

Allies Decide on Plan to Save Central States in Old World From An Utter Collapse

Re-Establishment of Industry is Involved in Program Laid Out—Small Nations Cannot Be Independent Commercially, the Allies Recognize.

LONDON, March 10.—The economic manifesto of the allies was signed yesterday and will be published simultaneously in Paris, Rome and London. This means that the French negotiations have resulted in a compromise agreeable to England and Italy after weeks of debate, investigation and consideration of confidential reports, and following nearly a two weeks conference at No. 10 Downing street by the allied premiers.

Every country in Europe today is dominated by a spirit of nationalism," this official said. "All want to make a ring around their own country and give nothing to any neighbor, but take and expect something from every other power. The war, of course, is responsible for this attitude. War and the Peace Treaty destroyed the economic entities of Central Europe. The Dual Monarchy and the German Empire were economic units. Today they are split into several small states each striving to establish its own economic existence. But these States cannot live by themselves.

Chamber of Commerce to Receive Suggestions of Members at Meetings

The Chamber of Commerce has arranged to hold a series of small group meetings covering the entire membership for the purpose of allowing all the members to contribute their suggestions for the program of work to be carried out by the organization. The program of work is one of the most important essentials of the Chamber of Commerce. If the organization is to accomplish its end and be a force for good in the community it must have a very definite and clear program of activities to work on.

The program of work for the new Chamber of Commerce will be built up from the suggestions of the members themselves so that the completed plan may express the united desire of the members. To afford the members an opportunity of bringing forward their suggestions and discussing with their fellow-members their ideas on the various topics of vital interest to the community, a number of small group meetings will be carried out. The membership has been divided into groups from the alphabetical list of members. All members in each group have therefore been selected without any reference to their business social or other interests.

Meeting of the Grantham Council

The Grantham Township council met in a regular meeting in the County buildings on Monday the 8th of March with members all present.

The auditors report was read. Tenders for the printing were read from the Journal and Print Shop.

The tax collectors return was also read showing the different amounts uncollected.

Moved by Deputy Recv Haaynes, seconded by Councillor Clemens, that the auditors report be received and adopted and the clerk order 30 copies printed for distribution. Carried.

Moved by Councillor Baker, seconded by Councillor Clemens that Mr. Wm. R. Pringle be appointed road superintendent at a salary of \$120 a month for eight months under the advantage of the Ontario Railway Act. Carried.

A by-law was passed confirming the appointment. Moved by Councillor Clemens, seconded by Councillor Baker, that this council purchase for township purposes, one Sawyer-Massey Tractor at \$260; one Sawyer-Massey No. 8 tractor, \$600; and one Sawyer-Massey Road Plow at \$85; total of \$33,335. Carried.

Deputy Reeve Stewart voted nay. Moved by Councillor Clemens seconded by Deputy Reeve Haynes that the Reeve and Clerk be authorized to purchase the machinery and plow, from the Massey-Harris Co. of Hamilton. Carried.

Moved by Councillor Clemens, seconded by Deputy Reeve Stewart that the township printing be continued by the Peninsula Press and the tender of Mr. George E. North for concrete work be accepted. Carried.

On motion of Deputy Reeve Haynes, and Deputy Reeve Stewart, a by-law was introduced and passed to amend the Consolidated General By-Laws of the township relating to Polling sub-divisions, in which No. 2 be divided at the canal making a new one between the new Welland Canal, St. Catharines, and Merritt, to be known as No. 7 sub-division. Carried.

On motion of Deputy Reeve Stewart and Deputy Reeve Haynes a number of accounts were passed for payment.

Council adjourned to meet again at the same place on Monday April 12th, at 12.30 o'clock p. m.

A number of minor cases were disposed of by the Magistrate this morning.

Domestic help is pretty scarce in the city apparently. It is noted that in one of the leading hotels the proprietor has been forced to perform the duties of chamber maid lately.

NATIONAL RAILWAY BOARD IS TO ELECTRIFY ITS LINES IN ONTARIO, WHICH WOULD INCLUDE GRAND TRUNK THROUGH HERE

Over Southern Mountains Now on Canadian Road

NEVER HAVE SEEN A DOG OR A CAT

Children in War-Scarred Europe Never Even Hear the Birds Sing.

When you grinned at the six-year-old son of the house romping in the yard with his dog, or watched his small sister carefully dividing her attention between ribbon bows for the house "baby" and the robin on the lawn, did it ever occur to you that somewhere in the world there are little folks of the same age who have never seen a dog nor a cat nor heard a bird sing.

Jewish relief workers who have returned from the Eastern and Central European countries cite the absence of domestic animals and birds to illustrate the desolate barrenness of the countries that were swept again and again by the warring armies for nearly five years. Jacob Bashein, who had charge of a unit for the Joint Distribution Committee, the sole agency dispersing relief funds raised by the Canadian Jewish Relief Committee, the Central Committee for Relief and the Jewish People's Relief Committee, has described the conditions there.

In that bare stretch of country where there are scarcely any trees, no habitations other than the miserable dug-outs in which returned refugees exist—the "no man's land" of Poland—we did not see a single cat or dog, and in all the time we were there we never heard a bird sing. Armies have swept bare the country and trampled the ground to the consistency almost of rock, while shell fire has blasted the countryside. No animal, even domestic animal was left there. So there are children to-day of five or six years of age who have never seen a dog nor a cat and have never heard the singing of a bird.

THE WEATHER TORONTO, MAR. 10.—The weather has been comparatively mild in all parts of the Dominion with some light local falls of snow and rain in Ontario and Quebec.

FORECASTS—Southwest and South winds fair and quite mild to-day and part of Thursday, then becoming showery.

Little Prospect of Hydro Getting N. S. & T. R., According to Reliable Reports, as it is Understood the National Railway Board Will Hang On to Its Big Money-Maker.

D. B. Hanna, head of the head of the National Railway Board has just made an important announcement at Brockville, speaking before the Board of Trade.

It was to the effect that the National Railways management is considering the electrification of not only its western lines but likewise those it controls in Central Ontario.

These latter would include the Niagara St. Catharines and Toronto Railway lines covering the Niagara district, and as it is an absolute certainty that the Grand Trunk is shortly to be taken over by the government, it would mean the electrification of that system also.

In view of these possibilities it may not be long before all the transportation in the Niagara district will be by electricity and the benefits in a sanitary way along with the doing away of the consumption of soft coal by locomotives can easily be imagined.

