"NOW I'LL SCARE 'EM"---BORDEN

ECHOES OF THE GREAT CAMPAIGN

AT A BORDEN MEETING. At one of the meetings addressed by Mr. Borden in Quebec province the feature of the meeting was the Nationalist strain taken by Dr. Pielak, the Conservative candidate for Missisquoi.

HERE'S A GOOD CASE. "The Tories are endeavoring to get the country intoxicated with fear of annexation," stated Dr. M. E. Cross at a recent meeting in Ontario. "They remind me of a girl who was going to get married. Every time she came to the altar, the groom was drunk and the program refused to marry them. 'Why do you want to marry this man when he is such a drunkard,' he asked. 'Well,' replied the girl, 'I can get him to come when he's sober.' That's what the Tories see. They never can get the country to come when it's sober."

AND HERE'S ANOTHER. In a recent speech Sir Allen Aylesworth said that the attitude of the Conservative party reminded him of nothing so much as the joke played upon the boys when a farmer's boy put a setting of duck's eggs under a chicken hen, and when the eggs were hatched out the hen said the farmer's wife, too, were greatly excited because the ducks wanted to enter their natural element, the water. But just as the farmer's wife was unable with all her shouting to prevent the ducks from swimming, so would the Tories be unable to prevent the Canadian people entering their natural market.

STRAIGHT TO THE POINT. Sir Allen Aylesworth in a recent speech evaded great cheering when he read the election address issued in 1891 by the late Sir John Thompson ("of whom every Canadian has heard") in which the then Minister of Justice supported and advocated reciprocity and appealed for re-election to that position. "Would anybody say that the great Canadian who died at Windsor Castle almost at the knees of his sovereign was dishonest? Of course not. Why then should they charge the Liberals with dishonesty? After dealing with the loyalty of Sir Allen Aylesworth, asked: "Does anybody suppose that because we are spending thousands of dollars to promote trade with Japan and France, and Germany, we are in danger of becoming Japanese or French or German?"

THE LOYAL FRENCH LIBERALS. In contrast to the anti-British shouts of the Nationalists in Quebec, read this from a French Liberal: "When the country is menaced we will turn out to the last man and to the last penny. The words of Gen. Botha, the premier of South Africa who said as clearly and unambiguously as possible that he would not be a French Liberal. He could be no question of neutrality. The speaker concluded by saying that if that was his name, he would be a French Liberal. He said that with the action of Sir Charles Tupper 'Not a man, not a dollar.' Contrast that with the action of Laurier in sending 10,000 men to South Africa.

HERE'S THE TORY RECORD. (Hugh Guthrie) "Which is the imperial party? Not the Conservatives. There has never been an Imperial message placed upon the statute books of the Dominion. Every one of them have been placed there by the Liberals under Laurier.

ANNEXATION THAT PAYS. (Ottawa Free Press.) "The Conservatives are accusing the Liberals of being annexationists, and while the Liberals naturally indignantly deny the allegation, so far as any desire to permit the absorption of Canada by the United States which was 'annexing' Canadians and converting them into American citizens to the extent of over a million in the eighteen years.

THE LATE MRS. D. A. STEELE. (Special) "The funeral of Mrs. D. A. Steele will take place on Wednesday afternoon. A body service will be held at the residence of her son-in-law, A. G. Robb, and the body will be taken to the First Baptist church, where a public service will be held.

MORE PORTRAITS UNVEILED. Portraits of Clifford Sifton and Sir William Van Home were unveiled at Patriot's Hall last evening. They hang on either side of the portrait of Mr. Borden. It was hoped that Mr. Borden would be present to see the unveiling of his son-in-law, A. G. Robb, and the body will be taken to the First Baptist church, where a public service will be held.

THE TIMES' NEW REPORTER. took naturally to railroading, and soon accumulated several dollars, which with great prudence and thrift on his part enabled him eventually to acquire a melon farm and retire from the arduous toil of a railroad man. He has been cutting melons ever since. "A Loyal and Patriotic government not only protected Willie's melons, but got him a title, and thus set the imperial stamp on his noble brow. By the exercise of his Loyal and patriotic perseverance he acquired some pulp and paper mills, water power, steel works, street railways, farms, coal mines, art galleries, and many other trifles. "Sir William is one of us. He is a Patriot. I will remember his noble occasion when I had the honor of conversing with him for some time. He told me of his devotion to the Union Jack, his scorn of servile persons who would reduce high imperial questions to terms of turnips and cabbages, or potatoes. In most impressive tones he said to me that of all the mottoes of all nations the one which most strongly appealed to him, and made him a Patriot, was the grand old British motto: 'What we have we'll hold.' Indeed Sir William has had it engraved on his coat of arms. What he has in the United States, was the grand old British motto: 'What we have we'll hold.' 'I may add,' said the Exalted Patriot, 'that Sir William is a great friend of the working man, and his frequently handed him large slices of lemon.' "Don't you mean lemon?" shouted a back-bencher. "No," said the Exalted Patriot. "I said lemonus." (Renewed cheers.)

GIVE US A PLAIN YES OR NO, MR. BORDEN

Mr. R. L. Borden:--- Do you personally believe reciprocity if adopted would lead to annexation? Do not evade the issue. Answer the question to-night---plain yes or no. If you say yes, how do you explain this statement made by you before the Manufacturers' Association in Montreal in 1904, as reported in the Montreal Star:--- "Was there any idea that a reciprocity treaty with the United States would in any way interfere with self-government in Canada? NO!"

EASY FOR "KNOCK-OUT" Police Stop His Toronto Bout With Moran--"Kid" McCoy in Ring Again, Scores Quick Victory. Toronto, Ont. Sept. 5--In Toronto last night Knockout Brown of New York and Johnny Moran, of England met at 133 pounds, but the exhibition, which was scheduled for ten rounds, was stopped by the police in the seventh after Brown had made a chopping block of his opponent. "Kid" McCoy, former champion, put the lid down on Bob Day's future engagements by knocking out the local heavy-weight in one minute and 28 seconds, a feat which was followed by another on the kidneys making Day hit the floor.

