SOLIGNUM.

A Remarkable Test! Locally made by Messrs. W. & G. RENDELL. To test Solignum as a preservative for Wood against the attacks of Worms, we tried a piece of 2 x 4 Spruce, about two feet in length, by painting one-third with Solignum, leaving the balance clear wood, this was suspended by a wire through the centre, in the water about one foot from the bottom, immediately over a pile of stones the remains of a sunken wharf (which is the place where our Wharf Shores are eaten off first) for Three Months. On taking it up at the end of that time we found some half-dozen small holes only a very short distance in the clear part of the wood, which shows the liquid had penetrated through the whole piece and the worms had hardly begun boring before coming in contact with it.

Last year, as a test of some brands of Copper Paint we had a similar piece of wood treated at both ends, leaving the centre third clear; this was in exactly the same place as the piece for the Solignum test for Three Months and Three Days, when taken up the painted ends were perfect but the centre was riddled with worm holes.

Both these pieces of wood are to be seen at our Office by those interested in the preservation of Wood Piles or any other wood work. W. & G. RENDELL.

GILLETT'S PERFUMED TOILET SOAP

MADE IN CANADA

The Evening Chit-Chat

By RUTH CAMERON

I love little children and it is no small thing when they are fresh from God love us—Dickens.

Almost everybody in the car was smiling at the Little Boy.

That a sweet smile of friendliness and pleasure touched his little heart.

You see, he was such an enthusiastic, happy, off-for-a-lark little boy.

Now it was "Oh muvver, see the man right on top of the horse," and again, "Muvver, see the little bit of a tiny white dog, quick, muvver," and again, "Oh, muvver, look at the man with the hat just like papa's."

The car to him was a triumphal chariot. The street he saw through the all transforming viewpoint of the car windows, a land enchanted, and the shopping tour on which Little Boy and "muvver" were apparently bound, a wonderful pilgrimage fraught with infinite possibilities of delight.

What wonder, then, that everybody in the car smiled at the Little Boy and inwardly thanked him for reminding them of the time when they were Little Boys—or Little Boys' little sisters—and could see magic landscapes out of street car windows and magic possibilities in shopping tours?

But there, I didn't mean to say everybody. That's just the point of my tale.

You'll note that in the first line I said "almost everybody."

And that's just what I meant. The person who is responsible for the "almost" intruding on that sentence sat next to Little Boy.

She had on a blue broadcloth suit and she was so afraid the Little Boy really meant a gracious and courteous person of the feminine persuasion.

Not that he did offend that way—no, not once—although he was kneeling on the car seat in that highly convenient observation attitude that we all used to take in the very long ago.

But of course there was a bare chance that he might.

And so the lady sat and glared. That's the kind of lady I should hate to have to live in the same house with.

Don't you mistrust anybody that looks cross at children? I do.

In one of Mrs. Gillmore's Phoebe stories she makes Phoebe's mother say of the man who is paying court to her daughter, that she mistrusts him because "she had seen for a long time that he hated children, although he did his best to conceal it."

I certainly sympathize with that mother. I'd feel just the way she did if Phoebe were my daughter. Or if I had a son and I observed the same thing of the girl that he brought home to show me.

The girl who makes a fuss over every baby or little child on the street cars, is a bore. One always suspects her of being affected.

But I am inclined to think that the other extreme is much worse.

Depend upon it, the person who can glare at a child or look cross at a little baby on the street car, is a person to most sedulously avoid.

Avondale Notes.

And Fishery Matters in General.

Almost every day since the present month opened we are witnessing the departure from here and neighbouring places, of large crowds of men to the different fields of employment, some are gone to engage in the line of work on the continent that has been their calling for years past, and from which by constant application till the Xmas season comes round, it is claimed, considerably more than the average aggregate of wages for the same time in Newfoundland is derived. Others have assumed duty for the ensuing summer season at the usual labouring centres of Bell Island, Grand Falls, and other places, but only a small percentage, I think, of the workmen from this District have initiated themselves for a season's job at those centres. By far the largest contingent has embarked on their way to the field of the Branch Railway operations. These new sources of employment, opening so early in the season, and with the inducement of a dollar and a half per day, have attracted the attention of all remaining, when we deduct the numbers above referred to. This brings one to the all-important cod-fish question. This industry has from time to time immortalized the central prop that supported the gross weight of our country's con-

purpose, therefore, much attention is centered in the small fields under cultivation, and the repair of boundary lines, and planting of the seed crops have occupied most during the past week or more.

A visit from the stork to Mr. and Mrs. Maurice Kennedy has made this happy couple the recipients of the latest male edition of humanity in Avondale Congratulations.

Whether or not the game of arresting is regarded with aversion by the police I know not, I should say it is, when the would-be and captive endeavor, ours, might and main, to resist the guardian's efforts. But, when the one to be taken in custody falls readily in line with the captor's wishes, and entirely concurs in his proposals, I see no reason why arresting of this kind should be regarded by the police with abhorrence. It may so happen that cases of this kind occur very seldom; but one guardian of the peace in a large mining centre has recently had experience in a case of this kind, and the captive is an accomplished young lady of Avondale prominent in telegraphy. The mutual pleading and affirmative response: "Will you, 'I will," are sealed, and the deed will be solemnized when the fragrance of June's sweet roses perfumes the ambient air. Congratulations thrice.

High Mass and Office of Requiem was beautifully chanted to-day for the repose of the soul of Thomas Molloy, an old and respected resident that passed to his eternal reward on Friday morning. Rev. Monsignor Veitch was the celebrant, and Rev. Frs. Finn, from Whitbourn, and Donnelly, from Holyrood, acted as Deacon and Sub-Deacon, respectively. Father Sheehan, the Pastor of the Parish, though somewhat indisposed from the effects of a severe cold, was able to take his place during the ceremony.

WORKING ON THE C. N. O. RAILWAY

MR. BERT GOSTICK ALMOST BECOMES A CRIPPLE.

