## TOWN AND COUNTY NEWS.

Coal is selling at \$14 a ton in Montreal, and is scarce at that.

A VOLUNTEER COMPANY is to be organized in Charleston.

REMEMBER E. O'Donnell & Co's cheap sale of groceries is going on. Give them a call to-night.

MR. MACDONALD, of Colborne, father of Donald Macdonald, of Guelph, died on Monday morning last week, at the age of eighty years.

SUDDEN DEATH.—An old and highly respected resident of the Township of Wallace, named Moffat, who owns a farm on the 8th con., was found dead in his bed on Tuesday morning last. The previous evening he retired in his usual health.

ANOTHER.—Another railway scheme is that of a branch of the Narrow Gauge from Arthur through Drayton and Hollin to Glenallan, the merchants of the latter place having promised \$3,000 to support it. Where will the next railway be located?

THE BRUCE RAILWAY BY-LAW.—At a meeting of the Bruce County Council on Thursday night, the bonus By-Law in favour of the Wellington, Grey & Bruce Railway was ratified by an unanimous vote. Messrs. Wm. McCulloch, Secretary, T. Ridout and D. McCulloch attended on behalf of the Company.

THE GREY EXTENSION.—The Mount Forest Examiner says that work on the Orangeville and Owen Sound extension of the narrow gauge is progressing with commendable speed. Large numbers of men and horses are at work, and there is undoubted probability that the various contracts will be completed long before the time specified in the agreements.

CLOSING CONCERT.—By reference to an advertisement in another column, it will be seen that Prof. Cushman's adult class will give a grand concert in the Drill shed on Tuesday evening next, when some of the most popular selections will be rendered. There will be a chorus of 175 ladies and gentlemen. The concert promises to be first-class, and no doubt will be well attended.

THE DRAYTON ENTERPRISE.—We have received the first number of this new claimant for public favor published in the enterprising village of Drayton. The Enterprise is a good specimen of a country paper, and takes into consideration all the interests of the public in and about Drayton, and for this as well as for the good it will do the place, it deserves to succeed.

SMALL POX REGULATIONS.—The township council of Normanby has taken timely steps to prevent the spread of small pox in that township. A board of health has been appointed, which has issued regulations recommending that proper precautions be taken on the part of infected persons, and that the attention be paid to vaccination. As yet the disease has not made its appearance in the township.

A BROKEN ARM.—On Thursday evening last, a Mr. James Thompson, an adult class, was walking up Palmer's Hill and accidentally slipped and fell on some ice on the sidewalk. Mrs. Thompson, not knowing the extent of her injury, called for a doctor, and on arriving at her destination she examined the injury, when it was discovered that her left arm was broken a little above the elbow, and was conveyed to Dr. Herod's surgery, where the wound was dressed, and everything done to alleviate the pain.

EXTENSION OF THE W. G. & B. RAILWAY.—On Thursday evening a public meeting was held at the Queen's Hotel, Owen Sound, to take into consideration the extension of the Wellington, Grey and Bruce Railway from Paisley, or some convenient point, to Owen Sound, and to appoint delegates to meet a delegation from Bruce at Arkwright's on Saturday. Mr. B. Allen was appointed chairman, and Mr. W. Kough acted as secretary. The meeting was very numerous and appointed twelve gentlemen as delegates.

MUNICIPAL ELECTIONS IN DURHAM.—The village of Durham having been incorporated into a town by an Act of the last session of the Ontario Legislature, the election for Mayor, Reeve and nine Councillors took place on Friday, and resulted as follows: Alexander Cochrane, Mayor; A. McLellan, Reeve; H. J. Middaugh, W. R. McLaughlin, George Russell, Donald McKenzie, A. C. McKenzie, and John Smith, Councillors, were all elected by acclamation. A poll was demanded for the North Ward, for which there are seven candidates. 3212

WELLINGTON DISTRICT. CHICAGO RELIEF CONTRIBUTION.—The last number of the Craftsman says: "The brethren of the Wellington District, Ontario, who have been contributors to the Masonic Relief Fund which was lately forwarded by W. Bro. A. B. Petrie, D.D.G.M., Guelph, to the Grand Master of the Grand Lodge of Illinois, will be pleased to learn that he has acknowledged the receipt of \$754, the amount of their donation, to be applied to the suffering brethren and their families rendered destitute by the late calamities first in Chicago. The M.W. Grand Master, on behalf of these sufferers, desires his grateful and marked personal esteem to be conveyed to all the worthy donors for the generous gift. He states that their good deeds have been recorded in their books, and promises that the bounty will be faithfully applied."

