TOWN REQUIRES MORE OFFICE ROOM

Will Build a Large Addition to Present Building—Other Business.

A meeting of the town council was held last evening in the Fireman's Hall, His Worship Mayor McKay in the Chair with Councillors Graham, Duncan, Moore, Oiler and St. Onge present.

The minutes of the previous meeting were read and confirmed.

A communication was read from J. Mac Killy, Secretary of the Union of Municipalities of N. B., notifying the Council of the annual convention to be held in Moncton on Aug. 22nd, 24th and 25th, and asking the council to appoint delegates to attend the convention.

On motion of Councillor Duncan, seconded by Councillor St. Onge, His Worship Mayor McKay and Councillor Bellefleur were appointed to attend these meetings.

A communication was read from Supt. Martin giving the town authority to put down a concrete sidewalk on the railway's property on Roseberry Street.

His Worship explained that owing to some neglect on the part of a former town council the title to this street opposite the depot vested in the railway, but that it was in reality town property. The railway he understood now intended to deed the street to the town. On motion communication was placed on file.

A communication was read from George Dugay who wanted to know if he could procure a license to hold a boxing match in Campbellton and what the license fee would be. Referred to Police and License Committees.

H. Percy McNutt who operates a garage just outside the town limits wrote asking that he be supplied with electric light upon the same terms and conditions as others outside the town limits. Referred to Electric Light Committee.

A communication was read from F. J. Chamberlain setting forth that he had overpaid \$2.74 in this year's taxes and asked that the amount be refunded him. On motion Councillor McKay authorized to refund the amount in all branches of christian work and should be have overpaid.

A communication was read from F. J. Anderson with reference to some \$40 rent Alex. Legacy owed him. Placed on file.

Amie LeBlanc wrote notifying the council the town treasurer had kept \$50.00 of his pay for taxes. He submitted a birth certificate showing he was only 20 years of age. On motion his name was struck off the list of tax payers and the \$50.00 ordered refunded.

A number of applications for reduction in assessment was referred to the Assessment and Appeals Committee.

The town solicitor submitted the transfer lease from Mr. Cormier to Mr. Robertson, a property erected under the housing scheme. The Mayor and town clerk were authorized to sign it on behalf of the town.

A communication was read from the town solicitor in connection with the Harper Allan property now being taken over by the town. The Public Property and Streets Committee were instructed to see the solicitor and if the deed was satisfactory have cheque issued for the purchase price, \$775.

H. S. Richard made application for a six months' license to sell patent medicines, toilet articles and spices. Referred to Police and License Committee.

The usual departmental accounts were then gone into and ordered paid.

Councillor Graham brought up the matter of R. L. Duncan's account for stone hauled last winter, over which there seemed to be considerable discussion. The town engineer submitted a statement as to the number of loads hauled. There was considerable discussion over the matter, but on motion the bill was finally ordered paid according to the number of loads the town claimed was hauled.

Councillor Oiler from the Assessment and Appeals Committee reported upon a number of applications for reduction in assessment. In a number of cases slight reductions were made, and in others he recommended no reduction to be made. Report received and adopted.

On motion the town treasurer's salary was increased from \$1,800 to \$2,000, dating from May 1st.

On motion of Councillor Duncan, seconded by Councillor Moore it was ordered that \$20,000 savings bonds be placed upon the market for sale.

On motion of Councillor Duncan, seconded by Councillor Moore it was ordered that \$20,000 savings bonds be placed upon the market for sale.

On motion of Councillor Duncan, seconded by Councillor Moore it was ordered that \$20,000 savings bonds be placed upon the market for sale.

On motion of Councillor Duncan, seconded by Councillor Moore it was ordered that \$20,000 savings bonds be placed upon the market for sale.

On motion of Councillor Duncan, seconded by Councillor Moore it was ordered that \$20,000 savings bonds be placed upon the market for sale.

