Mr. T. H. Sears, a former resident of Brantford, now of Toronto, was a visitor in the city this week. Mr. Sears, like so many other Canadians has to mourn the loss of a son at the front, a bright young newspaper man, Mr. Preston, who was serving in Lt. Harvey Cockshutt's company.

A notable instance in reference to the death of the gallant young soldier, his employer, the editor of the Freeman Progress, although 57 years of age, on the news of the death of Sgt. Sears, immediately offered his services to go to the front, and was accepted by the Militia Department.

The suggestion has been made that a silver cross be awarded to the mothers of Canadian soldiers who have fallen in the war. The idea has been put forward by Mr. W. A. Ferguson, the author in a letter to the press, and it appeals to all the deepest and finest sentiments. It would be unique. No other country has done anything of this kind and Canada might well begin it. The cross would be the emblem of motherhood, in the sacrifice which the war has imposed. It is to be hoped that the proposal will meet with the same quick approval of the government that it does with the public.

"Wynarden" the charming home of Mrs. Herbert Yates, was the scene of a very delightful At Home on Friday afternoon, the raison d'etre being Miss Van Norman, who is one of the popular autumn brides-to-be. Mrs. Yates, in a handsome white silk gown, Miss Van Norman in a chic pearl gray silk, and Mrs. Julius Waterous in light blue silk, received the many guests at the entrance to the drawing room.

In the dining room Mrs. A. D. Hardy and Mrs. R. H. Reville presided over the tea table which was artistically centred with pink Killarney roses and maiden-hair ferns, and pink shaded candles in silver candlesticks. Assisting in the tea room were Misses Doris Hardy, Kathleen Digby, Edith Browning, Kathleen Reville and Jean Peterson, gowned in becoming light frocks while Mrs. A. T. Duncan in a smart

At Lady Hendrie's call a number of women, representing various societies, met in the reception-room at the Parliament Buildings, Toronto, Thursday and decided that Ontario's women should have the privilege of sharing in the parting gift to H.R.H. the Duchess of Connaught. On account of the war the Duchess had refused the gift customarily made the wives of departing Governors-General, but on being told that the women of Canada would feel distressed if not allowed to show their appreciation of what she has done during her tenure of office, she consented. Just a word about our heavenly citizenship and joint-heirship with Jesus Christ, which no amount of money or good works can purchase, but can only be obtained by faith, the new birth, born from above (Tit. III, 4-7; Pa. xix, 6, 7; Zeph. I, 18; John III, 3, 5, 7). When obtained, then whoever touches us touches Him whose we are, and all the power of heaven is ready to deliver us if necessary.

Paul began his testimony before the Jewish council by an assertion that he had always lived in all good conscience before God. This led to a command from the high priest to smite him on the mouth, which brought from Paul some true scathing words, "God shall smite thee, thou whitened wall," for which he apologized when he knew that he was the high priest. He recalled what the Lord Jesus said of the Pharisees in Matt. xxiii, calling them hypocrites, serpents, generation of vipers, on the way to hell, there was no choice between their beliefs in the light of eternity. They were all in the same boat, in the same broad way to destruction. Oh, how they hated the truth of God even as they had hated Him who is the Truth, and conspired together to kill Him, which they finally accomplished (Acts II, 22, 23; III, 13-15; IV, 10; V, 29-32).

When Paul perceived that he had before him in the council both Pharisees and Sadducees he began a testimony which soon set them one against the other to such a degree that again the captain had to rescue Paul from their hands by force, lest he should have been pulled in pieces by them (verses 6-10). The captain must have been sorely perplexed by this strange Roman citizen he probably had on his hands, for this was the third riot from which he had rescued him.

It may be well to note here a simple distinction in doctrine between Sadducees and Pharisees, the former believing in no resurrection nor angel nor spirit, while the latter are said to have believed both (verse 8), and when we recall what the Lord Jesus said of the Pharisees in Matt. xxiii, calling them hypocrites, serpents, generation of vipers, on the way to hell, there was no choice between their beliefs in the light of eternity. They were all in the same boat, in the same broad way to destruction. Oh, how they hated the truth of God even as they had hated Him who is the Truth, and conspired together to kill Him, which they finally accomplished (Acts II, 22, 23; III, 13-15; IV, 10; V, 29-32).

They so hated Paul and his testimony to Jesus and His resurrection and a free salvation without circumcision or any works of the law that over forty of them took an oath that they would neither eat nor drink till they had killed Paul (verses 12-14, 21, 30). We are sure that they did not succeed in killing him, and how long they fasted we do not know, but we remember some words which are still true, "He that sitteth in the heavens shall laugh, the Lord shall have them in derision."

"The Lord bringeth the counsel of the heathen to nought. He maketh the devices of the people of none effect."

"Take counsel together and it shall come to nought" (Ps. II, 4; xxxiii, 10; Isa. viii, 10).

Now we come to a young man story reminding us of Samuel and the boy whose loaves and fishes fed more than 5,000 and other young men stories in Scripture. We are also told just a little of Paul's family affairs and that he had a married sister seemingly living in Jerusalem, and this young man was her son. We might infer from Zech. II, 4; Jer. I, 6, 7; that both of these men were called to be the Lord's messengers as young men. Paul's sister's son was certainly the Lord's messenger on this occasion to save Paul from these Jews. The result was that Paul was started off to Caesarea by night with an escort of 200 soldiers, 200 spearmen and 70 horsemen and a letter to Felix, the governor, stating the facts as far as the chief captain was able. The letter also contained a word in Paul's favor to the effect that the chief captain knew nothing against him worthy of death or of bonds (verse 22-23). As in the previous chapter, the best word to me was verse 11, so it is also in this chapter where we have the record of another night visit of the Lord to Paul, with the message, "Be of good cheer, Paul, for as thou hast testified of me in Jerusalem so must thou bear witness also at Rome." This made him sure of reaching Rome in some way and in due time as the Lord's messenger. As to this word (tharsos) which is translated "Be of good cheer," "Be of good comfort," our Lord used it on several different occasions, and it is the last, the others being in Matt. ix, 22; xiv, 27; John xvi, 33. He is just the same Jesus in glory as when He was on earth. He will be just the same Jesus when He comes again in like manner as He ascended from Olivet. He who in many blue robes said, "In the world ye shall have tribulation; let not your heart be troubled," is able to do it in us.

After partaking of a wedding dinner, at which fifty sat down, the happy couple left on a two weeks honeymoon trip, by motor, for Toronto and other points. The bride wore a travelling suit of many blue serge, with black velvet hat, with pink facing and white furs. Out of town guests were present from Toronto, and Hamilton. On their return, Mr. and Mrs. Dymond will take up their residence at 168 William St.