But his trouble was caused by the kidneys, and he found quick relief and a complete cure in Dodd's Kidney Pills.

Barnsdale, Lake Joseph, Ont., May 17. "Thanks to Dodd's Kidney Pills I am in perfect health again." So says Mr. Bert Gostick, a well known resident of this place. "Before I left the old country," he states, "my breath was bad and my urine was milky. When I came to this country I worked on the C. N. O. Railway, and while there I was taken with pains in my back and kidneys. I went to a doctor but he did me no good.

"I got so bad that when I came home from work I could not stand up straight and my limbs seemed twice their usual size.

"Reading of Dodd's Kidney Pills I decided to try them, and after taking five boxes I find myself perfectly cured of all my troubles."

Notice was gradually but surely given that Mr. Gostick was getting better. The urticarial pains in the back, then swollen limbs! But the cure was swift and certain when he used Dodd's Kidney Pills.

Harbor Grace Notes.

A man who was undergoing a term in gaol here was attacked with a serious hemorrhage a few days ago, and on the advice of the doctor, the authorities permitted him to be taken to his home.

Mr. LeDrew who has the contract for the erection of the new Public Building, on Water Street, is pushing the work ahead rapidly.

I am glad to be able to report that several gentlemen are now engaged visiting our citizens soliciting contributions to rebuild the house of the Misses Fitzgerald.

The Agricultural Society held their regular monthly meeting on Monday night. This Society is doing a noble work in our midst, and they rank which are steadily increasing, should embrace every man who has the interest of the town at heart.

Many of the old fishermen who are past their labor, and who have been told by the Road Boards and contractors that they are not now able to earn a day's pay, have had their hopes raised up for some time by the much talked of Old Age Pension scheme, but they are now beginning to get discouraged and are looking on the waters of the harbour, but now conspicuous by their absence. We see thousands of dollars worth of fishing property lying idle, and we see the captains of these schooners and the crews engaged in this property, and the want of help at their life's vocation, and the life-long vocation of their fathers before them, to tarry along and await the branch railways, too. Truly it may be said "The old order changeth yielding place to new."

Though not a farming country to any large extent, sufficient is done each year in the way of raising vegetables as to considerably augment the provision for the winter months made with the summer's wages. To this

Be Warned by Headache

It tells of Serious Derangements of the Liver and Kidneys—Try Dr. Chase's Kidney-Liver Pills.

You can stop a headache with powerful drugs. But it is not generally wise to do so.

A headache almost always warns you of derangements of the digestive system, the liver, kidneys or bowels.

Awaken the liver to healthful action by the use of Dr. Chase's Kidney-Liver Pills, and you not only free yourself of headache, but remove the cause which will soon lead to more dangerous results than headache.

Pains are the result of poison in the system and whenever you have headache, backache or aching limbs, you can be almost sure of relief and cure by the use of Dr. Chase's Kidney-Liver Pills.

They are wonderfully prompt, as well as definite, and thorough in action. You can depend upon them, no matter how long-standing or complicated your case. One pill a dose, 25 cents a box; all dealers or Edmundson, Bates & Co., Toronto.

A NEW VENTURE.—This spring we learn, the firm of Job Bros. & Co. collected the scraps and offal of the seals handled at their south side premises and shipped 40 tons of it to their whale-factory at Aquaforte. Here it was processed and converted into a fertilizer of the very best kind. This was done in the nature of an experiment, and as it has proved to be satisfactory it is likely the business will be prosecuted largely next spring and all the seal offal brought into port will be converted into fertilizer.

HERE'S a HOME DYE That ANYONE Can Use.

Salvation Army Notes.

Meetings of a special nature have been announced to take place in the Salvation Army Citadel on Gower St., commencing to-night, May 18th, with a very unique service, entitled "Living Shadows" and finishing on Tuesday, May 23rd, with a big band concert.

On Friday evening Lieut.-Col. Rees gave the services of prayer, to which all Christian people are especially invited; while on Sunday the services will be led by Adl. and Mrs. Habkirk. These services are being conducted as a closing effort in connection with the Army's great Self-Denial Week.

RELEASED FROM HOSPITAL.—Two children named Stone, of Cabot Street, who were suffering from diphtheria, were released from Hospital yesterday. They are now perfectly well.

FIRST SUNDAY TRAIN.—The first Sunday excursion train to run this season will leave the railway station at 2.30 p.m. on Sunday week, the 28th inst. These excursions are growing in popularity with the masses as the years go by.

An average of 10 bottles of Stafford's Liniment has been sold daily the past 3 months at Stafford's Drug Store, 14 Wickford St., at only 14c. a bot. Post 5c. extra.—may 16.4t.

Dr. de Van's Female Pills

A reliable French regulator; never fails. These pills are exceedingly powerful in regulating the menstrual system. They are sold in all sizes. Dr. de Van's are sold at 25c a box, or three for \$10. Mailed to any address. The Small Drug Co., St. Catharines, Ont.

HAD BEAVER SKINS.—The police seized a beaver skin from a resident of the West End yesterday, who put on the plea that the skin was brought to him by his dog. He also said that he did not believe that having the skin in his possession was a violation of the Game Laws. The police will have him prosecuted.

WRECK OF SCHEER MINERVA.—Capt. Reid, of H.M.S. Delight, who arrived here yesterday, reports seeing a wreck schooner off Torbay Head. It is believed that the wreck is that of the Minerva, Green's schooner, which was capsized there last Monday. Those interested are sending out the D. P. Ingraham for another search.

MASON & HAMLIN ORGANS.—We have been Agents for this famous Organ during the past thirty years. Stocks on hand. Reduced during our great alteration sale. CHESLEY WOODS.—may 16.4t.

