

BRITISH TAKE MOST OF BULLECOURT VILLAGE AND OCCUPY WESTERN SECTION OF ROEUX

SENATOR ROCHE DISAPPROVES OF THE WAR

Liberal of Halifax Ejects Patriotic Fund Collectors from His Office.

HAS PERSONAL ENCOUNTER WITH WEALTHY MERCHANT

Nova Scotia Capital Has Decried Sensation and the End May Not Be Yet.

Special to The Standard. Halifax, May 13.—A sensation was created at the close of the canvass in Halifax yesterday for the Patriotic Fund when Senator William Roche of this city turned four patriotic fund collectors out of his office, telling them with emphasis that he would not give one cent, that England should not be at war with Germany and that those who were asking for money for the Patriotic Fund or who had anything to do with the management of war were simply luring the men of Canada to destruction. Senator Roche is a Liberal.

Prominent Man. The collectors were four of the most prominent citizens of Halifax. They were G. S. Campbell, director of national service for Nova Scotia; W. A. Black, chairman of the Halifax committee for the Canadian Patriotic Fund; O. E. Smith and H. R. Silver, two wealthy merchants, and all had subscribed liberally. As soon as the collectors entered Senator Roche's office and had stated their mission, the senator started a tirade against the war. He said the soldiers who had gone from Canada went of their own free will and therefore they and their families should look out for themselves. As for himself he would not give one cent. Senator Roche went on to say that England should not be in the war and Canada should have nothing to do with it. England never should have sent a soldier against Germany, he said. Mr. Campbell ventured to ask the senator if he had ever expressed those views in the Canadian Senate or in any public place.

Ordered Them Out. With this the senator opened the door and in a loud voice peremptorily ordered the four gentlemen to leave his office.

H. R. Silver was the last to depart, and Senator Roche told that gentleman that he (Silver) was a German anyway alluding to the fact that he is a native of Lunenburg county in this province, which was settled by Hanoverian troops in the middle of the eighteenth century. This annoyed Mr. Silver, already in common with the others very much incensed with what Senator Roche had said and there was a personal encounter which resulted in the forcible ejection of Silver, who found himself on the sidewalk of Water street. In the meantime Senator Roche's son, a young man of military age took a hand in devoting himself to a worthy attack on Mr. Black. The city is very indignant over the affair and each of the four men interested says the matter will not be allowed to stand where it is. What step they will take is not yet decided, but there is no doubt the matter will be brought up in the Senate.

For very many years Senator Roche, who is reputed to be very wealthy, was agent in Halifax of the Hamburg-American Steamship Line.

MONCTON MAN'S SISTER-IN-LAW IS DROWNED

Miss Edna Day was Nurse with Montreal Unit at Malta — Two More Soldiers Lose Lives.

Special to The Standard. Moncton, May 13.—E. P. Hawker, maritime representative of the Galena Co. here, has received word that his sister-in-law, Edna Day, a nurse with the Montreal unit, has been drowned at Malta. News of the sad event came to Mrs. Hawker, who is at present visiting friends in Richmond, Quebec. Miss Day went overseas last fall and

Hero Of The Marne Idol In Montreal

Practically Entire Populace of Canadian Metropolis Greets Gen. Joseph Joffre, Marshal of France, Who is Acclaimed and Presented With Address.

DISTINGUISHED FRENCHMAN IS GUEST OF GOVERNMENT AND CITY

Declares What Soldiers of Montreal and Canada Have Accomplished Will Always Be Appreciated by France—Canadians Despise Death.

Montreal, May 13.—Joseph Joffre, marshal of France, popularly called "The Hero of the Marne," paid a visit to Montreal, today that will rank as one of the great events in local history and probably no man ever received such a spontaneous and general welcome in this city as "Papa Joffre." Practically everybody on the island of Montreal who was able to get out of doors was out viewing the procession and cheering and waving flags in honor of the great French general. Apparently the pleasure was mutual, as Marshal Joffre smiled his way through the immense crowds who lined the streets from west to east and had his arm at salute almost continuously during the somewhat lengthy drive, so arranged as to enable all the citizens to greet him. He was the guest of both the city and the state, and paid in such a whole-hearted manner that must have impressed the visitor with its cordiality and sincerity. Brief though the visit was, less than six hours, Marshal Joffre's coming will probably have a good effect on recruiting in the province of Quebec, as he took occasion to intimate that although Canada had done much in the war, more was desired.

Reception at Station. Marshal Joffre arrived in this city from Boston a few minutes before 11 o'clock, and after a brief reception at Windsor station (C.P.R.) from Mayor Martin and other civic rulers and representatives of the Dominion and Quebec governments, the parade started. It consisted of the local military units and as many civilians as could be comfortably carried in practically all the automobiles in Montreal, and it led through numerous streets beflagged with Union Jacks, the French tri-color and the Stars and Stripes up to Fletcher's field, on the mountain side, an open space capable of accommodating several hundred thousand people. Here the civic address was presented to Marshal Joffre by the mayor, and the marshal briefly replied. The address expressed the hope that Canada would do more in the war.

Appreciated in France. Marshal Joffre said: "What the soldiers of Montreal, of Canada, have accomplished will always be appreciated in France. The soldiers of Canada are courageous. They despise death, and their bravery reaches up to Fletcher's field, on the French troops. I thank you for what you have said, and I trust your words will bear fruit. Following the civic function Marshal Joffre reviewed about 5,000 troops on Fletcher's field, and on his way down town he stopped at McGill University campus and inspected returned soldiers, many of them badly crippled, who had fought in France while he was head of the armies there.

The state reception to Marshal Joffre was in the form of a luncheon at the Ritz-Carlton Hotel. Hon. P. E. Blondin presided.

"I thank you, with all my heart, Mr. Chairman, for the kind words you have said to me," said Marshal Joffre in French, "and I thank you, gentlemen, with all my heart, for the warmth of the reception you have given me, and I can assure you that the acclamation with which you have greeted me will be heard in France. I know the services rendered by Canada in France. Your soldiers have fought beside our soldiers, and many have died in the fight we are waging. They have always shown indomitable courage, and in them, Canada has done her duty."

Honored by France.

Marshal Joffre announced that he had just received a despatch from the French government, informing him that France has bestowed the Legion d'honneur on Major-General Piset, deputy minister of militia, and on Brigadier A. E. Labelle, a member of the harbor commission of Montreal.

had been at Malta practically ever since. Friends here have been notified of two more Westmorland and Kent battalion boys killed in action. They are Clifford Steeves and Edgar Horne, both well known local men.

CANADIANS VANQUISH TEUTONS

Infantry Take Enemy Trench Twice in Forty-eight Hours.

CANADIAN ARTILLERY DESTROYS POSITIONS

South Part of City of Lens in Ruins and Populace Flees.

Canadian headquarters in France, via London, May 13.—(By Stewart Lyon, special correspondent of the Canadian Press)—The enemy's attempt to recapture a section of the trench taken from him west of Avion on Thursday was a disastrous failure. In the first rush, as mentioned in my previous cable, the Germans, by using a large force, turned out the troops who had taken the trenches. The westerners exacted a high price. After the assault, it is stated, the bodies of over two hundred Germans were strewn upon the ground, across which they had advanced, while the ambulances were busy all morning evacuating the wounded. That was but the first of the day's misfortunes for the foe.

Huns' Positions Wrecked. This afternoon large calibre guns from various parts of our front were turned upon the trench guns and occupied positions. After their position was wrecked our infantry again advanced, and took the enemy trench, for the second time in forty-eight hours. There has been activity all day on other parts of the front. Our artillery, during the day, put eleven enemy guns out of action and completely destroyed the pits in which they were located.

Part of Lens in Ruins. Canadian headquarters in France, via London, May 13.—(By Stewart Lyon, special correspondent of the Canadian Press)—In the important operations of the past two days north of the Scarpe the Canadians had no part, except that the long-range artillery on this front was used in the hope that the enemy might be squeezed out of Lens by an advance north and south of the town, leaving it in a pocket. This hope has not been justified by events. The enemy has clung tenaciously to the town for a month, since the battle of Vimy Ridge, and seems determined to maintain his hold until his losses from our artillery fire become ruinously great. An entire division of Germans is quartered in Lens and its outskirts. All lines of communication above ground are under constant fire from our guns.

There are no civilians left in Lens. The southern part of the town is in ruins, and recent aerial photographs show that, as before the evacuation of important towns in the Somme region two months ago, mines have been exploded under the chief highways.

BRITISH USE 200,000 TONS OF AMMUNITION

London, May 12.—General Sir William Robertson, chief of the imperial staff, at army headquarters, declared, in an address tonight, that in the last five or six weeks the British had expended 200,000 tons of ammunition in France alone. He was speaking at the anniversary dinner of the newspaper press fund, at which he was the chief guest.

CASUALTIES

Ottawa, May 13.—Infantry. Wounded: S. T. McNamara, St. Stephen, N. B. A. Dalton, Cedar Lake, N. S. H. Rowney, Rothesay, N. B. J. Gouret, Lower Bedouque, P. E. I. Missing: W. R. Cameron, Amherst, N. S. Amputation leg: G. C. McWilliams, Moncton, N. B.

Germans Again Are Losers In Battle

After Two Days of Intense Fighting British Take Possession of Nearly All of Bullecourt and Part of Roeux.

ANOTHER HEAVY BLOW ON VON HINDENBURG'S LINE

Bullecourt One of Most Desperately Defended Sections of Teuton Defense Works — British Advance on River Scarpe During the Night.

London, May 13.—Most of the village of Bullecourt, in the Hindenburg line, is now in the hands of the British, who also, according to the official report from headquarters in France, occupied the western section of Roeux.

The text of the report reads: "Early this morning the enemy made two further counter-attacks upon our positions in the Hindenburg line east of Bullecourt. In both cases his attacking troops were repulsed and left a number of dead in front of our trenches. During the past ten days the Australian troops have gallantly maintained their positions in this sector of the Hindenburg line, having during that period repelled at least twelve determined hostile counter-attacks.

"The greater part of the village of Bullecourt, which lies in the Hindenburg line, is now in our hands. North of the Scarpe our troops established themselves during the day in the western houses of Roeux, and again made progress on the western slopes of Greenland Hill, capturing a few prisoners."

"Five German airplanes were brought down in air fighting yesterday; five others were driven down out of control. One other hostile machine was shot down in our lines by our anti-aircraft guns. Six of our machines are missing."

Battle of Bullecourt. London, May 13.—The battle of Bullecourt, on the southern end of the Arras front, where heavy fighting has been raging for the past week, and one of the most desperately defended sections of the famous Hindenburg line, is still going on, according to the official statement issued today by the war office. North of the River Scarpe the British made a slight advance last night.

The text of the statement follows: "There were patrol encounters last night northwest of St. Quentin and northeast of Le Verguier. Casualties were inflicted on the enemy and other parts were advanced at certain points. Fighting continues at Bullecourt. We advanced our lines slightly during the night south of the Scarpe and improved our position on the western slopes of Greenland Hill, north of the river, capturing a few prisoners."

"Early in the night a hostile counter-attack west of Roeux cemetery was repulsed. We took fifty prisoners."

Captured Positions. With the British Armies in France, May 12, via London (10.30 p. m.)—(From a staff correspondent of the Associated Press).—In a series of attacks last night and today the British troops captured several strong German positions, including one or two which have been sources of more or less trouble ever since the battle of Arras began. The famous chemical works, north of the village of Roeux, has at last been definitely taken possession of, as well as the Rouex chateau and cemetery.

The cemetery has been a very bitter spot, the Germans having fortified the graves into defensive positions and turned the underground vaults into strongholds.

Southeast of Monchy the British captured several pits and detached German trenches, as well as Cavalry Farm.

All But Surrounded. South of the Cojeul River, in the neighborhood of Bullecourt, the British materially extended their holdings in the Hindenburg line, and tonight Bullecourt is all but surrounded by the British lines, which include the Australians. It is believed that the number of prisoners in these sections will total more than 600. About 400 men were taken near the chemical works, most of them Brandenburgers and Berliners.

The fighting north of Roeux began last night about dusk, just as a score of British airplanes were returning from their day's work behind the German lines. The pilots, seeing the battle in progress, joined in as they passed over and poured streams of machine gun bullets into the German ranks. They were cheered by the infantry, and acknowledged the salute by looping and firing rockets. As

their ammunition was gone they started for home. The heat today was intense. The artillery men serving the guns were stripped to the waist during the barrage fire. The dust along the roads was choking.

French Statement. Paris, May 13.—Troops commanded by the German Crown Prince this morning launched several violent attacks against the French lines on the Champagne front north of Rheims, on the plateau south of Craonne and in the region of Maisons De Champagne. The statement issued this afternoon by the French war office says all the German attacks were smashed by the French artillery and rifle fire, the Teutons suffering heavy losses.