On motion of Councillor Duncan, seconded by Councillor Moore it was ordered that \$20,000 savings bonds be placed upon the market for sale.

On motion of Councillor Duncan, seconded by Councillor Moore it was ordered that \$20,000 savings bonds be placed upon the market for sale.

On motion of Councillor Duncan, seconded by Councillor Moore it was ordered that \$20,000 savings bonds be placed upon the market for sale.

REV. HUGH MILLER GOING TO ST. JOHN

Accepts Call to St. David's Church—Meetings Held Here This Week.

A congregational meeting was held in St. Andrew's Presbyterian Church on Monday evening to appoint a committee to represent the congregation at the meeting of the Montreal Presbytery which was held here on Tuesday when the matter of the call extended Rev. Hugh Miller, M. A., by Dr. David's Presbyterian Church, St. John, was dealt with. At this meeting a resolution was unanimously passed expressing the congregation's appreciation of Rev. Miller's work here, and the assurance that he might see fit to remain as their pastor. The committee appointed were as follows: Mr. W. F. Norton from the Session; Mr. A. H. Russell, from the Board of Trustees; Mr. James Craig from the Sunday School; and Mrs. Stewart McLaughlin, representing the various Women's Missionary Societies.

At the Presbytery meeting on Tuesday evening four delegates from St. David's Presbyterian Church, St. John, were present and all endeavored to point out consistent reasons why Mr. Miller should accept the call extended by their church. In turn the representatives of St. Andrew's Church here submitted their arguments in favor of Mr. Miller remaining as their minister. Mr. Miller briefly stated his views and explained that he felt duty call him to the charge in St. John.

Rev. Mr. Miller's resignation from service in this vicinity will be attended with feelings of deep regret. During his seven years' pastorate here, he has been a most efficient pastor in every respect. His departure from our town will also mean the loss of a untiring religious worker in Mrs. F. Chamberlain setting forth that he had overpaid \$2.74 in this year's taxes and asked that the amount be refunded him. On motion Councillor McKay authorized to refund the amount in all branches of christian work and should be have overpaid.

A communication was read from F. J. Anderson with reference to some \$40 rent Alex. Legacy owed him. Placed on file.

Amie LeBlanc wrote notifying the council the town treasurer had kept \$50.00 of his pay for taxes. He submitted a birth certificate showing he was only 20 years of age. On motion his name was struck off the list of tax payers and the \$50.00 ordered refunded.

A number of applications for reduction in assessment was referred to the Assessment and Appeals Committee.

The town solicitor submitted the transfer lease from Mr. Cormier to Mr. Robertson, a property erected under the housing scheme. The Mayor and town clerk were authorized to sign it on behalf of the town.

A communication was read from the town solicitor in connection with the Harper Allan property now being taken over by the town. The Public Property and Streets Committee were instructed to see the solicitor and if the deed was satisfactory have cheque issued for the purchase price, \$775.

ANOTHER SHUT OUT GAME

C. F. D. Defeat Cubs in Good Game Monday Evening.

Cubs vs. C. F. D. With the bleachers crowded with appreciative fans, the C.F.D. twirlers, picked the second shut out game of the local league series here last Monday evening to the tune of a 5-0 victory over his opponents the Cubs.

Despite the top-sided aspect of the score board the contest was an exhibition of good snappy ball throughout in fact this slightly disconcerting defeat for the Cubs is somewhat baffling. The Cub plie appeared in good form and Dickie their old standby in the box stood up admirably in spite of the ominous beginning of the game, and contrived to give the first a stiff fight. Graham behind the bat proved a good backstop although making a few overthrows.

The Cubs went to bat first and showed some spirit but this was productive of nothing but an uninterrupted line of O's. The firemen got down to work with the first inning and brought three men across the home plate. In the second the Cubs blocked their efforts to score but in the third they chalked up another run. Two blank innings followed and then the C. F. D. took more kindly to Dickie's offerings and succeeded in harvesting two more runs. The game at this point was exceptionally fast.