ST. ELMO ON THE ROCKS.—The Telegram reported yesterday that the scho. St. Elmo was ashore down north. She is on the rocks at Pilley's Island and is likely to become a total wreck. The St. Elmo left Bishop & Sons wharf last Saturday with a cargo of general supplies for Strong and Macell, Pilley's Island. Several schooners were standing by her yesterday taking out the cargo.

The Tonk Plank is a great favorite with all. It retains its clear bright tone without producing the jingle of the cheaply made piano. We put this characteristic against any other make in the world and offer this instrument in our great clearance and change of business sale at greatly reduced prices. CHESLEY WOODS, Sole Agent for Nfld.—may 16.4t.

THE POLICE INDIGNANT.—With in the past few days one of our contemporaries has been printing sensational yarns relating to thefts, robberies and other "penny dreadful" occurrences, which have no foundation whatever. The police have investigated these mendacious stories, have found them to be false and are indignant at their publication.

THE TAILORS' DEMANDS.—The Tailors' Union with the master tailors met last night in the band room at the T. A. Hall to discuss the question of a raise of wages for the journeyman tailors. The meeting convened at 9 last night and did not adjourn until 1 a.m. to-day. The men asked for a raise of 10 per cent. and received it, though there was much difference of opinion over the matter. The Unionists want to incorporate the tailors in their Union but the employers will not accede to this.

CHILD FALLS OVERBOARD.—Yesterday evening a little four year old boy named Stansbury went down on the Jetty at the King's Wharf and while playing there tripped and fell overboard. He might have been drowned but that two little companions told one of the Customs boat men that the boy was in the water. The men quickly rescued him and took him to the boat house. He was chilled by the cold water. If the man was not so quick the lad might have drowned.

TAKEN SUDDEENLY ILL.—Mr. Daniel Clatney, Sacristan of the R. C. Cathedral, was taken suddenly ill there last evening and fell in the ambulatory. Rev. Monsignor Roche and Father Sheehan hurried to his assistance and with the help of workmen, who were there making repairs to the church, brought him into the Sacristy where restoratives were applied and he rallied somewhat. A carriage was sent for and Mr. Clatney was taken to his home on Pilot's Hill, where he is doing well.

TO PROCURE CARCASSES.—People interested in the whale factories on the Southern Shore say that it is possible that next spring a well-known and prominent firm interested in whaling matters will enter into purchase or hire a steamer which will be sent to the seal fishery to follow up the bow and secure the carcasses of old and young seals. These, when a load of them is secured, will be brought to the factory at Aquaforte and turned into fertilizer. The same will be done with the scraps and offal of pets landed in St. John's.

New Encyclopaedia.

THE 1911 NELSON ENCYCLOPAEDIA is based on the Harcourt's Encyclopaedia and the Nelson "Loose-Leaf." The amount of reading matter has been slightly increased. The best has been retained from both the older books, hundreds of new articles have been written and everything has been revised and brought up to date. It will be issued in twenty-five tightly-binding volumes in the handy size and neat cloth bindings familiar to all purchasers of the Nelson Popular Libraries. The paper is of excellent quality. Illustrations and diagrams elucidate the text where necessary and numerous full-page pictures add to the interest and value of the work. The Encyclopaedia itself will occupy twenty-three volumes and an English Dictionary and an Atlas as vols. 24 and 25, making the whole set a complete Reference Library for the home.

C. L. March Co., Ltd., Alteration Building Sale

A Tremendous Sacrifice!—The Public Benefits.

\$100,000 Stock of Furniture, Dry Goods, Clothing, etc., etc.

A GREAT BARGAIN EVENT FOR THE PEOPLE!

UNHEARD OF LOW PRICES WILL PREVAIL!

Even if you live five hundred miles from St. John's, you cannot afford to miss this opportunity to save at least from 35 to 50 per cent. in buying an outfit for yourself and your home. Never before in the history of Furniture, Dry Goods and Household Goods buying were such low prices quoted. On account of extensive alterations on our big building we propose to make a clean sweep of our entire \$100,000 stock of Furniture, Dry Goods, Clothing, Boots, etc., clearing it all out completely in 30 days' time at low prices such as will amaze the public. During this entire 30 days' sale, which starts on this Saturday, May 20, at 9 a.m., all profits will be entirely swept away. The builders require that we clear our floors within 30 days so that they can get to work on building operations that we have already arranged. While we will distribute our entire \$100,000 stock into the homes of the people at practically net factory prices—on the other hand we expect through this stupendous sale to attract ten thousand new patrons to our store, and in appreciation of the grand values to be had during this sale we naturally expect the majority of buyers will eventually become permanent patrons of our establishment. This big Furniture and Dry Goods Sale presents an opportunity to those who are thrifty—people to whom the saving of a dollar is equivalent to a dollar earned. A word to the intelligent should be sufficient. You cannot afford to miss this stupendous sale. Read the prices carefully, realize the tremendous savings in buying your Furniture, Dry Goods and Household needs now. Replenish your wants at C. L. MARCH CO., LTD., BIG ALTERATION BUILDING SALE, which starts on this coming SATURDAY, MAY 20th, AT 9 A.M. BE HERE ON TIME AND YOU WILL PROFIT ACCORDINGLY.

On account of extensive alterations that we have arranged

for our big building, we find ourselves face to face with a problem out of the ordinary. The arrival of delayed heavy shipments of goods compelling us to clear our floors in a specified time for the builders we are forced to convert our \$100,000 stock of Clothing, Dry Goods, Furniture and Home Needs in a "quick sale," sacrificing our entire profits direct to the public—for a selling limit of 30 days' sale, beginning on SATURDAY, May 20th, at 9 a.m.

C. L. MARCH CO., Limited,
Big West End Store, Springdale & Water Sts

No One Can Afford to Miss It!

As this will be a **MONEY-SAVING** Sale on Furniture, Dry Goods, Clothing, Boots and House Furnishings, such as was never offered the people of Newfoundland.

Sale Starts on SATURDAY, May 20, at 9.00

Make your Arrangements to be here and benefit accordingly.