**Wedding Bells**  
Strobridge—Dymond  
A very pretty house wedding took place at 3 o'clock on Wednesday afternoon, the home of the bride's parents, Mr. and Mrs. C. H. Strobridge, 36 Nelson street, when their eldest daughter, Anna Grace, was married to Mr. Reginald Dure Dymond, eldest son of Mr. and Mrs. Samuel Dymond, 110 William St. The ceremony was performed by the Rev. Dr. G. W. Henderson, of Wellington St. Methodist church. The house was delightfully decorated in pink and white, and the ceremony took place in front of a large banner of ferns in the drawing room. Mr. Thos. Darwen presided at the piano, and Miss Ruby Cann of Plattsville rendered a solo very sweetly while the happy couple were receiving the congratulations of their friends. The bride, given away by her father, wore a beautiful gown of white silk crepe with flet lace and silver and pearl trimmings and a becoming veil with orange blossoms, and carried a showery bouquet. The bridesmaid, Miss Lettie Darwin, was gowned in maize silk erose de chene with white net and palette silk to match. Little Vera Strobridge, cousin of the bride, made a sweet flower girl in a pale green silk frock with white lace and carrying a basket of roses, sprinkling the bridal path with rose petals. Mr. Lloyd Dymond, brother of the groom, assisted him. The groom's gift to the bride consisted of a set of crown bars; to the bridesmaid and soloist, bar pins, to the flower girl an opal ring, and to the best man and piper, pearl stick pins.

## SUNDAY SCHOOL.

Lesson I.—Fourth Quarter, For Oct. 1, 1916.

### THE INTERNATIONAL SERIES.

Text of the Lesson, Acts xxiii, 14-24. Memory Verses, 20, 21—Golden Text, Jer. I, 19—Commentary Prepared by Rev. D. M. Stearns.

The chief captain, who with his soldiers, had rescued Paul from the hands of the mob, gave up all thought of scourging him when he found that he had a Roman citizen to deal with, and one that was such by birth, for it had cost the captain a great sum to obtain his citizenship. Then he determined to bring him before the Jewish chief priests and council that he might if possible learn the cause of all this uproar against this man (xxiii, 27-30). Just a word about our heavenly citizenship and joint-heirship with Jesus Christ, which no amount of money or good works can purchase, but can only be obtained by faith, the new birth, born from above (Tit. III, 4-7; Pa. xix, 6, 7; Zeph. I, 18; John III, 3, 5, 7). When obtained, then whoever touches us touches Him whose we are, and all the power of heaven is ready to deliver us if necessary.

Paul began his testimony before the Jewish council by an assertion that he had always lived in all good conscience before God. This led to a command from the high priest to smite him on the mouth, which brought from Paul some true scathing words, "God shall smite thee, thou whitened wall," for which he apologized when he knew that he was the high priest. He recalled what the Lord Jesus said of the Pharisees in Matt. xxiii, calling them hypocrites, serpents, generation of vipers, on the way to hell, there was no choice between their beliefs in the light of eternity. They so hated Paul and his testimony to Jesus and His resurrection and a free salvation without circumcision or any works of the law that over forty of them took an oath that they would neither eat nor drink till they had killed Paul (verses 12-14, 21, 30). We are sure that they did not succeed in killing him, and how long they fasted we do not know, but we remember some words which are still true, "He that sitteth in the heavens shall laugh, the Lord shall have them in derision."

VISITED LEAMINGTON.

The following extract from the Leamington Post and News has reference to the visit of Mayor Bowly to the gas fields there:—Mr. J. W. Bowly, K.C., Mayor of Brantford, was in town yesterday. The Beaver Oil and Gas Co. supplies gas to Brantford which has been found to contain sulphurated hydrogen and it

has been giving trouble to the users. Mayor Bowly, who believes in coins things, came up to see if the difficulty could not be removed and was well pleased with the assurances he received. The Beaver Oil and Gas Co. are constructing a \$100,000 plant at Glenwood to purify their gas and it is expected that in a short time Brantford will have no further ground for complaint regarding the gas supplied. T. H. Jones, city engineer, Brantford; Mr. Davis, general manager of the Dominion Natural Gas Co., Buffalo, N.Y., and F. H. Tomb, land superintendent of the Southern Ontario Gas Co., London, accompanied Mayor Bowly.

Mayor Visited the Gas Fields

His Worship, Mayor J. W. Bowly and City Engineer T. Harry Jones, returned on Thursday from a trip to Glenwood for the purpose of inspecting the purification plant for the removal of sulphurated hydrogen from the Tilbury gas.

When questioned as to the outcome of the visit, the Mayor was rather reticent, but stated that the whole question would be reviewed in the near future by means of a public hearing through the medium of the press. However the pith of the mayor's remarks was that little alleviation of the present difficulty could be promised in the immediate future and that some inconveniences would have to be endured by the users of the gas in this city.

This much information at least was vouchsafed, that the Doherty interests had evidently expended in experimentation, and in the actual erection of the plant, which had been in operation, a great deal of money. The plant was, however, only in the nature of an experiment, as it was the first of its kind to be erected on the continent. Consequently great difficulties had been experienced but a new system has been devised and by November the company will be in a position to remove one half of the objectionable element from the gas. In his letter, the mayor, besides reviewing the whole situation, will explain the technicalities of the question, and also discuss it from a scientific viewpoint so the citizens will thus be enabled to take precautions to obviate a recurrence of last year's trouble.

## MEN OF 215TH AT PARIS FAIR

Success of the Big Event Continues—Pte. Geo Cann Wounded.

### NEWS FROM PARIS.

(From our own correspondent.) Paris, Sept. 29.—In spite of the heavy downpour of rain during the best part of the forenoon, and again early after dinner, there was a big attendance at the Fall Fair. As might be expected, considerable live stock was not brought in owing to the heavy rain, but the exhibit of cattle, horses, sheep and pigs was very good, what there was of it. In the grain exhibit there was considerable shortage.

The great drawing card in the afternoon was the attendance of "B" Company of the 215th Battalion, 81 strong, from military camp, at Niagara-on-the-lake. This company is made up mainly of Paris boys, and they surely got some reception. As they marched down the street in the forenoon, they made a smart and soldierly appearance, the out-door life at camp showing itself in their well set up figures and tanned faces. In the afternoon the men were put through rifle drill by Captain Jackson, and reflected great credit on their instructor. This was followed by a most interesting exhibition of physical drill, under command of Lt. Watt. The boys will remain in town until 5.40 Tuesday night, and then will leave for Niagara.

In the spite of the unfavorable weather of yesterday and to-day, the receipts will be about \$175.00 than last year.

Mrs. Geo. Cann, Paris Station, received word late this afternoon from the Militia Department at Ottawa, that her husband, Pte. Geo. Cann, had been wounded by gun shot in the arm, and had been taken across the Channel to the Military Hospital at Liverpool, England. Pte. Cann left here with the 84th Battalion.

Soft, Clear, Smooth Skin Comes With The Use Of "FRUIT-A-TIVES".

**NORAH WATSON**  
86 Drayton Ave., Toronto.  
Nov. 10th, 1915.

A beautiful complexion is a handsome woman's chief glory and the envy of her less fortunate rivals. Yet a soft, clear skin—glowing with health—is only the natural result of pure blood.

"I was troubled for a considerable time with a very unpleasant, disfiguring Rash, which covered my face and for which I used applications and remedies without relief. After using 'Fruit-a-tives' for one week, the rash is completely gone. I am deeply thankful for the relief. In the future, I will not be without 'Fruit-a-tives'."

## Increase Given City Firemen

A meeting of the fire and light committee was held last night in the city hall with all members in attendance. The first item brought to their attention was the petition signed by all the firemen for an increase in salary, owing to the high cost of living. As it was considered that the firemen had been underpaid in the past, it was decided to grant the request.