100,000 DROWNED IN FLOODS. Hankow, China, Sept. 5--(Canadian Press)--The American mission at Hankow has received a report that 100,000 persons had been drowned by the floods caused by the water flowing over the banks of the Yangtze-Kiang River. The floods are the worst that have been experienced in many years. The ill-fated province of Anhwei is suffering to a greater depth than ever before. It is estimated that more than 10 per cent. of the crops have been destroyed.

JAMES T. CORBETT DEAD. Adelaide Street Resident Stricken Last Night and Passed Away in Five Minutes. Death came suddenly to James T. Corbett, of Adelaide street, about 12:30 o'clock this morning. He was about fifty-four years of age, and was employed with his brother, R. A. Corbett, contractor. Last night he retired about 10 o'clock apparently in the best of health, but soon after midnight he took ill and died within a few minutes, death resulting from heart trouble. Mr. Corbett was born in Queens county but had lived in the North End for about twenty years. He is survived by his wife, one brother, R. A. Corbett, of this city, and two sisters, Mrs. William Bell, of Adelaide street, and Miss May Corbett, also of this city. The funeral will be on Thursday morning, and the body will be taken by train to Wolford, thence to Coles Bay, Peterborough. Funeral services will be conducted at his late home on Wednesday night by Rev. H. D. Marr.

SUDDEN DEATH OF MRS. MARTHA DeLONG. The death of Mrs. Martha DeLong, widow of David DeLong, occurred this morning at her home in Elliot Row. She was enjoying good health until late last night, when on returning home about 10 o'clock she took ill and passed away just after midnight. She is survived by two sons, Captain William DeLong of Providence, R. I., and Simon of New London, Conn. One daughter, Miss Mand, lives at home. Two sisters, Mrs. E. DeLong and Mrs. J. Wright of St. Martins, also survive. The funeral will take place on Thursday, interment being made at St. Martins.

MAN OF 64 SHOOT "SOO" RAPIDS ON LOG. Soo, Ont., Sept. 5--(Canadian Press)--At the age of 64, Jack Earlight has gone in for breaking records and he shot the Soo rapids yesterday afternoon before a big crowd. The log he used was the same as that used a week ago by Pollock, when he established a record in being the first man to shoot the rapids on a log. Earlight made his feat the more hazardous by sawing four feet off the log, making it only twelve feet long.

THE FOOD RIOTS IN FRANCE. Paris, Sept. 5--(Canadian Press)--Troops and police are now sharply suppressing the cheap food demonstrations in the northern departments. At Macheux in the department of Nord, 1,500 manifestants were charged by the cavalry and dispersed. Numerous persons were trampled upon and injured.

WILL MR. BORDEN READ THIS TO THE PEOPLE OF ST. JOHN? Sir John Bourinot, who was a strong Conservative, wrote a life of Lord Elgin, published in 1908. In that work, referring to the reciprocity treaty of 1854, he said: "Not only was a large and remunerative trade secured between the United States and the provinces, but the social and friendly intercourse of the two countries necessarily increased with the expansion of commercial relations and the creation of common interests between them. Old antipathies and misunderstandings disappeared under the influence of conditions which brought these communities together and made each of them place a higher estimate on the other's good qualities. In short, the treaty in all respects fully realized the expectations of Lord Elgin in working so earnestly to bring it to a successful conclusion."

GERMANY AND FRANCE SHOW SEA FORCES

Nations, Near to War, Make Great Naval Displays--Situation Grows Worse in Fatherland. Toulon, France, Sept. 5--(Canadian Press)--The most powerful fleet that France has ever assembled was reviewed in the roadstead here yesterday by President Fallieres, attended by Premier Cambon and all members of the cabinet, a large representation of senators and some 200 deputies.

Forecast in two perfect alignments in the beautiful bay were eighteen battleships, six of them of all big gun type, nine armored cruisers and twenty-five torpedo boats and torpedo boat destroyers. The big fleet was commanded by four vice-admirals and eight rear-admirals and manned by 1,700 officers and 29,907 men.

The minister of marine, Theophile Delcasse, at the close of the review made a declaration which has aroused intense interest and much comment here. On being congratulated by senators and deputies, the minister said: "The vessels which you have just seen fit past before you, are ready to be commissioned. Their powder magazines are full and all of them could be mobilized immediately. 'It was not my desire to bluff,' I made a point of showing the country only the vessels which are complete and ready; thus the Victor Hugo and the Vergand might at a push have been present at the review, but I would not have done it. I preferred to be absolutely sincere.'"

BELL BOY TO PRISON FOR TWENTY YEARS. New York, Sept. 5--(Canadian Press)--Paul Gettel, the bell boy who stole Wm. H. Jackson, a broker, was sentenced today to not less than twenty years in prison.

ION. GEO. P. GRAHAM SHOWS UP THE DOUBLE GAME OF TORIES. In a speech at Beaverton last week, Hon. Geo. P. Graham declared that Mr. Borden, who was dealing almost exclusively in loyalty in Ontario, was leaving much of his campaign in Quebec to Messrs. Monk and Bourassa, who daily, particularly the latter, attacked Sir Wilfrid Laurier because he was too British and too Imperial. "I have it on good authority," said Mr. Graham, "that Mr. Borden's financial friends in Quebec are paying for the circulation of the anti-British literature of the Nationalists. Mr. Hawks' appeal to the British born in Ontario and Mr. Bourassa's appeal against almost everything British in Quebec, are both accepted by Mr. Borden in the hope of defeating Laurier."

MARITIME TRADE PAPER'S UNANSWERABLE ARGUMENT FOR RECIPROCITY PACT

Canada Gets the Big Market With Full Price For Her Products

She Has all the Better of the Agreement - Borden's Silly Annexation Talk Answered Out of His Own Mouth - Trade Paper Threatened in Vain by Tories - Real Object of Their Leader is to Try to Get Into Power

(Montreal Trade Bulletin). That is what our American friends want to do with our surplus natural resources - they then, and pay the price for them, as honestly as any other foreigners. And why should we not admit another competitor into our market, especially as we have the goods to sell. And why should our farmers not be permitted to enter the United States market that they have hitherto been kept out of by exorbitant duties, such as 25c. per bushel on their wheat, 50c. per bushel on their barley, 10c. per bushel on rye, 15c. per bushel on oats, 15c. per bushel on buckwheat, 6c. per lb. on clover, 6c. per lb. on hay, 25c. per bushel on apples, peaches, pears and plums, \$4.00 per ton on hay, 10c. per lb. on hops, and proportionately heavy duties on fish, lumber and a number of other kinds of Canadian produce.

