

Grain Blockade Imminent; Government Must Arrange for Southern Routing

Winnipeg, Sept. 23.—The Grain Growers' Guide will say tomorrow: A grain blockade is unavoidable. All signs point to a congestion in the movement of the grain this fall far worse than that of last fall and winter—bad as it was. The exceptional rain fall during the harvest has delayed cutting as well as threshing. The weather last fall was unfavorable and the crop movement was greatly delayed. But the grain at this time last year was moving in triple the volume it is at the present time and this season's crop is considerably in excess of the 1911 crop. During two weeks ending September 21, there were only 1,298 cars of Western spring wheat passed inspection as against 4,482 last year.

The continued rain of last week, which visited all three provinces, delayed threshing still more and the crop movement will probably be from ten days to two weeks later than last year. With these facts in hand it is imperative that every effort be put forth to meet these most exceptional conditions. The railways will not be able to handle the grain that is offered them. There is not enough elevator capacity to accommodate the immense quantity of grain that cannot reach the lake front before the close of navigation.

Since the doors to the southern market are closed and locked, the best remedy in sight is to have through railway rates to the south. These through rates to the south were in force for a time last year and afforded a great deal of relief. But they were not put into effect soon enough, nor did they remain in force long enough. It is the plain duty of the Dominion government and the three transcontinental railway companies to make arrangements at once with the Inter-State Commerce Commission at Washington, by which the southern route may be thrown open early. The farmers should not be compelled to see their grain rot on the ground because silly sentiment stands in the way of a measure of relief. There is no sense in the government and the railway companies enticing farmers into this country by visions of prosperity and then bottling them up and punishing them for doing just what they were expected and supposed to do. The time for action has arrived.

Fourth Large Transportation System Will Be Built Into the City of Calgary

Traveling Entire Central Portion Of Province From North to South

Route Map of Western Dominion Railroad Company Filed With Mayor Mitchell; Much Speculation as to Who is Actually Behind Project; Many Rumors Afloat

Hinted That System Will Connect Northern British Columbia With Hill Interests in Kootenay River Country, United States; Board of Trade Will Make Enquiry

WITH the filing of the route map of the Western Dominion railway with the city of Calgary and the Board of Trade yesterday, four big railway systems are now assured for the city, including the C.P.R., the Grand Trunk Pacific, Canadian Northern and the Western Dominion, which according to rumors is to be an extension of the Hill system from the international boundary at the North Kootenay Pass, through Calgary, thence through Central Alberta to Strathcona and Edmonton, and on to northern British Columbia.

The arrival of the route map yesterday opened a flood-gate of speculation throughout the city and rumors are as thick as flies.

There were two maps received, one by Mayor Mitchell and the other by Mr. R. B. Bennett, K.C., M.P. The latter was sent to the Board of Trade and furnished the subject of a discussion at the Monday afternoon's meeting. A rumor was afloat that the line might be a C.P.R. project paralleling the Canadian Northern, but nothing could be learned that would confirm this or furnish a basis for the assertion, save speculative rumor.

Other rumors say that it is the intention of an old soldier, made some time ago that passed from this world through Calgary, to build a line from Calgary to the north coast of British Columbia.

The matter was before the last provincial parliament, and it is said that the late premier, Mr. Bennett, was consulted with regard to the project, and that he was in favor of it. It is said that the project was abandoned because of the opposition of the C.P.R. and the Grand Trunk Pacific.

NO ROOM ON PLANNING COMMISSION FOR THE WOMEN

That is the Opinion of Former Ald. Gardén, Vice-President of the Commission

Expresses View That Women Could Not be Useful in the Work

William Voltis, Foreigner, in Hospital, With Dangerous Abdominal Wounds

Mike Hunzak, Who Admits Shooting, Prisoner in the Mounted Police Barracks

Hunzak's Face Badly Battered; One Tooth Gone; Captured on His Way to Medicine Hat

LABORERS UNABLE AT RED CLIFF; ONE IS FATALLY SHOT

The trouble is evidently the result of a drunken brawl. The prisoner and the wounded man are members of a gang of C. P. R. laborers who were living in care at Red Cliff. Evidently yesterday had been a day of foolishness. About midnight trouble started, the shooting followed, and may terminate with the prisoner facing a charge of murder.

