HOLLINS SHOWS  
MCGRAW IS WRONG

Long Drive and Catch Answer "Slipping" Statement.

Major Leagues to Open the Season of 1932 on Next Wednesday—Features of the Games Played on Sunday.

(Canadian Press) New York, April 10—Eddie Collins the Chicago American, considered by experts to be baseball's greatest and best, is "slipping," says John McGraw of the Giants. During the Sox-Giants game at the Polo grounds yesterday, McGraw engaged Collins, six man in conversation. "Now," said the kid, "there's Collins, the class." "Ah, yes," said McGraw, "but he's slipping."

(Canadian Press) Washington, April 10—The Nationals finally finished their training work for 1932 season today when they met the Metropolitan University nine in their exhibition game. Manager Miller is not concealing his satisfaction over the team's showing in taking seven out of ten games in the series with the Boston Braves which ended here yesterday in a 3 to 2 victory for the locals.

(Canadian Press) Boston, April 10—Boston's major league baseball team were on their spring training tour today. The Sox were bound home from Cincinnati, not to play again until the American League season here in Philadelphia on Wednesday.

(Canadian Press) Chicago, April 10—The National League today opened their season series with the New York Yankees. Although the Dodgers had no hope in conquering the American league champions while in the south, latter aggregation came back on Sunday and Sunday, and won handsomely. The Sox series varied some time ago, but the stand the Yankees have made in beating to their followers. Yesterday's game resulted in a shut-out of the Dodgers, Mays and Bushing the enemy to three hits. The Sox got nine safeties, one of them a mer by Schang.

(Canadian Press) Montreal, April 10—The first Canadian National open boxing championships ever staged in Western Canada will be held here April 20 and 21. The event is being promoted by many parts of the Dominion and the United States. Preparations are already under way by officials of the Alberta branch of the Amateur Athletic Union of Canada to assure the success of the tournament. Manitoba, Saskatchewan and British Columbia are sending representatives and there promises to be a large representation from the boxing territory in Alberta. Four of the Canadian amateur titles are now held by St. John's boxers.

THE BIG UNION  
IN NOVA SCOTIA

Face Bay Hears That First Step to This End Has Been Taken.

(Canadian Press) St. John's, April 10—It is understood that the first official step has been taken to introduce the One Big Union into this district. The Phelan is reported to have communicated with One Big Union headquarters in the U. S., looking to the organization of the union in Cape Breton coast districts. Leaders of the organization, it is said, are asked to tour the province at this time. This step was forecasted several months ago when district mining editor McLachlan was reported preparing that the One Big Union would be established in Cape Breton before the end of the present year. About the same time the Mechanics' Local adopted a resolution expressing their intention of affiliating with the western union.

GREATEST SINCE  
VERSAILLES

Genoa Conference Beginning Its Work Today.

Thirty Three States Represented at the Gathering at Which it is Hoped Remedies for the Ills of Europe will be Found.

(Canadian Press) Genoa, April 10—Nations of four continents today began efforts to restore the world to normal conditions. All plans had been completed today for this great economic congress, which was generally regarded by competent judges as the most important and significant assembly since the Versailles conference. Representatives of thirty-three states were prepared to take steps that it was hoped would lead to the economic reconstruction of Europe, the conference particularly to be concerned with plans for rebuilding central Europe and rehabilitating Russia, which was admitted by many delegates to be a subject of supreme importance by itself, perhaps the most far-reaching question which the congress shall be called upon to solve.

(Canadian Press) London, April 10—The first British Premier, Lloyd George of Great Britain, who was the chief moving force behind the call for the conference, emphasized on the eve of the gathering the vital necessity there was for Europe and the world of grasping earnestly with the problems confronting the conference. While declining to make a prediction as to what would be accomplished, he declared: "One thing is certain, we have come here to work with all energy and earnestness and not to waste time in argument. I am sure all the delegations are in accord on one point and that is to reach an agreement which will prevent renewal of international conflicts, thus re-establishing general peace and reciprocal confidence between the states on a basis of economic prosperity."

(Canadian Press) London, April 10—The French as well as the others are stressing the Russian problem, which is brought to the forefront by the presence of a numerous Russian delegation, headed by the Soviet foreign minister, George Chicherin. His coming together with that of a German delegation and other delegations from the neutral states, makes the first time the allies have gathered in such a conference since the war with the nations which were their enemies in that struggle, and others which remained outside the conflict. Formal opening of the sessions was to take place at 3 p. m. in the historic palace of St. George.

(Canadian Press) London, April 10—This picturesque structure was built in 1260 by Fraile Oliviero and was the first official residence of the captains of the people, then the seat of the celebrated company and Bank of St. George. Great throngs on Palm Sunday visited this scene of today's conference and found scores of assistants engaged in carrying plants and flowers to relieve the somewhat sombre and lonely aspect of the auditorium. Thousands of interested Genoaese gathered along the waterfront seeking advantageous positions from which to observe foreign diplomats and distinguished statesmen upon their arrival. In the bay of Genoa itself, shrieks of small tugboats and the more impressive and deep-throated whistles of more important vessels seemed to breathe life into the modern commercial city of Genoa, whose vessels sail to markets on the sea. This busy port of commerce impressed observers as a fitting background for a congress whose ostensible mission is the restoration of economic health to a suffering and sorely tried Europe.

(Canadian Press) London, April 10—A complete list of the nations and states represented with the number of their delegates follows: South Africa, four; Albania, four;

As Hiram Sees It

"Me an' Hanner," said Mr. Hiram Hornbeam to the Times reporter, "was talkin' las' night about you folks here town. Hanner reads the papers an' follers what's goin' on here a lot closer, I'll bet, than you folks. We was talkin' about them U-nited Organizations an' what it was, with most of us folks, as long as they don't get a tooth knocked out—or somethin' like that. It's only once in a long while they wake up an' see what somebody's doin' or tryin' to do to 'em—an' then they get busy. An' it ain't the big fellows with lots of money that takes the lead nuther. It's the common folks that hee to do the fightin'. Hanner says she'd like to hev them hardwore clerks an' other bright young fellows know she's mighty glad to see 'em takin' hold o' things an' showin' they hev some faith in themselves an' the town. She says if they'll just stick to it an' give a little of their spare time right along to thinkin' an' plannin' for the old town, they'll soon hev it better done as well as any Sarcekeeper does his own business—By Hen!"

JURORS HOLD  
DAY BLAMELESS

Prominent Attorney Killed Man Whom He Found in His Home.

(Canadian Press) Oklahoma City, April 10—Holding that Jean P. Day, prominent attorney and oil man, was struck in the chest by the bullet of a man who had returned to that house and found the attorney with one arm around Mrs. Day, jurors today fighting him, the husband testified. He related how he had got his gun, how Mrs. Day cried out: "Oh, Daddy, don't do that!" he said, in explaining the revolver and Beck fell, dying. He said he cursed the dealer of his home. "My God, Daddy, what have you done?" said his wife. Day testified he told her he had not meant to kill the officer. Day said that he had afterward put the gun to his own head—but was "too brave" to commit suicide.

WHY WOMAN  
WENT TO STEAL

Distressing Conditions Found When Charge of Theft is Investigated.

(Canadian Press) St. Thomas, Ont., April 10—Distressing conditions were discovered in a home in Aldborough township by County Police Magistrate Hunt and county authorities, when Mrs. Annie Grovier appeared before the magistrate on a charge of breaking and entering a neighbor's residence and stealing a quantity of groceries and meat. A county constable who had visited the Grovier home described it as a mere hovell, hardly fit for swine to live in. Peter Grovier, the husband, is a helpless cripple, and there is a mentally defective daughter. The only fuel for heating the shack during the winter had been picked up by Mrs. Grovier around the fences. Their clothing was almost reduced to rags, the food they had been able to procure had barely kept them alive, and there had not been a light in the shack for months. The magistrate found the woman guilty and ordered the authorities to see that food and clothing are provided and the husband removed to a proper institution. He advised the people who attended the hearing to give little of their money to assist local sufferers.

THE FREDERICTON  
TEAM FOR THE  
TOURNAMENT

(Canadian Press) Fredericton, N. B., April 10—Fredericton's team to participate in the annual maritime and Maine candle pin bowling tournament next week will be officially named during the next few days. It is practically decided that the members of the team will be Sandy Staples, Rock Paynter, Percy Brewster, Jack Lawlor and Harry Pidgeon, with Bert Nelson as one of the substitutes and another yet to be picked.

ARE AGAIN RETURN

(Canadian Press) Budapest, April 10—Czechoslovakia, Yugoslavia and Rumania have informed the Hungarian government that the Little Entente would oppose the return for former Empress Zita to Hungary as likely to provoke complications. Austria, six; Australia, fourteen; Belgium, fourteen; Bulgaria, fifteen; Canada, two; Czechoslovakia, thirty; Denmark, ten; Estonia, twenty-five; Finland, seven; France, eighty; Germany, eighty; Great Britain, one hundred and twenty-eight; Greece, twenty-two; Ireland, six; Italy, sixty; Letwilt, six; Lithuania, seven; Luxembourg, four; Norway, eight; New Zealand, sixteen; Holland, sixteen; Poland, forty; Portugal, nine; Rumania, twenty-two; Russia, twelve; Jugoslavia, twelve; San Marino, sixteen; Spain, sixteen; Sweden, ten; Switzerland, eight and Hungary, seven.

DE VALERA STILL  
REMAINS LEADER

Irish Republicans Deny Report He is Deposed.

(Canadian Press Cable) Dublin, April 10—A statement issued by the Irish Republican publicity department today contradicts rumors, given form in an article in the London Daily Mail this morning, that Eamonn De Valera had been deposed as leader of the Republicans at the secret meeting of the Irish Republican army in Dublin yesterday.

ANXIOUS ABOUT EASTER WEEK

(Canadian Press) London, April 10—The so-called extremist Republicans in Ireland observe the anniversary of the Easter week uprising against Great Britain in 1916 by again attempting this Easter week to oust the provisional government and establish a republic in its place. This is a question that is being seriously discussed in well informed circles both in England and in Ireland.

SIR A. CONAN DOYLE  
IS IN NEW YORK

(Canadian Press) New York, April 10—Sir Arthur Conan Doyle, creator of Sherlock Holmes, and now a spiritist, arrived here last night in a private motor car. He is in New York to propose to make a raid on American spiritists, he said, in explaining the purpose of his proposed lecture tour. "I propose to raid church and laity alike."

PHILIX AND  
PERDINAND  
WEATHER  
REPORT

(Canadian Press) London, April 10—Arthur Griffith, addressing a large meeting outside the town hall here yesterday, referred to what he termed De Valera's strenuous but vain effort during his visit to the United States to secure American recognition of the Irish Republic. He tried for eighteen months, said Mr. Griffith, with all the support of the Irish people and the Irish American, but failed. It was not De Valera's fault, but what De Valera had failed to secure from the most friendly country in the world he did not believe the people of Ireland in a few months could make England consent to give them. Mr. Griffith characterized the tactics of De Valera and his followers at the present time as "meaner than those of the Black and Tans."

EXPLOSION IN UPPER SILESIA—  
VARYING REPORTS ABOUT  
OCCURRENCE ARE CIRCULATED.