Borden's Real Object These are the privileges that Mr. Borden would deprive our farmers of, unless we are very much mistaken, he will find that they are not such fools as he takes them for. They know well enough that Mr. Borden's object is not so much the welfare of the trade of the country as to get himself and party into power. Else why would he now denounce reciprocity when only a few years ago he stated that a reciprocity treaty with the United States would in no way interfere with self-government in Canada. Now he says it will lead to annexation. This seems to confirm our statement of a few weeks ago, to the effect that had the Conservatives been in power today, Mr. Borden would have been stumping the country in favor of reciprocity instead of denouncing it. Whoever heard of a country being ruined by an increase in trade, of such enormous proportions as reciprocity promises to Canada?

Mr. Borden, and his party know well that Canada's fiscal independence and British connection will be planted on a firm foundation with reciprocity that will benefit to the extent of \$200,000,000, and eventually over that amount, annually, but trade will cover the country from the Atlantic

OPERATION HER ONLY CHANCE

Was Cured by Lydia E. Pinkham's Vegetable Compound

Hadley, Ont. - "I think it is no more than right for me to thank Mr. Pinkham for what her kind advice and Lydia E. Pinkham's Vegetable Compound has done for me. When I wrote to her some time ago I was a very sick woman, suffering from female troubles. I had inflammation of the female organs and could not stand or walk any distance. At last, I was confined to my bed, and the doctor said I would have to go through an operation, but his refusal to do so, after I had advised Lydia E. Pinkham's Vegetable Compound, and now, after taking three bottles of it, I feel like a new woman. I most cordially recommend this medicine to all women who suffer with female troubles. I have also taken Lydia E. Pinkham's Liver Pills and think I am fine." - Mrs. FRANK EMBLEY, Lindsay, Ontario.

We cannot understand why women will take chances with an operation or drag out a sickly half-headed existence, missing three-fourths of the joy of living, without first trying Lydia E. Pinkham's Vegetable Compound. For thirty years it has been the standard remedy for female ills, and has cured thousands of women who have been troubled with such ailments as displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, indigestion and nervous prostration.

George Granville Brown and His Family Tree - A Royal Wedding to Take Place This Month

(Copyright, 1911, by the Brewster Company.) Some time ago a letter reached me from a New York reader, requesting information about George Granville Brown, son of Prince Fernand de Bourbon, Duc de Berry, and Amy Brown, daughter of a Kenish clergyman, the Rev. John L. Brown. The marriage of the Duc de Berry and of Amy Brown took place in England during his exile from France, and was performed according to the laws of England. That is to say, in England George Granville Brown was perfectly legitimate, though not in France, for, according to French law, the union needed the consent of the duke's father, Prince Charles de Bourbon, Comte d'Artois, (afterwards Charles X.) and of his uncle the Comte de Provence, (afterwards King Louis XVIII.) in order to render it valid.

In addition to George Granville Brown, two daughters, were born to the Duke and Amy Brown, namely, Charlotte and Louise. When the Duc de Berry was assassinated at the Paris Opera, February 22, 1820, he caused his two daughters to be brought to his side, and they were sequestered by him to his father, who adopted them, while his uncle, King Louis XVIII, bestowed upon them four weeks later the titles of Countess d'Isoudun and of Countess de Viereux, respectively.

Charlotte was twelve years old at the time, and Louise eleven. George Granville Brown was not adopted by the Duc de Berry's father and received no title or honor, but had settled upon him an annuity of \$2,000 a year by Louis XVIII, which he enjoyed until his death in Nantes in 1822. He was fifteen years of age at the time of Louis's assassination and of his father's death in 1820. In 1823, that is to say, when barely sixteen, Charlotte, Countess d'Isoudun was married to Prince Ferdinand de Loincey, Comte de Viereux, while three years later, Louise, Comtesse de Viereux became the wife of Baron Alphonse de Charette de La Contre, father of the General Baron de Charette, who played so heroic a role in the war of 1870, after having commanded the Papal Zouaves in most of the battles which took place in defense of the temporal sovereignty of the Pope.

The general's son, Antoine, who was not content with the illustrious and historic name of his father, styled himself for some unknown reason the Marquis de La Charette, married a couple of years ago an American heiress, Miss Susan Fleming, daughter of Dr. James W. Henning, of Louisville, Ky.

Ordered From Paris George Granville Brown was invited, as was his mother, the English widow of the Duc de Berry, to the wedding of his two sisters, in the royal chapel of the Tuilleries. At the wedding of Louise to the Baron de Charette, George was distinguished with the place assigned to him and to his mother in the chapel, and moved up a number of seats so as to be nearer to the bride party, without any notice by the court officials. But on the following day he received an order from King Charles X, who was then on the throne, that is to say, from his grandfather, to leave Paris at once for Naples, there to enter the service of King Francis of Naples, the father of the Duchess de Berry. He married whilst in Naples an Italian woman, who died in childbirth, leaving him with a daughter. This daughter he brought back to France in 1846, and married her to a man who was the superintendent of the old Opera House in Paris. She in turn had a son and daughter. The former obtained a clerkship in the Opera House, and the latter became the wife of one of his colleagues. They and their children still live, and are connected with the administration of the present Opera House.

After his return to France, George Granville Brown married an English Countess of the same name as himself, Miss Charlotte Brown, and went to live at Nantes, where he died in 1882. He was a very quiet man of phlegmatic temperament, resembling in an altogether extraordinary fashion his grand-uncle, Louis XVII, had the same habits of heart, plodding, methodical ways, and mechanical, turning his leisure to a turning lathe, with which he used to make napkin rings, cups, salad spoons and forks, and other little articles to give to his neighbors on New Year's day. When he died, in 1882 and was buried in Nantes, where his grave is still to be seen, his death certificate, still in the archives of the majority of Nantes is attested by the signatures of General Baron de Charette and the late Prince de Loincey-Faucigny.