Volts is so seriously wounded that there is little hope for his recovery. He is being watched closely by the police physicians, and it is said to sink it is likely that the officials will take an anti-mortem statement. Hunzak is a disgraced and discredited contumacious. There he said he received from a blow from a stone. He also exhibited a somewhat businesslike invitation from the City Planning commission, through an accredited representative, did not the club respond by appointing a committee of three whose services were placed at the disposal of the commission? "Oh—I don't know anything about that," said Mr. Gardén. "But I don't see how women could be of any use in it. It is not within the power of the commission to appoint either women or men to membership. The commission is a body appointed by the mayor to do certain work, and it cannot add to its membership. Women, therefore, could not be made members."

"Could their services be utilized in an advisory capacity?" "Oh no!" replied Mr. Gardén, "why the City Planning commission is a big thing you know. There are a large number of men in it, and it is impossible to divide into many committees—and all that sort of thing, I don't see what there is in it that women could do."

"What are your discriminations against the women when the invitations were issued for the hot supper and addresses by Mr. Vivian last week?" inquired The Alberta representative. (Continued on Page 9)

Macleod Citizens Vouch for Reputation and High Standing of Champion

Story Was Supplied Newspaper by Persons Who Vouched for its Correctness

Reports from Macleod serve to show that an unintentional wrong was done. The three persons champion broncho rider of the world, when it was given out that while winning the championship at the Calgary Stampede, he was under bonds of restraint on some trivial charge.

At the time the story was printed, the rumor that such was the case was spread broadcast over Calgary, and the roads proposed to take into the plans and purposes of the new line are to be crossed.

Among the things the C. N. R. and the board are apparently seeking to do is to put in the road and what is its ultimate destination. The Western Dominion Railway holds a Dominion charter for a line on the northern boundary in range a, west of the meridian, from a line a, west of the meridian, thence north and west to the Peopling hills and Calgary. The line from Strathcona to Calgary as shown by the map runs 25 miles in a northwesterly direction, thence north and west about 25 miles to range meridian; thence west to the fifth range 2 and 4 and down the Medicine line. GRACE BURRELL MARRIED WITHOUT IN AUGUST

Known in Fernie; Where Young Inthout Worked as a Telegraph Operator

Girl Was But 22 and Marriage Was Against Wish of Her Parents

Fernie, Sept. 23.—The double suicide which ended the lives of young Inthout and his wife in Calgary last Friday night, caused much interest here. The couple were married in Spokane on August 20 and Inthout has been working as a telegraph operator in the Great Northern station here until a few days ago when he was discharged. They left here for Calgary last Thursday night. The father of the young woman passed through here today en route for Calgary to take charge of his daughter's body. She married the young man contrary to the wishes of her parents, and at 22 years of age.

THREE SAILING SHIPS FROM SYDNEY LIKELY LOST

Sydney, N. S. W., Sept. 23.—Great anxiety is felt for the safety of three sailing ships outward bound from Sydney and Newcastle, and re-insurance has been made at a high figure.

It was expected that relations of the dead girl would have arrived in the city last night as Mrs. Henry Burrell, the mother of Grace Inthout, wired on Saturday that she would leave once for Calgary. Chief Cuddy received a wire yesterday afternoon from J. H. Burrell via Fernie, that Magistrate would arrive in Calgary some time today.

Chief Cuddy also received a wire yesterday from W. C. Inthout via Hammond, Indiana, asking for particulars of the tragedy.

FIREMAN MCKEE CHARGED WITH ASSAULT

Fireman Frank McKee of Fire Hall No. 2, is under arrest, charged with having assaulted his chief, Captain Smart, with a poker, McKee is out on bail. His case was called before Magistrate Sanders this morning, but went over until Monday.