It is stated here incidentally on pretty good authority, that there is very little prospect of the Hydro getting the Niagara, St. Catharines and Toronto lines, as the National Railway Board is determined to hang on to the best money maker it has.

That being the case the present negotiations of the Hydro Commission to take over these lines will likely amount to very little.

An official who is in the confidence of the National Railway Board makes the statement that there is absolutely no possibility of the N. S. & T. Railway going to the Hydro. Therefore if the Hydro intends to carry out its plans to build Hydro-radial lines through the district, it will have to parallel the present lines.

Funeral of the Late Miss Phelps Largely Attended

A large number of sympathetic friends gathered at the home of E. H. Phelps, Merritt, on Tuesday afternoon to attend the funeral of his niece the late Harrietta Ophelia (Hattie) Phelps, who passed away on Sunday.

The service was conducted by Rev. Dr. D. E. Martin of St. Paul Street Church, assisted by Rev. Arthur Cooper and Rev. R. D. Hamilton, who all spoke of the high esteem in which Miss Phelps was held.

During the service two favorite of the deceased led by representatives of the Merritt Methodist Church choir, "Safe in the Arms of Jesus" and "Abide With Me," were sung. The bearers were James B. Bradley, W. Cornelius, Mr. Phelps, R. Phelps, W. Kerr and J. Smith.

Rev. Dr. Martin and Rev. R. D. Hamilton officiated at the graveside.

ADDITIONAL LOCALS St. Patrick's Day is a week from to-day.

The Fruitgrowers began their annual convention at Grimsby to-day. To-morrow and Friday they will meet in St. Catharines.

George Holmes who has been seriously ill is believed to be on the mend now, his numerous friends will be pleased to learn.

Mr. Watts of Watts & Bate yesterday had the misfortune to fall and break his arm on King street.

Power troubles caused delays on the N.S.&T.R. yesterday afternoon.

Andrews Plays Ivens In Winnipeg Court

Yesterday's Session Short, But Crown Arraigns Labor Clergyman.

WINNIPEG, March 10.—A. J. Andrews, K.C., chief Crown counsel, again trained his guns on William Ivens, pastor of the Labor Church, during the trial. The session only lasted an hour because of the illness of James Jack, a juror, but during the hour counsel subjected Ivens to a withering verbal shelling.

After referring to Ivens' speech, Andrews said: "What a pity that this man with such a command of language, should prostitute his God-given eloquence to the cause of pulling down everything good in our constitution, and in our framework of society, doing all he can to make the satisfied dissatisfied, to set class against class, to fan the flames of discontent until they break out in very revolution."

Andrews read from the Labor paper of April 18 a report of Ivens' speech at the Labor Church. The address had been reported by Staff-Serjt. Roames off the R.N.W.M.P., whose report read:

"It is hard to conceive of a more scathing indictment of capitalism than the speaker meted out. He spoke of it controlling the press, controlling the Legislature, entering the judiciary."

The Montreal Chinese hospital claimed to be the first of the kind in Canada was formally opened in Montreal.

All the members of the City Council of Saskatoon were served with writs to show cause why they should not be committed to jail for contempt of court in failing to obey an injunction forbidding maintenance of a nuisance.

Handcuffs to Keep Wife in Bed Was Tried By a Jealous Janitor

CHICAGO, March 10.—Stanley Ptaszek, a janitor of a flat building, suspected his wife of kissing the milkman and gadding about at night, so he went to a pawnshop and purchased a pair of handcuffs. He proposed to handcuff her to the bedpost at night but she put up such a fight that he could not get the cuffs on her. Then he installed as small electric shock machine beside his bed and connected it with push buttons installed in two flats overlooking his door. By bribing the occupants of these flats, they were to push the buttons if they saw his wife going out. Thus he was enabled to go to sleep, clutching the handles of the shock machine, secure in the knowledge that if his wife left on a philandering tour, he would be awakened.

Judge Trude listened to all this patiently. Then he called the drab, faded out, washed-out and worn-out wife to the stand. She said she cared for their six children, fed the furnace, scrubbed the halls and woodwork, swept dusted, and shoveled snow, and did the cooking and mending, and washed an dthat she had no time or inclination to go anywhere after her work was done.

"Stay away from her and pay her \$15 a week" ordered the judge as he turned his attentions to the jealous janitor.

They tell not neither do they swim but on boy, how they can dance in John Cort's Delightful Musical Comedy "Listen Lester," Grand Opera House Thursday March 11th.

WORK FOR CHAMBER OF COMMERCE

There are many things which one may suggest as work for the new Chamber of Commerce to do and to which no doubt it will give all the intelligence and attention that public spirited men can give, but surely one of the most vital in the interest of the municipality is a solution of the housing problem.

During the last few days the Journal has learned from three different men who are in the real estate business that the demand for houses has never been so large and the chance of meeting the demand so small. Houses of the average size are scarcely to be had except by purchase and then the transaction becomes a money making one. What are required are fair sized places that can be rented by people who are willing and able to pay reasonable rentals but who are buffeted about from time to time for want of some spot in which to put their future and family.

And while it is easy to suggest that much should be done to overcome what is recognized to be an acute condition, it is not a difficulty that is readily overcome, nor does this city enjoy the distinction of being alone in the matter. Houses these days cost money to build, with materials and wages so high, and to erect twenty means the expenditure of a considerable capital, but in many minds there is wisdom and among the long list of capable men who have become members of the new Chamber of Commerce there is enough ability and initiative to work out at least a partial solution.

Associated with this question is the other, the railway situation. This city is allowing months to go by without getting any further development. Extensions to take care of the north and to make a short cut to Merriton are needed and can be obtained and yet to date the municipality is standing still. Its growth and progress are retarded by the lack of enterprise in this regard.

If the new commerce and trade board is to justify its birth and existence it should make an effort to assist in the consideration at once of these two important questions.

**Ouch! Backache!
 Rub Lumbago or Pain From Back**

RUB STIFFNESS AWAY WITH SMALL TRIAL BOTTLE OF OLD "ST. JACOBS OIL"

Ah! Pain is gone! Quickly?—Yes. Almost instant relief from soreness, stiffness, lameness and pain follows a gentle rubbing with "St. Jacobs Oil."

Rub this soothing, penetrating oil right on your painful back, and like magic, relief comes. "St. Jacobs Oil" is a harmless backache, lumbago and sciatica cure which never disappoints and doesn't burn the skin.