Capture Enemy Trenches in Region of Dobropolye on Macedonian Front. Saloniki, May 12, via London.—Serbian troops have won further successes in the operations now in progress on the Macedonian front, capturing and holding against counter-attacks several trenches, in the region of Dobropolye. An official statement issued by the Serbian war office, under Friday's date, reads: "Yesterday our infantry carried by assault several enemy trenches in the region of Dobropolye. We repulsed in the course of the night several enemy counter-attacks, despite the application of gas which the enemy used. All the trenches completely remained in our hands. We took prisoners two officers and twenty men of the Bulgarian forces."

"Our aviators bombed enemy encampments at Kravitta and near Saravina."

WASHER WOMEN STRIKE. Gardner, Mass. May 13.—The washerwomen of Gardner are on strike for an advance of five cents an hour. They have been paid twenty cents an hour. Meanwhile the industrious sons of far Cathay are running their washes shop night and day.

TWO SOLDIERS ARE INJURED IN R. R. WRECK

Eight Cars Piled Up at "Hoodoo" Crossing Near Aulac.

ONE SOLDIER PROBABLY SERIOUSLY INJURED.

Both Were Stealing Ride and Jumped When Wreck Occurred.

Special to The Standard. Amherst, N. S. May 13.—Two soldiers, members of the 24th Highland Battalion at Halifax, badly hurt, eight freight cars piled up in the ditch and along the right of way, and two hundred or more feet of track torn up, comprise the summary of a wreck at Siddall's crossing, near Aulac, this afternoon.

Traffic, running east and west was held up, and all through the auxiliary wrecker from Moncton was on the scene for hours it was a long time before the track was on an ordinary running basis.

The cause of the wreck is not known, but probably a spread rail did the damage. One car left the rails, broke clear of the rest of the train, and carried seven other cars with it.

The two soldiers, John Sperry of Spot Harbor, N. S., and Private Cooke, who says that he belongs in Amherst, were stealing a ride from Halifax in an empty box car, according to the report gleaned by the crew. When they felt the car jumping the rails they immediately jumped from an open door. Both were badly shaken up and it is feared that one of the soldiers is suffering from severe internal injuries. They were taken to Highland View hospital for medical attendance.

Conductor McKenzie was in charge of the train. No blame can be attached to the conductor or the members of the crew.

Siddall's crossing has made an unfavorable name for itself in the history of the C. G. R. At one collision three years ago four men were killed, and another died from the effects of injuries received. This makes the third wreck that has occurred at this point within the last three years.

Special to The Standard. Moncton, May 13.—C. G. R. main line three miles east of Aulac was blocked seven or eight hours today on account of a bad wreck to through freight No. 875 from Truro. Ten freight cars left the rails and were more or less broken up, while the track was also considerably damaged. The wreck occurred between ten and eleven this morning and the track was cleared to permit resumption of traffic at 5.45 p. m. this afternoon. None of the train crew was injured, but two soldiers stealing a ride were quite badly hurt. They were taken to Amherst for treatment. The damage to the freight in the broken cars was not extensive. The Ocean Limited from Halifax was blocked five hours east of the wreck.

BREAKING UP SMUGGLING IN QUEBEC

Inspectors of Customs Department Find Much Contraband in Town of Huntingdon.

Special to The Standard. Huntingdon, Que., May 13.—The customs department is making a determined effort to put a stop to an extensive system of smuggling which has been carried on in this vicinity of a year or more. The department detailed an inspector and a female assistant to investigate here. Numerous houses were visited in town and as a result a large quantity of goods was confiscated. In some cases cash settlements were made. The goods smuggled were principally ladies' dresses and automobile tires, most of which were purchased in Malone and Chatsouary, N. Y., where the inspectors made their first inquiries and learned the names of many of the smugglers.

Marshal Joffre.

AN ELECTRIC SHOCK WAS CAUSE OF THE DEATH OF BATHURST YOUNG MAN

Employe of Pulp Mill Lost Life While Alone in Acid Room of Plant—Coroner's Inquest.

Bathurst, May 11.—The coroner's jury which has been hearing evidence for several days regarding the mysterious death of Stewart Bastin, an employe of the acid room of a pulp mill here, found that the man came to his death by being thrown to the ground by a shock of electricity. Bastin fell on his face and the medical testimony indicated that he died from shock or suffocation or both combined. The motor starter near where the body was found was declared to be defective. Bastin was eighteen years of age and a popular young man. No one saw the fatality.

ENTENTE ALLES SUCCESSFUL SATURDAY

ARMY OF BRITAIN SUCCEEDS SATURDAY IN IMPORTANT FIGHTING AT BULLEGCOURT

British Established Themselves in Village, but the Teutons Strongly Endeavor to Oust King George's Men and Heavy Fighting Prevalled Throughout the Day

Germans Lose 1,200 Yards of Trench and Strong Point at Cavalry Farm on Arras-Cambrai Road—Advance Continued.

London, May 12.—The full text of the British official statement issued tonight reads: "Further details which are now available concerning last night's attacks on the battle front confirm the success of our operation. Yesterday evening considerable bodies of the enemy were observed massing for a counter-attack in the neighborhood of Bullecourt. They were effectively dealt with by our artillery, and the hostile attack did not develop.

"Later in the night our troops attacked and after heavy fighting, lasting throughout the night, have today established themselves in the village of Bullecourt. Fighting still continues.

"This afternoon an enemy attack on the positions gained was scattered by our artillery.

"Astride the Arras-Cambrai road we have captured some 1,200 yards of a German trench, including a strong point known as Cavalry Farm. North of the Scarpe our troops last night stormed Roux cemetery and the Chemical works to the north. Today they have continued their advance and have carried enemy positions in this neighborhood on a front of about one and a half miles.

"In the course of these operations we have captured over 1,200 prisoners, including eleven officers and a number of trench mortars and machine guns.

"In the air fighting yesterday seven German airplanes were destroyed; five others were driven down out of control. Four of our airplanes are missing.

"The day was marked by activity on the part of our artillery chiefly south of St. Quentin, on the plateau north of the Aisne and in Champagne. In the Verdun region our batteries effectively bombarded German organizations in the Avoucourt Wood. There was no infantry action except a spirited surprise attack carried out by one of our reconnoitering parties near Berry-Au-Bac, in the course of which we took prisoners.

"On May 11 our pursuit airplanes fought numerous engagements in which seven German machines were brought down by our pilots were entirely destroyed. Seven others severely damaged fell inside their own lines.

"Belgian communication: There was reciprocal artillery activity along the whole front, principally in the sector of Farnepolle.

"Eastern theatre: The enemy opposed our attacks by violent counter-attacks, in the course of which he succeeded in gaining a foothold in some trenches captured yesterday of Siska Di Legem, but east of that point Helonic troops, operating in conjunction with French troops, brilliantly carried an enemy work near Lymnitas and took about thirty prisoners. The Serbians, gaining ground foot by foot, after having repulsed several counter-attacks, captured Hill 1824. They continue to advance on Dobropolje.

"The royal naval air service rendered valuable co-operation and over fifteen aerial combats occurred in which four enemy machines were destroyed and five others were driven down out of control.

"Two of our machines failed to return. One of these descended in Dutch territory and was interned."

"Heavy Attack. Rotterdam, May 13, via London.—According to reports received here the naval attack yesterday on the German submarine base Zebruggen, on the Belgian coast, was most destructive yet made by British ships.

"Two submarine sheds were blown up. Sixty-three persons were killed and upwards of a hundred others were taken to hospital."

"Killed in Action. Mrs. T. R. Culley of East St. John has been advised that her nephew, Pte. Philip Welch, son of Mr. and Mrs. Henry Welch, now residing in Alberta, but formerly of this city, has been killed in action. Mr. and Mrs. Welch removed to the west some years ago. Pte. Welch was a member of an Alberta infantry battalion. He was only eighteen years old when he enlisted.

"Wounded, Not Killed. Some time ago Mrs. Catherine Joyce of 293 Guilford street, West St. John, was advised from Ottawa that her son, Private Vincent Joyce, had been killed in action. On Saturday Mrs. Joyce received the official announcement from Ottawa advising her that he was wounded in the thigh and was at present in a hospital in France. Private Joyce is only nineteen years old and enlisted in Montreal, where he was working with the C. P. R. at the time of the outbreak of the war.

"Private W. H. Dennis. Mrs. Edna A. Dennis, of 115 Britain street, received a telegram Saturday morning from Ottawa informing her that her husband, Pte. William H. Dennis, had been admitted to No. 5 British Red Cross Hospital in Wimerax, France, suffering from a wound in the left thigh.

"Word has been received by Mrs. Dennis from Ottawa that her husband, Pte. Vincent Joyce, had been killed in action. On Saturday Mrs. Joyce received the official announcement from Ottawa advising her that he was wounded in the thigh and was at present in a hospital in France. Private Joyce is only nineteen years old and enlisted in Montreal, where he was working with the C. P. R. at the time of the outbreak of the war.

"Word has been received by Mrs. Dennis from Ottawa that her husband, Pte. Vincent Joyce, had been killed in action. ZEEBRUGGE BOMBARDED BY BRITISH

Rotterdam Hears 63 Germans Were Killed and Nearly Hundred Injured.

ENEMY BEATEN IN 15 BIG ENGAGEMENTS IN AIR.

Naval Vessels Blow Up Two Submarine Sheds in German U-Boat Stronghold.

London, May 13.—An official statement issued this evening by the British admiralty relative to the naval and aerial bombardment of Zebruggen Saturday morning says: "A very heavy bombardment of the important area at Zebruggen was successfully carried out Saturday morning by a portion of our forces under orders of the Dover vice-admiral.

"The royal naval air service rendered valuable co-operation and over fifteen aerial combats occurred in which four enemy machines were destroyed and five others were driven down out of control.

"Two of our machines failed to return. One of these descended in Dutch territory and was interned."

"Heavy Attack. Rotterdam, May 13, via London.—According to reports received here the naval attack yesterday on the German submarine base Zebruggen, on the Belgian coast, was most destructive yet made by British ships.

"Two submarine sheds were blown up. Sixty-three persons were killed and upwards of a hundred others were taken to hospital."

FIVE RUSSIAN OFFICERS KILLED IN AIRPLANE

Petrograd, May 13, via London.—British Admiralty per Wireless Press) Five Russian officers and one private lost their lives yesterday when a big Russian airplane in which they were flying fell to the ground at Monastyrskaya, northeast of Stanislau, in Galicia, from a height of 9,000 feet, says a Belgian statement issued today by the Russian war department.

"Harry Allingham, 40 Lombard street, to the effect that her husband, Pte. Harry Allingham, who was wounded at Vimy Ridge, is in a hospital in England, and is going under an operation to improve as well as can be expected. There was much joy when it was learned that his wound was not serious.

"Gunner Albert Johnson. Mrs. Blanche Johnson, of 570 Main street, received a telegram on Saturday from Ottawa advising her that her husband, Gunner Albert Johnson, had been admitted to No. 1 Convalescent Hospital in Boulogne, France, suffering from a severe injury in the head.

"Gunner Johnson left here some two years ago with a severe injury in the head, but after his arrival in England was transferred to a field artillery battery.

"London, May 10.—Attacking on a front of about four miles in the Lake Doiran region of Macedonia, British troops, on one wing, took Teutonic allied trenches on a front of two miles and on the other flank advanced on a front of about one mile, according to a British official communication issued tonight.

"The communication which is dated Saloniki, Tuesday night says: "After artillery preparation lasting several days our troops attacked the enemy's trenches from a point south-west of Lake Doiran, on a front of about four miles. On the left we captured the enemy's trenches on a front of two miles and advanced some two to an average depth of five hundred yards and consolidated our new positions.

"Heavy Counter Attack. "On the right we captured the enemy's trenches between the lake and Petit Nonne, on a front of about a mile. The enemy, however, heavily counter-attacked our new position on this part of the front. After determined hand-to-hand fighting, in which our troops inflicted severe losses, they were forced back by superior numbers to their own trenches.

"London, May 10.—Lord Robert Cecil, minister of blockade, stated in the House of Commons today that the British government had no reason to believe any American foodstuffs or feeding stuff would be passed by neutral countries into Germany. The question of the conditions under which the import of American supplies by neutrals would be permitted in the future, he added, no doubt would receive the closest attention by the United States government.

"Halifax, May 10.—Halifax bank closings for the week ended today were \$2,573,669, and for the corresponding week last year \$2,566,062.

THRILLING SPEECH BY M. VIVIANI

Great Orator of France Electorifies Members of Canada's Parliament.

Ottawa, May 13.—Canada's parliament will long remember the day when Viviani spoke. The master-orator of France—perhaps the master-orator of the world, fired with the message of a great cause, speaking his heart out in burning words, pleading his country's wrongs, addressing the representatives of the descendants of the two great allies, France and Britain, fighting in a common conflict for the civilization and liberty of the world, moved by the alternate tears and cheering of his audience, gave a wonderful and a memorable oration. The inspiration of the moment, the fire and the soul of the orator can be cherished only by the few hundreds who were privileged to hear him.

"British, French and American newspaper men who have travelled with the mission since its arrival on this side of the Atlantic say it was Viviani's masterpiece.

MONCTON.

Moncton, May 13.—Miss Janet Baird has returned from a trip to Newport, Rhode Island, and Boston, where she was visiting relatives.