## Cold Weather of the Past.

"Speaking about cold weather" reminds us of the following incidents which we jotted down in our diary at the various times mentioned:

The statistics of the good old winter are curious: "In 401 the Black Sea was entirely frozen over. In 768, not only the Black Sea, but the Straits of Dardanelles was frozen over; the snow in some places rose fifty feet high. In 822, the great rivers of Europe—the Danube, Elbe, etc.—were so hard frozen as to bear heavy waggons for a month. In 860, the Adriatic was frozen. In 99 everything was frozen; the crops totally failed, and famine and pestilence closed the year. In 1067, most of the travellers in Germany were frozen to death on the road. In 1133, the Po was frozen from Cremona to the sea; the wine casks were burst, and even the trees split by the action of the frost, with immense noise. In 1236, the Danube was frozen to the bottom, and remained long in that state. In 1246, the crops wholly failed in Germany; wheat, which some years before sold in England at six shillings the quarter, rose to two pence. In 1339 the crops failed in Scotland, and such a famine ensued that the poor were reduced to feed on grass, and many perished miserably in the fields. The successive winters of 1342, 43, 44, were uncommonly severe. It once snowed forty days without interruption. 1469 the wine distributed to the soldiers in Flanders was cut with hatchets. In 1664, the winter was excessively cold. Most of the hollies were killed. Coachmen drove along the Thames, the ice of which was six inches thick. In 1709, occurred the cold winter. The frost penetrated three yards into the ground. In 1716, booths were erected and fairs held on the Thames. In 1744 and 1845, the strongest ale in England, exposed to the air, was covered, in less than fifteen minutes, with ice eight or ten inches thick. In 1812, the winters were remarkably cold. In 1814, there was a fair on the frozen Thames.

## Manitoba Items.

The Manitoba Liberal gives the three following items in its issue of the 1st inst.:

"Riel and Lepine have skedaddled to the land of the free and the home of the brave. They took their departure on last Saturday. They have discovered that Manitoba is getting too hot for these worthies. The member of the Government who proposed Riel's health the other evening will no doubt mourn his departure."

"A squabble took place last week at the Lower Fort between a sergeant of the militia and a captain of the militia. The bold captain, recently promoted from a serjeanty, was putting on too much style, till several judicious knock-downs brought him to his senses."

"It is reported from Ottawa that the Government has made such arrangements that passengers to Manitoba will be able to go through to Fort Garry, in about twelve days. The fare is expected to be lowered from its present rate of \$30 to \$15. The steamers building at Fort Francis will be ready by the opening of navigation."

Mrs. John Robertson, of St. Joseph, died very suddenly on the 12th inst. of the 5th inst. from a fatal disease of the heart, with enlargement of the liver.

## Cattle Fair at Hillsburg.

The fair in Hillsburg on Thursday, 12th inst. was a decided success, and the organizers must feel gratified by the results. There was a large number of cattle offered for sale, some of them splendid beef, and the show of other cattle, generally, was far in advance of anything of the kind in this section before. It is no wonder that the fair seemed to be the most eagerly anticipated. Those that were sold brought from \$110 to \$120 a yoke. There were a number of milch cows offered.

It is a great pity that proper means had not been adopted for securing a correct account of the sales. We hope this matter will be attended to at the next fair.

## New Method of Packing Butter.

A Michigan dairyman has lately published his method of packing butter. He has taken tubs, with heads at each end. They are 14 inches in diameter at the top, 9 inches in diameter at the bottom, and 16 inches high. In packing, a cambric bag is made to fit the top. The butter is packed in the tub—say it stands on the small end—the sack being long enough to extend above the edges of the tub, and is pressed down firmly until within an inch and a half of the top, when a circular cloth is laid over it, the edges of the sack turned down over that and a layer of fine salt placed on it. The head is now put in its place, the tub turned up, and the butter in the sack of course, falling down to the bottom, leaves a space all around it which is filled with brine poured through a hole in the small end. When full the hole is corked tight. The butter floats in the brine and is effectually preserved from the air, and will keep for almost an indefinite period.

## POLICE COURT.

Before T. W. Saunders, Esq. March 16.

Patrick Kelly was charged with being drunk and disorderly. He was dismissed. Jeremiah Kelly was charged with vagrancy. He was let go.

St. Patrick's Day in Montreal.—Irish circles in Montreal continue to be agitated at the action of the priests in regard to the prohibition of the procession on St. Patrick's Day. The priests say there shall be no procession; the societies say the priests have no right to dictate in the premises. Efforts at reconciliation will be reported Monday, the 18th.

