## TEACHER TRAINING.

Three Girls of Bonaventure County Successful in Recent Exams.

We have the following from the Presbyterian (Toronto) of July 13—Presbytery of Miramichi—Miss Grace J. Chamberlain, Point a la Pêche, Que., first class honors in Doctrine, second class in Scripture, pass in Art of Teaching; Miss Ada S. Fair, Point a la Pêche, Que., first class honors in Doctrine and Art of Teaching; Miss Annie C. Harper, Oak Bay Mills, Que., second class honors in Scripture, pass in Art of Teaching.

## THE NEXT THEATRICAL EVENT

A contemporary says of the attraction to be at the Curriers Rink for two nights Tuesday and Wednesday July 25 and 26.

From beginning to end there is a piquancy about "The Real Widow Brown," now at the Grand, which is delightful and refreshing. It is full of good things, and there are so many of them that it is difficult to pick out those which are better than others. The piece is full of bright and witty dialogue, there are songs and dances of the latest without number. The members of the company are all good in their various parts; in fact, the show is one of the best seen at the Grand during the present season. Last night there was another good house, the show proving to be an excellent drawing card.

Wash greasy dishes, pots or pans with Lever's Dry Soap a powder. It will remove the grease with the greatest ease. 36

## NEW HOSPITAL.

Project Being Favorably Considered.

### COMMITTEE AT WORK.

Citizens to Have an Option of Purchase After Ten Years.

The committee appointed to consider the hospital proposition held a meeting Tuesday evening in the Baptist vestry. A basis of agreement was arrived at and submitted to a meeting of the Orange Order for approval last night.

The new plan gives the citizens the option of buying out the Orange interests after ten years for the money they have put into it and the building to be kept insured by both parties.

Another meeting of the committee will be held to-morrow evening for final consideration of the scheme in committee.

A public meeting will be held shortly for discussion of the whole matter.

### HOW'S THIS?

We offer one Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure. F. J. CHENEY & CO., Toledo, O. We the undersigned have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions and financially able to carry out any obligations made by him. W. A. KIRK, KIRK & KIRK, Wholesale Druggists, Toledo, O. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Testimonials sent free. Price 75 cents per bottle. Sold by all Druggists. Take Hall's Family Pills for Constipation.

## FREDERICTON BRIDGE

Two Spans Entirely Destroyed by Fire—Loss About \$10,000.

The Fredericton highway bridge was badly damaged by fire Saturday night and its usefulness destroyed for the time being. Two out of the ten large spans and one pier near the centre of the structure were completely wrecked and it will take at least \$10,000 to repair the damage. How the fire originated is a matter of conjecture, but it is supposed that a lighted cigar stub carelessly thrown on the plank did the mischief. Robert Cochran of Gibson and some others discovered the flames about 8.30 o'clock while crossing the bridge and hastened to the city and rang an alarm from box 34. The heavy pine timbers were as dry as tinder and the flames seemed to spread among them with lightning rapidity. The bridge was erected twenty years ago by Hon. A. G. Blair. The Western Union Telegraph wires and wires of the New Brunswick Telephone Company, which crossed the bridge, were destroyed, and communication by wire with Nashua and Miramichi points shut off.

Minard's Liniment Cures Garget in Cows.

### Death at Perce.

(Special to Events)

Perce, July 19.—Philip Buttin, partner in the firm of Chas. Bird & Co., died here this morning of gastritis, aged 40 years.

Minard's Liniment Cures Diphtheria.

## A NEW RECORD.

Sydney to Montreal in 22 1/2 Hours.

### 43.6 MILES PER HOUR

Still Montreal People Claim the St. Lawrence Route is the Faster.

Montreal, Que., July 14.—The special train from North Sydney with the Allan liner Virginian's English mail on board arrived at the Grand Trunk station at 8.23 o'clock this morning, having made the run from Canada's easternmost seaport to Montreal, a rail distance of 931 miles, in 22 hours and 38 minutes actual running time.

The actual running time for the entire distance was 43.62 miles per hour, which is a record run over the I. C. R. between the two points. The best running time on the journey was between Levis and Montreal. Upon the arrival of the train there early this morning I. C. R. engine No. 98 was immediately coupled on with a fresh crew and away they came. The train pulled out of Levis at 4.44 this morning and pulled into the station at Montreal at exactly 8.23, making the actual running time between the two points three hours and 39 minutes, an average of 44.65 miles per hour. On this run three stops were made for water and oiling purposes. They average between Levis and Montreal was better than any other stretch of the run.

The time made by the train is hours faster than that of the Ocean Limited, while the ordinary express running time between Montreal and Sydney has been beaten by no less than ten hours.

The interesting question now arises as to whether anything has been gained by getting the mails off at Sydney, in place of allowing the Virginian to take the usual summer course through the Straits of Bell Isle, and the general opinion is that the experiment has lost time rather than gained it.

Had the Virginian followed along the usual summer course, which would have been done under ordinary circumstances, she would have saved 195 sea miles over the ordinary route. Then must be added three hours of time lost was the amount she was diverted from her usual course in order to make Sydney harbor. This gives a total of 260 knots, or a clear 15 hours run at a speed of 17 knots per hour. To this must be added three hours of time lost in discharging the mails at Sydney, making a clear loss of 18 hours at the least.

Montreal, July 14.—The Virginian passed Martin River at 5.40 a. m.

Montreal, July 14.—The question of whether any advantage was gained by landing the mails at Sydney is causing a great deal of discussion, and the opinion of steamship people is that in that connection the experiment was a failure. Diverting the Virginian from her usual route cost about 18 hours, and if she had come straight on she could have landed the mails here at least two hours ahead of the train. On the present trip of the Virginian her mails were landed here about 4 a. m. on Friday.

Halifax, July 14.—It is reported to-day that the turbine Virginian is to give Halifax a mail and passenger trip test. Of course coming to Halifax would take the ship considerably off her St. Lawrence route, but the idea is to give a practical test of the fast line possibilities via Halifax.

## GRADING EXAMS.

List of Those Who Passed in Grading Examinations

Grade I—Erl Lutz, Herbert Travers, Walter Sargent, Ethel Lingley, Agnes Anderson, William Meade, Earl Krutse, Audrey Morton, Jennie Henningson, John McLaughlin, Holton Duncan, Glenford Mowat, Ingram McKenzie, John Goss, Gordon Pratt, Harry McLellan, Norman Crawford, Marguerite Chamberlain, Minette Alexander, Helen Stevens, Sarah Lutz, Lily Scott, Dolly Riddle, Mary Price, Gilford Bruce, Clara McRae, Bertha Beauchamp, Ada Beauchamp, Herbert Conely, Bertha Ferguson, Seth Poley, Edgar McIntyre, Bessie Smith, Pat Smith.

Grade II—Greta Metzler, Lulu Sullivan, Arnold Alexander, Claud Farrer, Harold Fraser, Mott Lingley, Call Devereaux, Ralph Murray, William Dobson, Hope Quinn, Nellie Richar, s, Greta Wall, Lida Duncan, Nellie Duncan, Jennie Sheals, Griffith Lapraik, Earl Borden, William Wall, Earl Lutz, Harold Mowat, Reginald McLean, Connie Murray, Bertha Dobson, Walter Sargent, Della McKenzie, Clifford Miller, Clifton Henningson, Tris White, Ernest Adams, Robbie Connel, End McKenzie, Fred Wheelhouse, Pearl Keith, Hilda Pratt, Harold Brown, Carrie Sharpe, Lulu McKenzie, William Keith, Arthur Johnston, Arthur Connel, James Joudry, Bilo Smith, Clarence Duncan, Percy Norman, Alice McMaster, Lillian Baxter, Ernest Peters, Margaret Adams, Daniel McEwen, Bessie McNutt, Stewart Main, David Allison, Etta McNaughton, Philip Chedore, Reginald Henry, Myrtle Ray, John Savident, Arthur Bedard, Marshall Wheelhouse, Laura Chandler.

Grade III—Mary Boucher, 86; Agnes Travers, 86; Annie McMaster, 83; Florine Andrew, 78; David Charr, 76; Clara Johnston, 74; James Harris, 72; Hallie Muirhead, 71; Jennie Connel, 71; Jean Anderson, 70; Eddie Beauchamp, 70; Violet Chardong, 70; James Ross, 69; Irene Dickie, 68; Ralph Charr, 68; James Cornell, 68; John Stuart, 66; George Appleton, 66; Myrtle Matthews, 64; Nellie Cole, 64; Frank Jacque, 62; Byron Ferguson, 60; Hattie Kerr, 58; Frank Watson, 58; Leslie Fraser, 55; Perley Nicholas, 50; Regina Boucher, 50.

Grade IV—Louis Annett, 93; Maggie McLennan, 93; Bessie Storr, 88; Jean Henderson, 85; Irene Murray, 83; Annie Charr, 83; Francis Fraser, 82; James Thomas, 81; Muriel Hickey, 78; Maggie Pritchard, 78; Florence Connel, 78; Reuben Dickie, 76; Amanda Killam, 76; Chipman Kean, 76; Ida Cates, 76; William Connel, 74; Lottie Travers, 73; Ernest Miller, 73; Llewellyn Gray, 73; Alden Mowat, 73; Eva Beauchamp, 71; Charles Johnston, 69; Mamie Duncan, 69; Leslie Dewar, 69; Cordelia Delaney, 67; Fred Alexander, 66; Harold Wallace, 66; Maggie McKenzie, 66; Gertrude McLellan, 64; Blair Miller, 63; Maggie Connel, 63; Stewart Kelly, 63; Bernard McLachy, 63; Joseph Alexander, 61; Edna Crossdale, 61; Douglas McNair, 61; Laura Devereaux, 60; Kathleen Dickie, 58; John Dewar, 57; Wm Trites, 57; Rhoda Travers, 56; Sadie Duncan, 56; Eugene Baxter, 55; William McNicoll, 55; Elbridge Watson, 54; Ewart Quinn, 51.