Straighten up! Quit complaining! Stop those torturous "stitches." In a moment you will forget that you ever had a weak back because it won't hurt or be stiff or lame. Don't suffer! Get a small trial bottle of old, honest "St. Jacobs Oil" from your druggist now and get this lasting relief.

American Colonel Gives Free Advice To Rheumatics

SAYS IT'S SHEER FOLLY FOR ANYONE TO SUFFER THESE DAYS.

Rheumatism can't be cured so long as your system is weak and run down. You must first build up and get strength to fight off disease.

Ferrozone cures because it builds up, because it renews the blood and dissolves the Uric Acid and the poisons that cause rheumatism.

It is proved right here that Ferrozone does cure.

Col. H. M. Russ, of Edwards, St. Lawrence Co. one of the fine old heroes of the Civil War, was completely restored by Ferrozone. Read his statement:

"I couldn't get around without a cane, and then only with difficulty.

"Rheumatism took complete control of my limbs.

"Suffering was more intense than hardship on the battlefield.

"When my doctor had done his best I got Ferrozone.

"Then came a quick change.

"Ferrozone gave me comfort at once, eased my pain and took the stiffness out of my muscles.

"I am well to-day. Ferrozone cured me completely. I can jump and run like I did forty years ago."

Be sensible about your case. If your present medicine is useless give it up.

Don't experiment again. Ferrozone is known on all sides to be a rare that does cure. Why not get a supply to-day? The stoner you begin Ferrozone the quicker you'll get well. Price 50c. per box or six for \$2.50, a all dealers or direct by mail from The Catarrhzone Co., Kingston, Ont.

CAPITALIZATION
 Preferred Stock \$1,000,000.00
 Common Stock \$1,000,000.00
 (No Bonds)

The following information is summarized from a letter from Mr. S. Messer, President of the Company:—

- The Continent's Oil Company, Limited, of Canada, the business and assets of which have been acquired by the North Star Oil & Refining Company, Limited, a Canadian corporation, has been in successful operation in the Prairie Provinces for the past eleven years.
- The Company has no bond issue or other funded indebtedness outstanding nor any floating debt other than current accounts payable.
- Earnings after the completion of a refinery for the production of refined oil, gasoline and lubricating oil, at Winnipeg, which refinery is expected to begin operations about the middle of the year, are estimated to be initially at the rate of \$150,000 to \$160,000 annually, or equal to over twice the dividend upon the Preferred Stock. With the completion of other refineries, earnings are expected to materially increase.
- The Company has affiliations with large and responsible producers in the United States which should ensure a continuous and constant supply of crude oil. In the event of the development of crude oil in commercial quantities in the Canadian West, the Company, with refineries at Winnipeg, Saskatoon and Calgary, will be in an advantageous position to manufacture from this crude, refined oil, gasoline and other petroleum products for the Western trade.

Applications, which should be accompanied with cheque for full payment, will be received only on the understanding that the right is reserved by us to allot all, a portion only, or none of the amount applied for. In the event of a partial allotment the balance, and if none be allotted the full amount forwarded, will be returned to the applicant.

Interim Certificates will be issued pending engraving of definitive certificates.

It is intended that application be made to list these issues on the Toronto, Montreal and Winnipeg Stock Exchanges.

Price: Par (\$5.00 per share), carrying a Bonus of 40% in Common Stock.

SIX MILLION JEWS ARE FACING DEATH

Starvation and Disease Cause Indescribable Suffering in Eastern Europe.

The hardships of this winter will mean death to thousands of Jews in Poland, unless outside aid intervenes at once according to Lieutenant Shilton Wright of the American Red Cross Commission to Poland, recently returned to the United States after months of relief work in eastern Europe.

He painted a vivid picture of this half-starved people, clad in rags, who are now creeping back toward their devastated homes after months of refugee wandering, and dying of starvation and typhus along the roads, as they go.

"Outside starvation, numerous diseases, attributed to malnutrition and typhus have killed men and women and children like flies," he said. "I remember a family trying to live under an over-turned wagon by the roadside. The mother was dead under a tree a few yards away—she had been dead for days. The father was stretched upon the ground dying of typhus. He died that day. Under the wagon were two little children, both under five, sick with typhus. An older child sat stupidly beside them—a girl driven out of her mind."

Many of the people are driven to making "bread" out of leaves and bark, and "soup" out of grass and water, Lieutenant Wright reported. There was unpeppable joy among them when the American ships, loaded with relief supplies purchased with the funds raised by the American Jewish Relief Committee and other American Jewish agencies, and American and Canadian Red Cross supplies were unloaded at Danzig and other ports. In spite of the fact that the American Jewish Relief agencies are spending almost \$2,000,000 a month now on the relief work in Poland, and that the Red Cross is doing its work on so vast a scale, hundreds of thousands of Jews and Poles will die during the winter unless more aid comes.

"Every box-car full of refugees returning to their homes has in it those who die along the way, and those who have contracted typhus," Lieutenant Wright said. "The people try to avoid disease by keeping clean, but it is impossible to do so, under existing conditions. Even our nurses and doctors fall ill with typhus, a disease caused by filth and lice."

The Red Cross and the American Jewish Relief agencies are doing their utmost to keep both the Jews and the Gentiles in these stricken lands alive. Six million Jews in eastern Europe face death unless immediate shipments of food, clothing, and bedding from Canada and the United States reach them before the cold weather sets in.

An appeal for funds is to be made in Ontario and a generous response from this district is confidently expected.

MOBS OF CHILDREN CRAVING FOR BREAD

Gaze Into Bakeshop Windows for Hours at a Time, Hoping for Something to Eat.

"The saddest thing in all Eastern Europe at the present moment—worse than all the other instances of starvation and even of death and disease on every hand—are the child-mobs one sees outside of the few bakeries that are able to keep going in Warsaw," Sholom Asch, the famous Yiddish playwright and poet reported to the American Jewish Relief Committee upon his return from Eastern Europe, where he went as a commissioner of the Joint Distribution Committee of American Funds for Jewish Sufferers from the War.

"In the bakery windows are a few loaves of bread, and sometimes cakes, that are sold at a simply prohibitive price," he explained, "and even if these were as cheap as in Canada and the United States, their taste would still be unknown to the hungry Jewish children, who live on the cup of soup a day they get from American Jewish relief agencies. But the youngsters tantalize themselves with the sight of food, when they cannot get the taste of it."