It is reported that the Dominion Government will adopt precautions this year against the inroad of cholera and epidemic diseases.

THIS MORNING'S DESPATCHES

## The Erie Railway Finances.

### The Mexican Revolution.

### The Rebels Defeated.

### St. Patrick's Day in New York.

New York, March 15.—An official statement of the condition of the Erie Railroad Company shows that the liabilities are: capital stock, common, \$78,000,000; capital stock, preferred, \$86,536,900; funded debt, \$26,458,000; consolidated mortgage issued but not sold, \$3,286,000; loans, etc., received by collateral, \$225,767,456; floating debts, bills payable chiefly for supplies and labor, \$1,864,000; supplies and labor to March 1st, \$1,580,000; the assets amount to \$8,806,400; the total rents of the leased lines are \$1,117,000, the income from which is greater than the annual payments; the securities in the treasury amount to \$75,400, estimated to be worth \$6,174,100; the earnings of the road from Nov. 1871 to date are \$21,000,000, against \$17,000,000 previous. Rumor says there are \$1,000,000 in excess of the expenditure.

Matamoros, Mexico, March 14.—Gen. Mejica, Mexican Minister of War, telegraphs the recapture of Zacatecas, from the City of Mexico on the 4th inst. He had received an official telegram from Gen. Rocho, dated at Zacatecas. On approaching the city Rocho encountered the rebels under Trevino on the hills in the vicinity. He attacked immediately, and routed them, capturing all their infantry and artillery trains, and great numbers of prisoners. The cavalry alone escaped, and the Government horse were in pursuit.

New York, March 16.—As St. Patrick's Day falls on Sunday this year, Irish societies have postponed their celebrations until Monday. Every precaution has been taken to repress any riotous demonstrations.

The West Ward.—The Advertiser of last night had a very silly article on the representative of the West Ward in the Town Council. We cannot well understand what it means by saying that some of the ratepayers imagine that if Mr. McNeil had been of a different stripe of politics, the election of a new member would not have been delayed so long. We cannot see what politics has to do in this matter at all. Mr. McNeil has been absent from the Council only three meetings, and we do not think the interests of the Ward have suffered any on that account, especially as five other members of the Council had from that Ward. Mr. McNeil has been no bar to a new election. That duty lies with the Council, who are empowered to instruct the Mayor to issue a writ for a new election at any time after a member is disqualified. We have seen instances of members absenting themselves from five and six consecutive meetings of the Council, before now, and yet they were never said a word about it. Why has it, all of a sudden, taken the interests of this Ward under its special protection?

THE MANITOBA GOVERNMENT.—The Manitoba Government has been further reconstructed. Hon. Mr. Gerard is out, and is succeeded to the treasuryship by the Hon. Mr. Howard. Hon. Mr. Royal succeeding to the secretaryship. It is required no less than three meetings of the Executive Council to get affairs into this shape. It has leaked out that upon receiving the appointment of Dominion Senator, some months since, Hon. Mr. Gerard put in a formal resignation as Provincial Treasurer. It did not, however, suit to accept his resignation just then, and he was persuaded to let it rest till after the session, thinking, perhaps, that he could hold both positions with pecuniary advantage to himself. He changed his mind on the matter, and when the time came for his consideration Mr. Gerard solicited the withdrawal of his resignation, and it is reported that he does not like it a bit that his request was refused.

GRUMBLERS AT NEWSPAPERS.—Horace Greeley thus hits the nail on the head: It is strange how closely men read papers. We never say anything that anybody don't like, but we soon hear of it, and everybody tells us of it. If, however, once in a while, we happen to say something, we never hear of that; nobody seems to notice that. We may say some man a hundred compliments, and give him a dozen puffs, and he takes it all as a tribute to his greatness, and he never thinks of it; never thinks it does him any good. But if we happen to say things this man don't like, or something he imagines is a reflection on him or his character, see how quick he flares up and gets mad about it. All our evils are duly charged to us, but we never, apparently, get any credit for what good we do.

THE NINE HOURS MOVEMENT.—A meeting of working men favourable to the nine hours movement was held in Toronto on Friday night. The following resolution was passed:—"We, the working men of the city of Toronto, in mass meeting assembled, empower the Trades Assembly to memorialise the employers of labour of this city for the adoption of the nine-hours system, inasmuch as to come into operation on the first Monday in June next, and also to request the answer to their petition by the 1st of May."