Grade V—Stewart Adams, 90; Harold Currie, 89; Gilchrist Allan, 87; James McLean, 86; Edmund Sargent, 84; Hugh McLachy, 82; Edna Wall, 80; Gerald McLellan, 78; Hazel Mowat, 77; Stewart McLellan, 77; Shirley Muirhead, 75; Muriel Keith, 74; Anita Henningson, 74; Lena Fraser, 74; Clifton Adams, 73; Grace Connel, 72; Lawrence Scott, 71; Lottie McKenzie, 69; Jennet Smith, 68; Ray Mathews, 68; Austin Murray, 68; Grace Travers, 67; Fred Graham, 64; Chas McAlister, 63; Florence Currie, 62; Thomas Henry, 60; Eunice LeFurge, 60; Myrtle McKenzie, 58; Helen Carter, 57; Lulu Gikier, 57; Muriel Mowat, 54; Mabel Stevens, 54; Percy Payne, 52; John Downs, 52; Austin McDonald, 50.

Grade IX, Total Marks 1000  
1 Div.—Mary L. Starrat, 878; Blair Graham, 876; Jessie Moore, 724; Pearl Morton, 710; Charles McLean, 681.  
2 Div.—Chas Gray, 656; Ruby Graham, 637; Wendall Thompson, 600; Della Currie, 590; Almon Savident, 590; Irene Currie, 521; Isa Cameron, 500; Effie Downs, 500.

### Grade X.

1 Div.—Sylvia Renault, 839

## TO CARLETON

The Excursion was a Grand Success

### BEAUTIFUL WEATHER

Chas. Marcell, M. P., Deputy Speaker of House, Addressed People

The excursion on the Lady Eileen to Carleton was a big success. The day was all that could be desired as far as the weather was concerned and nearly five hundred excursionists took advantage of the cheap rate and altogether a very enjoyable day was spent. The 72nd Battalion Band of Chatham under the leadership of Arch. McEachern furnished excellent music for the occasion.

Chas. Marcell, M. P., Hon. C. H. LaBillois, John Hall Kelly and Thos B. Clapperton delivered eloquent addresses at Carleton.

The Lady Eileen arrived at her wharf here about 8.30 in the evening.

2 Div.—Austin Kean, 607; Nelson Court, 581; Alice Mowat, 501; Edna Alexander, 531; Diana LaCasse, 491.

Grade XI  
1 Div.—Greta Gray, 783; Eileen Stewart, 702; Gordon Fitch, 633.

2 Div.—George Connel, 647; Jennie Carter, 554; Gussie Mowat, 542; Florine Doherty, 507.

### SETTLER'S EXCURSION

From Montreal to Matapedia and Paspebiac.

The Colonization Society of Montreal, in connection with their representative at Matapedia, Dr. J. A. Pinault is organizing an excursion from Montreal to Matapedia and Paspebiac. A great reduction has been granted by the I. C. R. at this occasion. The rate from Montreal to Matapedia will be as follows—1st class return ticket, \$7.75, and class \$5.60; from Quebec to Matapedia, 1st class return ticket, \$4.35, and class \$3.65. From Matapedia to Paspebiac one single 1st class fare.

This excursion will take place on July 21st and tickets will be good for 15 days after the date of their issue on any passenger trains on the I. C. R. Many excursionists are expected from United States and all the different points of Montreal and Quebec district.

As this period of summer season is eminently favorable to enjoy the splendid vegetation as well as to admire the grand and maybe the finest scenery of Quebec Province, we have no doubt but that a large number of people who take interest in Colonization will profit by this exceptionally cheap excursion.

### METHODIST "SCHOOL OF MISSIONS".

When? July 21st, Aug 5th. Where? St John, N. B., in Centenary Church. Who teaches? Many, a many whom are Rev Dr

## DROWNED.

John J. Jardine, of Cambridge, Mass. Sinks while Swimming.

Word was received here on Tuesday of the drowning of John Jardine, son of Mrs. Jardine who formerly conducted the Waverly Hotel here. The unfortunate young man was born at Newcastle and was twenty-three years of age.

The Boston Post has the following particulars:—

While attempting to swim across the Charles River, near the Western Avenue bridge, Brighton, about 5 o'clock yesterday afternoon John J. Jardine, of 77 Prospect St Cambridge, became exhausted in mid stream and drowned before aid could reach him.

In company with several companions he had gone to the river late in the afternoon to enjoy a plunge. It was soon proposed that they swim to the other bank. Jardine was in the rear and had reached the middle of the river, when, without uttering any outcry, he sank from view.

Not until they reached the other bank were his companions aware of what had happened, they dived immediately in an effort to locate him, but failed.

The body was later recovered and arrived at Newcastle on the Ocean Limited Tuesday afternoon and the funeral was held from the home of his brother J. T. Jardine at 2.30 yesterday afternoon.

The mother and family have the sympathy of the entire community. Carmin, Rev Dr Henderson, Rev Professor Riddell and F. C. Stephenson, M. D., from the west, and a number of leading gentlemen and ladies.

Hours of Session—From 8 to 10 p. m. on Monday; from 3 to 10 p. m. on Tuesday; from 9 a. m. to 10 p. m. on Wednesday; from 3 to 10 p. m. on Thursday; from 9 a. m. to 10 p. m. on Friday and from 9 a. m. to noon on Saturday. Liberal intervals will be had between the sessions.

The usual rates of travel in connection with such gatherings will be afforded and can be learned upon inquiry. Board at reasonable figures can be secured.

The School will afford opportunities for questions, literature and other modes of obtaining the best available information relating to Christian Missions.

### Biliousness

is a common complaint, very annoying and often serious if the proper remedy be not administered. The secretory organs must be put in a thorough working condition. If you would like to have a relief act as if from a charm, just use

**Beecham's Pills**  
Sold Everywhere. In boxes 25 cents.

**DO YOU KNOW**  
THAT BACKACHE  
IS THE FIRST  
SYMPTOM OF  
KIDNEY TROUBLE.

It is! and you cannot be too  
careful about it.  
A little backache let run will  
finally cause serious kidney  
trouble. Stop it in time.

TAKE  
**DOAN'S  
KIDNEY  
PILLS.**

They cure where all others  
fail. As a specific for Backaches  
and Kidney Troubles they have  
no equal. Here is what  
**MR. GEO. H. SOMERVILLE,**  
of Stewart, N. B., writes: "I was so  
troubled with a sore back I could not get  
out of bed in the morning for over a year.  
I got a box of Doan's Kidney Pills and  
before I had them half taken I could see  
I was deriving some benefit from them,  
and before I had taken them all my back  
was O. K. and I have not been troubled  
since."

## Royal Tonic

You'll hardly know your-  
self. ROYAL TONIC  
puts an edge on the ap-  
petite—makes things taste  
good—helps digestion—  
drives away that "blue"  
feeling—gives you all your  
old time vim and energy.  
ROYAL TONIC is the  
finest old French Cognac  
Brandy and aromatic tonic  
herbs. Delightful to the  
taste.  
In full pint bottles, only  
\$1. At all dealers.  
**THE LEONARD, HILLS CO., Limited, MONTREAL.**

**SEALED TENDERS** addressed to the  
undersigned and endorsed "Tender for  
Supplying Coal for the Dominion Buildings"  
will be received at this office until Tuesday  
August 8, 1905 inclusively, for the supply of  
Coal for the Public Buildings throughout the  
Dominion.  
Combined specification and form of tender  
can be obtained on application at this office.  
Persons tendering are notified that tenders  
will not be considered unless made on the  
printed form supplied, and signed with their  
actual signatures.  
Each tender must be accompanied by an  
accepted cheque on a chartered bank, made  
payable to the order of the Honourable the  
Minister of Public Works, equal to ten per  
cent of amount of the tender, which will be  
forfeited if the party tendering declines to  
enter into a contract when called upon to do  
so, or if he fails to complete the work con-  
tracted for. If the tender is not accepted  
the cheque will be returned.  
The Department does not bind itself to  
accept the lowest of any tender.  
By Order,  
**FRED GELINAS,**  
Secretary,  
Department of Public Works,  
Ottawa, April 1, 1905.

teacher holding an elementary  
Diploma to teach in District No. 2,  
Port Daniel West, Que. School to  
open the 3rd or 17th of July.  
Further particulars given and appli-  
cations received by the undersigned.  
**NORMAN L. DOW,**  
38-4w-pd. Sec-Treas.

## UPPER CARAQUET.

Having been a subscriber to this  
most interesting little paper "Events"  
for quite a length of time, I often  
wondered what was the reason that I  
never, or at least very seldom, spied  
any notes from this busy little place.  
I will therefore try and give our readers  
some of the news, hoping that some of  
our young folks will wake up from  
their long sleep, slip their hands in  
their pockets and send \$1 to "The  
Events" Campbellton, N. B., to get a  
paper which will give them all the  
news of the adjoining counties and of  
their many surrounding friends.

A beautiful wedding took place in  
the R. C. Church here on Monday,  
when Miss Maggie Murray, of Lower  
Caraquet, was married to Mr. Onisne  
Dugas of this place. Rev Theo.  
Allard officiated. The bride was at-  
tired in a beautiful dress of white silk  
with silk trimmings and wore a bouquet  
of forget-me-nots. The groom wore  
a beautiful black serge suit, Prince  
Albert style. The evening was spent  
at the home of Dumas Dugas, where  
quite a number of relatives and friends  
gathered, dancing being the chief  
amusement. At eleven o'clock all  
retired to their homes well pleased  
with the evening's amusement. Our  
sincere wishes to the newly married  
couple.

Miss Ida Poirier, teacher from  
Grand Anse, is visiting friends here.  
Her many friends will be sorry of her  
departure.  
Messrs Alex and S. A. Campbell of  
Little Shippegan passed through here  
last week on their way to Bathurst.  
Mr A. J. Venneau, who for a year,  
has been teaching in Little Shippegan,  
is back among his many friends.  
Mr and Mrs John Dempsey, of  
Clifton, passed through here last week.  
Mr A. J. W. McKenzie, of Bathurst  
spent a few days here last week.  
Messrs A. J. W. McKenzie and  
Cyrille Dugas left for Pokemouche  
last week where they intend to spend a  
few days on business.  
Listen! Not to the wedding bells,  
but to the mocking bird.