"Dr. and Mrs. Ferguson have returned from a trip to Montreal, Boston and New York.

"Mr. and Mrs. J. W. G. Smith left this week for New York to visit their daughter, Mrs. Doual Cowi.

"Mrs. F. L. Sumner and Mrs. Lionel Hamilton left this week on a trip to Montreal, Boston and New York.

"Mr. and Mrs. David Pettigrew have gone to Ottawa to be the guests of Sir Collingwood and Lady Schreiber, after which they will leave for their summer home in Shediac.

"Mr. and Mrs. A. E. Lord, who have been visiting for the past six weeks in Hamilton, Ont., left for a trip to Buffalo, New York and Boston before returning east.

"Mr. A. H. Coorey, supt. M. T. E. & Co. Co., has gone to New York on a business trip.

"Mrs. S. J. Triles, who has been visiting in Moncton, returned this week to her home in Campbellton.

"Mrs. George McKinnon of Charlotteville, P. E. I., is visiting in the city the guest of her daughter, Mrs. David Cochrane.

"Mr. G. M. Fryers, formerly of Moncton, but now of Calgary, Alta., is spending a few days in the city.

"Mr. Matthew Lodge has returned from a business trip to England.

"Mr. John H. Oldart arrived in the city Wednesday from New York, to spend some time with his father, Mr. D. S. Geldart, Cheapside street.

QUOTATIONS IN THE ST. JOHN MARKET

Table with columns for various commodities like Sugar, Rice, Tapioca, Yellow-eyed, White, Corn, Herring, Currants, Molasses, Peas, Barley, Soda, Choice, Fancy, Salt, Soda, Flour, Oatmeal, Cream, Cornmeal, Beans, Baked Beans, String Beans, Corned Beans, Canned Goods, Raisins, Apples, Potatoes, Pork, Beef, Lamb, Mutton, Veal, Chicken, Turkey, Butter, Eggs, Haddock, Halibut, Fruit, Almonds, Bananas, Walnuts, Dates, Lemons, Calif. Oranges, Bermuda Onions, Peanuts, Oats, Feed, etc., with prices listed.

DAUGHTER OF H. W. MANN DIES AT ST. STEPHEN

Twelve Year Old Girl Fails to Recover From Attack of Appendicitis—Father Well-Known Lumberman.

Special to The Standard. St. Stephen, May 13.—Mr. and Mrs. Harry W. Mann, of Old Ridge have the sincere sympathy of all in the death of their well beloved daughter, Della, aged twelve years, which occurred at the St. Stephen Memorial Hospital at noon today, following an operation for appendicitis. She was a bright and winsome child, beloved by all who knew her and here intensely suffering with rare resignation, looking confidently and resolutely to a life in the better land, the death-bed expression of this first being remarkable from a child so young.

"Her father is a prominent lumberman, well known in many parts of the province. Besides her father and several other brothers and sisters also survive.

"The funeral service will be held on Tuesday afternoon.

SEEMS EVERYONE HEARD ABOUT IT

All want to try new drug that dries up corns so they lift out.

Good news spreads rapidly and druggists here are kept busy dispensing freeons, the other discovery of a Cincinnati man, which is said to loosen any corn so it lifts out with the fingers.

"Ask at any pharmacy for a quarter ounce of freeons, which will cost very little, but is said to be sufficient to rid one's feet of every hard or soft corn or callus.

"You apply just a few drops on the tender, aching corn and instantly the soreness is relieved and soon the corn is so shrivelled that it lifts out without pain. It is a sticky substance which dries when applied and never inflames or even irritates the adjoining tissue.

"This discovery will prevent thousands of death annually from lockjaw and infection heretofore resulting from the suicidal habit of cutting corns.

MONCTON.

Moncton, May 11.—A telegram received by Mrs. John W. Cripps, today conveys the sad news that her husband was killed in action, April 28th. A strange coincidence it was that a letter from Pte. Cripps a few days ago which conveyed the news that Lester Cripps, another Moncton man, had been killed in action in the early part of April.

"Before the letter reached here Pte. Cripps himself had been killed. Word was received by friends here today that Truman Horman, son of Albert Horman, of Luis Mountain, had been drowned in Cranbrook, B. C. Deceased had been in the west some years. He leaves widow and several children.

"Moncton, May 10.—Rev. Prof. Alexander Laird, professor of English literature in the Royal Military College, Kingston, died tonight.

"A brother, Rev. Robert Laird, Toronto, is secretary of the board of missions of the Presbyterian church.

"Moncton, May 12.—Price changes in this morning's market were only fractional. Cive Power was the most active issue, some large lots being taken at 7 1/2 and 7 3/4. Brazilian was a point better at 40. Exchange today was the highest it has been for some time, and any continued advance in it will help the stock.

MONCTON.

Moncton, May 13.—The rather sharp decline which our market experienced yesterday really reflected a very natural tendency. With all the business activities attendant upon the situation in which are included the problem of raising an amount of money exceeding any sum raised in any country in one long before, in the complications attendant upon the raising by taxes of a sum to equal approximately two billion dollars of additional revenue the market so far as I can read it has given an account of itself that evidences a degree of strength and solidity that is marked.

"Undoubtedly it will continue to be unsettled and the uncertainty surrounding present conditions may tend to further liquidation but a very much more sensational decline coincident with the rapid development of the important influences which are working at the present time would not have been surprising. Forecasts in connection with the situation are valueless. The market has got to face a good deal and the way in which it has faced it in the past two weeks gives assurance of confidence.

"Lieutenant Wetmore Returns. Lieutenant F. W. C. Wetmore of the 20th Battalion, who has been taking a qualifying course at the Royal School of Infantry, Halifax, has returned to Fredericton. He reports that the other members of the battalion who are undergoing instruction are making good progress and expect to complete their courses in the near future.

DAUGHTER OF H. W. MANN DIES AT ST. STEPHEN

Twelve Year Old Girl Fails to Recover From Attack of Appendicitis—Father Well-Known Lumberman.

Special to The Standard. St. Stephen, May 13.—Mr. and Mrs. Harry W. Mann, of Old Ridge have the sincere sympathy of all in the death of their well beloved daughter, Della, aged twelve years, which occurred at the St. Stephen Memorial Hospital at noon today, following an operation for appendicitis. She was a bright and winsome child, beloved by all who knew her and here intensely suffering with rare resignation, looking confidently and resolutely to a life in the better land, the death-bed expression of this first being remarkable from a child so young.

"Her father is a prominent lumberman, well known in many parts of the province. Besides her father and several other brothers and sisters also survive.

"The funeral service will be held on Tuesday afternoon.

SEEMS EVERYONE HEARD ABOUT IT

All want to try new drug that dries up corns so they lift out.

Good news spreads rapidly and druggists here are kept busy dispensing freeons, the other discovery of a Cincinnati man, which is said to loosen any corn so it lifts out with the fingers.

"Ask at any pharmacy for a quarter ounce of freeons, which will cost very little, but is said to be sufficient to rid one's feet of every hard or soft corn or callus.

"You apply just a few drops on the tender, aching corn and instantly the soreness is relieved and soon the corn is so shrivelled that it lifts out without pain. It is a sticky substance which dries when applied and never inflames or even irritates the adjoining tissue.

"This discovery will prevent thousands of death annually from lockjaw and infection heretofore resulting from the suicidal habit of cutting corns.

DEBATE TO BE RESUMED THIS EVENING

Mr. Potts to Make Speech in the Assembly, Repl. Premier Foster.

Special to The Standard. Fredericton, N. B., May 13.—The debate on the speech from the throne given at the House of Assembly last evening by F. L. Potts, active representative from St. John, Mr. Potts, it was on Friday, would reply to but the address of the night was so barren of material as to be of little value. Mr. Potts will be called upon to deal ever with his recognized provincial affairs there doubt that his contribution to the debate on the address will be able.

"The opposition member readily took up the debate with enthusiasm and vigor occupying a large room on floor as a caucus room and a change of ideas between representatives has been noted. Most of the opposition members are stopping at the Hotel, their comfort is better after the popular program Monahan, in his usual manner.

"It is expected that Hon. Mr. Potts will be back to this evening. The former general is deservedly popular with the people. An engagement at the closing exercises of the University of New Brunswick on the opening proceedings of the legislature on Thursday last.

"The illness of the veteran Henry Hainsford, which made possible for him to attend duties, is generally regretted. Mr. Hainsford, who was an assistant to the reporter of the present Liberal government, succeeded the appointment of an administrator, who were from office.

"Major General Benson, G.O. district No. 6, arrived in Fredericton on Saturday on a tour of inspection. He was accompanied by James G.S.O. Saturday the 10th inspected the Composite Battery 21st Brigade stationed at the edge of the city. He was accompanied by the following members and the manner they executed the different parts. They will inspect the 21st Battalion at Fredericton, probably be the final inspection. Killies in New Brunswick.

"Lieut. F. E. Groves of the 21st Battalion has been transferred to Hamilton's Forestry Unit. Groves was transferred to his quarters at Halifax to St. John after the opening of the office. Although nothing has yet been officially in it is understood. Lieut. Groves will be made an adjutant.

"Major Smith of the discharge in Ottawa on business in connection with the proposed hospital. Captain Wilson, M.O., of Brunswick, has moved into office at headquarters.

"The funeral of Mrs. Elizabeth took place from her late residence at 47 High Street, yesterday noon. The large attendance of numerous floral offerings spoke of the esteem in which she was held. The services were conducted by Rev. Dr. Stearns at 10 o'clock.

"The funeral of Mrs. Elizabeth took place from her late residence at 47 High Street, yesterday noon. The large attendance of numerous floral offerings spoke of the esteem in which she was held. The services were conducted by Rev. Dr. Stearns at 10 o'clock.

DEBATE TO BE RESUMED THIS EVENING

Mr. Potts to Make His Initial Speech in the House of Assembly, Replying to Premier Foster.

Special to The Standard. Fredericton, N. B., May 13.—The debate on the address in reply to the speech from the throne will be resumed at the House of Assembly on Monday evening by F. L. Potts, one of the active representatives from the city of St. John. Mr. Potts, it was announced, on Friday, would reply to the premier, but the address of the nominal leader was an barren of material that there are few, if any, arguments Mr. Potts will be called upon to deal with. However with his recognized knowledge of provincial affairs there can be no doubt that his contribution to the debate on the address will prove valuable.

The opposition members have already taken up their legislative duties with enthusiasm and vigor. They are occupying a large room on the second floor as a caucus room and the interchange of ideas between the various representatives has been most beneficial. Most of the opposition members are stopping at the Barker House, where their comfort is being looked after by the popular proprietor, E. V. Monahan, in his usual obliging manner.

It is expected that Hon. Mr. Baxter will be welcomed back to the house this evening. The former attorney-general is deservedly popular on both sides of the house. An engagement to attend the closing exercises of Kings College prevented him from attending the opening proceedings of the Legislature on Thursday last.

The illness of the veteran clerk, Henry Rathford, which makes it impossible for him to attend to his duties, is genuinely regretted by the members. Geo. Y. Dibble, the clerk assistant, has been sufficiently restored to good health to be able to attend to the duties of the clerkship, while Hudson Fiewelling is acting clerk assistant. George Bidlake, who had been assistant official reporter under the former government, is now acting as assistant to the reporter appointed by the present Liberal government, to succeed the appointee of the Murray administration, who were removed from office.

INSPECTION OF LOCAL BATTERIES SATURDAY BY GENERAL BENSON

Composite and No. 9 in Splendid Form — Lieut. Groves Transferred to Forestry Unit.

Major General Benson, G.O.C., military district No. 6, arrived in St. John on Saturday on a tour of inspection. He was accompanied by Major N. Jones, G.S.O. Saturday the officers inspected the Composite Battery and the 9th Siege Battery stationed on Partridge Island. Major Benson was well pleased with the showing made by the members and the manner in which they executed the different manoeuvres. They will inspect the 6th Battery at Woodville on their return to Fredericton. This will probably be the final inspection of the Militia in New Brunswick.

Lieut. F. E. Groves of the headquarters staff has been transferred to Major Hanington's Forestry Unit. Lieut. Groves was transferred from his headquarters at Halifax to St. John shortly after the opening of the office here. Although nothing has yet been given officially it is understood that Lieut. Groves will be made adjutant of the unit.

Major Smith of the discharge depot is in Ottawa on business in connection with the proposed hospital at the armory.

BARON GRIMTHORPE DEAD

London, May 13.—Baron Grimthorpe is dead.

Ernest William Beckett, second Baron Grimthorpe, was born in 1856, the son of the second William Beckett, Dominion of Nun Appleton, Yorkshire, and Helen, second daughter of the second Baron Feversham. He married Lucy Tracey Lee of New York in 1885. She died in 1891.

The funeral of Mrs. Elizabeth Sargent took place from her late residence at High Street, yesterday afternoon. The large attendance and numerous floral offerings spoke in eloquent terms of the esteem in which the deceased had been held. Services were conducted by Rev. Dr. Steel and interment was in Forest Hill.

POLITICAL AXE WILL BE DULL SHORTLY

The "Business Man's" Government is Using it Over-time—Messrs. Feeney and Maxwell the Latest to Lose Their Positions.