At a wedding on the continent of Europe especially those of the Roman Catholic church, and of what is known as the Orthodox or Greek Catholic Rite, the bride and bridegroom are each supported by sponsors, usually chosen from among their most distinguished friends and relatives. Prince Nicholas has consented to act as principal sponsor of his cousin, Prince John Constantinevitch of Russia, on the occasion of the latter's marriage to Princess Helen of Serbia, which is to take place in St. Petersburg this month. The other one of the prince's sponsors is Princess Olga of Greece, the daughter of Princess Nicholas of Greece, who was formerly the Grandduchess Helen Vladimirovna of Russia. The sponsors of the bride are to be her grandfather, King Nicholas of Montenegro, and the latter's oldest daughter, Grandduchess Peter of Russia, by whom indeed the mother-in-law was almost entirely brought up in St. Petersburg.

Prince John, the bridegroom, has just been paying a visit to the court of Serbia, where he received an enthusiastic welcome, as the Serbian royal family, the Serbian government and the Serbian people are all very much flattered at the idea of a matrimonial alliance between their only prince of the blood and a member of the reigning house of Russia. On the last occasion when King Peter visited St. Petersburg a couple of years ago, he was received with the same courtesy and denied by the Czar, that ceremonial embrace which sovereigns are accustomed to exchange with one another when they meet. This time he returns under altogether different circumstances and all sorts of military presents and court functions are to be organized in his honor. It will likewise furnish the first occasion, in more than a score of years, of his meeting with his father-in-law, King Nicholas of Montenegro. In spite of the fact that King Peter had married King Nicholas's daughter, Zorka, who died in 1880, they have been the bitterest of foes and the Montenegro ruler has not hesitated to ascribe to Peter's instigation several of the attempts made on his life. They will be very quiet men, and it is not to be expected that they will be as friends than as foes, and that is why the Czar is bringing them together, and forcing upon them a reconciliation. Being the financial benefactor and the political protector of both, he is in a position to compel obedience to his will.

The Evening Chit-Chat

By RUTH CAMERON

I HAVE heard a good deal lately about the philosophy of happiness, and the mental and moral and physical value of a smile. But there is one argument for smiling that I don't remember to have heard much used, - and that is the prettiness-value of a smile. Do the corners of your mouth naturally droop down? If they do, go and stand in front of a mirror, and prop them up with your fingers ever so slightly, and see if your whole face does not become not only pleasanter but prettier.

I think it well for the prettiness-value of a pleasant expression, is not just in its temporary lighting up of a face - it is also the mould in which it leaves the face that counts the most. The homeliest girl I know, is one whose discontented disposition has drawn down the corners of her mouth, and whose habit of continual frowning has marked two sharp wrinkles between her eyes. In other details of appearance, she is not particularly blessed, but without these disfigurements she would be simply ordinarily plain. With them she is - as I before remarked - the homeliest girl I know. I have no doubt at all but that the majority of people more thoroughly enjoy gazing at a homely, pleasant face, in which the corners of the mouth are turned up and there are no frown wrinkles, and where the sun of smiles often shines, than at a prettily featured face, marked by frown wrinkles and an unhappy mouth.

Surely a pleasant day in an ordinary locality is more beautiful than a drizzly rain in the loveliest spot on earth. So don't be too serious - Don't think pensiveness is pretty or pouting attractive. They are allowable to some light extent, of course, but only in sufficient quantity to help us appreciate the smiles. There would be no high lights in the picture if there were no shadows - we would not half appreciate sunshine if there were no cloudy days. Of course, you don't want to smile all the time, but I don't think there is any danger of that. I never knew but one girl who smiled too much, and I think she was feeble-minded. Don't forget that pretty coloring and regular features make up only two-thirds of beauty - These are the body and mind of beauty - Its soul is expression. And an attractive expression is not only that which reflects the animation of a lively mind, and mirrors the sweetness of a lovely soul, but that which often warms and gladdens us with the sunshine of smiles.

who describe themselves therein, in their own writing, as his "nephews." Let me add that George Granville Brown left no children by his second marriage with his cousin, Miss Charlotte Brown, and that he covered his Christian names of George Granville to the fact that he was a grandson of the first Lord Granville, whose Christian name was George, and who was one of the most intimate friends of the Duc de Berry in England, the duke often making prolonged stays at Lord Granville's place in Staffordshire.

George Granville Brown was always treated with a certain amount of consideration in public life, and he served against any monarchical pretensions on the part of the late Comte de Chambray, who played so heroic a role in the war of 1870, after having commanded the Papal Zouaves in most of the battles which took place in defense of the temporal sovereignty of the Pope.

MR. BORDEN'S ARRIVAL

R. L. Borden arrived from Welsford on the Montreal train at noon, and was met at the Union Station by a large number of the faithful, composed mostly of officers of the Conservative Club, Borden Club, and some of the lesser lights, and minor stump speakers. Strange as it may appear, the "old flag" was not to be seen, in fact there were no emblems of the national colors or anything particular to indicate that the crowd were Empire savans. As the train approached all lined up and it stopped and leader Borden made his appearance upon one called "three cheers for R. L. Borden," which were given, and subsequently came faintly. After the Borden and Patrick Cabot, and before long their complete surrender had taken place.

THE Y.M.C.A. SCOUTS CAUGHT THE INVADERS

Yesterday was a "big day" for the boys scouts of the city, particularly those belonging to the Y. M. C. A. They succeeded in making an important capture, the seizure of a hostile band from German troops and Canadian soldiers, and advanced in marching order toward the camp of the "Y" troop at Long Lake. They were taken unawares, however, through some fine scouting work by the part of the defending patrol under J. G. McKinnon and Patrick Cabot, and before long their complete surrender had taken place.

ANOTHER GOOD CONSERVATIVE FOR THE PACT

Fredericton, N. B., Sept. 5--W. J. Noble, a prominent York county lumberman, who operated for Cushing & Company in Northern Maine and who has been a lifelong Conservative, has come out flat-footed for reciprocity. In an interview with your correspondent, he said that he had been lumbering in Maine for eighteen years, and had cut as high as twenty-two million feet of lumber in a single season. He bought most of his lay in Quebec and paid duty on it. Last year he used 120 tons and it cost him \$400 in duty. He also took horses over from the Canadian side and had to pay upon them, if he brings the horses home in the spring and returns with them in fall he has to pay duty again. "You will scarcely believe me when I say," he added, "I paid duty on the same pair of horses no less than five times. Even then I find it cheaper to take horses from Canada for my lumbering operations."