**One Dollar Saved Represents  
ten Dollars earned**  
The average man does not save to  
exceed ten per cent of his earnings.  
He must spend nine dollars in living  
expenses for every dollar saved. That  
being the case he cannot be too care-  
ful about unnecessary expenses. Very  
often a few cents properly invested  
like buying seeds for his garden, will  
save several dollars outlay later on.  
It is the same in buying Chamber-  
lain's Colic, Cholera and Diarrhoea  
Remedy. It costs but a few cents,  
and a bottle of it in the house often  
saves a doctor's bill of several dollars.  
For sale by all druggists.

**JACQUET RIVER.**  
What would have been a serious fire  
at Jacquet River Station, Friday even-  
ing, 7th inst, was prevented by Track-  
man, John Foley, who saw from his  
residence a small blaze on the roof of  
a shed attached to the tank and coal  
shed. Fortunately there was no wind  
at the time, with a breeze he got  
there and with the aid of another man,  
Nelson Shannon, they procured ladders  
and buckets and deluged the roof with  
water from the tank pipe until they  
got it under control, not before the  
roof was burned through. In the shed  
at the time was fifty thousand of  
shingles piled against the side of the  
tank, so in a little time more the tank  
coal shed and platform would be con-  
sumed, not to speak of the damage  
that may have been done to the track  
or other buildings.

**CHOLERA INFANTUM**  
Child Not Expected to Live from  
One Hour to Another, but Cured  
by Chamberlain's Colic, Cholera  
and Diarrhoea Remedy.  
Ruth, the little daughter of E. N.  
Dewey of Agnewville, Va., was seriously  
ill of cholera infantum last  
summer. "We gave her up and did  
not expect her to live from one hour  
to another," he says. "It happened  
to think of Chamberlain's Colic,  
Cholera and Diarrhoea Remedy and  
got a bottle of it from the store. In  
five hours I saw a change for the bet-  
ter. We kept on giving it and before  
she had taken the half of one small  
bottle she was well." This remedy  
is for sale by all druggists.

**PORT DANIEL CENTRE.**  
Mr Wm McLeod, B. B. L., of  
Boston, and Governor Garland of  
Rhode Island, sportsmen on the St  
John's River in Gaspe passed through  
here enroute to New Carlisle.  
Mr Joseph Horie of Duluth, Minn,  
it spending a few weeks at his home

**PROTECT YOUR FOOD  
WILSON'S  
FLY PADS  
KILL THEM ALL  
AVOID POOR Imitations**

here. His many friends are pleased  
to see him back again.  
Mr Wm H. Sharpe, representing  
F. P. Reid & Co, Campbellton, paid a  
flying visit to Port Daniel last week.  
Mrs Arthur Lawrence is spending a  
few weeks at her old home in Cape  
Cove.  
The Misses Dales have arrived from  
Montreal and are spending the sum-  
mer at Mr Jas Bairds'.  
Mr Harold Baker of Cape Cove has  
returned home after spending a week  
visiting friends here.

**MARIA EAST.**  
A very pretty ceremony took place  
in St. Jules' Church on Tuesday, the  
19th inst, when Mr Alex Gallant of  
Matapedia and Miss Ida Nelis of this  
place were united in the sacred bonds  
of matrimony. The Church was  
elegantly decorated for the occasion.  
Rev Father Morin officiated. The  
music was rendered by Miss Fugere.  
The bride entered the church leaning  
on her father's arm charmingly attired  
in white cashmere trimmed with white  
silk and lace, with white tulle veil and  
crown. The groom was attended by  
Mr Geo Gauthier, of Matapedia.  
After the ceremony the bridal party  
drove to Mr father's home where an  
excellent dinner was partaken of by  
over one hundred guests, who had  
witnessed the ceremony. After dinner  
the bride and groom followed by a  
very large suite of friends and relatives  
drove to the depot to take the train for  
an extended tour to Quebec, Montreal  
and other Canadian cities. On their  
return they will make their home in  
Matapedia. They were the recipient  
of many pretty and useful presents.

Mr and Mrs Nellis and family de-  
serve much praise for the pains they  
took to see their numerous guests so  
well attended to on the occasion. We  
wish the happy couple all success.  
Mrs Louis LeBlanc, Mrs Henry  
Keays and Mrs Mat McDonald, of  
Nouvelle pau, this place a flying visit  
last week.  
Mr and Mrs C. A. Bijold of Rum-  
ford Falls, Me., are visiting friends  
here.  
Mrs Cash. Gallant accompanied by  
her daughter-in-law, Mrs Octave  
Gallant of Matapedia, attended her  
son's marriage here last week.  
Miss Lena Delaney returned to her  
home in Flat Lands last week.  
Mrs Z. Campbell is visiting friends  
in Matapedia.

**Buy it Now**  
Now is the time to buy Chamber-  
lain's Colic, Cholera and Diarrhoea  
Remedy. It is certain to be needed  
sooner or later and when that time  
comes you will need it badly—you  
will need it quickly. Buy it now. It  
may save life. For sale by all drug-  
gists.

**SUNNY SIDE**  
Sunny Side has been silent for some  
time as most all prominent people  
were spending the fall and winter  
in different parts of the States.  
Now as they have all returned times  
are more interesting.  
Miss Maud LeFurgy of Campbell-  
ton who has shortly returned from  
Boston is visiting her aunt and cousin  
Mrs Helen Miller and Miss Maud  
Miller.  
There was a dance and supper held  
at Mr J. Pludes Tuesday evening where  
some fifty couples enjoyed themselves  
immensely.  
Friday evening there was a enter-  
tainment held at Miss Maud Miller's  
home for her cousin Miss LeFurgy.  
Ice cream and cake was served and a  
very pleasant time was spent.  
Mr and Miss Brown from Boston  
Mass is now visiting the guests of  
the Lighthouse until Monday when  
the S S Sequin called for them and  
they proceeded to Quebec. Mr J. L.  
Richard intends returning in a few  
weeks to start work again.

**BLACK LAND**  
The annual examination of Black  
Land school was held on Friday the  
last day of June. Many visitors were  
present who expressed themselves  
highly satisfied with the standing of  
the school.  
We are glad that Miss Cook will  
resume her duties as teacher with us  
after the holidays.  
Many of our homes are being made  
happy by the home coming of loved  
ones.  
Miss H. Cassie Miller of Portland and  
her two sisters Mrs F. Russell of Doak-  
town and Mrs R. J. Miller have been  
visiting their parents Mr and Mrs  
Jackson Miller.  
A lawn party given by Miss Cassie  
to fourteen grand-children gave great  
joy to their grand parents Mr and Mrs  
Miller. They regretted that their  
other six were not present.  
Mrs Johnston of New Richmond and  
Mrs McDonald of Omaha who have  
come to visit their old home are the  
guests of their brother John Murchie.  
John P. Hamilton of Campbellton  
spent a short time at his home sat-  
urday and Sunday.  
We are looking forward to a tem-  
perance meeting in the school room at  
an early date.  
Mr Nicholson has given the people  
of Charlo and Black Land several op-  
portunities of hearing a temperance  
programme well carried out and on

## Headaches

When the Head aches and  
the Tongue is Coated  
it is Bileousness or Constipation. Torpid Liver is  
at the bottom of the trouble. And it takes  
Fruit-a-tives to make that lazy liver work.  
Fresh fruit is fine for these troubles, but one  
can't eat enough fruit to do much good. The medicinal  
elements are in too small proportion in the ripe fruits.  
A clever Ottawa physician discovered a method by  
which fruit juices could be combined so that their  
medicinal action would be increased many times.  
Fruit-a-tives are these fruit juices in tablet form. They  
sweeten and tone the stomach and liver, cure Constipation and  
remove all blood impurities. One Fruit-a-tives tablet has the  
same curative effect on liver and bowels as dozens of oranges,  
apples, figs and prunes. And this action is as gentle as the  
fruit juices themselves.  
"I have been suffering with Torpid Liver and Constipation, and  
find that Fruit-a-tives are just what my system requires to relieve  
these complaints. I hope many more sufferers will try them."  
MRS. WM. TRAFFERY, Burnside, Man.

this occasion, in addition to reading,  
singing etc, Mr Henderson is to give  
gramophone selections.  
Digby, N. S., Nov 12, '01.  
C. C. RICHARDS & CO.  
Gentlemen,—Last August, my horse  
was badly cut in eleven places by a  
barbed wire fence. Three of the cuts,  
(small ones) healed soon, but the others  
became foul and rotten, and I though I  
tried many kinds of medicine, they had  
no beneficial result. At last a doctor  
advised me to use Minard's Liniment  
and in four weeks' time every sore was  
healed and the hair has grown over  
each one in fine condition. The Lin-  
iment is certainly wonderful in its  
working.  
**JOHN R. HOLDEN,**  
Witness, Perry Baker.

**FAME POINT**  
I hope our readers has not been  
thinking we were never going to give  
them some notes, we must endeavor to  
send a little item occasionally.  
During the spring fishing was a  
complete failure, but during the past  
two weeks fish has been very plentiful  
although bates is scarce let us trust  
the weather will be favourable so the  
fishermen can pay up for their lost  
spring.  
Weather is cold and showery crops  
are not very good.  
Mr J. L. Richard Engineer in charge  
of the fog alarm under construction  
here was called to Quebec in  
May returned on Saturday. He was  
accompanied by Mr S. T. Semidt of  
Halifax N. S. and Mr P. E. Parant of  
Ottawa Ont. they the guests  
of the Lighthouse until Monday when  
the S S Sequin called for them and  
they proceeded to Quebec. Mr J. L.  
Richard intends returning in a few  
weeks to start work again.

