## OUT SINCE 10 A. M. IN STEEVES CASE

### No Verdict From Jury at 1 O'Clock

### Summary of Speeches of Senator Fowler and Mr. Rand in Murder Trial at Hopeville Cape.

Moncton, N. B., May 14.—At Hopeville Cape, on Friday afternoon, in the case of the River Gains Steeves, charged with the murder of his wife, Senator Fowler, counsel for accused, and Ivan C. Rand, counsel for the crown, associated with T. J. Goodwin addressed the jury.

Senator Fowler said that newspapers from printed items of fires at which lives were lost. Recently fourteen lumeners were burned to death at a camp, a more striking example of a fire where a lives were lost than that of the parliament buildings, Ottawa, the fire breaking out while a member of parliament was sitting a speech. There were some law escapes. He asked the jury to compare the parliament buildings of Canada with the flimsy house of his ananda with the fire which occurred in the attic in that house and in the windows in the front, which were closed, and to the window in the car, which was very small. He said escape by the stairway in case of fire was utterly impossible on account of the dimensions of these stairs. There had been no oil in the house the day of that fire. No one knew how the fire occurred.

He touched on the scene in the family circle the night previous to the fire when the little Beatrice went out to meet her father on his return and to the reading of the bible. Mr. Fowler asked the jury if it was not an unlikely thing for a man to commit such a crime as his client was charged with. He believed the accused innocent.

Mr. Fowler asked the jury if they believed the accused had committed the crime with malice aforethought. Did they believe the accused deliberately destroyed his wife and mother, the more serious the crime, the more the proof, and the greater the crime, the greater the punishment. Was there proof he acted with malice aforethought? Did he commit the crime? He would not say.

Mr. Fowler said it is a case, in his opinion, built upon gossip and scandal. He was a man of the kind, and care was not exercised whose reputation was so long as his client was taken care of.

John Mellich and McKenzie had told him all right, as McKenzie and sworn he found accused "a good employe."

Mr. Rand, addressing the jury, said the fact remained that on February 15 there was a fire, and the accused had explained about the fire, but did the explanation square with the facts? At the fire the accused was suggesting explanations as to the cause of the fire to a morbid public. He would not suggest to the jury that the accused had gone home that night with the purpose of killing those people, but he would suggest that the accused had gone home that night and there had followed a quarrel, and the result was that the mother had lost her life.

Mr. Paddock had sworn that it was blood taken from under the body of Mrs. Steeves. It was evident then Mrs. Steeves was dead before the car had consumed her. He said the accused had stained her memory in the minds of friends by certain evidence which he had given.

Here Mr. Fowler interjected that his client had not traduced the memory of his wife.

Mr. Rand replied that it had been proven that Mrs. Jones had been brought into certain phases of the case relating to accused and his deceased wife.

In concluding, he said that rugged facts stood before them, stern and rugged facts, burned bodies, and these burned bodies pointed with fingers at the prisoner. His theory was that the accused had perhaps in a fit of rage destroyed his wife, or had hit her, which had caused her death, and the accused, who had valued life as he had told on the stand, had to get rid of living facts so as to live himself, and these living facts were his children.

Judge McKewon delivered his charge to the jury, and at six o'clock court was adjourned until this morning at 10 o'clock.

The jury withdrew at 10:07 o'clock. Court adjourned at 11:00 o'clock.

## France Against Military Operations In Upper Silesia

### Briand Makes Declaration—Lloyd George Praised and Severely Criticized in London Papers After Yesterday's Speech—New Phase of German Question.

Paris, May 14.—France is unalterably opposed to any German military operations in Upper Silesia, so declared Premier Briand today.

"Never, never could the French government consent to German troops entering Upper Silesia," the premier exclaimed in consequence of Lloyd George's speech yesterday in the British House of Commons.

PARIS IS STIRRED.—The entry of German troops into Upper Silesia would provoke intervention by regular Polish troops, which would mean war and in such a war France could not remain neutral, according to expressions in official circles here today.

The utmost amazement was expressed in these circles at the speech of Lloyd George, containing what are regarded here as extraordinarily friendly references to Germany and judgments hostile toward Poland and unsympathetic toward France.

Premier Briand himself took the unusual course of receiving to them what the French government had done and intended to do.

London, May 14.—Reports on the part of Polish newspapers to create in the plebiscite area of Upper Silesia a situation similar to which occurred in Fiume during the d'Annunzio regime are sternly opposed by Great Britain.

The attitude of the British government was made very clear by Premier Lloyd George in the House of Commons yesterday and it would appear his words would call for denunciations from chiefs of Allied powers, setting forth their positions.

The Polish government, whose disavowal of responsibility for the Silesian revolt was sharply challenged by Lloyd George, would seem to be placed in a position to end a situation which the official expression which would indicate a settlement in government circles in Warsaw were being awaited with keen interest here today.

The premier's denunciation of the Polish revolt did not denote anything like unanimous support from London newspapers today. Some of the most important journals did not comment upon his address, while there was some matter of approval, there were also other things, that he himself and his Allied colleagues, who largely blame the situation and that the Polish material reasons, against the insurgents, government was really powerless, for the Daily Express commended the premier's honesty, courage and sincerity and insisted that Poland "must become a disturbing element in Europe," and that the premier's language was "fatally and irretrievably in the wrong."

Lloyd George was charged with "bitter partnership, intense dislike of Poland, and ill-will towards Germany and ignorance of European politics" by the Morning Post.

The papers described his speech as a "torrent of abuse, invective and hysterical excitement" and argued that explanation square with the facts? At the fire the accused was suggesting explanations as to the cause of the fire to a morbid public. He would not suggest to the jury that the accused had gone home that night with the purpose of killing those people, but he would suggest that the accused had gone home that night and there had followed a quarrel, and the result was that the mother had lost her life.

Berlin, May 14.—In a exchange of views in the Upper Silesia plebiscite, the attitude of the inter-allied commission was declared by the secretary of the commission, Prince von Hatzfeldt, deputy of the Rhine customs barrier and especially of the Ruhr ports in view of Germany's acceptance of the terms. It is reported here that Great Britain favours cancellation.

Prince von Hatzfeldt, German plenipotentiary in the Upper Silesia plebiscite, has resigned due to dissatisfaction over the attitude of the inter-allied commission. The Rhine customs barrier and especially of the Ruhr ports in view of Germany's acceptance of the terms. It is reported here that Great Britain favours cancellation.

## As Hiram Sees It

"Well, sir," said Mr. Hiram, the Times reporter, "I thought I'd be tagged this morning for them little kids in that Wright street home. I wouldn't mind it a bit. They give me with all the Homes you got here there ain't room left for all the other ones."

"That ain't right. We gotta hev a great big place or a bunch o' cottages where every derby case could be tended to an' the little fellers get a good start. You never kin tell who 'll be a baby in the cradle 'til 'em turn out to be 'em 'ill land in jail, but they're a good deal more likely to git there if you could give a chance to kids that hes to fight harder fer their life than a stray dog. The poor little fellers didn't ask to be born into this world, an' every little 'em ort to be mothered by somebody that has a heart—an' don't go snifin' about findin' fault an' sayin' it ain't none of your business whether other people's kids lives or dies. I'd like to step in fer their lives with an anti-'em would-be 'em."

"If the one thing money's worth in this world is to be a mother, you could give a chance to kids that hes to fight harder fer their life than a stray dog. The poor little fellers didn't ask to be born into this world, an' every little 'em ort to be mothered by somebody that has a heart—an' don't go snifin' about findin' fault an' sayin' it ain't none of your business whether other people's kids lives or dies. I'd like to step in fer their lives with an anti-'em would-be 'em."

A youth charged with stealing a bicycle, was allowed out on suspended sentence on condition that he would report to the magistrate weekly. He is surprised by one sister, a pin, much more to steal a grand bicycle, than the magistrate in letting this boy out.

In the case against Donaldson, Mrs. Jackson and Mrs. White, charged with breaking and entering cottages at Millbridge, witness as to property taken from his house, Donaldson pleaded not guilty. The other defendant, although he admitted being mixed up with the matter of the goods, did not plead guilty. The jury returned a verdict to send them all up for trial. Mrs. White was sentenced to six months, and a railway manager acquainted with the local needs.

The death of James Thompson occurred this morning at the Mater Misericordiae Hospital. He was formerly a city postal clerk and was well and favorably known. He is survived by one sister, Miss Agnes, of this city. The funeral will be held on Monday morning at 7:45 from the home to the Cathedral.

The funeral of William McCollum was held this afternoon from his late residence, Eastmount, to the Methodist burying ground.

Phelix and Phordward WEATHER REPORT Issued by authority of the Department of Marine and Fisheries, R. F. Stupard, director of meteorological service.

Synopsis—Pressure is high throughout the northwestern portion of the continent, and lowest to the northward of the Ottawa valley. In the west the weather has been fair and very cool since from Ontario to the maritime provinces showers have occurred in nearly all localities.

Showery. Maritime—Fresh south to west winds, showers. Sunday, a few scattered showers. Gulf and North Shore—Moderate to fresh southwesterly winds, a few scattered showers, but mostly fair. Sunday, a little cooler.

New England—Fair tonight and Sunday, new cooler, moderate south, shifting to west winds.

## Gun-Men Hold Up C.P.R. Men at Fairville And Rob Station

### Features Hidden and Fire Arms in Hands They Order 'Hands Up' and Get Contents of Till.

Armed with a double-barreled shotgun and a .22 caliber, two highwaymen entered the Fairville railway station before midnight last night, and holding up the night operator and clerk, ransacked the till, making off with about \$16. In the safe were a number of C. P. R. checks for various amounts but the robbers did not demand that this be opened nor did they search the pockets of the two railway employees. Both robbers were masked, one with a white handkerchief and another with a black cloth, so that their features were not visible.

The night operator, Charles Hazel, and the assistant agent, Harry Wright, were having lunch about 11:45 when they suddenly heard a sharp order of "hands up." They thought at first that someone was playing a joke on them but upon looking around they saw a shot gun pointing through the ticket window, and a black masked face above it. A tall man, wearing a white mask, then entered armed with a .22 rifle and tried to force the operator to unlock it and look out its contents, about \$16. The bandits after taking a look around the office then retreated to the door and went out keeping the officials in the station.

They thought at first that someone was playing a joke on them but upon looking around they saw a shot gun pointing through the ticket window, and a black masked face above it. A tall man, wearing a white mask, then entered armed with a .22 rifle and tried to force the operator to unlock it and look out its contents, about \$16. The bandits after taking a look around the office then retreated to the door and went out keeping the officials in the station.

Inspector Henry Catlow, chief of the C. P. R. investigation department accompanied by Constable Graham and Costello, made an investigation this morning and conducted a search along the Manawash Road and vicinity but far have obtained no clue of the robbers. Sergeant Detective Power and Detective Donahue of the city detective force called in and are aiding in the search. Inspector Catlow is of the opinion that the robbers were local men, and the manner in which the job was performed. They evidently were not in a big game, but were content with the contents of the till.

About this time a freight train was on a siding getting ready to start west and the men were working about the cars. When they returned to the caboose they found their lunches had all been taken. Nothing else had been disturbed. It is thought that it was the work of the same men who held up the men in the office.

## Bold Attempt To Free Founder Of Sinn Fein From Prison

### Mount Joy Gate Passed by Friends Disguised as Crown Soldiers; Governor and Deputy Gagged but Arrival of Auxiliaries Blocks Plan.

Dublin, May 14.—An unsuccessful attempt was made this morning to rescue Arthur Griffith, founder of the Sinn Fein organization, from his confinement at Mount Joy prison. An armoured car, which had recently been captured by the republicans was used.

A man in an officer's uniform alighted at the prison gates, which opened to admit the passage of the car, and he admitted the prisoner and a companion in the motor drove straight to the government office, where the governor and his deputy were bound and gagged.

They proceeded to release Griffith and others of the prisoners, and were returning to their cars when they encountered a change of course on the raiders' part. Meanwhile a sentry at an elevated point in the prison became suspicious and fired in the motor car. The raiders fled, camped without the prisoners, but took the armoured car, which later was found abandoned.

Arthur Griffith was arrested in Dublin on November 26 and lodged in Mount Joy prison. The grounds for his arrest were given at the time, but it was explained later that it was due to the desire of the government to learn if he was responsible for the alleged employment of republicans funds on ambulance and other operations involving the lives of troops.

The armoured car used in the attempted rescue is reported to have been captured by the Sinn Feiners in a surprise attack in which two of the soldier occupants of the car were wounded. The Sinn Feiners then disguised themselves as members of the crown forces and proceeded to Mount Joy prison.

The military followed the car when it sped from the prison after the failure of the raid, and a fierce fight ensued. The casualties had not been reported up to mid-afternoon.

The Elections.—Dublin, May 14.—Except for four independent candidates who were returned unopposed for Dublin, not a single opponent has been nominated for the southern parliament against the Sinn Fein candidates, who, therefore, will be returned unopposed in the southern constituencies. These Sinn Feiners will refuse the oath of allegiance to the crown, and therefore to nominate an executive on the viceroys. They thought that it was desirable to have the crown colony administration unopposed. The government should decide to recognize all the members elected in the north and south as a constituent assembly.

## TARIFF INQUIRY RESULT

### Tour of Country, Millions of Words

### Budget Showed No Changes Growing Out of Mass of Testimony—Country Must Wait for a Representative Government.

(Special to The Times). Ottawa, May 14.—The evidence taken on the trip of the tariff commission last fall and winter made a total of approximately two million words. Sir Henry Drayton, chairman, had not heard every one of the two million words, and he probably heard a million more in private conferences, but it is doubtful if he or anyone else ploughed through the four solid feet of typewritten sheets in twenty-three volumes made by the Hansard men. The constant comment here is one of wonderment that, after so much smoke, there should be discernible no fire, because the changes made had relation to treaties made, but nothing at all to the tariff inquiry.