The matter of rewiring the fire alarm system was also discussed and it was decided to go on with the work as soon as the college is out of the trees.

One electric light will be installed in the Albion St. subway and two lights will be placed on the extension of South Market street.

Mr. Miller, for lodging information that led to the conviction of the person who some time ago, rang in three false alarms in one night from the Holmedale, was granted a reward of \$10. This concluded the business of the board and a report will be submitted at the meeting of the city council Monday night.

## Germans Deny Sinking of Ships

Berlin, Sept. 30.—(By wireless to Sayville)—"Neither the Steamer *Kelvinia*, nor the Steamer *Strathgairn* were attacked by German submarines. It is stated by competent authorities according to a semi-official announcement to-day. "Consequently the reports in foreign newspapers alleging that these steamers were torpedoed by German craft, without warning, are untrue."

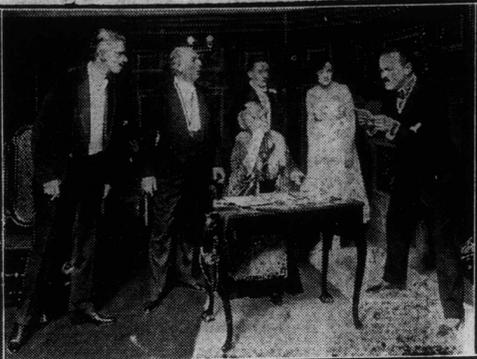

The British Steamer *Kelvinia*, from Newport News for Glasgow, was sunk on September 20. The state department in Washington was advised on September 22 by the American embassy at London that the British admiralty decided that the *Kelvinia* had been sunk by a mine and not by a torpedo as had been reported. Twenty-eight Americans were on board the *Kelvinia* as hostesses, and all were rescued.

The British Steamer *Strathgairn* from New York for Havre was sunk on September, 6, in English channel. It was reported to Washington that she had been torpedoed, whether or not without warning, was not stated. Two Americans were members of her crew.

### NEW LORD MAYOR

London, Sept. 29.—Sir William Henry Dunn was to-day elected Lord Mayor of London.

The new lord mayor, who will take office in November, will be the third Roman Catholic lord mayor of London in recent years. He was closely associated with Sir William Treloar in the work of improving the condition of thousands of London's poor, and is treasurer of the Alton's Club Home.

## CONFERENCE ON SUB QUESTION

Ambassador Gerard Is to Meet President Wilson on that Subject.

## GERMANY AGAINST WOODROW WILSON.

Gerard Said to Have Acted Between Britain and Germany.

By Courier Leased Wire. Copenhagen, Sept. 30.—(New York Times' cable)—The Politiken publishes an interview with a friend of Ambassador Gerard, who says that Mr. Gerard is going to Washington to present most important negotiations to President Wilson upon the submarine war, about which the German government, intending a remorseless enlargement of it, had negotiated with Mr. Gerard beforehand. The situation therefore is characterized as a most earnest one, and Mr. Gerard, the newspaper says, preferred to have a personal conference with President Wilson.

Mr. Gerard's friend is quoted as saying that if the ambassador had not been forced by these circumstances, he never would have left Berlin, where his position is very difficult because the German press is not amicable toward President Wilson. Mr. Gerard's friend states furthermore that the ambassador did imposing work in Berlin as middleman between England and Germany.

Portland, Me., Sept. 29.—A life-preserver marked "Bremen," the name of the German submarine freighter which has been generally expected to arrive at some Atlantic coast port for the past week or more, was picked up on the ocean side of Cape Elizabeth to-day.

The name Bremen was stenciled in black letters two inches high on both sides of the buoy.

On your production at the shop depends to a large extent the fate of our armies. You can speed up by spending your spare time at the "Y," keeping muscles fit and general health up to scratch. The "Y" will do it.

The "Big 5" Membership Campaign, Tuesday to Friday of next week—will be your opportunity to link up to this organization. Classes and hours will be arranged to suit the convenience of the members.

## Factory Men

Here is a place where you can forget all about the day's work and spend your evenings in well-earned recreation. You may not need the same exercise as others, but you can find healthy occupation in some department of the "Y." It has open doors at all times.

## Young Men and Boys

Where can you have more fun, better facilities and healthier surroundings than at the "Y." Your chums will all be there this winter. The cost is small for the advantages secured. Do without something else, but by all means don't miss the "Y." Classes open in October—be in at the start.

### DOESN'T WANT GERMAN VOTE

**Wilson Sends Scathing Report to Leader of Pro-German Faction.**

New York, Sept. 30.—Stung to anger by an avalanche of insulting and insistent communications demanding that the Government take certain action favorable to Germany, President Wilson, through the medium of a telegram addressed to Jeremiah A. O'Leary, President of the so-called American Trust Society, an organization formed for the purpose of aiding the German propaganda, yesterday served notice on the hyphenates that he wants no "disloyal" American to vote for him. The President's message, which was in reply to a telegram from O'Leary accusing him of being pro-British, was sent from Long Branch, N.J., and reads: "Your telegram received. I would feel deeply mortified to have you or anybody like you vote for me. Since you have access to many disloyal Americans and I have not, I will ask you to convey this message to them."

### BUG LACE

"Granny! Granny Grundel!" cried an excited voice. Granny flung up the window of her fairy cottage. There upon her fence sat Peter Prank, an elf.

"Peter Prank," said Granny severely, "don't I work hard enough all day mending leaves with my pine needle without being disturbed at night by you?"

Now Granny was a dear old fairy and everybody loved her, so Peter Prank instead of being scared, laughed instead.

"You can't scare me, Granny," he said. "And, besides, the wild grape vine up yonder needs you badly. A swarm of strange foreign insects have settled down on the leaves and if you don't get to mending right away the leaves will be lost. Hurry!"

And so Granny Grundel popped into the grandmotherly gown of pancy petticoats and her kerchief and cap of cobweb, hurried to her pine cone work basket and presently appeared with a thimble made of a lily of the valley, some fairy silk and some pine needles.

"Now," she directed, "lead the way, Peter Prank."

"They're eating holes," said Peter Prank, "dreadful holes, and they seem to be working fast and in a great deal of excitement."

"Hum!" said Granny, as every fairy grandmother will. "Hum!" And with that they came in sight of the grapevine. Granny gasped. Never, never, was there such a sight.

### French Make More Progress

By Courier Leased Wire.  
Paris, Sept. 30.—Noon.—The French have made further progress north of Rancourt by general attacks, according to the official statement issued by the war office to-day. The statement follows:

"On the Somme front we made progress north of Rancourt by means of grenades. There was intermittent artillery fighting in different sectors north and south of the Somme. Everywhere else the night was calm. Bad weather continues."

### NEWSPAPER MEN CASE IN COURT

By Courier Leased Wire.  
Winnipeg, Sept. 30.—Mr. Justice Haggart of the Manitoba court of appeal, began at eleven o'clock this morning the hearing of the motion to discharge the four Winnipeg newspapermen who were sentenced last Saturday to varying terms in jail for alleged contempt of Mr. Justice Galt's agricultural college commission. The four, Edward Beck, B. R. Deacon, and Stanley Beck, of The Telegram and Knox Magee, of The Winnipeg Saturday Post have been at liberty on a provisional writ of Habeas Corpus, granted by Judge Haggart a few hours after their sentences were imposed.