Special to The Standard. Fredericton, N. B., May 13.—The axe is being used over-time by the new provincial government. The heads of scores of competent officials have already been removed, seemingly because of the fact that their political views do not coincide with the faith professed by the administration now in control of the reins of power, although it is admitted that aside from entertaining different views the dismissed officials have remained absolutely neutral.

The latest officials who have been served with notices that their services will be no longer required are D. E. Maxwell, C. E., provincial government engineer on the St. John and Quebec Railway, and John Feeney, C. E., the provincial road engineer. The announcement is made that the two positions will be amalgamated and given to Burton Hill, C. E., a defeated candidate for the county at the recent provincial election.

Mr. Maxwell was a competent official and was a former resident engineer under the Liberal government on the construction of the Transcontinental Railway through New Brunswick. Mr. Feeney was formerly city engineer of Fredericton and was one of the most competent officials in the public service. His dismissal has aroused a storm of protest in this city, where his ability was readily recognized and appreciated. Mr. Feeney, it is understood, has been offered an inferior position to his present one, presumably that of chief assistant to Mr. Hill.

When seen today he positively refused to discuss the matter. From various parts of the province come reports that competent officials have been removed to satisfy the demands of hungry gnat politicians, whose chief claims for the appointments consist not in any special qualifications but rather in party services of more or less value.

COMMENCE TODAY

Ploughing on the city land at Silver Falls, which is to be farmed by returned soldiers, will be started today and eight acres will be covered. It is intended to plant upwards of six acres with potatoes, according to the area left after individuals have announced how much gardening they are going to do on their "own."

For the purchase of seeds \$50 are available—\$25 from the Rotary Club and \$25 from a citizen. It is hoped that further contributions will be made to the fund.

Death of Child. Friends of Mr. and Mrs. William J. Quigg, Fairville, will sympathize with them in the loss of their infant son, William James, who died Friday.

SCOTIA STEEL NOT TO BUILD ACROSS LINE

Vice-President Ross Says Company Not Contemplating Erection of Plant in United States As Reported

Special to The Standard. Toronto, May 13.—W. D. Ross, vice-president of the Nova Scotia Steel Company, says: "There is no truth in the street rumors that the Nova Scotia Steel & Coal Company contemplates building a plant in the United States. Mr. MacKenzie, who represents the American interests on the board, is in perfect harmony with the present policy of the company."

"The fact that the company produced 43,897 tons of finished steel for the four months of this year ending April 30, disposing of the report that the plants are antiquated. Every department is working to a fuller capacity than ever before.

"It is obvious that what the company with its large resources in raw material should do is to double its present plant in Nova Scotia, and thereby its output, but this would involve a large capital expenditure, and the proposed increase in taxes on industrial corporations makes the company hesitate before embarking on any such expansion."

IMPRESSIVE SERVICE MARKS THE CLOSING 40 HOURS' ADORATION

Of Blessed Sacrament at St. John the Baptist Church—Powerful Sermon by the Rev. A. J. O'Neill — The Bishop Present.

The closing of the Forty Hours Adoration of the Blessed Sacrament at St. John the Baptist church last evening was a most impressive service. The congregation was a large one. Following vespers a sermon on the Real Presence was delivered by the Rev. A. J. O'Neill, pastor at Silver Falls. It was a splendid effort. His Lordship Bishop LeBlanc, assisted by Rev. M. F. Howland, officiated at pontifical benediction.

Before the close of the service His Lordship the Bishop carried the Blessed Sacrament through the church in procession being accompanied by the priests, the altar boys and the girls of the Sunday school. Bishop LeBlanc also addressed the congregation briefly. Rev. F. J. McMurray, pastor of St.

PROHIBITION IS NOT FOR WESTMORLAND

Will Be No Election for Repeal of Canadian Temperance Law — Liberal Politicians Satisfied with Scott Act.

Shediac, May 13.—It is learned definitely that there will be no election in Westmorland county to give the voters an opportunity to decide on the question of continuing the Canada Temperance Act. Before the recent election for the legislature certain Liberal leaders talked the situation over, with the result that a large number of voters were given to understand that there would be no change in the county and that the Liberals would not circulate a petition for the repeal of the act. In other words the Prohibitory law will have no effect in this county.

It is understood that some of the temperance leaders feared that a large element hitherto opposed to the Scott Act, would vote for it and that it would probably be difficult to defeat the old order of things.

In Moncton city where liquor is not openly sold, the police can seize wet goods shipped or taken to that centre, but under the prohibitory law goods for personal use could be shipped from Montreal, probably to a greater extent than under the present law.

The Wet Belt. The county has been practically dry for years outside of Shediac and to some extent Moncton. One reason why Shediac has not been in the dry zone is because of its proximity to the parish of Dundas, Kent county, where license has been favored by the voters for many years. It therefore would have been practically impossible to keep liquor out of Shediac, so it has been sold here for years, but under restrictions similar to those of a licensed district, except as to hours. Moreover the liquor supply for the parish of Dundas has been shipped to Shediac, the nearest railway point, which in no way constituted a violation of the law.

Unless there should be a change in the sentiment of the temperance and political leaders of the county there will be no Scott Act election in Westmorland for a long time. The chief inspector of the province, Rev. Mr. Wilson, has been informed of the peculiar situation. Among those who are said to favor continuing the Canada Temperance Act in the county is that well known reformer, Mr. John T. Hawke, editor and proprietor of the Liberal newspaper the Moncton Transcript.

John the Baptist church, and other clergymen were in the sanctuary during the service. At the masses yesterday a large number of the parishioners received Holy Communion.

KILTIE MEN SOON TO JOIN HEADQUARTERS

Important Positions for at Least Three Returned Officers of the 236th—Col. Deacon on An Inspection Trip.

It is semi-officially announced that at least three officers of the Kiltie Battalion will be transferred to positions on the headquarters staff. The new positions will be important ones and will involve detailed knowledge of military matters. The positions will be given to returned men. Two of the Kiltie officers will come to the local headquarters staff, while another will go to Halifax to take a position on the 6th Militia Headquarters staff in that city. It is not yet announced which of the officers will receive the positions, but the transfers are expected to be public before the Kilties leave Fredericton to complete their training in other parts, which departure is expected to take place within a week or ten days.

Lieutenant-Colonel F. H. Deacon who was in the city on Friday has gone to Fredericton on an inspection tour of the Kilties. Lieutenant-Colonel Deacon is the inspector general of supplies for Eastern Canada. He is one of Ontario's biggest business men and manufacturers, having his head office in Toronto. Before assuming the duties of his present position on Colonel Deacon was the active officer in charge of the Military Y. M. C. A. work.

Food Meeting. E. A. Schofield, of the central executive on increased food production, for St. John county, will hold a conference with the residents of Simonds at the Public School House, Silver Falls, on Tuesday evening at 8 o'clock, and also for Musquash, on Thursday evening, at 7.30 o'clock. All are invited to attend.

THE NOMINAL GOVT. LEADER HAS A COACH

Former Premier Robinson, Only Member of Government Who is Familiar with Procedure, Becomes Guardian of Mr. Foster.

Special to The Standard.

Fredericton, May 13.—Members of the House and officials generally who are familiar with the customary arrangement of the seats of the members of the Assembly, are smiling to themselves over Premier Foster's manifest uneasiness. The nominal leader's nervousness has grown to such proportions that his managers refuse to allow him to remain long at his desk alone. Instead he is under the watchful care of former Premier Robinson, the only member of the government who is acquainted with the rules of the House. Mr. Robinson is the desk mate of the successor to Mr. Burgess, and his eagle eye watching Victoria county's representative at all times.

What seems strange to members and officials of the House is the fact that Hon. Mr. Robinson, only a forecast member, should occupy a seat so near to the throne of his nominal leader. That "honour" it would seem more appropriate to confer on a member of the administration with portfolio rank, but poor Dr. Smith, the minister of lands and mines, is forced to take the end seat in the front row so that the defeated candidate in St. John county can have a coach who will assist in steering him through the troublesome seas of parliamentary procedure. Some people are wondering what will happen to the nominal leader if Hon. Mr. Robinson should happen to be absent from the House on any occasion. A new coach might be found, but it would be a hard matter.

WESTFIELD

Westfield, May 12.—Miss Ruth Baxter, teacher at Gasperaux, N. B., spent Sunday at her home here.

Miss B. Smith of St. John was a recent guest of Mrs. A. Kirkpatrick.

Miss E. M. Ballentine spent a few days last week in St. John.

Guest of Miss Dorothy Finley from Friday till Monday was Miss Mildred Lister of St. John.

Mrs. H. Henderson and children, of St. John, are visiting Mr. and Mrs. C. T. Hayter.

Mrs. G. Burns of Fairville was a recent visitor at the home of her daughter, Mrs. J. E. Stevens.

Congratulations are being forwarded to Capt. and Mrs. R. V. Bennett on the birth of a little son at their home in Hopewell Cape, N. B.

Miss Gilliland of Brookville spent Sunday with her parents at Ononette.

Mr. and Mrs. T. H. Bullock and family have moved from St. John to their summer home at Westfield.

The Rev. C. W. Nichols and Mrs. Nichols, who have been visiting in St. John for several weeks, returned home on Friday. Mr. Nichols is very much improved in health and was able to fill his appointments on Sunday.

Miss E. Crawford of St. John spent a few days this week with Mrs. G. W. Crawford.

Mr. and Mrs. Frank Robertson came from St. John on Saturday and will occupy rooms in Mr. LeLaron Jones' cottage at Hillendale, for the summer months.

The funeral of Mrs. M. F. Willott took place Tuesday afternoon from her late residence to the Methodist church, where service was conducted by Rev. F. F. Bertram, Rev. C. W. Nichols and Rev. A. D. McCully. A large number of relatives and friends paid the last token of respect to the deceased. The body was taken to Tupperville, N. S., where interment was made.

At the Epworth League meeting in the Methodist church on Tuesday evening the Rev. W. Boothroy of Oromocto delivered a very interesting address on temperance.

Suffered With Heart For Ten Years Would Nearly Smother

There is nothing that brings with it such fear of impending death as to wake up in the night with that awful sense of smothering. The uncertain and irregular heart action causes the greatest distress of both mind and body.

Milburn's Heart and Nerve Pills are the only remedy that can give prompt relief and effect a complete cure in cases of such severity.

They strengthen and invigorate the heart, so that it beats strong and regular, and tone up the nervous system so that the cause of so much anxiety becomes a thing of the past.

Mrs. M. O. McCready, Wapella, Sask., writes: I am not much of a believer in medicines, but I feel that it is only right for me to let you know what your wonderful remedy has done for me, and in a very short time, too. I had suffered terribly with my heart for nearly ten years, could scarcely do any work and would nearly smother at times. I had many remedies, some only relieving me for a time. I got a box of Milburn's Heart and Nerve Pills and felt so much better that I kept on using them, and can truthfully say I feel like a new woman.

"I would advise anyone with heart trouble to use them."

Milburn's Heart and Nerve Pills are 50c. or three boxes for \$1.25, at all dealers or mailed direct on receipt of price by THE T. MILBURN CO., LIMITED, Toronto, Ont.

DRUG CLERKS WANT EARLIER CLOSING

Will Ask That Shutters Go Up at Eight O'clock Every Evening Except Saturday.

A meeting of the retail drug clerks in the city was held yesterday at noon in the rooms of the Pharmaceutical Society, Market building, to consider the early closing question. It was decided to prepare petitions asking that the stores be closed at eight o'clock every evening in the week except Saturday, and have these signed by the clerks and then presented to the druggists. It was stated at the meeting yesterday that a number of druggists were in favor of the movement and the drug clerks feel that a little help from the buying public at this time in the way of suggestion that they would be willing to do their buying early in the evening would help them to obtain their goal. At the present time they only have two nights a week off, have to work every other Sunday and every other holiday, and the opinion expressed by those present at the meeting was that they were entitled to the evenings at least.

AN INTERESTING SERVICE

The service last evening in Waterloo street Baptist church was in line with the appeal sent out to the clergyman by the Director of the National Service, asking that Sunday, May 13, be observed as National Service Sunday. The pastor, Rev. F. H. Wentworth was assisted by the Boy Scouts and the Girl Guides of the church.

The boys marched down one aisle carrying farm implements and the girls marched down the other aisle, each carrying in one hand a plate of vegetables or a loaf of bread, and in the other hand a flag of one of the allied nations. Scoutmaster Galley stated what was required of a boy scout in order to qualify for the Gardener's Badge. After the sermon the girls took the platform and the boys lined up in front and sang "O Canada".

During the evening Mother's Day was remembered by recitations from Miss Florence Kierstead and little Irene Wentworth, and a duet from Margaret Hamilton and Georgette Sprague.

The pastor's subject was "The Farmer's Beautitude," and the text, Blessed are ye that sow beside all waters, Isaiah 32:20. The subject was introduced by a reference to the seriousness of the present food situation as presented in the recent address by Professor Robinson at the Imperial Theatre. He said in part:

"The farmer must be assured that he will get a square deal in the city, and that the middleman is worthy of confidence, and that the products of the earth will really reach the starving and the needy if he is to be persuaded to do any different from other years when the demand was not as now."