(Canadian Press) Berlin, April 10.—Twenty-three French soldiers and one German foreman are reported killed, and ten others injured in an explosion yesterday, at the Huettten, smelting works, near Gleiwitz, Upper Silesia. Tremendous excitement was reported from Gleiwitz, with the expectation that martial law would be proclaimed. The latest accounts declare the explosion took place in the family vault of Count Einsiedel, one of the founders of the Royal Smelting Works, in the cemetery connected with the works. Unofficial reports assert that a hidden mine was detonated during a search for concealed arms. The German authorities are unable to conduct investigations, the advice states, as the inter-Allied commission for Upper Silesia is in control, but it is declared that so far no evidence incriminating German subjects has been found.

REVOLUTION  
POSSIBLE IN  
THIS DISCOVERY

(Canadian Press) London, April 10.—(Canadian Press.)—The construction of telephones and the making of motor cars and aeroplane engines is likely to be revolutionized by a Sheffield discovery of cobalt magnet steel, according to opinion of experts, which is said to be enormously superior to tungsten steel for the making of a magnet.

DEATH IS TOLL  
OF PROGRESS

(Canadian Press) Toronto, April 10.—The Globe publishes the following from Detroit: "What is believed to be the first death by accident in connection with an aerial for a radio phone occurred on Sunday afternoon at Royal Oak, when Homer P. Chase was instantly killed. He was straining wires for his aerial when a wire he was holding fell upon a high tension wire of the Detroit Edison Co., carrying several thousand volts. The high tension wire was not insulated, and Chase was electrocuted."

PRINCE NICHOLAS OF RUMANIA

(Canadian Press) New York, April 10.—Granting of the striking anthracite miners' nineteen demands would add \$170,000,000 to the annual coal bill of the nation—\$8 on every ton—so operators declared here today in opening their campaign for settlement of the strike on a basis of wage reduction.

M'LACHLAN  
MAKES THREATS

(Canadian Press) Sydney, N. S., April 10.—"Every pump man and wheel will be called out, and not a wheel will turn, and we will make that industry as silent as a graveyard," declared J. B. McLachlan, secretary and treasurer of District 26, U. M. W. of America, addressing a labor meeting here yesterday, and referring to a possible lockout in the coal mines of Nova Scotia. "If we cannot be guaranteed a living wage," he said, "we will organize an army that will sweep from the Atlantic to the Pacific."

REAL WAR ON  
RUM RUNNERS

(Canadian Press) New York, April 10.—A military campaign against rum smugglers along the Canadian border, in which armored motor cars equipped with machine guns would be used to combat violators of the law, is planned by Ralph A. Day, federal prohibition director for the state, who made public last night a letter from J. Leslie Kincaid, state adjutant general, pleading his co-operation. The plan provides for thirty-seven observation posts, one on each highway entering New York from Canada. He offered to supply a machine gun for each post which, he guaranteed, would "stop anything short of an armored motor car." The state alderman declared "there had developed a force of organized smugglers, protected by thugs, gunmen and convicts, whose fields of operation are New York harbor and the Canadian border."

HELPING TEXTILE STRIKERS

(Canadian Press) Lawrence, Mass., April 10.—Moral and financial support to the striking textile workers here who are members of the United Textile Workers of America was given yesterday by the central labor union and the building trades union. Both are affiliated with the American Federation of Labor.

HELPING TEXTILE STRIKERS

(Canadian Press) Dublin, April 10.—George G. Duffy, minister of foreign affairs in the Dail Eireann cabinet, was seized by a crowd of young men and women and dragged from a platform upon which he was making an address at a pro-peace meeting before a large gathering here yesterday. The disturbers upset the press table, and, after causing general consternation among spectators, abruptly withdrew and shouted "Long live Eamonn De Valera; long live the republic of Ireland." TEA PRICES RISING.

Rumor has it that the labor unrest and general dissatisfaction in India, the largest tea producing country in the world, have made production so expensive and hazardous that a general rise in prices may be expected in the near future. The estimated consumption this year will be much larger than the crop available.

BILLIE BURKE KEEPS HOME. Lessor Falls to Ouster Her for Long-Distant Talks to Her Husband.

Chicago, April 10.—Long distant telephone calls of Billie Burke to her husband, Florenz Ziegfeld, Jr., in New York made it necessary for the actress to obtain a court injunction in order to retain a nine-room house in a fashionable North Shore residence district during her stay here.

The owner tried to dispossess the actress, but was restrained by a court order issued in a special session in Chambers last night.

Miss Burke advertised for a house from March 19 to April 9. Mrs. Frank Townley Brown, who recently formed a Widows' Protective League, agreed to rent her home to Miss Burke for \$1,150, the money to go to the Widows' League.

A few days ago, however, Mrs. Brown asked Miss Burke to leave. Yesterday she came to take possession of the house. Miss Burke then got the injunction. "I have nothing against Miss Burke personally," said Mrs. Brown, "but I found she was telephoning to her husband in New York every night at \$15 a call. Those calls will be on my telephone bill. Then I understand she has nearly the entire cost of her play living there and I know my house will suffer from so many people. I felt I just couldn't let her stay there any longer, but now I suppose I'll have to."

QUEBEC GAS RATES.

City Council Will Appeal For Reduction.

Quebec, April 10.—It was decided by the members of the city council at a meeting here tonight to appeal to the Public Service Commission to secure a reduction in the gas rates. The present rate is \$1.78 a thousand feet and the city wants this reduced to \$1.45.

The Quebec Railway, Light, Heat & Power Company stated that it could make a revision, but not that asked by the city. The company was prepared to enter negotiations with the city to have the manufacture of gas municipalized.

BETTER THAN HOT COAL Soft coal so free from soot that it does not make whiskers on stove covers or pipe and does not hot or cake when burning, is far better than Hard Coal for general household use. Quicker to light, takes less to make a fire, cheaper in price and can also be used for open fires and small heating stoves. Such a coal is Broad Cove soft coal. The main thing is to insist on getting the genuine article. No other soft coal burns just like Broad Cove. You will know it by the above characteristics.

THE PEOPLE MUST CHOOSE.

It must be perfectly clear to whoever gives the subject any thought that in the matter of hydro the interests of the city and those of the New Brunswick Power Company are opposed to each other and cannot be reconciled.

THE FARMERS.

"We entered this situation through the gate of extravagance, and there is just one way out—through the gate of thrift and economy."

Let it be repeated—the interests of the city and the power company in this matter conflict, and the citizens must choose between them. If they are content with the present growth of the city, and content to go on paying too high a price for light and power, then they will support the power company.

WHY HAVE THEY CHANGED?

One of the most amazing developments of the hydro controversy is the fact that some citizens who gave enthusiastic support to the hydro policy of the provincial government are now ranged on the side of those who would deprive the people of St. John of the benefits of that policy.

The fear, so sedulously fostered by friends of the New Brunswick Power Company, that there is not enough power at Musquash to supply St. John's needs is not justified by the Ross report, to say nothing of the judgment of engineers who have visited Musquash and are here familiar with what has been done there and what the real result will be.

The employment bureau in this city has been closed for lack of funds as demonstrated the need of a permanent one, linked with the national system of employment bureaus throughout Canada.

Even in Those Days.

All Rome appeared to be in flames. In every direction the sky blazed with the red sound of trumpet and confusion. On a balcony of the imperial palace stood Nero, smiling out upon the burning city and serenely holding.

"Why, the old fire bug," exclaimed Nero's aunt. "And there he stands, playing that beautiful fiddle as if nothing had happened. I wouldn't mind, only he's the worst fiddler in Rome!"

In extreme agitation, Poppaea Sabina rushed to the balcony. "My lord," she cried, forgetting in her excitement to bow, "Rome is burning! Canst thou not do something about it?"

"My dear Popsy," said he, "calm thyself. There is no cause of alarm. I or any other little conspirator myself, and it will bring many shekels into the coffers of state. You see, dear, it's going to make a five-red thief."

"I am burning Rome," grinned Nero, "for the movie rights!"

ROTARIANS OF HALIFAX

To Discuss Yearly Medical Examination of Every Citizen.

Dr. Roger Speaks—Striking Figures Show Beneficial Results of Public Health Service—Reduced Death Rate.

(Halifax Chronicle.) Rotarians yesterday heard an illustrated address on public health by Dr. B. Franklin Royer, chief of the Maritime-Halifax Health Commission, in which he presented statistical data with references to public health conditions in Halifax.

Following Dr. Royer's address, Rotarian W. M. P. Webster presented a resolution, which will be discussed by the club later. The resolution was as follows:

"Resolved, that the Halifax Rotary Club favor long life and prosperity for its members and their families and for the citizens of Halifax generally, and that it is agreed that each Rotarian shall submit himself and each member of his family to a yearly medical examination in order that any developing disease or disorder may be detected early in its course and given appropriate treatment; and

"Further resolved, that a committee of this club be appointed by the directors to endeavor to formulate a plan by which all the citizens of Halifax may be enabled to benefit by a yearly medical examination."

In opening his remarks Dr. Royer said he was pleased to address the Rotary Club on such an important matter as public health. By the use of graphs, which illustrated statistics compiled regarding the public health of the city of Halifax, he showed how the figures for last year had shown an increase in the birth rate and decrease in infant mortality and the general death rate over the figures of ten years ago.

In 1909-10, Halifax had a population of 46,614 and the number of births recorded was 1,870, the rate per 1,000 of population being 39.9. There were 241 deaths under one year of age, and infant mortality per 1,000 living births was 17.4. The death of persons of all ages was 829 and the general death rate 18.2.

Last year the population was given as 67,674, the number of births recorded being 1,804, the rate per 1,000 being 22.3. There were 244 deaths of children under one year of age and infant mortality rate was 18, the total number of deaths 888, and the general death rate 13.3.

He also showed by graphs that the general death rate and infant mortality rate in Toronto, London, Eng. and New York City had dropped considerably during the decade ending last year.

It will interest Halifaxians to know that these figures show an average infant mortality rate for the ten year period, 1910-19 to 1919-20, of 186 per 1,000 born alive, and a general death rate of 20.3 per 1,000 population. A reduction of both infant mortality rate and general death rate is apparently beginning to show, and as Dr. Royer put it, "It is reasonable to charge it to public health activities. That in giving credit for this work to public health, effective, philanthropic, charitable and health teaching agencies should be credited."

The work of the city department of health in improving milk conditions in the last year, the city engineering department in treating the water supply by means of a germicide, the activities of the public health board in enforcing the health regulations effective May 1st, and urged further, that the Rotary Club help create public sentiment for the next advanced public health step, that of pasteurizing the entire milk supply for the city. These measures are bound to help save many lives annually.

In concluding his address, Dr. Royer pointed out how the expectancy of life had been increased from ten to eleven years in many sections of the world, crediting public health activities with this lengthening of life and made a strong appeal for an annual physical examination of every citizen in the community. Dr. Royer especially urged the Rotarians to lead in this movement, just as Dr. Hattie had done three weeks ago at Rotary in Sydney. He urged Rotarians to take it upon themselves to have every member of the Club and every member of every Rotarian family given a complete annual physical overhauling by family physicians for the purpose of detecting incipient disease and instituting treatment while the condition is likely to yield to medical measures.