**BLACK CAPE**  
We regret to hear that Mr. Edward  
Steele one of our most esteemed citi-  
zens is dangerously ill. Dr Cyr and  
Dr de Wolfe are in attendance, we  
hope he will soon recover.  
Congratulations to Mr and Mrs  
Millage McWhiter on the arrival of a  
little son in their home.  
Mr Hugh Sillers and son Graham  
are visiting friends here.  
Miss Louisa McRae has returned  
some from Guelph where she has  
spent the last few months.  
Miss Hazel Christie is visiting in  
New Carlisle.  
Mrs R. McNair accompanied by her  
daughter Rena paid a flying visit to  
Campbellton.  
Miss Nellie Fair has returned home  
from New York State much improved  
in health. She was joined at Meta-  
pedia by her brother Mr J. C. Fair.  
W. and A. McRae are loading a  
bark with coal at Caplin River for  
Liverpool Eng.  
Misses Ruby and Dorothy Jamieson  
have arrived from Boston Mass.  
We were visited by a severe hail  
storm Sunday afternoon doing con-  
siderable damage.

## How Red Rose Tea is Grown

TEA is a native plant of Northern India. Trans-  
planted to Ceylon it lost much of its strength  
and richness, but gained in fragrance and delicacy.  
That is why, Ceylon tea is not a strong tea.  
That is why I blend Indian and Ceylon teas  
together—that is how the strength and richness,  
fragrance and delicacy of Red Rose Tea are  
secured—that is why Red Rose Tea has that "rich  
fruity flavor."

## Red Rose Tea

ANSLOW BROS., Publishers

## THE TAXES.

There seems to be a great deal of complaint and grumbling because of the increase in taxes. The Assessors are having a miserable time of it these days. They are called upon to explain why the increased amount has been levied, and all they can say in reply is that a general increase of 25 per cent was ordered by the Council and they attempted to carry out those instructions. But there are those who look upon the Assessor as a man who is their mortal enemy, and that they might have spared them this increased tax. The poor Assessor is the most abused man in town just now.

But, after all, there may be cases where an injustice has been done the tax payer.

Complaints are continually coming into this office from subscribers who did not get their papers regularly and about the unsatisfactory mail service in the up river section generally. The fault is not with this office for Events is mailed regularly every Thursday evening. We understand the department has been written to on the matter but so far we have not heard of any attempt to remedy the grievance. There ought to be an investigation at once.

## New Method of Dentistry

Dr Jenkins's Porcelain Enamel for the perfect restoration of the natural teeth is interesting to every progressive dentist, and to people of refinement and good taste and will be more so in the future because without doubt the field of Porcelain work opens up great possibilities.

The perfection of Porcelain Enamel by Dr N S Jenkins of Dresden, Germany places within reach of the profession a material for all Porcelain Inlay operations which commands the admiration of the entire dental world, and in its now complete form furnishes a perfect material for filling almost all cavities in the teeth which are in condition to receive permanent treatment. The modern practitioner is not only called upon to decide whether or not he shall employ Porcelain, but which method and material he will adopt. Dr Jenkins Porcelain Enamel is free from certain defects which lead to failure in the best fillings of other materials and in durability, color, thermal non-conductivity in the mouth. It is superior to any substance now employed by the profession, and has already quite revolutionized operative dentistry. Its successful use requires skill, taste and judgment, an intelligent operator who will master this system can produce aesthetic results which before were impossible, he can take a mouth disfigured by fracture and decay and restore it

to beauty of form and color so perfectly that the very art is concealed. Dr Cates has mastered this difficult work at the Clinics recently held at St John, and is among the first in New Brunswick to adopt this most perfect system, having brought home a complete outfit for this line of work. He will, after opening his new dental rooms to the public be able to supply his patients with this desirable method which is used by the best operators of America and Europe.

## HYMENIAL

An interesting event took place last Wednesday evening at the Mansie Dalhousie, when Clara Jane second eldest daughter of Mr and Mrs James Wright of Shannonvale was united in marriage to John H Innes of Dundee, by Rev G A Leck Ph B. The couple were unattended. The bride wore a pretty dress of white muslin with ribbon and lace trimmings and white chiffon hat to match.

After the ceremony the happy couple, accompanied by the near relatives who had been present at the ceremony, drove to the home of the bride where light refreshments were served. We all join in wishing Mr and Mrs Innes a happy life.

## LOST

Some time ago, somewhere in some office desk of certain town officials or lawyer, a neatly printed sheet of paper about 12x20 inches bearing the signatures of the Mayor and Town Clerk. When last seen it was terribly disfigured by scrawling hieroglyphics in the lower right hand corner and was valued at \$10.00 by one party while another considered it worthless. Finder would confer a favor on leaving same at the office of the Chairman of the Finance Committee of the town Council.

## He Told the Truth.

An Irish gentleman had a splendid looking cow, but she kicked so much that it took a very long time and it was almost impossible to milk her, so he sent her to a fair to sell and told his herdsmen to be sure not to sell her without letting the buyer know her faults. He brought home a large price which he had got for it. His master was surprised and said, "Are you sure you told all about her?" "Bedad, I did, sir," said the herdsmen. "He asked me whether she was a good milker. 'Begorra, sir,' says I, 'it's good to be tired milking her.' 'Seventy Years of Irish Life.'"

## Had a Dorellet In Town.

A naval officer one day noticed two sailors in earnest confab. One of them was imparting information to his companion of a very agreeable nature, judging from his beaming countenance. The officer in relating the incident says the manner of the speaker amused him very much. As he passed by the man raised his voice, with the unmistakable intention of being overheard, saying to his companion: "I mean to give up this seafaring life when my time is out. I am going to marry a rich widow woman, the dorellet of a butcher."

## Good Cause For Sorrow.

An uncle who has just lost his only nephew is in despair and cries continually: "What kills me is the knowledge that no one now will be sorry when I die. It's horrible, horrible, to think of!"

## Naughty Willie.

Dorothy—Mamma, Willie Primly keeps staring at me all the time in church. Mother—Where does he sit? Dorothy—Right behind me, mamma.—Chicago News.

## Now a Chinaman Smokes.

Of all smokers the Chinaman goes to the greatest trouble and obtains the least result. "He carries," says an observer, "a little box almost twice the size of an ordinary silver cigarette case. This is half filled with water. In one end is a removable tiny tube to serve as a pipe. At the other end is the pipestem. First of all he takes out the tube and blows through it to remove all blockage. Then he fumbles through his awkward clothes searching for tobacco, and produces a bit of rag, in which it is wrapped. Carefully he extracts a wad of tobacco, puts away his rag and slowly plugs the tube, which holds perhaps the tenth part of an ordinary cigarette. But he never has any matches, so he has to borrow or hunt out a brown paper stem and light it. It glows for a long time and can be puffed into flame again. He gives a long draw, slowly enjoying it to its full extent for a minute or two, then back again through the old routine to find his tobacco, fill his pipe and get it lighted."

## Remarkable Escape.

One of the most remarkable escapes from drowning on record was that of a man whom a wave picked off from a vessel, washed into the sea off Lundy Island, near the Devonshire coast, England, and then returned to his ship. But it was not so remarkable a case as that which is suggested by an epitaph said still to exist in Jamaica: "Here lieth the body of Lewis Giddy, Esq., who died on the 22d of September, 1737, aged 80. He was born at Montpelier, in France, which place he left for his religion and settled on this island, where in the great earthquake, 1672, he was swallowed up and, by the wonderful providence of God, by a second shock was thrown out into the sea, where he continued swimming until he was taken up by a boat and thus miraculously saved. He afterward lived in great reputation and died universally lamented."

"Esquire" and "Gentleman." The words "esquire" and "gentleman" are among those which fall from our lips daily, and yet most of us would be rather puzzled to say in precise language what we mean by them. In a county court case a schoolmaster was ruled out of the "gentleman" list. Legal distinctions on the point have been anomalous. The following are not "gentlemen": A buyer of silks, a solicitor's clerk out of regular work, a commission agent and an audit office clerk. On the other hand, the following have been held "gentlemen"—viz, one following country pursuits and a sleeping partner in some business, a medical student, a dismissed cost agent out of work and a person living on a parent's allowance.—London Living Times.

## A Curious Advertisement.

An old London paper contains the following curious advertisement: "Wanted, a man between twenty and thirty years of age to be a footman and underbutler in a great family. He must be of the Church of England and have had the smallpox in the natural way. Also a woman, middle aged, to wait upon a young lady of great fashion and fortune. The woman must be of the Church of England, have had the smallpox in the natural way, very sober, steady and well behaved and understand dress, getting up lace and fine linen and doing all things necessary for a young lady that goes into all public places and keeps the best company. Inquire of the printer of this paper.—Oct. 1, 1774."

## The Madness of War.

So wars are begun by the persuasion of a few debauched, harebrained, poor, dissolute, hungry captains, parasitical fawners, unquiet hotspurs, restless innovators, green heads, to satisfy one man's private spleen, lust, ambition, avarice, etc. Fios hominum, proper men, well proportioned, carefully brought up, able both in body and mind, sound, led into so many wars to the slaughter in the flower of their years, pride and full strength, without all remorse and pity, sacrificed to Plut's killed up as so many sheep for dev's food, 40,000 at once.—Burton's "Anatomy of Melancholy."

## Gory Dew.

In appearance gory dew is a dark red, slimy film, which is frequently seen on damp walls and in shady places. It is in reality one of the lowest forms of vegetable life and is closely allied to the plant to which the famous phenomenon of red snow is chiefly due. Its botanical name is *Palmetta crenata*. At times patches of it may become quite large, and it will develop into a tough, gelatinous mass.

## Ungrateful.

"Some people never thank you, no matter what you do for them," said a small boy. "A fellow put a bent pin on the teacher's chair the other day, and when the teacher was about to sit down I pulled the chair out from under him to save him from the pin, and if he didn't lick me for it!"

## Better Than Aladdin's Lamp.

Aladdin's famous lamp was doubtless a very handy little piece of bric-a-brac to have about the house, but there is question whether it would be very highly esteemed in these days of advertising wonders. Aladdin may properly be regarded as a back number. Whenever he wanted anything he had to earn it by the sweat of his brow as a metal polisher. Nowadays people who want things put ads in the newspapers—it's much easier than rubbing an old lamp—and they are served just as effectively as was Aladdin by his genie.

