## HUNTING, DEADLY WORK

Two More Shot in Canada—Eleven in the Maine Woods.

Aurora Boy Shoots His Chum—Wilfrid Willis Succumbs to Bullet Wound Accidentally Received While Hunting Saturday—Frank Mather Kills His Brother-in-Law, Norman Stimers, While on Hunting Expedition.

Aurora, Nov. 13.—As the result of a shot from a rifle in the hands of a boy companion, Wilfrid Willis, aged 12, is dead.

The shooting occurred about 5 o'clock on Saturday afternoon when Austin Ratcliffe, aged 14, and young Willis, were returning from a shooting expedition in the woods, a little north of Aurora. While passing through some thick brambles Ratcliffe, who was behind with the little 22 calibre rifle, tripped over a stick. The gun exploded, and the shot struck Willis.

Ratcliffe scrambled to his feet and ran for help to the nearest farm house. It was some time before he could get back, as he had not noted the position of the woods where the accident occurred. At last in company with the farmer Ratcliffe found the wounded boy, who was hardly able to speak, much less to make any outcry. He was placed in the farmer's wagon and taken to the town, where he passed away about 10 o'clock.

Eleven Hunters Are Shot. Brockton, Me., Nov. 13.—Two and a half weeks of open season on Maine game have brought out several surprising results. "There are more than 10,000 men in the woods hunting for large animals, and since the opening there have been eleven men and boys killed or wounded and only six bears have been brought out.

## TWO MEN WHIRLED TO DEATH.

One Catches His Arm in Belt and the Other in a Pulley.

Belleville, Nov. 13.—Norman Stimers of Bancroft, while hunting in the Township of Mayo, with his brother-in-law, Frank Mather, was accidentally shot by the latter on Tuesday last. Stimers was walking some distance ahead of Mather, when the latter saw Stimers slipping from the hammer and his thumb slipped from the hammer and the rifle was discharged, the bullet striking young Stimers in the left side. He died on Thursday morning.

Death Whirl at Winnipeg. Winnipeg, Man., Nov. 13.—William Watts, an employee of the civil asphalt plant, was caught in the belt on the elevator shaft Friday afternoon and drawn over the pulley, where he was crushed to death, and his mangled body thrown down to the floor. The elevator belt had been slipping and Watts went up above to fix it. Evidently he allowed his arm to get too far under the wheel, and was caught. His body was whirled around the shaft by the arm, which was torn almost clear from the shoulder.

## Cattle Embargo to Stay.

London, Nov. 12.—(C. A. P.)—Allwyn Fellowes, president of the Board of Agriculture, speaking at a meeting in Lincolnshire to breeders of cattle, said that so long as he was head of the department, nothing could induce him to ask the House of Commons to alter the law, as he considered it one of the greatest safeguards which the owner of live stock had in this country.

Perjury Charge Foundationless. Bridgewater, N. S., Nov. 13.—The charge of perjury instituted against C. E. Kaubach, Esq., of Lunenburg, had its final hearing before Judge Forbes in the County Court Saturday. There was not the slightest evidence to substantiate the charge against Kaubach, and the judge expressed regret that the matter had been brought into court.

Bit Man's Ear Off. Sault Ste. Marie, Nov. 13.—William Jollineau, a laborer, and Robert Lang, a blacksmith, got mixed up in a bar-room fight in the Windsor Hotel Saturday. Jollineau bit Lang's right ear off in one piece, almost as clean as if cut with a sharp knife.

Spanish Students Riot. Madrid, Nov. 13.—Student riots here and at Barcelona and Valencia are assuming serious dimensions. The council of the university has decided to close the institution unless the disorder is immediately stopped.

Slight Earth Shock. Salt Lake City, Utah, Nov. 13.—A slight earthquake shock occurred at 3:26 p. m. Saturday. No damage has been reported.

## HEADS LIST

Big John Lee, of Highgate, East Kent's Ex-M. P., the First New J. P. to Take Oath

John Lee, ex-M. P. of Highgate, was the first new J. P. in Kent County to take the oath of office, being sworn in by Clerk of the Peace H. D. Smith on Saturday morning. Mr. Lee was followed by ex-Warden W. C. Sifton, of Palmira; Ed. D. Mitton, Robt. Hall and Geo. A. Watson, Ridgetown, and I. B. Webster, Dresden. Others are being sworn in to-day.

## DUCK MISSING

Mr. and Mrs. Bragg Will Have to Celebrate the 27th Anniversary of Their Wedding Differently

On Tuesday next Mr. and Mrs. W. H. Bragg, Lacroix street, will have been married for 27 years. Quite naturally they are proud of the event and intend to celebrate it by entertaining a few of their friends to a supper.

On Saturday Mr. Bragg purchased a couple of fine duck on the market, intending to save them for the grand event. Saturday night, however, some one who evidently knew of the supper and was perhaps jealous that he was not invited, entered the Bragg home and stole the duck, along with a fresh pumpkin pie.

Entrance was gained from the cellar window. The robber proceeded from the cellar up stairs and out to the summer kitchen and searched the ice box where the duck were found.

P. C. Deszela was notified and was at work on the case yesterday. The robbery was evidently committed by some one who knew the duck were purchased and also knew where they were kept.

## WHAT IS THE CRITERION

Mr. Brent's recital or organ selections at First church yesterday was truly representative of the greatest classical and modern masters, calling for qualification of the highest order both technical and interpretive.

The exposition and development of the celebrated Back fugue were such as for lucidity and proportion would be hard to surpass, the uncommon pedal difficulties being flung off with ease.

Cesar Frank's imposing final was another number which was conducted with much judgment to a crashing climax—a test of any organist's musicianship.

## BADLY BURNED

Robert McCubbin, father-in-law of W. H. Bragg, met with a serious and painful accident last evening.