C. P. Wilson, K.C., who was counsel for the government before the Mathers' royal commission, appeared as crown counsel and A. J. Andrews, K.C., was chief counsel for the newspapermen. The argument is expected to be lengthy, involving the jurisdiction of the Galt commission and its power to sentence for contempt.

### FOURTEEN BATT. FOR OVERSEAS

That Number of Units from Borden and Niagara are Warned.

Camp Borden, Sept. 30.—Fourteen battalions were warned for overseas to-day, twelve of which will embark shortly for a point east. This is one more than was officially mentioned to go week ago, and the odd one is selected from No. 1 Military Division, making three in all. Three of the fortunate units are from Toronto—namely, the 166th (Queen's Own), the 169th (109th Regiment) and the 170th (Mississauga) Battalions. The others selected are the 171st (Perth), 142nd (London's Own), 157th (Simcoe), 159th (Nipissing), 173rd Hamilton Highlanders, 114th (Haldimand), and the 127th (Norfolk) Battalions, and the 180th (Sportsmen) and the 162nd (Perry Sound) Battalion have been warned, but they may not leave for some time, if at all this fall. The 162nd and the 169th are at present at Niagara Camp.

**Magic Effect on Camp**  
"Warned for overseas." These magic words stirred the camp from the moment the first unit was notified until well after "lights out." The bands played, the men cheered and shouted, songs were sung, the volume in volume as each battalion learned the good news, while the others who of necessity must wait watched with envious wonder what appeared to them to be almost a wholesale exodus of troops from the camp. Immediately the telegraph and telephone offices were besieged by men anxious to let their relatives and friends know, especially those units who were expecting their usual week-end leave. The announcement, however, should lift the strain of expectancy which has been hanging over the camp since the word was given that the selection would be based on the efficiency and conduct of the units.

### BULGARIA'S NEW CHIEF OF STAFF

Is Col. Lukoff, who Succeeds Late General Jostoff.

By Courier Leased Wire.  
Amsterdam, via London Sep 30.—A despatch from Sofia says that Col. Lukoff, deputy chief of the general staff, has been appointed chief of staff to succeed the late General Jostoff. General Jostoff was reported to have died from appendicitis on Sept. 1st. It was reported in Amsterdam at the time that he had been killed in action because of Bulgaria's delay in declaring war on Roumania. Another version of his death, which was published by the London Times, was that he had been murdered. According to The Times' story, General Jostoff was an obstacle to the German control of the Bulgarian army.

The Grand performance next Monday at the Grand Opera House of "The Black Feather" which the veteran Canadian dramatist W. A. Tremayne of Montreal, has written for the brilliant young actor, Albert Brown. No actor of the day is more popular with the Canadian public than Mr. Brown, and the play was written to give him a fitting vehicle for his abilities. In the past Mr. Tremayne has shown himself exceptionally gifted in the matter of stage effect and "The Black Feather" is said to be quite the equal of his notable successes "Lost 24 Hours" written for Robert Hilliers and "A Secret Warrent" which Robert Montell so long kept in his repertoire. Mr. Brown's role is somewhat similar to Kit Brent who made so many friends in "The White Feather". He plays the part of Dick Kent the son of a noted British diplomatist, who poses as an idler and is generally regarded as one though in reality a member of the British intelligence staff. Dick's sweetheart is a Canadian girl who has been brought up by her relative, Sir George Caxton, an official of the foreign office, an honest but not very competent man. Evelyn's brother Jack has also through Sir George's influence obtained a confidential post in the foreign office, and the plot concerns the efforts of a German baron and an Austrian to prey upon Jack's weaknesses and obtain information during the month of July, 1914, when Europe was on the verge of war.

In a series of incidents, both humorous and exciting, Dick, who is secretly watching the moves of the spies is able to save Jack from disgrace and win the love of his sister. Save in the similarity of the two characters, the plot bears no resemblance to that of "The White Feather". It is a clean stirring comedy and it is predicted that the audiences will take pride in the steadfast Canadian girl who figures largely in the action. Mr. Brown is one of the strongest opponents of the sex problem in the theatre, framed on the excellent models of the past. He has moreover the distinction of being the only American actor who can really play an English role, which is perhaps the reason why Canadians are so fond of him. He has surrounded himself with a company of exceptional merit chosen especially for their roles and the prospects of a successful engagement are assuredly bright.

Marie Doro in "Common Ground" (Lasky) AT THE BRANT.

Company, "The Heart of Nora Flynn," the public has been anticipating her second attraction called "Common Ground." This elaborate photoplay, written by Marion Fairfax, in which Miss Doro has the support of such well known stars of the screen as Thomas Meighan and Theodore Roberts, tells the story of a young girl's regeneration through the quickening influence of love for a young judge, who is the victim of a political conspiracy.

Miss Doro, who already had achieved great success on the stage as one of the stars under the management of the late Charles Frohman, has added to her reputation as an artist by reason of her recent photoplay productions.

Thomas Meighan and Theodore Roberts who appear in leading roles with Miss Doro are both players who have won widespread fame in Lasky productions. Mr. Roberts as a portrayer of character roles stands without equal in the screen world. Mr. Meighan has appeared in leading roles with Blanche Sweet, Charlotte Walker and other Lasky stars and "Common Ground" marks his first appearance in like capacity with the charming Miss Doro.

**TORONTO WOMAN SAW ZEP RAID**

Wife of Belgian Soldier Was on Visit to France and England.

Mrs. Sylvester, wife of J. A. Sylvester, formerly of the T. Eaton Co., but now serving "somewhere in France," has had some interesting experiences since the outbreak of the war.

A little over a year ago Mrs. Sylvester, who is now at 121 Langford avenue, Toronto, followed her husband across seas.

While in Calais, Mrs. Sylvester saw a Zeppelin raid by the Hun.

"It looked just like a large cigar it up," Mrs. Sylvester said. "The church bells rang to warn everyone to get into the cellars, but instead we all rushed into the streets."

"Almost the saddest sights were the fleeing refugee Belgian women and children, whose mutilations are testified to by this eye-witness, who says that the stories of the children's hands being cut off are all too true."

Mrs. Sylvester was in Paris when the Russian contingent, on their way from Marseilles to Verdun, passed through.

Among the souvenirs of her connection with the war area is a knapsack, which Mrs. Sylvester has in her possession. It belonged to a German soldier and is of goatskin, the hairy outside surface giving it a barbarous appearance. It is strongly made and has a place for carrying the soldier's boots as well as the usual knapsack fittings. Still other trophies are a cartridge belt once the property of the Hun, and a remnant of a flag which has evidently been "through the war."

Other interesting remembrances are various articles made by her husband in his leisure moments. That he is very ingenious is evident by the figure of King Albert, and other designs pierced with a knife on the brass covering of a shell. A very artistically shaped and manufactured paper-knife is also his work. This is made from French, German and Belgian cartridges and English bombs.