## You'll Be Glad to Know This.

The lucidity of this statement, made by a medical journal, will appeal to all hurried readers: "Further evidence of the complex character of toxins was also furnished by the studies of haemolysins and bacteriolytins, which had their origin in the union of an amoebocyte and complement and were analogous to toxins, the amoebocyte representing the haptophore and the complement the toxophore group."

## His Wish Was Gratified.

Her head had dropped upon his shoulder. "If only," he whispered, "thy cheek could remain there forever!" Little thought he what was to be. Little thought he until he got home and tried to remove her cheek from his dress coat with ammonia and alcohol. Well shaken. "That's very strange about those chickens of mine." "What's the matter with them?" "Why, ever since your dog chased them all over the garden they have been laying nothing but scrambled eggs."

## Ambition Gratified.

First Bookworm—Well, I'm working on a file of newspapers now and am entirely satisfied. Second Ditto—You always did have a sneaking ambition to get into the papers.

The most terrible obstacles are such as nobody can see except oneself.—Ellet.

WANTED—A second class female teacher for Dawsonville school parish of Eldon. Apply to JAMES DUNN, 41-4-P. Secretary, Glenelvit, N. B.

**MEN'S SHOES IN CORRECT STYLES**

**SHOE WHIMS.**

Almost every man has Shoe-whims of his own. Nothing irritates him more than being urged to buy a totally different kind of shoe from those he wants, simply because the shoe store in question doesn't carry his favorite kind.

We can please nearly every man. Not all—that would be impossible; but at least, you won't be talked into bad or unsuitable shoes.

**THE CHOICE OF GOOD SHOES**

here is both exceptionally and surprisingly large.

We have all styles and prices

**McRAE'S SHOE STORE**

**FACTORY OF J. & D. A. HARQUAIL CAMPBELLTON, N. B.**

When you think of building or improving your home please bear in mind that we have one of the Largest and Best Equipped Planing Mills, Drying Kilns and General Woodworking Establishments in the Maritime Provinces; this, with our advantages of handling large quantities of lumber at little expense, places us so to compete with any Special attention given to kiln drying.

Doors, Sashes, Window Frames, Exterior Finish, Interior Finish, Veranda Posts, Veranda Balusters, Store Fronts, Counters, Shelving, Church Windows, Altars, Pulpits, Pews, Moulding, Birch Flooring, Spruce and Pine Sheathing, Spruce and Pine Clapboards, Sheathing for Out side Walls and Roof Wainscoting, Stair Newells, Rails, Balusters, etc.

**THE QUALITY OF OUR WORK CANNOT BE EXCELLED**

Snappy Summer Neckwear.

—At Oak Hall  
 Town Council meets for transaction of business this evening.

Oxfords are now ripe and our showing of Men's styles are worth seeing.  
 —McRae's Shoe Store.

Ladies! Do you make your shirt waists? Procure a cloth pattern fitted correctly. Write to "S. W." Dalhouse N. B. 42-2

Bathing Suits, did you say? Why yes, we have them in a variety of patterns. Don't cost much either, 60c to \$1.25—Fraser's, Oak Hall.

Martin O. Crossman, general butcher, has decided to remove from Sackville to Campbellton, N. B. He will be engaged in the same business in the northern town. —Times.

Dawsonville. A meeting of St. Paul's church vestry will be held in the church on the evening of Saturday 28th, July at 6:30 p.m. A good attendance is requested. Holy Communion Sunday morning July 30th at 10:30 Sun. Time.

Work has been recommenced on the new railway between Campbellton and the St. John River and Contractor Malcolm is hiring all the men he can get hold of. Work will be pushed forward as rapidly as possible while the season lasts.

The Flatlands Auxiliary of W.F.M.S. will (D.V.) hold a sale of fancy and useful articles at the Orange Hall, Wednesday July 26th at 4 o'clock. Tea, ice cream and strawberries will be served from 4 to 8 o'clock after which a short programme will be rendered. Admission to concert 10c. By order of the Auxiliary.

In Equity Court at St. John last Thursday morning in the matter of Jas. A. Thompson, Wesley Thompson and Flora J. Thompson, Infant children of the late John R. Thompson of Dalhouse, N. B., John McAlister of Campbellton, made application for the sale of a lot of land situate in the Parish of Dalhousie belonging to the children. Order granted accordingly.

The Salvation Army String Band led by Lieut. Coloffel Sharp which is touring the Maritime Provinces will be at Campbellton on Saturday, Sunday, Monday and Tuesday July 22nd to 25th. On Monday 24th will be the anniversary of the opening of the Campbellton Corps when a grand time is expected.  
 Admission by ticket only 10c.

Several complaints have been made to us about the irregular manner in which the steamer Florence is running trips between Dalhousie and Campbellton. On Tuesday afternoon an excursion party was greatly disappointed at the non-arrival of the Florence and when they learned that the boat would not make the trip they hired teams, drove to Morris's Rock and spent the afternoon's outing there.

This is bargain time at Oak Hall. They are offering great inducements to buyers of clothing and furnishings. Chance for money savers in all departments during July and August.

Dr. Cates will be at Jacquet River July 25th professionally.

See the change of time table of the Steamer Florence in another column.

The ladies of the Methodist Church are preparing for a garden party on the church grounds next Friday evening.

Rev E. L. Pidgeon will preach (D.V.) next Sabbath, 23rd, in New Carlisle at 10:30, Hopetown, 2:30 and Port Daniel at 7.

If you are in need of any kind of Boots or Shoes you will find you will save money on them by buying them at McRae's Shoe Store.

"Sweet enough to kiss," is what they say of the little fellows we clothe. We have the toggery to dress them with. Come see.  
 Fraser's Oak Hall

A meeting of the Restigouche Electric Telephone Co. was held on Monday evening to consider an offer made by a Sussex concern. We understand that our local company has decided to sell and that the deal has been closed.

The Catholic Order of Foresters, marched to church on Sunday evening headed by the 73rd Battalion Band of Chatham. A very impressive sermon was preached by Rev Fr. Wheatheon. The walk was well attended.

Bathurst, N. B., July 13.—Mr Wm. Daye, a St. John commercial traveller, while coming down from Campbellton last night had his face cut about his right eye by being thrown from his seat on the car. The drawbar of the car broke and caused the trouble. The accident was not serious.

The members of the Heine L.O.L. No. 64 marched to Christ church on Sunday evening and listened to a very eloquent sermon by Rev R. J. Coleman. A large number of Orangemen took part in the procession music for which was furnished by the Orange Band of Newcastle.

The 73rd Battalion Band of Chatham rendered an open air programme in front of the Waverly hotel on Monday afternoon and on the wharf in the evening. Campbellton musicians should wake up, organize a band and thus do away with the necessity of hiring bands for special occasions.

In the report of the New Brunswick Medical Society's Annual meeting we notice that the following have passed the primary examination:—N. A. Farris, White Cove, N. B.; W. E. Gray, Campbellton. Also that the following are among those who are entitled to have their names entered in the medical register:—J. A. Gillis, Metapedia; Stuart Loggie, Chatham; Aug. Martin, Campbellton.

Dr. August Martin is to-day receiving congratulations from his many friends in Campbellton, Dalhousie and vicinity on his success in passing with great credit to himself his examination before the Board of Medical Examiners of New Brunswick, and who is now therefore entitled to his well earned privilege of practising his profession in New Brunswick.

Dr. Martin, who is a graduate of Laval University, Montreal, has since his arrival in Campbellton in October last, been a most successful practitioner, as his many friends gladly testify.

Minard's Liniment Cures Distemper

## THE REAL WIDOW BROWN

Unlooked for complications frequently arise when people, tired with loves young dream, seek a congenial partner through the medium of the matrimonial papers. This is what happens in the case of "The Real Widow Brown," a clean, farcial play bubbling over with jollity, which will be seen at the Currier's Rink for two nights—Tuesday and Wednesday July 25 and 26.

In most plays the characters are made to bring about the situations, which are strained and unnatural, but in Mr. A. Q. Scammon's latest bid for public recognition, old times have been ignored. The real widow is impersonated by a audacious young man, while another gay young man "makes up" and assumes to be an old deacon who believes he has found his affinity through the "Matrimonial Times," and with whom he has been in correspondence. The mistaken identities furnish excellent opportunities for fun and merriment. The situations and climaxes are irresistibly funny, and the combined efforts of a clever company of farceurs to amuse and create a vast deal of laughter is crowned with success. The music is bright and up to date, the costumes artistic, and the singing and dancing specialties are uncommonly good. Plan now open at McDonald's. Prices 50-35-25

Minard's Liniment Cures Colds, etc

### Notice of Sale.

There will be sold at Public Auction on Friday, the Eleventh Day of August, next, at 4 o'clock p. m., in front of the Hotel of Honore Dugay at Carquet, all the Equity of Redemption of Charles S. Hachey, of the Parish of Carquet, in the County of Gloucester, Insolvent in and to the following lands and premises, viz:—  
"Bounded on the South by the Carquet Great Road, on the West by Pauline, and on the East by lands of George LeRiche, having a frontage of twenty-five yards on said Great Road and extending back from the Road North seventy-seven yards." The Assignee reserving the right of possession of buildings for at least one week after date of sale.

Dated at Bathurst, N. B., the 4th Day of July, A. D. 1905.  
N. A. LANDRY,  
Assignee of Charles S. Hachey.

### Notice for Tenders.

Sealed Tenders marked "Tenders for Stock" will be received by the undersigned at Bathurst up to August Tenth, next, at twelve o'clock noon for all the stock in trade of Charles S. Hachey of Carquet, in the County of Gloucester, Insolvent.

Dated at Bathurst, N. B., this 4th Day of July, A. D. 1905.  
N. A. LANDRY,  
Assignee of Charles S. Hachey.

### Students Can Enter At Any Time

As we have no summer vacation do not divide into terms, and the instruction given is mostly individual.

