and talked over the meeting at Regina on Sept. 3 and 5.

Scalded by Burst Pipe. LONDON, July 16.—Fireman Bennett of the C.P.R. met with a serious accident here shortly before noon, when a steam pipe in the cab of his engine exploded. He was terribly scalded about the head. It is feared he will lose his sight.

SIMPSON COMPANY LIMITED

The House is Finished When It is Furnished

"WHEN will your house be finished?" How often has the courageous person who undertakes to build a house heard that interrogation? It is a stock question—"When will your house be finished?"

Generally the hapless owner replies something to this effect—"Don't ask me. Ask me when will flying machines be cheaper, or something easy. Here the painters are out and the plumbers won't plumb unless they get a cent a minute more. When will the house be finished?"

The owner, however, is merely passing through a stage. The time will come when the painter is finished and the plumber has gone for good. Then he will have a house. But is that house finished? By no means.

A house without blinds, curtains, carpets and furniture, a house without pictures or decorative draperies—what good is it? A house is not finished until it is furnished, and many is the family that realizes the fact with an awkward pause in their activities.

Our New Number

The Telephone Number of the Robert Simpson Co., owing to the increased number of our lines, has been changed to 7841.

Simpson's Summer Timetable

Store opens 8 a.m.—Closes 5.30 p.m. During July and August Store Closes 1 p.m. on Saturdays.

Wash Goods Reductions

WE undertook a short time ago to clear out one of the largest Canadian warehouses of all the muslins we thought worthy to be classed with Simpson's. We didn't buy the goods to keep, we bought them to sell QUICKLY. They won't be taken into regular stock even. They must pass out right away. So what we have left are to go at still further reductions. There isn't a common design in the whole lot. On sale 2nd floor.

200 pieces Real Hand Embroidered Swiss Muslin sized dot; these are done up in pieces of from 7 to 10 yards, mostly 10, and will only be sold by the piece; they are worth regularly at least 15c per yard. One special price Monday 7c per yard.

A big lot of the finest American Organzies and Batistes, printed in all the newest and best colorings and designs, including blacks and navys. Regular 15c to 20c, for 7 1/2c.

Black Grenadine Muslins, choice designs in checks, fast black Regular 25c, for 15c.