"They press up to the window, and at first merely stare respectfully at the bread, an uncanny little crew of gaunt small folks with old faces and suffering unchildish eyes. Perhaps it is raining, or the wind is blowing coldly through the lattice that they wear, that little barefoot army, but they huddle together for warmth, and do not stir. The sight of the bread has fascinated them, it is so rarely seen."

"A customer comes out, leaving the door ajar for a moment, and the warm fragrance of the bake-shop drifts out to the little ragamuffins, maddening them. They press closer to the window, their thin little faces against the glass. Those in front put out their tongues and lick the glass, as if, by so doing, they could taste the bread behind it. No poet could ever write into words the wistfulness of their faces as they do it."

"One of the men from the bakery comes out, and drives them away every few minutes, else they would break the glass. They are afraid of him, and for a few minutes they stand at a distance, their eyes still upon the bread. Then hunger overcomes their fear, and they press up to the bakery window again. Soon they are eagerly licking the glass once more. And this goes on all day every day in front of the bakery window."

More money is needed to help feed these children, and an appeal soon is to be made in Canada for that purpose.

The New York market was professional in character. Trading was dull and prices tended easy.

DESTITUTION IN EUROPE TERRIBLE

Long Processions of Starving, Ill-Clad Children Seen Daily on the Streets.

Long processions of little Jewish children in Eastern Europe, bearing their tin cups in their hands, daily walk from their villages to the nearest town in which there is a Jewish relief station, according to relief workers in these stricken lands, sometimes journeying five or six miles in order to get the cup of soup with a piece of hardtack, or the mug of milk which is often their sole food of the day.

Those tin-cup processions emphasize, as nothing else could do, the relief workers say, the terrible destitution of the Jews in Eastern Europe at present. The children in them are barefoot, almost without exception.

Reports received by the Canadian Jewish War Relief Committee say that both boys and girls are wrapped in burlap, or dressed in clothing made from the sacks in which the relief supplies have come, or in the rags which they have worn during the five years of the war, their gaunt little bodies showing through the tatters. They do not walk as children usually do, without effort or restraint, but drag themselves along wearily, and hopelessly, like tired little ghosts, condemned to move in hungry processions throughout eternity. Arrived at the relief station, the children are so tired and so weak that they sit down upon the pavements to await their turn in line. Upon the faces of every one of them there is an expression of unchildlike anxiety. It has to do with the only really vital question in the world to them—whether or not the soup or milk will hold out, until their turn comes. Every day some of them have to be turned away without food, since their numbers are so great that the funds at present on hand are not always sufficient to care for them all.

MILLION CHILDREN ARE CLAD IN RAGS

Their Wasted Bodies Show Thru Tatters, Result of Starvation and Misery.

The art of making two flowers bloom where only one bloomed before isn't half so hard as that of making two garments exist where only one existed before; yet even this can be accomplished, according to reports recently received by the Canadian Jewish War Relief Committee from relief workers abroad.

Cloth of any kind, either cotton or wool, is particularly impossible to obtain in Eastern Europe, except at prohibitive prices. A round million little Jewish children in these unhappy lands are clad in the rags that they have worn all through the war, their wasted little bodies showing through great tatters. Some of these children are still sleeping on the streets, since there are at present neither orphanages nor funds for all.

Miss Harriet B. Lowenstein, of New York, sent to Europe as a commissioner of the Joint Distribution Committee of American Funds for Jewish War Sufferers, was able to purchase more than a carload of pajamas from the salvage department of the American army in France. These were sent to Eastern Europe, and in the workrooms opened there were made over into clothing for children. Each pair of pajamas made at least two Russian blouse suits for little boys it was reported. The larger pieces left over in the cutting were used for the clothes that the children of Eastern Europe bind around their feet in lieu of shoes.

MILLION PAIRS OF SHOES ARE NEEDED

Destitute Jewish Children of Eastern Europe Use Rags to Protect Feet From the Cold.

A million pairs of shoes are needed by the destitute Jewish children of Eastern Europe to-day, according to reports received by the Canadian Jewish Relief Committee from relief workers abroad.

At least that many of the helpless and hungry Jewish youngsters of Eastern Europe are absolutely without footwear of any kind, their relief agents say. Thousands of others have rags sewn around their feet in lieu of shoes. Several carloads of shoes that formerly belonged to Allied soldiers in France were purchased there by the Joint Distribution Committee of Funds for Jewish Sufferers from the War, for the Jewish women of Eastern Europe. But it was impossible to buy the shoes in sizes that could be worn by the children, and all others sold in Europe are at a prohibitive price. So a million youngsters are barefoot during the hard winter of Eastern Europe.

There is a great lack of every conceivable kind of clothing, as well as shoes. In Serbia, a common child's costume just now consists of two sacks, with holes cut through for the head and feet. In Poland, flour sacks and sugar sacks sent with supplies to the destitute Jews by Jewish relief agencies are all being made over into clothing, and even small salt sacks are pieced together, and used for this purpose.

The Toronto Presbytery nominated Rev. Dr. J. Ballantyne for the chair of the General Assembly,

Women of Canada Who Testify

Tillamook, Ont.—"Ever since I can remember, Dr. Pierce's medicines were used in our family at home and they never failed to give good results. The Golden Medical Discovery, was used as a tonic and blood purifier and for bronchial trouble, and it proved excellent. I have personally taken 'Golden Medical Discovery' for bronchial trouble, and the 'Favorite Prescription' to build me up when I was run-down and they both were very beneficial. Mother always used Dr. Pierce's Compound Extract of Sarsaparil for pain; it also was very good. I feel safe in recommending all of Dr. Pierce's medicines knowing them to be good."—MRS. CLIFF FORD MITCHELL.

Central Butte, Sask.—"I have used Dr. Pierce's Medical Discovery for a number of years and am pleased to recommend it as a blood purifier. I know it has no equal, as I used it for my boy for tuberculosis of the knee joint. My neighbors and friends were surprised with the results; in fact, do not think he would be alive today had it not been for the 'Medical Discovery.' I also keep it on hand for coughs as it differs so from other cough medicines, instead of upsetting the stomach as most cough syrups do it is good for the stomach. I only wish I had known about Dr. Pierce's medicines sooner."—MRS. PERCY WOOD.

