DRESS and MANTLE MAKING

The Fashionable West End. To the Ladies: We have during the past two years completed the establishment of a Dress Making Department, in connection with our other branches. The difficulty of obtaining a suitable person to take charge has, up to the present time, only prevented us from doing so.

We have now great pleasure in informing you that we have secured the services of Mrs. Monahan, of Toronto, a lady of first-class abilities, highly recommended to us, and we believe eminently qualified to give complete satisfaction in every respect. Miss Morrison has for the past ten years occupied the position of cutter and fitter in one of the leading Fashionable Dress making Establishments in the City of Toronto.

Miss Morrison is also an experienced Mantle maker, and all orders entrusted to her will be executed in a style equal to anything that can be obtained in the largest cities.

Orders for these departments will be received on and after Monday next, the 4th of May.

Town and County News. Mr. T. S. T. Smellie, of Fergus, has obtained the degree of B. A. from the University of Toronto.

THE ST. THOMAS TIMES.—We have received the first number of this new Semi-Weekly sheet published by Mr. J. Wilkinson. It is well printed, well got up, and readable sheet.

WESLEYAN FESTIVAL.—The annual Strawberry Festival given by the ladies of the Wesleyan Church was held last (Thursday) evening, in the Drill Shed. The weather was auspicious and the attendance large. There was abundance of strawberries and cake, ice cream, temperance drinks, &c., and the tables were attended by a number of the fair ones, who dealt out the luxuries with a liberal hand. Lawrence's Silver Cornet Band was present and gave some of their choicest selections, which were highly appreciated. The spacious building gave good opportunity for promenading, a large number of the throng, especially the younger portion, availing themselves of this pleasant recreation. The result of the festival must be highly satisfactory to the ladies, as the funds of their society will be considerably augmented thereby.

SOCIAL LAST NIGHT.—The first of the socials in connection with St. Andrew's Church, in aid of the building fund of the Y. M. C. A., was given by Mrs. James Cormack, at her residence, Waterloo Road, on Thursday night. It was very largely attended, the number of ladies and gentlemen present being about 200.

Although the party was so large, yet the arrangements were so admirably carried out that no one was overlooked. The pleasures of the evening were greatly enhanced by vocal and instrumental music, social chess games, amusements, &c., and at a late hour the company separated, all highly pleased with the success and enjoyment of the social. The amount realized was about \$50.

Loretto Convent School Exhibition. Following on the mid-summer examination of the pupils attending this school, a public exhibition was given on Thursday afternoon in the new spacious Hall attached to the school, which has been recently finished. The pupils mastered in strong force, and in their beautiful white dresses looked remarkably well. The number of visitors was large, including Bishop Farrell, several clergymen, quite a number of the parents and gardeners, besides others interested in education. The Hall was tastefully decorated for the occasion with flowers and evergreens, and an excellent collection of paintings and drawings—the work of the pupils—set off the appearance of the walls very much. The exercises consisted of solo and instrumental music, recitations on two, three and four pianos, recitations, dialogues in English, French and German, and the performance of an allegory in verse representing the seasons. The programme though long was of a most interesting character, and the manner in which the pupils acquitted themselves gave evidence not only of great application and much ability in their part, but also of great pains and unwearied application on the part of their teachers. The recitations and dialogues were given with a power of expression, and a due regard for accent and elocutionary effect which was quite surprising in pupils so young. The music was also very correctly rendered, and it was quite a sight to see some of the little girls playing with ease who could hardly reach to the keys of the piano. The dialogues in French and German were also given with an ease and freedom which showed the pupils had an accurate knowledge of these languages, and were carefully trained in the proper pronunciation. Some of the solos were admirably sung, and were cordially applauded. The department of the pupils was unexceptionable.

At the close Bishop Farrell passed a well-deserved eulogium on the acquirements of the pupils, and made some sensible remarks on the value of being well up in the useful as well as ornamental branches of education. The prizes and medals were then distributed, and after singing "God Save the Queen" the proceedings were brought to a close. We expected to have been able to publish the prize list, but up to the present writing have not received it.

A New Bedford man found a long lost brother recently, by reading over the pages of a patent medicine advertisement.

Guelph Academy Pic-nic.

The pupils attending the Guelph Academy, taught by Mr. John Martin, held their second annual pic-nic preparatory to the summer vacation, in the grounds of Mr. H. W. Peterson on Thursday afternoon. The pupils were all present, besides the teachers, a number of the parents and friends of the young folks. A very pleasant afternoon was spent, the usual games such as base-ball, cricket, &c. being freely indulged in. After tea the prizes were distributed.