Mr. Noble said that he intended to operate in Maine this winter, but he said, "My concern will make no contracts with their operators until after September 24th. If reciprocity wins, I expect to get \$125 more per thousand for my logs, and make a saving there on my supplies."

Speaking of the effect of the repeal of the Pike law, he predicted that in three years, unless reciprocity carries, there will not be a stick of American lumber come down the St. John River. He added that last season there were twenty-three million feet of logs cut in Maine for mills in St. John and Fredericton.

THREE DEAD, MAY BE MORE IN WRECK OF PASSENGER TRAIN

Eric, Pa., Sept. 5--Three are known to be dead, and as many are thought to be beneath the wreckage of the Eric and Pittsburg passenger train No. 201, that crashed into a Lake Shore freight at Dook Junction last night, where the roads cross. The dead are Engineer John S. Jones, of this city; a tramp who could not be identified, and an unknown passenger who was riding in the smoker. Fireman James Firman of this city is dying in the Hamot Hospital. It is said the engineer was running to make up lost time and ran a black near the crossing, crashing into the freight.

GERMANY AND FRANCE SHOW SEA FORCES

(Continued from page 1) Kiel, Germany, Sept. 3--The German naval fleet was reviewed by Emperor Wilhelm here this morning. Contrary to expectations, the three newest battleships of the Ostfriesland type did not join the review, as technically they are still under construction. They have not yet been enrolled in the German navy. The warships passed the Hohensohlern peninsula in an easterly column, the crews manning the ship and lustily shouting three cheers when abreast of the reviewing party. Berlin, Sept. 5--The nervousness due to the projected Franco-German negotiations for the Moroccan question, has increased rather than decreased with the resumption of the conversations between the French ambassador, M. Cambon, and the German foreign minister, Herr Von Kiderling. Wild rumors are being circulated in the German provincial towns. At Stuttgart large sums of money have been withdrawn from the savings bank, this action on the part of the people being influenced by rumors that war was impending.

REV. MR. NOBLES IS CHOSEN PRESIDENT. The quarterly meeting of the Baptist Home Mission board was held this morning. Encouraging reports of the work were submitted, in addition to which the election of officers took place. Rev. B. H. Nobles was chosen president, Rev. Dr. Hutchison, secretary, and Judge Emmons, treasurer.

BORDEN, THE LOYALIST

Since Mr. Borden and his friends appear to claim a monopoly of loyalty, and to be much concerned about the unity of the Empire, they cannot complain if their professions are put to the test.

In the province of Quebec the Nationalists, whose leader is Henri Bourassa, are running candidates. The candidates are supported by Liberals, but not by Conservatives.

Who are these Nationalists, and what is their policy? Let Mr. Bourassa answer. In his issue of July 22nd, "Le Devoir," his newspaper, published the following, signed Henri Bourassa:

"MR. LAURIER DID NOT STOP AT THE VIOLATION OF THE CANADIAN CONSTITUTION, FROM HIS OWN ADMISSION, BY TAKING, WITHOUT AUTHORIZATION, THE MONY OF THE CANADIAN PEOPLE TO ARM THE CANADIAN TROOPS AND TO HAVE CANADA PARTICIPATE IN THIS INFAMOUS WAR (SOUTH AFRICAN WAR); HIS CYCLISM CARRIED HIM TO THE POINT OF PROCLAIMING IN THE FULL LIGHT OF PARLIAMENT - THAT THIS WAR WAS THE MOST JUST THAT ENGLAND HAD EVER CARRIED ON, NO RESPONSIBLE STATESMAN, NOT EVEN MR. CHAMBERLAIN, HAD EVER DARED TO GO SO FAR."

"... THE NESTOR OF THE IMPERIAL CONFERENCE, THE CANADIAN WASHINGTON, FOUND IT RIGHT AND GOOD THAT 60,000 MEN SHOULD BE MASSACRED, MILLIONS OF FARMS TO BE BURNED AND RAVAGED, PEACEFUL HOMES TO BE FILLED, WOMEN TO BE OUTRAGED AND LITTLE CHILDREN TO BE SHUT UP IN PESTILENTIAL CAMPS, WHERE THEY DIED LIKE FLEES."

"ENGLISH AND AFRICANER SOLDIERS WHO FELL ON THE BATTLEFIELD FOR THE GLORY OF CHAMBERLAIN, WOMEN WHO DIED FROM SHAME OR MISERY FOR THE GLORIFICATION OF LAURIER, CHILDREN WHOSE ENTRAILS HAVE DRIED UP IN THE CONCENTRATION CAMPS FOR THE HONOR OF THE EMPIRE! WHAT DO YOU THINK OF THE MAN?"

Mr. Borden is willing to profit by the alliance of his party with this man Bourassa. How do the loyal people of New Brunswick relish the combination?

Let us go a step farther and quote from the report of a speech delivered last week by Mr. Andre Fautoux, the Conservative candidate in Two Mountains, as follows:

MR. ANDRE FAUTOUX, CANDIDATE IN TWO MOUNTAINS, READ PART OF COMMANDANT ROPE'S SPEECH ON THE NAVY, SHOWING THAT HE ADVISED CANADIANS TO FIGHT FOR ENGLAND. THEN HE CONTINUED: "WE ARE TOLD THAT WE HAVE DUTIES TOWARDS ENGLAND. DR. DESJARDINS HAS FORGOTTEN HIS HISTORY, FOR THE FRENCH, IN THAT THEY OVER THEIR POINTING ACROSS THE TRACKS, HAD TO EPILE THEIR BLOOD AGAINST THE ENGLISH IN VENGEANCE OF THEIR RIGHTS, IN THE FRENCH CANADIANS FOUGHT TO REDEEM THIS LAND FOR ENGLAND. WE HAVE DEVELOPED OUR RAILWAYS, AND OUR PORTS SERVE BRITISH SHIPS. IF ENGLAND WISHED TO FIGHT ARE WE RESPONSIBLE?"

HE THEN READ PART OF MR. FIELDING'S SPEECH, DEFINING THE NAVY AS CANADIAN IN TIME OF PEACE AND IMPERIAL IN TIME OF WAR; AND CALLED ON THE AUDIENCE TO DEFEAT THIS "CURSED NAVY BILL."