Mr. McCubbin has been an invalid for some time, being confined to his bed with paralysis in one side. Last evening his bed clothes caught fire from a candle, and before the attention of those in the house could be drawn to his perilous position the flames reached his body and burned him quite badly.

Mr. McCubbin was doing nicely this morning.

## FOUR DROWNED.

Former Warton Man and Young Lady Victims in Manitoba.

Shoal Lake, Man., Nov. 13.—A double drowning accident occurred here at 10 o'clock Friday night, when Lizzie Harrison, daughter of Wm. Harrison, and Arthur Ingersoll, son of Samuel Ingersoll, of Warton, Ont., went through a blow hole on Shoal Lake while skating in the moonlight. The bodies were recovered early Saturday morning.

One at the "Soo." Sault Ste. Marie, Nov. 13.—Frank Phillipon, employed at the Lake Superior Corporation's saw mill, was drowned Saturday afternoon. He was one of the workmen engaged in loading the steamboat with lumber and fell from the dock into the water, from which he was taken two hours later. He was 29 years of age and leaves a wife and four children.

Washed Overboard and Drowned. Fort Burwell, Nov. 13.—The fishing tug Star, while lifting nets during Saturday's heavy south gale, shipped a heavy sea, washing a sailor, Sturgeon by name, overboard. He was a young, unmarried man, and hailed from Bayfield, Ont. The tug lost all of her upper works.

## RAILWAY ACCIDENTS.

Engine Tossed Hamilton Man and Injured Him Fatally.

Hamilton, Nov. 13.—Robert Hall, a beach boat builder, about 60 years of age, while walking on the G. T. R. tracks Saturday morning, was run down by a freight train. The engine tossed him off the track, broke both legs and injured him internally. He was removed to the City Hospital, where he was operated upon, but died soon after the operation Saturday evening.

No time like the present.

## GERMANY HOLDS ALOOF

Diplomatic Move to Retain German Prestige in Turkey.

Russia Sends Two Ships to Assist in Demonstration Against the Porte—Great Britain Will Join in the Proposed Scare—The International Squadron Will Occupy a Turkish Port to Force Financial Reforms.

Paris, Nov. 13.—A Russian warship now off the island of Crete and another at Piraneus, Greece, have been assigned to participate with the French ships selected, but which have not yet started in the naval demonstration against Turkey as a result of the Porte's refusal to agree to the financial reforms determined upon by the powers for Macedonia. An Austrian admiral probably will assume command of the international squadron, but this depends upon the rank of the officer Great Britain assigns to the command of her warships.

Germany, while not opposing the principle of the demonstration, says she has no available warships in the Mediterranean. This is considered to be a diplomatic move to retain German prestige in Turkey.

The demonstration will not take the form of closing the Strait of the Dardanelles, as reported, since this would interfere with neutral commerce. The actual form will be determined upon by the admirals, but it is considered likely that the international squadron will occupy a Turkish port or an island and will withhold the customs until the Sultan accedes to the financial reforms.

The demonstrations is not expected to have serious consequences, such as disrupting the political relations of the powers with Turkey as chiefly designed to give the Sultan grounds with the Mussulman element for yielding to the demands of the Christian powers.

Great Britain in any event will join in the proposed demonstration against Turkey.

The next step will be an ultimatum in which it will be stated that in the event of a refusal by the Porte to accede to the demands of the powers, a demonstration immediately will be begun.

## CREELMAN IS PRESIDENT.

American Association of Farmers Institutes Honors Ontario Man.

Washington, D. C., Nov. 13.—The American Association of Farmers' Institute Workers Saturday adjourned their annual session after electing officers. Their members were received at the White House by President Roosevelt and afterward at the Department of Agriculture by Secretary Wilson.

The officers elected are: C. Creelman, Ontario, president; W. W. Miller, Ohio, vice-president; John Hamilton, Department of Agriculture, secretary-treasurer; executive committee, D. J. Lee, Louisiana; W. L. Ames, Maryland, and F. H. Hall, Illinois.

## A King From Michigan.

Bessemer, Mich., Nov. 13.—Bessemer may furnish a ruler for the new vacant throne of Norway. Invitations have been received by Louis Munthe from one wing in the Norwegian Storthing to visit Christiania and establish his claim as a direct descendant of Haakon V., the last independent king, who died in 1319. While a student at Lund University, Mr. Munthe took a prominent part in the Danish-German war, and also on the subsequent attempt to overthrow the Danish dynasty. The failure of this attempt caused him to make a hasty departure for America. The legitimate party in the Storthing insists that the Norwegian throne shall be filled by a descendant of the native royal line.

We doubt very much if there is any investment that pays such wondrous dividends as does kindness. Just try it, and you will be astonished at the returns.

## OPTIMISTIC.

To tell you the truth, I don't think my wife cares very much for me. Well, cheer up, old man. You can at least be proud of her good sense.

the use of stimulants to spur up a tired worn-out nervous system is becoming common in these days of competition and exhausting business pursuits. The woman, tired out by a day's shopping and "just ready to fly" finds immediate relief in a hot cup of tea. A man seeks his cigar for solace after a hard day's work. Dr. Pierce's Favorite Prescription, nearly forty years ago, prepared a tonic for the use of weak women. He carefully eliminated any harmful or injurious substances, from its composition, excluding alcohol and narcotic drugs, and only incorporated such drugs as his long experience had proved to be useful in relieving woman's ills. Its success was immediate and remarkable, and it stands to-day as the foremost remedy for diseases of women. Dr. Pierce's Favorite Prescription. It strikes at the root of the trouble, stops weakening drains, relieves pelvic congestion and inflammation and gives tone and vigor to the organs.