The tour was undertaken because various members of the government admitted that a tariff revision was long overdue. The net result is nothing so far as the budget shows. Either the present tariff is perfect, which is absurd, or the government ministers could make up in what should be done. Hon. Arthur Meighen will have to reorganize his cabinet before the end of the month before the commission have the satisfaction of knowing that if they get no special favors no one else did either. The old favors continue, that is all, and the country must rest under the disability of a while longer until a representative government sits at Ottawa.

Two Months in Jail. Moncton, N. B., May 14.—In the supreme court at Hopeville Cape today Elnor Mellich, who was found guilty of breaking and entering a dwelling with intent to do bodily harm, was sentenced to two months in jail.

UNEMPLOYED HOLD ON TILL WORK ARRANGED

### Stirring Scene as Newfoundland Parliament Chamber is Invaded by Men Out of Work.

St. John's, N.B., May 14.—Stirring scenes attended an invasion of the parliament chamber yesterday by a crowd of unemployed men. They refused to be satisfied with assurances of sympathy and kept the chamber in an uproar until finally action was taken to provide funds which will enable several hundred to obtain employment today.

In addition to permanent residents of this city who are out of work, many unemployed men have come in from the paper mills at Grand Falls. Fishermen from villages around the coast who have been unable to obtain outlets for the season's fishing also are arriving here in hope of finding some relief.

### IS THROWN OUT

Resolution in Nova Scotia Legislature re Commercial Coal Agent.

Halifax, N. S., May 14.—A resolution introduced by W. D. Morrison (member for Cape Breton), which would permit the provincial government to appoint a commercial coal agent to promote the sale of Nova Scotia coal, particularly in the markets of Ontario and Quebec, was thrown out by a government vote in the House of Assembly last night on the grounds that it was vague in what it involved, contained the principal of government participation in private business, and that its passage could in no way affect the transportation difficulties which militated against the sale of Nova Scotia coal in upper Canada.

### JURY FINDS BENNY KAUFF NOT GUILTY

New York, May 14.—Benny Kauff, suspended Grand outfielder, was acquitted by a jury in general sessions last night on an indictment charging him with theft of an automobile on December 8, 1919. The jury deliberated more than an hour.

Detroit, Mich., May 14.—Yusuf Mah-moud required sixteen minutes to defeat Jim Liston in a wrestling match here last night. The first fall came after fourteen minutes with a combination arm and head lock. The second fall was on body scissor and wrist lock.

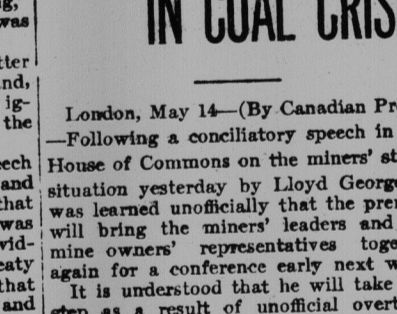

San Francisco, Cal., May 14.—Jesse Schaefer of San Francisco took the fifth block of his 4,000 point 18.2 billiard match with Edward Howard of Belgium here yesterday 4-0 to 104. The total score at the end of the block was Schaefer, 2,000; Howard, 114. Schaefer's high run in the fifth block was 278 and Howard's 103. Only four innings were played.

THROUGH RAIL SERVICE TO PACIFIC COAST  
Canadian National Railways Offer Most Direct Connections With Fast Through Trains from Montreal.

The finest train service to the Pacific coast is afforded by the Canadian National Grand Trunk Continental Limited, now leaving at 9 p. m. daily from Bonaventure station, Montreal.

From maritime province points there is connection by Ocean Limited with the Maritime Express daily except Sunday. The Maritime arriving in Montreal at 7.40 p. m. affords the most direct connection, but passengers by the Ocean Limited will have the advantage of a day spent in Montreal. The Maritime, arriving at Lewis at 1.50 p. m., affords connection with train No. 11 leaving Quebec daily for Cochrane at 8 p. m. This train makes connection at Cochrane with the Continental Limited, so it will be seen there is really a choice of two distinct routes.

The Evening Times and Star

ST. JOHN, N. B., MAY 14, 1921.

The St. John Evening Times is printed at 27 and 29 Canterbury Street, every evening (Sunday excepted) by The St. John Times Printing and Publishing Co., Ltd., a company incorporated under the Joint Stock Companies Act.

A LEARNED STATESMAN. There is a very intelligent gentleman in the New York state legislature. How he got there or what his name may be we are not told, but he opposed a grant toward the celebration of the Dante centenary on the ground that no such money should be appropriated to do honor to a baseball player.

It appears that Gov. Miller appointed a committee of seven members of the legislature to make plans for the celebration, and one of them Senator Cottino, whose name would suggest some knowledge of Dante's land, thought that about \$10,000 would be a suitable appropriation to enable the state to participate officially in the observance next fall of the 600th anniversary of the poet's death.

It is quite possible, of course, that the up-state legislature had been deeply impressed by the recent baseball scandal, and was taking no chances. At all events he appears to have saved the state ten thousand dollars, and for that his constituents may overlook any apparent lack of acquaintance with the names of the heroes of the diamond.

BRITISH-AMERICAN FRIENDSHIP. President Spangler of the St. John Rotary Club has two able colleagues in the appeal he made recently before the Canadian Club for a better understanding between the two great branches of the Anglo-Saxon race.

As graduates of this university, stepping out full of hope and aspiration into this troubled world, make your lives tell for peace. We are in a peculiar position here in Canada, and we of the maritime provinces have a wondrous opportunity along this line.

It is this steady-going habit of the average British workman that is the best safeguard against anarchy. He may agitate, and go on strike, but he is not a revolutionist. There can be no doubt that well paid emigrants from Russia and some other countries have done all in their power to arouse a spirit which would stop at nothing short of a revolution, but their influence would be limited, and they would not receive a sympathetic hearing from the great mass of the workers.

ONLY SLIGHT REDUCTION IN COSTS OF LIVING IN FRANCE REPORTED. Paris, April 21.—(Associated Press, by Mail)—The cost of living in France has decreased slightly since a year ago while the price of many necessities remains unchanged. Most of all kinds is as dear as a year ago, despite the fact that live stock on the hoof sells much cheaper.

MEXICANS ABANDON SEARCH FOR DEADLY TYPHUS GERM. Mexico City, April 29.—(Associated Press, by Mail)—Search for the typhus germ, for the discovery of which the newspaper Universal offered a prize of 25,000 pesos, has been abandoned by the numerous Mexican physicians who sought it and the newspaper's offer has been withdrawn.

FORGOT TO COUNT PREMIER. Paris, April 21.—(Associated Press, by Mail)—Premier Briand, Premier of France, strangely enough was not counted in this year's census as a resident of France. He happened to be in London on important business the day the count was taken. This, omission, however, and a great many others were corrected before the final figures were given out.

of understanding. It requires of such a leader emancipation from historic prejudices, and emotional memories. \* \* \* Already the international soul is stirring, and its voice is going forth toward the ends of the earth. Its voice is the voice that speaks in Shakespeare and the English Bible. Like the sound of many waters is the Anglo-Saxon voice. In it is the quat word of Boewulf blending into the song of Chaucer. The battle-cry of the Normans and the answering shout of the Saxons at Hastings, make in that voice a perfect chord. The Ironsides of Cromwell and the Fathers of Valley Forge meet whenever English words are spoken. All great needs for the freedom of humanity find their clearest utterances in the tongue that is heard in English, Australian, Canadian parliaments and the American Congress. Surely these facts are prophetic indications of God's purpose. He who frustrates the unity of this Anglo-Saxon speech will be held before God accountable—charged with the great crime against Humanity.

A HALIFAX EXAMPLE.

A psychiatric clinic is to be established in Halifax to deal with the cases of feeble-minded persons. It was at first hoped the National Committee for Mental Hygiene would finance the clinic, but lack of funds prevented. The Nova Scotia Society for Mental Hygiene has now appealed for funds locally, and has secured premises and the promise of the services of medical experts. The other requirement is a trained social service worker. As soon as three thousand dollars can be raised the clinic will be opened. One citizen and his wife have given five hundred dollars toward the fund. This is practical service of the most valuable kind, and the example will no doubt stimulate others that the necessary fund will soon be available. The establishment of such a clinic, in addition to the splendid health center work carried on will give Halifax high rank as a city whose people aim to provide all necessary means for the care of those who require treatment either for physical or mental defects. The province is also to have a home for the feeble-minded. In this regard Nova Scotia is setting an excellent example to New Brunswick, and in social legislation far in advance of this province. Our people must wake up, and wake up their representatives in the legislature. The province can well afford to let some of the other things while it gives special attention to a class of legislation in regard to which it lags far in the rear. The public health act must be supplemented by others which are also essential to social welfare.

ENGLISH LABOR.

One of the reasons why the labor troubles in England are regarded hopefully, in spite of what has lately transpired, was given by Mr. J. H. Thomas in New York the other day, when he arrived there from England. He said: "The American labor movement is fifty years behind Great Britain. The labor of Britain is part of the citizenship and ultimately will be the government. Take the strike we have been having. There is no violence, no shooting on the street. Everybody understands each other. Over there the employer goes to the employer's representative when he wants men."

It is this steady-going habit of the average British workman that is the best safeguard against anarchy. He may agitate, and go on strike, but he is not a revolutionist. There can be no doubt that well paid emigrants from Russia and some other countries have done all in their power to arouse a spirit which would stop at nothing short of a revolution, but their influence would be limited, and they would not receive a sympathetic hearing from the great mass of the workers.

ONLY SLIGHT REDUCTION IN COSTS OF LIVING IN FRANCE REPORTED. Most of all kinds is as dear as a year ago, despite the fact that live stock on the hoof sells much cheaper.

MEXICANS ABANDON SEARCH FOR DEADLY TYPHUS GERM. Mexico City, April 29.—(Associated Press, by Mail)—Search for the typhus germ, for the discovery of which the newspaper Universal offered a prize of 25,000 pesos, has been abandoned by the numerous Mexican physicians who sought it and the newspaper's offer has been withdrawn.

FORGOT TO COUNT PREMIER. Paris, April 21.—(Associated Press, by Mail)—Premier Briand, Premier of France, strangely enough was not counted in this year's census as a resident of France. He happened to be in London on important business the day the count was taken. This, omission, however, and a great many others were corrected before the final figures were given out.

LETTING GEORGETTE DO IT!

Letting Georgette do it! —Thiele in Sioux City Tribune.

LIGHTER VEIN.

Deserved to be (London Tit-Bits) He was an enthusiastic Scot, and he was arguing with an Englishman over the merits of their respective countries. The military prowess, brilliance in invention, engineering, travel and empire-building and all had passed in review, and the Scot had won hands down. Eventually the Englishman sought refuge in literature.

"Well, the literature," interrupted the Scot, "there's Rabble Burns, Walter Scott, Stevenson, Hugh Miller, Barrie—that's just mentioning a few at random." "So?" "Yes, yes, but wait a bit," protested the Englishman. "There is one greater than all these put together—William Shakespeare. You wouldn't suggest he was a Scotsman?" "Thoughtfully responded the Scot, 'I wouldn't precisely say that. But the man's intelligence was almost warrant the inference.'"

A small boy was sent to church by his father with a nickel and a \$1 bill. "You are to put what you please in the offertory box my boy. Listen to the sermon and make your offering in accordance with the impression made upon you."

The boy had returned. "Well, what did you put in the bag?" "The nickel was going to put in the other when I remembered what the clergyman said in his sermon."

"What do you mean?" "The Lord loveth a cheerful giver."

For the Heavens. There was a man who did not approve of foreign missions. One Sunday at church a collector approached him and held out the box. "I never give to missions," whispered the man. "Then take something out of the bag, sir," whispered the collector, "and money is for the heavens."—"Public Opinion."

All Sorts. "My wife doesn't understand me." "You're lucky."

"Mine knows me too well."—From The Pittsburg Sun.

200,000 VISIT CONEY ISLAND ON FIRST BIG DAY. Lost Children, Liquor Arrests and Smashing of Straw Hats Add to Good Time.

(New York Times) Coney Island three wide its gates yesterday, and started in with a good summer. Five million persons were there to spend nickels and dimes on "hot dogs," scenic railways and the amusement contraptions in Steeplechase.

There were twelve lost children, two arrests for selling liquor, five smashed straw hats, a new price for rides "to the clouds," and a large dent made in the supplies of plain-clothes men under inspector Byron Sackett looked over the things to be sold in various resorts and found eighty-four ounce bottles labeled "Burger's" behind the cashier's counter of the College Inn on Surf avenue. But they placed William Pearlman, the manager, under arrest for having liquor in his possession, and he was held in \$500 in the place until he could make money by charging ten cents.

The Palace of Joy, which is the old Beach Palace made over, will open on Saturday. It will have a large boxing arena seating 7,000 persons, and a large swimming pool.

THE MONTREAL DISPENSARY HAD SUCCESSFUL YEAR. 11,482 Cases Treated—Financially in Bad Shape. (Montreal Gazette) A successful year's operation ending April 30 was reported at the first annual meeting of the Montreal Dispensary held yesterday afternoon. The financial condition, however, was reported not very good, there being a deficit of about \$1,200. Dr. H. B. Carmichael, president, and the committee of management in his report commended the work which he has done during the year as president.

DEFORESTATION IS CAUSE OF FAMINE. China Suffering Because of Reckless Denudation of Forest Resources. China's great famine is the result of deforestation, according to foresters of the United States department of agriculture, who asserted in an official statement that the once fertile country of China is now subject to frequent droughts and floods, that mountains, stripped of trees and undergrowth, allow rains to run off rapidly, and that the result is famine in seven out of every ten years.