MOTHERS' DAY

Yesterday was observed as Mothers' Day in the Dominion and many were proud to wear a flower as a token in honor of "Mother." Some wore bright colors in loving thought of the dear mother at home while others wore white for the mother who had passed into the great beyond.

Many churches held special services in observance of Mothers' Day while all had some portion of the service dedicated to her memory. During the evening service at Waterloo street Baptist church the day was remembered in recitations and songs.

A very interesting session was also held yesterday afternoon at the Exmouth street Methodist church Sunday school. Amongst the many mothers of the scholars who were present was Mrs. S. Hopkins who in her 90th year was able once more to be present in the school as she was accustomed to do in her younger years. Mrs. Hopkins was made the recipient of a large bouquet of carnations. After inspiring addresses by Mr. G. Stevens and E. Thomas on the sacrifice, confidence, patience, forgiveness and prayer of a mother's love, the following programme was rendered:

Miss Mabelle Shaw, recitation; Greta Love, recitation; Emma Rand, solo; Raeburn Jack, recitation; Ralph Cosman, recitation; Mrs. W. A. Adams, reading; Miss Alice Neill, recitation; Marion Cooper, recitation.

DIED.

PORTMORE—On April 7th, 1917, somewhere in France, Frank L. Portmore, killed in action, leaving his mother and one sister to mourn.

STEPHENSON—On May 12th, Marietta Florence, only child of Mr. and Mrs. John A. Stephenson, age 7 years and 7 months.

Funeral Tuesday at 2.30 from the home of Mr. Frank H. MacFarlane, 45 Harrison street.

COLES—In the General Public Hospital on Friday, May 11th, after a brief illness, Frederick A. Coles, aged forty-four years, leaving a widow, two daughters and one sister to mourn their loss. New York papers please copy.

Funeral Monday afternoon at 2.30 from Chamberlain's undertaking parlors.

WILSON—In this city, on May 13, at his residence, 229 Charlotte Street, West, Samuel K. Wilson, aged 76 years.

Funeral Tuesday at 2 p. m.

Funeral Notice. The members of Carleton Union Lodge, No. 8 A. F. & A. M. are hereby requested to meet at Free Mason's Hall, West St. John on Tuesday afternoon at 1.30 p. m. to attend the funeral of our late Brother Samuel K. Wilson. Members of sister lodges invited to attend. Funeral at 2 p. m.

J. FIRTH BRITTAIN Secretary.

REV. MR. COLPITTS CONDEMNS IDLENESS

Needs of Present Situation Demands That Every Citizen Shall Do His Utmost—Increased Production Necessary.

Bridge whist and other forms of amusement were declared as idle practices in the course of a forcible sermon on the necessity of increased production and saving by the Rev. E. J. Colpitts, editor of the Maritime Baptist at the Germain street Baptist church last evening.

Rev. Mr. Colpitts referred to the fact that the clergymen had been asked to speak on the question of national service and particularly on the need of increased production and saving. He took his text from the last verse of the 20th Psalm and said that in spite of any effort that might be put forward it was necessary that the Lord should bless the work. The reverend gentleman spoke of the imperative needs of the present situation and pointed out that in view of the possibility of a world-wide shortage in foodstuffs each citizen owed a duty to render service to his country as best he could. He declared that the one thing that would be intolerable this summer would be idleness, referring to the time wasted by people in playing bridge whist and enjoying other forms of amusement. Next to idleness, he classed misdirected energy. Many men and women were endeavoring to carry out unnecessary tasks which were not essential in connection with the present war crisis. The more essential branches of work at present were the increased production of food and munitions, as well as transportation work and especially shipbuilding. He considered every carpenter should be employed in the building of ships, while the lumber and mill should also be given over to that purpose. He also considered that the stores would get along with less help if the ladies would buy instead of shop.

The speaker urged that every man familiar with farming take up the

UNBEATABLE

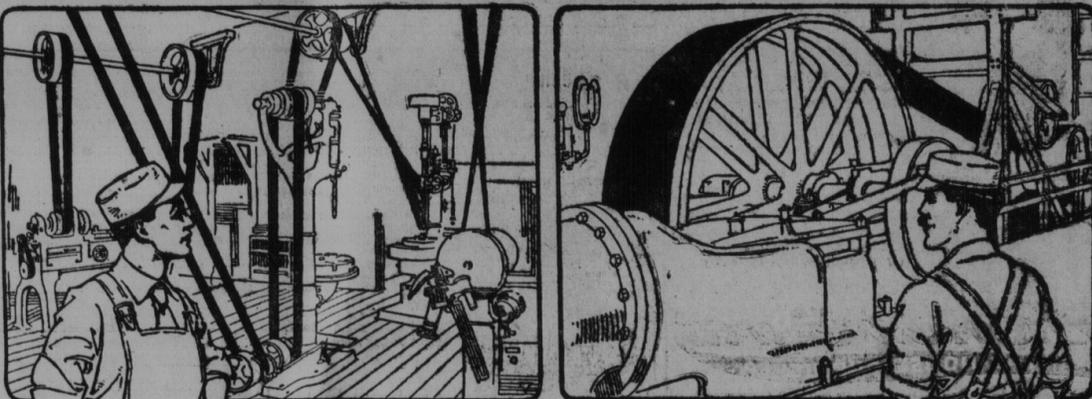

Dunlop Tire & Rubber Goods Co., Limited
Head Office & Factories: TORONTO. Branches in leading cities. B. 132

business of increased production of food. While he commended the starting of garden plots, he said that experience had shown that one good man with the proper machinery on the farm secured more practical results than a score of men with a spade and a hoe. He thought that city men who could do so should go to the farm and assist in the work of increased production.

The New Wooden Steamers. In the window of Bond's, Charlotte street, there is a picture of the model of the new wooden steamers that the U. S. government are to build. These vessels are to be made from standardized sections, and 1,000 are to be built. The picture has been viewed by many shipping men and others.

National Service Sermon. Rev. J. C. Berrie occupied the pulpit at the morning and evening service yesterday in the Exmouth street Methodist church. In both services he dwelt on the importance of National Service Day, and pointed out many ways that production would be increased.

All are Extra Power
All give Better Service
(Extra Power is being used in your line, too)

Both these men are Extra Power enthusiasts. Each will tell you that Extra Power is the best belt he has ever used on this drive. Yet the drives are totally different.

One man uses Extra Power on a main drive in the dry, hot, dusty air of a sawmill.

The other is driving a high-speed, oily drill in a machine shop. One is using a 24" x 8-ply belt. The other a 6" x 5-ply belt.

Yet both find Extra Power speeding up production, increasing the efficiency of workmen, cutting down overhead cost.

A New-Basis Transmission Belt
Delivering More Power for a Much Longer Time

Extra Power has been an admitted success on big drives. Its long life, its tenacity on the pulleys, its strength—all fit it for strenuous work.

Engineers who have been won to Extra Power for heavy drives, have been surprised by its work on small drives.

For here, too, it hugs the pulleys—travels fast or slow—lasts long, and so costs less.

Strong fabric specially woven is the basis for Extra Power's sturdiness. Flexible, yet strong, and practically without stretch.

The plies are riveted together and saturated with fine rubber to guard against ply separation. The seam is sealed with solid rubber to further the same end.

This extra quantity of fine rubber makes the belt flexible and lively, tenacious of its hold on the pulleys, delivering a maximum of power. These qualities are to be found in Extra Power of all sizes—from 1" x 3-ply up to the largest belt you ever heard of.

Whether you use one belt or hundreds—whether you are driving from a 400 horsepower engine or running a pump—you should know about Extra Power. Write the nearest Goodyear branch.

BRINGING UP FATHER

Daughter, Come Here!

There she is down at Ferguson & Page's, and I want to ask her what will be the best present to buy for Maggie.

What's that? A kitchen cabinet, at Everett's, on Charlotte street? The very thing she needs! Makes housework a pleasure; every convenience you can think of right at your hand!

Me for the kitchen cabinets. They take up very little space, contain all the pots, pans, spoons, glasses, spoons, knives, baking utensils, small groceries, bread box, sugar, tea, coffee, recipes. Oh, go on! I might make you tired with the list; but they save miles of walking every day.

Want one? Come on in!

And when making up your mind, remember I will pay five dollars to the person writing the best Jiggs and Maggie dialogue on these cabinets.

A. Ernest Everett
THE HOUSE FURNISHER

OUR SECOND JIGGS AND MAGGIE COMPETITION

THE Merchants whose announcements appear on this page each offer cash prizes for the best "Bringing Up Father" dialogues having reference to their stocks or stores. These dialogues need not exceed one remark by Maggie and one rejoinder by Jiggs, or the reverse. Competitors may send in as many replies as they wish, but the writers' name should be signed to each and separate sheets of paper used. Anyone may compete for the prizes offered by any or all of these merchants. Dialogues may be addressed either direct to the merchants or to Mrs. Maggie Jiggs, The Standard Office, St. John. No replies will be accepted later than Thursday, May 24. The prize winning dialogues with the names of the winners will be published as soon as possible after the contest closes.

Miss Jiggs Displays the Best of Taste

Diamonds :: Watches :: Jewelry

LYRIC—Tonight
Pearl of the Army

We will pay five dollars, which will pay for your tickets all summer, by writing the best Jiggs and Maggie dialogues on our theatres.

UNIQUE — Theatres — LYRIC

Why, Certainly, My Dear!

There's only one place in St. John where you can buy the newest Gage Hats. Not many people know that we receive pattern hats direct from Chicago every week but it is a fact just the same and the styles we show are exactly as worn in the leading American cities. If you doubt it come in and let us show you.

But during the present week win five dollars in cash by writing the best Jiggs and Maggie dialogue on our hats. Get busy at once and send it in.

THE MARR MILLINERY CO.,

Well, Jiggs, That's Where You Had Better Go!

You can always depend on what Harry DeMille says in the papers.

Just now he is offering:

Splendid Range of Men's Spring Suits, \$7.50 to \$25.00.
Real Good Assortment of Men's Separate Trousers, \$1.85 to \$5.00 pair.
Men's Negligee Shirts in a Great Variety of Nobby Patterns, \$1 to \$1.75 each.
Men's Shirts and Drawers, suitable for wearing at the present time, 50c. to \$2.00 garment.
Men's Combination Underwear, \$1.00 to \$3.50 suit.
Men's Spring and Summer Caps, made by the Eastern, also the Cooper Cap Co. Priced from 50c. to \$1.75 each.
Men's Half Hose in a great variety of weights and qualities, 20c. to 60c. pair.
Men's Gloves in Tan Cape, Grey Suede, etc. Priced from \$1.00 to \$2.25 pair.

"In fact we have a regular bang up line of clothing and furnishings for men who like the new things."

We will pay five dollars to the one sending in the best Jiggs and Maggie dialogue on our business.

H.N. DeMILLE, 199 to 201 Union St.
Opera House Block

Now, You've Said Something

You men of New Brunswick, have you ever tied up boxes of fur garments, shoving in moth balls and using old newspapers until you were sick of the whole business? Well, why not put your own and your wife's furs in storage for the summer? It saves a lot of risk. You absolutely protect them from moths or other damage and the cost is trifling.

Whoever writes the best Jiggs and Maggie dialogue on our furs, or fur storage will receive five dollars in cash and it is a cinch to do it.

H. MONT JONES, King Street.

Well, My Wife Has One. She Got It Before the Price Went Up.

Because of the advancing cost of steel, copper, etc., it becomes necessary to increase the price of the "Sweeper Vac." This is to become effective before the end of the month. At present the price for the cleaner complete is \$42; after the advance it will be \$47.50. It is thus \$5.50 to your advantage to place your order now. You do not need to pay all the money cash down. Call on the New Brunswick Power Co. and make arrangements about easy payments, and remember we are still giving our two days' free trial offer.

Meanwhile send in the best Jiggs and Maggie dialogue you can write and we will give you \$5 in cash.

THE NEW BRUNSWICK POWER CO.,
ST. JOHN, N. B.

I Wuz Married Once—That Accounts For It

It takes a married man to find the bargains, and nowhere in town are such snaps to be picked up as at Hunt's Sale.

Two weeks of bargain giving that will open the eyes of the public. Men's \$20 Blue and Black Serge Suits. Only \$16.95.

Men's \$18 Spring Overcoats, on sale at \$14.35.

Men's Raincoats, Regular Parramatta \$10 value. Now selling at \$6.50.

Wash Vests, Regular \$1.50 to \$2.00. Now at 75c.

Boys' Suits, Norfolk and Pinch Back Styles, ages 7 to 16 years:

Regular \$6.00 Suits Now \$4.69.

Regular \$8.00 Suits Now \$6.59.

Grey Homespun Suits at \$2.75.

Tweed and Corduroy Bloomers at \$1.15.

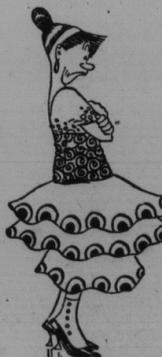

Children's Reefers, \$6.00 Value Now at \$4.69.