"I want to tell you of the great improvement in my health since taking your Favorite Prescription," says Mrs. R. S. Jones of Forest, N. C. "When I began its use I was a physical wreck and had despaired of ever having good health again. Could not sit up all day. I noted a great improvement before the first bottle was all used. Was suffering with almost every pain that a woman is subject to: inflammation of ovaries, painful and suppressed periods, and other symptoms of female disease. After taking six bottles of Favorite Prescription, I felt like a new person. Can ride horseback and take all kinds of exercise and not feel tired."

For constipation, the true scientific cure is Dr. Pierce's Pleasant Pellets. Mild, harmless, yet sure. No other pill can compare with them.

**KNOW YOURSELF.**

Read all about yourself, your system, the physiology of life, anatomy, hygiene, simple home cures, etc., in the "Common Sense Medical Adviser," a book of 1008 pages. Send to Dr. R. V. Pierce, Buffalo, N. Y., 50 cents in one-cent stamps for cloth-bound copy, or for paper-covered book 31 stamps.

**Napoleon's Ideal Woman.**

In response to a question asked by a lady the great Napoleon replied: "My ideal woman is not the beautiful featured society belle, whose physician tries in vain to keep her in repair, nor the fragile butterfly of fashion, who gilds the tortures of disease with a forced smile. No. My ideal is a woman who has accepted her being as a sacred trust and who obeys the laws of nature for the preservation of her body and soul. Do you know, my involuntarily bends in homage when I meet the matron who reaches middle age in complete preservation? That woman is rendered beautiful by perfect health, and the stalwart children by her side are her reward. That's my ideal woman."

## "IT'S ONLY A COLD, A TRIFLING COUGH"

Thousands have said this when they caught cold. They have neglected to cure the cold. Thousands have died of Consumptive grave through neglect. Never neglect a cough or cold. It can have but one result. It leaves the throat or lungs, or both, affected.

## Dr. Wood's Norway Pine Syrup

is the medicine you need. It strikes at the very foundation of all throat or lung complaints, relieving or curing Coughs, Colds, Bronchitis, Asthma, Croup, Whooping Cough, and preventing Pneumonia and Consumption.

It has stood the test for many years, and is now more generally used than ever. It contains all the lung healing virtues of the pine tree combined with Wild Cherry Bark and other potent remedies. It stimulates the weakened bronchial organs, allays irritation and subdues inflammation, soothes and heals the irritated parts, loosens the phlegm and mucus, and aids nature to easily dislodge the morbid accumulations. It has been humbugged into accepting an imitation of Dr. Wood's Norway Pine Syrup. It is put up in a yellow wrapper, three pine trees the trade mark, and price 25 cts.

Mr. Julian J. LeBlanc, Belle Cote, N.S., writes: "I was troubled with a bad cold, sore cough, which assumed such an attitude as to keep me confined to my house. I tried several remedies advertised, but they were of no avail. As a last resort I tried Dr. Wood's Norway Pine Syrup and our bottle cured me completely."

## THE NEW MILLINERY.

Decided Crowns and Ostrich Plumes Galore—Small Turbans.

Autumn millinery creations show very decided crowns and rather broad, flaring brims. The fancy for wearing the hat well forward, tipped over the brow, remains popular, and when the hair is properly arranged—high at the back so as to support the hat without the addition of a cachepeigne—the effect is smart and generally becoming. For wear with the tailor costume and walking dress the small turban severely trimmed will be good style, but the large hat will be the correct mode for occasions when very dressy toilets are displayed.

A conspicuous note in the autumn models is the lavish use of plumes. The new shapes require some softening, and no other trimming gives this effect like the graceful ostrich feather, which, by the way, has this season taken all kinds of twists and turns. An effective arrangement is to have the plumes round and roll over on the hat.

**The Walking Hat Again.**

There is a suggestion of the long ago favorite walking hat in a new model of glossy black beaver felt. A soft drape of black silk encircles the high crown and directly in front is placed a square buckle of dull silver studded with brilliants. Falling over the left side and back are two black ostrich plumes, the tips resting on the hair. This smart hat is a charming accompaniment to the tailor costume. An effective note may be achieved by using plumes in the deep American Beauty shade instead of those of black, and an equally modish arrangement is to have the hat of white beaver with black trimmings.

## Fashionable Colors.

All shades of brown are fashionable, but the newest hue is termed les feuilles mortes, or dead leaves. When lighted up with a touch of red, blue or green it suggests rich autumn foliage. Gray, too, is much in evidence and in many odd combinations. One hat of dark purple felt bent into artistic shape had a huge red rose with a bit of foliage adjusted against the crown near the front, while two other roses of the same size and color were arranged at the back against the flaring brim. This model was intended to accompany a dressy gown of purple cloth in which the note of red was repeated in the embroidered trimmings.

## Tucked Taffeta Hats.

Tucked and corded taffeta is used to fashion some of the smartest street hats of the season. The tricorn and French sailor are the shapes in highest favor. Wings, quills and ribbon are the trimmings employed. A hat of unusual style is made of dark red taffeta, cross tucked and over a tricorn shape. A soft fold of the silk encircles the crown, and at the left side, against the flaring brim, there are two large dark red wings that are tipped with black, while on top of the hat at the left side there is another red wing—Delineator.

## New Veil Pins.

A fad in jewelry which has already become very popular is veil pins, says an exchange. Now that the veils are so much more elaborate it is necessary to pin them on to the brim of the hat very carefully. To do this becomingly three of these new veil pins should be used, one on each side of the hat and one in the back to hold the ends together. They are made like the old fashioned belt pins—a gold or silver bar, with a stone in the center. A very pretty set of these veil pins was given as a birthday present not long since and was very much admired. The pins were made of dull gold, with three good sized amethysts set in each pin, and when worn with a violet hat and violet lace and chiffon veil they were most effective. The pins will be found a great aid to neatness.