In the early part of the week the examination took place at the Academy, when the elder pupils, as well as the infant class, under the care of Mrs. Martin, acquitted themselves in a very creditable manner, and by their ready and intelligent answers showed that great pains had been taken in imparting instruction. There are now 42 names on the roll, which is a good evidence of the character and popularity of the Academy. Among the prizes we ought specially to mention that which was given to Chas. J. Mickle for quite an original and ingenious map, drawn each week during the term, and so arranged that a parent can tell each evening how his boy has said each lesson during the day. The following are the names of scholars to whom prizes were awarded:—

Chas. J. Mickle first in 6th meanings, 6th spelling, 1st geography, 1st grammar, 1st arithmetic, mental do., 6th, junior latin, and map drawing. Albert W. Stewart first in senior history, senior writing, algebra, and analysis. Dwyce W. Saunders first in senior latin, dictation, botany, and senior composition. Willie Gordon first in 3rd geography, 2nd arithmetic, and 5th spelling. Richard W. Vincent first in 5th meanings. Oswald Sorby first in junior history and junior mental. Willie H. Ellis first in junior writing. John Gibson first in 2nd grammar and attendance. Harry E. Clarke first in 5th reading and equal in 3rd geography. John E. Horsman first in junior composition. Wm. B. Scott first in 4th meanings and 4th geography. Wm. D. Peterson first in 3rd geography and 4th reading. W. J. Bell first in 3rd grammar. Gower Gordon first in 3rd arithmetic. John D. Higinbotham first in 3rd spelling and equal in 4th arithmetic. Winnie B. Buchanan first in 4th grammar and equal to J. D. Higinbotham. Eddie N. Higinbotham first in geography and 3rd reading.

CREDIT VALLEY RAILWAY BONDS.—A Committee composed of the aldermen and Deputy Reeve of Danforth, the Mayor of Galt, the members of the Council and others met the President and Directors of the Credit Valley Railway at Galt on Thursday and arranged satisfactorily the terms relating to the stations, &c., for the Credit Valley Railway. The by-law was submitted by the County Council of Waterloo for the municipalities of Galt and Danforth for the sum of \$110,000 is to be voted upon on the 31st of July.

ALLEGED EMBEZZLEMENT.—Mr. Thomas Cooley, who up to a few days ago, has had charge of the Mail agency, Hamilton, was arrested on Tuesday morning by Detective Rosseau on a warrant issued by the Police Magistrate, on information laid by an agent of the Toronto Mail Publishing Company, charging him with embezzling the Company's funds to the amount of \$900. It is said that Mr. Cooley had his ticket bought for England and was preparing to leave Hamilton.

THE CROSS ABOUT KINGSTON.—The Kingston Daily News says:—From all parts of this neighborhood we hear the most bitter complaints about the state of the crops. Hay will be almost a total failure, being in many instances nearly burnt out of the ground. Ground crops are looking well in damp places, but the extreme drought has sent an army of pests into the fields, and the wire-worm, and every kind of grub are doing their level best to cut off the small remains of a not very exuberant crop. The appearance of the fields is certainly against them. Although it is now the last week in June, in many places where crops were sown many years ago, the furrows of the harrow can yet be seen, and the prospects are thus rather gloomy.

Town Council.

A special meeting of the Council was held on Thursday night. Present—the Mayor in the chair, Messrs. Kennedy, McLagan, Elliott, Crowe, Massie, Horsman, Coffee, Hogg, Nich'd Mitchell, Hefnerman, Howard.

A petition was read from Mr. George Bookless for a transfer of license from D. Bunyan to him, he having leased the Dominion Saloon.

Mr. Massie moved, seconded by Mr. Hogg, that the petition be granted on complying with the conditions of the statute and by-laws affecting the same, and on obtaining the consent of the holder of the license. Carried.

On motion of Mr. Massie a by-law for the issue of \$20,000 in debentures was introduced and read a first and second time. The object for raising this amount is to pay off an equal amount of debt falling due this year on debentures issued to assist in the construction of the Galt and Guelph Railway.

On motion of Mr. Hogg a by-law for the regulation and maintenance of the Exhibition Grounds was introduced and read a first and second time.