The fight occurred on Sunday, and the report is that McKee was some work to which McKee was assigned. McKee claims that Captain Smart threatened to strike him with a poker, and that he used the poker in self defense. Captain Smart's injuries consist of cuts about the mouth which necessitated a physician's care. Captain Smart is a brother of Chief Smart.

LETHBRIDGE GOING FOR COMMISSION GOVERNMENT

(Special to Albertan)

Lethbridge, Sept. 23.—Lethbridge is about to embark on the new form of government by straight commission. At tomorrow evening's meeting of the council, the Mayor will bring in a draft of the new city charter, which will do away with the aldermanic board, and give Lethbridge government by commission of either three or five. The initiative referendum and recall of commissioners will be provided for, also the initiative and referendum will be decided on. The initiative referendum and recall of commissioners will be provided for, also the initiative and referendum will be decided on.

Lethbridge will thus be the first city in Alberta to embrace straight commission government as they have it in St. John. No salary is spoken of in connection with various commissioners, but it is understood that the chairman of the commission will get five thousand, while others will get four thousand each. It is likely that three commissioners only will be provided for at first. Some difficulty is being experienced because with government by straight commission, the commissioners must be chosen from the ratepayers. This is the only question troubling the minds of the ratepayers at present. The new charter will be submitted at the next session of the Alberta legislature this winter.

DR. ROULEAU, OLD TIMER, AT DEATH'S DOOR

Dr. E. H. Rouleau, one of the oldest and most respected of Calgary physicians, was taken very seriously ill very suddenly yesterday, and there are very grave fears that he will not survive. He was about 80 years of age, and the attack was very sudden and violent. Dr. Laffery and Dr. Stewart are in charge, and this night were assisted by Dr. Hassard and Dr. Moser.

Dr. Rouleau is one of the pioneer doctors at present. He came here from Aymer, near Ottawa, nearly 25 years ago. He has very many friends in Western Canada.

TRAIN RAN OVER MAN AND HE MAY LIVE

Moore Jaw, Sept. 23.—While working on a threshing outfit 40 miles south of Moose, last Thursday, a train named Montgomery was run over by the engine and received a dreadful laceration. By an extraordinary effort Montgomery managed to crawl clear. He lay for three days at a farm suffering badly, and was taken over the trail to Moose and shipped here. At the hospital three doctors have him in their hands, and hope to save his life.

What Autumn Offers

At Fryce-Jones, Autumn offers only the best there is in merchandise. Our goods are fresh, our styles correct, the quality you can count on and prices are as low as reliable goods can be sold. We depend upon a big volume of business to make our profits, that's why we make prices as little as we can. The goods we sell you will satisfy you. We invite you to come to our store and see what Autumn offers.

In Our Shoe Department

We are showing the latest creations in Footwear, tans will be very popular for Fall, particularly in a fairly heavy grade of shoe. The high toe will still be to the front in the medium priced footwear, but the drop toe is taking the lead in the higher priced shoes. Ladies' shoes are being shown with a little lower heel, which will be a great addition to comfort. The popular leathers are gum metal, tan calf, patent calf, vic, kid and colored sneders. The button style is predominant in Ladies' Footwear.

For children we are showing some pretty designs in "Classic" shoes, colored tops will be very much worn. The "Nature Form" last is a perfect fitter, and we carry shoes made on these lasts from infants up to the largest size in Misses. We make a special study of children's footwear, fully realizing the necessity of selling perfect fitting shoes. Parents can safely leave the fitting of their children's feet to us. For Men we are showing Burt & Packard's "Korret Shape" shoes—these we believe are right up to the minute in every detail, and are unequalled in either fitting or wearing quality. We cater very carefully for men, and have a full showing of the latest fall models. We are also showing many useful lines in Men's Working Boots. We cordially invite you to make a careful inspection of our shoe offerings. They will demonstrate to you the newest models and will also prove to be excellent values.