## Variety in Sweaters.

Sweaters are now so universally worn that they require as much description as a waist. The days when one sweater differed from another only in the knitted stitch are past and gone, and a modern sweater shows nearly as many variations as the modish blouse, remarks a fashion exchange. A girl may possess a sweater in any desired neck outline or length, untrimmed or leather trimmed and exhibiting long or short sleeves. There comes the Norfolk sweater, made like a jacket with a V neck, the sailor one fitted in the back and showing the usual accessories the bolero, collarless and ending just below the waist line, and the ordinary blouse form with a square neck, standing collar and wristlets of contrasting color.

## For Fruits, Nuts, Etc.

Among the handsome conceits this year are filigree silver boats for fruit, nuts, small cakes and bouquets. There

are also glass receptacles for holding water which can be placed inside of the silver boat and then filled with small, short stemmed blossoms.—Table Talk.

**Chocolate Cake and Cream.**

A dainty little notion is to serve stiff whipped cream not on chocolate cake, but with it.

## Cure For The Blues

ONE MEDICINE THAT HAS NEVER FAILED

Health Fully Restored and the Joy of Life Regained

When a cheerful, brave, light-hearted woman is suddenly plunged into that perfection of misery, the BLUES, it is a sad picture. It is usually this way: She has been feeling "out of sorts."

Mme. Josephine Riville

for some time; head has ached and back also; has slept poorly, been quite nervous, and nearly fainted once or twice; head dizzy, and heart-beats very fast; then that bearing-down feeling, and during her menstrual period she is exceedingly despondent. Nothing pleases her. Her doctor says: "Cheer up; you have dyspepsia; you will be all right soon."

But she doesn't get "all right," and hope vanishes; then come the brooding, morbid, melancholy, everlasting BLUES.

Don't wait until your sufferings have driven you to despair, with your nerves all shattered and your courage gone, but take Lydia E. Pinkham's Vegetable Compound. See what it did for Madame Josephine Riville, Maestri, Que.

Dear Mrs. Pinkham: "I suffered for four years with female troubles—inflammation of the stomach and fallopian tubes which caused me violent pain and often tortures, so much so that I could not walk at times and attend to my daily duties. Life was misery to me. I was so blue and despondent I did not know which way to turn for relief. I had tried many doctors but they did not help me. I was advised to try Lydia E. Pinkham's Vegetable Compound, so I bought a bottle. I am glad that I did so, for I feel like a new woman. My health is now perfect, and I thank you for your medicine."

If you have some derangement of the female organism write Mrs. Pinkham, Lynn, Mass., for advice.

## Italian Vendetta.

Everybody remembers Musolino, the almost world-famous brigand of Calabria, where earthquake shocks have recently wrought such widespread devastation. The tragedy of the "Gentleman Brigand" is still fresh in the minds of many of the inhabitants of the places where he had his haunts; but neither his fate nor the deaths of many of his victims have been sufficient to close the tragedy of his career, and the newspapers of New Jersey, U.S.A. are just now filled with the details of an adventure which shows how the love of vengeance still rules the characters of the men of Southern Italy. The victim of the present affair is Domenico Musolino, a cousin of the notorious Giuseppe Musolino, and though he has escaped with his life, the implacable laws of the vendetta, which from time immemorial have recognized no obstacles of time or distance, are still being enforced against him, and he is doomed to carry his life in his hand. It was on the morning of the 8th Sept., that an Italian slipped out of the market crowd in Jersey City, and plunging a stiletto into the neck of Domenico Musolino within half an inch of the jugular vein, dodged rapidly back into the crowd and escaped, leaving the object of the attack to be carried to the City Hospital, where he now lies. This was the fourth attempt to kill Domenico within a year, and though the men who have carried the vendetta to far America have been frustrated in their desire for vengeance, the Italian community in New Jersey believe that Domenico has been marked for death by the friends of Vincenzo Zoccoli, who was shot dead seven years ago in Calabria.

We don't need money and prominence to help others. All we need to do is to do a kind act, say a kind word at the right time.

Present adversity is easier to bear than past prosperity.

## HEGEMAN ON THE RACK.

Examination Not Concluded In Insurance Inquiry When Adjourning Came—Valuable Figures.

New York, N. Y., Nov. 11.—Closing the sessions of the week yesterday the Armstrong committee of insurance investigation has received a mass of tall and figures, which, while apparently of little interest to the laity, is declared to be of inestimable value to the committee. The greater part of the week has been devoted to the Metropolitan Life Insurance Co., the examinations of President Hegeman and James M. Craig, the actuary of the company, being of a technical nature. When adjournment was taken yesterday the committee had not finished the examination of President Hegeman.

## Press Puffers on the Stand.

Just before adjournment Mr. Hegeman was excused, and Joseph Howard, Jr., a writer, who has been employed by the Mutual Life, identified vouchers that he had signed for money received for writing advertisements and reading notices for the company Mr. Howard afforded much amusement by his declaration that his only regret was that he could not sign more of these vouchers. His sole complaint was that he was not paid enough for his work. This, too, was the complaint on the witness stand of Chas. Smith, who also does writing for the Mutual Life and receives \$8,000 a year for it.

## A Dirty Trick.

Mr. Howard said he had been employed 30 or 40 years by the Mutual Life, but the vouchers went back only to 1899. There were ten of these vouchers, aggregating \$16,625. Mr. Howard denied that he had ever sent out despatches by wire, and was emphatic in his assertion that he had never written a line about insurance for any paper on which he was employed, and characterizing such an act as a "dirty trick."

## ALLIANCE DISAPPOINTED.

Nothing Accomplished During Year In Way of New Sunday Laws.