18 MONTHS OLD; HAS TWO SKETCHES ON EXHIBITION. Cardiff, Wales, April 12.—(Associated Press) William Williams, 18 months old, is said to be the world's youngest artist. Her claim to this distinction is that, although she is only 18 months old, she sits up in her cot every day with a pencil and drawing board sketches the things that amuse her nursery.

FAIRVILLE MISSION BAND ENTERTAINS. The annual entertainment of the Fairville Methodist Mission Band was given last evening in the Church vestry with Rev. Thomas Marshall presiding and conducting an interesting occasion for the audience from the first number to the last.

YOU CAN LINE YOUR OWN STOVE WITH FOLEY'S PREPARED FIRE GLAY. To be had of—W. H. Thorne & Co., Ltd., Market Square, St. John, N. B.

Ontario Government Will Plant Many to Stop Drifting. Toronto, May 14.—With a view to preventing the sand drifts in Prince Edward County from continuing their work of destroying gardens and orchards, the Ontario government proposes to plant between 75,000 and 100,000 poplar and willow trees. E. J. Zavits, head of the forestry department of the government, states that the plan is in the nature of an experiment, but it is hoped that the trees will take firm root in the drift sands and reduce the drifting very materially. The tree planting will commence in a few days.

THE EVENING TIMES AND STAR, ST. JOHN, N. B., SATURDAY, MARCH 14, 1921

St. John Troop (Coburg St.)

On the evening of Wednesday, May 12, members of this troop held their regular meeting in the church. Missioner were presented to Patrol Leaders by and Ronald Garvie and to Wm. Primmer. Following the meeting the troop hiked to Rock-Park, where some scout games were held. On last Sunday evening the troop held its annual parade to its own where the minister, Rev. Mr. Macdonald, delivered an eloquent address to the boys on the text "Be Prepared".

The service was of special interest being specially arranged for the occasion. On last Saturday afternoon the troop hiked to Howe's Cave, where six of its members passed their fire-lighting tests.

John Troop (St. Luke's) regular meeting of this troop was held on Monday, the 9th, with a very large attendance. The event of the evening was an address on the tanning of leather by the leather worker, Mr. Simpson.

The kind of the methods used in the tanning of leather in Canada. The speaker was very attentive to Mr. and it is anticipated that a large number of the 11th troop will attend their leather-worker's test. A vote of thanks had been voted to the scout master, Rev. Mr. Macdonald, and the following badges presented—Scouts Adams, Wakefield and Green, Scout Simpson.

Grade A cord—Patrol Leader George Green.

After the presentations the troop was dismissed. On Tuesday evening about forty cub scouts sat down to a very enjoyable supper prepared by their cub-master and some of the senior scouts. After supper the cub scouts engaged in some cub games, after which they broke up, all voting the meeting a grand success.

Birch Bark and its Uses. Few materials used in the woods and utilized by the Indians, are capable of more numerous uses than birch bark. This is very widely found throughout North America, northward of the Arctic and southward to Pennsylvania and Iowa, though not equally so in all localities. The Indians, of Six Nations, some of whom still live in New York and Southern Ontario, found birch bark much more abundant and made canoes and household utensils of the latter, but were delighted to trade corn and other products for the light and beautiful birch bark canoes made by the Algonquin tribes farther north.

The white bark of the white or canoe birch is removed from the tree more easily in the latter part of June or July, having a tendency to stick at other times. The tree is girdled in two places, a vertical cut being made between the two circular cuts and the bark peeled off carefully. The Indians sometimes succeed in getting a sheet fifteen or sixteen feet long, thus forming a bottom for the

canoe in one piece. Generally, however, two pieces have to be taken. The canoes are sewn with spruce root, which is pulled up in long pieces in the woods, split into slender strips, soaked to make them flexible, and used for sewing by punching holes in the bark with an awl. The last step in canoe making is to cover the seams carefully with spruce gum, which has been boiled to thicken it, and sometimes blackened by adding powdered charcoal.

The sewing and gumming are here mentioned since exactly the same materials are used in making of birch boxes and trays. If the latter are not intended to hold liquids, the gumming may, however, be left out. The tops of the best made baskets are strengthened by sewing around them hoops made of the slender branches of various shrubs.

"An Ounce of Prevention Is Worth a Pound of Cure."

A disturbance of the even balance of health, which often occurs in these trying days of reconstruction may cause serious trouble. Nobody can be too careful to keep this balance up.

When people begin to lose appetite, or to get tired easily, the least imprudence brings on sickness, weakness, or debility. The system needs a tonic, craves it, and should not be denied it; and the best tonic that many people recommend is Hood's Serravallo's Tonic. What this medicine has done in keeping healthy people healthy, in keeping up the even balance of health, gives it the same distinction as a preventive that it enjoys as a cure. Its early use has illustrated the wisdom of the old saying that "a stitch in time saves nine."

Preventive treatment now and then calls for the use of a good cathartic or laxative, like Hood's Pills, which are purely vegetable and act quickly and thoroughly.

DISPLACING CAMELS

The railroads and the camel herds of Jerusalem together have been found to have a tendency to stick at other times. The result has been the introduction of the inevitable motor truck. These have been so satisfactory that the animals are being discarded rapidly. These animals and their forerunners have trod the sands of Palestine for centuries.

A BIG FISH STORY is the honest truth and that appeal to you, Mr. Fisherman, your friends. Tackle the display of fishing goods in our store make your selections for the on. Everything to bring joy to fisherman's heart.

**THE CATTLE TRADE**

Montreal Gazette:—As a compensating set-off against slackness in ocean cargoes this season, the port of Montreal is beginning to benefit by a renewal of cattle traffic to the United Kingdom and the continent of Europe. The traffic died down during the war, and is only beginning to revive. Since the opening of navigation this year about 2,000 head of cattle, all from Western Canada, have been shipped overseas, the traffic being divided so far between the Furness, Withy Company, the White Star-Dominion Line, the Canadian Government Merchant Marine, the Anchor-Donaldson Line and the Canadian Pacific Ocean Services.

A piano recital was given last evening at the Queen Square Sunday school by four pupils of Mrs. H. C. Rayworth, Evelyn Harrison, Helen McKay, Mary Koderick and Viola McLaughlin, assisted by Miss Bertie Campbell, soprano, and Miss Ethel McKinley, reader. A large audience enjoyed the excellent programme given, and the work of the musicians was highly praised. A silver collection was taken for the Ladies' Aid.

**SUBSTITUTE RATIONING FOR PROHIBITION**

Copenhagen May 14—The Norwegian government, says the National Tidende, will soon introduce in parliament a bill proposing to substitute the present temporary system of absolute prohibition with a system of rationing similar to that adopted in Sweden. The measure also will provide that all profits derived from the sale of alcohol will be employed for the furthering of social reforms.

WAS EXCELLENT

Variety Programme Nicely Presented in St. Peter's Hall.

A good variety programme was presented in St. Peter's hall, Elm street, last evening, under the auspices of St. Peter's Y. M. C. A.

The programme opened with a march, "Lance and Shield," and an overture, "Titanic," by St. Peter's Y. M. C. A. orchestra.

The second number was an excellent song solo by Miss Florence Kierman, Mrs. Joseph Kennedy then gave a reading, which was also well received.

The orchestra then played a popular "Jazz" number, "Happy," and a beautiful waltz, "My Little Golden Dreams."

The Moore quartette made a decided hit with some beautiful "Nocturnes." Their harmony was exceptionally good and was thoroughly appreciated.

THE EVENING TIMES AND STAR, ST. JOHN, N. B., SATURDAY, MARCH 14, 1921

## THE PROVINCIAL HOSPITAL SUBSIDY ON A NEW BASIS

Commissioners of General Public Say Their Share Will be Reduced — Maintenance of Pauper Patients Discussed — Epidemic Improvements.

General matters were discussed at the meeting of the commissioners of the Provincial Hospital held last evening at the hotel. The management of the nurses' home and other matters were discussed. Mr. E. Agar was in the chair and Missions W. E. Emerson, Hon. Dr. Roberts, J. King, Kelly, Frank Ling, Dr. Crawford and Mrs. J. Clellan were present. The question of purchasing a chemical engine was discussed until the meeting was over until the matter of a railing around the coal pit was discussed. The Provincial Fertilizer was received offering a scale of 30 pounds capacity for \$175. As no larger than the present scale was available, it was decided to purchase it. There was a general discussion of the coal and it was proposed that the scale be moved to the foot of street and it be specified that all scales be delivered in carts, scale can weigh carts but is not enough for trucks. A suggestion of financial matters took the chairman pointed out the importance of keeping within the estimate and also with expending money in the items specified.

THE well-dressed man is as careful in his selection of inner garments as he is in his choice of a suit of clothes. He knows that to look well-dressed, he must feel well-dressed. Therefore he should ask for Penmans Underwear.

**Penmans Underwear**  
"THE STANDARD OF EXCELLENCE"  
Penmans Limited, Paris. Also makers of Hosiery and Sweater Coats

macy was granted. This position carries no salary. The question of an emergency lighting system was thoroughly discussed. An appropriation of \$2,500 had been made for this purpose. It was decided that this matter be taken up with the commissioner of public safety.

A letter was received from B. Mooney & Sons, Ltd. offering to lay a sidewalk for the nurses' home at \$3.50 a square yard. There were approximately 210 square yards in the job. It was left with Mr. Kelly to see if there were sufficient funds from the sale of the bonds to pay for the work. The question of storm windows and screens for the home also was discussed but no action taken.

**Too Many Employees.** Mrs. McLellan brought up the question as to who was to look after the new nurses' home. She recommended a woman to take charge. Mr. Emerson thought it was agreed that the nurses look after it themselves. They could be responsible for their own rooms. Mrs. McLellan said, but could not take care of the lavatories, lecture hall, etc. Mr. Kelly thought there were too many employees already. There should not be more than seventy-five to each hundred patients, while now there were more than one for each patient. A lengthy discussion followed and the general opinion was that Miss Mitchell should have charge of the home, getting an assistant if necessary. No definite decision was arrived at.

The matter of employees who had outgrown their usefulness was discussed and the matter was left with Dr. Heddon to make provision for them. The epidemic hospital was briefly discussed and Dr. Roberts and Mr. Kelly will see the finance committee of the municipality to try to have the proposed betterments carried out. The resignation of Lillian B. Kane as executive nurse was read. There were general expressions of regret at the resignation. The resignation was ordered laid on the table while Mr. Emerson will take up the matter with Miss Kane. The action of Mr. Emerson in disposing of the old boilers in the basement of the old nurses' home was confirmed.

**Maine Court Clears Two St. John Men on Rum Running Charge**

James Kerrigan and Robert L. Colburn, of St. John, were arraigned before United States Commissioner Reid on Wednesday morning on a charge of illegal possession of one gallon of liquor at Robbinston, near Eastport. After a hearing, the respondents who entered pleas of not guilty, were discharged on lack of evidence. According to the testimony in the case, the respondents put out from St. Andrews (N. B.), in a motorboat and after going a short distance, the motor broke down and the boat drifted into Robbinston. The customs officials think-

**J. CLARK & SON, LIMITED**  
17 GERMAIN STREET  
Phone M. 1440 Open Every Evening

Dr. Heddon announced that the department of health had established a venereal clinic in the hospital without the permission of the commissioners. It was thought the matter should be investigated. It was pointed out that according to the act any hospital receiving government aid should maintain a venereal clinic.

The purchase of milk and other provisions was discussed, especially potatoes. It was suggested that it might be worth while to pay a commission to a man to buy the latter at the boats in Indian town. The matter was referred to Mr. Flewelling to arrange.

A letter was read from the minister of health saying it was the intention of the government to pay the subsidy according to the total hospital days. The hospital now gets \$8,800 from the government and it was said that this amount would be materially reduced under the new system. Mr. Flewelling said there should be an agitation for a larger grant to all hospitals, as other provinces did better than New Brunswick. He thought if the matter were properly brought before the government an increase would be granted.

Dr. Roberts who arrived at this point, said that the government had received applications from the smaller hospitals for increased grants. Nothing could be done in the way of increases for several years and it was decided to pay proportionate amounts to each hospital. He thought this the most equitable way in which to care for the hospitals of the province. Mr. Agar thought the money ought to be allowed only on non-paying patients. It was a fair claim on the government that it help in regard to those. Dr. Roberts said that the question as to paying and non-paying patients had not come up at the government meeting and he would take it into consideration. He pointed out that the Roman Catholic hospitals supported by the Roman Catholic people had been getting \$600 each and while they had not asked for an increase, others had.

In reply to Mr. Flewelling, Dr. Roberts said that there was no prospect of getting an increased grant at the present time.

Mr. Kelly thought that each municipality should maintain its own pauper patients. None outside the county should be cared for except on a cash basis. The government should pay for those patients with no legal residence in New Brunswick.

The application of S. Leslie Mitchell for the position as assistant in the phar-

## What Did You Pay For? Coal This Winter?

Here's a Furnace that Cuts Down Fuel Bills Surprisingly and COSTS LESS To Install.

With coal at to-day's prices you don't have to save many tons before a "Hecla" Pipeless Furnace has paid for itself. Its unique Steel-Ribbed Fireproof (which triples the heat-radiating surface) alone saves one ton of coal in seven. Scores of owners have written us saying that this feature, coupled with the pipeless principle (which eliminates waste of heat), has cut down their coal bills by one-third — some even say one-half!

Installed in a Day—Guaranteed to Heat Any Home up to 15 Rooms!

There are no pipes with a "Hecla" Pipeless Furnace. That means (1) cellar need not be large, high or completely excavated. (2) A roomy cool cellar. (3) No walls to rip up. (4) No expense for pipes. (5) No expensive labor in installing it. Installing this modern heating system is, in fact, just a day's work—no more mess, time or trouble than setting up a stove!

And it is guaranteed without qualification — to heat every room coaly in any house up to 15 rooms. — to be proof against leaks of gas and dust.

The "Hecla" Pipeless Furnace has our famous Patented Piped Joints. The radiator can never leak gas or dust. No other furnace has this exclusive patent.