Exquisite Styles in Women's Dresses

We've harped so much on our Suits and Coats that you'll perhaps be wondering by what oversight we have left out all mention of our new dresses; one reason is, that these beauties only arrived on the eve of the opening day, then again, newspaper space is limited and it is next to impossible to tell of all the new and beautiful things awaiting your inspection and approval. However, the dresses are to have their innings Tuesday and we are confident you will find no more delightful showing than is to be found here. The collection includes day and evening dresses. Demi-toilettes and reception gowns, and the wide diversity of styles, fabrics and colorings gives splendid opportunity to fulfill individual requirements. Notable features are the effective combination of two materials or two colors and the mantilla or shawl effects also Coatee and Cossaque bodies.

Broadcloths, Bedford Cords, Serges and smooth finish cloths are chiefly favorite in the plainer gowns. Practically all of which show touches of contrast trimmings, tapestry and metallic embroideries, etc.

The newest and most favored shades are Putty and Capuchon Brown, every dress has been chosen with particular care and women who make their selection from this inimitable display are assured both of uncommon style and strict exclusiveness.

Autumn Millinery

We renew our invitation to you to view at this time the dozens of hats from our own workrooms and the beautiful creations of the foreign makers as well. We feel assured that your judgment will approve the efforts we have made to produce a millinery showing of especial merit.

We wish to direct special attention to our moderately priced hats. As in past seasons we are showing some particularly clever styles at **\$3.50** and **\$5.00**.

The Favorite Millinery Colors: Flame, carrot, ochre, taupe, navy with mustard, dull pink, midnight blue, royal purple with cerise, coque de Russe.

Corsette Bouquets—Cardonnis, Camellias and Orchids make delightful corsette bouquets. Then there are dainty mixed bouquets of tiny roses, forget-me-nots, lily of valley and maidenhair fern, which will be much worn with tailored suits and furs.

Men's New Suits

ST. JOHN'S CRICKET CLUB DEFEATED BRICKBURN

Newly Organized Team Made Good Showing Against Saints on Saturday

On Saturday afternoon the St. John's cricket club had a visit from the Brickburn cricket club, which team has just been organized this season.

The Saints won by the fairly big margin of 100 runs, the Brickburn team falling in their batting.

The Saints had first, Hall and Jones opening their innings to the bowling of Holmes and Hutchinson.

Wetherall was run out at 118, and at 120 Chapman's innings came to a close.

A slump then occurred, but Newcastle was not outed until 156.

Brickburn could not stem the tide, and apart from Wilde and Woolston, the rest could do nothing with the bowling of Johnson and Cunningham.

As has been previously stated, where Brickburn fell down was in their batting, but Holmes and Pink both proved themselves good bowlers.

St. John's innings: H. Hewitt, b. Johnson, 10; Jones, b. Johnson, 10; Chapman, c. C. Hutchinson, 65; Wetherall, b. Johnson, 118; C. Hutchinson, c. Phillips, C. Hutchinson, 25; Wetherall, b. Johnson, 118; C. Hutchinson, c. Woolston, b. Pink, 10; Walker, c. Clark, b. Holmes, 2; Downing, b. Holmes, 10; Collins, c. A. Hewitt, b. Pink, 12; Adamson, c. H. Hewitt, b. Pink, 13; Newborn, not out, 17; Extras, 17; Total, 166.

Brickburn innings: H. Hewitt, b. Cunningham, 8; Pink, b. Walker, 23; Holmes, b. Johnson, 10; Jones, b. Johnson, 10; Phillips, b. Johnson, 10; C. Hutchinson, b. Cunningham, 25; Woolston, run out, 7; Wilde, not out, 0; T. Hewitt, b. Johnson, 0; Clark, run out, 0; Extras, 6; Total, 87.

For St. John's, Johnson took 6 wickets for 42, and Cunningham 3 for 11. For Brickburn, Holmes took 3 wickets for 62, R. Hutchinson 1 for 21, W. 1 for 24, C. Hutchinson 1 for 2, and T. Pink 2 for 7.

