

THE ACADIAN.

WOLFVILLE, N. S., JULY 9, 1909.

The chief editorial in this week's Western Chronicle, of Kentville, is in the well-known and characteristic vocabulary so prominent at the execution of poor Robinson. It savors of the bar-room, the atmosphere of a once much talked of but now disgruntled and defunct politician and would be senator—laid on the political shelf by an outraged electorate and public sentiment. The individual referred to here should be the last person to throw stones at any one, much less at a pure-minded and popular clergyman of the Baptist denomination.

When a politician is laid away—first by the electorate and then by his political masters and peers—the first thing he generally does, supposing he has some funds, earned by others, is to get control of a political rag with-out character or standing and use it as an instrument for venting his spleen on all who happen to cross his odorous path. Usually people turn up their noses and pass along, but in the present instance we propose, in future issues, to so lay out and away this impossible individual as that he will not be likely to further trouble decent people for many years to come.

The people of this county know some of the history referred to above but still have but a remote idea of the 'rotteness of Denmark.'

Town Council.

The regular monthly meeting of the Council was held on Wednesday evening, with the Mayor and Councilors, Hales, Abbott, Selfridge and Burgess present.

The minutes of the last meeting were read and approved. Coun. Hales, chairman of the Streets Committee, gave a detailed verbal report of work done by that department. The attention of the street authorities had been directed during the past month to Pleasant street, Gasperus avenue and Highland avenue, where good work had been done. The streets have been graded and the ditches and bridges put in good condition. Workmen are now engaged putting in curbing on Main street.

The Finance Committee reported the receipts during the month \$781.39 and the expenditures \$1162.45. The bank overdraft on June 30th was \$1248.98.

A petition was read from citizens residing on Central avenue asking that Central avenue be opened for traffic from Prospect street to Pleasant street. This matter has been before the Council for some time, and it was stated that conditions required by the council for the taking over of this street had not been complied with by those interested. The matter was referred to the Streets Committee.

The following accounts were read and ordered paid:

Clever Kings County Boy.

Canadians are coming more and more to the front at Harvard University, and to-day sees the largest number of students from the Dominion in the annals of the institution, take degrees. Prominent among these are the six receiving the degree of Ph. D. This is the highest degree given at Harvard, and this is the largest number at one time to receive it. These successful men are: Laurie L. Burgess, William A. Kirkwood, W. L. MacKenzie King, William D. Tait and Cyrus J. McMillan.

Laurie L. Burgess, of Woodville, this county, took a grade A. certificate at the Kentville Academy and in 1905 received the B. Sc. degree at Dalhousie University with honors in physics, chemistry and mathematics, holding the professor's scholarship throughout the course. At Harvard he took the A. M. degree in 1906, won a Thayer Scholarship in 1906-7, in 1907-8 a University Scholarship, in 1908-9 a Thayer Scholarship of \$500 and a Charing of \$300. Mr. Burgess, who takes his Ph.D. in chemistry, ranks among the youngest men holding that coveted honor. He is a member of the American Chemical Society and delivered a masterly treatise on his research in chemical science before this large body of eminent men at its convention, Baltimore, Md., last December. He is also a member of American Academy for the Advance of Science, and has been appointed instructor of Chemistry at the University of Illinois for the ensuing year.

Mr. Burgess is at present at the Summer School of Science in connection with the University of Maine, (Orono, Me.) where during the six weeks term he has been instructor of Chemistry for the past two years. At the closing of the school he expects to spend a vacation of six weeks at his home.

Flyer.

Mr. H. G. Collins, our rather sports-omen, took his young peer 'Willey Mack' to Middleton for the Dominion Day races. After a most strenuous contest with many nests Willey Mack was the victor. He is still in the A. J. class and will be prominent in future anniversaries. Willey Mack was sired by R. T. M., dam a bred in the purple mare from Kentucky.

The Caldwell Celebration.

One of the pioneer settlers of Horton township was William Caldwell, who was born in England in 1695, came to Massachusetts in 1712, married Jane Jordan there and removed with his family to Nova Scotia in 1758, leaving in Bridgewater, Mass., one son, Ebenezer, whose descendants are found there and in other parts of the United States.