The firemen were called out at noon yesterday by a still alarm to handle a grass fire, which threatened to assume menacing proportions in Cranston avenue. No. 4 hose cart answered the call and the blaze was extinguished with a single stream of water. No damage was done by the fire.

Michael L. Barrett was seriously injured at about ten o'clock Saturday night, when his head jammed between two cars he was coupling at the milk siding at the Union depot. He was taken to the infirmary and treated by Dr. C. M. Kelly.

RECENT DEATHS

Dr. Henry Patton.  
St. Stephen, April 8.—This community was greatly shocked and saddened when it was learned that Dr. Henry Patton had passed away at 4 o'clock on Saturday afternoon. Dr. Patton was operated on for appendicitis on Saturday, April 1, and it was thought that his condition was improving, but during the week he grew worse, and although everything possible was done, his life could not be saved.  
Dr. Patton was forty years of age and a native of St. John. He was a son of the late Daniel and Mrs. Patton of that city. His mother was formerly Miss Frances Short, daughter of the late John Short, shipbuilder of St. Stephen. Dr. Patton came here several years ago and worked in the Wilson dental parlor where he stayed until he started in business for himself in the Windsor Hotel chambers, where he had worked up a large practice through his ability and his sterling qualities. He was a friend to all, always willing to do a good turn for those in need. He leaves one sister, Mrs. T. P. Regan, of St. John, and three brothers, Arthur, of Calgary (Alta.); Rev. Daniel Patton, of Mulgrave (N. S.), who was with his mother the latter part of his sickness, and Maurice, of Benton Harbor (Mich.).  
The funeral will take place on Tuesday morning at 9 o'clock. Mass will be celebrated by Dr. Patton's brother, Rev. Daniel Patton, assisted by Father Flaherty. Interment will be made in the Catholic cemetery here.

B. L. Amdur.  
B. L. Amdur died suddenly at the St. John Infirmary Sunday morning at 8 o'clock after having been ill for three days with pneumonia. Besides his wife, he is survived by one son and four daughters. The children are: Belle, Isadore, Mrs. I. Sydney Isaacs, Ada, and Sarah. Mrs. Louis Danich, of Buffalo, is a sister.

The news of the death of Mr. Amdur was a great shock to the community, as comparatively few of his many friends knew of his illness. The late Mr. Amdur was born in Dyman, Russia, fifty years ago and was educated in the Riga schools. Twenty-two years ago, he came to America, having accepted the call to officiate as rabbi at the Jefferson street temple, Buffalo (N. Y.). There he ministered for fifteen years and afterwards was rabbi at the Basil Jacob synagogue of Hamilton (Ont.). He then came to this city and was rabbi at the Hasen avenue synagogue until 1912 when he retired from the ministry and entered business life.

He was a talented musician of exceptional ability and conducted a music store in Union street until 1916 with considerable success. Mr. Amdur also was active in real estate ventures and carried on extensive developments at Eastmount, having erected several houses there.

In 1916, he initiated a business which, in a comparatively few years, he developed with remarkable success in that from the time of his opening of his first dry goods store in West St. John, he expanded his new business so rapidly that the expansion took place at the rate of one new store opened every year until finally he was operating two stores in West St. John and two in the city, all located at strategic points in the commercial centre and all prospering. Late in 1921 he adopted the business policy of consolidation and concentration and leaves as a great example of business achievement two large stores in the heart of the city. Probably, in recent years, Mr. Amdur's business success has not been exceeded by any other institution in this city.

In private life, the late Mr. Amdur's noble character, intimate knowledge of politics, art, and music and his genial, kindly manner was an inspiration to his family and won for him in the outside world a wide circle of friends, not only in St. John, but also in other parts of Canada and the eastern parts of the United States. He was held in high regard by the Canadian Jews, being recognized as one of the outstanding leaders and frequently represented this section in national Jewish conferences. Locally, he was idolized by his co-religionists and at the time of his death was president of the Jewish congregation of St. John. He was a member of Carleton Union Lodge, F. & A. M., and also member of the I. O. O. F.  
The funeral will take place from his late residence, 85 Elliott row, at 8 o'clock this afternoon to the Carleton street synagogue, where services will be conducted by Rabbi Weiner. The funeral will be attended by delegations from the Masonic and Odd Fellows fraternities.

Mrs. John B. Magee.  
The many friends of Mrs. John B. Magee will learn with deep regret of her death on Sunday after a short illness of pneumonia. Mrs. Magee was a daughter of the late Rev. T. G. Smith, D.D., formerly minister of St. Andrew's

The funeral was largely attended by railway employees, members of division No. 476 Brotherhood of Locomotive Engineers, marching in a body. Interment was in Cedar Hill cemetery.

**RECENT WEDDINGS**  
Steeves-Rye.  
The marriage of Miss Pauline Elizabeth Rye, daughter of Mr. and Mrs. Roger C. Rye, to Daniel B. Steeves, son of Dr. and Mrs. W. H. Steeves, of Fredericton, took place in Montreal on Saturday afternoon at half-past four o'clock at the home of the bride's parents, 4074 Tupper street, Westmount, the Rev. Edward Bushell officiating. The bride, who was given away by her father, wore a gown of white champagne satin made in long-waisted effect with an overskirt of Spanish lace. Her tulle veil was held in place with a wreath of orange blossoms, and carried a shower bouquet of Ophelia roses. She was attended by the Misses Grace Day and Mary Russell as bridesmaids, and by her cousin, Miss Adele Whitaker, as flower girl, who wore a dress alike in organic dresses of pale green, pale blue and pink, made with ruffled skirts and ruffles on the sleeves. They wore silver wreaths in their hair and carried bouquets of sweet peas in pastel shades. Miss Marion Webster played the wedding music, and John Huntly Boyd was the best man. Following the ceremony a reception was held, the rooms being decorated with ferns and Ophelia roses. Later, Mr. and Mrs. Steeves left for a trip to the maritime provinces, where they will visit the groom's relatives in St. John, Fredericton and Edmundston. Going away the bride wore a suit of navy blue tricot with an Alice blue hat. On their return they will reside in Montreal.

**Doctor at 82 Finds Mothers Prefer His Formula to New-Fangled Salts And Coal Tar Remedies for Babies**  
Judgment of 1892 vindicated by world's approval of Dr. Caldwell's Laxative Syrup Pepsin, a simple vegetable compound for constipation—So safe, thousands give it to babes in arms—Now has largest sale in the world.  
WHEN a man is in the 83rd year of his age, as I am, there are certain things he has learned that only time can teach him. The basis of treating sickness has not changed since I left Medical College in 1875, nor since I placed on the market the laxative prescription I had used in my practice known to druggists and the public since 1892, as Dr. Caldwell's Laxative Syrup Pepsin.  
Then the treatment of constipation, biliousness, headache, mental depression, indigestion, sour stomach and other indispositions that result from constipation was entirely by means of simple vegetable laxatives, herbs and roots. These are still the basis of my Dr. Caldwell's Laxative Syrup Pepsin, which is a combination of Egyptian Senna and other mild laxative herbs with pepsin.  
Recently new medicines have been brought out for constipation that contain calomel, which is mercury, salts of various kinds, minerals and coal tar. These are all drastic purges, many of them dangerous, and the medical profession is warning the public  
**\$10,000 Worth of Syrup Pepsin Free**  
In remembrance of my 83rd birthday I have set aside the sum of Ten Thousand Dollars to be given away in half-ounce bottles of my Laxative Syrup Pepsin. Only one Free Tial bottle to a family. All are constipated now and then, and here is an opportunity for you and others to try Dr. Caldwell's Laxative Syrup Pepsin FREE OF CHARGE. Ask for your free bottle today, simply sending name and address to Dr. W. B. Caldwell, at Front Street, Bridgeburg, Ont. Do not postpone this.

**WILLIAM SAMPSON DEAD.**  
Veteran Character Actor in "The First Year" Dies Suddenly.  
William Sampson, veteran comedian and character actor, who for more than a year has played the crusty father in "The First Year" at the Little Theatre, died suddenly Wednesday evening of heart disease in his apartment in the Hotel Seymour, New York. He had been in poor health for some time and acted with difficulty Monday night. On Tuesday he regrettably notified the management that he was too ill to appear that evening, the first time in forty years on the stage that he was unable to play his part.  
Born in Boston in 1869 Mr. Sampson, with his wife, who was Miss Mary Webster, was accustomed to spend his summers near that city at Miami. Playgoers who remember the Daly Stock Company will recall him as a member of it, and also as a supporting actor to Sol Smith Russel in "The Bachelor's Romance." He was in the original cast of "The East Side Story," creating the role of "David Harum" and "The Fighting Hour" and "David Harum" were among the many other plays in which he acted. He was a member of the Lamb's Club and Players Club.

**CAT JUMPED 150 FEET.**  
Retained Uninjured After Leap Into Niagara Gorge.  
Niagara Falls, N. Y., April 10.—Nig- a pet cat of customs and immigration officials at the United States end of the lower steel arch bridge, jumped 150 feet into the gorge when chased by a dog and turned up a little ruffled of fur, but otherwise little the worse for the adventure.  
After the cat plunged into the gorge, men employed on the bridge saw her crawl about on the rocks below and try to climb up the steel beams of the arch. Efforts to rescue her were unsuccessful, but today she appeared dragging herself up the edge of the precipice near the bridge.

**MELITA BRINGS 800 PASSENGERS**  
The Canadian Pacific liner Melita, from Liverpool, docked here yesterday morning at about 11 o'clock. She had 800 passengers, 2,200 tons of cargo and four carloads of mail. The passengers for Montreal and the west left on two special trains, the first leaving for Montreal about 4 o'clock and the second, the western Canada special, leaving about 5:30 o'clock.  
Amongst the maritime people were L. P. D. Tilley and Mrs. Tilley, E. G. MacLean, Miss E. Hanford, Mrs. G. Chadwick and Master M. and L. A. Chadwick all of St. John; J. E. Betton and Mrs. Betton, of Fredericton; G. Ritchie, of Halifax, and C. A. Thomson, of Pictou.  
Rev. J. A. Meehan, of Kingston (Ont.) and Rev. A. Rheame, of Winnipeg, both of whom were in Rome at the time of the death of the late Pope Benedict and the election of the new supreme pontiff, Plus XI, arrived on board the Melita. Father Rheame has spoken in several of the Catholic churches of the city on a previous occasion. He went through to Montreal yesterday, but Father Meehan remained over in St. John and is a guest at the Bishop's Palace.  
Among the passengers on the Melita were Sir Andrew MacPhail of Montreal and his three brothers, Colonel A. of the Military College, Kingston; W. M., an engineer, of Winnipeg; and J. G., commissioner of lights of the marine department, Ottawa. Whilst overseas, the

MacPhail brothers visited the Holy Land.  
E. P. D. Tilley and Mrs. Tilley of this city also arrived yesterday. Mr. Tilley said that London is practically the same as before the war. While in London he had the pleasure of attending the House of Commons and listening to Winston Churchill. He also the honor of being presented to Their Majesties, the King and Queen. Mr. and Mrs. Tilley were in Paris for a few days and met there a number of St. John people. When asked as to conditions in England, Mr. Tilley said that, while there was a great deal of unemployment, the general feeling seemed to be more hopeful of conditions brightening up.