We do not find it convenient to give a summer vacation, as many of our students are far from home, and would be seriously inconvenienced by an interruption of their work.

Besides St. John's school, a vacation is not necessary. Tuition free to any address.

S. KERR & SON  
Odd Fellows' Hall

J. H. TAYLOR,  
Campbellton, N. B.

### ARE YOUR KIDNEYS SICK?

Let your morning urine stand for 24 hours in a glass or vessel, and then if it is milky or cloudy, or contains a reddish brick-dust sediment, or if particles or germs float about in it, your kidneys are diseased. If the kidneys are well they filter just so much blood, but if they are sick or weak from any cause, they leave the poison in the blood, and this poison affects the entire system.

It is natural to pass urine three times a day, but many who regard themselves as healthy are obliged to pass water six to ten times daily and are obliged to get up frequently during the night. They have sick kidneys and bladder and don't know it. Smith's Buchu Lithia Pills cure Rheumatism and all Kidney and Bladder diseases, and make a rich blood.

We will send you a generous sample post paid free, together with our large book on the above mentioned diseases. Address, W. F. Smith Co., 185 St. James Street, Montreal, Canada.

### HORACE GREELEY.

The Gentle, Brusque and Well-known Farmhouse Intruder.

"When Horace Greeley was first married and brought his bride home on a visit," said an old acquaintance, "a sugar party was given in their honor on a neighboring farm. All the guests had arrived, and we were looking out watching for the belated bride and groom. At last we saw something appearing in the distance. As this same object came nearer we discovered it was the old white horse of the Greeleys slowly picking his way through the mud. On his back sat the bride in a brilliant yellow frock, with a green velvet belt, and behind her, wrapped in his famous white overcoat, sat the editor of the New York Tribune. It was the funniest sight I ever saw and set us off in fits of laughing. I remember that I simply lay down and rolled upon the floor in a spasm of mirth."

"Mr. Greeley came home every year and after a day or two on the farm would start out to walk miles and miles on the above mentioned diseases. Address, W. F. Smith Co., 185 St. James Street, Montreal, Canada."

### AFRICAN SANDSTORMS.

The Conditions Which Bring About These Deadly Blasts.

The sandstorms of African deserts are caused by the great power of the sun's rays, the extreme dryness of the air and the small conducting power of the sand. The superficial layers of sand in the deserts of Africa and Arabia often become heated to 200 degrees F. to a depth of several inches. The air resting on this hot sand becomes so greatly heated, thus causing ascending currents. As a result air flows in from all sides, and different currents meeting, cyclones are formed, which are swept onward by the wind prevailing at the time. Since the temperature of the air, originally high, is still further raised by the heated grains of sand with which it is loaded, it rapidly increases to a most intolerable degree. In the shade it has been known to reach 125 degrees. It is to the parching dryness of this wind, its glowing heat and its choking dust and not, as is sometimes supposed, to any poisonous qualities it possesses that its destructive effects on animal life are to be ascribed. The effects of sandstorms are most terrible, large caravans being frequently overwhelmed and destroyed by them. It was by their agency that the armies of Quibys and Sen-nacherib were annihilated.

### DEEP SEA ANIMALS.

How These Who Live Below All Vegetation Get Their Food.

"Naturally the fish of the deep portions of the ocean are carnivorous, no vegetable life being found below 200 fathoms," writes W. S. Harwood in Harper's Magazine. "In the Atlantic ocean the vast Sargasso sea, containing 8,000,000 square miles of surface, a great marine prairie as large as the whole of the United States exclusive of Alaska and dependent islands—affords vegetable food for uncountable animals, which in their due time descend and are precipitated to the depths, their bodies in turn to be eaten by the animals which live far below all vegetation. So it is throughout the whole ocean; animal life is constantly falling from the surface waters for the support of the animal life of the abyss. A very large number of the deep sea animals are exceedingly small. Some are so minute in form—so to put it—having no special organs of nutrition, but taking in their nourishment through the walls of their bodies, appropriating from the water the food which suits them. Some of them have a bony structure, a skeleton, which they form also from the water, silica and carbonate of lime being the chief skeleton forming materials."

### A Strong Part.

Soubrette—Yes, the understudy says he used to have a very strong part on the stage. Comedian—So he did. He used to be a scene shifter and lift the mountains and castles.

### COUGH NO MORE

#### SPRUCINE

THE REMEDY OF THE DAY

A definite preparation of Spruce Gum, Wild Cherry, Horehound and Tar. Scientifically combined in the form of agreeable and palatable Syrup.

One of the most reliable preparations yet introduced to the public for the immediate Relief and Cure of Coughs, Colds, Bronchitis, Hoarseness, Whooping Cough, Croup, Asthma, and all diseases of the Throat and Lungs.

Taken with Cod Liver Oil in the first stages of Consumption, it will be found invaluable.

For sale everywhere. Price 25¢, or by mail on receipt of price.

Sole proprietors, The WINDGATE CHEMICAL CO. LIMITED, Montreal, Canada.  
MCGALE'S NUTRIMENT PILLS FOR YOUR LIVER AND BOWELS.

### A THRIFTY TENOR.

Tamagno Walked, but His Carriage Bill Had to be Paid.

Several years ago a tenor named Tamagno was engaged to come to America and sing at the Metropolitan Opera House, New York. He was paid \$1,000 a night. This is a sum which would make many people willing to put up with small extra expenses. But not so Tamagno. Before leaving Europe he made a stipulation that he be furnished with a carriage to and from the opera house every night. This was inserted in the contract.

When he arrived he found a carriage waiting at the pier. He rode uptown—always at the expense of the opera company—and took a look around. Then he decided to put up at the Marlborough hotel, which happens to be only three short blocks from the Metropolitan Opera House. Every time he sang he walked up to the opera house, refusing to take a carriage. He said that you didn't take a carriage."

Tamagno bowed low and invited the manager to look at the contract. He repeated the same suggestion whenever anything was said about it. The result, of course, was that the \$200 had to be paid. He stood out for it with as much insistence as if he hadn't seen a dollar for a month, and all the time he was getting \$1,000 a night.

### THE STARFISH.

This Peculiar Creature Can Neither See, Hear Nor Smell.

Unlike man, the starfish which loses one of its "arms," or properly its rays, grows a new one to take its place. Under certain conditions it grows two to take the place of one. A starfish may lose all its rays without losing its life, and very often a cripple with but a single ray left is found by fishermen and collectors. When completely broken in two the starfish becomes two distinct fish, and the growing process continues. The brittle starfish, it is believed, in many instances breaks off its own rays at the approach of danger. For this reason it is difficult to obtain a perfect specimen.

A starfish can neither see nor hear. Neither has it the sense of smell. In spite of these seeming impediments, nevertheless, it seeks and devours its prey as neatly as an ordinary fish. The starfish lies upon its prey and folds its "arms," or rays, completely about it. Then it pushes its stomach out through its mouth and will wrap even a large oyster and shell within the folds of the stomach. The mouth of the starfish is in the center of its rays.

Some great ships are today employed almost wholly in seeking for starfish specimens in deep seas, and there are hundreds of men who spend a portion of their time in collecting starfish in the interests of science. Many of the specimens collected by ships are taken from depths of one and even two miles.

### Supreme Test.

She was a Wisconsin girl of more than the usual share of this world's goods who became engaged to the man from Maine, a civil engineer, whose business was in the far west. Compelled to separate soon after the engagement, 2,000 miles soon divided the two lovers. Business duties called the man away, but frequent letters helped to shorten the months of separation. Turning her attention to cooking, this girl of almost unlimited wealth soon proved her devotion to her absent lover by mastering the difficulties of cooking in anticipation of that happy time when she should have a home of her own. Triumphant she wrote her lover, "I can make lemon pie, custard pie and Washington pie all myself!" Then did this man from Maine and the land of orchards assert his loyalty to his home state most vigorously and back over the wires, 2,000 miles away, came this telegram, brief, but emphatic, "Try apple!"

### Pepp's Furnace.

An electric resistance furnace was used by Pepps in 1815 for the cementation of iron. He took a piece of pure, soft iron and cut a slit along its length. The slit was filled with diamond dust, which was prevented from falling out by fine wire. The portion of the wire containing the dust was wrapped in mica. The wire thus charged was heated quickly to redness by the current from a battery. On opening the wire Pepps found that the diamond dust had disappeared and that around where it had been the wire had been converted to steel.—London Engineer.

### Followed Her Instructions.

Mrs. N. was giving instructions to her new servant: "Before removing the soup plates, Mary, always ask each person if he or she would like any more."

"Very good, madam."

Next day Mary, respectfully bowing to one of the guests, inquired, "Would the gentlemen like some more soup?"

"Yes, please."

"There isn't any left."

### An Odd Whist Deal.

A curious hand at whist was dealt at Croydon, England, recently. The cards were shuffled and dealt in the usual way, but when the players looked at their hands they found that one of them had three spades, another eleven hearts, the third man twelve diamonds and the fourth eleven clubs. Spades were trumps.

### Improving.

"I think I've been quite economical. Her Husband—Do you? She—Certainly. I'm sure we haven't run in debt here as much as last month.—Brooklyn Life.

### THE CITY OF CROCODILES.

An Ancient Site Said to Have Been Built by Pharaoh.

The crocodile, one of the most sacred animals of the east, has given its name to several ancient sites. Of the various "cities of crocodiles," the names of which have been handed down to us by Herodotus, Pliny and Strabo, perhaps the most striking was the "Crocodilopolis" of the ancient Egyptian province of Fayum, which, according to tradition, was built by that pharaoh who "made the lives of the children of Israel bitter with hard service."

This province lies within an almost complete circle of hills—a little oasis in the midst of the desert, where roses and grapes mingle with figs and olives and luxuriant palm trees grow almost into forests.

Its capital is Medinet, and a little to the north of the city are a number of irregularly shaped mounds. Beneath these are the ruins of the pharaoh built "Crocodilopolis," the "City of Crocodiles," later called Arsinoe, and the shrine of the sacred crocodile of the neighboring Lake Moeris, which was then 450 miles in circumference.