And in addition to these bargains we offer five dollars to the person writing the best Jiggs and Maggie dialogue on our stock or business.

HUNT'S BUSY UPTOWN STORE, Charlotte Street.

You Talk As Much As Ever

But the N. B. Telephone Co. does not object, so long as it is your own line. In fact, the whole object of this company is to provide proper facilities for business and social communication between friends. We give service and ask in return only reasonable consideration for the party at the other end of the line and for our operators, and a small yearly charge.

Let Us Give You Figures. And while you are thinking over the question of installation may we suggest that you endeavor to win a cash prize of five dollars which will be awarded the one submitting the best Jiggs and Maggie dialogue on the advantages or usefulness of the telephone.

"We are fighting for a worthy purpose, and we shall not lay down our arms until that purpose has been fully achieved."—H. M. The King.
TO THE PEOPLE OF THE EMPIRE—Every fighting unit we can send to the front means one step nearer peace.

A WAR-TIME ELECTION.
Cable advices to Upper Canadian newspapers indicate that the recent general election campaign in Australia was the most bitter for a decade and that many unparliamentary issues were raised during the party and factional fighting.
Premier Hughes was victorious on a policy pledging vigorous prosecution of the war but there will be no conscription until another referendum has been taken to test public opinion. His opponents declared themselves in favor of slowing up in Australia's war effort and devoting more attention to domestic affairs which have been more or less neglected during the period of war.

In Australia practically all the residents are of British extraction, and many of British birth. To all intents and purposes there is but one race and yet we are told that the recent election campaign was the most bitter in twenty years and that during its progress public attention was diverted from the more important object of winning the war.
In Canada there are two races and political bitterness is carried to an extreme which Australia does not approach. Consequently, if the Australian campaign was bitter and tended to take the thoughts of the people off to the war a Canadian election campaign would be even more bitter and more damaging in its effect upon the public mind.

Canada and the United States are co-operating very closely in relation to food supplies. Whatever regulations are adopted in the United States will be followed in this country. Speculation in foodstuffs will be reduced to the minimum and the combined efforts of the two governments will be exerted to thwart the food grabber and the manipulator.
The national administrations are also operating to secure increased production where mutual benefits are to be obtained. Thus Canada produces great quantities of beans and pork, but she lacks a sufficient supply of tin cans. The soldiers in France eat heavily of pork and beans and Canada plans to send them 100,000,000 cans during the year above the supply of cans to be had in this country. The American government will see that the cans are forthcoming.

THE WAR.
A recent war dispatch says the Allies will maintain their intense offensive on the west front throughout the whole fighting season into late November. In this strenuous fighting the British army will take the lead, though ably seconded by the French. There is to be no let-up in the tremendous struggle. The Allied armies will bring the enemy as nearly to his knees as may be before the snow flies again.
It happily appears that the Anglo-French armies are well prepared to carry the battle along upon the present lines. They have guns in enormous stores, and their supplies of munitions are apparently without practical limit. Their artillery is so powerful that they are able to blow the most stoutly defended German positions to pieces, and their men possess the courage and numbers to follow the artillery preparations with overwhelming infantry advances.

THE WEATHER.
It haint no use ter grumble and complain. Its just as easy ter be happy and rejoice.
When God sorts out the weather and sends rain—
Why rain's my choice.
The above was written by the late James Whitcomb Riley. If he were alive today and living in or around St.

fighting has cost Germany 250,000 men, besides her exceedingly heavy losses of guns and munitions, both of which are relatively in short supply, as witness the superiority of the British and French artillery fire. It is easy to estimate what this ratio of loss will mean, if maintained for a further six months. Germany will be literally bathed in blood. In four months a million of her sons will be hors de combat, and an additional 200,000 of her soldiers will have been taken prisoner.

Even though the rate of progress be not maintained, there are nearly two months before the weather again seriously will hamper major operations on the west front. Meanwhile the Russians have been inactive, but they may easily become a fresh tax upon Germanic strength before the summer is over, and if so, there again the strain will tell upon the Teutons.
The harvest in Germany is certain to be delayed because of the backwardness of spring. This will be a dangerous development, if food is really already scarce, as we may well believe it to be. The cutting off of all supplies to the neutrals surrounding Germany will be a further heavy economic blow to the enemy.

HONORED MEMORY OF SOLDIER HERO

Impressive Service in St. Matthew's Presbyterian Church for Q. M. Sergt. William Mason.
A very impressive service was conducted yesterday morning at St. Matthew's Presbyterian church in memory of Quarter Master Sergeant William Mason, who on the 15th day of April last paid the supreme sacrifice on the battlefield in France. The pastor, Rev. John Hardwick, based his remarks on Mark 8:35. "For whosoever will save his life shall lose it, but whosoever shall lose his life for my sake and the gospel's, the same shall save it."

Articles Barred.
W. E. Anderson, Imperial trade correspondent here, has received from Hamilton Wickes, His Majesty's trade commissioner in Montreal, notice of the following cable received from H. M. Board of Trade, London, England: "Export prohibited United Kingdom first May, mineral waters, beer, ale, candles, paraffin wax, iron and steel, constructional material, tubes, sheet, etc., ply wood, railway material, resinous substances. Goods in transit through United Kingdom now affected by import and export prohibitions except in neutral ships. Licenses obtainable."

Bank Men Transferred.
E. A. Dorsey, who has been manager of the Bank of Nova Scotia in O'Leary, P. E. Island for the past three years, has been transferred to Head Office, Toronto.
H. W. Jubien, manager of the Royal Bank branch at Glace Bay, has been transferred to North Sydney, N. S. It is understood that R. J. M. Cullen, at present in charge of the Sydney Mines branch will succeed Mr. Jubien. Mr. Cullen formerly resided at St. John.

Hard to Drop Meat? All depends on what you eat as a substitute. It is a good time to study "food value." You may be eating the wrong foods, the foods that cost most and give the least nutriment. Shredded Wheat Biscuit contains more real, body-building nutriment, pound for pound, than meat, eggs or potatoes and costs much less. Two of these Biscuits with milk and a little fruit make a nourishing meal at a cost of a few cents. Make Shredded Wheat your "meat." A satisfying breakfast on which to start the day's work. It is ready-cooked and ready-to-eat. Made in Canada.

Little Benny's Role Book

Yesterday my cousin Artie gave an exhibition with his goat Lobster in his back yard, selling tickets for a cent apiece, which it sold on them. See the words only educated goat, it looks like a goat but acts like a person.
Lobster being a black and white goat which lives in the garage with Artie's swanboat, and 5 of us fellows and 3 girls went tickets and went around to Artie's back yard and sat on chairs with Artie and Leroy Shooter and Sid Hunt had carried out of the parlor, Leroy Shooter and Sid Hunt being Artie's assistants. With after we was all ready, Artie stood up on a kitchen chair and started to announce, announcing, Ladies and gentlemen, I take great pleasure in introducing Lobster, the words grate and only educated goat, the first trick will be the wonderful setting down trick, lead forth the grate and say Lobster.
With Leroy Shooter and Sid Hunt did, leading him forth from the summer kitchen and standing him in the middle of the grass plot. The grate and only Lobster will now set down, said Artie. And Leroy Shooter and Sid Hunt each grabbed a hold of one of Lobster's hind legs and pushed it, and Lobster quick set down not looking very much surprised, the 2 assistants keeping pushers down him so he couldn't get up again. Nobody in the audience clapping except Sam Cross, being the only one that had got in for nothing.
The next trick on the program is the wonderful standing up trick, announced Artie, the grate and only Lobster will now stand up. With just then Sid Hunt and Leroy Shooter left go of him, and Lobster stood up again, and Sam Cross clapped.
Thanking you one and all, ladies and gentlemen, the afternoon entertainment is now concluded, announced Artie.
Which he only thawt it was, the little awdients jumping up and coming out to see what the noise was and seeing all the parlor chairs out in the yard and she gave Artie a fearse crack on the side of the face and chased the little awdients and the 2 assistants out.

chowder shop. No longer will the expression "as quiet as a clam" carry the same weight as it has in the past, for clam chowders will make a noise like twenty cents commencing today.
The reason for the increase of five cents is due to the advanced price of the materials which constitute a chowder. With potatoes beyond the reach of the workman, onions soaring skyward, clams increasing in price, and the other incidentals necessary in the manufacture of a chowder, it is claimed there is practically no profit in putting up a chowder to sell at fifteen cents.
Men who are accustomed to having a chowder every night, and there are many of them, look back with a shudder when they remember the day clam chowders could be purchased for ten cents. The fifteen cent chowders has been in existence for over two years.

ALUMNI OF KING'S COLLEGE.
Dr. M. A. B. Smith, A. D. Merkel and Judge Forbes have been elected to fill the vacancies in the executive committee of the Alumni. The officers of the association are:
President—Dr. J. Walter Allison.
Vice-president—Canon Vroom.
Treasurer—W. L. Payzant.
Secretary—Canon Verdon.
Additional members of the executive—Rev. Noel Wilcox, Dr. M. A. B. Smith, A. D. Merkel, Judge Frank G. Forbes.

London, May 10—During a discussion of the shipping problem in the House of Lords today Earl Curzon said that the admiralty had the first claim and the first call on the national ship-building resources. The result of the British naval programme, he stated, would be that after the war Great Britain's naval tonnage would exceed the naval tonnage of all the other nations of the world.

Moncton, N. B., May 11—In the case of the Silver Lake Fox Farm vs. Robert L. Todd of St. Stephen, before Judge Chandler here, the trial was concluded this afternoon. Judgment was reserved until next week.

THE PUBLIC FOOD PRODUCTION COMMITTEES FROM EACH PARISH APPOINTED AT MEETING YESTERDAY TO ASSIST CAMPAIGN.

Cold, Backward and Wet Season in Britain, New England and Maritime Provinces, Ties-up Planting.

The meeting at the court house yesterday afternoon of the interests of increased food production was attended by about 100 persons from the city and county. It was decided to co-operate with the provincial committees in their work and to appoint parish committees to supervise and encourage the work in their several localities.

Miss Bartlett, teacher of domestic science, delivered an address on food production and conservation, and E. A. Schofield told of the work already done by the provincial executive.

At 4:20 County Secretary J. K. Kelley called the meeting to order and said it had been suggested to him that following the recent action at Fredericton the county might organize and do something locally to help in the campaign for increased food production and he moved that Mayor Hayes take the chair. This was carried and the mayor in accepting pointed out the need which existed for conservation of the present food supply and largely increasing the future supply.

The war was not over and from present indications would not be for some time. Prof. Robertson had stated in his address that even now families were starting between three and four million people in the face. He called on J. King Kelley to know if any programme had been arranged and Mr. Kelley said the only set address was one by Miss Bartlett. While on his feet he read letters of regret from Premier Foster and Hon. Dr. Robson who were unable to be present and stated that arrangements had been made with the secretaries of the agricultural societies in the parishes to supply farmers with seed.

The mayor then called on Miss Bartlett, who gave a short address on the food problem. She said the time had arrived when every person could do something for the cause which was dear to every heart in Canada, namely the winning of the war, either by the way of growing food or conserving the supply. The supply of food for the army could be largely increased if people at home would abstain from the foods which went overseas and substitute other foods in their place. She made some suggestions as to how interest in this matter could be created and suggested that contests be arranged and prizes given for the best garden plots. Economy in the use of food should be taught, every scrap of food should be used, every one should be taught how to market and the food value of a dollar, and she also advocated the introduction of household science into every school in the province.

Michael Kelly spoke of the boys who it was proposed to send out to help the army and suggested that they be sent out in groups to adjoining farms in order that they might get together after the day's work and join in recreation.

T. H. Estrooks suggested that Mr. Kelley outline the proposed plan of work in the county.

Mr. Barrett of East St. John said a general head of what the city man might do to increase production, but he had not heard anybody tell them how to do it, and it was no use to tell people they ought to do certain things without telling them how to do them.

Councillor William Golding of Lancaster moved that committees be appointed to co-operate with the parishes in this effort.

E. A. Schofield thought it would be wise to consider the organization already under way and whether this would not be paralleling their work. They had committees already outlined and would be prepared to make public the personnel in a few days on the growing operations and advising as to seed, etc.; helping to secure seed implements, etc.; on financing and marketing and publicity.

He offered several suggestions as to how the city man could help in this campaign and urged the men with money to buy farms and stock them with cattle and in this way increase the supply. They would be doing a patriotic work and at the same time going into a profitable business. The men with autos might keep in touch with the farmers in the county, and if they wanted anything from the city in a hurry take it out to them and thus allow them to work away instead of losing the time to come in and get the needed supplies.

J. King Kelley said that so far from interfering with the work of the provincial committee this work would be an aid and it was proposed to work in harmony with them and to give Mr. Schofield and Mr. Patchell all the assistance they could. The local committees would be able to give information perhaps not obtainable in any other way. On the motion being put it was carried. The following were appointed as the parish committees with power to add:

For the parish of Simonds, Councillors Thomas B. Carson, M. L. A.; Henry Shillington, and G. Fred Stephen.