One of these, Dr. Charles T. Caldwell, of Washington, D. C., has for years been tracing the progeny of 'Father William,' and has now a record of over 150 families and 700 descendants. Dr. Caldwell was in Wolfville last summer for the first time and is here again now, to take part in the family gathering. Through his suggestion a monument has been erected to this pioneer ancestor and on July 1st it was dedicated in the presence of nearly 150 descendants of these early settlers. The stone is of granite with a double base and bears the inscription:

'William Caldwell, Born in England 1695. Died Oct. 28, 1862, at Gasperus, N. S., also his wife, Jane Jordan, Born at Stoughton, Mass., June 1, 1707. Erected by their descendants, 1909.'

At the dedication service Rev. J. D. Spidell offered the invocation:

Oh God, who art in all and above all blessed forevermore, in whom we live and move and have our being, the father of our spirits and the God of all grace, we implore thy presence and blessing at this time, that eternal truth and wisdom may enlighten us and keep us all in the way of well-doing. Save us from all uncharitableness, and may the kinship of love bind us together as a part of the great human family of whom thou art the everlasting father. Guide us into the way of right thinking and right living that we may ever strive to rise superior to our baser selves and enter into that divine fellowship which will make us co-laborers with the eternal spirit in the perpetual uplifting of humanity. May this family gathering and this endeavor to honor the memory of one who long since passed into the great beyond be a stimulus to each of these present to loathe to noble and unselfish deeds that in us may flourish all the virtues of our honored ancestors, growing with their growth of Christian character till all shall seek their highest enjoyment in ministering to others' needs. May the eternal Father keep us all in the paths of righteousness. Amen.

After which Mr. A. E. Caldwell read the following dedication:

My dear Friends, descendants of a common ancestor, whose name we revere, whose memory we cherish, we meet here to-day to do fealty to a worthy and sturdy pioneer, the brave, the honored Father William, to whose memory we dedicate this stone.

A century and a half ago he came to this country and settled in this beautiful valley, not then as now smiling with the full fruition of modern agriculture, for where now such arid blooms and tilled fields yield their wealth to the skilled husbandman was then forest or thicket. He was one of the pioneers who broke up the virgin soil and produced the conditions which make it possible for us, his descendants, to surround ourselves with the comforts and blessings which we now enjoy. He labored and we have entered into his labors, his children's children unto the third and forth generations now inherit this fertile valley of the Gasperus and these pleasant hillsides, and are found in the neighboring republic from Massachusetts to California, some of whom we are very glad to welcome here to-day. In consideration, therefore, of our indebtedness to this common ancestor how appropriate it is that we should set up this monument to perpetuate his memory and to be a continued reminder to our descendants of one who encountered hard and discouraging surroundings and manfully won his way through. We ought all to rejoice that in this year of grace 1909, we have been moved to commemorate the lengthy, self-denying life of our sturdy ancestor and to set up this monument as a perpetual reminder of his sterling worth. May our children and our children's children in the countless generations to come ever hold in grateful remembrance the life of him to whom we dedicate this monument.

The assemblage then adjourned to the grove in front of the Hall at Gasperus where tables were erected and an elaborate repast provided to which full justice was done. It was a most enjoyable social event, a pleasant family reunion, and everything contributed to the success of the occasion. After the banquet Dr. C. T. Caldwell gave an historical address which was listened to with great interest. He traced the ancestry from France to Scotland where three brothers settled north of the Solway near a cold well from which they derived the surname, spelled and pronounced Caldwell north of the Solway and Cold in England, so that the two names have the same origin. Oliver Cromwell was descended from the family and they figured prominently in English and Scottish events during the Stuart and house of Hanover. Dr. Caldwell graphically described the long and tedious journey of William with his family and household goods through Maine, Nova Scotia and New Brunswick to his destination in Horton to take up lands vacated by the Acadians. He settled on the banks of the Gasperus river, at first called Salmon river, where his children now live to the 7th generation.

In obedience to the injunction of the Assembly the Rev. D. Wright will preach on John Calvin on Sabbath evening. The subject will be 'John Calvin, his place in History and his Theology.' ### The Lord's Day.

The Dominion Lord's Day Alliance was well represented in the Baptist church last Sunday morning. Rev. Mr. Moore's address was of a high order, and showed most convincingly from the sacred scriptures, that Israel's downfall and ruin as a nation was due to their transgression of the Sabbath law, and that national prosperity in this day is very largely dependent upon obedience to the divine law that enjoins the rest of one day in seven. If Christianity lies at the basis of national prosperity, then it follows that the Sabbath observance is a necessity, for without it Christianity itself will lose its influence and power.