On her return Mrs. Sylvester was in Liverpool during a raid and was on the water at the time of the wreck which reported Lord Kitchener lost. Mrs. Sylvester says that many across the water are of the opinion that the empire's greatest soldier will King Albert, the story of his death all a mistake. The vessel in which Mrs. Sylvester made the return trip was chased by a submarine, and from Sunday night until Wednesday morning they were made to wear their life-belts.

She, however, seems to live a charmed life, escaping dangers both by sea and land.

**Tris Speaker and Hal Chase Lead**

By Courier Local Wire. Chicago, Sept. 30.—It looks as though Hal Chase and Tris Speaker would carry off big league batting championships this year. With the season to end next week, Chase is four points ahead of his nearest competitor, McCarty, of New York, in the National, and Speaker is a good thirty points ahead of Cobb in the American.

The National base-stealing seem destined again to go to Max Carey, Pittsburgh, who is leading with 58. Fleck, Chicago, is ahead in sacrifice hits with 36; Williams, Chicago, in home runs, with 12; Burns, New York, in runs scored with 99, and Brooklyn in team hitting with 281.

The leading batters in the National League are:

Chase, Cincinnati, .334; McCarty, Brooklyn-New York, .330; Wheat, Brooklyn, .320; Daubert, Brooklyn, .320; Hinchman, Pittsburgh, .313; Hornsby, St. Louis, .299; Robertson, New York, .303; Stock, Philadelphia, .293; Lutz, St. Louis, .292; Zimmerman, Chicago-New York, .292.

Cobb will retain the American League base-stealing championship, even though he loses the batting title, for his record is now 65 thefts, far ahead of anybody else's, though away behind his 96 for the season of 1915. Eddie Collins has tied Weaver for the lead in sacrifice hits at 41; Jackson is ahead in total bases with 283; Pipp leads in home runs with 11; Cobb in runs scored with 108, and Detroit in club batting with 261.

American leading batters:

Speaker, Cleveland, .392; Cobb, Detroit, .362; Jackson, Chicago, .340; Strunk, Philadelphia, .315; E. Collins, Chicago, .307; Gardner, Boston, .306; Veach, Detroit, .306; Felsch, Chicago, .299; Sisler, St. Louis, .297; Bauman, New York, .296.

Resignation of Miss Summers

At a meeting of the Board of Governors of the Brant Sanitarium held yesterday afternoon, Miss Summers, superintendent of that institution, asked to be relieved of her duties. Although reluctant to do so, the Board accepted her resignation, and has decided to look at once for a successor. The position has been most ably and capably filled by Miss Summers, and all will regret her departure from the institution.

The placing of the Sanitarium at the disposal of the government for use of returned soldiers suffering from consumption was also discussed. It was decided that no patients could be accepted with the exception of those from Brant County, who will always be received.

HOW ENTRY OF ROUMANIA WILL HELP TO SHORTEN THE WAR

Large and Experienced Army, Under Capable Leaders, is Welcome Reinforcement to Allies

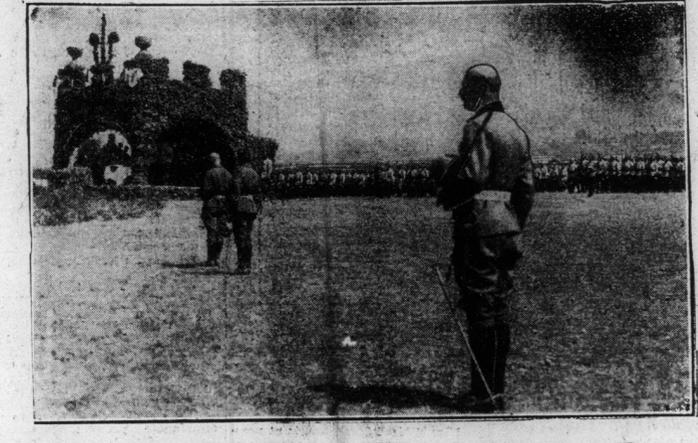

What effect will the intervention of Roumanian have on the war? That is the question which everybody is asking because it is rightly realized that the advent of our new and powerful ally at such a critical stage of the war is fraught with the most vital consequences to the Central Alliance.

Nobody outside the General Staffs concerned can foretell approximately what is going to happen as the result of the sudden liberation of a fresh, numerous and highly trained and well-equipped army against our already desperately pressed foes, and on a long and comparatively unprotected frontier.

But the one thing people outside that body can be quite certain of is that the duration of the war is going to be considerably shortened. Those of us who had made our own estimates of how much longer this war was going to last must now revise them and take off at least some time.

What was the situation in the eastern and southern theatres of the war last week when Roumania sent forward her forces into Transylvania? Roughly, two-thirds of the Austrian armies were engaged on the Russian front and one-third on the Italian front, so that on the front covering Transylvania they cannot possibly have any effective reserves.

It may therefore be assumed that the Roumanians can take Transylvania whenever they wish, and so support the Russians' left flank in forcing their way through the Carpathians. On the other hand, the Roumanians may eventually undertake to act defensively in Transylvania, and invade Bulgaria, cut the communication between Germany and Turkey and Bulgaria by seizing the Constantinople railway at Sofia.

Splendid Exhibition of Farm Produce at the Paris Fair

Annual Event Proves Great Attraction Once More for Farmers of North Brant, and Other Regions of the County.

Paris, Sept. 29.—(From our own correspondent.)—The annual Fall Fair opened last evening, and in spite of the pouring rain there was a fair attendance. Exhibits were good considering the backward season, although not so numerous, a number being held back because of the heavy rains.

The fancy goods exhibit was large and of a splendid variety. The good old Union Jack being in evidence and breathing the loyalty and love which beat in every heart there. The popular Maple Leaf quartette of Galt, furnished a splendid program during the evening, and helped considerably to make sunshine inside, while the rain continued to patter on the pavement outside.

The poultry exhibit was unusually large, and showed an advance in good breeding and chicken raising. The exhibit of grain and live stock will be open to the public this (Friday) afternoon.

PATRIOTIC JOURNALS ISSUED IN BELGIUM BAFFLE THE GERMANS

Satire is Heaped Upon the invaders Who Strive in Vain to Suppress the Publications

By Courier Leased Wire. Havre, France, Sept. 30.—(Correspondence of the Associated Press)—The Belgian government authorities here have received information of the continued appearance of patriotic newspapers at Brussels and throughout Belgium, in defiance of the German censorship and despite all the efforts of the German military police.

There is a price of 50,000 marks on the head of the editor of the Free Belgium, but it keeps on appearing just the same. Several of the supposed editors are said to have been shot. One man was sentenced to 12 years hard labor, others to three and eleven years, and a woman, Madame Scheepens, to five years. But each time that a supposed editor is imprisoned and the German authorities feel the trouble is ended, the papers appear the following day more lustily than ever with a cartoon making fun of the prosecution.

A file is kept here of these secret papers, as a matter of curiosity. Free Belgium, which has given the most trouble, prints the following notices under its title: "A bulletin of patriotism, submitting to no censorship whatever. Price per copy elastic, from zero to infinity."

"Business office: Not being handy to have an established address, we are installed in a movable automobile cellar. Advertisements: Business being nil under German domination, we have suppressed our advertising page and counsel our patrons to keep their money till times get better."