Time—1 hour. Now properly warmed up was disposing of Cub after Cub via the strike out route. The little sphere literally sailed as it whistled over the plate. The Cubs put up a stiff and mysteriously evading contact with the eager bats of the opposing nine. The Cubs secured only two hits in the entire game, and although one was a two-bagger by Dunham, a home run by Allingham, and a single by Graham, the Cubs were unable to put a run behind the plate, caught a good game, and this was not easy for at times it seemed that Rat had turned into a machine gun.

Score by innings—

C. F. D. 1 2 3 4 5 6 7 Total
Cubs 0 0 0 0 0 0 0 0

C. F. D. 2 0 1 0 0 2 x 5
Runs Hits Errors
Cubs 0 2 0
C. F. D. 5 11 1

Strike Outs—Rat 12, Dickie 6.
Left on Bases—Cubs 2, C. F. D. 6.
Two Base Hits—Dunham, Allingham and Cyr.

Umpires—Love and Dobson.

Time—1 hour. Last night's league game between the Cubs and the C. N. R. was an interesting contest although the latter nine bagged the game in the third inning. The Cubs put up a stiff struggle but the result was a victory for the railway squad of 8-2.

Two blank innings marked the beginning of the game and served to intrigue the interest of the fans. The C. N. R. nine chalked up two runs in the second section and kept the Cubs from bringing home their first man. When they followed up this lead with three more runs in the third, the outlook looked bad for the Cubies. Nevertheless they rallied in the fourth section and worked one man around the circuit. But although they brought another man home in the sixth their opponents scored twice in the fifth and chalked up their eighth run in the last, thus ending the game with a 8-6 score against them.

The contest was not without its thrilling moments of suspense. Many of the players of both teams did some snappy work. Harold Jamieson twirling for the Cubs in Dickie's absence, delivered a fine brand of ball, despite the fact that he has been in action only a few times this season.

Score by innings—

C. N. R. 1 2 3 4 5 6 7 Total
Cubs 0 0 0 1 0 1 2 8

C. N. R. 8 7 2
Cubs 2 5 4

Left on Bases—C. N. R. 5, Cubs 2.
Strike Outs—Jamieson 7, Champoux 1.

Base on Balls—Jamieson 3, Champoux 1.

Two Base Hits—C. Roy 1.
Three Base Hits—Brookly 1, Mable 1.
Umpires—Love and Broadhead.

Time—1 hour 10 mins.

League Standing.

We will also sell you a new Dodge car in exchange for your old one. We also have a new Dodge Roadster at our show room that we are offering at the factory price. July 18-22.

WARSHIPS LEAVE MONDAY NIGHT

Made Things Lively in Town Last Week and Conceded.

The British warships Raleigh and Capetown which arrived at Dalhousie Wednesday morning of last week sailed at 9 o'clock Monday evening for Gaspe and Bay of Islands, Nfld. During their stay at Dalhousie the warships were visited by hundreds of citizens and were shown over the vessels.

Thursday evening a dance was held in the rink and was very largely attended.

Friday evening a very successful garden party was held on Mayor Barrie's grounds at which the band of the Raleigh played a very choice program. The proceeds of garden party which amounted to about \$350.00 were for the Soldiers' Memorial Hospital.

The ships sailed at nine o'clock and were given a rousing send off by Dalhousie citizens.

As the ships passed down the bay they presented a beautiful picture, being illuminated, and their search lights played upon the shores. When off Carleton point star shells were fired, and these lighted up the entire bay.

The Graphic understands that the squadron will visit these waters again next year.

Quebec expects a bumper crop. Conditions Generally Are Reported Best in Many Years.

Quebec, Aug. 2.—The 1922 crop will be a bumper one in the province judging by the July crop report issued yesterday by Mr. G. E. Marquis, chief statistician of the province. General conditions have been very good and the hay crop will be double that of last year.