CREDIT VALLEY RAILWAY.—The projectors of the Credit Valley Railway held a meeting on Friday, at Meadowdale, with the view of fully laying before the people of Toronto township the new railway scheme known by the above name. The meeting was addressed by Messrs. Geo. Laidlaw, John McMurich and other leading business men of Toronto.

THE KEITH CHILDREN.—The Globe is informed that since the writ of habeas corpus was issued in this case, Archbishop Lynch has filed an affidavit, stating he has never had the custody, power or control over the Keith children, and that if his advice had been taken, Mrs. Keith would not have removed her children from their home.

The Ottawa Citizen, one of the moderate constitutional organs, prophesies that "the Hon. J. G. Currie (the present Speaker) and Mr. E. Wood, are to take the place of Messrs. Black and Mackenzie, respectively, when those gentlemen retire from the Ontario Cabinet, as they will eventually have to do, in order to retain their seat at Ottawa." The same authority also names Mr. Pardee as the new Speaker.

But if we happen to say things this man don't like, or something he imagines is a reflection on him or his character, see how quick he flares up and gets mad about it. All our evils are duly charged to us, but we never, apparently, get any credit for what good we do.

THE NINE HOURS MOVEMENT.—A meeting of working men favourable to the nine hours movement was held in Toronto on Friday night. The following resolution was passed:—"We, the working men of the city of Toronto, in mass meeting assembled, empower the Trades Assembly to memorialise the employers of labour of this city for the adoption of the nine-hours system, inasmuch as to come into operation on the first Monday in June next, and also to request the answer to their petition by the 1st of May."

CREDIT VALLEY RAILWAY.—The projectors of the Credit Valley Railway held a meeting on Friday, at Meadowdale, with the view of fully laying before the people of Toronto township the new railway scheme known by the above name. The meeting was addressed by Messrs. Geo. Laidlaw, John McMurich and other leading business men of Toronto.

THE KEITH CHILDREN.—The Globe is informed that since the writ of habeas corpus was issued in this case, Archbishop Lynch has filed an affidavit, stating he has never had the custody, power or control over the Keith children, and that if his advice had been taken, Mrs. Keith would not have removed her children from their home.

The Ottawa Citizen, one of the moderate constitutional organs, prophesies that "the Hon. J. G. Currie (the present Speaker) and Mr. E. Wood, are to take the place of Messrs. Black and Mackenzie, respectively, when those gentlemen retire from the Ontario Cabinet, as they will eventually have to do, in order to retain their seat at Ottawa." The same authority also names Mr. Pardee as the new Speaker.

THE CANADIAN FISHERIES.

The Secretary of the Treasury at Washington has issued a circular to Collectors, directing them to notify American fishermen that the provisions of the Treaty with Great Britain, proclaimed July 4, 1871, relating to the fishermen will not go into effect until the laws required to carry them into operation have been passed by Congress, the Parliaments of Great Britain and Canada, the Legislature of Prince Edward Island, and to warn them that their business must be carried on subject to the ratification of the treaty. The circular states that the fishermen of the U. S. are prohibited from the use of inshore fisheries. They may, however, take fish on the southern coast of Newfoundland from Cape Ray to the Ramoon Islands, and on the western and northern coast from Cape Ray to the Quiripon Islands, on the coasts from Mount Folly to and through the Straits of Belle Isle and then northwardly, but without prejudice to any exclusive rights of the Hudson Bay Company. They may dry and cure fish on any part of the southern coast of Newfoundland above described, and off the coast of Labrador not settled. If settled, there must be a previous agreement with the inhabitants. They may also enter any bay or harbor for the purpose of shelter, repairing damages, purchasing wood or obtaining water. British officers may go on board any vessel in any bay within three miles of the coast of Canada, and stay as long as she may remain; and they may examine the master under oath, and if it be found that she has been fishing in the waters prohibited, such officer or officers may seize her without warrant and proceed for a forfeiture of the vessel, cargo and stores. Any person opposing the officer subject himself to a fine of \$500 and imprisonment for a term not exceeding two years. The Secretary states there is reason to apprehend that the Canadian authorities will equip armed vessels to protect their inshore fisheries during the season of 1872.

SOUTH PERTH REFORM CONVENTION.