There are obvious difficulties about taking a baby's finger-prints—the hands are always curling and clutching—but its foot presents no such obstacle. What applies to finger-prints applies to foot-prints. The impression of a baby's foot once taken forms a life record.

The foot-print system is already employed in one great foreign maternity hospital with most satisfactory results. All that is necessary is to cover the sole of the child's foot with printer's ink by means of a roller, and then transfer the impression to a sheet of paper. The ink can be cleaned off the foot with alcohol. Care must be taken not to disturb the impressions before they are dry. It is claimed that they will then exist for all time a record of the baby's identity which would carry weight in any court of law in after years.

ARMY IS LARGELY OF ANGLICANS

Ninety Per Cent. of British Forces Belong to Church of England.

New York, Sept. 30.—The Rt. Rev. Husho Wolcott, Yeatman-Biggs, Bishop of Worcester, England, appointed by the Archbishop of Canterbury as delegate to the General Conference of the Protestant Episcopal Church at St. Louis, was received here yesterday by members of the laity when he arrived on the Baltic from Liverpool. Accompanying the Bishop were his daughter and Archdeacon Greig of Worcester, who came in an official capacity with the Bishop.

FOOTPRINTS ON SANDS OF TIME

New Methods of Identification Record Uses Prints of the Feet.

London, Sept. 30.—There will be no more changelings or Singsby baby cases if a new system of recording a child's identity is generally adopted. The finger-print system is now employed by the police in all countries. A convict whose thumb-prints have once been taken can always be identified.

# BRANTFORD Y. M. C. A. RANKS AMONG THE BEST IN CANADA

### In Every Department it is Thoroughly Up-to-Date and the Numerous Advantages are Most Notable New Membership Campaign About to be Launched

The Brantford Y.M.C.A. is about to start another membership campaign and the institution is certainly one which should appeal to all classes and all ages. Its influences for good are undoubted and the many opportunities which it provides for healthy diversion are beyond compare.

The gymnasium is thoroughly equipped in the most modern way with all sorts of apparatus. Classes are regularly held throughout the season and instruction given under a competent director. There are separate classes to suit the convenience of business men, young men, older boys, working boys and school boys.

The swimming tank is one of the best in any Y. M. C. A. in Canada. It is 20 feet by 60 feet and runs in depth from 2 ft. 6 in. at one end to 4 ft. 6 in. at the other end with 8 feet at its deepest point. It is tiled lined, and the water is disinfected and filtered every 24 hours.

Shower baths constitute another feature.

Special rooms are provided for the men's club members and the regular senior men's membership, likewise for the boys. There is hot and cold water always on hand.

The main and spacious lobby of the building is constantly used as a social centre and it is a convenient place to make appointments with friends.

The reading room is entered off this lobby. Here all the daily newspapers and leading magazines are daily on file.

The music room on the other side of the lobby contains easy chairs, a piano and Victrola.

In the basement there is a well equipped billiard and pool parlor and

also three bowling allies, where those so inclined can enjoy these games under proper influences.

The boys have a special club room where games and various activities are constantly going on.

On the second floor there is a large auditorium capable of seating 400 people and this is used frequently for meetings and concerts. The soldiers had it all last winter as a club room.

Special committee rooms are also on this floor and are in constant use by the various Association committees as well as numerous organizations who use the Y.M.C.A. as a convenient meeting place.

Men's club rooms on this floor are largely patronized.

The third and fourth floors are taken up by sixty-one dormitories and shower-bath rooms. These dormitories are well filled and provide a pleasant home to the young men, as well as proving a source of considerable revenue to the Association.

During the past two months the building has been thoroughly overhauled and all necessary repairs made to keep everything up to a high standard of efficiency.

The building also received a thorough overhauling and the white walls of the lobby and stairways re-decorated a light buff. This has afforded a very warm and attractive appearance.

The entire affairs of the Association are run on a first class business basis. All cash is balanced daily and deposited in the bank to the credit of the institution and all disbursements are made by cheque. A regular set of books is kept, the same as used by any business firm and a monthly trial balance taken and statements prepared showing the financial side of every phase of the Association activities. Every cent is accounted for and the profit and loss of each department carefully kept.

The Officers.

There is a strong list of officers as follows:—

Capt. Sweet—President.

T. E. Ryerson—Vice-President.

C. Cook—Treasurer.

C. M. Thompson—Rec. Secretary.

Directors—T. L. Wood, Jos. Ruddy, George A. Ward, H. V. Hutton, Franklin Grobb, Lieut. F. Grobb, Geo. Wedlake, Reg. Wedlake, Alec. Lockington, F. Danby, A. McFarland, J. M. Young, H. Yeigh.

Mr. J. F. Schultz is the most efficient General Secretary.

SHIBBOLETH.

J. J. A. Murphy, a rural painter, who arrived in Brooklyn, N. Y., on the steamship Finland, after spending four years at work on panels in England, said that last Christmas, when he started for Ireland, he was told he would require no passport.

At Holyhead, Wales, however, he was arrested as a German spy. For three hours he stood with bayonets at his breast, he said, while two officers pined him with questions.

"Say squirrel," one of the captains commanded at length. Mr. Murphy complied.

"You're free," the captain then announced.

On Mr. Murphy asking what the word squirrel had to do with it, the captain replied:

"A German can't say squirrel. By the way you say it, we know you are what you represent yourself to be."

KING'S PLATE FOR 1917. Sturdee h.c. 2 by Havo-Ka to Kitchery, owned by Joseph Sturdee, winner of the Lassdowne Nursery Handicap, at the Woodbine Park, Toronto, a likely contender for the King's Plate race next spring.

## To The Editor

Belgians in Folkestone.

Dear Sir:—An anonymous friend of our work, resident of Embro, mailed to our office a marked copy of "The Weekly Sentinel Review of Woodstock" in which under the heading "Observations" we read the remark that there are a great many able bodied Belgians living in Folkestone who, "as far as" the author of the remark "can see" are doing nothing for their country.

This remark causes great surprise among our supporters and friends who request me to point out that a decree dated the 21st of July last extended compulsion as to military service to all able bodied men 18 to 40, whether married or single. This decree being enforced in Folkestone, just as in the rest of England, and we are bound to believe that the observer noted down his remark without asking himself whether the Belgian civilians referred to were not either unfit for military service or were not with the consent of the authorities working in munition factories.

We would feel obliged if you kindly would insert this letter in your newspaper.

We would sincerely regret it if similar remarks were to be directed, if only a fraction of the brave nation for whose heroic sacrifices we are trying to procure some compensation in sending relief to the helpless victims in their occupied territory.

Yours truly,

The Secretary of the Administrators.

## G.T.R. Agrees to Stop Whistles

Chief of Police, Chas. Slemin recently communicated with local Trainmaster R. H. Fish, of the Grand Trunk Railway, in regard to the tooting of whistles and firing of torpedoes within the limits of the city. He received the following reply:

Chief of Police, Brantford,

Dear Sir,—I am in receipt of your favour of September 27th, and I am to-day putting out instructions to Engineers to discontinue the practice of whistling for public road-crossings, but whistle will be sounded according to rule in other instances. I have also put out a bulletin to Engineers, that the unnecessary use of the whistle must be discontinued, and I feel that the manner in which I have taken this matter up, that it should have the desired effect in future.