Cereals are also abundant, but pastures have been variously affected by the weather. For instance near Montreal the need of rain has hurt it slightly, but in other districts the dairy industry is better than ever.

In an English town recently a woman won a competition by lighting 108 candles with one ordinary wooden safety match.

NO INCREASE IN STUMPAGE RATES

Hon. C. W. Robinson Says Same Rates As Last Year Are Likely.

Moncton, Aug. 1.—Hon. C. W. Robinson, Minister of Lands and Mines, says that there has been no change made in stumpage rates effective August 1st to be charged upon lumber cut upon the Crown Lands of New Brunswick.

This, he said, meant there would be no increase made in the stumpage rates for the coming year. Asked if there was a possibility of a reduction being made in the rates, now that action had not been taken before August 1st, he remarked that the lumbermen would no doubt welcome a reduction at any time. He stated, however, that any action to be taken would be decided at the meeting this month of the Provincial Government, which will probably be held about August 15.

Fire Broke Out in Hold At Port Daniel—Vessel Total Loss.

The steamer Brumath plying between Quebec and Bay Chaleur points was destroyed by fire at Port Daniel Monday night about 11.30 o'clock.

The fire was discovered in the hold among the general cargo and had gained such headway that it could not be extinguished.

The burning steamer was towed by a tug belonging to the Bathurst Lumber Co. Ltd., and the passengers taken off.

Quebec, Aug. 2.—A wire received here this morning by Mr. Charles LeVallee, Agent of the Gagne-Cote Navigation Company, contains the announcement that the S. S. Brumath, operating as a coast boat in the Lower St. Lawrence and the Chaleur Bay has sunk after a fire which broke out on board yesterday. The boat is said to have sunk in front of Port Daniel, its last stop before returning to Quebec. The same dispatch however, adds that the crew and the officers, a total of seventeen men, had been able to escape and had boarded the Quebec train. The regular service of the Brumath extended from Montreal to Pasphebec. The ship had left Montreal on the 24th instant, with a heavy cargo. She was built during the war at the account of the French Government. She was a 1,450 ton boat. Without the cargo which had likely been disposed of at the time of the sinking, the losses are estimated at \$70,000 which are covered by \$50,000 insurance.

The Ivanhoe Bicycle

RIDE A BICYCLE

Most parents—mothers as well as fathers—want their boys to learn to handle a byke—well.

Ryking is a sport that makes for healthy, well developed boys and girls. Every lively Canadian boy should have a byke.

Boys bring your dad in to have a look at our Ivanhoe Bicycles. They are up-to-date and a real value at the price.

Campbellton, N. B., Aug. 3rd, 1922

REAL DEMOCRACY.

The New York State Educational Building is one of the most imposing buildings in America. Its scope includes all education. The university regularly inspects the educational institutions within its jurisdiction, licenses teachers, sets up uniform standards for the public schools, maintains the state library, the state museum and the state library school and apportions to the schools the appropriations annually made by the Legislature.

The cost of the building, including the site, was approximately \$5,400,000. It is of classic design, a colonnade of thirty-six Corinthian columns extending along the entire front, made of white Vermont marble—the finest column made in America.

It is across the street from the state capital. The exhibits (Indian) and the splendid law and legislative libraries are very large and descriptive. These inscriptions are in the rotunda:

"Here shall be gathered the best books of all lands and all ages."

"This library aims to uplift the state and serve every citizen."

"A system of free common schools wherein all the children of the state may be educated."

The mural paintings are in the best style of the art.

This building might be called the cornerstone of American democracy. The building itself, solid, massive and stately is symbolic of the purpose for which it was erected. That purpose is to uplift and serve every citizen, and its chief glory is that it establishes a system of free common schools wherein all the children of the state may be educated.

It is a building that means much and it is well worth visiting as an education. The effect produced by such a visit gives hope of the greater future of education. It shows how education in the best direction America is improving and expanding.