Toronto, Nov. 11.—About fifty members of the Ontario Lord's Day Alliance convention were present at the meeting yesterday in the Y. M. C. A. lecture room.

A lengthy review of the year was given by President J. K. Macdonald, who said that the fact that nothing had been accomplished during the year in the way of legislation was a serious disappointment.

A resolution was passed urging the Provincial Government to legislate upon the subject of Sunday rest by enacting legislation which shall, by title and preamble, clearly show its object to be of a civil character, shall restrict to the other six days employment upon electric railways, as being not unreasonably within the province, and shall provide for enforcement by enabling the Attorney-General, on behalf of those whose rights are protected, to secure an injunction against the corporation operating the railway and such other means within the provincial authority as the Government may think necessary.

It was also agreed that the Ontario legislation, in addition to advancing upon legislative lines by the province, should unite with the Dominion Alliance in securing Dominion legislation. In the afternoon the officers were elected.

## Dominion W. C. T. U.

Hamilton, Nov. 11.—The delegates to the convention of the Dominion W. C. T. U., which opened in First Methodist Church yesterday morning, are all gathered up over the Mormon question, and they passed this resolution: "In view of the startling revelations with regard to the rapid inroads of Mormonism, with all its degrading tendencies, and the young nation particularly in the Northwest Territories, resolved that the Dominion W. C. T. U., memorialize the highest court of appeal in all ecclesiastical bodies in Canada, that at the earliest possible opportunity they should investigate this matter and take what immediate steps they in their wisdom see fit to effectively prohibit this revolting state of affairs." The delegates also decided to write to Hon. Frank Oliver, Minister of the Interior, on the question, calling his attention to the fact that despite the Canadian prohibition of polygamy, facts in their possession led them to believe that the prohibition was not regarded.

## "Soo" Water Power.

Buffalo, Nov. 11.—At yesterday's meeting of the International Waterways Commission, Chairman Ernest stated, after hearing arguments for a couple of hours, that the commission would not favor granting permits for the use of more than 19,500 cubic feet of water at the Soo, and that amount would have to satisfy all the interests concerned. He reiterated the determination of the commission to preserve the interest of navigation regardless of consequence to any person or corporation.

## MUNICIPAL OWNERSHIP.

Andrew Carnegie Says the People Want It and Should Get It.

New York, Nov. 11.—Andrew Carnegie, upon disembarking yesterday from the steamer Baltic, said:

"I do not believe in the Socialist's idea of municipal ownership. All Great Britain's water, tram and sewage works are under public ownership. The line seems clear to me. The increase in value made by an increase in population should belong to the city. Now municipal ownership is a certainty as sure as I am alive. Scotland and England are ahead of us in ownership of public property. A city should not give away a franchise that belongs to the people, but whether a city should offer it as a lease for a time is another affair. The leases given should be for as short a time as possible. The shorter the better. The ownership should always remain with the city. The people seemingly want municipal ownership and should get it."

## NO POISON IN CHAMBERLAIN'S COUGH REMEDY.

From Napier, New Zealand, Herald:

Two years ago the Pharmacy Board of New South Wales, Australia, had an analysis made of all the cough medicines that were sold in that market. Out of the entire list they found only one that they declared was entirely free from all poisons. This exception was Chamberlain's Cough Remedy, made by the Chamberlain Medicine Company, Des Moines, Iowa, U. S. A. The absence of all narcotics makes this remedy the safest and best that can be had, and it is with a feeling of security that any mother can give it to her little ones. Chamberlain's Cough Remedy is especially recommended by its makers for coughs, colds, croup and whooping cough. When taken in time it prevents pneumonia. This remedy is for sale by all druggists.

## DUSTY STREET

Merchants and Pedestrians Are Complaining of the Bad Condition King St. Saturday

There was much comment on the street this morning about the disgraceful state of King St. on Saturday. Dust was flying everywhere, blinding pedestrians and causing damage to merchants.

"Where was the Board of Works?" asked one citizen. "Why did they not get out the sprinkler? The gun is up, but the sprinkler is still there ready for use. For very little extra expense they could have had the streets placed in some kind of decent shape."

The Mayor stated this morning, when interviewed, that King street would be cleaned up this week. There is a man at work this morning cleaning off the market square. It is expected the roads will be put in good shape before the snow comes. There is another matter which was commented upon quite strongly by a man who attended the market on Saturday, viz., the very unclean and unsanitary condition of the basement of the market building, where butter and poultry were offered for sale. "That room was one cloud of dust," he remarked. "Something which should be carefully avoided. No person wants to go to the market and pick butter out of a cloud of dust, especially when they have to pay 28 cents a pound for it. A caretaker has been hired, but he has not yet been allowed to go to the market. The property committee are saving money, but they are endangering the health of the citizens in so doing."

## STUDENTS CENSURED.

Denial of Right of Speech Strongly Characterized by Le Canada.

Montreal, Nov. 13.—In addressing the students of the law faculty of Laval University on the Mage incident Saturday afternoon, the dean, Hon. Judge Mathieu, said:

"As I am your friend, I can and must take liberty to say to you things which you will not perhaps disagreeable. I regret that you, French-Canadian students, living under the protection of the British flag, should have seen fit to go and prevent a lecturer from freely expressing his views. Gentlemen, never forget this: there is a public law, in a civilized country, and one has the right to act and to speak. He who prevents the act and his speech go together. The established laws. Mr. Mage had the right to express his view, liberty in religious matters being recognized by the law of the land. You could oppose his views with superior views, but neither error nor truth can be fought with decayed fruit and rotten eggs."

Referring to the conduct of the students, Le Canada asks: "Why deny to others the right to meet and speak? Does anyone wish to have here a gag system, which Russia is at present doing away with in floods of blood?"