When you take Golden Medical Discovery, you are getting the benefit of the experience of a doctor whose reputation goes all around the world. Still more, you get a temperate medicine that contains not a drop of alcohol or narcotic of any kind. Long ago Dr. Pierce combined certain valuable vegetable ingredients—without the use of alcohol—so that his remedies always have been strictly temperance medicines.

A movement is on in London to increase freight rates on ocean shipping from Britain at least 50 per cent.

Britain will not sell West Indies to the United States, Premier Lloyd George stated in the British Commons yesterday.

WOOD'S PHOSPHODINE. Jones and invigorates the whole nervous system, makes new blood in the veins. Sold by all druggists, or mailed in plain pkg. on receipt of price. New pamphlet mailed free. THE WOOD MEDICINE CO., TORONTO, ONT.

The Telephone Situation

The Man Who Knows

"The real underlying cause of unrest and discontent, which is in turn the cause of present social and business conditions, is ignorance of the other fellow's problems, lack of appreciation of his difficulties."—N. S. Kingsbury.

We have found that the more our subscribers and the public know about our business the more smoothly it runs—the better the service.

In other words, when people understand something of how complex and infinitely detailed a modern telephone system is—especially in a big city—the more readily they co-operate with us in our efforts for good service.

We have found that the most satisfactory subscriber to deal with is the man who has been through a telephone exchange and has seen it in operation. His criticism is always considerate, always fair and helpful, just because he knows what an intricate, comprehensive and yet delicate thing a modern telephone system is.

That is why we invite subscribers to visit our exchanges and why, from time to time, we endeavor to tell in the newspapers just what the telephone situation is.

The Bell Telephone Company of Canada

WE ARE Ford Dealers in this district and have formed an estimate of the number of cars we will require to meet the needs of this territory. We cannot get enough cars to fill that estimate because there are not enough cars being made to fill all dealers' estimates throughout Canada.

The number of cars we can get depends upon the number of orders we send in and the early date at which we send them in, as the Ford Shipping Department follows the principle, "First Come, First Served."

Cars ordered now will not be delivered until March, and deliveries will be uncertain throughout the year. If you do not want to wait for summer or autumn delivery, come in and reserve your car by signing an order today.

They're Awfully Good!

YOU cannot force children to eat what they do not like, but try them on something they do like and note the results.

Tempt them with McCormick's Jersey Cream Sodas, and the universal comment is that "they're awfully good."

McCormick's Jersey Cream Sodas are specially good for children. Nothing but the purest ingredients are used. They are baked to perfection for easy digestion.

McCormick's Jersey Cream Sodas

Sold fresh everywhere. In sealed packages.
Factory at LONDON, Canada. Branches at Montreal, Ottawa, Hamilton, Kingston, Winnipeg, Calgary, Port Arthur, St. John, N.B.

HER DAUGHTER WAS SAVED FROM OPERATION

Mrs. Wells of Petersburg Tells How.

Petersburg, Va.—"For two years my daughter suffered from a weakness and pains in her right side; at times she was so bad she could not do any work. For two years she was attended by the best physicians here, and both agreed that she would have to be operated on. I suggested Lydia E. Pinkham's Vegetable Compound, and at first she refused to take it, but finally consented. From the very beginning it helped her, and now she is entirely well, and telling everybody how much good it has done her."—Mrs. W. D. Wells, 226 North Adams Street, Petersburg, Va.

If every girl who suffers as Miss Wells did, or from irregularities, painful periods, backache, sideache, dragging down pains, inflammation or ulceration would only give this famous root and herb remedy a trial they would soon find relief from such suffering.

For special advice women are asked to write the Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of forty years' experience is at your service.

Growth Shows Desire To Extend Army Work

Commissioner W. J. Richards, chief of the Salvation Army in Eastern Canada, has completed his fifth year in that capacity. During that time the Army has seen one of its greatest periods of usefulness. This period takes in the "war years." The great war had been under way since August and new problems presented themselves to the organization when he

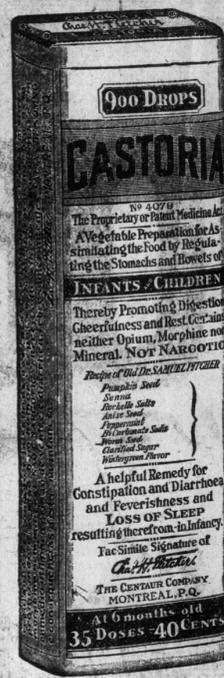

assumed command. These problems required a large measure of initiative to overcome. The task of rendering the highest and most efficient service was shouldered and Canada paid tribute to the success which attended those efforts by over subscribing the amount asked for during the Red Shield Drive.

Commissioner Richards is a forceful man. He is a man of few words. He believes in doing things. During the five years, more than 11,000 persons are recorded as having sought salvation. Notwithstanding the losses due to war, there are today nearly 2,000 more names on the Membership Roll than there were in this territory five years ago.

In July, 1915, Canada East was separated from Canada West, the dividing line being Port Arthur. Even in view of this, there are now only forty-one fewer officers in active service in the Eastern territory alone than there were in the combined territories five years ago.

In the Field Report two very striking indications of financial growth are given. In 1914, the Self-Denial total for the combined territories was \$43,726. In 1919, for Canada East alone, it was \$75,591. Harvest Festival returns have been doubled.

Shows Solid Growth. In all the various departments the same rate of growth has been recorded. This shows that as often as humanly possible every opportunity has been seized for the advancement of every branch of the organization. Inasmuch as every act of service means the welfare of somebody, the position which the Salvation Army occupies today indicates tremendous increase service to the community.

The Right Time to Invest is Now. The Right Place to Invest Your Money is in Great State Petroleum Co., Of Texas, Incorporated

Copy of the Statutory Prospectus

NOW PAYING 2% DIVIDEND MONTHLY

Of Great State Petroleum Company of Texas (Inc.) filed with the Provincial Secretary of Ontario, Canada, and dated 30th September, 1919.

The Company is incorporated under the laws of the State of Delaware, with an authorized capital of \$15,000,000, the par value of shares being \$10.00, all common stock. Its head office is at Room 205, 320 Fifth Avenue, New York City.

The original incorporators, each of whom subscribed for five shares for the purpose of incorporation, are: Isadore M. Katz, attorney, and Richard L. Cunningham, stenographer, both of No. 32 Liberty street; Walter H. Marshall, clerk, 111 Broadway; Martin A. Purnell, salesman, 43 W. 33rd street, all of New York City; Percival K. Frowert, President of Percival K. Frowert Company, Inc., New York City; Albert C. Rick, oil operator, Dallas, Texas; Martin A. Purnell, salesman, 48 W. 33rd street, New York City. Further directors up to fifteen, the number fixed in the by-laws are to be appointed.