Our American Buying Agent, by large Quantity Buying, secured complete lines of American Dry Goods of all kinds at a mere fraction of their real values. The shipments of these goods should have reached us six weeks ago, but owing to transportation of service from the west being so long tied up the goods have just reached us now, and as we have decided building alterations to proceed in the next 30 days we find ourselves confronted with a situation that forces us to make a quick sale of the entire stock. To meet the emergency of building alteration requirement we are compelled to make a quick sale of the entire stock, and to accomplish this within the next 30 days we shall cut off all profits and sacrifice the goods direct to you at exact factory prices. It's to your big gain and you cannot afford to miss this wonderful selling event. So hurry; hurry in and get your share of the immense Bargains.

During C. L. MARCH CO., Limited, Alteration Sale all Profits will be swept away.

The Report of Methodist Schools.

The Report gives 217 as the total of Schools and departments and 217 teachers with 14,395 pupils enrolled. The increase for the year was 12 schools and 239 pupils. In two years there has been an increase of 25 schools and 954 pupils, and in 11 years, since 1900, the increase has been 122 schools and 4,792 pupils, or 62 per cent. respectively. In the same time, salaries of teachers have increased over 100 per cent., the amount paid last year being \$78,208.55. Fees amounted to \$15,572.20, an increase of \$294.85 for the year. Forty-seven teachers fell out of the ranks in 1910, of whom 8 have returned to College for further training and 39 to seek other employment. One hundred teachers obtained grades in the same year, 89 from the Board of Examiners and 11 diplomas for Associate in Arts from the Council of Higher Education.

This is what the Superintendent has to say of The Council of Higher Education. The work of the Council of Higher Education grows rapidly. In 1905 a total of 1,866 entered for the examination—35 for Associate in Arts, 297 for Intermediate, 682 for Preliminary and 871 for Primary. In 1910 a total of 3,736 entered—76 for Associate in Arts, 591 for Intermediate, 1,367 for Preliminary and 1,702 for Primary. Thus in five years the increase was over 100 per cent. As an indication of public appreciation of the work of the Council this growing interest and patronage should count for much. Of the 3,736 that entered in 1910, 3,294 sat—70 in Associate in Arts, 826 in Intermediate, 1,228 in Preliminary and 1,470 in Primary. The Passes numbered 2,073—39 in Associate in Arts, 409 in Intermediate, 797 in Preliminary and 828 in Primary. To accommodate these candidates 130 Centres were established, and 358 schools participated. For the current year there is a large increase over 1910 both in Centres and candidates.

The C. H. E. diploma is increasing in value from year to year. Until a recent date the only diploma from Newfoundland that was valued by universities was that of the London University. Of late years, however, the latter has become of little worth, as the diploma of the Council of Higher Education are accepted by the institutions of learning patronized by our students. The great Universities of Canada—McGill, University of Toronto, Queen's of Kingston, Ontario, Dalhousie of Halifax, N. S.; Mount Allison, Sackville, N. B.; King's College, Windsor, N. S., and Manitoba University, have agreed to place certain values upon the Intermediate and Associate in Arts diplomas, while the Joint Board of the Scottish Universities accepts the Associate diploma for Matriculation in Medicine. Students from a number of our Superior Schools, therefore, may now matriculate into university life without leaving home, and those who take Associate in our Colleges may be accepted as Sophomores in the Arts Course. Thus the work of the Council continues to increase in volume and usefulness.

Among the recommendations and suggestions of the Superintendent are: (1) A summer school for teachers for expert training in the art of teaching; (2) A general system of training to include all schools and all pupils beyond a certain standard; (3) Visitation of schools by the local M. D. say once a quarter; and (4) Hygiene as a class subject for all advanced pupils, while all pupils should be instructed in the principles of health.

SUSU AT HERMITAGE.—The S. S. Susu left Hermitage Cove at 4.30 a.m. to-day.

Fell From Scaffold and Badly Injured.

William Keefe, stone mason, son of Andrew Keefe, while working with ten other masons on St. Patrick's Church, fell from the scaffold this morning and was badly injured about the shoulder and head. He was on a scaffold close up to the eave on the western side of the church doing some pointing work when he stumbled and fell. Fortunately the sloping roof of the ambulatory was only ten feet below him. He fell on his shoulder and slid down the slope to another scaffold at the edge thereof, which stopped his fall and prevented him coming to the ground. He was assisted down the ladder by the foreman and was shortly after able to walk to the carriage on Patrick St., that had been called to take him to his boarding house at Mr. Henry Simms, where the doctor visited him. His arm is not broken but the scapular bone is fractured and will prevent him from going to work for several days.

Miss Lee Was Seriously Injured

Miss Lee, of Witless Bay, was in the express that was derailed at Cook's Brook last Monday. She was coming from Sydney and had the care of three small children, one only 7 months old. When the car turned over Miss Lee received a kick in the eye with a man's boot. The child was thrown out of her arms but was caught by one of the mail passengers. Miss Lee stayed with her relative, Miss Gathal, Water St., while in the city, and when she left for home this morning had recovered from the effects of her injuries, except that there was a black mark still over her eye.

THURSDAY, May 18, '11.
How to protect your furs from the ravages of moths is a pertinent question in Spring. Bell's Pure Fibre Moth Bags solves the problem perfectly. Absolutely moth-proof and dust-proof, light, clean and odorless, allowing you to hang up your clothes without folding or creasing, comparatively inexpensive, they answer all the requirements of the careful housekeeper. When you take the garments out to wear again it is not necessary to "air" them to remove any disagreeable odor, and they are ready at once. If you have any furs, or winter garments that you value, by all means secure one or more of these from us. Prices complete with strong string, 25, 40, 50, 60, 70 and 80c., according to size.

CHICKEN WITH TWO HEADS.—A chicken with two heads was hatched out at Mr. Duff's, Mundy Pond Rd., yesterday.