Rev. Father Leo in a Stirring Address Scores Scandal Mongers in Chatham

At St. Joseph's Church, yesterday, in the course of an able and eloquent discourse, Rev. Father Leo took occasion to vigorously score tale-bearing and scandal mongering as recently evidenced in the Maple City. He cautioned all to beware of the terrible injuries that are daily done to the reputation and life of innocent people by the reckless gossip and exaggerated comments of irresponsible persons. The world might never know how many had been "done to death by slanderous tongues." The reverend gentleman also alluded to the press and the power for good or evil it may exercise in this respect.

## GOOD OR EVIL

Rev. Mr. Rutledge Discourses on the  
Great Influence of Woman—  
Good Music

A large and interested congrega-  
tion was assembled in the Park St. Meth-  
odist Church last evening, when the  
pastor, Rev. W. L. Rutledge, preach-  
ed on the subject of the "Divided  
Kingdom," basing his remarks on the  
11th chapter of I. Kings, 11th verse.  
This brief sentence, said the preach-  
er, is a solemn commentary on the  
importance of the admonition given to  
Solomon years before. Twice was  
he warned against the sin which  
swept him off his feet and afterwards  
rent his kingdom. Because he gave  
no heed to the warning we hear him  
near the end of his days, crying, "All  
is vanity and vexation of spirit."  
Nothing is much sadder than a cynic  
of old age to pass through life and  
be sorry to have lived at all, that is  
desolation indeed.

Continuing, he said: But it is  
only the obedient life that is worth  
living. The last chapter ought to be  
the best of the story if the story is  
well written. The best wine is kept  
for the end of the feast to all the  
guest friends of God. Old age is, af-  
ter all, only the reaping time when  
we reap what we have sown. The  
present condition of Russia is an il-  
lustration of the law, "As we sow, so  
also shall we reap." Russia is pay-  
ing the price of tyranny and misgov-  
ernment in blood and tears. Solomon  
had come to his reaping time; that  
was the explanation of the cynicism  
of his old age.

He made one noble choice, but he  
was not true to the dreams of his  
youth. We are to do noble things  
and not dream them all day long, for  
heaven is not reached by a single  
leap, but we build a ladder by  
which we rise. Each step of this lad-  
der should represent some good deed.  
His second mistake was that he dal-  
ied with temptation. He put too  
great a strain upon his loyalty and  
did not trust in God. Mr. Plimsoil,  
of England, said that there were  
many prevalent vices on the  
high seas, and so we have Plimsoil's  
safety mark on all English ships,  
which indicate the load line.

Would that there was a Plimsoil's  
mark in human life. Young people  
expect too much of themselves and  
contemplate but the only  
safe rule if you want to keep out of  
harm is to keep out of harm's way.  
This is where Solomon, with all his  
wisdom and knowledge, failed. His  
object was to exercise his political in-  
fluence by alliance with the prince-  
esses of surrounding nations. He  
thought he could manage the women,  
but they managed him, and it be-  
came their victory over him that  
rent his kingdom. But if women  
have mastered men for evil they have  
also mastered them for good. Men's  
vestures have been prompted in  
many instances by women.

Only a short time ago at the  
Woman's Council in England a great  
American actress related in her ad-  
dress, "This is an axiom in our profes-  
sion that only the plays can last  
which please women." Only the  
things can last which please women.  
Therefore the standard of the women  
is the standard of the world. So-  
lomon did not tear down the mag-  
nificent temple but he reared others  
for other gods. Modern life is full  
of that spirit—the spirit of compromise.  
You find it everywhere in busi-  
ness and politics. It's amazing what  
a decent man will resort to for the  
sake of winning an election, but the  
party which requires beer, money,  
bribery and falsehood will serve the  
country best by dying. Even when  
in life this warning holds good. The

meanest that God can look upon is  
compromise.  
In summing up his sermon he said  
that the result of the sin of com-  
promise by Solomon was that his  
kingdom was divided and the sin is  
the same in every age. He who at-  
tempts to save a party by compromis-  
ing with wrong, ends by losing the  
whole.

The music was very enjoyable and  
the choir, under the leadership of  
Miss Hollinrake, is certainly always  
worth hearing. The first anthem  
was "The King of Love my Shepherd  
Is," solo parts by Mrs. Hollinrake and  
Mr. Bowers. The solo after the ser-  
mon was by Mrs. Milton Bogart, who  
sang very sweetly "The Good Shep-  
herd." Mrs. Bogart is one of Chat-  
ham's most popular young vocalists.

ROBT. BOND'S CASE

He Was Cured of Bright's Disease by Dodd's Kidney Pills

Doctors said there was no hope for him but he is a Well Man Now.

Mount Brydges, Ont., Nov. 13.—(Special).—That Dodd's Kidney Pills cure Bright's Disease completely and permanently has been clearly shown in the case of Mr. Robert Bond, a well known resident of this place. Mr. Bond does not hesitate to say he owes his life to Dodd's Kidney Pills.

"My attending physician," Mr. Bond states, "said I was in the last stages of Bright's Disease and that there was no hope for me. I then commenced to use Dodd's Kidney Pills and no other remedy. I used in all about twenty boxes when my doctor pronounced me quite well. I have had no return of the trouble since."

Bright's Disease is Kidney Disease in its worst form. Dodd's Kidney Pills always cure it. They also easily cure milder forms of Kidney Complaint.

London, Nov. 11.—(C. A. P.)—On presenting to the navy, on behalf of the Toronto Chapter of Imperial Order Daughters of the Empire, the silk ensign for the battleship Dominion, Princess Louise said: "I am proud to make this presentation to them."