"RED" SPEECHES ON CHAMP DE MARS

Capitalists Shivering With Fear of the Masses, the Claim of One.

Spoke to 8,000 Workless—Judges and Advocates Looked Down from Court House as Speakers Advocated a Soviet Council.

(Montreal Gazette.) Nothing short of red, fiery revolution will solve the unemployment question in Montreal, according to Albert St. Martin, stenographer of the superior court, who addressed a meeting of about 8,000 workless on the Champ de Mars, Thursday afternoon. Speaking through a megaphone, so that his voice carried to the other side of Craig street, Mr. St. Martin announced that further demands of a peaceful nature were futile, and the League of the Unemployed would be formed. An executive committee, or council, on the Soviet model, will be chosen and a "plan of campaign" will be studied. The results of their deliberations will be announced at another open-air meeting to be held next Thursday afternoon on the Champ de Mars. Bare-headed, reticulating and with the perspiration streaming from his face, Mr. St. Martin thundered out impressions against the capitalists and the existing social system. The great ideal held forth was Russia; the means of attaining his goal was revolution, and revolution only the hero of the movement the workman in general, and the unemployed in particular. "The time is approaching," he thundered, "we are gaining strength. The capitalists are shivering with fear and trembling for their ill-gotten gains. A little more patience and we shall be where we belong. There will be no violence until the crucial moment has arrived; but when it does come, and brave capitalists, we shall shout 'Forward' and nothing shall withstand our storm."

"SIX MONTHS AGO"

"It's hard to realize that six months ago I couldn't walk across the floor and now I am so well!" "I have never been very strong but the heat last summer was too much for me. This and the fact that my husband was out of work and I had to work day and night to keep from starving, left me a physical wreck. Luckily my husband was able to get a good job just when I had to go to bed. In two weeks I could think of getting strong, but each day I seemed to be getting weaker and weaker. I was reduced to a skeleton. I couldn't eat or sleep. I had no strength left and finally I was so weak that in trying to cross the floor one day I collapsed. It was so ill and weak that I didn't care whether I lived or died. And then I heard about that marvelous preparation—Carroll. A friend of mine had used it with wonderful results and so I had done so much for her, I decided to try it. The results were nothing less than miraculous. In two weeks I was able to get up and walk about the house. My appetite had returned. I was actually hungry. I could sleep when I went to bed, something I had not been able to do for months. I have already taken six bottles of Carroll and I am still taking it. I feel the same as I did when I ever weighed before in my life. I sleep like a child. I am never tired and my skin is as clear and my cheeks as rosy as a girl's. I bless the day I heard about Carroll." Mrs. K., Toronto. Carroll is sold by your druggist and if you can conscientiously say, after you have tried it, that it has done you any good, return the empty bottle and he will refund your money. 8-122

SAYS IT BUILT HER UP TO HER NORMAL WEIGHT

St. John Woman Had Suffered from Indigestion for Eighteen Years—Gains 23 Pounds and Health Completely Restored.

"Tanlac built me up from one hundred pounds to one hundred and thirty-five pounds, which is my normal weight," said Mrs. Agnes Leetch, proprietor of the Stanley House, 190 Union street, St. John, N. B. "I had suffered eighteen long years from stomach trouble and I am so overjoyed at my recovery I just can't find words to express how happy I feel. It is simply marvelous how Tanlac has restored my health, and if I lived to be a hundred years old I will never get through praising it. Just to show what an awful condition I was in, sometimes for two days I couldn't retain a thing on my stomach. "I am just like a different person in every way now and I feel so well and strong it just looks like I am starting life over again. "Tanlac is sold by The Ross Drug Co., Ltd., and F. W. FEW FOLKS HAVE GRAY HAIR NOW

Well-known local druggist says everybody is using old-time recipe of Sage Tea and Sulphur. Hair that loses its color and lustre, or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmothers made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men value their even color, that beautiful dark shade of hair which is so attractive, using only this old-time recipe. Nowadays we get this famous mixture improved by the addition of other ingredients by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound" which darkens the hair naturally, so evenly, that nobody can possibly tell it has been applied. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears; but besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of abundance.

10 Years' Sufferer from Ulcerated Legs.

Our portrait is of Mr. O. E. KNIGHT, of 25, Allison Road, Kentish Town, London, N.W., England, who writes: "I have pleasure in writing to let you know how I came to be rid of my Ulcerated Legs from which I suffered for ten years, getting no rest at nights with the pain. Four years ago I was sent to an infirmary, but was discharged. Lately I was recommended to try your Clarke's Blood Mixture, and after six weeks' treatment it has healed my legs wonderfully, especially considering the long time. For any case like mine I shall always be pleased to recommend Clarke's Blood Mixture, as I know what pain a bad leg gives—you may use this testimonial to your best advantage."

Clarke's Blood Mixture "Everybody's Blood Purifier."

Sufferers from Bad Legs, Abscesses, Ulcers, Glandular Swellings, Eczema, Scabies, Pimples, Eruptions, Rheumatism, Gout, should realize that lotion, ointments, etc., can but give temporary relief. To be sure of complete and lasting benefit the blood must be thoroughly cleansed of the impure waste matter, the true cause of such troubles. Clarke's Blood Mixture certainly attacks, overcomes, and expels the impurities. That is why so many remarkable recoveries stand to its credit. Pleasant to take and free from injurious ingredients. Of all Chemists and Stores. Ask for and see the cap.

GRAY'S SYRUP RED SPRUCE GUM

DON'T NEGLECT BRONCHITIS

The principal symptom of bronchitis is a cough which is dry, harsh and hacking, accompanied with rapid wheezing, and a feeling of tightness through the chest. There is a raising of phlegm, especially in the morning after rising from bed. This phlegm is at first of a light color, but as the trouble progresses it becomes of a yellowish or greenish color and is sometimes streaked with blood.

DR. WOOD'S NORWAY PINE SYRUP

you will find a remedy that will stimulate the weakened bronchial organs, subdue the inflammation, soothe the irritated parts, loosen the phlegm and mucous, and help nature to easily discharge the morbid accumulation. Mr. John H. Root, 40 Maple Ave., Hamilton, Ont., writes: "I was troubled with bronchitis and had a very bad cough. I had it so long I was beginning to get afraid of other developments. I tried all kinds of cough remedies without relief. I was advised by a friend to try Dr. Wood's Norway Pine Syrup, so I got a bottle, and it convinced me to believe that I had at last gotten the right medicine. I used several bottles and am practically well. I have recommended it to others since, and good results followed." Be sure and get "Dr. Wood's" when you ask for it; price, 35c. and 60c. a bottle. ASKS KU KLUX TO DISBAND

Dallas Declares It Has Brought Discord to a Peaceful City. Dallas, Texas, April 10.—The Ku Klux Klan in Dallas was asked to disband by Mayor S. R. Aldridge in a statement in which he also requested that all municipal employees who are members of the Klan to resign from that organization at once. "The Ku Klux Klan is a mistake and should have no place among us," Mayor Aldridge said, adding that he would not brand all those who "have enlisted in it as disloyal citizens or unworthy men." The Klan has brought discord to a peaceful city, and an organization which brings forth such fruit is wrong and should not exist, he declared.

WINNIPEG ELECTRIC

Ald. Fowler Opposes Extension of Franchise. Winnipeg, April 10.—Winnipeg can take over, operate and pay for the Winnipeg Electric Railway's entire system within the city and own it free from debt within thirty years, without increase of fares, was the answer Alderman F. O. Fowler gave to Mayor Edward Parnell's argument in favor of a ten-year extension of the existing franchise at a special meeting of the public safety committee. Valuing the system at approximately \$9,500,000, Alderman Fowler estimated the present earnings of the company would take care of operation, maintenance, interest and sinking fund and give the city full ownership in thirty years. He challenged the statement made by Mayor Parnell that it was the council's duty to assist the company in giving the citizens good transportation service, by the assertion that the city could not afford to continue under the company's present system of financing and added figures to show that stock issued to shareholders at par was selling at a third less.

Man Out of Work Taxed in England on Earnings of Wife. London, April 10.—An interesting point in income tax law was raised at the London Guildhall. A collector applied for commitment to prison of a man who had failed to answer a judgment summons for non-payment of the tax. The court officer, who served the summons, explained that the man was out of work, and was living on allowance from his wife who was engaged as barmaid. In answer to the collector, who had proof he had means, the collector stated he had only the certificate of the wife's earnings. Ald. Sir James Roll held that that was not proof of means, but the collector replied that under income tax law the earnings of man and wife were one. An adjournment was ordered.

When your liver becomes sluggish and inactive your whole health suffers. Your bowels become constipated, the tongue coated, the breath bad, the stomach food and bileous spells occur on account of the liver holding back the bile which is so essential to promote the movement of the bowels, and the bile gets into the blood, instead of passing out through the usual channel. The only way to keep the liver active and working properly, and thus get rid of the nasty bilious attacks, is to keep the bowels regularly by using MILBURN'S LAXA-LIVER PILLS. Woman Relieves Appendicitis by Fasting—Loses 50 Pounds

A middle-aged woman in Wisconsin has just fasted a total of 56 days. She underwent the trying ordeal to relieve appendicitis and believes she has succeeded. She lost fifty pounds in weight. A Treacherous Disease. Appendicitis attacks at any moment even persons seemingly in good health. Usually, however, it is preceded by certain stomach trouble, constipation or similar disturbances. Often when there is a warning feeling of uneasiness in the abdomen, appendicitis can be guarded against in exactly the same manner in which one guards against the spread of throat infection, because that is just what appendicitis is—an infection in the intestines spreading to the appendix. When one has sore throat, one can often prevent further trouble and the development of influenza or grippe, by using an antiseptic wash or gargle to fight the germs and a laxative to carry off the poisons from the body. Just exactly the same procedure is necessary to fight the intestinal germs and guard against appendicitis. But instead of an antiseptic wash for the throat, an INSTANTANT antiseptic is necessary. Intestinal Antiseptic. There is now offered to the public a preparation having the DOUBLE action of an intestinal antiseptic and a COMPLETE system cleanser. This preparation, known as Adlerika, acts as follows: It tends to eliminate or destroy harmful germs and colon bacilli in the intestinal canal, thus guarding against appendicitis and other diseases having their start here. It is the most complete system cleanser ever offered to the public, acting

When your liver becomes sluggish and inactive your whole health suffers. Your bowels become constipated, the tongue coated, the breath bad, the stomach food and bileous spells occur on account of the liver holding back the bile which is so essential to promote the movement of the bowels, and the bile gets into the blood, instead of passing out through the usual channel. The only way to keep the liver active and working properly, and thus get rid of the nasty bilious attacks, is to keep the bowels regularly by using MILBURN'S LAXA-LIVER PILLS. They are purely vegetable, small and easy to take, work smoothly and gently, and there is nothing of the griping, weakening and sickening effects of the old-fashioned purgatives. Mr. John S. Caron, Donavon, Sask., writes: "I was troubled with my liver and had severe bilious attacks. A friend advised me to try Milburn's Laxa-Liver Pills, so I took two vials and I have had no more attacks."