Canada is doing well in the matter of education and such a building as this with its evidences of a great civilization to come should prove an inspiration to those at the head of educational affairs. For it is educational training that opens up for every child the surest and best road to a really successful life.

DISAGREEMENT IN PARIS CASE

Jury Stand Ten to Two For Conviction in Fourth Trial for Murder.

The fourth trial of John Paris ended in a disagreement this morning when the jury announced that after forty-six hours consideration of the evidence they had been unable to arrive at a unanimous decision. The final result was ten for conviction and two for acquittal. Paris will again stand trial in September.

MacCARLIE—WILKINS.

A pretty wedding was solemnized at the Baptist parsonage on Tuesday evening, July 18th, 1922, when Rev. W. Camp united in marriage Elizabeth J. Wilkins of this town and Frederick J. MacCarlie of St. Andrews, N. B. They were attended by Miss Iola Wilkins and Mr. S. MacCarlie.

After a motor trip through the province Mr. and Mrs. MacCarlie will reside in Campbellton.

N. B. ALLIANCE MAKES STATEMENT

Executive Urges Strict Enforcement of the Prohibition Act in This Province.

The executive of the New Brunswick Temperance Alliance was in session in St. John last week. At the conclusion of the meeting, the executive gave out the following statement:

The executive of the New Brunswick Temperance Alliance, who have been in St. John having consultations and interviews with friends of the temperance cause are much concerned with the conditions as they prevail at present. They are of the opinion that if these conditions are allowed to continue many of the benefits that came to us through the Prohibition Act will be lost.

There are several reasons why Christian and temperance people should be anxious:

First, on account of the inefficiency of many of the inspectors on the staff, who are either not in sympathy with the law and its enforcement or they are not doing the work they are both sworn and paid to do and they should be removed from office. And we are also of the opinion that there are some inspectors who are efficient and industrious, but who have too many obstacles to overcome.

Second—Another serious phase of the situation and one that there does not appear to be any justification for is the number and class of vendors receiving licenses. Many of the appointments made seem to impress those best qualified to know with the conviction that the sale of liquor, not its suppression, is the primary object of so many licenses being issued.

A grave and serious situation has arisen because of the wholesale export liquor warehouses being permitted to continue in business. This is a serious menace not only to the prohibition act, but to the morals and welfare of the province.

The executive would bring these conditions to the attention of the people as a first step toward co-operation and would suggest that every friend of temperance use his utmost influence to see that a remedy for this condition is found as early as possible.

RECEIPTS GROWING

Motor vehicle license receipts to date total \$280,000 for the present year, the largest total was \$284,000 in 1921.

The expectations is that \$400,000 mark will be reached, Hon. Mr. Veniot said, his estimate being \$300,000. He said that reports indicated that there was no cessation in automobile sales. He added more than 16,000 automobiles are now registered, and licensed in New Brunswick exclusive of motor cycles.