C. L. B. OFFICERS MEET.—The commander and officers of the C.L.B. met to-night to discuss an important matter in connection with the Brigade.

TOWED TO TESSIER'S.—The Nellie Louise was towed up to Tessier's this morning by the D. P. Ingraham to land her cargo of molasses for W. A. Munn.

RUNAWAY HORSE.—A horse took fright on Gower St. last evening and ran up New Gower St. at a wild pace running into George Street. The two shafts were broken and the express was left behind.

IS DANGEROUSLY ILL.—Mr. D. Clatney, Sacristan of the R. C. Cathedral, who was taken suddenly ill last evening is to-day in a precarious condition and fears for his recovery are entertained. Heart trouble is the cause of his condition and he is being attended by Dr. Fraser.

DIPHTHERIA AT WITLESS BAY.—Yesterday afternoon the Health Authorities were advised that two cases of diphtheria developed in the house of Mr. Lawrence Carow, Witless Bay. Two children are ill with it, Dr. Giovenetti is looking after them and the house is quarantined.

BANKERS DOING POORLY.—Burin vessels which arrived here yesterday report that bankers of that place are doing very poorly since taking up the voyage this year, this being mainly due to bad weather. The vessels to-date have only from 300 to 400 qts., whereas up to date last year they had treble this quantity.

THE EXODUS CONTINUES.—By the Florizel this afternoon a number of young men, mostly mechanics, who can't get remunerative employment here, will leave for Canada and the United States. Most of them are clever workmen and will do well abroad. Many others are intending to go away later and most of them will leave here by the middle of June.

Schooners in Danger.

Three schooners coming to St. John's from Musgrave Harbor were in danger of being driven ashore at Elliston (Bird Island Cove) yesterday. They ran in there for shelter the previous evening, and the storm increasing, the crews all left them, fearing the worst. The skipper of one of the schooners, William Guy, telegraphed here to Mr. J. B. Wheeler, J.P., last evening asking whether any assistance could be sent to save the schooners. The storm abated last night, however, and as the schooners' chains held out, the crews went on board, got up their anchors and sailed for St. John's.

Train Notes.

The west bound express arrived at Port aux Basques at 1.05 a.m. to-day. The incoming express left Clarendville at 8 a.m. and arrived at St. John's at 1.45 p.m. to-day.
The local train arrived from Carbonear at 12.30 p.m., bringing 50 passengers.
The local train at 8.45 this morning took out Rev. Fr. O'Reilly, Messrs. Pike, Hutchings, Gosse, Penny, Davis, Tapp, Barnes, Hearn, White, Lewis, O'Sourke, Woodford and 40 others.

Here and There.

LOADING ONE.—There are now three steamers at Bell Island loading ore.
TEMPERATURE.—Along the line to-day the temperature is 32 to 50 above.

MAY COMPROMISE.—Rumor has it in certain circles to-day that a Water Street business establishment is trying to tide over difficulties and it is thought it will succeed.

RAILWAY LABORERS.—About 40 laborers arrived from Conception Bay to-day and detained at Waterford Bridge where they will go to work on the Trepassy Branch Railway.

DIED AT KELLIGREWS.—Messrs. Bridget Lacey died at Kelligrews this week. Her father, Mr. Edward Nugent, has got a bad case of cancer and is not expected to recover.

DIED AT KELLIGREWS.—Mrs. A. Fenherne and R. Herman, of Selly Cove, T.B., caught several codfish there of large size for this early season. This is the first appearance of cod in the place.

GUARD RAILS WANTED.—Laborers who work on the city wharves complain that they are often sent to the roofs of high buildings to spread fish. When the wind blows with force there is great danger of the men being blown off as they approach the edge of such roofs, and to guard against such an occurrence guard rails should be put on stores and other buildings where men are employed.

THREATENED TO BEAT HER.—Because she laughed (while passing them) at a remark made by her two sisters who were coming down Water Street in her company yesterday, Mrs. Bart Evans, of Barter's Hill, was followed by two disreputable females and called the most insulting names, while they threatened to beat her also. They imagined that Mrs. Evans was laughing at them, but she was not. Her sisters had to fly and the ears of the three females were assailed with horrible language.

Marine Notes.

The Ameriana left Liverpool at midnight for this port.
The schr. Emma F. Whidden sailed this morning for Bayfield, N. S., and will run from there in the cattle trade during the summer.
The schr. Nellie Louise, Captain Burke, arrived here from Barbadoes to-day after a run of 27 days during which she had fair weather mostly. She has a molasses cargo for Bowring Bros. Mr. Dugald Munn went by the vessel for the round trip.
The Bella-Rosa is loading seal oil at Bowring's South Side premises for Hamburg.
The Dunure is loading fish for Brazil at Bowring Bros.
The Galatea, Capt. Parsons, arrived last evening at Oporto in the very quick time of 12 days. This is Capt. Parsons' first trip in the vessel.
The Amethyst sailed for Montreal this afternoon.
The Gaspe cleared to-day for Pernambuco taking 5,540 qts. fish shipped by Jas. Baird, Ltd.
The Florizel sails at 4 p.m. taking as additional passengers Mr. Lent, Mrs. Dr. Macpherson and child and 45 in steerage.
The schr. Annie E. Larper, to A. S. Rendell & Co., with coal from Sydney, arrived here this morning after a 3 days run.
The Adventure is due here from Sydney to-night.
The R. M. S. Mongolian arrived at Halifax at 9 o'clock this morning.

Business is Business.