The Premier Now at Toronto. Toronto, Ont., Sept. 23.—Premier Borden arrived this morning and was warmly welcomed by a party of prominent citizens, who were waiting on the platform to receive him.

EARL JR. The fast Calgary trotter, which won the Free-for-All at the Detroit Grand Circuit races on Saturday in two straight heats. The times for the heats were 2:06 1-2 and 2:06 1-4. The track was said to be slow. This picture was taken on the Calgary track with Geo. Haag driving. Johnnie Powell drove Earl Jr. in the race on Saturday.

SPORTING - FACTS - AND - FANCIES

ATHLETES who competed in Saturday's athletic meet, despite the warnings of the Alberta A. A. U., will now find themselves in a serious predicament.

ABOUT the most interested spectator at the rugby game on Saturday was Deacon White. He occupied a front seat in the grandstand and was taking mental notes of every play made by each of the teams.

CERTAINLY DEACON WAS THERE Deacon has designs upon certain championship trophies now held by a certain Calgary team, and these certain trophies held by a certain Calgary team the Deacon would certainly like to capture.

THE victory of Johnnie Powers, the youthful Calgary horseman with Earl Jr., on Saturday, at the Detroit Grand Circuit races, was received with great satisfaction by his many local friends.

JOHNNIE POWERS' SUCCESS Powers has done well since coming to Alberta three years ago and his rise as a horseman has been rapid.

LAST Saturday was the first time that Powers appeared upon the Grand Circuit and his victory with Earl Jr. in two straight heats marks him as a real driver.

OF course he could not have attained such instant success except for the fact that he was driving a good horse. Earl Jr., who has a mark of 2:02 1-4, is the fastest horse who has ever appeared upon a Western Canada track.

NEW YORK WORRIES ABOUT INDECISION No Games Yesterday and New York Has Not Yet Won the Pennant

New York, Sept. 23.—The agony of the New York baseball fanatics in having the Giants continue with their lips to the championship, but still restrained from making it, is prolonged again.

THE time at blame is all put on the weather, which is cold and drizzly from morning to night.

THE uneasiness in awaiting settlement of the National league race is particularly acute because the national commission plans to meet here Wednesday to draw plans for the world series, and the enthusiasts are speculating as to how far the commission will go in making any announcements until the Giants have actually captured the flag.

Both New York and Chicago have thirteen games left to play; Chicago's only chance is winning every one of these thirteen games, while New York at the same time would have to lose at least nine of their games.

Even if New York wins tomorrow's doubleheader with Pittsburgh, it will still be two games shy of the four needed to win when the commission meets at Chicago.

With Pittsburgh yearning for second place and New York in haste to clinch the pennant, tomorrow's games, if the weather permits, are expected to be the hardest fought for the remainder of the season here.

Old Country Soccer Results

(By George Taylor)

Of the nine results that came through as the result of the English League games on Saturday, four resulted in a victory for the visiting clubs, noteworthy of which were the successes of West Bromwich, Aldon, and Derby county.

From reports that have come through the relative strength of the clubs at the commencement of the season, Aston Villa was acknowledged to have one of the strongest elevens in England and their performance so far went to strengthen that idea. But on Saturday the "thistles" left the shade of the Hawthorns to do battle with the "lions" and proved to be the better team by four goals to two. West Bromwich on re-entering the First Division, last season played a winning game throughout and this success is not surprising when the players at their command are studied. In Cook and Pennington they have two first-class players, their interlocking line with no consisting any men who have risen prominently into the limelight, consisting as it does of Braddley, Buck and McNeil, is yet strong and clever and forward they have some fine players, including Jephcott, the outside right, who is undoubtedly destined to make a name for himself in first-class football. They have made practically no alteration to last year's eleven and have signed no new player.

On the other hand, Aston Villa towards the latter part of last season and during the "close" season, were very busy and they went after none but first-class men. The stand taken by the Liverpool club in insisting on their players living in or near that city, brought the club at loggerheads with Hardy, their famous custodian, and Harrop, club half.