Yours truly, R. H. FISH, Trainmaster

This letter was handed to His Worship, the Mayor for perusal and he gave the following as his attitude: "As the Grand Trunk yards are in the immediate vicinity of the hospital, the noise created by the tooting of whistles, firing of torpedoes, etc., is extremely annoying to the unfortunate patients incarcerated therein. Urged by numerous complaints of an imperative nature, the Mayor is determined that the nuisance shall stop, and immediately yesterday afternoon His Worship got into communication with the Grand Trunk by telephone and stated his position, and it is probable that a satisfactory adjustment will be secured.

Art, comes to Brantford very highly recommended as a reader and teacher.

Miss Quarry of London, re-opens the Montessori classes on Monday, October 2nd.

## Dakota Bank Has a Girl Manager

There is a bank in Jefferson, South Dakota, that has a young girl for its manager, and she is making a success of the undertaking. Miss Pearl Beavers, from all appearances, is just an ordinary, attractive girl, who enjoys a good time and a frolic outside of business hours. Yet if one would know Miss Beavers during the banking day he would realize that she is an unusual girl.

Miss Beavers was born and lived the early part of her life at Jefferson. As she grew up it was not the life of a society butterfly that appealed most strongly to her, nor did the usual "teaching school" hold her interest. She wanted to be a banker. Two years ago she went to Sioux City with this fixed purpose in mind and with a determination to win out if work and perseverance could bring success. She fought her way through the Business Training.

After she had completed her course here opportunity knocked, and it did not have to knock twice to arouse this girl with an ambition.

There was an opening for an industrious young person in the Sioux City Trust and Savings Bank. Miss Beavers got the position and at the same time a chance to prove that her ambition was backed by a determination to "get by" with her plans. She made good. Gradually more and more trust was placed on her shoulders. Then a few weeks ago the big opportunity came. The State Bank at Jefferson needed a temporary manager, and the authorities had enough confidence in Miss Beavers to place her in this responsible position. She has the distinction of being the only woman in the middle west who is managing a bank, and she is only twenty-two years old.

Miss Pearl Beavers has only begun to do things. There remains yet before her the success that will come to any one who has the desire for something worth while, and the courage to persevere until it has been attained.

## SUBSCRIPTION PRICES of BRANTFORD NEWSPAPERS TO BE ADVANCED

Commencing October 1st. next, the subscription rates of the Brantford Daily Courier and the Brantford Daily Expositor will be advanced as follows:

- Single Copies - - - - 2 cents
- Delivered in Brantford - 35c per month (\$4.00 per annum in advance)
- By Mail to Outside Points \$3.00 per annum

These increases have been necessitated by the tremendous advance in the cost of white paper, labor, metal, and in all other commodities incidental to the production of a newspaper. For over 25 years the subscription prices of the two Brantford papers have remained unchanged, while during that period the price of most other things have doubled and quadrupled. During recent years The Courier and Expositor have actually been sold to the agents and boys, and to the subscriber, when delivery charges are added, for less than the cost of the white paper alone, to say nothing of the hundred and one other charges of which each copy should bear a share. Recently the situation has become so serious that the above advances, commencing October 1st, have become imperative.

## Even Advanced Rate is Low by Comparison

Even these advanced rates are much lower than those charged by the papers in London, Belleville, Guelph and many other Canadian cities and many publications which for years have charged the prices the Brantford papers now propose, have announced advances considerably beyond these figures during the last few months.

Subscribers may renew their subscriptions for a period not longer than one year at the present rates, if payment is made before October 1st, but no renewals will be accepted at the old rate after October 1st.

## SISTER

(Continued from Friday)

During their first interview had been spoken which had strange as a beginning to a ship. If this acquaintance flourished and to ripen into it it would assuredly not run upon conventional lines. The first word Mrs. Lebreton spoke, holding Mrs. Vere's hands in a close clasp, to as much; and Audrey had a fine liking for the thing which novel and original.

"So you have found your own way to the top of the mountain, Gaston's Keep. You are very come—the more so that I was sure you would come."

"Did you think I should be card and go away?"

At that they smiled one at the other, and it seemed as though mutual understanding or sympathy passed from one to the other in a glance which advanced by stages that friendship with ease, but which in ordinary circumstances would only have been achieved by slow and gradual stages.

"You would only have been that which others have done—friends whom once I counted as friends."

"Ah, but I call that mean! I never go back on a friend."

The smile in the eyes of the woman touched Audrey.

"You are young, my dear Vere!"

"Won't you call me Audrey? knew my father well."

"I should like to call you Audrey Vere was one of the visitors here who brought suit to the house. I have a feeling that perhaps the sunshine revive with the coming of daughters. And I was sure, Audrey, you are young, and you tell me you are young, and telling the young are either very generous or else very intolerant. Their champion a cause or a person a splendid blind loyalty; or will condemn him utterly and vocally, and see nothing but blackness of the poor black not allowing him a single white or thread."

Audrey smiled; she felt how it was. Was Mrs. Lebreton, it was of Gipsy and her niece to have no dealings with the She turned the subject for the moment by looking out on the view of the garden beneath the eaves, and very soon they were lying among the flowers.

"It is a lovely place. I was in quite such a big garden before that. You have everything that I do so love old ruins."

For one short moment Mrs. Lebreton seemed to hesitate; then she changed her direction, saying quietly—"Yes, let us go and visit the ruins; it is a long time since we have done so."

But in this blaze of sun we shall not be likely to see the charming! Do tell me the legend of the castle and keep the eyes were scanning with admiration the clustered pillars, broken and graceful broken window-tops before her companion spoke.

"There are all too many legends of the old castle and keep where De Brocas and the Le Bretons and resigned, sinned and suffered through the stormy ages of the One which obtains largest denance here is that of a gray or figure—the White Lady, as the her. I believe—which is seen time to time flitting through ruined arches and among the clinging walls. She is said to be binger of ill to the Lebretons if they see her—any of them."

"Some misfortune follows?"

"He who sees her by moon here dies!"

"My husband saw her and a fortnight he was dead!"

## Plea For Women's Vote For Permanent Prohibition

Mrs. B. A. Ormsby, Toronto, Delivered Stirring Address Upon Subject of Making Canada a Cleaner Country.

An enthusiastic and representative meeting under the auspices of the Equal Franchise Club was held in Zion Church Lecture Room on Thursday afternoon, and was addressed by Mrs. B. A. Ormsby of Toronto, the President of the Ontario Equal Franchise Association, and Dominion Franchise Superintendent of the W.C.T.U. The president of the Club, Mrs. S. W. Secord, in a very neat speech introduced the speaker, who gave a very inspiring and earnest address on the reconstruction of affairs after the war. "Thank God for a dry Ontario," said Mrs. Ormsby, "and we are going to keep it dry, and we women will have to do it." "One mother with five sons at the front said to me, 'Oh, it isn't the German bullets I fear, but the open saloon and brothel.' We must do our part to keep our country clean. The speaker continued, 'I spoke at a meeting of the Dominion Trades and Labor Congress this morning, who heartily endorsed suffrage and promised their help.' (Applause.)