Goldenberg, with a gold chain, met Abraham with a brass one.
"Dot is no goot?" exclaimed Goldenberg. "Vy do you not get on?"
"Ah," replied Abraham sadly, "ve haf not all your luck, mine friend!"
"Luck? It is not luck. It is business—goot business. If you wish to learn my business, come mit me to my second-hand clothes shop, and I vill sell you a cheap liddle stock to start with."
"Orlight—orlight!" answered Abraham, his eyes shining greedily. "You are a goot friend."
"But his eyes did not shine with greed next morning, unless it was for his goot friend's blood.
He rushed angrily into Goldenberg's shop.
"Lie!" he shouted. "You sold me zis coat for ten shillings, and it is only worth two-and-six!"
"Here you are, you see," replied Goldenberg. "You haf learnt ze business already!"—Answers.

PROPERTY BOUGHT.—At the auction of Mrs. Carey's place, Salmonier Road, at C. O'Driscoll's rooms to-day, Mr. F. J. Morris, K.C., bought it for \$1,500.

DIED.

This morning, after a long and tedious illness, Julia, daughter of the late Colin Stevenson, and wife of James Stowe, aged 60 years. Interment will be at Harbor Grace.

BROKEN-DOWN SYSTEM.
It is a sad condition to which a man may be reduced, but which few of them really realize. It is simply weakness—break-down. It is a very evil ailment that sustains the system. It may be what may be its cause for the year almost numberless, its symptoms are much the same: more or less depression, some of prostration, weariness, depression of spirits and want of energy for all the ordinary duties of life. Now what is absolutely essential in all such cases is a *renewed vitality*—vigour.

VITAL STRENGTH & ENERGY to the system, and experience proves that as night succeeds the day this may be secured by a course of the celebrated life-reviving tonic.

THERAPION No. 3 is a new and powerful combination, so surely it is taken in accordance with the strict directions accompanying it, will the shattered life be restored.

THE EXPIRING LAMP OF LIFE LIGHTED UP AFRESH, and a new existence imparted in place of what had so lately seemed worn-out, faded, and valueless. This wonderful medicine is purely vegetable and innocuous, is agreeable to the taste, and suitable for all constitutions and conditions, in either sex, and it is difficult to imagine a case of disease or despondency, whose main features are those of debility, that will not be speedily and permanently benefited by this powerful, restorative essence, which is destined to cast into oblivion all the ailments of the human system.

THERAPION is sold by all chemists and druggists throughout the world. Price in England, 4s. 6d. The chemists should see that the word "THERAPION" is on the red ground attached to the wrapper, and that the name "W. H. M. THE KING" is on the wrapper.

LUCKILY to meet the NEEDS of the COMING SEASON, we are able to show you a MAGNIFICENT SELECTION of MUSLINS, GINGHAMS and ZEPHYRS. The CHARMING EFFECT of DAINTY CHECKS, STRIPES and COLORINGS, containing a RICH PROMISE of COOLNESS and PLEASURE in the days to come.

Are Your Eyes Weak?

How you may know when Glasses should first be used and those in use abandoned:

- 1st—If you are obliged to move small objects further from the eye in order to see distinctly.
- 2nd—If you find it necessary to place the light between the eyes and the object.
- 3rd—If, when considering a near object, it appears to have a kind of mist before it.
- 4th—If the letters of a book run together, or seem blurred or double.
- 5th—If the eyes are fatigued by close exercise, and you are obliged to relieve them by rubbing or closing them.
- 6th—If black spots appear before the eyes or seem floating around them.

If you observe any of the above signs of distress, it indicates that the "accommodating muscles" of the eyes are no longer able to alter the shape of the lens so as to focus rays of light coming from different distances. A contest with failing sight is hopeless and properly fitted glasses will relieve you.

We make no Charge for Examining the Eyes and we Guarantee Satisfaction.

PICTURE MACHINE EXPLODED

Operator Narrowly Escaped Being Blinded.

While taking flashlight pictures in the Simpson House, Lindsay, W. E. McIntosh, of 48 Humbert Street, Toronto, and formerly chef at the Benson House, Lindsay, had his face and head badly burned by a machine exploding. He was taken to Ross Hospital and received treatment, but it remained for Zam-Buk to heal the terrible burns.

Speaking of the affair, Mr. McIntosh says: "At the hospital I was kept masked night and day for five days. At the end of that time the burns were still very bad and the doctors would not hear of my returning to work. I knew if only I could get some Zam-Buk for the burns I would be back at work in quick time."

"At last I left the hospital and went straight to a local store and bought some Zam-Buk. At the hotel I applied a Zam-Buk dressing, and this cooled the burning pains and gave me quick relief. I kept on with the Zam-Buk treatment and returned to work. Within just one week after first commencement with the Zam-Buk treatment the burns completely healed, and I might have defied anybody to detect where they had been."

Upon hearing of the above facts the Zam-Buk Co. immediately sent Mr. A. Gillies, the proprietor of the "Lindsay Watchman-Warder" and asked corroboration. Mr. Gillies replied that the facts were as stated and enclosed a report from the local paper which chronicled the occurrence.

There is no doubt that for burns, scalds, cuts, scratches and abrasions, however serious, Zam-Buk is the finest known remedy. It is also a sure cure for eczema, piles, ulcers, abscesses, scalp sores, children's rashes, and eruptions, sore feet, chafing, insect stings, inflamed wounds, festering and skin diseases generally. Zam-Buk Soap should be used in conjunction with the balm for washing wounds and sore places. All druggists and stores sell Kam-Buk Soap at 25c per tablet, or post free from Zam-Buk Co., St. John's, Nfld., for price.

HARBIN, Manchuria, May 17. Forty thousand people at Kirin are homeless as the consequence of a recent conflagration in that city. The money loss is estimated at \$20,000,000. Four thousand shops, 15 banks and 3,287 other buildings have been destroyed.

CHICAGO, May 17. One death and two prostrations from heat occurred in this city yesterday. According to the weather bureau today, May 18th, is the hottest experienced in 48 years, the maximum temperature being 89 degrees.

LONDON, May 17. The Russian Duma last night declared twelve members from the land was the fishing limit for foreign fishermen in the White Sea. Sir Edward Grey, Secretary of Foreign Affairs, notified Russia that if the limit is unalterable without international agreement.