Thus when Aston made overtures to the Mersey-Siders for their transfer, they were only too pleased to respond, and suitable arrangements were made to induce these two notable figures in the Villa ranks. Ducat, of Woolrich Arsenal, another notable addition to their ranks, and Harold Hall, at inside right, will certainly strengthen their forward line. He and Wallace are likely to make a right wing of which the Villa will have cause to be proud.

Derby Beat Tottenham.
Derby traveled to Tottenham and won by the odd goal in three. Derby have already given ample proof that they have an eleven that will have to be taken into account by all aspirants for championship honors this season. They have already drawn with Blackburn at Derby, last week, defeated Sunderland at Rotherham, and now comes the defeat of the "Spurs" at Tottenham. These are very creditable performances for a club that is having its first season in the senior ranks after spending ten in the lower division.

The hardest fought match was that between "Middlesbrough" and Blackburn. At Middlesbrough, which resulted in a goalless draw. As is known, both of these teams are stronger in defence than in attack. Middlesbrough, however, is stronger than Blackburn, and McLeod and Weir of Middlesbrough, being two pairs of backs that take a great deal of getting past.

Of the other games in the division, Manchester City maintained their recent form by defeating Liverpool at Liverpool. Bolton Wanderers defeated Bradford City at Bradford. Manchester United lowered Everton's colors at Old Trafford; Newcastle United came out on top in their tussle with Sheffield on Wednesday at St. James' park, whilst the other north-eastern team, Sunderland were defeated by Oldham Athletic at Oldham and Sheffield United won under the Woolwich Arsenal on their own ground. I am strongly of the opinion that the United will have to fight hard to keep their place in senior ranks.

Relegated Clubs Not Doing Too Well.
The clubs that suffered relegation are not having a very pleasant time of it in the Second Division. Bolton Wanderers, who though playing at Deodale on Saturday, Preston North End could only make a draw with Nott's Forest, and Bury were defeated by Fulham by three goals to one.

This does not look promising for either of the clubs getting back this season. Those more likely to be re-promoted are Rotherham, Hull City and Wolverhampton Wanderers, all of whom notched the full points in their games on Saturday.

Scottish League.
The results of games played so far in the Scottish League indicate that a great change has taken place in the strength of the various elevens. The Glasgow elevens—the Rangers, Celtic, and Third Lanark—all went down to defeat, and the game most worthy of mention was the victory of the Hearts over the Rangers by four goals to two. The Hibernians accounted for the Thistles by the only goal of the match. Celtic went to Dundee and were defeated by three goals to one. Greenock Morton defeated Clyde by one to nothing; and

CALGARY "A" CRICKETERS WON ANOTHER GAME

Defeated Civics on Saturday by Comfortable Margin; Championship About Decided

The Calgary "A" snickered on their record another victory on Saturday, the victims this time being the Civics, who were defeated in very decisive fashion, 229 for five wickets against 100 runs. There are now only about three more league games to be played, and the honors now certain for the Calgary "B" team, who out of the seven games played have won six and only lost one. They meet the Civics next Saturday in their final game.

The two great factors in Saturday's game were the bowling of Gray and Nettleton and the batting of Bryant. Three bowlers were tried by Calgary, but Spick did not do any damage, it being left to the two players mentioned to bring down the Civics' wickets. Gray took four wickets for 14 runs and Nettleton five for 37, the total score for the Civics being 100. The highest scorers on the side were Burroughs 85, Lindop 27, and Goodridge 24 out of the first wicket fell at 11, but Lindop and Burroughs took the score along to 38 before the former was well caught by Spick off Nettleton. This was not too bad, but there were five wickets down for 48, no one being able to stop when he was caught by Nettleton off Vickers. Goodridge took his place and Bryant safe cricket, but none of the remaining batsmen could stand up to the bowling, four of them making only eight runs between them. Goodridge carried off his bat for 24.