By contract dated Sept. 26, 1919, between them and the Company, Albert E. Shahan and Harry A. Hurt, dealers in oil properties, Dallas, Texas, acting for themselves, and Albert C. Rick and W. F. Sims, oil land dealer, Hillsboro, Texas, sold to the Company ten groups of oil and gas leases in Texas, consisting of 11,277.38 acres, for \$645,360.00 par value of stock (\$4.336 shares); by another contract dated September 26, 1919, between the same parties and the Company, they have sold to it twenty four other oil and gas leases, covering in all 69,380 acres, all in Texas, except 200 acres in Oklahoma, and a 3-13ths interest in the production of other producing oil wells, at prices fixed for each property and totalling \$3,808,362.00. This property is to be paid for by the Company in stock of the Company at par value, the Company having the right to investigate titles and to refuse to complete purchase of any property, the price of which is not approved by appraisers, one of which is to be selected by the Company and one by the vendors, and they to select a third in the event of disagreement, and the Company having the right to take any one of the individual properties at the stipulated price in shares of the Company at par. The vendors agreeing to furnish an abstract of title to the respective pieces of property within ample time for the Company to have same examined in order that the Company may proceed with the apportionment heretofore referred to; all apportionments made are to be made to the Company in writing, without unnecessary delay.

Another contract dated September 26, 1919, has been made between the same parties, giving Hurt and Shahan an option on all of the stock of the company, except 300,000 shares, which is reserved by the company for the purpose of acquiring more oil leases or personal property, and except 64,336 shares and 330,336 shares above referred to, which has been set aside for exchange for properties on the terms therein set out, a copy of which is filed with this prospectus and which may be inspected at the office of the Provincial Secretary of Ontario, where also the other contracts may be inspected. Copies of all of the above contracts may also be inspected during any business day at the office of the Company. The law of Delaware, not calling for any minimum allotment, the contracts are now binding. Shares are not sold subject to call, but fully paid and non-assessable, and certificates will only be issued upon payment being made in full, but there is power to sell on 30 per cent. being paid in cash and the balance in thirty, sixty and ninety days, with interest at 6 per cent. per annum from date of contract, and subject to forfeiture for failure to pay any balance.

The by-laws provide that any shareholder is qualified to be a Director, and do not allow Directors to receive salary for being Directors, but the officials, President, Vice President, General Manager, Secretary and Treasurer, will be entitled to salaries as such.

The preliminary expenses are estimated at under \$5,000.00, the expenses of procuring the properties being borne by the vendors, and the Company paying no part of any expense of Hurt and Shahan in selling the stock optioned to them.

Dated 30th September, 1919.

ALBERT C. RICK,
PERCIVAL K. FROWERT,
MARTIN A. PURNELL,
WALTER H. MARSHALL,

Being all of the Directors of Great State Petroleum Company of Texas (Inc.)

This young Company is a consolidation of the independent oil companies of Texas and Oklahoma. The people affected by this consolidation have all received shares at par in payment of their holdings, and therefore only receive returns as dividends are paid.

We believe that investments in the **THE GREAT STATE PETROLEUM COMPANY OF TEXAS, Inc.**, will be a source of pleasure to the investors, for the reason that the Company is to-day beyond a mere speculation, as it is a decided success. The shares of all well managed oil companies are considered the most profitable class of investment in the world to-day. Successful oil companies require three things, viz: Capable and successful business men to manage and direct its affairs. Experienced and successful oil men to manage and develop its properties. Properties in Proven Oil District. The Company already has the first three, and we are rapidly adding a fourth requirement, which is very essential to successful oil companies, and this is further capital.

The property owned by this Company is so advantageously located that it is our opinion that the Company will result into one of the leading oil companies of to-day. Considering the fact that the management is unexcelled, we know of no reason why the Company's success should not be extraordinarily rapid. The Company earns at the rate of \$800,000.00 per month, or a total of more than 50 per cent. on the entire capitalization, of which less than one-third is outstanding.

Around April of this year stock of this Company will be selling on the New York market for a great deal above par and we would not be surprised if it were selling for at least \$50.00 per share, as the dividends and earnings the company has and will have by then will justify such a value.

Since issuing the prospectus, the Company has increased the production from its oil lands to 10,000 barrels per day, and an added acreage which now makes the entire acreage leased or controlled by this company 95,000 acres. Additional assets added consist of a 5,000 barrel refinery, 200 tank cars and a 45 mile pipe line running from the Burkburnett Field in Wichita County, Texas, to the refinery at Lawton, Okla., together with all pumping stations, loading racks, switching tracks, etc. The line alone is earning the Company \$2,500.00 per day.

Dividends at the rate of 2 per cent, monthly have been declared and paid. Next dividend March 1st.

We would suggest that you make the fullest investigation of this Company and the Board of Directors, and it will be our pleasure to give you any further particulars you may desire. We confidently assure you from the success that has attended this Company in the past, purchasers of this stock, in my opinion, will receive very large returns within the next twelve months.

PRICE UPON APPLICATION

GREAT STATE PETROLEUM CO. Of Texas, Inc.

The Managing Director of this Company, Mr. A. C. PARKER, is also interested in these big successful concerns:

President Park Oil and Refining Co.; Director Sunshine State Refining Co.; Director American National Bank, Wichita Falls; Director Wichita State Bank, Wichita Falls, and there are twelve other big financial and business men behind Great State Petroleum Co., of Texas, Inc.

SPRING CALF FEEDING

How to Feed and Handle the
Young Arrival.

The Dam's Milk the Best First Food
—Skim milk Should Gradually
Replace Whole Milk—Grass or
Stable for Calves?
(Contributed by Ontario Department of
Agriculture, Toronto.)

THE calf that comes in the
spring, comes just at a time
when everybody is so busy
getting the spring work
done that he is very liable to be neg-
lected to a certain extent. Young
calves are very susceptible to disease
con- on to young cattle and a little
lack of attention to spring calves is
liable to cause serious trouble to
them.