WINNIPEG ELECTRIC

Ald. Fowler Opposes Extension of Franchise. Winnipeg, April 10.—Winnipeg can take over, operate and pay for the Winnipeg Electric Railway's entire system within the city and own it free from debt within thirty years, without increase of fares, was the answer Alderman F. O. Fowler gave to Mayor Edward Parnell's argument in favor of a ten-year extension of the existing franchise at a special meeting of the public safety committee. Valuing the system at approximately \$9,500,000, Alderman Fowler estimated the present earnings of the company would take care of operation, maintenance, interest and sinking fund and give the city full ownership in thirty years. He challenged the statement made by Mayor Parnell that it was the council's duty to assist the company in giving the citizens good transportation service, by the assertion that the city could not afford to continue under the company's present system of financing and added figures to show that stock issued to shareholders at par was selling at a third less.

Woman Relieves Appendicitis by Fasting—Loses 50 Pounds

A middle-aged woman in Wisconsin has just fasted a total of 56 days. She underwent the trying ordeal to relieve appendicitis and believes she has succeeded. She lost fifty pounds in weight. A Treacherous Disease. Appendicitis attacks at any moment even persons seemingly in good health. Usually, however, it is preceded by certain stomach trouble, constipation or similar disturbances. Often when there is a warning feeling of uneasiness in the abdomen, appendicitis can be guarded against in exactly the same manner in which one guards against the spread of throat infection, because that is just what appendicitis is—an infection in the intestines spreading to the appendix. When one has sore throat, one can often prevent further trouble and the development of influenza or grippe, by using an antiseptic wash or gargle to fight the germs and a laxative to carry off the poisons from the body. Just exactly the same procedure is necessary to fight the intestinal germs and guard against appendicitis. But instead of an antiseptic wash for the throat, an INSTANTANT antiseptic is necessary. Intestinal Antiseptic. There is now offered to the public a preparation having the DOUBLE action of an intestinal antiseptic and a COMPLETE system cleanser. This preparation, known as Adlerika, acts as follows: It tends to eliminate or destroy harmful germs and colon bacilli in the intestinal canal, thus guarding against appendicitis and other diseases having their start here. It is the most complete system cleanser ever offered to the public, acting

WILL VISIT ST. JOHN ON LENGTHY TOUR

Charles H. Mackintosh, President of Associated Advertising Clubs of the World, Coming.

In the course of his visitation of the 230 advertising clubs in Canada and the United States, Charles Henry Mackintosh, president of the Associated Advertising Clubs of the World, will arrive in St. John next week to address the members of the local Advertising Club and the business men of the city generally. Mr. Mackintosh is to speak

on Retail Sales and Mass Sales at a luncheon at Bond's. The Advertising Club is sending out about 100 invitations for the affair.

In addition to discussing phases of the work of the Advertising Association, Mr. Mackintosh will speak on improvement of sales methods of employees.

Immediately following his election to the presidency of the Advertising Clubs, Mr. Mackintosh got a leave of absence from La Salle University Extension, Chicago, where he is advertising and sales director. It will take Mr. Mackintosh a year to visit all the associated clubs. He is doing this work without compensation.

During the war Mr. Mackintosh was editor of the bulletins for Four Minute Men, the name given to a corps of about

Increases the action of the intestines

Hundreds of men and women have already found freedom from laxatives by eating Fleischmann's fresh yeast.

Doctors are now agreed that proper elimination of waste matter should be brought about by food. One doctor comes right out and states plainly that the indiscriminate use of cathartics is one of the causes of constipation.

Physicians all over the country are recommending Fleischmann's fresh yeast because it is a fresh food, rich in those elements which keep the intestines healthy. In one series of tested cases, normal functions were restored in from 3 days to 5 weeks.

Try it out for yourself. Begin today by adding 2 or 3 cakes of Fleischmann's Yeast to your everyday diet. Keep it up and see how normally and regularly your intestines act. Be sure it's Fleischmann's Yeast—the familiar 30-cake package with the yellow label. Place a standing order with your grocer.

Adds Richness to Your Cooking

EVERY recipe which calls for milk is improved by the use of Carnation Milk. This pure Milk which comes to you, safe in sealed containers, is thick like cream and twice as rich as ordinary milk. It is "whole" milk with part of the water removed by evaporation. You may add water to reduce its richness if you wish. Of course it's economical—it keeps and you use only what you need and there is no waste. And it's handy because you can order several tall (16 oz.) cans or a case of 48 cans at a time with your groceries.

Learn how Carnation Milk will add flavor to your cooking. Get our new illustrated book containing 100 tested recipes. It will be sent free if you will write. Try this recipe.

GINGER BREAD.

6 tablespoonfuls water, 2 1/4 cups flour, 1 cup molasses, 2 tablespoonfuls Carnation Milk, 1/4 teaspoonful salt, 3/4 teaspoonful soda, 1 1/4 teaspoonfuls ginger, 1/4 cup butter or lard. Sift dry ingredients together. Add liquid to molasses. Combine mixtures, add shortening and beat well. Pour into oiled shallow pan and bake in moderately hot oven about 25 minutes.

METHODISTS MINISTERS The regular meeting of the Methodist Ministerial Association of the city was held this morning in Centenary church with Rev. H. B. Clarke in the chair. Those present were Rev. Messrs. H. B. Clarke, Neil McLaughlan, J. M. Rice, H. E. Thomas, L. J. Wason, R. G. Fulton, E. E. Styles and J. Heaney. The educational programme of the Methodist churches of the city was discussed. Some of the churches reported that they had already arranged for their programmes and it was left to the other churches to do the same. The programme for a united service on Good Friday morning in Centenary church was completed. Rev. R. G. Fulton, pastor of the church, will conduct the service and he will be assisted by Rev. Neil McLaughlan and Rev. H. B. Clarke.

AT THE CATHEDRAL Several hundred members of the Holy Name Society of the Cathedral parish received Holy Communion at the seven o'clock mass yesterday, it being the monthly communion Sunday for the society. Last evening a large number of new members were received into the organization, and Rev. Father Joachim, C. P., who recently assisted in the mission services at the Cathedral, preached. A new banner for the society was blessed by Rev. W. M. Duke, chaplain of the society, who conducted the reception of the new members. Rev. J. A. Meelan, of Kingston, Ont., who arrived yesterday on the Melita, officiated at Benediction of the Most Blessed Sacrament. He has just returned from Rome, where he was while the election of the new Pope was in progress.

NEARLY A FATALITY There was considerable excitement on the late train which left here on last Friday night en route to Halifax, when one of the passengers, suffering from nervous trouble endeavored to jump out of a window while the train was traveling fast between Folleigh Lake and Londonderry. He opened the window and was lowering himself out when the brakemen happened along and caught the man's arm just as he let go. With the assistance of a passenger the man was pulled back into the car where he remained quiet until the train was nearing Truro when he again became worked up and smashed one of the windows. In Halifax he was met by relatives and Henderson was in charge of the train. He said the man would undoubtedly have been killed had the brakemen not caught him in time.

RECORD VOTE IS EXPECTED

Much Interest Being Manifested in Civic Election—Polls Open Until Seven O'clock.

More interest than is usually manifested in a civic election was evident today when the primary election in the city and contest for the mayor's seat and those of two commissioners in the city council took place. The hydro-electric distribution issue was the drawing cards and was taken as accounting for the increased interest. By noon approximately one-third of the qualified voters had cast their ballots, and it was expected that the afternoon vote would be large. The fact that the polls will be open until seven o'clock will provide an opportunity for those who cannot leave their work to deposit their ballots on the way home. A record vote is expected.

Representatives of the various contestants expressed the usual confidence in the results of the poll. The candidates are: For mayor, E. A. Schuchel, the present mayor; H. R. McLellan, and Edward Sears. For commissioners, T. H. Bullock and John B. Jones, at present in the council; R. W. Wigmore, E. J. Hilyard, and Alexander Corbet. One candidate for mayor and one for commissioner will be eliminated in today's contests. The final election will take place in two weeks.

FINES IN SECOND HAND STORE CASES

Two cases were taken up this morning by the police magistrate against keepers of second-hand stores, charged with keeping open after 9 o'clock on Wednesday evening. Isaac Williams and Joseph Gilbert were the men charged and both pleaded not guilty.

Sergeant McLesse, Policeman Dykeman and Policeman Coughlan testified that they had gone into a clothing store next to Williams' second-hand store at about 9.40 o'clock on Wednesday night. From there they had gone through a door into the second-hand store, and found the defendants and another man there. The lights were on in the store. The same three officers gave evidence against Gilbert and said they had gone into his second-hand store at about 9.35 o'clock and found two men in there besides a woman and two working in the store. Gilbert said that no evidence had been given that they were doing business and therefore there was no evidence that they had broken the law. The magistrate replied that he considered there was sufficient and fined them \$20 each.

LIQUOR CASE IN APPEAL COURT

Matter of Truck Load Seized Some Time Ago, Said to Have Been Designed for United States.

An interesting case, which concerns the legality of the sale of liquor in New Brunswick for shipment into the United States, will be argued before the full bench of the Supreme Court, in the appeals division at Fredericton tomorrow. It is the case of the King vs. Ritchie, ex parte Percy Hand. The case arose over the seizure of a truck load of whiskey, said to have been the property of Pope D. MacKinnon, by local liquor inspectors, after which Mr. Hand was charged with illegal sale. The defendant took out an injunction against the chief inspector to restrain him from holding the liquor and the matter was argued before the Supreme Court, Ritchie, but upholding the decision made in some of the other provinces that liquor could be sold for legitimate export purposes. The magistrate, however, found that it was not a bona fide sale for export purposes and gave his decision against the defendant. An order for certiorari was granted by the Supreme Court returnable tomorrow. Dr. W. B. Wallace, K. C., and W. M. Ryan, will appear on behalf of the police magistrate and Dr. F. R. Taylor, K. C., on behalf of the appellants.

COURT CASE OVER COUNTY COUNCIL

Right of Two Councillors from St. Martins to Hold Office is Questioned.

The right of Reuben E. McLeod and Robert Crossman to hold office as councillors for the Parish of St. Martins, St. John county, will be questioned in a case which will come before the full bench of the Supreme Court at Fredericton tomorrow. Crossman led the poll with McLeod second in the recent municipal elections.

An application will be made by G. H. V. Belyea, acting on behalf of John A. Howard, who received the smallest number of votes of the seven candidates who were up for election, asking for an order for a writ of quo warranto to show cause by what authority these two men are holding office as councillors. Mr. Howard will base his application on the ground that the two men were not qualified, as they did not have the necessary qualifications; also, that they did not file with the county secretary a certificate of oath of office within thirty days after the election as prescribed by the municipalities act. William M. Ryan will represent the two councillors.

Another case scheduled for tomorrow is an appeal from the decision of Chief Justice Hasen in the matter of Austin vs. McCaskill, a suit regarding some property in the north end which was decided in favor of the defendant. F. R. Taylor, K. C., and W. R. Scott will represent the appellants and M. G. Teed, K. C., and G. H. V. Belyea, the respondents.