The South Riding of Perth Reform Convention met at Mitchell on Friday. Mr. Thos. Matheson, Reeve of Mitchell, in the chair. Mr. Macfarlane, M. P., Hon. A. Mackenzie, and Mr. J. H. Gould, of Blanchard, were severally nominated for the House of Commons. Mr. Macfarlane received the greatest number of ballots, his nomination was made unanimous, but he declined. A resolution of thanks was passed and thanks for his past faithful services; and it being late in the afternoon, the convention adjourned to meet again at the call of the chairman.

EDITORIAL NEWS.

The funeral of Mazzini took place on Thursday.

The Prussians are extending the fortifications of Metz and Strasbourg.

The Fenians of Great Britain intend making great demonstrations on St. Patrick's Day in favor of amnesty to the Fenian prisoners.

President Thiers has given England full notice of the entire renunciation by France of the Commercial Treaty between the two nations.

It is reported that the French Cabinet will ask a vote of two hundred million francs to build forts around Paris and fortifications on the frontier.

The Prussian budget shows a surplus of about one hundred million dollars, of which about thirty millions is to be applied to the reduction of the national debt.

Col. Bland of Cornwall will be Sandfield's opponent for the Commons, and there is good reason to hope that he will be successful in giving a finishing blow to the political career of this small-minded creature of circumstances.

Bazaine's trial for the capitulation of Metz is coming on soon, and is already causing some excitement in the public mind in France. As he must be tried by his peers, some difficulty is found in finding a court for his trial, as most of the marshalls of France were concerned in capitulations during the late war.

Says the Cornwall Gazette, Sandfield describes the last as a "some-what eventful session." We should rather think it was. He further says the representatives of the people made a mistake in turning him out, as his successor is only carrying out his successor's policy. We beg his pardon. Mr. Blake is carrying out the policy inaugurated when in opposition and which, in very many cases, Sandfield servilely copied.

In the House of Commons on Tuesday, Mr. Disraeli rejected his request for the production of the American reply to Ead Granville's note, referring to the anxiety in the public mind to know its contents. Mr. Gladstone replied that it was to be considered by the Cabinet to day, and until that he could give no answer. Mr. Horsman gave notice of a motion that if negotiations are reopened with America no understanding arrived at be considered final until sanctioned by Parliament.

REPUBLICANS are never weary of talking and writing of the burdensome expenses of monarchy. The Government of Great Britain costs about \$50,000,000 a year; that of the United States (without reference to the discharge of its debt) is about \$20,000,000 a year. The British amount covers the whole expenses of the government, to the United States amount has to be added the legislative, executive and judicial expenses of the individual States. As between those two countries, the balance is heavily against republicanism.

Things Curious to Know.

Ice. Besides the fact that ice is lighter than water, there is another curious thing about it, which perhaps some persons do not know, namely: its purity. A lump of ice melted will always become purely distilled water. When early navigators of the Arctic seas got out of water, they melted fragments of those vast mountains of ice called icebergs, and were astonished that they yielded only fresh water. They thought the ice was frozen salt water, not knowing that the icebergs were formed on land, and in some way launched into the sea. The fact is, the freezing turns out of it all that is not water, such as salt, air, coloring matter and all other impurities. Frozen sea water makes fresh ice. If you freeze a basin of indigo water, it will make ice as that made from distilled water. When the cold is very sudden these foreign matters have no time to escape, either by rising or sinking, and are thus entangled with the ice but don't form any part of it.

ILLNESS. If illness does not produce vice or malvolence, it commonly produces melancholy; therefore let every man be occupied, and occupied in the highest employment of which his nature is capable; and if he is suffering from rheumatic pains, colds or summer complaints, and desirous of getting immediate relief, let him try a bottle of the "Canadian Pain Destroyer." It can be had at any Druggist's, and most of the country merchants in the Dominion, at 25 cents per bottle.

DIED. At Guelph, on the 14th inst., Mary Elizabeth, infant daughter of Mr. John Stewart, grain dealer, aged 1 month and 15 days. The funeral will take place on Sunday afternoon at half past 2 o'clock. Friends and acquaintances will please accept this intimation.

WE beg to call attention to Mr. Horsman's advertisement about Ploughs. The Plough referred to is having a large demand, so great has it become that three car loads have been forwarded to Mr. Horsman to supply the farmers in this neighborhood this Spring. All pronounce them the best general purpose Plough made; as a guarantee of this we need only say that they are manufactured at the celebrated Agricultural Works of F. W. Glen, Oshawa. The price it will be observed will be kept at \$13, the old figure, until the 1st of April, when it will be raised to \$15 in consequence of the advance in Iron and Steel. We should therefore recommend our farmer friends to loose no time in procuring one at Mr. John Horsman's, Hardware Merchant of this town.