The way in which the people observe the Lord's day is indicative of their regard for the Christian faith. The depth of a man's piety may be gauged by his method of Sunday observance. It is to be lamented that Sabbath desecration has been on the increase among us of late. The law of the land has been openly violated. This law plainly forbids the employment of men for the purpose of driving parties who are seeking for pleasure on the Lord's day. The practice is corrupting in its influence on public morals. It is promotive of ungodliness, and deprives the worker of his right to the seventh day rest.

Our horses have their right to the protection of the law. We all know how they have been overworked through the practice of Sunday driving. Assistance should be given our livermen in their desire to protect their animals, that need one day out of the seven for the rest they require. It is to be hoped that our local society will take the matter in hand, and see that the law is duly observed.

A man named Fred Jessop, arrested for making a disturbance on the street on Wednesday evening, escaped from the lock-up at an early hour yesterday morning. He succeeded in forcing some of the bars in the grating of his cell and got through an opening of the bars. He was seen by some persons on the street at an early hour, but was not recognized. It is likely that such precautions will now be taken as to prevent a repetition on the part of future prisoners.

### Wedding at Hortonville.

A very pretty wedding was solemnized on Wednesday morning at the Methodist church, Lower Horton, in the presence of a large gathering of relatives and friends, when the Rev. R. W. Weddall, assisted by Rev. Arthur C. Borden, D. D., united in holy bonds of matrimony Alice Gertrude, eldest daughter of Foster W. Curry, of Hortonville, and Roy W. Woodman, of Grand Pre.

The church was beautifully decorated with white flowers and portulaca plants, the bridal party standing under a floral arch from the centre of which was suspended a large bell.

To the strains of the wedding march from Lohengrin, rendered by Miss Edith Woodman, the bride entered the church on the arm of her father, charmingly gowned in cream silk and train with embroidered trimmings and veil, and carrying a shower bouquet of roses. She was accompanied by her cousin, Miss Minnie Patterson, as bridesmaid, who was gowned in blue silk, and carried pink carnations.

The groom was supported by his brother, Mr. Ralph Woodman Messrs. Reginald Patterson and Frank Woodman acted as ushers.

The happy couple left for Yarmouth on the Bluebonnet, and will make a trip of the South Shore, returning via Halifax, after which they will reside in Grand Pre. The bride's travelling suit was of tape broadcloth, with hat to match.

The presents were numerous and beautiful, testifying to the esteem in which the young people are held by their friends.

THE ACADIAN extends best wishes.

### Is Your Back the Weakest Point?

Does it play out first when you have steady work to do.

Under these circumstances you can be pretty sure that the kidneys are weak and disordered and that the back is suffering from kidney pain.

Other symptoms are dizziness and spinning of the head, frequent desire to urinate, also headache, dryness and lameness of the skin and pains in the limbs and body.

Backache soon disappears when Dr. Chase's Kidney-Liver Pills are used and kidney disease is thoroughly cured by this treatment.

Mr. G. W. Fryer, Westport, Leeds Co., Ont., writes: "For two years I was completely laid up with lame back and could neither walk or ride. I tried many medicines and the doctor's treatment did not help me.

A friend told me about Dr. Chase's Kidney-Liver Pills and this medicine completely cured me. I have never had a lame back or kidney trouble since and my wife has been the means of selling many boxes of Dr. Chase's Kidney-Liver Pills." One pill a dose, 25 cents a box at all dealers or Edmondson, Davis & Co., Toronto.

### That Watch of Yours.

Is it running just right? Or perhaps it is still running but hasn't been cleaned for years, and you in your false economy will let it go just as long as there is a tick in it.

Now a watch in common with any other piece of machinery needs to be cleaned and oiled occasionally and if neglected the bearings soon become worn and if left long your machinery is practically ruined.

Why not have your watch examined at once?

Don't fool yourself thinking you are saving a dollar when you are in reality neglecting a watch worth 50 or 60 times what we would charge to put it in A 1 shape.

Our prices may not be the lowest, but they ARE the lowest possible consistent with first-class work guaranteed in every respect, which is the only kind we do at any price.