Bryant and Elaby opened for Calgary, and 49 was up before Elaby was caught by Lindop off Fish, he then having made 25. Vickers took his place at the wicket, and some lively cricket was seen, Bryant hitting with great power and putting on runs quickly. These two carried the score past their opponents' total, and 138 was registered when Vickers' wicket fell to a good ball from Cheeseman when he had scored 25. Spick came in, and Bryant was the next to leave, being caught in the slips by Cheeseman.

MANY DROWNED IN BIG WRECK IN RUSSIA

Twenty Known to Have Been Lost, and Many Others Are Missing

St. Petersburg, Sept. 23.—A steamer with 150 sawmill workers aboard was rammed by a tugboat on the Dvina river night, Archangal today. The steamer sank in ten minutes and most of the passengers jumped into the water and thirty-five of them swam about. Twenty are known to have been drowned while the others are among the missing. It will be impossible to ascertain the complete casualties until the workmen report for duty at the sawmills tomorrow.

Your Price Will Buy a BURROUGHS

Some business men have a mistaken idea that all Burroughs Bookkeeping Machines are costly. Far from it. We make Burroughs machines at from \$200 to \$1000.

Burroughs machines range from a plain 6-column machine, adapted to the business that employs but one clerk, to our big 17-column Electric Duplex machine, the largest, most complete, adding machine ever built.

The man who buys the \$200 Burroughs does so because that machine will meet all the requirements of his business. It produces for him exactly the same results as the \$550 machine produces for the man whose business needs are that much greater.

The price of every Burroughs is based entirely upon what it will do—the only way, because every machine has and always will determine its price.

A Burroughs at \$200 is not a "cheap" machine, nor is the \$1000 model an expensive machine. The price of the former is low only because of the scope of its adaptability—and the cost of manufacture are less than the more complete models.

The quality of material that goes into the low and the high priced Burroughs is exactly the same. The same engineering skill designs them both.

Tell us in what large ways you use figures in your business and we will tell you how we can save you money in half the time at half the cost—usually no errors. Then we will send to your office the machine that meets the needs of your business, and we will demonstrate its possibilities on your individual work, all without cost or obligation. But remember the price needs to keep you from owning the best built and the greatest labor-saving device in office work—the Burroughs Adding Machine.

LETHBRIDGE HAS SNOW

Lethbridge, Sept. 22.—The first snow-storm of the season hit Southern Alberta this evening after a rain which lasted the greater part of the day during which 1 1/2 inches of rain fell, which later turned into a wet snow, the thermometer registering within one degree of the freezing point at midnight. Fear is expressed for the crop from freezing, as only a small portion has been cut so far, while 90 per cent of the wheat crop has been cut and is in the stack. The storm will delay threshing operations for a number of days.

DAKOTA EXPECTS GOOD CROPS IN 1913

But Weather Has Done Some Damage
But Assures Grain for Next Year

Fargo, N. D., Sept. 22.—While heavy rains, which have been almost continuous for the last three weeks, may damage crops this fall, bumper crops for 1913 are already assured, according to the opinion of President J. H. Worst, of the North Dakota Agricultural College.

"The soil all over the state is already wet to a depth of several feet," said President Worst, "and this moisture in the ground will germinate next season's crop without any difficulty. It would have been better to have received this rain next June, but so far as benefitting next year's crops are concerned it will accomplish fully as much good now."

RICH MEN BLAMED FOR THE DEATH OF GILL

Assertion is Made Meets Was in Charge of Millionaires Who Knew Nothing of Aviation

Gill Protested Against Being Made to Fly in the Twilight

Chicago, Sept. 23.—Officials in charge of the aviation meet are all millionaires and none of them know the first thing about aviation. They violated every rule that safeguards the lives of the aviators.

William Pickens, manager of Aviator Horace Kearney, so testified at the inquest today of Howard F. Gill, of Baltimore, who was killed at the aviation meet at Cicero last Saturday, when his biplane collided in the air with a monoplane driven by George Mestach, a French aviator.

"If the officials had been more interested in the movements of the aviators, instead of parading around displaying badges and showing their authority, the accident could have been avoided," Pickens testified.