### THE NAME AMERICA.

When It Was First Proposed For the Newly Found Continent.

The name of America for the newly discovered continent was first proposed in the little volume put forth at St. Die, in the Vosges, in the year 1507 by Waldseemüller, better known by the Hellenized form of his name, Hyalcymus. Three or four editions of this treatise were published at St. Die before 1507, and a few years afterward an edition without name was printed at Lyons by Jean de la Place. All these editions are of extreme rarity, and probably that printed at Lyons is the rarest of all, though the library of the British museum possesses two copies of it. It has never been suggested that any maps were engraved to accompany either of the editions, but it has always been supposed that the earliest map with the word "America" marked on the new found world was the "Typus Orbis," engraved on wood for the "Emarrationes Joannis Camerlari in C. Bulli Solini Polyistoria," printed at Vienna in 1520 for Joannes Singrinus. In this map the new world is represented as a long island, on which is the inscription: "Anno d. 1492 hinc terra cum adjacentibus insulis inventa est per Columbus Iannensem ex mandato regis Castellae. America provincia."

### BRET HARTE AS A HUNTER.

The Reassuring Message He Received After an Accident.

During the time he acted as United States consul in Glasgow Bret Harte occasionally indulged in a day's sport with the gun, and it was during one of his shooting excursions that the famous American author met with an accident which might have disfigured him for the remainder of his life, his face being badly cut through the recoil of an overloaded gun. Fortunately the doctor's skill prevented him from being permanently marked.

Writing about the occurrence to his friend, T. Edgar Pemberton (who quotes the letter in his "Tribute to Bret Harte"), the novelist concludes his letter by telling of an amusing effort which was made to console him on account of the accident.

"When the surgeon was stitching me together," he wrote, "the son of the house, a boy of twelve, came timidly to the door of my room: 'Tell Mr. Bret Harte it's all right,' he said. 'He killed the hare.'"

### Preservative Paint.

Pent possesses wonderful antiseptic and preservative qualities owing to the presence of tannin, iron and other substances in it. Here is an instance: At the time of the covenants, in 1083, three men were shot at a place called Crossgellach on the moors above Old Cunnock, in Scotland. In 1825, when a monument was being erected to their memory, the workmen came upon the corpses rolled in their plaids. The bodies were in exactly the same state as when they were buried. The moss had preserved them as if they had been embalmed.

### Artificial Flowers.

It was in Italy that a demand for artificial flowers first arose. This was due primarily to a caprice of fashion which demanded that during festivals blossoms in and out of their seasons should be worn and also to the fact that their color and freshness were stable. Later on, in the middle ages, the artificial so far superseded the natural that both men and women decked their heads with imitation flowers of cambric, paper, glass and metal. The best artificial flowers are now made in Paris.

### How to Succeed.

Believe in yourself, believe in humanity, believe in the success of your undertakings. Fear nothing and no-one. Love your work. Work, hope, trust. Keep in touch with today. Teach yourself to be practical and up to date and sensible. You cannot fail.

### All She Wanted.

"Do you think, young man, that you could give my daughter all she asks for?" questioned papa grimly.

"I—aw—think so, sir," murmured the lover bashfully. "She says she wants only me."

## KIDNEY TROUBLES

Increasing Among Women, But Sufferers Need Not Despair

### THE BEST ADVICE IS FREE

Of all the diseases known, with which the female organism is afflicted, kidney disease is the most fatal, and statistics show that this disease is on the increase among women.

Unless early and correct treatment is applied the patient seldom survives when once the disease is fastened upon her. Lydia E. Pinkham's Vegetable Compound is the most efficient treatment for kidney troubles of women, and is the only medicine especially prepared for this purpose.

When a woman is troubled with pain or weight in loins, backache, frequent, painful or scalding urination, swelling of limbs or feet, swelling under the eyes, an uneasy, tired feeling in the region of the kidneys or notices a brick-dust sediment in the urine, she should lose no time in commencing treatment with Lydia E. Pinkham's Vegetable Compound, as it may be the means of saving her life.

For proof, read what Lydia E. Pinkham's Vegetable Compound did for Mrs. Sawyer. "I cannot express the terrible suffering I had to endure. A derangement of the female organs developed nervous prostration and a serious kidney trouble. The doctor attended me for a year, but I kept getting worse, until I was unable to do anything, and I made up my mind I could not live. I finally decided to try Lydia E. Pinkham's Vegetable Compound as a last resort, and I am today a well woman. I cannot praise it too highly, and I tell every suffering woman about my case." Mrs. Emma Sawyer, Conway, Me.

Mrs. Pinkham gives free advice to women; address in confidence, Lynn, Mass.

## UNBEARABLE HEAT

Causes Death and Prostrations in States

Severe Lightning Storm Does Much Damage in Boston

BOSTON, July 14.—One death and eight prostrations was today's record for the heat wave that has hung over this city for the past seven days.

While the mercury lacked one degree of that registered yesterday, the maximum today was reached at 3 o'clock with 89 degrees and a 12-mile breeze, brought some relief. The continuation of the heat caused much discomfort and no little suffering. It was not until evening that the atmosphere was cooled by a severe electrical, wind and rain storm. The death was that of May Kay of Providence, R. I. She was overcome by the heat while visiting friends in Winthrop, an adjoining resort, and died in the ambulance on the way to the Boston Relief Hospital.

NEW YORK, July 14.—With the temperature three degrees below the 80 mark tonight, promise of relief for sweltering New York dissipated. Four fatalities due to the heat and humidity were reported to-day, with 21 prostrations. The mercury reached a maximum of 86 today.

LEWISTON, Me., July 14.—Miss May A Farrington of 18 Temple street, Auburn, died today from a shock of apoplexy brought on by the intense heat of Thursday. Miss Farrington was employed in the Dingley-Foss shoe shop in the stitching room. She was taken ill Thursday afternoon. Miss Farrington was 35 years of age and was the daughter of Mrs. Eunice Farrington.

BANGOR, Me., July 14.—The first case of prostration from the heat in the last three days of high temperature occurred today, when Miss Nancy Quinn, a telephone operator, fell from her chair while at work. She recovered after a few hours.

BOSTON, July 14.—A severe thunderstorm broke over the city tonight, during which the rain fell in torrents and the lightning struck two churches and several dwellings, causing more or less serious damages by fire.

The Eliot Congregational church, in the Roxbury district, was struck shortly after nine o'clock and set on fire. The damage is estimated at \$5,000.

Mrs. Joseph Ross and her three children, residing at 1 Lindell place, west end, narrowly escaped death during the storm. The family were in a rear room on the second floor, when a bolt came in at the chimney and found exit through the window. Benjamin Ross, a lad of 14 years, was thrown from the window to a nearby bed, while the other two children and the mother were thrown down and stunned. None, however, was injured, nor was the house damaged.

Three houses in the south and district were struck by lightning and slightly damaged.

The steeple of the new Old South church in Copley Square, one of the tallest and most beautiful in the city, was also struck

by the lightning. Fortunately the lightning did not injure the steeple, but passed down it and entered the dining room adjoining the vestry, where fire did about \$3,000 damage.

A number of residences in the Dorchester district were struck, but the damage was slight.

### A TIMELY SUGGESTION

At this season when so many people are in the country by the rivers and streams, a correspondent thinks they should keep their eyes open and watch out for every bit of quartz or any peculiar and heavy stone which they may come across. As he points out, important mineral discoveries are often made in this way and there is no knowing to what valuable results the taking of such trouble may occasionally lead. He instances a number of cases in this and other countries where such chance finds have brought about the discovery and working of important mines to great private and public advantage and he expresses the belief that only a tithe of the mineral resources of this province has been ascertained by the professional geologists and mineralogists and that large fortunes are still waiting for lucky individuals, who keep their eyes open for mineral indications. And he adds:—"A more general knowledge among the people of how to tell whether an apparently mineral stone contains some of the economic metals is very desirable, yet nothing is easier or cheaper than to determine this. All that is

needed is to pulverize the specimen, pan it down so as to get the mineral deposit as clear of clay as possible, then dry it, and place a portion of it on a piece of charcoal with either powdered borax or soda as a flux; have a lamp and a blowpipe; mix the mineral with the flux, and as the flame is turned on it a bead will form; each of the metals gives its own peculiar bead; thus oxide of uranium gives a brownish yellow bead; oxide of manganese a green glass bead; oxide of cobalt deep blue glass, with borax oxide of iron a dull red glass becomes clear and yellowish when cooling, and magnetic; oxide of nickel, orange, yellow or reddish glass becomes yellow or nearly colorless; oxide of tin gives a clear glass; oxide of copper with borax a fine green glass becomes colorless hot, but cinnabar red and opaque when solid; oxide of silver with borax a fine green glass becomes colorless when cooling, and so with all the metals, each has its own distinct bead, and colour, and with practice any person can tell whether a stone contains a metal or not."

—Quebec Telegram.

### Bulletins issued by the Poultry Division, Ottawa.

Three bulletins containing useful information for the poultryman are being issued by the Poultry Division of the Live Stock branch at Ottawa.

Bulletin No. 7 is a re-written and revised edition of Profitable Poultry Farming, and contains chapters on Incubation, Brooding, The Chicken Trade, Selection of Suitable Breed, Grate-fattening Chickens, Preparing Chickens for Marketing, Some Station Work, The Egg Trade, The Flock, Feeds For Poultry, Trap Nests.

Bulletin No. 8, Farmer's Poultry House, a pamphlet of 15 pages, treats of the needs, location and essentials of a poultry house for the farm and gives plans of seven good poultryhouses used in Canada. Statistics of the value poultry in Canada, divided into provinces, with quantities exported, etc., are included.

Bulletin No. 9, Diseases and Parasites of Poultry, also a pamphlet of 15 pages, describes the various diseases affecting poultry with the treatment adopted by successful poultry men.

Any or all of these bulletins may be had on application to F. C. ELFORD, Chief of Poultry Division, Ottawa, Ont.