There are two menaces to calves
in spring and summer, and these are
extreme heat and flies, and one is on
a par with the other. Arrangements
be made whereby the calves are
kept in during the day and al-
lowed to run out in a paddock at
night. By this means they are
afforded a liberal amount of exercise
and good pure fresh air, and also
they are allowed to get some of the
nice juicy green grass, which is the
nearest thing to a complete and bal-
anced ration that can be found out-
side of milk.

When the calf is dropped it may
be well to leave it with the dam for
a few hours in order that it may get
the first milk (or colostrum) which
is so necessary on account of its ac-
tions on the digestive tract. When
the calf has received sufficient colos-
trum to set up the necessary action
it should be removed from its mother
into a separate stall, or it may be put
into a stall with other calves of the
same age or nearly so. If, by any
chance, the cow's udder is inflamed,
the calf may be left for a few days,
because of the beneficial effect that
the calf's nursing has upon it.

For a few days the calf should be
fed whole milk, but when it is two
to four weeks old a change should be
made, skim milk gradually replacing
the whole milk. From eight to ten
days taken for the change. When
the whole milk is totally replaced the
milk may be increased to eighteen
or twenty pounds per day for a calf
six weeks old. The best kind of
skim milk for calves is warm, just
when it leaves the farm separator.
However, everybody may not have a
separator, and in this is not possi-
ble. In any event the system start-
ed with the calf should be followed
as nearly as possible at all times,
because radical changes in diet are
sure to cause severe digestive trou-
bles. Pails and all feeding utensils
should be kept very clean to elimi-
nate any danger of disease from
bacteria that might be lurking with-
in. Skim milk feeding may be contin-
ued on as long as it is thought ad-
visable, up to eight or ten months
old. Good "barley" calves may be
sweaned as early as three months old,
providing good substitutes for the
milk are used.

The most frequent trouble in rais-
ing calves is indigestion or common
scours. This is usually caused
by overfeeding, feeding milk too
cold, feeding milk heavily laden with
the disease germs, or by keeping the
calf in a dark, dirty, poorly ven-
tilated quarter. The calf should be
watched carefully, and if they show
signs of scours immediate steps
should be taken to effect a cure. The
ration should be reduced and a little
lime water put into the milk. If
immediate action is needed, about
one-half cupful of strong black tea
or some castor oil should be given.
As for food for the calves, rolled
oats are good, and if they are getting
no whole milk a little linseed oil
cake should be added. The oil cake
has a laxative property as well as
supplying a little fat to the ration.
A good meal for calves: 100 lbs. of
ground oats, 50 lbs. bran and oil
cake (nutted) 25 lbs. Good clover
hay is essential at all times, giving
enough to allow the calves to pick
out the nice succulent parts, and still
not be wasteful.—J. C. McBeath,
O. A. College, Guelph.

**Should Calves Go Out to Grass or
Remain in the Stable?**
Generally speaking, calves are bet-
ter kept in the stable during the
first summer, except where stable
conditions are not good, and where
there is not enough labor to look af-
ter them and keep them dry and
clean. The only other exception is
in the case of calves dropped in the
early winter which have had
three to six months of milk and more
or less dry feed. Such calves may
be all right, if turned out to grass
as soon as the pasture is good and
the weather warm and pleasant. Par-
ticularly in this case where milk
and other feed is scarce on the farm.
The chief advantages of keeping
calves in the stable, the first summer
are:

1. They can be fed milk and other
feed as required, which is often neg-
lected when calves run with the cows,
or are pasturing some distance from
the barn.
2. Calves in a clean, well-ventilat-
ed stable are protected from the hot
sun, storms and flies, which often
prevent that good growth which is
essential for a well-nourished thrifty
calf.
3. If allowed to run with the herd,
the older animals are likely to
"boss" the calves and may injure
them, or deprive them of their proper
share of feed.
4. Cases of sickness, such as indig-
estion or "scours" are more likely
to be noticed, and properly treated,
if the calves are inside where they
are seen frequently.
5. As a result of this better care
and feed, better cows are more likely
to be reared, which means larger
returns to the owners of cows.—Prof.
J. H. Dean, O. A. College, Guelph.

John Allan was fined \$2 in police
court this morning for allowing his
dog to run at large.

under the management of the Trans-Canada Theatres Limited of Montreal.

DOCTOR WARD, The Specialist

**SPECIALIST IN THE TREATMENT OF NERVOUS CONDITIONS, NERVE EXHAUSTION,
BACKACHE, LUMBAGO, RHEUMATISM, STOMACH AND LIVER TROUBLES, ACNE, SKIN DIS-
EASES, CATARRH, ASTHMA, RECTAL TROUBLES, PILES, FISTULA AND BLOOD CONDITIONS.**
The knowledge gained from many years' experience in treating diseases just like yours is of much benefit
to you and assures the ailing man of prompt relief. When a man knows that he is again feeling well—that
he is rid of his ailment—he feels that a heavy load has been lifted from his shoulders. I give every patient
the benefit of the knowledge acquired through the long experience of a graduated, licensed and registered
specialist, in order to bring about the most satisfactory results in the shortest possible time.

NERVE EXHAUSTION
A CONDITION AFFECTING MANY MEN—THE GREAT AM-
ERICAN DISEASE—IT IS BROUGHT ON BY OUR MAN-
NER OF LIVING—OUR WORRY AND HURRY—AMERICANS
EXHAUST MORE NERVOUS ENERGY THAN ANY
OTHER RACE OF PEOPLE.

There are a great many men who need treatment for their
nervous system. These men do not know what is the reason they
don't feel right—why they can't work like they used to—why they
tire so easily and why they are irritable, nervous, despondent,
weak, pale and lack ambition. These conditions require the ex-
pert knowledge and treatment of a specialist who has had many
years' experience in just such ailments. A specialist learns by
experience to know just the right treatment at the right time so
that the patient can be dismissed at the earliest possible time. Men
affected with nervous exhaustion have no endurance—no ambition
—everything they attempt is an effort. Life to them appears as a
long, gloomy future. Their appetite is poor and variable—they be-
come irritable, cross and discouraged. They have pains and aches
in various parts of the body and there is often indigestion and
pains in the stomach. Sleepless, wakeful and restless nights fol-
low.