The large Circular Waterpan is another big feature — ensures an adequate degree of healthful moisture in the atmosphere.

You'll like this furnace, too, for its individual grate-bars, its cast-iron combustion chamber (guaranteed five years) and the quality built into it at every point by master furnace makers.

**ST. MARY'S C. G. I. T. GROUP TAKES CUP**

St. Mary's C. G. I. T. group, of which Miss Lane is the leader, last night captured the cup for the competition in code cards at the final rally of the season held in the recreational centre. St. Mary's group scored ninety-three per cent. and the second group, the Germain street Blue Birds, scored eighty-eight. St. Mary's is now entitled to hold the cup which the Fairville Methodist group have held for one month as the winners in the competition for banners and songs. There were representatives from every church in which C. G. I. T. groups have been formed at the rally last night and the girls had a happy time with games, a short programme and a social hour. Mrs. J. D. Hunter was the master of ceremonies, assisting Miss Phyllis Woods, the girls' work secretary. Miss Mary Allison, maritime girls' work secretary, arrived in St. John yesterday and was given a cordial greeting by the girls. Miss Allison gave a short address, telling of all the tempting and fascinating ways that a Canadian girl can spend her summer vacation. Arrangements were made for holding a tea under the auspices of the girls' cabinet next week. The proceeds of the tea will go towards the purchase of a large hostess house for the New Brunswick girls' summer camp that is to be held this year at Chipman. Plans for the tea were enthusiastically entered into last night. St. George's group put on an amusing sketch and those who took part were gayly costumed. The sketch was well done and much applauded. Refreshments were served at the close of the programme and the Baptist and Anglican groups were in charge. The competition cup will be held temporarily by the group which has won the last competition and the total of scores will not be made until the end of the second year. A new series of competitions will be arranged when the season opens again in the fall.

**ENGAGEMENTS ANNOUNCED.**  
Mr. and Mrs. John A. Young of Tisbury, announce the engagement of their daughter, Catherine Eve, to William G. Manser, son of Mr. and Mrs. Justice Manser, of Nashwaak Bridge. The wedding is to take place early in June.  
Mrs. Blanche Gerrior, of Boston, announces the engagement of her daughter, Edith Mae, to Samuel Bismarck Dick, son of Mr. and Mrs. B. Dick, of St. Stephen, the marriage to take place at an early date.

**BODY FOUND IN BAY AT SHEDIAC**

Shediac, N.B., May 13.—The body of Thomas Fougere of Shediac Island, was found in the bay near the mouth of the Scadouc River here on Wednesday, and yesterday was taken to the Roman Catholic church at Grand Digue, where the funeral took place. Fougere was drowned last fall under pathetic circumstances. Ice had formed along the shore, but was not compact and when he crossed from Shediac Island, two miles distant, in a boat, he became mancooned in a mass of heavy soft ice and snow during a stiff blow and a snow storm. Efforts were made to get him from the Shediac shore, but a boat could not force its way through the mass and the latter would not bear the weight of anything substantial by which the man could be aided. Fearing probably that he would perish from exposure in his boat he strapped pieces of wood to his feet and endeavored to walk ashore, but broke through the unsubstantial mass into deep water. He struggled for a considerable time and perished in sight of many helpless persons who anxiously watched him from land. Had the seriousness of the situation been realized on shore in time it is thought that Fougere might have been rescued, however.

**STEEVES CASE**

**Evidence Completed Yesterday and Verdict Expected Tonight.**  
Hopewell Cape, May 13.—The evidence in the case against Oliver Galus Steeves, charged with the murder of his wife, Lucy Steeves, was completed this afternoon and Senator George W. Fowler addressed the jury on behalf of the prisoner. He made a powerful appeal for his client's acquittal. Mr. Band for the crown followed. Chief Justice H. A. McKewen then began his charge to the jury. The chief justice had not finished his address when court rose at 6 p. m. He will conclude tomorrow morning and it is expected a verdict will be returned before night. Long before the court opened this morning the court house was filled to capacity with spectators and the many automobiles and wagons parked around the court yard reminded one of circus day. Restaurants have been established to take care of the crowd. Public interest is being manifested to a marked degree.

**ORGANIZED THE EASTERN COUNTIES FOR RED CROSS**

Mrs. G. A. Kuhring returned yesterday, having organized the counties of Albert, Westmorland and Kent for the coming Red Cross membership enrollment in a hurried but very productive tour lasting only three days. The district organizers and membership enrollment agents have been appointed as follows: In Albert county, Hillsboro, Mrs. J. T. Steeves; Hopewell Hill, Mrs. George Russell; Riverview, Miss Ethel Robinson and L. R. Hetherington who will organize Albert, Shepody and other points in the vicinity. In Westmorland county, Salisbury, Mrs. A. E. Tris, president of the Red Cross and Miss Margaret Brown; Middle Sackville, Miss Mabel Reid who will organize Mount Whatley, Pointe du Bute, Jollicore, Baie Verte and Port Elgin; Petticoat, Mrs. H. H. Magee. In Kent county, Miss Carson at Hexton will organize the Northern part and at Harcourt Rev. B. H. Penwarden assisted by a committee of ladies will organize the neighborhood. At Adanville Rev. Father Rochaud will be the enrollment agent. The assistance of Red Cross members and of other interested citizens has been secured. The women from H. M. S. Valerian, which will arrive here today will hold a church parade on Sunday morning to St. John's (Stone) church at 11 o'clock. St. Mary's band volunteered their services yesterday to Colonel W. H. Harrison, who is in command of the local artillery unit and is one of those making arrangements for the parade. The offer of the band was accepted and the parade will be led tomorrow morning by St. Mary's band.

**SUMMER PLANS FOR ROTHESAY CLUB**

The Rothesay Community club closed a successful winter season with a concert and social held last night in the school room of St. Paul's church. In a short business meeting, reports were given of the financial standing of the club and it was found that, after paying all expenditure in connection with the rink, which cost \$800, there would be a surplus to start the next winter's enterprises with. The matter of summer sports and athletics was discussed and arrangements were made for a meeting

on Wednesday night for the boys' sports committee to form a baseball team. A baseball team for the girls was also spoken of and the probabilities of the success of a day of sports and athletic events to be held in September were viewed favorably. The community club, looking ahead to next winter, reported several lecturers had promised to speak at its meetings. The programme last night was as follows: quartette, Messrs. McAllister, George Henderson, George Dobson and Simms; solo, Mr. Fox; recitation, A. Morton; Scottish song, Mrs. David Ross; recitation, Mr. Fox; song, Mr. Simms. A. W. McMackin presided. After the programme refreshments were served and a social hour enjoyed.

THE EVENING TIMES AND STAR, ST. JOHN, N. B., SATURDAY, MARCH 14, 1921

### INSTRUCTIONS FOR CENSUS OFFICIALS

Commissioners who are to have of instructing the census takers of the counties in their duties at stions House yesterday from E. Denis, assistant dominion statistician, while four others received instructions three days ago, at St. John.

Denis said yesterday afternoon officials were to have complete of all the census takers in their of the province. He was instructed regarding questions that might arise, where the parents came from countries; what status to give to hired men or two men and their then, such as farmers; and give them a demonstration of fill in the forms which were to be given to the census takers on June 1, all over the but he could not say definitely a time would be needed to tabulate returns at Ottawa.

Denis has been travelling all provinces of Quebec and New Brunswick in connection with this work. It will be completed after this is finished as he does not cover the

rest of the maritime provinces. The instruction class held in this city is the second which he has held in New Brunswick, the first being held early this week in Campbellton.

Those who were in the city yesterday receiving their instructions were: From Charlotte county, John McGibbon, of St. Stephen; Kent, Fremont Johnson, of Chatham; Kings-Queens, Hon. James A. Murray, of Sussex; St. John-Albert, W. S. Clawson, of this city; Victoria-Carleton, W. W. Melville, of East Florenceville; Westmorland, George B. Willett, of Moncton, and York-Sunbury, Albert E. Ashford, of Fredericton. The men who were instructed at Campbellton were: Gloucester county, Edward de Grace, of Shippegan; Northumberland, Frederick Heckbert, of Chatham; Restigouche, James E. Stewart, of Dalhousie, and Madawaska, Leo R. Belanger, of Edmundston.

### Yarmouth Co. Man Is Lost

Yarmouth, N. S., May 13—The news that Lawrence Deviller, a young fisherman of Conner's Hill, Yarmouth county, was drowned on the western fishing banks last Sunday afternoon was rapidly spread through the anxious crowd of townspeople who assembled on the wharf head here tonight when the schooner W. G. R. Robertson was sighted entering the harbor with her flag at half mast. Deviller is survived by a wife and four young children.

### GEORGE M. POPE KILLED BY FALL FROM FLAG POLE

The life of George M. Pope was instantly snuffed out yesterday afternoon about 2:45 when he fell from the flag pole of No. Five Station and crashed to the sidewalk below.

The unfortunate man was engaged in painting the flag pole and was suspended by the halyards in a bosun's chair when the rope parted. Charles Conway, driver of the motor engine, was standing in the open doorway when Pope dropped almost at his feet. Conway rushed to the scene and returned with the physician, Samuel Seeds, another fireman who was present, had in the meantime telephoned for the ambulance. The doctor, on examination found that Pope was dead. Blood was pouring from the mouth and ears and he had sustained a bad fracture of the skull. He fell on his right side and it was said that he never moved after he struck the sidewalk. The ambulance quickly arrived and took the body to the General Public Hospital, on the chance that life still lingered, but there it was seen that life was extinct.

The victim of the accident was twenty-nine years of age and resided at 115 Queen street. He is survived by a wife and four children. He also leaves one sister, Mrs. E. G. Pratt, of this city, and two brothers, Thomas, of Bridgeport (Conn.) and James of Halifax, (N. S.).

Coroner Horace A. Porter viewed the body at the hospital and said last evening that it was his intention to hold an inquest into the cause of the accident. The matter should be investigated, he said, to see that the man was properly equipped for the work he was undertaking and had all the necessary tackle. He will probably empanel a jury this morning and hold the inquest next week.

The flag pole is fifty-eight feet in height and it is estimated that Pope fell a distance of about thirty-five feet.

Mr. Pope was a member of the Ship Laborers' Union. His wife was a daughter of J. P. Clayton, superintendent of Fernhill cemetery.

### POWER COMPANY AND THE UNION

The situation which has arisen in the relations between the New Brunswick Power Company and its employees took on a new aspect yesterday with the intimation that in future wage negotiations the management would deal with the employees individually, instead of with the union. Representatives of the men say that the company is determined not to recognize their union any further and, it was said, the employees would fight any such step to the bitter end.

The company announced that notices would be posted giving the new scale of wages and conditions on which men will be hired after June 14, when the old agreement with the union runs out. It was said also that this scale would be adhered to rigidly.

The Union Attitude  
Ira Ferris, president of the local union, said last night that no reply had been received yet to the union's communication of Wednesday asking permission to go before the board of directors of the company to hear the proof of the accusations that the company made against the two men they discharged recently. He said that a clause in their agreement called for the directors meeting with them within seven days after a request was given and if they did not do this within the specified time the men would consider that the company had broken their agreement and could telegraph the minister of labor at Ottawa that company had "locked them out."

The union president said that the company had told him that they would deal with the question of wages with each individual separately and Mr. Ferris declared that, while the union members were ready to arbitrate all other questions under dispute, they would insist that they be dealt with collectively and not individually. He said that the matter would be dealt with at the regular meeting of the union to be held next week and that no definite steps would be taken in the matter until after this meeting and until the time allowed the company under the agreement had expired.

### MAXWELL MOTOR CO. SOLD UNDER HAMMER

Detroit, Mich., May 13—Sale of the Maxwell Motor Company by auction, as ordered by the United States district court some time ago to provide for re-organization of the company with the Chalmers Motor Company, has been completed. The property was acquired by Walter P. Chrysler of New York, a member of the committee. The sale price was \$10,916,100. The court had stipulated the property must not be sold for less than \$10,000,000.

### Made by its inventor

## The NEW EDISON

"The Phonograph with a Soul"

THOMAS A. EDISON invented the New Edison. And in the shadow of beautiful Llewellyn Park, Orange, N. J., he built and equipped the finest, most modern phonograph laboratories in the world. There he makes the New Edison and guards its quality with zealous attention.

Think a moment! What other phonograph or talking machine is made, practiced and sponsored by its inventor—by an Edison?

Mr. Edison spent three millions of dollars in research work to perfect the New Edison. Then, to prove its perfect realism, he stood the New Edison side by side with the living artist and matched its voice with the actual performance of the living artist. No one was able to detect any difference between the two.

The New Edison has stood this amazing test over five thousand times before more than five million people.

Again we ask you to think a moment. What other phonograph or talking machine can sustain this test of direct comparison with living artists?

**A GENTLEMAN'S AGREEMENT**

LOCAL NEWS

**BOYS AGAIN LEAD.**  
Twelve marriages were performed in the city during the week. During the same period there were fourteen births, eighteen boys and six girls.

**ENGAGEMENT.**  
Mr. and Mrs. F. H. Barton of Torryburn, announce the engagement of their daughter, Dulcie Madeline, to Thomas McEwan Park, son of Mr. and Mrs. John N. Park of Leclaire, Que., the marriage to take place in Vancouver at an early date.

**TEN DEATHS.**  
Ten deaths were recorded in the city during the week ending today from the following causes: Meningitis, pneumonia, drowning, malnutrition, heart disease, premature birth, cerebral hemorrhage, carcinoma of uterus, carcinoma of breast and cancerous degeneration of fibroid tumor.

**COTTAGE SOLD.**  
A summer house, leasehold, owned by John McDonald, at Leclaire, partly furnished, was sold by Auctioneer Fotts at Chubb's Corner today at noon. The property was knocked down to H. J. Gibbons for \$710.