The By-law provides that the said grounds shall be opened for a public park, as well as for the holding of the Central and other Agricultural and Horticultural Exhibitions, and for such other purposes as may be authorized by the Central Exhibition Committee of the Council; that the buildings shall be used only for the special purposes for which they were originally erected, except the main or Exhibition building, which may be rented to any peacefully disposed person, society or association for the holding of any festival, bazaar or pic-nic on payment of such charge therefor as may be hereafter fixed. During the days when the park and building are rented, the lessee may charge for admission to the park and building for their own benefit such sums as they may determine on, not exceeding 25 cents for each person, and may appoint a door keeper or gate keeper as the case may be to collect such sum. The expense of repairing any damage that may be done to the buildings, trees, fences, gates, grounds or premises, or any of them, during the time the same are occupied by any person, society or association, except during the holding of the Central Exhibition, shall be borne by the lessee thereof during their occupation, and the premises shall not be rented unless the lessee shall agree to become responsible for all such damage. At all times when the park and building are not used or rented as above mentioned, the grounds shall be free of access to all peacefully disposed persons. A caretaker shall be appointed who shall open and shut the gates at certain hours to be specified. Such caretaker shall have power to expel from the grounds any improper or unruly person, and shall exclude all cattle and other animals, but horses attached to vehicles, or used for equatorial purposes, will be allowed on the grounds. All moneys granted by the Corporation for the purpose of the said park and buildings, and all moneys received from leases for the use thereof, shall be placed to the credit of a fund to be known as the Galt and Guelph Railway Exhibition Park Fund. The whole of the buildings and fences shall be kept repaired, and the expense of so doing shall be borne jointly by the Corporation and the South Wellington Agr. Association, pro rata in proportion to the amount thereof provided by each party, and in the event of the same or any part thereof being damaged or injured by fire, the expense of repairing or replacing beyond the amount reserved for insurance shall be borne jointly in the same proportion by the Corporation and the Association, pro rata in proportion to the amount thereof provided by each party, and in the event of the same or any part thereof being damaged or injured by fire, the expense of repairing or replacing beyond the amount reserved for insurance shall be borne jointly in the same proportion by the Corporation and the Association, pro rata in proportion to the amount thereof provided by each party, and in which they shall have an interest.

The Council then adjourned.

Churches and Temperance.

To the Editor of The Daily Mercury. It was with mingled feelings I read in The Globe the account of the proceedings of the Church of England Synod with reference to temperance. I was pleased that on the part of many there present there was a strong feeling that as a church, the Church of England in Canada ought in the future to exert itself more energetically on the side of the great and good cause of temperance. I was, however, grieved to find the Ven. Archdeacon Palmer was not prepared to undertake to induce persons in his congregation to abstain. Mr. Editor, it is to be feared there are a few others in Guelph occupying a similar position, who so feel, and they therefore say but little about it; the consequence is, the people are not wakened up to the terrible evils of the drink-system; and, notwithstanding all the fine church-edifices in Guelph, many, very many are going down to the drunkard's grave and the drunkard's doom. I would not have an inference drawn that ministers, as a class, have withdrawn their help from the cause of temperance, for no one class of the community has done so much for it as ministers have; but still I cannot shut my eyes to the fact that if the church-going people of Guelph were to determine to stamp out intemperance in our fair town, it could, without much difficulty be done; but as long as they hold back from the temperance cause the terrible evil will be perpetuated; and, in the past, the victims of the dire traffic will be legion. Trusting that as the synod and conference have again expressed sympathy with the temperance movement, that more of active effort will be put forth in Guelph, and every other part of Canada, to secure the total prohibition of the liquor traffic. I remain AN OBSERVER. Guelph, June 26, 1873.

The married ladies of a western city have formed a "Come-home-husband Club." It is about four feet long and has a brush on the end of it.

THIS MORNING'S DESPATCHES

The Walworth Murder.

The Shah and the Paris Vote.

New Italian Ministry.

The Election in Spain.

The Cholera in Memphis.