Mr. Borden may solemnly assert his hole-souled devotion to the Empire, and a follower may about till the roof me off, but until he repudiates the anti-British wing of his party in Quebec he must hope to convince the people that it is very much wiser to either im-

or Canadian unity.

FULSOME AND INSINCERE

In all the reports in the Tory press concerning Mr. Borden's meetings, and in the references made to him by Tory speakers, he is ostentatiously paraded as an honest man, a sincere man, a plain and truthful man who always says what he believes to be true.

Do they not protest overmuch? Are there no other honest and sincere men? Is Sir Wilfrid Laurier a dishonest man? Are all the members of the government which has enjoyed the confidence of the Canadian people for fifteen years persons not to be trusted any more? Are the members of the Liberal party throughout Canada rascals and thieves?

Mr. Borden's record is in no sense superior to that of the leader of the government, who has been in the public eye for a much longer period, under conditions infinitely more trying to the quality of a man. This is the same Mr. Borden whose party on more than one occasion threatened to throw him overboard.

"You can never bring in new settlers or reclaim the abandoned farms of this province without improving the markets," says Mr. Isaac W. Carpenter of Wickham, N. B. And here is what Mr. Alexander McKay of Pictou Co., N. S., says:—"It is very apparent that something must be done to fill up our vacant farms in Pictou county. If my memory serves me, there was only one farmer's son put on the list in this section in 1911, out of a total population of about 1,200 people. They are leaving the farms, which are now largely tenanted by old people. I have been told in the vicinity of Sunny Beach, on the East River, there are only two vacant farms, and that in Plainfield one can walk from a certain spot ten miles toward the county line, and not get off the vacant farms. There are schools in this vicinity which twenty years ago had sixty pupils, and today have only three. That alone should be enough to make anyone willing to support anything offering a fair probability of making an improvement in the situation; and that is something which I think it cannot be denied reciprocity is likely to do."

Let the maritime provinces have their turn. Give the farmers, fishermen and lumbermen a larger free market and watch the growth of the natural industries.

Which flag, Mr. Borden? The Union Jack or the tricolor? "Send along another millionaire," is now the constant appeal of the Tory party.

Cheer for the Union Jack, but keep both hands on the tricolor in Quebec. Is not this the true Tory attitude? Who are those prominent Liberals pleading support to the Tory candidates? Names, please.

There will be no "spurious enthusiasm" tonight. The fireworks will be ignited by spontaneous combustion.

Why did Mr. Borden neglect to discuss the navy in Quebec province? Because Mr. Monk and Mr. Bourassa wouldn't like it.

It is understood that "Bourassa, the brilliant French-Canadian," quoted from this morning's Standard, will be one of the motes at the Borden meeting.

The Standard describes Mr. Borden as "the next premier of Canada." He is at present a member of the Franco-Canadian firm of Bourassa, Buncombe, Borden, et Cie.

The Standard says that no farmer should assume that he can load a wagon with produce and haul it over the border, for he must get a consular certificate on all shipments valued at more than \$100. How many farmers will have waggones big enough to hold \$100 worth of produce at one load?

Who said "flags, transparencies, fireworks, etc." Why, the St. John Standard, in its account of the "spontaneous tribute" to Mr. Borden tonight. Also six hands. But when the Laurier demonstration occurred the Standard jeered at "flags, transparencies, fireworks, bands, etc."

And now the Hon. Clifford Sifton is confronted with himself. In St. Paul, in 1903, addressing an American audience, he declared himself in favor of reciprocity, and advocated a campaign of education in the states, to teach the people the benefits to be derived. That was less than nine years ago. What humbugs these millionaire opponents of reciprocity are.

When carpets are not taken up they can be greatly freshened by washing with water in which a tablespoonful of ammonia has been added to a pail of water. This should be done after a thorough sweeping.

There are times when a silent witness is an unappealing nuisance.

YOUR STOMACH FEELS FINE IN FIVE MINUTES

Indigestion, Gas, Heartburn and all Stomach Misery Ended With Diapepsin

As there is often some one in your family who suffers an attack of indigestion or some form of Stomach trouble, why don't you keep some Diapepsin in the house handy?

This harmless medicine will direct anything you eat out of the slightest discomfort, and relieve sour, gassy Stomach and nervous indigestion, and you will readily see why Diapepsin is so useful.

Tell your pharmacist to send you the formula plates printed on these 20-cent cases containing Diapepsin, and you will readily see why Diapepsin is so useful.

Some folks have tried so long to find relief from Indigestion and Dyspepsia or an out-of-order stomach with the common every-day cures advertised that they have almost made up their minds that they have something else wrong, or believe theirs is a case of Nervousness, Gastritis, Catarrh of the Stomach or Cancer.

This, no doubt, is a serious mistake. Your real trouble is, what you eat does not digest; instead, it ferments and turns to acid, Gas and Stomach poison, which putrefy in the digestive tract and irritate the bowels, poison the breath, with nauseous odors.

A hearty appetite, with thorough digestion, and without the slightest discomfort or misery of the Stomach, is waiting for you as soon as you decide to try Diapepsin.

Do you want Mr. Bourassa to hold the balance of power in Canada, as he would do if Mr. Borden won with his assistance? If not, vote for Dr. Fugatey and Mr. James Lowell.

Silence!

The instinct of modesty natural to every woman is often great hindrance to the cure of womanly diseases. Were it not for the personal questions of the local physician which seem indelicate. The thought of examination is abhorrent to them, and so they endure in silence a condition of disease which surely progresses from bad to worse.

It has been Dr. Pierce's privilege to cure a great many women who have found a refuge for modesty in his offer of FREE consultation by letter. All correspondence is held as strictly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

PREMIER ON DIAMOND IN NOVA SCOTIA

Sir Wilfrid as Pitcher and Hon. Mr. Fielding "Behind Bat"

STELLARTON INCIDENT

Match on There on Day of Liberal Chieftain's visit and he and Finance Minister Opened the Game—How They Did it

A New Glasgow correspondent sends out the following:—Whatever else a political campaign may be it is not monotonous. Two days ago Sir Wilfrid Laurier was suffering from the disease which afflicts those who go down to the sea in ships. Yesterday he was running the risk that confronts the man who ventures to take a prominent part in the great game of baseball. But the premier is a versatile gentleman. He can leap lightly from schedule K to the mysteries of the "grip-ball." In justice to his economics, however, it must be said that political doctrines are safer than his baseball curves.