**WAS IT A PLANT?**  
A South Bay farmer, while ploughing yesterday afternoon found a "square-face" filled with liquor in the field. He examined it and concluded the contents were gin. This morning he brought it in to the inspector and it will be analyzed, and the farmer has a suspicion that it may have been placed there for a purpose, and that it may contain more than booze.

**HERE TODAY FOR ORDINATION.**  
In the Cathedral tomorrow morning at 11:30 a.m. will be the ordination of His Lordship Bishop LeBlanc will raise to the priesthood, Rev. A. L. Milligan of Milltown, N. B.; Rev. Roy McDonald, son of Mr. and Mrs. John J. McDonald of this city; and Rev. John H. Milligan of Milltown, N. B. They are expected to arrive in the city from Halifax this afternoon.

**FIRST COMMUNION.**  
In the Cathedral this morning, 130 girls and boys received their first Holy Communion. Rev. William Duke, who prepared the children for the reception of the sacrament, celebrated mass, and also spoke to them regarding the ceremony. There were a large number of gifts presented at the mass. The children made a deeply impressive sight.

**BRIDE-TO-BE HONORED.**  
On Thursday evening last the Philathea Class of Central Baptist church tendered a novelty shower to Miss Edna Everett at the home of her parents Mr. and Mrs. Herbert D. Everett. Miss Everett, who has been of the Merchants Bank staff, is soon to become a bride and, many useful and ornamental gifts were bestowed upon her. Each gift was accompanied by a poetic effusion, the humorous predominating.

**STREET RAILWAY MATTERS.**  
Ira D. Faris, president of the local branch of the Street and Electric Railway Employees' Union, said this morning that the union last evening had submitted a new agreement to New Brunswick Power Company, calling for a flat increase of five cents an hour. Other conditions, he said, were the same as in the existing agreement. Mr. Faris said today that the employees were willing to submit all matters, with the exception of that regarding collective bargaining, to a board of arbitration and to abide by the decision of that board.

**SPREEDY WORK ALL ROUND.**  
Chief Blake made a tour of backyards and alleys on King Square this morning as a consequence of an ash-barrel blaze at the rear of Leanderson Hotel at 2 a.m., and about fifteen minutes later busy teams were enroute to the dumps with the offending refuse. The turnout of the fire department during the early hours today was a splendid demonstration of its speed in reaching the important city-centre points—calls that also bring insurance men in full quota. It was barely two minutes before the No. 8. dept. wagons were on the scene, followed closely by everything else including the new ladder truck. Less than four minutes saw the outfit in action.

**WITH THE BOWLERS.**  
Next Monday evening the third and deciding match will take place on the Y. M. C. I. alley between the Hawks and the Sparrows to decide the championship of the Y. M. C. I. House Bowling League. On next Tuesday evening a complimentary banquet will be tendered the team who won the silver pin emblematic of the championship of the maritime provinces and eastern Maine, during the recent tournament. Prizes will also be awarded to the champions of the house league, the team winning second honors, and individual prizes to the players with the highest average during the season, the highest single and highest three-string total.

**STORY-TELLING.**  
Rev. Canon Armstrong was the story-teller to the children at the South End Boys' Club this morning. Miss Mabel Smith presided, and there was a good attendance. Canon Armstrong told a story about Perla, and illustrated it with pictures that greatly interested the little ones.

Mrs. James F. Robertson was the story-teller this morning at the public library to about forty children, who listened with rapt attention to her very interesting talk on animals. She spoke of Ernest Thompson Seton's "Lobo the Wolf" and delighted the children with her description of animal life.

**CLAIM IN NEWMAN BROOK ACCIDENT CASE IS SETTLED**

It was announced this morning by William M. Ryan, counsel for Mr. and Mrs. John Randon, that A. George Moses had agreed to settle the claim for compensation for the death of their son, Charles Randon, who was killed in a dynamite accident at Newman Brook about two weeks ago. The amount decided upon, Mr. Ryan said, was satisfactory to the parents. It was expected today that the city would release the money held back on the payment of the work at Newman Brook, pending a settlement of the compensation claim.

**ANNOUNCEMENT ON DOUGLAS AVENUE MATTER MONDAY**

Another Conference at City Hall This Morning—Halifax Said to Have Similar Situation With Nova Scotia Tramways Company.

Further negotiations in an effort to settle the question of the paving and rails in Douglas avenue were carried out at a conference held in the mayor's office this morning. The mayor, the city commissioners and Percy W. Thomson, general manager of the N. B. Power Co. were in attendance.

The mayor said after the meeting that he could not announce anything definite today but would have a report on the matter to bring before the committee meeting of the council on Monday. It is understood that the matters under discussion today were principally in connection with the laying of new rails in Douglas avenue.

**Similar Situation in Halifax.**  
City officials who attended the good roads convention in Halifax this week, said that the sister city is confronted with a similar situation as prevails here, only perhaps more aggravated. While the N. B. Power Company is compelled to pay for only the foundation under the track sections, the Nova Scotia company has to stand the cost of the foundation as well as the surface between the tracks and for some distance on either side. It was said that the company in Halifax was unable to finance its portion of the street work and as a consequence the City of Halifax had been held up on some of its contracts. It is understood that one contractor there has threatened suit against the city because he cannot go on with the work for which he contracted. The city is said to be contemplating a loan to the N. S. Power Company in order to make progress with the paving work.

It was said today here this morning that the N. B. Power Company has just recently settled for its share of the cost of the work done last year in City road, and the opinion was that the city would rather finance any proposed work for this year rather than have the paving programme held up. At all events a satisfactory announcement is expected from the mayor at Monday's meeting.

**NO FEDERAL PERMIT FOR WAREHOUSES**

Government Refusal of Montreal Liquor Dealers' Request Reported.

A telegram was received from Ottawa this morning by J. Willard Smith, a member of the council of the N. B. Temperance Alliance, conveying the information that Montreal liquor dealers had applied to Hon. R. W. Wigmore, minister of customs for a permit to have bonded warehouses in this city. The telegram said that the minister had refused permission and that on an appeal from his decision to the cabinet, his ruling in the matter had been upheld.

The fact that Hon. Mr. Wigmore and the dominion cabinet have refused a bond for the warehouses was looked upon today as an inevitable consequence to the action of the chief liquor inspector for New Brunswick, John B. Hawthorne. Mr. Hawthorne said when he was in the city a few days ago that he had not issued a permit for a bonded warehouse here nor did he intend doing so. Without this permit it would be impossible under the existing law for the dominion government to issue a bond.

**MANY LICENSES FOR DOGS ISSUED**

Big Increase Since Pound-keeper Appointment—Removal of Pound to Lower Cove.

Whether the appointment of a pound keeper and dog catcher had anything to do with it or not is unknown but there was a distinct increase in the number of dog licenses issued this week, as compared with last week. Last Saturday the total issued was about seventy, while the grand total up to noon today was 800, forty-seven of which were issued yesterday. This is said to be far in advance of the number issued up to this date last year.

Commissioner Frink said this morning that on account of the complaints regarding the dogs kept in Carmarthen street, he had decided to move the pound to the asphalt plant in south end. The dogs would be housed in the Carmarthen street yard from the time of their apprehension until that evening, he said, and then taken to the Lower Cove location.

**HON. MR. WIGMORE AT RUSIAGORNISH**

Fredericton Mall—At last we have the announcement that Hon. Mr. Wigmore, who, according to his own statement in the Dominion cabinet, is to take a hand in the York-Sunbury by-election. He is billed to speak at the historic village of Rusiagornish on the evening of Saturday the 14th. No doubt he will discuss the correspondence which the French Purchasing Commission recently read in the House, and incidentally he may be expected to devote some attention to the parties who recently tried to persuade Hon. Mr. Veniot to join the federal cabinet. Hon. Mr. Wigmore's speech at Gornish should be an interesting contribution to the literature of what has thus far been a rather tame campaign.

**The Charm of The New Home**

is dependent upon the right kind of furniture. The theme of your home may be brilliant and its interpretation dramatic; it may be the simplest little melody expressing grace and quietness and comfort.

But, whatever its pretensions, your satisfaction and pride in your home is the result of the charm of your furniture and the harmony in its design.

This store gives you the benefit of an institution which makes a careful consideration of these fine points in making its choice of stock.

Could we show you what we have?

## Mr. and Mrs. -

By Briggs

I'M GOING TO RAISE SOME WATERMELONS AND STRAW-BERRIES

I KNEW THOSE PRETTY PICTURES IN THE SEED CATALOGUE WOULD GET YOU GOING- YOU FALL FOR IT EVERY YEAR

GOING TO BED SO EARLY?

I HAFTA GET UP EARLY IN THE MORNING--- I'M GOING TO MAKE A GARDEN

DREAM

GEE IT'S GREAT TO BE OUT IN THE AIR THIS TIME OF DAY-- ONLY FIVE O'CLOCK-- I OUGHT TO GET THESE SEEDS ALL PLANTED BY NOON TIME

OH-- I FORGOT THE SEEDS-- WONDER WHERE VI PUT 'EM

PST! OH VI---PST! WHERE'D YOU PUT THOSE SEEDS I BOUGHT?

MERCY! HOW YOU FRIGHTENED ME-- I WAS HAVING SUCH A GOOD SLEEP TOO-- YOU'LL FIND 'EM IN THE DRAWER IN THE PANTRY CUPBOARD

PLANT ONE INCH APART ABOUT AN INCH DEEP

OH- VI- PST! SORRY TO TROUBLE YOU-- WHERE IS THE SPADE AND A TAPE MEASURE-- DID I WAKE YOU UP?

FOR GOODNESS SAKE! I'LL GET UP AND DO THE WHOLE THING MYSELF-- IT'S THE ONLY WAY I'LL GET TO FINISH MY NIGHT'S REST.

YOU'VE GOT TO HAVE TOOLS

YOU MAKE MORE FUSS AND TROUBLE THAN A FARMER ABOUT TO PLOW UP A HUNDRED ACRE FARM

THIRTY CENTS WORTH OF SEEDS AND FIFTY DOLLARS WORTH OF TOOLS-- ALL YOU NEED IS A COMMON TABLE SPOON AND A NICKEL'S WORTH OF BRAINS--

THERE YOUR GARDEN IS ALL PLANTED--- NOW STAND THERE AND WATCH 'EM GROW-- AND GIVE ME A REST

PAPA LOVE MAMA?

Red Cross Votes \$20,000 For Use In Public Health Work

For Establishment of Clinics For School Children and Other Purposes

NEED NEW MEMBERS TO MEET EXPENSE

Half For Grant For School Children, \$7,000 For Combatting Venereal Disease and \$3,000 For Public Health Nurses—All Work to be Administered by Provincial Department.

The sum of \$20,000 was voted to the provincial department of health by the New Brunswick division of the Red Cross society at its meeting yesterday afternoon. Hon. Dr. W. W. Roberts presided at the meeting.

Membership fees one-fifth went to the central headquarters and the disposal of the remainder was under the autonomy of the provincial division.

On motion the provincial branch executive was given power to refund to local branches their life membership fees if they so desired.

The Minister's Recommendation. Hon. Dr. Roberts referred to the fact that the ministry of health twice had been asked to suggest a programme for the society in the province.

CHAMBERLAIN'S Old Age and Happiness

Old age should mean experience, knowledge and wisdom. Not poor digestion, sluggish liver and a general feeling of ill-health, despondency and misery.

TABLETS 25¢

Dr. Roberts explained that the public health nurse asked for would control and supervise the public health nursing service in the province.

Progress of Campaign. For the campaign committee F. A. Dyerman said work was progressing.

partment of health should have authority. Dr. MacLaren thought the Red Cross should have the administrative right for these nurses and part of their expenses should be raised in the locality where they were placed.

REUNION OF MEN OF OLD 6TH C. M. R. (Amherst News). Plans for the Sixth Canadian Mounted Rifles' reunion to be held in Amherst on May 28, are about completed.

Like a Locomotive Without any Steam IS THE HOME WITHOUT DODD'S KIDNEY PILLS.

Seaskatchewan Woman in Recommending Dodd's Kidney Pills Says That What They Have Done for Her They Will Do for Others.

CHARGES AGAINST SEIN FEINERS Alleged Destruction of Foods and Seeds in Ireland.

London, May 14.—Wholesale destruction of agricultural seeds is the latest form of Sinn Fein outrage, it is officially announced.

Dublin Castle officials connect this type of crime with the attempt of the Sinn Fein propagandists in America to represent the country as on the brink of famine.

The Trying Days. It has been well said a school teacher has more influence in shaping the lives of her scholars than their parents.

The worry and the work, the strain and anxiety of a teacher's life are such as tell severely on the nervous system. Time and again teachers have had to give up good positions on account of a weak heart, run down health and shattered nerves.

The T. Milburn Company, Limited Toronto, Ontario

MY TIRED FEET ACHED FOR "TIZ"

Let your sore, swollen, aching feet spread out, in a bath of "Tiz".

Just take your shoes off and then put those weary, shoe-crinkled, aching, burning, corn-pestered, bunion-tortured feet of yours in a "Tiz" bath.

Get a box of "Tiz" at any drug or departmental store—don't wait. All you need to do is get "Tiz".

THE LUDLOW STREET CHURCH The entertainment given last evening in the Ludlow street Baptist church, under the auspices of the men's brotherhood class of the church, packed the building to its capacity.

Is your skin pale and sallow?—How you can rouse it. If your skin is pale and sallow, it shows clearly the need of a more stimulating treatment than you are giving it.

JUST before retiring, fill your basin full of hot water—almost boiling hot. Bend over the top of the basin and cover your head with a heavy bath-towel, so that no steam can escape.

THE other six nights of the week cleanse your skin thoroughly in the usual way with Woodbury's Facial Soap and warm water.