The closing services in connection with the 60th anniversary of the First Presbyterian Church, Carleton, were held yesterday in the church. At the morning service the sacrament of the Lord's supper was administered to a very large number of communicants. There were, in all, 28 new members added to the membership roll of the church. Two adults were also baptized. Dr. Morrison took as the text of the communion address, 1st Corinthians, 11:24; "This do ye in remembrance of Me." At the evening service, as also, at the morning service, the choir, under the leadership of Thomas Rippey, rendered special music. Percy Cruikshank sang, with pleasing effect, a solo during the evening service.

Dr. Morrison took as his evening subject, Leviticus, 25, 33-44; being the account of the Feast of Tabernacles. Upon this theme the doctor delivered an historical sermon dealing in a comprehensive manner with the past history of the Kirk. After the sermon Dr. Morrison read the appeal issued conjointly by the Minister of Agriculture and the Acting Director of National Service, urging greater food production throughout the province.

The jubilee committee; J. R. Cameron, chairman and A. W. Fraser, secretary, will meet tomorrow evening at the office of the appeal to receive the reports and conclude the business connected with the anniversary. Dr. Morrison stated yesterday that the sum of \$600 asked for to clear of the oldtime debt is well in sight.

Suit Cases and Travelling Bags

MISSION CHURCH HAS PRAYERS FOR BIG CROPS

Rev. Father Young Tells Congregation of Seriousness of Food Situation -- Special Services This Week.

At yesterday's services in the Mission Church of St. John Baptist, the priest in charge, Rev. Father John V. Young made appropriate reference to the imminent danger of a food famine and urged his congregation to offer prayers for a bountiful harvest, during Rogationtide. Special prayers were said in the church to-day, tomorrow and Wednesday, Rogation days.

On Thursday, Ascension Day and a holy day of obligation, there will be a high celebration of the Holy Eucharist at 7 a. m. All of the Anglican churches in the city will hold services on Thursday.

OBITUARY. Samuel K. Wilson.

One of the oldest and best known residents of the West Side passed away early yesterday morning in the person of Samuel K. Wilson, who died at his home, 229 Charlotte street, after an illness of four years from paralysis. Mr. Wilson was in his younger days prominently identified with the lumber business of the port and in partnership with his father, the late Jarvis Wilson, conducted a large timber pond on the West Side.

Mr. Wilson had reached the advanced age of 76 years. He was one of the oldest members of Carleton Union Lodge, F. and A. M., and the funeral will be a Masonic one. He is survived by his wife, two sons and two daughters. The funeral will be held on Tuesday afternoon at 2 o'clock.

Frederick A. Coles. The death of Frederick A. Coles occurred at the General Public Hospital after a short illness from pneumonia. Mr. Coles was a carpenter and belonged to this city, son of the late Albert and Emma Coles. He is survived by his wife and two small children, and one sister, Mrs. Fred Harcus of New Rochelle, N. Y. The funeral will be held this afternoon from Chamberlain's undertaking parlors.

FUNERALS. The funeral of James Boyd took place Saturday afternoon from the undertaking rooms of Mr. John Chamberlain, 1311 street, after service by Rev. F. W. Thompson. Interment at Fernhill. The funeral of William Harrington, King street, West, took place Saturday afternoon, service was held by Rev. E. A. Westmorland. Interment at Cedar Hill. The funeral of Benjamin Tippet took place from his son's residence, King street, Carleton, Saturday afternoon, service by Rev. E. A. Westmorland. Interment at Cedar Hill. Miss L. M. Hill (Chiroprapist), removed to 82 Princess St. Office open after May 16th.

OMAR KHAYYAM WINS BIG RACE IN KENTUCKY

English Bred Colt First in 43rd Annual Derby at Churchill Downs.

Louisville, Ky., May 13.—Omar Khayyam, imported from England and carrying the colors of Billings and Johnson of New York, won the forty-third renewal of the Kentucky Derby at Churchill Downs Saturday afternoon from a classy field and before the largest crowd that ever witnessed the important event.

Andrew Miller's Ticket, favorite in the betting, was second, two lengths back, with a length and a half separating J. W. Parrish's Midway in third place. Harry Payne Whitney's Rickety was fourth, four lengths behind, with the early pacesetter, Star Gaze, in tenth place.

300,740 NEGROES QUIT THE SOUTHERN STATES

As Result There is Decided Shortage of Help in South of Mason and Dixie Line.

Richmond, May 13.—It is estimated that 300,740 negroes have left the south within the last eight months to find employment in the northern states. It is said that most of the negroes went to munition plants, 75,000 going to Pennsylvania alone. The departure of the negroes has created such a shortage of labor in the south that employers are alarmed and the federal department of labor at Washington is investigating.

OBITUARY

NELSON H. GUNN.

Nelson H. Gunn, who for years was employed by the Dominion Atlantic railway at the Reed's Point freight shed of the Dixie boat on Saturday night, Mr. Gunn was well known and popular, and had many friends throughout the city. He was foreman of freight handlers at the wharf for a long time.

Mr. Gunn lived at 10 Charlotte street where his relatives conduct a hotel. His father was also well known, having conducted the market restaurant about 45 years of age and is survived by a wife and son.

James Desmond. The death took place at Lakeside, Simonds, Saturday morning, from heart trouble, of James Desmond, a well known resident of St. John county. The deceased is survived by his wife, formerly Miss Elizabeth Donovan, of Colbrook; two daughters, one son and one brother, Misses Juliet, Anna, Ted and Timothy.

Capt. J. W. Dollar. Expressions of general regret were heard when it became known that Captain John William Dollar died at his home, 52 Elm street, at an early hour Saturday morning following an illness of two years. Although Captain Dollar was only 36 years of age he became well and favorably known as a shipping man. He had been attached to the officers staff of river steamers including the Hampton, Oconee and Elaine, where he became very popular with the travelling public along the St. John river. He was a native of Hampstead, N. B., but after he had received his captain's papers he made his home more or less in St. John.

Capt. Dollar leaves his wife and one child, also his parents, Mr. and Mrs. John Dollar, of Elm street, and one sister, Mrs. L. Costin of Amherst. The body will be taken to Hampstead this morning on the steamer D. J. Purdy for burial at Queenstown.

Marietta Florence Stephenson. The home of Mr. and Mrs. John A. Stephenson has been saddened by the death of their only child, Marietta Florence, aged seven years and seven months, which occurred Saturday, May 12, after an attack of cerebral meningitis. The parents will have the sympathy of their many friends in their sad hour of bereavement. She was a bright child and well liked by all who knew her. The funeral will take place tomorrow afternoon at 2:30 o'clock from the home of Frank H. MacFarlane, 65 Harrison street.

Joseph Doucett. Joseph Doucett, a retired C. G. R. employe of Shediac, died at the Provincial hospital, Fairville, last week. He never recovered from the effects of a severe accident nearly two years ago. He is survived by a widow, one daughter, Mrs. Albert Steeves of lover and five sons, four of whom are railroad men.

The funeral services were conducted by Rev. Frederick Ellis, rector of St. Martin's Anglican church, Shediac Cape.

Sold at Auction. At Chubb's Corner Saturday afternoon F. L. Potts offered for sale under a decree of the Chancery Court a lot of land and building situated at No. 45 Peters street wherein Elizabeth Bartsch is plaintiff and James Ross and others are defendants. The property was purchased by John Doyle at \$100.25.

HAD NOT HEARD OF GREAT WORLD WAR

Austrian Who Had Been Four Years in New Brunswick and Maine Hears Some News—Arrested As Spy, But Freed.

An Austrian Pole named Peter Zalunch, who has been in New Brunswick and Maine, working in the lumber camps and mills for four years, has been in trouble on the other side of the boundary. Although Zalunch, like most of the Poles, has little use for the Hapsburg dynasty, he was arrested in Maine as an alien enemy.

In fact when he was taken before the court he said he had been in the woods so long that he did not know there was a war on. He does not speak English or French, and therefore was unable to converse with his fellow workmen either in New Brunswick or Maine. He said he hadn't heard from home, hadn't seen any papers that he could read. He said he had seen soldiers in this province and Maine but did not know what it was all about.

It was first thought Zalunch might be a spy, but after an interpreter had cross-examined him at length the court allowed him his liberty.

Deaths Last Week. Twenty-two deaths were reported to the Board of Health last week, as follows: Pulmonary tuberculosis, five; pneumonia, two; senile decay, two; cerebral hemorrhage, paralysis, mitral regurgitation, cirrhosis of liver, septicemia, asthma, apoplexy, malignant angina pectoris, cardiac insufficiency, water on brain, heart failure and arterio sclerosis, each one.

BORDER YOUNGSTERS TO AID 'GREATER PRODUCTION'

Juvenile Horticulturalists Have the Seed and Tools, But Waiting for Old Sols' Assistance.

McAdam, May 13.—The school children of towns and villages along the border on both sides of the line are planning to carry on garden work on a large scale during the next few weeks. Up to date the weather has not smiled on the juvenile horticulturalists, but they are anxious and hopeful. There is a bull market in garden tools.

The demand for seeds is large and some of the seed houses are finding it difficult to fill orders. Boston reports that the big seed houses of that city have had to close their places of business part of the time in order to hold off the rush. Supplies are scarcer than usual and some houses are even making stocks insufficient to even meet the normal demand.

BIG SNAKE FISHED OUT OF BOSTON HARBOR

City is Decidedly Wet, But Serpent Was the Real Thing and Was Seven Feet Long.

Boston, May 13.—The fact that Boston defied Billy Sunday's passionate appeal and deliberately voted to continue as one of the biggest liquor centres in North America does not account for a strange light in the harbor. Several longshoremen, although they have no positions on the "log," actually and truly captured a snake of the boa constrictor variety seven inches in length.

The big serpent evidently stowed himself away when a steamer loaded bananas at Boston del Torro, Central America. When the bananas were being unloaded the snake squirmed out of the ship and dropped into the water. He did not like the temperature of the water, and after swimming about a few minutes, pulled itself onto a log.

EX-SENATOR FORAKER, OF OHIO, IS DEAD

Was Man Who Twice Nominated William McKinley for President of United States.

Cincinnati, May 13.—Hon. Joseph Benson Foraker, former United States senator, and long a national figure in politics, is dead.

Mr. Foraker was born in 1846. He was an officer in the Civil War and was later a judge of the superior court and twice governor of Ohio. He nominated William McKinley for president in 1896 and 1900 in the Republican national convention. Mr. Foraker was one of the foremost orators in the United States.

Few People Know This

Large doses of pills for the liver are not as efficient as small doses. The big dose purges its way through the system fast, but does not cleanse thoroughly. The small dose (if right) acts gently on the liver, and gives it just the slight help it needs to do its own work, and do it well. Take one pill regularly, until you know you are all right.

Carter's Iron Pills

Colorless faces often show the absence of iron in the blood. Carter's Iron Pills will help this condition.

Aqua Vitae

WHISKY—the liquor distilled from grain and malt, probably originated among the Celtic inhabitants of Scotland, as the name is from the Celtic, meaning "Water of Life." It was first known as AQUA VITAE and used only as a medicine; it was first used as a drink in Scotland in the XVII. Century.

WHYTE and MACKAY SCOTCH stands out in strong relief amongst the many brands offered for sale on this market, as it is medicinally recognized as pure, tonic and invigorating drink of quality, flavor, strength and purity.

How 60 Days Against The

Away With Worthless Makeshifts

Ninety-nine out of every hundred dollars spent for elastic and brasses might as well be thrown away.

Close to ten million dollars a year in this country alone—is practically wasted on such contraptions. And all simply because nine-tenths of ten tenths to a more thorough examination instead of trying a thorough test.

A Mere Try-on is a Shame

You can't possibly tell about a truss or anything else for sure merely by trying it on. A truss or so-called "appliance" may seem all right at first and may prove utterly worthless. The only way in the world you can be sure of exactly what you get is by making a thorough test without having to risk money.

The Only Thing Good Enough To Stand a 60-Day Test

There is only one thing of any value for rupture that you can get on days trial—

Only one thing good enough to stand such a long and thorough test is our guaranteed rupture truss.

We'll make one especially for you—make it to your measure. Let us try it sixty days—

We'll practically lend it to you long—without asking you a penny.

If it can't be made to keep you true from coming out or from being in any way, no matter how you work or strain—it'll do prove every claim we make—it cost you a single cent.

Made on New Principle

This guaranteed rupture holder famous Cluete—is so utterly different from everything else for rupture that it has received eighteen separate awards. It is far more than just a made on an absolutely new principle. Unlike everything else, it is regulating, self-adjusting—instant and automatically protects you against every strain so your rupture can't

Here are Related Facts and Fancies Concerning the Activities of Individuals and Organizations, the Home, Fashions and Other Matters.

Y. W. P. A. An executive meeting of the Y. W. P. A. was held on Saturday evening at Harold Climo's studio. Many matters of interest were discussed which will be brought before the general meeting. Plans were made for the tea to be held shortly in aid of gardens of the French and Belgian peasants and committees appointed to arrange for the same. One dozen pairs of socks were voted to the Kettle Battalion sock appeal. A letter was received containing a cheque for \$10 from a member of the association.