How It Happened

It came about in this wise. Stellarton and Westville are engaged in a life and death struggle for the baseball championship of Eastern county and a game took place at the former place yesterday afternoon in which the fate of the nation hung. The premier happened to be staying over in Stellarton for lunch, and the chance was too good to lose.

With a hearty laugh the premier consented to pitch the first ball, thereby rendering eighteen men supremely happy. The eternal fitness of things demanded that if Sir Wilfrid should pitch Mr. Fielding should catch.

These two gentlemen have been playing the points for Canada for the past fifteen years, so it was all right. "Come on Fielding," commanded Sir Wilfrid severing as much of the white plume as possible under his derby hat. He knew where to stand, too, having pitched a ball at one of the games in the west on his trip out there.

The finance minister could do nothing but cheer since his voice is a minus quantity these days. The present chronicle is not a sporting matter and does not concern what sort of ball the premier delivered. He preserved none of the hoary traditions of the craft. He refused either to paw the ground or "wind up." The ball looked curiously easy, it must be confessed, but of course it was too much for the loyal batter who naturally missed it by five feet. It puzzled Mr. Fielding, too. He can catch a ball and he can pitch one, but he cannot do either.

Eventually Westville won out.

Practical Farmer Shows That New Brunswick Must Have Better Markets or Never Go Ahead—Dr. Alward Makes Telling Speech

A practical farmer told an enthusiastic audience of the benefits of reciprocity to New Brunswick at the North End Liberal rooms last evening, when I. W. Carpenter, of Wickham, Queens county, gave an able address on the subject, putting forward many new and constructive facts with regard to the effect of the trade agreement.

Abandoned farms in every county neighborhood in the province, he declared, resulted in the farmers remaining behind their taxes greatly increased, and his own school taxes had been doubled within ten years through an increase in the value of his property. Without the assurance of a steady market it was impossible to attract settlers or to hold our own people on their farms.

"The farmer is not looking for better prices for most of his produce," said Mr. Carpenter. "He is satisfied with a fair profit but he does want to be sure of realizing cash on his surplus. With many of us now the more we produce the worse we are off."

Mr. Carpenter, speaking of men coming here to take up farms made the following telling observations.

"When the man with money to invest in a farm with hope of return comes to the question of markets. When Mr. Wilnot tells the man, as he will have to, that the smaller towns and cities are supplied from the country within a small radius and that St. John has barely 50,000 people to support, and that there is no other market for general produce without meeting a high duty, the prospective settler is likely to look ahead for new fields. When it can be pointed out to him that he is close to the market of the large cities of the United States with free entrance for his produce, whether he is an Englishman, a Scotchman or a Scandinavian, it matters not, he is likely to make up his mind to remain in New Brunswick. YOU CAN NEVER BRING IN NEW SETTLERS OR RECLAIM THE ABANDONED FARMS OF THIS PROVINCE WITHOUT IMPROVING THE MARKETS."

Dr. Silas Alward gave a convincing address on reciprocity and showed what a mistake St. John workmen would make if they voted against the trade agreement.

The best way to build up the Empire is to build up Canada. Larger free markets for Canadian products will bring that result.

THE MARKET OUTLOOK

New York, Sept. 5.—The situation in railroad labor, awaiting the outcome on the Harriman lines, has probably had its effect in making general business even more cautious and the hand-to-mouth policy is in evidence everywhere. The total volume is fair, but American business, in general, is organized to make profit only on a fractional new low level in some particular. It is a trading market, with rather more chances of a good recovery than heretofore.

In the stock market a slowing down of movement is perceptible, advances and declines are very limited, with occasional fractional new low level in some particular stock. It is a trading market, with rather more chances of a good recovery than heretofore.

ST. JOHN MAN

A man who died in the hospital in Halifax on Sunday is believed to be a St. John man. He was taken to the institution on Saturday unconscious and never rallied. A pay envelope in his pocket bore the name W. H. Symon. It was learned that a man by that name was discharged from the steamer *Amelia* on August 26, and that he has a mother living in St. John. The Halifax police have requested the police of the large city to assist in locating the man's people.

Secure Health

Everything points to the Liberal party carrying the county of Restigouche by a very large majority. News received from Bonaventure county (Que.) indicates that reciprocity will be carried and that Hon. Charles Marcell will be returned with a majority of at least 1,500. Bonaventure is interested in agriculture, fishing and lumbering.

E. H. McAlpine returned yesterday from Grand Manan. He reports the feeling in the island as strongly in favor of Mr. Todd, whose strength is growing daily. Along with Senator Gilmer and Mr. Todd, Mr. McAlpine addressed meetings at North Head, Grand Harbour and Seal Cove on Thursday, Friday and Saturday evenings. All the meetings were largely attended, and the greatest enthusiasm prevailed.

W. B. Fawcett, of Sackville, a prominent Conservative, is to spend some time campaigning in York for Dr. Atherton. The opening meeting was held at Springhill last night and the hall was crowded. Councillor Everett occupied the chair and spoke strongly favoring the trade pact. The speech of Mr. Fawcett as coming from a practical farmer and Conservative made a strong impression on the big crowd.

Give the farmers, the lumbermen and fishermen their turn. Their prosperity means prosperity for the province.

Canada's trade with the United States fifteen years ago was \$111,022,513. Last year it had increased to over \$404,000,000. Are Canadians less loyal because their trade with that country increased almost four-fold in fifteen years?

"Mr. Flavelle will take a hog into his establishment, cut it in two, and set one half aside for sale in Toronto at 22 cents a pound, while the other is shipped to Liverpool to be sold at 18 cents a pound. Is that fair play for the Canadian consumer?"

—Hugh Guthrie.

GOOD REPORTS COMING FROM ALL QUARTERS

Liberal Campaign in New Brunswick Progress Most Satisfactorily—Rousings Meeting in Several Places Yesterday

Sussex, Sept. 4.—Collins tonight was the scene of wildest enthusiasm when Dr. McAlister, the Liberal candidate for Kings, addressed an overflow house, which had come in all directions from the country surrounding his old home. The hall was packed, numbers not being able to get in. Accompanying him were W. G. Pugsley, son of Hon. Wm. Pugsley, and J. H. McFadden, of Sussex.