Why You Must Have Iron to Make Your Body Strong and Your Brain Keen

Alert and Powerful—Value of Spinach and Organic Iron to Help Make Rich Red Blood and Revitalize Worn-out Exhausted Nerves

WITH PLENTY OF BLOOD AND IRON, YOUR BRAIN is the most wonderful thing in all creation but without these it is nothing.

When, as a result of iron starvation you get up feeling tired in the morning, iron in your blood and like the iron in spinach, lentils and apples, while metallic iron is just as it comes from the action of strong acids on small pieces of iron.

Usually take. Organic iron is like the iron in your blood and like the iron in spinach, lentils and apples, while metallic iron is just as it comes from the action of strong acids on small pieces of iron.

ENRICHES THE BLOOD—GIVES YOU NEW STRENGTH AND ENERGY

A Cold is a Miserable Thing WHEEZE, sneeze, cough, hoarse or voiceless, sore throat, watery eyes, giddy head, fevers, shivers—no ailment inflicts such utter misery and depression on its victim.

SHARP'S BALSAM of Horehound and Anise Seed Is a pleasant and safe treatment which brings almost instant relief to sufferers from colds, and prevents dangerous developments.

THE CANADIAN DRUG CO., LIMITED, ST. JOHN, N. B.

DODD'S KIDNEY PILLS. ALL KIDNEY DISEASES. RHEUMATISM. BRIGHT'S DISEASE. GRAVEL. NEURALGIA. MIGRAINE. HEADACHE. NEURITIS. LUMBAGO. 4087 THE PROSPECT.

Aspirin Nothing Else is Aspirin. Warning! Unless you see the name "Bayer" on tablets, you are not getting Aspirin at all.

Accept only an "unbroken package" of "Bayer Tablets of Aspirin," which contains directions and dose worked out by physicians during 21 years and proved safe by millions for Headache, Earache, Toothache, Neuralgia, Colds, Rheumatism, Neuritis, Lumbago, and pain generally. Made in Canada.

"Yes,....." The test shows that your blood is in a very poor condition, you are completely run-down. You have Dyspepsia, Liver-Trouble and Constipation, too. My recommendation to you is a bottle of Dr. Wilson's HERBINE BITTERS.

Dr. Wilson's HERBINE BITTERS. An old, reliable family remedy, made from the principles of Dandelion, Mandrake, Burdock and other purifying herbs.

George Whittaker, Miss Mary Perkins and Miss Ethel MacDonald. In addition to the play a reading was given by Miss Helen Purdy. George T. Ring acted as chairman during the evening.

Mr. Lowther's Farewell To British Commons

Hand-shake for All as Noted Speaker Says Good-bye—A Word for the O. B. E.—Stories of the Navy—The Coster's Tribute at the Cenotaph.

Former speaker of the British House of Commons, Rt. Hon. J. W. Lowther, is seen taking a farewell look at the Thames from the terrace of the house. There were many touching scenes when he made his decision to resign, having been speaker since 1916.

(From Our Own Correspondent) London, April 28.—Mr. Whitley, who comes first commoner in succession to that severe martinet, James Lowther, is the first Nonconformist to sit in the speaker's chair. Mr. Whitley is a rather austere man and it remains to be seen whether he will grow more mellow on attaining the great position of influence which has stood for many years as the goal of his ambitions. It is expected that one of his two daughters will fulfill the duties of hostess at the speaker's house. Mrs. Whitley has long ceased to enact the role of a society hostess, reasons of health having induced her to live a life of almost complete retirement.

A Sporting Chancellor. Lord Birkenhead, the speaker's clerk, can see each other seated respectively in the Chair and on the Woolpack when the flag opens—is determined to justify his election as a member of the Royal Yacht Squadron. More fortunate than Sir Augustus Lipton, he was elected to this square and exclusive body at the first time of asking. Nominally, membership of the club is supposed to argue possession of a real floating yacht. In practice it argues nothing more, I believe, than the possession of a pair of spoolish white ducks in which you can permeate the front at Lovers. For qualification purposes, it has even been suggested that yachts are hired out to prospective candidates.

Lord Birkenhead, however, is determined to have a yacht of his very own and is ambitious of entering her for some of the big races. The Lord Chancellor has always been a keen sportsman. As a youngster he was captain of his school and when advancing years developed into quite a decent player of lawn tennis. Before he became Lord Chancellor he was also a desperately keen bridge player. At the club which he most frequents he had the reputation of having lost more money at the game than any other man who frequented the card room. At cards, as in politics, "P-

Call for PHILIP MORRIS 10 for 15¢ The Little Brown Package

POTATO SURPLUS MILLION BUSHELS. Ottawa, May 15.—In the senate today, Senator Frowse called attention to high freight rates in Prince Edward Island. A surplus of a million bushels of potatoes could not be marketed on account of them, he said. He urged that the government railway needed a manager familiar with local conditions. Potatoes were selling for seventeen cents per bushel, while freight rates were forty-three cents per hundred pounds. The senate adjourned until Tuesday.

the lobby above followed by an outbreak of screams and cries, was heard to observe "That either means Kingdom Come or ten day's leave—the inference being that the damage was so serious that it would mean the explosion of a magazine or a long rest." After Beatty had to relinquish the command owing to the flagship being disabled, the chase was abandoned prematurely, and next senior officer being misled by a very simple device. The High Sea Fleet was taken by surprise, and not in the least ready to come to the rescue of the German battle cruisers, but in the middle of the confusion a wireless signal was sent to the Seydlitz in clear, "High Sea Fleet coming out," and then was added in "cipher" as soon as possible. The first part was, of course, intercepted and understood by the British ships, and, in the absence of Beatty, the retired. The Coster's Tribute.

Until a few days ago the authorities responsible for due supervision of arrangements at the Cenotaph, where day and night there are never wanting groups of pilgrims and fresh tributes of fair English flowers, were puzzled by the frequent discovery of a choice head of cauliflower or a cabbage among the wreaths around the base. But yesterday an observant policeman on duty there saw, in the very early hours of the morning, a coster pushing his barrow along Parliament street, with vegetables from Covent Garden. When he reached the Cenotaph a man halted, removed his cap, and, being a fine cauliflowerer from his barrow, he quietly amongst the mass of beautiful flowers.

The constable interpreted the man, and asked him what he meant by it, because the police, almost all ex-service men, share the public sentiment about the Cenotaph to the full. But there was not the least suspicion of ribaldry or insult in the coster's remark. He told the policeman that his coster chum and partner of before the war had been killed at his side in one of the Somme attacks, and periodically he places some tribute on the Cenotaph pedestal to his memory. He was too poor to afford flowers, so he gave as his tribute the best of his vegetables from Covent Garden, and was sure his chum would "understand and appreciate." That policeman promptly turned away without another word. But I think he would paralyze the Whitehall traffic for that coster's barrow even at midday in future.

ATTEMPT TO FLOAT STEAMER FAILED. The Yarmouth Herald of Tuesday says: "The attempt a day or so ago to refloat the large freighter City of Colombo, ashore on the Digby Neck shore, did not prove successful and it had to be abandoned for a few days until further cement work was done. Word received yesterday stated that that would be completed about the end of this week, when another effort will be made to haul the ship from her rocky berth."

Man Thrown Over Niagara?

Niagara Falls, May 13.—Ralph Holcomb, a business man of Albion, N. Y., is believed by the authorities here to have been attacked, robbed, thrown into the rapids and carried to death over the American falls. A coat ripped across the back, and a hat were found on the shore near Goat Island bridge. The state reservation police found insurance papers and other documents in the coat pockets bearing Holcomb's name and address. Mrs. Holcomb, to whom the facts were wired, replied that her husband left home on Thursday with considerable money. A Revel newspaper prints a report from the Russo-Finnish border to the effect that Leon Trotsky, Soviet war minister, is seriously ill with cancer.

THE EVENING TIMES AND STAR, ST. JOHN, N. B., SATURDAY, MARCH 14, 1923

## CHARLOTTE COUNTY WELL REMEMBERED

Amos H. Connick Remembers Churches, Schools, Relatives and Graves of His People.

(Humboldt Standard.)  
Bequests to the city of Eureka, to the Masonic lodge of Eureka (California), to the Eureka Free library, and to other institutions, as well as many Eureka people, characteristic of the will of Amos H. Connick, which was filed for probate today. In many ways the will is the most interesting document of its kind to be filed in Humboldt county.

Particularly explicit directions are given as to the disposition of the body of deceased, even as to exact location of his ashes in the family lot at Myrtle Grove cemetery.

Many friends in New Brunswick, his boyhood home, are remembered.

Shorn of the technical language, the will proceeds further to make the following bequests: Jesse Moore Connick, \$25,000 and a lot in Myrtle Grove cemetery; Mrs. Lillian McCann Kingston, \$1,000; Walter D. Connick, Mrs. Nettie A. Wilson, \$1,000 each; Thomas L. Carson, \$1,000; Alice M. Ross, \$3,000; Emma Price of Los Angeles, Henry Leach of Eureka, Elfred Connick of San Francisco, \$500 each; Mrs. Elizabeth McCann, \$500; Mrs. Annie McLaren McCann, \$1,000; Mrs. Teresa Kerfoot, \$500; Carrie Connick, \$1,000; Mrs. Clara Belle Lewett Hink, \$500; Perry Connick, \$25,000 and a lot in Myrtle cemetery; Maudie McCann Watson, \$250; Winnie Connick, \$500; George Langdon of Lindsay Creek, \$500; Miss Mary Thompson, \$500; Dr. Harold Gross, \$1,000; Milton Carson, Sumner Carson, Company's office, \$500 each; Tommy William W. Carson and Lottie Carson Trison, \$25,000 each; N. G. Lindsay, Miss Amy Torrey, Mrs. Myrtle Serv-

Murray, Harry H. Ball, Bertram M. Bullock and Miss Alta Pine, all employees of the Carson Lumber Company's office, \$500 each; Tommy Durke, Seth Nyland, Joseph Stewart, also employees of the Carson Company, \$500 each; Ahsa Connick, \$1,000; Stan-

two hundred dollars thereof to the Baptist church of Ballie, Charlotte county, New Brunswick; three hundred dollars thereof to the St. Thomas church of Moore's Mills, Charlotte county, New Brunswick; three hundred dollars thereof to the Union church of Cook's Cemetery, Charlotte county, New Brunswick; one thousand dollars, thereof to Humboldt Lodge, No. 79, Free and Accepted Masons, of Eureka, California; one thousand dollars thereof to the First Congregational Church of Eureka, California; one thousand dollars to the First Methodist Episcopal Church of Eureka, California.

I give, devise and bequeath to the School District of Ballie, in Charlotte county, New Brunswick, the sum of two hundred dollars.

I give, devise and bequeath to the School District of DeWolfe, in Charlotte county, New Brunswick, the sum of two hundred dollars.

I give, devise and bequeath to the city of Eureka, county of Humboldt, state of California, the sum of one thousand dollars, to be expended in improving and beautifying Sequoia Park, which expenditure is to be under the supervision of the said executors in conjunction with the Park committee or commission as an advisory board.

I give, devise and bequeath to the city of Eureka, county of Humboldt, state of California, the sum of one thousand dollars, to be expended in the purchase of a library, but no more to be used for buying books of fiction.

I give, devise and bequeath to Stillman Smith, Moore's Mills, Charlotte county, New Brunswick, the sum of two hundred and fifty dollars.

And I hereby authorize and empower my said executors to make certain alterations and improvements in and about a certain cemetery situate on the north side of the public highway running between the farms of James Harris Maxwell and Stillman Smith and on the high hill east of Moore's Mills, in Charlotte county, New Brunswick, after they learn the true condition in and about said cemetery, by due inquiry and consultation with those most interested in the condition thereof, and to my said executors and said interested parties shall best preserve the identity and upkeep said cemetery, and to use their discretion and judgment as to the amount to be expended in such work. I suggest that perhaps instead of a fence being placed around said cemetery, it might be well to erect around it, or place around it, good-sized iron pipes about twenty feet apart, six feet high and four feet in the ground. However, the improvements to be made are to be entirely within the discretion and good judgment of my said executors, as also is the amount to be expended in the work. In a certain lot in that cemetery he buried all the mortal remains of five of my brothers and a sister, and I desire my said executors, and request them to employ William Connick, or his sons, who live in the vicinity thereof, to put this lot into the best permanent condition, practical and pleasing to the eyes, and to make any necessary arrangements with them for the keeping of said lot in that condition and well cared for, and for all expenses incurred in the above work I hereby authorize my said executors to pay the same out of the funds of my said estate and request the court to allow the same in the executors' accounts as expenses incurred in the administration of my estate.

Also in a certain lot in the St. Thomas cemetery, situate three or four miles west of Moore's Mills, in Charlotte county, New Brunswick, lie all that is mortal of my maternal grandparents, James Wilson and Sarah Wilson, and I desire that this lot shall be put into the best practical condition, and as well pleasing to the eye, and thereafter to be kept in that condition, and that my said executors are hereby authorized and directed to put said lot in said condition and to make such necessary arrangements as can be made for the keeping of this lot in good condition and repair so that the future their resting place may be permanently identified.

Also in a certain lot in the Cook's cemetery, situated about two and one-half miles southeast of Moore's Mills, in Charlotte county, New Brunswick, lie all that is mortal of my paternal grandparents, James Connick and Hannah Moore Connick, and I desire that this lot shall be put in proper condition for permanent preservation, and as well pleasing to the eye, and thereafter to be kept in that condition, and that my said executors are hereby authorized and directed to put said lot in said condition and to make such necessary arrangements as can be made for the maintenance of said lot in said condition so that their resting place may be identified in the future.

Return to Sackville. Mr. and Mrs. George Siddall and family, of Providence, R. I., arrived in Sackville a few days ago and intend taking up their residence there. Mr. Siddall has been residing in the United States for the last eighteen years.

Miss Alice Bulmer, who has been spending the winter in Beaumont, Mass., has returned to Sackville.

You will always enjoy the rare flavor of

—and for food value their only rival is bread.