She bowed in acquiescence. To Lord Strathcona she said she hoped he would tell the Toronto Daughters of the Empire how proud she was to be chosen for the occasion.

Also a Few Facts on the Same Subject.

We hear much nowadays about health foods and hygienic living, about vegetarianism, and many other fads along the same line.

Restaurants may be found in the larger cities where no meat, pastry or coffee is served and the foodcrank is in his glory, and arguments and theories galore advanced to prove that meat was never intended for human stomachs, and almost make us believe that our sturdy ancestors, who lived four-score years in robust health on roast beef, pork and mutton must have been grossly ignorant of the laws of health.

Our forefathers had other things to do than formulate theories about the food they ate. A warm welcome was extended to any kind, from bacon to acorns.

A healthy appetite and common sense are excellent guides to follow in matters of diet, and a mixed diet of grains, fruits and meats is undoubtedly the best.

As compared with grains and vegetables, meat furnishes gross and unwholesome nutriment in a highly concentrated form and is digested and assimilated more quickly than vegetables or fruit.

If you have bought a new stove, without advertising, as old iron; you can sell it, through a war ad., as an old stove. Makes a difference of a few dollars.

Dr. Julius Remmonson, on this subject, says: "Nervous persons, people who live in health and of low vitality should eat meat and plenty of it. If the digestion is too feeble at first it may be easily corrected by the regular use of Stuart's Dyspepsia Tablets after each meal. Two of these excellent tablets taken after dinner will digest several thousand grains of meat, eggs or other animal food in three hours, and no matter how weak the stomach may be, no trouble will be experienced if a regular practice is made of using Stuart's Dyspepsia Tablets, because they supply the pepsin and diastase necessary to perfect digestion, and every form of indigestion will be overcome by their use."

That large class of people who come under the head of nervous dyspepsia should eat plenty of meat and insure its proper digestion by the daily use of a safe, humane, digestive medicine like Stuart's Dyspepsia Tablets, composed of the natural digestive principles, pepsin, diastase, fruit acids and salts, which actually perform the work of digestion.

Cheap cathartic medicines, masquerading under the name of dyspepsia cures, are useless for indigestion, as they have absolutely no effect upon the actual digestion of food.

Dyspepsia in all its many forms is simply a failure of the stomach to digest the food and the sensible way to solve the riddle and cure the dyspepsia is to make daily use at meal time of a preparation like Stuart's Dyspepsia Tablets, which is endorsed by the medical profession and known to contain active digestive principles.

## A SUCCESSFUL HORSEMAN.

Never allows his horse to suffer pain. He always uses Nerviline, which is noted for curing stiffness, rheumatism, swellings and strains. Nerviline is just as good inside as outside. For cramps, colic, and internal pain it's a perfect remedy. In the good racing stables Nerviline is always used, because it makes better horses and smaller veterinary bills. Twenty-five cents buys a large bottle of Nerviline. Try it.

## KAISER TO SAVE CZAR

Has Warship Stationed Off Peterhof For Days Past.

Also Sent Wireless Message During the Cronstadt Crisis Offering to Send German Northern Squadron If Desired—General Russian Situation Badly Mixed—Four Distinct Classes Pulling in Different Directions.

St. Petersburg, Nov. 13.—The dread intervention of Germany in the Russian crisis has come. The Kaiser, when he learned of the Cronstadt riots, sent a wireless message to the Czar offering to place the German northern squadron at his disposal. The Czar sent back a message of thanks. It has not transpired whether the offer goes beyond safeguarding the sovereign's person, but inasmuch as a German warship has been stationed off Peterhof for several days for this purpose it is inferred that Emperor William's proposal has a wider significance.

Amid the virtual chaos now existing there is beginning to develop certain ominous features which leave little hope of averting a general political cataclysm in Russia. The contending forces are divided into four camps: first, the reactionaries; second, Count Witte and his followers; third, the whole commercial class and the moderate reformers who are best described as Zemstovists; and fourth, the Socialist workmen who created the present situation by a general strike.

The peasantry do not figure in the problem as yet, and the rank and file of the army is still an uncertain quantity.

Poor Witte. Count Witte and his supporters are still almost helpless, but their collapse is only means certain. His attempt to secure the cooperation of the Zemstovists has completely failed. Every member of his Cabinet is a member of the bureaucracy. The only uniting link is that they remained adherents of Count Witte's policy in recent years when he was in disfavor. All the independent provincial statesmen have refused office and continue their campaign independently of the bureaucracy.

No Sign of Massacre. The groundless nature of the alarmist rumors that a St. Bartholomew massacre would take place Saturday night was demonstrated when the hours passed without the slightest development of mob spirit. The only sign of anything out of the ordinary was that the Jewish stores were shuttered up earlier than usual in several streets and localities which rumor assigned as the scenes for looting and Jew-baiting. Students in uniform avoided these quarters and the frequent military patrols indicated that the authorities realized the necessity of preventing any outbreak in the capital.

Father Gapon has taken advantage of the amnesty and is now on his way to St. Petersburg.

### WARSAW IS IN A TREMBLE.

Jews Barricade Houses in Constant Fear of Attack.

Warsaw, Nov. 13.—The proclamation of martial law in all of ten Governments of Russian Poland has caused surprise and exasperation here, and there are apprehensions that it will provoke disturbances worse than those that have already taken place. The city is panic-stricken. There are persistent rumors of the organization of anti-Jewish riots, and the houses of Jews are barricaded and watched day and night. The Jews are arming themselves with knives, revolvers and rifles.

Owing to the general strike, the distrust is hourly increasing. There is a scarcity of coal and food.

Troops Fire and Kill Prisoners.