THAT BACK YARD GARDEN. How to Begin. If your garden has not been under cultivation for years, has grown up in grass or weeds, it is probably "sour" and needs a treatment of lime. One sack of hydrated lime will treat a lot 50 by 100 feet. For a small plot, if stable manure cannot be obtained, sheep manure or wood ashes, which you may work yourself, should be well worked in when the soil is spaded.

Orilla, Ont., May 13.—There is an abundance of proof from right here in Orilla that Dr. Chase's Nerve Food is unrivalled as a means of forming new, rich blood and building up the exhausted nervous system. At this season almost everybody feels the need of restorative, tonic treatment to keep up vitality and ward off the tired, languid feelings. This letter will give you some idea of the splendid results to be obtained by using this great food cure.

Nerves Weak Had Hysterics

Orilla Lady Tells of Her Pitiable Condition When the Nerves Gave Way and She Became Sleepless, Irritable and Excited.

Orilla, Ont., May 13.—There is an abundance of proof from right here in Orilla that Dr. Chase's Nerve Food is unrivalled as a means of forming new, rich blood and building up the exhausted nervous system. At this season almost everybody feels the need of restorative, tonic treatment to keep up vitality and ward off the tired, languid feelings. Who's Who and What's What in the Picture World and on the Stage—Favorites and What They Say and Do.

OPERA HOUSE. With five acts more than the average excellence this week's vaudeville at the Opera House will keep up the standard set by last week's programme. The Crimson Stain Mystery was unusually interesting owing to the introduction of a child and a dog. The "dirty little kid" with her lively pup were rather a treat to look at among the anxious, worried people and the criminals who harass them.

KINGSTON. Kingston, May 9.—Mr. and Mrs. Geo. H. Kierstead who have been residents here for many years have moved to St. John. They will be much missed by their friends here. Mrs. Basil May and young son, Hamilton, of New York, are visiting her mother, Mrs. John Mott, for a time. Much sympathy is extended to the Rev. A. G. Peters and family in the loss of their son, Adolphe, who was killed in action April 9th. Pte. Peters was but 15 years of age. He went overseas in the 14th Battalion and in March was sent to France where he was so soon killed in action. He has also a brother, Ernest, in the 104th Battalion, who is yet in England.

McADAM. McAdam, May 9.—Mrs. G. J. Green and Miss Helen Green spent a few days in Calais last week, where they were guests of H. R. P. MacDonald. Mrs. Howard Harris attended the W. A. convention held in St. John last week. Mr. C. B. Lockhart, collector of customs of St. John, came to McAdam on Friday to attend the funeral of his brother-in-law, the late J. W. Hoyt. Mrs. Stewart, of St. Andrews, was the guest of Mrs. George Green this week. Mrs. P. E. Butler, of Calais, was visiting friends here for some days last week. Mrs. Butler has hosts of friends here who give her a warm welcome. Miss Ethel DeWitt, of the Chipman Memorial Hospital came from St. Stephen on Friday to attend the funeral of her uncle, the late J. W. Hoyt. Mrs. W. Graham and Mrs. P. E. Graham, of St. Stephen spent Tuesday and Wednesday with friends here.

Succession Crops.

When some of the things are through their season such as early tomatoes or beets, after midsummer, the ground can be put into celery, one of the golden self-blanching kinds, and a twelve-foot row should give space enough for two dozen plants. It may free you from trouble for the rest of your life.

OUT OF THE RUNNING AT 40 YEARS OLD

Men at 40 should be doing their best work. This is impossible unless health is good. Many a man at 40 thinks he is getting old and out of the running, because his back aches, his joints are swollen and sore, or he is the victim of rheumatism.

THE WEATHER.

Forecasts: Maritime—Strong winds or gales, from northeast and north; cool, with showers in some places.

Washington, May 13.—Forecast: Northern New England—Fair Monday and Tuesday, not much change in temperature; fresh north to northwest winds.

Table with columns: Location, Min., Max. Rows include Dawson, Victoria, Vancouver, Kamloops, Calgary, Edmonton, Medicine Hat, Prince Albert, Moose Jaw, Winnipeg, Fort Arthur, Parry Sound, London, Toronto, Kingston, Ottawa, Montreal, Quebec, Halifax.

Around the City

Exchange of Pulpits. The pulpit of Centenary church was occupied at both services yesterday by Rev. James F. Rowley, of Hampton and Rev. W. H. Barraclough took his appointment at Hampton.

Rev. Canon Hanington Dies Suddenly. Inspector William McLean received a telegram last evening informing him of the sudden death of his brother-in-law, the Rev. Canon Hanington, St. Bartholomew's Rectory, Ottawa.

Rev. Mr. Hayward, Preacher. Rev. P. R. Hayward, of Fairville, was the preacher of the baccalaureate sermon to the graduating class of the University of New Brunswick at the Brunswick Street Baptist Church, Fredericton yesterday.

Boys to the Farm. A meeting will be held in the High School assembly room at 2.30 o'clock this afternoon for the purpose of discussing the plans for school boys working on farms this summer. Dr. Carter and others will address the meeting.

Haverhill Clergymen Here. The Rev. Robert Atkinson, pastor of the First Presbyterian church at Haverhill, Mass., was the preacher at the morning and evening services in the Knox church yesterday. He made a profound impression at both services. In the morning a communion service was held, and the sermon of the visiting clergyman was appropriate to the service.

King's Students Return. The St. John boys who took the degree of B.C.L. at King's College, Windsor on Thursday, returned to the city on the Dieby boat Saturday night. Besides the students James J. R. Armstrong and J. B. M. Baxter were in the party. The following comprised the party of students: Arthur L. Dykeman, Wm. J. Shea, B.A., John A. LeBlanc, B.A., Thomas K. Sweeney, J. W. Tait, Harold C. Ramsey and Harold Vincent. The party after receiving their degrees journeyed to Halifax about forty-five miles from Windsor. While in the garrison city they visited the historical points of interest.

ST. JOHN MAY GET SHIPBUILDING PLANT

Representative of Clyde Firm Looks Over Possible Sites—Favors Nelson Wharf.

Once more the possibility of a steel shipbuilding plant for St. John looms up on the horizon, and Saturday the possible sites for such a plant were looked over by a representative of a large shipbuilding concern who are now operating on the Clyde. Thomas V. S. Dickson of Glasgow, representing the shipbuilding firm and A. D. Swan of Montreal, arrived in the city Saturday morning, and looked over the ground to ascertain the possibilities of establishing such a plant here. After looking around the main harbor and Courtney Bay they came to the conclusion that there were only three possible sites, the Nelson wharf, between the ferry slip and Navy Island, below No. 17 leaving room for three more berths, and a site in Courtney Bay north of the Dry Dock, of these they favored the Nelson wharf site and it is just possible this will be chosen and the plant located here. At 1 o'clock on Saturday the visitors were entertained by Mayor Hayes at luncheon at the Union Club. Those present were: Senators Thorne and Daniel, Commissioners Wigmore, Russell and Fisher, A. H. Wetmore, Mr. Grant of Horne & Grant, and P. R. Warren.

Sites at Halifax and Montreal have already been looked over and Mr. Dickson said the place which they considered the best for the establishment of the plant would be the one selected and expressed himself as very much impressed with the Nelson wharf property. Mr. Dickson and Mr. Swan left Saturday night for Montreal.

CHIEF INSPECTORS SATISFIED WITH PROHIBITION ENFORCEMENT

Rev. W. D. Wilson Says New Act is Being Well Obeyed All Through Province — Preparations for Scott Act Repeal.

Rev. W. D. Wilson, the chief inspector appointed to enforce the New Brunswick prohibitory law, was in a happy frame of mind Saturday afternoon when visited by a Standard man at his office in the provincial immigration building. With the chief inspector were Inspector Crawford and a bright, business-like stenographer. Inspector Crawford had just reported on the successful raids he and Detectives Duncan and Briggs had made on a George street establishment Friday night and on Union street Saturday, where more than \$1,000 worth of wet goods were found. The chief inspector is an affable man of commanding appearance and is well versed in handling the liquor question in prohibited zones. Rev. Mr. Wilson had just returned from a tour of inspection in five of the six counties where the prohibitory law is in force. He was surprised and gratified to find how well the new law was being enforced, particularly as there had been little time for organizing the half dozen counties. Reports reaching the chief inspector from all parts of the province indicate that these counties are remarkably dry and where violations of the law are detected they are being dealt with promptly and vigorously.

Some trouble, he said might have been expected in places like Bathurst and Edmundston, where liquor was formerly sold openly, but the reports show that these towns are observing the new law. The Supreme Court decision against the extension of licenses in Victoria county by the license board settled affairs there and Victoria is now in the dry belt. The first charge under the new law had been dealt with in Campbellton where a fine of \$150 was imposed last week. Two other cases were taken into court there Saturday. A large stock of liquor has been seized in Gloucester county by the North Shore inspectors and the sale of the goods thus headed off. In St. John the small number of arrests for drunkenness is regarded by

THREE CASES TAKEN FROM JUNG STUNG

The week-end proved disastrous for local men in illegal possession of liquor. Following the two raids of Friday and Saturday, a Chinese restaurant owned by Jung Stung at 54 Mill street, was raided by Inspector Alex Crawford and Detectives Briggs and Duncan of the local police force and a quantity of liquor seized. About three cases in all were found on the premises.

Chinese Restaurant Raided Yesterday—Inspector Had Suspensions—Webber's Case Resumed Today.

In conversation with the inspector shortly after the raid, he told The Standard that he had entertained strong suspicion that liquor was being supplied to soldiers at this restaurant during the winter months, long before the prohibition act became operative, and although he had no direct information he thought it advisable to pay the place a visit. When the inspector entered the restaurant he asked the proprietor where he kept his liquor and he (the Chinaman) pointed under the bed. An imperial quart was found in the place indicated, and on further inspection other liquor was found under the bed in two suitcases. According to the prohibitory law the restaurant being a public place, the proprietor is liable to a fine for having liquor on his premises, even though there is no evidence that he has sold any.

STEAMER MASKINONGE GOES TO NEW YORK

The British steamer Maskinonge, which is under charter to the Dominion Coal Co. and which was aground recently on the mussel bed, south of the Atlantic Sugar Refinery, has gone to New York for repairs. It was found that the vessel was leaning considerably after she was floated a week ago Saturday night. On the way to New York the steamer was boarded by a detachment from a cruiser, which after examining her papers allowed her to proceed.

INCREASED PRODUCTION CAMPAIGN

Employment Notice. Persons wanting employment on farms or farmers in need of help, call, write or phone James Gilchrist, Provincial Immigration Office, 109 Prince William St., Phone Main 1287.

FOR SALE CHEAP FOR CASH—Boat

It was found that the vessel was leaning considerably after she was floated a week ago Saturday night. On the way to New York the steamer was boarded by a detachment from a cruiser, which after examining her papers allowed her to proceed.

THREE CAR WINDOWS BROKEN BY RESIDENTS—INQUIRY CONCLUDED IN CITY

That the troop train bearing the 217th Battalion did have stones thrown at it by persons while it was departing from a small station known as Mont Joli in the province of Quebec and that there had been wordy warfare between the soldiers and residents of this place was evidenced by cars and men of the 217th Battalion before the military court of inquiry held in St. John on Saturday.

The most direct evidence offered was to the effect that at the place in question there was a group of men and boys at the depot when the train pulled in and while the train was there the soldiers pulled the car windows called the residents "slackers," "pea sop," and similar names, and the residents retaliated by word of mouth. As the train pulled out three stones were thrown by a party of three stationed between box cars on the opposite side of the depot. The stones broke three of the car windows but no person was injured. This was practically the only evidence of hostilities.

The commission, of which Colonel E. S. Wigle is president, and which is composed of Lieut.-Col. J. T. Ostell of the 65th Mount Royal Battalion, and Major Barclay of the headquarters staff, Ottawa, arrived in St. John on Saturday morning. They concluded the enquiry that day and left in the evening for Mount Joli to hold further investigation. This commission has been appointed by the government to investigate certain charges made in the Orange Sentinel, viz. that returned soldiers were ill-treated in districts of Quebec and that the train pulled in the usual salutations were given by the men in khaki as generally given by soldiers passing through cities or towns. At Mont Joli there were between thirty and fifty residents, including several boys at the depot, and while the train was there a wordy warfare was indulged in. No person was assaulted and with the exception of three car windows which were broken no damage was done.

COLORED MAN INJURED AT REFINERIES

George Hill had arm mangled—Amputated at Hospital—Displayed Wonderful Courage.

"I'm afraid you'll have to come off," said George Hill, a colored man, as he disentangled his badly mangled arm from a melting machine in the Atlantic Sugar Refineries on Saturday night. A witness of the accident said that the unfortunate man showed a remarkable degree of fortitude. The accident occurred about five o'clock. It appears the injured man was oiling the machinery, which caused him the loss of the arm, and in some manner his hand was drawn in and before he had time to extricate the hand the arm met the same fate. As he drew the injured arm from the machine he looked at it and uttered the expression quoted.