## MILLIONAIRE'S DAUGHTER TAKEN AS A VAGRANT

New York, May 14.—Miss Irene Davis, 22-year-old daughter of John Davis, a retired broker and a millionaire, was arrested in Mt. Vernon's Court of Special Sessions, charged with vagrancy and carried on the police blotter as having no home.

It was shown at her hearing that she had been raised by an aunt in Plattsburg, enjoying an allowance of \$5,000 a year from her father, who for several months has been traveling in Europe. Recently the young woman decided to strike out for herself and came to Mt. Vernon, where she obtained a room at the Y. W. C. A., describing herself as a writer.

Mrs. J. S. Wood, probation officer of Mt. Vernon, observed that Miss Davis did not work and thereupon suggested the police investigate her case. The investigation showed that her money was all gone and that her father had failed to send her regular remittance.

The girl's mother, Mrs. Irene Davis, of No. 665 West 189th street, Manhattan, was in court, but there seemed to be little affection between mother and daughter. It was said in court that the girl's parents had been divorced for many years. In the hearing Miss Davis said if the court would free her she would go back to her aunt in Platts-

burg. She was taken at her word, but Mrs. Davis said that the girl would remain with her.

## Big Lobster Catches

Reports from the North Shore are to the effect that lobster fishermen are having big catches. A Richibucto man informs The Moncton Times that the fishermen are getting so many lobsters and herring that they don't know what to do with them. Big shipments are being made to Boston.

## Vocational Classes

Sackville Tribune.—At a meeting of the vocational committee held in the council chamber Tuesday evening, the report of the director was received and adopted. Ninety-one students receive instruction in the various classes. Of these thirty were enrolled in the motor mechanics class, nineteen in bookkeeping, twenty-one in dressmaking, and twenty-one in general education class. The attendance was very good throughout.

## TRIPLE-SERVICE

(ECONOMIC - HYGIENIC - STYLE)

# Makes Nemo Corsets Indispensable

TRIPLE-SERVICE SELF-REDUCING SOLID-SERVICE WONDERLIFT

## The Meaning of Nemo Corset Service

MILLIONS OF WOMEN DEPEND ON IT

Nemo Corsets comprise many hygienic features of great scientific value and are divided into three distinct services:

**Hygienic Service---Style Service---Economic Service**

Their Hygienic Service has become invaluable and indispensable from a humanitarian and health point of view. The medical profession fully recognizes its preventive and curative qualities.

Their Style Service is necessarily different from that furnished by other corsets. The scientific and hygienic results can be obtained only when Nemo Corsets fit the figure accurately, comfortably and properly.

Their Economic Service, on which the first two depend represents the long-wearing qualities of Nemo Corsets. No amount of ingenuity in conceiving these valuable inventions would avail if the corsets themselves were not extremely durable. Their intrinsic value production cost of the corsets features, although worth much given entirely free.

**The Circlet** does for the figure above the waist what the corset does below.

LATEST PRISONER AND  
ELEGANT SKELETON**

Montreal, May 13—The skeleton found in the woods last Saturday near Coleraine (N.B.), was brought to Montreal today in a wooden box by Detective Germaine. The bones are now thought to be those of a man named Baker, who was five years ago by Sherbrooke detectives.

Sherbrooke, May 13—The discovery of the skeleton of a man in the vicinity of the station, Megantic county, has a considerable interest throughout the province.

It is believed the skeleton is that of an Arthur Baker, better known to residents as "Johnny Baker" who was executed on Friday, Aug. 14, 1916. He had been apprehended by the constables Moe and Smith, and his wife, Edna Baker, was accused of breaking into the cottage of Herbert, Jacques at Hatley. Baker broke loose from the constables in a hotel, made a rush for the stairs and ran out into the woods. Shots were fired after him. It is believed that one or more of them were reached their mark and so they injured him that he perished in the woods.

**WAGE CUT  
ON THE ST. CROIX**

**Most Miles  
per Dollar**

Firestone Cord Tires are well balanced. All units work together on the road. The result is mileage.

The tough Cross and Square Tread grips any road surely. The muscular body of gum-dipped cords has unlimited endurance because the cords do not touch and cannot chafe. This and the resilience from the extra air space insure many miles of comfort.

In the long run you pay less for Firestones because they deliver most miles per dollar.

**McLAUGHLIN**

QUEBEC From the CITADEL

**LIGHT SIX Roadster**

MOTORING to the owner of a McLaughlin Light Six is more enjoyable because of its striking economy. Light in weight, this high-powered car gets remarkable mileage on gasoline and tires. It is not unusual for owners to report from 8,000 to 12,000 miles on tires and 20 to 30 miles on the gallon of gas.

The automobile dollar reaches its limit in purchasing power when invested in the McLaughlin Light Six—"Canada's Standard Car."

McLAUGHLIN MOTOR CAR CO., LIMITED  
St. John, N. B. Showrooms, 140-144 Union Street.

**MAY NOT AFFECT  
TEA PRICES HERE**

While despatches from Toronto predict that the taxes imposed on tea in the new budget will send the price of tea up two cents a pound to the consumer, a large local dealer said last night that he did not believe there would be any changes made in the retail price of tea in St. John. So far as he was able to judge, the importer, wholesaler and retailer would absorb the extra tax between them and the consumer would pay the usual price. The greater proportion of the tea sold in this city is sold as package goods at fixed prices of fifty, fifty-five and seventy-five cents and since the increase did not justify an additional five cents being added and it was not advisable to have the price a less handy sum, the dealers would endeavor to divide the increased tax among themselves. The Toronto despatch reads as follows:

"An increase in the retail price of tea, not exceeding two cents a pound, is likely to result from the taxes imposed on that beverage by the new budget, wholesalers and manufacturers believed today. There

is a tax of two and a half per cent on importations of tea and a sales tax of one and a half per cent, making a total of four per cent, which must be met. Some of the larger tea companies are meeting the importations tax themselves and charging only the sales tax against the retail dealers. Others declare it will be necessary to pass both levies on to the retailers, but agree that the retail price will not increase more than two cents, if that."

**Many Convicts  
Storm Prison**

Huntsville, Tex., May 13—More than a score of state convicts, many of them armed, mutinied yesterday, stormed the arsenal, shot two guards, and fled. One guard probably was fatally injured. Six convicts obtained pistols and charged the front gate of the prison, then charged guards on the inside of the prison walls and broke into the armory, obtaining shot guns, then they returned to the inside walls, making another charge on the guards. The prisoners escaped by way of the east railway gates. About twenty-five shots were fired by the convicts. The guards returned the fire but it was not known whether any of the escaping men were hit.

WANTED—TO PURCHASE TWO or three family house, centrally located. Write Box J 39, care Times. 27292-5-19

FLIGHT OF BRITISH PRESS. (London Observer) Viscount Buxton, as president, was in the chair at the annual meeting of the newspaper press fund. In moving the adoption of the report, he remarked that the atmosphere of newspaper-land could not be said to be altogether encouraging. It seemed to be in a state of tropy-turvydom. Alluding to the question of unemployment, which has been widespread, especially among journalists, he said it was likely to increase rather than to diminish, and there was all the more necessity for the exercise on the part of the fund of wise and sympathetic benevolence, and the greatest reason for thrift and providence. No question of charity was involved. What the fund did was rather a return for self-insurance. Last year's total grants and bonuses were just over \$2,000, a record for any one year. This year's disbursements were likely to be still heavier.

PRE-WAR SUGAR PRICES Sugar will sell in New York at pre-war prices in the fall, in the opinion of Philip W. Woodruff, of the Federal Sugar Refining Company, who has returned from a six months' survey of the sugar situation. He predicted an increased beet sugar production in Europe of about half a million tons by October.

WANTED—COOK. KENNEDY house. 27088-5-16

SITUATIONS VACANT

OPPORTUNITY FOR MEN OR women students, teachers and others, earn \$10 per day or more for hundreds of hours; guarantee covers necessary expenses; steady time or full time; reference unnecessary. Write for particulars. Winston Co., Dept. O, Toronto.

WANT MONEY AT HOME—WE will pay \$15 to \$30 weekly for your time writing show cards; no canvassing; we instruct you and supply you with work. Write Brennan Show Card Letter, Limited, 43 Currie Bldg, 260 Leg Street, Toronto.

### ENOUGH LABOR IN WEST.

Unemployed in Ontario Not Wanted for Farms. Ottawa, May 14.—In connection with the statement made in a letter of the prime minister to the effect that arrangements were being made to send unemployed men to Alberta and Saskatchewan, a telegram has been received from G. Peley, secretary of the G. W. V. A. in Calgary. Peley, in telegraphing C. Grant MacNell, secretary of the Dominion command of the G. W. V. A., states that all farm labor needed in Alberta can be procured locally. He asks the G. W. V. A. to discourage the idea of men coming from the east to Alberta to find work, as there is now not enough work there for the men on the ground.

## Your Financial Adviser

As an institution with first-hand knowledge of financial markets at home and abroad, and with Managers of broad experience and unbiased judgment, this Bank is in a position to render invaluable advice on investment and other money matters to its patrons.

Standard Service is comprehensive financial service

## THE STANDARD BANK OF CANADA

ARRANGEMENTS can be made for examining the vessel by applying to the Chief Inspector of Fisheries, Halifax, N.S. Offers must be for payment in cash as soon as the offer is accepted.

A BIG PLANT NEAR MONCTON

Reduction of Albert County Oil Shales—A \$12,000,000 Expenditure.

(Moncton Times) Nestling among the contours of the Caledonian Hills in Albert County, sixteen miles, as the crow flies, from the City of Moncton, is what may with every likelihood prove to be the first phase in the establishment of a twelve million dollar plant and the embryo of a thriving city. Both the local and far-reaching effects of the completion of such a huge project could not fail to add greatly to the position and influence of the Dominion of Canada as a whole and of New Brunswick in particular, especially when one considers the reason for all this. The explanation may be summed up in one word—"OIL" in capital letters. For years it has been known that New Brunswick and especially Albert County, is rich in oil-bearing shales, and for the past twenty years experiments and drillings have been more or less quietly prosecuted until the optimism of those interested culminated last winter in what may be termed the first active step to establish a modern plant for the reduction of the shale to a commercial product.

The dream of a Moncton gentleman, dating back some twenty years, are very near realization. It would not be overstating the fact to say that the Spring days are not all sunshine! as victims of Rheumatism or Neuralgia or Neuritis bear sad witness! Dangerous changes from warm to cold and back again cause many an ache and pain. Fight those first symptoms with Templeton's Rheumatic Capsules.

Guaranteed to contain no habit-forming drug, and to be absolutely harmless to the heart, kidneys or other organs. Prescribed by doctors, sold by druggists, \$1.00 per box. Trial free at our agencies, or write Templeton, 142 King W., Toronto.

Sold by Wasson's Drug Stores, Ross Drug Store, O'Neil Pharmacy and E. J. Mahoney. In Perth, the Regal Pharmacy.

for sprains Aching muscles or stiffness which soothen follow the exertion of outdoor sports, prompt relief may be had by applying Absorbine, Jr. Stimulating to overtaxed muscles, soothing to aching joints, leading to complete relief, and eliminating possible infection from cuts or scratches.

Habit Nujol give you the healthiest habit in the world. Without forcing or irritating, Nujol softens the food waste. The many tiny muscles in the intestines can then easily remove it regularly. Absolutely harmless—try it.

Mentholatum For After-Shaving, Chapped Skin, Burns, Scalds, etc.

RIGA WATER RELIEVES HABITUAL CONSTIPATION

Lodge of this city, is the most prominent figure in oil, gas and shale matters in New Brunswick today. Since 1901 Mr. Lodge has seen the possibilities of a grand future for the oil and gas-bearing territory of this province and has been unceasing in his efforts towards the development of these resources.

Following closely on the development of the gas fields, come the activity in connection with the shale deposits. From experiments and tests of the specimens it was found that the shale graded very high in oil and gas products. The mining rights of the Albert Oil and Gas Co., and those of the N. B. Petroleum Co., having become merged in the Maritime Oilfields, Limited, with the latter company, which has headquarters in London England, became interested. This strong organization has a subsidiary company, the D'Arcy Exploration Company who have been interested in the shale areas for several years and under agreement with the Maritime Oilfields, the D'Arcy Company began work early last winter on the erection of an experimental plant for the reduction of shale. This plant referred to above has been in full running order for some time.

The results of the experiments made with the experimental plant have been so satisfactory that Mr. John Henderson, the general manager of the D'Arcy Exploration Company, is highly pleased and looks forward to the construction of a plant with a daily capacity of 2,000 tons to complete. The oil output would be at a conservative estimate between 125,000 and 150,000 gallons per day. The establishment of such a plant and the mining in connection with it would certainly mean the accumulation of a large local population and final growth into a thriving city. The ramifications of the industry would extend to the north-west port, probably St. John, where it would be necessary to establish a refinery.

The superintendent in charge of the station is Mr. G. M. Moran, Michigan, who was previously in charge of a shale plant in Nashville, Tennessee. Mr. Moran was very courteous in showing the visitors through the plant, explaining in detail the various phases of the work.

FREE TO ASTHMA SUFFERERS Free Trial of a Method That Anyone Can Use Without Discomfort or Loss of Time. We have a method for the control of Asthma, and we want you to try it at our expense. No matter whether your case is of long standing or recent development, whether it is present as occasional or chronic Asthma, you should send for a free trial of our method. No matter in what climate you live, no matter what your age or occupation, if you are troubled with Asthma, our method should relieve you promptly. We especially want to send it to those apparently hopeless cases, where all forms of inhalers, douches, opium preparations, fumes, "patent" smokers, etc., have failed. We want to show everyone at our expense, that our method is designed to end all difficult breathing, all wheezing, and all those terrible paroxysms.