RHEUMATIC AILMENTS
**SCIATICA AND OTHER FORMS OF RHEUMATISM, LUMBAGO,
PAINS IN BACK, SWELLING, ACHING, PAINFUL
CONDITIONS IN ANY PART OF THE BODY—INFLAMED
AND SWOLLEN JOINTS OF LEGS AND ARMS—MANY
OTHER SYMPTOMS.**

Hundreds of men are suffering with some form of Rheumat-
ism. Many of these men go from day to day suffering untold agon-
ies thinking they cannot be cured. They have tried liniments, rub-
bing, massage, salts and other treatments without experiencing
any relief, and they are now going through life thinking they
are martyrs to that burden called Rheumatism. If these men could
only know how easy it is to get rid of many rheumatic conditions
I know they would not suffer another single day. Then all suf-
ferers of rheumatism would be strong and healthy if they could
get rid of the condition. Rheumatic patients are nearly all strong
and robust before being attacked by this ailment, and therefore
it is so hard for the man to understand why he should suffer the
agonies of such a condition. When a man gets rid of such a con-
dition he feels that a heavy burden has been lifted from his life, and
he starts right out to make up for lost time both in money and
pleasure. When a man comes to my office suffering with the
above condition he is given a most careful examination, and he is
given treatment that he feels is giving him great benefit.

Quick and Lasting Results Assured the Ailing Man
BLOOD YOUR WHOLE HEALTH OF BODY AND MIND DEPENDS ON YOUR BLOOD. Any
"building process" of the body and mind of the muscle and tissue formations, of any of the various vital
organs, can be accomplished only by working direct through the blood stream.

Those contemplating a Pacific Coast trip should get in touch with Canadian Pacific Ticket Agent or write W. B. Howard, District Passenger Agent, Toronto.

MOTHERS PRAY THAT BABIES MIGHT DIE

Suffering Among Jews is So Bad That Death Alone Gives Relief.

Mothers begging for death to relieve their children's suffering, was the most tragic thing seen by Leo Wolfson, New York attorney and journalist, in seven weeks spent in Roumania, Galicia, Bessarabia and Bukovina. Mr. Wolfson, who has just returned to New York, made the trip in order to study political conditions in these countries.

"There are one and one-half millions Jews in this section of Eastern Europe who are in immediate want," declared Mr. Wolfson. "In every town I visited, I saw starving, naked Jews stretching out their hands to passers-by for a piece of bread. They hardly look like human beings. All one sees are living skeletons covered with yellow skin. The children are small, worn-out, frightened, little creatures, who just drag themselves aimlessly around. How they will live through the winter, no one knows. No one can begin to describe this picture of misery and want. But one can get an idea of it, knowing that mothers are actually praying that death take their children, to relieve their terrible suffering."

THE GREAT ENGLISH-SPEAKING NATIONS

(Toronto Globe)

At the dinner given in London by the Lord Mayor on Washington's birthday, attended by 300 prominent Americans and Britons, Mr. Davis, the American Ambassador, said there was no reason why Britons and Americans everywhere should not "rededicate themselves to the ideals for which Washington stood," and he added:

"Of all mad, misguided men today, he is most mad and most misguided who would cast the apple of discord between the two English speaking nations."

Theodore Roosevelt declared that he was ready to make a treaty with Great Britain that would put war between the nations beyond the bounds of possibility, and would arbitrate all disputes. "Roosevelt," says the Indianapolis News, "never showed himself a better American than when he took that position."

COMMISSIONER HIGGINS HERE TO CONFERENCE ON SALVATION ARMY MATTERS

Com. W. J. Richards, head of the Salvation Army in Eastern Canada and Col. John McMillan, Chief Secretary are conferring with Commissioner Higgins, Chief of Staff and Second in Command of the Salvation Army for the work who arrived in Boston from London, England, recently. Com. Higgins came to America to discuss matters pertaining to Salvation Army affairs in Canada and the United States, with Commander Eva Booth, head of the Salvation Army in the United States and with the Canadian officials. He was for many years Chief Secretary of the United States and recently succeeded Com. Howard as Chief of Staff and Second in Command. Many matters having an important bearing upon the future policy of the Salvation Army, and its reconstruction work are to be taken up at this meeting and it is expected that on his return Com. Richards will have something to say in regard to the questions affecting the policies to be followed in Canada.

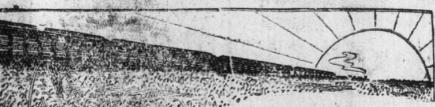

Cures a Cold Quick As Wink

As Easy As Rolling Off a Log to Stop a Cough or Cold With "Catarrhazone"

No more medicine for the stomach that isn't where your cold is lodged. Just breathe in the healing vapor of Catarrhazone—a soothing healing medication that acts instantly. Colds, sore throat and catarrh fairly flee before Catarrhazone. Every spot that is congested is healed, irritation is soothed away, phlegm and secretions are cleaned out, and all symptoms of cold and catarrh are cured. Nothing so quick, so sure so pleasant as Catarrhazone, so beware of dangerous substitutes meant to deceive you for genuine Catarrhazone. All dealers sell Catarrhazone, large size, which lasts two months, price \$1.00; small size, 50c. sample size, 25c.

naval policy will be one of local administration and control, based on the British Government, in the co-ordinating all building projects, training and personnel to a common end, if the Government accepts in its entirety the plan of Admiral Jellicoe, as tabled by Hon. C. C. Ballantyne in the House of Commons.

It is the Laurier policy extension to meet the modern situation, except as natural in an Imperial office report leans at important policies which would make the end of the British naval authority at all times paramount in importance.

In each such case however, he would be hurt by such measures as alternatives to follow.

Centralization of command of war would be combined with dispersing of authority to meet emergencies. Briefly stated, Lord Jellicoe recommends the establishment of a Canadian Navy Board, consisting, first, a naval member, who would

Ontario Has Ha On Its

T

So severe has been the winter in Ontario, that had not the part of the northwest froze over, part of the country would be out any fresh fish at the present time, according to a local dealer. Usually it is the cut for the fishermen to get in batches of herring and white and put them in cold storage for the fall. This supply then the province for the entire winter until the fishing season is again. Most of the herring come from Lake Erie, but so quickly unexpectedly did the winter in that very little fish was stored

Premier Dr Will Ende The C

TORONTO, MARCH 11—

hundred delegates from the prohibition convention descended on Hon. Mr. Drury and his minister at Queen's Park to make a presentation in force. The deputations a memorial but the visit parliament buildings was more nature of a declaration of support the requests already made to the government by the executive of the endium committee and the alliance for restrictive legislation.

The memorial expressed the faction of temperance forces who declared sympathy of the government toward the cause of temperance legislation as will further