Herbert Phillips, the chairman, opened the meeting by saying Dr. McAlister was so well known to the people of Collins that like good wine needed no bush. He felt sure that Dr. McAlister had already done so much for Kings that his good works were equal to the high esteem in which he had always been held.

Mr. Pugsley, who was loudly cheered, first addressed the meeting. Quoting from the annual book of 1910 he proved conclusively that almost 80 per cent of the exports of Canada already went to the United States. He said that nothing was going to force the farmer to sell to the United States, as the Tories were trying to make the electors believe. He challenged the Tory party to prove by facts and figures that reciprocity would be a bad thing for Canada.

Mr. McFadden followed in a convincing address and the last speaker was the popular candidate. He made a ringing speech and received a great reception.

St. George, Sept. 4.—The "Granite" Town people turned out on mass tonight to greet W. P. Todd, the Liberal candidate in Charlotte, assisted by two senators, in what was one of the most successful meetings ever held here. Mr. Todd has just returned from a tour of Grand Manan and the other islands, and it is a positive fact that the fishermen of the islands are practically a unit in favor of reciprocity, and will vote solid for the government candidate.

The public appearance of Sir William Van Horne on a Conservative platform and his reading of the document placed in his hands, is regarded here as of great assistance to the cause of the Liberals all over Canada, who have been given still another concrete instance of a millionaire raising his voice against the interests of the common people.

WILL BE A GREAT LIBERAL RALLY

Preparations Complete for Big Gathering in Queen's Rink Tomorrow Night—Other Meetings of Present Week

Preparations are completed for the coming Liberal mass meeting in Queen's Rink tomorrow night. The increasing interest of the public as a whole in the issues of the campaign and the educational results of weeks of public speaking upon the reciprocity question have fostered the liveliest discussion in the forum, even among avowedly strong Conservatives.

The strong stand taken by the Liberal learned doctor of law on the momentous questions of the hour and his enthusiastic support of the programme now being carried out in upbuilding the port of St. John and the importance of such works as well as other public improvements in the federal department, has been generally lauded by enterprising citizens.

Other public meetings which will be held in the city and county during the week, and those who will attend them will be as follows: Tonight—At Golden Grove, W. J. Mahoney, W. E. Foster and Dr. T. H. Lunney.

Thursday, Sept. 7—At Musquash, James Lowell, Dr. Silas Alward and Dr. W. B. Wallace, at Hopewell Hill. Many beautiful and costly presents were received by the happy couple among the number being a substantial check from the groom's parents.

An interesting event was celebrated at 6 o'clock this morning at the home of John Bond, 41 Sewell street, when his stepdaughter, Miss Florence L. Watt was united in marriage to William McAuley, son of Joseph McAuley, of Forest Glen, Rev. Gordon Dickie, pastor of St. Stephen's church, performed the ceremony.

A large and attractive list of presents attests the popularity of the young couple. A handsome silver percolator, presented by the office staff of L. G. Prime & Co., of which the groom is a popular member, is one of the most valuable.

Between 9 and 10 o'clock last night Mrs. Fred Winters fell off a street car in Charlotte street and received several bruises. She was taken into A. C. Smith's drug store, where her injuries were attended to.

Mrs. J. C. Jordan, accompanied by her three nieces, will sail this evening for San Francisco, where she will spend the winter, returning to River Glade again about May 1. The work on the building at River Glade is still going on, and Architect Brodie will call for tenders for the heating and lighting of the buildings in a few days. It is possible that the sanitarium will be ready before the winter.

Most of the free and private kindergartens opened for the fall and winter sessions this morning, and the attendance at all of them was very large. The Portland street and Brasenale street free schools were particularly well attended. A private class is being conducted by Mrs. Mathews in the Leinster street school building this season, and Mrs. Baisley is also conducting one at the Marsh Bridge.

Those holding winning tickets may call at 232 Union street and receive their prizes. The ladies wish to thank all who so kindly donated to make their fair a success.

A. F. Bentley, M. P. P., arrived in the city this morning and is at the Royal. He said that the Conservatives were losing ground every day in St. Martins and vicinity. On the other hand the Liberal party is getting stronger in the county every day. The farmers, fishermen and others all seem to want reciprocity.

Offices have been opened as Liberal headquarters at 31 and 33 Canterbury street, over Geo. E. Day's, for general information, names on voters' lists, etc.; telephone Main 1695.

BRIDES OF SEPTEMBER

Several Marriages of Interest in the City Today, at Outset of Month of Weddings

In the Cathedral of the Immaculate Conception this morning, the pastor, Rev. A. W. Meahan, officiated at an interesting wedding ceremony when he united in marriage a popular couple of this city, Miss Mary M. Greany and Claude F. Cassidy. The ceremony was performed with nuptial mass, and was witnessed only by the immediate friends and relatives of the bride and groom.

The bride, who was given in marriage by her father, Edward E. Greany, was daintily gowned in a tailored costume of tan, wearing a very becoming hat, a pretty combination of black velvet and cloth of gold. She carried a shower bouquet of white roses and a lily of the valley. Following the wedding ceremony, luncheon was served at the home of the bride, and after receiving the hearty wishes of many friends for future happiness and prosperity, Mr. and Mrs. Cassidy left on a trip to the coast. They were the recipients of many wedding remembrances from their friends.

An event of much interest was celebrated in Zion Methodist church at 12:30 today, when Miss Annie Belle Logan, only daughter of S. B. Logan, of City streets, was united in marriage to Frederick James Newcombe, son of Mr. and Mrs. George Newcombe, of Hopewell Hill, Albert county. The ceremony was performed by Rev. William Lawson, pastor of the church. The church was well filled with friends of the bride, who is very popular. There were no attendants. The bride was given away by her father. The church was profusely decorated with flowers and potted plants by the young ladies of the church, in which Miss Logan was an earnest worker. Mr. and Mrs. Newcombe will spend their honeymoon in the groom's home at Hopewell Hill. Many beautiful and costly presents were received by the happy couple among the number being a substantial check from the groom's parents.