FREE TRIAL COUPON FRONTIER ASTHMA CO. Room 588 N. Niagara and Hudson Streets, Buffalo, N. Y. Send free trial of your method to:

Enhance Your Beauty Retain and enhance the beauty of your hair by using Delmay's French Hair Tonic. A successful preparation of herbs discovered by a famous French chemist. For beautiful soft, fluffy, luxuriant hair buy a bottle today. Price One Dollar for a generous sized bottle. If not obtainable at your druggist, direct from Sobell Drug Co., Limited, Montreal.

Cuticura Soap Is Ideal for The Complexion

MRS. CROZIER GAINS 24 POUNDS

Says Her Troubles Have All Disappeared and She Feels Like a New Woman.

"When I began taking Tanlac I only weighed one hundred and four pounds but now I tip the scales at one hundred and twenty-eight, which is exactly thirteen pounds more than I weighed before my troubles began," was the statement made recently by Mrs. Elizabeth Crozier, 789 Broadway Ave., Toronto.

"Over a year ago I noticed I was getting in a run-down condition. My appetite was very poor, and what little I did eat seemed to do me no good. I felt nervous and restless, couldn't sleep any longer, my troubles were all piled up on me. I fell off over ten pounds in weight, and was miserable all the time. But by the time I finished my first bottle of Tanlac I was feeling better and was picking up in weight. When I had finished my fourth bottle, my troubles were all gone, and although three months have past now, I am still feeling fine. I have a wonderful feeling of health and am twenty-four pounds heavier than I was at the time I began taking Tanlac. My nerves are steady as a clock, and I sleep well every night. Tanlac is just grand."

been crushed to the size of fine gravel is packed between the core and the oven walls. Below the oven is a furnace the heat from which circulates the oven raising the temperature to about 120 degrees. The heat drives the gas, in which oil is suspended, from the shale, the mixture passing through the perforations into the duct in the form of a vapor. The vapor escapes from the duct downwards through a pipe by which it passes into a large cylinder container known as a condenser. In the time the vapor reaches this condenser the heat has radiated to about 150 degrees. In the condenser the vapor is treated with water which causes the oil to precipitate and flow out into a reservoir.

While the oil runs downward from the condenser to the reservoir the gas in the condenser passes to another large condenser known as a scrubber. In the scrubber the by-product sulphate of ammonia is cleaned from the gas, the latter passing to the fire box underneath the boiler of the power plant where it is used as fuel.

Although the daily capacity of the reactor is eight tons the charge capacity is only 100 lbs. The shale is placed in the reactor and is crushed and conveyed to a high percentage of gas operation repeated. Furnace heat for the reactor is supplied by coke fuel. The company employs six men at the plant at the present time, eleven at the plant itself and five miners. A combined boarding and dining office is maintained which is wired for and supplied with electric light, the current being supplied from the power plant. A telephone is installed in the office.

The Products. The crude oil produced is of a high grade and tests higher than any other crude oil in the world with one exception, being second only to the California oil. The oil has a very low percentage of sulphur and a high percentage of naturally increasing to a very high standard according to the degree of refinement.

The amount of sulphate of ammonia that is not measured as yet, but the amount of silica is estimated in the water for use in the condenser has been found to be 9 lbs. per ton of water. The quantity of oil and gas produced depends upon the kind of shale used. There are two kinds of shale, black and gray, the first producing more oil and less gas, the gray shale producing an average of 100 lbs. per ton of shale, the black producing from 15 gals. to 22 gals. per ton.

The Laboratory. The chemist in charge of the laboratory, which is a short distance from the reducing plant, is Mr. W. W. Weigle of Rolla, Missouri. Mr. Weigle is a graduate of the Rolla School of Mining, which is part of the University of Missouri.

bered to correspond to the exact map location of each drilling operation concerned, the whole being carefully indexed for future reference. Mr. Lodge has been interested in the shale deposits since the year 1895, when a carload of shale was brought from Albert county to Moncton to enrich the gas being produced in the gas plant here. The experimental plant described above is situated close to a winding stream which runs along the base of a huge elevation known as "Shale Mountain." Tests have shown that this mountain is almost a solid mass of shale.

A Trip by Auto to the Plant. Yesterday morning a party of gentlemen from the city made a trip by automobiles to the experimental plant, returning in the evening. The party leaving here consisted of Hon. C. W. Robinson, minister of lands and mines and acting premier of the province; Messrs. John Henderson, general manager of D'Arcy Exploration Co.; R. M. Rasmussen, U. S. consul; Alex. Crichton, Moncton; W. T. White, local manager Bank of Commerce; Wm. McMillin, of the Crown Land Department; Frederick M. Lodge, and representatives of The Times and Transcript. At Hillsboro the party was joined by Messrs. J. L. Peck, M. L. A., and Fred Thompson of the Albert Manufacturing Co.

The trip was made from Moncton to Hillsboro by way of the river road. From Hillsboro the route was followed to Salem and from there to Rosvale in the Baltimore area.

By the route taken by yesterday's party the distance is about twenty miles, although the air line from Moncton to Salem is just sixteen miles.

While at the plant the party witnessed the reducing process and tests for by-products. The members of the New Brunswick staff of the Imperial Tobacco Co. and their wives were guests last evening at a banquet in Bond's at which E. P. Kinman, manager of the New Brunswick division, presided. After the banquet there were cards and dancing. There were twenty-eight in the party.

William McIntosh yesterday was being congratulated heartily on receiving the honorary degree of Master of Science from the University of New Brunswick. His telephone was kept busy all day and he had many callers at the Natural History Museum, who came to extend congratulations on receiving a well deserved honor and a well merited recognition of his distinguished service in the scientific work.

Rheumatic Pains

Are relieved in a few days by taking 30 drops of Mother Selig's Syrup after meals and on retiring. It dissolves the lime and acid accumulation in the muscles and joints so these deposits can be expelled, thus relieving pain and soreness. Selig's Syrup, also known as "Extract of Roots," contains no dope nor other strong drugs to kill or mask the pain of rheumatism or lumbago. It removes the cause. 50c a bottle at druggists.

GIRLS! LEMONS BLEACH THE SKIN

Squeeze the juice of two lemons into a bottle containing three ounces of Orchar White, which any drug store will supply for a few cents, shake well, and you have a quartet pint of harmless and delightful lemon bleach. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day, then shortly note the beauty and whiteness of your skin.

Famous stage beauties use this lemon lotion to bleach and bring that soft, clear, rosy-white complexion, also as a freckle, sunburn, and tan bleach because it doesn't irritate.

Senator Daniel, of St. John, said that the commission had done good work, but that the duplication was regrettable. The bill to amend the gold and silver marking act was dropped on the recommendation of a committee which has been examining it.

ROBBERY AT SHEDIAC Moncton, N. B., May 18—Moncton police were informed this morning that the general store of Hon. O. M. Melanson, Shediac, was broken into last night and a considerable quantity of goods stolen.

SENATOR DANIEL FOR CONSERVATION

Ottawa, May 18—The bill to abolish the commission of conservation was read a second time in the senate this afternoon. In proposing the passage of the bill, Sir James Loughheed said that the commission had extended its scope and activities, until it threatened to usurp the powers and functions of the government itself. It invaded the field of agriculture; dipped into external affairs by making representations at Washington; invaded the department of the interior by meddling with the administration of natural resources; took up the question of water powers; extended its scope to the department of marine and fisheries; dipped down under the earth and interfered with mines and minerals, and finally, took a hand in the question of scientific and industrial research. The commission had, by propaganda tried to take credit for the work of others, thus endangering a bad spirit.

Senator Loughheed said that the government was responsible. Senator Bostock held that where it was possible to absorb the staff, it will be done.

Senator Daniel, of St. John, said that the commission had done good work, but that the duplication was regrettable. The bill to amend the gold and silver marking act was dropped on the recommendation of a committee which has been examining it.

Use Cuticura Talcum To Powder and Perfum An ideal face, skin, baby and dust powder. Convenient and economical, it takes the place of other powders. A few grains sufficient. See the Cuticura Soap, Talcum, and Perfum, throughout the Dominion. Canadian Dispensary, Limited, 341 St. Paul St., W., Boston.

BORDER CASE COST ST. JOHN MAN

Two young men were before the magistrate in St. Stephen recently complainant of the immigration officers. They were charged with attempting to land a prohibited person in Canada with giving false information.

THE KIDNEYS AND HEALTH THE FUNCTIONS OF THE KIDNEYS—THEIR CARE AND TREATMENT Knowledge Everyone Should Possess to be Assured of Good Health

The Kidneys.—The kidneys are commonly known and quite accurately described as the filters of the body, their function being to remove from the blood all those impure or poisonous substances which would be injurious to the body. This important work can only be carried on by the kidneys while they are in a healthy condition. It is, therefore, absolutely necessary that they should be kept healthy, and, in the event of anything being wrong with them, that we should take immediate steps to remedy the evil.

Description.—The kidneys are situated in what is known as the "lumbar region" at the rear of the upper part of the abdomen. They are two bean-shaped organs, possessing an artery, a vein, and a tube which conveys the fluid that has passed through the filtration process to the bladder. The innermost part of the kidney is composed of a series of small tubules or tubes, which, when the kidneys are in health, act as the filter. You may readily understand how serious a condition arises if these tubes become inflamed so that they cannot do their normal work.

Kidney Diseases.—There are many forms of kidney disease, nearly all of which are the result of neglecting the simpler forms. For instance there are the acute, or sudden onset, caused by a sudden obstruction and inflammation of the kidneys; the chronic, which follows if the acute form is neglected; and Uremia, which may result if the patient still continues to neglect the kidneys. Uremia generally results fatally.

Symptoms.—Do not treat lightly any evidence of kidney trouble. Its approach is sometimes so insidious that its hold may pass unnoticed for the time being. There may be at first only slight headaches with a failing appetite and loss of ambition. Then there usually follows a pain across the back in the region of the kidneys. Later the fluid passed may be either scant or greatly increased, the color very pale or very dark, according to circumstances, with a marked odor accompanied by pain. All these conditions are unnatural. Then may follow the swelling of joints in arms and legs. These symptoms are the result of neglect of first warnings which should be heeded in good time if serious illness is to be avoided.

TREATMENT

The treatment for kidney trouble is very simple. Regulate your habits, keep your bowels active, and restore the full action of the kidneys by the use of such remedies as will stimulate the blood supply to those organs, at the same time removing any obstructions and healing their inflamed condition. The medicines used in Gin Pills are those which are used by the leading physicians of the present day for the relief of kidney troubles, accomplished by increasing the circulation and filtration power of the kidney tubules. Gin Pills have long been recognized as the finest restorative and corrective for all kidney and bladder derangement. If you have any of the symptoms described above, try a box—from your druggist or dealer—at 50c. If you obtain no relief we will refund your money.

International League.  
Newark, 9; Toronto, 2.  
Toronto, May 13—For four innings to Big Bill Snyder held the hard hitting Mark Beas in the hollow of his hand, he faltered in the fifth and went completely to pieces in the next two innings, the visitors bunched hits with us to score eight runs. Homers by McGowan featured. The score: R. H. E. Newark.....00001400—9 8 1 Toronto.....00010001—2 3 3 Grimes—Bigbe and Smith; Snyder, and Sandberg.

Jersey City, 6; Rochester, 1.  
Rochester, May 13—Jersey City led Rochester 6 to 1 here today in a miring game, rain ending the contest in the first half of the sixth after Rochester had scored one run off John who relieved Blake at the end of 1th. The score: R. H. E. Jersey City.....00001000—6 10 1 Rochester.....00000000—1 5 1 Grimes—Tear and Freitag; Blake, Johnson and Ross.

Reading, 12.  
Reading, May 13—Three home runs in succession by Schultz, B. Smith and Egan featured today's game in which Syracuse won the opener of the series from Reading, 13 to 12. The score: R. H. E. Reading.....20040041—12 14 3 Syracuse.....01000000—2 7 3 Grimes—Brown, Barnhardt and Cotter; Schultz, Sell, Montgomery and Neibergall.

Baltimore, 4; Buffalo, 3.  
Buffalo, May 13—Baltimore won the first game of the series with Buffalo, 4 to 3. Bentley had errorless support but Werre made a wild heave that let in a run as did Bengough by dropping a thrown ball to head off a tally. The score: R. H. E. Baltimore.....20000200—4 7 0 Buffalo.....01000000—2 7 3 Grimes—Bentley and Egan; Werre and Bengough.

Intermediate League Formed.  
An intermediate baseball league has been formed between St. Peter's, Y. M. C. A., the Y. M. C. A., the Y. M. H. A. and the Wolves. At a meeting recently held T. L. McGovern presided. The Y. M. C. A. were represented by Charles Agar and D. Connolly; the Y. M. H. A. by H. Marcus and M. Greene; the Wolves by F. McKel and R. Thompson, and St. Peter's by R. O'Connor. Games are to be played three nights a week on St. Peter's diamond. A schedule will be drawn up and presented at a meeting to be held in the near future.

Football.  
To Reorganize Team.  
The hardware clerks soccer football team had its first practice of the season last night. A large number of new men who did not belong to the association came to see the practice and wished to become members of the team. It was decided that they would be very desirable additions to the team and that it would be well to reorganize so that they might justly be received as members. It was, accordingly, agreed that a meeting should be held in the Y. M. C. A. on Monday night to see if re-organization could not be effected and the team become the "Hard Wears," thereby extending membership to those who were hard and would wear well, even although they did not belong to the favored business. All footballers interested are invited to attend the meeting. The schedule game for the hardware clerks and the military team has been postponed to allow the reorganization to be effected. The game was to have been played on Monday.

Pitcher Broke His Own Arm With Curve Ball.  
Valley Home, Calif., May 13—Robert Hurton, pitcher for the Summer home baseball team, sustained a fracture of his right arm Sunday afternoon while pitching a fast curve to a Burwood School batsman. The snap of the breaking bone was heard across the diamond. The attending physician said the bone had been split.