TANGIER, May 17. A courier, who recently left this city for Fez, returned to-day, reporting that he was afflicted with what in ten miles of the southern capital, having been turned back by the irbesmen. A fierce battle was raging round Fez. The Sultan's troops have left the city, engaging the rebels. The rebels admitted having suffered heavy losses. All road communications out of Fez are cut off.

WASHINGTON, May 17. The expected renewal of trust legislation, following the decision of the Supreme Court in the Standard Oil case, came today with the introduction of a bill to amend the Sherman Law. The bill is designed to offset the interpretation of the law as laid down by Chief Justice Taft, and to take away from the Court their

OTTUMWA WOMAN CURED

By Lydia E. Pinkham's Vegetable Compound

Ottumwa, Iowa. "For years I was almost a constant sufferer from female trouble in all its dreadful forms; shooting pains all over my body, sick headache, spinal weakness, dizziness, depression, and everything that was horrid. I tried many doctors in different parts of the United States, but Lydia E. Pinkham's Vegetable Compound has done more for me than all the doctors. I feel it my duty to tell you these facts. My heart is full of gratitude to you for my cure." Mrs. HARRIET E. WAMBER, 324 S. Ransom Street, Ottumwa, Iowa.

Consider This Advice. No woman should submit to a surgical operation, which may mean death, until she has given Lydia E. Pinkham's Vegetable Compound a fair trial.

This famous medicine, made only from roots and herbs, has for thirty years proved to be the most valuable tonic and invigorator of the female organism. Women residing in almost every city and town in the United States bear willing testimony to the wonderful virtue of Lydia E. Pinkham's Vegetable Compound.

Mrs. Pinkham, at Lynn, Mass., invites all sick women to write her for advice. Her advice is free, confidential, and always helpful.

power of discretion to differentiate between "good" and "bad" trusts.

SOUTHAMPTON, May 17.

The long threatened sailors' and firemen's strike, it is reported here to-day, has been fixed for May 25th. The object is to dislocate the Conviction traffic. Well informed persons here do not believe the strike will be called, and even if it materializes it will not be the formidable one expected.

LONDON, To-Day.

The Australian Premier, Mr. Fisher, arrived here yesterday and was received by a number of Labor M. P.'s. The Government, Mr. Fisher announced the policy of his Government in regard to military and naval matters as not aggressive but purely defensive. The training of young men on the Cadet pattern was compulsory. All able-bodied men had to undergo a short period of training every year. The Government had just passed a contract for a second class cruiser at a cost of Three hundred thousand pounds. Mr. Fisher refused to enter into the question of tariff preferences. The labor party was not opposed to immigration of people from the Motherland to Australia.

WASHINGTON, To-Day.

The principle of arbitration of practical all disputes between nations, including even questions of vital interest and national honor, assumes vitality, when Secretary Knox submitted to the British and French Ambassadors at Washington the draft of the convention as a basis of negotiations. The fact that this movement has been inaugurated with as well as Britain came as a surprise, as it was understood that only the States and England were concerned in the initial stages of the movement.

The document, which has received the approval of the President and the other members of the cabinet, providing that all differences which are internationally justifiable shall be admitted to arbitration. The proposal expands the scope of existing arbitration treaties by eliminating the exceptions of vital interests and international honor. Recognizing that here may be questions of policy and other matters likely to force nations to the brink of war, but which no people would be willing to arbitrate, the tentative treaty provides that differences that are considered within this category shall be referred to a Commission Inquiry, empowered to make recommendations for a settlement. In this connection the treaty will make another step in advance.

Indigestion & Dyspepsia

In all its forms can be Cured.

It is quite a daily occurrence to see persons say: "Oh, what a feeling of distress I have after meals, fullness of the stomach, heaviness and headache, I feel too tired to do anything, I have no heart to exert myself and at times I care for nothing. I often have pain in the pit of my stomach, no appetite, my heart beats rapidly on the slightest exertion. I feel just as if when rising in the morning I were retching to bed, my sleep is often disturbed, and I often awake with a sense of suffocation and a difficulty of getting to sleep. I have to be careful of what I eat, and of life seems a veritable burden. Now, it seems a shame and a pity to persons to be suffering like that when it is in their power to get cured by taking a Bottle of Dr. Stafford's prescription. A sure cure for persons afflicted with stomach troubles can be obtained at

Police Court.

Though the docket was small to-day, it was nevertheless, interesting, and the court was crowded with fishermen present to hear the fishery case of Snelgrove vs. Meadus.

Two drunks were discharged. Jno. Rogers of the schr. Water Lilly was summoned by the Sub-Collector of Customs, Mr. LeMessurier, for omitting to have the name of his schooner legibly painted on her hull. He had no name on the vessel and being convicted was fined \$25. Mr. Howley prosecuted.

John Jacob Snelgrove vs. W. Meadus. No traps were allowed to be set out in a certain section of Bay de Verde District where the litigants belong. Before the 25th May, Snelgrove set his trap within 30 fathoms of the trap previously set; and that Snelgrove could claim the berth because his trap was in the water on the 16th, although it was set early in May. OBITUARY.

ROBERT S. KENT.

Yesterday Robert S. Kent, a son of the late Robert J. Kent, Q.C., passed away at Waterford, Ireland. Deceased was a student of St. Bonaventure's College, whence he proceeded to the Trappist Monastery of Mount Mellery to study for the priesthood. After two years he returned from the school on the advice of his physicians and entered the office of his uncle, who is a solicitor at Waterford. In 1905 he visited Ireland and on his return to Ireland he married Miss Doran of the institution. The couple then went to Middle Cove to bring a patient from that place to hospital.

AMBULANCE CALLS.—To-day the ambulance was called to bring a man named Abraham Tucker from the hospital to the train to be sent home. He is incensed and was just 11 days in the institution. The vehicle then went to Middle Cove to bring a patient from that place to hospital.