Wm. Stewart is now opening out a very attractive Stock of New DRY GOODS for early Spring use.

Notwithstanding the great advance in Dry Goods, I will be enabled to offer these Goods at last Season's prices. See advertisement next week.

Thomas' Electric Oil! Worth Ten Times its Weight in Gold. Do you know anything of it? If not, it is time you did.

PAIN cannot stay where it is used. It is the cheapest medicine ever made. One dose cures Common Sore Throat. One bottle has cured Bronchitis. Fifty cents worth has cured an Old Standing Cough. One or two bottles cures bad cases of PILES and KIDNEY TROUBLES. Six to eight applications cures all cases of EXCORIATED NIPPLES or INFLAMED BREAST. One bottle has cured LAME BACK of eight years standing. Dental Plank of Brereton, Hants County, says: "I went thirty miles for a bottle of your Oil, which effected a wonderful cure of a Crooked Leg by six applications." Another, who has had Asthma for years, says: "I have had a crooked bottle left, and still would not buy it if I could get no more."

Ref. Robinson, of Nunda, N.Y., writes: "One small bottle of your Electric Oil restored the voice where the person had not spoken above a whisper for six years." Rev. J. Mallory, of Wyoming, N.Y., writes: "Your Electric Oil cured me of Bronchitis in ONE WEEK." Dealers all over the Country say: "We have never sold a medicine that has given such complete satisfaction as this."

It is composed of Six of the Best Oils that ARE KNOWN. Is as good as to take for external use, and is believed to be immeasurably superior to anything ever made. WILL save you much suffering and many dollars of expense. Is sold by one or more dealers in every place. Price, 25 cents.

Prepared by S. N. THOMAS, Nunda, N.Y., and NORTHROP & LYMAN, Newcastle, Ont., Sole agents for the Dominion.

HAVE YOU A COLD?  
HAVE YOU A COUGH?  
HAVE YOU BRONCHITIS?  
HAVE YOU THE ASTHMA?  
HAVE YOU ANY LING DIFICULTY, OR WEAKNESS IN YOUR THROAT?

READ THE FOLLOWING:  
Mrs. Amy Kennedy, of Painesville, Ohio, says: "I have suffered with Asthma 24 years, have been doctored by many Physicians, as soon as I took the Balsam I relieved me, I cannot express the gratitude I feel for the benefit your Allan's Lung Balsam has been to me."

Dr. Harris, of Middlebury, Vermont, says: "I had been troubled with Bronchitis for two years so affecting the organs of speech that I could not speak aloud for six weeks, I had with it a severe cough and cold night sweats. I took two bottles of Allan's Lung Balsam, and am entirely cured."

Capt. Foster, of Barwell, Ont., says: "I have been troubled with a cough at times very severe for years past. I have found Allan's Lung Balsam to relieve my cough more readily than any other cough medicine I have ever tried. My wife also used it with the most satisfactory results."

The Balsam is sold by all druggists. Price 25 per bottle.

FELLOWS

COMPOUND SYRUP OF

HYPHOPHOSPHITES

AS all life-endowed bodies, whether they be Beasts, Birds, Reptiles, Insects, or even Zoophytes, and subjects of the Vegetable Kingdom are governed by vital force, which binds all the springs of existence, and an nothing can save them from destruction when this principle leaves them, the discovery of means whereby vitality may be sustained in the living body is of the highest importance.

Modern Chemistry has ventilated the question and discovered the ingredients constituting the brain, muscles and nerves, and finds that by introducing these ingredients in proper proportions the brain and nervous system are strengthened.

The basis of a substantially the basis on which the Hypophosphite is built, its direct action upon the Blood, the Brain and Nervous System, and the Muscles, Strengthening the Nerves, it causes the rapid distribution of Vitalized Blood in the Muscular Organs of the Body.

Rousing the Sluggish Heart and Liver, Strengthening the Action of the Stomach and Bowels, and enabling the Lungs to be fully inflated with Oxygen.

It is adapted for all cases of Weakness and Emaciation, whether arising from a Sedentary life, a tropical climate, from fever, or debility from any cause, and is efficacious in Pulmonary Consumption, many confirmed cases having been cured and all benefited, where its use has been continued over a fortnight.

In Bronchitis it is a specific, and in Asthma it gives relief where every other remedy fails.

For Nervous Debility it stands unrivalled, and may be used with confidence in all cases. As this is entirely distinct and different from every other preparation of Hypophosphites, be careful to ask for Fellows Syrup, and take no other.