Odessa, Nov. 13.—The prisoners in the jail at Kishineff, Bessarabia, revolted in a body Saturday night and demanded their freedom. On their request being refused the prisoners set fire to the jail. Troop were hurried to the scene and fired a volley into the mutineers, of whom 22 were killed and many wounded.

Compel Strikers to Work.

Warsaw, Nov. 13.—The Governor-General has ordered the military to take possession of all the stores of coal, with the object of depriving the population of fuel and compelling the strikers to resume work.

Woman Wounds Governor.

Mogileff, Russia, Nov. 13.—The wife of Municipal Councillor Czerny Saturday, under the name of Baroness Merdendorff, obtained entrance to a reception given by Governor Klingenberg and fired two shots from a revolver at the Governor, wounding him in the abdomen and arm.

### TO SAVE JEWRY.

Pathetic Scenes Witnessed at London—Contributions From Many Sources.

London, Nov. 13.—Pathetic scenes were witnessed Saturday night at a gathering of 10,000 Jews of the east end of London in the great assembly hall at Mile End, where a memorial service was held for the Jews recently killed in Russia.

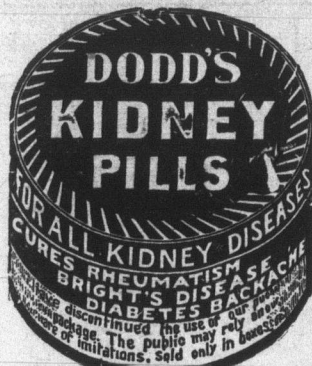

There has been about £65,000 subscribed in this country for the relief of the Russian Jews, to be transmitted through the committee of which Lord Rothschild is the head.

Toronto, Nov. 13.—Fifteen hundred persons were in the McCaul street synagogue yesterday afternoon at which prominent Jews and citizens spoke of Russian horrors. A resolution was passed memorializing the King. When Rabbi Gordon spoke tears trickled down the faces of many present.

New York, Nov. 13.—It was announced last night that Andrew Carnegie has contributed a check for \$10,000 for the relief of the Jews in Russia.

Cleveland, O., Nov. 13.—At least 10,000 Jews of this city attended a mass meeting in Forest Street Temple yesterday afternoon in memory of their brethren who have been killed in Russia. City Solicitor Newton D. Baker said: "Were these bankers to refuse to lend money to Russia," said Mr. Baker, "the atrocities would soon cease."

Philadelphia, Pa., Nov. 13.—Five large meetings of Jews were held in this city yesterday at Mercantile Hall,

and \$20,000 was raised in half an hour. Baltimore, Md., Nov. 13.—At a largely attended meeting of Jews in Ohbe Temple, over \$10,000 was subscribed.

Boston, Mass., Nov. 13.—At a mass meeting of Hebrews held yesterday in the Baldwin Place Synagogue, it was planned to raise \$50,000 in Boston.

New Haven, Conn., Nov. 13.—Over \$1,000 was raised at a mass meeting principally composed of Jewish citizens yesterday.

Milwaukee, Wis., Nov. 13.—Subscriptions of \$1,500 were made yesterday toward aiding suffering Jews.

Cincinnati, O., Nov. 13.—At a meeting of Jewish citizens yesterday \$6,000 was collected.

St. Louis, Mo., Nov. 13.—At a mass meeting of Jews last evening, in less than an hour \$15,496 was given to the cause. At another meeting \$1,000 was contributed.

Rochester, N. H., Nov. 13.—Jews in this city have raised \$2,078 for Russian sufferers.

### ROUVIER'S NEW CABINET.

New Combination Is Not Definite—Etienne Minister of War.

Paris, Nov. 13.—After a Cabinet Council, which was held Saturday night to consider the situation created by the resignation Friday of Minister of War Bertheaux, it was announced that the following rearrangement of Premier Rouvier's Cabinet had been made: Minister of the Interior, M. Etienne, to be Minister of War.

Minister of Marine, Thomson, to be Minister of the Interior.

Minister of Commerce Dubief, to be Minister of Marine.

M. Trouillot, former Minister of Commerce in Premier Combe's Cabinet, to be Minister of Commerce.

At a morning session of the Cabinet M. Etienne, yielding to the united request of Premier Rouvier and his colleagues, accepted in principle, the Ministry of War, and the portfolio of Ministry of the Interior was tendered to Deputy Sarrien, but he declined the tender. M. Trouillot then was offered the portfolio of commerce, which he accepted. This combination, however, is not a definite one, and the Council of Ministers will reassemble to-day, when a final rearrangement probably will be determined upon.

### PREFONTAINE BLAMES PILOT.

Responsible For Bavarian Wreck—Ship Will Be Saved.

Montreal, Nov. 13.—Hon. Mr. Prefontaine, who returned from Grosse Ile yesterday morning, is of the opinion that the Allan Liner Bavarian will be rot off before the end of the week, and he has not changed his opinion as to the full responsibility of the pilot in the matter.

Although he does not wish to prejudice the public, he declares that the case is as plain as noon-day. La Canadienne, the Government steamer, passed down only half an hour before the Bavarian, which, as a matter of fact, was over a mile out of her course, and that without any justification.

He declared that perhaps the vicadmiralty enquiry would have to take a very wide scope, but the whole truth would have to be ascertained. The Bavarian's position is not as bad as that of the Victorian when the latter grounded above Quebec.

Many a man has lost his reputation by holding it up too much to public view.

London, Nov. 12.—Queen Alexandra has contributed \$10,000, and has initiated a movement for the relief of the unemployed in England, by issuing an appeal, through Earl De Grey, treasurer of the Queen's household.

"I appeal to the people of the Empire, men and women, to assist me in alleviating the suffering of the poor, starving and unemployed during the winter."

"For this purpose, I head the list with £2,000. All contributions should be sent to Earl De Grey. (Signed:) Alexandra."