### Help Wanted (Female)

WANTED—Ladies to do plain sewing at home, whole or spare time. \$5 to \$10 per week. Work sent any distance, charges paid. Send stamp for full particulars. LUNA MFG CO., Montreal.

## I. O. F.

High Court in Session Last Week

Fredericton N. B. July 6.—The twenty-second annual meeting of the High Court of New Brunswick I. O. F. opened in Church hall at 3 o'clock this afternoon, with High Chief Kanger D. G. Lingley in the chair. The attendance is the largest in the court, the roll call showing nearly 300 delegates present. The high court degree was conferred by the high chief ranger on 170 candidates.

Duncan G. Lingley, high chief ranger, in his report welcomed the delegates. He paid a tribute to the beauty of Fredericton and the hospitality of its people. After referring to the supreme chief and expressing good wishes for him the high chief ranger spoke of the growth of the I. O. F. in New Brunswick. In 1887 the membership was 6,921, surplus funds \$71,381.40 sur per capita \$10.31, and in 1905 it had grown to membership, 230,862; surplus funds, \$8,849,552.40; sur per capita, \$38.33. In New Brunswick in 1887 there were 20 courts and 633 members; in 1905 there are 195 courts and 8,000 members.

There are to be, he said, five delegates to the supreme court at Atlantic City (N. J.) on July 31.

The past year has been fairly prosperous in this province. The extreme severity of the winter interfered with the organization and the visiting of courts. About 700 new members have been secured and six new courts organized. He said that never before has the financial condition been so prosperous.

He recommended a grant to the Orphan's Home on Foresters' Island Park, Bay of Quinte (Ont) and continuing, he said "Our beloved chief, ever active, in doing good, is at present preparing what I believe to be the archstone of our benevolent work, namely, a Forester's home, to be located in that great health resort, Southern California."

The report of F. W. Emmerson high secretary, said this was the best financial statement in his 21 years as high secretary. There were 195 courts at the close of the year ended May 31 last. The statement showed assets of \$2,693,85 and liabilities \$17,84. During the year the following courts were organized: Madawaska Valley West wind, Mount Pleasant, Leonardville, River View, Maple Leaf Comp Ct. Caledonia, Connors Mace, Bay, Hopewell Hill, Fenardville, Deer Island, Dawson Settlement, Albert county; Jeffrey's Cor. Kings county.

The mortuary statement showed 57 deaths and a total of \$63,000 in benefits paid out.

E. P. Eastman, high treasurer, reported receipt of \$6,248.06, including \$986.85 on hand May 31 1904. The mileage and per diem

allowance to the high court last year totalled \$2,067.97. The disbursements during the past year were \$5,095.39.

A resolution offered by E. R. Chapman to make the initiation fee uniform was referred to the committee on the state of the order.

### Chamberlain's Colic, Cholera and Diarrhoea Remedy—The best in Existence

T. M. Wood, manager of the White County News, Beebe, Ark., is a representative southern business man, who does not hesitate in expressing his good opinion of a well known remedy. He says, "It gives me pleasure to recommend Chamberlain's Colic, Cholera and Diarrhoea Remedy having used it myself and in my family with the best results. In fact I believe it to be the best remedy of the kind in existence." Sold by all druggists.

### HYMENEAL.

On Monday, July 3rd, 1905, a very pretty wedding took place at the home of Mr. J. & Trites, when his son Joseph was united in marriage to Miss Bridget Dougan, both of Campbellton. The ceremony was performed by the Rev. Father Wallace at 7:30 o'clock. The bridesmaid was Miss Bauling and the groomsmen Mr. G. Boudreau. The bride was attired in a dress of grey silk lustre trimmed with white chiffon and wore flowers in her hair. The presents were numerous and beautiful.

MRS. GEORGE N. HARVEY, Rosemeath, Ont., writes:  
"I can recommend Dr. Fowler's Extract of Wild Strawberry as the best medicine I have ever used for Diarrhoea and all summer complaints. I always keep it in the house and praise it highly to all my friends."

## BATHURST NOTES.

## Newsy Items From the Shiretown of Gloucester.

Another Norwegian Barque arrived this week and will load for Adams Burns & Co.

Mr. Knowlton, General Ins. Agent of St. John, spent a few days in town last week.

Mr. and Mrs. Webster returned on Saturday last from Toronto.

Mr. John McGill, of Lombard & Co., Boston, accompanied by his son, passed through here last week enroute for Clifton. His many friends were glad to see him.

P. G. Maloney, of Sackville, was in town a few days last week.

Fr. Gauvin spent last Sunday in town the guest of Father Martin.

Mr. and Mrs. Richard Hebert of Moncton, spent Sunday in town, guests at the Legate Hotel.

Rupert Reve of Caraque was in town last week.

Leander Landry, of Moncton, spent Sunday at his home here.

Inspector Flavin Doucet and Mrs. Doucet of Richibucto were in town last week laying plans for their new home on King St. which is progressing rapidly.

Three new buildings are being built on St. Patrick St. opposite the Court House, which will add considerably to that part of our town. About ten buildings are being built in the town which are expected to be complete by September. The carpenters are hard to work.

About ten persons joined the Pilgrimage to St. Anne de Beaupre on Tuesday evening which passed here about 12 o'clock midnight.

Confirmation will take place in the Church of the Sacred Heart on the 30th inst. and on the 27th, in the Church of the Holy Family.

Miss Aggie Melanson left on Tuesday for a few weeks visit to friends in Quebec and Montreal.

Arrangements for the Caraque Convention on the 15th and 16th of August are being made near and far, but particularly in Caraque where the people seem to be greatly interested. Dr. F. X. Comeau is president. The I. C. R. will issue excursion tickets beginning Aug. 13th and good till Aug. 21st. Each person buying a ticket for Caraque will receive from the Station Agent a standard certificate which he will present to the Secretary of the Convention, Rev. S. J. Doucet, who signs this ticket. On presenting this certificate to the agent at any station the party is entitled to a free ticket back home. Fare from St. John to Caraque will be \$4.70, Montreal to Caraque \$8.40, Lewis to Caraque, 6.40 and so on all along the line.

Miss Lucy Doucet left on Tuesday for a couple of weeks visit to friends in Moncton.

Mrs. Blake and her daughter of Moncton are visiting Mrs. Alex Doucet here.

A schooner of hard coal is unloading at the wharf here by Captain Theriault.

A two year old girl of Mr. Jas.

Howell feel from a two story window on Sunday and was badly hurt about the face and head.

Miss Lea Landry, accompanied by her brother Hector, left on Tuesday for a two weeks visit to friends in Shediac.

Mrs. J. P. Byrnie left Tuesday morning for a visit to friends in Sussex and Halifax.

Miss Mary Lannigan is visiting friends in Shediac.

Miss Williams of Moncton is visiting her friend Miss Belle Des-Brasay.

J. J. S. Hachey, merchant, who has carried on business here for the past 12 years has retired leaving the same with his two sons, Donald and Bennett, who will carry on a general business in the usual way.

The very sudden and unexpected death occurred at Bathurst on Monday morning of last week about 8 o'clock of Isaiah (Fred) Scofield of Montreal.

Mr. and Mrs. Scofield accompanied by their daughter and niece, Miss Florence Williams came to River du Loup a week ago, where Mr. Scofield attended the "Locomotive engineering" reunion of which association Mr. Scofield was a prominent member. On Friday all four came to Bathurst to spend Sunday with Mrs. Scofield's mother, Mrs. John Kane, and intended returning home to Montreal on Tuesday.

Mr. Scofield was not in the best of health but nothing so serious as death was expected. After spending the evening pleasantly with friends Mr. Scofield retired and slept well until about 3 o'clock he awakened with a pain in his side but said nothing about it until about seven o'clock he took a hemorrhage and immediately Dr. Duncan was summoned but before his arrival death had come.

It certainly put a gleam over their visit here and their many friends and relatives sympathize deeply with Mrs. Scofield and family. Mrs. Scofield was formerly Miss Maggie Kane of Bathurst and first married Alfred Dorraie of Montreal who died about twenty years ago, leaving an only son Alfred who lived here with his grandmother until a few months ago when he went to Montreal with his mother. Mrs. Scofield has five children, the eldest about fourteen years of age, all in Montreal.

Mr. Scofield formerly lived in Smith's Falls, Ontario, a son of Mrs. R. Whitehead, whose first husband died some years ago. He was 75 years of age and at the age of 18 years started in work on the C. P. R. which means that he was one of the youngest yet oldest persons on the C. P. R. on which line he was very popular. For the past 18 years he has been engineer on the road from Smith's Falls to Montreal and will indeed be badly missed in the Brotherhood of Locomotive Engineers.

The remains were taken to Montreal for interment on Monday's Limited. Mrs. Scofield with her daughter and niece, Miss Williams, went also, together with Richard Kane another of Mrs. Scofield's.

## POINT ST PETER

Mrs. P. J. Crowley and children Harold and Edwin left on the Ocean Limited Tuesday morning for St. John, to visit friends.

P. T. Ahern of the Montreal Star staff was in town on Saturday enroute to his home at Cape Cove for a couple of weeks vacation.

Mrs. D. A. Noble and child have returned from an extended visit to Stanley York Co.

W. F. Newman, son of the late Harry Newman of Hopetown is visiting his mother Mrs. Newman at Paspebiac. Mr. Newman intends returning to Montreal in two weeks time.

Owing to the scarcity of bait and the weather the fishing this week is very poor. The catch is not equal to that of last years this date.

Rev. Mr. Harding of Cape Cove accompanied by Rev. G. R. Walters of Malbay paid a visit to this place on Thursday.

Mr. F. A. Aubin arrived here by S. S. Lady Eileen from Grand River last Wednesday and left again on Friday.

## The Demand of the Hour

is for Fancy Worsteds Suits. They are rather crowding the other kinds out of it just now.

The newest and very smartest of fancy worsteds and Scotch Tweeds are here and men who give a lot of thought to the nice details of suit-making, style and fit are giving their orders as soon as they see our goods. Not too many of one pattern but plenty of patterns to choose from and always a saving in price.

J. B. WAGNER.