New York, June 26.—In Mansfield Walworth's letter to his wife, produced in court to-day, it says:—"I am going to call upon my children, my heart is starving for their caresses. Make their interview when I come just as easy and pleasant as possible. I will see them peaceably if I can, or with a tragedy if I must. Popish cruelty must bend to the demand of a father's heart, or the Walworth name goes out in blood. Keep Frank Walworth out of my way. You have taught him to hate me, and his presence or obstruction in any way will only excite fatal exasperation. I want to see my little girls, and come away peaceably. Beware that you do not in any way arouse the phrensy which you have known to exist since you left me. There is a reasonable way to deal with me. I shall have my rights under that decree, with no further legal delay or expense. I have conceded promptly every right to you under that decree, and now I am going to see my children, and you shall not bring them up to hate their loving father. Eliza Backus has written to me that you will do it if you can from your associations with them, and then I shall shoot you and myself on those four steps, for I have nothing further to live for. Do right, Helca Hardin, and you will find me prompt to do right. I am a broken-hearted desperado. Save this letter for the lawyers and the courts if you please. God is my lawyer now, not that remorseless, brutal God, that you worship, but the God that planted love for my little girls in my heart, and that says to the benefactor, kill. Oh, you wretch that kept me two years from the little hands and hearts that love me. Your only excuse was my poverty and misfortunes. If my little girls do not love me, then life is valueless, and I shall die with a feeling of luxury and rest, but you will have to attend me to the spirit land; but if you do right under that decree, all may be well. If you had common sense you would know how to appreciate the danger." Judge Davis, in a lengthy opinion adheres to his ruling, excluding this and other letters, though he said he should keep the question under advisement. If Judge Davis adheres to this ruling, the prisoner's defence will probably be materially weakened, and will form important basis for a motion for a new trial if the prisoner is convicted.

Utica, N.Y., June 26.—The attendance at the races to-day was large. First race, President's cup, mile heats, was won by Sunrise. Time, 1:47, 1:47, 1:47. GREAT SAWING FEAT.—There was sawn on Thursday afternoon, the 19th inst, in Mr. Samuel Coxe's sawmill, known as the Confederation Mills, in the township of Esequing, 17,400 feet of pine lumber in 4 hours, being an average of 4,350 feet per hour, viz: 4,014 feet 11 inch plank; 1,920 feet 1 1/2 inch plank; 11,466 feet 1 inch boards, with one circular saw. The News-Record says that Dr. Orton and Messrs. W. Tiffin and W. D. W. Petrie, all of Fergus, spent Wednesday of last week trout fishing in the rocky Sandegon, 9 miles above Durham. The March of Cholera.

A species of cholera has broken out in the South-western States, which for some time was confined to the cities and towns on the Mississippi, but which appears to be slowly but surely working its way north into the interior of the country.

The medical men of these places have carefully examined the symptoms of this fell disease, and they have generally come to the conclusion that it is a virulent form of cholera morbus, almost as uncontrollable and fatal as Asiatic cholera, unless prompt remedies are applied as soon as the patient is attacked.

The probability is that as the heat becomes more intense, and use of vegetables more common, the epidemic will spread and progress further north. Although there is no cause for any special excitement about its prevalence, yet it is the duty of every one to observe a due regard to personal cleanliness and healthful diet, which are generally a sufficient preventive against this or any other kind of cholera.

Governor Robinson, of Prince Edward Island is to continue in office under the Confederation rule.

The Montreal says it has been decided that the proposed public monument voted by the Conservative party at Ottawa to the memory of the late Sir George Cartier shall be erected in front of the Parliament buildings.

Charles Ivanoff Dully, one of the Irish rebels of 1848, has been knighted by Queen Victoria.

It is a noticeable and a peculiar fact that at the present moment, every prominent member of the Dominion Executive, except Ontario, was taken from the bench—Hon. Mr. Justice Morris, of Manitoba, Hon. Mr. Justice Carson, of Quebec, Hon. Mr. Justice Fisher, of New Brunswick, and Hon. Mr. Justice Johnston, of Nova Scotia—were all Judges of the Superior Courts before their appointment to the office of Lieutenant Governor.

"A Reproof to the Beneficent." From the columns of the Ottawa Government organ at London we clip the following:

"Surely, then, it is a piece of inexcusable presumption on the part of the beneficent Gill Bards, to assume the right to pronounce authoritatively upon the merits and value of gentlemen, so immediately their superior in mental force and honest principles."

We hope the "Beneficent" editors—in other words the independent yeomanry of South Ontario will appreciate the compliment paid to them by the advocate of the Government to which Mr. Gibbs belongs. How dare they pronounce upon the actions and votes of a gentleman so honorably their superiors in mental force and honest principles?

The idea of "gentleman Gill's" being judged by a mere farmer? What South Ontario yeoman shall dare to come between the wind and a newly-angled "Beneficent" editor's "reproof"? We feared that Mr. Gibbs once claimed to be peculiarly the champion of the class his organ now reviles in language so contemptuous. Their independent determination not to trust him any longer has no doubt been very interesting; but he should remember, and teach his writers in the press to recollect that, when a man is set up for reproof, they should, at all events, not take to using insulting language before the day is over. "The Beneficent" are apt to have a mind and will of their own, in spite of the "immeasurable superiority" of the "Beneficent" who seek their sufferings.—G. H.