"Gill told me before he went into the air on the day of his death that he was displeased with the way the meet was being conducted.

"I don't like this idea of flying at twilight," Gill told me. "There is going to be a serious accident as the result of it."

PROMINENT MEN CHARGED WITH OPIUM SMUGGLING

Robert Donaldson of Steamship Co. and Henry Galligher, U. S. Customs Official

Said to Have Been Leaders in Opium Smuggling Conspiracy; Others Implicated

San Francisco, Sept. 23.—Robert Donaldson, assistant superintendent of navigation of the Pacific Mail Steamship Company, and Henry Galligher, United States customs inspector, were indicted today by a federal grand jury on charges of complicity in an opium smuggling conspiracy, in which it is said, many other men are implicated. Warrants for their arrest were issued, and they are sought by United States marshals.

The indictments were based upon the testimony of David Powers and Emil Fiedler, employees of the Western Fuel Company, arrested at Oakland, December 13, 1911, with several hundred tons of contraband opium in their possession. Powers and Fiedler served the months, respectively, in the Alameda county jail.

Authorities Intercept Letter
The supposed connection of Donaldson and Galligher with the smuggling plot was revealed through the interception by government officials of a letter given Fiedler, while in jail, to a discharged prisoner.

Powers testified before the grand jury today that he was approached by Donaldson in December, 1911, with a proposal to assist in landing opium concealed on the steamer Siberia, which was then being loaded with coal by a barge on which he and Fiedler were working. He at first refused to consider the matter, but later decided to "take a chance."

He was taken aboard the Siberia and met two Chinese cabin boys, who had secreted the opium. Two nights later, said Powers, 820 tons of opium were transferred from the Siberia to the barge.

Galligher, witness said, first appeared in the plot in connivance with the drug in Oakland. Through the detection of a Chinese accomplice in Oakland, the plot miscarried, and Powers and Fiedler were arrested.

Federal officials said tonight they would push the cases against Donaldson and Galligher and that they expected several arrests soon to follow.

ED. DALY AND WIFE ON WAY TO MONTREAL
Suspected of Bank Robbery, They Are Being Taken to Toronto

Guarded by Detective Coffeman of Toronto, Ed. Daly and wife, the two suspects in the bank of Montreal robbery at New Westminster, and who were recently dismissed on the charge, passed through Calgary yesterday en route to Toronto, where a charge has been laid against them for robbery in that city.

Daly and his wife, it will be remembered, were arrested on the information of a grocery assistant at Toronto and were found to have in their possession several thousand dollars worth of papers and a large quantity of cash.

They were taken to New Westminster charged with the bank robbery there. Last week the case against them was dismissed, and before they left the court the Toronto charge was laid against them.

BOILING OF THE BLOOD OF SAINT JANUARIUS
Remarkable Ceremony That is Celebrated Annually in Naples

Naples, Sept. 23.—The yearly miracle of the spontaneous boiling of the blood of St. Januarius was accomplished yesterday after two hours of incessant and loud prayers in the overcrowded cathedral, where excitement was at its height. The impatience of the congregation was such that the police had the utmost difficulty in keeping order.

Salute to Quail Expedition
To prevent a rush to the high altar, where the relic of the saint was exposed, Cardinal Price ordered a salute of 100 guns prematurely fired at 10:30 to allow the growing excitement of the populace outside, when then believed that liquefaction was taking place.

Meanwhile prayers were repeated with greater fervor inside the cathedral and this was kept up until noon, when the blood really boiled. The salute of 100 guns was then fired again, a salute of St. Januarius was accomplished yesterday after two hours of incessant and loud prayers in the overcrowded cathedral, where excitement was at its height.

Safe From Volcanic Disaster
St. Januarius is the patron saint of Naples. Neapolitans say the blood of this martyr is contained in two vials in the cathedral and when it is exposed and liquefies, as it generally does in May and September, they are satisfied that they are safe from volcanic and other disasters.