"We need the vote to give us the power to do our part in the reconstruction period after the war, and we must work for it. Now is our day of opportunity and responsibility. Shall we arise and grasp it? One woman in Manitoba, in spite of the severe climate and her 94 years, secured over 4,000 names to the petition to be presented to the government. She saw her opportunity and seized it; what are we going to do? The Ontario Equal Franchise Association have inaugurated a campaign to get a petition largely signed throughout the province, the same to be presented to our legislature next session, requesting them to enfranchise the women. One prominent politician, when asked to sign, said, 'yes, go ahead, the women are on the right track, now is their great opportunity.' What we need is co-operation of all the women, of all the women's organizations. The question of the terrible evils of the White Slave traffic and other social evils were dealt with at some length. We must protect our womanhood, and we need the ballot to do it, said

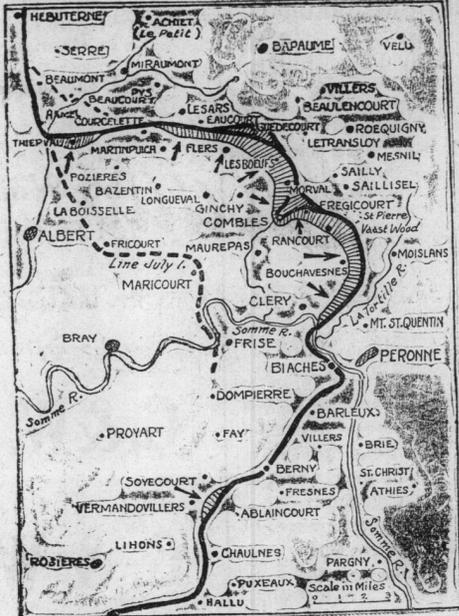

Mrs. Ormsby. We would like to see Canada a land of the square deal for women as well as men, and we must remember that the home, dear as it is, is only the centre and not the boundary. We must seize this opportunity and show our womanliness and broadmindedness. A vote of thanks was tendered Mrs. Ormsby, which was moved by Mrs. S. G. Read and seconded by Mrs. Howard Jackson.

The Officers and members of the Club and their friends entertained Mrs. Ormsby at high tea at Crumpton's where an excellent repast was partaken of, after which speeches were indulged in. Miss Gladys Garvin in a very pleasing manner reviewed several aspects of the woman question. Whatever is new for women is wrong, said the speaker, her place is in the home. This age long cry has nothing of value but its antiquity. What if Joan of Arc, Florence Nightingale, Frances Willard and scores of others had believed this and stayed in their homes? What would be the result to-day if the women of the British Empire had done this? "Where women have the vote they have used their house-cleaning tendencies and applied the vacuum cleaner to politics. 'Woman's place is where she can do the most good.'"

Mrs. S. W. Secord referred in a comprehensive speech to the problems of women in industry. "Before the war in England, there were over four million women in industry and about 70,000 in Canada at the same time. We need equal pay for equal work. There have been in the past double standards of wages, training, organization, yes, and of life, which is most unjust to women."

Before the gathering adjourned, Mrs. Ormsby said a few words which were much enjoyed. Several volunteers for work in the campaign of getting the petition signed in Brantford were enrolled.

### ASTOR CUP RACE

By Courier Special Wire.  
New York, Sept. 30.—More than 30 automobiles, constituting one of the largest fields ever sent off on a speedway contest, are ready, or preparing to start in the race for the Astor cup and \$25,000 in prize money, to be run on the Sheephead Bay speedway, beginning at 2.30 p.m. today. The cars will be driven by some of the most daring and expert race drivers in the world. The distance is 250 miles and the drivers hope to eclipse the record of 102.60 miles an hour set last year over the two mile course. Weather conditions were perfect.

### ACTION AGAINST LIEBKNECHT

By Courier Special Wire.  
Amsterdam, via London, Sept. 30.—The Berliner Tagblatt, a copy of which has been received here, says the government tribunal has begun a new action against Dr. Karl Liebknecht, one of the German Socialist leaders, who is charged with attempting to incite to disobedience and rebellion the soldiers of the Thorn garrison, with letters he sent to them.

## RAIN CANNOT BE PRODUCED

By Artillery Fire as Has Been Believed by Many Since Beginning of War.

During the present war the question of the production of rainfall by gunfire has continually arisen. In the Scientific American for Oct. 24th, 1914, is an excellent editorial article on the subject; in the Scientific Monthly for February, 1916, is a discussion by Prof. A. G. Meade; while in the Popular Science Monthly for January, 1911, Prof. Cleveland Abbe showed by laboratory experiments that the firing of cannon or dynamite could not possibly produce rain. The Journal of the Royal Astronomical Society of Canada makes the following comment on this question:

A comparison of the amounts of energy involved in an ordinary rain-storm and in the discharge of artillery, enormous though the latter may be, shows that the two phenomena are really in different classes of magnitudes. Of course the energy of the discharge while not sufficient directly to produce the rain, might in some way set free atmospheric force ready to act, just as pulling the trigger fires the gun. But even considered in this way, the cannonading would not be sufficient.

At a meeting of the Royal Meteorological Society, Chas. Harding presented a summary of the weather conditions for eight stations in Great Britain and eight on the Continent for the period of August, 1914 to April, 1915, and in connection with the discussion regarding the cause of the great rain fall in England, Dr. Hugh R. Mill, director of the British Rainfall Organization, made the following statement:

"The vastness of the work done by the quiet processes of nature requires only to be realized in order to show the incalculable improbability of gunfire in France producing a wet winter in England. Take the case of a three and a half inches of rain which fell in excess of the average in December over 58,000 square miles of England and Wales. This quantity is 203,000 square miles inches or 12,126,320,000 tons. At winter temperatures, saturated wa-

ter vapour would form about one percent of the mass of the atmosphere containing it, hence the minimum quantity of air which must have been carried over England and Wales in December, 1914, must have exceeded 1,300,000,000,000 tons. The amount of force required even to deviate the direction of moving masses of this magnitude is surely far beyond that which can be exerted even by nations at war.

## SYNOPSIS OF CANADIAN NORTH-WEST LAND REGULATIONS.

THIS sole head of a family, or any male over 18 years of age, may homestead a quarter-section of available Dominion land in Manitoba, Saskatchewan or Alberta. Applicant must appear in person at the Dominion Lands Agency or Sub-Agency for the District. Entry by proxy may be made at any Dominion Lands Agency (but not Sub-Agency), on certain conditions.  
Duties—Six months residence upon and cultivation of the land in each of three years. A homesteader may live within nine miles of his homestead on a farm of at least 80 acres, on certain conditions. A habitable house is required except where residence is performed in the vicinity.  
In certain districts a homesteader in good standing may pre-empt a quarter-section alongside his homestead. Price \$2.00 per acre.  
Duties—Six months residence in each of three years after earning homestead patent; also 50 acres extra cultivation. Pre-emption patent may be obtained as soon as homestead patent on certain conditions.  
A settler who has exhausted his homestead right may take a purchased homestead in certain districts. Price \$5.00 per acre. Duties—Must reside six months in each of three years, cultivate 50 acres and erect a house worth \$500.  
The area of the land is subject to reduction in case of rough, scrubby or stony land. Live stock may be substituted for cultivation under certain conditions.