ANNABEL OR THE TEMPTATION.

CHAPTER XXV. TAKEN CAPTIVE.

"Answer me this question, Mister Weston," he said. "Is it for the interest of any one in England that your business in coming to America should miscarry?"
"Wery much for the interest of Bernard Hayes, I should say," was the impulsive exclamation of Jim Potts.
Philip started, and regarded Jim with something like a look of frightened intelligence. Their former suspicions of Hayes were revived in his mind in a moment, and he was forced not only to corroborate Jim's assertion, but to add that in his opinion the lawyer was capable of resorting to unscrupulous methods to prevent the receipt of that information which Jerry had it in his power to give regarding the marriage of Annabel's parents.

"That's the secret o' the whole business," exclaimed Steve, confidently. "The lawyer and Yorkie are in league together, and I could wager a score o' beaver skins that shaggy bear has been sent out from England for the very purpose of getting Jerry disposed of."
"Horrible!" exclaimed Philip, looking quite aghast at such a conjecture. "Do you think that possible, Jim?"
"Well, sir," responded Jim, "as you put it to me so plain, I don't hesitate to say that I think it wery likely indeed. If he could patch up Mr. Seymour's will to suit himself and Mrs. Langton—and I for one haven't the least doubt he did—then he's fit enough for this other—don't you think so, sir?"

"I am unwilling to do so," answered Philip. "And yet—"
"Yet you can't get free o' the suspicion," added Steve, seeing Philip pause. "Wall, I guess you needn't try, for it's as sure as need be. And it's Providence as has given us the knowledge by bringing us in sight o' the Indians last night. But for that we'd never 'a' smoked it. Now we know what game the Chickasaws are after, and we must make as quick tracks as ever we can for Jerry's settlement, or we may find it a heap o' ashes, and those who live at it killed and scalped. Ha, by the ternal creation, yonder's a redskin!"

The trapper sprang to his feet as he spoke, and his example was instinctively followed by the others, though as yet they saw not the object of alarm. The place where they were was an open glade in the forest, terminating in a plain and rocky ground. By the side of a large mossy stone they had been resting for an hour or so after their long, fatiguing travel, and the intensely interesting character which their conversation assumed had lured Steve from his watchfulness, else the appearance of an Indian at the opposite side of the clearing would not have been the first intimation to him that the savages were near. Now, however, his quick eye caught a glimpse of the dusky denizen of the wilderness, and he sprang up with the exclamation we have recorded.

The others followed the direction of his eye, and were just in time to see the Indian vanish under the trees. The trapper involuntarily raised his rifle, a ball from which could easily have reached him as he got out of sight. But the first natural impulse was stayed.
"Darned if I care to kill a fellow-critter, even though an Indian," he observed. "But, Britchlers, I calculate we must make slick off, and run as fast as greased lightning. That 'ere warmint was a scout, and he's off to inform the others that he has both found our trail and sighted us."
"I see more of them," said Philip, as his eye caught sight of other objects moving under the trees.

"So do I," cried Jim.
"Right you are," exclaimed Steve. "The forest is swarming with 'em. Flight alone can save us. Follow me."
And swiftly beckoning with his arm as he spoke, the trapper, balancing his rifle in his right hand, bounded away with the fleetness of a deer. His companions following at the same rate of speed. No sooner had they started than, like the hunters who sound the tally-ho when the fox breaks cover, the Indians burst forth with a series of unearthly war-whoops, which rang through the recesses of the forest, and echoed and re-echoed on every hand. Then a dozen or so of wild red forms dashed into the glade in full pursuit, yelling frantically as they rushed after their prey. A flight of arrows also sped from their bows, which, though they failed to hit the fugitives, showed clearly the danger to which they were exposed.

THE GENUINE THING!

10 per cent. off for Cash

WILLIAM STEWART.

As Mr. STEWART is leaving for the British and Continental Markets in July, he has determined to reduce his large stock of Dry Goods and Clothing by \$20,000 this month. To effect this he has resolved to allow a discount of 10 per cent. on all purchases of \$1 and upwards. So rare a chance of securing cheap goods seldom occurring, the public should avail themselves of making and saving money. Quotations of prices being no real criterion of cheapness, an inspection of goods is solicited.

WILLIAM STEWART.

N.B.—A lot of Dress Goods slightly damaged by water from a leak in the roof will be offered at less than half price. Cottons will be sold at the Genuine Cost—and are exempted from the 10 per cent. reduction.

R. passenger station, where he will be always found attending to his business. DENIS COFFIN, Guelph, April 18, 1873.