The regular meeting of the N. B. Barriers' Society will take place in Fredericton tonight.

## RIBUTES TO SIR JOHN EATON

April 10—Right Hon. Arthur Borden delivered a striking tribute to the memory of the late Sir John Eaton memorial service last night in the memorial church in honor of the dead merchant. Another notable orator was Sir Robert Falconer, president of Toronto University. John, said Mr. Meligen, was one of the few whose passing had left a gap in the life of his country. Subject to limitations which encircle the man who is successful in business, he had above those limitations to show beneficence could be the uses of the very that follows material success. In every real sense his life had been a great demonstration of the fact that possession of great wealth could go with a sense of trusteeship. Sir John had shown that great success could be a reproach, if the fruits of that success were used, as they should be, further the welfare of fellow citizens or had made it possible. The fact that he had pointed the way to the solution of the problem of the control of great masses of wealth. There is no greatness of his service to his coun-

## IGNORES FALLS TO RING BELLS

Harry Withers, English Bell-ringer, Meets Old Associates—Is Called "Campanology."

(Toronto Globe)

When a man comes all the way from Birmingham, England, to Toronto to ring a peal of bells there must be something of more than ordinary interest about the event and about the man.

Harry Withers, who has charmed the citizens of Toronto with his inaugural playing of the new carillon at the Metropolitan Church, is one of the most modest of Englishmen, and at the same time is perhaps the greatest bell-ringer in the world.

"How did you come to take up bell-ringing?" he was asked by The Globe.

"I started when I was twelve years old with one bell at St. John's Church, Birmingham," he replied, "and gradually worked myself up till I became one of the ringers at St. Martin's. In 1906 Mr. Cadbury bought a peal of bells for Bournemouth, and I played at the opening and have played ever since."

Bell-ringing with Mr. Withers is not merely a hobby, it is a passion, and even at his daily work in the blacksmith's shop at Bournemouth, his ears are ringing with the anvil chorus.

Have Ringing Guilds. Few people realize the fascination that the art of bell-ringing has for a large number of people in England. It is not generally known that there are what are called "Ringing Guilds" all over England.

"St. Martin's Ringing Guild has a large membership," said Mr. Withers, "and the men come as far as fifty miles just to pull one bell. There are twelve peal men for Sunday ringing, but membership in the guild entitles a man to at least one pull at a rope. Some of the guilds are very conservative, and you have to become a regular member before you can get entry into the tower."

"Carillon-playing is comparatively new in England, but is coming on the continent," said Mr. Withers, referring to the bells of the Metropolitan Church, which, he said, were by far the best he had ever touched.

"It is really a science, and is called 'campanology,' after the city of Campana, Italy. There is a regular journal on bell-ringing called 'The Ringing World,' which has been published for about fifty years."

Recalls Rhyms. Strange to say, there have been people who have no ear for bell music, and Mr. Withers recalled a rhyme, supposed to have been written by a Frenchman, as follows:

"Disturbers of the human race, Who set the bells a-clanging, If ropes were in their proper place, And your necks they'd be hanging."

The bad scansion of the last line is proof that Frenchman's lack of the rhythmic sense.

As an offset to this, Mr. Withers said that the emblem of the bell-ringers' society has a picture of Apollo with his harp laid aside gazing up at a bell tower, and beneath are inscribed the words:

"Regardless of his harp, Apollo here is found, Charmed by the solemn bells' melodious sound."

Mr. Withers has visited various countries to give inaugural recitals, and not long ago he went to Norway for this purpose. He is proud of the fact that he rang the wedding bells of Princess Mary on the roof of Herods, in London.

## A MONTREAL WEDDING OF INTEREST HERE

The marriage of Miss Pauline Elizabeth Rye, daughter of Mr. and Mrs. R. C. Rye, of 4074 Tupper street, Westmount, Montreal, to Darrell B. Steves, son of Mr. and Mrs. W. H. Steves of Fredericton, N. B., took place at 4.30 o'clock on Saturday afternoon at the home of the bride.

The ceremony was performed by Rev. E. Bushell, pastor of St. Matthias church, Westmount.

The ceremony took place in the drawing-room, which was decorated with Opheleia roses and palms. The Misses Grace Day and Mary Russell acted as bridesmaids and Miss Adele Whittaker, was flower-girl. John Huntley Boy of Nova Scotia, was best man.

The bride wore a gown of white tulle with a deep flounce of Spanish lace. The bride wore a gown of white tulle with a deep flounce of Spanish lace.

The wedding march was played by Miss Muriel Webster. A reception followed the ceremony. Going away, the bride wore a navy blue tricot suit and navy blue hat.

Mr. and Mrs. Steves arrived in the city this morning on the Montreal train, and are the guests of Mrs. Steves' aunt, Mrs. W. Edmund Raymond, Germal street. They will go to Fredericton on Wednesday evening to visit relatives. The account of this wedding is from the Montreal Star.

## LIQUOR SEIZURES.

Inspector Killen last night about 9 o'clock entered a place about three miles on the Marsh road and seized six five-gallon jugs and two four-gallon jugs of alcohol and Jamaica rum, five gallons, which were partly filled with rum, and 115 bottles of whiskey.

Two other raids were made on Saturday. The shop of Harry Quinn was visited for the second time since it was taken over from Walter Bell, about a week ago. It is alleged that four bottles of whisky were found and the same was also visited and it is said that four cases of beer, thought to be over strength were seized.

## IN THE HOSPITAL.

Cyril Creary, an electrician at the refinery, was injured this morning while at his work. He was caught by the arm of a crane and sustained a cut on the back of the head and also injured to his back. He was taken to the hospital, where he was reported to be resting comfortably this afternoon.

James Gibbs, of Montreal, who is employed at the C. G. M. M. office, and who is ill at the infirmary, was reported this afternoon to show no improvement. His condition is regarded as serious.

Michael L. Barrett, who was injured at the depot on Saturday night, is reported to be improving nicely at the infirmary.

## PUBLIC WORKS MATTERS.

Commissioner Frink, accompanied by H. E. Gould, city horticulturist, made an inspection of the Old Burying Ground and King Square this morning. They found that some of the perennials which were expected to bloom this season had been destroyed by the frost during the winter, but there were quite a number which were not affected. It is the commissioner's intention to start the laying of the flower beds as soon as the weather will permit.

An application has been received from the German Street Improvement Association for repairs to the paved surface of German street. This, he said, will be undertaken soon. He is also planning this spring to seed the grass spaces in German street, where new pavement was laid last season.

The department has acquired three new horses.

## THINKS COUNCIL SHOULD DECIDE

Dr. Frink's Views on Matter of Athletic Park in Queen Square, West St. John.

P. J. Legge, on behalf of the St. George's Athletic Association, has made application to the city public works department for the use of the Queen Square, West St. John as an athletic grounds, so Commissioner Frink announced today.

The commissioner said that in view of the fact that the city was compelled to pay a claim of \$2,000 for damages incurred through the death of a youth who was electrocuted during the progress of a baseball game on the square, it was his opinion that the city council should decide to make the square either all playground or half playground and half park. Whatever decision was arrived at, the commissioner said, he was preparing to make some improvements to the area this summer.

## MAURETANIA MAKES FASTEST TRIP SINCE 1914

Cherbourg, April 10.—The Cunard steamship Mauretania arrived today from New York, making the trip from New York to Cherbourg in 10 days, 11 hours and 59 minutes, which is declared to be the fastest time recorded by any transatlantic vessel since the beginning of the war, in August, 1914.

Halifax, N. S., April 10.—The Cunard liner Mauretania arrived at Halifax on Aug. 6, 1914, four days, ten hours and forty-one minutes from Liverpool. She was diverted from New York because of the presence of German cruisers on that route.

## BIG MEN OF U. K. ASK GENOA FOR TRADE MEASURES

London, April 10.—An important appeal to the Genoa conference, containing the signatures of about 800 men representing the financial, shipping and industrial spheres of the United Kingdom, was despatched today. It urges the conference not merely to recommend removal of all post war restrictions on trade but to agree upon such further measures as will insure the progressive liberation of trade and means whereby economic prosperity can be restored.

Among the signers are Baron Innes of Viscount Cowdray, Sir Walter Runciman, Sir Alfred Boucher, Sir John Brunner, Sir Charles Macara and Sir Drummond Fraser.

## NEW SENSATION IN CLAR' CASE

## MURDER CHARGE TO BE MADE AGAINST FORMER CANADIAN CLERGYMAN

Los Angeles, April 10.—(Canadian Press)—Herbert Wilson, former Canadian clergyman, will be charged with murder, so it was said at the sheriff's office today.

Wilson, who was held pending trial for alleged connection with the \$1,000,000 mail robbery here March 3, 1921, late last night shot and killed Herbert R. Cox, his alleged accomplice, after Cox had frustrated an attempt to escape from jail.

## IN WALL STREET.

New York, April 10.—(10.30)—Extensive accumulation of buying orders over the week end infused further activity and strength to the general stock list at the opening of today's market. Rails supplemented last Saturday's gains, even the colliers ignoring latest aspects of the strike situation. Independent steels were the strongest features, Gulf States Steel showing a gain of 2.8 points on the first transaction, but soon losing half its advance. There was heavy trading in Pennsylvania, Seaboard Steel, Midvale and New York Air Brake at gains of a fraction to one point. Tobacco was the only reactionary feature, Sumatra and Retail Stores losing one point each. Noon Report.

New York, April 10.—(Noon)—Prices became irregular in the first hour on selling of industrials, attributed to pools, but rails held their ground. Dealers were large, but somewhat under the high pressure of the previous week. Great Northern, "Sooner," Missouri Pacific preferred, Ontario and Western, and Pittsburgh and West Virginia were prominent among the stronger rails. Steels, equipment, motors and oils threw off their heaviness before noon on more confident absorption of Bethlehem, Crucible, Ballwin, Studebaker and Mexican Petroleum. Local transactions eased under realizing but other utilities, especially the severa preferred issues of Market Street Railway and United Railway Investment, were 1 to 2 1/2 points higher. Call money opened at 4 1/2 per cent.

## MONTREAL STOCK EXCHANGE

Montreal, April 10.—(10.30)—Trading was brisk during the first half hour this morning, and was featured by Brasserie, which, on a large turnover, rose to 41, after closing at 40. Consolidated Smelters, one of the strongest and most active issues on Saturday's market, sold unchanged this morning at 23. Other leaders, although active, were steady.

## CHESTNUT CO. AWARDS CONTRACT

T. S. Miles, of North Devon, Will Rebuild Factory—One St. John Tender.

(Special to The Times)

Fredericton, N. B., April 10.—Thomas S. Miles of north Devon, presented the lowest of five tenders received by the Chestnut Canoe Co., for the erection of a new factory building to take the place of that destroyed by fire in December, and was awarded the contract. The contract price is in the vicinity of \$40,000. One tender was from St. John. The others were from Fredericton and Devon.

Building operations will begin within a few weeks. The temporary structure from the ruins of the former factory will be incorporated in the new building which will be four stories in height and have 40,000 square feet of floor space. It is probable that excavation for the extension will begin soon. The erection of the brick walls is expected to begin in May.

Legislation under which concessions are to be extended to the company in the re-establishment of the industry was enacted on Thursday.