Picnic Party Extravagance.

Morris Paid More for Erection of One Station and Material for Another Than Bond Paid for the Erection of FIVE Marconi Stations.

Editor Evening Telegram: Dear Sir,—In March last I wrote you a letter, enclosing a copy of Expenditure on Marconi Stations at Labrador under the direction of Mr. Piccott last summer. The exposure in your widely circulated paper of such a piece of extravagance as the paying of two thousand two hundred dollars for two sets of spars around such indignation against the Government amongst the toilers in this Harbour, and in fact all over the country, so much so that a copy of the account was published in the Chronicle. The supporters of the Government became so incensed over the matter it became necessary for the Marine and Fisheries Department to take some steps to allay it if possible the strong feeling that had been aroused; accordingly Jimmie and Mimie were told off to prepare something for publication in reply to my letter. They prepared what Jimmie considered an excellent defence (signed "One Who Knows") and from Bay Roberts, published in the Chronicle of March 15th past, whereas it was written in St. John's. To this article, which was published in the Chronicle, knowing the source from which it came I did not reply; but I now see that it is considered of such merit as to be reproduced at the request of Jimmie in that most influential journal the Bay Roberts Guardian of the 12th inst., two months later than its publication in the Chronicle.

I now propose to deal with the reasons put forward as a justification of Mr. Piccott's waste of the fishermen's taxes. Skipper Elijah Mercer they say is a hard-working, honest fisherman, and always paid one hundred cents in the dollar, therefore he is justified in asking from the toilers of this country \$322.50 for the hire of his schooner for about three and a half months, instead of \$300.00 the usual hire of schooners of that size and class.

The Bond Government, Jimmie says, in 1904 paid Norman Munn \$250.00 per month for the hire of his schooner. I have made enquiry and have been informed that Munn's schooner was a foreign going vessel of about 110 tons, or nearly twice the size of Skipper Elijah Mercer's. She was also well fitted to accommodate the Marconi agent and the large number of men required to put up five stations—and had a large deck to take all the spars and material at one time, whereas Mercer's schooner is an ordinary fishing schooner of 65 tons, and was required to take material for only two stations. If paid at the same rate per ton as Munn's schooner would entitle Elijah Mercer to get \$150.00 per month instead of \$225.00. But if the Bond Government did give me the same justification for the present Government to follow their precedent, as Mr. Piccott promised to stop all waste of the fishermen's money, I have a desire to shield the Bond Government in this matter, and have gone to some trouble to get the facts. The accounts furnished me through a Member of the House of Assembly prove conclusively that Jimmie's statement that Munn was paid \$225.00 for a maliboom that was broken up in yesterday's schooner Ocean Wave and several others passed west this a.m. The schr. Maggie B., Capt. Brazil, arrived here this morning, with supplies for station. Bar. 29.30; ther. 40.

LIGHT BADLY WANTED.—More light is badly needed on Glover Street, near the Church of English Cathedral, and also on Duckworth Street, opposite the Court House. Certain questionable characters frequent both thoroughfares nightly.

Psoriasis All Over Body

Most dreaded of skin diseases was cured by Dr. Chase's Ointment. "Psoriasis is a sort of chronic eczema. The itching it causes is almost beyond human endurance, and it is usually considered incurable. But this case proves that Dr. Chase's Ointment is a cure, in spite of the doctor's prediction. Mrs. Nettie Massey, Conscan, Ont., writes: "For five years I suffered with what three doctors called psoriasis. They could not help me and one of them told me if any one offered to guarantee a cure for \$50.00 I would give it. I could not be cured. The disease spread all over me, even on my face and head, and the itching and burning was hard to bear. I used eight boxes of Dr. Chase's Ointment, and I am glad to say I am entirely cured, not a sign of a sore to be seen. I can hardly keep my money as I could not get it. Dr. Chase's Ointment, 50 cts. a box, all dealers or Edmondson, Bates & Co., Toronto.

"Standard" Bread

made from Standard Flour is a meal in itself! White Bread is not.

ELLIS & Co.

Limited, 203 Water-st.,

Just received the first consignment of the Celebrated STANDARD FLOUR.

What is STANDARD BREAD? STANDARD BREAD is the old farm-house loaf, made by milling good, sound, sweet, dry wheat, and taking out of the Flour the coarser bran. STANDARD BREAD is not a patent food, or a patent bread. It is just good sound BREAD, and it is called "STANDARD" by everyone, because it agrees with a standard fixed by eminent medical men in a manifesto, published first in the "Daily Mail" on January 26th, 1911, and since widely republished by the newspapers of the world.

Since the doctors first published their Manifesto, STANDARD BREAD has been welcomed everywhere. For years it has been supplied to the King and Queen at Windsor Castle, and at Buckingham Palace. It is eaten by rich and poor, by young and old, by healthy people and sick people.

STANDARD BREAD has been used for years at many of the great hospitals for Consumption. STANDARD BREAD made from STANDARD FLOUR has been completely summed up by a Harley Street Surgeon in this statement:—

"The short stature, the pale face, the weak chest, and the general degeneracy of the present generation, are greatly due to 'WHITE bread diet.'"

STANDARD BREAD made from STANDARD FLOUR is all right. Doctors and learned scientists have declared with no uncertain voice for the plain unadorned product of the WHEAT BERRY.

The trouble started when a man commenced to "Paint the Lily" to improve on nature. STANDARD FLOUR contains 80 per cent. of the WHOLE WHEAT, including the germ and semolina.

proof of his statement or be honest enough to acknowledge that he was wrong or misinformed which I dare say he was, knowing something of the character of the men furnishing his information. At a future date I will deal more fully with Skipper Elijah Mercer's letter of the 3rd of April. So thanking you in anticipation and apologizing for taking up so much of your valuable space. I remain, LABRADOR MAN. Bay Roberts, May 15, 1911.