The plans for the new curling rink are about ready. This will be one of the finest rinks and club rooms in the province. It will be 175 feet long over the existing rink and will have four sheets of ice. At Pictou, and W. W. Butler, president of a meeting of the Curling Club held the Canada Car Co., who will join the last evening it was decided that the new rink should be undertaken at once.**OBITUARY.**
Mrs. Angus Gillman.
The death of Janet Margaret, wife of Rev. Angus Gillman of Troy Grove, Wis., took place July 19th, aged sixty years.**EXPRESS DELAYED.**
The Maritime Express from Montreal, did not reach Campbellton until after 10 o'clock yesterday. The train was delayed owing to the derailment of a freight train at Drummondville, Quebec.**COST MUNICIPALITY \$10,000.**
The four trials of John Paris, for the murder of Sadie McAuley in St. John one year ago yesterday, have cost the taxpayers of that city and county of St. John a sum in excess of \$10,000, and the fifth trial, which begins next month, will add at least another \$2,500, according to figures given out.**BROKE HER LEG.**
The many friends of Mrs. Chas. B. Scott will regret to learn that she was the victim of a painful accident which occurred at her home yesterday morning about 7 o'clock when on coming out of the house by the rear door she accidentally tripped and fell over the step breaking her leg just above the ankle. Mrs. Scott was taken to the Soldiers' Memorial Hospital where she is resting easily today.**TO FISH SALMON.**
Premier Foster, Col. Alex. McMillan and James G. Harrison will leave this evening for a fishing trip on the Nepisiguit River. They will be met there by Mr. E. M. McDonald, M. P., and will have four sheets of ice. At Pictou, and W. W. Butler, president of a meeting of the Curling Club held the Canada Car Co., who will join the last evening it was decided that the new rink should be undertaken at once.**AS USUAL WE OFFER VALUES FOR THE FARM AND GARDEN****Scythes [Guaranteed]**Black Diamond \$2.25 American India Steel \$2.25

GREAT VICTORY FOR
HILTON BELYEA

Dibble Tried to Jockey Belyea And Was Driven Out of Race.

St. Catharines, Ont., July 30—In successfully defending his championship title on Saturday, Hilton Belyea rowed a remarkable race. "Belyea was twenty per cent better to-day than at Philadelphia," said Joe Wright. To dash into Dibble's obstructing shell at the beginning of the last quarter, then to back water, start all over again, cross the finish line three lengths in front of W. E. G. Gilmore in 8.091-5, carry his shell from the race course across a street and down a yard to his boat-house was a fair afternoon's work. Hilton was given a rousing reception by spectators at the conclusion of his spectacular victory. His summary removal of Bobby Dibble electrified onlookers and will be talked of for a long time.

DR. GRAHAM BELL
DIED TUESDAY

Passed Away at His Home in Cape Breton After Short Illness.

Sydney, N. S., Aug. 2—Dr. Alexander Graham Bell, inventor of the telephone, died at two o'clock this morning at Beinn Breagh, his estate near Baddeck.

Dr. Bell's death came suddenly for though he had been somewhat ill for several months he had not been confined to his bed.

He became seriously ill about five o'clock on Tuesday afternoon, and was immediately attended by Dr. Kerr of Washington, D.C., a cousin of Mrs. Bell, who has been visiting at Beinn Breagh and by Dr. J. J. Roy, of Sydney who was also at Beinn Breagh.

His condition grew rapidly worse however, and death came early in the morning.

FOUR INCHES OF RAIN. During a violent electrical storm in Simcoe, Ont. on Monday, almost four inches of rain fell. The water ran running-board high on automobiles caught in the country.

NOT SALUBROUS. Whoever forgot the three or four barrels of rubbish on the south side of Roseberry Street just west of the old I. N. R. track ought to come back and take them away as they are making their presence known in a manner which is greatly annoying residents of that vicinity. Unless this rubbish disappears within a matter of hours the public health officer should be on the job.

RURAL SCIENCE SCHOOL. Very successful work is being carried out at the Rural Science school camp in Sussex, where forty-five student teachers are now taking courses in agriculture. The camp is under the direction of A. C. Gorham, director of elementary agricultural education for the province, and he is being assisted by William Macintosh, of St. John; Professor H. E. Wheelock, of Acadia University; O. C. Hicks, superintendent of the soils and crops division of the department of agriculture; and Miss Jenson, who is giving the teachers special instruction in organized play for children.

FOREST FIRES IN CANADA 3,000 IN PRESENT YEAR

Ottawa, Aug. 2—Three thousand

Canada this year, according to the Canadian Forestry Association. Brit-

Central Quebec has passed through the worst fire experience for many years. Airplanes and seaplanes are being used to great advantage in reducing this forest loss and have done excellent work in fighting the British Columbia and Quebec bush fires, transporting food for the fighters and pumps for fighting fires.