## WOMAN VOTE AND PROHIBITION IN QUEBEC PROVINCE

Montreal, April 10.—With the object of ascertaining definitely the views of the women of the province of Quebec in connection with total prohibition Henry Miles, M. L. A. for St. Lawrence division, this city, who has been championing the cause of woman suffrage in the provincial legislature, has written a letter to Miss Idola St. Jean, secretary of the Federation of Women's Clubs, stating that the "beautiful ideal of prohibition never in this world can be possible," and that until the women realize this and take a broad view on the matter their chance of victory for the vote will remain small in this province.

Mrs. Gerin-Lajoie, who presided at a meeting of the Provincial Franchise Committee, held here Saturday night, at which the letter was read, said that it had never been the intention of the women in this province to strive for absolute prohibition.

## FOUR JUDGES ARE RETIRED WITH FULL SALARY PENSIONS

Montreal, April 10.—Judges F. X. Choquette, Alton Bazin, Seth P. Leet and Hosmer Lanctot, all of the sessions of the peace for the judicial district of Montreal, have sent in their resignations to Hon. L. A. Taschereau, attorney general of Quebec.

In special recognition of the services of the retiring judges, Premier Taschereau last session put through a measure providing for retirement on full salary (8,000 in each case) if they resigned within thirty days when asked to do so. The retirements are in conformity with this legislation. Ill health is given as the reason for the retirements.

## HIGHER TODAY

Chicago, April 10.—Wheat today during the early part of the session was in a sharp uptick, but later in the day it was less buoyant. There was but little pressure to sell. The opening, which ranged from 1.18-1.19 cents higher, with May 1.33 to 1.33 1/4 and July 1.21 1/4-1.21 1/2. Followed by moderate further gains and then something of a reaction. Corn and oats sympathized with the wheat advance. After opening 1-8 to 5-8 higher, July 67-68 to 68, the corn market gained a little more. Oats started unchanged to 1-4 up, July 39-40, and made a slight general advance before showing a tendency to halt. Higher quotations on hogs helped to give a lift to the provision market.

**SCHOOL MATTERS OF INTEREST**

Two English Teachers Ask to Exchange With N. B. Ladies.

Dr. Carter Speaks of Teachers' Pensions and Minimum Salaries—Difficulties in Connection With Latter Subject Being Overcome.

Dr. W. S. Carter, superintendent of education for the province, has received a letter from E. A. Hardy, B. A., honorary secretary for the exchange of school teachers, League of the Empire, Toronto, enclosing the applications of Miss Ethel Marston, Ripon, and Miss Lillian Slater, West Hartlepool, England, for permission to exchange with two teachers from the New Brunswick schools during the season of 1922-23. Mr. Hardy said that a few teachers from Ontario, Quebec and the western provinces and two from Nova Scotia had already taken advantage of the interchange of teachers plan, but all the English teachers so far have gone to Ontario and Quebec. Two had already been arranged for in Montreal this year, and he was pleased to note that some of the English ladies had asked to be allowed to come to New Brunswick.

Teachers' Pensions.

Asked regarding the matter of teachers' pensions, Dr. Carter said that there was no doubt that the pension act, which is now before the local legislature, would go through. This would raise the maximum pension from \$400 to \$800 and will establish a minimum of \$250. An excellent provision, according to Dr. Carter, was the disability clause, which provided that after twenty years of service, a teacher who becomes disabled on account of duty, would receive 20.33 of the full pension to which he or she was entitled; after twenty-five years, 25.33 and so on.

The provisions of the act would apply only to those who were in active service on July 1, 1922, and besides the teachers would also apply to those holding valid licenses in work akin to education, such as school boards, inspectors and normal school instructors, who expressed a willingness to be included and who would pay the maximum fee of \$20 a year. The annual contribution from teachers was fixed at five per cent of salaries, which was augmented by a provincial fund. The amount to be collected from teachers this year was estimated between \$12,000 and \$15,000.

Minimum Salaries.

Dr. Carter said that the minimum salaries would continue for another year and by that time he thought that they would be more favorably regarded than they were at present in some sections of the province. The act, he said, had not been well understood.

**KELLY, BANISHED WITH O'REILLY AND ROSSA, DEAD**  
Boston, April 9.—Timothy Kelly, one of three memorable political prisoners banished from Ireland many years ago—the others being John Boyle O'Reilly and O'Donovan Rossa—is dead here at the age of eighty. For the past twenty years he had been employed in the sheriff's office in the Suffolk county court house.

Some sections, he said, had entirely over-estimated the cost of minimum salaries for the year and would have large surpluses. Most of the districts, with the exception of the large cities and towns, he said, were getting twice as much as they formerly did; the poorer districts got four to five times as much, while the poorest districts also received a bonus. In some cases the trustees had made the mistake of not deducting the teachers' government grant from the minimum salaries and drawing contracts accordingly. The government grant, he pointed out, was sent directly to the teachers. He expected that feature would be better understood after this year. In many districts the cost of board had been found to be greater than the lowest minimum salary, and he thought that the school privileges afforded to any district, however poor, should be less in value than \$500.

**PROSPECTS FOR A PUBLIC HEALTH CENTRE BRIGHTER**

The prospects for the establishment of the much needed health centre in St. John this year are very bright. Hon. Dr. W. F. For some time it has been under consideration and the Rockefeller Foundation has made a generous grant sufficient to cover the greater part of the running expenses of the centre for five years.

Two types of public health nursing are being considered at the present time, Dr. Roberts said, the purely public health system and collective instruction and the public health and district nursing combined, which he favors. The latter system involves some bedside care and uses bedside care as a means of pointing moral and of obtaining the sympathy of the people.

**A Business Statement that is a Great Human Record**

**HOW WAS IT DONE?**  
Records kept by the Metropolitan Life Insurance Company show an extraordinary decrease in the death rate among its industrial, or weekly premium, policy-holders. Comparing 1921 with 1911, for example, there were 35,000 less deaths in 1921 than there would have been if the 1911 death rate had prevailed.

What brought about the great saving of life?  
The general public health movement—progress in medical science and sanitation—other causes, perhaps. But a very great factor has been the tremendous health campaign carried on by the Metropolitan itself. This page tells a part of the story.

**HELPING 19,000,000 PEOPLE**  
About 19,000,000 people are insured in the Metropolitan—over 16,000,000 under weekly premium policies. The weekly calls of Agents at the policy-holders' homes provide a wonderful opportunity for health and welfare work.

**14,000,000 VISITS BY TRAINED NURSES**  
Free nursing service is given to industrial policy-holders in 2,800 cities and towns. Trained nurses not only heal the sick but teach right living. About 14,000,000 visits have been made—2,116,875 in 1921. Numerous letters tell of lives saved.

**238,000,000 PIECES OF LITERATURE**  
Attractive booklets and pamphlets in great variety, dealing with the important phases of health and disease, and prepared by leading experts, are distributed broadcast. So far, 238,000,000 copies have been distributed—25,000,000 in 1921. The number distributed in CANADA in 1921 was nearly 3,500,000.

**COLLECTIONS**  
In addition, 38,000,000 copies of *The Metropolitan*, a health magazine, are issued annually—1,500,000 copies, in English and French, being distributed in Canada.

**A CITY THAT IS WATCHED**  
In Framingham, Mass., the Metropolitan is leading the way in a great experiment, watched by health authorities everywhere, to demonstrate what proper municipal health regulation can do. Deaths per annum from tuberculosis have dropped from 121 per 100,000 to 40.

**TUBERCULOSIS AND PASTEURIZED MILK**

To the Editor of The Times:  
 Sir—The tuberculosis case finding campaign now going on in this city is one I am sure every citizen will be glad to assist. Experts in this line have been brought here at great expense to examine suspects and advise them as to proper treatment. Numerous cases have been located and are no doubt now undergoing treatment. We are told that in the early stages tuberculosis can be permanently cured with proper care, and that milk forms an important part of the diet of those being treated for the disease. The same experts who are here assisting in the campaign will tell you that tuberculosis, which affects cattle, is communicable through milk to man. It is a well established fact that 50 per cent. of the milk cows in this country today are suffering from tuberculosis to a greater or less extent, and that only the tuberculin test will reveal it. This test is only satisfactory from the fact that, it will not tell you the extent of the disease or its location. Nothing but a post-mortem will tell us that; not until the victim is in the last stages can any veterinary point out the afflicted animal from an external examination. There is a law on the statutes of Can-

ada which prohibits the sale of milk from tubercular cows unless pasteurized, and then only under certain conditions, and in the same act upon proper application being made to the veterinary director general at Ottawa every herd of milk cows in a city or town will be tested free of charge, and any milk producer who will not submit his herd to the test can be prohibited from selling the milk from same in the city unless such milk is sold to a milk company who submits it to proper pasteurization. Past compensation is made by the government, for any animals found to have reacted providing they are slaughtered. How many herds now supplying milk to this city are tubercular? Not one per cent, if any. How many dealers distributing milk in this city pasteurize it? Just one, and

there are about sixty who do not. What will be the result of this impure milk being distributed? What means will be adopted to stop the source of tubercular infection? We know that fresh air, sunlight and proper diet are all beneficial to a tubercular patient, but we also know that, if we put a tubercular patient on a diet, part of which is milk from a tubercular cow, the fresh air and sunlight is of very little benefit. This brings to the writer's mind a case in point. In Rutland, Mass., a beautiful sanatorium was built for tubercular patients. Its location was on a high elevation where the air was the best, and all surroundings suitable beyond question. There was a large farm in connection with the institution upon which all food supplies were raised. It also possessed a large herd of cows which supplied the patients with milk and butter. The condition of the inmates did not improve; in fact there were so unsatisfactory that an investigation was made, with the result that practically all the cows supplying milk to the sanatorium were found to be tubercular. But locking the barn after the horse is stolen is poor business. All animals on the farm were destroyed, all buildings fumigated, new stock was purchased and a pasteurization plant installed, why? because proper pasteurization destroys the bacteria which causes tuberculosis. What is the use of establishing clinics to detect disease if we allow poisonous food stuffs to be sold to the unsuspecting patient. What are health laws made for? Surely not to be handled about for political purposes. Why should the fact that a petition was signed by 5 or 6 thousand women and children against the pasteurization of milk offered for sale in this city be taken seriously when their signatures were obtained through a misrepresentation of facts. The very man whose milk was responsible for thirty-five people being stricken down within a few hours after they drank it, circulated one of these petitions and obtained signatures by asking his customers "if they had not always been satisfied with his milk." I wonder how many signatures he would have got added to his document, had he presented it the following morning. The signing of these petitions brings to mind Christ's saying at the time of his crucifixion: "Father, forgive them for they know not what they do."

**CONDITION APPALLING.**  
 Rev. Dr. Chown Discusses Foreigners in West.

St. Catharines, Ont., April 10.—That conditions among foreigners in the Canadian west are disgraceful was the statement of Rev. Dr. S. D. Chown, general superintendent of the Methodist church

in Canada, in an address before the St. Catharines and District Ministerial Association. Marriage, he said, was altogether devoid of sentiment, and merely an economic convenience. Conditions of living were appalling, the house being generally of only one room, one end of which was occupied by the cattle. Beds they had none, boards being laid along the floor by the side of the walls for sleeping purposes. Sanitary laws were unknown and undesired. He denounced the present system of segregation, because there was no possibility of linking the people with human ideals. In his opinion, the only way to save the west was to distribute the immigrants among the white population and abolish the settlement of whole

blocks of land with foreigners. "By contact with a high level of living they could be imbued with different ideals to those obtaining in their own country," said Dr. Chown. He said he shuddered to think of the future of the west unless some drastic means were taken to alter the prevailing standard of living.

IRON, STEEL, METAL AND MACHINERY

In its summary of the iron, steel, metal and machinery markets, Canadian Machinery and Manufacturing News, Toronto, makes the following comment in its April 6th issue. "A Canadian machine tool dealer secured a \$30,000 order in American territory a few days ago, in spite of competition from dealers in the States. Some of the tools ordered are not made in Canada, but the Canadian firm receives credit and commission on the business. Several other good orders in machine tools have been closed, one being for about \$10,000 worth of plant equipment. While the tool market is far from boom-like conditions are on the upgrade. Enquiries are better, and several good prospects are being nursed along. Small tools and supplies are selling at a fair rate, but the market is petty, several dealers having off weeks while others report an increase in sales. From the nature of the orders received however, it is plain to see that the stock of the tools in manufacturing plants must be very low, as immediate delivery is the usual cry. Scrap metals are not moving very rapidly, nor are non-ferrous metals. This applies to all Canadian markets. Iron and steel is in slightly better demand, but this condition is expected as the season advances. March business shows an improvement of about 10 per cent over the former month. Building construction is active, residence building being featured. Montreal predicts an excellent building year. Activity at the different Canadian water fronts is very marked and is considerably repair work is proceeding. The Algoma Steel Corporation is oper-

"Just Around The Corner"

Everybody knows the meaning of the word mother—knows a mother's sacrifices—but the mother who lives and breathes and suffers in "Just Around The Corner" becomes the mother of everybody.

We may not have suffered her acute poverty—but we can see the hand of mother—our mother—in every homelike touch she gives to her little tenement home—can struggle with her against the white sickness which weakens her steps—and makes her a drag upon her children—and we suffer with

her as she sees her daughter drifting out of her life, looking outside of the home for recreation and happiness.

But "Just Around The Corner" is lit with ennobling faith, bright touches of home life, winsome bits of fun, and in the end with a mother's love triumphant—sacrificing itself at the feet of a daughter redeemed.

PALM SUNDAY IN THE CHURCHES

Special Sermons and Appropriate Music Mark the Services — Vimy Anniversary Recalled — Many New Members in Several Congregations.

Palm Sunday and the anniversary of Vimy Ridge were both observed in the services in the city churches yesterday.

Rev. Canon R. A. Armstrong, preaching in the evening in St. John's church, dwelt upon the significance of the triumphal entry of Christ into Jerusalem on Palm Sunday and also referred to the significance of that particular Palm Sunday as the anniversary of Vimy Ridge.

The fifth anniversary of the institution of the congregation was celebrated in Knox Presbyterian church yesterday.

Rev. Simeon Spidle, M.A., Ph.D., of Acadia University, one of the most scholarly and eloquent of the Baptist ministers in the district, conducted the services in the Ludlow street Baptist church yesterday and was heard in forceful addresses by very large congregations.

In the Victoria street Baptist church in the morning the pastor, Rev. G. D. Hudson, gave a timely sermon on a Christian Home. The church was filled to capacity and at the close of the service nineteen were baptized, including eight Boy Scouts.

His lordship Bishop Richardson administered the rite of confirmation to nine candidates presented to him in St. John's (Stone) church yesterday morning by Rev. William Armstrong, who took the place of the rector, Rev. A. L. Fleming, who has been ill, but is making a satisfactory recovery and hopes to occupy his own pulpit on Wednesday.

to the nine candidates. The question in his text, he said, was the greatest question in the world and it was one that must be answered by every person.

At the close of the morning service at the Tabernacle Baptist church yesterday, two were baptized. In the afternoon all the departments of the Sunday school held a united session and the pastor, Rev. A. L. Tedford, gave a brief address; at the close fifteen young people met the pastor to talk over a Christian life. It is expected about twenty will be baptized on Easter Sunday.

J. M. Rice, the minister, conducted the services. In the morning Miss B. McColgan sang "The Palms" and in the evening the choir, assisted by a mixed quartette from the Victoria street church.

In the Charlotte street United Baptist church in the morning the rite of baptism was administered to one candidate, Mrs. J. M. Patterson sang "The Palms."

The music in the Carleton Methodist church was greatly appreciated. Among the special numbers were the quartette "In the Garden," sung by Mrs. Barrett, Mrs. Bissett, F. J. Punter and F. Mayes; the solo, "Palm Branches," sung by F. Mayes; the solo, "Father in Heaven," by F. J. Punter, and the anthem, "Art Thou Weary" by the choir.

The evening service in the Germain street Baptist church was under the auspices of the Young Men's Association and the choir was composed entirely of men. Dr. P. L. Bonnell sang a solo and a trio was sung by Messrs. Campbell, Smith and Cross. The pastor, Rev. S. S. Poirer, in his sermon spoke of "young men and Christianity."

Rev. F. H. Bone returned on Saturday after a ten days' sojourn in Hillsborough where he was conducting a series of special services for Rev. A. S. Bishop. The campaign was especially successful as twenty-five new members were added to the church in that place as a result.

The Sunday services in the Waterloo street Baptist church were well attended yesterday. In the morning the pastor took as his subject "A Traitor in the Camp." In the afternoon seven new members were received, and at the evening service the pastor's subject was "The Ark of Safety in the Twentieth Century." There was also a good after-meeting.

LORD BYNG CANNOT COME HERE FOR CONGRESS

His Excellency Lord Byng, governor-general of Canada, has informed the Canadian Association for the Prevention of Tuberculosis that he will be delighted to become honorary president of the association. His excellency wished the association every success in its work and regretted his engagements would prevent him from attending the annual health congress to be held in St. John June 6, 7, 8 and 9.

MOTOR COLLISION CASE IN COURT

As a result of prompt work by Robert Crawford, provincial constable, Thomas J. Danaher was brought before Magistrate H. J. Anderson and H. Lee Flewelling at Renfrew on Saturday on charges arising from collision which occurred recently when a car in which Mr. and Mrs. H. W. Schofield were driving was overturned. Danaher was charged with driving his car furiously and also with not stopping after the accident had occurred. He was fined a total of \$42.

FORMER MINISTER KILLS ACCOMPLICE

(Canadian Press Despatch.) Los Angeles, Cal., April 9.—Herbert Wilson, formerly a minister of the Gospel in Oregon and Canada, held in the county jail pending trial for the robbery of the mails here of nearly \$1,000,000 on the night of March 3, 1921, shot and killed his alleged accomplice, Herbert R. Cox, just after officers had frustrated an attempted jail break late today.

Cox, Wilson and Eddie O'Brien, recently arrested here in connection with a mail robbery at Toledo, Ohio, more than a year ago, had made their escape from the jail proper and were on the "bridge of sighs," a passage-way leading to the hall of justice, when deputy sheriffs closed in on them.

MOTOR SHOW WAS WELL WORTH WHILE

"Well worth while," was the verdict of W. J. McAlary, president of the St. John Automobile Trades Association, commenting upon the motor show which was concluded at the armoury on Saturday evening. A good many cars had been sold and a wide interest in automobiles developed by reason of the show, said Mr. Mallory. The exhibit was the largest ever held in the maritime provinces.

Not only was the show attended by local people but many from other places also visited the exhibition and dealers from out of town were complimentary in their opinions of the show.

While the show was arranged by the Automobile Trades Association, it was managed by the Commercial Club, in its capacity as secretary of the club, H. V. McKinnon, was largely responsible for the conduct of the affair and dealers from out of town were complimentary in their opinions of the show.

The venture was due to Mr. McKinnon.

He said last evening that from the financial point of view the show had been a success and that the expenses incidental to carrying it on had been met. There was no speaker at the closing evening. The attendance was not so large as on previous nights. Miss Blenda Thompson sang during the evening. All the cars have been removed from the armoury which will now revert to its habitual military status.

How about that unfinished attic?

You've always wanted to fix it up. Do it now—this spring. With Beaver Board you can transform your attic into two or three permanent and altogether livable rooms—and at remarkably small cost. The large, flawless panels are made just the size to go over joists or studding with a minimum of sawing or waste. Nail up the Beaver Board, paint it if you want a decorated room, add the good-looking wood strips, and the job is done—you've added much to the value of your home and to your own pleasure in it.

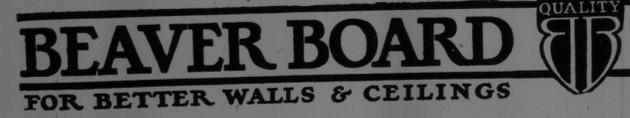

Genuine Beaver Board is knotless, manufactured lumber, made from white spruce logs. Each panel is sized and sealed by the patented Sealrite process which provides a perfect painting surface.

You handle Beaver Board just like ordinary lumber, only far more easily—and without the customary muss and litter. You can nail it directly over old plaster and be sure of an attractive, permanent result. There is no better or more economical material for making over old, shabby rooms, erecting partitions, finishing up the interiors of new buildings, enclosing offices or doing a wide variety of similar jobs.

Tell any carpenter or lumber dealer in town about the Beaver Boarding you want to do. He will gladly give you an estimate.

Insist upon having genuine Beaver Board. Look for the famous Beaver Quality trade-mark. Be sure it is on the board you buy.

"All the Boys Want a Ride on My New C.C.M."

TOMMY STEVENS has one big kick—All the boys want to ride his new C. C. M. bicycle.

Tommy says, "The fellows pester the life out of me. Before one of them has finished a ride, some other fellow is Coaxing for a Turn They all seem to like my new C. C. M. a lot better than their own bikes."

Aside from this one kick, Tommy is tickled to death with his new bicycle. He admits he can hardly blame the fellows for wanting to ride it. It runs so much easier. And when the boys ask him why, Tommy tells them about the C.C.M. Triplex Hanger

It reduces friction. And there's a freedom from those mean "tight and loose" spots often developed by other hangers. Tommy says, "It makes a C. C. M. bicycle run so smooth and easy you'd almost think you were riding down grade. And I can feel the Triplex fairly sizzle with power and pull away like mad when I hit her up!"

Boys! Girls! Have you ridden a C. C. M. Bicycle with the C. C. M. Triplex Hanger? Get your father to go to the dealer's with you and see one.

The New Models Are Beauties The last word in bicycle style and smartness. Wonderfully smooth enamelling that fairly sparkles. And the "bright as sunshine" nickelling is done over copper so it can't rust.

All C. C. M. Bicycles have the New Hercules Positive Drive Coaster Brake—the kind that coasts farther and has no clumsy side arm.

The C. C. M. is "A Real Bicycle for a Real Boy." And there's a special one that the boy won't outgrow. Equally good for a lad of nine or a youth of twenty. Step into a C.C.M. dealer's and ask to see the C. C. M. 18-in. Curved Bar Model.
